The Honourable the Speaker presented to the Senate a communication from the Governor General's Secretary.

The same was read by the Clerk, and it is as follows:-

OTTAWA, 14th March, 1899.

SIR,—I have the honour to inform you that His Excellency the Governor General will proceed to the Senate Chamber, to open the Session of the Dominion Parliament, on Thursday, the 16th instant, at 3 o'clock.

I have the honour to be, Sir, Your obedient servant,

> L. G. DRUMMOND, Major, Governor General's Secretary.

The Honourable

The Speaker of the Senate.

The House was adjourned during pleasure.

After some time the House was resumed.

His Excellency the Right Honourable Sir Gilbert John Elliott Murray-Kynnynmond, Earl of Minto and Viscount Melgund of Melgund, County of Forfar, in the Peerage of the United Kingdom, Baron Minto of Minto, County of Roxburgh, in the Peerage of Great Britain, Baronet of Nova Scotia, Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George, etc., etc., Governor General of Canada, being seated on the Throne,

The Honourable the Speaker commanded the Gentleman Usher of the Black Rod to proceed to the House of Commons and acquaint that House,—"It is His Excellency's

pleasure they attend him immediately in this House."

Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

In meeting you for the first time since entering upon my duties, as the representative of Her Majesty in this Dominion, it affords me great pleasure to be able to congratulate you on the large degree of prosperity which the people of Canada at present enjoy, as evidenced by the expansion of trade and commerce, the flourishing condition of the public revenues and the increased number of immigrants who have become permanent settlers amongst us. To these evidences may be added another which is even more gratifying,—the almost total cessation of the considerable exodus of our population which at one time was a regrettable feature of our affairs.

The negatiations which were set on foot during the recess between Her Majesty's Government and that of the United States in reference to the settlement of certain questions in dispute between Canada and the latter country were, I grieve to say, greatly delayed by the illness and subsequent death of two of the most eminent members of the Commission appointed for that purpose. Considerable progress had been made on several of the subjects submitted, but a serious disagreement arose between Her Majesty's Commissioners and the Commissioners of the United States on the question of the delimitation of the Boundary between Canada and Alaska; the question was referred by the Commissioners to their respective Governments, the Commission being adjourned to the second day of August next, in the hope that, in the meantime, the difficulty might be overcome.

In compliance with the Act passed last session a Plebiscite was held on the question

of prohibition; the official figures of the vote will be placed before you.

I observe with pleasure that the Mother Country, Canada and other British possessions have recently adopted a Penny Postage letter rate. The satisfaction with which this action has been received by the Canadian people is a further proof of the general desire existing amongst our people for closer relations with the Mother Country

and the rest of the Empire.

I am also glad to be able to state that the satisfactory condition of the finances of the country permitted a reduction, on the first of January last, of the Canadian domestic letter rate, from three to two cents and although such reduction involves a temporary loss of revenue, it is nevertheless confidently expected that the cheapened rate will prove of such service in the promotion of trade and in the general interchange of correspondence that, within a reasonable time, the revenue of the Post Office Department will be restored to its former figure.

Much information has been obtained since you last met relative to the extent and value of the deposits of gold and valuable minerals in the Yukon and other parts of Canada. The returns from the Yukon have so far proved sufficient to meet the heavy expenditure it was found necessary to incur for the purpose of preserving law and order, and it has been thought expedient in the public interest to authorize the construction of a line of telegraph for the purpose of maintaining speedy communication with the

people of those distant territories.

A measure will be submitted to you for the better arrangement of the electoral districts throughout the Dominion, as also several enactments of less importance.

Gentlemen of the House of Commons:

The public accounts will be laid before you, and also the estimates for the coming year. They have been prepared with a due regard to efficiency and economy, and the responsibilities arising from the rapid progress of the country.

Honourable Gentlemen of the Senate:

Gentlemen of the House of Commons:

I am confident that the important subjects I have mentioned to you will receive your serious consideration, and that it will be your earnest endeavour to promote the public interests and prosperity of Canada.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable the Speaker presented to the Senate, -The Report of the Joint Librarians of Parliament, which is as follows:

TO THE HONOURABLE THE SPEAKER OF THE SENATE.

The Joint Librarians of Parliament have the honour to report for the year 1898, as follows.

The usual efforts have been made to provide room for the accumulating contents of the Library. The artistic appearance of the room has been somewhat marred by temporary shelving; but only in this way could the necessary accommodation be had.

The Statistical side of the Library has been the object of the customary attention, and it is to be hoped will be found well supplied. The Librarians respectfully point out that as it is quite impossible, with limited space and means, to provide many copies of books of reference, the rules as to the return of such volumes should be respected by members.

Efforts have been made during the year to fill up the gaps still remaining on our shelves in the Canadian section. Many works have been secured, of general utility, but not of such importance as to require a special mention. To help students in Canadian history, our collection of books bearing on that subject has been made with a view of placing together, 1st, works on the early settlement of the different Provinces of Canada; 2nd, on the French Regime in New France and Acadia; 3rd, on the Intercolonial wars of the 17th and 18th centuries, ending with the seven years war; 4th, on the beginning of the English Regime and military rule; 5th, on Canada under the Quebec Act and under the constitution of 1791, and the division of the country into two Provinces; 6th, on the war of 1775 and 1812; finally, on the political events in all the Provinces and the establishment of a responsible government.

Despite the omissions already mentioned, this collection is now in such a forward state that it can supply material on all questions connected with the history of the country.

Among the special editions to the Library during the year may be mentioned a collection of all the articles, pamphlets and addresses published separately or in the principal periodicals of England, regarding the career of the Right Hon. W. E. Gladstone.

These volumes, together with a similar collection, made on the occasion of the Queen's Jubilee in 1897, will provide, at some time, a most valuable repertory of materials for the history of Her Majesty's reign.

The customary collection of the annals of trade and commerce and general information has been made, and it is hoped that no place of business life will be found unrepresented.

The Legal side of the Library has called for many additions during the year. latest revisions of the laws of the various American States, and the latest editions of necessary text-books, as well as many new ones, have been added to our catalogue.

Among the donations to the Library during the year, the most valuable is that of Mrs, Mary Ford of Pencarron who forwarded to the Government the bust by Behnes of

her brother, the Right Hon. Sir William Molesworth, Bart., M.P., Secretary of State for the colonies in 1855. The Prime Minister has placed the bust in the Library, where, as the Toronto Globe has appropriately said, it shares with the bust of the Duke of Newcastle by Boehm, (presented by Sir Edward Watkin to Sir John Macdonald) the merit of artistic distinction. The early death of Sir William Molesworth in 1855, deprived the Colonial Office of a Minister who would probably have enriched its traditions by a wise and liberal policy. The Library also possesses the fine edition of the works of Thomas Hobbes, edited and published by Sir William Molesworth at his own expense, and presented by him to the Canadian Government. Sir William Molesworth was one of those who in a time of indifference took interest in colonial questions and was at great pains to bring them before the Parliament and people of England. His labours deserve our grateful remembrance.

The Librarians desire to acknowledge the receipt of a large collection of the civic reports of Toronto, made by Mr. John Blevins the City Clerk. These materials for

history will one day prove very useful.

The Library is also indebted to Col. White, C.M.G., late Deputy Postmaster

General, for a number of interesting books and pamphlets.

The catalogue of accessions for the year elapsed since the preparation of the previous number, has been compiled and will be distributed at an early day.

The list of donations is appended as usual. All of which is respectfully submitted.

7 March 24—That he will call the attention of the Government to the following proceedings of a joint meeting of the special committee appointed by the Toronto '66 Veterans' Association and the Red River Expedition Association, 1870, held at Toronto, on the 22nd of March, 1899, for the purpose of considering the best steps to be taken for securing an early issue of the Canada General War Medal. These were present:—

Representing the Toronto '66 Veterans' Association.

Major Dixon, Past President. Capt. George Musson, Past President. Lieut. Fahey, Past President. Alexander Muir, President. R. C. Marshall, 1st Vice-President. Lieut. Kingsford, 2nd Vice-President.

Capt. Stinson, David Creighton and E. A. Crossman, Members of Executive Committee.

James Constable, Secretary.

Representing the Red River Expedition Association, 1870.

Capt. S. Bruce Harman, President.

Capt. J. J. Bell, Secretary.

Capt. Musson was appointed Chairman of the joint meeting, and Capt. Bell, Secretary.

After discussion, the following resolution was adopted unanim-

ously:-

Moved by Lieut. R. E. Kingsford, seconded by Major F. E.

Dixon, and carried:

That this meeting deeply regrets the delay which has occurred in the issue of the Canada General Service War Medal, and draws

attention to the following facts :-

- 1. The Memorial from the people of Canada to Her Majesty, praying for the issue of a Canada General Service War Medal, was presented to His Excellency the Governor General in May, 1897. This Memorial was signed by Lieutenant Governors of Provinces, Ministers of the Dominion and of the Provinces, Mayors of Cities and Towns, Wardens of Counties, Boards of Trade and many other representative bodies, and was a truly national representative Memorial.
- 2. The memorial was forwarded by His Excellency within a very short time after its receipt, and on the 20th October, 1897, a cable message was received to the effect that Her Majesty had been graciously pleased to authorize the issue of a Canada General Service
- 3. In November, 1897, the Imperial War Office requested the Canadian Government to forward a design for the reverse of the

4. In June, 1898, the Militia Department announced that a board of officers had been appointed to consider claims.

5. In November, 1898, one year after the Militia Department had been asked for a design for the medal it was announced that the War Department had approved of a design furnished from Canada.

6. It thus appears that a lapse of over a year took place between the announcement that the medal had been granted and the announce-

ment that the design had been approved of.

7. Application was made to the Minister of Militia in March, 1899, the present month, for information as to when the medals might be expected, and the reply was made that no satisfactory information could be given as to when the medals may be issued.

8. It is now over a year and five months since the first announcement was made that the medals had been granted and so far as the committee can ascertain no definite progress in the actual delivery of the medals appears to have been made.

9. During the interval many of those who were entitled to this medal have died and their comrades have seen, with bitter regret, these old friends depart this life without receiving this honourable distinction which they so fairly earned.

10. The committee would respectfully call the attention of the Minister of Militia and of the Members of the Senate and House of Commons of Canada to this deplorable delay, and request that urgent measures be taken to obtain the issue, or distribution, of the

medals on Her Majesty's next birthday, 24th May.

11. The committee feel strongly that this medal having been granted by Her Majesty in Her Majesty's Jubilee Year, it should be presented on Her Majesty's birthday, and that if one anniversary has been unfortunately allowed to pass, no time should be lost in making quite certain that the medals be distributed on the 24th May next.

12. That copies of this resolution be transmitted to Sir Wilfrid Laurier, Hon. R. W. Scott, Sir Mackenzie Bowell, the Hon. Minister of Militia, Sir Charles Tupper and the daily press of Toronto and

Montreal.

The secretary was requested to take immediate steps to forward copies of above resolution to parties named,

GEORGE MUSSON, Capt., Chairman.

J. J. BELL, Capt., Secretary.

And inquire whether the medals referred to in the above resolutions have been received by the Department of Militia? If so, when will they be ready for distribution? If not, what steps have been taken to secure them, in order that the prayer of the petitioners may be complied with?

By the Honourable Mr. Perley:-

April 12—That he will ask the Government, how the price obtained this year for the output of Binder Twine from the Kingston Penitentiary compared with the price obtained for the twine sold from the same factory in 1895 and 1896?

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: -

3 April 13,—That he will call the attention of the Government to the following telegraphic despatch which was published in the "Evening Journal" on the 12th of April instant, a newspaper printed in the City of Ottawa, as follows:—

GRAVE CHARGE OF CORRUPTION.

HOW QUEBEC'S BIG VOTE AGAINST PROHIBITION IS SAID TO HAVE BEEN MADE UP— LIBERALS ARE CHARGED WITH FALSIFYING RETURNS.

(Special to the Journal.)

Toronto, April 12.—George M. Webster, vice-president of the Quebec branch of the Dominion Alliance, and a Reformer in politics, has made a statement to a press representative, strongly denouncing the Laurier Government on the question of the plebiscite. Mr. Webster's statement has caused consternation in prohibition circles. Mr. Webster stated that the taking of the vote on the plebiscite in Quebec was attended by the grossest corruption.

"Ever since the plebiscite in Quebec," said Mr. Webster, "strong and persistent rumours have reached the executive of the provincial branch as to the gross amount of fraud which occurred all through the province. This finally became so repeated and seemingly definite that the Quebec branch sent two men to investigate. Each went independent of the other, and neither knew that

the other was in the field.

The first, when he came back, reported universal appearances of fraud, but was unable to lay his hand on any concrete cases. The second man was William Henry Parent, of Ottawa, a man whose father was at one time a Liberal member for Rimouski, and who himself had been employed as an election agent and general party

representative of the Liberal party for years, being sent into different constituencies to organize for elections, and at other times drawing revenue from ministers or from the departments. This man reported when he returned that he had visited some thirteen constituencies.

"In every case, without a single exception, fraud was apparent and could be proven. His report showed in detail that say, in the county of Quebec at poll No. 1, parish of Beaupré, such a man was deputy returning officer, that at the day of voting 36 votes were polled and yet the next day the deputy returning officer would add from 50 to 120 votes against prohibition.

"This emissary returned from Quebec and brought a letter purporting to be written by E. Pacaud, editor of *Le Soleil*, the leading Liberal newspaper in the district, which contains a promise that the department would offer a position under the government to the emissary if he did what was requested of him. He did what was required.

"In the case of Three Rivers a deputy returning officer did the work only on consideration that he was to be made a forest ranger. This position was promised, and he is at the moment in the woods as ranger, drawing pay from the provincial Liberal government.

"In another case the deputy returning officer of one of the polling places, believing that the whole thing looked like a farce, as the officer was not sworn, went up to Quebec to ask for instructions as to what was meant. He there saw some of the chiefs of the Liberal party, whose names were given, and asked them what was required. They laughed and told him that if he did not know enough to know that, he had better resign his position and allow others to be appointed. This hint was enough for the gentleman, and the day after the elections he put 75 votes in against prohibition.

"These are only sample cases of what went on all over the pro-

vince, particularly in the French districts.

"In Quebec and Montreal gangs of men were driven from poll to poll, some voting as often as eight or ten times. The provincial branch, being much more anxious to benefit the temperance cause than to hurt or further any political party, submitted the evidence to a member of the Government who was supposed to represent the temperance people. He recognized the seriousness of the allegations, all of which were sworn to before a justice of the peace. As a result, the Alliance was informed that the whole story was a fabrication, that the names of the deputy returning officers were not correct, and that the total number of votes given as being both genuine and those given as fraudulent were wrong. Indeed, the reports seemed to be a tissue of falsehoods.

"Permission to inspect the returns was asked for and refused on the ground that it might ont be pleasing to all the members of the Government, and so all the executive did get was a list of

alleged officials made out by the Government employees.

"With a view of verifying matters, an effort was made to bring Parent forward to give evidence, but unfortunately, and here is the 'snap of the whip,' Parent, between the time this information was given to the Government with Parent's sworn declaration as to the truth of the information and the time we wanted him to give evidence, had been appointed immigration agent and sent to Wisconsin, though not even then could any one be found who could give his address."

And will inquire:

1. Whether William Henry Parent, the person referred to in the said telegraphic despatch has been appointed an Immigration Agent, or to any other position by the Government of Canada, or by the Government of any of the Provinces in the Dominion;

2. Whether the Government intends to appoint a Royal Commission to investigate and report upon the grave charges which have been made of ballot stuffing, and other frauds in connection with the

said Plebiscite vote, on the 29th day of September, 1899;

3. That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, all correspondence with the Government or any member thereof, relating to the subjects of the introduction of a prohibitory Liquor Law by the Government, together with all affidavits and other documents having relation to the vote cast upon the question of prohibition, on the 29th day of September, 1898, and the alleged frauds in connection therewith.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:-

Inquiry.

Tarch 21—That he will ask the Government, whether the Postmaster General has, during the past year, or at any other time, reduced any city post office to that of a town office, as was done on the plea of economy in the case of the city of Belleville, namely: the cities of Toronto, Hamilton, London, Ottawa, Windsor, Montreal, Quebec, Fredericton, St. John, Halifax, Charlottetown, and Victoria? If not, why have not those cities which the public accounts show, as set forth in a tabular statement to be found on page 211 of the official reports of the Debates of the Senate of the 14th March, 1898, cost a greater percentage of the revenue collected to perform the duties of said offices, than did that of B-lleville reduced?

For Monday, 17th April, 1899.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.: -

April 12—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, copies of all correspondence and communications bearing upon the subject of the proposed Pacific Cable between Canada and the Australian Colonies, not already laid before Parliament, together with a copy of the agreement entered into between Her Majesty's Government and the Eastern Extension Company, bearing date the 28th day of October, 1893, granting to that Company exclusive rights to land a cable in Hong Kong; also the reports of the Imperial Commission on the subjects of the laying of a submarine cable between Canada and Australia.

For Wednesday, 19th April, 1899.

By the Honourable Sir Mackenzie Bowell, K.C.M.G.:

1 March 21—That he will ask the Government, how many new post offices have been

opened since the 12th July, 1896; the names of said post offices; where situated; the names of said postmasters, and the additional number of miles which have to be travelled to serve said offices?

By the Honourable Mr. Primrose:-

2 April 13—That he will direct the attention of the Government to the numerous wrecks which have taken place, during the past year, along our coast, in many cases attributable to the want of knowledge of those in charge of the vessels, of the courses and power of the currents and tides.

And will inquire :-

1. Whether it is their intention to prosecute without delay the work of the tidal current survey along the coasts of Canada, especially

those bordering on the Atlantic Ocean?

2. Whether an amount adequate to the requirements of the thorough and efficient carrying on of this work, so important to Canadian commerce, will be embraced in the Estimates for the current year?

3. What sum was expended for this service during the last

Session, 8th Parliament, 62 Victoria, 1899

financial year?

The Honourable Sir Mackenzie Bowell called the attention of the Government to the following telegraphic despatch which was published in the "Evening Journal" on the 12th of April instant, a newspaper printed in the City of Ottawa, as follows:—

GRAVE CHARGE OF CORRUPTION.

HOW QUEBEC'S BIG VOTE AGAINST PROHIBITION IS SAID TO HAVE BEEN MADE UP—LIBERALS ARE CHARGED WITH FALSIFYING RETURNS.

(Special to the Journal.)

Toronto, April 12.—George M. Webster, vice-president of the Quebec branch of the Dominion Alliance, and a Reformer in politics, has made a statement to a press representative, strongly denouncing the Laurier Government on the question of the plebiscite. Mr. Webster's statement has caused consternation in prohibition circles. Mr. Webster stated that the taking of the vote on the plebiscite in Quebec was attended by the grossest corruption.

"Ever since the plebiscite in Quebec," said Mr. Webster, "strong and persistent rumours have reached the executive of the provincial branch as to the gross amount of fraud which occurred all through the province. This finally became so repeated and seemingly definite that the Quebec branch sent two men to investigate. Each went independent of the other, and neither knew that the other was in the field.

The first, when he came back, reported universal appearances of fraud, but was unable to lay his hand on any concrete cases. The second man was William Henry Parent, of Ottawa, a man whose father was at one time a Liberal member for Rimouski, and who himself had been employed as an election agent and general party representative of the Liberal party for years, being sent into different constituencies to organize for elections, and at other times drawing revenue from ministers or from the departments. This man reported when he returned that he had visited some thirteen constituencies.

"In every case, without a single exception, fraud was apparent and could be proven. His report showed in detail that say, in the county of Quebec at poll No. 1, parish of Beaupré, such a man was deputy returning officer, that at the day of voting 36 votes were polled and yet the next day the deputy returning officer would add from 50 to 120 votes against prohibition.

"This emissary returned from Quebec and brought a letter purporting to be written by E. Pacaud, editor of *Le Soleil*, the leading Liberal newspaper in the district, which contains a promise that the department would offer a position under the government to the emissary if he did what was required. He did what was required.

"In the case of Three Rivers a deputy returning officer did the work only on consideration that he was to be made a forest ranger. This position was promised, and

he is at the moment in the woods as ranger, drawing pay from the provincial Liberal

129

"In another case the deputy returning officer of one of the polling places, believing that the whole thing looked like a farce, as the officer was not sworn, went up to Quebec to ask for instructions as to what was meant. He there saw some of the chiefs of the Liberal party, whose names were given, and asked them what was required. They laughed and told him that if he did not know enough to know that, he had better resign his position and allow others to be appointed. This hint was enough for the gentleman, and the day after the elections he put 75 votes in against prohibition.

"These are only sample cases of what went on all over the province, particularly in

the French districts.

"In Quebec and Montreal gangs of men were driven from poll to poll, some voting as often as eight or ten times. The provincial branch, being much more anxious to benefit the temperance cause than to hurt or further any political party, submitted the evidence to a member of the Government who was supposed to represent the temperance people. He recognized the seriousness of the allegations, all of which were sworn to before a justice of the peace. As a result, the Alliance was informed that the whole story was a fabrication, that the names of the deputy returning officers were not correct, and that the total number of votes given as being both genuine and those given as fraudulent were wrong. Indeed, the reports seemed to be a tissue of falsehoods.

"Permission to inspect the returns was asked for and refused on the ground that it might not be pleasing to all the members of the Government, and so all the executive

did get was a list of alleged officials made out by the Government employees.

"With a view of verifying matters, an effort was made to bring Parent forward to give evidence, but unfortunately, and here is the 'snap of the whip,' Parent, between the time this information was given to the Government with Parent's sworn declaration as to the truth of the information and the time we wanted him to give evidence, had been appointed immigration agent and sent to Wisconsin, though not even then could any one be found who could give his address."

And inquired :-

1. Whether William Henry Parent, the person referred to in the said telegraphic despatch has been appointed an Immigration Agent, or to any other position by the Government of Canada, or by the Government of any of the Provinces in the Dominion.

2. Whether the Government intends to appoint a Royal Commission to investigate and report upon the grave charges which have been made of ballot stuffing, and other frauds in connection with the said Plebiscite vote on the 29th day of September, 1898.

Debated.

Then the Honourable Sir Mackenzie Bowell moved, seconded by the Honourable

That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the Senate, all correspondence with the Government or any member thereof, relating to the subject of the introduction of a prohibitory Liquor Law by the Government, together with all affidavits and other documents having relation to the vote cast upon the question of prohibition on the 29th day of September, 1898, and the alleged frauds in connection therewith.

After Debate.

On motion of the Honourable Mr. Scott, seconded by the Honourable Mr. Mills, it was

Ordered, That further Debate on the said motion be postponed until to-morrow.

Then, on motion of the Honourable Mr. Mills, seconded by the Honourable Mr Scott,

The Senate adjourned.

PRAYERS.

Pursuant to the Order of the Day, the following Petition was read:-

Of J. Sutherland Ross and others, of the Village of Winchester, in the County of Dundas; praying for the passing of an Act incorporating them a Company under the name of "The Russell, Dundas and Grenville Counties Railway Company."

The Honourable Mr. Bellerose, from the Standing Committee on Debates and Reporting, presented their First Report.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows:-

THE SENATE,

COMMITTEE ROOM No. 2,

WEDNESDAY, 19th April, 1899.

The Standing Committee on Debates and Reporting have the honour to make their

First Report, as follows:-

That as the cost of translating the Senate Debates into the French language under the present system of paying a sum per page was, for 1897, \$1,292.50, and for 1898 will be \$1,733.75, making for the two sessions a total of \$3,026.25, your Committee are of the opinion that it will promote economy and will also, as far as possible, keep the translation alongside of the English Reports during the session if an additional French translator was placed upon the permanent staff of the Senate, whose duty it would be to do all the translating, proof-reading, revising and attending to the printing of the translation of the Debates, he to be under the control and direction of the Clerk of the Senate, and to do such other work as he may require him to do.

Your Committee recommend that Mr. Joseph Bouchard, of Ottawa, be appointed to such position of an additional French translator, and that his salary be placed at one thousand two hundred dollars (\$1,200) per annum if he performs his work satisfactorily to your Committee, but that for the current year it be only one thousand dollars (\$1,000), and that his appointment date from the commencement of the present session.

All which is respectfully submitted.

For Friday, 23rd June, 1899.

By the Honourable Mr. Macdonald (B.C.):-

1 June 16—That he will move :-

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon Railway matters, of which the following is a summary:—

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the *policy of Canada* will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to railway communication with the Yukon District:—

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the Yukon build its own railways.'"

NOTICES OF MOTIONS.

For Friday, 23rd June, 1899.

By the Honourable Mr. Macdonald (B.C.):-

1 June 16—That he will move:—

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon Railway matters, of which the following is a summary:—

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the *policy of Canada* will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to railway communication with the Yukon District:—

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and

prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the

Yukon build its own railways."

For Monday, 26th June, 1899.

By the Honourable Mr. Ferguson:-

1 June 8—That he will call the attention of the Government to the necessity for the annual compilation and distribution of agricultural statistics.

NOTICES OF MOTIONS.

For Monday, 26th June, 1899.

By the Honourable Mr. Ferguson:-

1 June 8—That he will call the attention of the Government to the necessity for the annual compilation and distribution of agricultural statistics.

For Tuesday, 27th June, 1899.

By the Honourable Mr. Macdonald (B.C.):—

¹ June 16—That he will move:

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon

Railway matters, of which the following is a summary:

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the policy of Canada will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to

railway communication with the Yukon District :--

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and

rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and

prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the Yukon build its own railways.'"

NOTICES OF MOTIONS.

For Monday, 3rd July, 1899.

By the Honourable Mr. Ferguson :-

1 June 8—That he will call the attention of the Government to the necessity for the annual compilation and distribution of agricultural statistics.

By the Honourable Mr. Macdonald (B.C.):—

2 June 16—That he will move:-

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon

Railway matters, of which the following is a summary:-

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the policy of Canada will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to

railway communication with the Yukon District:-

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the Yukon build its own railways.'"

The Honourable Mr. Baker, from the Standing Committee on Railways, Telegraphs and Harbours, to whom was referred the Bill (42) intituled: "An Act respecting the Portage du Fort and Bristol Branch Railway Company," presented their Report.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows:-

THE SENATE,

COMMITTEE ROOM No. 8, WEDNESDAY, 28th June, 1899.

The Standing Committee on Railways, Telegraphs and Harbours, to whom was referred the Bill (No. 42 from the House of Commons) intituled: "An Act respecting the Portage du Fort and Bristol Branch Railway Company," have, in obedience to the Order of Reference of Friday, the sixteenth of June instant, examined the said Bill, and now beg leave to report that the preamble of the said Bill has not been proved to their satisfaction.

The grounds on which Your Committee have arrived at such decision are, that if the said Company's line, the construction of which was authorized by Acts of the Province of Quebec, but has not been begun, were extended as proposed by the Bill, it would be parallel to that portion of the Pontiac Pacific Junction Railway Company's line which has already been constructed and at but a short distance therefrom, and would therefore compete unduly therewith.

All which is respectfully submitted.

GEORGE B. BAKER, Chairman.

On motion of the Honourable Mr. Vidal, seconded by the Honourable Mr. Power,

Ordered, That the said Report be taken into consideration by the Senate on Monday next.

The Honourable Mr. Baker, from the Standing Committee on Railways, Telegraphs and Harbours, to whom was referred the Bill (121) intituled: "An Act respecting the Ontario and Rainy River Railway Company," reported that they had gone through the said Bill, and had directed him to report the same with several amendments, which he was ready to submit whenever the House would be pleased to receive them.

Ordered, That the Report be now received, and

The said amendments were then read by the Clerk, as follow:—

1. In the event of the company or any company in which it may become amalgamated, acquiring the railway, it shall maintain within one mile of the intersection of Arthur street with Court street, in the town of Port Arthur, such stations and other buildings as may be necessary and sufficient for the traffic of the district of Thunder Bay, and the said town shall be a divisional terminal point of the railway and all regular passenger trains shall arrive and depart from the said station, and the company shall also maintain in said town such workshops as may be necessary and sufficient for the divisions terminating in said town.

2. Any company in which the company may become amalgamated shall be bound by and entitled to all the benefits of and rights under the agreement dated 15th May, 1897, made between the company and the corporation of the said town, respecting the company's terminals at Port Arthur, and the municipal taxation of the company there.

3. Nothing in the said agreement shall prevent any company from extending the

railway eastwards from Port Arthur if authorized so to do.

4. In the event of the company or amalgamated company exercising rights of running powers over the Port Arthur, Duluth and Western Railway, and making use of the terminals of that railway in Port Arthur, such use shall be deemed a compliance with the terms of the said agreement respecting the company's terminals in Port Arthur.

5. The provisions of this section shall not come into force unless and until the corporation of the town of Port Arthur assents thereto and duly agrees under its corporate seal with the Company or amalgamated company to be bound thereby.

Clause A.

"The company may enter into an agreement with the Canadian Northern Railway Company, or with the company which may be formed by an amalgamation between that company and the Manitoba and South-Eastern Railway Company, for an amalgamation with such company, on such terms and conditions as are agreed upon, and subject to such restrictions as to the directors seem fit; provided that such agreement has been first approved by two-thirds of the votes at a special general meeting of the shareholders duly called for the purpose of considering it, at which meeting shareholders representing at least two-thirds in value of the stock are present or represented by proxy, and that such agreement has also received the sanction of the Governor in Council.

"2. Unless the said agreement has been approved by every shareholder in each company party thereto, the sanction of the Governor in Council shall not be signified until after notice of the proposed application therefor has been published in the manner and for the time set forth in section 239 of *The Railway Act*, and also for a like period in one newspaper in each of the counties through which the railway of the company runs

and in which a newspaper is published.

"3. A duplicate of the agreement referred to in subsection 1 of this section, duly ratified and approved, shall within thirty days after its execution, be filed in the office of the Secretary of State of Canada, and notice thereof shall be given by the company in the Janada Gazette, and thereupon such amalgamation shall be deemed to be complete and operative according to the terms of the said agreement, and the production of the Canada Gazette containing such notice shall be prima facie evidence of the requirements of this Act having been complied with."

Clause B.

"The company shall not, nor shall any company in which it may become amalgamated, nor shall any of the branch lines thereof, or any line of railway leased by the company or amalgamated company or under its control, be at any time amalgamated with the Canadian Pacific Railway Company, or any of its branch lines, or with any branch lines leased by the Canadian Pacific Railway Company or under its control; and such amalgamation and any arrangement for making a common fund or pooling the earnings or receipts of the said two railways or their or any of their branch lines, or of any railway lines or parts thereof leased by the said companies, or either of them, shall be absolutely void; this provision, however, shall not extend to traffic or running arrangements made with the assent of the Governor in Council."

NOTICES OF MOTIONS.

For Monday, 3rd July, 1899.

By the Honourable Mr. Ferguson: -

1 June 8—That he will call the attention of the Government to the necessity for the annual compilation and distribution of agricultural statistics.

By the Honourable Mr. Macdonald (B.C.):—

2 June 16—That he will move:

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon

Railway matters, of which the following is a summary:—

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the policy of Canada will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and

prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the

Yukon build its own railways."

11. Were any deductions made to the Intercolonial Railway by the said Galena Oil Company on contra account or any other cause?

NOTICES OF MOTIONS.

For Wednesday, 5th July, 1899.

By the Honourable Mr. Ferguson :-

1 June 8—That he will call the attention of the Government to the necessity for the annual compilation and distribution of agricultural statistics.

By the Honourable Mr. Macdonald (B.C.):—

2 June 16—That he will move:—

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon Railway matters, of which the following is a summary:—

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the *policy of Canada* will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to railway communication with the Yukon District:—

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications.

for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and

other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the

Yukon build its own railways."

By the Honourable Mr. Ferguson:-

3 June 29—That he will inquire:—

7. Was such contract the result of a public advertisement for

tenders?

8. Were samples furnished by the said Galena Oil Company?

If so, what were the analyst's reports on them?

9. What was the cost per gallon of lubricating oil supplied to the Intercolonial Railway for each of the years 1895, 1896, 1897 and 1898?

11. Were any deductions made to the Intercolonial Railway by the said Galena Oil Company on contra account or any other cause? 12. Were new tenders called for, for the supply of oils since the

first contract was made with the said Galena Oil Company?

13. Is the contract with the Galena Oil Company aforesaid on a mileage basis, with a guarantee of a reduction of 10 per cent on

the previous cost of lubricating the Intercolonial Railway?

14. Was a similar offer with the same guarantee made by John

By the Honourable Mr. Macdonald (B.C.):—

3 June 16—That he will move:

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon Railway matters, of which the following is a summary:—

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the *policy of Canada* will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to railway communication with the Yukon District:—

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the Yukon build its own railways.'"

For Monday, 10th July, 1899.

By the Honourable Mr. Power: -

July 5—That an humble Address be presented to His Excellency the Governor General; praying that His Excellency will cause to be laid before the

By the Honourable Mr. Mills :-

2 July 6—That when the House is in Committee of the Whole on the (Bill 138) "An Act to confirm an agreement entered into by Her Majesty with the Grand Trunk Railway Company of Canada, for the purpose of securing the extension of the Intercolonial Railway system to the city of Montreal," he will move the following amendment thereto:—

3 June 16—That he will move:—

Resolved, That this House desires to express its approval of the declaration of policy contained in a portion of the speech of the Right Honourable the Premier of the 9th June, relative to Yukon Railway matters, of which the following is a summary:—

"Should it be decided in the future that the Lynn Canal does not belong to Canada, the *policy of Canada* will be to gain access to the Yukon, not by the Lynn Canal, but by building railways down to what are indisputably Canadian waters, to Observatory Inlet, through the Cassiar, Atlin and Yukon districts."

That this House desires to reaffirm the following portions of the resolutions unanimously adopted by it during last Session relative to reillurar companient in with the Valent District.

railway communication with the Yukon District:—

"Resolved, That it is desirable and necessary that an all-Canadian railway route from the Pacific coast to the Yukon District should be opened up without delay, in order to secure to the Dominion as much of the trade of that district as possible, giving continuous communication, cheap and safe transportation to passenger, food supplies, and other necessary articles of commerce, and safe and rapid conveyance of mails and bullion.

"That keeping in view the economical administration of that district, compatible with every possible encouragement to miners and the mining industry, there are good reasons, from present indications, for expecting that the revenues of the Yukon District will be sufficient to defray the cost of establishing railway communication and other legitimate charges.

"That it is desirable that the mineral lands of that district should be reserved for the general public, and for revenue purposes, for on wise and judicious administration depends the progress and prosperity of the district.

"That the alternate blocks of mineral land reserved under Government regulations in the richest known portions of the Yukon District, places at the disposal of the Government property which can be readily converted into money and made available in the prosecution and development of necessary public works in that district.

"That with such valuable resources, together with a large annual revenue, the Yukon District can easily meet the cry, 'Let the Yukon build its own railways.'"

Eighteenth Report.

Your Committee have had under their consideration the Bill (No. 157) from the House of Commons, intituled: "An Act respecting the Manitoba and South-Eastern Railway Company," which was referred to them under the Fifty-ninth Rule of the Senate, and find that the notices required by the Forty-ninth and Fiftieth Rules have been duly complied with. Satisfactory reasons were given to Your Committee why no Petition had been presented to the Senate in this case, and they therefore recommend the suspension of the Fifty-second, Fifty-third and Fifty-fourth Rules in so far as they relate to the said Bill, as it will be competent for the Committee, to whom the Bill shall be referred to provide that no injury to any party shall arise therefrom.

All which is respectfully submitted.

On motion of the Honourable Mr. Dobson, seconded by the Honourable Mr.

Clemow, it was

Nineteenth Report.

Your Committee have had under their consideration the Bill (No. 139), from the House of Commons, intituled: "An Act respecting the Nova Scotia Steel Company, Limited, which was referred to them under the Fifty-ninth Rule of the Senate, and find that no notices have been published, but as it was shown to Your Committee that the necessity for the proposed legislation was only discovered too late to give the necessary advertisement, Your Committee recommend the suspension of the Forty-ninth, Fiftieth, Fifty-third and Fifty-fourth Rules, as it will be competent for the Committee to whom the Bill shall be referred to provide that no injury to any party shall arise therefrom.

(c.) A copy of the new agreement to be deposited in the office of the Secretary of State, after which such new agreement shall be always held to be a part of and embodied in the main agreement.

The Honourable Mr. Poirier, from the said Committee, reported that they had gone through the said Bill, and had directed him to report the same to the House further amended so as to read as follows:—

Whereas on the part of some money-lenders a practice has obtained of charging exorbitant rates of interest to needy or ignorant borrowers, and whereas it is in the public interest that the transactions of money-lenders should be controlled by limiting their rates of interest: Her Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows:—

1. This Act may be cited as The Usury Act, 1899.

2. The expression "money-lender" in this Act shall include any person who carries on the business of money-lending, or advertises, or announces himself, or holds himself out in any way, as carrying on that business, and who makes a practice of lending money at a higher rate than ten per cent per annum, but does not comprise registered pawnbrokers as such.

3. Notwithstanding the provisions of chapter 127 of the Revised Statutes, no money-lender shall stipulate for, allow or exact on any negotiable instrument, contract or agreement the principal of which is under five hundred dollars, a rate of interest or discount greater than twenty per cent per annum; and the said rate of interest shall be reduced to the rate of ten per cent per annum from the date of judgment in any suit,

action or other proceeding for the recovery of the amount due.

- 4. In any suit, action or other proceeding concerning a loan of money by a money-lender the principal of which was originally under five hundred dollars, wherein it is alleged that the amount of interest paid or claimed exceeds the rate of twenty per cent per annum, including the charges for discount, commission, expenses, inquiries, fines, bonus, renewals or any other charges, but not including taxable conveyancing charges, the court may re-open the transaction and take an account between the parties, and may, notwithstanding any statement or settlement of account, or any contract purporting to close previous dealings and create a new obligation, re-open any account already taken between the parties and relieve the person under obligation to pay from payment of any sum in excess of the said rate of interest; and if such excess has been paid, or allowed in account, by the debtor, may order the creditor to repay it; and may set aside, either wholly or in part, or revise or alter, any security given in respect of the transaction.
- 5. The bona fide holder, before maturity, of a negotiable instrument discounted by a preceding holder at a rate of interest exceeding that authorized by this Act, may nevertheless recover the amount thereof, but the party discharging such instrument may reclaim from the money-lender any amount paid thereon for interest or discount in excess of the amount allowed by this Act.
- 6. The principal of any sum of money, as expressed by section 4 of this Act, due and payable before the date of the passing of this Act in virtue of any negotiable instrument given to a money-lender or of any contract or agreement entered into with such money-lender in respect of money lent by him, shall not, from and after the said date, bear a rate of interest greater than twenty per cent per annum; and from and after the said date no rate of interest greater than ten per cent per annum shall be recovered upon any judgment, rendered before the said date, upon any such negotiable instrument, contract or agreement for the payment of money lent by a money-lender and which allows a greater rate than ten per cent per annum.

7. In the case of any such negotiable instruments maturing after the date of the passing of this Act, and in the case of any such contracts and agreements to be performed after the said date, the foregoing provisions of this Act shall apply only from the

date of maturity or performance as the case may be.

8. Nothing in this Act shall operate to increase the rate of interest that may be recovered in any case where by law the rate is fixed at less than twenty per cent per annum.

9. Every money-lender is guilty of an indictable offence and liable to imprisonment for a term not exceeding one year, or to a penalty not exceeding one thousand dollars, who lends money at a rate of interest greater than that authorized by this Act.

10. This Act shall not apply to the Yukon Territory.
