## Montreal Stock Market.

MARKET DULL AT OPENING —  
CLOSED STRONG WITH GENERAL TONE FIRM.

The market opened this morning dull, but prices were steady. A small lot of Twin City and small sales of Merchants Bank of Canada and Merchants Cotton Company, constituted all the business up to 11 o'clock. At about 11.30, under buying of Montreal Street, the market gained in strength, and closed with quite an advance in some lines over Saturday's close.

**Toronto Rails.**—This stock was again the leader in this morning's market. It opened at 120, an advance of  $\frac{1}{4}$  of a point over the close on Saturday, but towards the close eased off a little, the closing sale being made at 119 $\frac{1}{2}$ , with sellers asking 120 and buyers offering 119 $\frac{1}{2}$ .

**Richelieu and Ontario.**—The opening sale of this stock was made at 113 $\frac{1}{2}$ , or  $\frac{1}{4}$  point higher than sellers were asking on Saturday. Gaining strength it sold at 113 $\frac{1}{2}$ , and closed at 114, with sellers asking 114 $\frac{1}{2}$  and buyers offering 113 $\frac{1}{2}$ . 250 shares were disposed of.

**Montreal Street,** though inactive was very strong, opening at 325 it advanced to 326 $\frac{1}{2}$ , reacted at the close to 326, the bid and asked being 325 $\frac{1}{2}$  to 326.

Saturday's earnings on this road show an increase of \$261.68, but the earnings on Sundays as compared with the same day last year show a decrease of \$646.22, accounted for by the fact of the comparison being made with Easter Sunday last year.

**War Eagle** was inclined to be weak, transactions were made at 358 to 357 from one to two points under Saturday trading. There was quite a difference in the bid and asked in this Exchange and in the Mining Exchange the former being 358 and 357 and the latter 365 and 363. This matter will however right itself in time.

The balance of the trading viz., 75 shares of C. P. R., 25 Twin City, 25 Royal Electric, 44 Merchants Bank of Canada 2 Merchants Cotton, and Bank Ville Marie were all made at steady prices.

# CHICAGO MARKET.

## CHICAGO MARKET—April 10, 1899.

FROM OUR SPECIAL CORRESPONDENT.

**WHEAT CLOSES PRACTICALLY UN-CHANGED—PROVISIONS QUIET—CORN FIRM.**

Chicago, April 10.

A considerable amount of nervousness was exhibited during to-day's trading. The Government report will not be issued until four o'clock, and will, therefore, have an indirect influence only on to-day's trading. Reports are numerous and contradictory, causing sharp rallies and recessions. Should the injury done appear serious, farmers may restrict shipments of wheat. On the other hand, a few warm days may put new life into the plant, change the entire outlook, and start a movement of wheat to market of considerable proportions.

Foreign houses continue to sell on all the strong spot, and have shifted the short interest of March along into July and September deliveries, expecting the new crop prospects to bring down the price eventually.

The early cables were at a discount of ½.

# NEW YORK EXCHANGE.

## NEW YORK STOCK MARKET.—April 10, 1899.

STOCKS IRREGULAR — VANDERBILTS OPEN STRONG — C. C. C. BOOMS EARLY — INDUSTRIALS INCLINED TO BE HEAVY.

New York, April 10.

The markets for Americans is quiet and prices are practically at parity, there is no disposition to take the initiative, in fact last week's market seems to have puzzled the foreigners considerably and speculation in Americans is for the time being killed. The settlement begins to-morrow, but is not expected to disclose any particular feature of interest.

Governor Flower is out in an interview this morning in the New York Herald in which he says nice things about the Industrials. He says there is no discrimination against this class of securities. It should be remembered that Governor Flower spent last week trout-fishing and probably has not realized, what took place on the Stock Exchange. If there is no discrimination against Industrials it is somewhat curious that on Friday, call money was offered freely at 5 p. c. on Railroads, while in mixed collateral containing even a small proportion of industrials, the rate was anywhere from 10 to 15 p. c. Mathew Marshall in the New York Sun seems to be also kindly disposed toward Industrials and draws attention to the fact that we are not pioneers in this line of financing, industrials having been a favorite of speculation on the London Stock Exchange for last two hundred years.

Marshall, however, fails to state that Industrial companies in England are formed and managed in conformity with very strong corporation laws, and full statements in regard to the business of the companies have to be published and mailed to all stockholders of record, prior to all meetings of the company under laws of New Jersey Corporations do pretty nearly anything and it could hardly be said that the stockholders of such companies as Sugar, etc., have the least idea of the companies' finances. However, the question of the standing of the Industrials have been pretty well threshed out during the last few days, and there is only one thing to be said and that is, banks don't want them for collateral, consequently commission men don't want to buy them except for cash.

It is not probable the money market will show much easiness during the coming week, the final payment of the Chicago and Alton, the final payment of the Manhattan, and the assessment on the Central Pacific, calls for in all \$17,200,000, and in all probability payments in connection with recent Industrial consolidations will be anywhere from \$5 to \$10,000,000. The government crop report will be published after 5 p.m. to-day, it is expected to show considerable damage to the winter wheat crop.
