Advices People to Vote for Bylaw—Promises Splendid Service.

Special to The Toronto World. Guelph, Ont., Dec. 4.—The giving over to the Hydro-Electric power of the absolute control of the streets of the city of Guelph for the purpose of conducting the street railway as an integral part of the Hydro radial system in the Hamilton-Galt-Kitchener-Elmira district was the principal matter discussed at a public meeting held at Griffin's Opera House tonight by Sir Adam Beck, chairman of the Hydro-Electric Power Commission, and Engineer Gaby.

QUINN ARRESTED ON MEXICAN CHARGES

Police Expected Gun Trouble and Raided House in Force.

For committing a number of crimes which ranged as far back as 1915 to this month, Thomas Quinn and his wife of McCaul street were arrested by the police yesterday. The last crimes, according to the police, happened a short time ago when Quinn and his wife rented a fully furnished house from a Mr. Marshall, Gifford street. The house was a ten-room one and it is claimed that after the Quinns had been living in the house for a short while they moved, taking everything in the shape of household cleaning with them.

WILL INTERVIEW WILSON ON MEXICAN EMBROGGLIO

Senate Foreign Relations Committee Will Put It Up to President—Democrats Doubt Wisdom of Precipitate Action at This Time.

Washington, Dec. 4.—Steps to obtain a personal interview with President Wilson before framing a senate policy in relations with Mexico were decided on today by the foreign relations committee. The decision was made after Secretary Lansing had appeared before the committee, and it was said by members, had disclosed that, because of the president's illness, he had not been consulted by the state department in his handling of the recent developments which have brought relations between the two governments to a serious stage.

TOO MUCH REGARD SHOWN CRIMINALS

Hamilton Jury Bring in Verdict Regarding Murder of Jail Guards. Hamilton, Dec. 4.—"We find that Albert Case Springfield was murdered in the Hamilton Jail on the evening of Nov. 29 by Paul Kowalski. We are of the opinion that too much consideration is shown criminals in the jail, and not enough to the guards. We recommend that one guard, at least, be armed and kept on the outside of the gate; that no benches be allowed in the corridor, except such as are securely fastened to the wall, and that all windows be screened by strong wire netting on the inside."

CZECHO-SLOVAK DIVISIONS SENT TO THE HUNGARIAN FRONTIER

Vienna, Dec. 4.—Twenty-one Czecho-Slovak divisions have been ordered to the Vienna frontier, according to the Vienna newspapers today. Six regiments have already left for the border, the newspaper said.

ALLIES PREPARING FOR WILHELM'S TRIAL

British Attorney-General Says There Has Been No Wavering or Dissension. London, Dec. 4.—Speaking at Portcullis, Wales, today, Sir Gordon Hewart, attorney-general, said the suggestion was not true that there were any dissensions or wavering with reference to the trial of the former emperor Wilhem of Germany. The law officers, he added, were continuing most careful preparations for it.

CRERAR WELL AGAIN

Winnipeg, Dec. 4.—Hon. T. A. Crerar, president of the United Grain Growers, who has been confined to his bed by a severe attack of influenza, has today recovered and is back at his desk. Mr. Crerar expects to leave for the east next week.

THE BRUISERS OF ENGLAND!

Things must be getting normal again in England when prize-fighting for the championship is resumed, as it was yesterday. Say what you like about the P. R. the fighting spirit that marked it beat the Germans in the late war. All the science of the Hun went down before that other "science," that of "the bruisers."

FULLEST PRODUCTION AND GENERAL THRIFT

Sir Henry Drayton Tells Life Insurance Presidents They Are Essential to Reconstruction.

New York, Dec. 4.—Addressing the thirteenth annual convention of the Association of Life Insurance Presidents, Sir Henry Drayton, minister of finance for Canada, spoke of reconstruction problems. "The great underlying principle of reconstruction as it appears to us generally," he said, "is that reconstruction which will make for a better and improved state of society as such a reconstruction which, while preserving the right of initiative and proper incentive for effort, will at the same time to the fullest extent possible afford equality of opportunity for everybody."

Sir Henry urged the fullest production, the greatest amount of useful work and the practice of economy and thrift everywhere. Referring to trade between Canada and the United States Sir Henry said that during the fiscal year ending March 31, 1913, Canadian imports from the United States amounted to 55.55 per cent. of the whole. But during the fiscal year ending March 31, 1919, the percentage had grown to 81.50. On the other hand, the percentage of purchases made by the United States in Canada, in comparison with total Canadian exports, not only has not increased in a like ratio, but had declined, as the percentage of Canadian exports to the United States in comparison with total Canadian exports for the year ending March 31, 1913, was 39.07, and for the year ending March 31, 1919, only amounted to 27.65.

"The problems of the North American continent," Sir Henry concluded, "will have to be worked out by our respective countries and to an ever-increasing degree the problems of the world will be solved by your great republic and the confederated nations of the British Empire. With a history, with love, interests, traditions and aspirations so largely common, the essential combined efforts for civilization and humanity ought to be, and I am confident will be, harmonious and effective."

No Apprehension by Ottawa Over Alberta Coal Situation

Ottawa, Dec. 4.—There is no apprehension felt in the labor department here as to the coal situation in Alberta. Senator Robertson, minister of labor, stated that the department was in constant touch with conditions in district 16, and that the reports re-

ceived were satisfactory. Production in this area is greater than during the same period a year ago, and there is no reason to fear labor troubles. The minister appeared to think that any requests for government action to make strikes in the district impossible were premature, in view of the satisfactory situation at present prevailing.

Meeting of Galt Citizens Decides Y.W.C.A. is Needed
Galt, Ont., Dec. 4.—(Special)—At an enthusiastic meeting held tonight at the city hall of prominent men and women it was decided to conduct a campaign to raise funds to provide Galt with a Y. W. C. A., it being con-

sidered that such an institution was necessary in view of the large number of women help employed here. Committees were appointed to make a canvass and a meeting will be held later to take further action.

PRINCIPAL MUNRO TO BE RETAINED

Board of Education Show Their Approval of Stand Taken.

Last night the regular meeting of the board of education was held in their administrative building on College street, and resulted in several decisions that had been hanging fire being settled. A worthy Waterloo was staged for a few moments when Trustees Hunter and Bell disagreed upon the appointment of supervisors in the physical culture training.

The question of the stand of Principal Munro was the tid-bit of the evening. At present there is an appeal before Sir William Meredith to stop payment of Mr. Munro's salary from the finances of the school board, and also to remove him from office. Trustee Boland moved to effect that Mr. Munro be retained in his position, and the motion was carried, although Trustee McClelland stated that the confirmation as moved by Trustee Boland was illegal.

With regard to the sending of members of the board as delegates to various cities to inquire into the educational system in vogue there, Dr. Noble criticized quite severely the members who alluded to these trips as "joy rides." He moved that the recent delegates who had visited St. Catharines be the ones sent to Ottawa on Jan. 6, and that their expenses be paid. Trustee Boland nearly spoiled the speaker's effect by whispering quite audibly that he moved the whole board be sent. The motion was at length adopted.

Dr. C. A. Brown introduced a representative of the Canadian Jewish Congress, who requested that the board allow all the Jewish children to have next Tuesday afternoon off to assist in a memorial campaign that the Jewish Council is holding to protest against the outrages committed upon the Jews in Russia.

Admission of Mrs. Groves, seconded by Trustee McClelland, to the effect that the teachers who lost time due to vaccination be granted their salary was passed.

The motion of Dr. Brown, as to setting aside \$130,000 for the purpose of relieving Dewson Street School, was referred to the management committee, as were also several other motions concerning proposed school alterations.

Major Blaney Appointed.

After lengthy and at times hot discussion the appointments of Majors Blaney and Waring as assistant supervisors of drill were approved of.

The other clause referring to art supervisors and supervisors of physical training for the girls were sent to the management committee.

Before these last two clauses were decided Trustees Bell and Noble deviated the proceedings with a series of

FORESTERS HOLD BUMPER CONCERT

Nearly Two Thousand Turned Away From Massey Hall.

ORPHANAGE BENEFITS Children Made Richer by Subscription of Five Hundred and Forty Dollars.

Four thousand of an audience within and according to one of the speakers another two outside who would like to have been in was the size of the gathering at Massey Hall last night. The occasion was a grand, complimentary concert of the Foresters of the Toronto hospital board of the order, and a large assembly of prominent Canadians on the platform and addresses by leading Foresters made the evening an outstanding occasion in the history of the order.

In the early part of the evening His Worship Mayor Massey, in a brief speech complimented the Foresters on the development of their organization and on their businesslike methods which had conferred benefits on many homes. The children on the platform said the mayor, showed the men before him how their children would be treated if the need arose for their being cared for outside their own homes. His worship also referred to the large number of the order who had been overseas and to the amount of money contributed for noble work for the sick and suffering. The speaker expressed himself as proud of what the order had done for the war and to help returned soldiers and for the manner in which the lodges had looked after the dependents of those who had gone overseas. As the mayor retired the chair was taken by F. Darch.

The "Battle of Stirling," sung with fine spirit by Charles H. Leslie, was the opening musical number. Patriotic airs together with the melodies of Old England, Bonnie Scotland and the Emerald Isle followed. The numbers of the children from the Orphanage were a special feature, their singing of "Canada, the Land for Me," to the accompaniment of waving flags, being a spectacular feature. Others who took part were the Misses Lina Craine, Myrtle Brown, Marjorie Wilson, Barbara Foster, Martha Hogz and Messrs. Harold Jarvis, William Moore, Albert David, Donald C. MacGregor, John Dewiler and Harvey Lloyd, the popular comedian. The children's chorus was under the baton of E. R. Bowles, and amongst the 50 boys and girls present there were representatives from all parts of the Dominion, from

KOLCHAK' MINISTRY DECLARES POLICY

Fight Against Excesses, No Matter What Party is Guilty of Them.

Irkutsk, Siberia, Dec. 4.—The newly constituted all-Russian ministry under the head of Premier Pelelayev, has issued the following declaration of policy:

1. The supreme authority is represented by the cabinet of ministers invited by Prime Minister V. Pelelayev and appointed by Admiral Kolchak.
2. The emancipation of the civil administration from the political influence of the military leaders.
3. Decisive struggle against excesses and injustices, no matter what party or faction commits them.
4. The extension of competency of the future congress of Zemstvos and municipalities.
5. Close relation between the government and the people, co-operation with all healthy elements of the opposition.
6. Close and friendly relations with the Czecho-Slovaks.
7. Strong support of the volunteer movement.
8. Radical measures against the shortage of supplies for the army.
9. Further reduction of the ministerial staff.

The entire program, says the announcement, is based on the principle of a decisive struggle against Bolshevism for the regeneration of free Russia.

The new cabinet has decided to increase the number of elected representatives of the peasantry, coossacks and various other organizations in the Russian government, a proposal to exclude from the congress all members appointed by the government.

Major-General Jules Janin, commander-in-chief of the Czecho-Slovak forces in Siberia, has arrived here for a conference with the representatives of the allied armies.

Vancouver to Halifax, all now making their home in the Foresters' Orphanage, Oakville, under the superintendence of Mr. J. C. Morgan, affectionately known as Daddy Morgan.

In Toronto Hospitals.

The supreme chief ranger, W. H. Hunter, said that the hospital board of the Toronto courts of the Independent Order of Foresters, composed of representatives from the courts, looked after the welfare of members of the order, whether belonging to Toronto or not, in hospitals in Toronto. During the year three hundred and sixty-six members of the order were in Toronto hospitals and the visiting brethren of the board made thirteen hundred and sixty-three visits to such sick, bringing delicacies and comforts and making gifts of money where needed or advances to tide such members over until they were able to make claim for their sick benefits. These three hundred and sixty-five were in civil hospitals, and in addition about fifty of the returned soldier members of the order were in military hospitals.

The Foresters' hospital board kept in constant touch with our returned soldier members and hospitals, and helped them in every way. This work was purely voluntary and was an outcome of the spirit of fraternity in the order, and the work of the order is just like that of the order and the orphans of members of the order and in the sanitariums of the order. It was a matter of contract, but of fraternity. In these days of extreme self-seeking and individualism, fraternity with its lessons of duty to one's fellowmen was helpful to the community.

It was an encouraging sign of the times that the membership of the order was increasing; that so far this year some seventeen thousand applications to join the order had been received, and that new insurances of a million and a half per month were being granted to members.

That the large audience present showed confidence in anything the order might present was the statement of the assistant chief, George A. Mitchell, and when they saw before them the boys and girls representing the order from coast to coast it showed the influence which their order had throughout the Dominion. Because of the difficulty of admitting all who would like to have been present, Mr. Mitchell said that next year the concert would be held either in the armories or in the Arena. The speaker concluded by making an appeal for funds. They had, he said, promised the children from the orphanage that they would get five hundred dollars, a collection taken up at the close of Mr. Mitchell's address amounted to \$546. The band of the 48th Highlanders under the leadership of Bandmaster Slater contributed some stirring selections.

On the Platform

Among those on the platform were: His Worship, Mayor T. L. Church, chairman; Hon. H. C. Nixon, prov. secretary; Hon. Peter Smith, prov. treasurer; Hon. R. H. Grant, minister of education; Hon. Harry Mills, minister of mines; Hon. F. C. Biggs, minister of public works; J. R. Starr, Theost. Foster, M.P., Harry Smalpeice, Dr. R. F. Niddrie, Clarence Bell, W. J. Fisher, Commissioner Harris, F.

Safe as the Bank of England

NEVER has a policyholder suffered loss through the failure of a regular life assurance company operating under charter from the Dominion of Canada. Can as much be said of any other class of business?

The soundness of each Canadian life company is rigorously tested, and the renewal of its license each year depends upon the result of an examination into its affairs by inspectors from the Government Insurance Department. Where else are trust funds so carefully guarded?

To guarantee the fulfilment of policy contracts, the Dominion Government has fixed a minimum standard of reserves to which every company is obliged to conform. The Imperial Life maintains reserves greatly in excess of the Government standard.

Every regular life assurance company in Canada must at all times provide security of an amount at least equal to its liabilities to policyholders. The Imperial Life provides security of more than \$140 for every \$100 of liability to its policyholders.

A deposit is required to be made with the Receiver-General by each regular life assurance company doing business in Canada. The Government deposit maintained by The Imperial Life is more than four times the amount required by law.

Just write your name and address on the coupon below and mail it to us. Then we'll send you a free copy of our booklet, "A Few Facts." This outlines many distinguishing features of The Imperial Life—features which ensure absolute security and liberal profits for Imperial policyholders.

Always Used by Royalty

The booklet referred to by the Prince in the letter tells the story of the visit of King George and Queen Mary (then Duke and Duchess of York) to Canada, when by Royal train they travelled the Dominion from ocean to ocean. In the booklet is a picture of the reception room of the Royal train, showing the Heintzman & Co. Piano used exclusively by the Royal party.

A copy of this booklet, beautifully illustrated, will be sent free to anyone naming this issue of The Toronto World.

His Majesty King George V., when visiting Canada as Prince of Wales; Their Excellencies the Duke and Duchess of Connaught and Their Excellencies the Duke and Duchess of Devonshire, have all favored the Heintzman & Co. Piano and have thus established and enhanced the Heintzman & Co.'s claim to "The World's Best Piano"—a popular favor not only in Canada, but throughout Great Britain, Australia, New Zealand and South Africa.

THEATRE MANAGERS USING SCREENINGS

Large Business Offices Begin to Use Substitutes for Coal.

There is every possibility of Ontario having to face an unprecedented, serious industrial crisis within a month if the strike of the bituminous miners is not settled within that time, which at present seems unlikely. It is understood, from information received in Toronto from Seranton yesterday, that the operators are about to authorize a request Fuel Administrator Garfield to pass on to the miners an offer of a 20 per cent. increase, but it is expected that the workers will refuse this also, and financially they are in a position to hold out indefinitely.

The one possibility of a settlement being arrived at shortly is in the event of the United States declaring war on Mexico, which would restore wartime measures to force again on the miners would be compelled to return to work at the 14 per cent. increase.

Coal Arrived

Not one of the 150 cars of coal, the daily quota under the arrangements made by the fuel commissioner, has arrived in Canada as yet. Some manufacturers are already up against it; others are in better position and have enough to "get along" with. Some of the civic departments are hard pressed, that the workers will refuse a process of gradual closing down. Theatre managers report that they are using "screenings" and "buck-o'-wheat" as a makeshift against the winter, are hard pressed and are using coke and screenings, where possible.

A. H. Harrington, fuel controller for Ontario, has a stock of soft coal on hand, but this will only be used for desperate cases. The hospitals and public utilities must come first. Mr. Harrington warns the province that every possible conservation is necessary, and has praised Ontario manufacturers for the manner in which they are accepting the shortage. Several large office buildings, that have been keeping the home fires burning with various substitutes. Florists, who use a large quantity of coal in the winter, are hard pressed and are using coke and screenings, where possible.

INTERVIEWS WILSON ON MEXICAN AFFAIR

to have based their argument on a statement to the committee by Secretary Lansing, who was said to have declared the administration was carrying out a well-defined policy of dealing more vigorously with Mexico, and to have questioned the wisdom of any precipitate action at this time.

The decision to take a more decisive attitude against invasion of American rights in the southern republic, Mr. Lansing was quoted as saying, was reached some months ago and now was about to develop whether the Carranza regime would accept or disregard it. He was said to have added that the administration was prepared to go to whatever length was necessary to enforce that policy.

During the day Henry P. Fletcher, American ambassador to Mexico, also went before the committee and was said to have covered many of the same points as did the secretary in reply to questions about the attitude of the state department. For some weeks he has been stationed here and has assisted in the diplomatic correspondence now in progress regarding the case of William O. Jenkins, the American consular agent, under arrest at Puebla.

Reply From Carranza Awaited

A reply now is awaited from Carranza to the latest American note requesting in sharp tones that Jenkins be released, and advices reaching here today indicated that a commission might be asked for by the Mexican president to settle the dispute. It was said Mr. Lansing did not indicate what course his government might take should the reply prove unsatisfactory, but was very emphatic in his declaration that the United States was ready to shoulder any consequences which might result from its demands for protection of American rights.

MAYOR CHURCH IN C. N. R. CAMPAIGN

people have a great opportunity. Of course, they can't make any fight of their own about the headquarters' location, but they are interested in wiping out the yearly deficit on their lines, and should know how to use their chances to turn popular sentiment their way and increase traffic accordingly.

"But the immediate thing for the people to do is to make sure that the headquarters don't go to Montreal merely because the Grand Trunk chief offices happen to be there. In the National system the Grand Trunk will be the minor section. Having got rid of the Grand Trunk Pacific—which is now being run by the government as receiver—the Grand Trunk, as a Canadian enterprise, is an Ontario and Quebec railway, with three times as much mileage in Ontario as in Quebec. For the country as a whole Toronto is the best business centre. Its importance in transportation will be immensely increased with the completion of the harbor and the radial expansion.

"Hugh Blair's Good Will to Ontario this fight must be made and won, and I'm sure the Hydro municipalities will be with us from the drop of the hat. So will the provincial government, as it was when the effort was made to get the Grand Trunk here over twenty years ago. I was very glad this morning to see The World's interview with Mr. Hugh Blair. He has worked harder than any other citizen for fair play in transportation to Toronto. When he tells how the city, the board of trade and the provincial government joined together to bring the Grand Trunk here, he makes it clear how our forces have been strengthened by the development of the Hydro as the biggest public ownership organization in the world.

"Everybody must get together on this, and instead of being satisfied with being told that we shouldn't lose the C.N.R. without hearing about the decision before it is finally made, we must bring about the decision in the right way, and without loss of time. Next month, or during February, at latest, the campaign should be over and the victory won."

The question will be dealt with by the board of trade council next Tuesday.

MUNRO TO STICK WITH THE JUNIORS

Will Be With U.T.S. Again—Hockey Season Opens Tomorrow.

Both Dentals and Parkdale, who will meet in the opening game of the season here tomorrow night, were out in full force at the arena last evening. The former will undoubtedly go into the game favorites to win, but the west enders promise them a stiff battle. With Schumacher and Muston, two of the best backcheckers in the O.H.A., on the Parkdale front line, Box and his speedsters will find it no easy task to run up a score.

The game is the first of the P. A. series for the Navy League of Canada and is attracting a whole lot of attention.

Stephenson, the latest Dental recruit, is sure to make a difference on their attack. Last season, everything considered, they were weak in this department, but with Sheldon and the former T. R. & A. A. star to do the shooting, a change for the better is anticipated. Dental supporters claim that this year's team is the best they ever had and many local followers of the game agree with them.

Much depends upon the work of the Parkdale defence. With Collett in goal and Woodcock and Batstone or Westman in front of him, Commodore Jenner's crew look strong. Collett has long been regarded as one of the best goalkeepers in the O.H.A. He is cool under fire and a pastmaster at steadying his defence players, when they show signs of wavering.

Reserved seat tickets are now on sale at the arena. Arrangements have been made whereby the Parkdale members may secure their pastboards at the club house. Lawson Whitehead has been selected to officiate.

With the opening of the S.P.A. series at hand the hockey teams are paying attention to getting their squads down to team play. The wedding out process is in full swing and next week should see all the clubs with a fair notion of just who will sport their colors this winter. Parkdale held a lively workout yesterday. They sent the forwards in on Woodcock and Batstone with a will and the work did a lot of good to perfect plays to stop the fast Dents.

Frank Carroll has twenty-four men picked out of the Varsity candidates—a dozen from each of the schools. The end of this lot Frank expects to round out two good teams to carry the battle for the blue and white.

Carpentier Swung Right to Jaw And Knocked Beckett Cleanly Out Winner Had Better of the Short Battle, the Loser Being Slow and Nervous During the Seventy-Four Seconds.

Holborn, Stadium Ringside, London, Dec. 4.—Georges Carpentier, the French champion, knocked out Joe Beckett, champion of England, tonight, in a brief and decidedly one-sided fight for the seventy-four seconds, as announced by the official timer, situated to decide whether Carpentier or Beckett should meet Jack Dempsey, the American heavyweight, for the championship of the world in June next. From the moment the referee, B. J. Angie, called time, Carpentier had the better of the fight. He was faster, more powerful, and more accurate than his opponent. Beckett, who had a chance of hitting the agile Frenchman, who knows how to box, with enormous strength whenever he felt inclined.

Amid absolute stillness most of the spectators could hear the terrific crack of the swing that put Beckett to sleep. There was a roar of cheering as Carpentier assisted Beckett to his corner, where the Englishman opened his astonished eyes and saw his opponent being carried on the shoulders of some of the enthusiasts around the ring.

The contest, which presented a notable difference in appearance when they stepped in and were introduced—Beckett portly and muscular, Carpentier sleek and slight figure. Carpentier looked about him as the accustomed to his surroundings. Beckett seemed somewhat nervous.

The Prince of Wales, peers and poeases, members of the house of commons, high officials of state, and many women, most of them in evening dress, looked the fighters over critically as they squared up.

As a fight the contest was not spectacular. Carpentier was fast on his feet, dancing in and out and playing havoc with the Englishman from the first lunge. With lightning swiftness Carpentier's left stepped out and caught Beckett in the face and a suppressed sigh was audible all over the house. A quick breakaway followed a short clinch and the Frenchman landed two more hard lefts.

Beckett, with a sort of bulldog determination, forced Carpentier almost to the ropes. But this was a diversion for a moment only, for the Frenchman with all his strength and the full weight of his body swung his right to Beckett's jaw, putting him down and out.

The betting was heavy before the contest, odds of 7 to 4 being laid on Beckett, and most of those present were losers, and Carpentier had plenty of supporters.

The men entered the ring at 3:44 o'clock. Both were heartily received. Carpentier, however, getting a slightly better reception than Beckett.

The fight began at 3:54 o'clock. After a short hand-shake the men faced each other. Carpentier smiled confidently. He darted in quickly and planted a left flush on Beckett's face. A brief bit of sparring followed.

Carpentier finally darted in again with two swift lefts in succession to the opponent's face. The Frenchman again scored with two swift lefts in succession to Beckett's face. Carpentier got again out of reach before Beckett had time to counter.

Coming together, the men went to a short clinch. In the breakaway Carpentier was in like a flash with a left straight to Beckett's head. A terrific right to the jaw knocked Beckett's head down and he fell. Blood spurting from his mouth from this and previous punches.

Carpentier helped to carry Beckett to the Englishman's corner. Beckett's eyes opened as this was done, and his second came to him. "You're out," he said.

Beckett was unable to understand it all for a moment, but he seemed to comprehend when the crowd began to invade the ring. Carpentier was hoisted to the shoulders of the first of the crowd that reached the ring. In the excitement of the Prince of Wales, while tens of thousands of persons who had gathered outside the street were shouting their tribute to the victor.

The Bike Riders Away Behind the Record

New York, Dec. 4.—Twelve teams in the six-day bicycle race at Madison Square Garden, were tied for first place at 8 o'clock this morning, the sixth hour of the contest. Berri, of the Italian team, was riding slightly ahead of the others, who had covered 1,483 miles and 7 laps at that hour.

The Canadian-American team of Spencer and Chapman and the French-Belgian combination of Tiberghien and Chardien were one lap behind the others. The record for the 80th hour is 1,490 miles and six laps, made by Guillet and Grenda in 1914.

At 3 p.m., the 87th hour, the leaders had covered 1,590 miles flat, compared with the record of 1,724 miles, 5 laps. The relative standing was the same, two teams being a lap behind.

NEW INTERNATIONAL RULES FOR BOXING

French, English and American Authorities Hold Important Meeting.

London, Dec. 4.—Following the Carpentier-Beckett contest tonight for the European heavyweight championship, there was a meeting of the leading representatives of American and European boxing bodies to consider a new set of regulations to supersede the Marquis of Queensberry rules, which for decades have governed bouts in all parts of the world.

The meeting was attended by Paul Rousseau, president of the French Federation of Boxing, A. E. Bettinson, of the National Sporting Club, Eugene Corri, the famous referee; Victor Breyer, the French promoter, and other prominent boxing authorities. At the meeting a representative of the Army, Navy and Civilian Board of Boxing Control of America, and the International Sporting Club of New York, submitted the draft of the new code to be known as the International Boxing Code of Rules. Private advice indicates that the new regulations found favor and probably will be adopted after some minor alterations as the rules of the International Boxing Federation for the control of the ring contests throughout the world.

The gist of the rules as submitted at the London conference is as follows:

The proposed weight classes will include: Flyweight, 112 pounds; bantamweight, 118 pounds; featherweight, 125 pounds; lightweight, 135 pounds; welterweight, 147 pounds; middleweight, 160 pounds; heavyweight, 175 pounds and over.

Under the new rules all weights will be made eight hours before the men enter the ring.

The ring will measure twenty feet inside the ropes with at least one inch of soft padding upon the floor and the ropes, sounding the beginning and end of the round, must be at least ten inches in diameter. Gloves worn by the boxers shall weigh not less than 8 ounces each, and no boxer shall be permitted to use hand bandages more than six feet long or more than one and one-half inches wide, and the material must be of soft substance. No shoes shall be worn which have hard soles or heels, cleats or spikes.

Future bouts will be judged by two judges and a referee, who shall cast a vote, but he must agree with one of the other judges or call the bout a draw.

The referee shall also count out a boxer who drops to the floor without being hit, and in case such boxer goes down under such conditions after arising from a legitimate knockdown the count shall begin from the point where he arose from such legitimate knock down. The judges' decisions shall be based upon effectiveness or damage accomplished.

SOCCER NOTES

Linfield Rovers and Crescents will play at 2.30. The following Linfield Rovers players are requested to meet at the corner of Broadview avenue and Gerrard street by 1.30 sharp: Barnett, Davis, Brodie, Williamson, Heintzman, Bullock, Tilley, Woodcock, Waygood, Prescott, Helden, reserves, Dobson, Frapp, Clarke, Waygood, McConkey and Harriman.

Is Ban Johnson Boss Or Servant of League?

New York, Dec. 4.—After hearing arguments on the application of the New York American League Club for an order restraining President Johnson from calling the annual meeting of the board of directors and members of the American League in Chicago on Dec. 10, Supreme Court Justice Greenbaum reserved decision today. He also gave orders for both sides until tomorrow afternoon to file additional affidavits and submit briefs.

Marvin W. Wynne, attorney for President Johnson, read from an affidavit by the American League, which stated that he was not only president, but also secretary and treasurer of the league, and as such had always been in the habit of sending out the notices for the annual meeting, and that (Johnson) had been asked by five members of the league to call the meeting for Chicago.

Charles H. Tuttle, a lawyer representing the New York Club, contended that Johnson had exceeded his authority and had assumed powers not conferred on him under the constitution and bylaws of the league. He asserted that the right to call the meeting rested solely with the board of directors.

"Let me get this straight," said Justice Greenbaum, "is or is not President Johnson a servant of the board of directors? If he is a servant of the board why do they not dismiss him if they don't like the way he manages things?"

"Why, your honor," replied Mr. Tuttle, "President Johnson claims that he is elected president for twenty years at a salary of \$25,000 a year, and that he is under a contract and cannot be discharged."

BASKETBALL

Under the able direction of Coach Francis, the Varsity first basketball team at Varsity, is being rapidly whipped into shape. The senior team will be one of the best that have represented Varsity in recent years. J. Bell, the captain, will be in centre in all probability. He is fast and a good shot and will be an ideal pivot for combination work. Gillies, of Varsity '18 squad, is also a candidate for centre position and is no mean player. The most promising defence candidate, are Drug, Graham, Double Logan, Ralley and Kemp. Graham and Logan were Varsity guards last year and at present are in mid-season form. Coles, of '18 team, seems assured of his position as forward. He is steady, uses his head and an excellent shot. Jeff Preston and Stev. Holmes are fighting it out for the other position, with Preston having a slight edge at present. Dick Carroll, the well-known rugby player, has shown good form up to the present and will make Preston and Holmes hustle to nail their berth. The first basketball game to be played in Hart House will be staged on Thursday evening, December 11, in the main gymnasium, when Varsity Firsts will play an exhibition game with Central Y. M. C. A. senior O.A.B.A. team. As a curtain-raiser to this game the Varsity seconds and Central Y.M.C.A. Juniors will play a game.

St. Catharines, Ont., Dec. 4.—Declaring that immorality and illegitimacy were on the increase in St. Catharines and ascribing the presence on the streets at late hours of young women in the company of undesirable young men as a reason, a deputation of the Children's Aid Society waited on the police commission and asked that a woman policeman be again appointed to the force. The first and only woman on the force resigned last spring. The commission will consider the request.

I.O.D.E. EXECUTIVE CONSIDERS REPORTS

Conduct of War Memorial Campaign Keeps Members Fully Occupied.

The national executive, Imperial Order Daughters of the Empire, held its monthly meeting at headquarters on Wednesday, December 3. There were present: Mrs. Bruce, Mrs. Auden, Toronto; Mrs. John Stewart, Perth; Lady Pope and Lady Kingsmill, Ottawa; Mrs. Kieley, Toronto; Mrs. Ambrose Small, Toronto; Mrs. Colin Campbell, Winnipeg; Mrs. J. J. Clark, Toronto; Mrs. MacMurchy, Toronto; Mrs. Arthur Pepler, Toronto; Miss Gordon, Kingston; Mrs. Graham Thompson, Toronto; Mrs. O'Brien, Toronto; Miss Boulton, Toronto; D. McMillan, Toronto; Miss Laing, Toronto; Mrs. James Spence, Toronto; Mrs. Crawford Brown, Toronto; Mrs. Philip Gilbert, Toronto; Mrs. Hanson Burns, Toronto; Mrs. E. F. B. Johnston, Toronto; Mrs. W. R. Riddell, Toronto; Mrs. Harry Burkholder, Hamilton; Mrs. Selwyn Holmes, Toronto; Mrs. A. E. Goodham, Toronto.

As so much detail arising out of the conduct of the war memorial work pours in to the head office to be dealt with each month, the monthly sessions now occupy an entire day, besides numerous meetings of sub-committees which occur in the interim. It is most gratifying to those upon whom much of the detail work devolves to note that from the reports received from councillors who attend from many out-of-town points the appeal for a fund to carry out the I.O.D.E. war memorial educational scheme is meeting with most generous response from the public and hearty co-operation from the chapters. Indeed the amounts are most inspiring and when the totals are reported it is confidently felt that the ability of the I.O.D.E. to maintain its war record, in the matter of education and reconstruction will be fully demonstrated.

A letter of resignation, owing to her intention of leaving Toronto for an indefinite period, was read from the national treasurer, Mrs. Arthur Pepler. The resignation was accepted with extreme regret and a standing vote of sincere thanks for her splendid services was tendered Mrs. Pepler. The election of her successor will take place at the January meeting.

Lady Pepler Thanked. Interesting letters were read from Lady Pepler, describing the winding up of the I.O.D.E. Nurses' Club, and a hearty vote of thanks was moved to Lady Pepler for her kind interest in the matter, and to Mrs. Pinhey for her efficient services in the capacity of superintendent of the club.

The report of the Navy League work and especially the propaganda work conducted thru the organ, "The Sailor's Weekly." A report was given regarding the desire of the I.O.D.E. to entertain the delegates of the National Council of Women's Institutes, which met in Toronto recently. Owing to pressure of time the institute was not able to accept an invitation.

It was decided that the president and the national executive should entertain Lady Eliette at dinner at the Toronto Club on Monday evening. Mrs. John A. Stewart, of Perth, national organizing secretary, reported the organization of a municipal chapter at Coryville, Ontario, and several primaries in other districts. She also announced her intention of making an organizing trip to Bramford in the near future and that of the organization in the unorganized districts was progressing satisfactorily.

"TIGER'S" DAUGHTER COMING

Madame Clemenceau-Jacquematre, daughter of the premier of France, who speaks in English, will be the "Soul of France" on Wednesday evening, Dec. 10, to be decorated for her work with the Croix de Guerre and Medaille des Epideemies. She is a notable author and a profound student of life in France.

In speaking of her noted father, the "Tiger" of France, Madame Jacquematre stated that when she left him in Paris about three weeks ago he was completely restored to health in spite of the wound inflicted by the would-be assassin on the eve of the peace conference.

G. A. C. DEFENDS SOLDIER TITLES

Dominion Convention Closes After Pasing Many Important Resolutions.

The G. A. C. Dominion convention brought to a close its two-day session with a monster mass meeting in St. George's Hall last night. The hall was packed for the occasion and considerable enthusiasm prevailed among the members, who expressed complete confidence in their Dominion executive officers, who were elected by the convention.

The officers elected by the convention for the ensuing year were: Dominion president, Stanley Brown; Dominion secretary, L. M. Montgomery; Dominion treasurer, H. McLeod; first vice-president, Major Wm. Morrison; second vice-president, Wm. Surtus; and executive committee, J. Higgins; Tyler, Conrad Woodrow; Dominion board of directors, Lieut. Jack Ramsden, M.C., M.L.A.; F. W. Pritchard, Angus Beaton, Comrade Hull, C. Clarke, Col. R. Greer, W. Ewener, A. Warwick, J. C. Bell, Lieut.-Col. Campbell.

The convention dealt with much business pertaining to the welfare of the returned soldiers and unanimously passed the following resolutions:

"That this convention while prepared to uphold democratic principles, is nevertheless of the opinion that honors in the gift of his majesty the King should be conferred on those who, on account of their services to the empire are entitled to recognition; that only his gracious majesty can confer the recipients of such honors should be those who served in the military or naval forces in a theatre of war or in a semi-military capacity that was directly beneficial to the said services or prompted by patriotic motives devoted his or her whole time to war service. That distinction and honors granted or conferred subject to these restrictions or limitations would in no way derogate from democratic principles. That we further recommend the government to consider the reconsideration or repeal of the resolution adopted by parliament in the matter of advising his majesty in awarding the titles. That recommendations made by military or patriotic organizations in favor of those entitled to honor should be given prior and favorable consideration.

Pensions for Regulars. "And whereas it is thought that ex-service men who have completed 21 and 25 years' continuous service in the Canadian permanent corps should receive a pension on a basis of a comfortable existence, and not as at present time, as a number of these men are receiving pensions of \$5, \$9, \$10, \$15, and \$20 a month, some of these men with the rank of sergeant. It is thought this would help considerably in recruiting through the Dominion, and that this be made retroactive to the time pensions were first instituted for the permanent force of Canada.

"Be it resolved that we, the Grand Army of Canada here assembled, shall not affiliate with any political party or organization, but shall remain independent but co-operate with any of the said parties. And that this should become a bylaw of the G.A.C."

The following telegram from Sir Robert Borden was read to the convention, and was received with much satisfaction:

"Telegram received. Order-in-council has been passed providing for payment of gratuity to imperials on same basis as members of Canadian Expeditionary Force. Administration has been placed in hands of militia department. Owing to fact that all records are in England, there must be unavoidable delay in making payments. Special arrangements are being made in London in order that payments be expedited."

The meeting unanimously passed a vote of thanks to the district representatives who were present, and tickets donated to out of town members.

Issue Soldiers' Gratuity In Time for Christmas Shopping

Ottawa, Dec. 4.—Returned soldiers who are now in receipt of gratuities will probably receive these somewhat earlier this month than is usual in earlier years.

At the eleven military district headquarters in Canada a special effort is being made by the district paymasters and their staff to get these cheques out and mailed a couple of weeks earlier than usual.

There are probably a hundred and fifty thousand men in Canada still in receipt of gratuity.

System of Universal Training Urged by St. Catharines G.W.V.A.

St. Catharines, Ont., Dec. 4.—A well-attended meeting of the St. Catharines branch of the Great War Veterans' Association last night unanimously passed a resolution for submission to Ottawa asking that in view of the reorganization of the militia under an act passed to embody in the reorganization a system of universal training for all male British-Canadian born and minors of the foreign born naturalized Canadians from the ages of 15 to 21, and that the period of annual training be held by the military authorities.

NOT ENTERING POLITICS

St. Catharines, Ont., Dec. 4.—The result of a recent referendum among the local members of the Great War Veterans' Association on the question of entering politics, announced today, shows a large majority against the proposal.

LIFT OFF CORNS!

Apply two drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Frezzone on an aching corn, instantly it corn stops hurting, then you lift it right out. Yes, magic!

A tiny bottle of Frezzone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn or corn without sores or irritation. Frezzone is the sensational "discovery" of a Cincinnati genius. It is wonderful.

DEWART EMPHASIZES GRIT PRINCIPLES

Would Carry on Honestly and Fearlessly in People's Interests.

Ottawa, Dec. 4.—Speaking at St. Anne's Hall, East Ottawa, at a largely-attended oyster supper last night, H. Dewart, Liberal leader, emphasized the principles for which Liberalism stood in Ontario. He said that Liberalism would continue to carry on honestly, fearlessly and in the interest of all the people for principle and for the rights of the common people, regardless of criticism from whatever source it might come. He repeated in effect the substance of his recent statement regarding the United Farmers and their organization. He did not quarrel, he said, with the United Farmers as a body or an organization, or desire to oppose the advocacy of their fight as farmers, but to oppose any fair legislation that may be proposed in the interest of the people. But he did object to their present attitude towards the people's string-pins are strained, and exposure to extremes of heat and cold have damaged the case and the carving of the cabinet.

EAST ONTARIO INTERESTS

Deputation Urges Claims on the Attention of Premier Drury and Minister of Education.

A deputation from eastern Ontario, introduced by R. M. Warren, M.L.A., waited upon Premier Drury and Hon. R. H. Grant, minister of education, yesterday afternoon urging that the claims of the east in the matter of roads, education and other questions be given due consideration by the cabinet.

A WORLD OUT OF TUNE

BY J. E. MIDDLETON.

Here is a grand piano out of repair. Its sounding board is cracked. Its string-pins are strained, and exposure to extremes of heat and cold have damaged the case and the carving of the cabinet. A cabinet-maker examines the instrument and declares that he can make it right. He will remove all the old finish, fill the cracks, treat the wood with a special varnish, and finish it with hand-rubbing. He guarantees to assemble the instrument to an ornament to any drawing-room.

AN OVERCOAT EXPOSITION

Wonderful Display of Seasonable Styles at Ed. Mack, Limited.

If you are thinking of a winter overcoat, and are passing Ed. Mack's, Limited, 167 Yonge street, today or tomorrow, just drop in and have a look at the wonderful display of overcoats. It is safe to say that you have never seen such a variety of styles and weaves in any store in New York or Chicago. A gentleman was heard to say: "It's simply wonderful." And yet that word does not describe it. One of the styles is a style ideal, or fancy say particular cloth, your biggest ideal is made read here. Through the Ed. Mack system of ready-to-order clothes, you are enabled to wear the truly custom-tailored garments in all part the term signifies—and wear them the same day. That's the point. Tailored from the rarest of wools, needed by journeymen tailors, and fitted before you pay. No delay—no pressure waiting or broken promises as to when you may expect your clothes. The most individualized assortment of suits and overcoats ever offered to particular dressers is here for you without the high-priced tailor's enticement. But we were referring particularly to the overcoats. It's a timely subject. An interesting subject at this season of the year and especially when there is so much unreliable and adulterated clothing in evidence. Here are overcoats to meet the fancy and whim of every man. Here, at least, are dreams come true. An overcoat exhibition—it's all that. A show of all that's reasonable, correct, serviceable.

LABOR NEWS

ECONOMIST RAPS SPECIALIZATION ALLOWED BY UNION?

Believes This System in Industry Restricts Potentialities of Workers.

John Fitch, member of the survey department of the United States, in the course of a striking address upon the present industrial unrest, delivered yesterday afternoon at the physics building, University of Toronto, under the auspices of the Social Service Club of the university, expressed the opinion that at least one of the causes of this condition was the unnecessary intensive specialization in industry as expressed in many large manufacturing concerns in which the worker was merely a mechanical unit, doing only one specific job, and knowing nothing of its purpose, and having no real incentive to creative genius of his own, thus destroying all sense of co-operation with the management of the company, and the worker perhaps desired most, said the speaker, was participation in the management of the company, specialized. In illustration of his meaning Mr. Fitch instanced the case of assembling automobiles he had witnessed in a great automobile factory. The operation of making an automobile had lasted only seven minutes. In that time many men had been at work, each performing some tiny part of the whole. Respecting the work of one of the boys he had asked this boy if he knew just what he was doing plugging holes in one of the parts. No, the boy didn't know what the idea was. He just did it because it was his special work and he did nothing else but plug holes all day. Mr. Fitch asked another man if he knew why this was done. He asked a foreman. Didn't know. Finally he asked the superintendent, who supplied the necessary information.

SHORT HOURS NO REMEDY

Mr. Fitch, touching upon the question of shorter hours advocated vehemently among the workers, pointed out that they would not prove a remedy for the unrest. "The ideal of the shorter hour might be considered as a theory that industry is the better," said the speaker. "Why can't we make industry worth while?" he asked. He pointed to the case of the army yards in the United States, 100 per cent. unionized, which had instituted a system by which the workers had formed their own committees, and had finally brought production to such a scientific basis that piece work rates were so high that the men were working with several government departments and cut down the cost of production to a minimum. He also traced the efforts of employers to teach the employees operations of manufacture through the medium of job man slides, thus making every man just what he was doing and why.

INDUSTRIAL UNREST EVERYWHERE

"Industrial unrest is with us everywhere and always to an extent," said the speaker, who believed it was necessary factor in evolution. "But the particular unrest I am concerned with is a peculiar one," he said, "afternoon is a peculiar one, his disaffection of the individual with his job, and is exemplified in the continuing cessation of work on the part of the laborer from job to job. There is except in specific cases no concerted action to strike, but a generalized system of individual 'chucking the job.' Some time he has reported a turn over in labor of more than a thousand per cent, and Hog Island at certain periods reported a turn over of 100 per cent. We have also instances on all sides of general carelessness as to the job in hand, men quitting prematurely and getting on to another job at all hours, all of this involving a deliberate failure to do the amount of work which might be done. Touching upon the causes of the unrest, the speaker was sure that neither long hours nor low wages were at the back of the trouble. It could well be partly traced to the desire on the part of the worker for an aesthetic sense of achievement. He had been in homes of common unskilled workers from common factories where musical instruments had been made by these workers themselves and played with effect, and he had seen the factory workers hard at work on original ideas which would have astonished the foremen at the factories. Untapped potentialities indeed formed a source of great regret and possible unrest. The tendency today was to group the alleged against at one end of the factory and the alleged misfit at the other in other words, to divorce brains from muscular energy. Mr. Fitch quoted Frederick Taylor to the effect that the factory was general to take initiative away from the individual and to make him merely a part of a gigantic whole. "There was a notable tendency for a man to not know the real meaning of his work, a something which meant only degradation of labor."

ANNOUNCE PROGRAM OF DRURY IN NORTH

In Cobalt Today—Will Receive Deputations in Afternoon.

Cobalt, Dec. 4.—Visits to various mines in the camp, the reception of many deputations which may wish to appear before them, a banquet in their honor in the town hall at night with a trip to Halleybury are included in the program arranged for entertainment for Premier Drury and Hon. Beniah Bowman and Hon. Harry Milbourn, members of the new provincial government, when they make their first appearance in Cobalt tomorrow, several changes in the original plans for the trip have been made, but the final arrangements have been decided upon. It had been intended that the party would visit North Bay on the northward journey, but this has been altered and the ministers will come straight thru to Cobalt on the National, arriving here about eleven o'clock tomorrow morning. They will be welcomed by officials of the town and township, representatives of the Mine and Engravers' Association and of the board of trade, and after the usual ceremonies at the station will be conducted around the mines on a sight-seeing trip.

OTHER UNION FEES

So much for certain alleged facts. Fees with other unions are as follows: Boot and shoe workers, \$1; glove workers, \$1; street railwaymen, \$1; shipbuilders, \$5 for unskilled and \$25 for skilled workers; carpenters, \$20; machinists, \$10; bricklayers, \$25; electrical workers, \$35. An official of the Electrical Workers' Union stated that the initiation fees in that union might soon be \$100, the idea being to restrict membership to really first-class men. Walter Brown, business manager for the Boot and Shoe Workers' Union, stated that his union believed in restriction, and that the men who were men away from the trade. He said that his union would be compelled to increase the fee from \$1 to \$5 because of the increasing cost of living.

CITY LOSERS SKILLED MEN

Mechanists are in great demand in Toronto, according to information given to the World by the United States officials of the union stated that in Detroit, Cleveland and other United States centres mechanics were receiving as much as \$12 an hour, and that the men who left Toronto for the United States during the recent big strike, refused to return to Canada. A situation had arisen, they stated, which the big concerns in Toronto were hard put to get sufficient men for their shops. This was especially the case in those factories which were employing mechanics.

STRIKE STILL ON

Officials of the Watchmakers' Union stated definitely yesterday afternoon that the strike was nowhere over. About 30 men had gone back to work at union wages. The remainder were either standing out or taking other fine-work positions. The situation remained practically unchanged.

COAL STORY WRONG

Canadian National Railways Deny Statement That Fuel Confiscated in St. John.

A Canadian Press despatch emanating from St. John yesterday, concerning the confiscation of coal by Canadian National Railways from St. John dealers in that commodity, furnishes information considerably distorted when the real facts of the case are considered, according to an announcement today from the head offices of the C.N.R. here. The announcement states that the facts of the case are that the railway has contracts with certain Canadian mines in the east for the delivery of a definite tonnage in coal. When the mines adhere to this program of deliveries to the railway, the latter has no fuel problem, but when there is failure on the part of the operators it becomes necessary for the railway, in order to keep the wheels turning and in order that dealers may get coal at all, to intercept sufficient quantities of privately-owned coal to make up the deficiency in the deliveries to the railway. The Canadian National Railways would not have any fuel shortage, says the statement, if the mine operators in the eastern provinces lived up to the letter and spirit of their agreement with the railway.

DRIVE INTO MOTORCYCLIST

Arthur Fleury, 13 Arnot place, received a fractured leg last night when the motorcycle on which he was riding at Carlton and Ontario streets was struck by a motor car driven by Percy Bradford, 518 Parliament street. After being attended by Dr. Wallace, Carlton street, Fleury was removed to the General Hospital in the police ambulance. The police investigated the accident and it is alleged that Bradford was originally negligent and he was arrested under that charge.

The Proclamation of Peace

will create an interest in the new boundaries of Europe. The Toronto World has obtained a limited supply of the NEW MAP OF EUROPE, size 41 x 54, printed in colors, and inset maps of Australasia, Asia and Africa, showing the new divisions.

Readers of this newspaper may obtain a copy by clipping this notice and sending same, together with fifty cents, to The Toronto World.

"You Are Under Weight, My Boy"

"YES, sir." "Do you know what that means?" "No, sir." "It means that your body is not properly nourished. You are not getting the right food, or else not obtaining full benefit of the food you eat! Are you easily tired?" "Yes, sir." "How are you getting along at school?" "Not very well." "Now, I am going to send a report to your parents, so that they may know your condition, and I want you to do what I tell you, so as to regain your normal weight." "All right, sir." "You can never expect to get far in athletics, or school either, so long as your blood is thin for lack of proper nourishment and your nerves starved and exhausted." "We shall go a little easy on exercise, and I have asked your parents to see that you eat plenty of plain, nourishing food. I have also suggested the use of Dr. Chase's Nerve Food, so as to enrich the blood and tone up your nervous system." "Is that a medicine?" "Yes, I suppose you might call it that, but it is entirely different to most medicines, because it builds up tissue instead of tearing it down. It is what is called a restorative. It sharpens the appetite, improves digestion and helps you to obtain full benefit of the food you eat. We are not much on medicines around here, but Chase's Nerve Food has helped so many under-weight boys whom I know that I never lose an opportunity to recommend it." "I hope it helps me, for I would like to be able to do 'stunts' like the other fellows, and I don't seem to have the strength now." "You are ready to do your part then?" "That is what I want to know." "Yes, sir, I am." "We will weigh you every week, and I am sure we shall soon have you all right." "NO GRAFT FOR ME," SAYS LOAN WITNESS

M. J. Kent Declares Ignorance of Dinick Cheque for \$7500.

After the Standard Reliance Mortgage Corporation closed its doors, liquidator G. T. Clark discovered that over \$300,000 of its mortgage securities were in the possession of M. J. Kent, manager of the London Loan Company, as well as a Standard Reliance stock certificate having a face value of \$134,400. Mr. Kent came to Toronto yesterday to explain to Referee J. A. C. Cameron, who is investigating the wrecking of the Standard Reliance, the arrangement under which he obtained those securities.

Col. W. S. Dinick, former manager of the Standard Reliance, having already testified that among the numerous money distributions made by him, there was a little donation of \$7,500 sent to London, Mr. Kent was also asked about this by George H. Kilmer, K.C., counsel for the liquidator. Mr. Kent said he knew nothing about the \$7,500 until he had seen it mentioned in the newspapers a few days ago. "I received no graft whatever," declared Mr. Kent. Kilmer read correspondence which indicated that the cheque had been cashed in Goderich.

Declined to Accept Stock Regarding his dealings with the Standard Loan Company Mr. Kent testified that at the time the Standard absorbed the Huron Finance Loan Company in 1914 he held as trustee for a syndicate, controlling stock of the Huron & Bruce. His company, the London Loan, had advanced the money to buy this stock which had a par value of \$134,000. The members of the syndicate were, William Proudfoot, Judge Holt, W. L. Horton and himself. The Standard stock for the Standard and the Huron & Bruce called for an exchange of stock at par but the witness had declined to accept Standard stock for the Huron & Bruce stock.

They demanded cash. It was consequently agreed that the London Loan Company would make an advance of \$150,000 to the Standard Loan Company and out of this sum would be paid to Mr. Kent and his friends \$134,400 for their Huron and Bruce stock. The Standard was also to put up mortgages as security for the \$150,000 advance and also send along \$134,400 in Standard stock. Mr. Kilmer read a letter written to Mr. Dinick in December, 1914, by Mr. Proudfoot, who was counsel for the Huron and Bruce Company, explaining the deal as follows: "My understanding of the matter is this: Mr. Kent's company is to make you a loan of \$150,000 on certain terms and conditions. Out of this loan he is to be paid the full amount of the stock held by him as manager in trust. As security for this loan we are to have assigned to him mortgages, which he is to select, held by the Huron and Bruce, and your issue as collateral security. You are to loan company to the extent of \$150,000. So far as the mortgages are concerned you are to be at liberty to pay them off providing that you replace them with mortgages satisfactory to Mr. Kent of equal amount." Instead of issuing \$150,000 of Standard stock to Mr. Kent as this letter suggested, \$134,000 was issued.

The witness insisted that the loan of \$150,000 was divided, \$134,000 to the Dovescourt Land Company and \$16,000 to the Standard, but Mr. Kilmer read several letters between the parties indicating that it was a direct loan entirely to the Standard. Counsel emphasized the point that Standard assets had been added to the syndicate's debt, but the witness would not assent to this view.

Continuing his evidence Mr. Kent said that advances in addition to the \$150,000 had been made to the Standard and that the loan now stood at \$175,000 with interest accruing from March, 1919, and as security for this he held Standard mortgages of \$20,924.88, and the Standard certificate of the par value of which was \$134,400. He is charging eight per cent on the \$176,000.

Replying to counsel Mr. Kent said his books in London were open to anyone representing the liquidator who cared to examine them. He undertook also to produce all correspondence in connection with the transaction. It was intimated that Proudfoot would also be called to testify in connection with the Huron and Bruce end of the deal.

WILL THE CHIEF EVER RESIGN?

BY IDA L. WEBSTER.

The New Year is expected to see many changes in the police department. There will undoubtedly be many inspectors and desk sergeants moved from one precinct to another, and it may also just so happen that some of the men will have their services recognized.

Inspector Beatty is one who is almost sure to be moved downtown, and he deserves it. He is one of the best men on the staff, and is most competent to handle a business division.

Besides being a good police inspector, he is a real man, and is acknowledged as such among the men who work for him. That is about the highest praise that could be given any man in his position. It might be fair to remark that Inspector Beatty is the officer who was responsible for the excellent police work at the Exhibition this year. He then handled one of the hardest assignments on the calendar, and did so with little or no trouble.

So far as both Dickson and Geddes are concerned, there can be little hope of their advancement until such time as the present chief resigns, or until he is called by death. In all probability it will take the latter to turn the trick, but it is bound to come in time, and then the city of Toronto will be able to take great pleasure in fully acknowledging Mr. Sam Dickson as chief of the police department and Mr. Bob Geddes as his very able assistant.

Among other changes with the New Year, we would also suggest that the helmets which have been adopted since the latter part of the sixteenth century be abandoned, and caps of a more recent date substituted.

The Toronto police force is made up of a fine looking set of men, but the outfit they are forced to parade the streets in is anything but attractive. Most of them look as if they were dressed for a masquerade when they don one of those bullet-proof hats, whereas, if the department would only get dressed up to even the nineteenth century style, it would be a step in the right direction.

There is so much old-time nonsense in the department as it stands today, that it will take all the energy and perseverance that every employe of the city possesses before it will be possible to raise the strength to the required 600.

Let the police force be dressed like men of today, and also give them regular salary, with some chance of advancement, and there would be no necessity for hunting the highways and byways for people to take the place of the New Year, and also the resignation of Col. Grasset.

Let the police force be dressed like men of today, and also give them regular salary, with some chance of advancement, and there would be no necessity for hunting the highways and byways for people to take the place of the New Year, and also the resignation of Col. Grasset.

INSTANT ACTION AGAINST COMBINES

Drury Plainly Hints at Immediate Prosecution by Attorney-General.

Uxbridge, Dec. 3.—Premier Drury dropped a plain hint here tonight at a big Haibet meeting, that prosecution of the combines will be at once undertaken by Attorney-General Raney. His audience was quick to perceive his drift. He dealt principally with Dominion questions, and he admitted the combines as a Dominion problem, he declared it is one in which the province can lead the way to action.

The town hall was overcrowded by an audience of electors of both sexes, who were most attentive. Mr. Drury displayed their approval of the farmers' premier and the platform of the U. F. O.

The premier promised the meeting that his government intends to make the problem of the combines an interesting one in Ontario at least. His intimation was accepted as forecasting immediate action by his government of which one other member, Provincial Treasurer Smith, was present.

At the start Mr. Drury said: "The interest of this province is always to keep down production so as to enjoy fully the benefit of protection."

Returning to the subject of the combine, he declared that when industrial production is controlled by combines, small industries are driven to the wall and the combine side survives. In this way population in the small industrial localities as well as on the farm is kept down.

He said the cause of the depression in Ontario was not confined to the agricultural sections alone, but could also be seen in the small industrial centres where the influence of the combines had been felt.

If you gain reform of this evil in Canada, he said, nothing will ever occur to disrupt society here. But now it is either reform by some means worse in the nature of what is happening in Europe. The people through out the Dominion must get together and beat down the combine.

"There is little use in insisting upon this, I believe," he added. "Ontario has already shaken loose and the Dominion will take care of itself." He said that the Dominion government has already taken action to reform all over Canada. He said that the Dominion government has already taken action to reform all over Canada.

LORD LEVERHULME AT EMPIRE CLUB

Illustrous Labor Champion and Capitalist Rejoices in Workers' Aspirations.

"We have a great English leader with us today," was the word which drew the first applause in greeting Lord Leverhulme at the Empire Club yesterday, when he was introduced by President R. A. Stapleton.

Lord Leverhulme said he had been familiar with Toronto for thirty years and referred to friendly associations which had formed in the city. He sustained his reputation as a raconteur, and the first rank by two excellent stories, which set the hundreds present laughing heartily.

"I for one rejoice that the workman of today wishes to place his family in a better position, and to have his own motor car if he wishes it. He wants it by his labor. But it is a problem of evolution. You and I may see the employer today as a man whose job it is to give work to the workman, and his own car splash-mud on the workman as he passes. You may only see the motor car, but you do not see the years of toil by which the employer, who was once a workman, rose to own the motor car. You do not see the service rendered above what he was paid for, the certain road by which his advancement came."

The Old Man of the Sea was in graphic language he sketched the career of several men who had progressed by industry and application. The details are not given, but only the result. Ten hours a day was the old rule. Harry Ford was one of his examples. Starting on \$2.50 a week he learned a business, and then started again in another shop at \$2.50 and learned that. The man who earns his money is fully entitled to it.

From the Lord Leverhulme went on to show how by doubling production lower costs can be effected. He believed that the most material in the world of the working class is to be found in America, and he believed they would develop the wonderful resources of the continent.

Profits are made only by capital, not by labor only, but by a combination of both with good management, he asserted. It was impossible to dispense with the good management, as many falling enterprises showed.

He asked if it were certain that under a political system of public ownership it would be possible to obtain good management, as Aristotle, of 2,000 years ago to the private ownership of the state should own the public buildings, and the developed the finest type of citizenship.

How was each unit employed in private ownership to be given a similar partnership, so that of the ownership of the business, he said, it was more than a partnership. It was a partnership in the business, and he said that the distribution of profits was a more contented set of employees could be had, and the business would be devoted to the interest of the community.

He had put this into practice for four years and found it highly satisfactory. The good management and partnership schemes, according to Leverhulme, was five years.

He said that the good management and partnership schemes, according to Leverhulme, was five years. He said that the good management and partnership schemes, according to Leverhulme, was five years.

URGENT NOTICE

TO ALL PUBLIC UTILITIES, HOSPITALS, ESSENTIAL AND NON-ESSENTIAL INDUSTRIES IN THE PROVINCE OF ONTARIO.

The shortage of Bituminous Coal has become so serious that all public utilities and industrial must immediately adopt rules tending to a strict conservation of coal.

No Bituminous Coal will be permitted to go forward or be delivered to industrial, until satisfactory evidence is at hand that our public utilities and hospitals have been supplied for the winter.

Manufacturers are urged to avail themselves of the supplies of steam sizes of Anthracite now in the hands of local dealers.

Public utilities and essential industries which anticipate shortage within the next sixty days are required to immediately file with me a statement, under oath, setting forth nature of industry, amount of coal on hand and daily consumption.

USERS OF FREE GAS

Users of free gas in the gas fields should conserve the supply by discontinuing the use of flares and regulating the consumption in their homes by exercising the same caution as practised by consumers paying for supply, in confining the consumption strictly to domestic use.

SOLDIERS' CHRISTMAS

Toronto Branch Canadian Red Cross Appeal For Xmas Stockings.

The Toronto branch of the Canadian Red Cross Society is coming to the aid of Santa Claus once more in supplementing the Christmas dinner of four of the hospitals, Dominion Orthopedic, St. Andrew's, Bass and Pearson Hall. There will be sent cranberry sauce, turkey, mince, meat, grape fruit, nuts, raisins, oranges, tobacco, cigars, etc., which should make glad the hearts of the soldiers yet in hospital.

Decorations all aglow with the green and red of Yuletide coloring will also be provided, and on the afternoon of Dec. 23, music is to be supplied to usher in melodiously the season of good will. A Christmas stocking and an individual present will also be given to the men and personnel.

It is with the Christmas stockings, which are needed for thousands of soldiers, that the public help can be effectively rendered. The small articles which will be in demand are good will. A Christmas stocking and an individual present will also be given to the men and personnel.

WILLS AND BEQUESTS.

Bernard Benedict Hughes, who died on Oct. 16 at Hazelton, B.C., by a will made July 17, 1905, bequeathed his estate, valued at \$27,348, to his widow, Jessie Christine Hughes, who is also appointed sole executrix.

Lucinda Mary McLachlin, who died on Aug. 31, left an estate valued at \$530. By her will, made Feb. 16, 1917, the estate is bequeathed to her husband, Hugh James McLachlin, with a provision for her four children and a grandson.

Annie Stanton died Oct. 30, intestate, leaving an estate of \$366 and without any known relative living. If no heirs are found the money reverts to the province.

United Farmers' Co-operative To Invaade Montreal Market

Encouraged by their success at the Union Stock Yards, the United Farmers' Co-operative Association propose familiar with the Montreal market, and will, as soon as competent men be secured, open selling offices in that city at the east end and west end of the eight and one-half months in which the Toronto branch has been established, a turnover of \$6,500,000 has been realized, and while the success is not hoped for in the Montreal market, the action will, it is expected, provide an outlet for the eastern shippers, and at the same time give an overflow market for the Ontario end of the business. Active operations will start shortly.

WEATHER OUTLOOK

BULLISH ON CORN

Rally in Foreign Exchange Rates is Another Strengthening Influence.

Chicago, Dec. 4.—Corn averaged higher in price today, influenced chiefly by prospects of unfavorable weather. The close was unsettled $\frac{3}{4}$ lower to $1\frac{1}{2}$ ¢ ad.

Prospective rain and snow gave the bulls in the corn market considerable advantage at the opening. Besides foreign exchange rates were displaying power.

Attention began to focus on reports that the coal strike would soon be settled. Then a decided break in values took place, accelerated by the fact that the output of packing houses might be greatly lessened thru coal shortage.

MARKET IS HELPED BY EASIER MONEY

Wall Street in Better Humor, Despite Coal Deadlock and Mexican Situation.

New York, Dec. 4.—In its all-time characteristics today's stronger and broader stock market was largely a duplicate of the preceding session. The substantially higher range of many issues resulted mainly from further industrial covering of short contracts.

Good buying of Atlantic sugar made this issue the third most active stock on the list, some 2400 shares being bought.

Some strong stocks. Other commodity strong stocks took in about 100,000 shares at 100. The common was steady at 100.

London, Dec. 4.—Money, 2 1/2 per cent. Discount rates, short and three-months' bills, 5 1/2 per cent.

Bank of England. London, Dec. 4.—The weekly statement of the Bank of England shows the following changes: Total reserve increased £1,440,000; circulation increased £3,885,785; other securities decreased £1,217,000; gold deposits increased £1,486,000; other deposits increased £4,548,000; notes reserve increased £2,548,000; government securities not covered by the public exchange £5,326,000.

Toronto Bonds Sold. It is announced that entire issue of bonds of the City of Toronto for the National City and its associates has been disposed of.

Bank of France. The board of directors of the National Trust Company have declared a quarterly dividend for the three months ending Dec. 31, at the rate of 10 per cent. per annum.

NEW YORK FUNDS HIGHER.

New York funds rose in the Toronto market yesterday to a record-breaking premium, being quoted at from 5-15 1/2 to 5-17 1/2 premium. The previous high level was 5-11 1/2 to 5-13 1/2 premium, established on Wednesday.

SPURT IN STEELS ON HEAVY TRADING

Canada Steamships Issues and Canada Bread Are Also Prominent.

Dominion Iron & Steel of Canada, which advanced sharply on heavy trading, fairly dominated the Toronto market yesterday, these two issues contributing about one-half the total dealings in stocks, exclusive of the mining shares.

The buying was apparently largely inspired by the revival of the report that an amalgamation involving the Dominion Iron, Steel of Canada, Nova Scotia Steel and the Canada Steamships Company is in prospect.

Canada Steamships common shared in the upturn, rising two points to 80, a high record level, weakening later, however, to 79 1/4 with the closing bid.
