SOCIETY

Mrs. Wm. Ball gave a five o'clock tea Friday afternoon.

Mrs. J. W. Wilson entertained very pleasantly Saturday afternoon.

Miss Bell is the guest of her brother, Edwin Bell, Esq., Victoria Ave.

Judge Bell and Miss Bell, Stanley Ave., entertained at dinner Friday evening.

Mrs. (Dr.) Galbraith, Dresden, is the guest of Mrs. William Gordon, King St. West.

Miss Bogart, Cross street, was the charming hostess at a five o'clock tea Wednesday afternoon.

Mr. Frank Bogart is the youngest brother of Mr. J. H. Bogart, and was formerly a resident of this city.

Miss Gertrude Hollnake gave a studio party to her friends Tuesday evening, at which Mrs. A. D. Westman was chaperone.

Mrs. Charles Kellar, William street, gave an evening of progressive euchre on Thursday. It was a most enjoyable affair.

Mrs. J. G. Kerr entertained a large number of friends last Wednesday afternoon. Bridge whist provided excellent entertainment for her many guests.

Mrs. Norman Lorne McLeod will hold her post nuptial reception at her home, McGregor St., Blenheim, on Tuesday afternoon, November 20th.

The Misses Tackaberry gave an evening of progressive euchre yesterday. There were six tables, and the evening was one of splendid enjoyment.

Mrs. John Northwood, William street, gave a delightful thimble party on Thursday afternoon. There were a large number of guests, and the coveted prize was won by Mrs. Gundy, whose work was considered worthy of first place.

Mrs. Herbert H. Malcolmson, Cross St., gave a small bridge party yesterday afternoon. The prizes were won by Mrs. Elwin Bell, Mrs. J. B. Rankin and Mrs. W. A. Hadley.

Mrs. J. M. Pike gave a very enjoyable musicale on Saturday last for her daughters, Mrs. Gray and Mrs. Eckhardt, of St. Catharines. The affair was attended by a very large number of guests, and everyone thoroughly enjoyed the entertainment provided. Solos were rendered by Mrs. Cooper, Mrs. Bogart and Miss Dolson. Miss McKay, of Fort Wayne, Ind., gave five recitations. Mrs. McKay is visiting Mrs. Mills, and she is one of the best elocutionists ever heard in the Maple City. Cossilian music also was given, Mrs. Gray presiding at the instrument. Tea was served.

Mrs. George G. Taylor, William St., held her post nuptial reception on Friday afternoon, at her home, William St. The bride was handsomely gowned in her wedding dress of cream lace over tulle, and was assisted by Miss Queenie Taylor, who looked charming in cream satin. Mrs. Landon, sister of the bride, presided in the tea room, where dainty refreshments were served.

On Wednesday Mrs. J. M. Pike gave an afternoon euchre party. It was a very unique affair. Each lady was given a bracelet from which were hung ten little bells. The ones who lost were obliged to surrender one of their bells, and at the end of the set, the one in possession of the largest number of bells won the prize. Mrs. Ed. Northwood was the fortunate one. The points for lone hands were counted with miniature colored dolls. The prize was won by Mrs. Charlotte Ryan. This affair was given for Mrs. Pike's two daughters from St. Catharines.

BROWN-BALL.

From Our Own Correspondent.
Dresden, Nov. 15.—On Wednesday, Nov. 15th, a very pretty event took place in the Dresden Methodist church, when Mrs. Alvira Ball and Mr. Sidney Brown were united in marriage. The church was beautifully decorated with palms and white chrysanthemums for the occasion. The ceremony was performed by the Rev. J. C. Langford in the presence of a number of guests and a large number of townspeople.

At two o'clock to the strains of Lombardi's bridal chorus, played by Miss Eva Aikin, the bride entered the church on the arm of her eldest brother. She was preceded by little Harold Yorston, of Chatham, who

acted as page, and was attended by her sister, Miss Martha Bell. The groom was supported by his brother, Lamont Brown.

The bride's gown was of white silk and she wore an embroidered veil and carried white carnations. The bridesmaid wore cream tulle and carried white flowers.

After the ceremony the bridal party went to the home of Mr. and Mrs. Alex. McClure, where a dainty repast was served. Mr. and Mrs. Brown left on the evening train for points east. The bride's going away gown was of green broadcloth with hat to match.

BOGART-BAUR.

One of the prettiest of the season's home weddings was that of Miss Blanche Baur and Mr. Frank Bogart. The ceremony was performed at six o'clock Thursday evening at the home of the bride, corner of Eighth and Walnut streets, in the presence of eighteen guests, including only immediate relatives. The house was a bower of chrysanthemums, bride's roses and southern smilax. In the reception hall tall palm trees were used. The chandeliers were festooned with smilax and the lights included shaded. White tapers burned unhooded in cathedral candelabra, and tall brass cathedral urns were filled with chrysanthemums.

There were no attendants and no music. The wedding was very simple, owing to the recent death of the bride's brother. The bride wore a robe of white satin and duchess lace, entraine, high neck and elbow sleeves. She carried a shower bouquet of bride's roses with ties of tulle. Her only jewel was a diamond studded brooch, the groom's gift.

Immediately following the ceremony a nuptial dinner was served. The bride's gifts were shown in the west parlor. Among many congratulatory messages was a cablegram from Miss Elizabeth Hunter, who is in Paris with her brother, Robert Hunter, and family.

Mr. and Mrs. Bogart left at 9:30 o'clock for New York, Washington and points in Virginia. On their return they will spend a week in Chicago, and from there they will go to Denver and Salt Lake City. They will live in Helena, Mont., where Mr. Bogart has banking interests. The bride is the youngest daughter of Mrs. Katherine Baur and completed her education at the University of Chicago. Her travelling costume was a tailcoat in broadcloth in leather touches with all accessories to harmonize.—Terre Haute Star.

The Great Polish Pianist, who is touring Canada with Watkin Mills, appreciates the New Scale Williams Piano

The following letter from Mr. Eduard Parlovitz at Winnipeg is expressive of the great artist's appreciation of Canada's greatest Piano.

Just a few lines to express my appreciation of the New Scale Williams Upright used for the accompaniments at the Watkin Mills Concert. It is a very fine piano with noble tone and excellent touch, being resonant and equal throughout. I remain, dear sirs,

Yours truly,

ANY INEXPERIENCED PERSON CAN DYE SUCCESSFULLY WITH

DIAMOND DYES

There are no mysteries about the use and handling of DIAMOND DYES. The directions given on each package are so concise and simple that the dyeing of a dress, costume, blouse, jacket or suit of clothes is made easy and pleasant work. We are aware of the fact that some ladies are badly disappointed after a trial of dyeing work. The reason is obvious; they unfortunately have used some make of worthless dyes fastened on them by some unscrupulous dealer.

A child that can read, can dye any article successfully with DIAMOND DYES. These world-famed dyes are put up by experienced chemists, which accounts for their uniformity in quality, strength and brilliancy. When you buy DIAMOND DYES you get the world's best dyes. Send to Wells & Richardson Co., Limited, 200 Mountain street, Montreal, P. Q., for valuable Dye Book and Card of Dyed Samples; free to any address.

RALLY OF W. C. T. U.

Special Correspondence From The Big Convention Now Being Held In London

London, Nov. 15.—The evening meeting in connection with the W. C. T. U. convention was held in the Y. M. C. A. auditorium under the auspices of the Y. M. C. A. and W. C. T. U. The speaker was Mr. Melvin Trotter, of Grand Rapids, Mich., who conducts in that city the largest rescue mission in the world. Mr. Trotter is a speaker somewhat after the style of the late evangelist, Sam Jones. He announced himself as an example of the saving grace of God, for a few years ago he was one of the outcasts of society, a drunken, degraded outcast on the streets of Chicago, trying to get enough to eat and his wretched existence. He was converted in a little mission in Chicago and since then has spent his time trying to save others. The auditorium was crowded and several raised their hands in response to an appeal for those who were unconverted and wished for the prayers of the workers to make it known by lifted hand. Mr. Wilson, secretary of the Y. M. C. A., led the singing and Mrs. (Rev.) Ida Harrison presided. With the officers on the platform was Miss Jamieson, of Rochester, N. Y., state evangelist for the W. C. T. U. Thursday forenoon was taken up by the election of officers, resulting in the re-election of all the officers: President, Mrs. S. G. McKee, Harris; vice-president, Mrs. May R. Thornley, London; corresponding secretary, Mrs. Flora Yorks Miller, London; recording secretary, Mrs. M. M. Irwin, Weston; treasurer, Mrs. Annie L. Drifton, Gannaque, Mass. Harris, Toronto, was elected secretary.

In the afternoon Mrs. Winnie Doyle, of Owen Sound, spoke on the local option campaign, and Mrs. Mary Fouts, of Calumet, Mich., gave an address on purity. Mrs. Teats is an excellent speaker and her address was educational and much appreciated by the audience. Mrs. Teats had years of experience in rescue work before entering upon the line of work in which she is now engaged. Rev. Mr. Livingston, of the Central Methodist church, was introduced and gave a short address. Miss Jamieson, of Rochester, N. Y., gave a bright address, giving some pointers for the "Y's," which she said she had picked up in her experience as Y. president, and also some notes she had taken from the work of the young women in England and in Dublin, Ireland, and which she thought good enough to pass on. Some department reports were read and adopted, one being press work. Conferences on various subjects, juvenile work, model centers, work, anti-cigarette department, etc., are held during the two hours of adjournment at noon, so the days are very full for the delegates.

WILD CAT KILLED

While hunting rabbits near Belle River, a few miles from Windsor, John Martin, a school keeper of Detroit, shot and killed a wild cat of extraordinary size. His dog first scented the animal and brought him to bay. The cat gave a long leap over the head of one of Martin's two companions. The dog chased it up a tree, into which Martin fired.

The first shot struck the cat between the eyes and killed it instantly. Dead, it still clung to the tree, however, and one of the party had to climb up and disengage it. For weeks the wild cat has been committing depredations in the vicinity of Belle River. It has boldly entered farmers' hog pens and hen coops and killed pigs and chickens. Residents of the vicinity say that it is most unusual for a wild cat to come so close to civilization.

IT ALSO HELPED.

To what do you really attribute your wealth? To industry, frugality, good associations, the great man replied. And then with the air of one wishing to tell the whole truth, he added: The secret rebate also helped some.

Contentment is the best cure for wrinkles.

THE GOLDEN FLEECE.

Most Highly Priced of the Surviving Orders of Chivalry.

Of all the orders of mediaeval chivalry which have survived the shock of successive revolutions on the continent of Europe since the great catalysm of 1789, that of the Golden Fleece is perhaps the most distinguished and the most highly coveted by personages of royal birth or of illustrious patrician lineage.

The badge of the order is the figure of a sheep in embossed gold suspended from a heavy chain of gold. The full robes consist of a long mantle of crimson velvet, cut in the fashion of a sacerdotal cope, richly embroidered at the borders with emblematic devices of stars, half moons and fleeces in gold and lined with white satin, over a doublet and hose of crimson damask. The full robes also comprise a "chaparron" or hood, with a long flowing streamer of black satin, but this headgear has in modern times been generally dispensed with.

Originally the robes of the order, which was founded in 1429 by Philip the Good, duke of Burgundy, were of crimson cloth lined with white lamb's wool, and this circumstance has somewhat strengthened the theory that the golden fleece was instituted by Philip the Good in grateful recognition of the immense treasures which the Duke of Burgundy had acquired from the wool of the flocks reared on his vast estates in Flanders. Be it as it may, the woolen costume was changed in 1473 at a chapter held at Valenciennes for the more costly materials of velvet, taffeta, damask and gold embroidery.—London Telegraph.

S. STEPHENSON, PROPRIETOR.
Business Office 25. Mail Room 20.
SATURDAY, NOVEMBER 17, 1906.
THE TWO CANDIDATES.

The candidatures of H. S. Clements, M. P., and Geo. W. Sulman, who will uphold the Liberal-Conservative standards in the coming election contests, are meeting with general approval. Those who are acquainted with these two gentlemen recognize in them excellent material for political honors, and the universal opinion seems to be that the West Kent Conservatives have put a winning team in the field.

This impression does not exist in the constituency of West Kent alone. Mr. Clements' reputation for conscientious representation has been heralded over the biggest part of this province at least. His public actions have been noted and commended by people in many places outside of this riding, and the unanimous opinion is that he is an energetic, straightforward and honest parliamentarian. Mr. Sulman has been brought before the public gaze in many ways and he is everywhere looked upon as a man of extraordinary business and executive ability.

Among the Conservatives in the neighboring constituency of East Kent, there is a feeling of confidence in her sister riding to the west. The Ridgeway Dominion, this week, joins with the many in extending congratulations to the West Kent Association on their splendid choice. It says:

"Mr. George W. Sulman, who has been nominated for the Provincial Legislature by the Conservatives of West Kent, is a well known young business man of the city of Chatham. Mr. Sulman has served Chatham with credit as alderman and mayor, and is popular with everybody."

"It was a foregone conclusion that Mr. H. Clements, M. P., would be re-nominated at the West Kent Conservative convention on Saturday. Mr. Clements is a capable and energetic member who not only has rendered West Kent good service but has made a distinct mark in Parliament."

"Mr. J. M. Pike is the new President of the West Kent Liberal Conservative Association. Capable and active, a good platform man, approachable at all times, no better choice could have been made. Mr. Pike will do everything possible in an honorable way to ensure success."

The Chatham News publishes a ghost story about the formation of a new riding in Kent County. — Ridgeway Dominion.

The slang expression "23," according to The Boston Advertiser, comes from New York and is a police and hospital term. The psychopathic ward in Bellevue is numbered 23. When a person arrested shows any sign of insanity he is sent to Ward 23, and the police have become accustomed of saying, "Twenty-three for him," as they send him to the hospital.

The Ridgeway Dominion, in commenting upon the election of Rev. W. H. G. Colles to the Advisory Council has the following to say: "We must congratulate Rev. W. H. G. Colles, I. P. S. for East Kent, upon his election as a member of the Advisory Council of Education for this Province. The election of Mr. Colles not only honors that gentleman but likewise East Kent, and the news will be received with pleasure by the people of this western part of Ontario, where Mr. Colles is best known."

A letter from Rev. Dr. Moore, secretary of the Canadian Association for the Prevention of Tuberculosis, published in the Ottawa Citizen, reveals a notable spread of the agitation against spitting on the streets and in public places. By-laws governing in the case have been adopted in a number of cities and towns, but we have yet to learn that there has been any general enforcement of their provisions and execution of penalties. Sufficient time has elapsed for the public to become acquainted with the law and now a little enforcement would have a heart-felt influence.

It looks much as though Chatham will make a big bid for Niagara power. Ald. C. Austin, chairman of the Industrial committee, is in correspondence with A. V. Bax, secretary of the power commission at Toronto, and has been informed by that gentleman that though there has not yet been sufficient applications made for power west of London, it is possible that if Chatham and Windsor both apply that power can be supplied to both of the Western Ontario cities at reason-

Taken from The Planet files from Sept. 21, 1865, to Oct. 4, 1865.

Robbery—On Saturday evening last about half-past ten, as Mr. J. J. Stevens, grocer, of this town, was on his way home, accompanied by his wife, he was met by two colored men, when one of them struck him on the head with a club, which made him senseless. They knocked his wife down and took the cash box from her. The box contained about \$288 in money and some papers. When Mr. Stevens recovered from the blows the parties were out of sight.

The Zone branch of the Kent Agricultural show was advertised to take place in Bothwell on the 11th of the following month. The ad. announced that dinner would be served at Griffith's Hotel the same evening.

Queen Victoria, who had been ill, was reported to be entirely recovered from her indisposition.

The French threatened an invasion of England.

"In consequence of the rapid increase of trade between Chatham and Detroit, the proprietors of the upper cabin steamer Ariel have been induced to withdraw her from the route between Chatham and Detroit. She makes her first trip to-day, and left her dock at the Rankin warehouse well loaded with freight and passengers. Mr. Wm. Odgen is captain and Mr. A. E. Jerome is clerk. The agents at Chatham are Messrs. Lamont and Coats."

The death of Miss Katherine Ann Hart, aged 26, daughter of James Hart, County Clerk, was announced. Mrs. Hart passed away while sitting in a pew in Christ Church.

able prices. Here is a chance for Tibury.—Tibury Times.

A writer in the Canadian Churchman makes these timely and sensible remarks: "The approach of winter suggests closely sealed houses and unpleasantly stuffy churches. Providence has arranged for the free circulation of air all over the planet, and man has apparently set his face to negative the generosity of nature. We say 'man,' advisedly, for salvation in this case certainly comes of women. That peculiar feminine instinct for wide open windows has saved the situation. When the head of the household has remonstrated in vigorous terms against heating the 'whole outside,' as he contemplates the departing contents of his coal bin, he does not always realize that he is getting life and health in exchange. Just why women should possess a monopoly of common sense on the question of fresh air we do not know, but that appears to be the case."

A PERFECT FIT YET YIELDS TO EVERY MOTION

Underwear that pulls up on your arm or leg every time you stretch is mighty disagreeable stuff to wear.

You know that yourself.

Ceetee UNSHRINKABLE UNDERWEAR is manufactured in a special way which gives every garment all elasticity of hand-made goods. Without being loose and baggy it yields to every motion of the body. It will never get out of shape or become hard in washing and is absolutely guaranteed not to shrink.

Instinct upon seeing this trade mark, Ceetee is not all we claim take it back and your dealer will replace it. All leading dealers have it.

PREMIER'S STATEMENT

Mr. Whitney Says a Matter of Evidence Led Up to the O'Brien Mine Settlement.

Premier Whitney, in response to questions put to him yesterday afternoon by the newspaper men at the Parliament buildings respecting the settlement in the O'Brien mining case, made the following statement: "Mr. Ritchie, K.C., who acted so successfully for the Government in the Hargrave mining case, acted also for the Government in these two cases against O'Brien and others. He has been engaged on the case for some time, and examined the defendants under oath at great length, and thus found out the answers they would make to the charges made by the Crown when the case came on for trial. The onus of establishing these charges by legal and preponderant evidence was on the satisfaction of the court was on the Crown. In view of all the evidence that the Crown could find would be presented at the trial by both sides, he advised that negotiations be had with a view to a settlement. As a result of these negotiations the settlement ultimately arrived at was deemed to be a very satisfactory one for the province, and he recommended the same to the Government. He then went into the matter very fully with the Cabinet, and it was decided that the terms of the proposed settlement be accepted.

What the Government Receives. "The defendants are to bear all the costs and the expenses of mining; the Government bears no part of that cost, and receives 25 per cent. of the ore at the pit's mouth. This, of course, is much better than a 25 per cent. interest in the mine. In making a settlement of a law suit one has to bear in mind not only what one thinks or suspects may be the true facts, but also whether the same can be satisfactorily established by the evidence which is available and which can be accepted by a court. "During the trial of the Hargrave case and after it had proceeded for a time the trial judge intimated to the counsel for both parties that he considered it to be a case where the parties ought to confer and see if a settlement could not be arrived at. They held a conference, but could not come to terms."

SCOTT, K. C., NOMINATED.

Conservative Candidate in East Hamilton Criticizes Government.

Hamilton, Nov. 16.—J. J. Scott, K. C., was last evening nominated for the Legislature by the Conservatives of East Hamilton. Mr. Scott said, in accepting, that he had his own opinions about things and was not afraid to express them. He was not satisfied with the way Hamilton had been treated in the matter of the Ontario Normal College, and he said he would not be satisfied unless the Government established a technical college in the city.

He also dealt with the strike situation, and said that it was up to the Ontario railway and municipal board to step in and take control of the railway. He also condemned the prison labor contract, and expressed the belief that this mistake would not be repeated. The meeting was enthusiastic, and Mr. Scott's remarks were greeted with applause.

'FRISCO'S MAYOR INDICTED.

Alleged to Have Forced Money From Restaurant Keepers.

San Francisco, Cal., Nov. 16.—The grand jury yesterday returned five indictments against Mayor Eugene Schmitz and Abraham Ruef, on charges of extortion. On each charge the bail was fixed at \$10,000 and bond at \$5,000.

The first alleged crime was in connection with the Poodle Dog Restaurant, and the indictment recites that Ruef and Schmitz demanded money from the proprietor, Toby Banco. As the demand was made, it is said, on two occasions, two indictments were returned.

That extortion was practiced on Edward Marchand, proprietor of the Marchand's Restaurant, is based on two more indictments. A demand made upon Jos. Malfanti, another restaurant man, is the alleged offence on which the fifth indictment was found.

It takes more than indelible ink to write for posterity.

The McGregor Who Was Killed Near Davidson, Sask.

St. Thomas, Nov. 16.—The Mr. McGregor mentioned in despatches yesterday as having been murdered in Davidson, Sask., was Henry McGregor, son of Malcolm McGregor, living on Yarmouth Heights, near the city. Word was received here yesterday from Regina's chief of police says the circumstances are suspicious and an investigation is being made. McGregor was born in Yarmouth, Nova Scotia, 42 years ago, and went west six years ago. His parents, three brothers and three sisters, survive. One brother, Mark, lives at Grenfell, Sask. He was unmarried. The messages lead relatives to believe the crime was committed on Nov. 7.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Delay In 2-Cent Fare Case.

Toronto, Nov. 16.—The charge against Charles M. Hays, of the Grand Trunk Railway, for not running third-class cars at 2 cents a mile did not go on in the police court yesterday. Neither the defendant or his counsel, Mr. Wallace Nesbitt, appeared. Col. Denison finally decided that he would set next Wednesday for the Hays charge.

FORCIBLE FACTS.

One-sixth of the deaths from disease are due to consumption. Nine-tenths per cent. of all those who have used Dr. Pierce's Golden Medical Discovery for "weak lungs," have been perfectly and permanently cured. Cornelius McCawley, of Leechburg, Armstrong Co., Pa., has an eighty-one hemorrhages. He says: "My doctor did all he could for me but could not stop the hemorrhages, and all gave me up to die with consumption." What doctors could not do "Golden Medical Discovery" did. It stopped the hemorrhages and cured his case. This is one case out of thousands. Investigate the facts. Free! Dr. Pierce's great work, The People's Common Sense Medical Adviser is sent free on receipt of stamps to pay cost of mailing and custom. Send 31 one-cent stamps for paper-covered book, or 50 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

James Swift Destroyed by Fire.

Detroit, Nov. 16.—Fire broke out in the after end of the Canadian steamer James Swift, in the St. Clair River Wednesday night, and it is believed the boat is a total loss. The crew were forced to beach the blazing ship on the American shore and escape in the yawl boat. The boat was owned by B. Noonan, Kingston, Ont. She was built in 1893, and was 107 feet long.

OVERTAKEN BY NAUSEA.

You don't know if it's going to stay down or come up. You feel like thirty cents and look even worse. If one thing is quicker than another, it's "Nervine." Ten drops in sweetened water gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nervine is so trustworthy and economical, a bottle at home wouldn't be amiss. Large ones for a quarter at all dealers.

STAYED IN JAIL

Windsor, Nov. 15.—The application
made before Judge McHugh for the
release of Arthur C. Baxter, who was
sent to jail for failing to contribute
to the support of his wife and two
children in accordance with a high
court order, has been refused on the
ground that the prisoner failed to
account satisfactorily for \$3,000
which he had in the bank when he
ran away from home.
Baxter has been in Sandwich jail
since last March. He recently at-
tempted to compel his wife to pay
the county two dollars a week for
his board while in jail.

Baxter formerly lived in this city.

Interest

From Our Own Correspondent.
Blenheim, Nov. 17.—T. W. Pearson,
who has bought property at the east
end of the town, has sold his grocery
business to Alex. Tait.

The death took place early Thurs-
day morning of Mrs. Anne Reynolds,
wife of George Reynolds, of Room
B-11. The deceased had a paralytic
stroke about two weeks ago, from
which she never rallied. Her age
was 57 years. Funeral services were
conducted at the house this after-
noon by Rev. J. W. Holmes. Inter-
ment was at Evergreen Cemetery.
She leaves to mourn her loss, besides
her husband, a large family, who
are mostly grown up.

At the regular meeting of Kent
Lodge No. 274, A. F. & A. M., the
following officers were elected:

A WORTHY TROUPE

Without a doubt the Morris-Thurston
Theatrical Company is one of the
best repertory troupes which have
ever visited the Maple City. The
statement is a safe one, and the
splendid audiences which have wit-
nessed their performance each and
every night of this week are the most
potent proofs of this assertion.

The popular price show which
makes good, and furnishes genuine
amusement for its patrons is the kind
that takes with the masses, and the
Morris-Thurston people have ap-
parently struck the popular keynote.
Many alleged-to-be higher class
shows have struck Chatham which
have not furnished half as worthy a
program as that which is holding
forth at the Brisco's this week.

The efforts of this company and their
very evident success are worthy of
the highest praise, and had they been
playing here all next week, too, they
would probably be well patronized.
Last night they presented "Sheridan
Keele, Detective," a four act
melodrama. The piece was put on in
excellent shape, every role on the
cast being very cleverly taken. There
is not a dead one in the Morris-
Thurston troupe. The scene in the
country home of "Squire Shaw" was
so realistic as to command the ad-
miration of all who witnessed it.

The specialties between acts are of
a very high order, and especially so
the moving pictures. These and the
illustrated songs have found much
favor with the young men of the
gallery.

To-night the Morris-Thurston com-
pany will play the last of this series
of engagements, when they will put
on "Myer's Cousin Mr. Raffles."

SOCIETY ORGANIZED

Several months ago, Mrs. Wilson
Taylor, W. M. S. organizer for the
Chatham District, organized a W. M.
Society and a Mission Band at the
Chatham District. Under the leadership
of Mrs. James Hiscovitch and Miss
Grace Pickard respectively. These
have already raised in money about
forty per cent of what the whole
circuit gave three years ago for mis-
sions. They are also preparing a
bale of quilts, etc., to send to one of
our missions. Successful anniversary
services have been held at Louis-
ville and Kent Bridge. Rev. J. C.
Nethercott, of Morpeth, a former
pastor, delighted the friends at
Louisville with his earnest ex-
positions of Gospel truth. On Monday
evening, Rev. R. Fulton Irwin, of
Thamesville, gave his lecture on
"Your Tongue, Its Use and Misuse."

It was enjoyed by all who heard it.
At Kent Bridge, Rev. Mr. Irwin
preached on the Sunday, and lectured
on Monday evening on "Ireland
and the Irish." The friends were
loud in their praises of both the ser-
mons and the lecture. Evangelist
L. W. Bishop, a hymn belonging
church at Wallaceburg, assured
the pastor, Rev. I. A. McKelvey,
in revival services for five weeks,
during September and October, at
French's appointment. As a result,
there were eighteen adult converts,
eleven of whom were men. The
church also was greatly revived.
Last Sunday, at communion service,
six adults were baptized, three were
received into full connection with
the church, and seventeen were re-
ceived on trial, thirteen of whom
were converted in Mr. Bishop's meet-
ings. Over ninety have united with
the church during the present pas-
torate—Christian Guardian.

FLOODS CREATE GREAT DAMAGE

Two Hundred Square Miles
Of Land Are Under
Water

SIX PERSONS DROWNED

Seattle, Wash., Nov. 17.—A heavy
rainfall on Wednesday, 2.48 inches,
in four hours, and a chinook wind,
which melted recent fresh snows in
the Cascade Mountains, coming sim-
ultaneously, are the cause of the
heaviest and most disastrous floods in
the history of the Puget Sound region.
The valleys of the White, Duwa-
mis, Cedar, Green, Stuck, Black and
Puyallup Rivers are under water,
flooding 200 square miles of territory.
This includes practically every acre
of land lying back of the eastern
shores of the Sound and extending
from Seattle to Tacoma.

Power Plant Submerged.
The power plant at Electra is sub-
merged and Seattle and Tacoma are
dependent on their local auxiliary
stations for power to move street cars
and provide electric lights. The local
plants, however, have fuel enough to
operate several days.

All traffic over the Northern Pacific
and the Tacoma-Seattle interurban
tractions is at a standstill. A week
will be required to repair the damage
to the road, after the water subsides.
These low lands are thickly occu-
pied by small towns, hop fields and
dairy farms. The damage done to
fields and herds will run into hun-
dreds of thousands. Seattle's milk
supply comes from them, so this city
will be without milk for days.

Six Drowned.
Six persons have been drowned. To
the north, the Skagit, the largest riv-
er in the state, is on the rampage
and railroad traffic in that direction
is also at a standstill. The greatest
loss by the streams to the north has
been done to the lumbering interests,
where millions of feet of logs and shingle
bolts have been carried into the
Sound and out to sea.

High tides, combined with the
floods, have converted all the river
beds, which are great tracts of fer-
tile farms, into muddy torrents. Hun-
dreds of farm houses and villages are
submerged to the second stories and
many people are homeless.

The loss to the Northern Pacific
alone will run near \$150,000 and the
total loss in the district will run to
a half million.

Worst Over.
No rain has fallen in the flood dis-
trict since an early hour on Thursday
morning and while in some places the
overflowed territory is as deeply cov-
ered with water as at any time since
the floods started, the feeling
throughout the valleys yesterday in
general is that the worst is over.

HYMAN DISCUSSED

M. P.'s Believe Premier Will Waste
No Time Over Him.

Ottawa, Nov. 17.—Members of Par-
liament have begun to arrive in the
city, fresh from the storm which has
been the position of the Hon.
Charles Hyman as regards the Pre-
mier.

It seems to be the consensus of
opinion that the Minister of Public
Works must resign both his seat and
his portfolio.
It is said that only a convenient
opportunity will be awaited, but that
Sir Wilfrid Laurier, who has dispen-
sed with the services of such strong
men as Sifton, Tarte and Blair, will
waste no time over Mr. Hyman.

Montreal Bookkeeper With a Police
Record, Is Heavily Sentenced.

Montreal, Nov. 17.—Morris M. Ja-
cobs, the bookkeeper for J. Diamond &
Co. St. Paul street, who was found
guilty of theft and forgery, was sen-
tenced to ten years in the peniten-
tiary yesterday.

There were eight counts for forgery
and one for theft against him, and he
got five years in light charges.
Scotland Yard gave Jacobs a bad
character.

Hearst's Costly Campaign.
Albany, N. Y., Nov. 17.—William
Randolph Hearst, Independence
League and Democratic candidate for
Governor, yesterday certified to the
Secretary of State that he had spent
\$255,370.22 in promoting his canvass.
This was divided as follows: Inde-
pendence League, \$198,870.22; Demo-
cratic State Committee, \$57,000; traveling
expenses, \$500.

A NEW ELEVATOR

The Wallaceburg Council Considers
Proposition For One—New York
Grist Mill Badly Needed

(From Our Own Correspondent.)
Wallaceburg, Nov. 17.—Mr. Foth-
ergill, of Strathroy, agent and pro-
moter of the Canadian Elevator Co.,
of Toronto, met the Council and busi-
ness men in the Council Chamber on
Wednesday evening and proposed the
erection of an elevator here, if the
town would give free site and exemp-
tion from taxation for ten years.
The proposition did not meet with
the approval of all, as a number
were in favor of building flour mills
first.

It's Time

More people were buying Christmas fruits—good reasons too; just 31 shopping days before Christmas—think of that! Our store is ready with the largest Christmas stock we ever had, and every stock in our store is at its best now.

We want your Christmas order especially, because we claim we give you the best value for your money. Years of experience has taught us where to buy the best fruit, how to clean it properly, and how to deliver it carefully to your home.

Bring in your receipt and we will fill it for you carefully and quickly. We promise you the prices will be reasonable also.

SELECT RAISINS, 2 pounds for 25c.

SEEDED RAISINS, 2 packages for 25c.

CLEANED CURRANTS, 10c a pound.

SULTANA RAISINS, 14c a pound.

MIXED PEEL, 25c a pound.

GOOD COOKING FIGS, 4 pounds for 25c.

SELECT DATES, 10c a pound.

SHELLED ALMONDS, 10c a pound.

SHELLED WALNUTS, 10c a pound.

BOILED CIDER, 25c a quart.

PURE SPICES, 10c a 1/4 pound.

You can depend on all our fruits being thoroughly cleaned—and fine flavored.

POISON IN ONIONS

Death of Mrs. Willis Reid, of Mersea Township, attributed to this Cause—Slaughtering in Montreal.

Montreal, Nov. 17.—There is good sleighing in this city today.

Nelson, B. C., Nov. 17.—The local Liberal Association have endorsed the Government's measures to stop Hindu immigration.

North Brantford, Sask., Nov. 17.—It turns out that the story of a gold strike at Birling is a fake. There was a rush to the vicinity, but the samples shown were judged to be worthless.

Welland, Nov. 17.—The charge against W. E. Hunt, of selling lottery tickets, was continued yesterday. Only two witnesses were examined, and the case was adjourned until Dec. 4.

Brockville, Nov. 17.—Yesterday morning the body of William Kennedy, aged 68 years, of this town, was found in the River St. Lawrence. He had been missing since Tuesday.

Ottawa, Nov. 17.—R. A. McCormick, a well-known Ottawa druggist, died very suddenly of heart failure yesterday afternoon. He was 49 years of age, and leaves a widow and six children.

Quebec, Nov. 17.—Up to the present date 110,000 immigrants booked to settle in Canada have been landed at the port of Quebec. The Salvation Army brought out not less than 15,000 new settlers.

Brantford, Nov. 17.—Col. Jasper T. Gilkinson, one of Brantford's most respected citizens, who was for many years superintendent of Indian affairs in this section, died yesterday morning, aged 92.

North Bay, Nov. 17.—Yesterday, owing to careless use of a match, John Avery had the fingers of his left hand blown off and his right badly damaged through the explosion of a dynamite charge.

London, Nov. 17.—In the police court yesterday morning, Jacob Fox was charged with breaking into his father's pawnshop. The elder Fox promised to take the boy to a sanatorium to be treated for the cocaine habit.

Ottawa, Nov. 17.—The water of the Ottawa River is still too low to permit the mills running full time. Eddy's match factory only runs at night. The Ottawa Electric Railway is still depending upon its steam plant.

New York, Nov. 17.—A specimen of the first cent struck in the United States mint in 1788, with thirteen links in a circle on the reverse, was sold for \$82 yesterday at the end of a two days' sale of coins held at the Hotel Bartholdi.

New York, Nov. 17.—The trial of the American Sugar Refining Co., charged by indictment with having violated the Elkins Act in the acceptance of \$28,000 rebates from the New York Central Railroad in the spring of 1903, was begun yesterday.

Ithaca, N.Y., Nov. 17.—Prof. James Morgan Hart, head of the Cornell English department, a member of the original faculty of Cornell, has tendered his resignation to take place in June, 1907. The resignation has been accepted by the university trustees.

Leamington, Nov. 17.—Pituitary poisoning caused the death of Mrs. Willis Reid of Mersea Township after an illness of only a few hours. She was the wife of a wealthy young farmer. The cause of the poisoning has been traced to the eating of onions.

Kingston, Nov. 17.—The Minister of Justice paroled Lewis Rioux, in penitentiary for throwing stones and hitting a Quebec Railway conductor, owing to his mental state, due to incarceration. He is 18 years of age, and is now quite violently insane. His relatives will care for him.

Quebec, Nov. 17.—The Canadian Pacific Overseas Limited, carrying the China mail, arrived here yesterday afternoon at 3.30 o'clock, having made the record trip time between Vancouver and Quebec, 3,080 miles, was 75 hours and 59 minutes.

Toronto, Nov. 17.—"Glenary and Home Rule" was the slogan of a large demonstration which waited on Premier Whitney yesterday to advocate the secession of Glenora from the great county union of Stormont, Dundas and Glenora.

A demonstration against the movement was held a few days ago. The Government will consider the proposal.

New York, Nov. 17.—Holding an umbrella over head, a young woman, hurled herself from the fifth story window of a house in East 64th street yesterday. Before she had fallen 20 feet the umbrella turned inside out. Her head struck a railing and she was crushed to death. The police have been unable to identify the woman, who is about 30 years old, and wore good clothing and jewels.

and Does Immense Damage to Coasting Vessels.

St. John, N.B., Nov. 17.—The storm here Thursday night was one of the worst in years, and telegraph wires and poles were blown down in many parts of the city.

It was particularly heavy in the Bay of Fundy, where great damage was done to coasting vessels. Several were driven ashore. In some cases the crews had a narrow escape from drowning.

It is believed more serious disasters are still to be heard of. The wind blew nearly 80 miles an hour.

Two of Crew Drowned.

Biddeford, Maine, Nov. 17.—The captain and cook of the two-masted schooner Marshall Gervin, of Deer Island, Maine, were drowned, and the schooner became a total wreck, in the gale Thursday night off Wood Island Light.

Bodies Float Ashore.

Point Judith, R.I., Nov. 17.—The battered bodies of three members of the lumber-laden schooner Lugano, which was wrecked on the rocks here Thursday night, came ashore yesterday. The schooner is a complete wreck.

Steamer's Rough Voyage.

St. John's, Nfld., Nov. 17.—With two of her crew seriously injured, her steering gear disabled, and otherwise seriously damaged, the steamer Dundee arrived here yesterday after a terrible voyage across the Atlantic. The Dundee sailed from Dundee 12 days ago for Montreal, and the voyage was a constant battle with wind and sea.

Lashed to the Mast.

Boston, Mass., Nov. 17.—False Spit, a sunken ledge near Boston Light, caused the wreck of the schooner Mary E. Newton Thursday night, the crew saving their lives only by lashing themselves to the mast stumps until help arrived after daylight. Capt. E. M. Aylward of Melrose and a crew of three men suffered greatly from exposure during the night, and were exhausted when rescued by a tug.

Schooner In Distress.

Atlantic City, N.J., Nov. 17.—The little Egg Harbor life-saving station, about ten miles north of here, reports a three-masted schooner, the Lydia H. Roper, anchored seven miles off shore, flying signals of distress. The schooner's sails are blowing away and the vessel lies in a dangerous position.

The Captain Was Drowned.

Charlottetown, P.E.I., Nov. 17.—The schooner A. J. McKean, sixty tons, owned by J. H. Myrick & Co., Tignish, while on her way from Tignish to Alberton, a distance of twelve miles, in ballast, was driven ashore yesterday by a terrible nor'easter storm on Malone Point, at the entrance of Alberton harbor, and is a total wreck. She had on board Captain Desroches and three men. The captain was drowned before help could come, but the others were picked off by a seine boat in which

EXPLOSION WRECKS TRAIN.

Engine Boiler Blows Up and Several Lives Are Lost.

San Jose, Cal., Nov. 15.—Two men were killed and another fatally injured and many passengers more or less shaken up and cut by broken glass by the explosion of the engine boiler Sunday night on the Southern Pacific Sunset Express, opposite the depot at San Jose station, 87 miles south of San Francisco.

It is also believed that four or five tramps riding on the platform or underneath the first car were killed.

The force of the explosion blew the depot to pieces, tore up the track for a hundred feet on both sides of the place, and turned over the first four cars of the train.

The sleeping cars remained on the track, and none of the passengers in the cars was hurt.

Runaway Engine Kills and Wounds. Detroit, Mich., Nov. 13.—One man was killed and several injured, three of them badly, yesterday, when a Michigan Central Railroad freight engine ran away from the depot at the city street depot, tearing down a large section of the structure.

Still Another Case

Mrs. Walter Taylor, of Selkirk St., Chatham, is Cured.

"Dr. Leonhardt's Anti-Pill cured me of a very obstinate case of constipation. I was a great sufferer up to four months ago, when a friend advised me to try Anti-Pill.

"I had lost faith in medicines of all kinds; one seemed no better than the other, but soon after I began using Anti-Pill I could see that they were helping me. I kept on using them until today I can say I am cured, and I feel a great deal stronger and my general health is so much better.

"I believe Anti-Pill will cure the most obstinate case of constipation." Anti-Pill, the new remedy, is for sale by all druggists at 50 cents or The Wilson-Flye Co., Limited, Niagara Falls, Ont.

ALIEN LABOR LAW.

Corby Distillery Co. Charged With Bringing Employes From U. S.

Belleville, Nov. 16.—The charge against the Corby Distillery Co. for bringing in alien labor under contract, was heard in the police court yesterday.

Isadore Cohen said he was recommended to come to Canada by his uncle, who told him a position was vacant in Belleville. He was not under contract when he left the United States. His case was held over.

Another man, Oliver Hiett, came from Peoria, Ill., on a telegram from Cohen, after wiring his terms. He said he did not know who he was to work for, but knew Cohen did not own the distillery.

The cases are likely to occupy several days.

The Gentle Kidney Cure.

Don't think that Bu-Ju is not effective because it does not "tear things loose." The man who talks most of them least. Kidney remedies that purge and over-stimulate the kidneys upset the stomach, are going to do you mighty little good.

Bu-Ju

THE GENTLE KIDNEY CURE

goes about curing you gently, mildly, correctly. You never know you are taking medicine—except that you begin to get better. Bu-Ju heals inflammation in the kidneys—takes away that sharp pain in the back and the dull ache through the hips—stops excessive urination—and enables the diseased portions of the kidneys to strengthen.

BEAUTY HINTS.

Deep Yawning a Cheap, Sure Road to Health.

Deep yawning practiced as a regular exercise is the cheapest and surest road to perfect health. We are all familiar with the theory that systematic deep breathing is an excellent thing for the lungs, and it is on similar grounds that yawning is recommended. The expansion of the breast bones and the stretching of the arms which accompany a whole hearted yawn, together with the filling of the lungs, form a splendid daily exercise.

A Good Shampoo.

If full benefit from a good shampoo is desired never dress the hair until quite dry, and never go out with it damp. It will be better to take the shampoo at night than to risk a severe cold in the head from wind blowing on wet hair. While still slightly damp the hair may be tightly braided at night and left hanging. In the morning, when combed out, it will be beautifully waved and entirely dry. Once in six weeks is really often enough to give the head such a shampoo unless extremely oily; then once a month. Go over the head with a toothbrush and clear water between washes, using a dry towel to wipe the scalp.

Remedy For Leg Cramps.

To those who suffer during the night with that painful complaint, cramp in the leg, the following hint will be useful. When the cramp comes on take good, strong string—a long garter will do—wind it around the leg over the place that is affected, and take an end in each hand and give it a sharp pull, one that will hurt a little. Instantly the cramp will depart, and the sufferer can return to bed assured that it will not come again that night.

If you are afflicted with a red nose and the trouble is only superficial apply, night and morning, a mixture of glycerin and tannic acid. Twenty grains of the latter to an ounce of the former.

In sickness, when disinfectants are needed in sinks and basins, use carbolic acid, allowing four tablespoonfuls to each pint of cold water. Pour down the pipes, and let it remain half an hour before flushing.

For a good mouth wash take an ounce of camphor and add two ounces of spirits of wine. Use a few drops in half a tumbler of water.

SLEEVE TALK.

Short Sleeves For Young and Pretty Women.

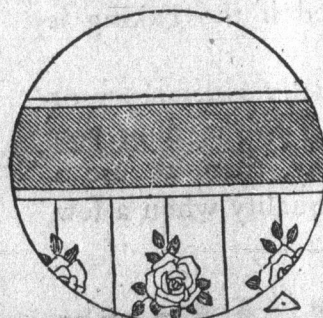

A famous French man dressmaker, one of those wonderful personages who decide the styles for the coming season, has this to say about the winter sleeves:

"Young women and all beautiful women will wear the short sleeves. The long sleeve will be left to those women whose physical peculiarities are such that it is not becoming or to elderly women who cannot stand the weather. But all young women who aim at smartness will wear the elbow sleeve, which will be much puffed at the shoulder.

"We are making our very new sleeves puffed at the shoulder in exceedingly large puffs which extend almost to the elbow. They are trimmed at the elbow with lace in the form of two or three ruffles.

"There are long sleeves, but these are of very thin material and are crumpled from the elbow to the wrist. They are very full, and they are finished at the wrist with a very little jeweled trimming.

A Home Decoration. The illustration shows a novel, artistic and inexpensive notion for covering an unsightly wall. The upper part of the wall should first be stripped of its

existing covering, carefully cleaned and whitewashed or distempered. About four feet from the floor make a neat dado of brown paper. At the base lay panels of a light paper, and upon them paste neat designs cut from old scraps of wall paper. The whole effect when finished is novel and artistic, and the covering being effected in a material that can be obtained for so little, an economical scheme is the result.

Her Only Request.

A housewife complained to her milkman of the quality of milk he sold her. "Well, mum," said the milkman, "the cows don't get enough grass feed this time of year. Why, then, cows are just as sorry about it as I am. I often see 'em cryin'—regular cryin', mum—because they feel as how their milk don't do 'em credit. Don't you believe it, mum?"

"Oh, yes, I believe it," responded his customer, "but I wish in future you'd see that they don't drop their tears into our bottle."

G. T. R. AND 2-CENT FARES.

Mr. Hays in Toronto, But Others Will Appear For Him.

Toronto, Nov. 15.—Charles M. Hays, second vice-president and general manager of the Grand Trunk Railway, arrived from Montreal in the official train at 4.30 yesterday afternoon.

Mr. Hays was accompanied by E. H. Fitzgibbon, third vice-president of the company, and F. H. McGuigan, fourth vice-president. Mr. S. Blacklock, superintendent of the eastern division, and W. D. Robb, superintendent of motive power, completed the party. The officials were met by W. G. Brownlee, superintendent of the middle division.

Mr. Hays and the third vice-president left immediately, in company with Mr. Brownlee, to inspect the Grand Trunk yards and buildings on the Esplanade.

Mr. Fitzgibbon and Mr. McGuigan will attend the police court this morning to hear the case against Mr. Hays for alleged violation on the part of the company to provide a two-cent fare service between Toronto and Montreal.

Wallace Nesbitt, K. C., will appear for Mr. Hays in court, if he has returned from New York.

CITY MAY TAKE IT OVER.

Only Bright Spot in the Hamilton Car Strike.

Hamilton, Nov. 15.—Yesterday the Ontario Railway and Municipal Board suggested that the city and company and the city should get together and patch up an agreement that would settle all differences, including the strike.

Mayor Biggar called the chairman of all civic committees together and they unanimously agreed not to make one concession to the company.

Instead they agreed to ask the company to put a price on the railway, so that the city may buy it. The aldermen said they had granted the company an extension of its franchise and had never received anything from the company in return.

The company did not try to operate its street railway yesterday, but will make another attempt Thursday afternoon.

One Day Strike.

London, Nov. 15.—The 25 core-makers and brass molders employed at the Labatt Manufacturing Co., who went out on strike Tuesday morning, have returned to work again.

The strength of a love is hard to estimate by the arrow that is over it.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or suppressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

Doan's Kidney Pills SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush out all the impurities which cause kidney trouble. Mr. Thomas Peaty, Massey, Ont., writes: "After I arrived in Canada from New Zealand a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man."

Price 50 cents per box or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

Labor is not only a necessity, and a duty, but a blessing.

THE FRENCH HUSBAND.

Always, as a Rule, Anxious to Do the Agreeable Thing.

The French husband has a faculty that amounts almost to a genius for bestowing the delicate attentions which cost little except the exercise of a medium of tact and thoughtfulness, but which carry joy to every true woman's heart. He is not only thinks to take her to her often in the absence of the means to make a larger offering, a ten cent bunch of violets, pink roses from the flower market or the luscious flower vendor's barrow on his route, but he presents them gallantly with the compliment and the caress the occasion calls for, and this makes them confer a pleasure out of all proportion to their intrinsic worth.

He remembers her birthday or fête day with a potted plant, a bit of game, a box of bonbons, a cake from the pastry cook's or a bottle of good wine. He is marvellously fertile in expedients for making the time pass quickly and agreeably for her. He has a thousand amusing and successful devices for helping her to renew her youth. He projects unique and joyous Sunday and holiday excursions. He improvises dainty little banquets. He is a past master especially in the art of conjuring up amiable mysteries and preparing charming little surprises. And in all these trivial enterprises he vindicates the old French theory that true courtesy consists in taking a certain amount of pains to so order our words and our manners that others "be content with us and with themselves."

The American husband is particularly solicitous to do the proper thing; the French husband to do the agreeable thing—Independent.

WATER IN TURKEY.

Must Meet Many Conditions to Be a Perfect Beverage.

"Turks are extremely particular," writes a traveler, "in regard to the quality of the water they drink and are willing to be at much trouble and expense to obtain water of the kind they prefer. To be a perfect beverage water must issue from a rock, fall from a height, be of medium temperature, flow rapidly and copiously, taste sweet, spring from south to north or from east to west. The excellence of any water is accordingly determined by the number of these conditions it fulfills. It is remarkable how much pleasure Turks find in visiting a famous spring in the country, to spend the whole day beside it under the shade of trees, doing little else than drink carafe after carafe of the water as the elixir of life. Reports of this description abound on the shores and in the valleys of the upper Bosphorus under such names as the Water of Life, the Silver Water, the Water Under the Chestnut Tree, the Water Beside the Hazels. The spectacle of the great gatherings there on Fridays, arrayed in bridal colors, seated tier above tier on the terraced platforms built against the green slope of the hill, the women above, the men below, all in the deep shade of the branches meeting overhead, forms a picture beyond a painter's power to reproduce.

Hot Drinks For Thirst.

It is a mistake to suppose that cold drinks are necessary to relieve thirst. Very cold drinks, as a rule, increase the feverish condition of the mouth and stomach and so create thirst. Experience shows it to be a fact that hot drinks relieve the thirst and cool off the body when it is in an abnormally heated condition better than ice cold drinks. It is far better and safer to avoid the use of drinks below 60 degrees. In fact, a higher temperature is to be preferred, and those who are much troubled with thirst will do well to try the advantages of cold fluids, to which they have been accustomed. Hot drinks also have the advantage of aiding digestion instead of causing debility of the stomach and bowels.

The Harshness of Orators.

American political orators are often charged with being unduly harsh to the other side. The following extract from a speech of the late Earl of Shaftesbury, published in his memoirs, shows that if our stump speakers exhibit harshness they come honestly by it. The noble earl thus described and prophesied: "When Gladstone runs down a steep place, his immense majority, like a pig in Scripture, but hoping for a better issue, will go with him, roaring in grunts of exultation."

How to Clean Rings.

A sharp pointed implement should never be employed to clean rings, as it loosens the stones. Soak them in liquid ammonia a whole day, and the dirt will float out. Afterward they should be polished with a soft cloth. It is a good plan to keep rings in sawdust, as it enables the gems to retain their brilliancy. Warm water and a little prepared chalk are all that are required to clean plain or chased rings.

Tip For Tat.

"If nature had made me an ostrich," said old Grouch, "I suppose I could eat your cooking."

"Wouldn't that be nice?" answered his imperturbable spouse. "Then I could get some feathers for my hat."

For the table—for cooking—WINDSOR TABLE SALT is without an equal. Always the same perfect quality.

VOGUE POINTS.

High Buckles and Velvet Ribbons Trim Fall Gowns.

Even upon street frocks and apparently more appropriately so than upon the house gowns do velvet ribbons obtain as chief trimming adjuncts this fall. They appear in single rows in very wide widths or else in groupings of narrow ribbons, three to nine rows in each group.

A high buckle upon one broadcloth gown of royal blue color is the piece de resistance of the costume. It is diamond shaped, fully six inches wide and made of large blue brilliant set in silver rims placed in turn upon a dull black jetted band. Trimmings of blue velvet ribbon in groups of three rows each were very attractively arranged on skirt and jacket, but the feature of this costume which caught and held the eye was the buckle that, placed upon the front, reached nearly to the bust line.

Another novelty seen in a bronze green cloth costume was the mandolin shaped jacket. The skirt was modeled in overskirt effect obtained by four well cut gored founces arranged to give a plaited effect in front. A tan crepe de chine blouse of the washable variety was covered by mandolin shaped crossed fronts held in place by black jet buttons set upon insets of white

MUSHROOM SAILOR HAT.

broadcloth. Three little curved sections of cloth barely covering the top of the arm passed for sleeves, illustrating again and even more forcibly the continuation of this fashion of short sleeves.

Dressy waists as well as entire costumes for autumn show short sleeves. Even those smart tailored flannel waists for autumn outing and sporting wear are shown with the short cuffed sleeve which characterized the summer "shirt." A dainty white flannel model is built with Gibson plaits and fullness opening over a tucked and shirred chemise of white chiffon, a touch of dressiness afforded by ties of gold colored ribbons. The ends are weighted with two round green imitation jade balls, which fall from underneath a narrow square collar edged with gold soutache braid and embroidered with gold stars. The sleeves are quite simply decorated to match the collar. A greater elaboration than we have seen for several seasons past will prevail, it is prophesied, upon the silk and crepe de chine waists that are to come later in the season; but, like the lone fisherman, we will wait with patience to see "what shall we see."

The hat illustrated is one of the smartest models for all round serviceable wear. It is a mushroom sailor carried out in short haired navy blue beaver. A shawl of blue velvet and two stiff wings showing beautiful blendings of soft colors shading from blue to rosy pinks are placed at one side of the model.

The Ideal Hostess.

She must make you feel individually that you are the favored guest. She must make you feel perfectly at home.

STARVED BY ANAEMIA

Health Restored by the Rich Blood Dr. Williams' Pink Pills Actually Made.

Thousands and thousands of young girls throughout Canada are literally passing into hopeless decline for the want of the new, rich, red blood so abundantly supplied by Dr. Williams' Pink Pills. They are distressingly weak, pale or sallow, appetite feeble, subject to headaches, dizziness, are breathless and the heart palpitates violently at the least exertion. The doctors call this anaemia—which is the medical name for bloodlessness. Dr. Williams' Pink Pills actually make new blood; they cure anaemia just as surely as food cures hunger. Here is a bit of the strongest kind of evidence: "Dr. Williams' Pink Pills and nothing else saved my two daughters when doctors had failed to help them." This statement is made by Mrs. Joseph Martel, St. Oliver street, Quebec. She adds: "My daughters are aged respectively twenty-two and twenty-three years. For two years they suffered from the weakness and distress of anaemia, and had learned of Dr. Williams' Pink Pills earlier, it would not only have saved money but much worry and anxiety as well. Both girls were as pale as a sheet. They suffered from headaches, poor appetite, and grew so feeble that they could hardly go about. They were under a doctor's care, but did not improve a bit. I despaired of ever seeing them in good health again, when a friend called my attention to Dr. Williams' Pink Pills. Soon after they began the pills there was an improvement in their condition and less than a couple of months they were again enjoying good health, active, robust girls. I am so grateful for what Dr. Williams' Pink Pills have done for my children that I strongly recommend them to every mother who has a weak, pale faced boy or girl."

Dr. Williams' Pink Pills do only one thing, but they do it well—they actually make new, rich blood. They don't tinker with symptoms. They act on the bowels. They simply change the blood into good blood and thus strike straight at the root of such common ailments, as headaches, dizziness and backache, indigestion, anaemia, nervous exhaustion, neuritis, St. Vitus' dance, partial paralysis and the special painful, secret ailment of young girls and women. Sold by all medicine dealers or by mail for 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Rockville, Md.

To Brighten Up a Carpet.

A carpet looks much cleaner and brighter if just before sweeping some salt is thrown upon it, or if, after it has been swept, it is wiped over with a cloth or sponge wrung out of clean salt water. This quite removes the dusty look which so soon gathers upon carpets and will brighten the colors. A cupful of coarse salt to a basin of water is the right proportion.

The Use of Rouge.

If a suggestion of rouge makes you look younger and brighter there's no particular law against your using it. The only trouble with things of this sort is that after a time a woman becomes careless and uses her make-up too freely, after which she may expect all sorts of unkind criticisms from all beholders.—Exchange.

HAD THIRTY-TWO BOILS AT ONE TIME

Two Bottles of Burdock Blood Bitters Cured Him.

Imperfect organic action makes bad blood, so, too, bad blood, in turn, makes imperfect action of every bodily organ. If the blood becomes impure, poisoned or contaminated in any way from constipation, biliousness or any other cause, some especially weak organ must soon become diseased thereby, or the whole system may suffer in consequence.

Pimples, boils, blotches, ulcers, festering sores, abscesses, tumors, rashes or some serious and perhaps incurable blood disease may result. There is no medicine on the market to-day to equal the old and well-known remedy,

BURDOCK BLOOD BITTERS

for all cases of bad blood.

Mr. Ernest B. Tupper, Round Hill, N.S., says: "I think Burdock Blood Bitters a great medicine for boils. I had them so bad I could not work. I had thirty-two on my back at one time. I used only two bottles of B.B.B. and they completely cured me. I cannot recommend it too highly." Price \$1.00 per bottle or 6 bottles for \$5.00.

WRECK AT WOODSTOCK

Train Running At Rate Of 50 Miles An Hour Derailed

G. T. R. EXPRESS DITCHED

Woodstock, Nov. 17.—With three-quarters of an hour lost time to make up, the Chicago-New York express on the Grand Trunk, howling along at 50 miles or more an hour, was derailed about one and one-quarter miles west of Woodstock at 4.45 o'clock yesterday morning.

The locomotive did not leave the tracks, but the coaches did. A day coach and a Pullman went over the embankment into the ditch, and the former turned over, yet not a single fatality has to be recorded, not even a very serious injury. The escape of the passengers, when the possibilities of the wreck are realized, borders on the miraculous.

The derailment occurred just west of the C.P.R. diamond. The cause is not yet ascertained.

The injured are:
Edward Wilkinson of Toronto, brakeman, back injured.
Frank McCormick of Toronto, conductor, bruises and shock.
Charles Hicks of Buffalo, knee injured.

Mrs. Hicks, three ribs broken.
J. R. Smith of Rochester, scalp wounds.

Mrs. Smith, hip injured.
Edwin Skinner, Lapeer, Mich., head cut.

Peter Jorgenson, Memphis, Neb., left hand badly lacerated.

All the injured were in the day coach, when the accident happened.

GIRL SMOTHERED BY GAS.

Parents May Not Live—Two Sons Were Dazed.

Deseronto, Nov. 17.—Gas escaping during the night was the cause of death by suffocation of the only daughter of Mr. and Mrs. Jack Wright of this town.

The family, consisting of Mr. and Mrs. Wright, two sons and one daughter, aged about 21, retired as usual Thursday night, the two sons sleeping in the upper flat. Yesterday morning the boys were around the house but appeared to be dazed through inhaling the gas, and it was 3 o'clock yesterday afternoon before they recovered sufficiently to realize the condition of the rest of the family.

A doctor was immediately summoned, but when he arrived he found the daughter had been dead for some time; the father and mother are now in a very serious condition, with but slight hopes of their recovery. An inquest will be held.

Crushed in Brick Machine.
Brantford, Nov. 17.—Edward Gains, colored, was killed yesterday afternoon instantly while working on a brick pressing machine in the Brantford Brick Co.'s yards. The man climbed up the machine in order to see how many forms there were still to be pressed, and fell, his head being crushed between a lever and a support on the machine. No one saw the man fall. He was found very shortly afterwards and was dead.

Fatal Fall on Stairs.
Quebec, Nov. 17.—Henry Morgan, merchant tailor, Monday evening at the St. Louis Hotel, had mounted the sixth step of the stairs when he lost his balance and fell backwards. He died at midnight from concussion of the brain.

Fatally Hurt in Hunt.
Ingersoll, Nov. 17.—Word was received here yesterday that Henry Herron of Ayr, a short distance from here, who was injured while hunting deer near Burks Falls, was not likely to recover. Mr. Herron belonged to the Black Creek Hunting Club, of which several Ingersoll men are members.

Chas. McIlroy's Jump to Death.
Toronto, Nov. 17.—Despondent over the death of his wife, Charles McIlroy, aged 35, and employed by the Canada Foundry Co., jumped off the C.P.R. bridge in Rosedale, near the Reservoir, early yesterday afternoon. The drop would be about 50 or 60 feet and death must have been instantaneous. He leaves four young children.

On False Pretences.
London, Nov. 17.—In consequence of the recent action of certain agents in inducing workmen to emigrate to Canada under false representation that work was awaiting them there, whereas they were really wanted to take the places of strikers, the president of the board of trade, Mr. Lloyd George, in the House of Commons yesterday secured the adoption of a new clause for the merchants' shipping bill, providing that anyone inducing emigrants by false representations is liable to a fine of \$250 or imprisonment at hard labor for three months for each offence.

Furniture Men Not Guilty.
Toronto, Nov. 17.—With the statement that a criminal combination had not been shown to exist, Justice Tieszen in the assize court yesterday dismissed the charge of conspiracy to defraud the city, on which four firms of furniture dealers were being prosecuted. These firms were: The Chas. Rogers & Sons, Limited; the Office Specialty Co., the Canadian Office & School Furniture Co., and G. N. Reynolds & Co. There were only two witnesses heard—Manager Wildman of the Office Specialty Co. and W. B. Rogers.

Wages Paid By U. S. Concern.
Belleville, Nov. 17.—The alien labor law case, in which the Corby Distillery Co. is concerned, was continued yesterday afternoon. All the alien copper-smiths were examined, and all testified that they were sent here from Cincinnati and received their pay from the Ansonia Copper Co. of that city. The magistrate adjourned the case for a week.

LETTERS

A GREAT DEARTH IN MALE STENOGRAPHERS.

To the Editor of The Planet:

Dear Sir:—We have taken up your valuable space a number of times in the hope of inducing more young men to take up stenographic work. Five excellent calls of this kind within the last few days prompts me to bring the matter once more before your readers.

It is only a few days since one of the few young men who are taking training in the shorthand department was offered \$70 per month to commence with, and with a good chance of the position being worth \$100 within a few months. We have two more calls to-day of this kind, one from a large concern in Toronto asking us if we can help them out and get them a good male stenographer about 18 years of age. We have another from Detroit offering \$50 per month to start with if we could send them a good male stenographer on Saturday. Two other calls came in from Detroit yesterday, one for a position Jan. 1st and the other for a position to be filled Jan. 20th. In all of these positions it is male stenographers that are asked for.

Any good male stenographer can to-day command \$80 to \$100 per month to commence with, and I know of no line that offers such grand opportunities for advancement to those who have the business training to back it up, as does work in the line of shorthand. We hope that bringing this matter before the readers of your valuable paper may put some of the Chatham young men in the notion of preparing themselves to take some such positions as those we have mentioned. This dearth of male stenographers has been increasing for the last five or six years, and every year getting worse.

Thanking you for your space and hoping this appeal may have the desired effect, I am,

Yours sincerely,
D. McLAHLAN,
Canada Business College, Chatham, Ont., Nov. 17, 1906.
