## A BARGAIN TO BE PROUD OF PREMIER DEFENDS LAND GRANT

After Debate of Six Hours,  
 MacKay Amendment of 6  
 Months' Hoist is Defeat-  
 ed by a Majority of  
 Fifty-Two.

PROSPECTIVE SETTLER'S  
 FIRST "SQUARE DEAL,"

Says Sir James Whitney—  
 Opposition Argue That  
 the Railway Would  
 Be Constructed  
 Anyway.

The first division of the legislature  
 took place last night on the second  
 reading of Sir James Whitney's bill to  
 grant aid to the Canadian Northern  
 Ontario Railway.

The debate lasted from 3 in the after-  
 noon until 11 o'clock, when the oppo-  
 sition moved in amendment that the  
 bill be "read this day six months."

The members were called in and the  
 amendment declared lost on a division  
 of 21 yeas, 73 nays, the government  
 majority being 52. Allan Studholme  
 (East Hamilton), F. H. Bower (East  
 Kent), and W. P. Sagar (West Kent),  
 voted with the opposition, in fulfilment  
 of pre-election pledges.

While the government's majority is  
 only shown at 52, it must be remember-  
 ed that 11 Conservatives and one Lib-  
 eral were absent when the vote was  
 taken.

To facilitate progress the other govern-  
 ment bills respecting aid to railways  
 were given a second reading, the oppo-  
 sition retaining the right to move an  
 amendment on the third reading.

Counting will ensue.

"And, now, in moving the second  
 reading of this bill (to grant 2,000,000  
 acres of land to the C.N.R. for the  
 Selkirk-Port Arthur extension) I wish  
 to say that the government of the  
 province is proud of the opportunity  
 to show the business capacity which  
 has been used in this transaction,"  
 said Premier Whitney in the legislature  
 yesterday afternoon. "They are proud  
 of the fact that even the most  
 country approves of what has been  
 done."

"They are proud of the fact that they  
 are not afraid to face the face of  
 probable opposition, to take an open  
 and manly stand."

"They are proud of the fact, and natu-  
 rally so, being a man, that this bill  
 shows for the first time in the history  
 of civilization that the prospective  
 settler gets such treatment as he de-  
 serves."

"They are proud of the fact that this  
 bill, the more it is considered, will  
 commend itself to the minds of  
 wherever reasonable men can be  
 found."

Discrimination and recrimination  
 were the two methods of Hon. A. G.  
 MacKay's challenge to Premier Whit-  
 ney in moving the six months' hoist to  
 the bill. Sir James had declared that  
 "the mind of the people in Ontario  
 will arise in all the glory of  
 marble pillars and glistening plate  
 glass. It is expected that the Bank  
 of Montreal will erect a two-story  
 building that will take a long step  
 forward in beauty of architecture."

A Fairplay Amendment.  
 In moving the second reading the  
 premier referred to the general prin-  
 ciple of the measure, which was to  
 grant 4000 acres per mile for a line of  
 railway from Selkirk to Port Arthur,  
 approximately 500 miles, 850 of which  
 will traverse the clay belt.

The premier drew an analogy from  
 the exactions of the Canada Company  
 in its treatment of settlers, which the  
 government would altogether prevent  
 in this instance. At the same time he  
 proposed to amend the bill in regard  
 to the clause by which the government  
 would regulate the sale of this land.  
 The amendment provided that the terms  
 and conditions set out in any such order  
 in council and referring to any specific  
 area shall not be set aside, changed or  
 varied in any subsequent order in  
 council unless by agreement.

The clay belt contains about 16,000,000  
 acres of arable land, which was value-  
 less at present. The government would  
 take the responsibility of opening up  
 this country. Although they had no direct  
 control of immigration, they desired  
 to make the land available for in-  
 habitants of the older parts of the  
 province.

"Now, there are two or three points  
 that will at once strike the ears as to  
 the salient points with reference to  
 this action," the premier went on. "The  
 Canadian Northern made application  
 for financial aid and also for a land  
 grant. Then they made an alternative  
 proposition and asked for a guarantee  
 of bonds. We decided at once that we  
 would not guarantee the bonds and  
 that we would not grant the other pro-  
 position for a financial appropriation  
 and also for a land grant."

A Reserve of Custom.  
 "Then we said, we are anxious to de-  
 velop this clay belt, we are anxious to  
 give settlers an opportunity to go  
 there. If you will build your line  
 around Lake Superior without delay  
 and will run it thru a portion of the  
 clay belt, and do it within a certain  
 time, we will make a grant of so much  
 land to you. This proposition is exact-  
 ly the opposite of the ordinary trans-  
 action which takes place between a  
 government and a railway company."

### Locate The New Union Station at The Don.

There is no man who knows the railroad situation in Canada so  
 exactly and so effectively as Mr. F. H. McGuigan, who is now  
 building the power transmission line for the Ontario Government.

Mr. McGuigan was asked the other day where he would put To-  
 ronto's new Union Station. His reply was that nature intended the  
 Union Station to be at the Don, north of Queen-street, giving the C.  
 P. R. one side of the river and the Grand Trunk the other. A small  
 amount would have to be paid for the land compared to the Espla-  
 nade, and the whole valley up to Winchester-street would be avail-  
 able. Travel would be immensely facilitated by its concentration at  
 this point.

Of course if the union station were put at the Don it would be  
 necessary to have drop-off stations along the front, say at Yonge, Spa-  
 dina and Parkdale.

### Cost \$600,000 To Negotiate One Govt. Loan

Commissions to Agents and Un-  
 derwriters Amounted to  
 About \$375,000.

OTTAWA, April 6.—(Special).—  
 Borrowing money is an expensive  
 business, even for a government with  
 the whole credit of the country at  
 its back.

A return moved for by Mr. Sharpe  
 (Ontario) and tabled in the house  
 to-day by the minister of finance,  
 shows the cost of placing a number  
 of recent loans above and beyond the  
 rate of yearly interest.

For instance, in October last the  
 government was under the necessity  
 of borrowing five million pounds  
 sterling in London. The cost of put-  
 ting thru this transaction was  
 \$12,500 for commission to financial  
 agents; \$50,000 commission to un-  
 derwriters; \$12,500 commission for  
 arranging underwriting; \$11,544 for  
 brokerage; \$889 for advertising,  
 printing, freight, etc.; \$32,543 for  
 "other charges," making a total of  
 \$120,238 (over \$600,000) for nego-  
 tiating this loan.

The return further shows that in  
 the month of March, 1909, the gov-  
 ernment borrowed \$5,000,000 for  
 one month from the Bank of Mon-  
 treal in Ottawa. The only charge for  
 this was \$15,542, being one month's  
 interest at the rate of four per cent.  
 per annum.

THE NEW BANK BUILDING.  
 They are tearing down the north-  
 east corner of Yonge and Queen.  
 The streetways in front of the Bank  
 of Montreal are covered over and  
 the bricks are being tumbled down  
 with rapidity. Soon the new head  
 office of the Bank of Montreal in To-  
 ronto will arise in all the glory of  
 marble pillars and glistening plate  
 glass. It is expected that the Bank  
 of Montreal will erect a two-story  
 building that will take a long step  
 forward in beauty of architecture.

### A PACKAGE OF POISON CAUSES WOMAN'S DEATH

Whether 'Tis a Case of Murder or  
 Suicide is Problem Perplex-  
 ing Moose Jaw Police.

MOOSE JAW, Sask., April 6.—  
 (Special).—Mrs. A. J. Kent, wife of  
 a prominent city merchant, died sud-  
 denly Saturday evening. To-day  
 sensational circumstances developed  
 which render a coroner's inquest  
 necessary. The deceased woman  
 visited friends on Saturday evening,  
 where she expired suddenly after ap-  
 pearing in the best of health.

It now appears that during Satur-  
 day afternoon a parcel containing  
 medicine was left at the Kent  
 house. About six o'clock Mrs. Kent  
 was called on the telephone by a  
 party having sent the medicine over.  
 After eating supper she took a con-  
 siderable quantity of the alleged  
 medicine, which has since turned out  
 to be gopher poison.

No replies have been received to  
 an advertisement offering \$25 re-  
 ward for the discovery of the "boy  
 who left the parcel containing the  
 poison at the Kent home Saturday  
 afternoon." The general impression  
 is that it is a case either of murder  
 or suicide. The bottle containing the  
 poison bore no poison label and  
 the police are satisfied that it was  
 procured outside the city.

There was evidently some under-  
 standing between the deceased and  
 the woman who furnished the sup-  
 posed "medicine." Snatches of  
 phone conversation between the two,  
 overheard by the telephone opera-  
 tor, go to show that the parcel was ex-  
 pected by the deceased. The late  
 Mrs. Kent was born at Gibson, N.B.,  
 32 years ago, and was the daughter  
 of Mr. and Mrs. J. Kyle. For some  
 years before her marriage she lived  
 at Vancouver. Three and a half  
 years ago she married. She was an  
 active church and temperance work-  
 er.

### WAS THERE DEAL? LAURENCE NOT TELLING

Declines to Answer Query as to  
 Pre-Election Negotiations  
 Concerning Grand-  
 Trunk Pacific  
 Loan.

OTTAWA, April 6.—(Special).—The  
 debate on the G. T. P. loan was con-  
 tinued to-day, when Mr. Ames (Mont-  
 real) outlined the policy of the oppo-  
 sition with regard to the loan.

"The opposition," said Mr. Ames, "ap-  
 proaches this question with no inten-  
 tion of refusing to grant this relief and  
 with no desire to obstruct the passage  
 of the bill, but we cannot but express  
 regret at the circumstances which have  
 led to this necessity. The scheme was  
 intended to be a Laurier 'monument';  
 it bids fair to become a Laurier 'mill-  
 stone.' We are free to admit, however,  
 that the work cannot be permitted to  
 cease. We must see it thru, but it is  
 not at all unlikely that in the end we  
 shall be forced to take over the road  
 and complete it ourselves."

Mr. Middlebro (Grey) brought  
 on a "sense" situation by asking  
 the prime minister and the finance  
 minister if there had been any nego-  
 tiations, verbal or otherwise, before  
 the recent elections between the rail-  
 way and the government with respect  
 to this loan.

Neither replied, and Mr. Middlebro  
 again put the question directly to the  
 premier.

"I think my honorable friend is making  
 speech," vouchsafed Sir Wilfrid.  
 Mr. Middlebro said he believed there  
 were negotiations and that it was tacitly  
 understood that the government  
 would make the loan; and in view of  
 that understanding the railway had  
 carried on an active propaganda on be-  
 half of the government during the elec-  
 tions.

Wasn't Forewarned.  
 Altho Mr. Middlebro believed this to  
 be the most important matter before  
 parliament this session, there was no  
 reference to it in the speech from the  
 throne.

He proceeded to show that the  
 gentlemen controlling the G.T.P., who  
 had put only \$1000 of their money into  
 the enterprise had been granted legisla-  
 tion to enable them to secure 75,000  
 acres of land in 31 townships, in addi-  
 tion to the townsite of Prince Rupert.

Comparing this proposed loan to the  
 G.T.P. with the \$200,000 advanced to  
 the C.P.R. in 1884, Mr. Ames pointed  
 out that the C.P.R. came to the  
 government with a road nearly com-  
 pleted, at a cost of \$2,000,000 in cash,  
 and gave the government a first lien  
 on the whole enterprise, including the  
 25,000 acres of selected lands.

"If the company cannot finish the  
 work then I favor taking it over their  
 hands so that the country will own  
 the entire road from sea to sea," said  
 Mr. Donnelly (S. Bruce).  
 Dr. Chisholm (East Huron) ridiculed  
 the idea of this government having  
 to borrow money to lend to the com-  
 pany at a rate of interest.  
 Mr. Flaiding said the money market  
 was easier to-day than it was a month  
 ago. If money could be got at less  
 than 4 per cent, the country would  
 make a profit. He had faith that as  
 the road progressed the securities  
 would be enhanced in value.  
 Was there any guarantee that the  
 company would not be back for a fur-  
 ther.

Continued on Page 7.

HON. E. G. STEVENSON  
 Supreme Chief Ranger of the Independent Order of Foresters.

### I.O.F. CHIEFTAIN GIVEN GLORIOUS WELCOME HOME

Reception Tendered Hon. E.  
 G. Stevenson at Massey  
 Hall on Return from Cali-  
 fornia—No Fraternity With  
 Inequality, He Says, Ex-  
 plaining Rate Changes.

Two hundred and thirty-five thou-  
 sand souls, representing more than  
 a million more or less dependent peo-  
 ple, constitute the tremendous fact of  
 Forestry and reveal the inward signifi-  
 cance of the grand reception tendered  
 at Massey Hall last night to Hon.  
 E. G. Stevenson, supreme chief ranger  
 of this gigantic fraternity, by the offi-  
 cers and members of the High Court  
 of Central Ontario.

It is seldom that Massey Hall con-  
 tains an audience as large, as well  
 dressed, as refined and apparently  
 so prosperous as that of last night. It  
 was an audience which reflected the  
 high character of the membership of  
 the order and disclosed what lovely  
 women, beautiful children and hand-  
 some men compose the courts of Cen-  
 tral Ontario.

Mr. Stevenson's address was a power-  
 ful one, in which he paid an elo-  
 quent tribute to the memory of the  
 late Dr. Oronhyatkeha and defended  
 the readjustment of the rates as vital  
 to the stability and permanency of the  
 order.

"The memory of the late supreme  
 chief ranger," he said, "will live in  
 the heart of every true Forester in this  
 and future generations. No one will  
 ever forget, so long as Forestry lasts,  
 the duty we owe to that grand old  
 man who has passed away. He found  
 the order feeble, struggling, and with-  
 out hope or honor, and gave up his  
 life to its upbuilding. It was a noble  
 struggle, but he knew before the last  
 call that his efforts had been reward-  
 ed. He was inspired with a desire to  
 do good for his fellow men."

The words of Charles Mackay's im-  
 mortal poem he applied to the late  
 supreme chief ranger:

I live for those who love me,  
 For those who know me true,  
 For the heaven that smiles above me  
 And waits my spirit; too,  
 For the cause that needs assistance,  
 For the wrongs that need redress,  
 For the future in the distance,  
 And the good that I can do.

"No one will regret his taking away  
 more than I, not only because of the  
 great love and esteem I had for the  
 man, but because of the great respon-  
 sibility placed on my own shoulders,  
 that responsibility could have been  
 removed.

"No year in my life has been more  
 trying than the past year, because  
 I have been compelled to do what  
 seemed to impress some people as un-  
 fair. It is hard to do your duty when  
 antagonized and even maligned by  
 those you are trying to serve."

"But seeing my duty as I saw it there  
 was no alternative. We must go for-  
 ward or say we had no strength to  
 do that which is right."

The supreme chief ranger in this  
 portion of his address spoke with  
 great earnestness.

Reception a Success.  
 The reception was an unqualified  
 success, the program running smooth-  
 ly and with dignity. Excellent talent  
 had been provided, including some of  
 the best known entertainers in Can-  
 ada. The master hand of G. A. Mitchell,  
 superintendent of field work, and Alex.  
 Stewart, high treasurer, respectively  
 chairman and secretary of the com-  
 mittee of arrangements, could be seen  
 everywhere, in the selection of talent,  
 the arrangement of the numbers, the  
 variety afforded, the decorations, and

### A SCHOLAR CRAFT THAT SPEAKS DANGER

Rev Dr Harris Hints at Revela-  
 tions on Higher Criti-  
 cism That Will  
 Astound To-  
 ronto,

There is blood on the theological  
 moon in Toronto, if Rev. W. H. Hincks,  
 LL.D., and Rev. Elmore Harris, D.D.,  
 are competent judges.  
 At the preliminary meeting of the  
 Bible League Conference last night in  
 Knox Church, at which Rev. Jas. Orr,  
 D.D., of Glasgow University, was un-  
 avoidably prevented speaking by the  
 late arrival of his steamer at New  
 York, the historical criticism of the  
 Bible was roundly denounced by a s-  
 eries of speakers. The positions taken  
 were extreme and the ordinary  
 reader quite untenable, going far be-  
 yond the position laid down by the  
 late Principal Sheraton in a pamphlet  
 widely circulated by Hon. S. H. Blake,  
 Rev. Dr. Orr has been invoked as the  
 Balaam who is to curse the new horde  
 of critics that have come up out of  
 Egypt, and the sequel will be inter-  
 esting.

Dr. Harris stated somewhat sensa-  
 tionally that things were going on in  
 Toronto of which people were utterly  
 unaware. He knew of one missionary  
 school with four teachers, and three  
 out of the four were teaching destruc-  
 tive criticism to their students. The  
 fourth was utterly discouraged and  
 thought it was time he gave up his  
 task.

They were verging on a scholar craft  
 just as dangerous as any priestcraft.  
 A group of men were making a study  
 of certain things which were doing  
 themselves the scholarship of the world,  
 saying you must take these things  
 "Defender of the Faith."

Experts could gather material, but  
 said Dr. Harris, any man could decide  
 the merits of the case as in any jury.  
 He concluded with a tribute to Hon.  
 S. H. Blake. He prayed that night and  
 day that God would give him heart of  
 grace to go thru to the bitter end.  
 He said he was not going to let the  
 Toronto University matter drop except  
 with his life. He loved the university,  
 but he loved the word of God more.  
 "I stake my word as a Christian and  
 defence here that there will be revela-  
 tions to astonish the people of Toron-  
 to," declared Dr. Harris.

Dr. Hoyle, K.C., spoke on the present  
 crisis. He believed God's word  
 was inspired from cover to cover, and  
 they must get together and see what  
 could be done with those who were  
 trying to interfere.

Principal A. P. McDermid, D.D.,  
 Brandon College, spoke on the training  
 of young men for the ministry, and H.  
 E. Irwin, K.C., described the sort of  
 sermon he found effective.

Dr. Hincks Opens Fire.  
 It was Rev. Mr. Hincks who joined  
 battle most directly with the liberal  
 critics. He began by drawing a dis-  
 tinction between esoteric and outer  
 teaching. It was known by the re-  
 searchers of George Eliot that there  
 was an inner or esoteric teaching in  
 the temples of Egypt, and he had just  
 finished reading three books on Theo-  
 sophy, giving the esoteric teaching of  
 Buddhism, which the rank and file of  
 the Buddhist knew nothing about.

There should be no esoteric reserva-  
 tions on the part of ministers. The  
 church, he thought, was now in a  
 disaster in Canada, as it had in Ger-  
 many, and to cleavage between the  
 university and the church; and as in  
 England between the teachers and the  
 great body of the laity.

The Danger in England.  
 A couple of weeks ago he had con-  
 versed with one of the brightest and  
 ablest men of the Wesleyan Methodist  
 Church in England, and had asked him  
 what proportion of the English Wes-  
 leyian ministers accepted the viewpoint  
 of George Adam Smith. Practically  
 all, was the very frank reply, added  
 to practically all of the younger  
 clergy or about under 40. What  
 proportion of the laity, he then asked,  
 held these views, and the answer was  
 "Practically none."

"So you have an esoteric group and  
 you have all the tragedy possible in  
 having the clergy on one side and the  
 conservative laity on the other," he  
 commented.

"What will happen to the esoteric  
 groups when the laity wake up? I find  
 out where the pulpit really stands?"  
 demanded Mr. Hincks.

Dr. Orr's Program.  
 Dr. Orr, it was announced, would  
 speak on "Holy Scripture and Modern  
 Nazation" to-night.

On Monday he will speak at a com-  
 plimentary luncheon at 1 o'clock, and  
 in evening at Hamilton. The rest of  
 the week he will be at Kingston and  
 Ottawa, and the following Sunday he  
 will spend in Montreal.  
 The branch of the Bible League of  
 North America under which the con-  
 ference is held was yesterday disor-  
 dered and reconstituted as the Bible  
 League of Canada. The Bishop of To-  
 ronto has been invited to be hon. pres-  
 ident; Sir Mortimer Clark, Hon. John  
 Boyd, Justice MacLaren and S. H.  
 Blake, hon. vice-presidents; Dr. Elmore  
 Harris, president, and Ex-Principal  
 MacLaren, Dr. Albert Carman, N. W.  
 Hoyle, K.C., Principal O'Meara and  
 Rev. W. H. Hincks, vice-presidents.

CHANGES ALONG YONGE.  
 Changes are taking place along  
 Yonge-street. Vokes' hardware store  
 is about to move to Queen-street.  
 Tamblin's drug store will move into  
 Vokes' corner. A patina front with  
 rounded corner will be put up and  
 Tamblin will have a unique store.

JUDGE TO PROBE MONTREAL.  
 QUEBEC, April 6.—Judge L. J.  
 Cannon of Quebec has been appoint-  
 ed as royal commissioner to investi-  
 gate the civic affairs of the City of  
 Montreal.

"HOME OF THE HAT BEAUTIFUL"

The Millinery boom is on. We have never been so busy. The store's utmost capacity will be all too limited to extend the good service we always wish to give our customers. One thing, however, is certain, viz.: We have never had such an immense variety of charming hats, and have never priced them so little. The newly appointed store and the entirely brand new merchandise is proving a great attraction.

Come in the forenoon if possible. McKENDRY'S, Limited 226 and 228 Yonge Street

Public Amusements

William Faversham will present 'The World and His Wife' at the Royal Alexandra Easter week. There are half a dozen characters in 'The World and His Wife' of well-defined equal importance, and all of these are impersonated by performers who proved worthy of the role entrusted to them.

The offering at the Princess next week, opening with an Easter Monday matinee, will be 'The Virginian,' as presented by the Kirk La Shelle Company, with W. S. Hart, giving his excellent portrayal of the name part. This stage portrayal of Owen Wister's widely read novel is exceedingly popular.

The Dresden Philharmonic Orchestra of sixty-five will play in Massey Hall on Thursday evening of next week, assisted by Miss Germaine Schmitzer, the very talented young Austrian pianist. The program includes the Liszt Concerto in E Flat for the piano and orchestra, Goldmark's 'Overture to Sakuntala,' Jambor's 'Serenade' for string orchestra and a symphony.

Field Marshal Lord Roberts has conveyed by cable an invitation to dinner in England to the Canadian high school boys to win The Standard of Empire free trip to the old country contest.

Won't Go to St. Thomas. The attorney-general has refused to let Christopher Holland be taken to St. Thomas, to be there tried on further charges of forgery and theft.

Strike Extends. WINDSOR, April 6.—The night gang of the tunnel workers have joined the strike for increased wages and work is practically at a standstill. About 150 workers are out.

Losses Three Fingers. William Walker, aged 61, of 100 Mullock-street, of the firm of Walker & Robertson, contractor, 317 Albany-street, cut three fingers off his left hand yesterday, while operating a hand saw.

Boys to Disc Winners. Field Marshal Lord Roberts has conveyed by cable an invitation to dinner in England to the Canadian high school boys to win The Standard of Empire free trip to the old country contest.

Wanted to Go to St. Thomas. The attorney-general has refused to let Christopher Holland be taken to St. Thomas, to be there tried on further charges of forgery and theft.

On The Breakfast Table in coffee, tea, chocolate, and in many delicious beverages, richness is added by the use of BORDEN'S EAGLE BRAND CONDENSED MILK

For over fifty years the Eagle Brand has stood the test, has given perfect satisfaction through Canada and the U. S. and has had an enormous Export Trade. It is the best, it goes the farthest and is economical.

Selling Representative, Wm. H. Dunn, Montreal and Toronto

OF INTEREST TO WOMEN

Julie Opp as a Writer.

Julie Opp, who in private life is Mrs. William Faversham, comes to Toronto next week as the leading lady of her husband's company, appearing in 'The World and His Wife,' at the Royal Alexandra Theatre.

Miss Opp would never have thought of the stage as a profession very likely were it not for George Du Maurier, the author of 'Trilby.' The actress was in London making a precarious living as a free-lance journalist and magazine writer.

At an evening party she was introduced to the author-artist and he exclaimed: "Why, you are the very ideal Trilby, and you must see Boerboim Tree!"

'Trilby' was then being presented at Her Majesty's Theatre. An interview with the actor-manager was arranged, but fearful of incurring her mother's displeasure should she take up stage work, Miss Opp failed to keep the engagement.

Returning to America, Miss Opp continued her literary work, and it was only after returning to England the following year, that the lure of the stage was seriously considered.

During the engrossing activities of stage life, she has been almost constantly occupied with her pen. Two years ago Harper Brothers published Miss Opp's novellization of 'The Squaw Man,' and last season Martin Harvey, the English actor-manager, presented a one-act play by the actress, which was highly commended in London.

Miss Opp recalls with pride that Jerome K. Jerome, the English humorist, when the editor of a London magazine, purchased her first article.

MEMUS FOR THE WEEK. Menu for Thursday. BREAKFAST. Baked Bananas, Cereal with Cream, Eggs with Bacon, Orange Marmalade, Sally Lun, Coffee.

LUNCH. Escalloped Tomatoes, Cheese Balls, Waffles with Syrup, Chocolate Sponge Cake, Tea.

ed, a larger number of the public seeking information on this burning question than could be accommodated in the private house of the president, Dr. Margaret Gordon, where the meetings have hitherto been held.

The regular monthly meeting of the association therefore took place in Zion Church Forum last evening, when the results of the interview with Premier Whitney were discussed.

In Society. Mrs. W. J. Langton, 80 Bedford-road, will receive Wednesday, 7th, and not again this season.

Mrs. M. A. Benjamin, Miss Mabelle and Mr. Harold Benjamin, St. George-street, have returned from New York. Mr. and Mrs. Wilson Smith have gone to Atlantic City for a month's vacation.

Mr. Geoffrey Sharp is leaving this week for Cobalt. Mr. Winder Strathly has returned from England. Mr. F. W. Thompson has returned from St. John.

Miss Kirkpatrick, who has been the guest of her sister, Mrs. George Howland, has returned to New York. Miss Edna Goodrich of Edmonton, Alta., who has been visiting friends in Toronto for several months, is the guest of Miss Ethel Hunter, 121 Davenport-road, for a few weeks previous to her return home.

Mrs. George B. Trail of Brantford, is the guest of her brother, Mr. Marshall, 495 Palmerston-boulevard. Mr. and Mrs. Murray, Scotland, will spend the weekend with his honor the Lieutenant-Governor and Mrs. Gibson.

Mr. and Mrs. Stanford Ivey have gone to reside in Montreal. Mr. and Mrs. Hedley Bond have gone to Indiana for a three weeks' visit to their son.

Mr. and Mrs. F. W. Fletcher, Lexington, Ky., are visiting with Mr. Fletcher's sister, Mrs. Alton Garrett. Miss Helen Dumas will return to the city for Easter and will spend the holidays at her home in Dupont-street.

Mrs. Braithwaite is in town with her mother, Mrs. F. P. Monypenny, Langley-avenue, will not receive again this season.

A quiet wedding took place at Trinity Methodist Church on April 6, when William Edgar Wilcox of Winnipeg and Miss Lillian Porter of this city were united in marriage by Rev. Dr. W. E. Wilson. A large number of friends gathered at the station to bid them good-speed. After a trip to New York, Washington and other cities, the happy couple will take up their residence in Winnipeg.

IMPORTANT REALTY DEALS. F. B. Robins Put Three Sales on Yonge and Bay Streets.

F. B. Robins, Ltd., have put three two more important real estate deals. Pullan Bros., 247 Yonge-street, have sold their property, 25 feet by 128 feet to a lane, for \$35,000. The building will be improved and occupied in the fall.

The property at the northeast corner of Bay and Wellington-streets has been sold by the Bertam estate for \$40,000. This property also will be improved.

Charles S. Boone intends to put up a new building at 317 Yonge-street, purchased from the Cavthra estate for \$25,000. The frontage is 25 feet 6 inches to a lane. The Robins Co. is to deal thru also.

Get a Good Supply. We have an extra quality notebook, for pen or pencil, made to sell and good value, at 10c. A slight error in ruling enables us to offer the lot at \$3.50 a 100. Order promptly. United Typewriter Co., Adelaide-street E., Toronto.

Semioleological Stations to Be Erected. NEW YORK, April 6.—(Special.)—The Jesuit Fathers will establish semioleological stations at Georgetown, Denver, Spokane, Cleveland and Havana, and at points yet to be determined, in Kansas and Manitoba.

Proves Nerviline Cures Chronic Sciatica. Solemn Statement of a Well Known Newark Merchant Establishes That Sciatica Can Be Cured Quickly.

It was four years ago I first was attacked by sciatica. The pains came and went, and at first were not severe. I took no precautions against relapse and the conditions grew permanent.

Severe grinding pains like points of fire, burst through my back, and affected my left side. I became almost a cripple, and on a damp or stormy day I was afraid to leave the house.

Dr. Williams' Pink Pills was recommended and I rubbed on lots of it. In a week I improved, and by persevering with the Nerviline rubbing and taking it every night, twenty drops in hot sweetened water, I finally got the disease under control. In eight weeks I was cured. I have never since felt a twinge or an ache, and for those affected with Sciatica, or any other muscular ailment, I can conscientiously recommend 'NERVILINE.'

For fifty years 'Nerviline' has been a standard household remedy all over America. Many doctors and druggists use it in their own families because it is the strongest, most penetrating liniment made.

Beware of the unscrupulous dealer who endorses the efficacy of the extra profit on an inferior article, to induce you to take anything in place of NERVILINE. Large 25c bottles at all dealers.

Exclusive New York Custom Styles

If you go to New York or any other metropolitan center, you will find the best-dressed men wearing the same Regal Shoe styles we have on sale right here in our store.

REGAL SHOES

are famous all over the world for their exclusive custom style and quality. The new models embody every fashion-feature found in the most expensive custom footwear. Moreover, Regals fit like made-to-measure shoes, because they are made in quarter-size. Come in and look over the new Regal styles.

NURSE'S PATHETIC DEATH

Her Sweetheart's Mother Broke Engagement and Life Not Worth Living.

ALBANY, N.Y., April 6.—Disappointed in love, Ethel C. Shaw, an attractive woman about 28 years of age, was found dead in her room in the Ten Eyck Hotel this morning.

She was due to an overdose of morphine and strychnine taken hypodermically. Miss Shaw was a nurse and registered from New York City. She has a brother living in Montreal.

The woman left several letters, including one addressed to Dr. G. Scott Towne, health officer of Saratoga, in which she said: "My Dear Boy—Unfortunately I have got very fond of you, so the breaking of our engagement means to me complete wreckage. Don't get any other girl to love you."

ARCHITECTS CONVENTION. Endeavor Being Made to Unite Them All.

Members of the Architectural Institute of Canada were convening here yesterday, concerning the federation of all provincial architectural bodies in the Dominion and were entertained at luncheon by the Toronto Chapter of the Ontario Association of Architects.

George W. Gouinlock extended a hearty welcome to the visitors and other representatives.

The different provincial organizations are falling in pretty well with the idea of federating, only very few exceptions being taken to the constitution of the A.I.C. and it is these objections that will be considered for further discussion at the next meeting in October.

Consideration is also being given to the subject of an elastic tariff to make allowances for local conditions that cannot be covered in a general tariff.

600 SALOONS FORCED OUT. Ten Breweries Also Doomed by Michigan Vote.

DETROIT, April 6.—Upwards of 600 saloons and ten breweries will be forced out of business in the 19 counties of the state which voted "dry" at yesterday's election.

DAYLIGHT BILL CARRIED. LINCOLN, Neb., April 6.—Governor Shallenberg to-day signed the daylight saloon bill. The measure, which becomes effective July 6, forbids the sale of liquor except between 7 a.m. and 8 p.m.

Local Option in Peterboro. PETERBORO, April 6.—A petition signed by 1700 ratepayers, was presented to the council last night to submit a local option bylaw at the elections next January.

When the hardest rock maple is cut into layers and glued together with the grain in each case running in a different direction from the layers adjacent, the result is a block of wood which cannot be affected by weather conditions. Into such a block as this are fixed the pins of the 'Gourlay' pianos, and the heaviest string tension cannot move them one iota.

RAILWAY OVER THE ANDES. SANTIAGO, Chile, April 6.—The contract for the construction of the railroad to connect Arica, Chile, with La Paz, Bolivia, has been awarded to the firm of Sir John Jackson, Limited, of London.

Practice makes perfect that is why TOMLIN'S BREAD holds first place with the housekeepers of Toronto.

TOMLIN'S BREAD

holds first place with the housekeepers of Toronto. Years of practice mean the summit of success now attained.

PREMIER PROUD OF LAND GRANT

Continued from Page 1. The railway company made an application and we refused it, and this application was made by the government to the railway company.

This method was opposite to that of a speculative railway enterprise and could not be discussed from that standpoint. It was whether, as custodians of the public domain, they would make 14,000,000 acres of land valuable and available for settlement.

"From that point of view I am prepared to say that the presence of the representatives of a great majority of the people of this province and in the presence of their approval, that no action by this government should be more gladly accepted and will be more satisfactory to the government itself, and it will receive the approval of the people of this province."

The premier then compared this transaction with that of the former government with the Grand Trunk Railway, which he said was precedent in history.

"Would Be Built Anyway." "No one doubted that the road in question must be built," said Mr. MacKay. It was the link between the east and the west on the C.N.R. system. The gap must be bridged and would be whether Ontario assisted or not.

Mr. MacKay considered the regulation of the sale of land by the lieutenant-governor would be of no effect. Whatever grant Ontario assisted in was for the purpose of raising money. They would require the prices of the lands to be set once, and once they were set they could never be varied, and all control would be forever lost.

Mr. MacKay spoke on the character of the land. Seventy-five per cent. of it was choice farming land similar to Manitoba. It was not a tract as could be found in Ontario. As a whole it was level, and most of it heavily timbered with spruce. What did the reservation of the land mean? There was no pine there? The grants conveyed all there was. The public would not be mined by statesmen that white pine and minerals were reserved when neither white pine nor minerals were to be found.

On page 52 of the report it was stated that spruce and pulp timber, poplar mixed with spruce, spruce tamarac cedar and red pine, spruce and tamarac were found in various districts.

"The hon. premier thinks he knows, and I think I know. That is the difference," retorted Mr. MacKay. "The universal mind one is a majority and we have each a majority in this case."

Mr. MacKay estimated that there were 20, 30, 40, 50 or even 60 cords of cordwood on the land to be granted. At the lowest estimate of 50 cords, this would be \$800 an acre, which with \$5 for the land would be equal to \$2,000 a mile. This by the reports in 1900 would be a very low estimate.

The land was to be given in blocks of miles square along the road. Mr. MacKay submitted various comparative statistics to indicate the extent of the grant. The territory would be as large as seven eastern counties, or as large as Huron, Perth, Oxford and Norfolk Counties together. Or as Durham, Ontario, York, Peel and Halton in one block.

"A guarantee without the expenditure of one dollar would have been the proper way of dealing with the Canadian Northern," was Mr. MacKay's view. He then went into the government's former record on railway grants. Premier Whitney had pledged himself last year to a denunciation of the manner in which the bill had been reported in the press to have said that no land under any circumstances whatever would again be granted.

ONE ON THE DOCTORS

Madame J. Rioux, St. Moise, Que., says: "Fruit-a-tives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-tives promptly cured." "Fruit-a-tives always cure Liver Trouble, Biliousness and Constipation because they act directly on the liver. They stimulate the secretion of Bile, which decreases the quantity of bile in the liver and thus relieves the congestion or Biliousness. With plenty of Bile to move the Bowels, there is an end to the Constipation.

"Fruit-a-tives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

country to be given away. Any business firm desiring that so much land would take some steps to ascertain its value. He thought it would be much wiser to extend the T. & N. R. Railway through the clay belt, so that the province would benefit by the enhanced value given to it by railway development.

When the C.N.R. went to England to raise money he would like to see the valuation they placed on the timber on the grant. He had been in the habit of thinking the premier a big man, but when he fell into the snare of William Mackenzie he did not get the best of the deal.

Mr. Gamey endorsed. R. R. Gamey (Con.) admitted that the northern members were to some extent responsible for the government taking the position they had taken. He was surprised at the opposition of Mr. MacKay and his lieutenant. He considered it a most moderate and reasonable bargain the government had made. The opposition had changed their views since they gave a grant to the G. T. P. Railway through 200 miles of 8000 acres a mile and \$2000 each. And this was after the report quoted by Mr. MacKay was issued, and they did not reserve the minerals either. The Algoma Central also got 7400 acres.

It was amusing to see the difference in men when they got on the other side of the house. It took a pretty strong imagination to make \$2,000 the value of the lands, as Mr. MacKay did, when it was known that all the land wanted could be had up there at 50 cents an acre.

Mr. Gamey reminded the opposition of the Spanish River Pulp Company grant of 4,000,000 acres. He was not complaining, but merely wished to show that when the Liberals were in power they had no idea of attributing such value to it as they did now.

Had the northern part of the country not returned 13 supporters of the government? It was probable that there would have been no Liberal opposition. They felt that if the government was allowed to go on making such bargains for the north country the opposition would never have a chance there. The northern part of the province would never be developed if it were left to the opposition.

W. Proudfoot (Lab.) supported the amendment, and W. H. Hoyle (Con.) followed for the government. J. McEwen (Lab.) protested that in spite of Ontario grants the railways charged higher freight rates and fees than the roads in the United States. Act respecting the railways charged higher freight rates and fees than the roads in the United States.

In the evening, J. C. Elliott (Lib.) held that the valuable farming land should be retained by the government for the people.

Allan Sudrins (Labor) did not agree with the statement that the land was valueless, but rather was worth its weight in gold. This railway should be built by the government. We owed this land to posterity. He was not satisfied with the government's measure, nor did he agree with the opposition. He would move, if he could get a seconder, that the T. & N. O. be extended. This was declared out of order. Sum's Up.

In concluding the debate, Sir James Whitney expressed gratification with the manner in which the bill had been received by both sides of the house. He twitted the opposition on not being able to offer an alternative plan, and congratulated Mr. Studholm in doing so. He appreciated the remarks of the member for West Northumberland (S. Clarke) who figured that the 2,000,000 acres were worth \$2,000,000, which would give the balance a value of \$268,000,000.

SPRING PIANO SALE

THIS Spring Piano Sale includes four different kinds of used pianos—Upright Pianos, Grand Pianos, Player Pianos and Square Pianos. Every Upright, every Grand and every Player Piano on the list is quite as good as when new, both in tone, case and action. They are modern pianos of well-known make, guaranteed by us to be in perfect order. The Square Pianos, while not so modern, have been thoroughly reconstructed in our repair factory and are also guaranteed for five years. They represent the maximum of musical value at a minimum price.

- UPRIGHT PIANOS
MENDELSSOHN—A very attractive upright piano by the Mendelssohn Co., Toronto, in rich mahogany case of simple design, with full length plain panels, has tri- chord overstrung, with "Boston" fall practice muffer, has been used less than a year. Manufacturers' price, \$275; sale price, \$198

- SQUARE PIANOS
WEBER, N.Y.—Small 7 octave square piano by Albert Weber, New York, in rosewood case, octagon legs and overstrung scale, a good practical piano. Special sale price, \$70

- PLAYER-PIANOS & GRAND PIANOS
HOWARD A. UTOPIANO—This fine player piano is a full cabinet grand piano, manufactured by the H. & Howard Co. of New York, which we have represented for some years. The interior playing mechanism is the celebrated autopiano. The complete instrument is not only a fine piano in point of musical quality, but a piano easily operated by means of the pneumatic player, without previous practice or experience. It will give equal pleasure to the experienced piano player, who uses the keyboard, or to the novice without musical education who plays by means of music roll. Used only nine months. Price, complete with 10 rolls of music, \$435

TERMS OF SALE
Pianos under \$150, \$10.00 cash and \$4.00 per month
Pianos under \$250, \$10.00 cash and \$6.00 per month
Pianos over \$250, \$15.00 cash and \$7.00 per month
Pianos over \$350, see terms printed with description of instrument.
Gourlay, Winter & Leeming
188 Yonge Street, Toronto

Gourlay
The license bill was further amended to committee to provide that brewers shall not sell in local option municipalities, and can only sell to the trade in places under 400 population. Hon. W. J. Hanna introduced a bill to amend the act to regulate the speed of motor vehicles on highways, as published in The World yesterday.

LIBS AVOIDED VOTE ON NEWMARKET CANAL
Some Ran Away and the Government Had a Majority of Only Twenty-Eight.
OTTAWA, April 6.—(Special).—The Conservatives to-day challenged the vote of a million dollars for the Trent Canal, and caught the government with the smallest majority of the session—28.

BUYERS' DIRECTORY
Readers of The World who scan this column and patronize said paper will confer a favor by sending their name if they will say that they saw the advertisement in The Toronto World. In this way they will be doing a good turn to the advertiser as well as to the newspaper and themselves.

WEAK, RUN-DOWN, WORN-OUT MEN

Why will you be weak? Why do you go on from day to day when you know you are losing your nerve force—your manhood—when you see a cure within your grasp? Do not delay a matter which is the key to your future happiness. Whatever your condition to-day, you will not improve as you grow older. Age calls for greater vital force, and the older you get the more pronounced will be your weakness.

DR. McLAUGHLIN'S ELECTRIC BELT
will make you strong. It will send the life-blood dancing through your veins. You will feel the exhilarating spark warm your frame, the bright flash will come to your eye, and a firm grip to your hand, and you will be able to grasp your fellow-man and feel that what others are incapable of doing is not impossible to you. This grand appliance has brought strength, ambition and happiness to thousands of men.

AYLESWORTH AND GIBBONS "FAVORABLY IMPRESSED"
So Says Press Despatch Relative to Conference on the Waterways Treaty.
WASHINGTON, April 6.—The treaty relating to the disposition of the waters of St. Mary's River, between Michigan and the Canadian boundaries, which was ratified by the senate in an amendment to the war department, and was the subject of a conference by representatives of the Canadian and American governments.

HE TOOK A FRIEND'S ADVICE
And Dodd's Kidney Pills Soon Cured His Backache.
How Malcolm McKinnon Found Complete and Permanent Relief From His Kidney and Stomach Troubles.
St. John's, N.S., April 6.—(Special).—Beverly with backache so bad that he could not work. Malcolm McKinnon, a well known resident of this place, took a friend's advice and used Dodd's Kidney Pills. The result is that he is back at work and his backache is gone.

GEORGE SLACK DEAD
Sentence of Life Imprisonment Expires in Less Than a Year.
Geo. Slack, who was sentenced in May last to life imprisonment, is dead in Kingston Penitentiary from tuberculosis. He had been found guilty of committing a brutal assault on Mrs. Davis in her store on Yonge-street for the purpose of robbery. He stoutly maintained his innocence, and his family swore to an alibi, but Mrs. Davis swore to his identity and his previous record was against him.

DR. A. W. CHASE'S 25c CATARRH CURE
is sent direct to the diseased parts by the improved method. It kills the ulcers, clears the air passages, soothes the inflamed throat and permanently cures Catarrh and Hay Fever. Shiver and all other ailments. Dr. A. W. Chase, Medicine Co., Toronto and Buffalo.

# COBALT---Rumor That La Rose Will Shortly Take Over Lawson---COBALT

## MINING MARKETS ARE EASIER MANY TRADERS TAKE PROFITS

### Temiskaming, Nova Scotia and Rochester Lower—Hargrave and Otisse Strongest Issues To-Day.

World Office, Tuesday Evening, April 6.  
Yesterday's rally in the Cobalt markets was taken advantage of by traders to unload stocks which had been bought at lower prices last week. The incentive for this selling was because of the general impression that the nearness of the three days' holidays would have some effect on the markets and that prices toward the end of the week might show further weakness.

Temiskaming, Nova Scotia, Rochester and City of Cobalt were the chief issues disposed of, and the prices of each reacted from recent high prices under this pressure.

The selling of City of Cobalt came almost entirely from the camp itself, and with the selling the rumor was circulated that the company's earnings were not showing up as favorably as they might do.

The strongest issues in the market again to-day were Otisse and Hargrave, both of which were strongly fortified against sales by good buying orders from outside points.

Peterson Lake was also forced lower by what was thought to be inspired liquidation. This company's statement and notice of the annual meeting will be given out in about two weeks. As far as can be learned the statement will be satisfactory, but the shares are still present almost in the hands of traders, and frequent fluctuations are the necessary result. It was rumored yesterday that arrangements had been about completed for the absorption of the Lawson mine by the La Rose Co. This is expected to have a considerable influence on the investment possibilities of La Rose stock, but pending a definite announcement of the rumor social speculation and investment orders continue to be limited.

As a rule prices of the mining shares showed lower today, and the market looked snappier in the late dealings.

### LAWSON TO LA ROSE

La Rose to Take in the Celebrated Lawson Mine.

It was learned yesterday that the La Rose Co. had completed arrangements with the Clark and Crawford interests in the Lawson property, and that the amalgamation of the celebrated Lawson mine with the La Rose Co. involved only a settlement with another individual. The final outstanding individual interest in the Lawson is expected to be arranged within the next few days. With the Lawson mine thrown in with the other La Rose properties it is thought that a big impetus will be given to investment in La Rose stock.

**LITTLE NIPISSING**  
Rapid Advance Explained by General Manager of Company.

The rapid advance of Little Nipissing a few days ago was explained by an interview which was had with S. D. Madden, general manager of the company's properties at Cobalt. Mr. Madden, who is known in Toronto for a considerable number of days, by conversation with the World, explained that considerable of the buying of the stock last week came from people in Cobalt who had learned from miners on the property of an important strike that was made on the leased claim on Peterson Lake. "This," Mr. Madden said, "was made at the 160 ft. level, where a vein two feet wide was struck. The vein, however, only carried real good values from 6 to 8 feet in places. In places the silver extended into the wall rock for some distance."

Mr. Madden considered, however, that more importance should be given to the find on the company's own property. J. B. 2, immediately south of Cobalt Lake. Considerable trouble has been experienced on this property on account of water for some time past, but a cement collar has been put in the shaft and development work is now being proceeded with at a rapid rate. The shaft is down about 60 feet and a vein showing good values has been followed from the surface down. On this property a boiler and hoist has been installed and it is the intention to deepen the shaft to a hundred feet before drifting under Short Lake. A diamond drill experiment some time ago discovered a very valuable vein under Short Lake. Mr. Madden said, "It is the intention to strike this vein in drifting from the shaft on the Little Nipissing properties. It is the most enthusiastic about the outlook at the Little Nipissing properties. He has had as much or more experience than almost any other man in the Cobalt, and seems confident that he will ultimately make money for the shareholders of this and other property with which he is associated."

**Get Away For Easter.**

## STAFF BUSY AT THE MOOSE HORN MINE

### Machinery Installed and Drifting Will Be Commenced at 125 Foot Level.

M. E. de Aguiro of the Consolidated Stock Exchange, New York, and Henry Atchison of St. Louis have just returned from Elk Lake City, where they went to look over the Moose Horn mines. This is one of the best developed properties outside of the Cobalt district. Three shafts have been sunk, each showing good values, besides many other veins have been uncovered, exposing native silver on the surface.

The main working shaft, which was started on a small vein, showing less than half an inch of calcite and no surface values, at the 60 foot level broke into a three inch vein of calcite in native silver. This shaft is now down 110 feet and will be continued to the 125 foot level, when drifting will be commenced. The vein south so far to cut an apertite vein running east and west and exposed for a distance of over 700 feet and from 18 to 30 inches wide. Samples taken from this vein at the surface show streaks of calcite and the whole apertite vein is heavily mineralized. A small stringer of apertite running from this vein was cut thru in the No. 5 vein and carries high values in native silver.

A mining engineer, who visited the property on Saturday informed Mr. de Aguiro that in his opinion the Apertite vein on the Moose Horn Mines would prove to be important. This vein is the No. 1 shaft, on which work has been discontinued, owing to surface water. The ore in this shaft is extremely rich, showing over 8000 ounces of silver to the ton. Drifting will be continued so as to cut this vein at about 100 feet from the surface.

**New Plant is Installed.**  
The new plant, consisting of two new 50 horse power boilers, two compressors and drills is now installed. Work will be pushed to the utmost capacity of the plant.

The company have entered into a contract with the Upper Ontario Steamboat Company for the shipping of their ore during the summer months on very favorable terms. The plan is for the company contracting to take it from their freight sheds in Elk Lake and load on cars at Latchford. The mine company have had several offers for building lots on their western claim, adjoining the town site, and will probably erect a few houses.

Mr. de Aguiro had a rather trying experience coming out over the road from Elk City to Charlton. Saturday night he was on the road and was being broken up rapidly and were in very bad shape. The animals got sick and the party were on the road all night. A great number of men came out from the incessant work of the winter and many of them are dying. The development around Elk Lake and Smyth has been marvelous, said Mr. de Aguiro. "Elk City and Smyth have grown wonderfully since my visit there in November. The roads are taking on quite a city-like appearance."

Messrs. de Aguiro and Atchison returned to New York last evening.

## BIX SIX AND MOTHER LODE

**New Camps Being Erected at Big Six—Camps at Mother Lode Improved.**

ELK LAKE, April 5.—(From the Man Up There).—J. W. Keys, the new joint manager of the Big Six and Mother Lode, is revolutionizing conditions generally on these two properties. The camps at the Mother Lode have been enlarged and improved. Iron beds, tables with springs and mattresses, have taken the place of bunks, and the dining-room and kitchen have been put in first-class condition.

At the Big Six, which adjoins the Mother-Lode on the south, new camps are being erected and the work is being done in the best possible manner. As soon as the new camps are completed, work will be about Saturday next, the work of installing the machinery, which, as already reported, is already on the ground, will be begun.

Considerable development has been already been done on the Big Six by contract, and as a consequence of the results obtained the company deemed it advisable to put in plan. Mr. Keys has evidently come to this camp with the intention of working these two properties to the best advantage, and judging by present indications he will do so.

**100,000 BERMUDA LILIES ARRIVE FOR EASTER SALE.**

NEW YORK, April 6.—With one of the largest consignments of Easter Lilly buds of the year, the steamer Prince George arrived here to-day from Bermuda. The vessel brought more than 100,000 of the seasonable flowers in her cargo and thousands of buds in addition were in possession of her passengers. The great part of her cargo consignment was discharged hurriedly to be rushed to distant points in the United States and Canada for Easter Sunday.

**New Trolley Line Halted.**

ALBANY, N.Y., April 6.—The Buffalo, Niagara Falls and Rochester Railway Company cannot operate an electric road from Rochester to Lockport, Niagara Falls and Buffalo, a distance of 120 miles, according to a decision handed down to-day by the court of appeal.

The fight against the proposed road was made by the New York Central and Hudson River Railroad Company, on the ground that the company was not legally a common carrier. A majority of the minimum amount of the capital stock required by law had not been paid in good faith, in cash to the directors named in the certificate.

**A Distinguished Archaeologist.**

The lecture of J. E. T. Ryan, of the University of Liverpool, to be given Thursday evening in the physics building of the University of Toronto, promises to be of great interest. Mr. Ryan, even as a young man, won distinction in the field of archaeology by his work in Cyprus. Everyone who is interested in the prehistoric culture on "Cyprus and the Prehistoric Age of the Mediterranean."

**Want Heavier Tariff on Beer.**

NEWARK, N. J., April 6.—A resolution deploring the failure to provide in the new tariff bill pending in congress for an increase in the tax on beer, while the tariff on various other commodities is increased, was passed to-day by the Newark Methodist Episcopal conference, in session here.

**CASTRO CANT LAND.**

PORT OF SPAIN, Trinidad, April 6.—At the urgent request of the state department at Washington, communication to London foreign office, the British government has decided not to permit Cypriano Castro, former president of Venezuela, to land at Trinidad.

**Have Smith's Murderer.**

PALERMO, April 6.—The police believe that they have in custody the murderer of Joseph Petrosino, the chief of the Italian Bureau of the New York police force, who was killed in this city on March 12. The man is Carlo Constantine and Antonio Paganante and Vito Casciferro are regarded as his accomplices.

**Drop in "Gym" Pool.**

SYRACUSE, N.Y., April 6.—The body of Ross A. Freeman of Brooklyn, a freshman of the College of Liberal Arts of Syracuse University, was found by Professor Scott in the bottom of the swimming pool in the new gymnasium at an early hour to-day. Prof. Scott had promised to teach the young man to swim to-day.

**Bond Forger Sentenced.**

NEW YORK, April 6.—Daniel M. Biddison, a note forger of this city, was to-day given an indeterminate sentence of from five to eight years in Sing Sing Prison, for having offered a forged \$1000 bond of the Central Coast Lumber and Construction Co.

**Want Heavier Tariff on Beer.**

NEWARK, N. J., April 6.—A resolution deploring the failure to provide in the new tariff bill pending in congress for an increase in the tax on beer, while the tariff on various other commodities is increased, was passed to-day by the Newark Methodist Episcopal conference, in session here.

Municipal Debentures

Absolute Security Attractive Return Correspondence Solicited. Wood, Gundy & Co., Toronto.

SUBURBAN CAR TICKET IS RESTRICTED IN USE

Solicitor Grant Made a Mistake When He Tended One, Rules Magistrate Kingsford.

W. H. Grant, of Proudford, Duncan, Grant & Skeans, legal firm, and solicitor for the former Town of East Toronto, was convicted in the police court yesterday afternoon for non-payment of fare on an Avenue-road car.

It appeared from the evidence that the practice had been to issue these tickets in sets of four. The tickets in such a set was the ticket tendered by the defendant and two more tickets of the same set were produced by him.

"In the absence of proof to the contrary, it is fair to assume that the companies are carrying out the provisions of the act. The act says five cents each way (ten cents for each return or round trip). These tickets are for two round trip tickets.

"Where did you have the child, Mrs. Snow?" asked the magistrate, addressing Mr. Nixon, "if a woman carried a new baby home with her, she would be considered an infant in arms."

CANADA'S WATER POWERS

WORTH AT LEAST \$50,000,000 TONS OF COAL PER ANNUM. OTTAWA, April 6.—A conservative estimate places the water powers of the Dominion at 25,822,967 horsepower.

Boy Forger Sentenced. STRATHROY, April 6.—Jacob Quackenbush, 14 years of age, convicted on four charges of forgery, was sentenced to four years in the Industrial School at Mimico.

Heal Test Bankrupt. NEW YORK, April 6.—Benn Teale, the widely known theatrical manager, to-day filed a voluntary petition in bankruptcy, stating that his liabilities were about \$12,000 and his assets \$200.

A Trust Company's Special Function is to act as EXECUTOR THE TRUSTS AND GUARANTEE COMPANY, LIMITED 43 & 45 KING STREET WEST, TORONTO. Established 1897. JAMES J. WARREN, Managing Director

PROFIT-TAKING REACTION DEVELOPS ON WALL STREET

New Yorkers Turn Soft When Profits Are Sought—Light Business in Canadian Securities.

World Office, Tuesday Evening, April 6. Transactions at the Toronto market to-day, while showing signs of broadening, gave no particular evidence of any increased buoyancy in prices. Business was pretty well distributed.

With an easier line of quotations on Wall Street, the market was inclined to show weakness, C.P.R. selling off half a point from yesterday and Twin City barely holding yesterday's quotations.

People's Gas put on a 7 per cent. basis. This is an increase of 1 per cent. Rogers, Brown & Co. say the steel market is dull but prices have begun to bring out business, both in steel and pig iron.

BOSTON.—An official of the Amalgamated Copper Co. says: "The copper metal situation is on a turn for a distinct improvement. This does not mean that there will be a big advance in the price next week or next month, but you can rest assured that the demand will begin to exceed the supply in the next few years the demand for copper will be beyond anything we have ever seen before."

The bullism in Union Pacific should be reflected in more general advances throughout the list, especially in the South Pacific and other railroads. Cheap money here and abroad will lead to enlarged investment demand which will be gratifying to the market.

On Wall Street. Beaty & Glasco received the following: A drive at the stock market in the last hour forced prices down a point or more in some cases; but there was a quick rally before the close. The bears used the Schwab interview on the steel trade as a pretext for making an attack. He said that the trade is the worst in its history. But whatever conditions were some weeks ago, they are now slowly improving.

On Wall Street. Beaty & Glasco received the following: A drive at the stock market in the last hour forced prices down a point or more in some cases; but there was a quick rally before the close. The bears used the Schwab interview on the steel trade as a pretext for making an attack. He said that the trade is the worst in its history. But whatever conditions were some weeks ago, they are now slowly improving.

55 CARS AT CITY AND TRADE OF EXPORT PRICES FIRM

Monday's Quotations Rule—Sheep, Lambs, Calves Steady—Hogs Sell at \$7.15 Cwt.

The railways reported receipts of live stock at the city market as being 55 cars, consisting of 23 cattle, 171 hogs, 171 sheep, 28 calves and 2 horses.

There were very few choice lots of butchers and export cattle. Trade, like it was on Monday, very slow with a light delivery of cattle, but plenty to supply the demand.

Prices were practically unchanged in all classes of live stock. There were very few good export steers on sale, and prices were the same as on Monday for the same quality.

Trade in milkers and springers is not nearly so strong, and prices are not so high as for the same quality. There is one thing to be noted, and that is that the quality was not so good as usual.

Receipts were fairly liberal, but few of choice quality are coming. Prices are quoted at \$2.00 for 100 lbs. each, and 2 export cows sold at \$4.75.

Market Notes. Messrs. Dunn & Leveck sold 8 export steers, 120 lbs. each, at \$2.10; 100 lbs. each, at \$2.00; 100 lbs. each, at \$1.90.

Market Notes. Messrs. Dunn & Leveck sold 8 export steers, 120 lbs. each, at \$2.10; 100 lbs. each, at \$2.00; 100 lbs. each, at \$1.90.

BLouses AND COSTUMES FOR LADIES OR GENTS?

That's the Question Which "Whip" Taylor and Hon. Mr. Brodeur Want Cleared Up.

OTTAWA, April 6.—(Special.)—George Taylor, chief Conservative "whip," on Friday night made a speech which to-day aroused the minister of marine and fisheries to get up and make a reply.

The Taylor contribution of Friday night was a selection from the chief whip's favorite volume, the auditor-general's report. Therein he found that the country was paying \$25 for one lady's cloak, \$15 a piece for seven ladies' blouses, and \$50 a piece for eight ladies' costumes, amounting in all to \$744.50.

Mr. Taylor asked how much mud this amount would take out, and he proceeded to ask the prime minister why he had allowed the minister of marine to put his hand in the public chest and take out money for this purpose.

Rising to a question of privilege Hon. Mr. Brodeur to-day detailed the Taylor speech and proceeded to say that he had remonstrated with his officers for allowing the public money to be wasted.

When he saw Mr. Taylor reading from the auditor-general's report he took his word for it, but the explanation he got from his officers was that there was nothing in the accounts for ladies' wearing apparel.

The "blouses" and "costumes" were for the sailors of the government fleet. When Taylor rose to reply, but he did not have the apology expected ready at hand.

"Be a man," cried several government supporters, and Taylor came back with the retort, "If the right hon. gentleman wants this debate to continue, he'd better call off his dogs."

Speaker was prompt to take the floor with the demand for order. "Then I withdraw the word," said Taylor, "but they are acting like dogs. If they want to get up a 70% like Friday night, we can go on."

Hon. Sydney Fisher claimed that the last sentence was a threat, and Mr. Speaker so said it.

No member is allowed to use threatening words," he declared and Mr. Taylor withdrew, adding that he would obey the ruling of the chair.

It was true that the word "blouses" did not appear in the accounts, but the auditor-general condenses," he said.

"Too thin," put in Mr. Fisher. "Will not you be better advised to know the minister of agriculture knows nothing about ladies' blouses," replied Taylor, who went on to say that if one would go into any store and ask for blouses, he would be shown to the ladies' department.

He promised to move at the next meeting of the public accounts committee, and he would show that the department bought any amount of stuff for ladies.

"Fancy," he went on, "blouses at \$15 a piece for men to wear on the dredging barges." The incident then closed.

SEPARATE SCHOOL BOARD

Decide on Erection of New School in East Toronto. At the monthly meeting of the separate school board last night the recommendation of the sites and building committee to erect a four-room brick school in St. John's Parish, East Toronto, was adopted.

In accordance with the report of the management committee, Miss Zealand was appointed teacher of the primary boys' class of St. Mary's school until June 30, at \$350 a year. Teachers will also be appointed to the fourth book class of St. Joseph's school and the senior second boys' class of St. Paul's school.

Separate School Inspector Powers was appointed representative of the separate schools on the entrance examination board.

It was resolved to grant a 21 years' lease of the southwest portion of the grounds of St. Francis school to the priest and congregation of St. Francis parish for the purpose of erecting thereon a parish hall for the youth of the parish. The intention of the parishioners is to erect an up-to-date building, containing gymnasium, bath, etc. The larger rooms will be also available for school purposes, if required.

The total number of pupils registered in the Catholic schools in March was 4701 and the average attendance 4111.

THE ROBERT SIMPSON COMPANY, LIMITED

LENTEEN SERMON

Rev. Canon Welch preached again on the meaning of the atonement at the Lenten sermon given at St. James' Cathedral yesterday. He said, was an awful reality which had severed the relations of God and man. Unless a reconciliation could be effected to the separation must be eternal. Man, on account of his sin, was powerless of himself to obtain a reconciliation. It was available to all thru the atonement of Christ. The atonement accomplished two things: the forgiveness of past sins and afforded the possibility of future holiness of life. The forgiveness of sin and the remission of a penalty were quite different. Divine forgiveness was much deeper and more joyful than a pardoning of sin. Forgiveness meant a welcoming back to fatherly love of the repentant lost son. Christ made this forgiveness available for all by His oblation on the cross. Reconciliation, to be genuine, involved the possibility of future holiness. Man required an ideal as an example. This ideal was to be found in the perfect life of Christ. The impossibility of attaining the ideal of the Saviour's perfect life was only to be overcome thru the strength from the risen life of Jesus Christ, and thru the holy sacraments. All are disposed to find personal excuse for their sins and in self-accusancy to indulge in the huge delusion that they have never been guilty of any very serious sin. The error of such a delusion is realized when it is remembered that the darkness of Calvary was the direct result of disobedience to God. Some people have raised the objection that since God can not be angry, but guilt must be punished. In answer to such an objection it was only necessary to consider the forgiveness which is being pardoned when it is remembered that a penitent child who has done wrong. Of such a nature is the reconciliation freely offered in the atonement of Christ.

MUST PAY HIS SUBSCRIPTIONS

Also \$15 Additional For Interest—Church Wins Suit. WINDSOR, April 6.—(Special.)—Judge Smith has announced his decision in the case of the Wesleyan Methodist Church at Woodside, plaintiff in the action against J. F. Ruston, a prominent farmer, to recover \$100 pledged by him as subscription to a new church. Ruston declined to settle because the title of the church was changed, and the edifice cost more than the original estimates. Judge Smith has ordered Ruston to pay his subscription, with \$15 interest in addition. It is understood Ruston will appeal.

George Edwards, manufacturer of soft drinks, disposed of his business a short time ago and prepared to accompany his wife south for the benefit of her health. He was himself taken ill and died suddenly to-day.

Dr. Orville Cook, Jr., pleaded guilty. The father had been arrested from Detroit on a charge of son off on the train to Chatham. They were fined \$4.50 each.

ELECTRIC RAILWAY PROJECT

Brockville Town Council Takes No Action in Proposal. BROCKVILLE, April 6.—(Special.)—At the meeting of the town council a letter was read from the Council of Toronto, asking the town to agree to guarantee the interest on the bonds of a company for 20 years to an amount of \$25,000 per mile for an electric railway from Toronto to Montreal. It was to be for all miles or fractions as running in this county, providing the municipality agrees to carry the passengers to all points on the line at just half the present rates by rail. It was pointed out that the Company was not asking for a Bonus in money. The council took no action. The town council had arranged to introduce a by-law for the extension of the board of police commissioners, but a largely signed petition, also a letter from the agricultural association, protesting against the change, was sent in, and on the casting vote of the mayor the matter was left over to give the ministers an opportunity of appearing before council.

Toronto's Awful Storm. "In my work among the submerged tenth of my own cities I have never seen anything like the conditions under which some of our poor are living," said Rev. Dr. Benjamin Gregory of the Manchester and Seaford Mission, England, addressing a meeting at St. Dunns-avenue Methodist Church to-day. "Our people do not suffer as much from the rapacity of the landlord as you people in Toronto. Every man has a shack of three rooms, where we would be ashamed to house our cattle, and I was told that the family living there paid the rent a month for \$10.00. The worst parts of the cities from which I came the landlord does not charge more than \$8 a month for a six-roomed cottage, with some of the modern conveniences."

Canadian Hospital Association. The executive committee of the Canadian Hospital Association have completed arrangements for the third annual conference, which will be held in the parliament buildings on Easter Monday and the following day. The program contains the names of Prof. Von Ebers of Montreal, Edward J. Stevens, hospital architect, Boston; Dr. Bruce Smith and other prominent hospital workers. One of the features of the conference will be a visit to the Tuberculosis Sanitarium at Weston.

New Insurance Company. OTTAWA, April 6.—The banking and commerce committee this morning reported the bill incorporating the British Colonial Fire Insurance Co. The head office is to be at Montreal.
