UNIVERSITY OF TRINITY COLLEGE.

THE UNIVERSITY OF TRINITY COLLEGE was constituted by a Royal Charter, bearing date 16th July, 1852, and empowered to confer Degrees in Divinity, Arts, Law, and Medicine.

THE CONVOCATION of the University consists of the Chancellor, the Provost and Professors of Trinity College, and all persons admitted to the Degree of Master of Arts, or to any Degree in Divinity, Law, or Medicine in the University.

No Degree can be granted by the University, unless a Supplicat for that Degree shall have passed the Convocation, having been previously approved by the Caput.

THE CAPUT consists of the Vice-Chancellor, and four members of Convocation, to be elected annually by Convocation, at the first meeting in the Michaelmas Term.

The University confers no Degree whatever, unless the Candidate, being a British subject, has previously taken the oaths of allegiance and supremacy.

Subscription to the following declaration is also ordinarily required:—

“I, A. B., do willingly and heartily declare that I am truly and sincerely a member of the United Church of England and Ireland.”*

The Chancellor and the Vice-Chancellor are, however, empowered to dispense with this Declaration, in the case of Degrees in Arts, Law, and Medicine, if such dispensation be sought by the Candidate on the ground that he is not a member of the Church of England.

*For any Degree in Divinity subscription to the Three Articles of the XXXVIth Canon is also required.

I. THE PREVIOUS EXAMINATION.

This Examination will take place, in the case of Students entering in the Michaelmas Term, at the end of the second year. The subjects for this Examination will be :—

DIVINITY.—One of the Historical Books of the New Testament in Greek.

Evidences of Christianity.
 Church Catechism.

CLASSICS.—Portions of two Greek and two Latin Authors.

Latin Prose Composition.
 Mathematics, Euclid, Books I., II., III., IV., VI.
 Algebra, to Binomial Theorem inclusive.
 Trigonometry, to Solution of Triangles inclusive.
 Elementary Statics.
 Elementary Dynamics, to the end of Rectilinear Motion of a Particle.

The particular authors to be fixed at the beginning of the Lent Term of the preceding year.

The names of Students who pass this Examination will be arranged in three classes, in alphabetical order ; the first class consisting of those who shall have obtained at least half the whole amount of marks in each subject : the second of those who shall have passed creditably, though below this standard : the third of those to whom the Examiners shall have only not refused their certificate of approval.

Any student who shall have obtained a first-class in the previous Examination, and shall also have passed a satisfactory Examination in the Honour Subjects in Classics at the end of the second year, shall be

allowed to declare for Classical Honours, and shall be exempted from attendance at Mathematical Lectures during the third year.

The like exemption will be granted on the like conditions (*mutatis mutandis*) to Mathematical Students.

Those Students who shall have been rejected at the previous Examination of their own year, or who shall have been absent from such Examination, shall be required to attend the previous Examination of the succeeding year.

If any Student shall absent himself from the previous Examination of his year, without the written permission of the Provost, he shall be considered not to have kept the Easter Term of that year.

Students entering in the Lent or Easter Term must offer themselves for examination at the same time with those who entered in the preceding October.

II. EXAMINATION FOR THE DEGREE OF B.A.

PASS EXAMINATION.

The regular time for passing this Examination will be at the end of the ninth term of residence. By-term men may present themselves at the same time with those who entered in the preceding October. Those who have lost one or two terms may present themselves at the same time with Students of their own year. But in both cases the degree will not be conferred until the Student shall have kept nine complete terms.

The subjects for this Examination will be as follows:

DIVINITY.—Scripture History.

Some one of the Historical Books of the New Testament in Greek.

The Articles of the Church of England.

CLASSICS.—One or more books of two Greek and two Latin Classical Authors.

Latin Prose Composition.

Greek and Roman History.

MATHEMATICS.—Euclid, Books I, II, III, IV., VI.

Arithmetic.

Algebra, to Binomial Theorem inclusive.

Plane Trigonometry, to solution of Triangles inclusive.

Mechanics.

Hydrostatics.

The particular authors to be fixed before the end of the Easter Term of the second year.

HONOUR EXAMINATION AT B.A.

Those who shall have been approved at the Pass Examination for B.A. may present themselves for further Examination for Honours in Classics or Mathematics. The result of such Examination will be published in the College Hall, and in the public prints, in three classes : the order of merit in each subject being determined by the number of marks obtained in this Examination, together with those obtained in that subject in the Pass Examination.

The Examiners in Classics or Mathematics may, at their discretion, add a fourth Honorary class to their Honour list, consisting of those who, not being candidates for Honours, have highly distinguished themselves in the Classical or Mathematical parts of the Pass Examination respectively.

Candidates for Honours who shall have claimed exemption from Examination either in the Classical or in the Mathematical Subjects appointed for the ordinary Degree Examination, if they shall have failed to obtain a Class in Honours, will not be eligible for the Degree of B.A. until they shall have passed the ordinary Examination.

Trinity College.

TRINITY COLLEGE was, by an Act of the Legislature of the Province of Canada, passed in the year of our Lord 1851, constituted a body corporate, consisting of the Lord Bishop of Toronto (or in case of the division of the Diocese of Toronto, of the Bishops of the several Dioceses into which the Diocese of Toronto shall be divided), the Trustees of the College, and the College Council.

On the first of January, 1850, an Act of the Provincial Legislature came into operation, constituting the University of Toronto; and under the provisions of this Act, the Faculty of Divinity was suppressed, and the use of the ritual of the English Church forbidden, in King's College, now known as University College.

This important change in the constitution of a foundation, which owed its origin mainly to the long continued and persevering efforts of the Bishop of Toronto, appeared to his Lordship, and to the great body of the Churchmen of the Province, to render indispensable the erection of a College for the instruction of members of the Church of England.

The Bishop, consequently, on the 7th of February, 1850, issued a Pastoral Letter to the Clergy and Laity of the Diocese, inviting their co-operation in the good work. This appeal was nobly responded to, and about £25,000 currency was subscribed in money, lands, and stock in building societies.

In the same year his Lordship proceeded to England, where he received very liberal assistance in carrying out his great design. The Society for the Propagation of the Gospel in Foreign Parts, made a vote of two thousand pounds payable by instalments of four hundred pounds per annum; and also gave seven acres and a half of land, within the precincts of the City of Toronto. The Society for Promoting Christian Knowledge granted three thousand pounds; and the University of Oxford five hundred pounds. The subscriptions of individuals exceeded four thousand pounds.

On Wednesday, April 30th, 1851, the foundation stone of the College was laid; and on Thursday, the 15th of January, 1852, the Inauguration took place, and from that day the regular course of instruction commenced.

In the year 1852, the Ven. A. N. Bethune, D.D., Archdeacon of York, raised further subscriptions in England; and in 1852-3, the Rev. William McMurray, D.D., by the appointment of the Bishop, made a tour in the United States, for the purpose of soliciting subscriptions on behalf of the College. He met everywhere with a most cordial reception from the members of the sister Church, and obtained in books and money, little short of \$10,000.

Within the Diocese, successful efforts were, at the same time made by the Rev. T. B. Fuller, D.D., and by the Rev. Saltern Givins—the former, by the Bishop's appointment, undertaking the canvas of the Western—the latter that of the Eastern section of the Diocese.

In April, 1853, Dr. Burnside placed at the dis-

posal of the College the munificent sum of £6,000, in lands and money—a portion of which has been devoted to the foundation of two Burnside Scholarships for Students in Arts, in order permanently to associate with the College the name of this noble benefactor.

In the year 1864, the Rev. William McMurray, D.D., D.C.L., Rector of Niagara, was deputed, by the Corporation of Trinity College, to visit England for the purpose of seeking aid towards the endowment of the College. The result of his laborious and successful endeavours was the realizing of an amount in money or in books of about \$20,000. The books are mentioned in detail, in the account given of the Library of the College. Dr. McMurray's mission having been interrupted by the necessity of returning to Canada, the Rev. W. S. Darling was appointed in the following year to take up the unfinished work, and he succeeded in collecting \$2,525.

The Hon. James Gordon, M.L.C., bequeathed to the College, in 1865, the sum of £500 currency.

In the year 1866, Enoch Turner, Esq., of Toronto, bequeathed to the College £2,000 currency, payable on the death of his wife, out of his "Gas Stock, to be applied towards carrying on the charitable and holy purposes for which the College was incorporated."

Other benefactors to the College will be found mentioned in connection with the Library, or under the head of Scholarships.

Trinity College School.

“Beati mundo corde.”

The School was first established in the village of Weston, near Toronto, and was opened May 1st, 1865. In consequence of the liberal offers of assistance made by the inhabitants of Port Hope, during the summer of 1868, the School was removed to that town, where it was established in buildings provided by the townspeople, free of rent for three years. Early in 1871, this property, consisting of ten acres of land, together with the buildings upon it, and situated on one of the most picturesque sites in Canada, was purchased by the School. The erection of large permanent buildings, designed by H. Macdougall, Esq., Architect, Toronto, was then proceeded with. They are intended to furnish accommodation for about seventy-five boarders, with apartments for Masters, Matron, and Servants, and will be ready for occupation at the commencement of Michaelmas Term. The School is under the control of the Corporation of Trinity College, which exercises its powers through a committee appointed in the year 1866, under the title of the Governing Body.

*To the friends of Church Education in the Diocese of
Toronto and elsewhere.*

The Governing Body of Trinity College School, in appealing to the liberality of Churchmen for aid in the erection of the new School Building at Port Hope, desire to bring under their notice the following facts :

This School, since its establishment, has been a thoroughly Church School. Each class receives religious instructions on every school day ; a selection from the daily service of the Church is used morning and evening ; and on Sundays and Saints' days there is a service for the boys in the School Chapel. During the six years which have elapsed since the opening of the School, 135 boys have entered and left ; and of these 22 have matriculated in Trinity College. When it is mentioned that the whole number of matriculants during that period has been 66, the great advantage the School has already been to the College will be apparent. It may also be noticed that at this time the highest Scholarship of £50 is held in each of the three years by an ex-pupil of the School.

The erection of new buildings and the providing of increased accommodation, have long been felt as serious wants ; and since the appointment, in July last year, of the present Head Master, the Rev. C. J. S. BETHUNE, have become imperatively necessary, as will appear from the increase of the School. The number of boarders during Michaelmas Term, 1870, was 28 ; it is for this term, (Easter, 1871) 38 ; and the applications for next term already received seem to indicate a number which

will require arrangements of a very different nature to be made for their reception to those which have been hitherto of a necessarily temporary character.

These considerations have induced the Governing Body of the School to commence the erection of a large building, which will cost, when complete, over \$14,000, in the confident expectation that the generous aid which has been extended to the establishment of the Church Schools of the neighbouring Dioceses of Huron and Ontario will not be found wanting in the large and wealthy Diocese of Toronto.

Of the ultimate success of Schools of this character, when judiciously administered, there can be no question. Even in England, where the munificence of past generations has made such noble provision for higher education, very many schools of this kind have been established during the last twenty years, and additions are made to their number every few months; while in Canada, where the status of the Grammar Schools is in so many instances lowered by their union with the Common Schools, some institutions of a higher class are required, looking at the question merely from an educational, and not from a moral or religious, point of view.

Since the foundation and endowment of Trinity College, another generation has grown up, who, in their turn, ought to do something for the cause of Church Education. And surely Churchmen in general, and Trinity men in particular, will not grudge somewhat of their means and time to forward the erection of a

School which is of such vital importance to the Church and the College ; for supposing its numbers only reach 100, a yearly average of 8 or 10 matriculants might fairly be expected ; and with that as a nucleus, others would be attracted, and the numbers of the College largely increased.

The new building is in the Elizabethan style, of red and white brick, 100 feet long, with an average width of 47 feet, and forms part of a uniform plan, which can hereafter be extended if found necessary. The accommodation thus provided will be sufficient for four masters, the matron and servants, and about eighty boarders. The buildings used at present will then supply a good house for the Head Master and his family, detached Class-rooms, and a temporary Chapel.

The contract price of this building is \$13,000 ; and the following additional expenses must be provided for : Payment for the Site, \$500 ; Architect's commission, heating apparatus, wood shed, &c., \$1,000 ; in all \$14,500. From the annexed statement of subscriptions, it will appear that \$8,512, or more than half the sum required, has been secured.

To obtain the remainder, this appeal is now made, and the Governing Body trust that it may meet with that response from the liberality of the members of our Communion which the success the School has already met with deserves, and that they may be supported in their endeavours to place on a firm and permanent basis an institution which will be of inestimable value
