

GIRL ENDS LIFE AS HER MOTHER DIES

Drinks Poison and Leaps Off Roof; Screaming In Agony.

Worn Out by Care of Parents, She Decides to Kill Herself.

New York, Nov. 11.—Miss Helen Schwab, a wealthy and highly accomplished young woman of 23, committed suicide yesterday afternoon by jumping from the roof of the Revere Hall apartment house, at No. 622 West 114th street.

At the exact moment the body was crushed at the bottom of the air shaft her mother died in their apartment on the third floor. It was the young woman's grief at the approaching death of her mother that drove her to take her own life.

Worn to the point of nervous collapse with many days and nights of watching by her mother's bedside, Miss Schwab rushed out of the room yesterday when she was told the end was near, and, going to the roof, drank most of the contents of a six ounce bottle of carbolic acid and leaped to her death.

Her screams were heard throughout the neighborhood as her body darted downward, and while men were stooping over her lifeless form, a messenger came to them with the word that the mother was also dead. It is probable that they will be buried in the same grave.

The young woman was the daughter of Jacob Schwab, a former wealthy cloak manufacturer in Wooster street. She has a brother Charles, twenty-seven years old, who is manager of a large cloak concern in Fifth avenue. Miss Schwab was educated in France, Germany and Italy. She was an accomplished linguist and musician.

Nearly two years ago the family returned from a long sojourn in Europe and Mr. Schwab became ill and died about a year ago. Mrs. Schwab's condition was greatly aggravated by grief over the death of her husband, and six

months ago she went to St. Luke's Hospital. After two months in the hospital Mrs. Schwab was operated on, and for a time improved. Her condition was so much better that she returned to the apartments in Revere Hall, where she soon suffered a relapse, and physicians informed the family that she could live only a few weeks at the most.

No amount of persuasion could induce the daughter to leave her mother for more than a few hours at a time, and the long strain was more than her delicate nerves could withstand. Two physicians and a nurse had been constantly in attendance for the last two weeks, and their repeated appeals to the daughter failed to keep her from her mother.

For a week Mrs. Schwab had been unconscious. At half-past two o'clock yesterday afternoon she revived for a few minutes, and, realizing that it might be the last time the children would ever see her in a conscious state, Charles and Helen were hastily summoned to the bedside.

Mrs. Schwab appeared to recognize her children, and a faint smile crept over her face as her daughter bowed to kiss her. Then her eyes closed and her head sank back on the pillow. At that moment Miss Schwab darted out of the room and ran to the roof.

Several plumbers were at work there on the water tank and were startled when they saw the young woman pacing up and down, muttering. All they could understand of her words was the oft-repeated sentence: "I cannot live without her. I must go, too." One of the plumbers spoke to her and she gazed at him in a dazed way and then ran toward the edge of the roof.

Before he could reach her side she pressed a bottle to her lips and leaped over the coping. She dropped feet downward and continued to scream all the time she was falling.

NEW BISHOPRIC.

Saskatchewan to be Raised to That Position With Changed Name.

Rome, Nov. 11.—The Congregation of the Propaganda has decided to raise the vicariate apostolic of Saskatchewan, a district of the Northwest Territory of Canada, to a bishopric, and change its name to Prince Albert. Monsignor Albert Pascal will be appointed Bishop of the new diocese.

WITCHCRAFT.

Fortune Tellers Before the Toronto Police Magistrate.

Toronto, Ont., Nov. 11.—(Special.)—Witchcraft was the charge laid against five fortune-tellers in the Police Court today. The Morality Department will prosecute all palmists and other purveyors into the future at fifty cents per peer. All the cases were adjourned.

NEW FURNACE.

Steel and Iron Company More Than Doubles Capacity.

It is quite evident that the Hamilton Steel & Iron Company is not looking for particularly hard times. For some time past the company has been engaged in installing a new furnace, and this was put into operation, with entire satisfaction, on Friday night. The new furnace has a capacity of 300 tons of foundry iron or 400 tons of basic iron a day, and this increases to 500 tons of foundry iron every 24 hours. Of course, the increase means a large addition to the working force employed at the smelter.

Fatal Election Bet.

Fernida, Ky., Nov. 11.—As the result of a quarrel over an election bet, Wm. Hopkins, son of Rev. Thos. Hopkins, and Frank Foley fought a duel yesterday. Hopkins was instantly killed and Foley is fatally wounded.

CUTICURA.

Remedies That Have Earned an Envious Reputation.

The worth of Cuticura is attested by every one who has ever used any of the preparations of the reliable company, the Potter Drug and Chemical Corporation, of Boston. Cuticura soap is not only a remedy, well tried and proven, for burning and itching skin, and all sorts of skin troubles, but is a sweet, healing, health-giving soap for every day use, giving that delightfully refreshing sensation which fits one for the work and worry of the day. The preparations made by this company are Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, which is to be had in the form of chocolate-coated pills, in vials, and which is a great blood purifier. These remedies are to be had from all the leading druggists. See that you get the real thing.

MORE ABOUT BREAD.

To the Editor of the Times: Sir.—As a baker I want to state that I am very much surprised at Mr. Ewing allowing his solicitors to refer to me in which they did to the fact that he has not been fined for selling light weight bread, for every baker knows and so do the public that there is not any two-pound bread, and it was simply the fact that bread recently seized was not labelled, for in some shops unlabelled bread (both being the same weight) was sold. Some bakers object to labelling for good reasons and would not put labels on until compelled to by being fined for not doing so. As to bakers being fined for light weight, those in the trade know and particularly those who use machinery, that it is impossible to get every loaf the right weight. Yours very truly, A BAKER. Hamilton, Nov. 11, 1907.

The Man In Overalls

Sealey's the man! He did the trick before and can do it again.

What a lot of good men there are among the county Grits.

They say the oratorio "Creation" beats all creation for grand choruses.

Sealey's enthusiastic nomination seals Ptolemy's fate.

The beauty of it is, nobody believes those sandusucker yarns.

Any one of all the nominees would make a first-class member for Wentworth.

Sealey was eulched out of the seat once. It won't occur again.

Would it be too much to expect the city to illuminate at night the faces of the Collegiate clock?

The temperance speakers at the Bennett Theatre meetings will better be careful what they say about the drink habit and the saloon business or the hotel men may sue them for libel, for damaging their business.

Were the Police Commissioners to offer the detective vacancy to the policeman who caught the purse-snatcher that worthy would soon be in the lock-up.

When talking about the increased cost of living, the doctors forgot entirely about the increased cost of dying.

Has Mayor Stewart cancelled his trip around the world?

Whitney must think we are a pretty cheap crowd if he thinks a technical college can buy us.

There was no Saturday night saturnalia like what we have now when Ross was in power.

There will be no half holiday on the opening of the Terminal Station, but it is understood that the factories and foundries will shut down at 6 o'clock, thus allowing all hands to take part in the conversation and any Kalthumpian procession that may be organized by the Board of Works in honor of the occasion.

It should be easy for Sealey this time.

They were all good men, but only one could get the nomination. Having been cheated out of the seat before, it was only natural that Sealey should want to get even with the enemy.

WITHOUT JURY.

London Election Conspiracy Trial to be Before Judge.

Toronto, Ont., Nov. 11.—(Special.)—John O'Gorman, Wm. J. Milloy, Daniel Wiley and Geo. M. Reid, the four men charged with conspiracy in connection with the London bye-election, will be tried before Judge Winchester, without a jury. The trial starting on Monday next at 10 o'clock. The Crown consented to this procedure on condition that the defence ask for no more delays. E. J. Sifton, one of the defendants, will be used as a crown witness.

WHO WILL IT BE.

Sayers and Brannon Mentioned For Appointment.

A good deal of guessing is being done in police circles as to who will be given a try-out as acting detective for the position made vacant by the appointment of Detective Miller to the Provincial force. Constables Harry Sayers and Pete Brannon are being mentioned, and it is believed one of these will get the chance. Both have been workers of no ordinary sort. They have both been doing plain clothes duty for the past year, off and on. Brannon did good work around the Radzyk abode, where he discovered several good pieces of evidence. He found the missing shell from the revolver in the grass at the back of the house. Sayers has handled his work in a very clever manner and knows most of the bad men of the city. The appointment as made by the Chief will not be ratified for perhaps a year, or until the chosen man has distinguished himself.

G. T. R. AND CUNARD

To Jointly Handle Canadian Passenger and Freight Traffic.

Liverpool, Nov. 11.—Negotiations are on foot between the Cunard line and the Grand Trunk Railway of Canada for joint handling of the Canadian passenger and freight traffic. The scheme, which is still in its initial stage, contemplates running a line of Cunard steamers direct from Liverpool to Canada, and a Cunard line service from the Pacific coast to Japan, China and Australia.

FOR A REPRIEVE.

J. G. Farmer Will Apply on Behalf of Sunfield.

Mr. John G. Farmer, who is acting counsel for Jake Sunfield, stated this morning that the appeal would be gone on with. He was of opinion that Sunfield has a good chance. At the conclusion of the argument in Toronto, tomorrow, Mr. Farmer intends applying before Justice Falconbridge for a reprieve of a month for Sunfield.

ALDERMEN INSPECT FILTERING BASINS.

Rigid Investigations of Charges Made by Capt. Bongard Will Be Made.

Engineers at Beach Say His Accusations Are Not At All True.

A rigid investigation made by Chairman Clark and several of the aldermen this morning did not impress them with the truth of the sensational story told by Captain Bongard the former commander of the famous sandusucker, that the machine was useless and that the southern basin was almost as full of muck and weeds as when the cleaning operations were begun. The Fire and Water Committee will take the matter up this afternoon.

Chairman Clark, Aldermen Peregrine, Peables, Farrar and Secretary James went to the Beach this morning and watched Captain Bongard drag a rake across the basins. Alderman Farrar superintended the operations. On two or three hauls the captain got a rake full of weed. Two or three times it came in almost perfect clean. In the northern basin the rake brought in a large quantity of muck and weeds, far worse than in the other basin.

Captain Bongard's story is that the sandusucker in the shape it was in before the fire was practically useless; that it sucked up only one per cent. of solid sand and took out practically none of the weeds, the cross bar becoming choked.

"No man can tell me," said Chairman Clark, "that the sucker did not draw more than one per cent. I watched it time and again pouring out stuff as thick as porridge and as black as ink. You can't tell me that when it would throw out shoals of stones and sand like it was along the edge of the creek that it would not get the weeds."

The chairman declared this morning that Captain Bongard's story was spurious because he was not given a job. This is the story the chairman tells of his dealings with Bongard. After Captain Hemphill was discharged he asked Bongard to be fair and say if he thought the dredge could do the work. Bongard replied that there was no doubt whatever about it. Frequently during the cleaning operations, he says, Bongard told him the sucker was doing splendid work. After the fire Bongard called at his place two and three times a week trying to get a job. Alderman Clark says he told him there was no work there for which he could afford to pay him \$20 a week. The captain said he would accept anything to keep him going until the sucker was repaired. The chairman told Myles Hunting, caretaker of the basins, who

was superintending the job that Bongard was in hard luck, he believed, and would be pleased to do anything. Mr. Hunting said he would not have him any longer under any circumstances, because he did not believe he was doing the work as it should be done. Chairman Clark says that Bongard on one of his visits hinted that he could tell some things that would amuse him. He said sit up and take notice if he was given a job. The chairman made up his mind then and there that the best way to get out of him what he hinted at was to give him a job. When he told Caretaker Hunting that Bongard intimated he had something up his sleeve, Mr. Hunting advised that he be allowed to talk. On Friday Bongard called on Chairman Clark, and told him he did not think he was getting a fair deal. The chairman told him he was not obliged to get him work, and refused to discuss the matter further. He referred him to Mr. Hunting. "I am simply a caretaker," said Mr. Hunting, "that if Bongard had not another job we would not have heard anything about the sandusucker."

Engineer McFarlane and his assistant, Mr. Bain, both declared to-day that they had watched the sucker at work, and that the thick muck and weeds it poured out. "The stuff was as black as ink," said Engineer Bain. "I do not care to discuss the matter now, but if there is an investigation I will have a good deal to say."

Mr. Bain said the pumps on the sandusucker and machinery when it was purchased were in first class condition. "I would not say that they were in that condition at the time of the fire, because they had been badly abused since the sucker came into the city's possession, but they were in working condition and will still do the work," said Mr. Bain.

Mr. McFarlane said, too, that Bongard did not know what he was talking about when he said that the sucker did not throw out the muck. Engineer Bain's theory of accounting for the stuff that remained in the southern basin is that some of the weeds floated away after being cut by the agitator and then settled down in the centre of the basin. In some spots, he says, the sucker was operated for an hour and a half at a time going through from two to three feet of black muck. It worked until the water was perfectly clear.

The aldermen could not understand how Bongard, if he knew the dredge was not working right and cleaning out the basins, continued to take \$20 a week from the city without saying anything. The captain's explanation of this to-day was that the dredge had not been working.

TOO MUCH LAWLESSNESS FOR THE CITY'S GOOD.

Robberies and Burglaries Are Unusually Common—Purse Snatching on Walnut Street.

Reports of lawlessness are coming in thick to the police of late, and a number of serious ones were made this morning. On Saturday evening while Mrs. H. Hines, 125 Walnut street, was walking up Walnut street on the west side, a man jumped out from an alley between Main and Jackson streets, and, snatching her purse, ran through the alley and made good his escape. The satchel contained \$15.

George H. Seager, Detroit, arrived in the Ambitious City via the G. T. R. on Sunday morning at 2 o'clock. He met a man on the platform, whom he had seen somewhere, some time, and when the man told him a hard luck story he

invited him to share his room at the Waldorf for the night. They arrived there about 2.30, and before long the night clerk saw the stranger leaving the hotel with a valise. He said he had cramps, and was going out for medicine. He did not return, and when Seager woke up yesterday morning he was minus his clothes, watch and chain, \$41 and a grip full of toilet accessories. The stranger neglected to leave his photo or his name and address. He registered at the hotel as Mr. Morden.

Last night while P. E. Boniface, 231 Charlton avenue west, was at church some one entered his house and stole \$18 in cash. In addition to the cash he walked away with a gold watch, three pair of earrings and a gold brooch.

ABOUT 5,000 FOREIGNERS WHO SPEAK NO ENGLISH.

Ministerial Association Decides to Ask Board of Education to Establish Night Schools.

A special meeting of the Hamilton Ministerial Association was held in the parlour of Centenary Church this morning to further consider the question of bringing the many foreigners in the city who cannot speak English, under the influence of the Protestant Church. Rev. J. K. Unsworth presided. Mr. Budinar Protich, Crown Interpreter, was present, by request, and gave answers to a number of questions he had had been supplied with in advance. He said he thought there were about 5,000 of such foreigners in this city, made up mostly of Italians, Austrians, Hungarians and Poles. A slight majority, he thought, were members of the Roman Catholic and Greek Catholic faith. A good percentage of the Protestants were Lutherans and Hussites. Drinking was perhaps the worst failing the foreigners had. The Macedonians as a whole drank less than the other nationalities represented here. The foreigners, he said, were anxious to learn to speak English, and he thought if night schools were established to teach them the laws of the

country it would make better citizens of them. At present there are about five men to one woman among the non-English speaking residents. Some of these men intend to send for their wives and families who are in their native lands, while others intend to return to their homes as soon as they get a few thousand dollars saved up. He said the Italians largely were simply here to make a little pile, and would go back to Italy where they could live for a few cents a day.

Mr. Protich announced that arrangements had been made to start night school in connection with St. Mary's Cathedral and at the Barton Street Methodist Church, both on a small scale, however. Mr. Protich was tendered a vote of thanks and after he retired a discussion took place, the result of which was the appointing of a committee to wait on the Board of Education and ask that the Board establish night classes for foreigners in the north east part of the city. The committee appointed is: Rev. J. K. Unsworth, Rev. Dr. Tovell, Rev. J. Morton, Rev. D. R. Drummond and Rev. H. G. Livingston.

A DEATH LEAP.

Italian Officer Jumps From Third Tier in the Tombs.

Ottawa, Ont., Nov. 11.—(Special.)—An arrangement between the Minister of Militia and the Government of Nova Scotia for the introduction into the Public Schools of the Province of a system of physical exercise and military training will go into effect on the first of January next. School teachers will undergo special courses to qualify them for imparting physical training and military drill to the scholars. A certificate will not be granted to teachers in Nova Scotia until they qualify for this purpose. Rifle shooting will be included to male students. Certificates for physical training and elementary drill will be issued to teachers of either sex. For school cadet corps, the Militia Department will provide instructors, belts, caps, etc., a proportion of arms and ammunition and drill books. Sir Frederick Borden is a strong believer that every lad before he reaches manhood should be able to handle a rifle. The Minister in communication with some of the other Provinces, and it is believed they will follow the example of Nova Scotia.

A week ago he entered the office of his brother, Singi, who is a broker at 229 Elizabeth street, and, drawing a revolver, said that if his brother did not give him \$1,000 within two hours he would kill him. He then left the bank and immediately telephoned to the coroner, who informed the police. De Chichio was arrested two hours later by the detectives and taken before Magistrate Wahle, who committed him.

At the last regular meeting of the Home Department of St. Andrew's Church a social time was spent by the members and friends. Addresses were given by Mrs. C. Leckie, Mrs. D. McMaster and Mrs. Hyndman; solos were sung by Mrs. LeRoy Grimes and Mrs. A. Woley, and a recitation was given by Miss H. Kelday. Refreshments were also served. The energetic officers of the successful organization, which includes among its members 147 homes of St. Andrew's people, are Mrs. C. Leckie, President; Mrs. G. Penny, Vice-President; and Mrs. James Crombie, Secretary-Treasurer.

HELLO, HAMILTONIANS!

This city is so crammed full of roller rinks that the Alexandra has decided to run three nights a week for a time at a special price, with its new complete equipment of steel roller skates and all the other first class arrangements and features of this popular rink; good music, grand illuminations, etc. The Alexandra does this to demonstrate the excellence of this fine place of amusement, especially to those who have never attended any of the sessions. At the same time the management welcomes all old patrons on these special nights. Don't mistake this! It is not a cut price scheme for roller skating, but simply a demonstration just what the Alexandra roller rink really is. These special evenings will be Monday, Wednesday and Friday. See advertisement.

FALL OF SNOW.

Cleveland, O., Nov. 11.—Nearly two inches of heavy wet snow fell here this morning, between 6 and 8 o'clock. Colorado Springs, Col., Nov. 11.—Two inches of snow fell yesterday and the temperature today was down to ten degrees. Snow and bitterly cold is reported from the Cripple Creek district.

NOTHING SERIOUS.

New York, Nov. 11.—A rear-end collision occurred on the elevated railroad at Broadway and 44th street. No one was seriously hurt. Several passengers were cut by falling glass and others were somewhat shaken up.

He retired last night in apparently good health and died from heart disease during the night. Mr. Ferry was born near Rochester, New York, in 1833.

THREE ACCIDENTS.

Only by Chance Was One of Them Not Fatal.

On Saturday afternoon M. Logiario, Sherman avenue north, an Italian vegetable gardener, was almost killed in a collision with one of the big cars on the Harvey Car, run. He was crossing the tracks at Ferris street when the car struck his wagon and he was thrown to the ground and considerably injured. His head, face and body were cut and bruised. He was taken to the City Hospital and Dr. Rennie notified. He was resting easily to-day, and will recover.

Saturday night Larry Watson, Earl street, tried to board a Barton street car at King William street and missed the step when he jumped for it. He struck the ground and was badly worsted in the contact. He was taken to a nearby drug store and Dr. Rennie notified. After being fixed up at a section house and face where he had numerous cuts, he was sent home.

Tony Macolia, 283 Hughson street north, was taken to the City Hospital yesterday suffering from a broken leg, which injury he received in a fall from a moving car at Ferris street. He was working at a section house and fell off a hand car. The injury is not serious and Macolia is improving to-day.

OBITUARY.

Death of Mrs. Stephens—An Old Resident Gone.

Mrs. Louise Perley Stephens, wife of Mr. John Stephens, manager of the Barton street branch of the Bank of British North America, passed away yesterday after an extended illness. Deceased was born in New Brunswick, and came here about two years ago. She leaves a sorrowing husband and one little child. Interment will take place at Hampton, New Brunswick.

John Pearson, an old resident of this city, passed away at the House of Refuge yesterday afternoon, after a brief illness, in his 75th year. The funeral took place this afternoon from Blackford & Son's undertaking rooms. Rev. E. N. R. Burns conducted the services. Interment was made in Hamilton cemetery.

The funeral of Thomas Goodwin took place yesterday afternoon from his late residence, 67 Kinross avenue, and was very largely attended. Rev. H. J. Leake conducted the services, and the pallbearers were Messrs. McAllister, Chip, Hammond, Byrne, Roy and Farrell.

The pallbearers for the funeral of Mrs. Elizabeth Creech, whose funeral took place on Saturday afternoon, were W. T. Evans, George, John, Roy, Frank and William Creech.

New York, Nov. 9.—A much better feeling exists in New York owing very largely to two circumstances: first, the arrangement of two big trust companies from suspension. While the strain upon the market was moderate and the case apparently passed without further disaster, the financial press has spread to all parts of the country with varying degrees of delay, the worst is over, the universal question asked is, what must be now expected? All previous forecasts are abandoned. Now that the crisis was passed a substantial recovery followed on the Stock Exchange, to be succeeded by a period of relative calm, optimism and depression. There is no reason for fearing in this quarter. The weakest element in the financial picture is the delay of the trust companies which had entered the field of banking in competition with the banks, but without the restrictions and safeguards of the latter. The success of the financial disturbance are now extending into the commercial world. For self-protection the banks are compelled to materially restrict their credit operations. It is sheer folly to take money out of the banks and hide it in stock. Southern railway bonds are being sold. Investors are unwilling to invest their funds they should put them in sound banking institutions, of which there are plenty. We had better be satisfied for the present with our recent liberal acquisitions of gold.

COBALT NOTES

The Cobalt Lake made a good strike on Saturday in the cross-out under the lake, that connects No. 5 and No. 4 veins where the No. 4 vein is 26 inches wide, of solid malinite and nicotite, and a strong calcite vein is running alongside of it. Assays are being made.

At the annual meeting of the Green-Mean Mining Company in the company's offices on Saturday it was decided to cancel the 1,000,000 shares now in the treasury. The company was capitalized at \$2,000,000 in one share, and 75,000 shares and \$250,000 were paid to Green and Meanan in one property. The rest of the stock, 925,000 shares just canceled, was divided among the directors of the company.

CANADIAN CLUB

The Canadian Club this evening at their last meeting in the Conservatory of Music, James street, will discuss the question of the best form of city government, whether aldermen should be elected by wards or at large in the city of Hamilton. The question was opened out in an able address delivered by Prof. Wickett at the club's luncheon on Friday evening last. The discussion will be continued in the evening. Representatives from all the various organizations in the city have been invited. It is a live question with the citizens of Hamilton at the present time. All persons present will be permitted to express their views in ten-minute addresses. Much interest is being manifested in these Canadian Club discussions.

DUN'S HOPEFUL STATEMENT.

New York, Nov. 8.—R. G. Dun & Co.'s weekly review of trade will say to-morrow that there were fewer commercial failures in the United States this week than for the past two weeks. The improvement of conditions is forecasted in the reports received up to last night, the failures of the week numbering only 239, as against 273 last week, 252 the preceding week and 253 the corresponding week of last year.

Failures in Canada also were less, the failures being 19 this week, as against 20 the week previous and 31 in the corresponding week of last year. Another encouraging and satisfactory feature was that only 76 of this week's failures involved liabilities of \$5,000 or more, as against 93 last week.

FAILURES LAST WEEK.

November 8.—Commercial failures this week in the United States, as reported by R. G. Dun & Co. are 239, against 273 the corresponding week last year. Failures in Canada this week in the United States, as reported by R. G. Dun & Co. are 19, against 20 the week previous and 31 in the corresponding week of last year. Another encouraging and satisfactory feature was that only 76 of this week's failures involved liabilities of \$5,000 or more, as against 93 last week.

SECURITY OF MONEY.

Security of money, unseasonable weather, and the holiday combined to make the volume of business smaller than usual this week, but the situation is more encouraging because of a general belief that the financial storm has been weathered remarkably well. About \$40,000,000 in gold was secured abroad before the Bank of England raised the official rate of discount high enough to check the movement, and returning confidence is evidenced by deposits of hoarded money. It will take some time to restore all this cash to circulation, but the Treasury has given freely. Leading industries are handicapped by lack of funds, and so many contemplated undertakings have been deferred that work forces are reduced, especially at steel mills. Prices of commodities have declined still further and exports should be increased thereby, but for the last week foreign commerce at this port showed a loss of \$2,412.

Speakers at Inaugural Banquet of London's Lord Mayor.

London, Nov. 9.—The celebration of the sixty-sixth anniversary of King Edward VII's birthday was brought to a fitting close at the inaugural banquet of the new Lord Mayor of London, Sir John C. Bell, at Guildhall to-night.

Departing from the usual rule, the Premier, referred in his opening remarks to domestic affairs, and especially congratulated David Lloyd George, President of the Board of Trade, on the settlement of the dispute between the railways and their employees.

The Hague Conference, declared the Premier, was a plant of slow growth, but one in which he had great confidence, and he believed the day would come when there would be a cessation in the mad race for armaments which now was the scourge of our common civilization.

The Colonial Conference, the Anglo-Russian treaty and the steps taken to prevent the plague and sedition in India having been disposed of, Sir Henry took up the Congo question. As great as the contrast between the popes of the English people when the Congo was established and the conditions existing there at the present time, he felt that he must speak with the greatest reserve, because the Belgian Parliament will shortly be asked on what terms it will take over the independent free State of the Congo.

Sir John A. Fisher, First Sea Lord of the Admiralty, in reply to recent attacks upon the navy, pointed out that in the recent North Sea manoeuvres there were gathered twenty-six of the finest battleships in the world, and twenty-six cruisers, many of which were superior to any foreign battleship, and even this great fleet represented only a fraction of Great Britain's naval power.

In conclusion, Sir John declared that the fleet in the number of fighting ships and in general capacity was never so satisfactory as at the present time.

MURDERED AT HONOLULU. Third Engineer on Oil Steamer Killed With a Hammer.

Charlotte, P. E. I., Nov. 10.—Archibald McKinnon, aged twenty-seven, a native of Prince Edward Island, was murdered on the oil steamer Rosedans, in Honolulu harbor by John Wynne, other on the same vessel. McKinnon was third engineer. As he was sleeping in his bunk, Wynne struck him on the right temple with a two and a half pound hammer secured from the machine shop. He gave no reason for the deed.

Henry J. Peterson, bookkeeper, of Kenora, was sentenced to eighteen months' imprisonment in the Central Prison for forgery.

FEEBLE KIDNEYS Cause Most of the Rheumatism Says Authority.

Recent hospital reports show that the dread disease, rheumatism, is steadily increasing throughout the country. All known means of relief are being suggested to save the great amount of suffering this will especially among those who are not in a position to peck up and visit the noted health resorts to be treated.

There are numerous remedies known which many persons believe will relieve this suffering—salicylate soda, colchicum, potash, etc.—but these drugs are terribly hard on the stomach, often ruining this most important organ, and they fail as often as they relieve.

A well-known specialist, who has probably treated more cases of rheumatism than anyone else, and who is also the most successful, gives the following simple treatment, which is harmless and inexpensive, and so simple that anybody can mix it at home.

The ingredients are: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Go to any good prescription pharmacy and get these three vegetable ingredients and mix them by shaking in a bottle, taking as a dose a teaspoonful after each meal and again at bedtime.

There is nothing better in the world for backache, kidney and bladder trouble, too. Such symptoms as frequent and painful urination, soreness, weakness, general and nervous debility are caused by certain acids and poisonous waste matter, decayed tissue, etc., in the blood, which the kidneys will clear and purify after a few doses of the prescription.

SIR PERCY SAUCY. OBJECTED TO PAINTING UP FOR THE KAISER.

Director of Naval Target Practice Sent Order to Two of His Vessels Which Admiral Lord Charles Beresford Regarded as Contemptuous and Insubordinate.

London, Nov. 10.—An extraordinary incident has come to light in connection with the visit of Emperor William. It is related that at the conclusion of the recent manoeuvres the Channel fleet and the first cruiser squadron were ordered by the admiralty to repaint, etc., in honor of the German Emperor. On receipt of this order, Sir Percy Scott, commander of the cruiser squadron, sent the following signal to two of his vessels:

"Paint work appears to be more in demand than gunnery, so you had better come in, in time to look pretty by the 8th inst."

General Lord Charles Beresford, in a general order to the fleet repeating the instructions to repaint, refers to the signal sent out by Sir Percy Scott as "contemptuous in tone and insubordinate in character," and orders Sir Percy to have it stricken from the signal log.

SEVENTH AT WINNIPEG. Seven Years for Quigley for Attempted Murder—Detective's Appeal.

Winnipeg, Nov. 10.—Three sentences were imposed by Judge Perdue at the Assizes yesterday. R. Quigley, found guilty of attempting to murder Dr. Clyne Smith here several months ago, was sent to the penitentiary for seven years; James A. Robinson, one year, thief; Katrina Gadnuk, six months, administering poison to Rosa Fischer.

GRAND STAND BURNED. The Montreal Baseball Club Loses \$4,000.

Montreal, Nov. 10.—The baseball club's grand stand was destroyed by fire to-night. The blaze was noticed about 9 o'clock, but before the fire brigade could arrive the stand was doomed. It was a wooden structure and burned very rapidly. It is thought that tramps must have set the structure on fire, as there were no reasons for people to be around at this time of the year. The loss will be about \$4,000. The burning of the grand stand means the disposal of the baseball franchise, as the last season's play proved unprofitable for the owners.

BLACK HAND HOME PRODUCT. TWO DANGEROUS SCOUNDRELS CAUGHT AT THE SOO.

They Carried Revolvers, Knives and Nitro-Glycerine—Papers in Their Possession Proved That They Were the Authors of the Black Hand Letters That Have Been Received by Prominent Men.

Sault Ste. Marie, Ont., Nov. 10.—On Saturday afternoon the Soo police made two arrests, considered by them to be the most important made here in years.

The first man arrested was caught red-handed in the act of passing a forged cheque, and when arrested he attempted to draw a revolver. The importance of the arrests was realized when it was learned that the authorities are all but convinced that the men are none other than members of the Black Hand organization which has been operating here for two weeks, and has sent letters to Capt. Letcher, John McKay, barrister, and John Dunstath, demanding money, with threats of vengeance if it were not paid.

SENTENCES AT WINNIPEG. Winnipeg, Nov. 10.—Three sentences were imposed by Judge Perdue at the Assizes yesterday. R. AUSTRALIA WANTS PEOPLE. Premier Promises to Co-operate With the States.

Melbourne, Nov. 10.—Premier Deakin, at the King's birthday banquet, said he hoped to cope with the question of Australian defence early in 1908. Without some of the thousands of his countrymen emigrating from Great Britain there could be no advance for the commonwealth, and he repeated the offer that if the States found the land the Federal Government would bear the expense of bringing people out.

Victoria, B. C., Nov. 8.—A case full of interest to labor unions and musicians was concluded here by the imposition of a fine of \$25 by Police Magistrate Jay, on the secretary of the local union of musicians for interfering with Regimental Bandmaster Rumsby in the discharge of his duties. The union fined Mr. Rumsby \$10 for employing two men at a band concert who were behind in their dues as union musicians, and Colonel Hall immediately instituted a prosecution, with the above result.

After pursuing her with his unwelcome attentions for ten years, Joseph Schilowitz, of Cleveland, Ohio, shot and instantly killed Mrs. Dora Stebel, who was behind in her dues as union musician, and Colonel Hall immediately instituted a prosecution, with the above result.

Both appear to be Englishmen, and their appearance is not suggestive of criminals. Smith is about twenty-four years old, and Howard somewhat older. Last night Smith broke down in jail, and made many damaging admissions, which the police decline to disclose. Howard is considered to be the more dangerous of the two. The men claim to have reached the Soo the day before their arrest from the Algoma Central, where Smith says he worked for the Lake Superior Corporation on the railroad. Howard refuses to talk.

The police believe the men can be connected with a series of crimes committed between Toronto and the coast in the early part of the year. The local police deserve credit for the arrests, particularly as a Provincial officer had been here for a week and did not co-operate with the Soo force. He could learn nothing, and returned to Toronto without a clue.

KILLED BY THOUSANDS. Untold Numbers Killed in Communes and Hamlets about the Karatagh.

St. Petersburg, Nov. 10.—The first direct reports from the scene of the great earthquake at Karatagh, Russian Turkestan, about three weeks ago, reached this city to-day from a correspondent who accompanied the relief expedition sent from Samarkand. Telegraphing under date of November 9 this correspondent says: "The town of Karatagh was completely destroyed. The victims number about 4,000 in Karatagh and about 10,000 in the adjoining district of Densus. All the villages in the vicinity were wrecked. It is probable that there are hundreds more dead in these villages, but investigation is only now determining the approximate number."

NURSE'S SAVINGS. Carried Off by Stranger Whom She Met at Montreal.

London, Nov. 10.—The Scotch police are inquiring respecting an English nurse, recently a resident of Vancouver, who while staying at a hotel at Montreal, met a Scotchman, developed an acquaintance with him, and decided to accompany him to Scotland. He promised marriage, and borrowed her savings, but disappeared at Liverpool. She arrived at Edinburgh destitute, and discovered that the address there which the man gave was false.

KNOCKOUT DROPS. NEW YORK YOUNG WIDOW'S GET-RICH-QUICK SCHEME.

Said to Have Reaped Fortune by Generous Use of "Dope"—Physician Her Alleged Accomplice.

New York, Nov. 9.—Uncanny in its details was the story of a girl grown affluent on thefts accomplished by "knockout" drops, furnished her by a prominent Manhattan physician, which the Brooklyn police related when Mrs. Katherine Lickowitz was arraigned this afternoon in the Adams Street Court.

She pleaded not guilty to the charge of grand larceny and was remanded to the Raymond street jail in default of \$2,000 bail.

Mrs. Lickowitz is only 26, a petite and pretty Polish widow, who recently lived in Hackensack, N. J. The police say they believe that for several months she has reaped a rich harvest in New York by surreptitiously giving her men companions "knockout drops" and robbing them.

On September 27th last the police allege that Mrs. Lickowitz went into the laundry of Peter Zakwenski, No. 323 Whyte avenue, Brooklyn, and after engaging the proprietor in conversation suggested a glass of beer. Zakwenski agreed to send for some and when it arrived, the police assert, chloral hydrate was secretly placed in it, so that Zakwenski was soon in a heavy stupor. When he awoke his watch and \$300 in cash were missing.

On Oct. 1 the same woman, the police say, went into the office of John Felzenski, No. 136 Nineteenth street, Brooklyn, and persuaded him to have a social drink. When he regained his senses, the police declare, jewelry valued at \$400 and \$150 in money were gone.

Two days later, Oct. 3, the woman went into the store of Peter Olwek, No. 151 Oakland avenue, Green Point. Beer was ordered after a pleasant talk and when Olwek came back to consciousness the police say he was out \$51.

The police say that these are only a few of the robberies committed within the past few months.

The police say they have information which associates Mrs. Lickowitz with a Manhattan physician, who they believe, furnished the dope. The police assert that they are morally convinced of the physician's complicity and expect to have sufficient legal evidence to warrant his arrest within a few hours.

TENANT SMOKED OUT. A Novel Method of Eviction Tried in England.

London, Nov. 7.—Good Farm, Broad Oak, Canterbury, was the scene a few days ago of some curious eviction proceedings a country court bailiff went to the farm to persuade the tenant, Mr. A. W. Minter, to quit, in accordance with the terms of a notice which had been served upon him. The tenant replied by barricading his doors. Thereupon the bailiff had the windows boarded up on the outside and the chimneys stopped.

Finding after several days that the occupants of the farm house showed no sign of capitulation, the bailiff decided upon more forcible measures. By means of a drain-tester, a connection of tar twine, and cayenne pepper he sought to smoke them out. From 11 o'clock until 3 evil-smelling fumes were steadily pumped into the building. Then the barricades were suddenly removed from the front door, and the farmer, accompanied by his mother and a little terrier, appeared on the threshold. They were greeted by a huge crowd of villagers and visitors from Canterbury. The bailiff and the occupants of the farm shook hands with great heartiness, and the crowd cheered again as the new tenant stepped across the threshold of the hardy won citadel.

SLEEPY BRANTFORD MAIDEN. Girl in Cell for Theft Startles Police, Puzzles Doctor.

Brantford, Nov. 10.—Gertrude Brown, who started the police on Saturday by falling into a sleep from which she could not be aroused, following her arrest for theft, was faking, it is believed.

The girl was arrested for stealing a gold ring from her employer. When the court opened at 10 o'clock, the police authorities could not arouse her. A doctor was called, but could not find out what was wrong. Her pulse was normal.

Youths

Young chaps, aged, say, 15 to 20, don't like to be called "youths"—they prefer "young men," but to distinguish the models we show in overcoats for these chaps from the "young man's" range, we dub them "youths."

The swellest lot of these Overcoats here now this store ever had at one time—single and double breasted models, some in the loose, boxy backs and some in the semi-form styles; smart American style lapels and collars that fit close up around the neck; concave shoulders with just enough padding to give the broad-shouldered effect. Materials are English Coatings of Beaver and Melton Cloths, Vietnans and Chevots, new designs and mixtures, as well as the plain black and greys. Priced \$4.95, \$6.50, \$8.50, \$10.00, \$12.00, \$15.00 and \$18.90.

For one week we are offering special values in Ladies' stylish and serviceable shoes. The very latest styles and finest quality at almost wholesale prices.

PRIZE FOR PROHIBITION. Evidence Given at Charlottetown, P. E. I. All in its favor.

Charlottetown, P. E. I., Nov. 8.—The Prohibition Commission have examined the Stipendiary Magistrate, a city marshal, Premier Peters, Mayor Paton and others. The evidence given so far has been strongly in favor of the act, which the witnesses declared, has lessened drunkenness and heightened the moral tone of the city. Merchants examined say that their business has been steadily increasing since the advent of prohibition, and that many families formerly in poverty owing to drink are in much better circumstances.

ANNIVERSARY CELEBRATED.

Special Services in Many of the City Churches Yesterday.

Ascension, First Methodist, Knox and Gore Annuals.

Rev. Dr. Williamson to Laboring Men—Other Services.

In the course of a powerful and thoughtful sermon, delivered with characteristic eloquence, the Lord Bishop of Niagara, preaching last evening at the Church of the Ascension, where the services yesterday were in commemoration of the fifty-eighth anniversary of the church and the 15th of Canon Wade's inunction, referred to Socialism as one of the greatest forces of opposition against the church's efforts to advance Christianity and spread the gospel over the world. The thought emphasized by his Lordship was the great truth of the everlasting Christ, Rock of Ages, the same yesterday, to-day and for ever. There never was a time, he declared, in the history of the kingdom of God that the forces for advancing Christ's cause had not met with opposition led by the devil and his aides. Particularly was this true where Christianity was most firmly entrenched. One of the forms in which it was encountered might briefly be summed up and called Socialism, which was first a blank denial of God, the demand for the impossible doctrine of equality, the breach of God's law, that what belonged to one was as much another's, and that the children were taught to believe that their fellowmen, called rich, and the heads of houses of business were their natural enemies, against whom they must fight for their rights; that in the mill or factory they had as much rights as the man who owned the machinery, imbedded in it. These had become so formidable in capital that an anti-capitalism had been entered into, as told by the great London newspapers. Men were being trained to answer Socialistic arguments and counteract the movement. That great man, the Bishop of London, who had endeared himself to so many hearts on his recent visit, had remarked that these things were planted to a certain extent in this country, but that they might thank God that when they spoke there was not some blaspheming Socialist to stand up to contradict and lead people as much away from Jesus Christ as possible. It would be seen that these were stirring times in which people lived; times which appealed to the Christian heart and soul. "On this your first day, on this your anniversary day," said his Lordship, "when you are thankful, when your souls are united and risen in thanks to God, as we have heard them to-day, I know with thankfulness you will make a retrospect and go back over the sixty years of history and remember those who have been your pastors over you. Five pastors have spoken the word of God to you. One remains. I need not tell you how faithfully he has tried to carry on the work. They had advanced materially, and he hoped spiritually. That for which their pastor lived and labored among them, his Lordship emphasized, was for Jesus Christ, the same yesterday, to-day and for ever. On Tuesday evening a programme will be given in the school room in honor of the anniversary.

First Methodist Church had its anniversary services yesterday—the 58th anniversary of the church. Rev. A. Langford, D. D., was the preacher. Dr. Langford is an old "First" boy. Forty-eight years ago, he told the large congregation which heard him last night, he had been stationed at the church for a year, and at the last service of that year a young man had been appointed who would come a great power for good in the Methodist Church. Twenty-two years later he returned as pastor, for a pastoral period, 1882-3-4, and had spent three happy and successful years there. In the morning Dr. Langford preached from Psalms 62 in the cloudless sun, will rise to give thanks unto Thee because of Thy righteous judgments." Introductory to his sermon he spoke of the early days of his ministry. He began it in the old rough-east church that stood where the present stone one now is. He could hardly bear to recall the days of his subsequent pastorate. So many of the old faces were gone, and there were so many changes. God had blessed him, especially during the past two years, in a marvellous way. Reverting to his text, he said it must not be taken as a command, or even a wholesome precedent, to arise at midnight to give thanks—it was a state of mind. It was an extraordinary time for an extraordinary event. It would be an awful thing if the world did not have the Gospel for the needs of human experiences. How glad it was to serve God in the cloudless sun! It was an easy thing, indeed—but it is not always morning. Is there a Gospel for the dark, impenetrable mystery of darkness? Yes, and we may proclaim it abroad, that we know something of its blessings—a Gospel for the darkest midnight that can overtake us. Dr. Langford then took up a brief consideration of midnight experiences, and night duties and midnight consolations, and made a very impressive sermon. His evening subject was from the text, "This one thing I know." Scores of the church folks of 25 years ago remained after the services to have a hand shake and chat with their old pastor. The congregation was asked for a special collection of \$700, that amount being required to make enough, with the balance on hand from current revenues, to pay \$1,000 off the church debt in December and \$500 next June—a reduction of \$1,500 for the year. The whole \$700 was subscribed. The music of anniversary day was particularly good. Besides the anthems Miss Longhurst and Messrs. Robinson and Robertson sang a trio in the morning, and Miss Rowsome a solo in the evening.

Gore Street Anniversary. Rev. Mr. Cobbleidick, the Chairman of the Woodstock District, was the speaker at Gore Street Methodist church anniversary services, which were held yesterday morning and evening. Special music was rendered by the choir and Mr. John Addison played two euphonium solos. In the evening Mr. Cobbleidick selected for his text, Matthew iv. 1: "Then was Jesus led up into the wilderness to be tempted of the devil." His subject was "Christ's Temptation, Every Man's Battle." In his remarks, Mr. Cobbleidick said that there was nothing in the life of Jesus Christ that would lead one to say that Jesus was tempted to do wrong intentionally. The desire to do wrong is the proof of a disordered nature. To desire an object which in itself is an innocent one is no wrong, and can only be sinful when it is desired with a wrong motive. The choice of life may be divided as follows: What one should do, and how it should be done. Temptations such as Jesus experienced in the wilderness come in some form to every man, as a result of the pressing necessities of the present day. It is a real struggle in which every man must pass through before he may become a Christian. Another form of temptation is the ambition to grasp for money. Every man must meet the devil as Jesus did, and the victory if victorious must be won as He was.

Dr. Nelson's Anniversary. Yesterday was the anniversary of Rev. Dr. Nelson's first year as pastor of Knox Church. At the morning service Dr. Nelson referred to the position of a pastor at the head of such a large flock in this large city, and said that he felt that it was a privilege and an honor to lead such a large church as Knox—in spiritual life. He chose as his text, Matthew xxix. 29: "And they put a wreath in His hand." In the course of his sermon, which was purely a gospel one, Dr. Nelson referred to ungodly, ungrateful and dishonest people as fools, and showed by example how wisdom and honor were the only course for a man to choose if he intends to lead a Christian life. If one's actions are not what they should be, the reaction which inevitably follows will be for the bad, and it is the reverse for those who do good, the reaction being for the best. The devil is always in the look-out for fools, and it is only the strong hand of Jesus Christ that keeps many men from temptation. At the evening service, Rev. Dr. Proch, the Russian missionary, who is laboring among the foreign element of the city, gave a graphic picture of the life among the Russian peasantry.

Sermon to Laboring Men. Emerald Street Methodist Church was packed last night on the occasion of the first of a series of special Sunday evening sermons. Last night's sermon was to laboring men, and they certainly turned out in large numbers. As Saturday was the birthday of King Edward, the choir began the services by singing the national anthem. Dr. Williamson for his first subject, "The Law of the World." He said labor is God's law, the world over. Even the beast of the field must hunt its food and labor to obtain it. Men sometimes make a mistake in supposing that labor is only physical; mental toil is often the severest and the most taxing. He who is not a producer for the benefit of the community, either by his hand, his head or his means is a upas tree in society and a disgrace to his race. There should be no conflict between capital and labor, as each is mutually dependent on the other. The millionaire's money is of little good to him if there is no one whose toil he can secure with it. The laboring man's strength and ability for work will do him little good if he can find no one to compensate him for his toil. With such mutual dependence on each other capital and labor ought to be the most friendly of friends and live on the best of terms with each other. To comply with God's law of labor conduces to health, while inactivity weakens and incapacitates. To fulfil God's law of labor will make a man honorable among men and make the individual a source of wealth to his community. There is nothing more honorable than honest toil. No man has any cause to be ashamed of any legitimate work. General Washington would dismount when men were laid prostrate, and take his stand and lift the heavy burdens with them. Lord Tenterden, a man beloved by his countrymen, was once asked to give a sermon on the subject of labor. He said that he would do so, but that he would do so in a way that would do honor to his country. He said that he would do so in a way that would do honor to his country. He said that he would do so in a way that would do honor to his country.

Spoke on Athletics. "The Wise Young Man of To-day" was the subject of a stirring address given by Rev. Dr. Tovell, in Wesley Church last evening. In the course of his remarks Dr. Tovell had a word or two to say about athletics. He considered the modern athletic work, if done in moderation, is bound to be of great benefit. He was of the opinion that Rugby football developed strength resolution and courage, but the main point to be considered was that no young man should devote his whole time to the pursuit of athletics. His manhood, especially in the young years, should be devoted for the greater part in preparing himself for the more serious things in life. Dr. Tovell took as an example of what might be called an extremist in athletics, Tom Longboat, whose name is known over the whole continent. He was hailed here, there and everywhere as the greatest runner of the age, which is certainly true. But what does it amount to in the end. With Longboat it is a case of athletics morning, noon and night with a little dissipation thrown in at odd times. He had an opportunity of acquiring an education but he could not see the good of it, and threw it aside. Dr. Tovell was of the opinion that as soon as Longboat's supremacy in the realm of athletics could no longer be maintained, he would be forgotten, as have all others who have neglected the duties that have been presented to them.

AMUSEMENTS

The standard of vaudeville productions in Bennett's Theatre will be given a decided boost in the big bill which will be presented this week. All-star vaudeville will be a mild application to the performances this week for they will mark a new era in vaudeville circles in this city. The feature act will be Ned Wayburn's big act, "The Side Show." This is an act which has played some of the biggest and most popular novelty houses in the States with the greatest success. It comes here with the highest recommendations and it is even thought by some to be the best of Wayburn's big productions. This is saying a great deal in view of the reputation which the celebrated producer enjoys. There are ten beautiful girls in the act all handsomely costumed and they sing and dance in the delightful fashion. The staging of the act is also very fine and the whole there will not be a better act in this city during the season. Another big sensation will be found in the performance of the Eight Bedouin Arabs, a troupe of great sons of the desert. They have the most novel and at the same time most difficult act in vaudeville today. Their specialty is tumbling and athletic work generally and their pyramid formations are beautiful. The other acts will all be good, combining comedy, singing, dancing and specialty work in an entertaining manner. Shields and Rogers will put on their novel lasse act and there will be a number of additional treats. This will be Catholic Foresters' week.

Big Show To-morrow. The management of "The Time, the Place and the Girl," which will be produced at the Grand on Tuesday and Wednesday and Wednesday matinee, promises that this production is a distinct departure from all others that have been presented to this city. "The Time, the Place and the Girl" was taken from an actual occurrence, the scenes being reproduced from photographs around which the story was written. The cast in its entirety has been carefully selected and the production is complete in every detail, the stage being stripped of everything before the arrival of the company to make room for the massive scenic effects. One of the most beautiful pictures is that used in the second act; forty young ladies so arranged and grouped to reproduce a large flag, covering the entire stage. Mr. Deagon sings "Thursday's My Jonah Day," and since the days of "After the Ball" nothing has ever equalled this song hit. Seats are now selling for this engagement.

To-night's Attraction. The attraction at the Grand to-night will be "Little Heroes of the Street," a melodrama that will excite the commendations. The company is a clever one and the story unfolded is one that sustains the interest from first to last. At the Savoy. The Savoy's headliner this week the Okabe Japs, is an act that will doubtless attract a considerable number of material and dressing is said to be the very best of any playing vaudeville to-day and the work too is original and sensational to a degree. Especially is this true of the ground work and hand balancing, vaudeville managers declaring that in this respect the Okabe family easily lead anything seen. A beautiful gold embroidered drop on a black velvet background adds to the effect. LeVroy and Clayton, as the special added attraction, presenting "The Song of the Hansom," have a sketch that is said to produce a gale of laughter. The Meredith Sisters with their pretty and original act will be welcomed back. The gorgeous costumes in which they appear and the splendid scenic effects used are a feature. The Grand is a center of comedy wire act that is said to be a winner as a laugh producer besides introducing much clever work. Another lively sketch in which good rollicking fun predominates is "Miss Steno, Stenographer," a German sketch by Philip Brooks and Sidney Reynolds. Howe and Scott, a clever pair of Hebrew comedians, who have a bright line of patter. Bon Morse, "The Man From Nowhere," in fifteen minutes of trampology; Grace Dean, a girl with a pleasing voice and new songs and the kinetograph with new pictures combine to make a bill that should attract record business throughout the week.

Ben Greet Coming Back. "Everyman," which the famous Ben Greet players will present at the Grand on Saturday next, is its original form, as written in 1899 by Peter Dorland, a monk of Diest, Belgium. The black letter copy of the English version, which is added here in Lincoln Cathedral, England. The play is the finest extant specimen of the morality plays, which were commonly performed about the streets and in the religious houses of Europe during the middle ages. The Morality, Mystery and Miracle Plays, comprising the religious drama of that period, are the earliest dramatic compositions in the English language, and are notable for their classic, dramatic structure.

LOST ON SCHOONER HALEY. Body of Howard Poole, One of Three Victims, Recovered. Charlotte, N. C., Nov. 9.—The body of Howard Poole, one of the crew of the schooner Haley, was found yesterday at Little River, among the fragments of the little vessel, which left Souris on Wednesday night, during the storm, for Georgetown. James Stewart and Mr. Reeves were the other two men on board the vessel, which went to pieces on Brown's Cape, the entrance to Little River, eight miles from Souris.

SUFFOCATED IN CELLARWAY. Death of Owen Connell, of Sudbury, at Kingston. Kingston, Nov. 10.—Owen Connell, of Sudbury, aged thirty-six years, was found dead in the cellarway of the Windsor Hotel, Princess street, at 8.30 o'clock on Saturday evening. He had fallen by an accident. His neck was twisted in the fall and the unfortunate man suffocated. Connell came to the city yesterday. He was to have been married next week.

PRIZE FIGHTER KILLED. Windsor Man Fatally Shot by a Companion. Windsor, Ont., Nov. 10.—Willie Spracklin, a well known young Windsor man, who had achieved considerable success as a prize fighter, was fatally shot by a companion while duck hunting yesterday a few miles below this city. The young man went in a duck boat, Spracklin lying in the bow and Star Mason, his companion, at the stern. Just as Mason happened to raise his head and receive almost the full charge of the shot on the left side. One ear was completely shot away and a deep hole made at the left base of the skull.

AN IMPERIAL ROMANCE. One of the Results of the Colonial Conference. London, Nov. 8.—An interesting romance has grown out of the visit of the Colonial Premier, Mr. Balfour, to London last spring. The engagement has been announced of Mr. R. C. Hawkins, Secretary of the Eighty Club, to Miss Marie Botha, sister of General Botha.

Pittsburg, Pa., Nov. 10.—"Oh, that's my papa; I want to go home with him." Pointing at John Heslop, the eight-year-old child of Mrs. William Smith, whose real name is said to have been McDonald or Heslop, and who was murdered in her room on Beech street, Allegheny, about two months ago by Talbot McDonald, yesterday identified his father. Heslop is an engineer, and resides in Toronto, Canada. Yesterday he visited Superintendent John Glenn, of the Allegheny police department, and asked for the possession of the lad, who was the only eye-witness to the northern tragedy. A meeting between father and son was very affecting. Heslop learned of the killing of his wife through the newspapers, but did not at the time suspect the identity of the woman. Heslop was willing that the child should be communicated with Superintendent Glenn and Police Officer Goshing. "Mrs. Smith" was his wife. Coming here armed with photographs and documents which left no doubt as to the truth of his story, Heslop was closeted for a long time with Superintendent Glenn and District Attorney Goshing. The latter was willing that the child should be returned over to his father. The attorneys for McDonald, who has been committed for murder in the first degree, have asked for a new trial, and this will be argued before the courts this week. If a retrial is granted, the presence of the lad may be required. Heslop says he had no idea that his missing wife was false to him. He believed her to be in England, her old home, where they were married, and where a second child, a little girl, is believed to be.

TORONTO BUILDING GUTTED. Four Storeys of Anderson & Macbeth Blinding Burn. Toronto, Nov. 10.—The following was the fire loss in Toronto on Saturday night: Anderson, Macbeth & Co., hats and furs, loss considerably over \$30,000; fully insured. Phillips & Vrinch, small wares, loss about \$22,000; fully insured. Edwin W. Fisher, manufacturers' agent, floor completely gutted loss not ascertainable. John Fisher, Son & Co., woolsens, completely burned out, loss \$10,000; fully insured. J. Howard Stove, manufacturers' agent, loss \$8,000, about half of which is covered by insurance in Loyds, the Royal, and one other company. Building at 76 Bay street, completely gutted from the second floor up. Owned by Joseph estate, loss \$12,000; fully covered by insurance. A fire which completely gutted the Anderson & Macbeth Company building, 76 Bay street, broke out between 7 and 7:30 o'clock on Saturday night. The total damage will probably approximate \$57,000.

JABEL ROBINSON DEAD. Past President of Dominion Grange and Former M. P. St. Thomas, Nov. 9.—Jabel Robinson, ex-M. P., died this morning after a comparatively short illness. He represented West Elgin in the House of Commons from 1900 to 1904, was a well-known figure on the floor of the House of Commons, and was Past President of the Dominion Grange, and held many important municipal positions. As Grand Master of the Dominion Grange and member for West Elgin in the House of Commons, Mr. Robinson occupied a unique place as an honest and consistent advocate of economy in administration and justice for the farmer. He was an independent of the independents in the first years when to be long to neither party in Parliament was to be almost ostracized. He was famous in the ninth Parliament for his plain speaking and his fearlessness in the face of influences which set themselves hard against all forms of independence on Parliament Hill. While treated with outward kindness by his fellow-members, he made no friends among them and seemingly wanted none. He travelled a lonely path alone. Jabel Robinson was born on November 11, 1831, at Lindsall in Buckinghamshire, England, and came to Canada in 1856. He was by trade a carpenter. He was twice married and is survived by three daughters and four sons.

WENTWORTH LIBERALS SELECT STANDARD BEARER

W. O. Sealey Will Represent Them in the Next Election For the Dominion Parliament.

Received Majority on the First Ballot---Speeches By Hon. Wm. Paterson, Hon. Thomas Bain and Others.

Wentworth Liberals, assembled in convention, on Saturday afternoon, selected W. O. Sealey as the standard bearer in the next Federal election to oppose Col. Ptolemy, who will carry the Conservative colors. Four names were voted on, and although there was some division in the ranks before the ballots were counted, the big crowd presented a united front when the result was known, and with one accord gave a mighty cheer, followed by an outburst of enthusiastic applause.

"The spirit of Liberalism is not dead in Ontario." The truth of this battle cry of Hon. A. G. MacKay, the new Provincial leader, sounded by him during his recent address to Hamilton Liberals, was amply demonstrated on Saturday afternoon. The oldest campaigner in Wentworth county could not recall a larger, more enthusiastic convention, where the determination to win was more strongly emphasized. The big Arcade Hall, the headquarters of the city Liberals, which seats nearly six hundred people, was packed to overflowing by 1 o'clock, and shortly after, when the convention buckled down to business, standing room was scarce. The big hall was prettily decorated with flags and bunting, festoons of red, white and blue adorning the walls. Colonel H. P. Van Wagner, President of the County Association, presided. A feature of the afternoon was an address by Hon. William Paterson, Minister of Customs.

Officers Elected.

Officers were elected as follows:
President, Col. H. P. Van Wagner.
Vice-President, North Wentworth, Robert McQueen.
Vice-President, South Wentworth, John B. Calder.
Secretary, North Wentworth, J. W. Lawson.
Secretary, South Wentworth, George A. Cormau.
Treasurer, Major Knowles.
The above officers, the President, Vice-President and Secretary of the various township associations, comprise the Executive Committee.

Eighteen Nominations.

It was after 2 o'clock when the convention took up the question of nominating the candidate. To save time it was agreed to receive nominations for half an hour, and the names poured in fast. Eighteen were named when Chairman VanWagner declared the poll closed. A. J. Binkley was the first nominated, Dr. McQueen then arose and named W. O. Sealey. "I don't think I need to make any remarks regarding the candidate," said the doctor.

Geo. Hart, who seconded Mr. Sealey's name, after referring to the manner in which he had been nosed out of the seat before, said: "I ask you as representatives of the county of Wentworth to support Mr. Sealey at this election. I ask you to stand by him for his noble sacrifice of his own interests on behalf of the Liberals of Wentworth."
J. W. Lawson, of Dundas, in nominating Mayor Moss, said: "I think that the main factor before us is, who will be the strongest candidate for the party. There have been a great many names mentioned. I contend it is not a case of personal ambition. We must keep before us the one thing only, the interest of the Liberal party of Wentworth."
"Well, Sealey is the man," cried several voices.

"I think it is essential that we should have a man who is a resident of the county," said Joseph Pully, who seconded the nomination of William Martin, of Binbrook, as one of the men. "If we do not have a large number of electors who will not support the candidate, I have been out around the county, and that is the feeling of the people."
It was a good natured crowd. Israel Kelly, of West Flamboro, caused a ripple of laughter when he arose and jokingly remarked, "I would move that all the candidates, who have not been nominated, be nominated."
Some one immediately nominated Mr. Kelly. There was a rousing cheer when the name of Hon. Thomas Bain was mentioned.

Michael McGann, a delegate from Hall's Corners, caused a little stir by questioning the procedure of nominating the candidates. Chairman VanWagner called for order.
"Have I got to sit down?" asked Mr. McGann.
"Yes," said the colonel.
"Well, I am not going to," said Mr. McGann.
The crowd cried, "Sit down," and McGann obeyed.

The eighteen nominations were as follows:
A. J. Binkley, nominated by Dr. Brandon, seconded by W. C. Vansickle.
W. O. Sealey, Hamilton, nominated by Dr. McQueen, seconded by George Hart.
Colonel VanWagner, Stoney Creek, nominated by Isaac Geddes, seconded by J. H. McNeilly.
W. H. Moss, Mayor of Dundas, nominated by J. W. Lawson, seconded by J. J. Haines.
William Robertson, Dundas, nominated by James A. Gray, seconded by Orlando Martin.
William Martin, Binbrook, nominated by William Switzer, seconded by Joseph Pully.
W. C. Vansickle, Ancaster, nominated by James Ellis, seconded by Judson Misener.
R. L. Biggs, Freelton, nominated by R. L. Biggs, seconded by James L. Robertson.
E. J. Guest, ex-Reeve of Ancaster Township, nominated by George H. Hornig, seconded by A. Bradshaw.
R. A. Thompson, M. P., Lynden, nominated by William Betzner, seconded by Anthony Garoch.
R. L. Biggs, Beverly, nominated by John Malcolm, seconded by C. M. Jarvis.
Dr. Thompson, Stoney Creek, nominated by A. E. Wilcox, seconded by George Stewart.
Hon. Thomas Bain, Dundas, nominated

W. O. SEALEY, Liberal Candidate for Wentworth.

by J. B. Calder, seconded by G. E. Hornig.
George Awrey, Barton, nominated by Jacob Smuck, seconded by James Russell.
J. W. Lawson, Dundas, nominated by J. Clarke, seconded by Mr. Jarvis.
Watson Trusdale, Barton, nominated by G. Clutton, seconded by J. W. Weldon.
Israel Kelly, West Flamboro, nominated by Dr. McQueen, seconded by Watson Trusdale.
Daniel Reed, M. P. for North Wentworth, nominated by Watson Trusdale, seconded by C. W. Schwenger.

It was agreed that no time should be taken up by those who did not wish to allow their names to stand, and a five-minute time limit was placed on the others. There were cries for the candidates to take the platform.
The candidates marched to the front and were greeted with applause.

The Right Tone.

Mr. A. J. Binkley, the first speaker, made a fighting address, urging Liberals throughout the county to unite in sending the representative, whoever he might be, to Parliament. When Wentworth was divided into two ridings, he said, the north and south elected their men without difficulty, and that in days of Conservative rule, a man who could carry the riding was wanted. "If I thought my best friend could not be elected I would tell him so," said Mr. Binkley.

Sealey Well Received.
Mr. Sealey was given a rousing reception as he arose to speak. "This splendid meeting," he said, "augurs well for the success of the coming campaign. I heartily thank you for the honor you have done me in nominating me today, and the support that has been accorded to me in the past. I would be delighted to have the opportunity of being your standard bearer again, and just for once I feel the responsibility of having lost this riding, and I would like to redeem it. I would be just as pleased to support any other candidate, though, for we must win, in any event."
There were cries from the audience of, "You will be elected."

Wanted a County Man.
Colonel VanWagner said that in Saltfleet they were having a hard time to retain the young men, and if they were to be encouraged they must be recognized.
"I don't believe in outside candidates," he said. "I don't think that a constituency that has no man in it to represent it should be represented, and in this I am voicing the sentiments of a majority of the people. Some people have such a hold on you that you are afraid you will be dogged if you express your opinion. I tell you to-day that the people of Wentworth want a Wentworth man. Most members of Parliament are the voice of some corporation. We don't want that and it must shut down. The farmers will never get justice from the corporations until you send farmers to the House. Another thing I would like to refer to is a story that has been circulated in the riding that I did not vote for Mr. Sealey at the last election." Mr. VanWagner declared that he did vote for Mr. Sealey.

Many Decline.
Mayor Moss, of Dundas, said that under certain conditions he would be pleased to accept the voice of the convention, but, as it was, he could not take the nomination, even though it was thrust upon him. He retired.

Mr. William Robertson declared himself out of the field, too. In the course of his address he said, "We need not be ashamed of the name of Liberalism. We have a leader at Ottawa, one of the greatest leaders the world ever saw, and one of the best leaders associated with the British Empire."
"It is not my wish to be a candidate for Parliamentary honors," said Mr. William Martin, who retired. "We have a majority of 200 or more in the county, why is it we can not elect our man?" he asked.
"Because we have not stood together," cried several voices.
Warden Vansickle retired, too. "I thank you," he said, "for the honor you have conferred upon me in naming me to be the standard bearer for this grand old county of Wentworth. Whoever the man may be, I hope we will be united

stand by our man and elect him. The enthusiasm that prevails here this afternoon should prevail until the polls close on election day."
Dr. McQueen, in announcing that he would not permit his name to stand, gave the delegates some good advice. There was no need, he said, to speak of the Liberal record. It needed no exposition; it stood for itself. He urged the delegates to have the largest amount of optimism possible in the candidate selected. "We are not only fighting for the candidate," he said, "but for the great Liberal party."

North Wentworth Member.
There was another outburst of enthusiastic applause when Mr. R. A. Thompson, the member of North Wentworth, began to speak. Mr. Thompson said he had asked no one to nominate him and had called on no one to support his name if put.
"I have been satisfied, grandly satisfied," he said, "with the support that has been given me by the stalwarts of the north when I have appeared before them. I am content with my position in the north. I leave myself in your hands to do with me what you see fit. I will do my utmost to have the man elected who you nominate, if you do not desire me. I am very anxious that this riding should be won once again, and it will be if we stand shoulder to shoulder."

Hard work was the keynote of Mr. R. L. Biggs' address. After announcing that he would not be a candidate, he said, "We must not lose any more elections in Wentworth, or you will see where our majority is. The old Liberals of between two and three hundred may be tottering going to the polls. It is the young and rising generation we must look to."
Dr. Thompson, of Stoney Creek, in announcing his retirement, said he felt there were others who had better claims than he had. There was a Liberal majority of between two and three hundred in Wentworth. The Liberals could win, if they stood united behind their man.

Hon. Thomas Bain.
The appearance of Hon. Thomas Bain, that veteran old war horse, whose name will always be revered by Liberals, was the signal for a tremendous outburst of applause, which was repeated at intervals during his address.
"I am no stranger to the Liberals of Wentworth," he said. "Since September, 1872, down to the end of the century those Liberals never failed me in their support. I would be dead to every feeling of gratitude and the best impulses that govern man if I did not recognize the feeling with which you receive the mention of my name. Through good and evil report this riding never failed to stand by me. And I can say that if you give the same united hearty support to whoever may be nominated to-day, that when election night comes round we will send our friend Ptolemy to the burying ground, where we have sent so many before me. I ask those who nominated me to allow me to withdraw my name, remembering that I had the support of the county, the undoubted hearty support. Let me ask you to give that to your candidate, whoever he may be. I feel that at the age of 73 years the campaign is a little beyond your patience and my capacity."
Messrs. Awrey, Trusdale, and Kelly announced themselves out of the field. Mr. J. W. Lawson, in retiring, said, "I heartily approve of the principle enunciated by Mr. Thompson. I do not approve or believe that in a Liberal or any other convention a man should seek the office. As intelligent men, I think we should select the man. No personal claims or personal ambition. We should look solely to the man who will carry us to victory."

South Wentworth Member.
Mr. Daniel Reed, the member for South Wentworth was given an ovation. "We are here to-day," said Mr. Reed, "to select a candidate and there is no reason why, if the Liberals do their duty, that Wentworth should not fall in line and return a representative to the Dominion House. I believe there is one little tinge of bitterness in Sir Wilfrid Laurier's cup of sweetness and that is

that Ontario has never sent him a Liberal majority. There is no reason why we should not give him active support."
Mr. Reed in withdrawing his name said that the man who recognized the strength of his opponent had half the victory won.

Four Go to Ballot.
The four names that remained to be voted on were:
W. O. Sealey, Hamilton.
Colonel H. P. VanWagner, Saltfleet.
R. A. Thompson, Lynden.
A. J. Binkley, Ancaster.

Mr. Daniel Reed and Mr. William Robertson were appointed scrutineers and after the 260 delegates responded to the roll call, the vote was taken. Mr. John B. Calder occupied the chair temporarily, in view of Colonel VanWagner being a candidate. He announced that if one of the candidates received more than half the votes, he would be the man. Otherwise the lowest man would drop out on the next ballot.

Confidence in MacKay.
While the ballots were being distributed and collected resolutions of confidence in the Dominion Government and Hon. A. G. MacKay, the new Provincial leader, and his followers, were passed with the greatest enthusiasm.

Mr. J. W. Lawson, seconded by Mr. J. B. Calder, moved the latter resolution which was as follows:
And resolved that we, the Liberals of Wentworth in convention assembled, desire to do hereby express our satisfaction in the appointment of the Honorable A. G. MacKay to the leadership of the Liberal party in Ontario. We feel that the new leader is a man of exceptional qualifications, his great powers as a public speaker, his long experience in the public affairs of the Province, his strong personality, good judgment, peculiarly qualifying him for the position to which he has been chosen. We desire to express our appreciation of the good work of the Liberal members in the Provincial Administration during the term of the present administration, and we desire to express our disapproval of the method of the irregularities of the Government in power, their insincerity in failing to carry out their pre-election pledges and their general unsatisfactory methods in dealing with the public affairs of the Province.

Resolved, that we, the Liberals of Wentworth, in convention assembled, desire to and do hereby express our disapproval of the method of the irregularities of the Government in power, their insincerity in failing to carry out their pre-election pledges and their general unsatisfactory methods in dealing with the public affairs of the Province. "In the Liberal reign of eleven years of power, what has been the record of the development of the country? Compare it with the eleven years spent by the Government that preceded it. In those first eleven years trade and commerce increased fifty million dollars. That was progress, but not such progress as you should have from a country like Canada. At the end of the last eleven years the increase was \$350,000,000, seven times as much. Why should any one desire to put those gentlemen back in power? They will tell you that it is the old National Policy. Surely if they worked it for eleven years, with the result of a \$50,000,000 increase, and the present Government has given \$350,000,000, it should be left there to work it. But it is not the old National Policy. It is a new policy, the result of the convention at Ottawa in 1893."

The speaker asked the audience to judge from the revenue derived whether it was the old National Policy. He referred to the protective tariff and the trade policy of the Liberal Government. Under the Conservative imports totalled \$111,000,000 in eleven years; under the Liberals \$300,000,000. He quoted statistics showing a reduction of fourteen per cent. from the taxes collected by the Conservatives in 1896, and yet the Liberal Government showed three times the revenue under a lower rate of taxation. Dealing with revenue from the Post Office, he pointed out that under the Conservative rule it was about \$3,000,000, while under the present regime it was \$6,000,000, and yet letters that cost three cents were carried for two, and those that cost five cents were carried for three.

"Money has flowed into the treasury as a result of this free trade," he said, "making the country populous and prosperous. We have three-times the revenue coming in that was derived under the old Government, less taxes levied on the people than was taken from them before. It must be quite evident from this that we have pursued a very different policy."

Mr. Patterson made reference to the British preference tariff, which had reduced the burden on the people, leading the mother country, even though no act was passed, to give Canada a preference on the home market.

Sealey on First Ballot.
At this point it was announced that the scrutineers had finished their work. "We find that Mr. Sealey has a majority," said Mr. Daniel Reed.
There was a wild outburst of enthusiasm at the announcement, and the delegates with one voice cheered the candidate.

Mr. Thompson, the member for the north, was one of the first to congratulate Mr. Sealey. "I wish to heartily congratulate Mr. Sealey on being the choice of this convention," he said, "and I move that we make the nomination unanimous. Let us now go into it heartily, to elect him, and put him in the House as our next representative, as we can do."

Mr. Sealey briefly thanked the convention for the honor conferred on him and urged the delegates to accord him their best support.
Three hearty cheers were given for the King, for the candidate, Sir Wilfrid Laurier and Hon. Mr. Paterson.

FOUR MEN DROWNED.
They Were Crossing Lake St. Louis in a Storm.
Montreal, Nov. 10.—Word reached the city on Saturday of a drowning accident near Beauharnois, on Lake St. Louis, by which four men lost their lives last Tuesday. During a severe storm three Poles and two French-Canadians tried to cross the lake, but their boat capsized, and the Poles and Mr. Valois, owner of the boat, were drowned. Another occupant, named Perron, was rescued by a fisherman named Fortier.

Valuable Advice to Mothers.
If your child comes in from play coughing or showing evidences of Grippe, Sore Throat, or sickness of any kind, get out your bottle of Nerviline. Rub the chest and neck with Nerviline, and give internal doses of ten drops of Nerviline in sweetened water every two hours. This will prevent any serious trouble. No liniment or pain reliever equals Polvere Nerviline, which has been a great family remedy in Canada for the past fifty years. Try a 25c bottle of Nerviline.

EXPLOSION IN A MINE.
Two Men Seriously Hurt in the Foster at Cobalt.
Cobalt, Nov. 10.—On Friday afternoon a serious accident occurred at the Foster mine, and Simon Guthro and Alex. McKenzie are now lying in the hospital. Guthro will probably lose an arm; McKenzie may lose one eye. The men were cutting a station for the second level at a depth of one hundred and forty feet, and drilled into the cut-off hole, causing the explosion.

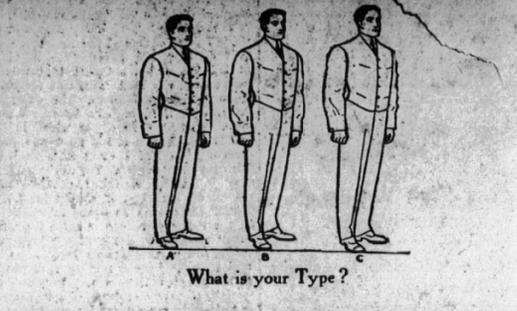

Both McKenzie and Guthro were experienced miners, and Superintendent McKeen is known to be one of the most careful men in camp at all times. This is the first accident he has had at any mine in the camp.

HORSE'S TAIL CUT OFF.
Peter Barker, of Morpeth, Sued William Call and Lost.
Chatham, Nov. 10.—Before Judge Dowlin in Ridgeway, a trial was held between Peter Barker and William Call, both of Morpeth, for \$80 damages, alleging that Call had cut off the tail of plaintiff's horse on the evening of Aug. 3. Plaintiff left his horse standing outside the house while he went in to dress for a ball. Coming down he found the animal minus its tail. The judge non-suited the plaintiff.

Brooks Works at Dunkirk Working Nine Hours Only.
Dunkirk, N. Y., Nov. 8.—Beginning on Monday 2,100 men employed at the Brooks Locomotive Works will be reduced from a ten-hour to a nine-hour day. The works will also close on Saturday afternoons. A notice to this effect was posted by the officials to-day. It is stated that the shortening of hours was caused by a lack of orders. The New York Central Railroad have cancelled an order for 150 engines that were to be built at the local plant. Other railroads are curtailing expenses.

What is your Type?
When it was proposed to unite England and America by steam, a famous lecturer of the Royal Society "proved" that steamers could never cross the Atlantic because they could not carry coal enough to produce steam for the whole voyage.

When it was proposed to build a vessel of iron an equally learned person said "Iron sinks—only wood can float."

When it was proposed to make men's finer clothes and sell them at the trying-on stage there were many who scoffed at the idea. But the will found the way. Semi-ready Tailoring is an admitted achievement of the present century, and the industrial historian must accord it a place in the higher realms of modern Progress.

TIGER CUBS WON EASILY.

Rugby Team From Berlin Defeated by a Score of 55 to 5.

Argos II. Had Cold Feet and Defaulted to the Tiger Seconds at Toronto on Saturday Afternoon—Hamilton Team Was Much Disappointed.

Scoreboard for the first and second quarters of the rugby match between the Tiger Cubs and the Berlin team.

With ideal weather and a good sized crowd—over a thousand, the Tigers III. transformed into their old colors of blue and white.

The teams lined up as follows: St. Jerome College. Y. M. C. A. Full back. Quinn. Half backs. Mayer. Helley. McKenna. Smith. Flahaven. Carey. Quarter. Huver. McKay. Scrimmage. Dolan. Bethune. Wagatha. Farrell. Cook. Wings. Bradley. Glasford. Weber. Wilson. Gallagher. Harper. Kunkle. Clark. Devlin. Sinclair.

The officials were: Referee, W. J. Morrison. Empire, T. N. Hay. Touch line judges, Ballard and Duffy. Goal judges, Murray and Day. Linesmen, Nettleton and Rankin. Penalty time, A. C. Dissette. Timer, C. Kirkpatrick.

First Quarter—The Saints kicked off against the wind, and the kick was returned by Carey. The Saints got the ball, but their man was downed about ten yards. On their first try, they kicked, and Smith returned to the goal, but Quinn returned it, and Bethune was downed at the ten-yard line. It was passed out to Hedley for a drop, and he muffed and Flahaven got the ball. On the first two downs the visitors tried bucking, and discovered one of their faults, as they lost about five yards each buck. The ball was passed out to Flahaven to kick, but the wings broke through and blocked his kick, and the locals got the ball. Smith got the ball and ran around the end, but was downed close to the line. Two bucks were tried with Harper at the head, and the second buck he went over. Carey failed to convert.

Y. M. C. A. 5, St. Jerome 0. The play was in midfield for a while, and the ex-Cubs got the ball. Glassford made an end run for 20 yards. Carey kicked and Quinn returned to the goal, but the Saints' 25. The Saints got the ball on a kick, and Flahaven muffed a pass, and Smith, who was pressed, kicked to Quinn, who was downed. Quinn kicked to Hedley, who muffed, but Carey regained, and kicked it to the dead ball line.

ed down the field till Carey tripped a drop. Mayer got it and forced again to rouge. Y. M. C. A. 8, St. Jerome 0. The Dutchmen bucked up a little, and the ball was carried close to midfield, but Quinn tried to make a run and lost the ball when he was tackled. The locals tried two bucks, and then Carey kicked. The wind carried the ball over the dead ball line.

Y. M. C. A. 9, St. Jerome 0. A few minutes after play was resumed Flahaven tried a kick, which was caught by Carey, who made a beautiful try as the goal for a drop, but succeeded only in sending the ball to the dead ball line.

Y. M. C. A. 10, St. Jerome 0. The Saints regained the ball, and it was passed out to Carey to kick. On the Saints' first down Clark stole the ball a la Dinny McCarthy, and ran almost to the line before he was downed. Rattenbury bucked over on the first down and Carey converted.

Y. M. C. A. 16, St. Jerome 0. On a high bounce, Carey kicked Quinn marked on a high bounce, and was downed hard while unprepared, and went out for a while. The Saints got the ball, and were forced to scrimmage it. The quarter time whistle blew with the score 16-0 in favor of the Y. M. C. A.

Second Quarter—In the second quarter the college boys got the wind, and showed up a little better. Carey kicked, and it was knocked into touch. On an exchange of kicks, Glassford caught the ball and ran to the college twenty, where he dropped it, and Clark came grandly to the rescue and, picking up the ball, scored a try, which Carey converted.

Y. M. C. A. 22, St. Jerome 0. The college opened upon the kicking game then, and Harper tried a return, which was blocked, but he managed to recover. The locals lost the ball, and the Saints tried a buck at the local's ten, and then Quinn kicked over. Smith thought it out, but was downed at his five, the local's foolishly trying to buck out and lost the ball, failing to get their yards. The college went over for a try on the second buck, Reese making the score, but Quinn failed to convert.

Y. M. C. A. 23, St. Jerome 0. Dubis Wilson, of the locals, had his leg twisted in repelling the buck, and was out for a while, but returned to the game. After a few minutes play Wilson tried a run, but his leg was so bad he was forced to retire. Stewart took his place. Smith made a run across the field, but lost the ball when he was tackled. The Saints' catch and made ten yards, but lost the ball on an offside. Flahaven, when the ball was passed to him for a kick, muffed, and Harper breaking through dribbled it to the line. Hedley tried three bucks, and managed to get over on the third. Carey converted.

SATURDAY'S RUGBY RECORD

Table showing rugby records for various teams including Varsity, McGill, and others, with scores and player names.

for, there were a bunch of new faces, there being six men who did not play at Hamilton a week ago. The referee and umpire that had been appointed to look after the game, never showed up, and two men from the Varsity gymnasium had to be secured. They didn't have any work to do, however.

The Argonauts do not seem to realize the fact that they had been already "professionalized" owing to the fact that they have played against teams that the Tigers have played, and while the names of those on the team of the Argonauts must think that the Hamilton Football Club is an organization with a good-sized fortune at its back, so that it doesn't matter about the expense of sending 45 or 50 men around the country, just for the fun of the thing.

MONTREAL'S CHAMPIONSHIP. Montreal, Nov. 11.—Montreal cinched its title to the championship of the Inter-Provincial League by defeating Ottawa on the M. A. A. grounds on Saturday afternoon by a score of 30 to 0.

ST. ANDREW'S COLLEGE WON. Toronto, Nov. 11.—A very interesting match took place in Toronto on Saturday between the Highfield School and St. Andrew's College II. teams, who were well matched except in weight, in which the College had a slight advantage.

CITY LEAGUE GAME. The Grimsby-Winnona team in the City League was to have played the M. C. A. team here on Saturday, but the rival boys defaulted. The Beavers defeated the Westinghouse team by a score of 11 to 7.

Following is the standing of the teams in the league: Y. M. C. A. 3, Alerts 3, Beavers 2, Westinghouse 1, Grimsby 0.

Some Snap Shots at Sport and Sportsmen. Alex. Murray, the Hamilton jockey, has returned from Baltimore, and was at the Hamilton Riding Club races on Saturday afternoon. He looks well after the season's campaign. Murray rides at 107, and on account of his weight his mounts were limited.

Secretary N. H. Crow, of the Canadian Amateur Athletic Union, has issued this announcement: "The attention of Canadian athletes, whether members of bodies affiliated with this union or not, is directed to the following qualification of an amateur, as set forth in the regulations of the British Olympic Council, governing the competitions in the Olympic games of 1908, to be held in London: 'An amateur is one who has never competed for a money prize or monetary consideration, or for any declared wager or stake bet; who has never engaged in, assisted in or taught any athletic exercise as a means of gain, and who has never taken part in any competition with anyone who is not an amateur.'"

Owen Moran, the English bantam, is making a favorable impression at San Francisco. In speaking of Gunner Moir Moran gave the heavyweight a chance against Tommy Burns on what he heard regarding the Canadian. "If Burns has the least sign of a streak in his make-up, Moir will beat him," said Moran.

Tom Flanagan must be seeing things. He told them in Montreal that there were "many thousands of people" at the station here on Wednesday night to give Tom Longboat a send-off. Tom seems to have overlooked the depot master and

the baggage men. He should have said "Many millions."

Some pretty good shooting was done at the Kirk Edward Rifle Club races on Saturday afternoon, at a practice shoot. The best scores were: J. M. Jones 67, Jas. Frechorn 64, C. O. Nichol 64, W. Dewey 63, C. E. English 63, W. E. Glover 63.

PETERBORO BEAT WESTMOUNT.

Peterboro, Nov. 10.—Peterboro had no trouble in winning the O. R. F. U. senior championship from the Westmount team of Montreal in the final game, played here Saturday before the biggest crowd of the season. Peterboro won by 25 to 4, leading all the way.

The teams were as follows: Peterboro (25)—Mulhern, Colledge, Crough, Quinlan, Lundy, Clarke, Deane, O'Brien, Hurlbut, Dickson, Dillon, Fitzgerald, Crowley, O'Connor.

Westmount (4)—Corbett, Ross, Willis, Pennel, Bailie, Sayers, McLeod, Brown, Atkinson, Snowden, O'Loughlin, Steedman, Duckett, Brennan.

VARSITY BEAT QUEEN'S. Toronto, Nov. 11.—Varsity romped away with the Inter-collegiate game with Queen's at the Athletic Field Saturday afternoon before a crowd of over 3,000 people. The Blue and White were in front all the way, and at no time did the visitors appear at all dangerous.

LONGBOAT FINISHED FIRST.

Toronto I. C. A. C. Won the Team Race at Montreal.

George Adams, Hamilton Boy, Ran a Good Race, Finishing Second—Montreal Star's Opposition Race Was a Big Success.

Montreal, Nov. 11.—The greatest athletic event in Montreal's long and glorious athletic history took place on Saturday, and it was witnessed by the greatest crowd that ever was seen on the streets and in the suburbs of Montreal, no matter what the occasion, sporting or otherwise. The streets were jammed, and in spite of the efforts of a hundred police the competitors had to elbow their way through the enthusiastic spectators for nearly a mile from the finish. To this was possibly due the fact that there was but little difference in distance between the first three men at the finish of the long journey. No sprinting could be done at the end, on account of the crowd, and the leading men maintained practically the advantages of distance that they had when entering the press of people. Longboat won the individual honors, but his advantage at the end was not more than about twenty yards over John Tait, the West End Y. M. C. A. boy from Toronto, who ran stride for stride with the Indian all through the severe journey till about two miles from the end, where Longboat opened up a lead which he held to the finish. George Adams, the flying Hamilton Y. M. C. A. man, was third, about the same distance back of Tait, but the quite unusual circumstance developed later that Tait believed Adams had finished ahead of him, and he turned over to Adams the second prize medal, exchanging it for the third, which he retained himself. Tait was mistaken, though his action, being dictated by his own belief that he was not entitled to second prize, is none the less creditable dealing. The contest arose from the fact that while Tait crossed the finish line in the roadway, Adams could not get through, and finished on the sidewalk, the runners being quite out of each other's sight.

The weather was delightful, but the road was very bad from continued rain of the past few days. In places it was almost impassable, and Longboat's time, 1 hour, 26 minutes and 55 seconds, was remarkable over such unfavorable footing. The course was 15 miles, surveyed by the City Engineer of Westmount, who went over it with the competitors yesterday, and saw them cover the course that he had measured. Fifteen teams started, representing the following clubs:

- 1—Tom Longboat, Irish-Canadians, Toronto. 1:26:55
2—George Adams, Hamilton Harriers. 1:27:05
3—Tait, West End Harriers, Toronto. 1:27:15
4—W. B. Goldsboro, Toronto Central Harriers. 1:27:45
5—Lawson, West End Harriers, Toronto. 1:27:50
6—Homer, Halifax Harriers. 1:27:55
7—Hilton Green, Irish-Canadians, Toronto. 1:27:58
8—John Caffery, Hamilton Harriers. 1:27:59
9—Wolfe, Halifax Harriers. 1:28:15
10—Sellers, West End Harriers, Toronto. 1:28:50
11—George Goulding, Toronto Central Harriers. 1:28:55
12—F. E. Baker, Westmount Harriers. 1:29:30
13—Dennohen, Halifax Harriers. 1:29:45
14—Faulkner, Halifax Harriers. 1:30:15
15—P. C. Sollen, Irish-Canadians, Toronto. 1:40:25
16—W. J. Cummings, I. C. A. C., Toronto. 1:50:55
17—Downey, Halifax Harriers. 1:51:03
18—E. S. Price, Gordon Harriers. 1:52:01
19—Rowe, West End Harriers, Toronto. 1:54:00
20—E. H. Martin, Gordon Harriers. 1:56:30
21—P. W. MacKinnon, Stanley Harriers, Montreal. 1:58:00
22—Donald McCusig, Hamilton Harriers. 1:59:00
23—R. J. MacKinnon, Stanley Harriers, Montreal. 2:10:00
24—Wm. Stenhouse, Westmount Harriers. 2:10:30

West End Y. M. C. A., of Toronto, won the trophy with 36 points. Irish-Canadians second with 34 points. The Halifax Harriers, who had a long and tiring journey from Nova Scotia, and who made such a gallant show, were awarded the special prize. The Gordon Harriers, of Montreal, won the prize for the local championship with a score of 94 points, Stanley's coming next. The supposed best runner of the Gordons did not finish. This was Abbie Woods, winner of the Herald's Thanksgiving Day race around the mountain. He found yesterday's journey too long, and gave up after going well for over twelve miles. J. G. Merrick, Toronto, was referee.

The event had the sanction and support of the Canadian Amateur Athletic Union, which resulted in its being the most important and most representative road race of the year. The jurisdiction and control the C. A. A. U. have over athletic affairs received a splendid demonstration in yesterday's event, which was not possible without the support of the amateur governing body. The runners were teams, not individuals, and they represented points as widely separated as Halifax and Hamilton. The generous co-operation of the Montreal Star provided beautiful trophies for the competing teams and individuals, which were presented last night in the Windsor Hotel rotunda. Hugh Graham, proprietor of the Star, also wrote to the winner in the following terms:

"Dear Sir.—The world admires your pluck. Canadians are proud of what you have done in the field of sport. With Canada's hopes of glory in the athletic field of the future, you have responsibilities. Your own victories may gratify your personal ambition, but that should not be the end of it. Your country can be not a little served by a continued example of clean sport.

"Most athletes of fame are exposed to extraordinary temptations at the hands of friends and pretended friends. Remember, too, there are always lots of people jealous of a winner. Enemies will ever be on the watch to trap you into doing something wrong. An athlete cannot do his best unless he is temperate and honest.

"When you are tempted, think of Canada. You have been instrumental in bringing her fame. Don't be misled, or she will lose it. Aim high, and then you will do the best that is in you."

"If, at the end of five years, you are still in the athletic field, and it can be truthfully said of you that you have resisted temptation, kept moderate, and cleaned yourself always on the side of clean sport, I shall be most pleased to hand you a cheque for two thousand dollars." He added that should Longboat be selected for the Olympic games in England next year, the Star would, if he chose, meet the expense.

Tom sent the following reply to Mr. Graham's letter: "You are very kind to know how you feel; you want Canada's name kept good. I feel the same. I will do my best. Five years from to-day I will send you a little bill for two thousand dollars, and will buy a nice little wigwag for my best girl."

COLEY WAS BEATEN. Toronto, Nov. 11.—Upsets in the calculations of the so-called "wise ones" featured the long and interesting programme of the Garrison Athletic Association open meet Saturday night. Wilson, the Peterboro five-mile Canadian champion, and winner of the Hamilton Herald race on Thanksgiving Day, Coley claimed that Wilson cut him off by running out into the centre of the track after turning into the straight, but the protest was not entertained. The time by miles was 5:14, 11:06 2-5, 16:30, 22:24 2-5 and 27:19.

GOOD THING SECOND. Big Coup With Herman Johnson Failed. Baltimore, Nov. 10.—The Maryland Jockey Club's autumn meeting came to a close Saturday, with a bumper crowd in attendance, and the best racing card ever offered at Pimlico. A Canadian coup was planned with Herman Johnson in the second race. This horse is owned by A. W. Maybue, of Toronto, and the contingent from that city carried him down to 2 to 1, and the winner turned up in Hancock, a 20 to 1 shot, with the second being Duncanson.

Jockey Duncanson was tin-canned from Pimlico last week. His riding did not please the stewards. He had the same experience at Hamilton this fall.

SADDLE AND SULKY. London, Nov. 10.—Hon. Adam Beck met with a slight accident while following the hounds at the weekly run of the London Hunt. While being carried at a gallop through a strip of woods the hon. gentleman's face came in contact with the lower branches of a tree, and some painful abrasions were made.

Information has been received by the Marine and Fisheries Department that the lighthouse at Port Neuf (En Bas) was completely destroyed by the recent storm.
