HOLD-UP ON KANSAS TRAIN

Passengers Were Relieved of a Rich Lot of Cash.

Also Some Shooting in Progress on Train.

[Canadian Press Despatch]

KANSAS CITY, Mo., May 2.—A wealthy mine-owner probably shot, an unknown bandit also dangerously wounded, but escaped, and a score of passengers out of \$1,500 in money and jewelry, was the outcome of a robbery executed in a spectacular manner on board the Kansas City southern train No. 5, shortly after it started from this city for Joplin and the south early to-day.

The victim of the bandit's bullets is Jesse E. Short, a millionaire mine-owner of Neck City, who was said at the hospital to-day to have little chance of recovery. The lone bandit, unmasked, boarded the train at Kansas City and took a seat in a chair without attracting any notice except for the fact that he was an unusually tall man. He sat quietly, as if he were a regular passenger until the train began to move out shortly after midnight, bound for Joplin and the south. Suddenly the passengers were startled by a sharp command to throw up their valuables. Every one readily parted with their valuables, as no one seemed to be armed except the robber, who commanded the situation with a large revolver. He ordered the porter to lead him through the train. He repeated his success in the observation car and then forced the porter to show him to the sleeper.

With a rough command he aroused the sleeping passengers and forced them to turn over the money and valuables they had in their possession. He was unimpeded until he came to the berth occupied by Short. The millionaire handed the bandit \$1,000 in money, a gold watch and two diamonds. The robber was about to pass on to the next berth when Short pulled his automatic revolver from under his pillow and fired at the robber through the curtain. The robber turned and emptied his weapon, also shooting blindly through the curtain of the berth. One bullet penetrated Short's head and another hit him in the shoulder. At least two of the shots fired by Short took effect in the robber's body, and, realizing that he was badly hurt he ran to the vestibule, hoping to escape by jumping from the train which had been brought to a stop. He left a trail of blood on the car platform and the rescuers believe that his body will be found in the railroad yards, but a search was kept up for some time without success. Passengers who were robbed said the bandit was about 35 years old and more than 6 feet tall. He did not wear a mask.

Bull Fight

One of the Spectators Killed in a Very Queer Way.

[Canadian Press Despatch]

VALENCE, Department of Drome, France, May 2.—An infuriated fighting bull in the bull ring here yesterday shook its head so violently in trying to rid itself of the steel tipped darts, with which the banderilles had pierced its shoulders and neck, that one of the darts was torn out of the flesh and hurled among the spectators in the amphitheatre. It penetrated the heart of a young man, who was instantly killed.

A moment later the motor killed the bull and the body of the young man was carried out at the same time as the carcass of the bull was dragged from the arena.

Royal Templars of Temperance

A very lively and spirited debate on the "Women's Suffrage Question" was held at the regular meeting of the Royal Templars of Temperance last night. The ladies were successful in winning the debate by a dozen points. It was decided at the meeting to back up any local option project that is put before the electors.

The Av Burns Club propose that a list of the national club shall be placed in St. Giles' Cathedral, Edinburgh.

BRANTFORD TO THE FORE

Down in St. John's, N.B., they have the progressive spirit, and they are using Brantford to show it. A recent issue of a St. John's newspaper shows pictures of workmen's homes in Brantford, Strathcona avenue houses and others being shown. In that municipality people are housed generally in flats, and Brantford is being held up as an example where workmen own their own homes, and where industrial conditions, as a result, are a great deal better.

WOMAN LOST IN THIS CASE

Married Woman Has No Right to Sue For Breach of Promise, Says Judge.

[Canadian Press Despatch]

TORONTO, May 2.—Mrs. Jennie Peppers, a hard working woman, of Backe township, lived for three or four years with John Leduc, of Cobalt. She bought a lot out of her earnings and built a house out of it. She made an agreement whereby Leduc was to have the proceeds of the sale of the lot and she undertook not to sell it without his consent for less than \$1800. She says that a term of the agreement was that he was to marry her.

He did not marry her and she subsequently married her present husband. She then launched action to have the agreement set aside to recover damages for breach of promise of marriage and to recover money which she alleges she advanced towards his support.

Her action is to-day dismissed by Mr. Justice Britton, who holds that as the consideration for agreement was illegal, the plaintiff cannot sue to have it set aside, nor can the defendant enforce it. The claim for breach of promise is held to be abandoned. The judge has refused a person other than the defendant, says Mr. Justice Britton, "so that presumably she has benefited by the defendant's breach of that part of his contract."

The action is dismissed without prejudice for any other action to recover money from the claim for which is not barred by illegality.

FRIEDMANN IS DENOUNCED

He Will Have Institutes All Over Country - Doctors are Chummy.

[Canadian Press Despatch]

OTTAWA, May 2.—If Dr. Friedmann is going to model the distribution of his treatment along the lines of the Kelley cure and have Friedmann institutes all over the country, I for one will never open my mouth as to the curative powers of his method on the patients he has treated here.

In the foregoing terms, Dr. C. A. Hodgetts, chief medical officer of the Dominion Conservation Commission, one of the chief figures in the arranging of the clinic when the German physician last here, to-day made it known that he will not assist in the free advertising of the alleged tuberculosis cure.

Dr. Hodgetts remarks indicate that Dr. Friedmann will not be received in Ottawa to-night with any great degree of enthusiasm. "He is a most erratic man," he went on, referring to Dr. Friedmann's failure to show up in Ottawa last night, as advertised. "If he comes to-night we will have all his former patients ready for him. One of them has died since the first injection, and some of the others are not looking out for his return."

Dr. G. B. Porter, secretary of the Canadian Association for the prevention of tuberculosis, is here awaiting Friedmann's arrival.

Caught Red-Handed.

WINNIPEG, Man., May 2.—Constable Curtis noticing a ladder leading to the upper story of Knight's jewelry establishment, he secluded himself in the shadow and when Lewis Doherty, ex-convict of international reputation, descended loaded with booty, the officer grabbed his man and slipped the darts on him. Doherty is just out of Stony Mountain penitentiary after serving a three year term for burglary. He had over \$400 worth of jewelry.

LOCAL DEALERS MAY FIGHT AND REDUCE THE PRICES

Will there be a coal dealers' war in Brantford this year? Will prices be cut to pieces? The Courier was informed yesterday by one of the leading dealers of the city that there was every prospect of a lively competitive fight, which would result in consumers getting their coal bins filled at prices greatly reduced from former years. There is now no coal dealers' association in Brantford, as a result of it being smashed years ago in a High Court action. It is understood, however, that the dealers work together, and coal is at several times of the year such a scarce commodity that prices are made so as to command a fair profit. Coal prices are not any higher in Brantford than in any other city, but between the wholesalers and the retailers there is generally an understanding as to the retail price. This happy state of affairs, it is said, is liable to be upset this year in Brantford, and the consumers will benefit, although the dealer who threatens to make the break says it will result in a big loss to the trader. Yesterday coal dropped from \$8 per ton to \$7.25 for chestnut and \$7 for other sizes.

BRANTFORD SCHOOL SITUATION IS SERIOUS—SCHOOLS ARE PACKED

City is Up Against Difficult Problem to Accomodate All Pupils—New School is Needed in the East Ward—The Situation.

A serious situation in regard to the public schools prevails in this city. Notwithstanding the fact that the new Dufferin School will be ready for occupation at the close of the summer holidays, and that new schools at Grand View and Echo Place will have an effect on city school attendance, the latter school having been built largely because attendance of pupils from the district was denied in the city, overcrowding prevails in every Brantford school with no exception. The attendance in almost every room in every school in the city is greater than allowed by Government regulations. The school trustees are up against a serious problem.

In Eagle Place it has been necessary to rent outside quarters, owing to King Edward School being crowded beyond its capacity. At the Central School pupils are placed in the halls for class-room purposes. Victoria and Alexandra Schools are crowded, and pupils are attending on reduced time. Unless something is done in a very short time the whole fabric of the Brantford educational system is liable to receive a serious setback.

HELPS BUT LITTLE

Notwithstanding the fact that the Dufferin School will take care of a lot of pupils, in the fall, Victoria School will be filled just the same. This result will accrue in spite of the fact that a large number of pupils from Terrace Hill will be taken care of by the new Grand View School by special arrangement with the Trustee Board of that district.

WHAT TRUSTEES PROPOSE

What the School Board proposes to do is to rearrange the entire school boundaries of the city, but it is doubtful if even this will greatly relieve the situation unless more accommodation is provided. The congestion will largely continue at Central and Alexandra Schools. What will have to be done is to erect a new school in the East Ward, where the trustees already hold property.

BIG EXPENDITURE

Big expenditures will be necessary for school purposes in a very short period. The growth of the city is evidenced by the situation which at present confronts the trustees, who are fully apprised of it. What results are at present being secured are being gotten under difficulties which will have to be surmounted. The City Council will be asked to authorize debentures for the installation of a new heating system at the Central School. The trustees have secured an option on land at Alexandra School for the extension of playgrounds. But beside these features, the one outstanding matter at present is the need for greater accommodation, and it is a need felt in all directions.

Queer Boy

Son of Millionaire Wants to Learn Hotel Business.

[Canadian Press Despatch]

NEW YORK, May 2.—Leigh W. Harrington, 23 years old, son of a Philadelphia banker, is a bell boy at one of the large Broadway hotels, learning the hotel business from bottom up.

"Front," shouted the room clerk yesterday, while Harrington was sitting at the head of the boys' bench. "Take care of Mr. Harrington," ordered the clerk, indicating a guest whom the bell boy recognized as his father. Mr. Harrington, however, paid no particular attention to the boy, who was carrying his bag and did not recognize his son until they were in the elevator. Harrington received a 90 cent tip, and at dinner at the Engineers' Club with his father, where the latter learned for the first time his son's ambition. He advised his father to stick to the job.

Condition Still Causes Concern

[Canadian Press Despatch]

LONDON, May 3.—The Duchess of Connaught, the wife of the Governor-General of Canada, who was operated on a second time last Tuesday for abdominal trouble, passed a fair night. This morning's bulletin issued by the surgeons in attendance says: "The Duchess of Connaught had a fair night, and her strength is maintained, but the condition of the patient still causes anxiety."

A Heavy Loss.

MOOSEJAW, Sask., May 2.—W. S. Woodward, Government immigration agent for Moosejaw, returned from a trip through the burned-out south country, where he gave relief to settlers suffering from prairie fires. A conservative estimate of the loss is a quarter of a million dollars. He found Gus Linberg and daughter, Mrs. Pease, had been burned to death, and a son, Arthur, is now in Weyburn hospital in a precarious condition.

Peterboro Beat Galt

GALT, May 2.—In their first game of the season here yesterday afternoon the Peterboro Canadian League team defeated a local nine by a score of 7 to 2, and judging from the exhibition given, the Petes will have good strength up if they expect a place in the Canadian League. There are a couple of positions on the team that require strengthening, and they are weak at the bat and by no means in good condition for the opening.

The Galt team was not an exceptionally strong one but put up a good showing considering. Quackenbush and Adair starred in the field for the locals, while "Dutch" Kress in the box, pitched a fine exhibition, striking out eight or nine of the Petes, and he looks good enough to deserve a trial with one of the Canadian league teams. It was the opinion of local fans that had Galt team had a few better hitters the score would have been different. By Manager Rowan's criticisms a shaking up in

Poor Man

Housecleaning Killed Him - He Left Note to His Spouse.

[Canadian Press Despatch]

NUTLEY, N. J., May 2.—House cleaning is said to have driven William Brandol to suicide. He quite beating carpets in the yard of his home on Centre street yesterday afternoon and later his body was found in the water at the bottom of a deep hole in a nearby stone quarry. A note, addressed to Mrs. Brandol was found in a cleft in the rocks and the message is credited as the farewell message of her husband.

"I can't beat carpets or clean house, I tried, and it ain't no use of your trying to make me. When you read this I hope you will give your habit of cleaning house every time you hear a robin sing."

A friend who said he had seen Brandol writing the note and thought it some sort of a hoax, walked back to the house with Brandol when he said he had forgotten his wife was going to have corned beef and cabbage for the noon meal and he thought he would eat before he killed himself. Brandol ate heartily of his favorite dish and then left the house again. No more was seen of him until the discovery of his body.

The line-up of the Petes can be expected. Creswell a Peterboro boy, started for the visitors and did very good for a youngster. Tracey finished the game and was in good form.

Knotty Lee's Colts Won

HAMILTON, May 2.—By a score of 12 to 8 Lees Colts defeated the Erskines here yesterday and showed better class than at any time this spring. Murphy, the new third baseman, gives every indication of a speed merchant and is a good stickler. The Cuban Giants will play the locals Friday and Saturday. Batteries—Smith and Fisher; Carey and Dickson. Umpire, Conkle.

MAY CLOSE SHOP IN MAY

Brantford retail clerks started out yesterday with a petition to have the Wednesday half-holiday started in May this year instead of June. The clerks point out that there is so much business to be done anyway, and that the people are educated to the Wednesday half-holiday thoroughly in Brantford, so that the idea involves the minimum of inconvenience and loss. The clerks who circulated the petition met with favorable success yesterday.

NEW CITY HALL SAYS MAYOR

Going to Get it, Got to Have it and Right Off.

"Hold on there!" Called out Mayor Hartman at the City Hall to a Courier representative who was just leaving the ancient structure this morning.

"Come here a minute I want to tell you something. You can state in the Courier to-night that Brantford is badly in need of a new city hall and I intend to take the matter up at once and will bring the subject up at the next meeting of the City Council. There is not enough room for the officials in this old ark and we need better and greater accommodation. Every department is overcrowded and the city has to engage outside offices in which to transact its business and it is high time that something was done in the matter of an up-to-date new City Hall with all conveniences.

His Worship was hot under the collar this morning and judging from the flash in his eye meant what he said.

The business offices, he said, are all too inadequate and something must be done at once.

His Worship is now decided that it is time for a new city hall and will bring the matter up for consideration before the City Fathers at the next meeting of the City Council.

An Appeal Is Likely

New Library Act Turns Things Upside Down.

Owing to objections from various cities and the involved nature of the Public Library Act there is every prospect of the legislation being appealed.

The Public school have at present three members, none of them connected with the school staff, which will mean that two members will probably have to drop out, and a school principal appointed in their places which leaves a principal and a representative on the board.

The Separate school who have at present two members on the board will have to dispose of one member, and put the principal of one of the schools in his place.

Librarian Henwood stated this morning that the changing of the Public Libraries act came as a surprise to the Library boards of the province, and to the gentlemen throughout the country who have always devoted their time and energies in making the Public Library what it is to-day.

The gentlemen who have composed the Library board of the city ever since the inauguration of the Public Libraries Act in 1884 have always been men of education and marked ability and have always sacrificed their time and energy to the best interests of the citizens of Brantford. He expressed himself as believing that the change would disturb matters somewhat locally owing to the building of the new addition.

In fact the new act involves a general shaking up, which affects both Ven. Archdeacon Mackenzie and Judge Hardy. It is doubtful if it will receive the assent of the Lieutenant-Governor.

Pope is Impatient.

ROME, May 2.—Pope Pius is most impatient to resume his work, and has decided to begin his receptions of the cardinals to-morrow, commencing with Cardinal De Lai, secretary of the consistorial congregation, and Cardinal Pompili, vicar-general of Rome. The pontiff wishes to discuss with Cardinal De Lai several questions concerning America, while he has not seen Cardinal Pompili since he was appointed vicar-general.

WOMEN ARE STILL AT IT

Bow Street, London, Crowded For Militant Trial.

The State Seizes Many Valuable Documents From Them

[Canadian Press Despatch]

NEW YORK, May 2.—With parade, pageant and appeal from the public platform, the women of New York city, who believe in woman suffrage, will hold a demonstration to-night and to-morrow in favor of their cause. Theodore Roosevelt has consented to be one of the speakers, and with Dr. Anna Howard Shaw, President of the National Women Suffrage Association, will deliver an address to-night at the Metropolitan opera house. To-morrow afternoon what is expected to be the greatest woman suffrage parade ever held—thirty thousand strong—will move up Fifth Avenue. When it is over, men and women orators in automobiles will appeal to the public in the Plaza at Fifth Avenue and Fifty-ninth street, and at night a mass meeting will be held in Carnegie Hall at which prominent men and women workers for the cause will deliver more addresses.

Delegations of women from neighboring states, many of national prominence, some coming by special train with their own bands, began pouring into the city to-day to take part in the demonstration, and it was estimated at National Suffrage headquarters that more than five thousand women from out of town would participate.

If this parade numbers 30,000 as was estimated, it will be just double the strength of the one held a year ago, signifying, according to the leaders, the growing strength of the suffrage cause. Many prominent women who declined to march last year will be in line this year, it is said, and 2,000 men, twice the number of last year, will march behind the banners of the men's league for women's suffrage.

Removed From House

LONDON, May 2.—Mrs. Emmeline Pankhurst, the militant suffragette leader, was to-day with the consent of the authorities, removed from the house in which she has been staying in London to a nursing home at Woking, where she will remain under the suspicions of the police. She travelled in a motor ambulance which was followed by a taxi cab conveying several Scotland Yard detectives who were on duty to prevent Mrs. Pankhurst attempting to flee the country.

Court Crowded

LONDON, May 2.—Bow Street Police Court was crowded this morning when a band of six militant suffragettes, who were arrested in the police raid on the headquarters of the Women's Social and Political Union on Wednesday were brought up before the magistrate on a charge of conspiracy under the Malignant Damage to Property Act. Beside General Mrs. Flora Drummond, Miss Harriett Robert Kerr, Miss Agnes Lake, Miss Rachel Barrett, Miss Laura Lennox and Mrs. Beatrice Saunders were Miss Annie Kennedy, arrested yesterday on her arrival from the Continent; Clayton, the analytical chemist, taken into custody last night at Richmond, and Sydney Drew, the printer of yesterday's issue of The Suffragette, who was arrested this morning.

Some interesting documents by the police were ready by the prosecuting counsel. They were intended to show Clayton's connection with the militant movement. One of them was addressed to Miss Annie Kennedy and regretted the delay in supplying some chemical preparation she had asked for. "The exact proportions are very difficult to get," it said, adding: "Please burn this."

Another document bearing the name of Clayton, suggested a widespread scheme of false alarms and still another gave a list of seven timber yards in London which tend themselves particularly well to attack. A third letter said that Clayton had a list of cotton manufacturers in London, whose premises "I will inspect during the next few days and report."

The chief officers of the National Health Insurance Commission at Buckingham gate, were also suggested as a good place to attack. A plan of the building was given with details as to the entrances and windows and a suggestion was made as to how "an operator might throw in a previously kindled paraffin or benzoline torch."

The offices of the health commission at Queen Anne's gate were also indicated as vulnerable, the letter stating "there is a tremendous store of paper and stationery there."

THE TRIALS OF PUBLIC LIFE.

The rewards of public life are few and far between, even to those who get to the top. Few people stop to realize the often thorny path which a parliamentary aspirant has to travel, the anxiety, the worry, the rush of it during a fight from meeting place to meeting place, the canvassing which is often most unpleasant and all the rest of it.

Then if he lands the so called plum, he becomes the centre of a torch waving and cheering procession, and many look upon his smiling face with envy, but said procession is in reality one of the few moments of unalloyed joy which he gets out of the entire business.

Attendance at sessions is a weary piece of business, the ever-lasting flow of talk, the hanging round waiting for the division bell, the importunities of office seekers, a crop which no early frost or late earthquake has ever yet damaged, the demands upon the pocket book, the loss to business during the absence at the house sittings, these and countless other things constitute an aggregation of demands and anxieties which are far from pleasant. In fact it is safe to say that the most of the M.P.'s in session at Ottawa are right now heartily sick of the whole thing.

And for those who reach Cabinet rank, there is nothing much more, except the added responsibility and the remuneration "is not nearly as large as it should be. Sir John Macdonald could have made thousands of dollars a year at his profession, but he devoted his great abilities to public life and died a poor man. The same is true of Sir Wilfrid Laurier to whom it is known that the salary as Opposition leader is most welcome. It is equally true of the late Sir John

Thompson, the late Hon. A. S. Hardy and so on. In fact the latter, when ill-health drove him from the Ontario premiership was glad to accept a dual government post with comparatively small emolument. Premier Borden happens to have large private means, but when he gave up the leadership of the bar in Nova Scotia in order to enter public life, he abandoned an enormous practice which netted him annually many thousands of dollars, more than he now receives.

Take the case of Sir James Whitney and Hon. Mr. Hanna. Both at great personal sacrifice have given of their best in the interests of the people, only as a reward to have some dirty charges brought against them because a Liberal member bent his ear to the allegations of a dismissed civil servant, who had stolen a letter, and then attempted to blackmail the Provincial Secretary because he held him responsible for keeping him out of a post which he had rightly forfeited for his act.

People as a rule are not considerate enough of their representatives, or of the sacrifices and the heckling to which they are continually subjected.

THE GLOBE, VERSUS THE GLOBE

When it was urging Reciprocity—that silly scheme of which Editor Macdonald was wet nurse in chief—the Toronto Globe used to editorially shriek that with duties removed the Canadian farmer would get to the big market across the border. The organ especially dealt upon the alleged advantage to the grain growers of the West.

Well, our neighbors are voluntarily proposing to lower some duties and what has the editor of the business page of the Globe to say about the grain end of it?

Here you are. "The reduction proposed in the duty on wheat will affect the Canadian producer very little now. The United States is producing too much surplus wheat in these days to afford us a profitable market there. With reserves on March 31 amounting to about 156,000,000 bushels and a new winter crop coming in about the 1st of July, which promises to greatly exceed that of a year ago, the United States is a huge exporter yet. With her new irrigation methods there are large wheat areas yet untouched. There is promise that she will

be a large exporter for many years to come. Prevailing prices in American markets reflect the relative position of the two countries. "The present period is a good time to compare prices, as the export season on this side of the water is progressing towards its close. In Winnipeg yesterday futures were selling as follows: May, 93 3-8; July, 94 3-8; October, 89 3-4. In Minneapolis they were selling May 88 1-2; July 90 1-2; September 91 3-8; In Kansas City, May at 85 1-2; July 85 3-4; September at 85 3-4. Except for some weeks in December last, cash and future prices in the United States markets have been below Winnipeg.

"Britain is the great consuming market of both Canada and the United States. In 1912 60,343 bushels of wheat went from Canada to Britain. The past year Liverpool has largely controlled the future market in both countries." Just exactly what Conservative papers were arguing during the election of 1911, and which the Globe editorially fiercely combated.

But then the business editor of the Globe is deservedly known as a level headed man.

SENATE ACTION

Says the Ottawa Journal:—"Is the Liberal majority in the Senate preparing to throw out the Government's supply bill in the hope of forcing a general election?"

This is a question which those who have been carefully observing the cross-currents of the political tide for the past few days are now asking, and answering in the affirmative.

Several reasons are advanced for such a conclusion. One of these is the tone of the speeches of the Liberal front benchers in the Commons in the dying moments of the House rules. The dominant note in practically every speech was an appeal to the Liberal majority in the Upper Chambers to thwart the will of the Government. It is argued that such utterances could not, or would not have been made without some kind of definite assurance from Liberals in the Senate.

Again it is pointed out that the Liberals submitted all too meekly to the adoption of the closure. The much advertised coup and last dramatic stand of the Opposition did not materialize when the final moment arrived, and close students of the political game are asking themselves if the Liberals after all their fighting and meekly lie down almost without protest, if they were not absolutely sure that their friends in the Senate were prepared to wield a more effective weapon than is at the disposal of the minority in the Commons.

It is known that there is a large

section of the Opposition who do not favor the Senate throwing out either the supply or naval bill. The more militant group however, led by Mr. Bugsey, Carvell, Oliver, Murphy and Macdonald, and advised by some of the ex-cabinet ministers who are not new members of the House, are willing to go to any length to bring on an election, and these are practically in control of the party. The future of Liberalism in Canada is not as important in the eyes of some of these militants as is a gambling chance in a general election within a year.

It was said this morning that a group of Liberals were preparing to take the stump in Ontario, with a view of preparing the people for the action of the Senate. Sir Wilfrid Laurier's meeting in Toronto, Monday next, which in addition to the leader of the Opposition will be addressed by Hon. Geo. B. Graham, Hon. Chas. Murphy, and Dr. Michael Clark, will initiate the campaign. The object is to popularize or at least excuse the probable action of the Upper Chamber.

As far as the government is concerned, its course is perfectly plain, it is not going to cross any bridges before they are reached, but judging from the utterances of Premier Borden in the House this session, it is prepared to meet any and every agouously any new situation which may arise apparently calm, bearing out the old proverb that deep water runs smooth."

NOTES AND COMMENTS

Brantford should own its street railway, and extend it in many directions.

Why did Mr. Proudfoot refuse to take the oath when asked to substantiate his charges against Whitney and Hanna?

It is now up to our cotem on the cupola corner, to name one big move on behalf of the people it has ever inaugurated.

And this time next spring Brantfordites will be able to take a fast and well equipped car for a visit to Port Dover, and the enjoyment of the unrivalled bathing at that charming lake resort.

The authorities at Edmonton sent five Salvation Army women to jail for ten days for holding meetings on the public streets there. And yet we are sending missionaries to darkest Africa.

At Ottawa, in the presence of Premier Borden, Sir Wilfrid Laurier

and hundreds of others, the press gallery nine walloped a picked nine of baseball M. P.'s. The latter evidently play a better game of bawl in the House than they do on the diamond.

If she is to be taken out of England in an airship, the experience should not prove a novelty to Mrs. Pankhurst. She has been up in the air a long time now on her own account.

THE BEST MEDICINE I HAVE EVER USED.

"The best medicine I have ever used" is what thousands of mothers say of Baby's Own Tablets. Once a mother has used the Tablets for her little ones she will use no other medicine and never fails to recommend them to her friends. Concerning them Mrs. John Thompson, Coutts, Alta, says: "I have given Baby's Own Tablets to my baby for constipation and think them the best medicine I have ever used. Please send me two more boxes as I would not care to be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### A Concert

Was Given Wednesday Evening at Congregational Church.

A very successful concert was given in the parlors of the Congregational Church on Wednesday evening by members of the Sunday School. A dialog was put on by Miss Sophie Greiner, Miss Alice Bloxham, Miss M. Hoag, Miss H. Winegard, Miss Ethel Dixon and several of the children of the school.

At the conclusion of the dialog Mr. J. L. Dixon gave an illustrated lecture on "Some of the Beauty Spots of Scotland."

The feature of the concert was the bringing in of rubbers by the children which they had gathered, and which will be sold to assist in the payment for recent improvements to the Sunday school room. There was a good attendance.

### With The Police

There were only four cases for his Worship to pass judgment on in the police court this morning.

The case of Said Abdullah, who charged Hands Burrow with assaulting him by hitting him on the head with a core, was dismissed, after both defendant and plaintiff paid their interpreter's fees, amounting to \$4 each.

Vick Gabor, a foreigner, was dismissed on the charge of stealing \$125 from a fellow-boarder named Chas. Debon. There was not sufficient evidence to convict the defendant.

Hurley Walker refused to turn out at drills. This morning he was fined \$5 and costs or ten days, as a slight reminder that it is compulsory for non-child's play.

W. Hollister was in the same box, but he had a reasonable excuse to offer, and the charge was withdrawn.

### Scout Notes

The City Scout Troops will parade at the Y. M. C. A. on Sunday night at 6.30, marching from there to the First Baptist Church to participate in the Boys' Night service.

The Brantford Daily Expositor will offer a splendid challenge shield to be competed for at Paris on the 24th of May. This trophy will be presented to the patrol making the highest percentage in drill, general appearance and display. As somewhere around 1000 Scouts will be present at the rally and the shield will not be for district competition only, Brantford scouts will have hard work in bringing home the trophy.

The percentage for appearance, etc., will be decided by the judges from the districts who desire to compete on the 24th.

T. J. Barton and Son have also offered a fine bugle to be competed for by the Buglers at the Rally. The calls which will be played before the judges will be decided upon at that time.

Wesley Church Troop has been presented with two fine bugles by bible classes attached to their church.

Scoutmaster E. W. F. Hart, has returned from Toronto and will be of great assistance to the local troops in signalling work and other branches of Scoutcraft.

Trinity Church Troop had a good turnout at their last meeting and the Eagle Patrol under Leader Box was presented with the ambulance outfit, won in the recent competition and also a challenge flag for efficient troop work. Commissioner MacFarlane in making the presentation, congratulated the Patrol in their natty appearance and efficient work.

The Badge committee has been requested to examine a Scout for his Interpreter Badge. Thus far there are only two interpreters in the city, one of whom qualified in French and the other in Esperanto. The latest candidate speaks German.

### BASEBALL

Red Sox vs. Toronto Royals, Agricultural Park, to-morrow. Regular admission. Grand stand free.

See the new English Shirts in Broadben's window on Saturday. Nothing like them in town.

### A Letter

Re a New Bonanza, Received by City Clerk Laenard.

The following communication is on file at the city clerk's office, which refers to one of the kind of propositions the civic authorities are up against in securing new industries:

Toronto, May 2, 1913. H. F. Leonard, City Clerk, Brantford, Ont.

Dear Sir,—I duly received your letter of the 24th ult., for which I thank you, and must apologize for my lack of courtesy in not answering it before now. I have been in telephone communication with Mr. Emerson and was endeavoring to bring about a meeting with him and my principal, but no sooner than I named Brantford to him than he at once raised difficulties. This aroused my suspicions as to his proposition being as genuine as he had made it appear, and after examining it closely, I came to the conclusion that it was of such a nature that it would not redound to my credit to handle same. I regret this all the more as the promptitude with which you attended to my communication and the short space of time that elapsed between my letter reaching you and Mr. Emerson getting in touch with me, shows a genuine desire to take advantage of what is worth having on the part of the officials of Brantford, and I shall be only too pleased to be instrumental in introducing something that will be a benefit to your city and credit to myself.

Yours truly, HENRY H. TITCOCK.

Lile Miss Ada Pearce, daughter of Mr. and Mrs. W. T. Pearce, who recently underwent an operation, is reported to be doing as well as can be expected.

Mr. H. H. Hamilton of the Y.M.C.A. is in Toronto to-day.

The friends of George Prowse, Jr., 185 Arthur street, who was operated upon at the hospital recently, will be pleased to learn that he is able to be removed to his home.

Buildings and Grounds. Trustee Cutcliffe submitted the following report on behalf of the Buildings and Grounds committee, which was approved:

1. We recommend that Terano be substituted for slate in connection with the stairs in the Dufferin school, to be made without additional cost.

2. Your committee requests that their action in renting the premises of Mr. G. C. Lambden Ontario St. be confirmed. The terms of rental to be as follows: \$5.00 to be paid for the part of the month of March, and the balance of the month of \$10.00 to include the services of Mrs. Lambden in looking after the premises.

Your committee also recommend that cement walks be added at Alexandra school to the extent of about 400 square feet.

Trustee I. D. Scruton, chairman of the finance committee submitted a big batch of accounts which were passed.

Grandview School Agreement. Under the Management committee's report, the Secretary, Mr. Bunnell, was authorized to submit the Grandview agreement to the Minister of Education for his approval. It provides as follows:

That the agreement is made between School Section No. 3, Brantford Township, (Grandview), and the Brantford Public School Board, and comes under Section 717 of the Public School Act. The boundary line is defined as all north of the G. T. R. tracks; that the city shall have the right of to send pupils to that school on and after September 1, 1913, and that the city board shall notify the Grandview trustees during July of the number of pupils to be sent to their school. The Township school board shall notify the city board in February of each year in case they desire to limit the number of pupils to be received. The grading, examinations and course of instruction shall be the same as in vogue in Brantford schools; also free text books shall be given and the school fees shall be the same as levied in the city. A Kindergarten department will also be inaugurated for the benefit of both sections. The city board shall have the privilege of inspection of both the school and books at all reasonable times, and shall pay, quarterly, pro rata cost of maintenance, after the usual deductions are made, also of principal and interest on sinking fund. Thus in case of annexation the city shall be allowed for all payments on principal. Further in case of destruction by fire the city shall receive such share of insurance money or monies as a part owner would be entitled to, based on the payments made on capital account, or in case of rebuilding she will be entitled to her share on the basis above stated. Should at any time the Grandview section desire to use the whole school for their own use, they shall give due notice to the other party to the agreement; or should for any reason the city board desire to withdraw, they may do so by giving three months' notice previous to September in any year. In both cases the city shall have refunded all moneys paid on capital

## WEIGHTY MATTERS WERE HANDLED BY TRUSTEES

School Board Meeting Last Night—An Agreement With the Grand View School—Care of Children's Teeth to be Taken Up.

The regular meeting of the School board was held last evening in the Council Chamber. Present—Chairman George Ryerson Trustees D. Lyle I. D. Scruton, Cutcliffe, Ballachee, Day, Coulebeck, and Watson.

The minutes of the last meeting were read and approved. Several communications were heard and dealt with in the usual way. Nurse Macpherson submitted her regular report calling attention to the defects of a number of children.

Inspector Kilmer also submitted his report as to attendance, lates, etc.

School Management. The committee on School Management, through Dr. Ballachee submitted the following report, which was adopted:

1. In the absence of the chairman of the committee, Dr. Ashton, Dr. P. P. Ballachee has been appointed chairman pro tem.

2. We recommend that the salary of Miss W. Colter, principal of the Victoria school be fixed at \$1,000.00 per annum, from January 1st, last, and that Miss Colter be given the same increases from time to time as the male principals.

3. That the secretary be authorized on behalf of the board to subscribe to the proposed agreement with the Public School board of School Section No. 3, of the Township of Brantford, to the Minister of Education for his approval, and that it be an instruction to the Inspector to report to this committee as soon as possible the number of children he considered advisable to transfer to the said township school, and at the same time to outline how such transfer and the opening of the Dufferin school will affect the attendance at the other schools.

Buildings and Grounds. Trustee Cutcliffe submitted the following report on behalf of the Buildings and Grounds committee, which was approved:

1. We recommend that Terano be substituted for slate in connection with the stairs in the Dufferin school, to be made without additional cost.

 It has been hinted that in all likelihood the school children will be dismissed at three o'clock in the afternoon on Wednesday next for the opening ball game.  
**At the Apollo**  
 Horton & Company, magicians, at the Apollo theatre have the cleverest act of the kind seen in Brantford for some time and are making a big hit with their act.  
**Park Notes.**  
 The Parks Board will likely place dressing rooms under the grand stand at Agricultural Park for the Indians when the Old Crystal Palace is torn down.  
**Going West**  
 Mr. Joseph Secord of Toronto, formerly of Brantford, was in the city to-day renewing old acquaintances, and will leave shortly for Regina, where he will in future reside, having secured a good position with a well known Toronto piano concern.  
**Indians Received Allowance**  
 Major Gordon J. Smith returned to the city yesterday afternoon after a three days' trip to Oshkewen where he was engaged in paying the Indians their spring interest money, which amounted in all to slightly over \$12,000.  
**Appointed Lieutenant-Colonel**  
 The military Gazette of March announced that Major S. F. Smith of the Governor-General's Body Guards had been raised to Lieut.-Colonel, and will take command at once. He is a brother of Major Gordon J. Smith of this city.  
**Complaints re. Sydenham St.**  
 A. E. Watts has written the city council in behalf of his client, H. R. Yates, in reference to the condition of the road on Sydenham street and also calls the attention of this body to the damage that is done Mr. Yates' property caused by poor drainage.  
**Heavy Session.**  
 Brant Encampment, No. 4, I. O. O. F., met on Friday April 25th, when a great deal of business was transacted, after which sixteen new members were instructed in the Patriarchal degree, owing to a communication received from Ingersoll. Encampment stating that they will pay Brant a fraternal visit on May 23rd, and confer the Patriarchal degree. A special meeting will be held on May 3rd, for the purpose of conferring the Golden Rule degree.  
**Liked Mr Liddy**  
 Referring to the recent anniversary services in connection with the Harrison Methodist church. The Harrison Review says:—Rev. J. E. Liddy, M.A., of Wesley church, Brantford, a former pastor, was the preacher of the day, and large congregations gathered, both morning and evening. It was during Mr Liddy's pastorate here, about nine years ago, that the present beautiful church was erected, and it was largely due to his tact and zeal that the enterprise was carried to so successful a conclusion, for not only was a building erected which is a credit to the congregation and the town, but the entire cost was practically provided for. The sermons both morning and evening were powerful expositions of Divine truth, showing that the gentleman has lost none of his former eloquence and earnestness.

### A Complaint

Complaints are being reported every day with regard to the manner in which traffic is held up at the Market and George street crossings of the G.T.R. This morning a businessman in that vicinity, who by the way was quite peeved over the way traffic was handled up there, stated to a Courier representative that this morning that crossing had been blocked for nearly two hours. "Either the

city council or the police department are not doing their duty," said the aforesaid merchant. "If the chief would take the man off the corner of Colborne and Market streets and put him up at the railway crossing, he would be of much more service to the citizens."

The G. T. R. are certainly responsible for a great many delays and if they are as frequent and as long as reported. Some action should be taken at once to put an end to these blockades.

Wouldn't this be a good time to start a subway agitation?

## REQUEST WAS MADE TO PARK BOARD FOR LAND

### Dufferin Bowling Club See More Government Land Coming and Want a Slice of it.

A meeting of the Parks Board was held in the tax collector's office at the City Hall last night. Present were: E. L. Gould, chairman; Geo. S. Matthews, F. Cockshutt, W. Glover, J. Waller and Secretary I. J. Hawkins.

It was decided that the old buildings at Agricultural Park should be cleared away and tenders for doing the work will be called for at once.

John C. Waller will in future give his whole time and attention to the work of the Parks board as he was last night given a raise in salary and will be paid \$900 for his services.

A deputation was present from the Dufferin Bowling and Lawn Tennis club and requested that they be given the use of fifty feet more space for the purpose of enlarging their courts. No definite answer was given the request of the deputation.

**Communications.**  
A communication was received from W. J. Philip of the Brantford intermediate lacrosse team, protesting against the removal of the old Palace as the same was used as a dressing room. Referred to the Buildings and Grounds committee.

George Haynes, of Hamilton, a steepie climber, offered to remove the flag pole from Jubilee Terrace for the sum of \$40.

**Dufferin Petition.**  
The following communication was received from the Dufferin Bowling and Tennis Club:

Gentlemen,—We beg to confirm verbal application of a special committee of the Dufferin Bowling and Tennis club for the privilege of utilizing for tennis courts about fifty-one feet of land immediately in the rear of our present quarters at the O.T.B. grounds. In conversation with Mr. Brewster he gave us to understand that he would personally get in touch with the Honorable, the Minister of Education in Toronto some time during this week, with a view to having a stipulation in the government grant papers that approximately the above mentioned portion to be set aside for tennis purposes when the government grant or two or three hundred feet of land for recreation purposes is received from your body.

If this additional privilege is granted our club the grounds will be put in first class shape at once, but in order to have the ground in suitable condition for tennis for the coming season, work of levelling and sodding should be commenced immediately. We trust, therefore, that at your pleasure and so soon as convenient your board will give us an answer in connection with our application.

Thanking you in anticipation and also for the consideration and courtesy extended in the past, we are, Yours respectfully,  
Dufferin Bowling and Lawn Tennis Club,  
N. W. Creech,  
Secretary Special Committee.

A delegation from the Dufferin Bowling and Tennis club, composed of Messrs. VanSomeren, J. S. Dow-

ling, C. Cook, A. A. Lister, F. Chalcraft, R. C. Burns and T. Wilson were present and asked for the extension mentioned above.

A. P. VanSomeren, the first speaker stated that the club was desirous of securing a grant of 50 feet to the present bowling green for the purpose of extending their lawn tennis courts. He stated that the game was becoming more popular in the city and consequently more players were taking up the game and at present there was not sufficient room for all those who desired to play the game.

The speaker stated that if the government through Mr. Brewster granted the additional space asked for, that 75 feet for lawn tennis purposes would not interfere in the slightest with the original idea of the grounds. It was not the intention of the club to run the children off the grounds or to rob them of their play grounds, but if granted the extra space all would have plenty of room for recreation purposes.

John S. Dowling addressed the board along the same line and stated that though they asked for more space, still if 50 feet were given them all that would be required. He said that lawn tennis was a recreation for the girls and young ladies and they were entitled to it as all the rest of the playgrounds were for boys and men, and the girls were justly entitled to their share.

Messrs. C. Cook, F. Chalcraft, A. A. Lister and Wilson also spoke.

Messrs. Geo. Matthews and E. L. Gould stated that they did not want to see the boys crowded off the play grounds as the original idea of the place was a public play grounds and not for a private corporation.

The delegation assured them that they had no intention of crowding the boys off.

Mr. Chalcraft was of the opinion and were all the delegation that if the government granted the amount of land asked for for play grounds there would be room for all.

The delegation after thanking the board retired.

The matter was talked over for some time, and if the board receive from the government the favor asked for, the request of the club for fifty feet will no doubt be acceded to.

**Buildings and Grounds.**  
The Buildings and Grounds committee reported as follows:

1. That the condition of the buildings in Agricultural Park is very unsatisfactory and it is recommended that all of the buildings except those in use, be disposed of, and that power be given the buildings and grounds committee to advertise for tenders. The said tenders to include the removal from their present site and the levelling up of the grounds.

2. That sewer connection be made to the dwelling house at Agricultural Park, through W. Tipper and Son, their tender being accepted.

3. That the water be extended on Agricultural Park so as to include the play grounds and that two drinking fountains be put in.

4. That drinking fountains be put in Tutela Park. St. Paul's play grounds and West street play grounds.

5. That the line fence between the Bell Homestead and Mr. Brook's property be removed.

It was moved by Mr. Cockshutt, seconded by Mr. Matthews: That the report of the Grounds committee be received and adopted.

It was decided to call for tenders, same to close on May 15th.

Mr. Matthews spoke on the idea of utilizing the public play grounds in the winter time such as flooding them and using them for skating rinks. He was much in favor of erecting small toboggan slides in the winter for the "kiddies," similar to those in the play grounds in Toronto, which were 12 feet high with 3-1 slope, which provided great amusement for the small and younger children. This of course will be taken up next fall.

Mr. Matthews was greatly in favor of seeing that the little folks be looked after on the public playgrounds claiming that the older children crowded them off and that space should be allotted to the "Little tots" who had every bit as much right there as the larger and older children, or any Bowling Club, Lawn Tennis club or other athletic organization. If the government grant the increased space then the little folks, said Mr. Matthews, should have a separate space for themselves. And he will no doubt see that they get it.

**Increase of Salary.**  
John C. Waller asked for an increase of salary and that he be relieved of duties in connection with the cemeteries and that he devote his whole time, the year round in the interests of the board, and that he be paid the sum of \$900. After a short discussion it was moved by F. Cockshutt and seconded by G. Matthews that J. C. Waller be paid the sum of \$900 per annum, same to date from April 1st, 1913, and that he devote his time entirely in the interests of the parks board. The motion carried unanimously and the meeting adjourned.

### COLBORNE STREET ACTORS GOOD

#### An Amusing Farce Was Put on Last Night at Colborne Street Church.

An amusing farce "A Perplexing Situation" was put on in Colborne street Church parlors last evening before a large and appreciative audience, under the auspices of Mrs. Frank Leeming's young ladies bible class and the young ladies' Sunday Morning class, assisted by Mr. Raymond, Mr. Verne Palmer, Mr. Ray Edward Rainer, Mr. John Joyce and Mr. Gaycliffe.

Great credit is due Mrs. Leeming, under whose personal direction, the farce was presented, and who also took the part of the old "Aunty."

**The Characters.**  
Mr. Middleton, Mr. Ray Youman's, Mrs. Middleton, Miss L. Shaver, Tom Middleton, Mr. Verne Palmer, Jessie Middleton, Miss Lorraine Logan, Sue Middleton, Miss Annie Heaman, Lucy Fair, Miss Clara Edmanston, Mand Parker, Miss Susie Durban, Mrs. Nosis, Evelyn Huffman, Alexander Wilson, Mr. Edward Rainer, Mary, the Irish Servant, Miss Grace Struthers, Fritz, Mr. John Joyce, Aunt Jemima, Mrs. Frank Leeming, Health Officer, Mr. Gaycliffe.

**The Farce.**  
The young ladies, some of whom have been in disarray since the home of the Middleton family, discussing what they have seen and heard while out shopping. Prominent in their gossip is the coming marriage of two members of Colborne St. Church. The girls are at their wits end for dresses for the occasion. Mr. Middleton and Tom arrive home from the office and become annoyed at the young ladies for making so much noise, especially Mr. Middleton, who offers the girls \$75 to keep quiet until six o'clock. The girls take dad up and then the fun starts.

They look over the fashion magazines, but are compelled to refrain from speaking or it is Good Night to that \$75—so they struggle on. Alexander Wilson who is desperately in love with Jessie Middleton, comes to propose to his lady love, but he goes away in despair—he won't talk.

Later, Aunt Jemima, arrives with her bird cage and bundles from down in the country and as there is no one to welcome her, she opens her handboxes, shows the audience her finery which she recently purchased, and reads from the fashion magazines. Aunt Jemima, when the girls arrive, is naturally very much surprised that they cannot talk and loudly laments the misfortune. The situation becomes so perplexing that rumors have spread of smallpox, the Health Officer arrives and threatens quarantine in the little wooden dwelling back of Mt. Hope cemetery. At last all is made clear. Auntie is formally received, several of the young people declare their love for each other, and poor dear dad, writes out the check for \$75.

**These Church Hits.**  
Church hits were flying in every direction, and striking not a few of the prominent members. Several want and for sale ads. were read from the newspapers. A few of the advertisements—

Wanted—A church committee who will take the draft out of the choir gallery.

For sale—Three hundred silver Jubilee Souvenirs. Apply, Fred Mann For Sale—Sofa, lounge or couch, two springs, one to go up and one to go down. Apply, the parsonage.

Wanted—One society, who will have functions without eating. Apply, Mr. Hyle, caretaker.

One of the Locals.  
Mr. G. C. White, organist and choir leader, extends an invitation to the members of the choir to be present at choir practice on Friday evening.

Those taking part in this very amusing farce were most capable, all being equal to the several parts assigned to them.

Previous to the presenting of the farce a short program was given. A piano duet by Miss Pearl Eacret and Miss Heaman was well received, as were also solos by Miss Gertrude Ham and Miss Agnes Butler. Miss Edna Kay won, by her several readings, warm corners in the hearts of a Colborne Street audience.

The very successful evening was brought to a close by the singing of the National Anthem.

Auction sale of fruit trees and shrubberies on the market on Saturday, May 3rd at ten o'clock, a large number of fruit trees consisting of apples, pears, plums, cherries, peaches and aprones, also crab apples, raspberries, rose bushes, and shrubs. This is an extra good lot, so do not miss this chance to get bargains, as every one must be sold. W. Almas, auctioneer.

### Anglican Congregations Brantford Unite in a Festival Last Night.

At Grace church last night a vice was held which will long be remembered by those who heard. The seven Anglican congregations, Brantford, Grace church, St. John's, Trinity, St. James', Paul's and St. Luke's, united in a combined service of praise in order to give the festival of the ascension of our Lord the honor and glory which is its due. The choir, set together aggregated over one hundred voices, were massed in the choir of the church. The service, with a procession of choristers, vested in cassock and surplice, of the vestry round the church, and places, singing the hymn "Hail day that sees Him rise." This very imposing sight. Those at the beginning of the procession reached their places before the of the fine had passed through vestry doors. Full choral evens was sung. The Rev. J. C. Potts, toned the service. Rev. Henry W. read the lessons, Archdeacon McKenzie took the concluding prayer and benediction, and the Venerable G. F. Davidson, Archdeacon of Guelph, preached the sermon. Some music appropriate for Ascension was rendered by the choir, singing of the proper psalms, especially good, the choir maintaining an even tone and by observing the antiphonal arrangement of psalms accentuating the meaning of the text in a most vivid manner. Closing unison passages were sung. The hymns, "Praise to the King," "Crown Him with Yew Crowns," and "All hail the power Jesus' Name," being familiar to everyone, were particularly enjoyed. So much that is excellent it is to select for special praise, but

Who scored a great choral success last evening.

might venture the statement, the one who heard the truly sublimating crescendo to which the hymn hail the power of Jesus' Name' set up, would ever forget it. The titles were sung to a very stirring and dignified setting by Garret, anthem, "Lift up your heads, gates" by J. L. Hopkins, is a magnificent triumphal composition was well rendered by the Archdeacon Davidson preached eloquent sermon from the text is expedient for you that I go as. At the beginning he congratulated the choir on the service of praise which they had offered to God on festival of the coronation of Lord. He could only compare a service he had attended seven ago in New York, when the of the several church comprised Old Trinity parish, united for a similar object. There were three read said he why it was expedient Christ should go away, first, because the sending of the Holy Ghost, comforter was contingent on Christ's ascension; secondly because the ascension initiated the service, faith as distance from the service, a service which so far surpasses that of sight as voluntary ofence surpasses mechanical perfect and thirdly, the ascension of our placed upon the church the privilege of working out God's salvation man. Mr. Frederick C. Thol L. R. A. M., A. R. C. O., who worked unsparingly to train choirs for this festival, is to be highly congratulated upon the success of his efforts. We hope that this festival may become an annual event.

might venture the statement, that no  
one who heard the truly sublime

Archdeacon Davidson preached an  
excellent sermon from the text, "It  
is expedient for you that I go away,"  
the beginning he congratulated  
the choir on the service of praise  
they had offered to God on the  
occasion of the coronation of a  
king. He could only compare it to  
the service he had attended seven years  
ago in New York, when the choir  
of the several churches comprising  
Trinity parish, united for a simi-  
lar object. There were three reasons  
why it was expedient that the  
service should go away, first, because  
of the sending of the Holy Ghost, the  
service was contingent upon the  
ascension; secondly, because  
of the ascension initiated the services of  
the church as distinct from the service  
of the world, a service which so far sur-  
passes that of sight as voluntary obedi-  
ence surpasses mechanical perfection  
and thirdly, the ascension of our Lord  
rested upon the church the privilege  
of working out God's salvation for  
the world. Mr. Frederick C. Thomas,  
B.A.M., A.R.C.O., who has  
worked unsparingly to train the  
choirs for this festival, is to be heart-  
ily congratulated upon the success of  
the efforts. We hope that this  
annual festival may become an annual  
event.

Closing  
Exercises

Were Held at the Y.W.C.A.  
Last Evening By  
Classes.

There was a large number present  
at Victoria Hall last evening, the oc-  
casion being the closing exercises of  
the physical department, the junior,  
intermediate and senior classes taking  
part in numerous very pretty and well  
executed drills. The first item on the  
program was a grand march, in which  
all the members of the department  
took part. Following this the junior  
and intermediate classes went through  
some fancy drills under the very  
capable direction of Miss Gould, who  
has charge of the physical culture  
work. Another fancy drill was given  
by the seniors, following which Miss  
Gould and Miss J. Whitney were each  
presented with large bouquets by  
members of the juvenile department.  
Numbers on the program especially  
worthy of mention were the "Fairy  
Dance" by the wee tots, the "Folk  
dances" by the seniors, also the "New-  
castle" and old-fashioned dances by  
members of the senior class in cos-  
tumes.  
Miss Vera Styles delighted the au-  
dience with her dancing of the High-  
land Fling.  
The last number on the program,  
"The Minuet," was especially attrac-  
tive. The participants in this old-  
fashioned dance were costumed in old-  
time gowns, with powdered hair and  
patches, presenting a very pictur-  
esque scene indeed and calling for re-  
peated encores. Those taking part in  
this dance were Misses Kathleen Rev-  
ille, Miss Dorothy Roe, Miss Aileen  
Wilson, Miss Mildred Dalton, Miss  
Jean Jackson, Miss Stephanie Jones,  
Miss Josie Whitney and Miss Aldah  
Shultis.  
The classes are exceptionally large  
this year, making the much harder  
to handle. The Thistle patrol of  
Girl Guides made very efficient ush-  
ers. During the evening Miss Bessie  
Johnston acted as accompanist. She  
was also the recipient of a large bou-  
quet of flowers.

Fine Event

Was Held at St. Andrew's  
Church Last Evening -  
A Large Attendance.

A very successful choir concert was  
put on by the St. Andrew's Presby-  
terian church choir of forty-five  
voices assisted by Miss Helen Fawkes,  
soprano; Miss Marietta La Dell, en-  
tertainer and Mr. Hartwell De Mil-  
le, baritone, in the church auditorium  
last evening, before an appreciative  
audience.  
The choir presented the following  
numbers in excellent voice. "Send  
Out Thy Light," (Sanctus) (from  
Messe Solennelle); "The Long Day  
Closes" and "Good Night, Good Night  
Beloved." Great credit is due Mr. S.  
P. Davies, choirmaster and Mr. K.  
Terns, organist, for the success of  
the concert.

Miss Fawkes, who was in good  
voice rendered "A May Morning,"  
"Vilanello," and took a solo part in  
"Sanctus," which was rendered by  
the choir. Miss Fawkes rendered her  
solos very much to the liking of the  
audience, and responded to each of  
her selections.  
Miss La Dell, of Toronto, entertain-  
er, excelled anything she has done  
before in this city. Her rendering of  
"Baby's Soliloquy," and "Somebody  
Did," were especially good. Miss La  
Dell's other items were "The Christ-  
mas Home-Coming," and "Old Age  
vs. Romance." Her rendition of the  
"Wind and the Moon" was excellent.  
Miss La Dell also gave the nursery  
rhyme, "Little Jack Horner," illus-  
trating how Longfellow and other  
great writers would write it.  
Mr. Hartwell De Mille of Toronto,  
baritone, gave "The Trumpeter," "The  
Friend" and "Alone in the Desert."  
The low range of his voice and dram-  
atic powers appealed particularly to  
his audience in "Alone in the Desert."  
His encore "The Stuttering Love"  
was especially well rendered, and his  
encore "A Perfect Day" was given in  
capital style.  
After the concert the choir was the  
guest of the church management com-  
mittee at a supper at which a number  
of congratulatory speeches were  
made.

Additional Sporting News

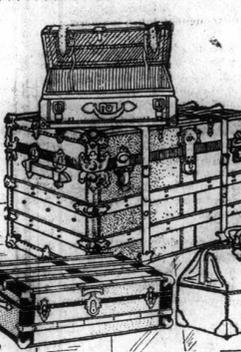

In almost any melodrama the vil-  
lain opens with vast eclat, but before  
the end of the final act is carried off  
in segments with a dent in his beam.  
We'll find out whether baseball is a  
melodrama or not when we see what  
happens to C. Webb Murphy by Oc-  
tober.  
The Red Sox so far look as if they  
had all the world series stuff they  
wanted last fall and are willing to  
rest a year before resuming any  
such harrowing details. Stahl's team  
has never looked the same since it  
cinched the flag last September and  
began to ease up. No one who has  
seen this club at work this spring

would ever figure that it won a mat-  
ter of twenty-four consecutive series  
from June until mid-September last  
year.  
When the Boston Braves woke up  
Tuesday morning and found the  
Reds had wrested their fortress from  
them it is reported they sent King  
Tinker a note demanding immediate  
evacuation. The National League  
Secretary has been held by the Braves  
for generations and the presence of  
this new intruder has provoked them  
to bitter wrath. International com-  
plications may follow at any mo-  
ment should Tinker refuse to accede  
to the Braves' demands.

We notice this from an exchange  
"Ed Walsh of the White Sox is ill  
with a cold." Isn't it about time the  
sporting pages were going in for  
purer English? It should be of course  
"Ed Walsh are sick with a cold" if  
grammatical regulations are to be  
carried out.  
In the face of a rushing charge to  
the effect that the Cubs would finish  
in the second division, Evans an  
company began replying with the  
heavy artillery. If there is any dis-  
cussion in Cub ranks now it is being  
drowned out by the roar of Cub bats.

Foot-Rite Counters**

The "Counter" of a shoe is the back stop—the  
stiff leather that goes behind your ankle over your  
heel. In the good old days when leather wasn't  
so high-priced, ALL shoe counters were made of  
solid leather—no cheats.

But these days the counters of most shoes are  
made principally of "leather-board"—a stylish  
name for glue, paper and scraps pressed together  
by machine.

The counters in Foot-rite Shoes are made of  
the best possible stock, carefully moulded and  
"turned" to fit. They are solid and well  
built, yet perfectly flexible and comfortable. They  
look right, feel right and hold their shape.

NO OTHER SHOES HAVE SUCH CAREFULLY  
MADE AND PERFECTLY MOULDED COUNTERS  
AS FOOT-RITE SHOES.

### Receiving on Saturday

Mrs. C. J. Mitchell, Chatham St. Mrs. Ashbury, Palace Street.

Mr. Harry Quillie is in St. Thomas today on business.

Mr. Percy Thornton is one of today's visitors in the Queen City.

Miss Annie Maher has returned from a short visit spent with Galt friends.

Mr. John Muir of Goad, Shapley and Muir, left last evening for New York en route to the Old Country.

Miss Estelle Littlefield left this evening for Ridgway, Pa. Mrs. Littlefield accompanying her as far as Buffalo.

Mr. and Mrs. Hugh Thompson, are the guests at the home of her parents, Mr. and Mrs. J. C. Bloxham, Sheridan St.

Mr. John H. Hall of John Hall and Sons, Limited, leaves this evening on a business trip to Nova Scotia and New Brunswick.

Mrs. Torrington of Toronto, the president of the National Council of Women, and Mrs. Willoughby Cummings, the secretary, are sailing early next month for England.

Two police-women—Mrs. J. C. Henry and Mrs. Lorence Campbell—have been regularly sworn in and detailed for duty in Ottawa. The police commissioners made the appointments at the request of the local Council of Women. The work of the appointees will differ very little from their duties previously in connection with the Women's Hostel and the Travelers Aid Society, meeting all trains and looking after girls around the railway stations. Their efforts will now have the backing of the law.

Miss Katherine G. Davis, Superintendent of the New York State Reformatory for Women, will be one of the speakers this evening at the opening session of the National Council of Women of Canada at Montreal. The Reformatory is working along the most advanced lines in the fight against the social evil.

Miss Davis has received a silver medal from the Italian Red Cross Society in recognition of her services to the Italian people during the weeks following the Messina earthquake. Miss Davis has also received

a medal from President Taft in acknowledgment of her services. She was travelling in Italy at the time of the earthquake and did everything in her power for the sufferers.

Miss J. J. Doherty will preside at the meeting and among the speakers will be Mr. O. F. Lewis, General Secretary of the Prison Association of New York State.

Mrs. George Watt, of Brantford, Dominion Secretary of the Order, will also be in attendance, together with other prominent Canadians.

Jean Finot, who is fond of writing about women, is publishing a book in Paris on the eternal feminine. He says:

"All our trouble can be traced to the church council, which was rash enough to declare that women had a soul. Man originally knew well enough that woman was his inferior, but as time went on one man out of pride and vainglory boasted that he had a handsome mate. Another at once boasted that he had a handsomeer. The men then began to dress them up in fine feathers out of sheer rivalry.

"When a rib was taken out of Adam during his sleep—it was a mean thing to have done—Adam, I imagine, felt nervous at the sight of the strange creature. Eve climbed up a tree, no doubt, and looked at her as his feet were dangling from the branch on which he sat. She was lying in the grass basking in the sun, already showing her disposition to idle away her time.

"Driven out of Paradise, Adam had to work to support her. When he returned after a hard day's work Eve said to him:

"See, I have also been working! Look how pretty I am! I have made myself a beautiful dress of leaves! I discovered a lovely pink shell with which to polish my nails—see how they are shining? Isn't it lovely? Don't you like these birds' wings? Ah, this new life of ours is hard, but I shall have courage. I am looking well, am I not? I slept a little when the sun was high. But you seem to be depressed. You are not at all cheerful, my poor Adam. Ah, I see you cannot bear up against misfortune as well as myself. Come and smile.

"Adam heaved a sigh and tried to smile.

The conclusion reached by M. Jean Finot is that it is high time for mere man to proclaim his independence. Future generations of men will wonder how it was that their forefathers had so long borne the yoke of the eternal feminine. It is man who needs to fight for his emancipation, not woman!—Louisville Courier-Journal.

## Prizes Awarded in Courier Contest

### Results of the Square Deal Campaign Inaugurated By This Paper.

The first stage of the COURIER'S "Square Deal" Campaign, promulgated in order to secure a larger circulation, has proved a splendid success.

As the outcome Miss Edith Chapin of Newport has, in the Ladies' Department, won the gold watch for leading in points on May 1st.

She can have this handsome souvenir by calling at this office. One month more of the contest still remains, and you can enter right now with an equal chance to win one of the many handsome special prizes.

In addition, competitors get paid for all that they do. There are no losers in this "Square Deal" enterprise. The details:

#### BASEBALL

Long-lived Silk Shirts—at Broadbent's—\$5.00.

Paris manikins and actresses are making much of the black pump worn with white stockings this season—a fashion that goes back to the "patens" of 1830.

Auction sale of fruit trees and shrubberies on the market on Saturday, May 3rd, at ten o'clock, a large number of fruit trees consisting of apples, pears, plums, cherries, peaches and prunes, also crab apples, ramblers, rose bushes, and shrubs. This is an extra good lot, so do not miss this chance to get bargains, as every one must be sold. W. Almas, auctioneer.

Paint stains on cloth can be removed by taking equal parts of ammonia and spirits of turpentine and saturating the spot with it two or three times. Wash out in a warm soapy water.

#### CARD OF THANKS

Mr. E. H. Woodcock and family of 32 Edward street, thank their kind friends for the sympathy shown them in their recent sad bereavement.

## SPORTING COMMENT By FREE LANCE

You can't get away from it, we need a shortstop. Yesterday we needed an outfield, but we know we got one coming. 'Twixt one 't'her, fans at the ball yard didn't know which we needed worse. It was awful, and it was worse than awful, considering the fact that those Cubans were equal to the task of piling it on. However, it was no disgrace for a half-regular, half-rummy line-up to get beaten by the Cubans. Better teams than the Red Sox can ever expect to be have fallen by the wayside. Those Cubans couldn't possibly get sun-struck on the ball field, nor stage-struck either. They played as if they liked limelight and lots of it. We will be very much surprised if what they do to Knotty Lee at Hamilton to-day, and to-morrow doesn't pretty nearly shake the mountain from its roots. Farewell, you dusky Cubans, may we never see you again until the championship season is over.

The question is, Will A. J. Tesch be a ball player who can cavort around shortstop? President Nelson has paid real money for him from the Lawrence, Mass., club. Funny thing about it, however, is the fact that Lawrence is keeping Courtney, last year's Brantford short fielder, and sending Tesch on to us. Tesch may be as good or better than Courtney. A lot depends on whether he is able to enter the Rotunda of Renown or not, as far as the Red Sox are concerned. It is pretty nearly a sure thing that the four Red Sox pitchers will be Donovan, Collins, Coose and Clermont. It's what you might call a Cracking Clever Combination, but there is a lot of work ahead for four pitchers winning a Canadian League pennant. They must be good, and be good all the time, to do so.

Brundage, the Chathamite, effectively brundled out a couple of bingles yesterday. In the field his weakness seems to be inability to grab them off his shoe-string. If this fellow ever develops a faculty of spooling base-hits in right field, he will be a grand acquisition to the Gatling Gun corps of the Kane outfit. How he does bingle them—a mile a minute, and then some.

The Red Sox regulars have certainly had the advantage of going up against a couple of good pitchers this week. This should mean a lot, and no doubt whether there is anything which Ottawa can lead out as just as good as the Cubans. Moreover in the exhibition affairs, the Red Sox were not in full batting strength as they should be next Wednesday. The arrival of the new shortstop Tesch, and of Buster Burrill, with Kane out in left field, should complete the Brantford team and put it in grand

shape, although Burrill will not be able to play for a couple of weeks. However, his place can be filled by a substitute, although not as good as Buster can fill it himself.

Wagner, the Red Sox second baseman, still continues to take a short holt on his bat. Wagner hit fairly well in this way last year, but he might do better with a full swing. He has a good eye and likes to pickle a shoulder ball. Ivers is still able to hit back to left and right field. Orcutt has not yet struck his stride.

## Soccer Line Ups For To-morrow's Games

All the Football Clubs Will Have Strong Teams on Field To-morrow.

The city league football teams will be into the game to-morrow afternoon for all they are worth, and four good games are marked on the calendar. All the teams have been practicing hard this week to get into the best possible shape for to-morrow's game.

**Y. M. C. A. Team**  
 The Y. M. C. A. team to meet Cockshutt's on Saturday is as follows: Tigwell, Mason, W. Holland, E. Hamilton, J. Holland, E. Roberts, Vipond, Coskey, Foynter, Dixon, Fisher, Reserves W. Clark, A. Clark, Palmer. All players are requested to be at the Y. M. C. A. at 5:15 sharp.

The games to-morrow should all be fast and worth witnessing, and judging from the interest that is being manifested in the game, each team will be backed up by a loyal band of supporters.

**Dragon Line-up**  
 The Dragons and All Scots meet at Recreation Park to-morrow when a good game may be expected. The Dragons line up will be selected from the following: T. Harbour, F. Garrow, B. Garrow, P. Whelen, F. Pratt, McDonald, Weir; McCann.

## Waiting By WALT MASON

It's weary work, when we old men wait, remote from the mad world's hum; we wait and watch by the garden gate for the steps that never come. So many wait for the vanished things that never again arrive, for the gleam of eyes, for the whirr of wings, for the friends who are not alive. So many wait in the tumbled wreck of their early hopes, I ween! I'm waiting now for a little check from a monthly magazine. The check was earned in the long ago, when my heart was young and brave, but it doesn't come and I toddle slow down to a misfit grave. The postman comes on his round, by heck, and over the gate I lean, and he brings me duns but he brings no check from that monthly magazine. My gray hair falls on my wrinkled neck, and my eyes have lost their sheen. I have watched so long for that promised check from an eastern magazine. It's weary work for the old, old men, who wait, as the shades descend, for joys that will never come again, for comrade and guest and friend. To wait and watch by the garden wall for the things that are past and gone, till the sun goes down and the shadows fall, and the night is stealing on. It's weary work to remain on deck till your system is filled with spleen, and wait and wait for a needed check from a jim crow magazine.

## The Recruit

(With an Apology to Walt Mason)  
 (By Courier Expert.)  
 The recruit player must be a stayer; he must be able to hold his own, he must go and pack his trunk. If a spit ball curve take a sudden swerve and chop off half his face, he must not fail or even stall, but stick right in his place. He may feel sick but the fans will kick when he doesn't show the goods, like the busy bee they sting with glee till they chase him to the woods. When short on speed, just like a weed, he's plucked and cast aside. Its sure a terror when comes an error, how the rooters grease the slide. He must be steel and never feel, the bruises gained in play, he may be rough but he's good stuff as he battles day by day. A word of cheer is good to hear, it makes him feel less blue, it's nought but fair to do your share, to help the boy pull through. So lift your lid to this game kid, whose home is far away, for with some luck and all his pluck, he'll make his mark some day.

Stengel was the hero of Brooklyn's victory over Boston. The final score was 4 to 2 and Stengel was responsible for three of the four. On his first time up he drove the first ball pitched by Hess to the centre field well for a home run. He came up again in the second inning with Miller on the bases and two out and slammed out another homer.

## How to Make Your Flour Go Further

WHEN the oven is hot and you face the bustle of baking day, don't forget that Rainbow Flour will go further than any other brand.

Why? We'll tell you. Only the cream of the wheat berry can meet the exacting standard we set for Rainbow Flour. There is no fibre, no germ, no dirt in Rainbow Flour. We remove all these in our extra-careful milling. There remains only a picked portion of the choicest of wheat, the nutriment. Most quality to the pound—that's why Rainbow Flour goes furthest. Try a 7-lb. bag. Its use is true economy.

## Lacrosse

The lacrosse management received word that they are to be grouped with Simcoe, St. Marys, London, and Seaforth. This looks very good to the local club and no doubt will please the followers of Canada's national game. The above mentioned clubs have fast teams and are all out to win, particularly London, where the management have been busy all winter making preparations to capture the intermediate trophy, this season. They have secured a number of speedy outside players who will make things hum before the season is over.

It is understood in local circles that Mr. Alf Benwell, an old Brantford boy, is behind the Simcoe team, and if the bunch follow his instruction and if the bunch follow his instruction some team is assured. Little may be said concerning Seaforth and St. Marys, as all the local players who have played in either town know what a speedy aggregation they will have to contend with. However, the Brantford boys intend to start practicing this week, and feel assured that they can successfully measure anything in the league, and the management are also confident that before the coming season is well advanced the local fans will note the same stamina and speed as was displayed behind the dyke when the Brantford twelve were invincible.

## M'CAFFERY IS VERY MAD MAN

How the Torontos Continue to Get Trimmed Up.

BALTIMORE, Md., May 2.—The Leafs went down to a 3 to 2 defeat here today, making their second consecutive loss of the series. Manager Kelley announced last night that he would send Bert Maxwell against Dinnie's Hirelings to-day in order to register a win. A double-header will be played on Saturday between the teams, and with Kelley's pitchers all in pretty bad shape, it would not be surprising to see the Birds annex two of the three remaining games.

**Leafs' Weak Pitchers.**  
 Manager Kelley used Goullait and Herbert on the hill yesterday, neither man showing anything at all, as their offerings were sent to all corners of the lot for fifteen safeties. The rest of the team booted ball around for six miscues, most of which figured in the scoring.

**Pitcher Who Can Hit.**  
 The two runs scored off him in the ninth frame were due to an error and two hits, while he led both teams in batting with a double, two singles and a base on balls.

### Lady Marjorie's Love

**CHAPTER XXV**  
Lady Marjorie had only fainted once or twice before in her life, and now her unconsciousness lasted only a few minutes. The cab was just drawing up in a long line of other cabs under the dirty glass dome of the great station when she opened her eyes again. She had a vague consciousness of being gently lifted out of the cab by Gerard Barrington, who assisted her into a waiting room and placed her in a chair close to the fire. So far he had said nothing to her; now, after a word or two with a porter at the door, he came back to her.

"I find we have lost our train," he said. "It doesn't matter much, as another goes in twenty minutes, but it will take us only as far as Cross Bazaar; I must manage to get some kind of a conveyance from there, that's all." He looked at her more attentively as she shivered and held out her trembling hands. "Poor child! How frightfully cold you seem! I'll get you some wine." He was quickly turning away when he saw she was quickly turned back again. "When did you eat last?"

"Eat? I—I don't know!" She put her hand to her temples. "I think—I think it was at luncheon. I think." "All these hours? Good Heaven, you must be utterly exhausted! I wonder you did not faint before. What a fool I was not to think of it! What can you take? Some soup? I'll go and get it."

He hurried away, leaving Marjorie cowering near the fire. She was capable of but one clear thought. Not that Lotens was married, not that Norah was his wife—that passed her by as of no moment at all. She whispered now to herself—

"She is his sister—only his sister!" A noise at the door and Barrington came back again, a waiter following him carrying a tray. Marjorie sat up trying to collect herself. She could only take a little soup, a sandwich and a glass of wine. When she had finished Barrington helped her to her feet saying quietly that her train was waiting now and that they had only a few minutes to spare. The soup and wine had warmed her and had brought a tinge of color into her face, but she was looking pitifully cold and pale and fragile as she walked with Barrington to the train. His hand touched hers as he arranged the rug and her fingers tightened impulsively round it in an icy, trembling grasp. He had been kind—it was impossible for any one to be kinder, more considerate, more gentle—but there was a subtle difference in it all which chilled her. She heard it in his voice, felt it even in that swift chance touch of his hand, and his eyes had not once looked into hers. With a sense of deep humiliation she spoke her first voluntary words to him.

"Oh, Mr. Barrington, what do you think of me?" she said. "Think of you?" She was not looking at him, and so did not catch his smile. "Why I think you are a very passionate, hot-headed little girl," he said quietly, "and sometimes a very foolish little girl, too. I think you are worse than I know—I know I've been wrong about you." "But there was a reason, indeed," she said beseechingly—"a reason you don't understand. If I were to tell you, if I were to explain—"

"Yes, yes!" he said soothingly. "There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. It offers one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address P. J. CHENEY & CO., Toledo, O. Take Hall's Family Pills for constipation."

Now that Oriental and Eastern effects are ruling costume, luxuries for the toilet and bath, done up in Oriental wrappings and travelling under strange Eastern names, are making their appearance in my lady's chamber. The Egyptian spice bag is made of net, the colors of the richly odorous spices showing through. Quite as fascinating is an Egyptian face powder put up in papyrus, and there are also Egyptian sachets and sachet urns, the latter of Nippon ware with hand painted designs in crude colors.

### On Expecting Thanks

By RUTH CAMERON

"WHEN you receive a favor remember it. When you bestow one forget it." Some weeks ago the Lady-who-always-knows-somehow sent a beautiful bunch of roses to her washerwoman on the occasion of the latter's silver wedding anniversary.

Something recalled this fact to us the other day, and the Author-man's wife asked, "Was she very much pleased? She ought to have been." "I imagine so," said the Lady-who-always-knows-somehow. She is one of those rare people who really do not like to have their charities talked about.

"I imagine so," repeated the Author-man's wife. "Don't you know? Hasn't she written you or anything?" "Why, no, she hasn't," said the Lady. "Her daughter met me on the street and told me that her mother was delighted with the roses and that she had meant to come and tell me, but that she had had an attack of the rheumatism and two of the younger children had the measles, and so she hadn't been able to get out."

"And that was seven weeks ago," reckoned the Author-man's wife, "and she hasn't written. I think that's an outrage. It just shows how ungrateful some people are." "I don't think it shows anything of the sort," said the Lady-who-always-knows-somehow, warmly. "and I hadn't even thought of it until you spoke. I know she was pleased and I'm glad, and I know how busy she is and how hard it is for her to get out, especially when the children are sick, and what an undertaking it is for her to write a formal letter, and I don't care if she never thanks me."

I admired the Lady-who-always-knows-somehow for remembering to send the flowers to her washerwoman. I admire her still more for being big enough not to insist on being formally thanked. The generosity that thrives upon thanks and dies without them is scarcely worthy of the name at all. To insist upon thanks is like exacting interest upon your kindness, and thus changing it from a gift into a loan. I have known many people who would give lavishly of time or effort or money if they received plenty of praise and thanks, but the moment these pleasant stimulants cease, the giving ceased too. I even knew one woman who was not satisfied with the thanks implied in praise and delight unless the recipient actually said, "I thank you."

The real generosity is too busy giving, and giving again, to keep tabs on all its recipients and make sure they are duly grateful. Don't taint your generosity by exacting thanks. "When you receive a favor remember it. When you bestow one forget it."

Ruth Cameron

### BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine.

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disgusting eruptions, making direct connection with attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia; poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among the attacks of rheumatism and lumbago Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to the weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood.

You can get these pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co. Brockville, Ont.

**FOUND THE CAUSE THE REST WAS EASY**  
DODD'S KIDNEY PILLS QUICKLY CURED HIS KIDNEY DISEASE  
How Hudson Marchbank After Suffering for Five Years, Found Relief and Permanent Cure in the Greatest of Canadian Remedies. MARCHBANK, King's County, N. B., Apr. 28 (special)—After suffering for five years from kidney disease, brought on by "a strain," Hudson Marchbank, Esq., the well-known farmer of this place, is again a strong healthy man, and another good cure for Dodd's Kidney Pills has been put on record. In an interview, Mr. Marchbank:

"About five years ago I hurt my back from lifting, and it developed into kidney disease. My back pained me all the time, and I was very much troubled with headache. My appetite was fitful; I had a bitter taste in my mouth in the mornings; I perspired freely, and my perspiration had a disagreeable odor. "I used liniments and plasters, but they did not do me any good, and as there were other symptoms that my kidneys were affected, I decided to try Dodd's Kidney Pills. After using two boxes, my back was completely cured, and my kidneys had not troubled me since."

When Mr. Marchbank decided that his kidneys were the cause of his troubles, the rest was easy. Although any of his neighbors could tell him that Dodd's Kidney Pills always cure diseased kidneys.
