**THE KILMAINHAM GUEST.**  
THE N. & T. RAILWAY.  
A Big Blast—Over One Thousand Tons of Rock  
Blown to Atoms.  
NAPANE, Oct. 14.—The work of grading  
the Napane and Tamworth railway is being  
pushed forward vigorously and successfully.  
There are now 400 men actively at work  
and for some months the number of men  
has been some hundreds. In about two  
weeks the grading of the entire thirty miles  
will be completed. There is a heavy  
grating rock cutting near Tamworth, where a  
large number of men are now at work.  
Yesterday forenoon an immense blast was  
made in this cutting by which over a thou-  
sand tons of rock were successfully re-  
moved by one shot. The blast was made at the ex-  
plosive, and as this is fixed by electric  
wires any number of charges can be fired  
at once. In connection with yesterday's  
blast there were sixteen holes drilled to the  
depth of eleven feet. These extended along  
a distance of seventy feet and eighteen  
feet from the edge. The blast was  
perfectly successful, and six hundred  
yards of rock were removed. The noise  
was tremendous and the sight of a  
hundred feet in the air, the clouds of  
fragments of the rocks were seen, and the  
twelve hundred tons were broken into frag-  
ments. Some rocks of six tons weight were  
buried many feet on the opposite embankment.

**THE JEANNETTE.**  
The Missing Vessel Supposed to be Lost  
in the Bay of Biscay.  
LONDON, Oct. 14.—Prof. Nordenskjöld  
telegraphed from Stockholm to Captain Ju-  
hanneus, commanding the Lena of Nord-  
enahjöld's expedition, just returned,  
relating the fact that a Japanese steamer,  
seen a steamer at the mouth of the Lena on  
the 13th September, 1879, supposed to be  
the Jeannette. The steamer's name was re-  
ported on the 19th September to Tromsø from  
Jenssen, reports that Samojedes, from the  
mouth of the Jenisei last winter, found two  
corpses of Europeans and a barrel of whiskey.  
This information is remarkable, as no Euro-  
pean crew is known to have been lost there  
last year.

**THE PRINCESS LOUISE.**  
Lord Lorne Capt. Not Paid Her Allowance  
England.  
LONDON, Oct. 13.—Truth says:—Since the  
princess's sudden return from Canada with  
Prince Leopold she has passed a very pleas-  
ant time, receiving friends at Kensington  
and staying with them in the country,  
diverting herself with occasional trips  
abroad. A friend writes that she is  
in the princess's birthday Lord Lorne  
telegraphed to a high official of the queen's  
household requesting him to convey his con-  
gratulations to the princess, and to inform  
her that he could not send the message  
direct not being acquainted with the prin-  
cess's address.

**WIND AND BAIN.**  
Communication Between England and Ireland  
Out—Storms in the West.  
NEW YORK, Oct. 14.—Communication  
between England and Ireland is reduced to  
a single wire. No despatches have been re-  
ceived here from London since daylight.  
The storm became a hurricane, and the  
Irish telegraph cut off from all communi-  
cation with the continent.  
CHENEY, Wyoming, Oct. 14.—A fleet  
storm prostrated all the overland lines of  
Irish telegraph. A large force is re-  
ported on its way to the coast.

**MOVEMENTS OF OCEAN STEAMERS.**  
MOBILE, Oct. 14.—Arrived, steamer  
Lucerne, from Montreal.  
NEW YORK, Oct. 14.—Arrived, Rhein  
from Bremen; City of Brussels from Liver-  
pool, and Bristol from Bristol.

**MAINE DISASTERS.**  
SAFETY, Oct. 14.—The British  
barque Avon from Annapolis arrived this  
evening, having on board five of the  
crew of the British barque Arcadia,  
wrecked on the 24th instant on Dutch  
island. The crew reached Pictouville  
in a boat, whence they were taken  
to the Avon. She also brings the captain,  
officers, and crew of the British ship Mon-  
targis, from Hall to Wilmington, Calif.  
The Montargis took fire on Oct.  
2nd in 37 deg. 37 min. north latitude and  
141 deg. 47 min. west longitude. The  
Avon sighted her, and after lying by her  
for some time, was unable to render her  
any assistance, as she had only one small boat available.

**Immigration Disputes—The Toronto Canal**  
(Special Dispatch to The Toronto World).  
OTTAWA, Oct. 14.—The announcement  
of a conference at Toronto between the Do-  
minion and provincial immigration authori-  
ties was premature, but the affair is on  
hand nevertheless.  
The Hon. Mr. Manning, A. P. McDonald,  
and J. J. Macdonald are here. It is said  
they are among the lowest tenderers for the  
Welland canal aqueduct.

**A Farmer's Suicide.**  
MARBLED, Ont., Oct. 14.—Peter Dods-  
worth, farmer, residing eight miles from  
the town of Marlborough, committed sui-  
cide this morning. No cause known for the act.

**Nihilists Sentenced.**  
ST. PETERSBURG, Oct. 14.—The trial of  
four nihilists concerned in the publication  
of a revolutionary organ is concluded.  
Marie Kriloff is sentenced to five years  
transportation. Piarkoff is banished to Si-  
beria, Kislanoff received a month's im-  
prisonment. Perpeloff was acquitted.  
The last three were men. During the trial  
Kriloff made an able speech on her own be-  
half. Piarkoff also defended himself.

**Helped.**  
LONDON, Oct. 14.—Mr. D. Christie,  
of Kansas City, reported that on Wednes-  
day night he was driving to this city  
from Nilesville, Mo. He met some miles  
out by two men, one of whom grabbed the  
horse by the reins and held it while with a  
revolver pointed at him the other went  
through his pockets and stole the sum of  
\$225. It was in the gloaming, and he is  
able to give but a very imperfect descrip-  
tion of the robbers. It is very unlikely  
that they will ever be brought to justice.

**THE ASSASSIN ON TRIAL.**  
THE PRISONER PLACED NOT GUILTY—MISERABLE AP-  
PEARANCE OF THE WRETCH—INCIDENTS OF THE  
TRIAL—A MAN WHO WANTED TO BLOW GUNTER'S  
HEAD OFF.  
WASHINGTON, Oct. 14.—The court room  
was crowded at the opening to-day. At a  
quarter past eleven Souville, counsel for the  
prisoner, came in. Immediately afterward  
the door of the witness' room opened, and  
Marshall Henry and two deputy marshals  
entered hustling along, bowed and cover-  
ing, the figure of the assassin to a seat be-  
side the counsel. Then one of the guards  
unlocked his handcuffs, giving the prisoner  
the use of his hands, which he continued  
however, to hold crossed, as if that was  
his usual position. Gunter looked broken  
in health, his hair is closely cropped, his  
whiskers are worn thick, but not long. His  
dark, rusty clothes and whole person pre-  
sented a miserably neglected appearance. At  
the excitement attending his entrance has  
subside, the district attorney, addressing  
the judge, said, "The grand jury of the  
district of Columbia has indicted Charles J.  
Gunter for the murder of James A. Gar-  
field. The prisoner is in court. I ask that  
he be arraigned and ordered to plead to the  
indictment."  
The prisoner was required to stand up, and  
in a languid manner obeyed.  
The Clerk—Is your name Charles J. Gun-  
ter?  
The prisoner assented by a nod.  
The clerk then read the indictment,  
prisoner standing with his head most of the  
time inclined to the right, shivering, his  
eyes half closed or wholly so, the hands  
crossed over the stomach as if they still  
were handcuffed, and his general air was that  
of stolid indifference.  
The reading of the indictment occupied  
nearly half an hour, and during all that  
time Gunter's body once changed his atti-  
tude or heaving, and rarely opened his eyes.  
He did not manifest the slightest interest  
in the scene, and but for an occasional  
slight movement might be supposed as  
asleep in a stalling position.  
The clerk then asked: "Are you guilty  
or not guilty?"  
The prisoner, in place of a response,  
flung in his waistcoat pocket and drew  
out a crumpled and soiled scrap of paper.  
The district attorney (imperatively)—  
Enter your plea of guilty or not guilty.  
Prisoner—I enter the plea of not guilty  
if your honor please, and I desire to make  
a statement.  
The court—At some other time. It  
would not be appropriate just now; sit  
down.  
The prisoner thereupon took his seat.  
The district attorney asked that the  
trial be set for next Monday morning pro-  
temporarily, and said that the government  
was ready for the trial now.  
Mr. Souville—I appear here for the de-  
fendant at his request, and I have some  
objections to the first being that of the  
defendant himself.  
The affidavit which was read, stated  
there were various witnesses whose evidence  
was material for the prisoner's defense,  
and without which he could not safely go to  
trial. The names and residences of such  
witnesses were given, and it was ordered  
that they be known to affiant's counsel,  
and were only known to affiant; and  
that he pay for the mileage of witnesses,  
or to cause to pay fees or mileage of wit-  
nesses, or to cause to pay fees or mileage of

TRICKS OF SCALPERS.

How Old Tickets are Pushed Up and Sold Again—Description of Ticket.

Lamm, the ticket-scalper, who hung out his shingle for a short time in Toronto, but who is now in jail at Detroit for crookedness, has made a confession which contains some information of value to railroad men and the public generally. Lamm gives away his partners in crime, and explains the manner in which the business of "doctoring" tickets is conducted.

"The first crooked business I had any knowledge of was the use of the acid to erase ink. It would also erase words that are put on the face of the ticket with those ordinary rubber stamps, but it would not touch the ribbon stamp that agents used in stamping the back of a ticket. It was used very frequently. For instance the New York and Montreal road tickets at Rochester and other places, but principally from Rochester. It issued tickets reading from Rochester to Suspension Bridge, and from Detroit to Chicago over the Michigan Central, and they would take a first class form, and by changing the rubber stamp reading "second class." It was just an ordinary stamp with "second" at the top and "class" at the bottom. The tickets were of a lavender or pink color, I forget which, but by putting them in the acid it would remove the stamp "second class," so the ticket would read first class. It would also change the color of the ticket and leave it a plain white. We used to sell about \$5.00 for them, and by changing them we would get \$7.50. The same thing was done with tickets over the Grand Trunk. There was a plain white ticket issued at London, Ont., and over the G. & W. Western railroad to Detroit and from Detroit a short distance out on the Michigan Central, such as Ypsilanti or Ann Arbor. When the ticket came to Detroit there would be a coupon reading from Detroit to some other local station on the Michigan Central, and the name of the station being written in. By using the acid it would erase the writing of the name of the local station, and the ticket would be used to fill in "Kensington" (that is a station outside of Chicago), and the fare is exactly the same as to Chicago), and that made the ticket worth as much as Chicago tickets. We would get \$25 or \$30 for them, and sell them for \$7.50 apiece."

Lamm made various other disclosures, and "gave away" quite a number of his friends to his attorney. Their names will probably come out at some future day.

PROPERTY COMMITTEE.

The members of the committee present yesterday were: Mr. Irwin, Bell, Steiner, Powell and Little.

Mr. Harrison appeared before the committee and asked for the use of the "Grace-Roman" "rasin" "mash," to last for an hour and a half. All business was adjourned until the following evening, in a meeting more recent. Aid. Steiner was opposed to it, but as the matter had been advertised under the idea that the hall would let, it was passed to grant his use for this time. Permission was granted to John D. Irwin to assign the lease of No. 33, plan D 141, on the island, to Joseph H. Ferguson.

The following requisitions were concurred in: \$16 for repairs at No. 3 police station; \$25 for alterations to police station; \$12 for repairs at St. Andrew's hall; corn-brooms and soap for Mrs. Argue. "How much is there in a box of soap?"

The chairman asked the commissioner what was being done about a store in St. Andrew's market, which was vacant and in bad repair. The commissioner said he had no funds for repairs. It was suggested that the rent be lowered, or that a tenant should be given the place for a month or two, free in consideration of doing the necessary repairs, but nothing was done.

The following accounts were presented as the subject of some comment: The committee having exceeded by \$80 the appropriation of \$150 for an obelisk, it was decided to report the matter to the council. The appropriation for Riverside park having been nearly exhausted, it was decided to let the work go on for another week, and then see whether it could not be discontinued.

PROPOSED "LEGAL" PARK.

There is a proposal to turn the Osgoode hall grounds into a public park. Dubious the average benches will hold up his hands in holy horror at the idea of the vulgar populace vulgar babies sprawling on the grass and vulgar clerks carrying on their heads their equally vulgar young ladies in Sunday afternoon. As some compensation for this grievance, it is suggested that the city shall conduct and make the grounds the property of University street running from Queen to Osgoode street. The park would then extend from Chestnut street to Queen street avenue. The matter was brought up in the meeting of Alderman Baxter on Monday night, and a resolution was passed instructing the property committee to confer with the authorities at Osgoode hall with a view to obtaining their consent to the extension of the resolution coming up at the meeting of the property committee yesterday. Ald. Lake thought it would damage the remaining portion of University street. Ald. Steiner thought the Osgoode hall authorities would never entertain the proposition. Ald. Evans thought it was thrown out as a fowler. He had been asked to bring it up in the council, but not being a very radical member had not done so. It was decided to transmit a copy of the resolution of the council to the members of the law society.

RAILWAY NEWS.

Mr. Wm. Hendrie, president, Mr. Wm. Bannan, vice-president, Mr. E. B. Osler and the chief engineer of the Toronto, Grey & Bruce railway returned to this city from a tour of the road yesterday. Mr. Hendrie reports that the work in connection with the change of gauge is progressing rapidly and will be completed and ready for traffic by the 1st of November.

The traffic returns for the Whitley, Port Perry, and Lindsay during the week ending Oct. 7th were: Passengers \$1256, freight \$2247, mails and sundries \$105, total \$3608; corresponding week last year \$2227, increase \$1381. Total traffic to date, 1881, \$77,395; total traffic to date, 1880, \$67,924; increase \$9471.

The new rolling stock for the T. G. & B. standard gauge is being used on the Northern road until the new track is laid. It is stated that nearly twice as much business could be done by the Northern road if the company possessed the facilities for doing it.

A GROWING BUSINESS IN LINDSAY.

The Messrs. Wright, shoe manufacturers of Lindsay, report an increased demand for better goods this season. Since the opening of the year they have been unable, even with increased facilities, to keep up with the demand for their goods. Another addition to their factory will be built next spring which will make room for more workmen and largely increase their weekly production. This firm do an extensive trade from Nova Scotia to Massachusetts.

SOMETHING NEW FOR HOTEL MEN.

A society is being formed whose objects are to look after the general interests of those connected with the licensed liquor trade and all branches thereof, and their social and intellectual advancement. The names of those who are to be the first trustees or managing officers of the society are as follows: James Lennox, president; John G. Coleman, first vice-president; George Baker, second vice-president; A. G. Lodge, secretary; Wm. Armstrong, treasurer. The charter has been certified to by the county judge and will be registered in the provincial secretary's office to-morrow.

The secretary has been appointed to go through every county in Ontario and organize the local associations and have them elect delegates to meet in Toronto the first week in December.

INSURANCE MONEY SAVED.

"A Penny Saved is a Penny Earned." When insuring one's life it is well to SELECT THE BEST medium. It costs less to be in a GOOD COMPANY than in a poor one.

We now propose to furnish practical proof of the above statements, by citing one out of many thousands of cases existing all over the land.

H. B. of Peterboro', insured his life 13 years ago for \$1,000, (the profits to be added to the policy) in a company still doing an active business in Canada, and now has the sum of \$1,000 in his pocket for the guidance of insurers entitled to the sum insured. It is our chart for the guidance of insurers entitled to the sum insured. It is our chart for the guidance of insurers entitled to the sum insured.

"TEN YEARS' RECORD." He has paid, in premiums, during the 13 years, \$288.28, and for his policy, the bonus additions thereto, he can now obtain \$385.00. This is a policy that is a policy with no more premiums to pay upon it—only— IN A GOOD COMPANY.

Rev. D. K. of Sackville, N. B., and Mr. W. M. of Orangeville, Ont., and scores of others, insured in the BEST LIFE at 40 years of age, in the same year, and for the same amount as H. B., and they have each had to pay only \$150.00, and each is entitled, should he wish to drop his full insurance, to a paid-up policy of— \$385.00.

Add to this the difference in the cash paid by H. B. and the interest thereon during the 13 years—equivalent to an additional \$314.00. THE DIFFERENCE.

For the same money, therefore, on the same life, the same insurance, could have been obtained from the BEST LIFE during the 13 years, and, ceasing payment, there would be left to the family, payable at his death, a small per centage of working cost—British Board of Trade Report.

For the latest reliable information on this subject consult our chart entitled, "TEN YEARS' RECORD." It makes a most striking revelation of the reasons why some companies

YIELD GOOD VALUE, and others do not, and should be carefully studied. Copies sent to any address on application to WILLIAM H. ORR, Manager, Toronto.

PRESIDENT—Hon. Sir Wm. F. Howland, C.B.K.C.M.G. VICE-PRESIDENTS—Hon. Wm. McMaster, Wm. Elliot, Esq.

ATTENTION IS DIRECTED TO THE SPECIAL ADVANTAGES AFFORDED TO POLICY HOLDERS

In this Association Under its System of Distribution of Profits, as Compared with the Plan of a Uniform Bonus of Two-and-a-Half Per Cent.

Ordinary Life Plan. Cash. Bonus. C. L. A. Policy No. 1, \$10,000 Profits for 1880. TENTH Year. . . . . \$175.00 \$312.00 Results under 2 1/2 per cent. Bonus plan. . . . . 87.75 250.00 Difference in favor of C. L. A. . . . . \$87.25 \$82.00

Ten-Payment Life Plan. CASH. BONUS. C. L. A. Policy No. 7, \$5,000 Profits for 1880. TENTH Year. . . . . \$111.45 \$280.00 Results under 2 1/2 per cent. Bonus plan. . . . . 52.00 125.00 Difference in favor of C. L. A. . . . . \$59.45 \$155.00

Under this class of Policy profits do not cease with the payment of the tenth premium, but continue during the existence of the Policy, and paid-up policies in case of surrender, carry profits. The differences under the two systems, as shown above, will INCREASE with each additional premium paid.

Policies in this Association are NON-FORFEITABLE AFTER TWO YEARS and are INDISPENSABLE AFTER THREE YEARS. Parties insuring now will share in the Quinquennial distribution of profits at the end of the year.
