Judgment of the Ontario railway board against the city in the fares case presents an absorbing mystery over notorious bylaw \$16. Validity of the agreement is questioned in som circles, though the city is cortinuing its fight for lower fares. Precedent set by the verdict against return to low fares may have a sharp re-action against other tenets of the old agreement and cause the abandon-

ment of the entire bylaw.

Tonight City Solicitor T. G. Meredith will submit a report to No. 1 committee of the council. He will present the verdict of the railway board against return to low fares, and will also ask that his move for an appeal be upheld. A long legal battle is anticipated should an ap-peal be made by the city of London. Loss of the fares case may mean the invalidating of the entire agreement with the street railway company. Though some phases of the case have been clarified, new angles have been put on the tangle, which makes it all the more complicated.

For the moment the city of London has a climate healthier for the male of the past three years toppled than for the shingled sex. London's male population was diminished by only 36 people through death during June, one of the hundreds, but before noon, the sun reigned in a flawless sky and the crowds began to flock into Port. From then on, thousands toasted to Canada's 58th birthday in an endless death during June, one of the smallest monthly figures on record. There were 43 female deaths. The total death record fell away considerably, for the average in London is approximately 100 a month. There were 98 deaths in June a year ago. There were 74 male births, with only 52 new female babies. There were 94 marriages during the month round of fun and frolic. Attractions at the port were never so varied. That was the triumphant achievement of May Wirth, somersaulting equestrienne of the Ringling Brothers and Barnum & Bailey circus, who accomplishes the phenomenal feat of leaping from the ground to the bare back of her flying steed, with her feet encased in 18-inch baskets. And then, standing erect, the little rider maintains her poise, still basket-bound,

while her horse gallops as fast as he can go. It was a matter of professional conscience, as well as personal pride, that impelled Miss Wirth to accomplish this feat. She simply made up her mind to do it, and she stuck stubbornly until she succeeded. In the same pirit, a virtuoso like Paderewski or an inventor like Edison attains

the seemingly impossible. It is but natural that May Wirth should have risen to fame as the upreme equestrienne of the day. By descent, she belongs to the royal race of the sawdust arena. Her father was a famous rider, her maternal grandfather was one of the first bareback riders, and her great-uncle lived to hold the monopoly of the circus in Australia for half a century. Kinsfolk and connections of the Wirth family are still flourishing in the Antipodes.

There are more than seventy expert equestrians with the greatest show on earth this season. Native-born and European riders who have perfected their art to the highest degree will be found enrolled on the circus roster. The Rieffenach sisters, the Ernestos, the Wirth family, Madame Ella Bradna, the Clarks and George Hanneford family are among the international celebrities that will be seen here next Monday, July 6.

ALD. SMITH MAY SEEK MAYORALTY

Hot Weather Brings Speculation As To Prospects of Municipal Battle.

The municipal political pot, characterized by inaction for the past six months, shows signs of being brought to a potent simmer. Happenings of elected bodies during the first half of their present terms have much to do with talk of the coming city elections and not a few candidates have been urged to prepare for the

Federal election talk has, for the moment, been obscured by the mist of municipal election gossip. Beatification of Jesuit Martyrs; Slaps Famous Prima Donna's Face

Scene when 5,000 pilgrims assembled recently at old Fort Sainte Marie, near Midland, to witness the unveiling of a monument to Fathers Jean de Brebeuf and Gabriel Lalemant, the two Jesuit fathers who were tortured and slain by the Iroquois in 1649,

and whose bodies were later interred at this spot. Simultaneously in Rome, the Pope was presiding at an impressive ceremony for the beatification of these two heroes and six of their co-workers—these eight being the first representatives of North America ever to be so honored. Beatification

is normally the first step toward elevation to the calendar of saints. In the above illustration are seen on the left the great crowds of pilgrims surrounding the stand where low mass was sung. This temporary shrine is believed to occupy the approximate spot where the Jesuit fathers and their Huron charges were

PENALTY ONE STROKE U.S.G.A. Rule

If a player's ball moves when he lifts loose impediments within a few inches of the ball, is he penalized? By WILLIE OGG

LONDONER PROVIDES GOLF SENSATION.

Ross Somerville has had no luck in the golf draws this year, but is fighting his way gamely through the worst that the pairings can hand him. Yesterday he was asked to meet Marston, the U.S. amateur, and won out after a sensational struggle. Today he must meet Stanley Thompson, the last of the famous Thompson brothers left in the dominion, to qualify for the finals. Both Marston and Thompson were considered finalists on form. and the Londoner will have made a wonderful showing even if he meets defeat today. Last year Somerville lost out in the finals. To get there he was called upon to defeat Upson, the California star, in the semi-finals by 4 and 3, after being 3 down at the end of the 18th hole

Guelph, July 1.—After holding the Galt Terriers to four hits in eight innings, and with the Leafs leading 5 to 3 going into ninth. Guy Pool. Guelph's young right-hander, staged a blow-up in the last frame, hitting two batsmen, allowing Friendy Graham to slam out a triple and walking another. The three gifts, coupled with Graham's timely clout, started the McWhirteritos on a rally which netted them. six runs and incidentally gave them the game 9 to 7.

After Pool weakened, Lefty Goyer went in with two men on and the score fied in an attempt to save the situation, but before he could retire the side the damage was done. The Leafs made a brave attempt to recover lost ground by batting in two runs in their half of the ninth, but with the two runners in and one on, Friendy Graham purposely and one on, Friendy Graham purposely passed Pequegnat and retired Jim O'Connor and Nunan in succession.

SCHOOL ATHLETICS. The intentions of the Ontario athletic commission regarding school athletics sound good as long as the intention to centralize control in Toronto is not behind the idea. The initiative for the formation of other associations modeled after the Wossa and for bringing these associations into provincial competition should come from the Ontario commission, but thereafter a provincial executive for secondary schools should be formed.

The Ontario commission, however, has shown remarkably good judgment in everything that it has undertaken, and its zeal in the promotion of school athletics undoubtedly marks a new era for track and field events in Ontario. The tours of Walter Knox with his motion pictures of athletes in action have been of immense value, especially as they have made up in a measure for the lack of coaching with which small schools are always handicapped.

An entirely new set of slow motion pictures has been taken of Ontario's best athletes, girls and boys, and these will be shown through the schools. They run the whole gamut of track and field.

* * * * THE ROSIN BALL.

Until Saturday afternoon it was generally conceded around the Michigan-Ontario baseball league that Frenchie Lahaie was undoubtedly the best right-handed pitcher in the circuit. Players on every club in the league had the utmost respect for Lahaie's pitching talents. He had invited the inspection of his pitching by major league scouts because he seemed to be ready for higher company. But today the Bay City ace is on the down grade. No longer does this wholesome respect for a good player hold true. Lahaie has damaged his reputation at least temporarily. How well he can recover from the effects depends on how he conducts himself in the future and how well he pitches. on how he conducts himself in the future, and how well he pitches naturally. There is belief that Lahaie was told to use rosin. If so, the name of the man or men remains a secret. Lahaie said he would not give out any information.

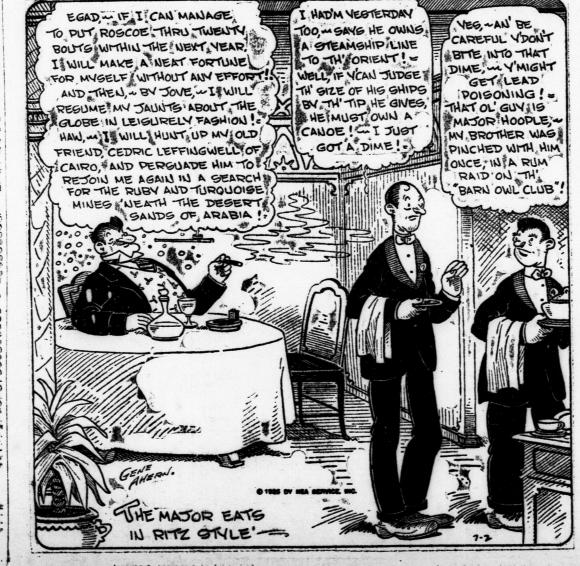

Lahaie was caught cheating in the second game of Saturday's double-header against the Flint Vehics. He was found applying rosin to the balls. This is a distinct violation of playing rules, and he has been punished by suspension lasting ten days, or longer, plus a fine of \$100.

THE MIRACLE MAN.

Bobby Ebor may never be King of the Bantams, but he is certainly King of the Come-Backs. He is the living denial to that old cry "they never come back." Ebor has come back oftener and farther than any known fighter, and some of them have come back from dawdling around the edge of the grave. He not only came back, but came back fighting harder than he did as champion. Had he only shown his old powder puff style of hitting and but flashes of his old cleverness it would have seemed miraculous, but he came back to give Mayberry, the champion the worst pounding he has received, and to show all his old instinct and cleverness as if he had taken but a short trip off the path, instead of apparently having lost the trail altogether. Not many months ago, Ebor, "The Human Sponge," weighed 150 pounds. "He's down and out for good this time," thought the fans. Yet Monday night at Hamilton he back at 120-pound fighting trim and he wasn't any dancing ghost

Ontario Hospital and St. George's Win Local Games.

Woodstock, July 1.—In an interesting
game of cricket here today, the Galt

HOSPITAL WINS.

Ontario Hospital continued its run of wins yesterday, this time at the expense of the C. N. R. by a score of 126 for 6 wickets, declared to 62. Withing the toss, the Railroaders put the Hospital in. The latter opened their liming with May and Jeffereys to the attack of Mitchell and Green. Runs came stuckly, 20 being on the board before Jeffereys fell a victim to Green. Steady batting and hard hitting followed and they finally declared their innings closed with a score of 136 for 6. Disaster soon overtook the C. N. R. two of their wickets falling without a run being scored. The following men played better cricket and the side was finally retired for 62. Jim May and Bill Marsden were top scorers for the Hospital, with 32 and 27, respectively, while Balch had the honor for the C. N. R. with 14. The Hospital had the satisfaction of stopping Widdicombe's run of not outs.

In an exhibition game at Westminster the St. George's club beat the Hospital by 4 wickets. Batting first, the medicos scored 48 runs to which St. Georges replied with 42. Batting for the second time Westminster added a further 21. It looked a fairly safe score, but the Englishmen ran up the very respectable count of 90 for 6 wickets to win a very interesting game. Squires of St. Georges distinguished himself by doing the hat trick. ST, GEORGES WIN.

THREE ARE INJURED **AS CAR HITS TREE**

John and George Coleman Sustain Fractured Skulls in Crash.

Special to The Advertiser.
Ingersoll, July 1.—Crashing into a tree after suddenly leaving the provincial highway, about three and a half miles east of here early this morning, a large truck was wrecked and its three occupants, John A. Coleman, aged 20 of Oshawa, the owner his brother, Geo. Coleman, aged 16 of Woodstock and his brother-in-law: Harry Nettleton, aged 20, also of Woodstock, received serious injuries. The men were brought to Alexander hospital here, and it was found that the Coleman brothers have fractured skulls and their condition is serious Nettleton was pinned between the wreckage of the truck and a tree and his right leg was badly fractured below the knee. The truck was very badly smashed. Chief Holmes, with highway Cfficer Lucas, had the injured men removed to the hospital. Nettleton was driving when the accident occurred and is supposed to have been overcome by sleep after an all-night run from Windsor, and in previous through Woodstok, nicked passing through Woodstock picked up his brother and his brother-in-law. In view of the extent of the damage to the heavy truck it seems miraculous Late tonight the Coleman brothers were still unconscious, while Nettle-ton is in a semi-conscious condition.

FIRMS SEEK TO BETTER BEEF CATTLE INDUSTRY

Heads of Big Meat Companies Hold Conference at Toronto.

Canadian Press Despatch.

Ontario Legislature and the heads of the big meat companies, with the of improving the beef cattle

Dr. Jamieson, M.L.A., chairman of the committee, suggested at the conference the erection of a slaughtering plant at Halifax to give Cana-dian producers an opportunity to get into the British meat market. Others at the conference saw difficulty in

such procedure, including the con-tinuity of a beef supply, the right illing process and the development of a place for Canadam chilled beef in Britain. It was pointed out that this trade is held securely by the Argentine, and that their hold would

be hard to shake. The meat packers, however, agreed that the cattle industry must be improved, even if it is handicapped by high freight rates and the gradual disappearance of the cattle ranges in the West.

Carl Private Breaks Strathroy Track Mark in 2:09 3-4 Drive.

Special to The Advertiser.

Special to The Advertiser.

Strathroy, July 1.—The harness races were easily the best ever held at Exhibition park, and featured Strathroy's big Dominion Day celebration. Carl Private, an unmarked pacer, owned by A. Waize, Cathcart, pacing the first heat of the 2:19 pace, established a track record of 2:09%, with the last half in 1:03, which is the fastest mile done in Canada this season, and probably the fastest ever done in Canada in a 2:19 class.

Carl Private's record mile was made in a driving finish with Freddle C., which horse also stepped in record time, Neither horse had enough to go on and win the race after this stellar mile, and had to give place to Bonnie Unko, who took a mark of 2:16½ to win.

Three Grattan colts made a real race of the 2:30 class, with the money going to Dexter Grattan, owned by A. Sheard, Weston, together with a mark of 2:16½. Attico took the 2:35 class from Joe Chimes in three straight heats.

PRINTED CREPES IN LARGE SIZES

Our new arrivals in Printed Crepes include just these slenderizing models for the larger figure. Straight line dresses with touches of georgette, others with godets or pleating at the bottom; sizes 42 to 46. Prices. \$29.00 to \$35.00

RAYON SILK DRESSES

These dresses combine style with utility and make an ideal freck for summer wear.

A number of Rayon Dresses, also with the long, graceful lines. The greater number are in black, straight lines (plain back), which helps to give that flat appearance. While the front shows panels and the new deep V neckline. Some have inserts of color in the cloth tones; elbow length sleeves are to be seen on the majority of the models; sizes 42 to 46.
