The above is a copy or fac-simile of the graphic Wrapper on the Genuine

**DR. THOMAS' ELECTRIC OIL**

Take its appearance and the name in your mind, and don't be persuaded to take any Electric or Electron Oil in place of it, as they are base imitations.

In the year 1871, Dr. S. N. Thomas, of Phelps, N. Y., made arrangements with the undersigned to introduce his ELECTRIC OIL into Canada. From the first it met with success, and in a very short time orders for it came pouring in from all parts of the country, and at the present time it has the largest sale of any medicine sold in the Dominion.

One proof of the remarkable success it has met with, is the attempt of several

**LAND SHARKS**

to sell imitation oils on the strength of its popularity. If it were not a medicine of merit it would not be imitated. Men do not commit forgeries on defunct banks, nor do they counterfeit base coin; it is the genuine they imitate. And so it is here; if Dr. Thomas' Electric Oil was not an article as good as represented, it would not have the popularity it has, and if it was not popular it would not be imitated. But thanks to a sense of fairness existing amongst the drug and medicine dealers, and a desire on their part to preserve their good name from the stigma of "dealers in counterfeit or imitation goods," those LAND PIRATES have not had any encouragement, and their trash has gone begging on the market.

They put up their preparation in wrappers similar to Dr. Thomas' Electric Oil, and call it Electric or Electron Oil, and try to palm it off as the genuine some have even a smell not unlike Dr. Thomas' Oil, but in everything else they are dead failures.

**Beware of these Similar Named Articles.**

If their originators had any faith in the healing properties of their medicines they would, like honest men, give them a name of their own, and not try to sell them on the reputation of another; but as they know their preparations have no merit, they resort to the most unprincipled means of selling them by getting a name as near as possible to *Electric*. We, therefore, ask the public when purchasing to see that the name,

**DR. THOMAS'**

ELECTRIC OIL, is on the front of the wrapper, and on the back are the names of

*Northrop & Lyman*

**Dr. Thomas**

THE people of this declare, by their patriotic OIL, that they genuine merit. Test demonstrating its superior as pleasing to its province to those who those evidences of worth. Never was the ample or more satisfied was there one which TRIED REMEDY. Experience it not only relieves but nate coughs, sore throat, catarrh of long standing stiffness and lameness piles and kidney troubles, and other bodily of the disorders peculiar. That it cures in every but that, if systematically susceptible of being relieved is a fact amply established.

Entering the system applied externally to the stiffened, swollen rheumatic joints, and Taken internally, it respirespiratory organs, bowels

This matchless medicinal efficacy of the herb as it contains no alcohol weakened by evaporation a great many oils of do an alcoholic basis.

Ease by day and repose those who are wise enough ELECTRIC OIL to their A quantity easily held often enough to relieve

Those of the gentler the pain and annoyance nipples and inflamed by the value of a remedy. This is precisely what does.

When a child is suffocated with ELECTRIC OIL is precisely emergency, since it is Every household should is a quick antidote to the above and other conditions.

Just think of it—you rheumatism, or the mralgia—you can check or broken skin, with *Electric Oil*, costing only

## Dr. Thomas' Electric Oil.

THE people of this country have spoken: They declare, by their patronage of DR. THOMAS' ELECTRIC OIL, that they believe it to be an article of genuine merit. Testimonials constantly pour in demonstrating its superlative efficacy, in a manner as pleasing to its proprietors as it must be convincing to those who read in the public prints those evidences of its popularity and genuine worth. Never was there a remedy which received ampler or more satisfactory endorsement; never was there one which better deserved it. IT IS A TRIED REMEDY. Experience has demonstrated that it *not only relieves but eradicates* the most obstinate coughs, sore throat of a malignant type, catarrh of long standing, rheumatism, neuralgia, stiffness and lameness of back, muscles and joints, piles and kidney troubles, external hurts and sores, and other bodily troubles, as well as many of the disorders peculiar to horses and cattle. That it cures *in every instance* is not pretended, but that, if systematically used, and the malady susceptible of being remedied *it will remedy it*, is a fact amply established.

Entering the system through the pores, when applied externally to relieve pain and inflammation, DR. THOMAS' ELECTRIC OIL relaxes and soothes the stiffened, swollen and irritated ligaments, or rheumatic joints, and promptly checks the pain. Taken internally, it remedies disorders of the respiratory organs, bowels, liver and kidneys.

This matchless compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcoholic basis.

Ease by day and repose by night are enjoyed by those who are wise enough to apply DR. THOMAS' ELECTRIC OIL to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

Those of the gentler sex who have experienced the pain and annoyance caused by excoriated nipples and inflamed breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what DR. THOMAS' ELECTRIC OIL does.

When a child is suddenly attacked and threatened with suffocation by croup, DR. THOMAS' ELECTRIC OIL is precisely the medicine for the emergency, since it is prompt as well as efficient. Every household should be provided with it, as it is a quick antidote to pain, as well as a specific for the above and other complaints.

Just think of it—you can relieve the twinges of rheumatism, or the most painful attack of neuralgia—you can check a cough, and heal bruised or broken skin, with a bottle of Dr. Thomas' Electric Oil, costing only 25 cents.

## BENEFITS DERIVED.

Mr. J. E. McGarvin, Acton, writes: "No Linnmont sells here like Electric Oil."

Mr. A. A. Richard, Carleton Station, N.B.: "I know Dr. Thomas' Electric Oil is superior to all other medicines."

"Mr. J. D. Burk, Amherstburg: "Ship order for Dr. Thomas' Electric Oil at once. It is the best selling medicine we keep, and I am entirely out."

Rev. G. W. Brown, Pastor B. M. E. Church, Chestnut Street, Toronto, writes: "I am pleased to say that Dr. Thomas' Electric Oil is all that you claim it to be as I have been using it for ten years both internally and externally, and have always received benefit from its use."

Messrs. Harrison Bros., Hamilton, Ont., write: "Send as soon as possible, another 5 gross lot of Dr. Thomas' Electric Oil; our sale for it is rapidly increasing, and we have no medicine that has such ready sale, or gives such universal satisfaction."

Mr. H. Manley, Meaford, Ontario, says: "I have sold Dr. Thomas' Electric Oil since its introduction, and have much pleasure in stating that it has always given entire satisfaction, and that there is a constant demand for it."

LUMBAGO.—Mr. W. W. Stephen, Meaford, Ont., writes: "Dr. Thomas' Electric Oil has gained a reputation in Meaford and surrounding country surpassing that of any Patent Medicine ever introduced here. The benefit derived from it in one case of Lumbago, that I know of, will alone place it in the front rank of remedial agents."

RHEUMATISM.—Mr. G. W. Macully, Pavilion Mountain, B.C., writes: "Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism."

Mrs. D. Morrison, Farnham Centre, P.Q., writing about Dr. Thomas' Electric Oil, says: "George Bell used it on his son, and it cured him of Rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

CROUP.—Mr. W. B. Hill, Cobourg, says: "I have used it for Croup, and found it all you claim it to be; can also testify to its efficacy in relieving pains in the back and shoulders."

Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Electric Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of croup, fresh cuts and sprains. My little boy has had attacks of croup several times, and one dose of Dr. Thomas' Electric Oil was always sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle of it in my house."

All men acknowledge health to be the chief blessing of life. For what is worth without health, or what enjoyment can we have with a broken down constitution. But essential as health is to our happiness, few show a proper concern for the preservation of it. There is hardly any pleasure or profit for which people will not hazard their health, and it is often bartered for the most sordid enjoyments. Frail and thoughtless mortals are surrounded by innumerable dangers, which make it much more strange that they escape so long, than that they almost all perish suddenly at last.

The seeds of disease are planted in our constitution by nature, death lurks in ambush along the path we tread, and at any moment we may be called away.

Diseases cannot at all times be avoided, but nothing is more certain than many valuable lives have been lost for want of due care. The smallest causes when neglected often produce the greatest effects.

We shall now endeavour to point out the principal diseases to which all are liable and show how they may be cured. We shall commence with the vital fluid that flows through our veins.

### THE BLOOD

In an average sized man is about 25 lbs., and by the action of the heart this is passed through the entire length and breadth of the body once in every two or three minutes. Out of this vital fluid every tissue in the body assimilates material for supplying the waste that is constantly going on. It is also the principal source of animal heat. To any intelligent person, with these facts before him, it can readily be understood that it is impossible to have health while the great River of Life is turbid, impure or impoverished. Let this fluid become turbid, and immediately the circulation is checked in the minute passages and capil-

lary network of the skin, and the part is diseased, and you have what is generally called

### SKIN DISEASE,

such as. Ulcers, Barber's Itch, Rashes, Boils, Pimples, Eruptions, Erysipelas, Tetter, Ringworm, Itch, Salt Rheum, Scalp Eruptions, &c., &c.

If troubled with any of these painful and annoying diseases, do not think that you can be cured solely by outward applications. No eruption can form upon the surface without the co-existence of a certain morbid condition of the system; good ointments will assist but cannot cure until the cause of their appearance is removed. It is here where NORTHROP & LYMAN'S VEGETABLE DISCOVERY comes to the rescue, and by its searching and cleansing properties removes all obstructions and causes the unsightly eruptions to disappear. Give this medicine according to the directions, and continue the use of it for some time after the disease has disappeared. In cases of old sores or obstinate eruptions, the application of Dr. Thomas' Electric Oil will hasten their removal. When the

### Blood is Impoverished,

Several diseases follow, such as Nervous Prostration, Debility, Emaciation, Weakness, hands and feet cold, a susceptibility to colds, and a depressed, woe-begone feeling. The slightest exertion is followed by a sense of lassitude and weakness. What are these diseases but silent evidences that the blood has become thin and watery; get new blood into the body, and immediately the colour returns to the cheek and strength to the whole body.

For the restoration of this impaired state of things, nothing equals NORTHROP & LYMAN'S VEGETABLE DISCOVERY; being composed of the most efficacious alteratives known, it speedily restores, nourishes and enriches the blood, while its tonic properties brace the whole system in a manner surprising to the most sanguine. It has no equal in bringing out the latent vigour of the constitution, to develop its stamina and call its vitality into full play.

### WHAT THEY SAY ABOUT IT.

Mr. John C. Fox, Olinda, writes, "Northrop & Lyman's Vegetable Discovery is selling well and giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

Mr. George Tolen, Druggist, Gravenhurst, Ont., writes: "My customers who have used Northrop & Lyman's Vegetable Discovery say that it has done them more good than anything they have ever used."

Mr. John Anderson, Grassmere, Ont., writes: "The Vegetable Discovery you sent me is all gone, and I am glad to say that it has greatly benefited

Solar Cycle, . . . . .	18	Julian Period, . . . . .	6593

The year 5646 of the Jewish Era commences on September 10th, 1885.  
 Ramadan commences on June 14th, 1885.  
 The year 1303 of the Mohammedan Era commences on October 10th, 1885.  
 The 49th year of Queen Victoria's reign begins June 20th, 1885.  
 The 110th year of the Independence of the United States begins July 4th, 1885.  
 The 19th year of the Dominion of Canada begins July 1, 1885.

### ECLIPSES.

- In the year 1885 there will be two eclipses of the Sun and two of the Moon.
- I. An annular eclipse of the sun, March 16th, 1885, visible as a partial eclipse in Canada.  
 Begins on the earth generally March 16th, 8h. 18m.  
 Ends on the earth generally March 16th, 8h. 14m.  
 At Toronto eclipse begins . . . . . 0 01 p.m.  
 Nearest approach . . . . . 1 27 p.m.  
 Last contact . . . . . 1 49 p.m.  
 Magnitude of eclipse (sun's diameter = 1) is 0.65.
- II. A partial eclipse of the moon, March 30th, 1885, invisible in Canada.
- III. A total eclipse of the sun, September 8, 1885, invisible in Canada.
- IV. A partial eclipse of the moon, September 24, 1885, visible in Canada.  
 First contact with shadow, September 24th, . . . . . 1 15 a.m. } Standard Time.  
 Middle of Eclipse . . . . . 2 48 a.m. }  
 Last contact with shadow . . . . . 4 22 a.m. }
- Magnitude of eclipse (moon's diameter = 1) 0.784.

Venus will be a morning star till May 4th, afterwards an evening star.  
 Mars will be an evening star till February 4th, afterwards a morning star.  
 Jupiter will be an evening star till September 8th, then a morning star.  
 Saturn will be an evening star till June 18th, afterwards a morning star.  
 The satellites of Jupiter are invisible from August 12th to October 7th, the planet being too near the sun.

### THE SEASONS.

Sun enters Aries—Spring commences, March 20, 5 a.m.  
 Sun enters Cancer—Summer commences, June 21, 2 a.m.  
 Sun enters Libra—Autumn commences, September 22nd, 4 p.m.  
 Sun enters Capricornus—Winter commences December 21st, 10 a.m.  
 To increase the usefulness of our almanac we give the Calendar in the *Standard or Railway* time. Ontario and Quebec 75° or 5 hours west of Greenwich, and the Maritime Provinces 60° or 4 hours west of Greenwich. Meantime at Toronto is 17m. 34s. slower, and Quebec 14m. faster than Standard time.

those who have used it. One man in particular says it has made him a new man, and he cannot say too much for its cleansing and curative qualities."

Mr. R. A. Harrison, Chemist and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery for Dyspepsia, Impure Blood, Pimples on the face, Biliousness and Constipation—such cases having come under my personal observation."

Mr. C. E. Riggins, Beamsville, writes: "A customer, who tried a bottle of Northrop & Lyman's Vegetable Discovery, says it is the best thing he ever used; to quote his own words, 'It just seemed to touch the spot affected.' About a year ago he had an attack of bilious fever and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

Mr. H. A. McLaughlin, Norland, writes: "I am sold out of Northrop & Lyman's Vegetable Discovery. It sells well, and I find in every instance it has proven satisfactory. I have reason to believe it the best preparation of the kind in the market."

Miss C—, Toronto, writes: "I have to thank you for what Northrop & Lyman's Vegetable Discovery has done for me. I had a sore on my knee as large as the palm of my hand, and could get nothing to do any good till I used the Discovery. Four bottles completely cured it."

Mr. H. B. McKinnon, painter, Mount Albert, says: "Last summer my system got impregnated with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a 25 cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half the bottle was used there was not a spot to be seen and I never felt better in my life. I think this medicine the best *Blood Purifier* ever discovered."

Mr. W. E. Ellis, Druggist, Fenelon Falls, writes: "Your Vegetable Discovery is selling well and giving good satisfaction."

Mr. W. M. Lester, H. M. Customs, Toronto, writes: "I have personally tested the health-giving properties of Northrop & Lyman's Vegetable Discovery and can testify as to its great value."

Mrs. B. Forbes, Detroit, had a running sore on her leg for a long time; commenced using Northrop & Lyman's Vegetable Discovery, and she is now completely cured. Her husband thinks there is nothing equal to it for Ague or any low Fever.

### SCROFULA.

The first symptoms of this disease are a number of small hard knots on one or more of the glands, and on various parts of the body, but particularly

on the neck and under the chin; they gradually increase in size and number till they form a large hard tumour. This frequently continues for a long time without breaking, but, if not checked, eventually the skin over the abscess becomes of a purple colour, and being much inflamed, it suppurates and breaks into holes from which a watery matter at first is discharged, followed after a short period of time by a serous discharge. This disease is, without doubt, in many instances hereditary, and is transmitted from parent to child. If not attended to it extends to the armpits, groins, hands, eyes, and frequently affects the lungs, liver and spleen.

Besides being a loathsome disease, it is, when fully developed, very painful and annoying, and the only way to get rid of it is to cleanse the source from whence the trouble arises. The blood must be purified from all scrofulous taint.

To attempt to heal the sores while the blood is impure, may drive the disease to some vital part, and with serious results. From our thorough knowledge of Northrop & Lyman's Vegetable Discovery we can with confidence recommend it as a radical cure for Scrofula, and all unhealthy humours of the blood. It gathers up these corruptions and carries them off with each discharge from the bowels.

### CONSTIPATION OR COSTIVENESS

arises from various circumstances; sometimes the food is too insipid or destitute of stimulants; sometimes there is a deficiency of bile, or, what is more frequently the cause, the bile that is secreted is insufficient for the purpose of imparting a due stimulus to the intestines. Take the **VEGETABLE DISCOVERY** according to directions for a few weeks and the trouble will all disappear.

Do not take strong purgative medicines that cause profuse discharges; the true purge is a medicine which, while moving the bowels, very gently purges the whole system. This is precisely what Northrop & Lyman's Vegetable Discovery does.

### DYSPEPSIA.

This is one of the most common ailments known. There is scarcely a person to be found that has not at some time experienced the disagreeable sensations that follow this complaint.

When you notice that invariably after eating a meal unpleasant sensations are felt—it may be an absolute repugnance and disgust at the thought of food, or it may be any of the symptoms named hereafter—no matter what the sensation is,

### You have Dyspepsia,

and should not trifle with it or think you can get relief by taking a dose of purgative medicine.

A Frenchman is teaching a donkey to talk. What we want in this country is a man who will teach donkeys not to talk.

Jones asked his wife, "why is a husband like dough?" He expected she would give it up, and he was going to tell her that it was because a woman needs him; but she said it was because he was hard to get off her hands.

A grand jury ignored a bill against a negro charged with stealing. Before the judge discharged him from custody he called up the accused and said to him, "You can go now, John, but let me warn you never to appear here again." John replied, with a broad grin, "I wouldn't been here dis time only de constable fetch me."

Man wan's but little here below, but woman isn't so easily satisfied.

"I thought I heard Fred kissing you on the piazza last night," said a Burlington father to his daughter the other morning. "Oh, no, pa," was the artless answer, "he only kissed me on the ear." "Well, perhaps that was it," cruelly rejoined pater familias.

"My dear, look down below," said a grandiose, as he stood on Waterloo bridge, gazing at a tug hauling a long line of barges. "Such is life; the tug is like a man, working and toiling, while the barges like women—" "I know," interrupted Mrs. G., acridly, "the tug does all the blowing and the barges bear all the burden."

Dyspepsia is inability on the part of the stomach to change the food introduced into it so as to yield nutriment to the body. In other words, the stomach is too weak to perform its natural functions.

This diseased condition of the stomach is caused by inattention to diet, bolting the food instead of eating it, want of exercise, and many other causes that we have not space to enumerate. Sometimes the blood becomes so impure that it re-acts upon the stomach and aggravates or causes this disease. Among the many disorders that follow in the wake of this complaint, are to be found Palpitation of the Heart, Pain in the Head, Langour, Confused Thoughts, Loss of Mental Energy, etc.

### The Symptoms of Dyspepsia

are, Sick Headache, Bad Breath, Deranged Appetite, Heartburn, Water Brash, Flatulency, Sinking or Fluttering at the Pit of the Stomach, Nausea and Vomiting, a sense of fullness or oppression after eating, Belching, Acidity of the Stomach, Bad Taste in the Mouth, Sudden Flashes of Heat, Depressed Spirits, Melancholy, Costiveness, etc.

### To Cure Yourself

of this disease requires your co-operation as well as the very best medicine you can get. And here let us say we cannot cure you of an old confirmed case of Dyspepsia unless you give strict attention to your diet, avoid pork, rich cakes and puddings, pickles, and anything you know will not agree with your weak stomach.

Take Northrop & Lyman's Vegetable Discovery in small doses, three times a day, either before or after each meal, with unflinching regularity; not for a day or two and then omit it, but continue it until every appearance or symptom of the disease has disappeared. This medicine has worked wonders for dyspeptics in this country, and we believe there is not a case of dyspepsia to be found that it will not cure if the directions are followed.

### COMPLETELY CURED.

Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure after trying many other medicines."

Mr. James Staley, merchant, at Constance, writes: "My wife has taken two bottles of Northrop & Lyman's Vegetable Discovery for Dyspepsia, and it has done her more good than anything she has ever used. She thinks it cannot be beat for that complaint."

Mr. Alex. Robinson, of Exeter, writes: "I have used four bottles of Northrop & Lyman's Vegetable Discovery, and have been cured of Dyspepsia that troubled me for over ten years. Part of that time

I had it very bad, and was at considerable expense trying to get relief; but this excellent remedy was the first and only relief I received."

Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Northrop & Lyman's Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

Mr. C. E. Williams, Druggist, Wingham, says: "Your Vegetable Discovery is selling well, and I know of one bad case of Dyspepsia that it has completely cured."

Mr. A. Hudgin, Toronto, writes: "I have been a sufferer from Dyspepsia for the past six years. All the remedies I tried proved useless until Northrop & Lyman's Vegetable Discovery was brought under my notice. I have used two bottles with the best results, and can with confidence recommend it to those afflicted in like manner."

Mr. Henry Marshall, Reeve of Dunn, writes: "Some time ago I got a bottle of Northrop & Lyman's Vegetable Discovery from Mr. Harrison, and I consider it the very best medicine extant for Dyspepsia."

Mrs. A. Nelson, Brantford, writes: "I was a sufferer from chronic Dyspepsia for eleven years. Always after eating an intense burning sensation in the stomach, at times very distressing, caused a drooping and languid feeling, which would last for several hours after eating. I was recommended by Mr. Popplewell, Chemist, of our city, to try Northrop & Lyman's Vegetable Discovery, and I am thankful to say that I have not been better for years; that burning sensation and languid feeling has all gone, and food does not lay heavy on my stomach. Others of my family have used it with the best results."

Miss Mary Campbell, Elm, writes: "After taking four bottles of Northrop & Lyman's Vegetable Discovery I feel as if I were a new person. I have been troubled with Dyspepsia for a number of years, and tried many remedies, but of no avail, until I used this Dyspeptic Cure."

Mr. T. C. Berchard, public school teacher, Norland, writes: "During the year 1881 I was much troubled with Biliousness and Dyspepsia, and part of the time I was unable to attend to the duties of my profession. Northrop & Lyman's Discovery and Dyspeptic Cure was recommended to me, and I have much pleasure in stating that I was entirely cured by using one bottle. I have not had an attack of my old complaint since, and have gained fifteen pounds in weight."

### What a well-known retired Tobacco Manufacturer says:

Mr. Joab Scales, of Toronto, writes: "A short time ago I was suffering from Kidney Complaint and Dyspepsia, sour stomach and lame back; in fact I was completely prostrated and suffering in-

What is that full of holes and yet holds water?  
A sponge.

"Hacked to Death" is suggested as an inscription for the tombstones of visitors who die at Niagara.

A linen shirt was first worn in England about the year 1250. There was a man in our office yesterday who had on that identical shirt.

A story is told of a Mr. Duffie who was preacher, teacher, and politician, who flogged and drank to excess. On Saturday there was to be a horse-race, in which the horse of a brother politician was to run. On the Friday Mr. Duffie addressed his pupils in the following terms:—"Boys, I suppose you know that there's going to be a horse-race in town to-morrow. Now boys, don't you go to it. But, boys, if you do go, don't you bet. Whatever you do, don't you bet. But, boys if you do bet, mind what I tell you; if you do bet, be sure to bet on Abercrombie's mare."

It is very bad taste for a wife to growl at her husband for tracking mud into the house, for what is home without its mudder?

"No," said Mr. Grinnell, "I can't understand it. Snaggs's wife is dead, but he don't seem to show the least sign of grief; and yet he'll have to get up and build his own fires and split his own wood, now. I can't understand his heartlessness."

There was a young girl named Mariar  
Who tried to sing C still higher,  
But the confounded note stuck crosswise in her throat,  
And they bounced her right out of the choir.

"Yes, sir," said the criminal lawyer, "that fellow is an ungrateful whelp. I cleared him of that charge of murder, where there's no doubt he ought to have been hanged for it, and when we came to settle and I presented my bill, he looked piteous, and asked why I didn't let them hang him."

tense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. I must confess I did not have faith in any patent medicine, but, like a drowning man catching at straws, I thought I would give it a trial. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude, and I would advise all that are so afflicted to give it a trial."

Mr. H. McCaw, Custom House, Toronto, writes: "My wife was troubled with Dyspepsia and Rheumatism for a long time; she tried many different medicines, but did not get any relief until she tried Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure. She has taken two bottles of it, and now finds herself in better health than she has been for years."

Mrs. Thomas Smith, Elm, writes: "I am using this medicine for Dyspepsia. I have tried many remedies, but this is the only one that has done me any good."

Mr. R. C. Winlow, Toronto, writes: "Northrop & Lyman's Vegetable Discovery is a valuable medicine to all who are troubled with Indigestion. I tried a bottle of it after suffering for some ten years, and the results are certainly beyond my expectations. It assists digestion wonderfully. I digest my food with no apparent effort, and am now entirely free from that sensation, which every dyspeptic well knows, unpleasant fulness after each meal."

Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure is a splendid medicine. My customers say they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for nine or ten years with Dyspepsia, and since using it digestion goes on without that depressed feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or trouble arising from a disordered stomach."

### SICK HEADACHE

is generally caused by a disordered stomach, imperfect digestion, or inactivity of the liver. If you are troubled with this distressing complaint, take the **VEGETABLE DISCOVERY** to purify the stomach and give healthy action to the liver, and we will guarantee that the headache will be speedily and permanently removed.

Mr. S. B. Maginn, Ethel, used Northrop & Lyman's Vegetable Discovery to cure a severe bilious sick headache which troubled him for a long time. He thinks it an excellent medicine for all such afflictions.

Mr. Thos. Bell, of Messrs. Scott, Bell & Co., proprietors of the Wingham Furniture Factory, writes: "For over one year I was not free one day from Headache. I tried every medicine I thought would give me relief, but did not derive any benefit from their use. I then procured a bottle of Northrop & Lyman's Vegetable Discovery, and began taking it according to directions when I soon found the headache leaving me. I am now completely cured, and I cannot recommend this medicine too highly. I would not be without a bottle of it even if it should cost me three times its present price."

### LIVER COMPLAINT.

The liver is the secreting organ or gland by which the bile is formed, and on account of the relation it bears to the blood is more or less affected by the purity or impurity of that fluid. It can therefore be readily understood how easily one is affected by the condition of the other.

If your skin is sallow or of a yellow colour, pain in the right side or shoulder, torpidity, easily exhausted, weight or pain about the liver, or jaundice (a disease which arises directly from obstructions caused by disorders from the liver), you have the

### Symptoms of Liver Complaint,

a disease from which very few are entirely free. Northrop & Lyman's Vegetable Discovery claims to permeate, strengthen, clear up and invigorate all the ducts, passages and blood-vessels of the liver, and restore the organ to a perfectly healthy condition. It should be resorted to by those troubled with liver complaint.

Mrs. H. Hall, Navarino, N. Y., writes: "For years I have been troubled with Liver Complaint. The doctors said my liver was hardened and enlarged. I was troubled with dizziness, pain in my right shoulder, constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of Northrop & Lyman's Vegetable Discovery, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."

Mrs. L. Squire, Ontario Steam Dye Works, Toronto, says: "For about 30 years I have doctored for Liver Complaint and Dyspepsia without getting any cure. I then tried Northrop & Lyman's Vegetable Discovery, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately on the liver, and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

A Kingston man is trying to invent a tail weight to put on his horse. He says horses can't kick if you keep their tails down.

"No, indeed! I wasn't afraid of the bug," said Miss Fussandfeather after she had recovered from her fainting spell at the church picnic the other day, "but I knew such a horrible shade of green would'n't harmonize with my new pink dress."

A couple of newsboys in Tremont St., opposite the Temple, were discussing ways and means just as the ministers' meeting closed and the clergymen were coming forth. "I say Jim," said one, "wot's the meanin' of so many preachers here today?" "Why," answered Jim, scornfully, they allers meet once a week to swap sermons."

"Mother, father won't be in Heaven with us, will he?" "Why, my child?" "Because he can't leave the store."

"Talk about being careful about wearin' out the seat o' my trousers," said the boy to his mother, you don't seem to think o' that when your old slipper's a goin' it."

Poots says he cannot understand why his wife is always so particular in selecting a residence where she can have a "southern exposure." He says that just before the war he was down about Vicksburg and he got enough Southern exposure in one dose to last him all his born days. They stripped him, tarred and feathered him, and run him out of town.

## What Toronto's Well-Known Good Samaritan Says.

"I have been troubled with Dyspepsia and Liver Complaint for over twenty years, and have tried many remedies, but never found an article that has done me as much good as Northrop & Lyman's Vegetable Discovery.—CLARA E. PORTER.

### KIDNEY AND BLADDER DISEASES.

The state of the blood has a decided effect on these organs. If impure, a portion of the poison in passing through the kidneys lurks there, and very soon deranges, and establishes diseases that are frequently of a very serious nature, and from a similar cause the bladder is very apt to become a prey to disease.

The symptoms are, a tenderness or pain in the back, loins and about the kidneys, scanty and high-coloured urine, frequent desire to urinate, the skin dry, pale or dusky, stomach disordered, and general weakness.

For the restoration of these important organs there is nothing better than NORTHPROP & LYMAN'S VEGETABLE DISCOVERY. It is particularly adapted for these diseases. By its use the poison is promptly eradicated from the system, destroying the last taint of the disease, and leaving the patient in splendid condition.

### FEMALE COMPLAINTS.

It is a fact indisputable that a very large proportion of the women of America suffer from Pro-lapsus Uteri, Uterine Weakness, Leucorrhœa, or some other complaint peculiar to their sex. These diseases are frequently caused by hereditary scrofula, prostration by disease, dissipation, cold, over-exertion, nervous excitement, etc., and are aggravated by anything that depresses the tone and energy of the system. Woman, from the peculiar physiological functions of her organs, and from her delicate nervous system, is subject to all the above diseases; the weak and delicate are more liable to them than the strong and robust.

Among the early settlers female diseases were almost unknown. The women that helped to make Canada what it is were principally employed in the open air, helping the sterner sex to make a home for their families. But as civilization advances, the heavy out-door work gives place to house-work, the old fire-place is replaced by stoves and furnaces. As a consequence, heated rooms and but little out-door exercise is having its effect. You cannot grow sturdy, healthy plants in curtained, heated rooms; and how can we expect to have healthy daughters and wives raised in the same atmosphere?

Living continually in hot, close rooms causes a relaxation of the fibres, and the system becomes like a hot-house plant. If our fair readers are suffering any of the miseries that make life almost unbearable—that not only has its effect on themselves but also on the future generation—we commend to them Northrop & Lyman's Vegetable Discovery, and we feel confident that it will restore them to their wonted health and strength.

It cleanses out all obstructions, gives tone and energy to the whole system, thereby restoring the displaced organs to their natural position, corrects irregularities, cures that dreadful bearing-down feeling; in fact it is the best FEMALE MEDICINE in use, and is specially adapted to the changes of life, and for the young verging on womanhood.

### Seven Years of Suffering.

A lady in Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery I suffered from a complaint very prevalent with our sex. I was unable to walk any distance, or stand on my feet for more than a few minutes at a time, without feeling exhausted; but now, I am thankful to say, I can walk two miles without feeling the least inconvenience. For female complaints it has no equal."

### THE DAYS OF CHILDHOOD.

In infancy the foundation of a good and robust constitution is generally laid. It is, therefore, of importance that parents look well after the ills that are incidental to childhood. Medical men give nearly all their energies and skill to the adult and his diseases, to prolong the days of the man used up in the battle of life, while the most important branch of medical science is completely ignored. Youth is the season for mirth and cheerfulness, and if your children, especially girls, are grave, moping and melancholy they are not in the enjoyment of good health. We do not pretend to say that Northrop & Lyman's Vegetable Discovery is a panacea for all the ills of childhood, but we do say that it has been used with the most astonishing results by children that had become listless, weary and wo-begone, especially by those attending school. It is purely vegetable, and will not injure the youngest child. Give it a trial.

### USE IT IN THE SPRING.

By taking this medicine in the spring you will derive more benefit from it than at any other time of the year. The blood is then more impure, and the system run down by the severity of our climate, and requires some good tonic and laxative medicine to give it tone, and remove the impurities, which, if not attended to, find their way out in Pimples, Blotches, Boils, Scrofula, and other eruptions of the skin. One bottle of this excellent

It's all folly to say that men cannot serve two masters. Schooners are two masters.

A homely spoken but sincere brother at a prayer meeting in Westfield arose and said:—"I want to hear sung that beautiful hymn, 'Split Doors.'" Every one looked at each other in surprise for an instant, and then a good sister struck up "Gates Ajar," which was what he wanted.

Man is strong; woman is beautiful.  
 Man has science; woman has taste.  
 Man shines abroad; woman at home.  
 Man prevents misery; woman relieves it.  
 Man has a rugged heart; woman a soft one.  
 Man has judgment; woman has sensibility.  
 Man is great in action; woman in suffering.  
 Man is a being of justice; woman an angel of mercy.

"Isn't it awful?" cried Julia, as a dog in the agony of fright, went scurrying past with a tin kettle tied to his tail. "Yes, indeed!" replied Jones. "I guess there won't be much left of that kettle."

A Milwaukee man made three unsuccessful attempts to blow his brains out, and then his wife told him: "Don't try again, John, you haven't got any." He goes about saying that he owes his life to that woman.

A five-year-old who went to school for the first time came home at noon, and said to his mother: "Mamma, I don't think that teacher knows much." "Why not, dear?" "Why, she kept asking questions all the time. She asked where the Mississippi river was."

medicine will generally be found sufficient to remove the impurities, and save you much sickness and expense. It will invigorate the whole system, improve the appetite, stimulate and tone the digestive organs, and eradicate all malaria from the system.

**The Lungs, Liver, Kidneys, Bowels, Skin,** etc., act as so many waste gates for the escape of effete and poisonous matter and gases from the body. When one of these organs refuses to fully accomplish its task, there is consequently so much effete matter left in the system that should be thrown off; and as this matter cannot lay dormant, it enters the blood and destroys its purity by loading it with poisonous floating particles. These particles, with the blood, have to circulate through every organ in the body; and what is the consequence? It is that the pores and ducts of every organ in the whole system are to some extent obstructed. When one of the organs of the body is diseased all the rest sympathize with it, and to radically and permanently cure the disease of that organ we must have a remedy compounded of a variety of medicines possessing a variety of properties that will purify the blood as well as permeate, clear up and strengthen every organ in the body. Such a panacea is to be found in **Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure.**

Sold by all medicine dealers at \$1 per bottle.

**NORTHROP & LYMAN CO.,**

Toronto, Proprietors.

### A CURE FOR DEAFNESS.

Mr. S. E. Crandell, Port Perry, writes: "I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other, after trying various remedies and consulting several doctors without obtaining any relief I was advised to try Dr. Thomas' Electric Oil. I warmed the Oil and poured a little of it into the ear, and before one half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine.

### IN HOT WATER.

Orpha M. Hodge, of Battle Creek, Michigan, writes, May 16, 1878: "I upset a teakettle of boiling hot water on my hand, inflicting a very severe scald. I applied Dr. Thomas' Electric Oil, and take great pleasure in announcing to you that the effect was to allay pain and prevent blistering. I was cured in three days. We prize it very highly as a family medicine."

## COPLAND'S SWEET CASTOR OIL.

EQUALLY SUITABLE FOR CHILDREN AND ADULTS.

*Endorsed by over 600 doctors in Canada.*

**W**E have recollections that are hard to erase from our memory of a time when the good old fashioned but disagreeable Castor Oil was the favourite medicine with our mothers. We then feared to tell that we were sick, for we knew what would follow that acknowledgment. We preferred suffering in silence rather than take that nauseous and sickening medicine. But with the advancement of science this feeling has disappeared; one discovery has followed another; and one of the most important in the history of medicine is the discovery of a way whereby Castor Oil can be sweetened and rendered palatable.

To the inventor of **COPLAND'S SWEET CASTOR OIL** is the world indebted for this valuable improvement on a staple household medicine. After careful and long research he made this discovery, and called his preparation

### Copland's Sweet Castor Oil,

It is of the same strength and medical qualities as the ordinary Castor Oil, and, while equally safe and harmless, yet acts with more certainty, and produces neither nausea nor griping. Some children say it is honey; others call it syrup—they all say they like it. One parent says: "My children drink it like water"; another: "We had to hide the bottle or they would have finished it right off"; another: "My little girl has taken it twice without any trouble, and does not know what it is, though she hates the ordinary Castor Oil, and we could never get her to take it without a fight." Yet another: "I wish you success of your **SWEET CASTOR OIL**; it is a splendid thing, sure to take the place of all the common oil."

Below are names of a few medical men acquainted with **Copland's Sweet Castor Oil**, who certify that it is a great improvement on ordinary Castor Oil, and recommend it as pleasant, harmless, efficacious, and supplying a long-felt want; L. Brock, M. D., Guelph; D. Macintosh, M. D., Hamilton; E. Clapham, M. D., L.R.C.S., Belleville; Geo. W. Wright, M. D., Berlin; Y. Cowen, M. D., Galt; Geo. Smith, M.R.C.S.E., Stratford; James P. Morden, M. D., Picton; R. R. Addison, M. D., Farmersville; W. H. Street, M. D., London; H.C. Rugg, M. D., Perth; James Patterson, M. D., Almonte; Francis W. Campbell, M. D., Montreal; J. McNaughton, M. S., S. M., Newcastle; Wm. Wade, M. D., M.R.C.S.E., Cobourg.

*The undersigned having purchased Messrs. T. Copland & Co.'s interest in the above preparation are now manufacturing it from the original recipe,*

**NORTHROP & LYMAN CO., TORONTO.**

Sold by all Medicine Dealers. Price, 25 cents.

When a chicken has the toothache, what does it expect? That a chicken will ly and by come to pullet.

A Nebraska lawyer in arguing a case said that "a man who is so mean as to sue a widow ought to be kicked to death by a jackass, and he would like the court to appoint him to do it."

"What's the matter with you, Pat? You lean forward like a man with the spinal complaint."

"Och, it's nothin', yer honor, only that I was compelled to borrow a shurt from a hunchbacked brother, an' it's niver a soul can git the bulge out of it, so they can't."

"I guess the goose has the advantage of you," said a lady to an inexperienced boarder who was carving. "Guess it has, mum—in age," was the withering retort.

"It is a beautiful thing to see a husband and wife of one mind," remarked Mrs. Fogg. "Yes," replied Fogg, "but, then, it makes a good deal of difference who carries the mind."

Lightning struck a contribution plate in a Western church just as the deacon was passing it around. "This is the first time anything has struck this plate for three months," said the deacon thoughtfully.

## HOLLOWAY'S Lozenges } WORM { Candy !

ONE great cause of disease in the human family is to be attributed to Worms. They attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years. They often produce alarming effects without being suspected. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the following

### SYMPTOMS OF WORMS:

Indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

An excellent domestic remedy for Worms and which is perfectly safe, is to be found in

### HOLLOWAY'S WORM LOZENGES & CANDY.

They are vegetable compositions, and as easily taken by children as common candy, which makes them very desirable medicines to administer, especially to small children. They act specifically on the Worms, and are sure to kill and expel them from the stomach and intestines.

A single trial is sufficient to convince parents that these are excellent worm medicines, which will do the work thoroughly. They not only destroy worms, but dissolve the superabundant slime or mucus so prevalent in the stomach and bowels of children. This mucus forms the bed in which worms produce their young; it is, therefore, very necessary that it be removed, if you desire your children to be free from worms, and in a healthy condition.

*Holloway's Worm Lozenges are put up in large boxes and sold at 25 cents, and the Candy in sticks at 12½ cents. Full directions with each.*

### A DETECTIVE'S LEAP.

Mr. Thomas Flynn, Chief Detective, Grand Trunk R. R., says: "Business called me a short time ago to a village near Kingston. While the train was in motion I jumped off; in so doing I alighted on the sloping part of the ballast, where the track had been raised, with such force as to severely sprain my knee. I was driven to Kingston and had to be assisted to my room. I immediately procured a bottle of Dr. Thomas' Electric Oil, and although my leg was so badly swollen that I could not bend my knee, after three applications of this oil I was out of bed and walked to the station. This was on Saturday afternoon, and on Monday I was able to attend to my business as usual. I also used this wonderful oil for sore throat, and it cured it."

Asthma is known by a quick laborious respiration which is generally accomplished with a kind of wheezing noise. Sometimes the difficulty of breathing is so great that the patient is obliged to assume an erect position to prevent suffocation. It is generally ushered in with great listlessness, want of sleep, cough, hoarseness, oppression of the chest, flatulency, difficulty of breathing, etc., and commonly occurs in the night.

Dr. J. D. Kellogg's Asthma Remedy is a specific for this dreadful disease. It has a very soothing effect, diminishes the sensibility of the membrane of the throat and air passages, and gives immediate relief to that distressing tightness of the chest which causes so much pain and anxiety. If the reader is afflicted with Asthma, or has a friend afflicted, we would ask him to read the following testimonials, which speak for themselves, and what this medicine has already done it can do again if the directions are followed.

Mr. John Rafferty, Mount Albert, writes: "For four years I have suffered with Asthma, and could get no relief until induced to try Dr. J. D. Kellogg's Asthma Remedy, when it gave me almost immediate relief. I have not had a severe attack of it since. I believe another box will make a permanent cure."

Mr. W. Hoperoff, Charltech, writes: "A customer of mine suffered greatly from the Asthma, and spent a small fortune trying to get relief, but until he tried Kellogg's Asthma cure nothing helped him; one box of Kellogg's has made a new man of him."

Mr. Jas. Thomson, Hudson Bay Company's Office, Portage la Prairie, writes: "I have found Dr. J. D. Kellogg's Asthma Remedy invaluable."

Mrs. L. Jackson, Deseronto, sends us the following: "For 17 years I have been troubled with spasmodic asthma. Eminent physicians have treated me, but I could get no relief. At last I got a small box of Dr. J. D. Kellogg's Asthma Remedy from Mr. Egar, our druggist, and I cannot in words express my gratitude for the benefits I have received from its use. It gave me immediate relief, and I can honestly recommend it to all asthmatics."

Sold by all medicine dealers; small boxes 25c., large boxes \$1.

When is a man's motive like his mother? When it's apparent.

Calumny crosses oceans, scales mountains and traverses deserts with greater ease than the Scythian Abaris, and, like him, rides upon a poisoned arrow.—*Colton.*

Courage that grows from constitution often forsakes the man when he has occasion for it; courage which arises from a sense of duty acts in a uniform manner.—*Addison.*

"Can you give me a little money on that account of yours this morning?" "No, I don't believe I can this morning." "Well, will you appoint a time when you can? You have traded with me a good deal and have never paid me a cent." "I know it. I am a free trader."

Callow youth (before looking-glass, stroking chin) —"Sis, I think I must get me a razor." Sister—"Do, Bob—a beard raiser."

So common has the expression "painting the town red" got to be in a Western settlement that one of the saloon keepers has put the sign "artists' materials" in his window.

A Kentucky newspaper has an article entitled How to Raise Hemp. A much more important matter for Kentuckians to consider, we think, is how to keep from being raised by hemp.

"Give us the watermelons of a quarter of a century ago!" exclaims a contemporary. It is impossible to comply with his request. They would make him sick anyway, owing to their over ripeness.

Mr. John Anderson, Kinloss writes: "I venture to say few, if any, have received greater benefit from the use of Dr. Thomas' Eclectic Oil than I have. I have used it regularly for over ten years and have recommended it to all sufferers I knew of, and they also found it of great virtue in cases of severe bronchitis and incipient consumption."

Mr. Thos. Brunt, Tyendinaga, Ont., writes: "I have to thank you for recommending Dr. Thomas' Eclectic Oil for bleeding piles. I was troubled with them for nearly fifteen years, and had tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from this distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

### IT SAVED HIS LIFE.

Mr. James Bryson, Cameron, states: "I was confined to my bed with Inflammation of the Lungs, and was given up by the physicians. A neighbour advised me to try Dr. Thomas' Eclectic Oil, stating that his wife had used it for a throat trouble with the best results. Acting on his advice, I procured the medicine, and less than a half bottle cured me; I certainly believe it saved my life. It was with reluctance that I consented to a trial, as I was reduced to such a state that I doubted the power of any remedy to do me good."

### DIPHTHERIA:

Mr. W. J. Corbett, Creemore, writes: "I supplied Dr. Thomas' Eclectic Oil to a large number of parents during an epidemic of Diphtheria, and every one saved their children, while a number, that I know of, lost their's after using other remedies. Dr. Thomas' Oil is in constant demand all the year round."

### DISEASE OF THE EAR.

Mrs. W. J. Lang, Bethany, Ont., writes: "I was one of the greatest sufferers for about fifteen months with a disease of my ear similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but without relief. As a last resort, I tried Dr. Thomas' Eclectic Oil, and in ten minutes found relief. I continued using it, and in a short time my ear was

cured and hearing completely restored. I have used this wonderful healer successfully in cases of inflammation of the lungs, sore throat, coughs and colds, cuts and bruises, etc.; in fact, it is our family medicine."

### HORSES AND CATTLE.

The noblest of the brute creation, when suffering from a cut, abrasion, or sore, derives as much benefit as his master in a like predicament, from the healing, soothing action of Dr. Thomas' Eclectic Oil. Lameness, swelling and stiffness of the joints are relieved by it.

It cures Horn Distemper and Garget in cows; a few applications cure cracked teats; for the last named it is especially good. For Horn Distemper put half a teaspoonful in each ear, and pour a little back of the horns.

Mr. W. R. Lazier, Bailiff, etc., Belleville, writes: "I find Dr. Thomas' Eclectic Oil the best medicine I have ever used in my stable. I have used it for bruises, scratches, wind puffs and cuts, and in every case it gave the best satisfaction. We use it as a household remedy for colds, burns, etc., and it is a perfect panacea. It will remove warts by paring them down and applying it occasionally."

P. M. Markell, West Jeddore, N.S., writes: "I wish to inform you of the wonderful qualities of Dr. Thomas' Eclectic Oil. I had a horse so lame that it could scarcely walk; the trouble was in the knee; and two or three applications completely cured him."

Mrs. O'Hearn, River Street, Toronto, used Dr. Thomas' Eclectic Oil for her cows for cracked and sore teats; she thinks there is nothing like it. She also used it when her horses had the epizootic, with the best results.

### TWO GREAT MEDICINES.

#### UNION IS STRENGTH.

Miss M. J. Richards, Belleville, writes: "Nearly three years ago I was taken with a pain in my shoulder so that I could not raise my arm. It rapidly grew worse until a severe running sore broke out. For two years I tried a great many physicians in Belleville and Toronto, and nearly everything that I thought would help it, but got no relief. After being in bed for two months an intimate friend thought if I used Northrop & Lyman's Vegetable Discovery to purify the blood and applied Dr. Thomas' Eclectic Oil on the arm that it might do me good. I must confess I did not have much faith in being cured, as I had tried so many things and did not get any relief from them, but by friend persisted and I commenced taking the Discovery and rubbing the sore with Dr. Thomas' Oil, and in less than two months my arm was completely healed and as strong as it ever was, while my health never was better."

A man says his wife is only half like a telescope. He can draw her out, but he can't shut her up.

A man who claimed to be the inventor of sausages has just been bitten by a mad dog. Now they're even.

A philosopher, being asked the proper time at which to dine, replied, "With the opulent when they choose, and with the poor when they can."

"Blessed be the man who invented barbed wire," as the father of six grown up daughters said when he made his front gate of that material.

"No, sir, my daughter can never be yours." "I don't want her to be my daughter," broke in the young ardent, "I want her to be my wife."

Whatever is worth doing at all is worth doing well.

Turnips fed to sheep are said to make mutton tender. Will cabbages fed to lawyers make legal tender.

An Oregon preacher had one of his horses stolen, and he went to his study and prayed that a quickened conscience might oblige the thief to return it. That very night the fellow returned and—stole the other.

An old bachelor says that giving the ballot to the women would not amount to anything practically, because they would keep denying they were old enough to vote until they got to be too old to take an interest in politics.

## PERSIAN BEAUTIFIER.

For Beautifying and Preserving  
the Complexion, Removing  
Tan, Sunburn, Freckles,  
and all Roughness  
of the Skin.

**H**OW to be beautiful, and consequently powerful, is a question that has engrossed the female mind in all ages. Beautiful women have controlled the fate of dynasties and the lives of men from the earliest days to the present time.

It has been said that beauty is only skin deep. If that is a fact, we can easily make our skin beautiful. Ladies who leave the city for the summer need not carry immense sunshades with them to protect their complexion. Let them take and use a bottle of the **PERSIAN BEAUTIFIER**.

Ladies who remain much indoors during the winter months find that the skin becomes rough by the slightest exposure to the air. This can be avoided by the use of the **PERSIAN BEAUTIFIER**.

This preparation not only removes roughness, but imparts a beautiful tint to a sallow complexion, and gives a pearly appearance to a fair skin. It cools the skin, and gives that healthy appearance so attractive in our well-known beauties.

A lady writes: "I think every one likes boating, and nearly every one suffers when they indulge in that enjoyment, especially if the sun is pouring forth its strongest rays. Our pretty faces are spoiled with tan and sunburn, and coming home our admirers are not quite so attentive as they were. But, many thanks to Northrop & Lyman Co., we can soon be ourselves again. The **PERSIAN BEAUTIFIER** will remove all the tan, sunburn and freckles we received at our last boating party. It excels every other beautifier, and has a sweet cooling sensation when applied. It leaves a pretty pearly pink, and is not injurious to the skin."

A young lady from Nevada writes: "Send me two bottles of Persian Beautifier at once per express, as I must have it at any cost. I used a bottle while in Canada on a visit last summer and I don't think there is any **anything** equal to it."

**NORTHROP & LYMAN CO., SOLE AGENTS,**  
Price 50 cents. TORONTO.

## DR. J. D. KELLOGG'S DYSENTERY CORDIAL.

A SURE CURE FOR

Dysentery, Diarrhœa, Cholera, Gripping  
Pains in the Bowels, Summer Com-  
plaints, Children Teething,  
Sea Sickness, Etc.

This cordial is prepared from drugs known to the profession as thoroughly reliable for the cure of the above named diseases. And having been used by medical practitioners for a number of years, with gratifying results, we place it on the market with the fullest confidence of its giving entire satisfaction.

Cholera is usually preceded by Dysentery, hence if this remedy is kept on hand, and used in season, no one need stand in fear of that dreadful scourge.

All infants are more or less subject to this disease; older children and adults generally bring it on by eating green vegetables or unripe fruit, and in every instance it soon weakens even the strongest. It should be checked on its first appearance, and to do this effectually there is nothing better than Dr. J. D. Kellogg's **DYSENTERY CORDIAL**, an article possessing excellent medicinal qualities for the disease named above. It acts with wonderful rapidity, and never fails when taken at the commencement of an attack. Before placing it on the market we tested it, and are fully convinced that it will soon work its way to the confidence of the suffering public.

No person should go from home without a bottle of Dr. J. D. Kellogg's **DYSENTERY CORDIAL** in their possession, as change of water, cooking, climate, etc., frequently brings on summer complaint, and there is nothing like being ready with a sure remedy at hand, which oftentimes saves great suffering, and frequently valuable lives.

Sold by all medicine dealers. Price, only 25 cents. Prepared only by

**NORTHROP & LYMAN CO. (Limited),**  
TORONTO, ONT.

## ULCERATED SORES FOR NINE YEARS.

Mr. Samuel Bryan, Thedford, writes: "For nine years I suffered with ulcerated sores on my leg; I expended over \$100 to physicians, and tried every preparation I heard of or saw recommended for such diseases, but could get no relief. I at last was recommended to give Dr. S. N. Thomas' Electric Oil a trial, which has resulted, after using eight bottles (using it internally and externally), in a complete cure. I believe it is the best medicine in the world, and I write this to let others know what it has done for me."

A boy being asked "What is mist?" vaguely responded, "An umbrella."  
 It is said that the Chinese giant speaks eight languages. He's not a tall ignorant.  
 Why must a line drawn by a pen always be on a slope? Because it's always an incline (incline).  
 "I hev often noticed," says Josh Billings, "that the man who would hev done such wonderful things of he had bin thare, never gits thare."  
 Junior Alley, who is sweet on Flora, hearing some one say she was cold and stiff in her manner, says that is natural, because she is a nice Floe.

In youth we feel the richer for every new illusion; in mature years for every one we lose.  
 When Clara was asked what she would do if a nice young gentleman should ask her hand in marriage, she naively replied, "I don't think I'd no."  
 "Every man should provide liberally for his family," says Mr. Smith. "Ever since my marriage I have kept my wife provided with a sewing machine, surmounted by a fine mirror." "What is the mirror for?" enquired a party present. "Well," said the oracle, "I tell her that when she gets so lazy that she can't run the machine she can sit still and see herself starve to death."

## DARLEY'S CONDITION POWDERS

AND

### ARABIAN HEAVE REMEDY.

*For the Cure of Colds, Coughs, Heaves, Thick and Broken Wind, Inflammation of the Lungs, and all Diseases which affect the Horse.*

By their use the horse's appetite is improved, all derangements of the digestive organs corrected, softening the skin, and giving to the coat a sleek and shining appearance, and may be used with perfect safety at all times, as they contain no ingredient which can injure a horse, whether sick or well. As a *Condition Medicine*, they are superior to all other known preparations; their effects in this respect are truly astonishing. They may likewise be given to horned cattle as well as horses.

Horses lose their appetite from various causes, but most frequently by the approach of some disease. This circumstance ought not to be overlooked by those who own horses, but should be immediately attended to, as by so doing the disease may be checked, and the life of the horse saved; to do which we are positive there is nothing equal to DARLEY'S CONDITION POWDERS AND ARABIAN HEAVE REMEDY; it purifies the blood, corrects all derangements of the digestive organs, and as a necessary consequence, the appetite is restored.

These Powders have now been in use in this country over twenty years, during which they have effected more cures, and done more to improve the condition of horses than all others combined. This statement is confirmed by the testimony of thousands who have either used them or seen them used by others. No person who has used them will use any other, and many have travelled miles to procure them, well knowing that they were the only powders on which they could depend. They do not, like most articles of the kind, benefit for the time being only; their effects are *permanent and always safe*; they do not contain any of the *mineral or vegetable stimulants* generally used, which, though they appear at the time to benefit, really injure the animal.

NORTHROP & LYMAN CO., TORONTO,  
Proprietors for Canada.

## HOLLOWAY'S CORN CURE.

FOR THE REMOVAL OF ALL KINDS OF  
CORNS, WARTS, Etc.

A CORN is simply a thickened cuticle or scarf skin, and is produced by continuous uneven pressure, such as wearing tight or ill-fitting boots or shoes. If not attended to promptly they gradually sink into the mucous network, and then into the true skin, which is the organ of touch. They cause intolerable pain, and sometimes inflammation to such an extent as to form an abscess.

**For the Cure of Corns there is nothing better than "HOLLOWAY'S CORN CURE"**

Since the introduction of this medicine, it has given remarkable satisfaction. It removes these troublesome excrescences without pain or inconvenience, and is not injurious to the skin. It is safe, sure and effectual, consequently destroys them root and branch. There is no corn existing that it will not cure, if the directions are followed. Give it a trial, and you will not regret doing so.

### What it has Done.

Mr. Joseph Wallace, Louisville, writes: "I suffered with corns for 40 years, for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of *Holloway's Corn Cure*. After applying it for a few days only, I removed the corns root and branch. I have pleasure in recommending it to all sufferers."

Mr. J. W. Brown, Chicago, Ill., writes: "Where can I get some of *Holloway's Corn Cure*? I was entirely cured of my corns by this remedy and I want to get some more to give relief to some of my friends."

Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try *Holloway's Corn Cure*. After applying it for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."

A FIELD OF CORNS.—Thomas Sabin, of Eglington, says: "I have used *Holloway's Corn Cure* with the best results, having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extinguisher, leaving the skin smooth and clear from the least appearance of the Corns."

Price 25 cents per bottle.

What flower would furnish a drawing-room best? Rose would.

"You see that young gentleman opposite? You should know him. He comes from a very old family." "Indeed, and he so fresh!"

A newspaper tells us of "a remedy for potato bugs." We have had considerable experience in raising potato bugs, and have always found that they thrive better on Paris green than anything else.

O, blessed health! thou art above all gold and treasure; 'tis thou who enlargest the soul, and openest all its powers to receive instruction and to relish virtue. He that has thee, has little more to wish for! and he that is so wretched as to want thee, wants everything with thee.

"Lands are measured in rods, leagues and so forth," said the teacher; "now what is a surveyor?" "A land leaguer!" shouted one of the boys.

Stable keeper: "I'll put in an extra buffalo?" English stranger: "Couldn't you let me have an 'orse, you know? Er-er rather not drive a buffalo first time, you know."

A scientific writer says that a woman can grow seven crops of hair between the ages of 15 and 45. Yes, besides husbanding crops not grown by her. Women are great institutions.

A Massachusetts widow dresses in mourning and wears bangs made of her departed husband's hair. She prudently had saved for that purpose all that she had pulled out before his death.

## DR. J. D. KELLOGG'S EYE WATER.

For the Cure of all Diseases of the Eye,  
such as Inflammation, Films, Opacities,  
Specks, Abnormal Growths  
on the Mucous Surfaces,  
and Gangrene.

This most excellent eye medicine stands at the head of the list of remedies for the cure of sore eyes. It has been on the market for a number of years and we have never had one complaint against it, nor has it come to our knowledge one instance in which it has failed to effect a complete cure where the directions are followed.

If your eyes are weak, sore or inflamed from any cause, the best treatment you can get for them is none too good, and in drawing your attention to **Dr. J. D. Kellogg's Eye Water**, we do so with the assurance that there is nothing better to be found for the diseases to which the eye is subject, such as ACUTE OR CHRONIC INFLAMMATION, WEAKNESS OR DEFECTIVE VISION, FILMS, SPECKS, OPACITIES, ETC.

The most aggravated cases of Inflammation readily yield to its soothing influence and healing powers. The sight is strengthened, and a uniform healthy action is induced.

Do not suffer the loss of your sight, or go day after day with sore and inflamed eyes, when you can get a pleasant and cooling lotion in **DR. KELLOGG'S EYE WATER** for 25 cents per bottle. Try it without delay.

Mr. James Hendry, Stewart's Bay, Ont., writes: "I received Dr. Kellogg's Eye Water, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to any one I meet with suffering from sore eyes, etc."

Notice the name, "Dr. J. D. Kellogg's Eye Water," prepared only by Northrop & Lyman Co., Toronto. Sold by all medicine dealers, 25c per bottle.

J. B. Dickenson, Andover, N. Y., writes: "My little girl had her fingers severely mashed. We supposed they must be amputated, but on applying Dr. Thomas' Electric Oil freely, imagine our grateful surprise, when, in less than a week, the fingers were almost entirely well."

## DR. KELLOGG'S CATARRH SNUFF.

For Catarrh, Cold in the Head,  
Headache, etc.

One of the most common of all disorders to which the human body is subject in this changeable climate is Catarrh. It is contracted generally by exposure to draughts or damp atmosphere. It may at first be only what is commonly called cold in the head, but if neglected it eventually becomes chronic, and is exceedingly troublesome, causing derangement of the stomach and whole system. The smell is impaired and sometimes destroyed, appetite gone, and general emaciation frequently occurs.

### Dr. Kellogg's Snuff

Is specially adapted for this disease, and we do not hesitate to pronounce in the strongest terms of its unflinching efficacy in relieving and eventually curing the afflicted.

It gives immediate relief to the dull, heavy pains caused by cold in the head. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

Mr. PAUL THIBODEAU, Cavendish Road, P. E. I., writes: "I have had Catarrh for twelve years, and fifty cents worth of Kellogg's Snuff did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John, and Charlottetown. I think one more bottle will completely cure me."

Price 25 cents per bottle.

NORTHROP & LYMAN CO., TORONTO,  
Sole Agents for Canada.

### BEYOND THEIR EXPECTATION.

Mr. J. R. Allen, Upholsterer, Toronto, sends us the following: "For six or seven years my wife suffered with Dyspepsia, Costiveness, Inward Piles and Kidney Complaint. She had a pain in her back so bad that she could not straighten herself for some time after she arose in the morning. Her legs frequently cramped so much that she could scarcely turn over in bed at night. In fact, she was suffering untold agony in both body and mind. We tried two physicians and any number of medicines without getting any relief, until we got a bottle of Northrop & Lyman's Vegetable Discovery. This was the first relief she got and I am happy to state that before one bottle was used the benefit she derived from it was beyond our expectation. We can with confidence recommend it for such complaints as she had, and hereafter we shall always keep a bottle of it on hand as our family medicine."

An exchange wants to know what is the best way to mark animals. Well, a shotgun is the most effective for cats.

A Correspondent wants to know how to make hen-keeping profitable. There is but one method, don't keep hens.

A rich officer of revenue the other day asked a man of wit what sort of a thing opulence was. "It is a thing," replied the philosopher, "which can give a rascal the advantage over an honest man."

"Yes," said the Vermont deacon, "I always go down to camp meeting, and always come back feeling good. Do you see that magnificent horse there in the field? Well you ought to have seen the old plug I took down."

The oldest inhabitant will continue to be a man as long as women conceal their ages.

"I don't want no rubbish, no fine sentiments, if you please," said the widow who was asked what kind of an epitaph she desired for her late husband's tombstone. "Let it be short and simple, something like this: 'William Johnson, aged seventy-five years. The good die young.'"

"Why don't you marry?" said Pope Alexander II. one day, to Alacci, the librarian of the Vatican. "So that, your holiness, if an opportunity offers I may enter the priesthood." "Well, then, why don't you become a priest?" "I don't, your holiness, in order that if an opportunity presents itself I may marry well."

**NORTHROP & LYMAN'S  
CANADIAN LIQUID  
HAIR DYE.**

It is a source of annoyance to many young people to see their hair gradually turn gray, and with many this undesirable change takes place before they have reached their thirtieth year.

Various causes have been assigned, and much has been written on the subject, but when all is summed up we are as uncertain in most cases as to the cause as we were when we first commenced our investigations.

One thing we know, and that is, that nothing will restore it to its original state, but it can artificially coloured so as to be equally as beautiful and have all the natural appearance that it at one time possessed.

If the reader is one of the unfortunate ones, and is seeking for a change, we would ask him or her to get a bottle of the

**CANADIAN HAIR DYE.**

It will change both red and gray hair to a beautiful black or brown, as may be preferred, allowing it to retain all the freshness and lively appearance of the original hair.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

It is easily applied, and quickly and effectually produces the desired colour.

Give it a trial and satisfactory results will follow.

Price, 50 cents per bottle. Sold by all Druggists and Medicine Dealers.

Prepared only by NORTHROP & LYMAN CO., Toronto.

**BAD DREAMS GONE.**

Mrs. M. Stephens, of Albany, N. Y., writes us as follows: I take great pleasure in informing you of the benefit I have received from the use of Northrop & Lyman's Vegetable Discovery. My stomach was so weak that I could not eat anything sour or very sweet, even fruit at tea time would cause heartburn, fulness or oppression of the chest, short breath, restlessness during sleep, and frightful dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of the Vegetable Discovery this unpleasantness has all been removed, and I now can eat what suits my taste or fancy without the least dread of having to suffer for any indiscretion. My appetite is improved, my rest good, and general health better than it has been for years."

FOR dyeing all kinds of Woollen, Cotton, or Silk Goods, Feathers, Artificial Flowers, etc., giving a beautiful and brilliant colour, unsurpassed by any other dye, easier done, and far more lasting than by the old process. They are used for all purposes where a colouring agent is required, such as Basket and Leather Work, Grasses, Everlasting Flowers, etc., etc.

The Star Dyes have no equal for brilliancy, durability, and excellency of colour. Old ribbons and faded or streaked stockings can be made to look new by the use of the Star Dyes.

They are a boon to the economical woman who wishes her children to look fresh and neat. They are just what you want to color your carpet rags or old dresses.

The purple makes an ink much superior to what you can buy; it does not corrode the pen, and is much cheaper than any other ink, and in every way will give you more satisfaction.

They are put up in packages, handy and convenient, and if the directions are followed, the results will be all that we claim for them.

As there are several persons putting up Package Dyes, don't fail to get the "STAR DYES," with our names on each package.

NORTHROP & LYMAN CO.,  
PROPRIETORS.

**THE BEST MEDICINE.**

Mr. Jno. Blackwell, of the Bank of Commerce, Toronto, writes: "Having suffered for over four years from Dyspepsia and weak stomach and having tried numerous remedies with but little effect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and a third bottle, and now I find my appetite so much restored, and stomach strengthened, that I can partake of a hearty meal without any of the unpleasantness I formerly experienced. I consider it the best medicine in the market for the stomach and system generally.

If your children are troubled with worms, give them Mother Graves' Worm Exterminator; safe, sure, and effectual. Try it, and mark the improvement in your child.

Which one of the Presidents wore the largest hat? The one with the largest head.

One difference between sailors and soldiers is that sailors tar their rope, while soldiers pitch their tents.

A joker declared that a blind man, by taking something from the breakfast table, recovered his sight. "What did he take?" "He took a teacup and saucer (saw, Sir)."

A gentleman in New Orleans was agreeably surprised to find a plump turkey served up for his dinner, and inquired of his servant how it was obtained. "Why, sir," replied Sambo, "dat turkey has been roosting on our fence tree nights. So dis morning I seized him for de rent ob de fence."

The present style of ladies' dresses is so complicated that a guide-book is necessary to teach the owner where to find the pockets.

When an officer is dismissed from the army he is said to be cashiered. When a cashier is dismissed from a bank he is generally officered. Same thing, only different.

It takes just six days to go between New York and San Francisco, and a train leaves both points every day at noon, how many trains will one meet in going from one city to another?

A Pennsylvania woman has been sent to prison for horse-stealing. The dear creatures are getting their rights one after another, thanks to the efforts of the noble pioneeresses in the field of agitation.

## CANADIAN PAIN DESTROYER.

As a family medicine, it is well and favourably known, relieving thousands from pain in the

**Side, Back and Head, Coughs, Colds, Sore Throat, Sprains, Bruises, Cramps in the Stomach, Cholera Morbus, Dysentery, Bowel Complaints, Burns, Scalds, Frost Bites, etc., etc.**

It is one of the most important and valuable agents known for the eradication of pain from all parts of the system. Tic-Doloureux, Toothache, Neuralgia, and other painful diseases of a like nature are easily overcome by its heating power; Sick Headache, Cramps in the Stomach, Cholera Morbus, Dysentery, Sudden Colds, etc., all disappear under its magic operation; and whether used externally or internally, it gives immediate relief. In severe cases of Burns and Scalds it has been tried, and its cures have been very remarkable. Vomiting, Sea Sickness, Heartburn, Sour Stomach, Dizziness, Faintness, etc., are relieved by taking a few drops in water. In fact, it is the medicine that should be in every family and for all emergencies, and, if on hand, it will save you much expense, and your physician will not be hurriedly called to your house at unseasonable hours.

The astonishing efficacy of the Canadian Pain Destroyer in curing the diseases for which it is recommended, and its wonderful effects in subduing the torturing pains of Rheumatism, and in relieving Nervous Affections, entitles it to high rank in the list of Remedies.

Many of the preparations placed upon the market at the present day have no medicinal value, being prepared by persons without any knowledge of medicine, and in too many cases by very unscrupulous men, who only expect to do business for the time being. Their mixtures may appear similar to the Canadian Pain Destroyer; but not having been prepared by a chemist, and without

any regard to proportions of the ingredients, the chances are they will do you more harm than good.

But with this valuable and well-known preparation it is different, as it is prepared with great care and by an experienced chemist, and is compounded from vegetable ingredients, the value and healing properties of which are beyond question.

Since first introducing the Canadian Pain Destroyer, we have made an alteration in the formula which has very materially improved it, and we are satisfied that it now has no equal as a pain-destroying agent, and therefore recommend it with the greatest confidence to the suffering public; and to all sufferers we would say, do not let your prejudice or the prejudices of others stand in the way of the relief that is sure to follow the use of this standard medicine.

### BURNS AND SCALDS.

The first and most important thing to do when so unfortunate as to burn or scald yourself, is to protect the afflicted parts from the atmosphere, and to do this thoroughly there is nothing better than the **CANADIAN PAIN DESTROYER**. Apply immediately and it will at once remove the intense heat, and in a very few minutes will bring it down to the ordinary temperature, allaying all inflammation, and removing the pain. One very important feature noticed where this article has been used is, that no blisters follow, and that the parts heal with remarkable rapidity.

Robert Colby, of Toronto, accidentally put his hand in a pot of hot sealing-wax, causing the skin to peel off with the wax. In less than one minute from the time the **CANADIAN PAIN DESTROYER** was applied the pain was subdued; in two hours he was ready to attend to his duties, and in less than a week the hand was completely healed.

A young lady of Newcastle was unfortunate enough to spill a pail of boiling water on her foot. She at once applied the **CANADIAN PAIN DESTROYER**, and the pain was removed, and no further trouble experienced from it.

As a family medicine it is indispensable, and should be in every house ready for any emergency.

**Price 25 cents.**

**NORTHROP & LYMAN CO., TORONTO,**  
Sole Proprietors.

Rev. J. B. HUFF, Florence, writes: "I have great pleasure in testifying to the good effects which I have experienced from the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. For several years nearly all kinds of food fermented on my stomach, causing heartburn, and gas to accumulate, so that after eating I had very distressing sensations, but from the time I commenced the use of the Vegetable Discovery I obtained relief."

**How to manage bachelors—Miss-manage them.**  
 Southworth has written a new novel entitled "Self-Raised." The title looks very much like a baking powder advertisement.  
 "Wil, the boy who threw the red pepper on the stove please come up here and get a present of a nice book?" said a Sunday-school superintendent in Iowa; but the boy never moved. He was a far-secin boy.  
 "I have been married now," boasted a prosy old fellow, "more than thirty years, and have never given my wife a cross word." "That's because you never dared, uncle," said a little nephew who lived with them. "If you had, auntie would have made you jump."

Teacher to a small boy: "What does the proverb say about those who live in glass houses?"  
 Small boy: "Pul. down the blinds."  
 "Make your husbands comfortable at home, and they will not go out in the evening," exclaimed a Cincinnati preacher lately. The next day Cincinnati wives were anxiously enquiring about the price of beer by th keg.  
 A celebrated French preacher, in a sermon upon the duty of wives, said:—"I see in this congregation a woman who has been guilty of the sin of disobedience to her husband, and in order to point her out I will fling my breviary at her head." He lifted his book, and every female head instantly ducked

## THE GREAT SHOSHONEES REMEDY.

Purification of the Blood, Invigoration of the System, and General Restoration to Sound Health.

**A**RE principles fully carried out in the treatment adopted by the eminent Indian, DOCTOR LEWIS JOSEPHUS, in his most wonderful alterative and tonic remedy, known as THE GREAT SHOSHONEES REMEDY.

No injurious consequences can result from its use; no mistake can be made in its administration. Persons who have been restored to strength and perfect health by the wholesome power exerted by this Indian medicine over the system, after fruitless trial of the whole pharmacopœia of physic, attest this fact.

The numerous testimonials are stern, undeniable and incontestible facts sufficient to convince the most sceptical that this great medical compound performs very marvellous cures, and accomplishes all that is desired. No matter what your ailment may be or of how long standing, it will find the spot, and astonish you by the rapid manner in which you are restored to perfect health and full vigour. It is a perfect

### Invigorator and Renovator

of the system. It is sensibly beneficial in all, and permanently cures in a very large majority of diseases arising from impurities of the blood, such as Scrofula, in all and each of its varied forms; Erysipelas, Salt Rheum, Canker, Scald Head, Pimples, Blotches, Eruptions, Ulcers, Old Sores or Fever Sores, Diseases of the Liver and Kidneys, Dyspepsia, Bronchitis, Rheumatism, Neuralgia, Pains in the Sides and Shoulders, Costiveness, Headaches of all kinds, Female Weaknesses, Pains in the back, and above all for that "all-gone" feeling so prevalent among those of sedentary habits, and general Languor and Debility from whatever cause, either from undue exposure, over-taxation of the body or mental powers, neglected colds, and even to the second stage of Consumption itself. It will expel all Scrofulous and Unhealthy Humours from the body, and cure Scrofula in all its stages, from the smallest pustule to the most desperate case, after all other available medicines have failed. As a Summer Restorative it stands unrivalled, enabling the system to bear up against the constant drain to which it is subjected by a high temperature.

## THE SHOSHONEES Vegetable Restorative Pills,

FOR THE CURE OF

Costiveness, Biliousness Liver and Kidney Complaints, Dyspepsia, Headache, &c.

**T**HESE pills are manufactured with the utmost care, scrutiny and exactness from the very active principles—doubly refined and purified—of some of the choicest remedial agents of the vegetable kingdom. Not one particle of calomel or other mineral enters into their composition. They are the safest and best pills in the market, and the most congenial and pleasant purgative known. On account of their extreme mildness, yet great certainty of action on the bowels, in all cases of infant, adult, and old aged people, as well as as their soothing and healing influence on the stomach, bowels, liver, kidneys, etc., they are the best pills as a

### FAMILY MEDICINE

now in use, and as such, give from one to three pills, according to age and circumstances, for Biliousness, Sluggishness of the Liver, or in cases of taking cold, headache, dizziness, rush of blood to the head, pain in the head, etc., etc., or when there is a feeling of languor, stupidity or heaviness, etc., in consequence of there not being sufficient action of the bowels.

The use of this medicine does no violence to the healthy action of the system, but aids and assists nature in correcting irregularities that often disturb the healthy action of the vital powers, either from change of diet, change of residence, and the different seasons of the year.

The Great Shoshonees Pills act promptly on the Liver and Bowels, arousing the Liver from torpor and congestion, and causing it to perform its functions with ease. If this important organ is not in perfect health, it soon disturbs the whole system, as it is nature's great purifier, by which the foul matter that has entered the blood is absorbed and converted into bile.

It is also very important that the bowels should be kept regular, and nothing is required but this good, safe and pleasant purgative medicine to correct and invigorate the digestive organs.

The penetrating and cleansing properties of these pills reach every portion of the body, correcting its disorganized parts, and restoring the different organs to healthy action.

They are for sale by all medicine dealers. Price, 25 cents per box.

NORTHROP & LYMAN CO.,

General Agents for Canada.

**"Dr. Ransom's Hive Syrup and Tolu."**

In addition to ingredients for ordinary Hive (or Croup) Syrup (or compound Syrup of Squills, used by physicians throughout the world for over 100 years, the formula of which is contained in the United States Dispensatory), contains Balsam of Tolu, Decoction of Skunk Cabbage Root, Lobelia and Hops; a combination that must commend it to every one as a superior remedy for

**Croup, Whooping-Cough,  
Asthma, Bronchitis,  
Coughs and Colds.**

Indeed, for all affections of the Throat and Lungs where a cough medicine is necessary.

This Syrup has been carefully prepared under the personal direction of a regular physician of over twenty years' practice, whose signature is attached to the directions on the bottle.

**Hoarseness.**

Carry a bottle of Dr. Ransom's Hive Syrup and Tolu, or Honey Syrup, in your pocket, and moisten your throat with it every half hour, or hour, and it will restore the voice in twenty-four hours. It is of incalculable value to singers and public speakers, removes in a few minutes the huskiness of the voice, restoring its natural smoothness.

**Why People have Consumption.**

Frequently because they neglect a slight cough. It is not necessary to consult a physician, but take Dr. Ransom's Hive Syrup and Tolu, or Honey Syrup, and cure your cough at once. This is an excellent prescription of an eminent physician, and adapted to all Coughs and Colds.

**Throat and Lungs.**

At the season of the year when Coughs and Colds are troublesome, every family should have a safe and certain remedy at hand. Dr. Ransom's Hive Syrup and Tolu, or Honey Syrup, is the very thing. It is not only pleasant for children to take, but is a certain cure for Croup, Whooping-Cough, Bronchitis, Asthma, Coughs, and all affections of the Throat and Lungs.

**Why Cough yourself to Death?**

A few doses of Dr. Ransom's Hive Syrup and Tolu, or Honey Syrup, will stop your Cough and heal your Lungs. Physicians use and prescribe it.

**How to break up a bad Cold.**

Bathe your feet in hot water just before going to bed; take one or two teaspoonsful of Dr. Ransom's Hive Syrup and Tolu, or Honey Syrup, and drink a bowl of Ginger Tea. Jump into bed and wrap up warm, and you will be all right in the morning.

For sale by all dealers in medicine. Price 25 cents per bottle.

D. RANSOM, SON & CO., Proprietors,  
Buffalo, N. Y.  
NORTHROP & LYMAN CO., TORONTO,  
Agents for Canada.

**EXTRACTS FROM LETTERS.**

David G. Kern, Milton, Wayne Co., Indiana, writes: "Your Hive Syrup and Tolu has proved itself the most reliable medicine for the purpose intended of which I have any knowledge."

W. O. Austin, White Pigeon, Mich., writes: "I find your Hive Syrup and Tolu an excellent remedy for Whooping-Cough and Croup, especially for the former, which is prevailing in a neighbourhood south of us. I must not be out of the Syrup. Please forward me a supply without delay."

Angel & North, Grand Haven, Mich., write: "Please send us six dozen Hive Syrup and Tolu; we have sold all your agent left with us. We cannot afford to be without it."

G. A. Buffington, Jerseyville, Illinois, writes: "Your very reliable medicines have a great run here. I am out of your Hive Syrup and Tolu; please send me a gross as soon as you can."

Wayson & Noble, Indianola, Iowa, say: "We have sold all the Hive Syrup and Tolu left with us, and could have sold double the quantity. It gives general satisfaction. We want a supply at once."

J. L. Best, Chatham, Four Corners, N. Y., says: "Send me a supply of your Hive Syrup and Tolu, and Trask's Magnetic Ointment; I am entirely out, and cannot keep shop without them."

David Parsons, Tafton, Grant Co., Wis., says: "There is no medicine that sells so rapidly as your Trask's Magnetic Ointment and Ransom's Hive Syrup and Tolu. The Syrup of Tolu stops coughing almost instantly, and is a certain remedy every time for the croup. The Magnetic Ointment is a universal remedy. I have used in my own family, including what the neighbours have borrowed, no less than twelve bottles. It is the best for Burns, Sores, Swellings, Sore Throat, and indeed everything it is advertised to cure, of all the medicines used for such purposes. I am out of the two medicines. Send me a supply at once."

# DYEING!

## GENERAL REMARKS.

**1ST. SCOURING.**—In order that the colours should be uniform, it is necessary to thoroughly cleanse the wool, yarn or cloth from grease or dirt, by scouring with soft soap and hot water, afterwards rinsing in clear, soft, warm water. When dried it is ready for any ordinary colour, but if for any bright colour the goods should be passed through a "sour bath," consisting of enough vinegar or oil of vitriol to make the rinsing water taste sour. The purpose of this is to destroy all traces of alkali from the soap which would tend to deaden the shades.

**2ND. KETTLES.**—They should be large in proportion to the goods, as all the colour is equally taken up from a large or small quantity of water, and with plenty of water there is better opportunity of handling and opening the goods, thereby preventing spotting. The kettle should be of copper or brass, and perfectly clean. Iron is very unsuitable, unless enamelled; if the enamel is broken or worn off in spots it is useless.

**3RD. WATER.**—The water should be soft and free from soap.

**4TH. COLOURS.**—Black will cover any other colour, and any colour may be put on a white ground, but generally the colour to be made should be darker than that already existing. Scarlet will cover salmon, yellow and orange. Purple will cover light blue, orange and light green. Green will cover blue, yellow, pink, etc. Brown will cover drab, orange, purple and light green.

**SCARLET (very superior).**—Three ounces of cochineal, three ounces of cream of tartar, and four ounces of solution of tin; powder the cochineal and rub through a bag into blood-warm water sufficient to cover the yarn: when it is a little warm put in the cream of tartar, and simmer, then add your solution of tin; your yarn must be wet with clean water; steep it in the dye till the yarn is properly dyed. Dry your yarn before you wash it. This will colour three pounds.

**WINE COLOUR.**—One pound of wool, half a pound of red powder, one ounce of madder compound. Soak the powdered wood in warm water all night, mix the madder compound with about half a pint of water (in a glass), and add it to the rest; rinse the wool in warm water and put it in the dye; boil about half an hour: take out the wool and rinse it in cold water. A colour almost as fine may be had by using a quarter of a pound of alum, and boiling in the same way.

**GREEN.**—For five pounds goods use five pounds fustic and eighteen ounces alum. Soak in water until the strength is extracted, put in the goods until of a good yellow colour, remove the chips and add extract of indigo in small quantities at a time until the colour is satisfactory.

**PINK.**—For every three pounds of yarn or cloth take three and a half quarts of water, or enough to cover the article you wish to colour; two ounces of cochineal, and half an ounce of cream of tartar; steep the cochineal in warm water two hours, or until the strength is entirely extracted, and add the cream of tartar; then wet the cloth in clear water, wring it out and put it in the dye; bring it to a scalding heat, let it remain in a few moments, and it will be finished.

**BLACK ON WOOL, SILK OR COTTON.**—For every pound of cloth it will require one ounce of extract of logwood and half an ounce of blue vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet, take it out and drain it; in the next place, add the blue vitriol, and when dissolved and the water skimmed carefully, put in the material to be coloured, and let it remain half an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water; the vitriol water may be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat, and skimmed; put in the cloth; keeping the dye in the same temperature, and let it remain half an hour, airing it frequently; then take it out and drain it; add the vitriol water to the dye, and put it in again; let it remain fifteen minutes, airing as before. Cleanse it well. For cotton, add a little common glue.

**CRIMSON.**—Use one pound of lac dye, together with two ounces of madder compound, to every two pounds of cloth or yarn. Soak the lac dye over night in a brass or copper kettle, then add the compound and stir; then the cloth, and bring your dye slowly to a scalding heat; then vary the time as you wish the colour. If dark, let it remain some hours; if not, one hour; then rinse in soft water without soap.

**BROWN.**—For each pound of wool take a quarter pound of alum and two ounces of cream of tartar, and boil for half an hour. Take half a pound of red powder, quarter pound of fustic, and two ounces of logwood chips; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water, and boil with the woods for about half an hour. If a dark brown is wanted, add about a teaspoonful of coppers.

**MADDER RED.**—Take one pound of madder for every two pounds of yarn or cloth; soak the madder in a brass or copper kettle one night in warm water, enough to cover the yarn you wish to colour; next morning put in two ounces of madder compound for every pound of madder which you have soaked, then wet your yarn or cloth in clean water, and wring it out in clear water; afterwards put in the dye; now place the kettle over the fire and bring it slowly to a scalding heat, which will take about half an hour; keep it at this heat half an hour if a light red is wanted, and longer if a dark one, the colour depending upon the time it remains in the dye. When the colour is made, rinse the cloth immediately in cold water; it will then be finished.

**YELLOW.**—One pound of wool or cloth, three-quarters of a pound of fustic, quarter pound of alum; put all into an earthen vessel, and pour on sufficient hot water to cover the wool and keep it warm all night; give it half an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be had by using turmeric powder instead of fustic, and proceeding in the same manner.

**CHEAP BROWN, FOR WOOL OR COTTON.**—For ten pounds goods, take half pound japonica, one ounce blue vitriol, two ounces dichromate of potash; put the japonica into four gallons of soft water, boil until dissolved, add the blue vitriol, and stir well; put in the goods, and keep at boiling point for two hours; wring out and put into the solution made with the potash, let it remain for half an hour, then wash in soap suds.

(Continued on page 33.)

## DR. A. TRASK'S MAGNETIC OINTMENT

The Great Healer of all Inflammation.

THE proprietors of this sovereign remedy challenge the world to furnish anything, from the days of Esculapius down to the present time, in the Arcana of Medicine, which can vie with or excel the intrinsic properties of this Ointment.

The worst Sores, Bruises, Cuts, Burns, Skin Disorders, Sprains, Sore Throat, Croup, Rheumatism, Lameness, and all external and internal affections characterized by INFLAMMATION, yield to its influence as if by magic. Wherever there is inflammation try this ointment, and you will never be without it.

It never fails to restore the natural functions of the skin and equalize the circulation of the blood. It penetrates to every portion of the human frame; every bone, muscle, vein, nerve, and ligament is searched out and made sensible of its soothing and healing influence. Hence it copes readily with internal as well as external disease. Its success has been marvellous in the most obstinate cases of Inflammation of the Eye, Brain, Throat, Lungs, Bowels, and other delicate organs of the human frame, where the skill of the most eminent physicians has been baffled, while for Sores or Injuries attended with Inflammation, Eruptions of the Skin, as Salt Rheum, Pimples, etc., and Lameness, it is without a rival. Its operation is SPEEDY, and containing no minerals, its application is safe, producing immediate relief.

### PILES.

There is no disease more torturing, nor one which will more quickly derange the whole nervous system than this, and yet thousands of sufferers declare that they can get no relief. But every case, however aggravated and desperate, can be cured, provided the proper medicine is obtained, and where hundreds of so-called remedies have

been tried and failed, the MAGNETIC OINTMENT has proved successful beyond all parallel. In fact we sell the Ointment directly to hundreds of people, who, having used it themselves, wish for more to supply their suffering friends. Regarding its effect in this disease and others, we have multitudes of testimonials in our office which we have not space to insert here, but in pamphlet around bottle will be found a selection of the most striking cases of cure.

### RHEUMATISM.

GENTLEMEN,—Among many remarkable cures performed by "Dr. Trask's Magnetic Ointment" in this section of the country, I send you the following: Calling on my friend, Deacon Barber, of this place, I found him prostrate and helpless, under a severe attack of Inflammatory Rheumatism. Knowing the curative effect of your "Magnetic Ointment" in this disease, I proposed a trial of it, and with his consent I made a thorough application of it to the diseased parts, rubbing it on with my own hands. I used the whole of one small bottle. The next morning he was able to come to the breakfast table, and said he felt like a new man—thought a good Providence had sent me there. Within one week he was perfectly well and at work on his farm.

Yours truly,

JOEL E. KEELER,

Wheatland, Mich.

**\$1,000**

Is offered if above is not genuine, or any other certificate published by us.

Edward Newhouse, of Edwards, Wis., says: "I have sold all the Magnetic Ointment your agent left me last summer, and wish you to send a supply as soon as possible, as I don't like to lose my customers by not having it always on hand."

Many eminent physicians have introduced the MAGNETIC OINTMENT into their practice, and speak in the most enthusiastic terms of its success over a large class of diseases. The following have handed in their names for reference:

Drs. Geo. & Wm. Cleveland, Waterville, N. Y.

Dr. Buckingham, Marshall, N. Y.

Dr. Preston, Sangerfield, N. Y.

Dr. Bingham, Utica, N. Y.

Dr. Bronson, Clinton, N. Y.

Dr. Bissell, Clinton, N. Y.

CAUTION.—There are several parties endeavouring to sell a Magnetic Ointment, which is palmed off as the genuine article. Beware of such, and only take Dr. A. Trask's Magnetic Ointment, and see that the name is blown on the bottle.

Sold by all dealers in medicine.

NORTHROP & LYMAN CO.,

Toronto, Agents for Canada.

# NORTHROP & LYMAN'S QUININE WINE

The best Appetizer and Tonic known

AND IN SUCH DISEASES AS

*Fever and Ague, Intermittent and Bilious  
Fever, Dyspepsia, Nervous Affections,  
Convalescence from Exhausting Dis-  
eases, and Functional Derange-  
ment of the Stomach,*

It will be found unrivalled. The remedies frequently prescribed for Fever and Ague have reference only to preventing the paroxysm or breaking the chill, without regard to the condition in which the system may be left after the chills have been removed; whereas the mere suppression of the paroxysms in reality is but a small part of what is required to perfect a radical cure.

The various organs of the body, more especially of the stomach and liver, must be brought into a healthy condition, otherwise a relapse will be the result. The true reason, therefore, why relapses of Fever and Ague are so frequent is that the causes of the disease have never been thoroughly eradicated from the system.

This preparation combines all the medicinal virtues of those articles which long experience has proved to possess the essential qualities of a tonic in building up the weak and nervous system.

It excites the Digestive Organs to a new and healthy action, and exhibits its most important therapeutical powers as an anti-periodic, and is to be preferred to most other medicines as a tonic, being less obnoxious to the stomach and intestines.

After its administration the general system becomes more or less influenced, the pulse being fuller and more rapid, and a gentle stimulus imparted to the various organs of the body.

To persons of a nervous temperament it is especially recommended. It will remove that low, despondent feeling so peculiar to nervous persons.

After using it for a short time they will find their appetite improved, their spirits become more cheerful; sleepless nights, twitching of the muscles and trembling of the limbs, will all disappear, and they will feel and know that every fibre and tissue of their body is being braced and renovated.

The peculiar operation of this medicine has undergone long and close observation, and it is believed it will never fail if properly and judiciously administered, unless other diseases predominate of a different character.

## PERSONS OF A WEAK CONSTITUTION

May take it without the least difficulty, as it contains nothing injurious to the most delicate constitution.

## HIGHLY SPOKEN OF.

Messrs. T. Elliot & Co., Cookstown, write: "We are sold out of your Quinine Wine. It is very highly spoken of by our customers who have used it, etc."

Mr. M. M. Whiteraft, Manager for G. G. Green, 37 Front Street East, Toronto, writes: "My wife suffered many years from prostration of the nervous system, without receiving much relief until I tried your Quinine Wine, and I am happy to say that it has been of great benefit to her in restoring the vital powers, and also as an appetizer, and I would freely recommend it to all suffering from nervous debility."

Mr. E. T. Mulligan, Toronto, writes: "In gratitude to you for what your most valuable medicine, 'Quinine Wine,' has done for my wife. I wish to express my best wishes, and hope that all sufferers from disease to which your medicine is adapted will not hesitate in resorting to its use. My wife having been troubled with general debility, and having no appetite or relish for her food, I procured a bottle of your Quinine Wine, and after submitting it to our family doctor, he told me he could prescribe nothing better. Thanking you for what it has accomplished, I am, etc., etc."

Mrs. Joseph Spencer, Toronto, writes: "Having been a sufferer from general debility and weakness, so peculiar to persons of a nervous temperament, I was induced to try your Quinine Wine. After taking the first bottle, it had such a decided effect that my system began to rebuild, and my appetite was so much improved that I decided to continue the medicine; and I have no hesitation in saying that after I used the second bottle I was quite restored to my natural health. I feel as if I cannot find words to express my feelings to you for what your medicine has done. I have also recommended it to my friends troubled in like manner, and in every instance it has met with the same results. I wish your medicine every prosperity."

Mr. A. C. Vanbuskirk, Kingston, N. S., writes: "Send me three dozen of your Quinine Wine at once. I have only one bottle in stock. It is a wonderful medicine."

Mrs. William Shelton, 321 Bafford St., Toronto, writes: "I beg leave to acknowledge the good I have received from the use of your most valuable medicine, Quinine Wine. For the past two or three years I have been subject to weakness and loss of appetite, and being recommended by a lady friend to try your Quinine Wine I purchased a bottle from my druggist, and it gives me the utmost pleasure in informing you that it has done me more good than what is claimed for it. I do, without hesitation, recommend it to all sufferers from like diseases."

NORTHROP & LYMAN CO.,  
Proprietors, Toronto, Ont.

## COLOURING RECIPES.

(Continued from page 30.)

**WINE COLOUR.**—For five pounds goods take one pound of camwood, boil twenty minutes, dip the goods one hour, boil again and dip forty minutes, then darken with one and a-half ounces blue vitriol, and should you wish it darker, add half pound copperas.

**PURPLE.**—For ten pounds of goods use three-quarters pound alum, one teacup muriate of tin, pulverized cochineal quarter pound, cream of tartar quarter pound. Boil the alum, tin, and cream of tartar for twenty minutes, add the cochineal and boil five minutes; immerse the goods two hours, remove and enter them in a new dye, composed of Brazil wood, three quarters pound; logwood, one and three-quarters pound; alum, one pound; muriate of tin, two cupsful, adding a little extract of indigo.

**ORANGE.**—For ten pounds goods, use sugar of lead half a pound, boil fifteen minutes, when a little cool enter the goods, and dip for two hours, wring out, make a fresh dye with bichromate of potash, one pound; madder, one-quarter pound; immerse until of the desired shade. The shade may be varied by dipping in lime water.

**LIGHT SILVER DRAB.**—For five pounds o. goods, use one and a-half ounces of logwood, alum, one and a-half ounces. Boil well, enter the goods and dip for one hour. Grade the colour to any desired shade by using equal parts of logwood and alum.

**LILAC (for silk).**—For one pound of silk use archil, one and a half pounds. Mix it well with the liquor, make it boil quarter of an hour, dip the silk quickly, then let it cool, and wash in soft or river water.

**GREEN.**—For every pound of yarn or cloth, add three and a-half ounces of alum and one pound of fustic; steep to get the strength, but not boil; soak the cloth until it acquires a good yellow colour; throw out the chips and add the indigo compound slowly, until you have the desired shade of green. An ounce or more of the compound is required for the above quantity, varied according to the depth of shade.

**BLUE.**—A splendid blue may be produced in an hour by the following process: For each pound of wool or cloth take two and a-half ounces of alum, and an ounce and a-half of cream of tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and colour it to the shade you wish with the liquid blue; put the whole into the copper pot and boil it a short time, taking care to keep it stirred; remove the cloth and rinse in clear cold water, and hang it up to dry.

**SALMON.**—Take one pound of wool, a quarter of a pound of annatto, and a quarter of a pound of soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap; rinse the wool in warm water, put it into the annatto mixture and boil about half an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

**PURPLE.**—For every pound of yarn or cloth, take two ounces of cudbear, rinse the cloth well in soap suds, then dissolve the cudbear in hot suds (not quite boiling), and soak the cloth till of the required colour. The colour is brightened by rinsing in alum water.

**ORANGE (on cotton).**—For one pound, take two ounces sugar of lead and one and a half ounces of bichromate of potash. Dissolve each separately in just enough boiling water to cover the cotton, and dip it alternately from one to the other three times, or until the desired shade is obtained.

**BLUE (on cotton).**—For one pound take two ounces of copperas, dissolve it in sufficient boiling water, put the cotton in, and let it soak one hour. Dissolve three-quarters of an ounce of prussiate of potash in same quantity of fresh boiling water, and add half an ounce of sulphuric acid (by weight), then dip the cotton alternately from one to the other three times, or until the desired change is obtained, and rinse well with cold water.

**GREEN (on cotton).**—Dip the cotton coloured blue into the orange dye.

**PINK (on cotton).**—For five pounds, take two pounds of nicwood and four ounces solution of tin; put the cotton in and let it remain till the shade suits.

**NEW BROWN.**—For five pounds, take four ounces bichromate of potash, half pound camwood, and two and a half pounds of fustic. Dissolve the bichromate of potash in boiling water, put the yarn in and boil for one hour, take the yarn out and rinse in cold water; put in enough fresh water, add the woods, then the yarn, and boil for an hour and a-half.

### DOVE AND SLATE COLOURS OF ALL SHADES

are made by boiling in an iron vessel a teacupful of black tea with a teaspoonful of copperas and sufficient water. Dilute this until you get the shade wanted.

All fancy colours should be coloured in brass or copper vessels, with plenty of soft water, and wet before putting them into the dye.

### LIKE A NEW MAN.

Mr. Henry Graham, Wingham, writes us: "For fifteen years I have suffered with Indigestion, and during that time I could get nothing to give me relief, although I tried a great many different kinds of medicine recommended for that complaint. I now feel like a new man, and this wonderful change has been accomplished by the use of four bottles of Northrop & Lyman's Vegetable Discovery. To me it has been a valuable medicine.

"I was in North Dakota last May, and I took a bottle of this excellent medicine with me, as I did not feel safe without it. While there a lady friend was suffering with Indigestion, Biliousness and Headache. I recommended your Vegetable Discovery to her and she tried it and the result was that it did her so much good that I had to leave the balance of the bottle with her."

### INFLAMMATION OF THE EYES CURED.

Mr. Jacob D. Miller, Newbury, writes; "I was troubled with Inflammation of the Eyes, so that during nearly the whole of the summer of 1882 I could not work; I took several bottles of Northrop & Lyman's Vegetable Discovery, and it gives me great pleasure to inform you that it cured me of my affliction. It is an excellent medicine for Costiveness."

# BICKLE'S Anti-Consumptive Syrup !

AN UNPARALLELLED REMEDY FOR

**Coughs, Colds, Influenza, Asthma, Croup,  
Hoarseness, Pleurisy, Bronchitis, Con-  
sumption, Spitting of Blood, Whoop-  
ing Cough, Diseases of the Chest  
and Lungs, Shortness of  
Breath, Etc.**

In this country the degrees of heat and cold are not only various in the different seasons of the year, but often change from one extreme to the other in a few hours, and as these changes cannot fail to increase or diminish the perspiration, they must of course affect the health.

Nothing so suddenly obstructs the perspiration as sudden transitions from heat to cold. Heat rarifies the blood, quickens the circulation and increases the perspiration, but when these are suddenly checked the consequences must be bad. The most common cause of disease is obstructed perspiration, or what commonly goes by the name of catching cold.

## COUGHS, COLDS, SORE THROATS, ETC.,

If attended to in time are easily subdued, but if allowed to run their own course generally prove the fore-runner of more dangerous diseases. Nine-tenths of the consumptives date their affliction from a neglected cold, and the diseases that are caused by wet feet, damp clothes or exposure are more numerous than are generally supposed. It is, therefore, culpable folly to neglect this complaint and it is also folly not to have some remedy in the house available in case of a sudden attack of cold. One of the most efficacious medicines for all diseases of the Throat and Lungs, is Bickle's Anti-Consumptive Syrup.

This is not a medicine got up for speculation, to gull the poor sufferer, who like a drowning man will catch at any straw, but it is a scientific preparation recommended by the faculty (to whom the principal ingredients of the preparation have been made known), and which is believed to be the best medicine for diseases of the pulmonary organs which has ever been presented to the public.

It was only after a series of skillful

## Chemical Experiments

That the inventor was successful in extracting the active principles or virtues of several medicinal herbs, which exert a most wonderful influence in curing Consumption, and other diseases of the

## LUNGS AND CHEST.

Although there may be cases of Consumption so far advanced that this Syrup may not entirely

cure, still the proprietors are confident that there is no case so bad, or of so long standing but what may be materially relieved by the use of Bickle's Anti-Consumptive Syrup. *In recent cases it may be said never to fail.*

This medicine operates by promoting a **Free and Easy Expectoration,** Which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state, by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the Lungs to throw off the matter resulting from Inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

Coughs, Colds, Shortness of Breath, and Affections of the Chest, attended with weakness of the digestive organs, or with general debility, seem to vanish under its use.

It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

## FOR CHILDREN.

When Children are affected with Colds, Coughs, Inflammation of the Lungs, Croup, Quinsy, and Sore Throat, this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the life of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of BICKLE'S ANTI-CONSUMPTIVE SYRUP, and whenever a child has taken cold, has a cough or hoarseness, give the Syrup according to directions.

It is necessary, in order to be benefited by this medicine, to take it steadily after commencing to use it. Some have taken it once a day, then twice, then not any for two or three days; such cannot rationally expect to receive much benefit from it; but if taken regularly, it will, in all cases for which it is recommended, be eminently beneficial, and generally effect a complete cure.

## TO WHOM IT MAY CONCERN.

This is to certify that I have this day sold to "THE NORTHROP & LYMAN CO. LIMITED," the right, title, and interest I have in the Cough Syrup known as

**BICKLE'S ANTI-CONSUMPTIVE SYRUP.** That I have furnished them with the true formula for making the same, and have instructed them how to make it, and that no others have any right or title to the above Syrup.

JOHN W. BICKLE  
HAMILTON, March 14, 1884.

## CERTIFICATES.

GLANFORD, 5TH CONCESSION.

To MR. BICKLE:

DEAR SIR,—I consider it is a duty which I owe to you and the public, to make known the wonderful cure which your Anti-Consumptive Syrup effected in me.

I became sick about ten years ago with inflammation of the lungs, and ever since that period I have been afflicted with pain and misery, attended with a most distressing cough, so that I was able to attend to my business only occasionally, and then with the greatest of pain. About twelve months ago I became worse, and had to keep my bed—I got so bad that my cough was truly distressing, and I was so weak that I could not whisper; I gave myself up for dead, and my family and doctors gave up all hopes of me. I had taken every sort of medicine I had ever heard of for Chest and Lung Complaints, and had taken everything advised by Medical Men, but all to no purpose—nothing relieved me. At this critical time my son went to your store and you recommended him to try your Anti-Consumptive Syrup. He brought home a bottle, and I took it according to the directions; and the first bottle relieved me wonderfully, so that my cough nearly ceased, and I could speak so as to be heard, and began to gain strength; and the second bottle effectually relieved me.

I am, dear sir, yours truly,

JOHN C. DEPEW.

BEAMSVILLE, May 2nd.

To MR. BICKLE:

DEAR SIR,—I consider it a duty I owe to you and the public to testify to the efficacy of your Anti-Consumptive Syrup. I was very sickly for two years, and very much troubled with a distressing cough. I grew worse and worse, until I was reduced very weak and was troubled with palpitation of the heart. My appetite had become so bad that I could scarcely eat anything, and I tried everything I heard of, and could get no relief. The doctor and my friends gave me up. The opinion of medical men who sounded my lungs with an instrument was that my lungs were so affected that it was impossible for me to live. In this distressed state I called at your store, and was recommended to try the Anti-Consumptive Syrup. I bought a bottle of it and took it, and it effectually cured me, so that I am now as hearty and can labor as well as ever I could.

I am, dear sir, your obedient servant,

SYLVESTER PHELPS.

BARTONVILLE, July 17th.

To MESSRS. T. BICKLE & SON:

GENTLEMEN,—According to your request I will give you a simple statement of the good I received by taking your Anti-Consumptive Syrup. About

four years ago I was taken with a severe pain in the left side and right shoulder, and distress in the stomach, which induced general weakness; and lately I had great sickness on the stomach. I could keep nothing on my stomach.

The pains increased so in my side and shoulder and also in my stomach, that they became almost unbearable. I had also a severe cough. Last fall I became much worse—my appetite was gone, and the spasms were so severe that it tortured me while they lasted. I took medicine of a physician, but it did not cure me. About last December I thought I should die—I was reduced to great weakness, and the pain was so intense I gave myself up for dead. At that time I saw in your almanac a certificate of cure of Mr. Depew, and I thought I would try your Anti-Consumptive Syrup also. I bought a bottle and it seemed to help me, and I tried another which helped me very much. I continued to take it and it cured me entirely. It is now five months since I had any pain or the least appearance of the complaints I had suffered so much from. I am now in as good health, and as strong and able to work as hard as ever I was in my life. I think the public ought to be made acquainted with the great virtue of your Anti-Consumptive Syrup.

I am, gentlemen, yours,

MARGARET ANN JONES.

Mr. A. W. Levy, Mitchell, writes: "I think Bickle's Anti-Consumptive Syrup the best preparation on the market for coughs and severe colds. About six years ago I caught a severe cold which settled on my lungs, and for three months I had a cough. I had a physician attending me, but gradually grew worse until I was on the verge of Consumption, and had given up hopes of being cured, when I was induced to try Bickle's Syrup. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for severe colds and consumption."

Price 25cts. and \$1.00 per bottle.

NORTHROP & LYMAN CO.,

Proprietors, Toronto.

## A BEAUTIFUL HORSE.

There is nothing that can contribute so much to render the horse beautiful and elegant, to improve his condition and make him all that is desirable, as "Darley's Condition Powders and Arabian Heave Remedy;" it has been used by many persons who own valuable carriages and other horses with decided success, and so well pleased are they with it that they always keep it on hand in case of emergency; it may be given at all times with perfect safety.

# MOTHER GRAVES' Worm Exterminator!

PLEASANT TO TAKE.

Sure and Effectual in Relieving the Sufferer

**W**ORMS are parasitical animals which infest the intestinal canal of the human family. There are five different kinds. The most troublesome are known as the Ascarides, or Thread-worm, and are from one-eighth to one and a half inches long. They infest the lower intestines, causing irritation about the rectum. The Lumbricæ is a long, round worm, generally from two to six inches long, but sometimes much longer; they infest the small intestines, and occasionally the stomach. The Trichuris is a long, hair-tailed, thread-worm, to be found in the cœcum. The Tænia, or Tape-worm, of which there are two kinds, occupy the whole tract of the intestines, and are sometimes thirty to forty feet in length.

Worms attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respecters of persons, the rich and poor, the proud and humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

The usual symptoms of Worms in children are, indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

## MOTHER GRAVES' WORM EXTERMINATOR

These two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact, so pleasant that it will have to be placed beyond their reach or they will empty the bottle. As regards its efficacy, we can say that before placing it on the market the originator gave it a thorough

test, with the most gratifying results, and we have no hesitation in placing it on the Canadian market, feeling confident when once introduced it will give such satisfaction that we will not have cause to regret the venture.

This medicine does not require the help of any purgative medicine to complete the cure. It effectually destroys the worms, and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.

Full directions with each bottle.

Mr. Geo. Burke, Quebec, writes: "I have used Mother Graves' Worm Exterminator and found it the best thing I ever used for worms."

Price 25 cents.

Prepared by NORTHROP & LYMAN CO., Toronto, Ont.

NORTHROP & LYMAN'S

## GLYCERINE CREAM.

For Chapped Hands, Cracked Lips, Sunburn, Tan, Softening the Skin, and Beautifying the Complexion.

**T**HIS article is one of the most delightful and indispensable things in the Dominion for a lady's toilet. After being out in the wind, if used on the face and hands, it will remove all roughness and irritation, soothing the sunburnt parts, and removing redness from the skin.

By using occasionally on the face it will soften the skin and give it a smooth surface, thereby arresting wrinkles.

For pimples, eruptions and sores that disfigure the face, it will be found very valuable, and for all sores that require a cooling and healing ointment, it is peculiarly adapted. It will both soothe and heal, and as it is nicely perfumed, it is not objectionable like many other articles. As it possesses real merit, it may be relied upon to attain the object we claim for it, viz.: to soothe, heal, beautify, and cause admiration in the person using it.

Price 25 cents per pot. Sold by all druggists and medicine dealers.

Prepared by NORTHROP & LYMAN CO., Toronto.

Mrs. Letta Conrad, Standish, Mich., writes: "Quinsy troubled me for twenty years. Since I started using Dr. Thomas' Electric Oil, have not had an attack. The Oil cures sore throat at once."

Mrs. M. Schænberger, Beaver Dam, Wis., writes: "We have used Dr. Thomas' Electric Oil in our family for Coughs, Colds, Croup and Rheumatism. It cures every time."

## NORTHROP & LYMAN'S BEEF, IRON & WINE

Is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above named ingredients, chemically combining elements that make up the human system and are well calculated to supply and re create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitaliz and enrich the blood, render it peculiarly adapted for delicate ladies and children many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of Impaired Nutrition of the Blood and in all the various forms of General Debility.

If your stomach is weak use Northrop & Lyman's BEEF, IRON AND WINE to tone and strengthen it.

If your appetite is poor and you are weak and languid use this BEEF, IRON AND WINE to improve the appetite and restore to the system its exhausted powers, and thus by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood and tone up the whole system.

PRICE \$1.00 PER BOTTLE.

### ASTONISHING CURE OF CHILBLAINS.

James Shannon, Leaskdale, writes: "For many years my wife was troubled with chilblains, and could get no relief, until about two years ago; she was then not able to walk, and the pain was so excruciating that she could not sleep at nights. Your agent was then on his regular trip, and she asked him if he could cure her. He told her Dr. Thomas' Electric Oil was a sure cure. She tried it, and judge of her astonishment when in a few days the pain was allayed, and the foot restored to its natural condition. It is also the best remedy for burns and bruises I ever used."

Geo. C. Howard, traveler for Dr. J. C. Ayer Co., writes: "For many years I have suffered much with chilblains, and have never found complete relief until I tried Dr. Thomas' Electric Oil. I am glad to state that it has entirely rid me of a most annoying affliction. I shall always be happy to recommend it to those who may be similarly troubled."

### Read What one of the Best Farmers of Wayne Co., N. Y., Says:

Messrs. Northrop & Lyman, Toronto.

GENTLEMEN,—After I commenced my spring work in 1881, I found that in a few hours I was so tired that I was obliged to stop and rest; still I kept on till I strained my hip, and the ligaments of the hip joint became inflamed, and my limb and foot were swollen; very cold, and the pain severe. I was obliged to keep very quiet for months, could scarcely go from one room to another. In consequence of keeping so still, my stomach, bowels, kidneys and liver became deranged. I had no desire for food, my general health very poor. In the spring of 1882 I had three attacks of inflammation of the bowels; then dizziness set in; my urine was highly colored and thick with brick dust sediment; at other times it had a whitish appearance, and a thin scum would rise on the top. My bowels were torpid with unnatural passages. The pains in my hip joints, back, bowels and bones were at times excruciating. I took a course of medicine from our Homœopathic Physician without benefit, then I tried our oldest Allopathic Physician with no better success. About this time a lady came to visit us, and told me about the benefit she derived from Northrop & Lyman's Vegetable Discovery, and advised me to send for some. I concluded to do so, and before I had taken it three days I could see a decided improvement; my appetite began to revive, my urine to clear up, and discharge from the bowels became natural. At first I could take but a very small dose, my bowels were so weak. I am now taking my third bottle, and have gained eight pounds of flesh, and am still improving.

HENRY COTTON,  
Newark, N. Y.

### GENUINE MERIT.

Owing to the universal satisfaction which has followed the use of DR. THOMAS' ELECTRIC OIL, we take very great pleasure in calling special attention to it as a certain and speedy cure for the various diseases for which it is intended. Having sold it for a number of years we can confidently recommend it, as all our customers speak of it in the highest terms.

We would also direct attention to NORTHROP & LYMAN'S VEGETABLE DISCOVERY, which is giving perfect satisfaction to our numerous customers. In fact, all the preparations manufactured by this well-known house are among the most reliable in the market, and we always take a pleasure in recommending them, as we have proved them to be of genuine merit, etc., etc.

STOTT & JURY,  
Pharmaceutical and Dispensing Chemists,  
Bowmanville.

# A MAN'S LIFE SAVED.

I would not be doing justice to the afflicted if I withheld a statement of my experience with Jaundice, and how I was completely cured by using

## Northrop & Lyman's Vegetable Discovery.

No one can tell what I suffered for nine weeks, one third of which I was confined to my bed, with the best medical skill I could obtain in the city trying to remove my affliction, but without even giving me temporary relief. My body was so sore that it was painful for me to walk. I could not bear my clothes tight around me, my bowels only operated when taking purgative medicines, my appetite was gone, nothing would remain on my stomach and my eyes and body were as yellow as a guinea. When I ventured on the street I was stared at or turned from with a repulsive feeling by the passer-by. The doctors said there was no cure for me, I made up my mind to die, as LIFE HAD LOST ALL ITS CHARMS. One day a friend called to see me and advised me to try Northrop & Lyman's Vegetable Discovery. I thought if the doctors could not

cure me, what is the use of trying the Discovery, but after deliberating for a time I concluded to give it a trial, so I procured a bottle and commenced taking it three times a day. JUDGE OF MY SURPRISE, at the expiration of the third day to find my appetite returning. Hope gave place to despair and I persevered in following the directions and taking Hot Baths two or three times a week until I had used the fifth bottle. I then had no further need for the medicine that had SAVED MY LIFE—that had restored me to health—as I was radically cured. The natural colour had replaced the dingy yellow, I could eat three meals a day, in fact the trouble was to get enough to eat. When I commenced taking the Discovery my weight was only 132½ lbs., when I finished the fifth bottle it was 172½ lbs., or an increase of about ½ lb. per day, and I never felt better in my life. No one can tell how thankful I am for what this wonderful medicine has done for me. It has rooted out of my system every vestige of the worst type of Jaundice, and I don't believe there is a case of Jaundice, Liver Complaint or Dyspepsia that it will not cure.

(Signed), W. LEE, Toronto.
