Cheered for Nearly Ten Minutes in Madison Square Garden—Declares that he is Converted to the Cause of Government Ownership of Railways

NEW YORK, Aug. 30.—The homecoming of Wm. J. Bryan was made complete tonight, when he was greeted in Madison Square Garden by a throng numbering more than 20,000.

Mr. Bryan spoke for an hour and twenty minutes, and was constantly interrupted by cheers and applause. The only discordant note sounded during the evening was when Mr. Bryan turned to a discussion of socialism.

Mr. Bryan declared that the trusts were the great issue of the day. He favored the closest supervision of the organization of corporations and said that no man should be a director of two or more corporations which deal with each other or to engage in the same line of business.

On the financial question, Mr. Bryan said the unexpected and unprecedented discovery of gold had brought a victory to both the advocates of the gold standard and the advocates of bimetallism.

The speaker scored the Republican Congress for not passing the legislation urged by President Roosevelt giving publicity to campaign contributions.

Good for Yachting but Bad for Bullseyes British Columbia Team Captured London Merchants' Cup—Some Men Made Very Good Totals.

OTTAWA, Ont., Aug. 30.—The best marksmen of Canada are being fully worried by wind. Ever since the D. R. A. meet opened the weather has been ideal for yachting but bad for bullseyes.

Two most important pieces of evidence now come to light for the first time, namely the finding of Collins' clothes in Garland's hotel, among which was a blood-stained shirt, and also the finding of the overall covered with blood, in the back kitchen of Father McAuley's residence.

When Father McAuley returned to his home after the crime was committed he found his desk had been rummaged. The desk had a roller top but was not locked. The papers on the desk had been upset and a lot of lead pencils—most of which had been used partly—were gone.

On Monday Father McAuley was at Elgin to make a sick call, and passing Garland's hotel he saw Collins sitting in a room. He asked Collins how he had got there. Collins said he had walked and had only been there a short time.

OPPOSING FORCES ARE CLOSING IN ON HAVANA

HAVANA, Aug. 30.—The rattle of machine guns became a familiar sound today on the sea front of Havana, where Major Clew's corps were trying their weapons and drilling for their new duties. Part of the corps is going to the front tomorrow, but its destination has not been divulged.

The only fight of consequence reported today was a three-hour conflict between 150 rural guards and volunteers. The insurgent band estimated to number 300 near Campo Florida, twenty miles east of Havana.

By rail to Hillsboro, driving from there in the stage. Quite a number of the residents of the shiretown had gathered near the court house square to see the prisoner's arrival, and as he drove into the village many curious eyes sought out the man who was charged with the terrible crime of murder.

Some additional information has been learned of Collins' movements on the day after the murder. On the Monday morning in question, Bruce Harbell, who lives some miles beyond Elgin, was called to the court house by the sheriff, the magistrate read over to the prisoner the information charging him with the murder of Mary Ann McAuley. He was not called upon to plead and in response to the question of the magistrate as to whether he fully understood the information, he answered in a low voice in the affirmative.

YOUNG WOMEN GOING WEST TO BE MARRIED Hundreds of Them Left Montreal Yesterday on Excursion Trains—Were of all Ages MONTREAL, Aug. 30.—The last of the harvesters' excursions from this part of the province of Quebec for the Northwest left Windsor station at noon today. A special train, which carried some eight hundred persons of all ages, was made up of fourteen cars, three baggage cars. The excursionists consisted of a larger proportion of young women than has gone west on former occasions. In fact, young women seemed to predominate in the crowd assembled at Windsor station. By an ordinary train which started some hours earlier some 250 excursionists were taken forward. Most of the young women confessed matrimony had something to do with the journey west.

DR. HARRISON'S RESIGNATION Government Will Consider it Some Time Today Only Routine Business Was Transacted at Last Night's Meeting—Doctors Holding Examination. (Special to the Sun.) FREDERICTON, Aug. 30.—The local government met this evening, but the only business transacted was entirely routine. A number of applications for incorporation of various companies were considered. Dr. Harrison's resignation as chancellor of the corporation was laid before the government, and the latter decided to defer considering the same until tomorrow, when it will be taken up and dealt with. The attorney general says there is nothing new to report in the Albert murder case except that the preliminary examination will begin a week from next Monday before Judge Albert county stipendiary magistrate. John McCarthy, a sewerage laborer, was arrested this evening charged with having stolen a pair of pants from Anderson & Walker's tailoring shop on Queen street, which he afterwards sold for fifty cents. Officer Rideout made the arrest. Doctors Bridges, McNally and J. S. March, a board of medical examiners, held an examination this evening on the case of Private Curtis, who last winter had three of his fingers frozen at Quebec. # Cuban Government's Offer of Clemency Criticized

**The President's Palace, Havana**

**Group of the Rural Guard**

**President, E. Palma**

HAVANA, Aug. 28.—In the absence of news of fighting between government and insurgent forces today, interest centers in the government's offer of clemency.

The offer is criticized in many quarters because it does not fix a time limit for the laying down of arms, thus giving the insurgents time to test their cause a while longer and still reserve the opportunity to quit.

Residents of the country districts of Havana and Pinar del Rio provinces uniformly speak respectively of the size and conduct of the insurgent bands and it is asserted that the people of the more remote districts unquestionably are with them. The forces of the revolutionary sentiment do not appear as yet to have greatly diminished and there are no signs of the laying down of arms.

Captain Asbert's band was reported today near Havana in considerable large numbers.

General Betancourt, commanding the troops at Matanzas province, reported today that Matanzas was clear of insurgents. News from Santa Clara province is slow travelling and less reliable. The insurgents in the southern and eastern parts of that province received such severe blows in recent fights that they seem now more quiet. The governor of the province telegraphed late tonight that the insurgents in the vicinity of Ranch Veloz are surrendering.

The governors of the provinces of Puerto Principe and Santiago are perfectly quiet.

Major Gomez is moving from Colon toward Yaguajay, Santa Clara province, pursuing a strong force of insurgents, and a battle is expected shortly.

**MISTOOK HER MEANING.**

The new girl at the summer resort was letting her arm hand idly over the side of the boat and dipping her fairly fingers in the cool, rippling waters.

"All this sort of thing is new to me," she said. "How do you do when you hook a big fish?"

"You have to play him with some skill," answered the girl who was handling the oars. "Don't let him have his head too much. Yield a little to his impetuosity, but keep a firm grasp. Accept his presents, such as candy and the like, but—"

"It was speaking of a real fish, you mean things!" indignantly exclaimed the other.

Hetty Green's feelings have been outraged, and she is mad all over. It has been rumored that she aspired to New York society, and she characterizes the story as a lie. She says she is "not anxious for any of society to let her that 'some of the sets in New York are living in a worse manner than the people of Sodom and Gomorrah did, and I know it.' Hetty doesn't like the idea of having 'rumored' that she is eager to break into such a set.

BANGOR, Me., 28.—The twenty-third annual Eastern Maine fair opened today with ideal weather and a good attendance. There were no accidents for the day. The track was fast and the racing good.

**Two Good Things to Take**

A holiday and FERROL, both if possible, but if you cannot take a holiday you can at least take FERROL and that is by far the more important.

If you are overworked, fagged and generally run down a holiday will, no doubt, afford temporary relief. In like case

will effect a permanent cure and restore normal conditions. A holiday is good, FERROL is better; the two taken together are simply irresistible. FERROL, being a scientifically prepared combination of Oil with Iron and Phosphorus, supplies everything that is needed to restore lost weight, renew flagging vim and energy and build up the system generally. Everyone can take FERROL in summer as well as in winter and it never disappoints.

FERROL is not a patent mystery. The formula is freely published. It is prescribed by the best Physicians. It is used in prominent Hospitals, Sanitariums, etc.

# LARGE NUMBER OF DELEGATES

## Annual Meeting of the Disciples of Christ

Convention Took Place at Kempt, N. S.—Interesting Sermon by Rev. John Waugh

KEMPT, N. S., Aug. 27.—The annual meeting of the religious body known as Disciples of Christ, in New Brunswick and Nova Scotia, was held in Kempt, N. S., Aug. 24 to 27. The preliminary service was held Friday evening, when an interesting sermon was delivered by Rev. John Waugh of Milton, N. S. The business session of the convention began at nine o'clock on Saturday morning. Fifty-two delegates from abroad reported, and there was a large delegation from the surrounding country. Words of welcome were delivered by Rev. H. Murray of Kempt, and the response was made by the president, Rev. J. F. Floyd, of St. John.

Reports were read from twenty churches, showing a total membership of about 23,680. Some of the churches made no report. The reports generally spoke encouragingly of the work, and the president called special attention to Letete, where a beautiful house of worship had been built and dedicated during the year, and River John, where about 90 prominent people had been added to the church, with a fine interest prevailing in the community.

The following committees were appointed by the president, which he reported later: Ways and means, resolutions, nominations, time and place of next convention, enrollment, statistics and Christian Union. Reports of only some of the committees will be of interest to the general public. The committee on ways and means reported as follows, which was accepted:

Your committee submits the following plan:

1. That the church co-operate with the M. C. M. S. in preaching the Gospel in these provinces.
2. That the churches seek opportunities, and encourage their ministers to hold at least one protracted meeting this year, at places where our plea is not represented, and make report of such work in the "The Christian" at the next convention.
3. That the "reports of the churches' columns of 'The Christian' be more generally used. For this object, the secretaries of the various church societies and Bible schools should be requested to send monthly reports, and also write up special items.
4. That while reorganizing the all-round advantages of two collections for Maritime missionary work; if any church could secure better results by monthly collections, they should adopt that system.

**JOHN WAUGH,**  
R. E. STEVENSON,  
J. T. JACKSON.

The committee on nominations recommended the following names for the officers of the convention for the incoming year: Rev. R. E. Stevenson of Halifax, president; Rev. E. C. Ford of Pictou, vice president, and W. A. Barnes of St. John, secretary.—The recommendation was adopted.

The committee on Christian union reported as follows: "Whereas the Disciples of Christ have always laid the strongest emphasis upon the question of Christian union, and in fact from the very inception of their movement have been pleading for the union of all the followers of Christ upon a scriptural basis; and whereas there is present to day in the religious world a strong tendency leading to the union especially of those bodies having a genetic and doctrinal relationship to each other; witnessed by the proposed union of the Presbyterians, Methodists and Congregationalists of Canada and the complete fusion of the Baptists and Free Baptists of New Brunswick into one united Baptist church. Resolved:

1. That Christian greetings be sent to the convention of the United Baptist church, now in session at Liverpool, and that they be written to the delegate or delegates to confer on matters relative to a closer union and fellowship with the ultimate object in view of merging into one united church the United Baptists and the Disciples of Christ.

2. That this resolution be at once sent to the president of the Baptist convention now in session.

These resolutions were sent by telegraph to Rev. E. C. Ford, and it was stated that the resolutions were received by the Baptist convention with enthusiasm.

In the afternoon a Sunday school session was held. Reports were read from 9 auxiliaries, with a total membership of 153. The total receipts of the societies for last year were \$338.88, the expenditures \$514.14, leaving a balance of \$274.74. They also received during the year \$40 in cash and pledges. The election of officers resulted in the following: President, Mrs. A. Murray of Deer Island; vice-presidents—Nova Scotia, Miss Lila Jackson and Miss Ella Ford of Pictou; New Brunswick, Mrs. J. L. Flagg of St. John, and Mrs. H. C. Cook of Burd's Corner; P. E. Island, Miss Agnes Williams of Charlottetown and Mrs. T. H. Bates of Summerside.

Treasurer, Miss Clara A. Wood of Port Williams.

Secretary, Mrs. O. Wallace of Halifax.

Recording secretary, Mrs. H. B. Ford of Milton.

Superintendent of children's work, Mrs. Byron Lingley of St. John.

A centennial committee was appointed, consisting of Mrs. J. S. Flagg, Mrs. L. W. Jackson, Mrs. T. H. Bates and Mrs. E. Murray.

**THE SONG OF THE SEARCH.**

With garments crumpled and torn,  
With his heart in a desperate mood,  
A woman fumed in unwomanly rage  
Seeking a cooker of food  
Search! search! search!  
By subway, by trolley, in church,  
Wherever she went, in dolorous voice  
She sang the song of her search!

Search! search! search!  
While the cook is crowing aloof!  
And search! search! search!  
For she has no cook, foolscap!  
It's oh! for the days of slaves!  
When your servants dare not shirk,  
When ladies had never a dish to wash  
And were waited on like a Turk!

Search! search! search!  
Till your brain begins to swim,  
Search! search! search!  
Till you ache in every limb,  
A cook who will wash, or who won't,  
Or who condescends only to cook,  
It is always the same old threesome  
Whichever way you look!

With garments crumpled and torn,  
With eyelids heavy and red,  
She returns at night to a comfortless home  
And tumbles, weary, to bed,  
Search! search! search!  
Next day it begins again,  
And we fear it will be till eternity,  
The burden of her refrain!

—Puck.

She gave a supper last night and played feet luncheon last night to the ladies of the Jeosokus Society, and it was quite a swell affair. She wore her tailor made suit and benedict, diamond earrings and "pasted" with the grace of a queen. These Pea Ridge social functions are becoming much talked about in neighboring towns.

# BANK PRESIDENT COMMITS SUICIDE.

PHILADELPHIA, Aug. 28.—Unable to meet its obligations because of the large amount of money loaned on insufficient security by its president, now dead, the Real Estate Trust Co. of Philadelphia, which, up to last Saturday, was considered one of the strongest financial institutions in the city, closed its doors today. Soon after the closing George H. Earle, Jr., a prominent financier, was appointed receiver. The liabilities of the company are placed at \$10,000,000, against which there are quick assets of about \$2,500,000 and collateral of about \$3,000,000, which is not negotiable or readily convertible. The collateral is held mostly as security for loans of about \$5,300,000 made to Adolf Segal, a promoter of this city. The man responsible for the failure was Frank K. Hipple, one of Philadelphia's best known citizens, who died suddenly last Friday morning in his country home at Byrn Mawr, near here, under circumstances which, in the light of the developments which led to the suicide, Mr. Hipple, in addition to being president of the Real Estate Trust Co., was treasurer of the board of trustees of the General Assembly of the Presbyterian Church in the United States, and was a director of the Franklin National Bank. Recently Mr. Hipple was examined by the Presbyterian Church were examined by certified accountants and were found to be correct, but it cannot be stated positively tonight whether all the securities belonging to the General Assembly are intact, although it is hoped they are.

Dr. W. H. Roberts, stated clerk of the General Assembly of the Presbyterian church, who is at Mount Pocono, said that in addition to the deposits of the General Assembly, the real estate trust company also had about \$25,000 of funds placed there by Dr. Roberts as stated clerk. The Presbyterian hospital of Philadelphia, and the Board of Relief, of which he is also a director, also had some of money in the failed institution. Dr. Roberts was asked if he could say whether the securities of the General Assembly, amounting to \$263,336, in Hipple's custody were intact. He replied: "I have no reason to believe otherwise, but cannot say positively."

For the loans to Adolf Segal, Hipple accepted collateral securities, the Majestic Hotel, the new apartment house, operated by Segal, the Swedish Steel Co., of Lancaster, Pa., and the Pennsylvania Sugar Refining Co. of this city.

The Steel Company and the Sugar Refining Concern have never been in operation. Segal claims the collateral he gave is good and that he will meet his obligations.

There are many to whom Hipple loaned money on alleged insufficient securities, but their names have not been made public, and the sums are not believed to be large. How far Hipple benefited the public is made or whether he was merely the tool of others is yet to be determined.

Persistent rumors that President Hipple committed suicide were borne out tonight, when it was authoritatively stated that he took his life at his home Friday morning. Mr. Hipple is said to have taken a dose of laudanum with suicidal intent. While still conscious he filled his bath tub with water, and later was found apparently drowned.

Mr. Hipple's family decline to make any statement on the subject and the physicians interested in the case decline to be interviewed regarding the suicide theory.

The depositors are in a state of frenzy.

# SUICIDE BURIED WITHOUT A PRAYER

LONDON, Aug. 28.—There was a sad dramatic scene on Friday night in the churchyard at Beaconsfield, at the burial of a suicide, who shot himself after attempting murder. The jury's verdict was felt de use, and in accordance with the rules of the Church of England, the dead man had to be buried in the coffin, closely followed by the suicide's weeping sister and other relatives, was brought into the churchyard by a special entrance. The mourners grouped themselves around the grave by the dim light of a few lanterns. Close by stood the clergyman. For a few moments there was a pause, the mourners evidently hoping that he would offer a prayer, but the clergyman, in obedience to the rubric of the prayer book, did not speak, and the coffin was lowered into the grave in tense silence, which was only broken at last by the cry of the dead man's sister, "May God have mercy on his soul—more mercy than he has had from man!" Silence fell again, this time to be broken by a man who advanced to the clergyman and said: "Are you a priest?"

"I am," was the reply.

"Have you not said one prayer over this man?"

"Not one," the clergyman replied with evident emotion. "By what right do you ask?"

"By the threefold right of an Englishman and a Christian professing to be a member of the Church of England," was the answer.

The clergyman then said: "The law of England has been kept tonight." By this time a large crowd had gathered, and a noisy scene ensued.

VICIOUS PARTIZAN METHODS.

It is unfortunate for Canadian Conservatism that its principles and its character should be so misrepresented and destroyed by its newspaper organs. The Conservative party, taken as a mass, is undoubtedly patriotic and honest and honorable in its motives; its leader is an able and public-spirited man, and is, both in public and private, a gentleman.

Provincial News

There is probably no town in the provinces which is supplied with telephones, as well as Woodstock and Victoria. There are a number of lines running through that district, and a telephone can be found within two miles of each hamlet.

The Union Telephone Company went to Woodstock about four years ago. The New Brunswick Co. had then been there about ten or fifteen years. The latter charged ten dollars for a house telephone, and fifteen dollars for an office phone. When the Union Company started business at Woodstock, they charged the same fee as the N. B. Telephone Company.

The amalgamation of the Central-Union Telephone Co. with the New Brunswick Telephone Co. has given rise to a lot of talk, and the people of Woodstock are anxiously awaiting developments. The automatic system in use by the Central-Union Company is very popular, and rather than accept the other system exclusively, Woodstock people will organize a new company for the operation of a local service.

On the basis of population England sent 25 per cent, or one for every four hundred inhabitants; Scotland 438 per cent, or one out of every two hundred and thirty, and Ireland .086 per cent, or one for each 1,153 of her population.

The busiest month of the year was, as might be expected, May last, when a total of 20,233 immigrants arrived from the British Isles.

A report has just been issued by the London Board of Trade dealing with emigration from the United Kingdom to Canada. It is shown that in proportion to population England sends twice as many people as Scotland and five times as many as Ireland.

ANTIGONISH, N. S., Aug. 29.—Antigonish was the scene of a very pretty wedding today at 3 p. m. in the Baptist Church, when Miss Gladys Whidden, eldest daughter of C. E. Whidden, of this town, and granddaughter of the late C. B. Whidden, was given in marriage to Rev. Ralph M. Jones, son of Dr. Jones of Acadia. The officiating minister was Rev. W. A. Snelling. The church was prettily decorated with flowers and a beautiful floral arch, in the centre of which was a large handsome bell of sweet pea blossoms. Under this the bride and groom stood. The bride, who entered leaning on her father's arm, looked charming in white silk, the bridesmaids, Miss Maudie Chisholm and Miss Emma E. Whidden, sister of the bride, were becomingly dressed in figured voile. The bride was the recipient of many beautiful and costly presents. The groom's presents to the bride were a crescent brooch set in pearls, and to the bridesmaid pearl brooches. The happy couple will leave for St. John and other places at 5 p. m., followed by the good wishes of a host of friends, after which they will go to their home in Chester, Vermont, where Rev. Mr. Jones has the unanimous call as pastor of the First Baptist Church.

Harquail, William Murray and J. V. Magee. His honor addressed the grand jury at some length, and referred to the pleasure it gave him to attend the circuits in this county. He was pleased to see the town had improved in many respects since his last visit and so many grand jurors present, and also to see that there was no criminal business. His honor also explained why grand jurors were required to attend, although there was no business, and the very important part they took in the administration of justice. The jury retired and elected William W. Dougherty, foreman, and recommended that certain improvements be made to court house. There being no business before the court they were discharged.

TRUE BILLS FOUND IN TWO CASES

County Court Opened Yesterday—King vs Kerrigan will be Tried First if Ready

The August sitting of the county court opened Tuesday with Judge Forbes presiding. In addressing the grand jury his honor briefly reviewed the cases which were to come before the court. He dealt with the criminal cases and remarked that St. John for a seaport town was remarkably good morally. He also spoke in glowing terms of the excellent work done by the St. John police in capturing Collins, the suspected murderer, referring to the case of the King vs Sally. His honor remarked that there was no doubt that an assault had been committed, and he felt that the law should deal with such cases in a summary manner.

The King vs Kerrigan was next spoken of by his honor. He said that in this case James Kerrigan was charged with throwing an iron belaying pin from his vessel at the Christopher brothers in their fishing boat. His honor remarked that the harbor was at all times beset with dangers without much additional risks being imposed. He then briefly reviewed the case of the King vs O'Brien, saying that this was a case of assault and robbery.

WHOOPIING COUGH. "My three youngest boys had whooping cough this winter, and we could get nothing to help them until I sent for Dr. Chase's Syrup of Linseed and Turpentine. It arrested the coughs at once and they kept right on improving until they were cured at the cost of one dollar. This was not a large bill for so dangerous and distressing an ailment."—Mrs. Wm. WINNIPEG, AUG. 29.—A prominent citizen, well versed in railway matters, informed the Tribune yesterday that a deal has been closed between the Canadian Northern Railway and the Grand Pacific Railway for the construction of a line of railway to Hudson's Bay. The starting point of the proposed new line is in Saskatchewan and Regina is spoken of as the western terminus, although reports of the completion are not absolutely agreed. The fact is that both Canadian Northern Railway and the Grand Trunk Pacific roads were glad to get over in this manner as both fear that James J. Hill has his eyes on the Hudson's Bay route, and he is paying practically the whole cost of the construction.

KENORA, Aug. 29.—A freight train was wrecked west of here yesterday and the brakeman killed. Details are supposed to be suppressed even to the name of the victim.
