HIGH SCHOOL TEAMS PLAY DRAW 9-9

Middleton and Bridgetown Will Have Deciding Game in Championship Series Probably Friday Afternoon.

Bridgetown High School baseball team played Middleton a tie 9-9 in what was supposed to be the deciding game in the series. Anderson was last man down in the ninth for the locals but LeBrun got home before Anderson was thrown out at second. Objections were taken by some of the senior visiting fans and before the situation was straightened out several of the Middleton boys had left consequently the game will be played over probably Friday afternoon. As a whole the match was a very good one. The local boys felt behind in batting and in field work but they pulled in the ninth evened the score. Details below.

CONFERENCE AN INSPIRATION

Gathering of Nova Scotia Methodist Clergymen And Other Leaders a Grand Success in Every Way.

During the past seven days Bridgetown had the honor for the first time in history of being the meeting place of the Nova Scotia Methodist Conference. About a hundred and fifty clergymen and laymen were present and the sessions were a most interesting character. The general public had also opportunities of hearing addresses from many of the outstanding men in the denomination from beyond N. S., including Dr. Chown, General Supt. Rev. W. E. Millson and Rev. J. H. A. Rev. of Toronto. The Conference had a very fine address from Dr. Clarence McKinnon, Moderator of the Presbyterian General Assembly of Canada. The service of song was greatly enhanced by solos from Mrs. Ernest Baines of Bridgewater and Mrs. T. A. Mosley of New Glasgow.

On Sunday afternoon and evening the male choir of Desley Church, Yarmouth, delighted worshippers with the most finely rendered choir musical program ever heard in this town. The musical program with strong sermons by Dr. Crowell, Rev. J. W. Bartlett, Rev. W. E. Millson, Dr. S. D. Chown and afternoon addresses by Rev. D. K. Grant, Dr. A. S. Rogers, Judge G. A. Henderson and a fine historical sketch by Dr. M. E. Armstrong made the day one long to be remembered.

Weather conditions were splendid, the gatherings inspiring and much business of a most important character was given. We shall endeavor to give a review of this in the next edition of the Monitor.

CENTRAL CLARENCE.

Mr. and Mrs. M. C. Marshall spent Wednesday last at the home of Mr. and Mrs. Milledge Banks.

Raymond Marshall has been spending a two weeks vacation with his parents, Mr. and Mrs. S. B. Marshall.

Miss Vera Davies is visiting her parents, Mr. and Mrs. J. M. Davies.

Miss Pauline Jackson of Brookline, Mass. is spending her vacation with her parents, Mr. and Mrs. C. H. Jackson. Mrs. Sable McNetch was a recent visitor at the same home.

Miss Edna Kelley is visiting at her home here.

Mr. Harry Veits recently spent the week-end with his family.

Mrs. E. C. VanTassel has been a recent guest of her mother, Mrs. Hattie Marshall, and while here attended the meeting of the Association.

Everything pertaining to the Association passed off very smoothly and harmoniously, 200 delegates and visitors being entertained by 35 families. The meetings were largely attended, although it meant a great deal of work for both women and men, the people in general feel well repaid for their trouble. The general opinion expressed was that it had been one of the best Associations ever attended. Pastor Smith on Sunday morning expressed his appreciation of all that had been done by the church to make it a success.

Mrs. Herman Forster spent a few days last week at S. B. Marshall's.

Candidates from this school who are taking the Provincial Examinations are Chet Davies, Robert Marshall and Francis Crispe for "C". Gertrude Leonard, Doris Marshall, Rene Finimore and Phillip White and Hazel Banks for "D".

Congratulations to Mr. and Mrs. Floyd Smith on the birth of a son, June 20th.

The annual meeting of the Enterprise Fruit Co. was held at the warehouse on Friday evening.

BARN BURNT AT BRICKTON AND SOME OF STOCK PERISH.

The barn and outbuildings of C. P. Wagner of Brickton, were destroyed by fire on Thursday evening and one cow and some small stock perished. The oxen and other stock were rescued. Sparks from the burning building ignited the roof of the house but the blaze was extinguished after a hard fight. The loss is placed around \$3,000 at least and the buildings destroyed were of a good class.

Woodenware which has any odor of the food which has been in it—and wood absorbs odors quickly—should be soaked in hot water, in which soda is dissolved, one tablespoon of soda to 4 quarts of water.

LAWRENCETOWN.

Mrs. Bleckhorn, from Cornwallis, spent a day in town.

Mrs. McLearn is at home for a few days, resting after her busy week, spent in Home Mission Work.

Friends will be glad to hear that Mrs. S. Jefferson who has been ill for some weeks is slowly improving.

Mrs. Vernon Shaffner is also getting better.

Mrs. John Weizel is very poorly, has been so for some time.

Miss Remby, Lunenburg, is visiting her relatives, Mr. and Mrs. H. Rackham.

Mrs. H. Phinney, Mrs. J. B. Hall, Mrs. L. Hanley motored on Thursday to Paradise, to attend a meeting of the Women's Institute.

Mrs. H. Freeman also went to Paradise.

Mrs. Grace Allen, formerly Miss Roach, is a visitor at the home of Miss J. Whitman.

A motor party from Truro, consisting of Mr. and Mrs. J. Gun, Mr. H. Gun, Miss Jean McCallum, and Miss Langille, were visitors at the home of Mrs. D. M. Balcom.

Miss Clara Longley has been out of town for a few days.

The "Elm House" dined 125 guests, 52 guests were present for a few days during "Blossom Week."

Mr. S. Hall, East Lawrenceton, has about finished his handsome house. He has a fine garden and greatly improved his large orchard.

Mrs. Denton has been in town visiting her daughter, Miss Denton.

Our Baptist friends had splendid meetings in Clarence, only the church was too small for the great number who attended. The unstinted hospitality of the good people of Clarence is beyond all praise. The Baptist church has peace within her borders, has made a noble stand for her college and goes onward with renewed hope, and firm confidence in the future.

On Tuesday the wedding of Miss Bancroft and Mr. Donald Chase took place at the residence of Mrs. J. B. Hall, the bride was lovely, the large company happy. Beautiful floral decorations were arranged with great taste. Rev. D. McDonald was the clergyman who married the happy couple.

A more extended account will be given of this wedding as a very large circle of friends are deeply interested.

Cars rush through this town at a dangerous rate. Angels must guard the school children as they have to cross the bridge on their way to school. Auto carts always are passing along the somewhat narrow way.

A lady driving a handsome car had some trouble near the school house, but no damage was done.

Houses are being repaired, painted, made ready for sale.

Mr. D. M. Balcom has put a fence to prevent rabbits from destroying his plants, also a gate to keep out friendly dogs who like to visit this charming retreat.

It is always the rule to shake the bottle before using but as we know there are exceptions to all rules, it is well in the case of a bottle of Annapolis cider to drink first then if you wish you can shake the bottle and no danger will result.

There will be a concert given on Wednesday 25th in aid of the Women's Institute.

SACRED CONCERT.

OBITUARY.

Mrs. Annie M. Rawding.

Clementsport—Mrs. Annie M. Rawding, widow of the late Capt. James Edmund Rawding, who was killed at sea, Jan. 20th, 1919, passed away at her residence, Clementsport, on Monday, age 61 years. Mrs. Rawding went to a private hospital in Arlington, Mass., last autumn where she underwent a very serious operation, and since her return in the spring has never been strong and finally succumbed to the fatal disease of cancer of the stomach.

Mrs. Rawding had lived for forty years in Nova Scotia, the greater part of which time she resided here. She was a Miss Oates, of Sheffield, England. She leaves a son, John B. Rawding, Deep Brook, and a daughter, Mrs. Louis Morgan, of Boston.

The funeral took place from the Old St. Edward's Church, Friday at 2 p.m. The Rector, Rev. A. W. L. Smith officiating. Interment in the old St. Edward's Churoyard.

SUPREME COURT SESSION ENDED

Damages Awarded in Clementsport Auto Case—McLean Loses Case Against McMasters—Other Cases.

Sessions of Supreme Court concluded on Monday afternoon and the Jury received from Judge Ritchie complimentary reference to the efficient manner in which they performed their duties. Unusual pressure on our space prevents a detailed account this week of proceedings.

In the case of Byron A. Roney and Susan P. Roney vs Edith Cunningham an action for damages arising out of the Clementsport auto fatality of last June. The jury awarded damages to \$1202.50 divided as follows: For car, \$200, to Mrs. Roney for injuries \$500, medical attendance \$60, Board, nursing and other personal services the balance.

The case of the King vs Benjamin Sims, unlawful carnal knowledge. This will be taken up at Court Court.

In the case of Joseph McLean vs E. R. McMasters, decision was given for defendant. The plaintiff drove up Granville Street just after McMasters car had backed out of the lane by Colonial Motor Car garage. The later had stalled but on getting into his car to start off claimed that he did not see McMasters car approaching, McMasters got by but in swerving to the middle of the street collided with a carriage standing at the right side of the street and occupied by Spurgeon Dodge, who was thrown out and injured while the carriage was demolishing. Mr. McLean paid doctors bills and all damages afterwards seeking about half compensation from McMasters who disclaimed responsibility and won the decision.

In the case of Arthur Sims vs Boyd Bishop for false arrest. The judge decided the case in favor of the defendant.

In Arthur Sims vs Charles DeWitt on action on foreclosure with claim of damages for dispossession and for destruction of furniture. The jury gave decision for defendant.

MARRIED.

Saunders—Jackson.

Orla M. Jackson, of Charlestown, Mass., formerly of Halifax, and Earle F. Saunders, of Bridgetown, Conn., were united in marriage at Tremont Temple, Boston, on June 10th, Dr. Massee officiating. The bride was attired in a gown of cocoa Canton crepe with corsage bouquet of Opheelia roses and maiden hair fern. She was attended by her step-sister, Miss Estella Cummings, who wore a gown of navy blue with corsage bouquet of premier roses. H. L. Jackson, brother of the bride, was best man.

The groom's gift to the bride was a string of pearls; to the brides maid gold bracelets and to the best man a morocco leather case.

The week preceding the wedding a number of girls from Fidelity Bible Class of Tremont Temple (of which Miss Jackson was a valued member) tendered her a miscellaneous shower. The large number of gifts received including silver, cut-glass and cheques

THE NEED FOR HOME DISCIPLINE

A recent issue of the Montreal Gazette contains a very timely article on the need for home discipline, which merits the careful perusal of every thoughtful citizen. The writer says: "The wide publicity given the recent inaugural of the 'Parents' Day' celebration in New York marks a reaction against anarchic social conditions threatening to reduce a commonwealth to a mere desert of noises, and a healthful return towards home life and the recognition of its paramount values. To inculcate in children due honor and respect for their parents, persuade parents that they should take keener interest in home affairs and set their children proper standards of life and conduct—such are the aims in view. It is obvious they might with advantage be extended, for alike, within urban and rural districts of modern civilization in its broadest aspect, the restoration of home discipline is one of the most pressing problems of our time. The alarming prevalence of lax manners and the increase of criminal impulses amongst children of tender age are sinister signs already arousing deep concern in the minds of parents, teachers and publicists, who naturally ask where it all will end unless some effort be made to moderate the vicious revolt against all restraint and proper authority. The records of the juvenile courts make sad reading. Bandit adventures are planned and carried out by boys and girls within 'teen age. Modern 'jazz and jorlide' parties by no means contribute toward a fine type of citizenship. School trustees are perplexed as to how to deal with pupils who have gotten beyond the teacher's control. In many towns the municipal authorities have been compelled to apply 'curfew' regulations in order that children may be off the public streets by decent hours. All this, and much more that might be added, emphasizes the need for home training and for parental discipline. Coleridge once said that as civilization advances true culture recedes. Amid the feverish rush and scurry of life today, and with our imaginations spellbound by stupendous social and political problems of local address, we are apt to forget the prior claim of duties within doors. But we are rapidly growing aware that civilization itself has no self-preservative power. Government begins with the family. The hearthstone is the centre of human society. The primal cell of the corporate body politic is the child of the home, and the nucleus of all culture, the germ of all authority and the perfect pattern of society complete. He in the relation of parent and child. It is useless to place a lad under scholastic tutelage of 'plain living and high thinking' if he sees his father the ceaseless devotee of Mammon. It is futile to prefer a girl the benefit of school accomplishments if at home life seems to appear a matter of fashionable dress and easy idleness. Parents have some higher duty than the providing of their offspring with decent hotel accommodation, and the very fact that the family authority can no longer take on an arbitrary tone constitutes the strongest of reasons for cultivating friendly intercourse with the youngsters and winning their confidence so as to guide their impulses and affections into safe channels. The social problem is at the last analysis a domestic one. Wu Fang, the Chinese envoy, gave it as his opinion that the greatest blot upon Christian civilization was the fact that children had no reverence for their elders. He thought this strange, and considering that the commandment of the household stands at the head of the social legislation the Decalogue contains, he was undoubtedly right. The remedy lies within the home, for upon the foundation of

RAPID EVOLUTION.

London Daily Chronicle: It is often forgotten how extremely recent is the accession of even the middle and professional classes to political power. The late Lord Wolverhampton—better known as Sir Henry Fowler—was the first solicitor who ever held Cabinet rank, and that was not till 1892. Before then and indeed before this century, barristers were practically the only professional men who found a place in Governments.

A BAD CORNER TURNED.

Springfield Republican: Poincaré's prestige was so deeply staked that for him concessions were unthinkable which may now have a chance for serious consideration. For more than two years Poincaré as French Premier has been one of the gravest obstacles to reconstruction. Perhaps the ideas for which he stands had to be given a thorough test in practice, but now that the test has been made there will be renewed hope of a fresh effort at a genuine and constructive peace.

IRISH UNITY.

London Evening Standard: The people of Great Britain desire above all things that the two Irish Governments shall subsist in amicable relations with each other. They have, under the new Constitution, every opportunity of achieving a substantial unity, even under conditions of formal division. Whether there exists in the two Irelands that quite measurable degree of statesmanship which should realize this ideal remains, of course, to be seen. But the possibilities of successful co-operation are obviously diminished if either Irish Government imagines that it can, by producing trouble, compel the British Government to take sides.

THE RANK IS BUT THE GUINEA'S STAMP.

Chicago Tribune: Mr. Brown, who was a pit boy and miner, is the representative of King George in opening the annual assembly of the Presbyterian Church of Scotland. The Scotch miner stepped into it with willingness of a Norman earl. There was no proletarian nonsense. Nothing of the ceremony was to be cut for him. Sound the fanfare and watch a flash of form and a burst of speed. Probably it requires a thousand years to do this. It's a gift and may never be developed on this side of the Atlantic. American ceremonies are not an eyelet. The Senators could get away with a Maypole dance about as well.

AT THE CROSS-ROADS.

Yorkshire Weekly Post: A profound change is taking place in English politics, and in the constitution and tendencies of old parties. Mr. Asquith and Mr. Winston Churchill illustrate the evolution. The ex-Liberal Premier represents the old Liberalism and its honorable traditions, seemingly unaware of the immense gulf which separates it from realities. Mr. Churchill, alert to note the signs of the times, and casting behind him the pedantry of mere consistency, has announced his intention to support the Conservative party in its fight against the insidious Socialism which for purposes of its own the Liberal party four months ago put into office. The alliance is welcomed by Conservatives because it is frank and wholly in sympathy with constitutional and other principles upon which the prosperity of this country depends, and because it is in accord with the motives and the policy of Conservatives in confronting the menace of Socialism veiled for the moment by tactics which would be clever were they not so easily divined. home discipline rests the strength of the State."

LEARNING TO LIVE.

Manchester Guardian: Education is a preparation not for industry, but for life; it is not the mere acquisition of a sufficient basis of knowledge, skill, and habit to enable a boy to enter on a trade; it is the development of all the resources of a boy's character and intelligence so that he may make the most of his life, of all its duties and opportunities, of its leisure as well as of its work.

PIRATES OF CATHAY

Hong Kong Press: Whenever piracies have occurred on board vessels it has always been in co-operation with gangs on shore, and until the Government of the neighboring Chinese territory, or the foreign Powers, takes such action as will put a stop to the uses of the territory by gangs of pirates who find a permanent home there, we shall probably never hear the last of these outrages. These gangs must be taught that piracy does not pay. . . . Meanwhile it would probably serve as a stimulus if the British Authorities put in a claim upon China for the cost incurred in providing escorts for the protection of British ships from plunder in the waters of China, and we hope this may be done.

MUSSOLINI'S TASK.

London Times: The real task before Signor Mussolini, as we have always said, and as we must hope that he himself understands, is the gradual transformation of a regime which is practically a dictatorship into a sound constitutional system. Many men in the past, favored by fortune and supported by sufficient force, have seized upon power, and not seldom have exercised it for a season with brilliant success; none (so far as we can recall the history of Europe) has voluntarily substituted for his personal rule the rule of the people. If the "Duce" can do that, he will have achieved for himself a new place among famous men. If he fails to do it, all the talk about Fascismo creating a "new form of civilization" will not deceive the world.

THE NEXT WAR.

Adelaide (Australia) Chronicle: If the experts generally are right the next war in the number and degree of its atrocities will be a far cry even from the last, for the destructive powers and terror-wielding properties of the instruments of war are gaining strength daily. The mere catalogue of poisonous gases alone for use on and off the battlefield—for no distinction will be drawn between combatants and non-combatants—is dismal enough and one cannot but share Dr. Hensley Henson's wonder at finding responsible people like the Duke of Northumberland protesting against the "association of Christ's religion" with the condemnation of this return to primeval savagery masked under the disguises of scientific progress and mechanical improvement.

FOR LABORER'S OWN GOOD.

Johannesburg Sunday Times: The worst enemy of the worker in the world today is the man who stirs up a strike, or who restricts production in any way. We do not contend for a moment that the worker is in as good a position as he might be. He is not. . . . Neither stopping nor restricting the production of wealth can make the worker better off. Either must in the end make him poorer. The only sound policy today is to replace the waste of the war years by hard and efficient and continued work. If only the workers in every country could be persuaded to put in two or three years of steady and efficient labor, without a strike of any kind, there would be such an improvement in world conditions as would pave the way for the betterment of their lot as well.

LITERARY NOTE.

St. Joseph News-Press: The country needs more historical novels and fewer hysterical ones.

PROBABLY SPEEDING, AT THAT!

Gary (Okla) Post-Tribune: Many a time when the wolf comes around the door he finds the family out riding in an automobile.

CALVIN COOLIDGE.

Kansas City Star: It is clear to every one that the Republican Party is successful at the polls this year, success will be due almost wholly to the leadership of President Coolidge and the faith the people have in him.

FRUIT TREATMENT FOR CONSTIPATION

Quick and Permanent Relief By Taking "Fruit-a-tives"

What a glorious feeling it is to be well! What a relief to be free of cathartics, salts, laxatives and purgatives that merely aggravate constipation and are so unpleasant to take and so weakening in their effect! What a satisfaction to know that the juices of apples, oranges, figs and prunes will absolutely and permanently relieve constipation. By a certain process, the juices of these fruits can be concentrated and combined with tonics—and it is these intensified fruit juices that correct constipation, relieve headaches and biliousness, and make you well and keep you well. "Fruit-a-tives" are sold everywhere at 25c. and 50c. a box—or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

SPAIN AND MOROCCO.

London Morning Post: The issue of Morocco alone is sufficient to tax to the utmost the patriotism of the Spanish people and the statesmanship of its ruler. For obvious reasons, Spain cannot withdraw from Morocco, and at the same time the subjugation of Abel Krim in one of those grim tasks with which our own country has been only too familiar. If he can settle the Morocco problem, General Primo de Rivera will take his place as one of the foremost statesmen of modern Europe. Then, the policy of decentralization is complicated by the Catalan movement. . . . We trust and believe that the self-determination movement which has been almost as disastrous to the world as the war, has reached its climax. At any rate, it has proved almost as great a bane to Spain as it has proved to the British Empire. There in Catalonia again, as in the case of Morocco, the Directorate is feeling its way.

KEEPING ROADS PASSABLE.

Clementsport.—Extensive road construction is going on here. Mr. Farnsworth has about 75 men and a number of teams. He is co-operating heartily with the Digby County Publicity Bureau in keeping the roads, while under construction, easily passable, and when done there will be none of the deep gravel torture for a year or more to afflict the summer visitors as in the past. Much needed work is being done on the Clementsport to Clements road. Mr. Messenger and E.D. Bent have this work in hand. Nature's rules have no exceptions.

The Old Reliable REMEDY

Here and There

Shipments of grain from Vancouver for the 1923-24 season have now passed the 41,000,000 bushel mark. Officials estimate that the 50,000,000 bushel mark set for the season will be surpassed in the near future.

Reports from England state that it has been universally conceded that Canada's pavilion was in the best condition when the King opened the British Empire Exhibition at Wembley on April 23rd. "It was the Canadian building," the reports said, "spick and span and complete to the last nail that led all others in the race to the finish in time for to-day's official opening."

Over 3,000 settlers left Liverpool for Canada on April 24th. Thirteen hundred of these sailed on the Canadian Pacific liner "Montcalm," including a party of 200 skilled workers from Manchester, 38 belonging to engineering trades, 40 to building trades and 22 farm hands. Eighty skilled workers from Leeds and a party of engineers from Barrow-in-Furness were also on board.

A total of 40,000,000 salmon trout eggs has been collected during the past season by the Department of Marine and Fisheries in Lake Huron, Georgian Bay and Lake Superior. The total number obtained compares favorably with the average collections of recent years and is sufficient to fill all the hatcheries on the Great Lakes engaged in the propagation of salmon trout.

Graphic and interesting educational motion pictures will bring Alberta's various resources to the eyes of those who attend the British Empire Exhibition this year. In addition to pictures illustrating the life of Alberta's citizens on the farms, on the ranches and in the mining districts, charts will be used to bring out interesting comparisons of statistics illustrative of the province's agricultural and industrial output.

Carrying an invitation to the President of the United States to attend the celebrations of the 140th anniversary of the settlement of Upper Canada by the United Empire Loyalists, which will be held in June, Miss G. Lazier, herself a descendant of the Loyalists, left Belleville recently on horseback to ride to Washington alone, a distance of 600 miles. Elaborate arrangements for the celebrations are being made and it is expected that thousands of visitors will attend.

An attractive booklet entitled, "A Week in Quebec in the Spring," by Betty Thornley, internationally known writer associated with "Vogue" and other magazines, has just been added to the series of artistic pamphlets published by the Canadian Pacific Railway. It describes the Annapolis Capital and its environs, is illustrated by many striking photographs and bound in a cover which reproduces in natural colors the pattern of a cloth called catalogue, woven by Quebec habitants women.

That the Indian village of Hochelaga, which stood on the site of the present city of Montreal, was a place of about fifty wooden houses having a population of some 4,000 souls when Jacques Cartier sailed up the St. Lawrence, was the assertion made by Dr. W. D. Lighthall before the Antiquarian and Numismatic Society of Montreal recently. Dr. Lighthall was able to give the boundaries of the village and described it as resembling the home of Cedric the Saxon, in "Ivanhoe."

Parishioners regret RECTOR'S RESIGNATION. Granville Ferry.—The Ven. A. W. Watson, rector of this parish, has tendered his resignation and will become rector of St. Mark's church, Halifax, in the very near future. It is with regret that, not only the people of his parish, but of the country-side of Granville will part with Mr. Watson and also Mrs. Watson. No clergyman in this parish has ever quite so much endeared himself to the people in general as has Mr. Watson. Since his coming here some three or four years ago he has taken a very active interest in all matters relating to the welfare of the community, he has always shown himself a broad-minded Christian gentleman, willing to co-operate with the ministers of the other churches, and has in every way very faithfully discharged the duties of his calling.

While greatly regretting the departure of the Ven. and Mrs. Watson, yet the people are glad that they have been invited to a larger field and greater opportunities.

HANTSPOURT MAN WAS SMOTHERED IN TRENCH

Hantsport.—Thursday afternoon, Fred Fields met with an accident which resulted fatally. Mr. Fields had dug a trench and was laying the pipe in the property of H. Wilson, Avon Street, when the earth caved in, smothering him. Dr. Pollard was summoned and found death had been instantaneous. Mr. Fields was a quiet respected citizen and leaves a wife and large family.

UNKNOWN HERO WAS DROWNED.

Returned Soldier Gave His Life In Vain Attempt to Save Boy.

Owen Sound.—An unknown returned soldier, apparently without friends and without funds, gave his life in a vain attempt to save Collin Mora, ten years of age about four o'clock Tuesday afternoon. Both man and boy were drowned. They were fishing at Harrison's Dam, in this town, when the lad fell into the deep water. The man at once threw off his coat and plunged in. Both became tangled in the fishing lines and were soon exhausted. The bodies were recovered. No one has identified the man. He had a meal ticket in his pocket bearing the name of I. G. Smith, but he was not known at the restaurant. Five cents was all the money he had on his person.

EATING TEN THOUSAND FISH

(Science Service)

The smallest fish in the world live in Lake Buhl in southern Luzon, the largest of the Philippine Islands. These ichthyological midgets are only about half an inch long when full grown and sexually mature, and are so very slender that they are much smaller than any other fish. They belong to the family of gobies, distinguished by a sort of sucking disk used for attaching the fish firmly to stones. The only big thing about this fish is its name, *Mistichthys Luzonensis*, H.

CANADA IS A WEALTHY COUNTRY

Report Issued by The Dominion Bureau of Statistics.

Ottawa.—Canada's national wealth in 1921 was \$22,195,000,000, according to a report issued by the Dominion Bureau of Statistics, which has concluded a survey of the tangible wealth of the Dominion in that year by the inventory method. In the tabulation, agricultural wealth comes first with \$7,982,871,126, nearly thirty-six per cent of the total and about \$908 per head of population.

Of the Provinces, Ontario ranks first with an estimated aggregated wealth of \$7,358,000,000, which is thirty-three per cent of the total wealth. Quebec comes next with \$5,541,819,967. Saskatchewan is estimated at \$2,845,842,000; Alberta at \$1,950,873,000; Manitoba, \$1,050,495,000; British Columbia, \$1,365,896,120; Nova Scotia, \$752,697,896; New Brunswick, \$597,596,000; Prince Edward Island, \$119,912,000, and the Yukon, \$16,896,000.

While Ontario led in absolute wealth, the Western Provinces came first in per capita wealth. The Yukon led with \$4,053. Saskatchewan had \$3,777. Alberta \$3,317. Manitoba \$2,705. British Columbia \$2,504. Ontario \$2,507. Quebec \$2,347. New Brunswick \$1,541. Nova Scotia \$1,437. Prince Edward Island \$1,353.

For the whole Dominion the aggregate per capita wealth was \$2,525. Next to agricultural wealth and urban real property, Canada's investments in steam railways and their equipment is the highest factor, being estimated at \$2,159,218,000, the value of urban property, based on reports of municipal assessors, being \$5,751,505,000. The value of forests is placed at nearly two billions, the manufactures at \$1,972,000,000 (including machinery, stocks on hand, etc.) and household furnishings, clothing, automobiles, etc., at \$1,144,000,000. The specie held by chartered banks and estimated for public buildings was \$202,000,000. Value of Canada's mines was estimated at \$559,514,000.

THE INVENTION OF A NOVA SCOTIAN

A Nova Scotia residing in the United States has sent in the following clipping from the New York Evening Journal, explaining that the invention referred to is that of Bert Fraser, son of William Fraser, of Pictou, who at the age of 21 years, sold an invention to an elevator company for \$175,000:

"The electromobile control system for automobiles seems to be one of the greatest improvements in the automobile industry since the self starter, according to well-known automotive engineers.

"It comprises an electrical unit interposed between engine and rear wheels; is compact, of unitary construction and supersedes fly wheel, clutch, gear, transmission, starting motor, generator and the levers, chain, chain sprockets and other minor parts accessory to all these devices.

"The new system simplifies the power plant. It accomplishes with ease the control of engine power and car speed that the automobile industry and public have long been waiting for. The transmission gears are eliminated and consequently there are no gears to shift.

"The control is from the steering wheel, which means the eliminating levers so that all changes can be made without taking the hand off the wheel. This new device is being manufactured in Irvington, New Jersey."—Herald.

The Newspaper Has the Greatest Advertising Influence

The Women's Advertising Club of Los Angeles, working through the Women's Clubs of that city, conducted a questionnaire on advertising media and their influence which should be very interesting to the retail advertiser. The computation was made that 90 per cent. of the buying is done by women and that millions of dollars are squandered every year in an effort to gain their attention. All walks of life was covered and the results figured on the basis of one thousand returns.

"Which of the advertising media influence you most?" was the question. The answer was announced as follows:

	Per cent.
Newspapers	36.0
Circular Letters	1.0
Announcement Cards	4.0
Booklets and Pamphlets	1.7
Magazine Advertisements	22.7

POSTAL CLERKS DISAPPOINTED

Dominion Secretary Says the Wage Increase is Not Satisfactory.

Ottawa.—R. H. Hall, Dominion Secretary of the Postal Clerks Association expressed very great disappointment with the new postal wage schedule. He said the Postal Clerk could not imagine how the Government could figure out such a schedule especially in view of the fact that in the United States the Postal Clerks were all given a flat increase of \$300 a piece. Mr. Hall said that in the United States the minimum salary for Postal Clerks was higher in many cases than the maximum salary in this country. He said that 90 per cent of the married men would get less income under the new schedule than under the old one, plus the bonus. He admitted the single men would be benefitted, but thought the married men needed to be looked after better. "The public will get the idea we are being given an increase," said Mr. Hall. "But this is not true," he added. Mr. Hall said the new scale was very disappointing.

The Last Word in Motor Car Value

The selling price of any automobile is based on the cost of material, production, distribution and overhead.

Large volume of sales greatly reduces all these costs.

Chevrolet now occupies first place in sales of fully equipped quality automobiles.

Therefore it has been possible for Chevrolet to establish the lowest price in the world for a quality automobile.

Also Chevrolet is the lowest of any car in cost of operation.

Seeing is believing—see the Superior models in our showroom. C1516

TEETHING TROUBLES

Baby's teething time is a time of worry and anxiety to most mothers. The little ones become cross; peevish; their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones. The Tablets are a sure relief for all the minor ailments of childhood such as constipation, colic, indigestion, colds and simple fevers. They always do good—never harm. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WILL DRAW CHEQUE FOR \$69,000,000.

Payment of Interest on Debt to U. S. To be Paid on Monday.

New York.—Payment of the next instalment on the British debt falling due June 15th, totalling slightly less than \$69,000,000 will be made next Monday almost entirely in cash, J. P. Morgan and Company, fiscal agents of the British government, announced today.

A small portion of the amount will be paid in treasury certificates but no direct use of Liberty Bonds or gold will be made. Current balances of the British Government in New York, it is planned, will be concentrated on one bank, probably the First National, on which J. P. Morgan and Company will draw a cheque to the New York Federal Reserve Bank for United States treasury account.

Mr. Lester F. Hines and bride, (nee May Irene Ruggles) arrived home from New Hampshire on Wednesday. Mrs. Hattie Whitman spent a few days last week with friends in Bridgetown.

Mrs. Laura Brown has returned to her home in Brooklyn after a very pleasant visit with Mrs. Harry Hines. Mr. Wm. Morse and Miss Gertrude Ward of Granville were visiting at Mr. Albert Marshall's on Wednesday. Among those from here who attended the Association at Clarence, were Mrs. Hattie Witham, Mrs. David F. Milbury, Mrs. Beatrice Messenger, Mr. David M. Milbury, Deacon Adelbert Johnson and Borden Johnson. Miss Susie Banks of Port Lorne, and Chester Hall, of St. Croix, spent Wednesday at Mr. Harry Hines.

TURKISH ALARM ALLAYED.

Turkish gloom over the fact that Canada had not ratified the Treaty of Lausanne, which must have cast a shadow over the social and public life of Constantinople and Angora for the past few weeks is now allayed. Paens of thanksgiving to Allah may now rise from all the mosques over an official declaration by Hon. Raoul Dandurand in the Senate of Canada on May 29th, that it really did not matter whether Canada ratified the treaty or not, because Canada became automatically at peace with Turkey so soon as the plenipotentiaries of His Majesty King George signed the document. Turks may now sleep in their beds at night and Canadians may eat Turkish "delight" and smoke Turkish cigarettes (made in Montreal) without twinges of conscience at the thought of trading with the enemy.—Toronto Saturday Night.

OBITUARY.

Lawrence Gaul.

A hush fell over the little village of East Dalhousie, when the horrifying message arrived there, that Lawrence Gaul, died at the Halifax Infirmary, at 3.30 Thursday morning. Although in his eightieth year, Mr. Gaul was active and vigorous, and until a few months ago had never known what it was to be ill. But recently his health failed and he went to the Infirmary for an operation. The operation was successfully performed ten days ago, his condition appeared hopeful, but took a turn for the worse on Wednesday from which he did not rally.

All his lifetime he was a devoted member of the Roman Catholic church and when death came it found him prepared. In his dying hour, the Sisters of Halifax Infirmary surrounded his death-bed praying for mercy for his soul. A God-fearing, God-loving man—he was the giver of many donations to his church. His home was the abode of the priests of that parish; and it was in his home that the present Archbishop McCarthy of Halifax, spent many hospitable hours, when a priest in that parish.

The "Angel of Death" had summoned one of King's Counties prominent citizens, for few people there were held in higher esteem than Lawrence Gaul. The deceased was a man of sterling qualities, sound advice—known far and wide as a hospitable and kind man, his house bid welcome to friends and strangers. He was deeply interested in all that made for the best welfare of his native country. For 34 years he was Councillor in the Municipality of King's County, and he was recognized as the "Father of the Council," a man of excellent judgment deeply interested in the Councils affairs, and King's County has suffered a severe loss in his death. Many other offices of the county were conferred upon him, but being a self-conscious man he modestly declined them. The Councillors of Kings County paid tribute to their fellow-councillor, by motoring over many miles of rough road, to be present at the funeral of their departed friend. He was also one of the promoters of the Western Kings Memorial Hospital and was a member of its Board of Directors.

Lawrence Gaul was a native of Dalhousie, where for many years he conducted a general store. A well known lumber merchant and prominent business man, he also carried on extensive lumbering operations, and only a few years ago sold out his interests to the Berwick Co-operative Company. By his industry, honesty and exceptional business ability, he had prospered and was rated as well-to-do, but was always generous in the use of what he possessed.

Relatives and friends from far and near, assembled at his burial, Saturday, in the Roman Catholic cemetery. The funeral was the largest attended that East Dalhousie has witnessed for several years. Rev. Father McCarthy of Chester, preached the sad funeral sermon, and did justice to his beloved friend by his kind and sympathetic words. The funeral service was sad and impressive. From his home on the hillside, his corpse was tenderly carried to the church. The large procession was headed by the priest gowned in his robes, then four boys bearing lighted candles in candlesticks draped with crepe, next the coffin, borne by four friends, and then marching two by two, came the sons and daughters, then the grandchildren, next the Councillors of Kings County and lastly his host of relatives and friends. The choir of New Ross motored to Dalhousie, and kindly rendered selected funeral hymns. The floral tributes were numerous and beautiful; prominent among those contributed by family and relatives, were beautiful pillows and wreaths from his fellow-councillors and physician.

Mrs. Gaul predeceased him three years ago. He leaves to mourn his sad loss, two sons, Constantine, of Berwick, and Douglas, of Paradise; two daughters, Mrs. Clara Kirkpatrick of Dalhousie, and Mrs. W. D. Blair of Berwick; one brother and sister, Wm. Gaul and Mrs. Mary Francis of Dalhousie, and 26 grandchildren; besides a host of relatives and friends.

After the funeral sermon, Father McCarthy, through the wish of the mourners, expressed their thanks for the kindness and sympathy shown. Refreshments were then served at the home of the deceased, to relatives, councillors and all who had travelled many miles to be present at the funeral.

Kentville.—At the exercises held Monday, June 9th, in Catherine Hall, the Rochester School of Optometry, Rochester, N. Y., sent out twenty-four graduates—two young ladies and twenty-two young men. One of these young men was one of our own town boys, Paul G. Webster, son of Mr. and Mrs. J. R. Webster, who expects later to take up his profession in Kentville.

Very close straw hats are given the appearance of a helmet by the use of pleated sections of black gros grain ribbon.

Four Reasons Why YOU Should Purchase A Farm in the Annapolis Valley.

- 1.—Because the Annapolis Valley is the best and most dependable Country in which to farm.
- 2.—Because the basic source of Man's subsistence is the farm. It is the most honorable business on earth. It means health, wealth, happiness and contentment.
- 3.—Because milk from your cows and eggs from your poultry, will give you a daily cash income the year round. Apples, small fruits, berries, garden truck, grains, hogs and sheep will build you a big bank account.
- 4.—Because Lloyd's Service will find the farm you want, where you want it, at the price you want to pay.

Over the Cups

Visitors: Congratulations on your tea—it's simply delicious. I use cream, too, but I don't seem to manage to bring out the tea flavor so well.
Hostess: Thanks, But just between ourselves, there's no cream in this tea at all. The rich color is due to the Rakwana Golden Orange!

TAKES PASTORATE IN U. S. A.

Rev. R. L. Norsworthy who has been Methodist Pastor at Springhill, N. S. for the past four years, accompanied by Mrs. Norsworthy has gone to Mon-

son, Mass., where Rev. Mr. Norsworthy has accepted a call to the Methodist Church there. Rev. Mr. Norsworthy has also held pastorate at Hamilton, Bermuda, Truro, and Louisburg, N. S., as well as at other places in Nova Scotia.

"THE FIRST 100,000."

There are upwards of 100,000 people in Canada actively engaged in converting the products of the forest into wealth in some form or other and with the families they represent this means that more than half a million people in the Dominion are dependent on the forest for their living.

The value of the manufactured pulp and paper products alone is \$250,000,000 per year. The pulp and paper companies employ 33,000 men in the mills and pay them each year \$40,000,000 in wages. The value of lumber, lath and shingles produced in Canada in one year is \$150,000,000. If the question had been put to you would you have figured much more than a quarter of this? When you reckon that the lumber industry proper has an invested capital of \$250,000,000 employing 55,000 men and paying them \$60,000,000 wages, here you have a forest business that reaches the stupendous distribution in Canada of \$500,000,000 a year. The security for this annual income is neither mines nor wheat fields nor fisheries, but the only one of the family of resources that is inflammable, viz. the forest.

PORT WADE

Port Wade—The gardens have since the rain, taken a great start and it looks like a good summer for the farmers, who have just finished planting operations.

The Port Wade ferry recently started on her daily route between this port and Digby.

The Rev. T. F. McWilliam, a former pastor of the United Baptist church here and now pastor at Ohio, recently visited friends in this community. All were most happy to meet a former pastor and friend.

Quite a number of our people attended the meetings of the Nova Scotia United Baptist Western Association this week at Clarence. Among those going from Port Wade section were: C. T. Olmstead, pastor of the church, Mr. and Mrs. Edward Johns, Mr. and Mrs. Ansel Casey, the Misses Theta White and Hazel Casey, Mr. and Mrs. Ralph Hayden, Mrs. David Hayden and Mrs. William McGrath.

Mrs. James Johns and Mrs. Archie Morrison who have been on the sick list for some time, are improving.

Mrs. Andrew Keans of Everett, Mass., and Harry Keans, of New Haven, Conn., have arrived the former to stay for a vacation of a few weeks.

MANY DESTITUTE.

Six Weeks Since Majority of Jubilee Miners Have Earned Any Money.

Sydney Mines.—The unemployed miners of the Jubilee colliery are waiting patiently for an encouraging word regarding the resumption of operations. It is now six weeks since the majority of the men earned a cent of wages and many of them are destitute. Unless relief is forthcoming soon, a general appeal will of necessity be made to the public. No message has been received from Halifax yet regarding the conference of the mayors of the province.

THIS WOMAN SAVED FROM AN OPERATION

By taking Lydia E. Pinkham's Vegetable Compound, One of Thousands of Such Cases.

Black River Falls, Wis.—"As Lydia E. Pinkham's Vegetable Compound saved me from an operation, I cannot say enough in praise of it. I suffered from organic troubles and my side hurt me so I could hardly be up from my bed, and I was unable to do my housework. I had the best doctors in Eau Claire and they wanted me to have an operation, but Lydia E. Pinkham's Vegetable Compound cured me so I did not need the operation, and I am telling all my friends about it."—Mrs. A. W. Binzer, Black River Falls, Wis.

It is just such experiences as that of Mrs. Binzer that has made this famous root and herb remedy a household word from ocean to ocean. Any woman who suffers from inflammation, ulceration, displacements, backache, nervousness, irregularities or "the blues" should not rest until she has given it a trial, and for special advice write Lydia E. POPULATION OF UNITED STATES

New York.—The population of the United States increased 1,942,000 during 1923, according to estimates announced today by the National Bureau of Economic Research. On Jan. 1st, 1924, the total population was 112,826,000, the bureau's figures show. In the latter half of 1923, a net increase of 1,162,000 was recorded. This was the greatest growth for a six-months' period in the nation's history the bureau's report states.

The unusual increase is attributed to the heavy excess of immigration over emigration and the lowest death rate which ever prevailed during a similar period in this country.

SCHOOLBOY LOST EYE.

Waterville.—At the schoolhouse in Cambridge the young son of Mr. and Mrs. Alonzo Sawler, in playing, ran into a sharpened stick in the hands of another schoolboy, the stick penetrating the face beneath the eye and then turning up into the eye. The boy was taken by the teacher to his home and a doctor called, who gave immediate attention. The boy was then taken to the V. G. Hospital, Halifax, where the eye was removed after it was found that nothing could be done to save the sight.

VIRGINIA EAST.

Mrs. Forest Robar and family spent Friday evening last with Mrs. John Riley.

Miss Helen Nass spent Friday afternoon with Mrs. Ray Orde.

Mrs. Charles Dunn and daughter, Elsie, has returned home from Boston.

Mr. Ray Orde has gone to work on the railroad.

Mr. William Dunn of Clementsvale and daughter, Etta, spent Saturday evening with Mr. and Mrs. Avard Robar.

Mr. Charles Dunn is making more improvements on his house.

Mrs. James Banks, of Bear River, and daughter, Alice, and two sons, Okle and Wilton, spent Sunday afternoon with her daughter, Mrs. Avard Robar.

Miss Ora Riley spent Tuesday last with her cousin Miss Dorothy Wambolt, Clementsvale.

CORRESPONDENCE.

The trustees of Granville Centre School made no mistake when they engaged Miss Glendora Blair of Truro, for teacher. It is with regret that both parents and scholars part with her. She has had many invitations to remain another year but she has made plans to go out West if her mother's health permits. We feel wherever she settles our loss will be their gain. She has held a prominent place in the community and no teacher has ever quite so much endeared themselves to the scholars as Miss Blair, leaving nothing undone for the welfare of them, it seems a great deal to say of a teacher but it can be said of her, that she is liked by every child in the school and her place will be hard to fill.

A HEAVY TAXPAYER.

BEAR RIVER EAST.

Miss Bertha Dukeshire of Bear River, spent a few days with her grandparents, Mr. and Mrs. Arthur Jefferson.

Miss Eva Jefferson and brother, Joseph, of Digby, and sister, Mrs. Jasper Minor of Maine, U. S. A., spent Sunday at the home of Mr. and Mrs. F. E. Jefferson.

Mr. Fred E. Jefferson and brother, Percy, were in Digby on Thursday last.

Miss Banks of Paradise, spent Sunday with her sister, Miss L. G. Banks, teacher.

Mrs. Hugh Blackador has gone to the U. S. A.

AN EDITOR'S DIFFICULTIES.

One of the speakers, Mr. David Williamson, well known as Editor of The Quiver, referred in his address to the difficulties that editors have to encounter in trying to please all their readers. On one occasion, he said, a lady was asked her opinion of a certain newspaper and she delivered herself in these terms: "It is absolutely no use; it is the wrong size for cutting out a dress pattern; you cannot line a shirt with it; and it is hopeless for doing up a bonnet."

THE INCEPTION OF THE ASSOCIATED PRESS.

The Pony Express That in 1849 Forwarded European News From Halifax to Digby, to be Conveyed by Vessel to St. John, And Thence Telegraphed to New York.

By JOHN W. REGAN, Halifax, N. S. (Read 5th January, 1912).

The Associated Press, the greatest news-gathering organization in existence, had its inception in a "pony express," started by six New York newspapers, that was operated between Halifax and Digby in 1849, for the purpose of forwarding European news to Boston and New York in advance of the arrival at Boston of the English mail steamer from Halifax. The "pony express" terminated near Digby, where a steambot was in waiting to convey the despatches across the Bay of Fundy to St. John, the terminus of the newly-constructed telegraph line, and from this point the news was wired to New York, many hours ahead of the arrival of the English mail-steamer from Liverpool and Halifax. The whole service from Halifax to St. John and by wire to New York was called "The Halifax Express."

This express was started in February, 1849, and continued for nine months, until superseded by the extension of the telegraph line from St. John to Sackville and thence to Halifax in November, 1849. After that, the forwarding of the English news settled down to the less exciting method of filing the despatches at the telegraph office, situated, I believe, on Hollis Street, just north of the Bank of Nova Scotia, and the dashing "pony express" was discontinued forever and gave way to the new order of things. There was still some excitement and competition in rushing the English news from the ship's side to the Halifax telegraph office but this was tame compared to the desperate energy with which the news had been forwarded by relays of galloping horses 144 miles from Halifax to Digby in the average time of eight hours or a mile in about 3.29 minutes. At first there were two rival expresses, and it is recorded that one one trip they reached their destination only 2 1/2 minutes apart, and that the episode of the racing expresses passing through a post-village caused as much excitement as a mail-steamer arriving at Halifax. Fortnightly, day and night, in good weather and bad weather the despatch riders tore through the lonely country, bearing the Euro-

Quality Plus
When you buy King Cole Tea you expect quality. But you also look for something more—for a certain taste that is pleasant to you, and that will be repeated in every cup you make. The quality is produced in Nature's Garden; but the taste is the outcome of expert blending which gives King Cole its characteristic rich flavor—the flavor you like. Is it not worth much to have your cup of tea always—as you like it?

CLEMENTSVALE.

Mrs. Prime of Maine, and Mrs. Barr, of Centreville, are visiting their sister, Mrs. George E. Beeler. Rev. and Mrs. George Durkee, Mr. and Mrs. Ebor Potter, Mr. Ralph Pierce, Mrs. Samuel Pyne, and Mrs. Prudence Chute, attended the Baptist Association at Clarence this week.

Mr. Fred Long and Mrs. Leslie Baird, spent Thursday at Smiths Cove with Mrs. George Larimore. Mr. Dwight Hubble, of Walpole, has bought the place formerly occupied by Mr. Wm. Potter, and Mrs. Potter has moved into Mr. Harry Maling's house.

Miss Edith Wilton spent the weekend with friends in Virginia. The ladies of Clementsvale have organized a sewing circle, to raise money for painting the parsonage and other church purposes. They met at the parsonage, Tuesday, with Mrs. Durkee. The next meeting will be Thursday afternoon, June 19th, at Mrs. Leslie Baird's.

The marriage of Miss Hazel DeForest and Mr. Maitland Trimper took place at the parsonage, June 4th, Rev. George Durkee performing the ceremony, after which the happy couple left for an auto trip to Bridgewater, and other places of interest, returning Sunday.

Dr. Campbell and Dr. Braine successfully performed an operation on Mr. Norman Sanford's little son, Borden Thursday, removing tonsils and adenoids. Sorry to report Mrs. Walter Sanford on the sick list.

WILLIAMSTON. Mr. Elbert Whitman has returned from the hospital in Halifax, much improved in health. Mr. and Mrs. Clifford Bishop of Somerset, Kings Co., were week-end guests of Mr. and Mrs. H. T. Bishop.

The lovely shower on Saturday slightly interfered with the success of the fishing party to Roxbury. Try it again girls. After a three years stay in the West Miss M. Freeman is again renewing acquaintances in this vicinity and is a guest of Mrs. W. A. Hunt. Inspector Foster of Bridgetown called on the school on Thursday. Of course all the scholars were glad to see him.

Mr. and Mrs. W. A. Bishop spent a few days in Kings Co., last week. Mr. and Mrs. Jas. Woodworth were in New Germany on Wednesday attending the funeral of Mr. Woodworth's brother. Mr. Kenneth Zwicker of Albany, were visiting Mrs. Barclay Bishop on Monday. Mrs. A. H. Bishop was attending the Women's Institute Convention at Truro, last week. A fishing party, Mr. and Mrs. K. H. Isley, wife and two children of Berwick, Mr. Robie Skinner of Weston, and Dr. W. Skinner of Moose Jaw, Sask., were guests of B. Bishop on Wednesday. Coun. T. M. Charlton has had lightning rods put on all his buildings.

ROUND HILL.

A very pretty wedding took place in St. Paul's Church, at 10.30 a.m., June 4th, when Miss Grace Marion Gibson was united in marriage to George S. Williams, son of Mr. and Mrs. W. H. Williams of this place. The bride, who was given away by her uncle, Mr. Robert Gibson, looked charming in a suit of navy blue tulle with handsome blouse of jaquard silk, hat and gloves to match and also wore a very pretty choker of Russian squirrel.

After the ceremony a very dainty luncheon was served at the home of Mr. and Mrs. Robert Gibson. Only immediate relatives being present. The bride is a graduate nurse of Charlesgate Surgical hospital, Cambridge, Mass., also of Lying-in Hospital, Boston, class of 21 and a daughter of the late Mr. and Mrs. James Gibson of this village.

The bride and groom received many beautiful and useful presents from their many friends. After a short trip to Eastern parts of the Province they will reside in this place. Mrs. C. H. Tupper recently visited in Bear River.

A miscellaneous shower of useful articles was given Miss Parry, daughter of Rev. Mr. Parry at the home of Mr. and Mrs. C. L. G. Hervey on Saturday evening.

JACK AUSTIN TO CATCH FOR NEW GLASGOW TEAM. New Glasgow—Jack Austen, former premier catcher of the Valley Baseball League, arrived home from Detroit on Saturday. It is rumored that Austen will play with New Glasgow this year. His presence behind the bat would greatly strengthen the team.

BOSTON-YARMOUTH DAILY SAILINGS TO BEGIN ON JUNE 29TH

Yarmouth—With the sailing of the Prince Arthur from Yarmouth last Saturday, that ship on arrival in Boston will be hailed off the route, and beginning with the sailing from that port on Tuesday next will be replaced by the Northland. Captain Frank K. Crosby, who is in command of the Prince Arthur, will transfer and assume the command of the Northland on arrival in Boston on Sunday, and the ship will run alternately with the Prince George. The daily or summer schedule of the Boston-Yarmouth service will begin with the Northland leaving Boston on June 29th and after leaving Boston on ETAINETAONIN that date the sailings of that ship from Yarmouth will be on Monday, Wednesday and Friday evenings, and the Prince George on Tuesday, Thursday and Saturday evenings. Owing to the anticipated increase in travel this summer to the Province it is the intention of the Boston and Yarmouth Company to hold the Prince Arthur in reserve to take care of any congestion which may occur.

Constipation Banished

Miss Ruth Salter, of North Sydney, of the staff of the Halifax Ladies' College, was a guest of Mrs. L. C. Andrews, Middleton, recently. Miss Catherine Whitman, of Rawdon, who has just completed her third year in medicine at Toronto University, has also been a guest at the same home.

Mrs. J. G. Clark, who has been in poor health for some time past, left yesterday for Digby, where she will spend an indefinite time with her brother, Mr. Geo. Peters.—Berwick Register.

Mrs. Julia M. Gilliat of Plainfield, N. J., is the guest of Miss Annie Chute. Mr. Frank L. Grant of Clementsville was a recent guest of Mr. and Mrs. Charles Grant, Clarence.

Miss Myrtle Slauenwhite returned on Saturday from St. John, accompanied by her little sister Edith.

THE MYRTLE HOUSE UNDERGOES IMPORTANT CHANGES

The Myrtle House, one of Digby's leading summer hotels, is this year better than ever before fitted to accommodate the travelling public. A visitor at this house in talking to The Courier this week claimed that he had found at this hotel "the best cuisine, best service and best fellowship of any summer hotel in Eastern Canada."

In referring to the above we feel that it would be proper to speak briefly of the Myrtle House, owned and operated by A. T. Spurr, and give our readers some idea of the great amount of work which Proprietor Spurr is doing in order to accommodate the tourist who prefers Digby to other parts of the province. The Myrtle House, ever since its opening a number of years ago, has stood out pre-eminently as a model hotel, giving an unparalleled service and owing to efficiency in that respect it holds an enviable record. This season Mr. Spurr is in a better position than ever to maintain that record and to cater to the most fastidious.

Proprietor Spurr has effected some important alterations to the interior. During the past two months a very radical change has been made and today they present a very pretty appearance in their colors of green, buff and white. The first floor is resplendent with new white and green paint, new paper and rugs, which in every way greatly modernize it.

The other floors have also received much attention and many of the rooms are redecorated. The large, pretty drawing room on the first floor is also very attractive. In consequence of all that has been done and the work that is now being finished, the Myrtle House this year will be in a condition to offer practically every luxury and convenience to be found in the leading hostilities of many of the larger cities.—Digby Courier.

Mr. Spurr referred to above is a native of Round Hill and has a very large circle of friends in the County, who wish him every success in his enterprising efforts to cater even more successfully than in the past to the travelling public and to summer visitors.—(Ed. Monitor.)

Come to Centrelea Hall, Thursday evening, June 26th, to the Umbrella Social. Good music, choice refreshments and a pleasant evening generally.

12-11.

Mr. Carmichael, Vice Principal, Miss Sanford, Grade IX and Miss Hood, Grade VI have resigned their positions as members of the teaching staff of the Windsor Schools.—Hants Journal.

A training camp for the officers and N. C. O.'s is opening at Aldershot on June 23rd. Several from here will attend. The regular fall camp of the Col-Hants Regt. will be held at Truro in September.

Mr. K. Parker, Principal of the Hantsport School was the winner of the Halifax Herald Cash Contest which closed a few days ago. The winner was the recipient of a cheque for the tidy sum of \$2,000.

We should go and see "Our Wives." "Our Wives" are O. K., so we are told.

"Our Wives" will be at Primrose Theatre, Bridgetown, July 1st.

Reserve seats for "Our Wives" at Primrose Theatre.

The Provincial Examinations are now in full swing here under direction of Inspector M. C. Foster and his assistants. About 170 candidates are writing. A fuller report will appear in our next issue.

EVERETT COLBY RAPS WORLD COURT DELAY

Tells Foster Mother, U. S. Takes All, Gives Nothing, as Others Fight to Better World.

New York.—Bitter opposition to the world court, originally conceived by Republicans, has been deliberately built up under "our noses" for no reason except politics. Everett Colby, Chairman of the League of Nations Non-Partisan Association, told the Foster Mothers' Association of America yesterday.

Dr. Colby said he went to the first session of the world court, where the Dutch Chief Justice, B. C. Loder, asked him if "McKinley, Roosevelt and Taft" was not "Republicans." He wanted to know, said Mr. Colby, the Republicans leaders now opposed the world court when these Presidents had been the men who laid the foundations for its establishment.

"The United States is the rich man of the world," Mr. Colby declared, "sitting in the shade in a little gold chair, and taking everything which comes his way, giving nothing, while the rest of the nations are trying to make the world a decent place to live in."

The Foster Mothers' of America passed a resolution urging Congress to act favorably on the world court.

Local Happenings

A Studebaker car operated by Halifax parties went off the road at the turn near Mr. Edward Messenger's at Centrelea. A wheel parted company with the car and some other damage was done. The occupants were not injured being apparently too well fortified.

What sort of tea do they drink in Wolfville. They drink the best tea they can get—MORSE'S SELECTED ORANGE PEKOE. The people of Wolfville and the vicinity have proved that there is economy in buying the best tea obtainable; that not only is the flavor better, but that there are more cups to the pound. No doubt if they could find a tea that was superior to MORSE'S SELECTED ORANGE PEKOE, that is the tea they would buy.

Mr. Adam Clarke has, we believe, the honor of putting the first local grown strawberries on the market here this season. They were sold on Saturday evening.

Mr. E. R. Orlando left on Monday for Jordan Falls, in connection with the road contract which he is carrying out there. The Orlando Brothers and Mr. O. W. Dabona have also a contract at Publico and have about two hundred men employed in road construction.

Sweeps are being taken to organize a Junior Ball team. There is plenty good material, this week finishes the High School series and the effort should meet with successful support.

There is a very large amount of matter omitted this week from the Monitor by force of circumstances but considerable of this will be published in next week's issue.

Attention is called to the advertising of Bridgetown Merchants on pages 4 and 5. They are offering bargains which it would be well to take advantage of.

Schools closed on Friday for the Summer vacation.

Mrs. John Lockett has returned from a visit to Bear River where she was the guest of her nephew, Mr. Harry Harris. On the way home she visited her brother Mr. W. A. Piggott, Postmaster at Granville Ferry.

Mr. and Mrs. H. A. Whitman and family of Wynward, Sask., are expected this week and will be guests of Mrs. Whitman's mother, Mrs. John Lockett.

TENNIS CLUB ENTERTAINS.

The tennis season was formally opened last Friday evening when one hundred and twenty-five guests were entertained by the members of the club at "Bridge" and dance in Fisherman's Hall. A number of the seniors played cards in the I. O. D. E. rooms, while the larger adjoining hall was devoted to dancing. Those winning honors at "Bridge" were Mrs. A. W. Randall and Mrs. Wiswall of So. Farmington.

Both halls were decorated with apple blossoms. Music for the dance was furnished by the Syncopated orchestra Messrs. Landers, Reagh and Dodge and the "jazziest" kind of music was played. The orchestra occupied the stage, the whole front of which was finished in a lattice work frame of "Apple green" and white. A round faced "moon" with hidden light was arranged on the lattice work and gave a "moonlight" effect.

The feature of the evening was the elimination dance Miss Dorothy Lloyd and Wilfred Brooks, of Bridgetown, carrying off the honors. Supper was served at midnight. A large number of guests were present from Bridgetown.

Tennis members are entitled to full privileges of the courts until the middle of June without payment of their dues; but after that are requested to have their membership in good standing.—Outlook.

ANNAPOLIS DISTRICT A PIONEER FOR UNION.

Berwick.—The annual meeting of the Annapolis District opened its sessions in the United Church on Wednesday afternoon. This district embraces the Methodist and United churches between Waterville and Digby Neck. Rev. J. G. Hockin, of Middleton, is the chairman, and Rev. A. R. Reynolds, financial secretary. Among the ministers who were present were Rev. H. H. McNeil, Aylesford; Rev. J. G. Hockin and W. R. Turner, Middleton; Rev. H. Rackham, Lawrenceton; Rev. J. H. Freestone, Bridgetown; Rev. R. B. Thomas, Granville Ferry; Rev. C. M. Mack, Bear River; Rev. W. H. Watts, Digby; Rev. Pentz, Weymouth; Rev. M. H. McIntosh and Rev. B. C. Borden, Annapolis.

The afternoon session was of a ministerial nature. A public meeting was held in the evening, when Rev. John G. Hockin presided. In the course of his remarks, he said that the Annapolis district was the pioneer district in Nova Scotia for Church Union, there being no less than five circuits which had adopted Union. Rev. M. H. McIntosh spoke of the "Sufficiency of the Gospel for the World's Needs," and he was followed by Rev. J. H. Freestone, who also delivered an able address.

SHOOTING THE RED

When the birds are about six weeks old they should get their red heads after which time exposure to rain does them little harm and they may then be allowed to roost in the open, on trees or on roosts put up for the purpose. They should be allowed to roost high enough from the ground to protect them from beasts of prey. Before the poult gets their red heads they should be protected from cold rain storms as they take cold very easily if they get wet over the back when young and when the feathers are undeveloped. Dew on the grass will not hurt them providing the weather is warm.

Springhill.—Friends throughout the province will be pleased to hear that Billy McKay, star hockey and baseball player is regaining his former health. McKay is at the Provincial Sanatorium, Kentville. When he first entered the sanatorium his weight was 143 and he now weighs 152 pounds.

BEARING YOUNG TURKEYS

By A. G. Taylor, B.S.A.
Poultry Division, Experimental Farm.

The rearing of young turkeys is not as difficult as is generally supposed. It is true that they will not stand exposure to cold or damp weather, but when given a reasonable chance they can be successfully reared in any province in Canada. When the poult is ready to be taken from the nest, they and the mother turkey should be taken to a suitable place in the open. A convenient coop should be provided and be in waiting for the brood. An ordinary sized turkey can brood from twenty to twenty-five poult with safety. If any turkey eggs have been set under hens the poult should be given to the mother turkey at hatching time as she can rear them more successfully than can the foster mother.

Feeding the Poults.—Poults should not be fed until they are at least forty eight hours old and even sixty hours is not too long to leave them without food. The first feed should be chick size oyster shell which should be scattered on a small board. Sour skim milk should also be given at this time. This is sufficient for them for most of one day and should be given in the morning. About four o'clock in the afternoon they should be given some hard boiled eggs which have been chopped fine. The following morning start regular feeding on hard boiled eggs and bread crumbs mixed together and fed three times daily until the birds are one week old. At this time the eggs should be gradually discontinued and the feed consist of bread alone. When the birds are about two weeks old a little moist shorts may be added to the ration and the bread crumbs discontinued until the feed consists of shorts alone. Any changes should be made gradually and no evil effects will result. At this stage it will be found that the young poult are getting much of their feed on the range and require very little feeding, and the feeds should then be reduced to two, morning and evening.

Sour skim milk and pure water should be given daily from the start. Grit and oyster shell should also be provided. Care should be taken never to overfeed or to offer any food that has been mixed for a previous feeding. As the poult develop it will be found that the area over which they travel becomes greater and that the amount of feed consumed at home decreases, until very little feeding is necessary. It will also be found that the birds grow and thrive better on the wide range with very little feed. This is why turkeys must have freedom to make economical gains.

Shooting the Red.—When the poult are about six weeks old they should get their red heads after which time exposure to rain does them little harm and they may then be allowed to roost in the open, on trees or on roosts put up for the purpose. They should be allowed to roost high enough from the ground to protect them from beasts of prey. Before the poult gets their red heads they should be protected from cold rain storms as they take cold very easily if they get wet over the back when young and when the feathers are undeveloped. Dew on the grass will not hurt them providing the weather is warm.

NERVOUS DEPRESSION

Why People Are Low Spirited And Depressed.

Nearly all women and most men suffer at times from fits of depression and low spirits. Everything seems a burden; then come periods of nervous irritability, headaches and weariness. People who suffer this way lack vitality because their blood is poor and nerves are starved in consequence.

The only way the nerves can be reached is through the blood. By enriching the blood with Dr. Williams' Pink Pills the starved nerves are supplied with just the elements they need. This is proved by the experience of Mrs. J. E. Dadson, 12th Ave., east, Vancouver, B.C., who says:—About three years ago I became very weak and nervous. I had pains in my side and back, and also suffered from frequent pains in the back of my head and neck. I was hardly able to do anything about the house. I would wake with a start in the night and my heart would flutter so that it almost choked me. I tried much doctors' medicine but it did me no permanent good. One day I read about Dr. Williams' Pink Pills and decided to give them a trial. These pills produced such a beneficial change in a short time that I kept taking them until I had used a dozen boxes. By this time there was such an improvement in my condition that friends would ask me what I was taking, and of course I was only too pleased to tell them it was Dr. Williams' Pink Pills. I am now feeling like a new person and am doing my own housework. We would not now be without Dr. Williams' Pink Pills in the house."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

UNITED CHURCH NOTES.

The Nova Scotia Annual Conference has assembled, gone through its manifold business and is now dispersed. Many complimentary resolutions were passed to Bridgetown people and institutions. They expressed heartfelt appreciation of the warm-hearted hospitality of our people; of the courtesy of the Anglican Church for the use of their Hall; of the Baptist Church for the use of the Church for week-day and Sunday gatherings. The local committee also express their most hearty appreciation of the co-operation of the Baptist people in the matter of entertaining our delegates. On all hands, and without exception, we heard the most complimentary remarks made of the whole-hearted hospitality of the people of Bridgetown and vicinity. The whole Conference was most successful and was largely due for its success to the generous co-operation of that people.

On Sunday night next Mr. A. O. Price, Commissioner to the great General Assembly of the Presbyterian Church of Canada will deliver an address describing the recent gathering in Owen Sound. Inasmuch as at this great Assembly the matter of Union was finally disposed of it will be of the greatest interest to hear the report of our Commissioner.

Rome.—Pope Pius today appointed Rt. Rev. Francis C. Kelly, a native of Vernon River, P. E. I., and founder of the Catholic extension society, as Bishop of Oklahoma, and Rev. Richard O. Gerow, rector of the Cathedral of Immaculate Conception Mobile, Ala., as Bishop of Natchez.
