

TO PROVIDE JOB BEFORE SOLDIER GETS DISCHARGE

This Is New Plan of Soldiers' Aid Being Taken Up With Headquarters Here.

CO-OPERATION ENLISTED

Guarantee of Good Positions for Returned Men and More Vocational Training Urged.

At a meeting of the executive of the Soldiers' Aid Commission on Wednesday several plans were outlined by which it is thought the problem, as it affects the returned soldier, will be partially solved.

It was intended to have Rev. J. A. Miller of the Ontario Employment Bureau, present, but Mr. Miller was called to Toronto suddenly.

W. D. Reid, provincial inspector of Soldiers' Aid Commissions, urged that as many men as possible be recommended for vocational training.

The executive committee agreed with Mr. Reid as to the necessity of returned men being skilled in certain lines of work and desiring in future to find every possible man for vocational training.

Mr. Reid suggested that further co-operation with the military authorities be secured relative to placing soldiers in profitable positions. The present system by which a man is discharged before being placed in a position to earn his living was condemned.

It was advocated that arrangements be made so the Soldiers' Aid Commission could be notified by the military authorities of the time a man is to be discharged. In this way the Soldiers' Aid branch could arrange to have a position open for him immediately on his return to civilian life.

Mr. Reid said that a man should not be discharged until a job is secured. Mr. Reid and the committee agreed with Mr. Lances. It was decided to approach military headquarters regarding the feasibility of the plan.

As soon as Mr. Miller returns from Toronto steps will be taken to secure his assistance in placing returned soldiers in profitable positions. An effort will be made to have Mr. Miller guarantee that all good positions coming to the notice of the employment bureau will go to returned soldiers. This plan has been carried out in other cities with success, Mr. Reid said. He thought that the difficulty of securing jobs for soldiers would be made fairly easy were later bureaus to notify the Soldiers' Aid Commission whenever a good opening occurred.

Headquarters Interested. Mr. Reid later conferred with Lieutenant W. J. Brown, assistant adjutant-general of M. D. No. 1, on the question of further co-operation with the military authorities. Col. Brown declared that he intends to have a conference of the headquarters staff on the question, after which he will communicate the results to the Soldiers' Aid Commission.

REMODEL PHILOSOPHY, FACE FUTURE, ADVICE GIVEN IN A LECTURE

"Futurism" and Its Meaning Explained to Londoners.

NEW EXTENSION COURSE

Columbia Professor Attracts Great Interest in Series for Western "U."

Democracy is a device of the weak, who, like cattle, herd together to keep down the great and outstanding individuals among themselves. This is the doctrine of Nietzsche, as explained to a large audience Wednesday afternoon in the Lord Rutherford Lecture Hall, by William P. Montague of Columbia University, New York City.

Professor Montague yesterday gave the first of a series of three lectures in connection with the Western University extension course in philosophy. Judging by the reception accorded him, his lectures, the first he has ever given outside of the United States, are being enthusiastically received in this city. The size and enthusiasm of the audience would seem to point to a widespread and growing interest among the people of London in things philosophical.

Welcomed by Mayor. Professor Montague was welcomed by Mayor C. R. Somerville on behalf of the city, and was introduced by Mr. Heathcote, president of Western University, and by Professor Livingstone of the staff. Professor Montague is discussing "Futurism in Philosophy" and deals with the teachings of Nietzsche yesterday, while today he will discuss William James, and Friday, Henri Bergson.

Professor Montague, who was introduced by Professor Livingstone as the founder of a new realism in realist in the sense that he was opposed to the idealist, explained in his opening remarks, that "futurism" was too good a term to allow a small and rather heinous group of artists to monopolize it.

Face the Future. "Futurism" is a word which we should cease looking wistfully toward the past, but that we should turn around and face the future, and remodel our philosophy, ethics and education, along lines of thought toward the future," said the professor.

Examples of the futuristic spirit were the movement for conservation in the United States, and the campaigns to save babies, accompanied by eugenics. Another example was that the aim of education should be prospective rather than retrospective, acting on the idea that people could add many cubits to their intellectual stature, for they have undreamed-of intellectual powers.

A further example was the stand taken by some that instead of reverting that they were the descendants of monkeys, or at least of apes, they should become enthusiastic with the idea of being ancestors of super-men.

The Nietzsche Spirit. At the beginning of his lecture, there was a tendency to blame much of the ruthlessness of the Germans on Nietzsche, and though this opinion was changed later, the speaker was of the opinion that the Nietzsche spirit in its worst aspect had permeated the German people to an extraordinary extent. Nietzsche had said instead of any good.

February Sale of Furniture

10 to 50 Per Cent Reductions

10 to 50 Per Cent Reductions

The Home-Furnishing Event of the Season

The month of February, once the dulllest month of the year, is now, because of the February Furniture Sale, a month of intense activity in the Furniture section. To prepare for this great event for our customers we began months ago taking immediate advantage of the market before prices and transportation facilities made the immediate accumulation of a satisfactory stock well nigh impossible. By purchasing in large quantities and carefully selecting from the best lines, we have assembled a worthy stock of high-grade pieces and sets of all kinds, particularly in the best Period Furniture.

To buy Furniture best is to buy now in this February Furniture Sale.

Wilton, Velvet, Brussels, Axminster and Tapestry Rugs—mostly at one-third and one-half off in this sale.

Furniture for the Bedroom, Dining-Room, Living-Room, Library, Etc.

In addition to odd pieces, there are many suites now shown for the first time that are included in this February sale. Much new furniture is now obtainable at far lower prices than will be possible again.

Bedroom Furniture

One only Genuine Mahogany Bedroom Suite—bed 4 ft. 6 in. wide dresser 48 ins. wide, 40x25-in. mirror, chiffonier 40 ins. wide, dressing table 44 ins. wide, triple mirror. COMMISSION IS READY TO TAKE OVER ROAD WORK

County and City Commissioners Organize Wednesday —E. S. Little Chairman.

Controller E. S. Little is chairman of the County of Middlesex Good Roads Commission. Wednesday afternoon the four commissioners—ex-Warden Archie Blaikie and B. C. Brooks, representing the county, Controller E. S. Little and John M. Moore met to appoint a fifth man and organize. After some preliminary discussion, Reeve J. L. Rob-

son, London Township, was appointed the fifth man, and Controller Little was made chairman. Some preliminary work in connection with the commission was transacted.

10 PRISONERS FOR BURWASH PRISON

Provincial Bailiff Ryan held ten prisoners today for the Burwash Industrial Farm at Sudbury. All were men sentenced to six months each for desertion and theft. Four of the men, Lewis Westover, Iverson Elizah, George Ellis and Geo. Baker, were sentenced in the local police court, the first three for desertion and Baker for theft.

Two prisoners, brought from Windsor and four others from St. Thomas, made up the party. ONLY ONE "BROMO QUININE" To get the genuine, call for full name LAXATIVE BROMO QUININE. Look for signature of E. W. GROVE. Cures a Cold in One Day; 30c. law-w

QUERIES REGARDING MILITARY SERVICE

Send In Your Problems and They Will Be Answered From Official Information by The Advertiser.

Question—I have been exempted as a farmer. I have 50 acres in Ontario, and 100 acres in Alberta. Would it interfere with my exemption, if I sold or rented the 50 acres in Ontario, and moved to Alberta on my 100 acres, which is already to go to work on? A. S. Answer—It should not, provided that you were assisting just as much in food production.

The Wm. Geddes Company, Limited, stores, Stratford, to save coal and power, will close every day until March 9 at 5 p.m., Saturdays at 6:30, and will not be open for business until 1 p.m. on Mondays.

WILL PETITION GOVT. TO ABOLISH THE JAILS IN VARIOUS COUNTIES

WOODSTOCK, Jan. 30.—The County Council at its concluding session today adopted a recommendation from the jail committee to petition the Provincial Government to abolish county jails, substituting in their places a jail for each of several groups of counties, thus economizing in overhead expense.

FRED HILL, high county constable, was "on the carpet" as a result of complaints which reached the members of the council from various quarters. The fact that Hill has made a practice of bringing all his cases to the city instead of the nearest magistrate was the chief cause of complaint.

HINDENBURG WARNS STRIKERS TO RETURN; CALLS THEM COWARDS

AMSTERDAM, Jan. 30.—The Rhenische Westfälische Zeitung of Essen, a copy of which has been received here, reports that Field Marshal von Hindenburg has warned the strikers in Berlin to cease their movement immediately. He told them, according to this newspaper, that they were being misled, adding: "Every hour you lose means you are committing a crime against your army and an act of cowardice against your brethren in the front trenches."

FARMERS SHOW KEEN INTEREST IN TRACTORS

GUELPH, Jan. 30.—This is the last week of the short course on farm power at the O. A. C., and that it has been a success is putting it mildly. The results surpass all expectations. There are 155 taking the course, mostly farmers and farmers' sons interested in the introduction of tractors on their farms.

The labor shortage has become so acute that the use of tractors in tilling the soil has become a necessity, and every man taking the course is intensely interested in his work. The course is complete, and deals with every detail in connection with the operation of a tractor. It is in charge of Prof. W. H. Day.

BURIED AT RIDGETOWN.

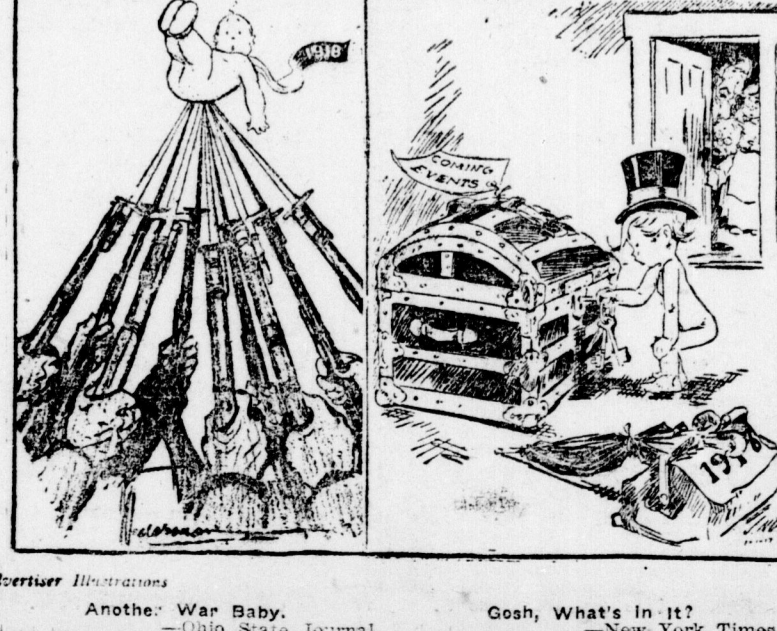

RIDGETOWN, Jan. 29.—The remains of Miss Blanch Waterworth, who died in Toronto, were brought here and taken to the home of her brother, John Waterworth, Marsh street, where the funeral took place at Greenwood Cemetery. Services were conducted by Rev. E. C. Gossnell, pastor of the Church. Miss Waterworth was born and lived in Ridgetown until about two years ago, when she went to Toronto and took a course in nursing. She was a member of the Baptist Church here. Those from a distance who attended the funeral were: Mrs. Vowles of Detroit, Mrs. C. Hall of Toronto, Miss Grace Waterworth of Orillia, Mrs. A. Whit-wam of Leamington and Robert Waterworth of Port Huron.

DR. R. W. SHAW SAID TO HAVE CINCHED PLACE

Defeated Mayorality Candidate Looked On as Likely New Railway Commissioner.

It would seem that ex-Controller R. W. Shaw has the most likely chance of being named to the London Railway Commission, operating the London and Port Stanley Railway, to succeed the late M. D. Fraser, K. C. Reports at the city hall have it that he has nine members of the council pledged to support him for the place. If that is the case, he will have a sufficient majority to insure his election. Commissioner P. G. Mitchell of the utilities commission is also mentioned in the matter. The appointment will be made on Monday evening next.

DEATH ROLL OF JANUARY HEAVY, 108 IN RECORDS

Pneumonia Responsible For 13, According to City Hall Statistics.

33 OVER ALLOTTED SPAN
Aged People Figure in Unusual Degree—Marriages of Month Fall Off.

January was hard on old people, at least 30 per cent of the deaths recorded during the month being of persons 70 years and over. Fourteen infants died, tuberculosis caused 7 deaths, cancer 8 deaths, and diphtheria 5.

The birth rate held up well, 101 children being born, as compared with 104 in January last year. There were 124 boys and 49 girls.

The marriages showed a falling off. In January, 1917, there were 50 weddings registered, while this year there were only 31.

MILDMAY PASTOR TO REPORT FOR SERVICE
MILDMAY, Jan. 26.—A. W. Geld, pastor of the Methodist Church, who has been stationed here since last June, has been returned to his home by the appeal of the congregation, and has been ordered to report for service.

The Union Jack Knitting Club of C. Wick, Township will put on a play, "A Southern Cinderella," in the town hall on February 6 for patriotic purposes.

Linus and Clarence Kunkel returned on Tuesday morning to Rosemont, Saskatchewan, where both have been ordered to report for service.

The South Branch Telephone Company had a net profit of \$1,350 for the year 1917.

Unusual Penetration
Water pipes, buried 4 feet 10 inches deep, crossing Leane avenue, near Quebec street, are frozen, and employees of the waterworks are replacing them. This is considered a remarkable depth for frost to penetrate even in London, where 4 feet is considered the limit of the frost line.

ECONOMY PLANS OF YEAR TO BE GIVEN HEARING

Spending Bodies of City Get Together Tonight to Hammer Down Tax Rate.

The various spending bodies of the city will hold a conference this evening at the city hall to discuss the tax rate for the coming year, and decide on programs for the year.

Mayor C. R. Somerville has issued a call for the various spending bodies to meet, and it is expected that all will be represented.

"We must economize, and I expect that this meeting will result in a definite position being taken on expenditures for the year," said Mayor Somerville. "There will be no unnecessary expenditures this year."

CONDITION IMPROVING.—The condition of John P. Evans, proprietor of the Grigg House, who has been confined in hospital for the past 24 hours that it is now fully expected that he will recover.

ONE LONELY DRUNK.—One lone drunk in the police court dock today. He said he had an awful headache and was willing to plead guilty to the charge of being intoxicated upon the public street. He was fined \$10 and costs or ten days in jail. He was unable to produce the necessary coin.

PROVINCIAL SECRETARY HERE.—Sergeant W. E. Turley, provincial secretary of the Great War Veterans' Association, will be the speaker at a special meeting of the G. W. V. A. in this city tonight. Sergeant Turley addressed the members of the G. W. V. A. of St. Thomas Wednesday night and gave an interesting talk on the organization of the G. W. V. A. and will be the speaker at the meeting of members and will deal with subjects of general interest to returned soldiers.

PLAYLET AMUSING.—A large audience was present at Orange Hall, Egerton street, last evening when a comedy drama was put on by a troupe of colored people under the auspices of the Ealing Mothers' Club. The play was "Our Domestic," and so well did the cast fill their various parts that the audience was incessant in its applause and laughter. Jas. Jenkins, the manager, was given praise for his excellent acting and for the way in which he selected his troupe. The proceeds of last night's play will be devoted to charitable purposes.

AT "Y." MASS MEETING.—Sunday afternoon Dr. Wilfred T. Grenfell, medical missionary of Labrador and Newfoundland, will address a mass meeting in the Y. M. C. A. auditorium. Dr. Grenfell has spent some time in France doing medical work at the front with the Harvard unit. The Barracks Male Quartet will sing. On Sunday afternoon, February 10th, Dr. A. S. Wortham, who is head of the pathological department of the University of Michigan, will give an illustrated lecture on a mass meeting of men only.

SUBSTITUTE WORKS WELL.—Because of the state of the copper market, the London Street Railway has been unable to buy copper trolley wire for some time. This is a hard-drawn copper and cannot be obtained at present and the company has been using a steel wire for nearly a year. This steel wire is not so good a conductor of electricity as copper is, but it is reported to be giving good satisfaction. It is used on Richmond street, from York to Oxford, on Dundas street east, and on the Hamilton road extension. The steel is given a coat of paint when put up to prevent rusting.

DEATHS AND FUNERALS
DIED WEDNESDAY.—Joseph Licciardo, a prominent member of the Marconi Club Band, died at his parents' residence, 84 Richmond street, on Wednesday. Mr. Licciardo was 70 years of age. He is survived by one son and a brother, besides his parents, Mr. and Mrs. Antonio Licciardo.

THIRTY YEARS ON G. T. R.—James Sweeney, for 30 years an employee of the Grand Trunk Railway at his residence, 255 William street, on Wednesday. Mr. Sweeney was 70 years of age. He was born in Glenworth, but moved to this city at an early age.

REV. F. O. NICHOL BURIED.—The funeral of Rev. F. O. Nichol of Amherstburg, who died in Harper Hospital, Detroit, on Thursday, was held from the undertaking parlors of Smith, Tom & Clarke on Wednesday afternoon. Mr. Nichol is survived by his widow of Amherstburg and one small son. His eldest son died in the military hospital here about one year ago while undergoing military training.

PRESENT TROOP MOVEMENTS INDICATE A BIG ALLIED PUSH

London Nurse, Serving in France With American Hospital Unit Reads This Meaning Into the Unprecedented Passage of Men and Munitions.

That the present movements of British, French and American troops in France indicate that the spring will see the greatest Allied offensive on the western front since the war began is the belief of Miss Marion Beal, daughter of C. J. Beal, 431 Waterloo street, who is now nursing in France.

Miss Beal left for service in France with the Johns Hopkins Hospital Unit three weeks after the United States declared war. She writes that a continuous stream of artillery, infantry, transport and supplies, such as has never been seen before, passes daily to the rear of the hospital in which she works. Beginning late in December, the stream of troops moving east has continued unabated. Miss Beal asserts that the inhabitants of the place contend that never before have such gigantic quantities of supplies and masses of troops moved eastward in such a short time as they have in the past month.

From Miss Beal's letter it would appear that not only North America, but Europe, also is suffering keenly from a coal shortage. She writes that in the hospital in which she works, she holds the rank of captain, is so cold that practically all the nurses are suffering from frost bite and chilblains. The number of wounded entering the hospital has increased to such an extent during the last month that it was found necessary to move the less seriously wounded men to stables in rear of the hospital. These stables were repaired, cleaned and made presentable for the reception of more than a hundred soldiers.

Miss Beal writes that the marvelous and heroic deeds performed by soldiers come to light in the hospital when they are mentioned in dispatches or in the press. The work of the British and French aviators she specially commends.

"The birdmen are the pets of the army," the writer said in part. "Young fellows less than 19 years of age in some cases, perform the most miraculous deeds with their machines. There is a young boy in the wards who is called one hundred and seventy miles over the German trenches, bombed some troops, demolished an arsenal and returned, severely wounded and barely able to land his machine. Such performances this time are becoming increasingly common."

Miss Beal, while not complaining about the quality and quantity of rations issued, states that the diet is extremely slim. An egg can only be obtained at a premium, while some of the most common edibles in Canada are not even heard of in the western front, much less eaten, the writer declares.

BOARD OF HEALTH NAMES \$2,000 AS DOCTOR'S PAY

Appoints Former Assistant M. O. H. as "Medical Health Inspector" at \$500 Yearly Increased Salary—New Officer On Duty.

Dr. W. S. Downham, formerly assistant medical officer of health, has been appointed health inspector at a salary of \$2,000 per annum. The council will formally pass his salary on Monday evening.

Dr. H. Hill, medical officer of health, has been urging the appointment of an assistant for some months.

Early last year Dr. Downham's salary was reduced from \$1,500 to \$1,000. He resigned the position. Since then the work has been done by physicians giving part time. The results were not satisfactory, and more expense than engaging a full-time qualified man.

The board of health has appointed Dr. Downham, and he will assume his duties this afternoon.

SHORT TIME LEFT TO HEAR ACTIONS ON ASSIZE LIST

Withdrawals and Postponements Help Out, However.

The striking of the Nutter-Silverwood \$10,000 slander suit from the list at the present assize court wipes out the list of jury cases. It makes the assizes rather unique, inasmuch as only one case was submitted to the consideration of jurors.

Kennedy vs. Jones, a suit over a mortgage, is the only action remaining on the jury list, but it, like the Nutter action vs. the board of education, will go on without a jury. The court having struck out the jury. The jury in the Campbell vs. Mahler case was dropped so that the case might go to the bottom of the list.

There are, however, eleven cases to be disposed of. This will leave but Friday and Saturday to hear them, as the Nutter case will likely take up all of today.

It is expected that the Nutter-Silverwood slander action will go on at the March assizes.

PROSPECTS NOT OF BRIGHTEST IN 1918 BUILDING RECORDS

First Month's Permits, However, Greater Than in 1917.

During the month of January, 17 building permits for a total of \$17,150. During the same period last year there were 16 permits issued for a total of \$14,450.

The prospects for building are none too good this year, owing to the high cost and scarcity of materials. Labor is also short. However, conditions may improve.

Permits were issued today by Building Inspector Piper to A. Johnson for two one-story frame houses on Sydenham street, to cost \$1,200 each.

DAUGHTERS OF LATE RECTOR OF ST. MATTHEW'S REMEMBERED BY A. Y. P. A.
Misses Edith and Gertrude Appleyard, daughters of Rev. (Capt.) Appleyard, were presented with brooches by the A. Y. P. A. of St. Matthew's Church at the home of Miss Edith Appleyard, 923 Lorne avenue, on Wednesday evening. A. Henderson, the president of the association, made the presentation. He expressed the pleasure the young people of the church had enjoyed in their association with the Misses Appleyard, and he was certain that their departure from the city was regretted by all who knew them. Miss Edith Appleyard, in reply, thanked the young people for their expression of goodwill and assured them that they will stay in London, and always be a pleasant memory.

About 35 young people were present, and the evening was spent in games and music. Mrs. Taylor provided a lunch.

Miss Edith Appleyard has been active in the work of the Y. W. C. A. in London, and Miss Gertrude Appleyard is attending college in Toronto.

NEW BRUNSWICK WILL PROSECUTE IN VALLEY CASE

Conspiracy Is To Be Charged in Railway Contract Case. BIG MEN ARE INVOLVED Ex-Premier Fleming Will Be Asked to Return \$100,000, Alleged Part of Fund.

CIVIC GOAL CARDS WILL BE TRIED BY STRATFORD DEALERS

No Fuel for Anyone Unless Controller Signs Card. PLEDGE CO-OPERATION Drastic Action May Be Taken if Any Fail.

ST. JOHN, N.B., Jan. 30.—At the session today of the commission inquiring into the disposal of certain funds said to have been paid by contractors of the Valley Railway for political purposes, it was announced by Hon. W. J. Jones, counsel for the government of New Brunswick, that four men would be prosecuted for conspiracy, and an attempt will be made to get a part of the money back from whom restitution has been sought and from whom it was not.

ST. JOHN, N.B., Jan. 30.—At the session today of the commission inquiring into the disposal of certain funds said to have been paid by contractors of the Valley Railway for political purposes, it was announced by Hon. W. J. Jones, counsel for the government of New Brunswick, that four men would be prosecuted for conspiracy, and an attempt will be made to get a part of the money back from whom restitution has been sought and from whom it was not.

U.S. BATTLESHIP HARD AGROUND IN ATLANTIC CHANNEL

AN ATLANTIC PORT, Jan. 30.—While breaking ice in a channel near here today, the battleship of the dreadnaught type went aground and was stuck at a low hour. She was stuck at a low hour. She was stuck at a low hour.

It developed tonight that the older battleships of the navy have been used in several operations in opening up shipping channels closed with ice during the cold weather of the last few weeks.

CRITICISM OF A "FAT" STORY

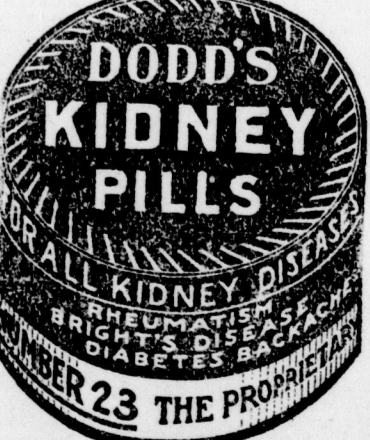

We were criticized for telling fat people to "tender" seventy-five cents to their druggists for a large case of Marmosa Tablets, because we had not said the use of the word "tender" in saying that "tender" in such a connection raised the impression of the people of a seventy-five-cent case of insulin. Now, isn't that odd? A few weeks ago seventy-five cents was "tendered" to a Broadway druggist and he did refuse it. That is, he said he had no Marmosa Tablets, whereas he had several cases, but the wholesale house was closed, being on a Saturday, and he had to procure to protect his regular customers, who absorbed those seven cases later in the day.

Puts New Force Into Weak Nerves

DOCTORS NOW PRESCRIBE BLOOD-IRON-SALTS TO BUILD UP DELICATE NERVOUS MEN AND WOMEN.

NEW YORK.—For many years physicians and scientists have hoped that some genius of the medical world would discover a harmless compound that would put increased strength and endurance into the dilapidated bodies of those who are delicate, nervous, run-down, or lacking in healthy tissue and power of endurance.

Gabriel Boudouque, M.D., the well-known New Orleans author, who has traveled extensively in France, Italy and Asia, says: "Any medical compound to be effective in restoring wasted nerve energy, to give strength and health must contain ingredients for stimulating the nervous system, for restoring the exhausted nerves, blood and body cells, and for increasing the blood corpuscles. There is nothing that will bring about these results more quickly than Blood-Iron-Salts, for restoring the exhausted nerves, blood and body cells, and for increasing the blood corpuscles. There is nothing that will bring about these results more quickly than Blood-Iron-Salts, for restoring the exhausted nerves, blood and body cells, and for increasing the blood corpuscles.

FEBRUARY FURNITURE SALE

Honest Reductions On Unquestioned Values Saves Money For You

ZEEBRUGGE ATTACKED BY ALLIED AIRMEN

AMSTERDAM, Jan. 30.—An aerial attack of unusual severity was made Tuesday afternoon at Zebrugge, the German submarine base in Northern Belgium, according to the Telegraph's frontier correspondent.

FRANCE'S WHEAT OUTLOOK IS REMARKABLY GOOD

PARIS, Jan. 30.—The condition of wheat on January 1, compared with a year ago, shows a gain of 8 per cent. If maintained to maturity this means a remarkable increase in the yield per acre.

Frostbite Fatal to Young Farmer Near Bennington

ABRAHAM STROME HAD FACE FROZEN AND BLOOD-POISONING DEVELOPED. INGERSOLL, Jan. 30.—Abraham Strome, aged 25, a farmer whose home is near Bennington, died today as a result of having his face frozen in the big blizzard two weeks ago. He was driving to a cheese factory in the storm and suffered severe frostbite. Blood-poisoning developed, and when he was brought here for treatment his condition was such that no hope was held out for his recovery. He is a son of Aaron Strome. Interment will be made at North Embro Cemetery.

Instantly Killed By M C R Flyer at Mount Salem

MICHAEL FLAGG WAS STRUCK AT RAILWAY CROSSING. SPRINGFIELD, Jan. 30.—About 4 o'clock this afternoon Michael Flagg, who resides near Mount Salem, was struck and instantly killed near the Hornby railway crossing by the Michigan Central mail train going east. This is the second fatality lately from the same cause, the other one being at the next crossing east.

TRYING TO WAGE DISPUTE N. S. WAGE DISPUTE

OTTAWA, Jan. 30.—Hon. T. W. Crothers, minister of labor, today met Messrs. Barrett and J. B. McLean, representing some employees of the Nova Scotia Steel Company, in an effort to adjust a wage dispute between the company and men and adjourned until tomorrow, when the question of increasing coal production in Nova Scotia in connection with plans to offset the fuel shortage will be considered.

NATIVE ALSATIANS ARE RECORDED AS FRENCH

NEW YORK, Jan. 30.—Natives of Alsace-Lorraine living in this country without having been naturalized will not be registered as enemy aliens, but as French citizens of the "lost provinces," provided they obtain identification cards from the Association Generale des Alsaciens-Lorrains d'Amerique, and have them countersigned by French consuls, it was announced here tonight.

ADMIRAL PROZILIAN LEADS THE BRAZILIAN FLEET

RIO JANEIRO, Brazil, Jan. 30.—Admiral Pedro has been appointed the commander of the Brazilian fleet, which will co-operate with the Allies in European waters. Commenting on notes exchanged between the Brazilian foreign minister, Senor Nilo Pecanha, and the British minister, Arthur Peabody, on the subject of Brazil's naval contribution to the war, the Journal do Commercio lays stress on the firm determination of Brazil to act on the one hand, by means of aviators sent to England, and on the other, by cruiser and destroyer squadrons.

PLEADS PROTECTION FOR SEAGULLS AS U-B AT DETECTORS

BOSTON, Jan. 30.—A plea for the protection of gulls, described as the best submarine detectors in the world, was made today by Edward H. Forbush, state ornithologist, at a legislative hearing on a bill providing for the extension of the closed season on the water fowl.

BIGGAR OF EDMONTON FOR JUDGE ADVOCATE

OTTAWA, Jan. 30.—Owing to a confusion of names it was stated yesterday that Brig-General Biggar of the militia headquarters staff, would succeed Major-General H. Smith as judge advocate general. The position of judge advocate general will be occupied by Lieut.-Col. Oliver M. Biggar, K.C., formerly of Edmonton, a member of the military service board. Col. Biggar will continue on the board after General Biggar's departure as director of supplies and transport on the headquarters staff.

LAND SURVEYORS MEET

OTTAWA, Jan. 30.—The first session of the annual meeting of the Association of Dominion Land Surveyors was held this morning in the public library. Among the important points brought out was that over a hundred and fifty Dominion land surveyors have already enlisted for overseas service.

JIMMY COON STORIES

By Dr. Warren G. Partridge. Copyright 1917 by George Matthews Adams.

ANOTHER NIGHT IN THE SUGAR LOT. Jimmy Coon and Teddy Possum kept their eyes peeled on Farmer Jones and Little William in the sugar lot.

And All Day Farmer Jones and Little William Boiled That Maple-Sap.

And all day Farmer Jones and Little William worked around their big boiling pot; and it smelled so sweet that Jimmy Coon and Teddy Possum almost went wild.

SOCIAL AND PERSONAL

Mr. and Mrs. A. Allen spent Sunday in Stratford, visiting the former's parents.

Mrs. Ashley, wife of Lieut. H. W. Ashley, and her daughter, Alice, are expected to leave England this week for Canada.

A number of pupils of the O'Brien Business College held a skating party at the Garland rink, which had been attractively decorated by the pupils.

Miss Mae Proctor of Forest is visiting her brother, E. Proctor, at Huronville.

Mr. and Mrs. S. Loomis of Parkhill announce the engagement of their youngest daughter, Miss Patricia Franklin Lindsay of West Nisour, to the marriage to take place at Mount Pleasant Farm this month.

Dr. and Mrs. O. H. Patrick of Calgary, Alta., are visiting Mrs. Patrick's father, Mr. J. H. Adams, Wellington street.

Joseph Richardson of Woodstock is a visitor in the home of his daughter, Mrs. C. N. Lansbury.

Mr. and Mrs. John Watson of Shelburne, Ont., announce the engagement of their daughter, Jennie Ross, to William Armstrong of Claude, Ont., the marriage to take place in the early part of February.

Mrs. Murton is the guest of Mrs. P. Fox, Lyndhurst avenue, Toronto.

On Tuesday evening a luncheon was given at the home of Mrs. H. H. McKone, 97 Beaconsfield avenue, in Greatly Weakened By Operation.

London Lady Tells How Her System Was Built Up and Her Strength Restored.

Mrs. P. Few, 172 Simcoe Street, London, Ont., writes: "Some time ago I was operated upon, but did not recover very quickly afterwards. I could not sleep at night, my appetite was poor, and I seemed to lack energy. I got some of Dr. Chase's Nerve Food, and after I had used three boxes I could see an improvement in my condition. I continued taking them, and can now truthfully say that I feel better, and have more energy than I have had for a long time. This treatment seemed to be just what I needed—it strengthened me, made me sleep and gave me a good appetite. It also gave some of the Nerve Food to my little girl, who was delicate and in a rundown condition. Under this treatment, she soon became strong again, and now plays very cheerfully. As I have had such success in using Dr. Chase's Nerve Food for my daughter and myself, I can cheerfully recommend it to others suffering in the same manner."

SEND LITTLE PARCELS. Someone writes from the front about "the little parcels" and how they are sent to the front.

DAILY BIBLE QUESTION CLUB. SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON.

GET RID OF HUMORS AND AVOID DISEASE. Humors in the blood cause internal derangements that affect the whole system.

WOMEN! MOTHERS! DAUGHTERS!

Women To Take Place of Men on the Land

"There is a source from which thousands of recruits can still be obtained and that is the land. The boney of starvation has too often been invoked by able-bodied shirkers who ought to be serving their country in France, and we must try to get them to do so."

The above quotation, dealing with the great need for women to take the place of men on the farms is directed particularly towards English and Scotch women, who are so numerous in Canada.

Neither did the women and girls choose those lighter parts of the work which were the easiest. Many of them did heavy work, even to handling and carting manure, and a few were cultivators.

Cynthia Grey's Mail-Box

That Home-Made Hard Soap. Dear Miss Grey.—Will you kindly repeat a method of making soap using Gilette's fat, kerosene oil and borax?

Dear Miss Grey.—I will you kindly repeat a method of making soap using Gilette's fat, kerosene oil and borax?

My brother, I expect, is having a much-needed rest after three years in France. I am not certain of his whereabouts, but will gladly send the address of the "Blue Eyes" to him if he wishes to have it, it is with Miss Grey.

I would also like to thank "Tom" for the snow cake recipe. I tried it this morning, and it is fine. I am still a novice in the kitchen.

Does "Blue Eyes" wish to have the name of "Snowflake's" second brother? He is the snow cake maker, and would like to see the recipe for the snow cake. I will try to locate it for you.

Who Tans Hides? Dear Miss Grey.—I wonder if any of your readers could tell me where I could get a dog's skin tanned and made into a pair of driving mitts with gauntlets.

Learned As a Child. Dear Miss Grey.—Some time ago one of your correspondents requested the words of the old song, "The Drummer Boy of Waterloo," and I am glad to hear that you have learned it.

When Battle Roused that Warlike Band. And carriage loud her trumpets band. Young Edwin to the front he ran. A drummer boy for Waterloo.

He slung his knapsack o'er his back. And hid his friends and all adieu. "Come, dry those tears, dear mother," "Till I return from Waterloo."

Young Edwin to his comrades cried. (And proudly beamed his eye of blue). "Go, tell my mother, Edwin died. A soldier's death at Waterloo."

They placed his head upon his drum. Beneath the moonlight's mournful beam. When night was on and battle ceased. They dug his grave at Waterloo.

Ans.—If there's anybody in the world whose wishes I love to see granted, it is "Arabella." We own a little dog, and the grandmother—bless them every one. So the verses are printed herewith, and I have a little hope that someone else can supply the missing stanzas.

Wants to Find Him. Dear Cynthia, I have one particular question to ask you. There is a boy named Edwin who was in the 23rd Battalion. I was told that he was wounded. Could you tell me how I could find him?

Ans.—It is possible you may obtain the information by writing to Ottawa, give the man's full name, number, etc., and the name of the unit in which he was sent to France.

Meaning of Arabella. Dear Cynthia Grey, I noticed in the paper where Happy Jim was asking for a song of "Little Grey Home in the Sky" and I thought I would send it as I happened to have it. I would like to ask you the meaning of a few names: Holmes and Arabelle.

Ans.—You were a dear girl to send the copy for Happy Jim. You saved me copying the words myself—something I promised Jim I'd do. "Arabella" is a surname, really. I do not know its meaning. Arabella signifies "a fair altar."

Is He An Indian? Dear Miss Grey.—Would the one who sent in name of "Arabella" know if he is an Indian? Please send your address to Miss Grey, and I will send you a snapshot of him if you would like to have it sent to me and my brother.

She Wrote to France. Dear Miss Grey, I demand so much greater than the supply for long's addresses. I wrote my brother in France to send me a snapshot of himself. I would like to have it sent to me and my brother.

What Can I Put with It? One more question: What are the meanings of Frederica (a girl's name) and Patricia?

Ans.—Sandwiches, thin slices (buttered) of date bread, home-made lemon tarts, dark chocolate cake with white icing, and the very nicest tea.

Dear Miss Grey.—I saw someone's request for snow-cake, so I am sending it in. I got it from the paper, and have made it several times with it.

Troubled for Years With BRONCHITIS

Dr. Wood's Norway Pine Syrup Gave Instant Relief.

Bronchitis is a disease which is very prevalent during the late winter and early spring, when there are sudden atmospheric changes. It is a condition of inflammation of the bronchial tubes which produces mucous or phlegm. This irritates the throat and causes you to cough in order to get rid of it.

Bronchitis is not really dangerous, but the complications which are liable to follow make it necessary to get rid of it on the first sign. This you can do by using Dr. Wood's Norway Pine Syrup. A remedy that has been on the market for over 25 years.

John D. McParlane, Jr., S. W. Margate, N. S., writes: "I was troubled for years with bronchitis, and could find any relief. It was especially bad in the winter. I went to a doctor, and he asked him for something to stop the constant tickling in my throat. He gave me a bottle of Dr. Wood's Norway Pine Syrup, which I found gave me relief. It is the best remedy I know of, and I now cough and I always have a bottle of it."

See that you get "Dr. Wood's" up in a yellow wrapper; three other brands are in red, blue and green wrappers. Price 25c. Manufactured by Dr. J. C. Wood, Limited, Toronto, Ont.

BEAUTIFUL HAIR, THICK, WAVY, FREE FROM DANDRUFF. Draw a moist cloth through hair and double its beauty at once.

Save your hair! Dandruff disappears and hair stops coming out.

Immediate!—Yes! Certain!—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and healthy as a young girl's after an application of Danderine. Also try this—moisten a cloth with the Danderine and carefully draw it through your hair, taking one strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thinning. Danderine cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair. It is the only hair dressing that makes your hair grow again. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and nourishes them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, thick and glossy. You can surely have pretty, charming, lustrous hair, and lots of it, if you will spend a few cents for a bottle of Danderine. Danderine is in every drug store or toilet counter and try it as directed.

RECIPE TO DARKEN GREY HAIR

This Home-Made Mixture Darkens Grey Hair and Makes it Soft and Glossy.

To a half-pint of water add: Bay Rum 1 oz. Oris Compound a small box Glycerine 1/2 oz.

These are all simple ingredients that you can get in any drug store. Apply to the hair once a day for two weeks, then once every other week until all the grey has been removed. A half-pint should be enough to darken the grey hair, and make it soft and glossy. It is not sticky or greasy, and it does not wash out. It should make a grey-haired person look twenty years younger.

SUFFERED GREAT AGONY FROM PAIN IN STOMACH FOR OVER 5 YEARS

Most of the misery and ill-health that humanity is burdened with arises from disorders of the stomach, liver and bowels. If you are feeling out of sorts, have pains in the stomach, especially after eating, bilious spells, headaches, sour stomach, coated tongue, yellow or muddy complexion, specks floating before the eyes, you should take a few doses of Milburn's Laxa-Liver Pills and note the change.

Miss Ida Hoan, Dunrobin, Ont., writes: "For over five years I have suffered great agony from pains in the stomach. I tried several remedies, but got no relief until a friend advised me to take Milburn's Laxa-Liver Pills. I started with two pills, and before I had one more I found much relief. I continued until I used four pills, and I have completely cured me. That was fourteen months ago, and I have not had the slightest return since. The best praise I can give them is not enough."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CEETEE UNDERCLOTHING

Guaranteed Not To Shrink. By Cliff Sterrett.

ASTHMA

ASTHMA AND HAY FEVER PROMPT RELIEF IS OBTAINED BY SIMPLY INHALING THE PUREST OF POWERS EITHER THROUGH A CLAY PIPE OR OTHER VESSEL.

CUTICURA HEALS ITCHY SCALP RASH.

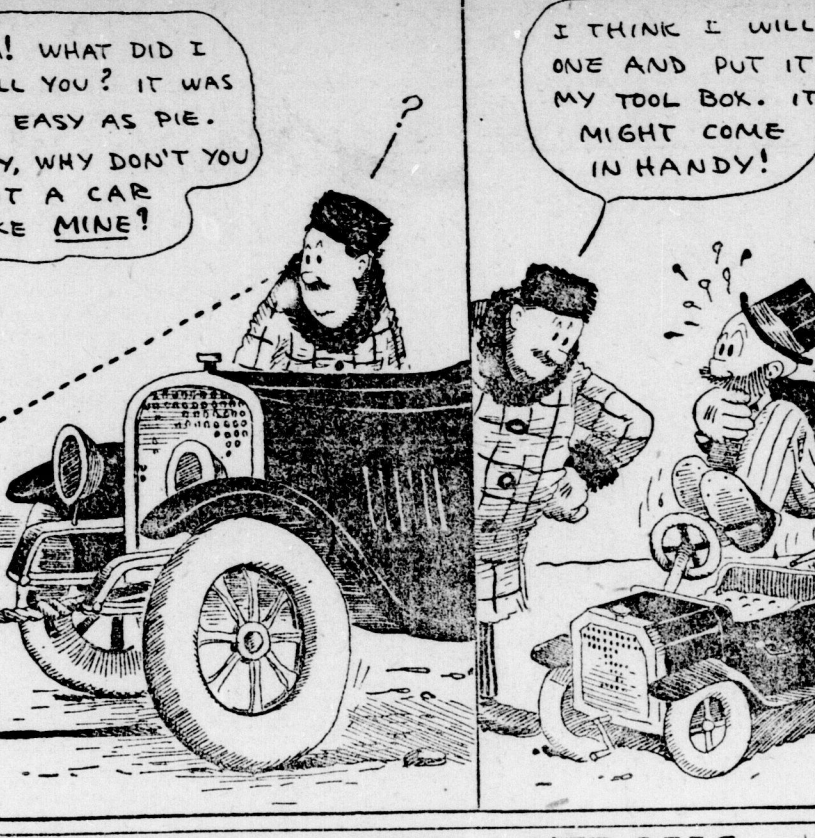

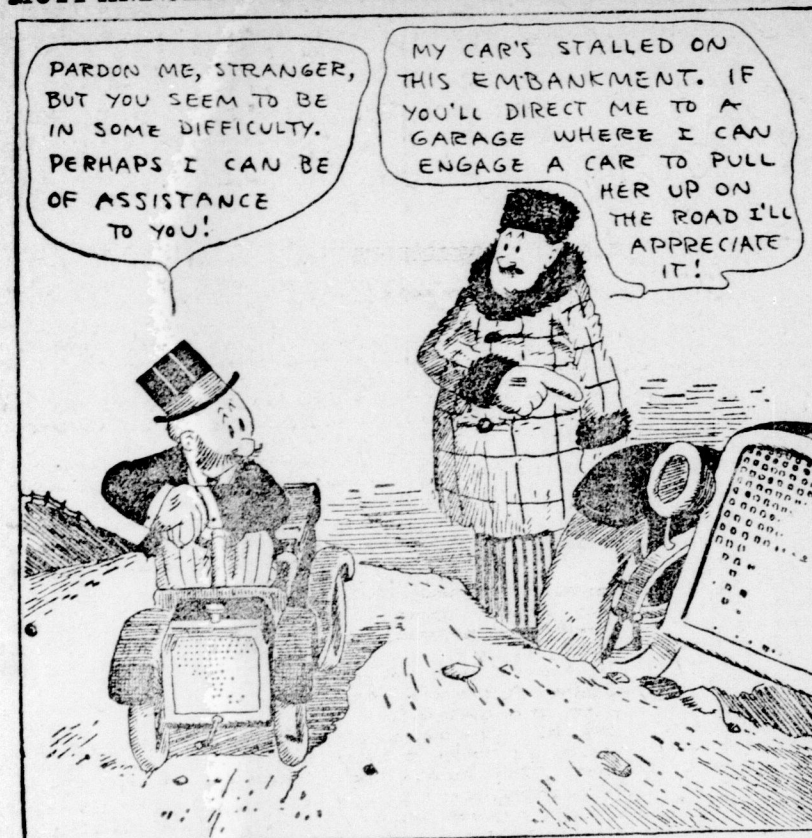

That Burned and Pained Four Years. Hair Came Out. Loss of Sleep.

"My scalp was red and very itchy, and a rash developed which burned and pained me. It seemed to destroy the hair roots, causing them to come out, which disfigured the top of my head. It also caused loss of sleep. The trouble lasted four years. Then I sent for a free sample of Cuticura Soap and Ointment which encouraged me to buy more, and I had one cake of Cuticura Soap and one box of Ointment and it was healed." (Signed) John Cunningham, Church St., Antigonish, N.S., April 4, 1917.

Why not make Cuticura your everyday toilet soap and prevent skin troubles? Absolutely nothing better. For Free Sample, Enclose 10c in red post-card to "Cuticura," Dept. A, Loston, U. S. A." Sold everywhere.

MUTT AND JEFF—Well the Other Fellow Had a Good Car Too?

LONDON KIDS DEFEAT INGERSOLL JUNIORS 12-5

Locals Show Up Well in Game Last Night—Ingersoll Is Handicapped by Absent Men.

GROUP STANDING. Paris 10, Woodstock 9, London 8, Ingersoll 5. Ingersoll, Jan. 30.—The London juniors uncovered a whole heap of pep on the Ingersoll kids in a junior O.H.A. fixture here tonight, and roundly thrashed the locals by a score of 12 to 5. The game was a fast one, and in the opening frame both teams showed plenty of life. The Ingersoll squad were decidedly handicapped by the absence of two of their star men, Carroll and Barrett, whose places were filled with comparatively inexperienced players. Nevertheless, they started well, but were unable to keep up their opening speed. London showed up well in combination work, and by playing together carried the puck through the home team for several tallies. As the game progressed the Londoners showed more and more pep, and in the last measure scored seven goals to the locals three. In the first period London collected two, while the Ingersoll boys got one. In the second round the locals were not playing so well, and the visitors gathered in three counters, while in the third period the home team were badly disorganized, and the Taylor aggregation showed more speed than ever. London won through the Ingersoll net seven times, while Ingersoll got three. Gilles, Norman and Lamonde were the bright spots of the winners. Gilles made some fine runs. Morello and Richardson were the best men on the home side's line-up. The teams: London (12). Ingersoll (9). Smith.....Goal.....McKee Logan.....Defence.....Clie Cline.....Centre.....Morello Norman.....Wing.....Payne Lamonde.....Sub.....Murray Referee—T. R. Munro, London.

SARNIA DEFAULTS TO KITCHENER; OUT OF WESTERN GROUP NOW

Failed to Play at Kitchener Last Night. Calgary Horse Sets New Mark for Year in 2:13 Pace.

TORONTO, Jan. 30.—Sarnia seniors have defaulted tonight's game to Kitchener and automatically out of the O. H. A. Their default spoils the interest to some extent in the western senior group, because Kitchener is now well out in front with a clean sheet. The Sarnia games already played stand as they resulted, and all remaining games are recorded as wins for the opposing teams. MT. CLEMENS, Mich., Jan. 30.—Far off Calgary contributed a record maker today, when All Direct paced the third heat of the 2:13 pace in 2:13 1/2. The fastest mile on the ice this year. Some of the honor goes to the Detroit horse, Lord Seymour, who was beaten inches only at the end of a hard mile. This particular heat was a feature of the third day of the meeting. The sport was high-class throughout, the attendance big and the footing the best of the week. The 2:13 pacer had gone two heats on Tuesday, Abnox winning the first and All Direct the next one. Abnox rushed away in front in the heat which opened the Wednesday card, and on the first turn there was a jam, in which Peter Piper's sulky was smashed. Abnox dropped back on a break, and All Direct and Lord Seymour went out to make a race of it. This they certainly did, racing together all the way and All Direct winning by a scant nose. All Direct had less trouble in the deciding heat. SUMMARIES: 2:13 Pace, Purse \$500. All Direct (Vance).....4 1 1 1 Abnox, br. & by The Abbe.....1 4 3 4 Peter Piper, ch. h. IDEAL WEATHER FOR CURLERS AT 'SPIEL OF ST. THOMAS CLUB

Several London Rinks in Play for the Just-Wright Trophy.

ST. THOMAS, Jan. 30.—The second day of the St. Thomas Curling Club's big bonspiel was greeted with ideal winter weather, and some fine sport was witnessed. The three trophy events are unfinished, the third round not being reached in any of the events up to midnight. Several local rinks are still in the fight, among them being Anderson's in the Elgin trophy, and McCorkell's in the Just Wright trophy. Scores: JUST WRIGHT TROPHY. First Round. Plattsville.....12 J. SOLDIERS GOING STRONG, WIN AT HAMILTON 8 TO 6

Military Men Show Plenty of Team Work in Game at the Ambitious City—Hams Weak on Combination.

[Special to The Advertiser] HAMILTON, Jan. 30.—London defeated Hamilton by a score of 8 to 6 in a senior O. H. A. fixture at the arena tonight. The Hams went on the ice in the third period with the score of 5 to 3 against them, and determined to win. However, the Cockneys, sicer Boyd had tied the score, woke up with a vengeance, and scored three in rapid succession. The visitors won on their merits and pulled off some nice combination stunts, while the locals contented themselves with individual playing and long distance shooting which Shutter turned aside like a duck turns water off its back. Sandereck, Rose and Ruppel starred for the visitors, and Reiser, Parker and Freeman for the Hams. In the scoring Rose hit the nets three times, Sandereck the same number, and Ruppel twice. For the Hams Boyd notched three, Reiser, Parker and Freeman one apiece. Sandereck was credited with a rough check, when he put Freeman into the boards so hard that the latter took the count. The line-up: London.....Hamilton. Shutter.....Goal.....Drouchn White.....Defence.....Parker Sandereck.....Defence.....Reiser Ruppel.....Centre.....Freeman Kiehm.....R. W.....Boyd Rose.....L. W.....Murray Grouchn.....Spara.....Bishop Referee: Major Lou Marsh, Toronto. state by their antagonism to betting. Naturally enough, in an effort to safeguard their interests, the various associations of the state have exhibited a desire to pay what appears to be a particularly stiff tax for the privilege of being permitted to manage their properties along the lines which have been the means of giving employment for hundreds, aside from warranting an expenditure of money, which would otherwise never see the light of day. As if to show they were not fearful

REFORMERS NOT WORRYING MARYLAND SPORTSMEN

NEW YORK, Jan. 30.—Close students of the racing game in Maryland are stated to be not very much worried over the much-advertised intention of certain reformers to attempt to sound the death-knell of turf sport in that

DENTALS WIN AGAIN; DEFEAT ST. PATRICKS

Unbeaten Boys Take Game in Last Frame.

TORONTO, Jan. 30.—The Dentals Senior O. H. A. team added another to their unbeaten list of victories at the arena tonight, winning from the St. Patricks by a score of 8 to 4. The game was won in the last period, the St. Patricks leading the end of the first session 4 to 3. The score was evened three times, Dentals managed to get away with the first two goals, the second being a very pretty pass from Smille in the left corner right across the ice to Millan, who shot from the right corner. Then Quinn started things going for the St. Patricks, juggling the puck from the corner and slipping it past Stewart, after which Rodden evened the score on a pass from Quinn, and Muston put the Irishers ahead. In the second period Laffamme came all the way down with the puck, and the score was even again, but Rodden scored again for the St. Patricks. The Dentals pressed them hard till the end of the period, and only the magnifi-

ALEX FAILL'S RINK BUYS FLOUR FOR HOSPITAL

STRAITFORD, Jan. 30.—Alex Faill's currier will procure the barrel of flour for the General Hospital. At a match ed game tonight at the curling rink they were trimmed by Tomos. Faill's rink by 6 to 56 score. It had been agreed that the losers would buy

FIRST-HALF HONORS NABBED BY CANADIENS

OTTAWA, Jan. 30.—The National Hockey League does not look another season tonight, when Canadiens defeated the Ottawas at the arena by a score of 2 to 1 and clinched the championship for the first half of the season. Even should the flying Frenchers lose to Toronto Saturday night, they will be winners, and will be one of the teams in the annual play-off, unless they win in the second half, and thus qualify without a play-off to visit the Pacific coast champions, the Arizona Coyotes. Tonight's game was fast and exciting, and attracted one of the largest crowds of the season, about 5,000 spectators being in attendance. For the first period both teams played cautiously, and there was no score, but in the second they loosened out, and the Canadiens tied up the score in less than two minutes, and their chances of winning looked good. Malone best out goalkeeper Clint Benedict on a long side shot, and the habitants stood firm in the face of a fierce bombardment, and after four minutes play Malone got in another whiplash another in three minutes, and though the Ottawas shifted their team around, and fresh players into the game, and did their utmost, they failed to penetrate the Canadian defence again, and play ended without further scoring. Secrets of Health and Happiness

Why Milk Should Be Boiled During Tonsillitis Epidemics

By DR. LEONARD KEENE HIRSBERG, A. B., M. A., M. D. (Johns Hopkins University.)

DR. HIRSBERG

It is said that some of the soldiers who have been in the trenches since the beginning of the war have never undisturbedly even the heaviest bombardment. Because tonsillitis is an occurrence that takes place more or less once, it is ordinarily regarded as a commonplace, and attracts too little attention. Tonsillitis, however, is sometimes the cause of a train of disorders which follow in its path. The tonsils are situated on the line which separates the mouth from the throat. Their duty is to stop the passage of disease germs through the channel of the mouth and throat. But when this collection of tissue comes in contact too frequently with diseased germs, they themselves become infected, and then the tonsils are thrown into a state of chronic inflammation, and germs can walk in and do as much damage as they please, since the policeman stationed at the gate to watch "outs" is no longer there.

The responsible agent for much of this disaster was, it is said, a "carrier," an employee who did not even seem "suspicious."

A safe precaution against tonsillitis, therefore, to boil the milk. The conglomeration which takes place in the process of boiling "cooks" all the germs and destroys most of them, which renders the milk "safe" food.

A grocer once "accidentally" developed an acute infection of tonsillitis. His agency also acute inflammation in his tonsils and hands. Some acute tonsillitis is catching!

He handled milk, sugar, vegetables, fruits and grocery lines in general. If the milk had not been sealed tight that would have been a fine "carrier."

While the tonsils are among the chief origins of joint troubles and the long train of ailments that go with them, other disorders, such as teeth, throat and mouth in which disease germs may be present are also important sources. Abscessed teeth, for example, inflamed gums and inflamed tonsils, or the nose or head—the canals called sinuses connected with the nasal passages—are very often associated with such ailments.

Adenoid growths also favor an inflammation in the ear and the mastoid. If there is any suspected trouble in the mouth, nose or throat of a child, or grown-up, a timely diagnosis by a physician should be made. Moreover, diseased tonsils or adenoids hinder the vitality and stunt the development of many a child.

Answers to Health Questions.

S. D. E.—What is trachoma and can I treat it myself?
A.—Trachoma is a contagious disease of the eye. It is caused by a germ which is not killed by boiling. It is impossible for you to treat it yourself.

ROBERT—Q.—Will you please tell me what to do for constipation?
A.—One of the best ways to do away with constipation is to arrange the diet so that plenty of fruits and vegetables are in it, particularly salads and tomatoes. Oatmeal is a laxative to some persons, but not to everyone. Indeed, there are few things that answer for everyone. Massage of the abdomen in a circular motion five to fifteen minutes three times a day is also very good.

Water or milk is sometimes the common carrier of the germs which lead to acute tonsillitis. The udder of the cows is often become inflamed, and the action of the germs which find their way into the milk is common cause of the ailment.

The men who handle and taste the milk may also be responsible for the spread of this obnoxious disorder of the tonsils.

In the year 1911, for example, 1,407 examples of septic sore throat—a severe tonsillitis, in which the glands, joints, lungs, heart, kidneys and other structures were attacked by the entrance of germs into the blood stream through the tonsils—were traced by Prof. C. E. A. Winslow of Boston to the entrance of streptococci from the throat into the internal mammary fluid of the human structure, thirty-eight deaths occurred during this epidemic.

The Origin of Famous Sayings of All Times

Thomas Babington, Lord Macaulay, 1800-1859.
He was a rake among scholars and a scholar among rakes.—Review of *Alken's Life of Addison*.

Man are never so likely to settle a question rightly as when they discuss it freely.—*Southey's Colloquia*.

To every man upon this earth
Death cometh soon or late;
And how can man die better
Than facing fearful odds
For the shores of his fathers?
And the temple of his gods?

DIARY OF A FASHION MODEL

Solving the Problem of a Between-Season's Hat.

When Julie saw the lovely hats and frocks designed for Miss Mrs. Lambert she couldn't resist saying:
"Just supposing these clothes belonged to me and I was a popular society girl—if I were invited to a formal luncheon I'd wear that very smart frock of black silk and velvet with this hat." And Julie peered on her blonde head a medium sized hat of black satin trimmed with black ostrich feathers.

"Now, isn't that becoming? Did you ever see a better looking afternoon hat? The droop of the brim is exactly right, and I love the crushed-in crown and the way the plumes bob about when I move my head. Now I'll try on another."

"Not so fast," said Madame, who suddenly appeared with a hat in either hand. "I, too, want to pass judgment on Mrs. Lambert's hats. Yes, that model is stunning on you, Julie. Now, take it off and let me put this one on you." And the picture hat was exchanged for a beauteous crown of coral.

The crown was formed of a series of circular sections joined with satin cordings. The narrow brim was cradled with satonache in a simple design.

"There is nothing to rival a fabric of this crown was formed of a series of circular sections joined with satin cordings. The narrow brim was cradled with satonache in a simple design.

"There is nothing to rival a fabric of this crown was formed of a series of circular sections joined with satin cordings. The narrow brim was cradled with satonache in a simple design.

AFTER THE WAR

By Will Nies

EVEN as she writes, the words dissolve into the vision that to her and to him is the ONLY reality; all else is—a dream. The present fades—the future leaps to life—and she hears the organ sounding the majestic music that summons him to her side to begin the March of Life, Love accompanying them with flowers.

Adele Garrison's New REVELATIONS OF A WIFE

What the "Peddler" Did When Madge Gave Him the Opportunity To Be Alone.

A feeling of dumb terror clutched me as I caught sight of the inconspicuous peddler who stood in my kitchen door holding out his wares for my inspection. There was no reason that could be explained for my fear, but at the sight of the glove a suspicion so wild, so fantastic that my reason recoiled it scornfully, seized upon me.

"Instinct, my sub-conscious self—call it what you will—told me that I was in danger, warned me to flee. Reason, common-sense, sanity laughed at my silly fear of a professional merchant who had cunningly disguised himself with a grey wig and cosmetics to make him appear old and suffering. Besides, in his basket the pencil cases which had caught my eye were unpurchased. My need of one of them, which to hide the precious paper committed to my care by my father was urgent, I steered myself to an affectionate carelessness.

"DOING MY BIT"

Practical Suggestions on Individual Ways to Help Win the War

Serving the Five Fundamentals.

For the proper nourishment of your family the mere cutting out of each cutting down of the use of certain foods is not the entire story of conservation. Food conservation is the elimination of all waste in buying, preparing and serving foods, and the substitution of foods that are more economical.

—The beef, the wheat, etc.—necessary for our soldiers and sailors of those equally nourishing foods that cannot be so easily transported. To perform this national duty well and to carry out the privilege of its widest and you should keep in mind the following daily food needs of your family.

Good Night Stories

By Blanche Silver

Illustrated by Gruette

HOW DICKY RESCUED THE DUST PRINCESS.

Dicky put his ear to the lock in the attic door. He could hear tiny feet hurrying to and fro—someone was laughing and someone was crying.

Dicky turned the knob, but the door was locked. Grandma always kept the door locked, because she said there was nothing in there to interest little boys. But Dicky felt sure something strange was going on at the other side, and he longed to get in there. Quickly gathering all the keys in the house he tried them one by one until at last one fitted and the great door swung back on its hinges and Dicky stepped inside.

so, so he ran to the window and pushed up the blind—then things began to happen.

The door flew shut with a bang. From every corner and crevice queer little men hopped out in front of Dicky. They danced around him in a circle singing at the top of their voices in a squeaky voice.

"Oh, it's Dust Princess are we? Who lives in the attic as usual? Who dares to come and spoil our fun, Shall never again see the sun!

They danced nearer, and nearer Dicky, winding siskin cords of spider webs around him until Dicky was bound hand and foot and couldn't move.

"What have I ever done to you that you should mistreat me this way?" cried Dicky, tears coming to his eyes.

"That's just it!" exclaimed a tiny elfin, standing on his tiptoes so Dicky could hear him. "You haven't done anything, but no telling what you might do if we didn't stop you first. Since our Dust Princess was born and hidden in that old green trunk by an old gray-ungles lady we've been taking no chances."

"Fear Dust Princess!" exclaimed Dicky, and he heard a deep sigh come from the trunk. Then a sad little voice began to sing:

A poor little Princess am I,
Who must sit in this trunk all I die,
Unless someone in passing by,
Lifts up the lid, then out I'll fly.

"Take off these ropes!" cried Dicky, "and I'll let your Princess out."

At first the Dust Princess didn't want to run the risk of being Dicky free. But after much coaxing on Dicky's part and much crying from the trunk they finally agreed and Dicky was freed.

He sprang up and hurriedly lifted the lid of the old green trunk. A cloud of dust flew up into Dicky's face, and on it sat a dear little Dust Princess.

She kissed Dicky's cheek and thanked him for saving her life, and begged Dicky to come live in the attic and be her prince.

"Dicky!" called his grandma from the foot of the stairs.

Dicky opened his eyes and ran downstairs.

"Grandma, did you put the Dust Princess in the old green trunk in the attic and lock her up?" he asked.

"Why, no, dear!" laughed grandma.

TOMORROW'S HOROSCOPE

(By Genevieve Kemble)

FRIDAY, FEBRUARY 1.

The month opens under the most brilliant auspices with trines and sextiles dominant. The beneficent in trine aspect make it a time for seeking promotion, preferment, honors and advancement, for dealing with superiors and those in authority. The fortunate stars Saturn, Uranus and Neptune are in conjunction, making the organizing faculties keen and the judgment sound and dependable. Popularity and new friends are in order, especially among the elderly and those in high places, and all Saturn occupations thrive. Under Neptune inspiration, genius, artistic faculties, spiritual instincts and words of wisdom and secret orders flourish. It is a day for gathering affairs vigorously in all lines.

Those whose birthday it is should have a prosperous year, especially in employment. A child born on this day should have some singular gifts, and will be fortunate and a favorite.

HOW MUCH DOES YOUR FOOD COST?

Food values are measured in units of calories.

To-day, when food costs are soaring, the careful housekeeper will find out how much per 1,000 calories her food costs.

If she buys:

Butter at 80c. per lb., 1,600 calories will cost 13 cents
Bacon at 15c. per lb., " " " " 19 "
Milk at 13c. per qt., " " " " 18.5 "
Roast Beef at 26c. per lb., " " " " 23.4 "
Lamb Chops at 38c. per lb., " " " " 32.7 "
Chicken at 32c. per lb., " " " " 41.5 "
Eggs at 45c. per doz., " " " " 44.7 "
Beefsteak at 34c. per lb., " " " " 45.8 "
Kellogg's Toasted Corn Flakes (ready to serve) " " " " 11.7 "

TROTSKY DESTROYS ANGLO-RUSSIAN PACT ON PERSIA'S AFFAIRS

Says Agreement was Directed Against Liberties of the People.

WANTS NEW RELATIONS

Will Try and Force Evacuation by Turkish and British Troops.

Petrograd, Jan. 30.—Foreign Minister Trotsky, according to the semi-official news agency, has sent a letter to the Persian minister at Petrograd, whom he addresses as "Citizen Ambassador," informing him that the Government of the Russian Republic makes this declaration:

"The Anglo-Russian agreement of 1907 was directed against the liberty and independence of the Persian people, and is null and void for all time. Moreover, the Government denounces all agreements preceding and following the said agreement which may restrict the rights of the Persian people to a free and independent existence."

The Bolshevik foreign minister assures the Persian minister that any inconvenience caused the Persian people by the Russian troops in Persia is due to the intentions of the Russian Government, which is taking every step to remove from Persia the former agents of Czarism and the Imperialist bourgeoisie, who are the enemies of both the Russian and Persian peoples.

WORKMEN OF FINLAND FOR RED GOVERNMENT OF FIVE MINISTERS

Central Committee Decides in Favor of Provincial Cabinet.

Petrograd, Jan. 31.—The semi-official news agency says the central committee of workmen in Finland has decided to form a provisional revolutionary government, which will be appointed by the committee of workmen and soldiers' deputies.

11,000 ARMY OFFICERS READY TO GRADUATE

Total of 56,000 Turned Out in U. S. Training Camps.

Washington, Jan. 30.—Army officers today estimated that 11,000 officers will be graduated from the third series of training camps now in progress, making a total of 56,000 officers turned out through these camps.

MARKED ARTILLERY ACTIVITY, SAYS PARIS

Paris, Jan. 30.—The war office amendment issued tonight reads: "There was quite marked activity on the part of both artillery in the region of Miette, on the front of Courrières Wood and in the Woivre in the last mentioned region an enemy raid north of Zicheprey was without result."

GOEBEN HAS GONE

London, Jan. 30.—The British admiralty announces that a reconnaissance at midnight Sunday established the fact that the Turkish liner Goeben, formerly the German warship Goeben, was no longer ashore at Nagurn Point, where she had been beached.

FEAR PTE. LAWSON DIED ON BATTLEFIELD

BRUSSELS, Jan. 30.—Pte. Robert Lawson, who was reported missing since October 14, is feared to be among the boys of the 161st Huron Battalion, who died on the battlefield. A companion, named Askew from here, was almost buried alive by a shell, and what became of him from here has no idea. The hope was that he had been made a prisoner by the Germans. Mr. Lawson was an aviator, and had been in 100 acres of land, which he leased when he enlisted. He was a regular letter writer to his family, and the cutting off of this correspondence and the absence of any news of him leads to the impression that he was buried or blown to pieces by the shell which he was carrying.

VINOL MADE THIS NURSE STRONG

Nothing Like it for Rundown and Nervous People

Van Army, Texas—"I suffered from a general run-down condition, anaemia, loss of appetite and cough. I was unfit for my work. I tried different medicines without help, and through my druggist learned of Vinol. I took it, my appetite increased, my cough disappeared, I gained in weight, and I am now well and strong, so I can conscientiously endorse Vinol."

CANADIAN BAIRNSFATHER

Advertiser Illustrations. CAPT. LOUIS KEENE, who was involved in the front with the "drawing hand" has published a book called "Crumps," illustrating and telling of his experiences.

Peach Buds Killed Around Ruthven By the Heavy Frosts

Owners Fear That Their Loss Will Be Heavy This Year.

RUTHVEN, Jan. 30.—There is every indication that the peach buds have been killed by the recent heavy frosts. The owners of several large orchards declare positively after careful examination that the buds have been frozen.

COUNCIL TO CONSIDER MAKING CHANGE IN HEALTH DEPARTMENT

Smallpox Outbreak at Sarnia Cause of Criticism.

SARNIA, Jan. 30.—The council may make a change in the office of health, and with that purpose in view has appointed a committee to bring in a report at the next meeting. It is claimed that the recent smallpox epidemic may have been caused by a certain amount of carelessness. At least this is the opinion of Mayor Crawford, "to do efficient work, we must have efficient officers," he said, "and with all respect to the health department, it is necessary to protect the interests of the city."

RECORD PRICES BEING PAID FOR TURNIPS IN BRUSSELS DISTRICT

Reported They Are Being Made Into Marmalade at Buffalo.

BRUSSELS, Jan. 30.—Some farmers in this section are making a small fortune by selling ordinary field turnips at 25 cents a bushel. The turnips are being shipped to Buffalo, and if reports are true are being converted into "marmalade." Ten cents a bushel would be considered a big price here for field turnips.

SCRAMBLE FOR COAL AT STRATFORD SOON

More Fuel Is Expected To Arrive in the City Today.

STRATFORD, Jan. 30.—Four cars of coal which came during the night caused a general scramble by persons having orders from the fuel controller. Some got 100 pounds, and others as high as 500 pounds. It was not long before the supply was exhausted.

HESPELER VETERAN IN NAVAL AIR SERVICE

HESPELER, Jan. 30.—Clarence Clark, the first local man to enlist in the contingent, and who was invalided home and honorably discharged, has just returned to the city. He is now serving with the Royal Naval Air Service.

WINDSOR FUEL LACK REACHES COURTS; INJUNCTION ASKED

Householders Claim That They Should Be Served Before the Industries.

TORONTO, Jan. 30.—Echoes of the acute fuel shortage in Western Ontario reached Osgoode Hall this morning, when there came before Mr. Justice Mastran a motion for an injunction restraining the Windsor Gas Company, Limited, from cutting off the supply of one of their customers.

Acting for E. H. Collins, of the White Laundry Company, R. C. H. Cassels secured an enlargement to permit an answer to an affidavit filed by the gas company. A. Langworthy, of the gas company, pointed out that while hundreds of thousands of cubic feet were being supplied to the laundry domestic users were in the direst want. He urged expedition in disposing of the matter.

"Every urgency should be used," agreed the judge. The judge undertook to get in touch with his principals by telephone, so that the matter can come up tomorrow or Friday.

CONGREGATION AT BLENHEIM HEARS SPLENDID REPORTS

All Departments of Methodist Church in Flourishing Condition.

BLENHEIM, Jan. 30.—The Methodist Church here, of which Rev. D. N. McCann is pastor, held very successful anniversary services on Sunday. Rev. W. G. H. McAllister, of Ridgeway, exchanged pulpits with the pastor and gave large congregations two splendid sermons.

The music board had intimated to the congregation that one thousand dollars was necessary as an offering to meet liabilities due with some extra canvassing on the part of a committee appointed during the winter to make owners of all dogs which had sheep liable to a tax of \$15 for the first animal killed and \$25 for each one additional.

Last night the annual congregational meeting was held, at which the school room of the church was filled. The pastor presided and called on the following, who gave interesting reports of the departments of the work which they had been asked to represent: W. R. Greenwood, the quarterly board; W. F. Dege, trustee board; Mrs. J. R. Shobelen, the Ladies' Aid; Mrs. A. G. Shillington, the Women's Missionary Society; George Keyser, the Sunday school; A. G. Shillington, the Epworth League; Will Cookson, the choir; and Nicholas, the marriage committee; P. S. Shillington, the envelope committee.

Two matters were brought before the congregation for consideration, namely, rebuilding the parsonage or building a new one. Owing to war time and the high prices of material and labor, no action was taken.

TROTSKY AND WHOLE TEUTONIC BUNCH ARE AT BREST-LITOVSK

AMSTERDAM, Jan. 30.—A dispatch from Brest-Litovsk, dated Tuesday, says Count Czernin, the Austro-Hungarian foreign minister, Dr. von Kuehlmann, the German foreign secretary, Dr. Count von Podewils-Durnitz, former Bavarian premier, and Talaat Pasha, the Turkish grand vizier, accompanied by their respective delegations and several members of the Bulgarian delegation, and Leon Trotsky, the Bolshevik foreign minister, had arrived in Brest-Litovsk.

WINNIPEG CONTROLLER INTENDS TO ROOT OUT CITY'S UNDERWORLD

WINNIPEG, Jan. 30.—There seems to be a parasite ring in the city that is fattening on the protection it is giving to the underworld, said Controller Gray today. "That ring must be broken, and I shall do everything that is in my power to bring the judicial parties to justice."

CHATHAM COALMEN WILL CO-OPERATE IN RELIEVING SHORTAGE

CHATHAM, Jan. 30.—By a new policy promulgated at a conference held by Mayor Clements with the city coal dealers today, the latter will be given two weeks to show what the effect of their wholehearted co-operation will have on the local fuel situation. If the new plan does not work out satisfactorily the mayor intimated that he would proceed on another line of action.

If the new plan does not work out satisfactorily the mayor intimated that he would proceed on another line of action.

SOLDIERS' VOTE WILL DISCLOSE SCANDAL WHEN STORY GETS OUT

So Raw Has Switching Been Shown, Many Votes Are Discarded.

60,000 VOTE IN AMERICA Great Excess to Number Mewburn Said Was Available Before Election.

DEFEATED MEN COCKSURE Some Have "All Safe" Word Passed to Them—Duncan Ross Is Marked.

[Special to The Advertiser.] OTTAWA, Jan. 30.—A scandal unprecedented in the history of Canadian electioneering is being revealed in the counting of the soldiers' ballots, both in Canada and overseas. The full facts will not be made evident until the work has been completed, but the evidence already adduced from the allocation of the envelopes containing the ballots discloses a condition of things which ought in itself to destroy the Government whose officials were responsible for it. The facts as revealed have even alarmed the Government itself.

For some time back defeated members of the Government have been openly boasting that when the soldiers' votes were counted they would have a safe majority. Messrs. Swigney, Biondi and Rainville, who went down to ignominious and decisive defeat on December 17, have been holding forth ever since that date, and calling a toast for the day when the soldiers' votes would secure them.

Just recently Donald Nicholson, who was defeated in Queens, P. E. I., was informed by wire from Ottawa that he would have a majority of 400 through the soldiers' vote. In Canada, moreover, recently the results of the deferred election in the Yukon, where Dr. Thompson, the former Conservative member, was defeated by P. T. Congdon, were confidently disclosed by those in the know, who predicted that the Government would have a majority of 120 when the soldiers' majority of 120 would be turned to a majority of 400 for Dr. Thompson when the soldiers' vote (in Canada alone) was counted. It was further predicted that the Government would have a majority of 120 when the whole work was done.

Those who predicted these things had a knowledge of the methods which were used by the Government's agents in the taking of the votes. It would seem that they knew that whole companies had been induced, through threats and bribery, to place their votes in envelopes which would be opened only in the presence of the Government's agents. In the case of Chambly, Vercheres, St. Hubert, and other places, the men were told that if they voted for the Government they would be given a special privilege, and that if they voted for the Opposition they would be punished. In the case of Chambly, Vercheres, St. Hubert, and other places, the men were told that if they voted for the Government they would be given a special privilege, and that if they voted for the Opposition they would be punished.

Plant Against Duncan Ross. Other seats to which votes were "switched" include Brome, P. Q., where A. K. MacMaster was comfortably elected. West Middlesex, where Duncan Ross has been elected, and a large number of Western seats considered doubtful prior to December 17. As widespread was the practice that the Government became alarmed, deciding a comfortable majority it decided to show of virtue might be deemed advisable. So a riding was made by W. F. O'Connor, general returning officer, in the riding of Chambly, where affidavits had undoubtedly evidence of unsolicited ballots should be discarded and cast out. This ruling, it is stated, has been confirmed by order-in-council. As a result it is believed that the 300 votes polled by Mr. Rainville were reduced to 200.

A heavy vote placed by convalescent men from the front was placed in a pretty well wiped out. The Speaker's "switched" ballots have been largely discarded. It is believed that at least 10,000 of the votes polled on this side of the water will not count in the election. If the ruling is adopted overseas a number of sanguine anticipations will be rudely shattered.

MOUNTAIN POSITION TAKEN BY ITALIANS IN SUNDAY'S BATTLE

2,600 Prisoners, 6 Cannon and 100 Machine Guns Taken.

BOTH GOVERNMENTS SHOULD CONTROL POWER COMPANIES

Municipal Electric Association Wants Two Controllers.

Federal Govt. Will Be Asked to Restore to Municipalities Control of Streets.

OTTAWA, Jan. 30.—At a meeting of the executive of the Ontario Municipal Electric Association held this afternoon, a resolution introduced by Mayor Church of Toronto, and seconded by J. W. Ligon of Guelph, was carried unanimously, expressing the opinion that the operation and control of the power companies in Ontario should be under the joint regulation and control of the Dominion and Provincial Governments, and that, in addition to Sir Henry Drayton, as power controller and representative of the Dominion Government, the Provincial Government be given a controller, in the person of Sir Adam Beck, who would have an equal voice in matters affecting the operation, control, development and distribution of these power measures.

"We have built up a great business, and we don't want it destroyed," said Mayor Church, "and we have spent our money in large contracts, and we do not want to see our business in fact, that Mackenzie & Mann influence is stronger with the Government today than it was six months ago."

Those who predicted these things had a knowledge of the methods which were used by the Government's agents in the taking of the votes. It would seem that they knew that whole companies had been induced, through threats and bribery, to place their votes in envelopes which would be opened only in the presence of the Government's agents.

C. N. R. KNIGHTS URGING BORDEN TO ASSURE RYS.

Sir Wm. Mackenzie Looking to Enlarge His Influence at Ottawa.

BECK IS IN SAME GAME Desires Nationalization of the Grand Trunk To Have Lines Electrified.

[Special to The Advertiser.] OTTAWA, Jan. 30.—The public has been led to believe that through the legislation of last session the Canadian Northern Railway System had passed forever from the Mackenzie and Mann control, and became the possession of the state. They have been informed that it only remains to fix by arbitration the value of the sixty million of stock acquired by that legislation. A board of arbitration is now sitting for that purpose.

Just what interest the Mackenzie and Mann magnates have in the system now (beyond the valuation of the stock) it is hard, under the circumstances, to understand. And yet it was noticeable to a degree which was striking that at the hearing of the delegation, which met the Government last week to protest against the increase in railway rates ordered by the railway board, the Mackenzie & Mann interests were represented by four of their most prominent officials, in the persons of Messrs. Lamb, Shaw, Philippen and Hanna.

Not the Real Explanation. The explanation given at that time by those who speculated on their presence was that an increased capacity to all the roads and an increased earning capacity meant an increased value of their capital stock. This fact, it was pointed out, would have to be taken into consideration by the arbitrators on the C.N.R. stock.

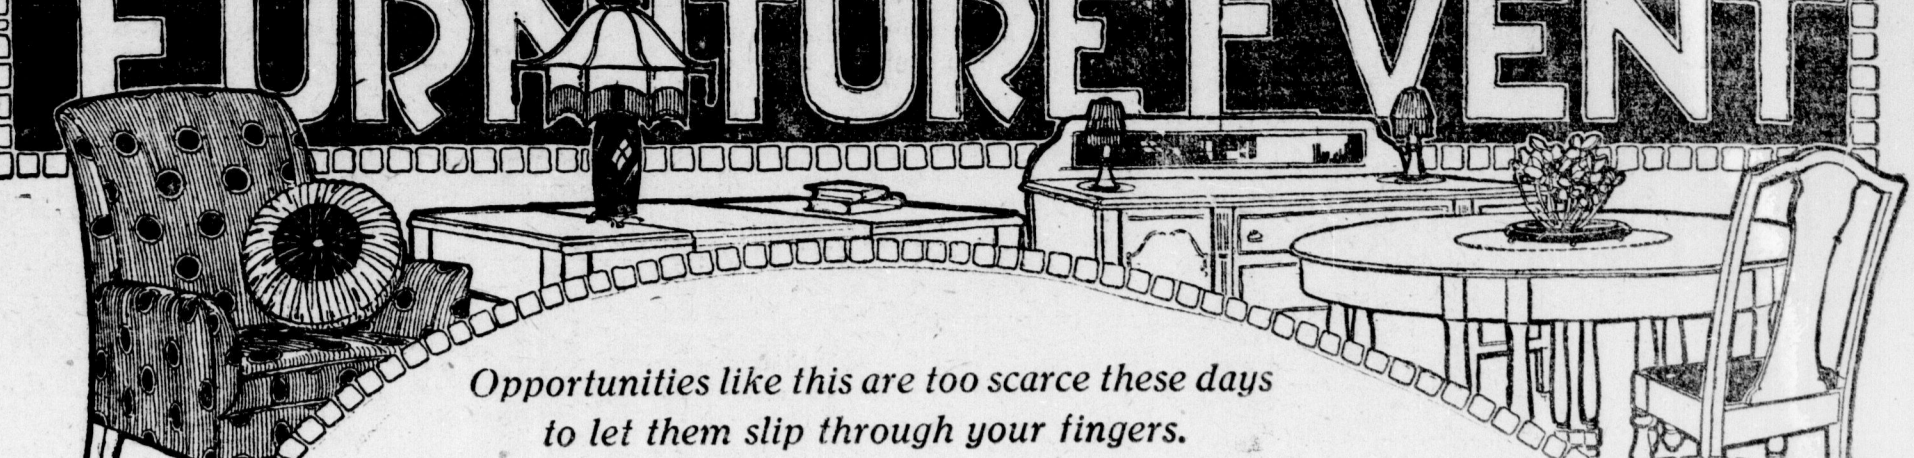

Those who predicted these things had a knowledge of the methods which were used by the Government's agents in the taking of the votes. It would seem that they knew that whole companies had been induced, through threats and bribery, to place their votes in envelopes which would be opened only in the presence of the Government's agents.

SHIP CONTROL BOARD APPOINTED IN U. S. WITH BROAD POWER

To Control All Shipping Out of American Ports.

WASHINGTON, Jan. 30.—Creation of a ship control committee, with supreme authority over American, Allied and neutral shipping out of American ports, was announced today by the shipping board. On the committee are P. A. S. Franklin of the International Mercantile Marine, chairman; H. H. Raymond, head of the Mallory and Clyde lines, and recently put in charge of shipping at New York, and Sir Cuno D. Guthrie, director of British shipping in this country.

BRITISH SOLDIERS GO DOWN SINGING ON LOST TRANSPORT DESTROYER SPLIT IN TWO

Another Ship, With 40 Nurses, Aboard, Sunk in the Same Place Next Day.

LONDON, Jan. 30.—The transport and the fleet auxiliary which were sunk early this month were the Mediterranean Sea and the Mediterranean Sea, as announced in the House of Commons last week were the Aragon and the Osmanieh.

MILLERS MUST APPLY TO FOOD CONTROLLER TO OBTAIN ANY WHEAT

WINNIPEG, Jan. 30.—In a new and drastic order issued this afternoon, the board of grain supervisors of Canada announced that in future it will control all wheat in Government terminal elevators at Port Arthur and Fort William, or that shall be received at these elevators during the period of closed navigation, on all grades upon which prices have been fixed. All of this grain will be held for the account of the Wheat Export Company.

600,000 TONS ENEMY SHIPPING NOW USED AS U. S. TRANSPORTS

American Mechanics Have Done Wonders in Repairing.

WASHINGTON, Jan. 30.—Secretary Daniels, discussing a dispatch from the American army headquarters in France regarding commandeered German ships being used to transport American troops abroad, disclosed today that between 600,000 and 700,000 tons of enemy shipping now is actively engaged in augmenting the expeditionary forces and equipment of the American army in France.

WANT 30-MILE SPEED LIMIT.

OTTAWA, Jan. 30.—The Government is requested by motorists to raise the speed limit for autos to 30 miles an hour outside of cities, towns and villages.

MUNICIPALITIES ASK FOR MANY CHANGES TO MUNICIPAL ACT

Deputation Presents Recommendations Made at the August Convention.

OTTAWA, Jan. 30.—A deputation from the Ontario Municipal Association waited on Hon. W. D. McPherson, provincial secretary, and presented the recommendations passed last August. The deputation was headed by S. H. Kent, Hamilton; K. W. McKay, St. Thomas, and representatives from Kingston, Carleton Place and Cobourg.

UNUSUAL SNOWFALL IN ESSEX DISTRICT

ESSEX, Jan. 30.—On account of the heavy fall of snow there have been no cars on the Windsor, Essex and Lake Shore Railway since yesterday. Monday and Tuesday there were several teams and a large gang of men clearing Main street of the snow, while many men volunteered to help, fearing the flooding of their basements when a thaw came.

ONT. RY. BOARD DELAYS OTTAWA'S FUEL RYD

Insists That Ratepayers First Pass on Money Bill.

OTTAWA, Jan. 30.—Despite many arguments put forward by Mayor Fisher and members of the Ottawa Board of Control to show the necessity of the establishment of a municipal fuel yard at the capital, the Ontario Railway and Municipal Board today refused to sanction the issuance of debentures for \$150,000 for this purpose until the ratepayers of Ottawa have approved the proposition. Two bylaws regarding the purchase of wood were approved.

SOME BOCHES CAPTURED BY A BRITISH PATROL

LONDON, Jan. 31.—The official statement from British headquarters in France and Belgium, issued today, reads: "Our patrol secured prisoners last night in the neighborhood of Epehy. Beyond some hostile artillery activity, the south and north of Lens again in the neighborhood of Paschendaele, there is nothing further to report."

GERMAN STRIKE

Munich Post says that Dr. Krupp von Bohlen has issued a statement to the workmen in the Krupp works, urging them "to keep steady nerves in this moment of crisis and to remember their brothers in the field."

SPREADING EVERYWHERE. Amsterdam, Jan. 31.—Both in Berlin and the provinces the strikes are spreading, according to Wednesday's edition of the Kosische Volks Zeitung, which reports that representatives of labor in the various cities in the industrial area expected to meet in Berlin on Tuesday. Agitation for a general strike in Munich is said to have gained a stormy impetus, but the movement is confined to Nuremberg and Puerth, the largest manufacturing towns in Bavaria. The newspaper says the demand of the fatherland party for the continuation of the war and the bad food supply in the towns were the reasons for the strike at several meetings.

STRIKES SPREADING TO ALL PARTS OF GERMANY.

London, Jan. 30.—Nearly 500,000 persons are already on strike in Berlin, and the various cities in the industrial area expected to meet in Berlin on Tuesday. Agitation for a general strike in Munich is said to have gained a stormy impetus, but the movement is confined to Nuremberg and Puerth, the largest manufacturing towns in Bavaria. The newspaper says the demand of the fatherland party for the continuation of the war and the bad food supply in the towns were the reasons for the strike at several meetings.

A large part of the country is in the throes of a general strike, and the workers in the industrial areas are expected to meet in Berlin on Tuesday. Agitation for a general strike in Munich is said to have gained a stormy impetus, but the movement is confined to Nuremberg and Puerth, the largest manufacturing towns in Bavaria. The newspaper says the demand of the fatherland party for the continuation of the war and the bad food supply in the towns were the reasons for the strike at several meetings.

Leaders of the Socialists—both of the independent and the majority factions—evidently are in control of the movement, and for their parts a number of the independent factions have been imprisoned. Hugo Haase of the independents, and Philipp Scheidemann, the majority Socialist leader, are the chief spokesmen, are heading their respective followers. Advice received by way of Switzerland is to the effect that the independent Socialists have delivered an ultimatum to the Government, demanding the conclusion of a general peace without annexations or annexations, participation by the industrial sections of the north, and the publication of the food situation, amelioration of the food situation, the release of all political prisoners, and the holding of equal electoral suffrage by direct secret ballot.

Strikers Form Committee. The Berlin correspondent of the Politiken of Copenhagen reports that the strikers in Germany are organized in a "action committee" of five hundred, with an "action committee" of ten men and twenty women, including the majority Socialist leader, Philipp Scheidemann, the majority Socialist leader, and Hugo Haase of the independents, and Philip Scheidemann, the majority Socialist leader, are the chief spokesmen, are heading their respective followers. Advice received by way of Switzerland is to the effect that the independent Socialists have delivered an ultimatum to the Government, demanding the conclusion of a general peace without annexations or annexations, participation by the industrial sections of the north, and the publication of the food situation, amelioration of the food situation, the release of all political prisoners, and the holding of equal electoral suffrage by direct secret ballot.

Consists Minister of War. The result of Herr Keiser's declaration is not yet known. The reports, but it quotes the Lokal Anzeiger as stating that important negotiations are occurring between Herr Keiser and Herr von Stein, the Prussian minister of war.

JUST "HOLIDAY STRIKE?" AMSTERDAM, Jan. 30.—The Berlin correspondent of the Telegraaf sends the following: "Not a sign of the strike can be observed in the Berlin streets. The general impression is that the strike is a holiday strike, which it is said will be limited to four days."

The correspondent noted the impression at a meeting he attended that the strikers regard it more as a change after heavy work, and it is not a violent character. The workers gather at places, where they are dispersed, "side streets, where they are dispersed."

KAISER'S SOLDIERS FIRE ON STRIKERS IN BERLIN SUBURB

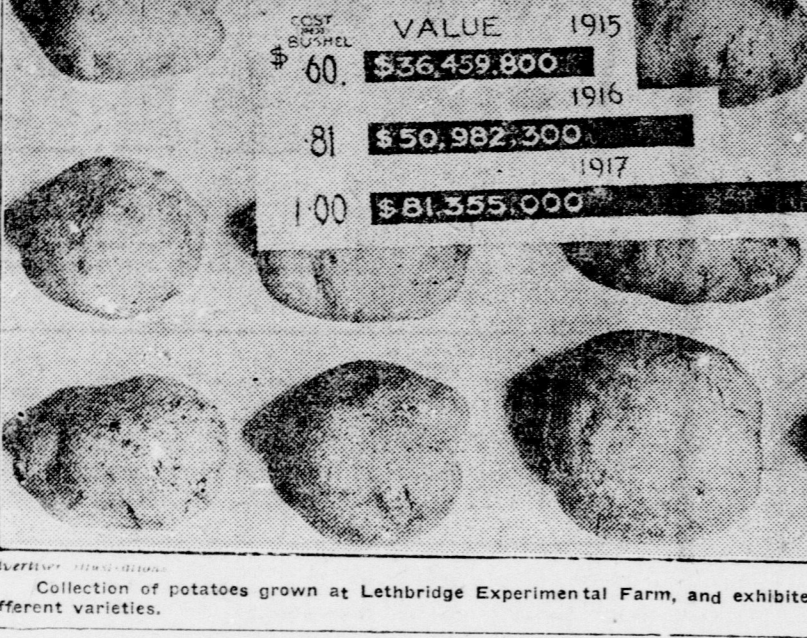

Geneva Reports Fatal Clashes at the German Capital. London, Jan. 31.—A dispatch to the Daily Express from Geneva reports that there have been clashes between soldiers and strikers in the suburbs of Berlin, in which several strikers were killed. The dispatch adds that the troops in some instances refused to fire on the strikers.

BERLIN STRIKERS ADDRESS ULTIMATUM TO GOVERNMENT DEMANDING GENERAL PEACE

ZURICH, Switzerland, Jan. 30.—The Socialist paper Vorwaerts announces that the Berlin strikers have now become more numerous and threatening. They have addressed an ultimatum, of which the following are the principal demands: First—Accelerated conclusion of a general peace without indemnities or annexations. Second—Participation of workmen's delegates of all the countries in the peace negotiations. Third—Amelioration of the food situation by better distribution. Fourth—Immediate abolition of the state of siege and restoration of the right of public meeting, suspended by the military authorities. Fifth—Abolition of militarization of the military authorities. Sixth—Immediate release of all political prisoners. Seventh—Fundamental democratization of state institutions. Eighth—The institution of equal electoral suffrage by direct secret ballot.

STRIKE IN WARSAW IN PROTEST AGAINST GERMAN DICTATION

Petrograd Denounces Kuehlmann's Intentions. ST. THOMAS, Jan. 30.—Thomas Stacey, one of the oldest and best-known residents of this city, died at his residence, 41 Curtis street, shortly before midnight, following an illness of only a few days. He was in his 81st year, and until retiring a few years ago was engaged in the hardware business. He came to St. Thomas when a bride was a prominent member of the First Methodist Church. He is survived by a large family, among them being the Major George Stacey, formerly of the 51st Battalion, on active service with the 25th Eln Regiment, who are in London. The latter formerly resided in London.

THOMAS STACEY IS DEAD AT ST. THOMAS

British newspaper correspondents in Holland are uncertain whether the strike movement is real or manufactured. On says that the Government is behind it in the hope that it will affect the Entente. While another believes that the Government desires to use the movement to break off the negotiations with Russia. The Swiss frontier has been closed, and the German Government has been closed, and the German Government has been closed.

German's Mad Diplomat

British merchant vessel losses for the past week show an increase over the two previous weeks. The current report of the British admiralty says that fifteen ships, including nine of more than 1,000 tons, were destroyed. In each of the previous two weeks eight ships were lost, and in each of the first two reports made in January, 21 merchantmen were sunk. The ruthless U-boat warfare continues upon its second year tomorrow without let having accomplished its announced purpose—ending the war. German airmen have turned their attention from London to Paris, Wednesday night the French capital was raided by enemy airplanes for the first time in more than six months. The loss of some lives and damage to property is reported, but full details are lacking.

KENTUCKY MAY GO DRY IN SUMMER OF 1920

Frankfort, Ky., Jan. 31.—The state-wide prohibition bill, a senate measure submitting the question to a vote of the people in November, 1919, passed the House of the Kentucky Legislature yesterday 76 to 11. If the voters ratify the measure, prohibition in Kentucky will become effective July 1, 1920.

SOUTHERN TRAINS CRASH. Roanoke, Va., Jan. 31.—Four trainmen were killed and a number of passengers injured, and a number of passengers badly shaken up in a head-on collision last night between a passenger train and a freight train on the Norfolk and Western freight line.

FOOD BOSS CHARGES FISH DEALERS ARE HAMPERING USE OF PLENTIFUL SEA FOOD

Ample Supply at Reasonable Prices Can Be Had, Thompson Announces.

Ottawa, Jan. 31.—The campaign for increasing consumption of fish in Canada is being seriously hampered in many places by the indifference or lack of enthusiasm on the part of dealers. The food controller said today that under the arrangements made by his office to assist in prompt distribution of Atlantic fish to markets in Eastern and Central Canada, the public has been able to secure an ample supply at reasonable prices. If the retailers were doing their part, he added, that fish merchants would have no difficulty in obtaining moderately protected Atlantic fish if they would take the trouble to order supplies from licensed wholesale dealers.

MEWBURN SAYS 'PULL' WILL MEAN NOTHING IN ARMY PROMOTIONS

Attempts to Use "Influence" Will Only Injure Applicant's Case. Montreal, Jan. 31.—Orders were yesterday received by Major-Gen. E. W. Wilson from Gen. C. Mewburn, military secretary, in connection with applications for promotion, appointments of any kind, or other military matters. The gist of the orders was that the use of "pull" or "influence" in connection with military appointments would be considered as a serious offense. The military command was concerned. The gist of the orders was that the use of "pull" or "influence" in connection with military appointments would be considered as a serious offense.

ANCHOR-DONALDSON AND CUNARD LINES ARRANGE A MERGER

British and Canadian Trade Under One Management. Montreal, Jan. 31.—Announcement of a steamship merger that may mean a great deal to the development of British and Canadian after-the-war trade was made yesterday at the Montreal office of the Cunard Line. The Anchor, Donaldson and the Anchor-Donaldson Lines were merged into one management on January 1. They will be operated, so far as their Canadian business is concerned, as one management under the name of the Anchor-Donaldson Line.

The capture of the claims of Kerch, in the Crimea, is said to be the work of the Bolsheviks. The capture of the claims of Kerch, in the Crimea, is said to be the work of the Bolsheviks. The capture of the claims of Kerch, in the Crimea, is said to be the work of the Bolsheviks.

MILITARY NOTES

Capt. Clarence A. Seyforth has been appointed to the Army Medical Corps' Training Depot, No. 1, camp orders, and the medical boards of this depot. Capt. David C. Wilson of the Army Medical Corps is to be employed in connection with the medical boards of this depot. Capt. David C. Wilson of the Army Medical Corps is to be employed in connection with the medical boards of this depot.

Financial, Market and Commercial Section

LIVE STOCK AND GRAIN ARE ACTIVE

Little Else, However, Offered On Local Market. Trading continued active in grain and live stock on the market, the drop in pork prices quoted on Wednesday was maintained, but a few hours, as the price jumped slightly shortly after the drop was registered.

Grain and fodder are unchanged. Thirty-three loads of hay appeared on the market on Wednesday. No change in price was recorded, as the demand is not brisk, although all loads were sold readily. Barley and wheat are scarce and in poor demand.

Butter appears to be easing up considerably. Although prices are unchanged, the quality offered has been larger in the past three days than at any time during the week. Freshly laid eggs are rare, but sold at 60c a dozen when offered.

Wool, unwashed, lb., 50 to 50. Wool, washed, lb., 60 to 62. Hides, skins and wool are unchanged.

STANDARD STOCK AND MINING. (Special to The Advertiser) Toronto, Jan. 31.—Morning sales: Borden, 2000 at 17 1/2; Davidson, 500 at 3 1/4; 1000 at 2 3/4; 1900 at 3 1/4; 2000 at 3 1/4; 3000 at 3 1/4; 4000 at 3 1/4; 5000 at 3 1/4; 6000 at 3 1/4; 7000 at 3 1/4; 8000 at 3 1/4; 9000 at 3 1/4; 10000 at 3 1/4.

COAL FIRM DEFIES CIVIC AUTHORITIES; FIGHT THREATENED

BRANTFORD, Jan. 30.—A local firm of coal dealers has defied the civic authorities and announced today that no coal would be sold to the city people under the civic restrictions, but that all would be disposed of to farmers who have been hitherto shut off from local supplies. An interesting legal fight is threatened. The fixing of the price at \$10 per ton is objected to as well as other restrictions by the Walsh Coal Company, which has refused to comply with further mandates from the civic committee.

APPEAL FOR DEADSET ON PACIFIC CANDIDATES

U. S. League for National Unity Considers Next Congress. NEW YORK, Jan. 29.—Declaring that every member of the next Congress, whatever his views on domestic questions, must be a "war-till-victory" American, the executive council of the League for National Unity in 1918, once here today issued an appeal to the voters of the United States to support the Government and to defeat every pacifist and pro-German candidate. Samuel Gompers presided at the meeting.

EX-MAYOR HENRY DIES AT BRANTFORD

BRANTFORD, Jan. 30.—Robt. Henry, three times mayor of Brantford, and victor in the 1906 parliamentary election in 1896 against Hon. William Windor, died here today in his 74th year, after a two years' residence in Windsor, where he was Dominion representative of the Maple Leaf Cannery. Mr. Henry returned to Brantford a month ago. He was mayor of Brantford in 1878-79 and in 1887. He was elected M. P. for South Brant in 1896, was later unseated for corrupt practice in the part of an agent, and was defeated in 1898 by Charles Grant. He contested for parliament was in 1899 against T. H. Preston. He was twice elected mayor of Brantford, and once in 1906. He was married and had a son, and a daughter, Maude, survive.

SPREADS UNCHANGED; DEMAND NOT STRONG

Cash Oats Comparatively Quiet at Winnipeg. Winnipeg, Jan. 30.—There was little change in the cash oats situation today. The demand was not strong. Offerings were light except spreads unchanged. Demand for cash barley continues very strong. The demand for cash flax is fair, with prices remaining fairly steady. Oats futures closed 5c higher for May and July. May closed at 87 1/2, which was a new record. Barley closed 2 1/2c higher for January, and 2 1/4c for May. Futures ranged as follows: Oats—(Old) Open. High. Low. Close. May 87 1/2 87 1/2 87 1/2 87 1/2. Oats—(New) Open. High. Low. Close. May 86 1/2 86 1/2 86 1/2 86 1/2. May 84 1/2 84 1/2 84 1/2 84 1/2. Jan. 155 157 157 157. Jan. 32 1/2 32 1/2 32 1/2 32 1/2. May 32 1/2 32 1/2 32 1/2 32 1/2. Oats—No. 2 C.W. 90c; No. 3 C.W. 84c; extra No. 1 feed, 84c; No. 1 fed, 81c; No. 2 feed, 77c.

DIRECTOR OF THE WRENS

Chicago, Jan. 31.—Opening: Corn—March, 27 1/2; May, 27 1/2. Oats—March, 8 1/2; May, 8 1/2. Chicago, Jan. 31.—Adverse weather conditions today tended to strengthen corn prices, but the effect was largely offset by reports of an increased supply of empty cars and by announcements of empty cars and by announcements of empty cars and by announcements of empty cars.
