ST. JOHN, N. B., SATURDAY FEBRUARY 4, 1899.

NO. 28.

COUNTY COUNCIL.

Annual Meeting of Northumberland County Councilors.

(Continued from Wednesday's issue.)

On motion of Coun. Swin the following Stated returns passed: Wm Swin collector; Jared Betts, cor. rates; Jared Betts, High Murray, Cor Weaver and John T Bamford, highway comrs.

On motion of Coun. Swin the following Derby returns passed: John Russell, Danie Harrigan, John A Parks, highway comrs.; John Clouston, cor. rates; Chris Crocker, col. rates.

On motion of Coun. McAllister the following Southesk returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

which shows a deficit of \$1891, a decrease of \$100 from the previous year, 1897.

The aggregate deficit list to the contingent fund amounts to \$900 against \$1,000 for 1897, a slight improvement.

We advise that collectors of rates be more prompt in their collections.

Respectfully submitted, John Betts, Wm Anderson, Wm Kerr, D Morrison, F D Swin.

Coun Betts moved the adoption of the report.

Coun Kerr called the attention of the council to the clause in reference to abolishing the July session.

He had signed it and was in favor of it, but wanted members to understand what they were voting on.

Coun Sullivan spoke strongly against the abolition of the July session.

He had opposed this before, and not one ratepayer had questioned the wisdom of this course.

He would, if necessary, stand alone in support of the July session.

On motion of Coun. Swin the following returns passed: Wm Swin collector; Jared Betts, cor. rates; Jared Betts, High Murray, Cor Weaver and John T Bamford, highway comrs.

On motion of Coun. Swin the following Derby returns passed: John Russell, Danie Harrigan, John A Parks, highway comrs.; John Clouston, cor. rates; Chris Crocker, col. rates.

ling to pay all the costs incurred in the case tried by Messrs Fraser and McCuller. He moved that the balance in the hands of the sec-treasurer from these cases be returned to Chatham, but withdrew the motion and allowed the returns to pass on being assured that he could make his motion a later stage.

Inspector Menzies' account of costs passed, also the return of the Chatham police magistrate.

Adjourned till 2 30.

The Millstream Boom Company's rate was increased from 5 to 10 cents and the report on Mrs Anderson's petition was passed.

Coun Jones reported, from the committee on Almshouse Accounts, that the accounts were correct and nearly kept. There were 12 males in the institution, 9 females and 10 children.

The report recommended the following assessment for the county year--

Chatham.....\$600 Northesk.....\$100 Newcastle.....\$200 Ludlow.....\$200 Alnwick.....\$200 Derby.....\$150 Hardwick.....\$100 Blackville.....\$200

The usual discussion took place on this report, Coun Sullivan leading off by objecting to Hardwick's share of the assessment and that the portion of Newcastle's should be reduced, while Coun Kerr put in a similar claim for Chatham.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

On motion of Coun. Jones the following returns passed: John Dennis, Wm Johnson and Wm Semstry, highway comrs.; Jas Lawlor and Jas Sheesgreen, col. rates.

Murdock. This was not the first time that the matter had been brought before the Council. They had asked for power to make by-law to license peddlers, but no good results had followed.

Some of these peddlers had set up in town after the assessment had been made, and left before another assessment.

They get police protection, etc, and pay nothing. Country people complain that they are forced to buy from peddlers to get them out of their houses.

It was difficult to tell their names, but the Legislature did not take kindly to the proposal that they be sent to the Legislature, the committee to report on Friday.

Coun Anderson said there were more nuisances than dry goods peddlers--the agents for agricultural implements and wagons who went around and persuaded people to give notes which they were not able to pay.

Every other man in a country you spoke to had a note coming due and feared to be put to trouble about it. He would be glad if the committee would take this matter into consideration.

The warden said the council had the power now to deal with non-resident peddlers.

The motion passed, and the following committee was chosen--Morrison, Connors, Anderson.

On motion of Coun Jones the council adjourned till Friday morning.

January Meeting of Queens County Councilors.

The January session of the Municipal Council of the County of Queens, convened at the Court House, Gagetown, on Tuesday, at 10 30 a.m.

Chief-magistrate Rabbitt called the roll and the following Councilors were present--

On motion the petition of Peter Doffy was taken up.

Moved and seconded that a committee be appointed to look into the claim and report at next January session.

Committee on bills and accounts report and recommended payment as follows--

No. 1. J H DeVeber, \$2. No. 2. C P Dykeman, audit book, \$1.50. No. 3. Wm Brander, \$71.24. No. 4. Abner M Byles, bill, \$2, disallowed.

Wm Nevers, crar, \$2. No. 6. R T Babbit, \$32. No. 7. Miss Ella Simpson, \$11.21. No. 8. J A Stewart, \$3. No. 9. J A Stewart, \$2, disallowed.

On motion of Coun Jones the council adjourned till Friday morning.

ANNUAL MEETING

OF THE HORTICULTURAL ASSOCIATION WEDNESDAY.

Mr A H Hamilton presided at the annual meeting of the Horticultural Association held Wednesday afternoon in the rooms of the Bellef and Aid Society.

The members present were Secretary James Reynolds, C A Everett, J V Ellis, M P R B Emmerson, C P Clarke, J M Taylor, Joseph Allison, Hon J B Ritchie, Geo Robertson, William Hawker, J C Knott, the association's gardener, who was also present.

Reports were received from officers and committees. The directors, in their report, dealt fully with the year's work, and outlined some plans for the future. It was an encouraging document.

The gardens and grounds committee, through Mr Joseph Allison, reported the work on the grounds. The grant from the city was \$300 and the amount spent was over \$1600. The report recommended that the common council be asked for \$300.

Gardener Knott, in his report gave details of his work and acknowledged receipt of donations of material from friends of the association.

Mr G S Fisher, from the park construction committee's report, told of the betterment of the park during the year. The attractions committee, through Mr A H Hamilton, warmly recommended the work of Mr G S Fisher, chairman of the construction committee, who gave both time and energy.

The report speaks favorably of Mr W Lillan Hall's management of the coffee house and the boats. It recommends a renewal lease to Mr Hall if he see fit. Thanks are returned to donors to the park collection of animals and birds.

Mr J V Ellis, M P P, for the exhibition committee reported on the show held during the year. The report said the flower show should be continued, though it was a question whether financial aid would secure.

For the prize list committee Mr J M Taylor reported. He expressed the view that the flower exhibitions should not be continued unless there are grounds to hope for better attendance.

Mr G U Hay, chairman of the arboretum committee, reported that about 30 acres were planted last spring on the city square. The trees on both squares were pruned. That work should be continued.

The accounts of Mr Joseph Allison, treasurer, showed that he had on hand last year \$38 35 on account of the park fund. Among his receipts were \$2300 city grant to the park; Mrs Whetzel, ice cutting privilege, \$250; Geo A Buba field and C O Baker \$200 each, 4 mowing machines, Massey-Harris Co, \$12; Mr E Bates, \$5; groceries picnic, \$170; voting contest for name of park, \$33 72; salaries per E Hamilton, \$161 54, and sundries, \$30. The expenditure on the park exceeded the receipts by \$455 57; the total amount paid on this account being \$445 22.

On garden and grounds account the disbursements were \$1,558 56. Among the receipts on this account were \$780 membership fees; \$500, city grant for 1898; profit on flower sale, \$18 37; cash taken from park accounts, \$267. There were some other receipts, making up a total of \$1,683 33, leaving a balance on hand of \$147 87.

The general account with the Bank of New Brunswick showed that the \$15,000 in bonds had been sold, realising \$15,078 25; the indebtedness of \$2,099 had been repaid out of this, and the payments on capital made, making in all \$2,091 82 more, the balance being on special deposit.

JERSEY AND GUEMNEY.

Farm life in these thirty little Channel Islands—a keen demand for land.

Agriculturists visiting Europe should not fail to take a tour in the English Channel islands, of which Jersey and Guernsey are the principal.

MAINTAIN THE JERSEY ISLANDER.

Solanos, etc., without using artificial heat. They also grow early spring flowers, chiefly daffodils, narcissi, iris, lilies, freesias, etc., large quantities of which are sent daily to the principal English towns.

A JERSEY BULL AT HOME.

Week for a day laborer. These islands all desire to live upon their own land, and that necessarily creates a keen demand for the land and an artificial value, as almost everyone with money buys some land and puts up glass houses.

The Grade Draft Horse.

As a rule the favorite farm and family horse is the Grade draft horse. It can do all kinds of farm work, can haul heavy loads, and can walk and trot well in harness.

GREEN BONES AS FOOD.

As a Special Material for Egg Production They Are Without a Rival. The value of a bone cutter exceeds its cost if the cutter is used only one season, but as they are almost indestructible they will last for years.

EFFECT OF SILAGE.

It Rather Improves the Quality of Milk and Butter. Repeated experiments have shown that no fear is to be entertained as to the occasional full of water, sometimes hard and granular. The whole milk generally is churned.

AN EXCELLENT IDEA.

Roosting and Nesting Devices Which Prevents Accidents. The cut shows a very excellent roosting and nesting device which has done duty in the cold of a Maine winter.

ROOST PROTECTED BY NEST.

The roost is put across the corner of the pen, and a piece of burlap is stretched before it. A few crows are laid across the corner at the curtain's upper edge, and on these is piled a lot of waste hay, making a very warm roosting place.

Soft Food and Disease.

There is a partiality for soft foods, because by their use many substances in fine condition can be given; but it is a mistake to feed soft food often than once a day to three days in the week. Too much soft food causes the gizzard to be idle, and, being deprived of its use, the fowl becomes diseased.

THE CORN KERNEL.

Its Chemistry Explained in a Bulletin Issued by the Illinois Agricultural Experiment Station.

Bulletin 53 of the Illinois Agricultural Experiment Station treats of the chemistry of the corn kernel. In part it says: By mechanical means the corn kernel has been separated into four different parts. These may be designated (see cut) as a, the coat, or hull, of the kernel; b, the hard glutinous layer underneath the coat, or the chit, or germ, and d, the starchy matter constituting the chief part of the kernel.

CHEMISTRY OF A CORN KERNEL.

proteins, hulls, "gluten," and germs, separate or mixed, are sold as food stuffs under such names as "gluten feed," "germ meal," etc.

Table with columns: Ash, Protein, Fat, Carbohy. Per cent. 1.39 11.63 5.37 81.71

Table with columns: Ash, Protein, Fat, Carbohy. Difference. 0.44 4.53 1.39 3.40

Good Profit in Sheep.

A shepherd makes more than 25 per cent to 30 per cent on his investments in mutton sheep, according to his skill. A good breeding ewe can produce good wool and a profit of \$10 or \$12 a year.

The Value of Poultry Manure.

The excretions from fowls are very valuable as fertilizer. The excretions from pigeons contain more nitrogen than that of any other domestic animal.

Angle of a Horse's Foot.

By the angle of a horse's foot is meant the angle formed by the wall and the sole of the foot at the center of the toe. In order to get the feet alike in shoeing trotters, horsemen usually measure the length of the toe and the height of the heel from the coronet to the bottom of the heel.

THE FASHIONS.

Latest Developments in Outside Garments for Young Girls and Little Girls.

For young girls and little girls a variety of the Commensal cape has been revived—a long wrap, loose in front and gathered in to the waist by a strap at the back.

JACKET.

trimming, although they often receive it and are additionally enriched by revers or collar of gullup over bright silk, satin or velvet, embroidered with gold, silver, steel or jewels.

OUT OF DOOR GARMENTS.

Wraps of Various Kinds For Wear on Various Occasions. Wraps, capes and jackets meant to accompany elegant gowns should either be rich themselves or be brought into some harmonious relation with them.

CALLING COSTUME.

When she makes calls, instead of driving, she usually covers her somewhat elaborate moiré hair with a long redingote, which she wears in the hall.

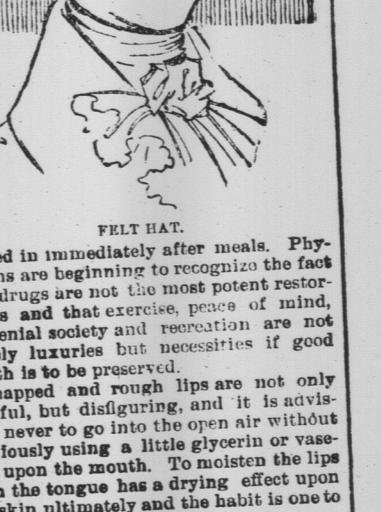

WALKING TOILET.

For regular walking costumes cloth wraps are usually preferred. The long redingote, tight fitting or with a loose rounded front and a circular blouse, with a short walking skirt the long or short jacket is appropriately worn.

THE TOILET.

Items Concerning the Care of the Complexion and Hands.

In some cases a poor complexion arises mainly from lack of exercise. Women who live an entirely sedentary life have a slow circulation and usually a bad digestion, and these are fertile causes of a muddy appearing skin.

TOILET.

deluded in immediately after meals. Physicians are beginning to recognize the fact that drugs are not the most potent restorers of congenial society and recreation are not merely luxuries but necessities if good health is to be preserved.

WRAPS AND JACKETS.

They Harmonize With the Style of Gowns Over Which They Are Worn. The jacket may have a short or long basque, as is desired, and the basque may be sewed on at the hips under entirely straight or flared.

WALKING TOILET.

have come in the long, graceful redingote and the softly rippling long cape with rounded fronts and a circular blouse. With a short walking skirt the long or short jacket is appropriately worn.

VELVET TOILET.

It is used flat upon the material and is largely employed for revers, collars, bands, spallies and collars. Entire bodices are sometimes covered with it, closely modeled to the figure. Applied on collar of any color it is highly effective. White on cream or cream on white has a particularly happy result.

FASHION NOTES.

Skirts, Bodices and Out of Door Apparel—A Warm Traveling Wrap.

Many double skirts are worn. These consist of a full length skirt with a deep, circular flounce and a narrow shawl-like skirt is lined with silk, as is the bodice also.

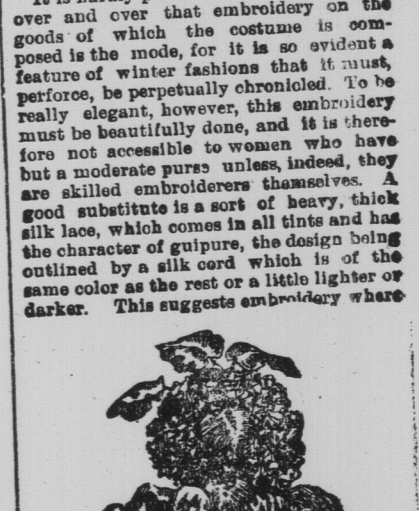

TRAVELING WRAP.

It is of the new, three cornered shape and is trimmed with light blue silk and is worn in front a fancy feather is passed through the satin, and at the left side a bunch of white violets is placed under the trim.

EMBROIDERY.

Rich Decorations For Elegant Costumes—New Silk Laces. It is hardly possible to avoid repeating over and over that embroidery on the goods of which the costume is composed is the mode, for it is so evident a feature of the latest fashions that it must, therefore, be perpetually chronicled.

VELVET TOILET.

It is used flat upon the material and is largely employed for revers, collars, bands, spallies and collars. Entire bodices are sometimes covered with it, closely modeled to the figure. Applied on collar of any color it is highly effective.

The Craik's Localities.

Mr. Sprocket—Babert! You can't even tell me the position of the crank on a tad dem bicycle. Mrs. Sprocket—I can if you tell me where you usually ski—Yonkers Statesman.

THE LAW OF CHRIST

THIS DIVINE RULE IS TO BEAR ONE ANOTHER'S BURDENS

THE SIN OF SELFISHNESS

An Exhortation to Enroll Yourself in the Ranks of the Saviours of the Race

Washington, Jan. 29.—Rev. Dr. Talbot this morning preached from the text, Galatians vi. 2, "Bear ye one another's burdens, and so fulfill the law of Christ."

Everybody has burdens. Sometimes they come down upon the shoulders, sometimes they come down upon the heart. Looking over any assembly they all seem well and bright and easy, but each one has a burden to lift, and some of them have more than they can carry.

Encourage the merchant. If he has a superior style of goods, let him show his windows and the shelves, compare his goods with those of his neighbors.

Encourage the doctor. You praise the doctor when he brings you up from an awful crisis of disease, but do you praise the doctor when, through skillful treatment, he restores you to health?

Encourage the newspaper man. If you know how many annoyances there are in your neighborhood, let your newspaper man know it.

who never say anything to their employees except to swear at them. Do not be afraid you will make that mechanic so puffed up and arrogant he will never again want to be assisted by you.

Encourage the farmer. They come into your stores, you meet them in the city markets, you often associate with them in the summer months.

Encourage the doctor. You praise the doctor when he brings you up from an awful crisis of disease, but do you praise the doctor when, through skillful treatment, he restores you to health?

Encourage the newspaper man. If you know how many annoyances there are in your neighborhood, let your newspaper man know it.

Encourage the newspaper man. If you know how many annoyances there are in your neighborhood, let your newspaper man know it.

ing which was honored by the fact that the only man allowed to stand at the foot of the cross was the Lord who was crucified, and that the Bible speaks of Christ as the advocate.

Encourage the merchant. If he has a superior style of goods, let him show his windows and the shelves, compare his goods with those of his neighbors.

Encourage the doctor. You praise the doctor when he brings you up from an awful crisis of disease, but do you praise the doctor when, through skillful treatment, he restores you to health?

Encourage the newspaper man. If you know how many annoyances there are in your neighborhood, let your newspaper man know it.

Encourage the newspaper man. If you know how many annoyances there are in your neighborhood, let your newspaper man know it.

WELL PLANNED MURDER.

ANNIE COX, OF CALAIS FOUND IN A POOL OF BLOOD.

ROCHESTER, N. H., Jan. 31.—A carefully planned and most cruelly carried out murder, the result of jealousy, came to light this afternoon when the body of Annie Cox, 18 years of age, of Calais, Me., was found in a pool of blood in the house of Henry Provencha, on Harrison avenue.

Mrs. Lizzie Provencha, it is alleged, confessed to having done the deed, and a young son, 12 years of age, was charged with the murder. She is now in the hospital, and the young boy is in the custody of the police.

Encourage the merchant. If he has a superior style of goods, let him show his windows and the shelves, compare his goods with those of his neighbors.

Encourage the doctor. You praise the doctor when he brings you up from an awful crisis of disease, but do you praise the doctor when, through skillful treatment, he restores you to health?

Encourage the newspaper man. If you know how many annoyances there are in your neighborhood, let your newspaper man know it.

Style and Stamina

Cannot be expected in a horse which is "run down," "out of sorts" through overwork, or "run down" by the use of Dick's Blood Purifier.

DOUKHOBORS NOT PAUPERS. HAVE STRUCK IT RICH.

OTTAWA, Jan. 31.—Messrs. Fedley and White of the immigration branch, and Prince Edward have returned from Halifax and St. John, where they went to receive the second detachment of Doukhobors. Hilkoft went on to Winnipeg to assist placing the first detachment in winter quarters.
