MONTREAL OPINION ABOUT UNANIMOUS FOR A TARIFF WALL

Only Discordant Note Sounded by Two Representatives of United Farmers.

SESSION IS CONCLUDED

Montreal, Nov. 19.—(By Canadian Press)—After five days of hard work, the tariff commission concluded its sittings here this afternoon. During the sittings, briefs were presented by thirty leading industries, of which each asked for a continuation of the present moderate protective tariff and a few asked for a higher rate of protection, contending they had been placed in a disadvantageous position by reason of United States dumping. The general opinion was that, without a safe and sane tax, Canadian industries would be dominated by United States and other outside industries, and this view was also upheld by representatives of smaller municipalities throughout the Montreal district. Market gardening, truck farming and agricultural districts adjoining manufacturing centres strongly endorsed the same view.

Farmers Differ. The only discordant note against tariff was sounded by two representatives of the United Farmers of Quebec, who, however, in the factum they presented, made statements that did not aid their case, and which were shown either to be greatly exaggerated or in accordance with the facts. At the close of the sessions here, F. W. Stewart, chairman of the Montreal branch of the Canadian Manufacturers' Association, thanked Sir Henry Drayton and the other commissioners for the patient and courteous manner in which they had conducted the en-

CHIEF OF STAFF HAD CLOSE CALL

Head of Republican Army Jumped From Window When House Raided.

BREACH WITH "REPUBLIC"

Dublin, Nov. 19.—The chief of staff of the Irish republican army had a narrow escape from capture by the crown forces last Tuesday night when the house in which he was secretly living was raided, according to an official announcement. It was in this raid that the military captured documents concerning the alleged plot to infect crown troops with typhoid and cavalry horses from capture by Sir Hamar Greenwood, chief secretary for Ireland, announced in the house of commons yesterday.

When the military entered the house the chief of staff jumped from the window, and, negotiating a 61-foot wall, got away. As the greatest importance was attached by the military to his capture, they threw out elaborate cordons, but without effect.

The official announcement says the documents were captured in a raid on the house of Professor Michael Hayes, Will ignore Dail Eireann.

The county council today passed a resolution deciding in future that it would comply with the requirements of the local government board and carry on business, respecting of certain decrees of the Dail Eireann (Irish republican parliament) recently issued.

This is the first breach among the local bodies in loyalty to the Dail Eireann. It synchronizes with an application made by the local government board in the Dublin courts against the Dublin city council, the Monaghan and Cavan county councils to enforce the right of supervision.

Twelve Arrested in Raids. From early this morning until this evening the military was busy raiding in all parts of the city. The places raided included the offices of the food emergency committee in the city hall. Twelve persons were arrested during the raids.

ITALIAN CHAMBER GRANTS THE SUFFRAGE TO WOMEN

London, Nov. 19.—The Italian chamber of deputies, by a vote of 240 to 10, has granted women the suffrage, says a despatch to The Exchange Telegraph from Rome.

GENUINE REDUCTIONS.

Don't forget the special sale of men's hats and overcoats specially advertised for today only at Dineen's, 140 Yonge street. Every overcoat in stock reduced considerably in price; hats of the finest quality made by such high-class makers as Hillgate, Heath, Christy, at \$7.75; Stetson and Borsalino at \$8.75; a special offering today of odd sizes and broken lines at \$4.75, worth up to \$7. All the new colors in Christy's, \$8; soft hats only \$5.95. Come as early as you can. Dineen's close at 6.

PRE-WAR PRICES IN COARSE GRAINS

Wheat Also Plunges Downward on the Chicago Market on Heavy Offerings From Canada—Market of the United States Glutted With Canadian Cattle as Well as Grain.

Chicago, Nov. 19.—Pre-war prices made their first appearance today in the grain market. Corn and oats were sacrificed wholesale in the trading pits until both cereals were squarely on an anti-bellum basis of value. Transactions in wheat were also of great volume, with prices slashing in progress. December wheat closed at \$1.72, December corn at 66¢, and December oats at 44¢.

Persistent liquidation of corn especially was explained by bears as due to the necessity of a price low enough to induce consumers to stock up ahead of requirements and to impel buying on the part of investors. This view, however, was being actively combated late in the day by the bulls with the question as to whether, with pre-war prices already attained, the period of liquidation was not now fully over, or at least as far as cereals were concerned.

GERMANY CLAIMS MISAPPREHENSION IN SIGNING PACT

Will Not Now Be Bound by Clause Affecting Colonies and Mandates.

EXPECTED TO SHARE COUNTS ON ITALIANS

Geneva, Nov. 19.—The German government no longer considers itself bound by the clause of the Versailles treaty, by which Germany surrenders her colonies to the allies, according to an official note on protest, which has been presented to the League of Nations. The note declares that the allies have not fulfilled their undertakings regarding the clause of the treaty concerning the allotment of the German colonies and mandates. It adds that, having accepted the pact of the League of Nations, Germany understood she would be admitted to the league and consequently take part in the allotment of mandates, but that now she no longer considers herself bound by that clause of the treaty.

REFUGEES THROG CONSTANTINOPLE

Local Relief Committees Are Overwhelmed With Task of Relieving Situation.

Constantinople, Nov. 19.—Large numbers of refugees are still arriving from the Crimea. Several shiploads, which arrived today, are expected to bring the total up to 140,000. Local relief committees of various nationalities are overwhelmed with the task of relieving the situation. Hundreds of the refugees are starving and it is feared that unless immediate outside help comes a catastrophe is inevitable. A Red Cross unit has been mobilized to prevent the spread of disease.

GERMANS AND CZECHS IN RIOTS AT PRAGUE

Crowds Attempt to Storm Parliament Buildings—Police Inspector Killed and Buildings Destroyed.

Prague, Nov. 19.—Three days' rioting culminated yesterday in an attempt by the crowds to storm the parliament buildings, despite efforts by mounted police to hold them in check. Four times deputations forced their way to the back doors of the building and demanded that the premier surrender the German deputy, Baern, who, it has been reported, spoke in a disparaging manner of the Czechoslovakia legation.

The trouble began on Tuesday after a mass meeting. The German dramatic theatre was occupied by the Czechs and the statue of Joseph II. was removed from the square. In retaliation, the Germans demolished a Czech school. German senators and deputies walked out of parliament as a protest.

Police Inspector Stihg was dragged from his horse during the disturbance and instantly killed. The statue of Bismarck was paraded thru

CONSTANTINE TALKS AS F RESTORATION WAS ACCOMPLISHED

Discusses What the Future Foreign Policy of Greece Should Be.

Paris, Nov. 19.—Former King Constantine of Greece today outlined views of the future foreign policy of Greece to a representative of The Petit Parisien. "Our policy," Constantine is reported to have said, "will be one of peace. We must reach an agreement with Bulgaria concerning Bulgarian outlets to the sea, and also must conclude with Serbia a lasting agreement. "Concerning Asia, we will hold out for restitution of Greek territory, and eventually we will accept in arriving at such relations with Turkey as will put an end to the massacres of Greeks in Asia Minor. "I always have tried to establish friendly relations with Roumania and Turkey, and still maintain that our efforts should be united. But in order that this may be done, Turkey must accept the accomplished fact created by the Sevres treaty. "We shall keep to the letter of the treaties just signed. It would be solely with the aim of insuring their execution that we would accept co-operation with the 'little entente.' Such co-operation even then would be conditional upon Greece not being dragged into any adventure. "Referring to the situation created by the defeat in the elections of Premier Venizelos, Constantine is reported to have said: "I can count upon the sympathy of Italy, and England, itself, if it desires, will find in me as faithful a collaborator as my former premier. "Regarding France, when the truth is known, she will find that I never wished to break with my father's traditions."

BETTING THOUSANDS ON BY-ELECTION

United Farmers Are Covering All Offers in East Elgin.

London, Ont., Nov. 19.—Thousands of dollars in wagers are upon the East Elgin campaign, and the United Farmers are still covering all offers and backing their men to win. The Conservatives are betting two to one on Stansell, the government candidate. In St. Thomas tonight odds are even as far as Charleton, the Liberal candidate, is concerned. "It is still anybody's fight, and with favorable weather on Monday every one of the 11,000 voters will be got to the polls. Just what the women will do is uncertain, and their votes may swing the election. It is expected that Premier Meighen will fire the closing guns of the campaign at a massive rally in Axminster on Saturday night. "The United Farmers' campaign has been a quiet one, but a heavy farmer vote will be polled. "G. G. Charleton has fought thruout practically single-handed.

Black and Tan Warning Released Jail Warden

Dublin, Nov. 19.—Thos. Griffin, the warden of Cork jail, who was kidnapped October 10 while on his way to his home, returned to his home today. "Shortly after Griffin was kidnapped, a notice posted by unknown persons, was found on the door of the offices of The Cork Examiner, saying: "Final notice of Warden Griffin is not released within forty-eight hours. Cork will remember his abduction." The notice was signed: "By order of the Black and Tans."

\$2,000 in Silver, 200 Cases Liquor Found in Pigeon

St. Catharines, Nov. 19.—Police in searching the pig pen of Antonio Costello at Thorold for a quantity of silver stolen from Niagara Falls, came upon a cache of 200 cases of American whiskey and gin, with about \$2,000 worth of silver. Costello, who is out on bail, pending hearing of the charge of silver theft before the Niagara Falls magistrate, was taken before the Thorold magistrates and fined \$250 for a breach of the O.T.A. The liquor was confiscated.

EX-SERVICE MEN CAUSE DISORDER AT BIG MEETING

Gather Outside Massey Hall to Await Premier Meighen.

NO HARM IS DONE

Outside Massey Hall ex-service men gathered in their thousands from 6:30 to 11 o'clock in the hope of hearing Hon. Arthur Meighen for a few moments, either before or after his address in the hall. The wait was in vain. Mr. Meighen did not appear, neither were the front doors opened until the meeting was over when the gathering within the hall was let out to the tune of prolonged "boos" from scores of throats. The conduct of those outside was orderly, except at the moment the people were coming back, when one of them stated that he was sick and that he had a few moments to say "hello" to Mr. Meighen. Someone did, and a scuffle ensued. Finally, the police, of whom there were about 50 in the present, visited the foothold man so restless, which he did in some disorder. "J. Henry Flynn had addressed the meeting in the hall and had advised them to in no way besmirch the name of ex-service men by resorting to rough tactics. They had the object of quieting the gathering outside, and except for jibes at the police with counter-jibes from them and friendly sallies fore and aft, there was nothing of event to note. In his closing address Mr. Flynn quieted the rather boisterous spirits of the crowd outside by reminding them that the government had promised to address a mass meeting of ex-service men within the next ten days.

POINTS IN PREMIER'S SPEECH

Our chief task now is to accomplish the greatest possible measure of unity at home. The level of protection must not be higher on any line of goods than essential to keep the business here. The Canadian tariff is the lowest it has been since 1878 and is lower than the protective tariff of any other country of any size in the world. All who vote for farmer candidates are voting against protection in practice, principle and everything else. The Mackenzie King platform, adopted in August, 1919, does not declare against protection or even mention the subject at all. The leaders of the official opposition, except Hon. Mr. King, who refuses to say yes or no, namely, Lemieux, Fielding, Boland and David, have declared for the protection principle. We are buying from the United States more than two dollars' worth of goods for one we sell to them and we don't want to make this condition of a policy of confiscation. The government will not reopen the question of a cash gratuity to returned soldiers. A committee, composed mainly of returned men, will be appointed at the next session of parliament to deal with re-employment, pensions and other problems of war veterans, and the government will carry out its recommendations. No effort will be spared to find employment for workless men this winter. More returned men are making good under the land settlement scheme in Canada than in all the other belligerent countries combined. Immigration that will tend to take away work from returned soldiers will be discouraged.

AGAIN URGED TO ADMIT FORMER ENEMY STATES

Great Britain, Thru Labor Member, Adds Her Voice to Four Other Countries at League Assembly Meeting.

Geneva, Nov. 19.—Mandates, open diplomacy and the admission of former enemy states to the League of Nations furnished today's material for discussion in the assembly of the League of Nations. For the first time the word "revision" was pronounced in connection with article eighteen of the covenant of the league, which provides for the registration of treaties or international engagements. For the first time also, the viewpoint of labor as regards the league was presented. The views of labor were presented by Geo. Nicol Barnes, of the British delegation, who gained applause when he declared that "a general peace is impossible until we have industrial peace, and industrial peace is impossible until labor gets its full share of the product of its own effort."

Twice again the admission of former enemy states into the league was advocated. Labor was quoted by Mr. Barnes as in a large majority demanding that there now have been represented in the demands for the admission of the former enemy states South Africa, Great Britain, Switzerland, Argentina and Scandinavia. It still appears, however, that no one of the delegations is ready to take the initiative in proposing the election of Germany to membership. Lord Robert Cecil, of the British delegation, had said that he would not do so, and Honorio Pueyrredon, head of the Argentine delegation, who has spoken strongly in favor of Germany, still appears, however, that no one of the delegations is ready to take the initiative in proposing the election of Germany to membership. HUGE STEEL FIRM FOR THE FAR WEST

British Columbia to Have Company of \$15,000,000—Bounty Approved.

Vancouver, Nov. 19.—Incorporation of the Coast Range Steel Company, Limited, with a capital of \$15,000,000 and controlled by British capital, was announced here today. It is the intention of the company to create an iron and steel plant with blast furnaces, on the lower mainland of British Columbia. Plans of the company provide for the ultimate expenditure of \$50,000,000 in the establishment of a great iron and steel industry and it is the intention to start active construction within six months. Engineers have been in the province for two months making a survey of the situation. Bounty Granted. Vancouver men named provisional directors are W. J. Leighton, J. T. Congdon, J. D. Kearns, John Stets and Major Montague Moore. The provincial government has approved the project and will pay \$3 a ton pig iron production bounty.

Massey Hall Unable to Accommodate the Thousands Who Wish to Hear Premier, and Despite Scattered Heckling, Attentive Hearing Is Given—Ex-Service Men Are Told That Government Cannot Reopen Gratuity Question.

Massey Hall was filled to overflowing last night by Toronto people anxious to see, hear and welcome Right Hon. Arthur Meighen, premier of Canada. Massey Hall could, and would, have been filled two or three times over if any considerable percentage of the multitude which surged about the great building, anxious to greet the new prime minister, could have gained admission. An hour before the time advertised for the meeting to open, the hall was filled to capacity. It was an audience heartily in accord with the orator of the evening, which eagerly seized every opportunity to voice its loyalty and enthusiasm. There were, however, some present who came to make a disturbance, and early in the proceedings there were numerous cries of "We want Flynn." Chairman J. R. L. Starr made no headway against this disorder until he called upon Mayor Church for the first speech of the evening. His worship told the soldiers of the "soldier city of Toronto" that they must give the young premier a fair chance, and he could assure them that all complaints would be investigated, and all reasonable demands receive sympathetic consideration. Incidentally, T. L. shot some poisoned arrows at Mr. Meighen's predecessor. He rejoiced that we, at last, had a premier with some backbone, a man who knew his own mind and was able to say yes or no. The mayor was severe on Premier Drury as the assassin of Hydro; and in closing declared that he was born a Tory and a Tory he would die. Guthrie is Heckled. The mayor was followed by Hon. Hugh Guthrie, minister of militia and defence, who was subjected to some heckling and demands for a general election. Mr. Guthrie took these in good part, but was beguiled into a rather long historical argument in defence of his proposition that the Meighen government need not go to the country until the summer of 1923. He declared himself a Protectionist, and said he had supported Sir Wilfrid Laurier in the house of commons, not because he preached free trade, but because he practised Protection. Meighen to War Veterans. Mr. Meighen, on rising, received a great ovation. He expressed his regret that so many people had been prevented by the size of the hall from hearing his address. He was perfectly willing to go outside and address the throng there assembled, but had been notified by the police (Continued on Page 6, Column 6).

CATHOLIC HIGH SCHOOL HONORS ARCHBISHOP

Echoes of the silver jubilee of his grace Archbishop McNeil were heard at Columbus Hall yesterday afternoon when St. Joseph's girls' high school gave a charming program at which his grace was the guest of honor. The opening chorus was in the form of a jubilee greeting. This was followed by "Oft in the Still Night," sung as a part song in which the voices of the girls showed nice training. The principal feature was the prolog and drama, "Saint Catherine of Alexandria," a story of the time of the Emperor Maximus, when the Christian maiden who is remembered as a

philosopher as well as a martyr, by being broken on a wheel. An angel breaks the wheel and the headman's axe is the instrument that finally wins Catherine the crown. Gounod's "Praise Ye the Lord" closed the interesting program.

LUCKY HUNTER RETURNS.
R. H. Doughty, 330 1/2 Parliament street, is one of the lucky hunters just returned from the north, bringing back with him a handsome buck weighing 220 pounds, and ten nice partridges. Mr. Doughty hunted north of Apsley.

VISIT TO DENTIST AS EXCUSE FOR SPEEDING

Even Magistrate Ellis remarked about the number of people in yesterday afternoon's police court whose excuses for breaches of the traffic bylaws consisted in journeys to the dentist or illness in the family. H. J. Wilson, 13 Deer Park, recent, said that he had three teeth extracted and was hurrying to get home before he caught cold. His speedometer was being repaired, so he was trusting to his judgment to keep at 20 miles an hour. He was remanded.

COURT ALLOWS APPEAL.
The second divisional court of the appellate division yesterday allowed the appeal of the Ottawa Electric Railway Co. from the judgment of Justice Latchford in the terms of the jury's verdict, allowing Zenon Primeau \$2,000 and costs against the company. Primeau's action is dismissed with costs if exacted. Primeau sued for \$3,229 damages for personal injuries and injuries to his automobile when it was struck by an electric car.

AGAINST NATIONAL SCHOOLS IN QUEBEC

Speaker Also Declares French-Canadians Are Deliberately Misrepresented.

"If Quebec ever adopts national schools, as I pray they never will, the English-speaking Canadians will not stand a ghost of a show against the French-Canadian in business and politics," said L. McMahon of Montreal in an address yesterday before the Electric Club on the subject, "The French-Canadian—His Contribution to Our National Character." Mr. McMahon charged that the French-Canadian had been deliberately misrepresented to the rest of Canada and stated that if he were known as he really is the French-Canadian would have the good will and respect of the rest of Canada. In his plea for a proper understanding of the French, Mr. McMahon was a veritable lion in the audience. The French-Canadians, he said, were the most hospitable people in the world, had the best home-life in the world, were deeply religious, free from the divorce evil, had no class politics, and were not easily moved by faddists or radicals. If they were not as enthusiastic over things British as Ontario people they were just as loyal to British institutions and were just as good Canadians. They had been in this country 300 years and were rooted in the soil.

Quebec, said the speaker, led all other provinces in the utilization of the forests; they planted three trees for every two they cut and were also great farmers. Quebec had developed great financiers and politicians. Mr. McMahon touched on the war only briefly, but said the records would show the enlistments had been 1.7 of native population, while enlistments of native born Ontarians had been 1.9 of population. There were other provinces which had not made as good a showing as Quebec. Finally, the speaker declared the differences which continually crop up between Quebec and the rest of Canada were based on prejudices rather than principles.

COMMISSION SEES UNIVERSITY NEEDS

Sir Robert Falconer Points to Necessity for Administrative Building.

The members of the Royal Commission of which Dr. Cody is chairman, appointed by the provincial government to make a thorough investigation of the financial requirements of the University of Toronto, Queen's at Kingston and Western University, London, inspected the first named institution yesterday. They were accompanied by Sir Edmund Walker, chairman of the board of governors; Sir Robert Falconer, president of the university; Dr. D. Bruce Macdonald, vice-chairman of the board of directors and chairman of the property committee; and Major A. D. Le Pan, superintendent of the university. The main building of Toronto University was first inspected. Sir Robert Falconer pointed out the necessity for a separate building to accommodate the administrative staff and suggested the corner of land between Knox College and Convocation Hall as a desirable site. This would remove the congestion in University College to a certain extent, but further class rooms would still be required. Some six or eight would be provided by connecting the east and west wings of the main building with a new three-storey building. Sir Robert also thought that University College should be provided with men's residences at the earliest possible date. This could be built just north of Knox College and across the drive from the west wing of the present building. Other departments will be visited.

RECEIVER REQUESTED FOR ARENA PROPERTIES

The Toronto General Trusts Corporation has issued a writ at Osgoode Hall asking for the appointment of a receiver and manager of certain properties of the Arena Gardens of Toronto, Limited, comprised in a trust agreement of March 2, 1912, amended by another agreement of July 19, 1917. Plaintiff asks for the administration and execution by the court of the trusts of the indenture between the Arena Gardens and the Toronto General Trusts Corporation, whereby certain property and assets of the former were vested in the trust company for securing the bonds of the Arena Gardens in an amount of \$300,000.

NO CASE MADE OUT.
Judge Coatsworth in the sessions yesterday, after hearing the crown's evidence in the charge of attempted murder and execution by the court of the bodies against Joseph Mendelash and Victor Nathanson, found that there had been no case made out against accused and instructed the jury to return a formal verdict of not guilty.

62 YEARS IN MINISTRY.
Brockville, Nov. 19.—Word has been received here of the death at Victoria, B. C., of Rev. Wm. Sheridan, a veteran Methodist minister, formerly stationed in the Montreal conference, who resided at Kingston in 1854. All told, he was 62 years in the ministry. After superannuation he lived at Beamsville and Hamilton before going to the coast.

CHARGE COLLUSION IN BUILDING TRADES

Cement Industry in U. S. Said to Be Controlled by National Association.

New York, Nov. 19.—Evidence purporting to prove that the output of the cement industry over the United States is "controlled by a national association," which tends to eliminate competition in bids for construction work, was presented here today to the Lockwood committee investigating the alleged "building trust."

FIVE HUNDRED EXHIBITS OF LIVE SILVER FOXES

Ottawa, Nov. 19.—(By Canadian Press)—Over five hundred entries have been received by the commission of conservation for the exhibition of five silver foxes which will be held at the motorrome building, Montreal, for three days, opening November 23.

NEED 13,000 PEOPLE TO TAKE THE CENSUS

Ottawa, Nov. 19.—(By Canadian Press)—A staff of some 13,000 persons will be engaged next June in taking the Dominion census. At present no accurate figures of the population of Canada are available, but it is estimated at the Dominion bureau of statistics that the population is between eight and three-quarters and nine millions.

Ex-Empress of Germany Recovering From Attack

Doorn, Holland, Nov. 18.—The condition of former Empress Augusta Victoria of Germany, who has been suffering from a severe heart attack, was so much improved today that former Crown Prince Frederick William, who had been summoned to Doorn because of his mother's serious illness, returned to his home at Wieringen this afternoon. Before he left he said to the correspondent:

Clashes in British Commons Over Seizure of Empty Houses

London, Nov. 19.—Lively passages constantly occur in the house of commons committee, which is considering the bill giving local authorities power to compulsorily hire empty houses, which owners decline to let, except at an unreasonable figure. A labor member charged these so acting as being guilty of murder, but another member called it theft if the owners were prevented from getting an economic return on their property.

IF KIDNEYS AND BLADDER BOTHER

Take Salts to Flush Kidneys and Neutralize Irritating Acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine, making it longer a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

MISSING STEAM BARGE WAS SEEN ON TUESDAY

Keybell Was With the John Randall Near Timber Island—Motorboats Searching.

Kingston, Ont., Nov. 19.—A telephone message received here late this afternoon from Cape Vincent, N.Y., stated that the mate of the steamer Keybell has reported there that the Keybell had laid to alongside the missing steam barge, John Randall, under the lee of Timber Island, all Tuesday night, and had left the John Randall there when she cleared on Wednesday morning. This is the only news of the missing steamer received here today.

WOMEN IN KINGSTON KIDNAP OWN CHILDREN

Kingston, Ont., Nov. 19.—(Special)—No word has yet been received of the steam barge, John Randall, which left Oswego on Tuesday laden with coal for the Downey Company, of this city. Motor boats are making a search of South Bay and the main Ducks with an object of locating the missing vessel.

16 WOODSMEN DROWNED WHEN LAUNCH TOOK FIRE

Bangor, Maine, Nov. 19.—Sixteen woodsmen were drowned in Chesuncook Lake, in the heart of the lumber district, yesterday afternoon, when a motor boat took fire. The men were being taken across the lake from Chesuncook Dam to Cuxabesic. Efforts to quench the fire failing, the party became panic-stricken and many leaped overboard, according to word brought here today.

NEW MONTREAL BRIDGE APPROVED BY TASCHEREAU

Montreal, Nov. 19.—Premier Taschereau today gave his approval to the plan for a bridge across the St. Lawrence at Montreal, submitted to him by Lord Shaftnessy and a citizens' committee. The premier, however, pointed out that the Quebec provincial government could not be expected to bear the whole cost of the structure.

Compulsory Day of Rest Urged For French Newspaper Workers

Paris, Nov. 19.—A bill providing for a compulsory day of rest weekly for newspaper workers and printers was deposited with the president of the chamber of deputies today and will be discussed in turn. Complete suspension of work in editorial, composing and printing rooms between 6 a.m. Sunday and 7 a.m. Monday is called for by the measure. If voted, it will mean the suppression of Sunday afternoon and Monday morning editions.

WINTER IN ALGONQUIN PARK

The attractions which Algonquin Park affords during the winter months are many and varied. Tobogganing, ski-ing, skating, snow-shoeing and fishing thru the ice are the principal ones. The bush trails on snowshoes are a real joy and there is unlimited opportunity for the ski-cr. "The Highland Inn," owned and operated by the Grand Trunk Railway, offers comfortable accommodation and is equipped with modern plumbing, steam heat, large bright sleeping rooms, cosy lounging rooms, and open fireplaces. The cuisine—a matter of special attention. It is advisable to reserve rooms in advance. For illustrated booklet telling you all about it write to Grand Trunk Ticket Agents or C. E. Hornung, District Passenger Agent, Toronto.

TO DIVERT CUBAN SUGAR TO MARKETS OF EUROPE

New York, Nov. 19.—Plans for the diversion of between 100,000 and 200,000 tons of Cuban raw sugar to European markets are under way by a group of local sugar dealers, it was announced here today, as a means of relieving the present financial situation in Cuba. The dealers, it was reported, are seeking buyers among the purchasing representatives of Great Britain, France and Italy, in the belief that the foreign sale will eliminate a great amount of raw sugar hanging over the market, and will provide the Cubans with funds now needed.

FACES THEFT CHARGE

Niagara Falls, Ont., Nov. 19.—Robert C. Mackay was arrested here last night by Provincial Officer Chief Mains on a charge of theft, preferred by the chief of the Welland police.

INVENTOR LEAVES \$70,000.

Ottawa, Nov. 19.—By the will of the late P. McGregor, a local inventor, Miss Jessie McGregor, a sister, inherits his whole estate, probated at \$70,932, of which \$45,000 is cash.

CHAUFFEUR ON TRIAL

Halifax, N.S., Nov. 19.—Clarence Short, Dartmouth chauffeur, charged with responsibility for the death of Mrs. Muriel M. Morris, on Monday evening, was committed for trial by the supreme court on a charge of manslaughter at a preliminary examination before Judge Foster in Dartmouth this morning.

TROUBLE WITH POLICE

Montreal, Nov. 19.—The Montreal police have refused to wear the "on duty" brassards recently allotted to them. The officers' union, it was announced today, have given the police commissioner until Monday to cancel the order regarding them.

TO ASK REHEARING ON FREIGHT RATES

Toronto Corporation Counsel Will Make Application at Ottawa.

Representatives of the Central Ratepayers' Association, J. C. Fitzgerald and G. W. Ellis, appeared before the board of control yesterday and asked the board to postpone any increase of rates by the gas company.

"I can't stop them raising their rates," declared the mayor. "Well, someone has got to stop them," declared Mr. Ellis.

On motion of Controller Ramsden, the board decided to ask for a conference with Provincial Secretary Nixon and endeavor to get more ground in the jail property as a site for the isolation hospital.

The report of the juvenile court and detention home committee, recommending an appropriation of \$200,000 for a new building for a court and home, was sent on to council.

HUNDRED PER CENT. INCREASES IN RENT

Assessment Commissioner Submits Instances to the Board of Control.

The report on apartment house rentals prepared by Assessment Commissioner Fisman was submitted to the board of control yesterday. Among the fifteen instances given increases of nearly 100 per cent. were shown to have been made in two years.

WILL INTRODUCE TENANT OWNERSHIP

Toronto Man Sees Good Opportunity for Residents in Apartment Blocks.

Big apartment blocks and the private owning of individual apartments was the solution of present housing problems in this city, given by B. Trestrail of Gould & Co., estate agents, to The World when seen yesterday afternoon.

Mr. Trestrail has just returned from an investigation of the housing problem in New York, and his experience is that the rent profiteer, who has feasted on the shortage, has been effectively thwarted thru the system of co-operative or tenant ownership of apartments, and also by the new rent law which has put a bridle on the just and unjust alike.

The plan was extremely simple, Mr. Trestrail added, and in view of the cost of living and the servant problem, coupled with the expense of operating an individual home, the apartment had come to take the place of the home, and that being so, why should not the tenant own his own apartment?

There was, Mr. Trestrail stated, some backwardness at first in purchasing these apartments on the co-operative plan, because of the feeling that they might want to move, but all these objections had been done away with under the present system whereby tenants, instead of buying the tenement, purchased proprietary leases that were perpetually renewable, and if a tenant wished to move out he could sell his apartment or an agent could sell the lease in exactly the same manner as a house was disposed of.

"We plan," Mr. Trestrail said, "to introduce the tenant ownership apartment block in Toronto, and the result should be of tremendous importance, for if it proves a success a great number of people will exact themselves to the people of modest income to overcome the high rent problem and to own their own home."

LABOR NEWS WILL DECIDE ACTION ON CIVIC ELECTIONS

Premier Meighen Promises Prompt Consideration of Reopening Shipyard.

Whether or not the Independent Labor party intends to nominate candidates for municipal office or formulate a municipal plank for the ensuing year, will be decided at the next meeting of the Labor representation committee, which is to be held at the Labor Temple on Thursday night.

Premier Meighen yesterday afternoon promised Herbert Wright, business manager of Local 152 International Union of Shipbuilders, that the matter of completing the construction of boats now on the stocks at the yards of the Dominion Shipbuilding Co. would receive the immediate attention of the cabinet upon his return to Ottawa.

Ward Six, L.L.P., held a well-attended meeting last night at Royal Templars' Hall, Dovercourt road and Queen street, the gathering taking the nature of a social, in which speeches and entertainment were especially featured.

Lodge 355 International Association of Machinists, meets on Wednesday, Nov. 24, at the Labor Temple, to vote upon the proposed amendment to the constitution as recommended by the recent convention held at Rochester in September this year.

Local 235 International Association of Machinists, held another delightful euchre at Odell's, Hall, Bathurst street, last night. Those in charge of the occasion were: Mrs. W. F. Singer, Mrs. M. Ketcheson and Mrs. R. A. Armstrong, San J. Robinson, H. H. Clarke, William Dell, Tom Dickson, Jack Young and George Crossman.

December 18 will witness the annual meeting of the Labor Educational Publishers' Association at the Labor Temple. Officers will be elected.

The Toronto office of the International Association of Machinists has received an issue of The San Francisco Call, in which evidence is produced from Draper Hand, one of the foremost subcontractors in the handling of witnesses in the famous Mooney bomb case, to the effect that the prosecution of Mr. Mooney "was a gigantic frame-up from first to last."

SHORTER WORK DAY CLEAR GAIN FOR LABOR

Montreal, Nov. 19.—Changed industrial conditions and prospects as to the future find organized labor determined to continue the fight for the eight-hour day and the 44-hour week, judging by the sentiments of the Trades and Labor Council at its meeting last night.

"The only real gain that we can hope for is the shorter work day," declared President J. T. Pospeter. "You can get more money, but it will be taken away from you in higher-priced commodities, but a shorter work day is a certain gain."

FIGHTING AT VIMY MOST INTENSIVE

Sir Edward Morrison Tells Inside History of Famous Battle.

The artillery barrage put up by the Canadians at the battle of Vimy was the most intensive in the whole of the fighting in which our corps took part, was the statement made last night by Major-General Sir Edward Morrison, D.S.O., G.O.C., Canadian artillery, when addressing a large gathering at the Canadian Military Institute, while interesting lantern slides were used to show the positions of the artillery during that famous battle.

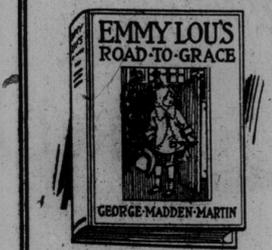

In giving his thrilling story of what led up to the battle and the tremendous share of that part taken by the runners, Sir Edward mentioned that during the last twenty-four hours of bombardment 1,700 tons of artillery ammunition was fired into the Hun lines, obliterating trenches, wire and every means of cover, while when the men were going over, a barrage was put up from nearly nine hundred guns, which belched forth shot over five miles of country with a depth of nearly three miles at its widest point.

FLAG INCIDENT OVER. Kingston, Ont., Nov. 19.—(Special)—Considerable excitement prevailed in Kingston on Armistice Day when it was reported that a family living on Bagot street had been flying a German flag. The matter was taken up by the veterans and Chief of Police Robinson was instructed to investigate the matter. He found that the flag complained of was not a German flag, but an Italian flag, and therefore an allied ensign.

TORTURED BY TERRIBLE ECZEMA

Suffered Three Years Until She Tried "FRUIT-A-TIVES"

DAME PETER LAMARRE

Pointe St. Pierre, P. Q. "I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good. Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives.' 'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

RUSSIAN RADICALS SENT THRU CANADA

Handed Over to Authorities at Border and Shipped Via Germany.

Washington, Nov. 19.—By an informal arrangement concluded between the Canadian immigration authorities and the United States department of labor, a number of Russian radicals from the United States who were willing to return voluntarily at their own expense to Soviet Russia, proceeded via Canada, it was announced today by the department of labor, in a statement dealing with the subject of deportees to Russia. The deportees were turned over to the Canadian authorities at the border, where they were placed on commercial liners sailing directly to Germany, it was said. There was some fifty of these who, having arrived in Germany, had their passage expedited thru that country to the Russian border.

The department's statement said that five hundred Russian radicals remain to be deported. Delay in deporting them was explained to be due to a refusal of the Scandinavian countries to receive the deportees, and to the closing of the frontier between Finland and Russia. Negotiations with Estonia, looking to the sending of the Russians home thru that country, soon are to be resumed, officials said.

AN OLD RECIPE TO DARKEN HAIR

Sage Tea and Sulphur Turns Gray, Faded Hair Dark and Glossy.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which was messy and troublesome. Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, at very little cost. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray is out, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

COL. MALONE, M.P., GETS SIX MONTHS

Sentenced for Seditious Utterances in Speech at London.

London, Nov. 19.—Lieutenant-Colonel L'Estrange Malone, Liberal member of the house of commons, who was arrested in Dublin, November 10, for alleged seditious utterances, was today sentenced to six months imprisonment.

There were loud cries of "shame!" from Malone sympathizers in court when the sentence was pronounced. Two surety bonds of a thousand pounds sterling each were demanded pending an appeal from the judgment of the court.

Prior to the sentence Malone declared thru his attorney that he withdrew nothing and apologized for nothing in his Albert Hall speech and was willing to stand trial. The case has caused a sensation in England because of Malone's position as a member of the house of commons and his notable war record.

Colonel Malone was also charged with the possession of two loaded pistols, in violation of the law, found by the police in his London flat. Linked with this charge, was another allegation that he had in his possession two cloak room tickets for parcels of pamphlets of an alleged seditious nature, which were deposited in a "derground station checking room."

On this charge the prisoner was bound over on his good behavior to keep the peace for one year. Two sureties of a thousand pounds each were asked, failing to furnish which another six months' imprisonment would be imposed. The colonel's attorneys gave notice of appeal.

Seditious Utterances Denied. The definition of what constituted seditious utterances, over which the opposing counsel had a lengthy argument, was settled by magistrate Chester Jones, who in passing sentence declared that any advocacy of overturning the government of a country by force constituted sedition. Of this he held, the accused undoubtedly was guilty. He added that Malone went further and advocated murder under certain circumstances, not only of cabinet members, but of labor leaders.

The parcels at the cloak room are said to have contained pamphlets entitled "Guide for Red Officers," embodying instructions to communist leaders for action in event of "armed insurrection."

As explained in the pamphlets, their object was to train a number of men so as to be able to organize a red army at a time of actual revolution and place them at the disposal of the communist form of the communist oath and to hold how in the event of revolution armories and gunsmiths could be raided and possession taken of public buildings.

Almost High Treason. The magistrate declared the pamphlets were of such a nature that the author might well be charged with high treason. Malone's attorney had his client had a perfect right to state publicly the communist views he honestly held, and that his references to Churchill, Curson, and lamp posts were attributable to "rhetorical argument." The authorities said the attorney did not have the right to suppress the discussion of communism simply because it inconvenienced the powers of the state. The court room was filled. Outside a large crowd had gathered and here the newspaper, "The Communist," was freely on sale.

GEDDES MAKES PLEA FOR CO-OPERATION

Says Alternative of Friendship or Enmity Towards Britain Rests With U.S.

New York, Nov. 19.—Only two courses—co-operation with its fellows in maintaining peace, or isolation and the resultant drift toward inevitable war—present themselves to each nation in the world, Sir Auckland Geddes, the British ambassador, declared in an address before the chamber of commerce of the State of New York.

"The world," said the ambassador, "waits for an answer to the question—are the British-American contacts to be fair and friendly, even in trade rivalry and trade competition, or are they to be marked by suspicion, political jealousy and schemings to establish exclusive economic spheres? The choice is yours. The British Empire offers the United States friendship."

MORE STORIES ARE HEARD BY COMMITTEE OF 100

Washington, Nov. 19.—Further tales of recent disturbances in Ireland were heard today by the "committee of the hundred" of one hundred investigating the Irish question here. The commission then adjourned over Thanksgiving to resume its hearings probably the first week in December.

John Derham, town commissioner of Balbriggan, Ireland, and a number of witnesses resident in the United States, who had visited Ireland recently, were before the commission today. Among the latter were Mrs. William A. King of Iron-ton, Ohio, and Mr. and Mrs. Francis Hackert, of New York. Paul J. Furnas, of New York, representing the Society of Friends, submitted a copy of the report made by the Quaker commission from Great Britain, which investigated Irish affairs recently.

U. S. CANCELS CONTRACTS FOR SHIPS IN ENGLAND

Washington, Nov. 19.—Contracts for the building of a number of vessels at Newcastle, England, have been cancelled "because of unfavorable commercial omens," the department of commerce was informed today in a review of shipping conditions in the United Kingdom, prepared by department representatives. The cancellations which are said to have produced "a disquieting effect in shipping circles," are ascribed by the review to the low rate of exchange and the high cost of materials.

Five large ships were launched from the largest being the liner Pittsburg of 16,000 tons, which was built for the White Star Line-Dominion service.

United States Tires Imported While British Plants Close

Washington, Nov. 19.—Sharp protests have been entered in the British House of Commons against the continued importation of large quantities of United States manufactured automobile tires to Great Britain in the face of virtual stagnation in the English rubber industry, according to a member of the department of commerce. A trade information as to what action had been taken in the matter, adding that thousands of British rubber workers had been discharged and were now swelling the ranks of the

BLOWS NEARLY RESULT BETWEEN CONTROLLERS

Board Meeting Breaks Up—Ejection of Member Prevents Actual Encounter—Trouble Starts Over Grant for Deep Waterways Association—Controller Ramsden Revives Election Incident.

A row between Controllers Cameron and Maguire which nearly resulted in a fisty battle, broke up the meeting of the board of control yesterday. Only the ejection of Controller Cameron from the room by Mayor Church and Controller Ramsden, prevented an actual encounter, and even after he was put out, Controller Cameron tried to get back in again to get at his colleague, but Secretary McQueen held the door against him, while Controller Maguire remained standing at his place at the table showing considerable anger but saying very little.

The trouble started over a motion by Controller Maguire that a grant of \$1,000 be made to the Deep Waterways Association. An application for the grant came from Major Alex Lewis, secretary of the association, and was before the board of control on Thursday, but Controllers Ramsden and Cameron refused to vote the money until a statement had been laid before them showing how the money was already granted had been expended.

Yesterday Mayor Church suggested that the grant be made, and he undertakes to have a statement from the association for Monday. Con. Ramsden then referred to a campaign letter which had been sent out by Major Lewis in the recent by-election, and which appeared on Deep Waterways Association's stationery.

The mayor said he believed the major had paid for the stationery himself.

"I am not charging that he did not," declared Con. Ramsden, "but the letters had the heading of the Deep Waterways Association's stationery, and he felt that it had been put to an improper use."

"Were the letters sent broadcast?" asked Con. Maguire.

"You had just as good an opportunity as I had to find that out," declared Con. Ramsden.

Controller Cameron said he would oppose the grant until a statement from the association was received. He continued: "When I heard that Major Lewis, as secretary of the association got a salary of \$6,000 a year, I was shocked. I thought it was \$2,500. The idea behind the deep waterways movement is a good one, but we are entitled to a statement of the expenditure of the money of which we are trustees."

Controller Gibbons said if he refused to make the grant their action might be misconstrued as opposed to the deep waterways movement. Controller Ramsden said that was not a fair supposition; he was not opposed to the movement, but wanted a statement before making the grant.

Controller Ramsden: "Well, my opinion is that Lewis is the whole association front, back and middle."

Controller Maguire then suggested that the grant be made and he would undertake to move to strike the recommendation out on Monday if the statement were not forthcoming. Both Controllers Cameron and Ramsden said that would not do and the mayor then left his seat to phone Major Lewis to find out when the statement would be ready. He returned in a few minutes to say the line was busy.

Controllers Cameron and Ramsden then got up apparently to leave the meeting and Controller Gibbons went into the phone booth.

"We have no quorum," said Controller Ramsden.

"Controller Gibbons is still here," said Controller Maguire, who pressed for a vote on his motion to grant the \$1,000.

"Let it wait for two weeks," said Controller Ramsden.

"Oh, he wants to make political capital out of it," called back Controller Cameron who, by this time, was at the end of the table.

Makes Menacing Advance.
Jumping up, Controller Maguire

said: "I resent that statement." Controller Cameron, showing anger, then advanced menacingly towards Controller Maguire and, grabbing hold of his coat, said, "Come outside and I'll show you."

Controller Maguire backed away and Controller Ramsden got between the men.

"Don't shake your finger at me, you crook," shouted Controller Cameron, again making for Controller Maguire, but Controller Ramsden stepped in between them in time to prevent an encounter.

"You can't bluff me," said Controller Maguire. "If you can't act like a gentleman you should not be here at all."

This enraged Controller Cameron more than ever and he tried again to get at his colleague, but, with his coat partly off, he was rushed out of the room by the mayor and Controller Ramsden.

The door was held against him and he was finally quieted down and was induced to leave the building, but even after he was in his car he jumped out and dashed past Controller Ramsden, heading upstairs again. Controller Ramsden finally induced the belligerent controller to depart.

Justice Britton called by death.

Member of Legal Profession for Half a Century—Many Honors.

Death has called one of Canada's most eminent jurists in the person of Hon. Justice Byron Moffat Britton, who passed away yesterday morning at his home, 498 Huron street. The late judge, who was in his 87th year, had been a member of the legal profession for half a century. He had been suffering from hardening of the arteries since he retired from the supreme court of Ontario last January, but only recently had been confined to bed. Justice Britton was born

in Gananoque in 1833, the son of Postmaster D. F. Britton. He received his early education there, shortly after entering Victoria University, where he took his B.A. degree in 1856, and his M.A. degree in 1858. He was called to the bar in 1859.

Prominent Politically.
In 1856 he was elected a member of the Law Society. He had continued practicing law in Kingston, and till 1901, when he came to Toronto, he occupied many prominent positions. In 1864 he entered the political arena as a Liberal, but was unsuccessful. Four years later he again unsuccessfully contested the seat for Frontenac. In 1876-7 he was mayor of Kingston, at the same time being a member of the school board and a member of the board of regents of Victoria University. The next three years, from 1882 to 1891, he was county crown attorney and clerk of the peace for Frontenac county.

The deceased was appointed a referee under the Ontario drainage act in 1891, which position he held for five years, and in 1895 he was on the royal commission to investigate the affairs of Toronto University. Valued for his keen judgment and intellectual ability, he successively sat on the "readgold" concession commission and the hydraulic commission in the Yukon. Since coming to Toronto as justice of the supreme bench of Ontario in 1901, he had disposed of justice for the last eighteen years, prior to his illness, and many important cases had come before him. He was a staunch and active member of Trinity Methodist Church and was connected with the York Club.

He is survived by six daughters and a son. The funeral is to be held in Kingston on Monday.

Two are arrested; bigamy is charged.

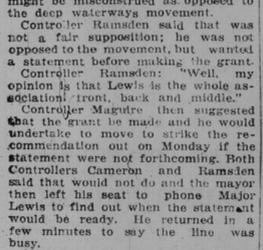

Alfred Wheeler and Elizabeth Sheffield Also Charged With Theft.

Alfred Wheeler of Woodstock, Ont., living in the city at 25 Howard street, and Elizabeth Sheffield, alias Miss Nunne, no home, were arrested last night by Detectives Tuff and Johnson. Three charges were preferred against the man—bigamy, theft and living on the avails of prostitution; while the charges on which the woman is held are bigamy and theft.

According to the police, Wheeler married the woman while her two other husbands were still living. Wheeler, Sheffield, the woman's second husband, whose name also bears the name of Wheeler, the man's second wife, is alleged to have stolen a quantity of jewelry and a clock. Part of this has been recovered. The woman is alleged to have stolen \$170.

MANY ASSISTED BY COMMUNITY WORK

Superintendent of Catholic Charities Makes Appeal for More Helpers.

A meeting of workers was held in the board room of the Catholic charities office yesterday, when Rev. Father Bench, superintendent of Catholic charities, explained the objects of the Federation for Community Service and made an earnest appeal for workers in the coming campaign. In the last campaign, said Father Bench, \$880,000 had been raised. This gave a general budget of \$30,000 a month for the year, which would close in January. It was thought well not to defer replenishing the fund until the moment at which it would be exhausted, and the annual campaign will be launched on the last of November and will continue for four days.

Father Bench spoke of the great benefits of the movement, and asked for 500 women, and hoped that this number would be organized to assist in the general campaign.

Among the benefits of the last year, due to the federation, are 47 welfare agencies and institutions, which were

enabled to carry on their work; care was given to babies and poor children to the number of 38,237; delinquent boys and girls assisted, 1,358; furnished rest room for girls and provided meals, 101,300; nursed poor sick people, 4,573; assisted in all more than 50,000 infants, aged, homeless and unfortunate people.

Miss Florence Boland, general organizer, made the first call for volunteers, and told something of the plan for covering the city. Meetings for further organization will be announced later.

CHARGE IS THEFT.
Charles Johnston, of Capreol, Ont., a fireman on the C.N.R., was arrested last night by Special Constable Harper on a charge of theft. The man is alleged to have stolen a suitcase from the Union Station.

ALLEGED SHOPLIFTERS ARRESTED BY POLICE.
Charles Lustr, who gave his address as 194 Ontario street, Mendel Therpan, 475 Main street, and Chas. Shea, 196 Yonge street, were arrested last night by Detectives Winters and Clarke on a charge of shoplifting.

The three are alleged to have broken into the store of Fred Taylor, 128 Danforth avenue, and to have stolen \$70 from the till and various other articles.

HEROES' NAMES FOR VARSITY MEMORIAL

Graduates Raising Funds for Tablets to Perpetuate Fallen Comrades.

Feeling that it would be a most appropriate thing if, in connection with the university war memorial tower, the returned graduates and undergraduates of the university have taken action toward raising \$25,000 for this purpose. The undergraduates have set their objective at \$5 per man, and the graduates and former students are being asked for \$10 each.

The plan for the name tablets of the tower is that they should be housed in a cloistered arcade which will adjoin the memorial tower and connect with the main building on the south. The arcade will be about 40 feet long and 20 feet high, open and facing the east. The erection of this is to be the returned men's part in the memorial.

Of the general memorial fund, \$25,000 has been subscribed, showing how deep is the regard in which the university is held by its graduates and friends. This money is now being used to loan without interest to returned soldier-students who find difficulty in completing their courses, and ultimately will be used for the erection of the memorial tower and the establishment of permanent scholarships for the descendants and dependents of men who served in the war.
