SINGLE COPIES FIVE CENTS

BUSY WEEK IN ST. JAMES CHURCH

Major Bridge Gives Inspiring Talk to Tuxis Boys—Presentation to G. H. Warey—Bible Class Social.

Last week was a busy one in St. James' Church social circles.

On Tuesday evening all the young people's organizations held meetings. At the Tuxis Boys' meeting a particularly inspiring talk was given on "Armistice" by Major Bridge. Another feature of this meeting was the presentation to Mr. G. H. Warey of two Tuxis books to serve as a reminiscence of his connection with the Upstreamers Square during his bridgeman days. Mr. Warey left yesterday for Newton, Mass., where Dr. Warey is to practice her profession in the future.

On Wednesday evening the Bible Class held the first of the series of social gatherings usual to the winter season under their auspices. Thanks to friends, old and new, the committee had got together an unusually good programme (of which we give the items below) and a very delightful evening was spent, the serving of refreshments and singing the National Anthem bringing the proceedings to a close at 10 o'clock.

PROGRAMME:
Piano Duett—Misses Ina and Mary Orlando.
Song—"The Old Fashioned House in an Old Fashioned Town"
Miss Price.Violin Solo—Mr. J. Donat.
Song—"Sweetheart", Mrs. Ruggles.
Pianoforte Solo—Miss E. Daniels.
Song—"In Flanders Fields".

Rev. E. Underwood.
Recitation—"A Girl's Diary", Misses Ina and Mary Orlando, Messinger, Brooks, Dodge, Walker.
Song—"Little Child a Cryin'", Miss Price.
Violin Solo—Mr. J. Donat.
Song—"The Spinning Wheel", Mrs. Ruggles.
Song—"The Road That Leads to You", Rev. E. Underwood.
Accompanists, Mrs. J. H. Chadwick, Miss E. Daniels and Mr. G. H. Warey.
On Thursday there was the entertainment at the Recreation Hall of which we give a report in another column.

CHILDREN'S AID WORK ADDRESS

Rev. A. J. Prosser speaks effectively on the subject at Lawrence town.

A very interesting and profitable meeting was held in the Baptist Church, Lawrence town, on Friday evening, Nov. 16th, in the interest of the Annapolis County Children's Aid Society. Rev. A. J. Prosser, of Bridgetown, agent for the Society in this County, delivered a stirring address on the nature, needs and rewards of the work of caring for and uplifting the needy and unprotected children of the county, and cited several cases where children of this class had been taken under the wing of the Society, had been placed in comfortable homes and helpful surroundings where they had an opportunity for all round, proper development. That the work was paying, if not in dollars and cents, at least in the moral and educational betterment of the children concerned was beyond ques-

OBITUARY

Mr. Louis Bath.

The sad intelligence was received on Monday morning by Mr. John Bath that his brother, Mr. Louis Bath, had passed away at his home in Portland, Oregon, after a brief illness, during which a heavy cold had developed into pneumonia.

The deceased leaves to mourn their loss, wife and one daughter, Lucilla. Of the four brothers in the family, John is the only surviving member, the others, William, Howard, predeceasing Louis by some years. The sisters are: Mrs. John Murdoch, of Portland, Oregon; Mrs. Miles McMillan, of Annapolis; Mrs. J. W. Beckwith, another sister deceased some three years ago.

The late Mr. Bath was, at the time of his decease, about fifty-seven years of age. He left here about twenty-four years ago, working first at his business as a printer in Boston, after spending some ten years there he went to Portland where he held a good position. His first experiences in the printing line were in The Monitor office and here he worked till leaving for the U. S. He was a good workman and generally esteemed by all who had the pleasure of his acquaintance.

CONCERT AT THE RECREATION HALL

St. James' Church Puts on a Splendid Entertainment—First in Winter Series in County Institutions.

The first of the season's series of concerts put on for the patients and inmates of the County Institutions took place on Thursday evening last with a capacity house in the Recreation Hall. The programme, a very nice and varied one, was arranged by Miss Ethel Daniels and gave a high degree of pleasure to all present and was the special contribution of St. James' Anglican Church, the providers first of what promises to be a most entertaining series.

The Bridgetown Orchestra was present and enhanced the pleasure of the occasion.

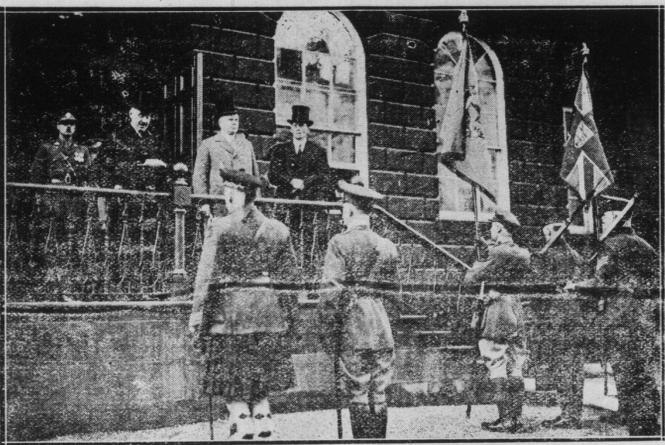

The Bridgetown Quartette, Messrs. C. E. and George Wheeler, A. C. Charlton and Rev. J. H. Fraestone, appeared in four selections: "The Cobbler and the Crow", "The Old Place", "The Blue Man's Song", "Tis Growing Late." These made a big hit. Mr. P. E. Donat gave a number of appreciated solos, including Kipling's famous song "On the Road to Mandalay", "Bon Jour Ma Belle", and "Marie My Girl".

Mr. Kenneth Leslie, always a great favorite with local audiences, gave as a solo, "A Brown Bird Singing", and also two violin solos.

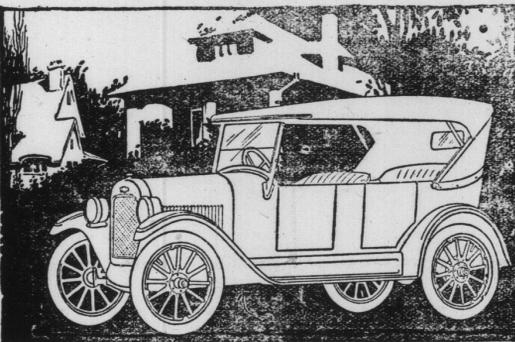

Rev. E. Underwood rendered very nicely two songs "The Quaker" and "The Ocean's Bride". A very pretty feature splendidly rendered was a pianoforte solo by Miss Ethel Daniels. Mrs. Harry Ruggles delighted the audience by her rendition of the beautiful songs "Spring Fancy" and "June is My Heart".

Miss Deerness sang sweetly, "Philosophy" and "The Lilac Tree", accompanied for the evening by Mrs. J. H. Chadwick, Mrs. Kenneth Leslie and Miss Ethel Daniels. The programme was well carried through nicely balanced and varied to suit all tastes.

Rev. E. Underwood presided and made suitable remarks briefly at the close, as did also Mr. A. F. Hiltz, Supt. of the County Hospital. The latter made a great hit with a personal reminiscence joke in which the tender passion figured. This was perpetrated subconsciously which added to its effectiveness. We won't tell any more this time, but it was all right. The Monitor received some bouquets for the consistent press support and interest its various managements had always manifested in the institutions which are a decided credit to the Municipality of Annapolis.

Left to Right:—Hon. E. H. Armstrong, Hon. D. A. Cameron, Hon. J. A. MacDonald.

The World's Lowest Priced Quality Car

THE selling price of any automobile is based on the cost of material, production, distribution and overhead. Large volume of sales greatly reduces all these costs.

Chevrolet has so correctly gauged the present demand for a quality automobile providing transportation at the most economical cost, that its volume of sales has increased tremendously. It now occupies first place in the sale of fully-equipped quality automobiles.

Therefore, it is possible for Chevrolet to establish the lowest price in the world for a quality automobile. Chevrolet is not merely the lowest-priced quality car, but it is lowest of any car in cost of operation.

See the new SUPERIOR models in our showrooms and compare them with any other car. Comparisons sell Chevrolet.

190 Varieties

You can commence to-day and eat a new kind daily for six months without exhausting the list of centres in Moir's Chocolates. And by that time there will be lots of new friends to meet, as well as old favorites to recall!

A medal awarded at the World's Fair in Dublin, two years before Confederation, is one of the interesting trophies treasured by Moir's.

Now as then—only more so! The man who comes late can always square himself by saying he was looking around for a drug store in order to bring home a package of Moir's.

Minard's Liniment for Dandruff.

DR. HAZEL THOMPSON TAKES UP PRACTICE OF DENTISTRY HERE

Dr. Hazel Thompson, of Halifax, who has been practicing her profession at New Germany for several months back has taken over the extensive practice developed by Dr. N. R. Warey during the past two and a half years. Dr. Thompson, in addition to her degree of D.D.S., holds also the D.D.C., which entitles her to practice anywhere in the Dominion of Canada, barring the Province of Quebec. She enjoyed an excellent practice at New Germany and comes well equipped to the work here. She is giving special attention to children's work and pyorrhea cases.

WIDOW OF BAPTIST PASTOR DEAD

Mrs. Jean B. Slocum Was Native of Illinois, Graduate of Knox College and Had Lived in Winchester.

Mrs. Jean Bergland Slocum, widow of Rev. Joel Byron Slocum, D.D., died suddenly at her home in Winchester last night. Mrs. Slocum was born in Galesburg, Ill., Oct. 18th, 1865. She was graduated from Knox College in 1884, and later from the Boston School of Oratory and the Chicago School of Oratory. She then became secretary to Rev. George C. Lorimer, D.D., former pastor of Tremont Temple.

In 1893 Mrs. Slocum married Joel Byron Slocum who was graduated from Colby College, and Newton Theological Institution in 1897. Dr. Slocum was ordained by Dr. Lorimer, and was pastor of the Central Baptist Church of Norwich, Conn., Greenwood Baptist Church, Brooklyn, N. Y., Warburton Avenue Baptist Church of Yonkers, N. Y., First Baptist Church of Dayton, Ohio, and also had charges in Laconia and Concord, N. H.

Mrs. Slocum is survived by two sons, Lorimer B. Slocum, of Winchester, and Jameson S. Slocum, of Philadelphia.—Boston Transcript.

The deceased is a sister-in-law of Major Slocum, and aunt of Mrs. Herbert Hicks, of this town.

SOCIETIES ACTIVE AT PARADISE

Literary Society Plan Work for Winter—Ladies Aid Meet—L. O. L. Public Meeting.

We have good news at last. Better late than never; Electric lights are coming fast, regardless of the weather.

Mr. and Mrs. Seymore Ritcey and family have lately moved into their fine new home. Mr. Ritcey is among our most successful farmers. Besides apples and general crop he harvested two thousand bushels of roots this fall.

The Paradise Literary Society organized in 1892 met Monday evening Nov. 12th for its annual business meeting. Officers were elected and committees appointed to arrange for the coming winter's program. This will make the 31st consecutive year that this society has enjoyed of literary and social activity.

A number of the ladies of the Church Aid Society met at the parsonage Thursday afternoon and Friday evening to sew for the Christmas sale.

The Christmas Church Aid Sale will be held on the afternoon and evening of Dec. 10th.

Capt. and Mrs. Conrad and son have been visiting at the home of Mr. and Mrs. Ralph Williams. They will soon be leaving Nova Scotia for Boston and Florida where they will spend the winter.

Mrs. Fay Hill, on her way to Boston, is visiting at the home of her brother, Mr. Reginald Mason.

Mr. and Mrs. Floyd Banks motored to Paradise Nov. 18th spending the day with Mr. and Mrs. Nathan Banks. Mrs. Kenneth Brooks left for Boston Nov. 18th to visit relatives for a few weeks.

Mr. and Mrs. Frank Balcom and family, also Mr. Fred Balcom, motored to Truro for the Thanksgiving holiday.

There will be a public meeting of the L.O.L. in Longley's Hall Monday evening, Nov. 26th. Special addresses will be given by Rev. D. W. Dixon of Port Lorne and Rev. A. J. Prosser of Bridgetown. Music will be furnished by local talent. Everybody welcome.

A quilting party will be held Thursday afternoon in Longley's Hall Nov. 22nd. A large gathering is desired. If stormy the ladies will meet the following day.

Rev. W. Steadman Smith preached at Centrelea Sunday afternoon, exchanging pulpits with Rev. A. J. Prosser.

Mr. and Mrs. Reginald Mason motored to Springfield Nov. 18th to spend the day with friends.

The young people enjoyed a party in Longley's Hall on the evening of Nov. 16th.

D. A. R. TRAINS NOS. 96 AND 97.

Announcement is made that trains 96 and 97 running between Kentville and Annapolis, commonly known as the "Owl" train, will be discontinued after November 30th, 1923. Reduction of train service is said to be inevitable following the continued loss in the operation of these trains.

NOTES AND NEWS OF LAWRENCETOWN

Special Services in Methodist Church—Elm House Popular Hostel.—Personal Notes.

Lawrencetown.—Mr. T. G. Bishop spent a day in Wolfville attending to important business interests.

Mr. Balcom, New Glasgow, was a guest at the home of his sister, Mrs. Forman Bishop.

Mr. and Mrs. Leslie Beals have had a very pleasant journey round the South Shore line, meeting friends and relatives in many places. "Henry Ford" conveyed them over roads, good, bad, indifferent, safely. "Henry" never lost his breath or his temper during the many miles over the country. All honor "Henry".

Mrs. Wheelock has returned to her home from Wolfville.

Miss Lewis, Miss Denton and Mrs. Corkum spent Thanksgiving day out of town. All are now at their posts doing splendid work in their various departments.

Mr. Winslow, an enterprising young American, has purchased a new motor truck. We wish him success in his business.

Mrs. Horace Reid was in town on Sunday. Mrs. Reid is in Middleton for the winter.

Mrs. J. Primrose has been a visitor at the home of Mrs. (Dr.) Primrose. Mrs. J. B. Hall has recovered from severe cold and is now as usual helping in all good work for church and town.

Sunday, the 11th, a fine service was held in the Methodist Church. Flags were used as decorations, beautiful flowers gave an added touch to the pretty pulpit and platform. Miss Palfrey, Miss Porter and Miss Neal worked at the decoration with praiseworthy industry. Mrs. Aubrey Whitman, a lovely bride, sang very sweetly. This lady will be a great help in musical circles.

Wednesday evening the Methodist Women's F. M. S. met at the mission house. A good number attended. Plans were made for advance in Mission work, Home and Foreign.

After the M. S. had been dismissed the worthy ladies went right on with the Sewing Circle.

"The Live Wires" are at business, sewing for a grand sale at the Christmas time.

The Methodist Mission Band is doing well. A good number of the officers of this Band are alive and full of zeal. John Shaffner, Jr., Miss J. Shaffner, Miss Jennie Whitman and Miss Graham are the leaders.

Friends will be glad to hear that Mrs. Toole, who was badly hurt in an auto accident on her return home, is now quite well, and is busy in home and church work. This lady is a sister of Mrs. E. Shaffner.

It is reported that 350 tickets were sold at the "Swiss Musical Concert. The hall was more than filled.

We hear that the popular "Elm House" will be enlarged in order to meet the increasing number of guests who wish to enjoy the comfort and care that guests obtain at this favorite hotel.

A number of our citizens are going to the South for the winter. Carpenters and masons are busy at this time.

Mrs. N. Freeman had a happy home gathering on Thanksgiving day. Mrs. Freeman is now visiting her son in Windsor.

The "At Home" of Mrs. A. Whitman has been the centre of interest this week, especially to the ladies, though some of the gentlemen just longed to be there.

Mrs. A. Whitman, a charming young lady, was assisted at the reception by Mrs. H. H. Whitman. Both ladies were attired in exquisite costumes. Beautiful gifts, sparkling glass, glittering silver, rare china, and linen, all attested the great popularity of the happy couple.

Do not forget about "The Esther Cantata."

CAR DESTROYED; OCCUPANT ESCAPED

Sheet Harbor.—Louis Jackson, of Spry Harbor, lost his automobile at Little River bridge, on the Musgrave road last week. While driving along alone in his car, the wheel struck a rock, which threw the car off the road and over the bank, flames immediately shot into the air and destroyed the car, which is a total wreck. Mr. Jackson escaped with a few scratches on his face.

WEDNESDAY, NOV. 21st, 1923

NEW ENGLAND'S GRAVE PROBLEM

Improved farm lands in New England have decreased from 1880 to 1920 from over thirteen million acres to just over six millions—a drop of some 50 per cent. Due to the fact that the number of its food consumers have nearly doubled while its home food resources were so largely falling off, the food of New England wage earners costs them 25 to 40 per cent. more than that of the wage earners of the south and west. The skyrocketing of food prices within the last few years has resulted in a food cost difference between New England and the sections covered by the States named that amounts to \$3 a week for each employee. This \$3 has to be added to the Massachusetts employer's payroll. A New England manufacturer with 1,000 employees must therefore pay \$150,000 a year more in wages than his western and southern competitors pay if equal standards of living are maintained. "Under these conditions," says a New York exchange, "how does New England hold her industrial prominence? The answer is that she is not holding it. In cotton manufacturing she has been steadily losing ground for years. The cotton factories have gone to the cotton fields.

But that is not the only industry in which New England has been falling back. While New England gained 154 per cent. in the production of automobile tires between 1910 and 1920, the west gained 1,990 per cent. While Massachusetts gained 4 per cent. in furniture manufacture between 1890 and 1914, Michigan gained 168 per cent. Even in shoe manufacture, in which Massachusetts so long was first, Lynn, Brockton, and Haverhill are being rapidly overhauled by St. Louis, Chicago and Milwaukee. While high cost of food resulting from diminishing agricultural resources, growing population and rising transportation rates is not the sole factor in this New England recession, it is among the most important contributing causes. It is a handicap New England cannot carry and keep up with the procession. The fact is fully recognized in the New England States, and organized efforts to encourage agricultural rehabilitation are being pushed with characteristic New England energy and intelligence. Hard headed Yankees understand that for New England it is back to the farm or to the rear rank in the nation's industries."

DEER KILLED BY STONE AND KNIFE

Brockville, Ont.—Dazzled by the headlights of a motor car, a buck, weighing 135 pounds dressed, was stunned by a stone hurled at its head by Simon Richards, Carleton Place, on the road between Fergus Falls and Lanark and finally despatched by him and his companion, Vincent Stafford, with a jackknife. Richards intended starting upon a hunting trip the following day but abandoned it.

MARITIMES MUST WORK OUT THEIR OWN SALVATION

There is naturally a good deal of discussion in the press of the country and a good deal of criticism over the fact that the Maritime Provinces have gained so slowly in population during the past few decades. The cause has been pretty generally assigned to politicians and their works, and the criticism by the outs of those who are in power is hailed with more or less approval by their followings, no matter which party may happen to hold the reins of power. Fiscal policies, freight rates and many other factors are blamed for the present situation. The freight rate argument is, to our mind, among the weak men of straw which are put up. Railroads must earn expenses and if freight is carried below cost to certain parts of the country the rest of Canada must reach into its jeans and make up the deficit. The real question is, are the people of Canada as a whole paying too high freight rates. The only way to secure any relief in this direction is a reduction of the expenses of railroad operation, which would mean a lowering of wages.

What changes in our fiscal policy as a country would induce greater prosperity in the Maritime Provinces? According to some the panacea lies in the lowering of duties or in a large measure of free trade with the United States. Just here if this is the real solution why cannot Maine, New Hampshire, and Vermont increase in population, and agriculture enjoy greater prosperity, with so large a population of non-producers to sell to. If they cannot overcome their handicaps how is it to be expected that the Maritime Provinces can do so to any very great and general degree if Free Trade with the U. S. came into being?

These Provinces while not forgetting their grievances and disabilities must devise the remedy from within themselves for it is not likely to come to them from outside. Support of their own institutions, more general buying a home coupled with every possible effort on the part of their manufacturers would at least keep money at home, which now disappears forever from local circulations.

ST. CROIX COVE

Mr. Zacheus Hall is spending a week at the home of his son, Inspector B. R. Hall, Parrsboro.

Miss Nora Thurber enjoyed a pleasant trip to St. John during the Thanksgiving holidays.

Mr. Hartley W. Brinton East Clarence, spent the week-end at the home of his parents.

Mrs. Julia Anthony and Mrs. Stephen Neaves, Port Lorne, called on relatives and friends here one day recently. Although Mrs. Anthony has passed her ninetieth birthday, she retains her faculties and is remarkably active.

Little Minnie Poole spent the Thanksgiving holiday at the home of her sister, Mrs. Joseph Phinney, Upper Granville.

DUMPING GERMAN GOODS

The serious problem of competition of goods dumped by countries with depreciated currencies, which is worrying Canadian manufacturers, was given point by the shipments of German goods recently reported at Montreal. American manufacturers have been studying the same question. At the convention of the National Hardware Association in Atlantic City recently further tariff protection was urged against imports of cheap foreign hardware.

Figures submitted at the Atlantic City convention showed a big increase in the volume of these German imports, and it was stated that foreign goods were being laid down in American today cheaper than a year ago. One manufacturer showed samples of a first quality foreign screw driver which could be procured in 4, 5 and 6 inch sizes and laid down, duty paid, in America for \$4.75 per gross. Other prices quoted were \$1.25 per gross for aluminum cutlery, 24c. for coffee grinders, etc.

The reason for the low prices, in the face of a 20 per cent. export duty in country of export, and heavy import duties, was said to be the fact that the workmen in certain European countries were producing for the equivalent of 23 cents a day as much as the average American workman. A significant point about this trade was that buyers were offered twelve month terms on settlement without interest, provided at least half the amount involved was invested in American securities in the name of the foreign concern.

Canadian manufacturers agree with American manufacturers that this competition of foreign goods is a serious matter and urge that effective steps be taken to prevent dumping, which results in cut-throat competition because of the depreciated values of certain European currencies.—Financial Post.

CULTURE

(Winnipeg Tribune.)

Senator Magnus Johnson uttered one of those intriguing half-truths when he said, "You don't need to have any culture; all you've got to get is common horse sense."

But the senator did not say what was the objective for the attainment of which culture was superfluous. We might guess it, however, from his further remarks that though he did not speak good English he had secured several thousand more votes in the senatorial election than had the scholarly Senator Lodge. If, therefore, as he suggests, the summum bonum of existence is to secure election to the United States senate, then possibly Senator Johnson may be right.

But the senator seems to have a mistaken idea of what is meant by the term culture. It by no means involves a knowledge of the artificial rules of grammar or the ability to turn a neat epigram. Neither does it involve of necessity much reading of books. Perhaps, as Anatole France maintains, we are apt to live too much in books and not enough in nature. The close reader of books is apt to become like that simpering, Pity the Younger, who went on studying a Greek author while before his very eyes Vesuvius was overwhelming five cities beneath the ashes.

Sir John Yanbrugh wrote in 1897 that "to mind the inside of a book is to entertain one's self with the forced products of another man's brain. Now, I think a man of quality and breeding may be much amused with the natural sprouts of his own." But, on the other hand, we need not emulate the young man who was so much struck with this bright saying of Sir John's that he left off reading altogether. Reading is a part of the process towards acquiring culture by no means the most important part. Culture may or may not assist one in securing election to the United States senate, or to any other representative gathering for that matter, but it must surely make life very much pleasanter not only to the person that possesses it but also to all those with whom that person is associated. But, of course, culture does not mean what classical snobs of earlier times would like to have us believe it means. It implies rather sufficient knowledge of things past and present to give one mental poise and a generous catholicity of spirit towards all things. This idea can perhaps be best expressed in the words of Mark Anthony uttered at the death of Brutus: "This was the noblest Roman of them all: His life was gentle; and the elements So mix'd in him, that Nature might stand up And say to all the world, 'This was a man!'"

If you owe for The Monitor, send in your subscription debt at once. You yourself will feel better for paying your debts, and we will use it to pay ours, and so keep the money going. This is what makes good business and good times.

IMPOSSIBLE TO GET RELIEF

Until She Started To Take "Fruit-a-lives"

The Medicine Made From Fruit

R.R. No. 1, Everett, Ont.
"I had been troubled for years with Dyspepsia, Liver and Kidney Trouble, and could not get relief until I started taking "Fruit-a-lives". Thanks to their beneficial action, I am in normal health again!"
Mrs. THOMAS EVANS
"Fruit-a-lives" alone can give such happy and successful results because "Fruit-a-lives" is the famous medicine made from fruit juices and tonics. "Fruit-a-lives" is pleasant to take and will always restore the health when taken regularly as directed.
50c. a box, 6 for \$2.50, trial size 25c. At dealers or from Fruit-a-lives Limited, Ottawa, Ont.

BE YOUR OWN FURNACE

In these days of coal reservation, and the quest for coal substitutes, it might be well to think about the days that are gone.

What about ourselves? We have coddled our bodies that the winter folk can wear a light blouse in the middle of the Winter, and the men folk want to be comfortable in their shirt sleeves. Now what is the effect upon that body of yours?

Why, your skin is in a warm relaxed condition all the time, and there is what is known as insensible perspiration, taking place all the time, releasing heat from your body because the pores of your skin are wide open. You can step out the front or back door for a moment, or walk a half block down the street and you undergo a "chill".

Now, what really would be the sensible thing in this matter? That the houses be not heated above 67 or 68 degrees Fahrenheit. That is the ideal temperature at any time. And the big danger from this love of heat is the desire to keep every bit of fresh air from coming into the house.

You enter an over-heated home and the "stiffness" is the first thing that assails you. Everything in the way of patented devices are being used to prevent the cold air, the fresh air, from coming in.

I like to think of everybody as being his own furnace. He takes in food and burns it up by exercising his body, and thus producing the heat to more artificial heat these days because we use motor cars, elevators, street cars and so forth.

So when Winter comes, instead of burning more coal in your furnace burn up more food in your body, by taking more food in your body, by your skin by getting more of the outdoors.

Coal? Coal!

We have a good supply of Soft and Hard Coal on Hand.
New Fall Suitings & Overcoatings Just In.

E. L. FISHER

"DONTS" FOR HOUSEWIVES

Don't put hot water into a cold casserole, or put the dish over a burner unless quite dry outside, and containing food or liquid inside.

Don't allow cheese to get mouldy, but wrap it in cheese-cloth wrung out of vinegar. Keep the cloth moist.

Don't forget to soak new lamp wicks in hot vinegar, and to dip into paraffin when dry, before passing them through the burner.

Don't use a knife to scale fish, but a currycomb, kept for the purpose only.

Don't cover fish when cooking it in fat, as the steam that gathers on the cover causes the fat to cool, and the fish will not be crisp.

Don't throw away old gas mantles, but use them for polishing silver. Apply with a damp cloth as you use powder.

Inflammation

Of muscles, ligaments or joints disappears quickly after a few applications of Minard's.

FISHERMEN'S RACE ENDED UNFORTUNATELY

The comments below from Saturday Night are interesting on the International Schooner Races.

A "boom" followed in the wake of the annual International contests for the Fishermen's Trophy. Every season since the inauguration of these races unpleasant incidents have cropped up which, while they did not entirely spoil the sport, have done little to encourage the idea of perpetuating these annual contests between Canadian and United States fishermen. Whether off Gloucester or Halifax the story has been the same. This year Bluenose, the Canadian fisherman, in two driving races over the forty mile course, won nicely, though in both contests Columbia of Gloucester was beaten by less than three minutes. Then, when everything was over apparently and the Halifax "Herald" trophy safely in the hands of Angus Walters, skipper of the Bluenose, a technical error is discovered. Walters passed a buoy on the land rather than the sea side, a protest was lodged by the chairman of the United States race committee. The International committee allowed the protest (there was nothing else for them to do under the circumstances, though Skipper Walters' error made not one particle of difference in the general result) and the Columbia given the race.

Then it was that Walters declared that he had won the series, and would not race again, and he kept his word; and on the day before the third race was to have been sailed Walters packed his crew on board Bluenose and set sail for Lunenburg, his home port.

As before stated the passing of the buoy on one side or the other (the rule was a new one and no doubt entirely slipped Walters' mind during the race) made no difference in the general result. Such being the case the Columbia people proved themselves poor sports by taking advantage of the technicality. However, as they did seek this advantage there was nothing left for the committee to do but disqualify Bluenose. Then it was that Walters proved himself a poor sport. He should have stuck to it like the doughy skipper he is, in place of putting about and steering for home. There is no question as to the superior sailing qualities of Bluenose as compared with Columbia, and there is also no doubt as to the superiority of the Bluenose skipper and crew when it comes to handling a fisherman's schooner. This was proven in both races sailed.

Taken as a whole international contests have promoted little else than international ill will, and this has proven particularly true in the case of international yacht races. The numerous contests for the possession of the America's Cup are case in point. Those whose recollections go back to the days when Lord Dunsraven endeavored to lift the America's Cup will remember also the bad feeling which was engendered and the disputes which took place. Each side was suspicious of the other and there were charges and counter charges of cheating until real sportsmen began to realize that such contests were a mistake, and the sooner they were called off the better.

In the case under discussion it may be pointed out that the United States challenger might on numerous counts have been disqualified. For instance, Columbia did not live up to the rules regarding measurements, nor was she manned solely by fishermen, as the rules prescribe. But in the interests of sport these regulations were overlooked by the committee with the hope that the events could be pulled off without serious friction. However, as the results indicate they had their trouble for their pains.—Toronto Saturday Night.

TRIBUTE TO CANADA

(By Collyer's News Bureau)
The following tribute to the Dominion of Canada and her people is paid by Mr. Harold E. Foreman, President of The Foreman National Bank, Chicago, in a letter to Bert E. Collyer, Editor of The Referee:—
The Foreman National Bank, Chicago, Ill.

My dear Mr. Collyer:

At a time of great stress, the Dominion of Canada continued to steer her course along lines encouraging the confidence of conservative men of the world over. She has handled her war problems with honor and with wisdom. She has bent to the work of reconstruction with a determination to build solidly from the foundations rather than lighten the burden of the present at the peril of permanency.

In view of this, it is unnecessary to say that her credit with American financiers and bankers is enviable high. Behind her rich resources is the character of an upright people, who discharge their obligations with a faithful fidelity.

The United States is fortunate in the neighborly association to the North that we look forward, pleasantly, to the marvelous development and increased prosperity that we believe, is in store for Canada in the future.
Very truly yours,
(Sgd.) HAROLD E. FOREMAN, President.

NOT ANXIOUS NOW FOR IMMIGRANTS
Ottawa.—Manitoba is not anxious for a great influx of immigrants at this time, R. A. Hoey, M.P., for Springfield, told delegates attending the immigration conference here.

He explained that Winnipeg feared it would be called upon to help unemployed men without financial assistance from federal sources. "There has been a feeling in Winnipeg for some years," said Mr. Hoey, "that the city has been called upon to absorb more of the foreign help reaching the three Western Provinces than was its just share."

KEEPING ALIVE OUR HISTORY

Officers of the Annapolis Royal Historical Society Were Re-elected

—Dr. Hattie's Address.

Annapolis Royal—Over sixty attended the annual business meeting of the Annapolis Royal Historical Association held at the Town Hall, Mrs. J. M. Owen, President, was in the chair, and the first part of the meeting was occupied with correspondence relating to the "Book of Remembrance," which has been widely quoted in connection with various celebrations of Armistice Day.

Dr. W. H. Hattie, of Dalhousie University, Halifax, then gave a very interesting and comprehensive address on the "Care of the Insane in Nova Scotia, from an historical standpoint. He traced their care and housing from 1845, speaking of the misery resulting from these unfortunates living in families, and the unhappy results of marriage among the feeble-minded, and explained how gradually buildings had been erected and provision made for their better comfort and care.

The next regular meeting is planned for February, when, no doubt, the President will continue her usual interesting programme.

J. M. Owen was host at a very enjoyable dinner party on Monday evening, in honor of his seventy-seventh birthday. The guests present were Rev. T. C. Mellor, Drs. Robinson, Braine, Borden and Horsfall, and Messrs. E. W. Robinson, T. M. Duckler, W. Roy Smith and W. A. Livingstone. It has been Mr. Owen's habit for many years to celebrate his birthday by a gathering of friends, and though the guests vary from year to year, there is one who has sat opposite the host for over thirty years—the honored senior physician, Dr. Augustus Robinson.

FOUL PLAY IS FEARED AT YARMOUTH

John Slaven (Colored), Mysteriously Disappeared After Being in a Fight

Yarmouth—The mysterious disappearance of John Slaven, colored, who has not been seen since shortly after eleven o'clock last Tuesday evening, has caused much comment. He left his boarding house about nine o'clock and two hours later he was in a mix-up in a barn on Hawthorne Street owned by Joseph Cribbs. Several men were there and there was some drinking. It has also been learned that Slaven got rather severely manhandled and was knocked down. Afterwards, however, he was known to get up and go over to a water tap and wash the blood from his face which was bleeding. Following that nothing further is known of him.

His boarding house mistress, Mrs. Asa Crawford also colored, was not concerned regarding his not returning as she thought possibly he was out with some of the boys, and sooner or later would come home. Her suspicions, however, were aroused when Cribbs visited her house and asked her if Slaven was home. Following that Mrs. Crawford reported the facts as she knew them to the Chief of Police Bain. The town has been searched from end to end and any likely place that Slaven may have visited has been carefully gone over, but so far there is no trace of the missing man. The search is still going on, but it is feared by many that Slaven has been foully dealt with.

A similar affair occurred in Yarmouth several years ago when the husband of Mrs. Crawford with whom Slaven boarded, one night disappeared, and not a trace of him was afterwards found. Slaven was in the employ of Phillips Bros., stevedores, etc., as a driver. He was, as a general rule, sober and law abiding.

CANADIAN NATIONAL MADE A RECORD

Port Arthur.—The Canadian National Railways came within 23 cars of equalling its record of October 31st in the number of cars of grain handled to the elevator cities of Port Arthur and Fort William. In the twenty-four hour period between Saturday and Sunday midnight. In this period the railway landed 1,512 cars at the head of the lakes and disposed of 974 to elevators. The Canadian National claims the 1923 record for grain handling with 1,535 cars laid down in the 24 hours period ending October 31st. On November 5th the Canadian Pacific reported its best as 1,438.

Recommends Vicks For Baby's Cold

Nova Scotia Mother Swears By Vaporizing Salve.

Some children seem to take one cold after another—never have a chance to build up any strength. This is apt to make them puny and delicate—just sets them back for months. Every day more and more mothers are finding that they can best break up a cold with Vicks VapoRub, the externally applied vaporizing salve. While it acts like a liniment or plaster, it is also inhaled as a vapor, and so gets into the throat and lungs immediately. The cold is often broken up over night.

Vicks is prompt, too, in croup, and equally good for skin hurts and itchings. Mrs. Sherman Black of 3 Silver St., Amherst, Nova Scotia, writes: "I tried Vicks VapoRub on my thirteen-months' old baby, who had bronchitis. It relieved his breathing when he was choked. Vicks was also good for my other little boy who had the croup. I advise anyone who has a cold of any kind to use Vicks. I think it is the very best remedy I have ever tried, and I have tried many, for bronchitis. I even sent to England to get medicine, but none is as satisfactory as Vicks."

At all drug stores 50c. a jar. For a free test size package, write Vicks Chemical Co., 344 St. Paul St., W., Montreal, P. Q.

Though Vicks is new in Canada it has a remarkable sale in the States. Over 17 million jars used yearly.

CO-OPERATION IS NEEDED

(From the London Advertiser)

Those who were certain Britain and United States were going to have trouble over rum shipments are probably mistaken, for these matters have been agreed upon to the mutual satisfaction of the countries concerned. Washington will now have a deputation at Ottawa to discuss ways and means for dealing with smugglers along the boundary. It is not an easy matter, for there is a long boundary, and people have become accustomed to crossing it with little ceremony. It is good business for these two Governments to come together to match wits with the rum runners, for they certainly work hand in glove on both sides of the line.

MARK NOW WORTHLESS

New York.—Between \$500,000,000 and \$750,000,000 has been lost by United States investors through the collapse of the German mark. The New York Tribune stated, British investors lost about \$500,000,000, and other countries a like amount. The newspaper continued, declaring that Germany not only had repudiated its national debt, but had been the gainer to the extent of about \$2,000,000,000. The loss includes the funds of thousands of small investors, it was said, many of them German-Americans, who bought marks at one and two cents each, in the belief that they would recover. It also includes money invested in German bonds, payable in paper money. New York financial houses discontinued quoting marks after the price had dropped into the trillions for a dollar, the view being that the extinction point was reached.

HE HELPED

A London man who watched the world series games says the Yanks and Giants worked like two well-oiled machines. And as he passed thru the gate he helped provide the oil. —(London, Ont., Advertiser.)

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds, was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter." —Mrs. ELMER A. RITCHIE, 82 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, yet cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved these symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many. You might be interested in reading Mrs. Pinkham's Private Text-Book upon the "Ailments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Cobourg, Ontario.

Here and There

The season for moose hunting opened in New Brunswick October 1st, and the chief game warden expects one of the best seasons in the history of the province. Game is reported plentiful in all sections.

The drydock at St. John, New Brunswick, is now an accomplished work. It was opened October 29th. The largest drydock in North America is capable of accommodating the largest ships of the British Navy.

Speaking in London, England, on October 19th, Sir Lester Gouin, Canadian Minister of Justice, stated that Canada's exports per capita were three times more than those of the United States and her imports per capita four times more. The British Empire was Canada's second best customer.

There are more telephones in Canada per 100 population than in any other country except the United States. This is shown in a report in a large consignment of Canadian cattle which reached Cardiff recently. There appeared to be a keen demand for the consignment and 150 head were dispatched to Norfolk farmers by special train.

A dispatch from London states that a number of cattle from the Prince of Wales' ranch was included in a large consignment of Canadian cattle which reached Cardiff recently. There appeared to be a keen demand for the consignment and 150 head were dispatched to Norfolk farmers by special train.

Members of the Breed and Cakes Bakers' Association of Canada, at the closing session of their Toronto convention, pledged subscriptions totalling \$10,000 towards the launching of a permanent institute of baking, in connection with the Ontario Agricultural College, Guelph. It is expected that the school will be opened early in 1924.

Canadian Pacific Railway figures show remarkable increases in the volume of grain for the ten weeks ending preceding and including October 15th this year, as compared with 1922. During the ten days there were loaded for shipment over the whole system a total of 16,195 cars, at the rate of 2,286,000 bushels a day, in comparison with 12,000 cars at 1,738,000 bushels a day last year.

It is expected that by the end of the present month track-laying on the branch of the Canadian Pacific running from Kipawa to the Government dam on the De Quince River, a distance of 69 miles, with a spur from Gaboury to Ville Marie, a distance of 8 miles, will be completed and that by the end of November the whole line will be ready for operation.

A system of education by mail for those who live in remote rural districts out of reach of rural schools is being prepared by Hon. Percival Baker, Minister of Education for Alberta, to go into effect this month. The working plan has already been drawn up to run through the winter to the end of the school year. It is expected that from 20 to 40 lessons will be given in the case of each applicant for the service.

Of 626 girls brought to Saskatchewan from the British Isles from 1920 to June 15, 1923, only six have returned overseas, and of the sum of \$45,411.55 advanced to the girls the sum of \$42,880.98 had been repaid up to June 15th, 400 having repaid their loan in full and the balance of 126 paying all but the sum of \$2,430.57. The girls came to Canada to positions as household workers.

"THE WONDERFUL HEROINE"

A subject of conversation throughout Canada at the present time is the identity of "The Wonderful Heroine" whose amazing life story was published in the Family Herald and Weekly Star of Montreal. Living under appalling conditions, handicapped more often than aided by her great beauty, this wonder woman strived and achieved where ten million others might fail.

It is now announced that a beautiful painting of "The Wonderful Heroine" has been secured, and a reproduction in true colors, size 18x24 inches will be given free to subscribers of the Family Herald and Weekly Star, Montreal, that is to those who subscribe in time.

A CAREFUL OUTLOOK

The current statement of the National City Bank of New York has the following: "There will continue to be profits in business for the individuals who know how to do business in the best way. The farmers in this country who are producing only six to ten bushels of wheat to the acre are having hard times competing with the farmers of Canada, who have produced this year an average of about 24 bushels to the acre, and the same rule governs all business. There always will be the differential between the efficient producers and the marginal producer; nothing the labor organizations are able to do will abolish it.

"In conclusion, while the policy of caution now being generally followed is undoubtedly wise, there is nothing to indicate any sudden depression of values or falling off of consumption demands. The pessimistic views that are prevalent, will affect business to the extent that they discourage enterprise, mainly in the line of construction work. If construction work is held up, so that employment actually results, it is probable that the necessary adjustments will soon be made."

RED ROSE TEA "is good tea"

The ORANGE PEKOE QUALITY is composed of the youngest, tenderest leaves on the tea bush.

OBITUARY

Miss Elvira Ferguson Harrison, passed away at her home on Monday morning, November 19th, at five o'clock, after an illness of one and a half months. For the past four years her home has been with her niece, Mrs. J. C. Dalrymple. Previous to that she had lived for seventy-eight years on the old homestead at Maccan. When a young woman she united with the Baptist Church at Maccan and since then she has served her Master in her humble way. Interment takes place at Maccan this afternoon.

A CHRISTMAS BOX ON CANADIAN APPLES

Special Express Rates Canadian National for Shipments to Old Country.

The suggestion is made to those having friends or relatives in England, Scotland, or Ireland, that an especially appropriate Christmas gift would be a fifty pound box of Canadian apples.

The Canadian National Express has established a rate for shipments of \$3.00 per box of 50 lbs. from Halifax or St. John, including cold storage, to any station on the railroads of Great Britain and Ireland, also including delivery.

All agents are prepared to accept such packages and give preferred attention to forwarding.

Apply to Canadian National Express for further information. 34-56

PARKER'S COVE

Schooner Orontykehka, Capt. Beardsley, arrived from St. John with a general cargo for our merchant's here. Master Winifred Hudson came home very recently after spending the Summer months engaged on a farm at Paradise.

Mr. and Mrs. Harry Longuire, of Hillsburn, visited Mr. and Mrs. David Milner very recently.

EVERY DAY OCCURENCE

We have customers telling us about the wonderful satisfaction and good results derived from wearing TAPLIN NATURAL TREAD SHOES.

One customer says: "I have been good natured ever since I started to wear TAPLIN NATURAL TREADS."

Another customer says: "I did not think that I would ever be able to wear shoes again with comfort as my feet were so sore, now I have forgotten that I ever had sore feet." Several customers tell us that, since wearing TAPLIN NATURAL TREAD SHOES, rheumatism has entirely left me. These are verifications that have come to us voluntarily.

GUNNER WHO SANK FIRST U-BOAT DIES AT CHICAGO

Chicago.—The man who is reputed to have fired the gun that sank the first German submarine in the world war died here. He was Axel Johnson, formerly of the Swedish navy, but later of the United States merchant marine during the war.

Johnson's boat sank a German submarine in August, 1917, according to his own records. Soon afterwards his boat was sunk by a U-boat in the North Sea and Johnson was among the crew that floated foodless for twenty-one days until rescued.

MIDDLETON

Middleton.—The local Tennis Club held an enjoyable dance on Monday evening in the Princess Theatre, which was appropriately decorated. A substantial sum was raised for the same. The chairmen were Mrs. H. W. Kirkpatrick, Mrs. F. Bouvier and Mrs. D. R. Hunter.

The C. G. I. T. group of the Baptist Church held a successful supper in their vestry. Refreshments were also served, and a neat sum was raised for their group work.

Dr. V. H. Mulhall, of Liverpool, and Mrs. Mulhall, arrived in Middleton from the West, where the doctor had spent several months for his health. Little Betty also is visiting here with her grandmother, Mrs. I. Young.

Phyllis Hoyt underwent a successful operation for appendicitis at the Memorial Hospital on Sunday morning.

Harry Poor, of McNelly's, left for Florida to spend the winter.

Mr. and Mrs. Chas. Reagh, B. L. Reagh and Miss Agnes Raimy, who left by car for Florida, have reached Boston. There Harley Reagh joined, and they have again set out for the Southern State. Vaughn Reagh intends to leave this week for the same place.

Miss Gladys VanBuskirk will leave on Friday for a vacation in Boston and vicinity.

SUGGEST TAX ON PULP SHIPMENTS

Toronto.—Chairman Jos. Beard of the federal commission on pulpwood suggested that instead of an embargo on pulp exports to the States an export tax might be levied. James Thompson, a large exporter, replied that such a tax would produce a certain amount of revenue but would have no important effect upon conservation.

The chief witness was Fred Noad, forest engineer, who said that the disastrous effects of forest fires in Ontario have been overestimated as only 19 per cent. of Ontario forest fires from 1916 to 1921 were in commercially timbered areas. Most fires are in blueberry barrens. He said Ontario operators are very watchful.

CANADIAN APPLES ON GERMAN MARKET

The sale of the first consignment of Canadian apples on the German market, within two years is recorded by L. M. Wilgress, Canadian Trade Commissioner at Hamburg, in a report to the Department of Trade and Commerce. Mr. Wilgress states that, with the exception of ten barrels of the best grade sold to a Berlin dealer, who caters to the smart hotel trade, the buyers were Scandinavians or other non-German firms.

"Although there has been this year a short crop of apples in Germany," the Commissioner explains, "it is not thought possible that the general public will be able to pay the prices required for transatlantic apples."

PHINNEY COVE

Mr. Stanley Israel is home after spending a few months in St. John, N. B.

Mr. and Mrs. Richard Sarty, of Granville Ferry, were guests of their daughter, Mrs. Edmund Best, over Sunday. Mrs. Curtis Rafuse and two children, of Lake Brook, were also recent guests at the same home.

Mr. William Cook is visiting his daughter, Mrs. Emma Whitman, at Middleton, and his niece, Mrs. Thaddeus Fales at Prince Albert.

Mr. Gordon Hudson is working in the apple warehouse at Kingstons, for the Fall.

Mrs. Maud Banks is making an extended stay with her sister, Mrs. Caleb Sarty, at Parker's Cove.

Miss Lavinia Banks has been employed for some time with Mrs. E. S. Leonard at Paradise.

Mr. and Mrs. Pearl Gray and daughter Audrey, after spending several weeks with Mrs. Gray's mother, Mrs. Watson Best, have returned to their home in Lynn, Mass.

They were accompanied by Mrs. Annie White and her daughter, Alexia.

Mr. and Mrs. Arod Beals, of Lawton, were recent guests of Mrs. Watson Best.

Mrs. Enos Munroe picked a large ripe English strawberry from her garden on Oct. 27th.

A pie sale for the benefit of the church was held at the home of Mrs. Wm. Israel on Oct. 23rd. Our monthly pie sales were discontinued during the summer, but we hope to hold them regularly now, at least for a few months. The next is to be at the home of Mr. and Mrs. Edmund Best on the evening of Tuesday, Nov. 20th. Friends from outside our village will be cordially welcomed.

CLAIM INCOME TAX IS COMPLICATED

Hamilton, Ont.—The federal personal income tax was objected to as unduly onerous and complicated, in a recommendation from the Toronto Board of Trade, presented at the tenth annual convention of the Ontario Association Boards of Trade which opened here. The recommendation urged that this tax be changed to make it bear less heavily and also suggested the changes in the sales tax. The stamp tax was condemned as proving a continual source of annoyance. Government thrift, increased immigration and encouragement to British capitalists to invest in Canadian enterprises, were also urged. Over 50 delegates were in attendance representing the various Boards of Trade of the province. Ex-Mayor Copley, President of the Association in his presidential address urged that the time would come when Canada should curb the export of raw materials such as pulpwood and unmanufactured lumber.

WORK WORN WOMEN

Care of Home and Children Often Causes a Breakdown

The woman at home, deep in household duties and the cares of motherhood, needs occasional help to keep her in good health. The demands upon a mother's health are many and severe. Her own health trials and her children's welfare exact heavy tolls, while hurried meals, broken rest and much indoor living tend to weaken her. No wonder the woman at home is often indisposed through weakness, headaches, backaches and nervousness. Too many women accept these visitations as a part of the lot of motherhood. But many and varied as her health troubles are, the cause is simple and relief at hand. When well, it is the woman's good blood that keeps her well; when ill she must make her blood rich to renew her health. The nursing mother more than any other woman needs rich blood and plenty of it. There is one way to get this good blood so necessary to health, and that is through the use of Dr. Williams' Pink Pills. These enrich the blood, and through their use many weak, ailing wives and mothers have been benefited. If you are ailing, easily tired or depressed, it is a duty you owe yourself and your family to give Dr. Williams' Pink Pills a fair trial. You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

When preserving fruits and vegetables, don't pack jars too tight. Leave a space of one-half inch at the top of each jar for water. Heat may then travel through product without difficulty.

GILLETTE'S LYE EATS DIRT

GILLETTE'S PURE LYE 100% FLAKE LYE

LARGE INCREASE IN TOURIST TRAFFIC

Sixty-Five Thousand Summer Visitors Entered Nova Scotia This Year.

At least 65,000 summer visitors entered Nova Scotia during 1923, according to estimates made public by Premier Armstrong. This is fifteen thousand in excess of the estimated tourists to this Province the previous year, and the increase is credited to the improved highways and widespread activities of Nova Scotia Tourist Association, which came into being at the opening of the 1923 season.

The number of visiting cars to enter Nova Scotia by the Annapolis, Digby, Yarmouth and Halifax gateways was 3,883, nearly double the figure for the previous year. The revenue from tourists during the past season is estimated at six million dollars as compared with five million last year.

WHEAT CROP LESS IN OLD COUNTRY

Official Figures Show Drop in Production Due to Smaller Acreage.

London.—The official estimate of the wheat harvest in England and Wales is that it is generally of good quality, with a total production of 1,515,000 tons, a reduction of 138,000 tons as compared with that of last year. The decrease is due to a decline in acreage under cultivation.

The yield is estimated at 17.4 hundredweights per acre, or nearly half a hundredweight more than last year. Barley is the only grain crop to give a yield below the average, being estimated at 14 1/2 hundredweights per acre, or a quarter hundredweight below last year's average.

ARREST MADE IN YARMOUTH CASE

Yarmouth.—The mystery surrounding the disappearance of John Slaven remains unsolved. The affair took a new turn Thursday evening when the police arrested William Elliot of the crew of Steamer Dillard, on a charge of assault on the person of John Slaven, on Monday night. Elliot will come up for a hearing before Stipendiary Petton.

Here and There

Protection of migratory birds has been added to the duties of the Canadian Pacific Railway's constabulary.

Airplanes attached to the Ontario Forestry Department are now equipped with radio sending apparatus so that they can keep in constant touch with the chief and other rangers.

There was an increase of sixty-three per cent in the number of immigrants to Canada during the last three months as compared with the corresponding period of last year.

Canadian Pacific agents in Britain recruited nearly five thousand men for work in the harvest fields of Western Canada and, through lack of steamship accommodation closed their doors on as many more who, attracted by the special harvest rate, sought to enter Canada.

The branch lines program of the Canadian Pacific Railway carried out this year will bring into operation on the prairies a larger mileage than any one year since 1914. Of the 481 miles of line under construction, 281 miles will be ready for handling grain in the Fall, and of the balance, 115 miles will be ready for steel by the winter freeze-up.

A building has been acquired by the University of Toronto to be entirely devoted to the manufacture of insulin. This will be the only factory in Canada to manufacture the curative fluid in commercial quantities, although it is manufactured in the United States, Great Britain and Denmark. The Canadian product will be sold throughout the world.

Dawson City recently celebrated the twenty-seventh anniversary of the discovery of the Klondike. In an exhibition of Yukon products, the cabbages 10 inches in diameter and weighing thirty pounds, potatoes as big as a man's head, pumpkins as big as watermelons, wheat, oats and barley bore witness to the fertility of the Yukon soil. Sides by side were ranged gold nuggets, gold dust and silver bars.

Dr. James Inches, Commissioner of Police, Detroit, and a guest at the Canadian Pacific Bungalow Camp at Nipigon, holds the record for the biggest speckled trout caught in the Nipigon River this season, having captured a fish weighing 7 1/2 pounds. This catch was above the average, but a large number of six pounders have been taken from the Nipigon this season. Several years ago, and from practically the same place, Dr. J. W. Cook, of Fort William, caught the world's record speckled trout, which weighed fourteen and one-half pounds, and was more than two and a half feet long.

A record was established recently when one of the latest type of Canadian Pacific locomotives drew a train of 42 cars of newspaper, weighing more than 1,100 tons, from the plant of the Abitibi Pulp and Paper Company, North Bay to Toronto, without mishap. Ordinarily, it would have taken two passenger engines to haul such a load for the 800 miles. After proving its worth by this feat the huge engine, together with an all steel train consisting of the latest model 'tourist', dining and sleeping cars, and a baggage compartment car, formed part of the Canadian Pacific exhibit at the National Exhibition at Toronto.

Minard's Liniment for Corns.

LONG STRIP FOR A LONG TRIP
Two small travellers at Liverpool examine the six-foot Canadian Pacific Railway tickets which will cover their 6,000 mile tour through Canada and the United States. The tickets, which cost \$40 18s each, cover 50 different tourist centres of the North American continent.

One of the teachers writing in the November number of the Rural Science Bulletin, says:

"We have just finished buying a new Victrola and three new records. Each room puts on a concert Friday afternoons. The children from the other rooms pay two cents admission. In this way and by selling fudge, we paid for the Victrola in four afternoons. A little effort accomplishes wonders.

We have started our hot noon lunch, and have begun our basketry class. We are doing our first basketry work with pine needles, rama and rushes."

Be Comfortable this Winter

WINTER comfort means even heat, evenly distributed. There's nothing more annoying than to have some of the rooms "roasting hot" and the rest of the house "freezing cold."

Findlay's

pipe and pipeless FURNACES

burn hard or soft coal, or wood

are built as part of a definite heating system to accomplish a definite heating purpose.

They are the foundation of home comfort because, when installed according to the heating system which we will design for your individual home, we guarantee to heat every room in the house with clean, temperate air, properly humidified, constantly circulating and evenly distributed.

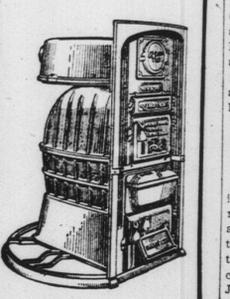

If you are located where you have to burn soft coal and wood for fuel, the Findlay All-Fuel Furnace will be the best for your home.

For soft coal, the Fire Pot is equipped with air-cell ribs. Through these, superheated air is supplied to the fire, making it possible to burn even the poorest grades of soft coal with complete satisfaction.

For wood, the only way to get all the heat is to have the sticks lying flat in the furnace. This is possible with the Findlay All-Fuel. The firepot being oblong, allows 26-inch wood to be used. Note the large double feed door—actual size of opening 12 inches by 13 inches.

The Service Department of Findlay Bros. Co. Limited, of Carleton Place, Ont., will give you a thoroughly dependable recommendation for the heating of your home. Call and see us about it, or write for booklets and Service Sheets.

Lloyd George Enjoys Canadian Travel

1. At a "stop-over" place.
2. Lloyd George converses with J. J. Scully, General Manager, Canadian Pacific Railway, across lines on the observation platform of his private car.

In appreciation of the arrangements made for his comfort while travelling over the lines of the Canadian Pacific, the Rt. Hon. David Lloyd George wrote E. W. Beatty, President of the Company as follows: "My dear Mr. Beatty, "I have had such a heavy list of engagements to fill since I arrived on this side of the Atlantic that this is literally the first opportunity I have had in which to write to thank you very heartily for the magnificent arrangements which you made for my journey west of Toronto. Every facility and every comfort were afforded to my wife

and daughter who, as to the entire party and I, see you a deep debt of gratitude. "With all best wishes believe me, ever sincerely, (Signed) "D. Lloyd George." The ex-Premier of Great Britain was much interested in things he saw en route, and lost no opportunity of adding to his store of knowledge of the Dominion. He is

here seen at a wayside stopping place, and with him in the front row are Dame Lloyd George, Miss Morgan, D. C. Coleman, Vice-President Canadian Pacific Western lines and Mrs. Callaghan. In the smaller picture he is seen with Dame Lloyd George, Miss Morgan and J. J. Scully, general manager Canadian Pacific eastern lines, viewing the passing scenery of North Ontario.

Lloyd George said, in his Montreal speech, when describing the part played by the Canadian forces in many battles where disaster impended, he told how positions were saved with the result that "the Maple Leaf" was embroiled forever on the silk-en folds of the Banner of Human Liberty.

A perfect Lloyd Georgeism of a most kind and delicate nature.

How to Prevent Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Roots, long known as Mother Seig's Curative Syrup, has no dose of strong ingredients; it chases away indigestion, biliousness and constipation. Can be had at any drug store." Get the genuine. 50c. and \$1.00 Bottles.

ALBANY

Miss Todd, of Kentville Sanatorium, has been the guest of Mrs. L. A. Whitman.

Thanksgiving guests at Deacon Phineas and Mr. E. J. Whitman's were Arthur Dunlap of Acadia University, and brother Clarence, of Sydney Mines, also Mr. Willie Crisp.

Mrs. L. A. Whitman has accepted the position of teacher at Wilmot school section to begin Monday, 18th November.

Mr. Selig, of Middleton Hospital, is doing finely and expects to be able to come home soon.

Miss Annie Fair was the guest of Mr. and Mrs. L. R. Fairn at their cabin at Albany Cross a few days of last week.

Mr. and Mrs. Geo. Fairn spent Sunday 4th at Mr. and Mrs. Atwood Phinney's. Miss Kathleen Robinson accompanied them and spent the day with her parents.

PORT LORNE

Mrs. James Edwards, of Halifax, is visiting her parents, Mr. and Mrs. Freeman Brinton.

Mr. George Beardsley, of Bridgeport, Conn., is visiting his parents, Mr. and Mrs. Charles Beardsley.

Mr. and Mrs. Mairand Brinton and daughter, Evelyn, have gone to Keene, N. H., to spend the winter.

Mrs. George Corbett and daughter, Vivian, are visiting friends in Keene, N. H., and will visit in other parts of the United States.

John Banks left last week for Natick, Mass., where he expects to remain the winter.

We are sorry to report Mrs. Norman Healy sick at time of writing.

Mr. and Mrs. E. C. Hall were calling on friends here on Thursday.

Mr. Johnson Beardsley has been called to Middleton on account of the serious illness of his sister, Miss Elizabeth Beardsley.

Mrs. Z. Hall and son, Vernon, spent Sunday with his daughter, Mrs. Johnson Beardsley.

MISS HURRY AND MISS STEADY

Little Miss Hurry, All hustle and flurry, Comes down to her breakfast ten minutes too late;

Her hair is a-rumple, Her gown is a-crumple, She's no time to button and hook herself straight.

She hunts and she rushes For needles and brushes, For books and for pencils files upstairs and down;

If ever you'll find her, Just follow behind her, A trail of shoe buttons and shreds of her gown.

But little Miss Steady By school time is ready, All smiling and shining and neat in her place;

With no need to worry, She pities Miss Hurry, Who but yesterday sat here with shame in her face.

Her heart beating lightly, With duty done rightly, She vows she will never again change her name;

For, though you'd not guess it, I'm bound to confess it— These two little maidens are one and the same.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money, make \$250 to \$500 per month.

BIG SUM PAID FOR PAPYRUS

London.—Guessing the identity of the new owner of Papyrus and the sum paid for the famous colt is the latest diversion of followers of horse racing in England. Those able to give out the desired information refuse to do so, but latest reports are that the buyer of the Derby winner is either Basil Jarvis, his trainer, or somebody who has long been associated with the Jarvis stable.

As regards the price, the racing reporter of the Daily Telegraph says it exceeded the \$157,000 paid for Diamond Jubilee, which won the Derby in 1500 when Edward VII was Prince of Wales.

The Fall Weather Hard On Little One's

Canadian Fall weather is extremely hard on little ones. One day it is warm and bright and the next wet and cold. These sudden changes bring on colds, cramps and colic, and unless baby's little stomach is kept right the result may be serious. There is nothing to equal Baby's Own Tablets in keeping the little ones well. They sweeten the stomach, regulate the bowels, break up colds and make baby thrive. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NEED BEST MEN IN PUBLIC LIFE

Finest Brains of Country Required to Solve Problems, Says Ferguson.

Montreal.—The urgent need of men of outstanding intellect to come forward and take part in the public life of the Dominion was stressed by Hon. Howard Ferguson, Premier of Ontario, addressing the Canadian Club here. He also emphasized the need of a concerted effort to raise the standard of public appreciation of men in public life, so that leaders in industry and other spheres should not be prevented from taking part in the affairs of the country by the fear of the cynical views that might be taken of their activities, and views by the public in general.

Canada had not yet emerged from the crisis through which she had been passing, and she urgently needed the help of the best brains of the country.

There were certain reasons why men of big minds kept out of public life. One was indifference or selfishness. There was also the attitude of the citizen toward public men, which kept many good men from interesting themselves in the public welfare—selfish notions were so generally ascribed to their actions. He knew what abuse and vilification meant. He had some years of it. That kind of individual or newspaper should be suppressed by public opinion. He suggested by way of removing this attitude, that the importance of the study of civics should be emphasized in the elementary schools, so that the citizen should grow up with a sense of his responsibility as a citizen of a great country.

Co-operation needed. Premier Ferguson also addressed the local Conservative Association concluding his speech with an appeal for closer relations between Ontario and Quebec.

"I believe," he declared, "that a great deal of good can be done by more frequent intercourse, and as long as I am Premier—and I am going to be Premier for a long time—it will be my pleasure to come often to the Province of Quebec. Much profit can be had by the people of Ontario and of Quebec visiting each other, and by this means we will gain a more unified opinion, more unanimity of thought and greater co-operation in the tasks we all have so much at heart."

Referring to the two Provinces, he declared that Ontario and Quebec had stood together when the strain came after and before Confederation. History had shown that when French-Canadians had declared for British supremacy they had stuck faithfully by their bargain.

CUT DOWN COAL BILL

How would you like to cut down your coal bill a half this winter? "Take 100 pounds coarse sawdust (you can buy it cheaply) and to each 100 pounds of sawdust add 200 pounds of common clay. Moisten both the clay and the sawdust and mix thoroughly. When well mixed, place in large trays about 2 inches deep. The trays should have cross divisions so that when the mixture is dried or baked it will be in bricks about 2 1/2 inches. When bricks are baked they will be porous and should then be immersed in cheap crude oil. Common kerosene will serve the purpose, but it costs more than crude oil.

"Two of these small bricks will cook a meal or heat up a room. They will hold heat longer than the best hard coal, and can be made at less than half the cost of coal, as they are mostly made from clay and cheap (sometimes free) sawdust. The cost of baking will be almost nothing, as two bricks will furnish heat to bake 40 or 50 bricks, and these will bake 700 to 800 more, and so on. Try this and save the coal bill this winter."

Sewing Circle Gossip

There was some discussion at the Circle this week about the prospect of a general election during the coming winter. The wife of the new Bank Manager said that she would like to vote for the man who had introduced LUXOR ORIENTAL COFFEE into this country, if he were in the running, for she thought he had done more for the comfort of most people than the best of the politicians.

Yours to Enjoy

"Thank God for Tea! What did the world do without it—how did it exist? I am glad I was not born before Tea." Thus wrote the brilliant Sydney Smith in the early days of the nineteenth century, and countless thousands have echoed his sentiments since. But if Sydney Smith could so enthuse over Tea as it was then, what would he say of it to-day, when science in growing and art in blending have brought your cup of Tea to such a high point of perfection.

And what would he think of to-day's cost? At an incomparably lower price you are able to enjoy Tea of a deliciousness Sydney Smith never knew or imagined.

PERSECUTING TRAVELLERS

A late issue of The News, published in Malden, Mass., comments upon United States Customs laws as follows:—

"The stubborn policy of our government to persecute travellers abroad with the needless red tape of a passport finds its counterpart in the treatment it accords travellers who have occasion to visit Canada and to Canadians coming here. The rail travel from the Maritime Provinces comes for the most part through Vancouver, Maine, where there are not customs inspectors enough to properly look after the baggage. Because of their slow and inadequate numbers, trains are delayed and passengers inconvenienced. Scores of trunks to tourists come into this country in bond and the tired, belated traveller has often to wait a day in Boston for his trunk to appear, and then is obliged to go to the Boston custom house to prepare a declaration and return to the North Station to have his luggage gone through by a customs inspector. Customs officers on the border tell passengers they need not have their trunks examined and promise to mark them, and then either forget to do so or fail to keep their word and then the trunk comes to the States in bond. The luggage that comes across the border is hastily marked with chalk which easily rubs out. Because of the lax customs methods on the border, scores of people are bothered and delayed every week by having to report to the Boston customs house, where a petty fee of 50 cents is extorted from them because somebody has blundered down the line. Even when a trunk must come in bond, all the red tape that is wound about it at the customs house could just as easily be inflicted at the North Station and a great deal of time saved. The English shamed us by showing up the disgraceful conditions at Ellis Island and we hope the Canadians will shame us into a decent treatment of them when they enter our country. Our own people returning from the Provinces have stood for it for years without an effective protest.

POPULATION GROWS LESS AS TIMBER YIELD DECREASES

Decadence of Towns And Villages Follows Destruction of Forests Which Once Provided Living For Residents.

Ottawa.—The loss of population in numerous districts of Eastern Canada, the decadence of towns and villages forced to surrender their lumber for the most part through Vancouver, Maine, where there are not customs inspectors enough to properly look after the baggage. Because of their slow and inadequate numbers, trains are delayed and passengers inconvenienced. Scores of trunks to tourists come into this country in bond and the tired, belated traveller has often to wait a day in Boston for his trunk to appear, and then is obliged to go to the Boston custom house to prepare a declaration and return to the North Station to have his luggage gone through by a customs inspector. WEDDING

Merriam-McCormick. Annapolis.—St. Luke's Church was the scene of a very pretty wedding, when Miss Eleanor McCormick, elder daughter of Charles, and the late Emily (de Blois) McCormick, became the bride of Simon G. Merriam, second son of Capt. and Mrs. Walter R. Merriam, of Granville Ferry. The ceremony was performed by Rev. T. C. Mellor, in the presence of a large number of spectators. The church was beautifully decorated with potted plants, ferns, scarlet berries and pine, and just at the hour appointed for the ceremony the sun breaking through heavy clouds, gave additional brightness to the scene.

The bride entered the church on the arm of her father, and looked charming in a tailored suit of navy blue serge, with navy blue hat and scarf of Alaska sable and carried a beautiful bouquet of bronze chrysanthemums. Miss Marjorie Runciman, as maid of honor, was most becomingly gowned in fawn crepe, with hat of black velvet, and also carried bronze chrysanthemums. Kerr Merriam, older brother of the groom, officiated as best man, and the ushers were Gordon McCormick and Thomas Fortier, brother and brother-in-law of the bride. The hymns: "O Perfect Love" and "The Voice that Breathed O'er Eden," were sung by the choir, with Miss Muriel Walworth presiding at the organ.

Following the ceremony a reception was held at the home of the bride's father, and later the young couple left for a short tour through the Province. The collection of wedding gifts was noticeably large and valuable, including silver, cut-glass, linen and china. Both bride and groom have a large circle of friends thru the Province as well as in Annapolis Royal, who will all join in tendering their sincere good wishes and congratulations. They will take up their residence in Truro, where Mr. Merriam is on the staff of the Royal Bank of Canada.

Local Happenings

On this evening (Wednesday) the ex-service men meet at 8 o'clock in the Board of Trade rooms to take up the question of re-organization of the G.W.V.A. and a number of other questions of interest to returned men. All ex-service men should plan to be present.

There are two things to do if you want a cup of really good tea. One is to buy the right kind and the other is to make it the right way. The best tea in the market today is MORSE'S SELECTED ORANGE PEKOE and the proper way to make it is to take fresh water, absolutely fresh, and heat it until it comes to the boil, then having put your tea in the teapot, pour this boiling water on it. Six minutes afterwards you should have a cup of tea that is fit for the gods.

Mr. G. H. Warey leaves on Friday for Boston after residing here for some two and a half years, during which time he has made many friends and has been active in the life of the community. He was Secretary of the G.W.V.A., Asst. Mentor of the Anglican Upstreamers Tuxis Squares, Ecsty-Treas. of the B. & F. Bible Society, Secy-Treas. Bridgetown Eclectic Society, Vice-Pres. of the Bridgetown Tennis and Quilt Club. In fact almost any Society you mention George was in it. His genial and popular manner gained him many friends who will be delighted to hear of his good fortune in the U. S.

Another popular young man leaving here on Friday is Mr. John Mitchell, who has been with Mr. O. P. Covert for the past four years. His pleasant manner and careful attention to business gave him a high degree of popularity. His many friends wish him every success in the "land of the brave and the home of the Free."

The death took place at Memorial Hospital, Middleton, on Friday, of Miss Elizabeth Boardley, daughter of Mrs. A. C. Clarke, of Upper Granville,

following a serious operation. In next issue we hope to make a more extended reference to the passing of this estimable young lady at so early an age.

A "Gold Medal Contest" under the auspices of the Women's Christian Temperance Union will be held in the vestry of the Baptist Church Thursday, Nov. 29th, at 8 p.m. The contestants will be the Senior girls of the different churches. Besides a musical program, there will be a presentation of prizes for the best essays written on "How does the use of alcohol and tobacco affect good citizenship?" Admission 10c. 34-21.

On Monday night and Tuesday we experienced a touch of the approach of Winter but for the past few weeks the weather has been very mild and as a result a large amount of Fall plowing has been done.

The Pageant "Queen Esther" to be presented in Demonstration Building, Lawrencetown, under direction of Mrs. R. J. Shaffner, is an event which is exciting great interest.

The whereabouts of Arthur Sims are not known as yet to officers of the law but it is understood that Arthur has through emisararies been holding out the olive branch but the arms of the law have not yet grasped it according to Arthur's desires.

Mrs. E. A. Hicks last Wednesday and Thursday afternoons was "At Home" to her friends and entertained a very large number of guests on both days. On the first day little Miss Evelyn Gesner attended the door and on the second little Miss Barbara Longmire. Tea was poured by Mrs. H. S. Magee and Miss Hattie Anderson and Miss Muriel Bent served. The occasion was a social one greatly enjoyed by the many friends of Mrs. Hicks.

All Display Advertisements MUST be in this office by 12 o'clock noon on Monday of each week.

DEEP BROOK

Miss Grace Spurr left here on Thursday. She expects to spend the Winter with her sister, Miss Blanche Spurr at Central Falls, R. I.

The Doll Lady Says:

I want little girls all over the Province of Nova Scotia to have this "Wonder Mama Doll."

She is 26 inches tall, more than one-half taller than this picture—as large as a real live baby. Her skin is pink and white, just like a baby's, and she shows her little pink tongue and two white teeth. Her hair is long and curly, real hair tied with a jaunty bow of ribbon.

She has clothes, too, just like any baby's clothes, that can be taken off when you want to put her to bed—a pretty organdie dress trimmed with lace and ribbon, dainty underclothes, knitted socks and patent leather slippers.

She has learned to go to sleep when you put her to bed, and when she wakes up she says "Mama". If you hold her by the hand she will walk along beside you just as a real live baby would.

You needn't be afraid of breaking her. She is strong enough to stand a tumble now and then, as all babies must be.

You will want to keep her "always."

Write to me to-day, and I'll tell you how this little girl can come into your home.

THE DOLL LADY, THE HALIFAX HERALD AND THE EVENING MAIL

Clip the coupon and mail it today

THE DOLL LADY, THE HALIFAX HERALD and THE EVENING MAIL, HALIFAX

Please tell me how I can get a "Mama" Doll for Christmas without a cent of cost.
