## ASKING MEN TO RE-ENLIST IN 132ND

Officers Now Find Out Battalion Doctor Was Too Severe.—  
Many Good Men Lost

The second in command Major Mercereau is here to interview at the Recruiting Office any of the men who have applied and been rejected here by the Battalion doctor. It has been ascertained that the doctors at Valcartier will accept many of those who have been so turned down.—World.  
When nearly one hundred men from "A" Company were turned down here by the regimental doctor, there were many murmurings, but the doctors word was law. Among those turned down were some of our hardest men, men who had worked in the woods and on the river for years and who never knew there was anything the matter with their health, and who are to-day doing the same strenuous work.  
Now the officers are asking these men to re-enlist. Some of them have already joined other units, but others are still unattached.  
If any wish to re-enlist they should see Recruiting Officer A. McG. McDonald at once.

## Fifteen Thousand is Toll of Prisoners in Big Allied Offensive.

British and French Making Progress Daily—Trenches Being Captured With Many Villages.

Bulletin 4 p. m. Thursday.  
London, July 6.—Rioting has broken out in Montenegro against the Austrians.  
British and French are still marching on victoriously. Fighting not so violent. Verdun comparatively quiet.  
Alliance between Russia and Japan is reported.  
"Stop the English at any cost" orders said to have been issued by the Kaiser.  
Russians repel with great slaughter enemy's attack. (Special to Graphic)  
London, July 6.—The third German line has been pierced before Peronne by the French who are only three miles from that important town. They have made 10,000 prisoners.  
Lemberg is open to Czar's armies.  
An Irish Parliament of seventy-five members is to meet soon.  
An actual blockade of German ports is to succeed British Order-in-Council to increase the economic pressure on Germany.  
Enemy losses in past month amount to 500,000.  
Press Camp in France, July 5  
Noon, via London, 2.50 p. m.—The total number of prisoners taken thus far in the Anglo-French offensive probably has reached 15,000. Judging from these figures, the German losses as a whole, it is estimated here, have been at least 60,000.  
The total number of able-bodied prisoners taken by us up to the present time exceeds 9,000. The exact number of cannons captured is not yet known. In this connection it may be said that our army corps operating south of the river Somme estimates its captures at sixty pieces of artillery.  
The British have taken eleven guns. The relatively small number captured is due to the fact that the Germans, in anticipation of the attack, withdrew their guns to longer ranges.  
It is reported by prisoners that the Germans are sending in reserves hastily from many points on the western front.

## MR. FRANK DESCHANE, Campbellton.

Dear Sir:  
I am very sorry to be informed by Major McKenzie that word of your son's death had not been sent you.  
I was under the impression that his place commander had written, but no doubt owing to his being sick in hospital immediately after, it was overlooked.  
Your son Wilfred was killed in action on the morning of March 27th, by shell fire.  
It seems little good to bring this sorrow afresh to you, Mr. Deschane,

PTE WILFRED DESCHANE Killed in Action.

but it must be some consolation to know that your son was always considered one of our best men, and he died for his country in a manner that does credit to his memory and to his family.  
I was at his funeral and would also inform you that his grave is located and recorded for any reference that may be desired in the future.  
Greatly regretting the oversight of not having you personally advised at once, I beg to remain,  
Yours to command,  
A. O. DAWSON, Capt., O. C. "D" Co., 26th Batt.

**NARROW ESCAPE**  
Dr. St. Laurent had a narrow escape near White's Brook, Tuesday. He was travelling on the International on a gasoline trolley when the car jumped the rails. The doctor was dragged about thirty feet and severely bruised.

## MEN DRIVING ON TRACK CAUSE WRECK

I. C. R. Authorities Will Prosecute All Such Trespassers in Future

As the result of a number of men driving horses along the railway, a serious wreck took place on the International on Monday.  
While travelling along at the usual speed near White's Brook Monday afternoon, and rounding a curve the engineer was alarmed to see ahead on the track a number of horses, driven by two men. They were only a hundred yards away so the emergency brakes were put on, which resulted in a bad spill. A number of cars were thrown off the track and two cars of sleepers went over the dump.  
Owing to this the I. N. R. train did not reach here until 2 a. m. Tuesday morning.  
The I. C. R. authorities intend to prosecute the trespassers. The damage will amount to about \$500.00.

## SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-A-LIVES"

ALBERT VARNER

Buckingham, Que., May 3rd, 1915.  
For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating, while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me good. Finally, a friend advised "Fruit-a-lives". I took this grand fruit medicine and it made me well. I am grateful to "Fruit-a-lives", and to everyone who has miserable health with Constipation and Indigestion and Bad Stomach, I say take "Fruit-a-lives", and you will get well.

50c. a box, 6 for \$2.50, trial size, 2c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited, Ottawa.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists 75c.

### A PLEASANT TRIP

Sheriff Stewart, A. McG. McDonald, M. P. Moore, Judge McLatchey, Judge Matheson, Chas. Watson and several other citizens, spent a part of last week at Pope Logan and Indian Lakes, returning Saturday evening with many fine trout. Among the fish caught was a monster eel which was three feet three inches long.

### A WISE FISH

While J. I. Boudreau and a number of men were returning from a motor boat trip down the bay one day last week, they noticed an object on the surface of the water, and the boat was turned to run close by. When near, it proved to be a large cod fish and was captured and brought on board. It was alive and appeared normal as far as outward appearance went. It was opened and cleaned, and in course of doing this, a large round object was seen in the stomach. This was cut out and proved to be a round looking glass, of the pocket size, upon which was printed J. J. Bernier's advertisement. This is not a fish story, but is vouched for by four reliable citizens. The supposition is that the cod fish, realizing that an adv. in its insides was about as valuable as one in our contemporary's inside columns with its limited circulation, deemed it wise to hand it up so that the Graphic could get it and spread it throughout the Bay Chaleur country.

#### OUR GREAT ROADS

The roads throughout Restigouche  
county, and we understand the same  
applies to all the northern counties of  
New Brunswick, are in a wretched  
state.

Last season thousands of dollars  
were spent throughout this county on  
the roads, and in most instances the  
money was wasted.

Until a different system of road su-  
pervision is inaugurated, we will not  
have any improvement.

What is required is a man in each  
county, who is a thorough roadmaker,  
to be placed in charge of the roads in  
the whole county. Then let him su-  
pervise all repairs and see that they are  
done upon the latest approved plans.

The much talked of trunk road through  
New Brunswick should be under-  
taken at once.

Let the province fund the Automobile  
tax which will shortly amount to  
\$50,000 per year. Borrow a million  
dollars and build a trunk road. Let  
the Municipalities through which it  
runs contribute towards its construc-  
tion and upkeep.

Some such scheme should be devised  
at an early date.

#### THANKS

We wish to thank our local contem-  
porary for publishing our advertise-  
ment in its columns. Our only regret  
is that with its limited circulation so  
few people will see it. But we sup-  
pose the old saying "you should not  
look in the mouth of a gift horse" ap-  
plies to this.

#### LEARN HOW TO SWIM

Good swimmers are drowned now  
and then, but most of the victims lose  
their lives because they are not able  
to swim. As between the swimmer and  
the non-swimmer the chances for es-  
cape in an emergency are as ten to  
one. The point of the important les-  
son is driven home with emphasis ev-  
ery summer, and still it apparently  
needs urging as much as it did twenty  
years ago. Most people seem to re-  
gard swimming not as an important  
accomplishment, but merely as an op-  
tional recreation, like golf, tennis or  
chess playing. And yet any of us may  
be confronted at any time with a crisis  
that makes swimming an art more  
important for the moment than that of  
walking. The folly of the common neg-  
lect is heightened by the fact that it is  
an art as easily acquired as the ability  
to walk. And once acquired it is nev-  
er lost. Learn to swim! It is one of  
the most important items in the equip-  
ment of personal preparedness for  
summer.—Ex.

#### Banish Pimples!

Pimples, Boils, and other skin eruptions  
are an almost infallible indication  
that the blood is impure.

Abbey's Effervescent Salt is the  
simplest and most positive Blood Pur-  
ifier that can be used. When we have  
perfect digestion we must have pure  
normal blood, which supplies healthful  
nutrition to all the organs and tissues  
of the body; and as a result we must

##### WINS DAMAGE SUIT

Judgment for \$2113.00 Given  
Arthur Guite for Injury to  
Leg in Mill

Quebec, June 30th.—Judgment was  
rendered last week by the Superior  
Court here in the case of Arthur Guite  
vs. Price Brothers.

A few years ago, Arthur Guite, a  
young man of about nineteen years of  
age, of Maria, Co. Bonaventure, was  
working for Price Brothers, at Batiscan,  
in the Province of Quebec. He was  
acting as tail sawyer for the rotary  
saw. While thus working, he was  
struck by a piece of lumber which  
broke his left leg.

The Company offered Guite \$198.00,  
claiming that this was all he was en-  
titled to under the Workmen's Com-  
pensation Act. Guite retained the ser-  
vices of the Honorable John Hall Kelly  
of New Carlisle, who refused the offer,  
and entered action against the Com-  
pany. The Company was represented by  
the firm of Messrs. Pentland,  
Stuart, Gravel & Thomson of Quebec.

Honorable Mr. Kelly, in the action  
taken against the Company, set up  
that the accident was due to two  
causes. He stated that the Company  
was sawing short logs at the time, and  
that instead of placing the logs on the  
front blocks of the carriage, next to  
the rotary saw, which would not have  
caused any extra danger to the rotary  
tail sawyer, that the log was placed on  
the rear blocks next to the haul up,  
which was exposing the rotary tail saw-  
yer to very grave danger, owing to the  
fact that after the log had gone through  
the rotary saw, with the forward  
motion of the carriage, the said sawn  
logs and slabs while on the live rolls,  
are very seriously exposed to be hit  
by the front block of the carriage,  
while on the reverse, which took place  
in the present case, and the said small  
log after thus being struck by the re-  
verse action of the carriage, hit young  
Guite and caused the accident.

He also set up that the Company  
made use of a type of carriage which  
dispensed with one man thereon, to  
wit, "the dogger". He claimed that  
this also increased the danger to the  
rotary tail sawyer and increased the  
amount of work he had to do and the  
rapidity under which it should be done.  
Young Guite is and has been able to  
walk around and work since a few  
months after the accident, but there  
was a swelling on one side of the leg  
where the fracture had taken place.

For the purposes of the case, Mr.  
Kelly had his client undergo an X-ray  
examination, the result of which show-  
ed that while the leg had taken, there  
was a part thereof which was not as  
solid as it might have been.

The judgment of the Court grants  
young Guite the sum of \$2,113.00.  
This is about the largest amount that  
has ever been granted for a laborer of  
Guite's class, for a broken leg in the  
Province of Quebec since many years.

#### BLACK CAPE

months, Alice Fairservice, wife of  
David Steele, passed away at her home  
here on Thursday, June 28th.

The deceased, who was fifty four  
years of age, was born in Black Cape  
where she had lived all her life and  
where many friends are left to mourn  
her loss. Throughout her long illness  
she showed the quality of Christian

cheerful through all her illness. She  
leaves a bereaved husband, one sister  
Wave, who had always been with her  
and who waited patiently on her dur-  
ing her illness, two brothers Alston of  
Wash, U. S. A., and Thomas of Black  
Cape.

The funeral which took place on  
Sunday afternoon at 2 o'clock, was  
very largely attended. The service  
was conducted by Rev. E. J. Rattee  
and Rev. Geo. S. Anderson, and very  
touchingly they spoke of the deceased  
early death, her strong faith and the  
assurance they had that she had gone  
to be with Jesus.

The remains were laid to rest in St.  
Andrew's Cemetery, New Richmond.  
The sympathy of the community is  
extended to the husband, sister and  
brothers, niece, Jessie Godfrey, in this

where she will remain for some little  
time.

Mr. and Mrs. James Campbell are  
leaving this week for Campbellton,  
where Mrs. Campbell is going for  
treatment. Her many friends hope for  
a speedy recovery.

Mrs. Bateman of Montreal is spend-  
ing a short visit here with relatives  
and friends.

Miss Hilda Gallant of New Carlisle,  
who has been in charge of School No.  
1, for the past two terms, was obliged  
to give up her charge two weeks before  
the end of the term, being called home  
by the illness of her sister.

Miss Renie McNair, who has just re-  
turned from McDonald College and  
where she has passed very highly, fill-  
ed out Miss Gallant's term.

##### A SMALL LOSS

A Surprising Feature of the Picardy  
Battle

Paris, July 5.—The astonishing fea-  
ture of the Picardy battle so far as  
the French are concerned is the small  
loss incurred. Reports thus far receiv-  
ed show that one army corps, which  
took a prominent part in the fighting,  
lost just 800 men. The regiments  
which took Flaucourt did not lose a  
single man. All the wounded who  
have been brought to Paris hospitals  
speak of this extraordinary immunity.

## It is true--the Ford car is best adapted to Quebec roads

Over the rough roads, through the sandy coun-  
try highways, up the steep Quebec hills past the lab-  
oring heavier cars, the Ford goes easily, speedily,  
without fear or hesitation.

It is so strong--so light! The Ford engine has  
more power per pound weight of car than any other  
automobile engine made.

More Fords are being bought in Quebec this year  
than all other makes of cars put together--unques-  
tionable proof that the Ford has given the greatest  
satisfaction for service over Quebec roads.

The demand for Fords is so great that produc-  
tion capacity has been strained to the utmost. If you  
want a Ford this season you should get your order in  
immediately—a day's delay may bring disappoint-  
ment.

Why not see us to-day?

### NO FURTHER WORD OF LT. MORDEN MOWAT

Commanding Officers Write of His Work and Courage.—Still Hope

Mr. and Mrs. M. M. Mowat have had no further word of their son Morden, of the Royal Flying Corps, who was reported missing May 16th.

The following is a copy of a letter received.

June 19th, 1916

M. M. Mowat, Esq.,

Dear Sir:—

Your letter of May 25th has been given me by our C. O. to answer, as your son was billeted with me while he was with this squadron and as I am a Canadian.

The facts that we have are that he went across the lines and did not get back. The Germans reported bringing him down. There is good reason to hope that he is all right. The German report did not say that he was killed, as it has in a number of other cases.

It takes more than two months for letters from prisoners to be delivered. It was only a few days ago that we received a letter from a pilot who was

LT. G. A. MOWAT

taken prisoner three months ago.

I am sorry that I can give you no definite news and hope that the above will help you. Mowat was very popular here and we were awfully sorry when he left us, although it was a step ahead for him and a recognition of his ability as a pilot.

Hoping that you hear good news shortly and will let us know when you do, I am,

Yours very sincerely,

G. K. TYLER.

In another letter Morden is spoken of as a most gallant and fearless flyer.

**132ND NORTH SHORE UNIT**

**ONE OF THE FINEST THAT**

**HAS REACHED VALCARTIER**

That Lieut. Colonel Mersereau's 132nd North Shore Battalion is one of the finest units at Valcartier Camp is a statement which comes in a recent report from the great Canadian training camp.

The correspondent says in part: "You will be pleased to hear that the battalion is getting into great shape. It is justly considered one of the finest battalions that has come into Valcartier Camp this year. In comparison with the other battalions, the physique of the men is splendid and no doubt the people in New Brunswick will some day be just as proud of the 132nd Battalion as the officers, N. C. O.'s and men are today, who have the honor of serving in it."

Recruited by officers.

This battalion was recruited by the officer commanding and his officers with the help of the loyal citizens of the North Shore. The battalion gradually grew larger and larger all winter, working along in a quiet manner, with the result that the battalion has earned its reputation by the excellent behavior of the men and the keen interest taken in the unit as a whole.

It is hardly conceivable that men who, only five months ago, had not the slightest idea of soldiering could make such a fine appearance as this battalion did when it marched through Campbellton and on the morning when it marched into Valcartier, receiving the cheers of thousands of comrades-in-arms of the many units then under canvas at that camp.

Since going to Valcartier Camp, Colonel George W. Mersereau, officer commanding, showed his great grit when he received an injury to his shoulder. He was not off duty a single hour nor would he allow himself to be placed on the sick list, although he was advised by the doctor and staff to go into hospital. He said he would rather run the risk of getting worse and stay in camp with the boys. This is but an earmark of Colonel Mersereau's traits of character and it is character of this kind which counts so much when the men finally reach the firing line.

### DALHOUSIE BOYS UNDER ARREST

Were Accused of Breaking Into I. C. R. Freight Shed and Taking Goods

Five Dalhousie boys were up before the Police Magistrate recently on a serious charge. For some time complaints had been made that goods consigned to various Dalhousie merchants had been tampered with after arriving at the freight shed.

The thieving had been going on for some time and the authorities were at a loss to understand how entrance to the shed was gained.

Detective Culligan was put to work and soon had the guilty parties under arrest.

On account of their tender years they were taken before the Magistrate and severely reprimanded and handed over to their parents who vouched for their future good conduct.

The quantity of goods taken were small and consisted of crackers, candy and kindred articles.

## Buy a Ford, not because it is cheaper, but a better car

Mark well the sterling construction of the Ford car.

The testing department of the Conservatoire National des Arts et Metiers of the French Republic made a highly scientific comparison between Ford constructive material and the material used in another very noted and expensive car. In every test the Ford material proved superior.

The service given by Ford cars in Quebec has fully substantiated the results obtained by these French scientists.

Buy a Ford, not only because its first cost is less, not alone because its maintenance cost is less, but because its quality of service is greater,—because it gives more mileage per dollar invested than any other make of car you can buy.

And if you want your Ford this summer, buy it today to ensure prompt delivery.

## HEAT FLASHES, DIZZY, NERVOUS

**Mrs. Wynn Tells How Lydia E. Pinkham's Vegetable Compound Helped Her During Change of Life.**

Richmond, Va.—"After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2312 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness.

For these abnormal conditions do not fail to take Lydia E. Pinkham's Vegetable Compound.
