## PREFACE.

---

The Publishers of this work have used every effort this year to place before the public as reliable information as could possibly be obtained in the short period of time available, and it is hardly possible to take more pains to make the work more reliable. There are quite a number of persons who evade giving their names, for fear of being taxed, and in place give the agents fictitious names. Some of those fictitious names will appear in every Directory published, the publishers not being able to detect them however carefully they may try to do so. In the Business Directory will be found the names of those only who advertise or subscribe to this work.

To the supporters of this work the publishers return their sincere thanks.

If there's a man in the country we can't fit with a suit we'd like to see him.

The same with Boys' Clothing. We keep all the regular sizes of Boys and Men's Clothing, and Clothing for stout and slim people as well. Well worth knowing it.

Enough of the right sort of Clothing to suit every man or boy that comes—and we're dif-

ferent from all the others—for you can bring back what you don't want.

Where else can you go in an ordinary week-day man and come out looking Sunday wise?

Where else can you get the best of everything—the right sort?

Where else can you bring back what you don't want and get your money?

Where else are you so free to go and come, buy or not, just as you like?

Suits made to order for those who can wait.
