

KING CLAIMS BUDGET MADE FOR 'FRIENDS'

"Industrial Plutocrats" Have Fastened Themselves Upon Canada, He Insists.

DEMANDS RELIEFS FROM TAX BURDENS

Government Using Its Position to Help Its Friends is His Contention.

At 3:45 o'clock this morning, Ottawa reported that the division on the amendment to the budget had not been called yet although the House was still in session.

The last speaker was then nearing the end of his address and a division was expected to follow.

Ottawa, May 19.—The government, declared Hon. W. L. Mackenzie King, leader of the opposition, in the House today, "is not a free agent in the matter of either intention or action. Its members do not constitute the real government of Canada today. In word and act it is but the visible expression of influences, and influences which dictate the policies, and if he was to adopt the words of the prime minister he would speak of him as 'the servile tool and minion' of sinister influences which were now guiding the destinies of Canada."

Crushing Trade

Failure to give any relief from burdensome taxation was in his view due to a deliberate attempt to thwart trade and restrict competition in every direction in order to hold a few wealthy men to increase their fortunes by giving them a monopoly of the Canadian market. In support of this assertion he analyzed the policy of the government party as announced last July.

He asked why the policy of protecting industries within the government platform. He claimed that Canada had built up a political autonomy on the one hand and an industrial monopoly on the other, united by a bond of self-interest, and that was the explanation why there was no change in the tariff this session.

Liberal and Tariff

Mr. King claimed that his views on the tariff had been misrepresented. As it was in the days of Sir Wilfrid Laurier, so today the Liberal party is one of tariff for revenue. This assertion he analyzed the policy of the government party as announced last July.

Board of Commerce

Mr. King dwelt at length on the resignation of James Murdoch from the Board of Commerce, and went into the history of the board fully in support of the above charges, and then passed on to the proposed changes in the board in which he asserted the government had assisted its friends out of the proceeds. He next touched on the resignation of Hon. J. W. Wigglesworth from the Board of Commerce, and claimed the minister was using his office to solicit orders.

SERIOUS RIOTS IN CAIRO AGAIN

Lancers Called to Quell Trouble in Which Many Were Seriously Injured.

Cairo, Egypt, May 19.—Serious rioting took place today in the vicinity of the ministerial buildings. Many policemen were seriously injured and a large number were killed.

Egyptian lancers were compelled to intervene to quell the disturbance.

TO HONOR ROOSEVELT

Cambridge, Mass., May 19.—A proposal for the erection at Harvard University of a building to be known as "Roosevelt house," was made in a report by a committee of alumni which was made public today.

HEART'S NEW HOME

New York, May 19.—William Randolph Hearst, it became known in West 57th street, just off Columbus Circle, on which a 26-story building will be erected to house his newspapers, the American and the Journal, and his magazines, news services and film companies. The building will be ready for occupancy in about a year.

LIQUOR PRICES UP \$1.85 PER BOTTLE

Victoria, B. C., May 19.—The government control of the sale of liquor will become effective in British Columbia on June 15. It was officially announced by the provincial liquor board this morning. The new federal tax upon liquor will mean an addition of about \$1.85 a bottle and the board plans to absorb at least one half of this charge. It is planned that there shall be no liquor stores at least in every electoral riding. But should the people of any riding show that they do not desire a store that board will not force one on them. To that extent there will exist a system of local option.

COL. HARVEY TO STEER CLEAR OF NATIONS' LEAGUE

Pilgrims' Club Gives Fine Welcome to the New Ambassador to London.

LLOYD GEORGE ON WOES OF EUROPE

Glad to Have American Assistance in Righting Wrongs of Present Day.

London, May 19.—The dinner of welcome by the Pilgrim's Society to the American Ambassador, George Harvey tonight was enveloped in far deeper interest than usually attends a reception to a new Ambassador by this international club. Not only was it Mr. Harvey's first public appearance since his appointment to the post, but there was general expectation that he would reveal something of the new administration's policy toward European affairs.

The ambassador did not disappoint his audience, for he sharply brushed aside any lingering illusion that the United States would have any relations whatever with the League of Nations. He also announced his appointment to represent the President in the Supreme Council in the discussion over Silesia.

Premier Was There.

Premier Lloyd George made an eloquent speech, but rather disappointed those who hoped for more official plain speaking which is the fashion of the moment. The Premier described the plight of Europe, enmeshed in ancient feuds and gave warm welcome to the new co-operation of the United States in world affairs.

Three Murdered in Montreal in Week

Montreal, May 20.—Making the third murder in this city since Saturday, Thomas Proctor, colored, 45 years old, of 118 St. Felix Street, was shot and killed at 8:15 last night in a room of the boarding house he kept and Walter Griffith, colored, 31, who gave no address, was arrested early this morning on a charge of murder. The killing followed a quarrel over money matters and the victim had a revolver in his hand when he was shot twice in the abdomen.

HOT ANGLICAN DISCUSSION.

Halifax, N. S., May 19.—Decision in the matter of the proposed division of the Anglican diocese of Nova Scotia separating Prince Edward Island and Cape Breton from the mainland, was deferred after a heated debate at a meeting of the Nova Scotia Synod of the Church of England here tonight. No action was taken on the motion proposed by Archbishop F. M. Dwyer of Louisburg and seconded by W. S. Cotton of Charlottetown, P. E. I.

PAPERS ROOM WITH OLD POSTAGE STAMPS

Middleboro, Mass., May 19.—A room papered with cancelled United States postage stamps stands as a monument to the industry of William O. Sawyer of this town. More than 20,000 stamps of 84 varieties have been used and in denominated they represent issues from one to 30 cents.

The room is 12 feet square. Mr. Sawyer has been collecting stamps for a quarter of a century.

MONTREAL IS BACK TO OLD WARD SYSTEM

Mayor Martin Declares He Will Make Clean Sweep-Out at City Hall.

CLAIMS HUGE SUM SPENT ON CONTEST

Opponents of the Victors Declare City is Going Back to Old Evils.

Montreal, May 19.—Mayor Martin is a happy man following the success of his campaign on the civic constitution fight which ended in the referendum in which the city decided to return to the majority and alderman system of government. The majority for this system as against the city manager, proportional representation idea is more than 17,000.

"I intend to make a complete sweep-out of the City Hall," said Mayor Martin. He said the city had been delivered from an autocratic administration. The mayor, claimed proponents of the losing system had spent \$150,000 in the campaign, while its opponents had spent nothing.

Sir Hornsdean Laporte, who presided over the sessions of a charter commission during the fourteen months and more in which it labored for the creation of the new civic charter, expressed disappointment at the result of the vote and the defeat of the city manager scheme. He said it meant a return to the old system of civic government, including patronage.

SCOTLAND YARD CAPTURES SINN FEINER SQUADS

Seventeen Held for Attempts to Burn and Pillage Throughout England.

WIDESPREAD PLOT WAS DISCOVERED

Prompt Police Measures Have Compelled Abandonment of Scheme.

London, May 19.—Scotland Yard detectives today captured and detained one of the chief Sinn Fein leaders in London. There are now seventeen persons who are being detained in connection with the shootings and burnings of the last week-end, and plans discovered are said to show it was the intention of the authorities to commit successive outrages night after night. Prompt measures adopted by the police, however, frustrated this design.

Five Million Dollar Ship Is Beached

Fire Below Decks of "Panhandle State" So Serious Seacocks Are Opened.

New York, May 19.—The United States passenger and freight steamship, Panhandle State, was beached on the flats near Ellis Island tonight after the city firemen had unsuccessfully fought a fire below her decks. Seacocks in the fire room and after holds were opened in an attempt to flood the burning compartments and save the vessel from complete loss. There was only a skeleton crew of 25 on board when the fire started and all escaped in safety. The Panhandle States which is valued at \$5,000,000 is owned by the United States board and operated by the United States mail steamship company.

Knights Guilty of Bangor Murder

Trial Lasted Less Than Seven Hours — Sentence Will Be Pronounced Later.

Bangor, Me., May 19.—Nelson Eugene Knights was found guilty of the murder of Alfred Corson, 65 years of age factory worker, at Bangor on January 7 last, by a superior court jury today. He will be sentenced later in the term. The defense offered no testimony at the trial, which lasted less than seven hours. Counsel for the defendant asked for a verdict of manslaughter asserting that no motive had been shown.

Corson's body was found in a trunk that had been buried on a farm in Canada, owned by Knights' mother. County officials said that in a confession, Knights admitted that he killed Corson, and put his body in the trunk, which he subsequently burned.

WHISKEY MAKERS WILL FIGHT THE QUEBEC POWERS

Dispute Rule That All Sales Must Be Made Directly to the Commission.

SEEK INJUNCTION AGAINST BOARD

Some Brands of Liquors Are Running Low in Province as a Result.

Montreal, May 19.—A struggle for supremacy has been begun between the Quebec Government Liquor Commission, empowered by act of the legislature last session to take over the importing, wholesaling and retailing of spirituous and other alcoholic liquors in the Province of Quebec and the big British distillers. The distillers object to selling direct to the commission and insist that all buying must take place through their accredited agents in Quebec City or Montreal. This the commission has declined to do.

Stocks Run Low

The agents have moved all their stocks to St. John so that the commission cannot confiscate them under powers granted by the legislature. The commission has now placed a notice in all the retail liquor stores here that, owing to shortage of supplies, certain brands of whiskey are liable to be unavailable in the future.

May Reduce Embargo Rate Upon Wheat

Thirty-Five Cent Rate May Be Reduced to Twenty or Twenty-Five Cents.

Washington, May 19.—Rates of duty on agricultural products in the permanent tariff bill which is being framed in the House, Ways and Means Committee will be materially lower than in that emergency tariff bill which will go into effect next week. A reduction in the rate of wheat is said to be practically certain. It will probably not exceed 25 cents in the permanent bill and may be lower. It is 35 cents in the emergency bill.

PREMIER SAYS HE NEVER MADE VENIOT OFFER

"If Anyone Has Any Evidence to the Contrary Let Him Produce It."

REPEATS DENIAL MADE IN HOUSE

"Produce the Evidence Before My Face Like a Man," He Adds.

Ottawa, May 19.—"What I said in the House, I maintain," said Rt. Hon. Arthur Meighen tonight when asked to comment upon the newspaper despatch reporting Hon. Peter J. Veniot, minister of public works in New Brunswick, as asserting that he had been invited to enter the Dominion Cabinet by a prominent Conservative who had in his possession letters from Mr. Meighen and another member of the Dominion Government.

Mr. Meighen said in the Commons on Tuesday in reply to Mr. Crerar's allegation that "the Catholic minister of public works in New Brunswick" had been invited to join the federal ministry: "I want to state that that is absolutely false so far as I am concerned and so far as anyone I am concerned acting upon my authority." Tonight he added: "If anyone has any evidence to the contrary let him produce it like a man before my face."

MAYO BIGGEST SILVER CAMP IN THE WORLD

Experienced Prospector Enthusiastic Over Newly-Opened Yukon District.

DISCOVERED THREE TIMES IN FEW YEARS

Men of Small Capital Must Get in This Year to Have Any Chance.

Vancouver, May 19.—A silver-bearing area, which comprises 1,000 square miles, and which assays up to 7,000 ounces silver to the ton, is being rapidly developed in the Guggenheims in the Yukon. Ore is being shipped today which assays 200 to 700 ounces per ton, with stringers of carbonate that go 1,700 to the ton. The only thing that is handicapping this district, known as Camp Mayo, is the shortness of the open season on the Stewart River, and it may be necessary to build a railway to adequately handle the output.

According to W. J. Elliott, one of the best known pioneer prospectors, Camp Mayo is going to be one of the greatest silver lead camps in the world, and with the Guggenheims actively engaged, prospects for prospectors look exceedingly rosy, but men with small capital must get in there this summer or practically all the good prospects will have been staked.

DEATH BLOCKS PRESENTATION

Toronto, May 19.—One week ago today ex-inspector Benjamin Dilworth recently retired from the Toronto police force, was found unconscious in bed a this home. Monday was to have been the occasion of a presentation on the part of the force of a cabinet of silver, but he died today in the general hospital. Deceased was born in Ireland 67 years ago. Surviving are two sons and two daughters. Mrs. Dilworth died some years ago.

WARRANT ISSUED FOR DEATH CART DRIVER

New York, May 19.—A federal warrant was issued for Giuseppe De Filippo, Bayonne truckman, detained as a Wall street bomb plot suspect, charging him with having attempted to destroy the United States assay office. The warrant was issued by United States Commissioner Hitchcock on complaint of Chas. H. Scully, head of the Department of Justice headquarters in this city, who said De Filippo had been identified by several persons as the driver of the death cart that figured in the explosion.

FRENCH ANGRY OVER FAILURE TO TAKE RUHR

Speakers in the Deputies Declare Briand Overruled by England.

STILL WANT HELP FROM UNITED STATES

Declare Europe in Special Need of Her Assistance in Silesia.

Paris, May 19.—The government of Premier Briand was interpellated in the Chamber of Deputies today on its stand with regard to Germany.

Three deputies spoke today and still others are down for speeches, which will carry the discussion over until Saturday, when Premier Briand will reply and ask a vote of confidence from the chamber. The three speakers today were Andre Tardieu, Centrist; M. Beaudry D'Asson, Royalist, and M. Marguine, Radical.

Want Ruhr Occupied

All of them attacked M. Briand for his failure to occupy the Ruhr region of Germany and to take stern measures for obtaining guarantees from Germany. They charged M. Briand with forsaking the French viewpoint on pressure of David Lloyd George, the British Prime Minister. M. Marguine made a passionate appeal to M. Briand to call upon the United States to aid in solving European problems.

Prussians in Mutiny Leave For Silesia

One Thousand Ex-Servicemen to Form a Section of the German Civil Guard.

Berlin, May 19.—It is learned that about 1,000 Prussian officers clothed in mutiny, will leave Berlin tonight for Silesia. They will concentrate along the line of the Berlin-Oppeln railroad and will go across the Silesian border probably at Kreuzberg, where they will form a shock section for the German civilian home guards. They will take part in the movement of cleaning up the insurgents. They will be provided with arms. One of the officers declared:

Bride Is Robbed And Then Killed

Brutal Crime in Washington is Committed Without Leaving a Clue.

Washington, May 19.—Mrs. John Weber, aged twenty, a bride of seven months, was assaulted, robbed and then murdered near her home in Columbia Park, Maryland, near here, this morning. The body was found in the bushes about one hundred and fifty yards from the tracks of the Washington, Baltimore and Annapolis Railway. She had been shot through the head and a finger on her left hand on which she wore a diamond ring had been cut off. The authorities tonight had been unable to find a clue to the murderer, but had sent broadcast a description of a strange negro who had been loitering in the neighborhood for several days.

YORK-SUNBURY CONTEST STIRS HOUSE DEBATE

H. H. Stevens Charges Hon. Mr. Crerar With Changing His Mind.

READS TELEGRAM FROM R. B. HANSON

Hon. Chas. Murphy Brings up St. John Despatch Regarding Hon. Mr. Veniot.

Ottawa, May 19.—In the House of Commons tonight, when H. H. Stevens of Vancouver was speaking on the budget amendment, there was a lively clash with Hon. T. A. Crerar, the leader of the Progressives. Mr. Stevens accused Mr. Crerar with having changed the Hansard report of his budget speech. Mr. Crerar, so declared Mr. Stevens, had made a direct statement that the prime minister or some members of his government had approached Hon. P. J. Veniot, minister of public works in New Brunswick, with a view to Mr. Veniot entering the federal cabinet. But in Hansard the statement appeared as a question. Mr. Crerar protested against the charge.

House in Uproar

The House was in a hub-bub. Mr. Crerar claimed that he had made no change in substance—that, owing to the disturbance in the House at the time, the Hansard reporter did not get what he said. "I say there was no change," Mr. Crerar insisted, "and my reputation and position in this House should tell my honorable friend that I do not do that sort of thing."

Mr. Stevens read a telegram which the prime minister had dispatched to R. B. Hanson, government candidate in York-Sunbury, asking as to the truth of the statements made by Mr. Crerar. He also read the reply, which sets forth that these statements were absolutely without foundation, in fact, and that Mr. Hanson would esteem it a great favor if the prime minister would issue a denial.

LOWTHER SEES HAPPIER DAYS

Mine Strike Nearing Its End and Solution of Irish Trouble at Hand.

Quebec, May 19.—Rt. Hon. William James Lowther, M. P., P. C., D. C. L., formerly speaker of the British House of Commons, arrived on the Empress of France today to make the presentation of a speaker's chair at Ottawa tomorrow night. Mr. Lowther spoke of conditions in England as showing some improvement. He is not in the least pessimistic regarding the situation there and thinks the miners' strike will be over very soon.

Trip a Holiday

Hon. Mr. Lowther stated he was spending a month in Canada, and he would attend very few functions, as his trip was more in the nature of a holiday. He expressed himself as being honored in being chosen to make the presentation of the speaker's chair. In refusing to discuss the Irish situation, Mr. Lowther stated he believed there were signs of improvement, and he has great hopes that matters there will shortly be settled to the satisfaction of all parties.

FRENCH TO TAKE RUHR IF BERLIN ORDERS ADVANCE

France and Britain Agree Upon Action if Upper Silesia is Entered by Germans.

PREMIER WILSON JUSTIFIES REVOLT

Claims it Was Produced by the Despair of the Polish People.

Paris, May 19.—The Times says today that conversations have been held both in London and Paris with regard to the question as to whether France would occupy the Ruhr region in case a German army entered Upper Silesia. The British government is understood to have secured a meeting of the Allied Supreme Council to decide the Silesian problem, the newspaper states, but the French government, because of the parliamentary debate begun today, cannot take a decision before Monday next.

Meanwhile the Temps adds, the French government is sure that some event will not arise which will oblige it to occupy the Ruhr, although it is not anticipated here that such an event will occur. If it is desired to re-establish peace in Upper Silesia, the newspaper says, measures must be taken to advise Germany of the risks incurred if the Germans do not put an end to the war preparations being carried out.

Warsaw, May 19.—Premier Witos, speaking in the Diet today, declared the speeches of the British Prime Minister, Mr. Lloyd George, on the Polish situation had caused the Polish people much sorrow. He displayed German text books to refute the statement of Mr. Lloyd George that the population of Upper Silesia was German, declaring they admitted the population to be of Polish race and language. The Premier said Poland would respect the treaty of Versailles, but asked that the part of Upper Silesia bordering Poland be joined to her, in accordance with the desire of the people of that region. By reviving, Mr. Witos declared, the Poles of Upper Silesia did not intend to face the Allies with an accomplished fact, but were prompted by "despair and the fear of being put under German domination in opposition to their will."

Mr. Witos justified the attitude of the Polish government in the measures taken to claim Upper Silesia and end the insurrectionary movement. He asserted its efforts had not met with success, for the general strike had ended, the workmen had resumed work and in some districts complete pacification had been effected. Pacification would be complete, he declared, if the insurrectionists did not fear an attack by Germans as according to the Order. Mr. Lloyd George's remarks, the Premier said, would not aid in bringing calm to Upper Silesia, and would increase the fear of German aggression, thus making the position of the Polish government difficult.

Court Flays Marriage For Companionship

New York, May 19.—In an opinion denying a separation to Mrs. Florence Surlow Risk from James Risk, knit goods manufacturer with a \$30,000 income, Supreme Court Justice Geo. V. Mullan held yesterday that the 63-year-old bridegroom was justified in maintaining his 46-year-old bride after their marriage last June, because she insisted on marriage "for companionship only." The Risk marriage was featured by a honeymoon stop at Fifth avenue bus, with the officiating minister as company. "Upon what seems to me to be plainest principle, an agreement not to consummate a marriage is wholly devoid of efficiency," Justice Mullan's opinion read. "It is so repugnant to public policy that it has not sufficient substance even to affect the validity of the marriage contract. However shocking it may be to sensitive souls, the law is as firm upon the point now as it was in the days of the ecclesiastical courts, where such a proposition as is contended for by the plaintiff would have been received with scornful ridicule."

Shocking To Normal People. "The thing that is really shocking to normal people is that a woman could marry a man with whom she is not in love. As I find that the defendant insisted upon his marital rights and that he was denied them, the court also follows that the plaintiff was guilty of cruelty, entitling defendant to a divorce."

Mr. Risk was a bachelor and Mrs. Risk was a widow when they were married June 1 last. Her testimony was to the effect that she was to be a wife in name only, by promissory agreement, unless she should come really to love him after their marriage. Mrs. Risk maintained that he had at all times sought to enervate his rights and pointed to the phrase "Goodbye, false hopes and foolish dreams," in a letter he wrote her after he left their home in Stamford, Conn., for Cuba as evidence of the opposition he met.

Big War Vessel Ends Its Trials

U. S. "Tennessee" Proves Able to Do What the Specifications Demand.

Rockland, May 19.—The Tennessee yesterday passed her final entrance examinations into the United States Navy and last night left this port for Boston, where she will replenish her supply of fuel oil. From Boston she will sail for the New York Navy Yard, her last stop before beginning the trip to the Bremerton Navy Yard on the Pacific coast. At the trial yesterday on the Rockland course the electrically driven super-turbines made its low speed runs, using first her inboard and then her outboard pair of propellers. For this test the last of the standardization series, the ship's speed was graded from eight knots to the 18 knots two screw maximum. Following this test, the craft went through a series of several tests made with the ship running at maximum speed on the two generators, on one generator and at 18 knots on one turbo-generator.

COL. HARVEY TO STEER CLEAR OF NATIONS' LEAGUE

Pilgrims' Club Gives Fine Welcome to the New Ambassador to London.

LLOYD GEORGE ON WOES OF EUROPE Glad to Have American Assistance in Righting Wrongs of Present Day.

Mr. King closed by reference to the section of the Fielding amendment which deals with necessity for economy. "The economy and retrenchment were practised, he said, revisions of the tariff would be of little avail in reducing taxation. To reduce expenditures on railways, merchant marine, militia and naval services, was advisable; but to stop there was "a mere juggling of figures at the heart and rotten at the root." "What is needed," he declared, "is to break this selfish combination of political autocrats and industrial plutocrats which has grown and developed during the war and fastened itself like an octopus upon the people of Canada. Appeal to Electors. That combination would be broken once the people of Canada are given a right to speak at a general election in the interests of Canada, present and future. It should not be longer withheld. Mr. King resumed his seat amid an outburst of applause from the Liberal benches, and it was several minutes before Mr. H. H. Stevens (Vancouver) was able to commence his reply. H. H. Stevens. Mr. Stevens took the opposition leader to task for his refusal to assist in the revision of the tariff for revenue only. A tariff for revenue is not a tariff for a public man to be constantly harping on the idea that wherever you had capital and competition there was necessarily corruption. "That was not necessarily the case. In these days big corporations, big aggregations of capital, were necessary to the production of business. If Mr. King had any ground on which to base his insinuations regarding a sinister alliance between the government and the big interests, he should say his evidence before the House. Government Tariff. Mr. Stevens was glad that Mr. King had at last made clear his position in the matter of the tariff. He had definitely stated that he stood for tariff reform. He had not said that he meant that where an import duty was levied, precisely the same excise duty was placed on the same article. "For example, if a thirty per cent tariff were placed on woolen goods coming into Canada, there must be a thirty per cent excise duty placed on woolen goods manufactured in Canada. All elements of protection were wiped out. "On the government side of the House," said Mr. Stevens, "we stand for a tariff which has for its underlying principle the protection of home industry—a sufficient protection to maintain industry in Canada."

Some Helpful Signs. The new administration in the United States, Mr. Harvey said, is both willing and ready to put aside academic discussion or theoretical proposals and face the actual realities. Mr. Harvey cited the Washington administration's proposal for a solution of the Pacific communication problem and the designation of the United States members for the Allied Council as indications of this willingness and readiness. "Because the President has exemplified his avowal of obligation, it must not be inferred that he is to become an international mediator," he declared. "He would be the last to intervene or to be drawn into any matter of concern to his own country. But no one realizes more clearly than that the United States, of necessity, deeply interested in proper economic adjustments and the just settlement of matters of world-wide importance under discussion and desires helpfully to cooperate. Cannot Enter League. "There still seems to linger in the minds of many here the impression that in some way or other, by hook or by crook unwittingly, surely unwillingly, the United States may yet be bequeathed into the League of Nations. Let me show you how utterly absurd such a notion is: "I need not recall the long contest waged between the two branches of the government over this proposal, but actually at peace, while Europe is nominally at peace, but according to all reports, is not wholly free from the clank of arms."

Industrial Home Filled To Capacity

Two Boys from Bathurst Turned Away Yesterday—Return Home Today.

A constable arrived in the city yesterday from Bathurst with two juvenile prisoners in charge who have been sentenced to terms in the Boys' Industrial Home. On the officers' arrival at the home he was informed that the institution was filled to capacity and there was no room for his prisoners there being housed there at the present time fifty-four inmates. There was nothing left for the constable to do but take the boys to Police Headquarters where they were cared for last night and he will return with them to Bathurst today.

Jazz Originated In South America

Peru Now Claimed as Home of Shimmy, One-Step and Other "Modern" Dances. New York, May 18.—The shimmy, the one-step and the jazz music, as well as the rumba and the ancient melody-loving inhabitants of Peru were the first to produce them. And to make their claim secure for all time they inscribed the figures of the dance on their prehistoric pottery and metal so that when future archaeologists sought proof of their claim there would be no doubt about it. Sure enough, their claim to fame as the originators of the treat that makes life worth living for a lot of light-footed persons, has been found by Charles W. Mead, assistant curator of the Department of Anthropology in the American Museum of Natural History. This discovery, incidentally, first the theory that jazz was born a product of the now extinct Barbary Coast.

Made Autopsy On Living Man

Geneva Professor, it is Said, Wished to Observe the Action of His Heart. Geneva, May 19.—A leading surgeon in Geneva and a professor at Geneva University has been temporarily obliged to suspend his practice and lectures because he is accused of having performed an autopsy on a man who was still alive. The case is being investigated and therefore it is not yet known whether the charge is true. It is stated that the professor had put his patient, who was a man, under ether and that he thought the man already dead when he began cutting him up. Assistants and medical students present are said to have protested, saying that he might at least wait till the body was cold, but it is alleged that the professor wanted to see the action of the heart beating and therefore proceeded to make an incision in the man's body. Presently so the story goes, the man recovered consciousness, only to die almost immediately. It is also stated that the professor didn't even put on gloves before making the incision. The professor's friends declare that the charges are the result of a cabal against him for his not a native of Geneva, but a German-Swiss and is highly unpopular with his students. The result of the inquiry is awaited with keen interest.

Industrial Home Filled To Capacity

Two Boys from Bathurst Turned Away Yesterday—Return Home Today.

A constable arrived in the city yesterday from Bathurst with two juvenile prisoners in charge who have been sentenced to terms in the Boys' Industrial Home. On the officers' arrival at the home he was informed that the institution was filled to capacity and there was no room for his prisoners there being housed there at the present time fifty-four inmates. There was nothing left for the constable to do but take the boys to Police Headquarters where they were cared for last night and he will return with them to Bathurst today.

Manitoba Renews Resources Claims

Leaders of Four Political Parties in Ottawa to Present Their Claims.

Ottawa, May 19.—Manitoba's four political groups are represented in Ottawa, coming as a delegation from the legislature to renew the claims of the province to the control of her natural resources. Premier T. C. Norris heads the delegation, and with him are P. H. Dixon, leader of the Labor Party; W. Robson, leader of the Independent Farmers, and J. T. Haig, of the Conservatives. The delegation differs from that which came to Ottawa last December, inasmuch as the December delegation consisted only of representatives of the government. The party is to meet the prime minister on Friday. Premier Norris says the Province of Manitoba has not changed front on the question of natural resources. Her claims are exactly what they were in December and what they have been for so many years. He fully realizes, however, the difficulties of the federal government in arranging a settlement of the question.

Extensive Damage By Two Alarm Fire

Blaze of Suspicious Origin Causes Loss of Several Thousand to D. J. Purdy.

Three alarms from Box 125 at 5:30 yesterday afternoon started the City and gave the impression a "conflagration of serious proportions was on. The first alarm called the department to the warehouses of D. J. Purdy, in the rear of his place of business on Main Street where an incipient blaze had started in a barrel filled with packing refuse. It was but the work of a second to extinguish the blaze which was outside the warehouse.

Steel Merger Bill Before N. S. Legislature

Government Members Clash Over Safeguarding the Interests of Shareholders.

Halifax, N. S., May 19.—A bill to ratify the agreements entered into by shareholders of the Dominion Steel Corporation and the Nova Scotia Steel and Coal Co. in the exchange of shares of their stock for stock of the British Empire Steel Corporation, into which body the companies merged, provoked lively discussion when it came up for its second reading in the Provincial House of Assembly this afternoon. A distinct line of cleavage was drawn between Hon. E. H. Armstrong, leader of the government, who introduced the bill, and Hon. Robert Finn, government member for Halifax, who opposed the measure on the ground that it did not provide sufficient safeguard for the coal resources of the province. Mr. Finn asked that the bill be sent to the law amendment committee, there to be considered along with an amendment he intended to introduce with the object of restricting manipulation of these resources. The bill finally went to the committee. Hon. E. H. Armstrong urged that it was time the two great steel companies of Nova Scotia got together. He deprecated taking any step which would alarm capital.

MONCTON MAN ARRESTED ON GRAVE CHARGE

Two Little Girls Complainants Against the Prisoner Held.

TRAIN WRECK AT CAPE TORMENTINE

Charge Prisoner Passed C. N. R. Pay Cheques After Many Had Been Stolen.

Special to The Standard. Moncton, N. B., May 19.—A young man, Ralph O'Brien, was arrested here this afternoon and looked up on the charge of attempted rape. His accusers are two little girls, seven years of age. The children attend Mary's Home School, and it was near their school that the accused attempted the offence. Held for Preliminary.

Chester Trenholm, who was arrested here with passing stolen C. N. R. pay cheques, is being held in the local jail. It is expected that he will be arraigned tomorrow for a preliminary hearing. Quite a number of pay cheques have recently been stolen from C. N. R. pay office, and the C. N. R. police got traces of them through local merchants, upon whom the warrants were served.

A shunting wreck this morning at Cape Tormentine, the mainland terminal for the P.E.I. ferry, blocked the C. N. E. line. The wreck prevented the express with island passengers getting out and making connection with the Ocean Limited. Two freight cars were smashed up in the wreck, but no one was injured.

Presented With A Chair And Address

Couple Leaving Community Remembered by Friends and Neighbors.

Goshen, Queens Co., May 19.—Previous to their departure for their new home at Lower Millstream, the friends and neighbors of the esteemed couple presented themselves in a body. The company, consisting of about 100 assembled in the rear vicinity of the residence and at present 8 o'clock they presented themselves in a body. Mr. and Mrs. Crawford were heartily welcomed and a most delightful evening was spent in dancing and other amusements. Chair and Address.

During the course of the evening they were presented each with a handsome oak arm-chair and an address by the Rector, Rev. C. A. Warford, on behalf of the people. A revered gentleman was unable to attend, this was read by Miss A. B. Pidler. In his remarks, Mr. Warford touched very feelingly on the loss of their part Mr. and Mrs. Crawford had always taken in all affairs of the church, the school and everything in the community, and of the irreparable loss which their departure would occasion.

Mr. and Mrs. Crawford thought now, and regarded, responded very fittingly and requested that all enjoyed themselves as much as possible.

Ten Hour Day For Boom Me

St. John River Log Driving Company Began at Douglas Boat Under New Terms.

Fredericton, N. B., May 19.—The St. John River Log Driving Company began this morning. Between eight and ninety men are in the crew and upwards of twenty were turned away. A full crew of 100 will be employed later, but scalers and other form employees will make up the difference beginning work later this week. The boom is working a ten-hour day with a wage reduction of twenty-five per cent. Twenty years the boom was thirty cents. As the crew boarded at the boom as an estimate cost of \$1 per day per man, the boom works out at twenty-five per cent. Labor is plentiful for both rafting and driving. Two crews are driving for this company, one now at Bras and the other at Dumfries. With the conditions are similar to those Douglas, men being turned away considerable numbers. Letters inquiry have been received from New Brunswick, but have been answered by the effect that labor is being sent by the St. John River Driving Company.

Presented With A Chair And Address Couple Leaving Community Remembered by Friends and Neighbors.

Goshen, Queens Co., May 19—Previous to their departure for their new home at Lower Millstream, the friends and neighbors of Mr. and Mrs. Christopher W. Crawford, who for over 30 years have lived in their midst, gathered at their home to present their respects to the esteemed couple. The company, consisting of about 100, assembled in the rear vicinity of the residence and at precisely 8 o'clock they presented themselves in a body. Mr. and Mrs. Crawford were taken completely by surprise, but a hearty welcome was extended to all and the evening was delightfully spent in dancing and other amusements.

Chair and Address
During the course of the evening they were presented each with a handsome oak arm-chair and an address by the Rev. C. A. S. Wareford, on behalf of the people. As the reverend gentleman was unable to attend, this was read by Miss Ada Fowler. In his remarks, Mr. Wareford touched very feelingly on the active part Mr. and Mrs. Crawford had always taken in affairs of the church, the school and everything that tended to the general welfare of the community, and which their departure would occasion.

Mr. and Mrs. Crawford though almost overcome by these tokens of love and regard, responded very fittingly and requested that they enjoy themselves as much as possible.

Hon. Mr. Veniot Says He Was Invited

Declares a Letter Bearing Premier Meighen's Signature When Offer Made.

Fredricton, N. B., May 19—Hon. P. J. Veniot, minister of public works, who is in the city today on departmental business, has his attention called today by a representative of The Mail to a statement made in parliament last week by Premier Meighen touching the cabinet position with which the name of the minister of public works had been connected. Hon. Mr. Veniot said: "I would have preferred not to have discussed this matter, but in view of Premier Meighen's statement and the attempt made by the Conservative press to leave the impression that I sought the position instead of the position seeking me. I feel that in justice to myself and my friends I should break the silence maintained by me since first I was approached in December last with the request that I consider an offer to enter the Meighen cabinet."

"Let me first say that I had no part in giving information on which certain questions asked in the House of Commons were based, I never authorized the use of my name in this connection."

"In view of all that has taken place in connection with this matter I am, to say the least, surprised at the statement reported to have been made by the prime minister in the House on Tuesday last, when he left the impression that he knew absolutely nothing about any overtures made to me."

"The person who made the overtures to me presented to me a letter addressed to him and signed by Premier Meighen. This letter could not have been a forgery. This letter showed that the premier was in close touch with the situation, and, further, I may say that a certain other cabinet minister also wrote to this same person. It is scarcely necessary to add that the party who made the overtures is a strong and influential Conservative."

"I never sought the position, and my reply, dated January 11, 1921, can be produced to produce this when the proper time arrives. Should I ever aspire to federal honors I would not attempt to obtain such honors by a base betrayal of my Liberal principles and the friends with whom he has been politically associated during the last thirty years. I still have faith in the grand old Liberal party, and that faith cannot be shaken by any offers made by Premier Meighen and his friends."

"If Premier Meighen is correctly reported, then I can only say that some of his friends forged his name to the letter of credit shown to me and read by me."

"In conclusion, I may add that there are in this province several very influential people who, if they so desired, could tell the public something about the efforts made to have them use their influence to induce me to favorably consider the proposition."

This statement appeared yesterday in the Times-Star of St. John. On the same last evening Hon. Mr. Veniot declared he had been correctly reported and repeated his assertion.

Mrs. James Groat Dies At Marlboro

Special to The Standard
Chatham, N. B., May 19—Word has been received by relatives of the death of Mrs. James Groat, formerly Miss Mary Ross of this town, which occurred Tuesday night at Marlboro Hospital, Mass., following an operation after a few days' illness. She was forty-two years of age and is survived by her husband, James Groat, superintendent of the Marlboro shoe factory, her father and step-mother, Mr. and Mrs. Alex. T. Ross, of Chatham, one sister, Mrs. S. C. Pennington, Watertown, Mass., George Ross,

Boils So Bad HAD TO GIVE UP WORK.

From the days of Job, up to the present time, boils have been one of the afflictions of the human race. All the goodlinings and having you may do will not prevent them from breaking out again. Boils are simply caused by the bad blood bursting out, and the bad blood must be made pure before the boils will disappear. Barbock Blood Bitters, which has been on the market for over forty years, is well known as the greatest blood medicine procurable. It purifies the blood by removing every particle of impurity from the system, and when this is done the boils vanish, and you should never be troubled again. Mr. James Puhay, Newport Island, Que., writes: "I was troubled with boils on my back and neck, so bad that I was obliged to give up work. I tried several remedies, but got no relief. Finally I went to a doctor, and he treated me for several weeks, and all without benefit. At last a friend told me of Barbock Blood Bitters, so I decided to give it a trial. I got three bottles, but before I had taken two the boils were all gone. It is eight months now, and I have had no return of the old trouble, and have never felt so well."

Garnett Settlement Children Present Good Entertainment and Give Proceeds to Home.

Garnett, N. B., May 19—The Band of Hope, a temperance organization of the Garnett Settlement, held its annual meeting and entertainment in the hall of that place. Rev. C. W. Follet, pastor of St. John's, addressed the members of the Band on Temperance. The children under the direction of their school teacher, Miss Core Kelly, and assisted in the singing by Dorothy Garnett and Margaret Dempster, carried out a programme of recitations. Those taking part were: Louise Garnett, Harold Dempster, Ernest Stewart, Holly Garnett, Nellie Dempster, Robert Stewart, George Moore, Wesley Moore, Gladys Garnett, Kenneth Moore, Helen Garnett. Refreshments were sold and the proceeds are to be forwarded to the Wright street Memorial Home.

Body Floated Six Miles Down River

Gordon Holmes Drowned When Boat Upset in Deep Water in Tobique River.

Special to The Standard
Bath, N. B., May 19—The body of Mr. Gordon Holmes who was drowned while working with the Frasers Limited drive on the Sisson branch of the Tobique River on Monday, was recovered Tuesday and brought here today for burial. For some time only meagre accounts of the accident could be obtained but it seems that the unfortunate man, with several others was thrown from a boat and Holmes being unable to swim sank in spite of the fact that one of the men dived several times no trace could be found of the man. A dam above the scene of the tragedy was closed and the stream at that point thereby greatly lessened but still no trace could be found of the victim. The next day some men found the body about six miles below the place where the accident took place. He is survived by a wife, three children, three sisters and three brothers.

Expects \$300,000 From Motor Fees

Thirteen Thousand Licenses Will be Issued for 1921, is Report of Minister.

Fredricton, May 19—That there will be not less than \$300,000 motor vehicles licensed in New Brunswick this year and that the receipts from motor vehicle license fees will reach the \$300,000 mark before the end of May and will probably be as much as \$300,000 for the present year, were the predictions made by Hon. P. J. Veniot, minister of public works this morning. Last year the total number of motor vehicles licensed in New Brunswick was approximately 11,000 and the receipts from motor vehicle license fees amounted to \$198,000. The increase in the receipts this year is partially accounted for by an increase in the rate of charge of approximately 25 per cent, but the predictions of the minister reflect a marked impetus in automobile sales throughout the province during the past few weeks.

ROY HICKS DEAD

Middle Sackville, May 19—The death took place on Tuesday morning of Mr. Roy Hicks, of Middle Sackville, after a week's illness of pneumonia. Deceased who was 42 years of age, was well known and highly respected in the community and his death will be regretted by a wide circle of friends. This is the second death in the family within a week, his father, Mr. Timothy Hicks, having succumbed to pneumonia a few days ago, after a short illness. He was unmarried and is survived by his step-mother, one brother, Mr. Bourne, and a sister, Mrs. Roy Brooks, of Middle Sackville. The funeral took place this afternoon at 2.30 o'clock.

FINE WORKMANSHIP

A constable from Bathurst, who arrived in the city yesterday with two boys for the Industrial Home, met, while there, an inmate from Bathurst who is rather clever, as the youngster had completed a model of an airship which is well worthy of attention. The work is excellently done and the youth gave the model to the constable with the request that it be taken to Bathurst and presented to the boy's parents.

Gardner, Maine, David Ross, Lanigan Sisk, J. Wilbur Ross, Moncton and A. T. Ross of this town. The remains will be brought to Chatham for interment and the funeral will be held Sunday afternoon from the residence of A. T. Ross. Interment will be in Riverside cemetery.

"Cameronia" Has Record Voyage

Fog Off the Bank Only Disagreeable Feature in Excellent Passage.

Halifax, N. S., May 19—This last trans-Atlantic voyage of his on the new Anchor Liner Cameronia, was the best he had ever had in all his 143 trips across the Atlantic, said Captain J. Blaikie when the Cameronia completed her eight-day maiden voyage from Liverpool via Queenstown and docked at Halifax tonight. Except for the fact that the Cameronia ran into a heavy fog near the Grand Banks, which slightly delayed her, the weather experienced during the voyage was excellent. Captain Blaikie took the extreme southern route. Among the 177 passengers who landed at Halifax were the All-Star Scottish soccer team which is to tour Canada, and Sir Joseph Outerbridge and Lady Outerbridge of St. Johns, Nfld. The Cameronia left for New York three hours after she docked here, with 1,446 passengers for that port.

Synod Adopts The Social Service Report

Stirring Appeals for Support of Homes at Moncton and Truro Presented.

Halifax, N. S., May 19—Discussion and adoption of the social service committee's report and election of officers and delegates to the General Synod comprised the chief business of the morning's session of the Anglican Synod of the diocese of Nova Scotia. Rev. H. L. Haslam, of Yarmouth, in presenting the social service report, emphasized the importance of the proposed Maritime Home for Women, at Moncton. Rev. P. McDermid, Presbyterian, made a stirring appeal on behalf of this undertaking, and Dr. R. W. Ross, Presbyterian, spoke in the interests of the Home for Girls at Truro. Delegates to the General Synod were elected as follows: Rev. W. W. Judson, Windsor; Canon V. E. Harris, Halifax; Archdeacon F. W. Vroom, Windsor; Very Rev. Dean J. P. O. L'wyd, Halifax; Archdeacon W. J. Armbrage, Halifax; Dr. T. S. Boyle, professor of King's College, and Archdeacon F. M. Draper, Louisburg, N. S.

Preparing Reception For Hon. Mr. Meighen

Address of Welcome at City Hall After Which Citizens Will Meet Premier.

Fredricton, N. B., May 19—Mayor Reid, Aldermen Cooper, Clark and Neill have been named by the city council as a committee to prepare for and carry out the proposed civic reception to be tendered Right Hon. Arthur Meighen, premier of Canada, upon the occasion of his visit to Fredricton next Monday. The programme agreed upon is that the prime minister will be met upon arrival at the C.P.R. station by the civic reception committee with a band and escorted to City Hall, where he will be presented with an address of welcome on behalf of the citizens of Fredricton, this being his first visit here since his elevation to the position of prime minister. At the conclusion of the formalities at the City Council Chamber it is proposed that the citizens shall have an opportunity of meeting the premier. Under daylight saving time, which will become effective here next week, the train upon which the premier will arrive from Ottawa will be due here at 1.40 p. m. and when the civic reception is over it will be about time for the first public meeting which Mr. Meighen will address, a meeting of women being timed for 3 p. m. and the grand rally in the evening at eight p. m., at the Opera House.

Insane Russian Brought To Hospital

Attacked Farmer's Wife But Was Subdued by Husband Who Wielded Shovel.

Special to The Standard
Andover, N. B., May 19—Mike Koko, a Russian, who some weeks ago threatened to kill Mrs. Arthur Russell of Four Falls, was taken to the Provincial Asylum yesterday by Constable Miles McRae. Koko had been employed for some time at farm work by Mr. Russell and it had been noticed for some time that he was acting strangely. He attacked Mrs. Russell and only the arrival of her husband saved her from injury. The enraged man then turned on Mr. Russell who by the use of a shovel got the better of the argument. Constable McRae was called and Koko lodged in the county jail where a physician on examination found him to be violently insane.

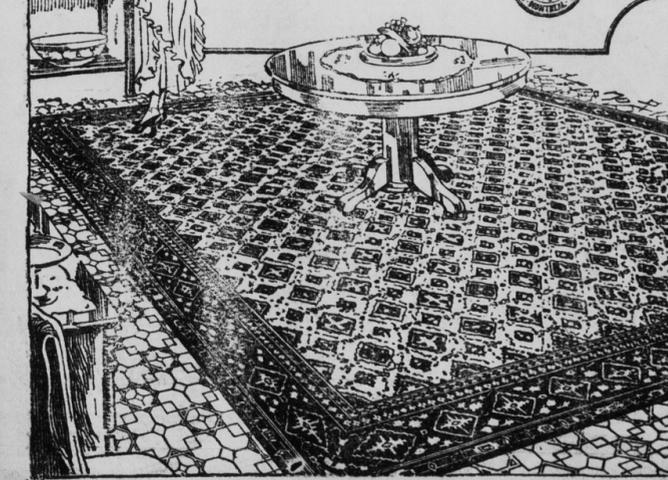

Linoleum Rugs

Bring Summer Comfort Make Housekeeping Easy

This summer will be a happy one for those housewives who select genuine linoleum rugs for living room, dining room, bedroom or den. For they lie close to the floor without being fastened, are quickly cleaned through the use of damp cloth or mop, and always look so attractive to your family or to visitors. Their adoption means, in short, the solution of summer housekeeping problems. Choose a genuine linoleum rug to-day for that room you desire to "live in" this summer. You will be so pleased with the results—the saving in sweeping, vacuuming and cleaning, that you never again will be happy with heavy, dust-collecting carpets on your floors. And you will be agreeably pleased with the moderate cost, besides which your genuine linoleum rug will wear for many years. Look for strong canvas back when buying.

SAYS GERMANS RESPONSIBLE FOR RUMORS

British Ambassador Declares Anglo-Jap Treaty Not Aimed at U. S.

NO DANGER OF WAR BETWEEN COUNTRIES

Special Agreement Between Britain and United States Covers Matter.

Kansas City, May 19.—Possibility that Great Britain might be drawn in to assist with the United States through the medium of the existing Anglo-Japanese alliance was denied by Sir Auckland Geddes, British ambassador to the United States, in a speech delivered here last night to members of the St. Andrew's Society and the Knits and Fork Club.

Such rumors, he declares, were the work of "the whisperers, the broken men—and by broken men, I mean the Germans."

Intended For Far East.

"The Anglo-Japanese treaty," said Sir Auckland, "was originally to prevent Russian and German aggression in the Far East. When that treaty was renewed in 1911, it was specially provided that there should be exemption from its working any nation with whom either Great Britain or Japan had a general arbitration treaty. Such a treaty was drawn up between Great Britain and the United States, but failed of ratification by your senate. But in order to obviate any possibility of being drawn into conflict with the United States on any ground whatever, we then drew up the 'peace commission' treaty, providing for arbitration between Great Britain and the United States before any form of force should be employed. The treaty stands today in black and white, but in the face of it, the whisperers have made men believe there is possibility of conflict between your country and mine, through the operation of the Anglo-Japanese alliance. It is not true.

Mystery Messages of Africa Puzzling

Natives Send Word by Means as Yet Hidden from Europeans.

While recent experiments in long distance telephony have disclosed the immense possibilities of wireless, the average man is as yet considerably behind some of the natives of Africa in the matter of easy and accurate transmission of messages without visible means.

When Gen. Gordon fell at Khartoum the news was known by the natives in Cairo, over a thousand miles away, within a couple of hours. There were no physical means of communication, and the information was naturally accredited by the British residents.

A similar incident relates to the death at sea of Prince Henry of Battenberg, who was struck with fever in the Ashanti expedition of 1885. Three Englishmen were in their store hundreds of miles inland in West Africa when a native came in and announced that the "Great White Man" had just died at sea. The men made a note of the time in their diary, and when the news came through they found that the native had informed them within a couple of hours of the prince's death.

This faculty, possessed by various tribes, does not operate only on special occasions. It serves the natives in their everyday affairs. The manager of a large store declared to the writer that it is useless to think of paying a surprise visit to a native branch manager. He had tried it several times. Even when he ordered his conveyance at the very last moment, and kept his destination secret, he always found the native smilingly awaiting him.

This manager's experiences are confirmed by others, but no one has been able to fathom the mystery of native "wireless" messages.

In war, to set the nations recently allied and associated at odds with one another, to test spies, to keep the United States in not doing her share, to tell you that England has sinister designs against you. They are trying to do the same thing to alienate France from us and from you.

"For so long as the British and American nations are united in world affairs, the whisperers know that they have no chance to again destroy the peace of the world.

"There is no possibility of Great Britain being brought into conflict with the United States through the medium of Japan."

ECZEMA Defied Doctors & Specialists

"For three years doctors treated me for a terrible attack of eczema," writes Madame Alphonse Lariviere, 671, Redman St., Fall River, Mass. "Each in turn gave up the case as incurable. I then went to a specialist who charged \$80 but did me absolutely no good.

"Though one could hardly have been more discouraged at the time when I heard about Zam-Buk, I decided to try it. I applied dressings of the balm regularly and for healing purposes used only Zam-Buk Medicinal Soap. Very soon there was such decided improvement that I was encouraged to continue. The combined use of Zam-Buk and Zam-Buk Soap soothed and thoroughly purified my skin of disease." Zam-Buk's

SKIN-SOOTHING ESSENCES penetrate to the root of eczema, ulcers, ringworm, poisoned sores, etc. Zam-Buk not only dries away unsightly surface eruptions like pimples, blotches and rashes—it literally uproots eczema and other obstinate skin disease from the underlying tissues.

The first dressing of Zam-Buk soothes and cools the skin and ends irritation. Then when it has antiseptically purified the diseased parts, Zam-Buk promotes a new growth of clear healthy skin. All dealers 50c. box.

BANDITS SEEK LIQUORS

Windsor, May 19.—Sixteen Windsor residents, eleven of them on Elm Avenue, were entered last night by thieves, believed to be in search of liquor. How much liquor was removed, the police declined to say.

The occupant of one of the robbed houses tonight advertised a reward of \$500 for information that will lead to the arrest and conviction of the persons who broke into his house.

Chatham, Ont., May 19.—At a conference of the Ministerial Association and the funeral directors of this city held this morning, it was decided to abolish the habit of holding Sunday funerals, as far as it is possible to do so. Sunday funerals in the future will be held only in cases where patients die of contagious diseases, and in other cases of emergency.

Postage Stamps Cause A Commotion

Principality of Liechtenstein Has Weighty Question to Deal With.

The tiny principality of Liechtenstein, between Austria and Switzerland, with a population of only 10,000 inhabitants, troubles like the rest of Europe, but the alarming reports from Swiss sources that a "revolution" was impending and that the prince's "Pook" Chancellor had been kidnapped are pessimistic. Dr. Peer, the Lord High Everything of Liechtenstein, is a lawyer who formerly held a high judicial position in Vienna. He is very popular with most Liechtensteiners, but he is not a native of that State, so after a series of public meetings and much hot discussion the consent of the Prince has been granted for the holding of a plebiscite to decide whether the Chancellorship shall be restricted to natives, and if not, whether Dr. Peer shall be asked to continue in office—which will be the probable outcome.

The incident which gave rise to the "revolution" rumors were caused by postage stamps.

Stamp Exported.

One of Liechtenstein's principal exports is its own postage stamps. A company was formed in 1919 to organize this important branch of national commerce on a sound financial basis. It is authorized by its charter to set the Liechtenstein stamps at 110 per cent. of their face value, but it must remit to the Liechtenstein Exchequer 90 per cent. of the face value of every stamp sold.

The trade is mainly conducted from Salzburg, in the middle of Austria, where the company's office is, and business has been excellent.

The stamps are very pretty and much sought after. But when Vaduz, the haughty capital of Liechtenstein, learned that in foreign currency the company was obtaining considerably more than 100 per cent. of the face value, a large section of the populace of 1,000—mostly, of course, children and young persons—came to the conclusion that 90 per cent. was not enough.

Sad State of Affairs.

Hot headed young stamp collectors even went so far as to declare that if Liechtenstein had a native "Pook" who knew more about postage stamps than Dr. Peer such mercantile adventures would not occur. It was further asserted that there was always a great shortage of postage stamps in the post offices of Vaduz and the three other villages of the principality, which was very unbecomingly local stamp collectors, who often had opportunities of doing a little profitable business in their own account.

But the fairways of Vaduz, the principality, held a meeting to support the constitution, Dr. Peer, the status quo, 90 per cent. and the Liechtenstein Postage Stamp Company, after which the two factions met in the village street, talked a great deal looked up at the lovely castle crowning the precipice above the capital and decided to refer the whole matter to the Prince.

ONE WAR NOVEL BRINGS A SUIT FOR DAMAGES

Girl Objects to Publicity About Relations With Ex-Crown Prince.

LEFT FORMER HOME AFTER THE ARMISTICE

Sues Author for 25,000 Francs for Defamation for Telling Story.

Paris, May 19.—Twenty-five thousand francs damages for defamation is being claimed in a court at Nancy by a French woman against Louis Dumur, author of a war novel founded on the exploits of the ex-Crown Prince of Germany in the invaded regions and entitled, "The Butcher of Verdun."

The story is a curious one. After the war the author made a tour of the devastated regions and at the village of Stanley was told of a young girl whom the Crown Prince had, with the case, inevitable in the circumstances, taken as a mistress. To provide for her he bought her a shop, and her story became well known in the district. When the armistice came she decided it was better to leave the village and went to Nancy, where she opened a cafe.

Objects To Description.

In his book, Mr. Dumur, described the incident with considerable accuracy, and in the summons to court the complaint is made that the girl is described "as exactly as possible and represented as the mistress of the Crown Prince." Far from considering the characters of the sketch as of historical value, the girl has resented the further publicity given to her, and though her name is not mentioned, has taken steps to sue the author for damages.

Big Lion Killed.

Waterloo Lakes Park, Alta., May 18.—An enormous mountain lion or cougar, was killed here recently by Andrew Bower, park ranger. The animal measured 7 feet 11 inches in length. As these animals are one of the most destructive in the mountains and annually kill a large quantity of game, the killing of this lion is of great value to the park authorities in their efforts to protect the deer, sheep, etc. The skin has been forwarded to Dr. Anfert, of the Victoria Memorial Museum, Ottawa.

New Type Criminal Lacks Ingenuity

Association Formed to Make Effort to End Bank and Pay-Roll Robberies.

Pittsburg, May 19.—A new and distinct type of criminal is supplanting the old class of outlaws, detectives and criminologists representing 350 agencies were told here recently when plans were perfected to form the International Secret Service Association.

This new class, while far more bold and daring, lacks the ingenuity of the old-time criminal, it is said. Where criminals in the past indulged in counterfeiting, forgery and swindling games that required patience to execute, the newer and younger generation, ranging in age from 17 to 24, specialists in bank and mail robberies, train holdups, payroll thefts and other daring crimes, speakers declared.

With the object in view of combating these criminals, the association, tentatively formed at Chicago last March, was organized formally here. The organization includes nearly every detective agency of importance in the United States and will maintain offices in foreign countries. A clearing house will be established at Philadelphia through which members may obtain information gathered by individual effort and with the co-operation of state and municipal authorities.

The officers elected at the Pittsburg meeting follow: J. B. Taylor, Philadelphia, president; F. E. Boker, first vice-president, Toronto, Canada; John E. Ferris, second vice-president, Milwaukee; F. H. Smiley, Chicago, secretary, and Jas. F. Quigley, Indianapolis, treasurer.

SUED FOR DAMAGED ROOMS.

New York, May 19.—William Everts Benjamin of 2 East Eighty-seventh street, who is now abroad, is alleged to have done \$1,462 worth of damage by making unauthorized alterations to an apartment in 1140 Park avenue which he sublet. It developed yesterday in a suit to recover that amount begun in the Supreme Court by Mrs. Adrian Iselin and the New York Life Insurance and Trust Company. They are executors of the will of Frederic Bronson, society leader, and Mrs. Iselin's former husband, to whom the apartment belonged.

They leased it in 1915 at \$5,000 a year to Alexander B. B. Pratt, they recall, and in the following September he assigned the lease to Mr. Benjamin. Permission was given the executors to serve the defendant by publication.

SALT ON TOBACCO BEDS.

Chatham, Ont., May 15.—Joseph Compo, of Chatham Township, was last night visited by the "meanest man." This morning he discovered that his tobacco beds valued at \$500 had been sprinkled with salt and all of the plants were dead. It is believed the trick was done from outside.

Kills Himself When Turned Down By Girl

New York, May 19—In love with a librarian living near by, who had notified his acquaintances was too tired to entertain seriously proposals of marriage. Louis Domec, employed in the steward's department at the Hotel Pennsylvania, shot himself in the head in his room at 315 West Twenty-third street yesterday, according to the police. He was dead when found.

He left a note to the librarian, whose name was not divulged, and in another letter appointed his brother-in-law, Tomo Ocarra, 99 Roosevelt street, to take charge of his effects, consisting of \$350 in the bank and a \$100 Liberty bond. "I have at last found nerve enough to kill myself," he wrote to Ocarra.

Family Crazy By Spiritualism

Smashed Furniture and Then Prepared to Offer Child as Burnt Sacrifice.

Berlin, May 19—From the village of Knaechtelow, southern Bavaria, comes an amazing story of a whole family of eleven members becoming insane as the result of spiritualistic experiments.

For some time a builder named Brenk, with his wife and five grown-up sons and daughters, had been accustomed to hold a sort of seance, at which four younger children also were present. Apparently under the belief that they had received from spirits instructions to destroy all material substances in the house they commenced burning the furniture, including the beds. Then they smashed all the crockery.

Neighbors found them preparing to kill the three-month-old infant of one of the daughters, the father stating that he was going to offer it as a burnt sacrifice to the "spirit of pure light."

A doctor having declared the family suffering from delirious mania, all eleven members were taken under police escort to a sanatorium.

Undertaker's Shop Orgy Kills Woman

Her Spine Was Broken, But How Has Not Yet Been Established.

New York, May 19—Following an alleged drunken orgy amid crepe-lined walls and coffins in the back room of an undertaking shop, Mrs. William Baker, young wife of a pretty naval officer, lies dead with a broken spine.

Just how Mrs. Baker met her death has not been established. District Attorney Swann will have before him day the medical examiner's report and an investigation will follow.

According to the belief of the authorities, Mrs. Baker and a friend, Miss Canning, went as guests to a carousal given by John Kearny, an undertaker's assistant, in a shop at 337 Columbus avenue. Two other men are supposed to have been present.

According to Kearny's story, when the party reached a more boisterous stage, Mrs. Baker became uncontrollable, and, while attempting to climb a stairway leading to a balcony, toppled over and fell on the floor.

Mrs. Baker's sister said the dying woman had charged that one of the men had strangled her.

N. Y. Scientist Gets Land-Living Fish

E. W. Deming Arrives Here With Flounderlike Creature Found in Colombia.

New York, May 16—The first semi-amphibious fish that ever swam into the ken of New York's zoologists arrived yesterday from a tributary of the Magdalena River, in Colombia, by the United Fruit liner Santa Maria in charge of E. W. Deming, ethnologist and sculptor of this city. The fish is a flat, flounderlike creature. When it gets tired living in its original element it takes a little trip across country, it can exist and subsist on land for some time.

Mr. Deming brought also two new birds of the grouse family. They resemble wild turkeys. He said he had made the Colombian trip with a party organized by M. E. Spellacy, Mr. Deming's specialty is Indians, and he has sculptured the Apaches and other American aborigines. His main object in exploring Colombia was to study the Motilones, said to be the only tribe of really wild Indians left in any part of the world.

The party was made up of ten Americans and forty-five native Colombian packers. They traveled eight weeks in the Indian country, which is in a mountainous region near the Venezuelan border. Before the establishment of a Catholic mission last December the Indians, who are very shy and afraid of white men, shunned all explorers. The padres made friends with the Indians and the explorers were able to get a few Indian guides to take them into the country.

But the wild Indians were not overtaken by their tamer brethren and the exploring party. Mr. Deming said this was because the expedition was too large and frightened the wild fellows. The guides were timid about pursuing the trail of the wild folk, expressing fear that they would kill both guides and white men.

Children Cry for Fletcher's CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. Hypnotized By
"Movie" Episode

Following Theme of Plot, Lunatic in Paris Attempted to Cut His Throat.

Paris, May 19.—The power of suggestion of the motion picture proved too much for a mentally deficient man who was taken by his woman guardian to see the "movie" at Ivry, on the outskirts of Paris yesterday. A sensational drama was being shown on the screen, and the spectators sat enthralled and silent, after the manner of "movie" enthusiasts. The story had reached a point where a bandit, having refused to obey the order of his chief, had been condemned to execution. Apparently he was to have his throat cut in a way which would suggest suicide. The spectators wriggled in their seats, and when a woman screamed they thought that she had been only overcome with emotion. Then it was noticed that she was struggling with the man at her side. The attendants and others rushed to the rescue, the operator stopped the film and the lights were turned up.

Bleeding Profusely.
Then it was seen that the man was bleeding profusely from a wound in the neck, while the woman was frantically trying to hold the hand in which he grasped a knife. Hypnotized, it seems, by the film, the defective had pulled the knife quietly from his pocket while the attendant's attention was on the film, and as the picture drama unfolded he had followed each movement till the end, when with sudden decision he plunged the knife into his throat. He was immediately removed to the hospital of the asylum from which he had been allowed, as partly cured, to make the visit to the moving picture theatre.

WEDDINGS.

Burnside-Schofield.
Norton, May 19.—At the United Baptist parsonage, Norton, on May 18th, Miss Alvina Burnside Schofield, daughter of Mr. and Mrs. Wilfred Schofield, was united in marriage to Mr. Wilbur Haas Burnside of St. Martins, St. John Co. Ceremony was performed by Rev. I. E. VanWart, in the presence of a few of their friends. After luncheon the happy couple drove to their future home.

Fournier-Wallace.
A very pretty wedding was solemnized yesterday morning at 7.30, in St. John the Baptist church, when Rev. A. W. Moahan, D.D., united in marriage Miss Rose Wallace and Edward Fournier. The bride was given away by her father. She was attended by her sister, Miss Sadie Wallace. Augusto Fournier, brother of the groom, acted as best man. After the ceremony the bridal party drove to the home of the bride's parents, where a dainty wedding breakfast was served. Mr. and Mrs. Fournier will reside in Britain street.

FUNERALS

The funeral of Mrs. Mary A. Fletcher was held yesterday afternoon from her late residence, 360 King street east, to Fernhill. Rev. H. A. Goodwin conducted the service.

The funeral of Mrs. Samuel Givan was held yesterday afternoon from her late residence, 17 Exmouth street, to St. Mary's church. Service was conducted by Rev. R. T. McKim. Interment was in Fernhill.

The funeral of Alexander Weatherpoon was held yesterday afternoon from 15 Murray street to Cedar Hill. Rev. R. Moorhead Legate conducted service.

OBITUARY

The death took place yesterday at East St. John, of Arthur Kolesher, a life-long resident of the West Side. The funeral will be held Friday afternoon from the residence of Mrs. Margaret Kolesher, 119 Market Place.

U. S. Chief Justice
Died Yesterday

Passed Away After Operation
—Loss Casts Shadow Over
Washington.

Washington, May 19.—Edward Douglas White, chief justice of the U. S. supreme court, died early this morning at a hospital here, where he submitted to an operation last Friday. He was 76 years of age. The chief justice had been unconscious since late Tuesday afternoon when acute dilation of the heart occurred. Up to that time the attending physicians had hoped for a rapid recovery after an operation for bladder trouble.

The death of the veteran jurist cast a shadow of sorrow over the United States national capital today, where during his long years of service on the supreme bench, he had grown in the admiration and esteem not only of his official associates, but of the entire community.

Although all hope for the chief justice's recovery had been abandoned, the news of his death, which occurred at two o'clock, came as a shock to friends and assistants.

At the bedside when death came were the wife of the chief justice; his two nieces, Miss Ann Montgomery and Miss Mary L. Broussard, and Rev. Father Creedon of Georgetown University, who had administered the last sacrament during the early evening.

ALARMED FOR CONSTANTINOPLE

Constantinople, May 19.—Alarm over the safety of Constantinople is apparently felt by Allied officials here. Operations by bands are assuming serious proportions, particularly in Thrace, large numbers of Bolsheviks are arriving and the United States embassy is under guard of armed sailors. Brigadier-Gen. Harrington, commander of Allied forces, here, has gone to London to lay the military situation before the British authorities.

Potato Growers
Planting Crops

Acres May be Smaller
Than Last Year When
Losses Were Heavy.

In spite of the fact that all growers of potatoes suffered heavy losses last year, those in the chief potato sections of this province are going ahead with the planting of this season's crop in the usual manner, and the next week will see the finish of the planting of a crop, which in acreage may be smaller than that of last year, but with the use of only a very few extra tubers for seed may equal it in yield.

Decreased Acreage

Any diminishing of the acreage that has taken place seems to be due to the fact that the large planters, who have undertaken the business in a strictly commercial way, and those farmers who have not large sums of money tied up in machinery possibly necessary to potato growing, have sensibly diverted their efforts to other things. However, the majority of farmers are planting about the same crop as last year—encouraged by the logic that they should look for the money sunk in last year's operations where they lost it. The attitude of the big growers is well exemplified by the case of Edmund & Son, of Arcootook county, Me., who have decreased their acreage from five to two hundred acres, and The Guy Porter Potato Co., Ltd., of Perth, N. B., who last year planted three hundred acres and this year are planting only one hundred. The smaller planters, where they have facilities for farming along other lines, will not this year take a chance on potatoes to any great extent.

Farming Cost Lets

The cost of farming will be considerably less this year and no difficulty is being experienced in obtaining laborers. The price of fertilizer is slightly higher than in former years, but that is being avoided in a large measure by the purchase of the necessary chemicals and mixing them according to the requirements of the particular crop. That has been practised to some extent in former years, but never in anything approaching the degree that it is being done this season. One large potato buyer states that in Victoria county, where the acreage will be only about twenty per cent. less than last year, the fertilizer used in the potato crop will be home-mixed.

Not Disposed Of

Last year's crop has not yet been disposed of, and there is no market for it. The price offered for shipping points is 40 cents per barrel and very little stock is moving. Those farmers who live some distance from a shipping point have already begun to dump their surplus potatoes. The price prevalent in the past few weeks has been even lower than that, and this increase is only due to the fact that some shipments have been placed in Cuba. The market there never commands a high price, nor can it assimilate a very large amount of the tubers, so it is only those who have small quantities of potatoes that are entirely destitute of a market.

Were Worse Hit

In those sections of the province which are near the Maine border many of the farmers hauled their potatoes to points across the line and had them stored in hopes that they might escape any drop in price that would have followed the enactment of the Emergency measures. They have been even worse hit than those who held their stock at home. They have had to pay high storage rates all winter and now there is naturally no market for potatoes that have been stored in houses since the present demand is for table stock only, and those that have been kept above ground have sprouted some weeks ago.

Serious Period

There is no doubt that the farmers of this province are at the present time passing through a very serious period. That is especially true of the potato growers. Last year's crop produced at the time when the cost of fertilizers, labor and machinery was the highest and the return on the crop was so very small that they are now large debts and a very poor prospect of being able to meet them.

Will Celebrate
50th Anniversary

Mr. and Mrs. E. V. Wetmore
of Hampton 50 Years Mar-
ried Next Wednesday.

Next Wednesday will be a gala day in the lives of Mr. and Mrs. E. V. Wetmore of Hampton, who will on that day celebrate the fiftieth anniversary of their marriage which took place in the city of Boston on May 25, 1871. The greater part of their married life, however, was spent in this city and many happy returns of the day.

Relatives Expected.

Relatives from Upper Canadian and American cities are expected to be present on the festive occasion and four generations of the family will be there, in the persons of Mr. and Mrs. Wetmore, their eldest son, and his daughter and grand-daughter. There was born of the union, one daughter and six sons and all are living and well and expected to be present at the anniversary. The sons are Harry S., William A., Frank E., George G. and Edwin E. all living in this city and the daughter is Miss Stella, living at home.

Mr. and Mrs. Wetmore are both of Loyalist descent. Both were born in Kings County and are spending their last days in the county of their birth. Prominent Builder.

Shortly before the great fire of 1877 they moved from Boston to St. John

No Clue Yet To
The Kidnappers

Palmerston, Ont., May 19.—This morning there are no further developments in the investigation into the kidnapping and chloroforming on Tuesday night of Miss Edna K. Lee, leader of Knox Church choir, and prominent musician, who was found gagged and bound in an out of the way part of the town yesterday morning.

Miss Lee's parents and the police here attribute jealousy "and an attempt to blacken her character," as motives for the deed. Miss Lee is suffering from shock and exposure in the open, but is otherwise unharmed. Police Chief Wilson said today: "Miss Lee is a splendid singer and her leaving one church to go to another has caused bad feeling." The chief said he thought that an "organized grudge" might be at the bottom of the affair. The authorities are today making investigations in Listowel, which is Miss Lee's home town, and in Guelpa.

COUNTY HOSPITAL
COMMISSIONERS MET

Yesterday morning the commissioners of the St. John County Hospital met at the office of the county secretary, there being present, Messrs. L. W. Simms, Dr. McDonald, Dr. Farris, J. King Kelley and Mrs. J. H. Frink. One of the nurses at the General Public Hospital having developed tuberculosis arrangements were made to have her transferred to the county hospital. Several matters of routine business were also disposed of.

A LUX Shampoo
is a real luxury

Perfect cleanliness and a refreshing stimulant for the scalp are the best of all means for ensuring hair health. In other words—try a LUX shampoo.

Dissolve a tablespoonful of LUX in a gallon of very hot water, whip into a creamy lather, and then temper with cool water. Rub well into the scalp—you'll enjoy the invigorating, cleansing sensation. Then rinse thoroughly in fresh tepid water and dry the hair, in the sun if possible, never with strong heat.

Lux is sold at all grocers, department stores, etc.

A handy recipe book "The Care of Dainty Clothes" is gladly sent free on request.

Sell Without
Reserve!

THAT was the verdict passed by the Semi-Ready Directors on a \$10,000 clothing stock, lying in their warehouse, which they were forced to accept from one of the western Semi-Ready Stores who had the misfortune to overstock. In order to adjust the affairs of this store they accepted a large portion of the stock.

How were they to dispose of this stock, that was the question, and the decision was to offer it to the St. John store at a low price. We have accepted the offer, and on Friday, May 20th, we will place it on the racks to sell at cost and below cost. Nothing held in reserve, even our own \$40,000 stock of Semi-ready clothing will be included in this great sale.

This is not a sale of bankrupt stock which has been picked over and over for the last five or ten years. It is a clothing stock which contains the latest in style, the best that human skill can manufacture, and at prices that you cannot duplicate anywhere.

Sale Starts Friday, May 20th
All Clothing Discounted from 25 Per Cent to 50 Per Cent

Mt. Allison Track Meet A Success

Junior Class Were the Winners of the Beautiful Silver Trophy Offered.

The annual inter-collegiate track meet for the handsome large silver trophy donated by E. H. Steadman & Co., of Sackville, N. B., was held at Mount Allison University, Tuesday, May 17th. Great interest was manifested in the meet which formed an interesting part of the commencement exercises. A good showing was made in most of the events and competing the results with those of the inter-collegiate meets of other colleges, Mount Allison would evidently have been a very formidable competitor for inter-collegiate honors had such a meet been held this spring. The Junior Class (22) was the winner of the trophy. The list of events was as follows:—

100 yards dash—1st, R. Ashford; 2nd, Myers; 3rd, Phillips. Time, 10 4/5. 200 yards dash—1st, Phillips; 2nd, Myers; 3rd, Ashford. Time, 27 sec. 440 yards—1st, Meek; 2nd, Tennant; 3rd, Prince. Champion Bowling Team, 1921 champions of Maritime Provinces and Eastern Maine, and winners of the Brunswick Bulk Coal silver trophy, were the guests of honor at a banquet held at the Y. M. C. I. gym last evening. Presented With Trophy. Following a very tasty menu served by the Catholic Ladies League, at a table decorated with pretty spring flowers, and the faces of smiling bowlers, the coveted trophy was presented to the champions, and at the same time, the champion teams of the House League, the Sparrows and the Hawks, and high individual scorers, and the I. L. & B. team, champions of the House Pool tournament were awarded the trophies they had won. H. J. Sheehan, the newly elected president of the Y. M. C. I., presided, and acted as toastmaster and chairman. The guests of the evening were the Rev. Father Duke, chaplain of the Y. M. C. I., and A. M. Belding. Joseph Mullaley presided at the piano, and accompanied the bowlers in a number of choruses sung during the evening under the leadership of Frank McCafferty. He also acted as accompanist to the soloists, W. J. Melody, and Frank McCafferty, to C. McFadden, in a clover clove dance, and to the Pin Boys who sang "Bubbles."

Congratulated. The first toast, the King, was proposed by the president and responded to with musical honors. Mr. Sheehan then acted as toastmaster and congratulated them on their success in what was one of the hardest fought tournaments in the history of the trophy. In doing so he gave much credit to Capt. Macdonald, whose skillful leadership had met with a loyal response from every member of the team. His loyalty and the fine sportsmanship exhibited by it, and by every team taking part in the tournament, he described as most edifying and typical of the high class of those interested in the game.

House League Winners. Following Mr. Sheehan's speech, the Sparrows, the leaders of the Y. M. C. I. House League were called forward and presented with handsome individual silver trophy cups by W. J. Magee. Walter Gambin replied on behalf of the team.

The Hawks, the runners-up, were also presented with individual silver trophy cups, and Roy Hansen voiced the appreciation of the team. In doing so he predicted that the Y. M. C. I. would soon not only lead in bowling, but in all lines of athletics.

Individual Winners. The president of the House League, Frank McCafferty made the presentations to the season's highest individual scorers. They were, highest average, Archie Macdonald; highest three string, Bruce Winchester; highest single string, Murray Jarvis. Mr. Macdonald received a large art glass electric reading lamp, and Messrs. Winchester and Jarvis, silver trophy cups with a large silver candle pin similar to the Balk Colander trophy. The presentation was made by the donor, P. J. Fitzpatrick. The pin became the property of the team which wins it three times.

Pool Trophy. The final presentation was the Y. M. C. I. Pool tournament trophy, presented to George Stafford, captain of the I. L. & B. team. In accepting the trophy, Mr. Stafford in a neat address paid tribute to Dennis McCarthy, the prime mover in establishing the tournament.

A. M. Belding. A. M. Belding was then called upon in responding he spoke of his pleasure at being present to pay due honor to the champion bowlers of the Maritime and Eastern Maine. He was much impressed with the fine sporting spirit evident amongst those gathered about the festive board, and said that it was just such a clear interest, a pulling together and playing the game, that constituted a community's greatest asset, and assured a vigorous support of sports.

Rev. Wm. Duke. Father Duke was also called upon, and gave a vivid and highly interesting account of the winning of the trophy at the Fredericton tournament, at which he participated as a bystander and fan. The spirit of all the players who took part was a criterion, he said, of the excellence of the sport which attracted men of so high a calibre. He concluded by wishing the team all success in the coming season. F. Hogan also spoke and congratulated the Y. M. C. I. on its fine building and the records it was establishing.

All the speakers referred in highly complimentary terms to the good work of captain Macdonald, of the I. L. & B. team, to Wm. Stack, the manager of the Y. M. C. I., who, he said, whose co-operation both at Fredericton, and on the home alleys was

All-Scottish Players Arrive

Visitors Reached Halifax on Steamer Cameronia Last Night.

Halifax, May 19.—After a complete rest of eight days during their pleasant voyage from Liverpool to Halifax, twenty-two Scottish soccer players stopped off the Cameronia on her arrival here tonight in the pink of condition, according to Manager R. M. Cornell and Col. J. D. Wilson, business manager of the team. Tonight the players are walking off their scuffs on the streets of Halifax, and tomorrow they will have a light workout at the Wanderers' athletic grounds where they play the first game of their Canadian tour on Saturday afternoon. The team did practically no work while on the Cameronia. Manager Cornell said. They took a lively part in the usual sports of the ship, however, and distinguished themselves in races on the deck. Halifax soccer fans formed a small crowd near the wharf, plank to watch the famous Scotchmen come ashore. President Dan MacNeill, of the Dominion Football Association, President George W. Crossin, of the Halifax Football Association, and President Alvin F. Macdonald of the North British Association formed a welcoming committee.

Visiting Line-up. It was announced that the Scottish team will line up against Halifax on Saturday as follows: Goal—Brownlie, Third Lanark. Right Back—Bullock, Partick Thistle. Left Back—Orr, Third Lanark. Right Half—Gordon, Cowdenheath. Centre Half—Craig Brown, Motherwell. Left Half—McAndrew, Third Lanark. Outside Right—Alex. Bennett, Abil on Rovers. Inside Right—McInnery, Partick Thistle. Centre Forward—Wilson, Dunfermline. Inside Left—Rankin, Motherwell. Outside Left—Low, St. Bernard's.

Other players are: Taylor, Marshall, Larkin, Galt, Duncan, Galt, Troupe, Quinn, F. Walker, McEwan and Thomson.

May Cancel The Fort William Game. Halifax, May 19.—The upset in the itinerary of the Scottish international football players will mean postponement of their Ottawa game for ten days, but may mean the cancellation of the game which was to have been played at Fort William. President Dan MacNeill, of the Dominion Football Association said here tonight, commenting on a telegram from Ottawa asking that the Scottish team play on schedule in the capital city. The game at Fort William has been definitely postponed, but the international will, if it is at all possible, play in that city on their return trip from the western coast. The Ottawa game will be played May 31st, President MacNeill said.

Mayor John S. Parker, of Halifax, had no comment to make on the telegram he received today from Mayor F. H. Plant, of Ottawa, appealing to Halifax sportsmen not to prevent the Scotchmen from playing at Ottawa on Saturday. He handed the message to H. G. Pope, secretary of the Halifax football association.

Alley Pin Boys Were Well Repaid. The pin boys of the Y. M. C. I. alleys were the guests of the bowlers at their annual banquet held in the Y. M. C. I. gym last evening. The boys proved excellent bowlers when the "eats were spread out before them," all of them running up high averages. Later they were heard in a chorus, and were seen to blush modestly when tribute was paid to their good work during the season under the direction of W. Stack, the alley manager.

In recognition of their good work, the \$20 was realized and divided up amongst the boys, Messrs. Thomas Murphy, Walter Stanton, Val MacAndrew, Gerald Horton, Art Masters, John Daley and Albert Britt.

IMPERIALS ISSUE CHALLENGE TO CITY. A fast and exciting game of baseball was played on the Crown street diamond last evening between the Imperials and Young Beavers, the score being 3 to 1 in favor of the Imperials.

The Imperials have issued a challenge to any junior team in the city to be played on the Crown street diamond after May 24th. They have won four games and lost none so far this season.

A large factor in the very successful season, to Rev. Father Duke and the priests of the Palace for the interest displayed in bowling, and to the pin boys for their good work during the season.

The evening's programme was concluded by the singing of And Lag Syus and the National Anthem.

Senior Baseball Officers Elected

Frank White is Chosen President — First Game on St. Peter's Grounds on 24th.

A meeting of the Senior Baseball League was held in the Commercial Club rooms last evening when the following officers were elected: Frank White, President. T. L. McEwen, Vice-president. G. Sealey, Secretary-Treasurer. Board of Arbitration—H. C. Olive, J. Doherty, J. S. Malcolm. Messrs. Golding and Carney were chosen official scorers, the former on the East End grounds, and the latter on St. Peter's grounds. The names of G. Smith, R. Atchison, W. Howard, D. Connolly and P. McAllister were mentioned as umpires, and the two official ones will be determined at a later date. A part schedule was drawn up, the league to be composed of the Commodore, St. Peter's and Pirates, and the opening game will be on the St. Peter's grounds next Tuesday afternoon when St. Peter's and Commodore will play. The regular evenings of play will be Monday, Tuesday, Thursday and Friday. Alternate games will be played on St. Peter's and East End grounds.

Miltown Sports On Victoria Day

Field Sports, Parade, Wild West Horse Racing, Band Concert and Dance.

Miltown, N. B., May 19.—Victoria Day (May 24th) is to be a day of real sports in Miltown, N. B. Previous to the war the town celebrated annually on the above date, but owing to the war has not celebrated for eight years. It is the desire to make up on Tuesday next for time lost during the war. We offer for sport alone \$500 in prizes. In regard to the dash, jump, both high and broad, the first prize is \$15; second, \$10; third, \$5. Miltown challenges any seven men to pull against the local tug-of-war team for a prize of \$25.

The committee would be pleased to greet any St. John sportsmen who would care to share the celebration. Besides the sports, there will be a parade in the morning, a Wild West horse race between twelve running horses, a ball game in the afternoon, and a band concert and grand ball in the evening.

Dissatisfaction Is Felt At Ottawa

Appealing to Mayor of Halifax That Scottish Football Team Keep Date in Capital.

Ottawa, Ont., May 19.—Much dissatisfaction is felt here at the proposal to pass up Ottawa for its scheduled game with the Scottish international. Telegrams were sent this afternoon both to Dan MacNeill, who is at Halifax welcoming the visitors, also the Mayor of Halifax, appealing for fulfillment of the date here, particularly in view of the fact that the Halifax game was not promised until after all arrangements had been made for the Ottawa fixture. It is also stated that the Halifax date was entirely a provisional one.

Cricket Matches Played In England

London, May 19.—In cricket matches played today Hampshire beat Kent by 131, the scores being Hampshire, 336 and 200; Kent 191 and 214. Fry who is favored by many for the captainship of England's test team scored 96 and 45 for the winners and Tennyson ran up 98 and Collins 93 for Kent.

The Australians scored 318 against Sussex which made 144 and 95 being beaten by an innings and 75 runs. Douglas made 47 not out for the losers.

THE STANDARD'S FINANCIAL SECTION

ERRATIC COURSE OF MANY STOCKS ON WALL STREET

Oils and Rails Fail to Recover Any Strength During the Day.

INQUIRIES FOR CALL MONEY ARE FEW

Bullish Factor in Wage Reductions Has Been Discounted in Advance.

New York, May 19.—Business on the stock exchange today was listless, with a reactionary trend. Even the rails which figured prominently in the moderate improvement of the previous session, were dull and in no instance substantially lower. The forthcoming reduction of wages by the railroad labor board members have lost its force as a bullish factor. Traders evidently proceeded on the theory that such action long had been discounted.

Postponement of dividend declaration by the Rocking Valley Railway directors clearly indicated that the question of reduced or suspended dividends does not wholly apply to industrial or miscellaneous shares.

Money Calls Light.

Although the inquiry for money was exceedingly light because of the dullness in the stock market, call loans held firm at 7 per cent rates for time accommodations also ruling at recent rates.

International remittances reflected the more hopeful feeling in connection with the Silesian situation. Demand sterling rose a fraction over \$100 and all the principal continental rates strengthened, notably bills on Paris and Antwerp.

Penmans Made Six Point Gain; Market Leaders Are Lower

Extensive Selling Responsible for Decline in Price of Breweries and Brazilian.

Montreal, May 19.—Breweries, Brazilian and Quebec Railway led the market in the local stock exchange today and in the two first sellings were more urgent than buying, both stocks showing a substantial decline of 1 and 1 1/4 points respectively. Quebec 1 1/4 points, however, sold up a point to 22 1/2. Selling of Riorion sent the stock down 4 points to 18 on a turnover of less than 900 shares.

Penman Up Six.

In the way of price movement Penman's provided the largest gain, one of 6 points to 102. In the balance of the group the general market spirit at 12 1/2. Investors held their ground at 65 and Canadian Cottons held unchanged. The papers were irregular. Spanish common was off a point to 72, and the preferred was up to 80, both in light trading. Abitibi lost a fraction at 37; Howard Smith a point at 75; Laurentide a fraction at 62 and Wayagamack a point at 68. In the utilities Detroit lost 3 points at 31; Bell gained 1 1/4 at 103 1/4 and Power the same at 85 1/4. Elsewhere asbestos was down 2 1/2 for the common and 2 for the preferred; Ontario Steel declined 4 at 56.

Bonds were slightly more active and were irregular. Total sales: Listed 9,229; rights 2,873; bonds 2,420,050.

Shad Around the Dollar Mark in City Fish Stores

Home Grown Green Goods Are Cheaper and Offerings Are Larger.

Advances and reductions in several lines were nicely balanced in the local market this week. Manitoba flour went up to \$12 1/2, an advance of 85 cents, and Ontario flour dropped 35 cents to \$11.30. Shelled walnuts at 90c per pound were quoted at an advance of 30 cents, while almonds at 50 cents per pound were down 5 cents. Currants and prunes were easier than last week. Lard dropped a cent to 17 cents per pound. Compound lard fell 1 cent to 22 cents per pound. Fresh eggs at a quarter of a cent, the present price ranges being from 13 to 14 1/2.

This week's country produce prices for the retail trade were: Best creamery butter 40 to 45 cents per pound; poultry, Ontario, 48 cents; case eggs, 30 to 32 cents per dozen; fresh shrimps 35 to 40 cents. Powl 50 to 60 cents per pound. There were very few cabbages, 70 cents was the price asked for the few rare birds.

Home Grown Produce

The advanced season was marked by the changed price list in green groceries and more extensive stocks. Some of the lines which were quoted at attractive prices included strawberries at 50 cents per box, cucumbers 20 cents each, radishes 7 cents per pound, ripe tomatoes 40 cents per pound, native spinach 90 cents per bushel, onions 25 cents per hundred, cauliflower plants 60 cents per hundred, cabbage plants 50 cents per hundred.

Shad were selling at from 60 cents to \$1 each in the local fish markets. There were no other changes. Bran and shorts were quoted at a reduction of two dollars per ton each. Bran is now \$38 per ton, shorts \$40. The slump in feeds reacted in flour, which advanced.

Wool unchanged shows signs of weakening.

GOSSIP AROUND THE MARKETS

Montreal dividend declarations yesterday were: St. Maurice Paper Company, Limited, 2 per cent, payable May 28 to record May 25. Woods Manufacturing Company, Limited, 2 per cent, quarter ended May 31, payable June 15 to record May 31.

Notification is given to the North American Pulp and Paper Company's trust, of extension to June 15 of the time in which common shares must be deposited under an option agreement whereby the proportionate amount of preferred, and common shares of the Saguenay Pulp and Paper Company, 100 at 11; which trust shares are entitled, may be sold at the rate of 36 U. S. funds per share for the common stock of the trust so deposited.

The striking weakness of Old Riorion common in the listed market at Montreal yesterday had less than the usual effect on the unlisted issues. The 8 per cent preferred, however, went to a new low, closing the morning session with offerings at 23 and 24 bid. The dealings only amounted to about 100 shares, mostly in lots at 25 to 23. This decline of two points compare with four in Old Riorion. The new common held at the former low of 3 3/4. Cosgrave Brewery, which was strong yesterday at 10 to 11 rose another half point. British Empire Steel common, which is reported listed on the New York stock exchange, sold at 9. Whales was 10 and Fram Power 11. Sales of 80 bid. THE WEATHER

Toronto, May 19.—Pressure is highest over the Maritime Provinces and low over the northwestern states and the western provinces. Showers have occurred locally today over Lake Superior, and at a few places in the Western Provinces. Elsewhere in the Dominion the weather has been fair.

AROUND THE CITY

CHILD DEAD. Their friends will sympathize deeply with Mr. and Mrs. Kenneth Campbell in the death of their infant son, which occurred yesterday.

WILL START SOON. That a start on the work at Courtney Bay would be made in a few days was the statement made by Carlo Carrell, manager of the Bedford Construction Co., yesterday.

THE OVERHEAD CROSSING. Mayor Schofield announced yesterday that in a few days application would be made to the Board of Health Commissioners in connection with the overhead crossing at the western end of Douglas Ave.

THE ECLECTIC CLUB. A meeting of the Eclectic Club was held last evening at the home of Mr. Hugh Bruce, Mount Pleasant. The topic discussed was "Historical Spots in New Brunswick."

WAS ARRESTED. A married man was taken in custody last evening on a warrant charging him with a statutory offence. If found guilty the evidence will undoubtedly give his wife good reasons for obtaining a divorce.

THAT MONTREAL LIQUOR. That is would probably be three or four days before the liquor was imported from the cars to the warehouse was the statement made yesterday by officials of the Bradley firm. W. M. Ryan, solicitor for the inspector, Hawthorne said an application for the removal of the injunction would be made to the Supreme Court.

THE PRIZE WINNERS. The prizes for the electric light sports will on Wednesday night next be presented by Mayor Schofield to the winners at City Hall. There is a fine lot of prizes and the Mayor and committee in charge feel fully gratified for the fine programme carried through.

BOARD OF TRADE NOTES. At the meeting of the council of the Board of Trade held yesterday the matter of representation at Ottawa, which the resolution regarding Maritime freight rates comes before the Government, was discussed and the president given power to name delegates to attend.

SUCCESSFUL CONCERT. A very successful concert and sale was held at the Carmarthen street Methodist church last evening. The programme included an orchestra selection; duet, the Misses Hawker; solo, Irving D. Appleby; juggling variety, Charles A. Cromwell; solo, Cecile Ambler; reading, Mrs. Roberts; solo, Walter Brindle; violin selection, Rhona Lloyd Winter; solo, Estella I. Fox. National Anthem.

INSTRUCTIVE TALKS TO SUNSHINE CLASS. The Sunshine Class of the Tabernacle church met last evening in the chair. The class has entered upon a new line of work and was addressed last evening by Miss Forsyth, Supt. of the Victorian Order of Nurses, who started a series of talks and illustrations on Home Nursing, Child Welfare and Community Help. These talks will be continued throughout the summer, once a month, and are open to all women who wish to attend.

THOSE WHO PASSED FINAL EXAMINATIONS. Miss Marion Magee, the provincial secretary of the St. John Ambulance Association, reports that of the thirty members who took the course in home nursing just finished, nineteen passed the final examinations and all passed them successfully. They are: Misses Hayes, Robertson, Dunlop, Carleton, Ferguson, Forbes, Shehan, Marboe, Heales, Campbell, Law, Schroeder, Jordan, Adams, Bentley, Dewar, Harrison, Green and Mrs. Mowry. The examinations were held in the Stone Church Sabbath school building, with Dr. S. Skinner and Dr. Stanley Bridges as examiners.

CHANGE OF ROUTING. During the next ten days, while the water work repairs are proceeding on Winter street, the street cars will not use the street but will use the City road tracks.

Baby Was Born In An Automobile

Mother Was Being Removed to Hospital After Two Ambulances Broke Down.

Accidents, delays and the birth of a baby in an automobile all took place within an hour in Lower Cove in the vicinity of three or four o'clock yesterday morning.

George Laird Died While Driving Horse

Was Seen Hanging from Carriage on Peel St.—Asthma and Heart the Cause.

About 7:40 last evening while walking along Peel street, P. G. O'Brien saw a horse and carriage passing with a man hanging from it. He stopped the horse and the man dropped to the pavement dead. He was later recognized as George Laird, 44 North street.

Maritime Board of Industry Supported

Advertising Club Hear Interesting Papers—Demand Better Freight Rates.

The St. John Advertising Club, at a meeting held last evening, went on record as demanding better treatment in regard to freight rates on the government railways, and also supported the idea of a Maritime Board of Industry and Commerce. An interesting discussion was afforded by the reading of several papers on the advertising and sales efforts of St. John firms doing a Dominion wide business.

Collided with Fire Hydrant.

Following instructions the automobile made a quick trip to the home and with the husband in the rear seat started to convey the frantic man to the bedside of his wife. The car was only going in second gear and on reaching the corner where the fire hydrant stood, something went wrong with the steering gear, and before the brakes could be got to work the automobile crashed into a fire hydrant with the result that one of the front wheels was entirely demolished, every spoke was broken in bits, the axle sprung and accordingly the much worried husband was obliged to leave the car and make his way on foot to the hospital.

Sub-Inspector Barrett Subjected to Gruelling Cross Examination.

The hearing of a liquor case in which Messrs. Kane and Farren, druggists and retail liquor vendors of Main street were charged with unlawfully supplying liquor to William Ginter, was followed with much interest by spectators in the police court yesterday afternoon.

It has come to our notice that a young man has been calling on brass holders offering rugs for sale and claiming to represent us. This is not correct, as we have no agents selling rugs in this manner.

C. N. R. Crews Laugh At New Schedule

Four Crews Doing Work of Five Crews at Extra Cost to Management. Railroad men of many years of experience on the C. N. R. these are more or less amused over a recently inaugurated passenger crew schedule affecting the Canada Eastern Division which comprises the Fredericton to Newcastle branch and the Valley Railroad so called. There were previously five passenger crews on this division. The new running schedule for passenger crews does away with one crew, but places so much extra mileage and overtime on the four remaining crews that the cost per month will total more than if the five crews had been maintained on the old schedule. It means, according to railway men, that it will cost the Government more, give the four crews extra spending money and take a livelihood away from the fifth crew. The latter is what railway men are objecting to.
