THE TWENTY-THIRD ANNUAL REPORT  
OF THE  
**Toronto Home for Incurables**

For the Year Ending March 1st, 1897.

In presenting their Twenty-third Annual Report to the public, the Board of Management would express their gratitude that they are still permitted to pursue the work without any loss in their membership, and that public sympathy continues to be accorded to the Institution.

The work goes on from year to year with very little variation as to details.

There are yearly a larger number of applications for admission which are considered with the utmost discrimination, and only the most advanced sufferers admitted.

While it may seem harsh to the friends of many who are refused admission on the ground of not requiring nursing, we would again impress on all that this Home is in its truest sense a Hospital for chronic cases of disease needing skilful nursing and medical attendance, there being Homes for aged people and others not admissible to this Institution. In connection with this we may state that we abide entirely by the reports of our medical staff as to the suitability for admission of the applicant in regard to disease. This we trust will dispel the idea of favoritism or influence and also

correct the statement that there are patients already in the Home who have no disease which entitles them to a residence therein.

It is the constant care and regularity that has so improved some, that to the casual observer, it appears as if these had no right to be filling the places of greater sufferers. In order to prove that there are no persons in the Institution who should not be there, at the request of the President, a committee from the Medical Staff, has recently made a thorough examination of each patient, and the report in detail has been forwarded to the Ontario Government.

Receipts for current expenses have this year amounted to \$15,670.12, the disbursements to \$15,714.80.

Only a very small part of the receipts namely \$2,026.12 is from general subscriptions, showing plainly that if other sources of income should fail the citizens of Toronto, would find themselves called upon to subscribe much more largely in order to keep the work in operation. It has required very little appeal to the sympathies of Canadians, to send large sums to sufferers in foreign countries, then why should the poor and suffering at our own doors receive a smaller share of charity?

We are annually urging upon the public the necessity of more liberal giving, but the response has not yet been proportionate to the needs.

We acknowledge gratefully the following legacies :

The H. A. Massey Estate . . . . .	\$5000
“ A. Milroy Estate . . . . .	3000
Robert Cockburn (in full) . . . . .	250

There are at present in the Home one hundred and Twenty-four inmates ; forty-three having been admitted since last March. Thirty-one deaths have occurred. Three have left to live with friends. One was discharged for insubordination, one was sent to the Asylum.

The epidemic of La Grippe found its way to the Home, and with few exceptions the patients have suffered very much from its effects. Severe as it was upon those who at best are unable to bear further illness, owing to the careful and constant attention of the resident physician, Dr. Matthews, and the members of the Medical Staff, rapid recovery is being made and only two deaths are reported from it.

The internal management is still ably administered by Mrs. Craigie, and the nursing staff continue to give every satisfaction.

We regret that our honored First Directress, Mrs. Cumberland, is still prevented by ill health from attendance at our meetings, but she continues to take great interest in all proceedings.

We extend very cordial thanks to our Solicitor, Mr. Mortimer Clark, the city press, the clergymen, and to many other friends who visit and work for the comfort and pleasure of the inmates.

We trust that many more may become interested, and that in consequence contributions may grow larger, and many comforts may be added to the Home for which we cannot now see the possibility of any expenditure.

Respectfully submitted,

MARGARET MARTIN,  
*Secretary.*

“The Board desire to acknowledge the great interest taken by the Medical Staff in all matters pertaining to the Home, and thank them for their great help and assistance hitherto.”

Resolved—

“With feelings of deep gratitude the Board acknowledge having during the past year received legacies from the estates of the late Mr. Massey, Mr. Milroy, Mr. Robert Cockburn, and Mr. Robert Gilmour, the amounts of which have been placed to the credit of the Endowment Fund, which the Board hope will continue to increase, and in course of time avoid the necessity of the yearly collecting of subscriptions from the citizens, which has had to be adopted since the origin of the Institution.

“They would call the attention of the public to the very great good done by the Home in the past, and of the need of continued financial assistance, and trust many Bequests may be made to it in the future by those who are charitably disposed.”

The meeting was closed with prayer and the benediction by the Rev. Dr. Parker.

*To the Board of Management of the Toronto Home for Incurables.*

LADIES AND GENTLEMEN,—I have the honour to present to you on behalf of the *Medical Staff* the following Report:

Since the establishment of the The Home in May, '74, there have been admitted in the Institution 677 patients, whose average age was 55½ years, and whose average stay in the Home was one year, two months and twelve days. 180 of these left the Home or were discharged, and 373 died in the Home, leaving 124 at the end of the present financial year.

The following is a summary of the Diseases of the 677 patients admitted:

The average length of residence of the 124 patients now at the Home is 4 years.

This high average is caused by the fact that a very large number of the cases are chronic and have been in the Home a number of years, as the following table will show:

less than 1 year.

The following table shows the number of patients in the Home at the present time, suffering from their different diseases.

Paralysis . . . . .	62	Rupture . . . . .	2

The average age of the 124 patients now in the Home is 58 years.

There were 31 deaths during the year caused by the following diseases :

Cancer . . . . .	9	Diabetes . . . . .	1
Paralysis . . . . .	11	Hip Joint Disease . . . . .	1
Consumption . . . . .	4	Bronchitis . . . . .	1
Rheumatism . . . . .	3	Internal Disease . . . . .	1

Three patients left the Home, one was discharged and one sent to Lunatic Asylum.

The average residence of the 31 deceased was 1 year,

6 months and 7 days, while 14 of them were resident 6 months or less.

Forty-three patients were admitted during the year suffering from the following diseases :

Paralysis . . . . .	21	Ulceration . . . . .	1
Cancer . . . . .	9	Rupture . . . . .	1
Consumption . . . . .	5	Neuritis . . . . .	1
Hip Joint Disease . . . . .	1	Asthma . . . . .	1
Rheumatism . . . . .	1	Neurasthenia . . . . .	1
Chorea . . . . .	1		

Of the 180 patients who left the Home, many were improved in health, some went to other institutions ; a large majority left of their own free will, while a number were discharged for insubordination.

Some of these had been residents for many years, one having been an inmate for 20 years.

In reviewing the foregoing figures, several points of interest present themselves.

You will note that the great majority die within a few months after entering the Home, showing that the Home has done the work it set out to do, in assuaging the suffering and soothing the last days of the incurable.

It is very pleasing to note that the Home has been free from contagious diseases during the year with the exception of the present epidemic of influenza, which invalidated for a few days the majority of the staff.

There is grand opportunity for some philanthropic person to confer a lasting benefit on the Institution by erecting a separate house for the sleeping accommodation of the various members of the staff.

It is most satisfactory to state that the management of the Home is all that could be desired. The patients appear to be contented and happy.

The cleanliness of the building and the general order of the Home are especially noticeable, and too much credit cannot be given to Mrs. Craigie and her staff for their conscientious devotion to their varied and arduous duties.

All of which is respectfully submitted.
