THE CIVIC ACCOUNTS.

From all the evidence now before us, the civic accounts presented to the Council, at the meeting, on Monday night, make a good showing. When they have been balanced, it is stated by the council, a sum double that of the previous year has been received. In view of the small amount of money available for the year past, this is a creditable result.

The total amount of receipts for 1881 was \$16,184.25 Total amount of expenditure do \$15,877.67

Balanced amount due Bank do \$79.59 Delinquent balance due Bank do \$100.74

Amount on credit of city do \$100.25

Further, the Mayor said: "By referring to the last account you will see that the receipts for the year 1882 are in excess of expenditure by \$1,257.76, which is added to the accumulated sum of \$1,001, \$1,005.19, making a total to the city for the year of \$21,200.45, and debiting the usual accounts for \$1,001, \$1,002.30, there is a balance of \$1,200.45, and during fifteen months there is an amount of P. E. Island Electric Company amounting to \$10,375, there is a balance of \$703.05 in favor of the city at the year's termination, and is placed to the credit of capital account."

Meeting in Richmond.

Arrived from Richmond County, Quebec, where an election for the House of Commons was held on Monday last, that Mr. Bruneau, the Grit candidate, has been elected by a small majority of a hundred and twenty-four votes. This constituency for which Mr. Bruneau, a lawyer, was elected in March last, and the vacancy was caused by his giving up this and voting to sit for the other constituency.

Granting the influence that was brought to bear on the electors, the Government will be very hopeful of carrying the seat. The Richmond County Company of which Mr. Thomas McGeivrey is president has a great influence in the county, and the Grit leaders enlisted the active support of Mr. McGeivrey and his friends, on the ground that the Government had dealt altogether so leniently with him and his fellow countrymen.

It will be remembered that the steamer Admiral which was sold by the Government was supposed to belong to this company. It was sold by the Government to the property of Thomas McGeivrey; who when this was discovered the subsidy was withdrawn; McGeivrey was expelled from Parliament, and is now protested in the Ontario Courts by the Department of Justice. All these matters were made to do duty against the Government candidate.

This furnished strong evidence of the methods of Grit political warfare. They have been howling through their journals that the Government is dealing too leniently with McGeivrey and his fellow-countrymen; but for the purpose of gaining an election they take these spoliations to their house and tell them to vote so severely dealt with. As a matter of fact these jokers have held up to the electors of Richmond all martyrs who have been persecuted by the Government. It will now be seen who are the hoodlums and the friends of the hoodlums. They are all opposed to the Government.

THE PROVINCIAL CENSUS.

SPORTING NOTES.

Mr. Duncan's College is now in the telephone circuit.
The South breakwater suffered considerably from the heavy southeast wind a fortnight ago.

The steamer Carroll has been re-opened and refitted. The work was done in the dry dock at Halifax.

Two of the Hillsborough B. C. four-guns crews had a spin on the river Sunday afternoon.

Yellow fever is said to prevail among the soldiers of the West Riding regiment, stationed at Kingston, Jamaica.

There are 7,500 names on the voters' lists of King's County, an increase of 500 over the revision of 1889.

The lecture on "Sir Thomas More" will be delivered at Kinkora on Tuesday evening next, the 19th inst.

Bosier McGeown, formerly of the Montreal Herald, has assumed the managing editorship of the Halifax Chronicle.

The first instalment of our new story appears in this issue. Those not receiving the Herald should subscribe now so as to have the whole story.

Fishermen are catching codfish off the eastern coast of the Island, and mackerel were washed ashore near Red Point, during the heavy winds recently.

Mr. J. Heber Haslam has been appointed to the charge of an emigration propaganda for the Maritime Provinces, by the C. P. R. The head office will be at Halifax.

At Amherst, Thursday, John McKenna alias McElhinney, was sentenced to five years in the penitentiary; three for horse stealing and two for stealing jewelry.

The Northumberland and Stanley left Pictou together Friday, and the former arrived here about a mile ahead of her adversary. The trip was made in three hours 10 minutes.

The schooner Lady Franklin, Capt. Rhude, arrived here from Halifax via Georgetown, Monday forenoon. She brought a general cargo for her owners, Messrs. McLean Bros., North Wilts.

Our subscribers at New Port, Summerside, Victoria Cross, Montague Bridge, St. Mary's Road, Sturgard and vicinity, will be called upon in a few days. We trust they will be so kind as to settle with our representative without unnecessary delay.

Mr. Grady, Station Master at Summerside is the inventor of a very ingenious device for use in his office. It is neatly constructed and does not occupy much room, and the wire connecting with the telegraphic instrument are so arranged as to be quite invisible.

Mrs. Elizabeth Mangin, an inmate of the Government Poor House, died there Friday at the advanced age of 119 years. The deceased was born in Killenny, Ireland, in 1773, emigrating to St. John's, N. B., in 1821, and thence to this city. Mrs. Mangin had been an inveterate smoker for the past 60 years.

The assized Concert at Vernon River, by the members of St. Dunstan's Choir, announced for the 28th of January, is, on account of the unusual weather and the bad condition of the roads, postponed till about the middle of February. Due notice of the date of the concert will be given hereafter.

A Courier correspondent whose communication was received too late for last issue, informs us, among other things, that shipping still continues there. Among the vessels recently loaded were the schooners, Nutwood, Capt. Lord, for Halifax; with oats; Maggie Alice, Lunenburg; Brother and Sister, Tierney; St. Thomas, Cheverie; all for Pictou with oats.

As an instance of the great danger of allowing a policy of insurance to expire before securing a renewal receipt, it may be said that the property of the Meteghan river lumber company, burned at Weymouth, N. S., recently, was insured for \$1,000 up to 12 o'clock, January 1st, 1892, and was consumed by the fire which broke out only four hours after the policy had expired.

A horse jockey in Aristoock county, Me., repented of his sharp practices joined the church, and announced that he had taken unfair advantage of any one in a horse trade he would be glad to square things by paying the difference in cash. It was scarcely daylight next morning when the jockey, who considered that he had been "goosed" in a swap with the newly converted jockey, made his appearance at the latter's door, remarking that he "came early to avoid the rush." The jockey finally settled the score.

THE WEEK'S DIARY.

Hugh J. McMurtry, the St. John writer, has gone to Minneapolis, where he expects to visit Lehr, of that city, a series of races.

The Ottawa Hockey team played the Montreal, the champions, in Montreal, Friday night. The Ottawas won by 4 goals to 3.

The International baseball, at Toronto, was won by the Guelphs, by 12 shots, the score being 525 to 416. Twenty runs a side played.

Torner is out with a challenge to either Hamer or Gandler, to race three or four miles, for \$1,000 a side, on any fair c.v.e. in America, the race to take place the latter part of May or June.

The tour of the Canadian-American Association Footballers through Great Britain was suspended, and the matches were played, of which 13 were won, 32 lost and 13 drawn. The tour was a long one, the first match being played on Aug. 22, '91 and the last on Jan. 4, '92.

The eight-oared shell in which Harvard rowed to victory over Yale in 1891 passed 250 miles, all ready for racing, from Boston to Liverpool, the lightest on record. The boat of 1892 is to be 20 pounds lighter. Davy, of Cambridge, Mass., the builder, thinks the construction of eight oar shells is in its infancy, and that with aluminum as a material marked improvements will be made.

AQUATIC.

Something unprecedented in the annals of our city was witnessed yesterday, the 12th day of January 1892. The event was none other than a miniature regatta on our Harbour. The first race was a boat race. An October temperature, water as smooth as on a calm summer's day, with a September sun shedding the rays of his noonday heat on the pleasant bay for cameras and spectators. The course was about two miles long, with a turn, and extended in a westerly direction from Pictou's Yacht Club, entered two crews, and the Hillsborough Rowing Club. One. Following were the crews:

S. H. D. C.

H. B. C.

T. Ronanah, a.m.

M. Hogan, a.m.

J. L. O'Brien, f. m.

A. Malone, b.

All got away well together, but gradually No. 1 crew of the S. E. Club began to forge ahead leaving the other two bunches together. The turning point was reached when No. 1 crew turned back to the start about the same time. On the second start No. 1 crew continued to widen the gap between them and their pursuers. At the finish No. 1 crew was winner by about four lengths. It was a tight pull for second place between the two remaining crews, but the representations were that the S. E. Club had the best and three quarters. The winners pulled a beautiful race and seemed as fresh at the finish as when they started.

MERCIER DOOMED.

Ex-Mayor Gruner, the foremost French Liberal in Montreal, has abandoned Mercier, and L. O. David, ex-M. P. for the riding, has joined the ex-winner. Senator Armand and Bellone have returned to the conservative ranks, and a large number of Dubroff's supporters have joined La Patrie.

La Patrie, which stuck to Mercier until the Langlois and Valliere scandals were exposed, is changing its position, and it is believed he will be a Mercier candidate in St. Louis ward.

A Quebec despatch says that in a few days a document will be made public giving the name of the man to whom the Act of Grace goes to. It appears that the ex-premier wrote a letter to his colleague, Hon. George Duhamel, asking the latter to confer an audience with him in order to ascertain a certain gentleman's position.

Certain tall tales documents accompanied the Act of Grace to destroy them. The latter, which was signed "H. M." will be photographed, and the result of the late government's action will be known.

It is believed that the bill will be introduced into the Senate by Mr. Stanford, whose effects had been levied by Bishop to pay a Scott's Act fine, has been arrested charged with the deed.

The correspondent who accompanied the English official returns for 1891 states that 57,571 English, 15,457 Scotch and 53,288 Irish emigrated to the United States, and 17,021 English, 2,373 Scotch and 22,442 Irish, 13,961 Scotch and 19,303 English, 2,421 Scotch and 1,704 Irish to Canada. The total number of persons emigrating to all parts of the world in 1891 was 215,263, compared with 218,116 in 1890.

The latest reports from the Rio Grande frontier indicate that many Indians from the United States are moving toward Mexico.

They are all thought to have one objective point where they hope to go and join forces with the Indians in the south.

It is believed that the Indians are anxious to be made.

The main army of revolutionaries is said to be within a day's march of the border and will be marching them.

A large hole was made in Handly Bishop, 10 miles from Bear River, N. S., was burned early Friday morning.

Eight head of cattle, two horses, a hog and a number of household goods were taken out of the house.

It is supposed to be the work of a band of Indians.
