TERRIBLE ACCIDENT STREET CAR GOING 30 MILES AN HOUR STRUCK AUTOMOBILE; 1 DEAD, 3 HURT

A. E. BRITNELL DEAD, MISS COAD DYING HIS WIFE AND BROTHER SERIOUSLY HURT WHEN COLLEGE CAR STUCK THEIR AUTO

Details of Accident

Last night's motor car accident, which was the worst that has happened in Toronto, occurred at the corner of College and Dufferin streets at 8.45. A street car, running at about 30 miles an hour, struck a motor car driven by Edward E. Britnell, when he attempted to cross College street to go south on Dufferin. In the car, in addition to E. E. Britnell, were Albert E. Britnell and his wife and Miss Hazel Coad.

Edward E. Britnell Attempted to Cross College Street to Go South on Dufferin When a Street Car, Traveling at Terrific Speed, Struck the Automobile and Carried it Half a Block, After Nearly Cutting it in Two—Charge Made That Motorman of Street Car Was Racing Another Machine—Motorman Puts Blame on Britnell, Who Says the Street Car Was a Block Away When He Turned to Cross the Street.

Traveling at more than thirty miles an hour, a College car crashed into a motor car at the corner of Dufferin and College street at 8.45 last night, fatally injuring two of the four occupants and seriously injuring the other two. The motor car was almost cut in two by the street car, which carried the auto over a hundred and fifty feet before hurling it to one side of the roadway.

Albert E. Britnell, 95 Summerhill avenue, treasurer of Britnell & Co., Limited, builders' supplies, and Hazel Coad, 25 Hepbourne street, were fatally injured. Edward E. Britnell, brother of Albert Britnell, who drove the machine, and Mrs. Albert Britnell were seriously injured.

Albert Britnell died at 1.30 this morning and Miss Coad was so low that she was not expected to live thru the night.

Mrs. Britnell was badly cut and bruised about the head and face, and internal injuries are feared. She was still unconscious early this morning. Edward Britnell, the driver, is suffering from shock and possible internal injuries.

The motor car had been proceeding west on College street at about eight miles an hour, and was turning the corner to go down Dufferin street when the machine was struck by the speeding street car.

CARRIED HALF A BLOCK.

The street car struck the motor directly behind the engine, and in a line with the front seat, in which Miss Coad was sitting with Edward Britnell. The young woman was knocked from her seat to the pavement. The other three occupants were carried along with the motor car for nearly half a block, when it was hurled to one side.

The injured men and women were carried in an unconscious state to the residence of Dr. John W. Russell, 1084 College street, and from there they were conveyed in Ellis' and Miles' private motor ambulances to Parkdale Hospital.

On their arrival at the hospital anesthetics were immediately administered by Dr. W. G. Russell and Dr. Morgan, who had been called to the hospital. On examination the doctors found that Albert Britnell and Miss Coad each had sustained badly fractured skulls, and it was not until 10.30 that they had succeeded in performing the necessary operations. The doctors stated to The World at the hospital last night that the recovery of these two patients was hopeless, Albert Britnell's pulse hardly being noticeable. Although the other passengers had received serious injuries, the doctors said that their chances of recovery were good.

BLAME THE DRIVER.

The College street car was in charge of Motorman Harry Southby, 40 McCauley avenue, and Conductor Arthur Hather, 20 Ruskin avenue. Neither of these men was placed under arrest. They both claim the accident to be due to the driver of the motor car, who, they state, passed directly in front of their car and rendered a collision inevitable.

BRITNELL BLAMES STREET CAR.

An absolute denial of the story of the motorman and the conductor is given by Edward Britnell, the driver. When seen by The World at the Parkdale Hospital last night, Britnell stated that the motor car had proceeded down Dufferin street and west along College street to Dufferin street. On reaching this corner he saw the street fully a block west of him. He was traveling at about eight miles an hour, and put the engine on the low gear to turn south on Dufferin street.

"I was taking the corner on the east side and farthest from the car. Just as the motor car was crossing the south track the crash came. The street car seemed to strike us as a streak of lightning, and came with such force as to lift the machine in the air. My lady friend, who was seated with me, fell past me on to the roadway, and to one side of the street car.

THE SPEED WAS TERRIFIC.

"The machine was apparently knocked into the glass vestibule, and we proceeded in this position for nearly half a block. The motor car was then in some manner dislodged from its position in front of the car, and I knew no more until brought to consciousness by the doctors.

"The speed of the street car must have been terrific. Just as I was turning the machine the street car appeared to be easily several hundred yards away, yet a few seconds later we were struck. As we were taking the corner sharply the street car passed two-thirds of the way across Dufferin street, as well as the distance it was west on College before it reached us."

Parts of the motor car were strewn along the road from the place it was hit until it was thrown aside toward the curb. The wind shield was driven back over the steering gear and the broken glass was thrown with great force at the occupants of the motor, cutting them badly. One of the hind wheels was broken off at the hub while the body of the car was almost cut in two. The seats were broken up into kindling wood and flying splinters were largely responsible for many of the cuts and bruises which were sustained by the occupants.

Racing an Auto. An eye witness who saw the accident told The World last night that the street car was racing an auto, and was traveling at a very high rate of speed, when it struck the motor. He estimated that the speed of the car was over thirty miles an hour at the time. This man, who is an autoist, puts the blame on the motorman, and stated that it is becoming a common practice that it is becoming a common practice

Dr. Thompson and W. F. Maclean Urge Upon Government That Proper Advantage Be Taken of Splendid Natural Resources—Doherty's Important Amendments to Criminal Code.

OTTAWA, April 28.—(Special).—The naval bill, it is understood, has been laid aside until next week. Meanwhile the government is making hay while the sun shines and is advancing and putting thru a great deal of legislation. The house today passed the amendments to the Gold and Silver Marks Act, and advanced government legislation respecting the mint, the equipment of passenger vessels with wireless telegraphy and the bill to amend the Grain Act, which facilitates the inspection of grain at mills and elevators, not at terminal points. Subsequently the house went into supply, taking up the estimates for the customs department.

When the bill respecting the mint was under discussion Dr. Thompson of the Yukon pleaded for more general coinage of Canadian gold, deprecating the fact that 90 per cent. of our gold reserve was in American coin.

Use Ontario's Silver. Mr. W. F. Maclean (South York) urged the coinage of fractional currency from the vast amount of silver and nickel mined in Ontario. He showed that the profits from the seigniorage or the difference between the intrinsic value and the coined value of silver, nickel and bronze coins netted the government \$800,000 per year, while the total cost of the Ottawa branch of the Royal Mint to date was only \$700,000.

Commenting upon the statement of Dr. Thompson that the Yukon had last year produced gold valued at \$5,000,000, Mr. Maclean said that one Ontario camp (Porcupine) would next year produce from \$8,000,000 to \$12,000,000.

The bill also strengthens the provisions against obtaining property by false pretences. It is made a criminal offence to obtain better ratings from Dun's, Bradstreet's and other commercial agencies thru false statements to said agencies respecting the financial condition of the person seeking a rating.

The bill also strengthens the law against importing, selling, and having in possession revolvers and other dangerous weapons. The bill follows the recommendations of the chief con-

QUAKE FELT IN ONTARIO AND QUEBEC

Houses Swayed and Furniture Rattled for Several Minutes in Sections of Montreal and Westmount—At Various Points Along the St. Lawrence, Shock Was Distinctly Felt.

MONTREAL, April 28.—(Canadian Press).—Montreal was shaken by an earthquake at 7.30 o'clock this evening. The shock was particularly severe in the northern and western sections of the city and Westmount, where houses swayed and furniture rattled for several minutes, the no further damage than the cracking of a ceiling in the residence of Sir Thomas Shaughnessy is reported.

The shock was recorded on a small seismograph that was installed some months ago to record disturbances occasioned by blasting in connection with the C.N.R. tunnel operations under Mount Royal.

Tunnel engineers are making a survey of the tunnel works, but up to a late hour tonight no damage was reported.

The seismograph in the McGill University has been out of commission some time.

FELT IN CORNWALL.

CORNWALL, April 28.—(Special).—A slight earthquake was noticed here this evening at 7.35. No serious damage was done, although glassware on shelves and light furniture was rattled. It is ten years since a shock has been felt here.

LASTED TEN SECONDS.

BROCKVILLE, April 28.—(Special).—Shortly after 7 p.m. a perceptible earthquake shock was felt in Brockville. In the centre portion of town the quake was more pronounced, lasting fully ten seconds. Buildings were shaken to the extent of cracking dishes and other articles. Reports received here would indicate that it followed the line of the river east and west of Brockville.

ALARM IN NEW YORK STATE.

SYRACUSE, N.Y., April 28.—(Can. Press).—Earthquake shocks were felt in several villages in northern New York at 7.30 o'clock this evening, causing considerable alarm. At Canton, St. Lawrence County, the shocks continued for a minute. Houses were

BRITISH GOVERNMENT UNABLE TO SAVE CANADIAN CITIZENS FROM SIBERIA

LONDON, April 28.—(C. A. P.).—In the commons today W. Weyts asked the under secretary of state for foreign affairs whether attention had been called to the case of three naturalized Canadians, formerly Russians, who, upon a visit to Russia, had been sentenced to Siberia for life on a charge of evading military service, and whether, as stated in the Canadian House of Commons by Sir Wilfrid Laurier, the British authorities had declined to interfere, or whether, as the late Canadian prime minister asserted, it was the right and duty of the British Government to protect persons possessing Canadian naturalization.

Hon. Mr. Acland replied that His Majesty's Government had no information on the subject. They could not, however, claim to protect Russian subjects when within the limits of the emperor's dominions from any consequences attaching to them for a breach of the laws of Russia whether they had been naturalized in Canada or this country. The law of Russia would in such cases be the governing law. A question of difference between the British and Canadian nationality would arise.

NORTH WANTS HYDRO POWER

Associated Boards of Trade Will Urge Government Commission to Develop Water Resources.

NORTH BAY, April 28.—(Canadian Press).—A new organization, to be known as the United Board of Trade of New Ontario, was organized at Sudbury, to include the boards of trade of Sudbury, Sault Ste. Marie, North Bay, Sturgeon Falls, Callender, Blind River and Thessalon. One of the first matters taken up by the new organization was the question of interesting the Ontario Hydro-Electric Commission in developing the water powers of the north and the meeting endorsed a proposal to hold a conference with the commission on the subject at an early date. Another proposition to find favor was to have a joint exhibit for New Ontario at Toronto Exhibition and other large gatherings of the same nature. An advanced timber policy for government reserves and reforestation was also taken up.

Officers were elected as follows: President, J. F. Black, Sudbury; first vice-president, A. J. Young, North Bay; second vice-president, J. B. Way, Sault Ste. Marie; executive committee, Dr. Bird (Blind River), G. T. Young (Callender), L. O'Connor (Sudbury), C. V. Shea (North Bay), R. C. Dobin (Thessalon), S. W. Fawcett (Sault Ste. Marie), John Craig (Sturgeon Falls).

Tyrone Power's Great Success. Few actors compare with Tyrone Power, the distinguished tragedian, who scored such a great success as "Brutus" in "Julius Caesar" last night at the Princess Theatre, and Mr. Power's supporting company is also superior. This engagement is certainly one of the dramatic treats of the season.

ARREST FOLLOWS CIVIC SCANDAL

Joseph Reny, Who Acted as D. R. O. in January Election, is Held at Ottawa.

OTTAWA, April 28.—(Can. Press).—Joseph W. Reny, former deputy returning officer at poll 94 in the January municipal elections, was arrested tonight on a charge of violating the municipal elections act. Reny, who is an employee of the government printing bureau, was arrested while at work, and his taking follows a thorough investigation which the local police, together with the attorney general's department, Toronto, have been making of some inconsistencies in the election.

Disclosures made at the trial of J. F. Dorecher, another deputy returning officer who was arrested on a similar charge, were to the effect that many men known to be absent from the city had been marked in the poll books as having cast their ballots. Other arrests are expected shortly.

DUCHESS AGAIN CRITICALLY ILL

Further Operation Will Be Necessary, Says Official Bulletin—Situation Admittedly Grave.

LONDON, April 28.—(C.A.P.).—The following bulletin was issued last night at Clarence House regarding the condition of Duchess of Connaught: "Symptoms of intestinal obstruction have recurred and a further operation will be necessary."

That the condition of the Duchess of Connaught is grave is no longer disguised. At the Canadian Club dinner in London on Friday evening last, the duke referred to the duchess as having been twice at the point of death. On Saturday the attending physicians announced that she had undergone a relapse, but on Sunday the official bulletin was of a reassuring nature. The statement that a second operation is necessary is an apparent indication that the duchess is in a most critical condition.

BRIGHT LIGHTS MAY YET SHINE ON FALLS

NIAGARA FALLS, Ont., April 28.—(Special).—William E. Tuttle, secretary of the Niagara Falls Ont. board of trade, vice-president of the Niagara Falls Press Club and a member of the Hundred Years' Peace Association, has launched a movement to have the catharts illuminated during the hundred years' peace celebration in 1915. The proposition will be taken up at a meeting of the association here on May 20. The catharts were illuminated for a week in 1907.

Last year the New York State Legislature offered to appropriate half a million dollars for the scheme if Ontario would do likewise, but the province did not do so.

Sterling Presentation of Julius Caesar Given at Princess.

MODEL OF ELOCUTION

Handsome Setting and Gorgeous Costumes Added to Its Success.

A sterling presentation of the classical tragedy "Julius Caesar" held the board of the Princess last night when Tyrone Power...

The setting of the play was very handsome and in the scenes representing the Roman forum and senate left nothing to be desired.

Julius Caesar was taken by Leslie Palmer, who invested the character with a haughty disdainfulness that did much to gain the sympathy of the audience...

Shakespeare's Caesar is as different from Shaw's Caesar in "Caesar and Cleopatra" as summer from winter, and was Shakespeare's Caesar that Mr. Palmer portrayed.

"LITTLE BOY BLUE" REFRESHING PLAY

Gay Little Operetta With Tinkling Tunes and Pretty Costumes.

A CAPABLE COMPANY

Kathleen Clifford Makes a Charming Boy—Others Equally Good.

It is in the nature of a logical dramatic sequence that "Little Boy Blue" this week at the Royal Alexandra should follow the presentation of the standard Shakespearean plays.

The operetta itself is a gay, giddy little affair staged amid pretty tinkling tunes and carried to effect a medley of whirling and happy nonsense.

There are besides of graceful dancing-girls and a fat comedian whose deportment almost places him in a class with the most popular figures in the cast.

FIREWORKS IN TARIFF DEBATE

Progressives Jab Both Old Parties in Quite Impartial Manner.

INDUSTRIES WILL BE RUINED

Labor-Improvement, He Predicts.

WASHINGTON, April 28.—(Can. Press.)—General debate on the Democratic tariff bill in the house wound up tonight in a final outburst of oratory.

The house, weary after a week of tariff oratory, did not produce a numerous attendance and most of the speeches of the day were made to empty benches.

Representative Payne of New York, the ranking Republican of the ways and means committee, and the father of the present tariff law, had a good-sized audience on hand to listen to his denunciation of the bill.

Representative Rainey of Illinois, Democrat, declared the bill represented a new era in the government's fiscal policy, "making lighter the burden of taxes upon the consumers of the country and compelling great wealth to contribute its fair share toward paying the government expenses."

Representative Chandler of New York, Progressive, advocated the restriction of certain tariff duties and replied to Representative Heflin of Alabama, who, he said, had called Theodore Roosevelt "the wild man from Africa," and in the same breath had invoked the spirit of Andrew Jackson to judge the deliberations of a Democratic congress.

"Jackson once killed a man named Charles Dickinson in a duel," said Mr. Chandler; "he threatened to hang Calhoun as high as Haman; tried to horse-whip Thomas Benton; challenged Gen. Winfield Scott to a duel; overran Florida; and had two eminent British gentlemen hanged, thereby nearly bringing us into a war with Great Britain and Spain, and when present broke up his cabinet by his own headstrong violence."

Addresses were delivered by Hon. Justice Maclean, M.A., LL.D., the vice-chancellor, Hon. W. H. Hearst, minister of lands, forests and mines, and J. W. Flavell, LL.D.

The Rev. J. Hugh Michael, B.A., has been appointed associate professor in New Testament exegesis and literature.

Dr. Wallace referred feelingly to the death last summer of the late Dr. Missner and the drowning of Dr. Blewett.

There was a large attendance at the Toronto Business Show at Massey Hall last night.

The winners of each contest were presented with \$5 gold pieces and very handsome medals with name and name and date of show inscribed.

There is to be a typewriting contest for the school and Canadian championships, for which there are over 100 prizes.

The city council will authorize the building work to begin at once, as the plans are all prepared.

April Keeps Up the Year's Big Record

April building permits yesterday went over the three million mark, and with all the month's permits entered the total will exceed \$3,350,000, or a half million ahead of April, 1912.

The total for the year is now \$7,908,330. To April 30, 1912, it was \$6,508,825. The first four months of the year will show an advance of almost two million dollars.

CANADIAN COINS FROM NATIVE METAL

Continued From Page 1.

Stables of Canada recently presented to the minister of justice by Chief Rogers and Inspector Stark.

Hon. W. T. White introduced his resolution increasing by \$10,000 the annual expenditure for the upkeep of the Ottawa branch of the Royal Mint, and a discussion sprang up respecting the production of precious metals in Canada, and the propriety of their being coined at the Canadian mint.

Replying to Dr. Thompson of the Yukon, the finance minister said that the gold reserve held by the receiver-general and his deputies amounted to \$100,000,000, of which \$90,000,000 was American coin.

Dr. Thompson thought this an undesirable state of things, believing that Canada could produce enough gold for her own currency. The Yukon, he said, had an output of gold worth \$5,000,000.

Ontario's Mineral Wealth. W. F. Maclean (South York) reminded the house Ontario was becoming the great storehouse for precious metals. The Yukon had produced \$5,000,000 last year, but one camp in Ontario—Cobalt—produced next year turn out from \$5,000,000 to \$12,000,000.

The speaker after the precious metals should know that perhaps the richest storehouse of gold in the world is the region called Cobalt. In this connection Mr. Maclean suggested that it would be feasible for Canada to make her subsidiary coinage out of Ontario gold.

How much has been spent to date on the Canadian Mint? asked Mr. Maclean of Finance Minister White.

Mr. White: About \$700,000, but I wish to call the attention of the house to the fact that last year our mint showed a profit of \$90,000.

Continuing in this connection, Mr. White informed the house that a quarter was intrinsically worth from 10 to 12 cents. The coinage of silver thus yielded a large profit.

To Help Wheat Growers. The house in committee next considered Mr. Parley's resolution amending the Canadian Grain Act.

This amendment provides that the inspection or weighing of grain at a place not a terminal point or an inspection district may be made if the grain commission so deems, the extra expense in making the inspection to be paid by the applicant. It also provides that the fee to be paid by proprietors of elevators, etc.

Mr. Oliver saw no reason why an extra fee and expenses should not be paid by an individual when he wanted an inspection to be made, but he did not favor applying this rule where a number of applicants at one place were concerned.

Railway Employes Bribed. Mr. McCraney (Saskatoon) drew the attention of the house to the fact that railway employes were accepting bribes from shippers who wanted grain cars. They would take cars consigned to a grain shipper and for a monetary consideration would spot them at a rate lower than the market.

Mr. McCraney thought this abuse should be stopped. He asked that the bribers be given immunity if they give information.

Mr. Parley: But the briber is even more guilty than the man he bribed.

Mr. McCraney admitted this fact, but said that the only way to find out the offenders was by information given by the bribers. He suggested an amendment to the bill. This amendment provides for a fine of from \$50 to \$100, and a term of imprisonment not to exceed six months for any employe of a railway found guilty of accepting bribes for the delivery of cars.

The bill amending the Gold and Silver Marks Act was then put through committee and stands for third reading. As amended today it will not come into force until Jan. 1, 1914.

Wireless on Lakes. The house then took up and advanced to third reading Mr. Hazen's bill requiring passenger steamboats to be equipped with wireless telegraphy. The bill contains many exceptions. So practically it applies only to vessels on Lakes Ontario, Erie, Huron and Superior. The Hamilton and Niagara boats are exempt because they do not run farther than seven miles from land, and all boats running only on the St. Lawrence River or the Georgian Bay are exempt.

The house then went into supply on the estimates for the department of customs.

The prime minister has given notice of the appointment of an official who will be assistant to the chairman and secretary of the conservation commission. He will have the same rank and salary as a deputy minister.

Judge Doherty, minister of justice, has given notice of a bill to amend the criminal code, which will be aimed at the white slave traffic and imposes more penalties upon procurers. The measure is modeled upon the British act.

SENATE RECORD

ALREADY READY

Conservatives Are Preparing For Certain Rejection of Navy Bill Says Le Pays.

MONTREAL, April 28.—(Special.)—A special to Le Pays from Ottawa intimates that the senate will certainly reject the naval bill.

"Like a Race Course." adds Le Pays, "cannot interfere with the rules of procedure in the house of commons, but they can practice a delicate intervention when the naval bill comes before their body. In fact you can announce without the least hesitation that the liberal leaders have decided to kill the bill in the senate, the upper house will not retreat and already the Conservative party are discussing informally the reform of the senate."

for the motorman on the street cars to keep ahead of the autos between corners and as the auto drivers are not allowed to pass the street cars at stops, they have a string of autos trailing them most of the time.

A citizen who was viewing the dilapidated motor said that the street railway used that section of College street as if it were a race course. He said, "As the street cars stop at quite a distance apart on this section of the College car run, it seems that the motorman use this to make up time. Dufferin street is a very bad corner, as there is no stop between Sherilaw avenue and the west end of Gladstone on the east. As a result there is plenty of time for the motorman to have his car going at a high rate of speed when it crosses Dufferin street."

Street Was Light. In placing the responsibility for the accident on the motorman of the car, Edward Britnell, who had borne out by the version given by several of the storekeepers and customers who witnessed the accident from store windows. On this account darkness of the house was an important factor in the accident.

These people state that the motor car, on the contrary, was proceeding at a very moderate pace and that it had, in fact, hesitated before attempting to take the corner. The witnesses do not expect a collision would result, as to all appearances the car had plenty of time to come to a standstill before reaching the motor. Some state that the motorman had borne out by the version given by several of the storekeepers and customers who witnessed the accident from store windows.

He Expected It. A prominent doctor of the district where the accident occurred, who does not want his name mentioned, told The World that he expected that such an accident as this would happen. "The motorman have a split against the motor," he said; "this has been shown since the passing of the law which prohibits motormen from passing a street car at stops. When they see an autolator trying to pass the street car between streets they purposely raise them to the next stop. This prevents a street car from running the street car, and I fully expected that such an accident as this would happen almost any time."

INQUEST AT GORDERICH INTO GORDON'S DEATH

GORDERICH, Ont., April 28.—(Can. Press.)—A large number of witnesses have been called at the inquest into the death of Hugh Gordon which opens in Seaford town hall tomorrow morning and proceedings may occupy the entire day.

It is not likely that the prisoner will testify, according to Crown Attorney Seager, who will conduct the crown's case to-morrow.

PLAYED WITH SHOTGUN BROTHER KILLED GIRL

In Fun Girl Put Muzzle to Mouth and Brother Pulled the Trigger.

LEVIS, Que., April 28.—A horrible accident is reported from St. Anegle, Rimouski Co., in which a young girl, the daughter of Mr. Eusebe Le Pese, had her head almost blown off by the discharge of a shotgun in the hands of her brother.

The girl, believing the gun not loaded, put the muzzle to her mouth and pulled the trigger. To the horror of the young man the heavy charge which it contained blew a large hole thru his sister's head, and she fell dead at his feet.

RAILWAY BOARD SAT AT HAMILTON

Depression of T. H. & B Tracks Laid Over to Consider Cost.

GARMENT WORKERS Men and Women Accepted Employers' Offer and Return to Work.

HAMILTON, April 28.—(Special.)—At today's meeting of the Dominion Railway Commission, the application of the south end residents to force the T. H. & B. Railway to depress its tracks along Hunter street was laid over until such time as the city and the company can come to an agreement of the cost.

George S. Lynch-Staunton, representing the residents protesting against the proposed depression and explained them to the commissioners. The plans call for the extension of the tunnel from Park street to a point south of Hunter street, and between Macnab and James streets; the abandonment of the present tracks from Charles street to Hunter street; that new tracks be built starting at Charles street and going down at an incline of 75 degrees, until they come to a point 22 feet 6 inches below the ground level at Hunter street; that after passing Walnut street, the tracks will take an upward slope until they come to the ground level at Victoria avenue. The city engineer explained that the company had figured away about the actual cost of the depressing of tracks, saying that it could be done for about \$1,100,000, whereas the company's estimate is \$2,000,000.

The application of the board of trade to have the former sundering plan set on the Grand Trunk and T. H. & B. tracks, was allowed until the matter is settled and proposed to present their case.

The application of the Toronto & Niagara Power Company for an order permitting them to carry their travelling crane on the T. H. & B. Railway Company's right-of-way, was allowed, subject to such rules as the board will draw up in the near future.

The application of the Grand Trunk Railway to construct an additional track across Thompson road, in Bertie Township, was allowed.

The T. H. & B. was granted its application to prevent the Hamilton Cataract Power Company from stringing its wires over the company's tracks in the Township of Saltfleet.

The city made an application to have Grand Trunk provide protection from accidents at the subway near the high level bridge. It was said that the spot was dangerous to people travelling along the road, and that cinders and oil fell thru off the tracks. The company agreed to remedy the defect.

Gourlay Tone—A Revelation

The marvellous rich tone that pours forth from the Gourlay with bell-like sweetness has proved it a musical revelation in modern piano construction.

The production of Gourlay tone is the result of scientific knowledge on the part of expert artists in every department. The co-operative attention to every smallest detail by students of tone-production who work with only the finest materials procurable, has developed a high-grade piano with long life, great power of resistance, and a clear, mellow singing tone.

The Gourlay is universally endorsed by authoritative musical critics who know a piano. To know a Gourlay is to appreciate the wonderful accuracy of workmanship possible for human skill to produce.

The degree of perfection to which science has brought the

success in producing that ideal tone—places it in the front rank of the world's famous pianos.

The performer on the Gourlay feels the inspiring influence of a masterpiece. It lends itself to varying temperaments of different players with a remarkable responsiveness and sympathetic softness that charms.

This wonderful tone-control is of prime importance in the purchase of a piano. It is the basis of Gourlay popularity among enthusiastic friends.

We cordially invite you to our Art Rooms to investigate for yourself the wonderful possibilities of the instrument—that has established a modern revelation in tonal beauty—the Gourlay.

GOOPS EARLY BLOOMING SHRUBS

By R. R. TODD, M.D.

SOME THAT BLOOM BEFORE THE END OF APRIL

Early Blooming Shrubs

It is no hard matter for the ordinary householder (even the house in which he is living is not his own) to have a bush or two in bloom before the end of April. The simple little method of planting shrubs in the garden, or on the lawn, or in the yard, is well known to all. If you will see to it, you will have a bush or two in bloom before the end of April. POOR APPETITES.

Baby is a hungry creature. If he is not, something is wrong. When he wakes up, his first thought is to eat. In fact, it is his first weeks it is the only recreation he has. It is good for him to be hungry too; but of course his feeding times must be regulated, so that his appetite will remain good.

Miss Sternberg has issued invitations for a dance to be given her senior pupils at Stimpson Hall on Wednesday, from 8 until 12 o'clock.

Mrs. G. S. D. Doherty receives today at St. Luke's Rectory, 31 St. Joseph street.

At the home of the bride's parents, Rev. Dr. and Mrs. Booth, Barrie, the marriage was solemnized of Ethel Howard Booth to Dr. Charles Lucian Morgan, son of Mrs. R. Morgan, West Toronto. Dr. Booth conducted the ceremony. The bride, who was unattended, entered the beautifully decorated drawing-room to the strains of the wedding march, played by Mrs. Gerald Smith.

The bride wore a gown of white tulle, trimmed with shadow lace and a necklace of white pearls and pearls and pearls. During the signing of the register Miss Myrtle Scott, Howard Hurst, Harold Gilliam, Walter Koster, Jack Kinley, Dick Hanson, Gordon Keeley, Jess Scragg, Drury E. H. Keeney, Roy Hurst and Howard Robson. The prize winners were Miss Evelyn Hutchison and Mr. Walter Keller.

The first annual ball under the auspices of the Cadmus Literary Society will be held at the Metropolitan Assembly Rooms, 247 College street, this evening.

A May Day dance will be held by the Dalny Beach Club in the clubhouse on Thursday evening. The patronesses will be: Mrs. E. C. Berkishaw, Mrs. H. J. Wharfin, Mrs. E. P. Walker, Mrs. M. H. Van Valkenburg, Mrs. C. B. Watts, Mrs. W. J. Farmer, Mrs. A. V. Stammer, Mrs. C. W. Readman, House committee—Mr. D. J. Lauder, Mr. E. C. Berkishaw, Mr. E. P. Walker, Mr. J. B. Abbott, Mr. A. V. Stammer, Mr. R. G. Ross. Tickets for the above dance are limited, and members are requested to secure theirs immediately.

Miss Alice Ramsay and her master, Mr. W. O. Forsyth, may be congratulated on the success of a piano recital performed by Mrs. Ramsay on Saturday evening last in the Margaret Eaton Hall before a very large audience. The young lady's playing is characterized by a fine command of the keyboard, being musical, rhythmically steady, glittering with brilliancy of effect. Her playing was highly appreciated, and she received many requests. Miss Letitia Wilson, a soprano with fine voice, sang delightfully. She is a pupil of Mr. Arthur Bright. Miss Vera Hagerman made a splendid accompanist.

Substitution is attended by so many dangers that, to be safe, you must insa. upon getting what you ask for and what you know is good. This applies as strongly in the case of tea as of everything else. Ask for "Salada" and accept no other.

DEBIES REPORT.

Prof. Jackson is Annoyed and Indignant at The Globe.

Rev. Prof. Jackson stated yesterday that he was annoyed and indignant at the report published in The Globe of a lecture to the Sherbourne street Bible class on the book of Genesis.

Prof. Jackson said: "Our meetings are semi-private, and we discuss matters with much less reserve and formality than if they were sermons. The Globe's report, moreover, is very inaccurate. It wrenches statements from their context and tempt at connection."

GOOPS EARLY BLOOMING SHRUBS

By R. R. TODD, M.D.

SOME THAT BLOOM BEFORE THE END OF APRIL

Early Blooming Shrubs

It is no hard matter for the ordinary householder (even the house in which he is living is not his own) to have a bush or two in bloom before the end of April. The simple little method of planting shrubs in the garden, or on the lawn, or in the yard, is well known to all. If you will see to it, you will have a bush or two in bloom before the end of April. Baby is a hungry creature. If he is not, something is wrong. When he wakes up, his first thought is to eat. In fact, it is his first weeks it is the only recreation he has. It is good for him to be hungry too; but of course his feeding times must be regulated, so that his appetite will remain good.

Miss Sternberg has issued invitations for a dance to be given her senior pupils at Stimpson Hall on Wednesday, from 8 until 12 o'clock.

Mrs. G. S. D. Doherty receives today at St. Luke's Rectory, 31 St. Joseph street.

At the home of the bride's parents, Rev. Dr. and Mrs. Booth, Barrie, the marriage was solemnized of Ethel Howard Booth to Dr. Charles Lucian Morgan, son of Mrs. R. Morgan, West Toronto. Dr. Booth conducted the ceremony. The bride, who was unattended, entered the beautifully decorated drawing-room to the strains of the wedding march, played by Mrs. Gerald Smith.

The bride wore a gown of white tulle, trimmed with shadow lace and a necklace of white pearls and pearls and pearls. During the signing of the register Miss Myrtle Scott, Howard Hurst, Harold Gilliam, Walter Koster, Jack Kinley, Dick Hanson, Gordon Keeley, Jess Scragg, Drury E. H. Keeney, Roy Hurst and Howard Robson. The prize winners were Miss Evelyn Hutchison and Mr. Walter Keller.

The first annual ball under the auspices of the Cadmus Literary Society will be held at the Metropolitan Assembly Rooms, 247 College street, this evening.

A May Day dance will be held by the Dalny Beach Club in the clubhouse on Thursday evening. The patronesses will be: Mrs. E. C. Berkishaw, Mrs. H. J. Wharfin, Mrs. E. P. Walker, Mrs. M. H. Van Valkenburg, Mrs. C. B. Watts, Mrs. W. J. Farmer, Mrs. A. V. Stammer, Mrs. C. W. Readman, House committee—Mr. D. J. Lauder, Mr. E. C. Berkishaw, Mr. E. P. Walker, Mr. J. B. Abbott, Mr. A. V. Stammer, Mr. R. G. Ross. Tickets for the above dance are limited, and members are requested to secure theirs immediately.

Miss Alice Ramsay and her master, Mr. W. O. Forsyth, may be congratulated on the success of a piano recital performed by Mrs. Ramsay on Saturday evening last in the Margaret Eaton Hall before a very large audience. The young lady's playing is characterized by a fine command of the keyboard, being musical, rhythmically steady, glittering with brilliancy of effect. Her playing was highly appreciated, and she received many requests. Miss Letitia Wilson, a soprano with fine voice, sang delightfully. She is a pupil of Mr. Arthur Bright. Miss Vera Hagerman made a splendid accompanist.

Substitution is attended by so many dangers that, to be safe, you must insa. upon getting what you ask for and what you know is good. This applies as strongly in the case of tea as of everything else. Ask for "Salada" and accept no other.

MRS. G. W. B. writes: "Our serving club meets with me next month and we are limited to serving only tea and sandwiches for refreshments. Will you please give me directions for making sweet sandwiches and some very fancy meat sandwiches? I should like to know also where to get the seasoned and the unsalted butter so often used with brown bread sandwiches." There should be no occasion for regret that you are limited to "sandwiches and tea" for the club refreshment, for there is no limit to the variety of tasty, tempting sandwiches that you may make if you will take the trouble.

MANITOBA CATHOLICS

NEEDN'T BE AGITATED

Le Pays Says Attempt to Revive School Question Is Absurd.

MONTREAL, April 28.—(Special.)—His Grace the Archbishop of St. Boniface and Mr. Godfrey Langlois, M.L.A., are at length on the same platform in the opinion that the French-Canadians should not oppose the entry of Joseph Bernier in the Roblin cabinet. In Le Pays today, referring to the recent resolution adopted by the Catholic Federation of Winnipeg, Mr. Langlois says it is the eternal school question which they seek to revive when as a matter of fact it is dead and buried.

Le Pays tells the Quebec people that the Manitoba schools are better than their own and that, before getting mixed up with the federal government, they should improve their own education system.

Referring particularly to the entry of Mr. Bernier into the Manitoba cabinet, Le Pays says that a parliament is neither a temple nor a synagogue and wants to know what the religious question should be raised.

Stupid Isolation.—After expressing little sympathy with Mr. Bernier's politics, the paper contends that if the theory of the Catholic Federation is to be carried out, the French-Canadian whatever has the right to enter the Roblin ministry. In other terms the system of French-Canadian parliamentary government would be a step towards becoming a doctrine and what a superb page of French-Canadian parliamentary history it would be.

The French-Canadians of Manitoba, endeavor, therefore, to be men. No isolationist policy is to be followed. It is a Liberal, and just back from the west, says that it would be a very suicidal policy to oppose Mr. Bernier.

Albert Baker Was Run Over When He Was Run Away.

As a result of being run over by his own wagon on Saturday night, Albert Baker, 90 Prust avenue, a teamster for W. Harris & Co., Danforth avenue, died in the General Hospital yesterday.

He had been employed by Harris & Co. for 30 years. He was 67 years of age. He was run over by a wagon on Saturday night, April 27, at 11 o'clock. The wagon was driven by his son, who was also run over. The wagon was damaged. The driver was injured. The driver was taken to the hospital. The driver died.

TUESDAY MORNING APRIL 23 1913

A PRESENT SURVEY.

What with the mild weather and the high prices, it is probable that Toronto burned less coal per household this winter than for years. Now that real summer weather is with us, and people have no use for the scuttle any longer, the coal merchant graciously announces that he will lower the price. Provident citizens may load up for next winter's raging blizzards, but the average man is around interviewing the ice merchant.

There is a wild wish in the hearts of the multitude that all coal mine owners, all coal railroads, all coal dealers, all coal barons, interest, were dealt with after the fashion of pirates of old. They are, as a matter of fact, very much baser in their principles than the magnanimous and respectable buccaners and highwaymen from Robin Hood down. These robbed the rich and shared with the poor. The coal barons rob the poor and share with the rich. The rich man can buy his coal from \$2 to \$10 a ton cheaper than the poor widow, who has to get her supply by the hod and deliver it herself. These are the things that cause social revolution. Sir James Whitney thinks single tax would destroy the home and overthrow religion. The price of coal in Canada is doing that now. Has Sir James done anything to help the situation? He has. He has backed up Adam Beck in the hydro-electric project, and there is a faint hope that electric heat may some day keep us all from winter starvation. But Sir James does nothing directly to bring cheap fuel to the doors that need it most? Has Mr. Rowell? Has Hon. R. L. Borden? Has Sir Wilfrid Laurier? If half the energy and oxygen expended on the navy bill or on the question who should spend the \$5,000,000 on the north, had been put into settling the problem of how to fill Ontario's empty coal bin with certainty and economy, the province would have put up rows of monuments to the legislators. But legislators haven't really got down to the simple necessary business of house-keeping yet.

A YOUNG MAN'S (OFF) CHANCE. Citizens are indebted to The News last night for the information that "Mr. Geary is an opponent of Mr. Ellis." Those who observed Mr. Geary's movements during the recent shindy with The Telegram did not require The News' announcement, but it is interesting to hear that Mr. Geary has not been discouraged, by the comparative obscurity of the corporation counselor's office, from the exercise of those political talents that are sometimes worn more than experience and are never fettered by precedents. The fact that the city requires legal experience is a trifling matter when one considers the career of a promising and ambitious young politician at stake. Mr. Geary is a friend of The Telegram, and now is the opportunity for that organ to tender Mr. Geary its good offices. With its majority on the board of control it might get his salary as corporation counsel moved up to \$10,000 and with the \$4000 of the hydro-electric commissionship the city would feel that it was adequately recognizing its most distinguished young "pull"-litical genius. Let it not be suggested that Sir James Whitney does not get so much and that Hon. R. L. Borden gets no more. What have they done, or what are they doing, compared with Mr. Geary's services to the city in London, Rideau Hall and elsewhere? The council may not understand all this and vote the proposal down, but Controller Church should make it all clear.

PAY AS YOU GO.

It appears that 23 mills on the dollar is the rate the tax bills should be made out at this year, if the city is to pay its due debts and clean up its accounts for the current year. This rate is not due to any extravagance in the estimates now before the board of control, but is largely composed of the debts of other days, which false economists put over to some later, but inevitable, settling day. If the board of control and the city council would recognize the inevitability of the settlement, and decide that the best time to pay is the present, we believe the city would, with a few natural grumbles, accept the situation with a good grace and pay up and pay off.

The legacies of debt left from other years are a disgrace to the government of the city. We are quite aware that it is folly to hope for much improvement this year in this respect. Most of our city fathers have a far keener regard for votes than they have for the best business interests of the

city. And they have a conviction that a high tax rate leads to a low vote rate. The fact that to act on such a principle is a confession of incapacity to be a proper city father does not bother the average alderman at all, and we are not sanguine enough to suppose that an appeal to clear off all the city's just liabilities will have the same weight as an appeal to leave them to a more convenient season.

We can only point out that this is invariably the way men and municipalities get bogged in debt. Toronto should pay as she goes, or a day will come when the total liability will be a grievous embarrassment. Things that must be done pile up as a result of postponing things that ought to be done. Overdrafts accumulate and present expenses are trimmed, to recur in augmented amounts later on. The piling-up operation is carried on until the dam breaks, and a municipal crisis is precipitated. All this is elementary in the business knowledge of everyone who conducts a progressive and successful business. Toronto aims to be a progressive and successful municipal business. But watch the city fathers hewing away at the 23 mills.

INDIA'S TRADE BALANCES.

In his annual report for the year ending June 30, 1912, just issued, the director of the United States mint devotes considerable attention to India's drain of gold and its effect on the world's monetary reserves. This has unquestionably been due to the increasingly favorable trade balances of the great dependency. From \$182,846,889 in 1908 and \$79,048,235 in 1909, they leaped to \$211,919,211 in 1910, \$248,068,312 in 1911 and \$272,305,961 in 1912. Mr. Roberts expresses the opinion that while the importations of silver into India are not declining the balances due that country are still being taken in gold. The early months of this year, however, indicated a drop in gold imports, but it remains to be seen whether this change will be temporary or be continued during the remainder of the current year.

Another important feature of the Indian situation is the remarkable growth of the cotton manufactures. In 1880-1 there were only 55 cotton mills with 1,434,364 spindles and 12,739 looms, affording employment to 46,530 workers. In 1909-10 the number of mills had grown to 216 with 5,773,824 spindles and 74,585 looms, employing 215,419 persons. Last year the Indian mills consumed 6,000,000 hundredweights out of the 14,000,000 hundredweights of cotton India produced. They are now supplying almost the whole local demand for the coarser grades of cotton cloth, and in addition exporting yearly increasing quantities of these fabrics. Labor in India is of course much cheaper than in Britain, and the growth of the Indian industry has had its effect in turning the attention of British manufacturers to the finer qualities of cloth. Hence the call for the encouragement of cotton growing in the Egyptian Soudan, where the longer staple that give value to Egyptian cotton can also be grown.

LINDSAY HORSE SHOW PROVES BIG SUCCESS

Keen Competition Brought Out in Many Classes—Results of Judging.

LINDSAY, April 28.—(Special).—The annual spring horse show was held at Agricultural Park today, and the competition was keen in most of the classes. Dr. J. Hackney or carriage stallion, Chagley's Admiration, J. F. Staples, first; Coach stallion Frier, James Connolly, first.

COME TO ONTARIO TO TAKE UP LAND

Six Hundred Immigrants on Their Way to This Province.

Five hundred immigrants will arrive in Ontario in one huge batch on the steamer "Tunislan," which sails from Liverpool on May 16, and one hundred more who sought passage too late will follow on a later boat. This is an indication of the opening of the colonization season and the branch of the department of agriculture which has this work in charge is much elated over the rosy prospects of adding to the population of the province during the summer. All of these newcomers are booked for different points in Ontario and comprise farm laborers, domestics, experienced farmers and capitalists who desire to exploit land in an agricultural fashion. Immigration Agent John Farrell is taking charge of the party.

The Philosopher of Folly

A curious phase is life's long race, but every live one enters in it; as they tear from here to there, there's something doing every minute. They jog along, a motley throng, from Easy street and Hobo alley; o'er grassy slopes they swiftly lope, they cross the mountains, moor and valley. Yet some, we find, are not inclined to hump themselves when it is raining, and others shirk or dodge hard work, and now and then drop out of training; and others still, at ford or hill will pester out and knock under; and some will hike along the pike like Injun Tom, the nine-day wonder. However it be, it seems to me 'tis best to choose a pace that's steady—if on we jog thru rock and bog we often pass some light-foot Freddy who cannot wade or jump a grade, at which our harder muscles revel, who he could show us how to go if fate made all the pathway level. So when we find upon our grind, that clouds above look blue-black,inky, when muscles ache and ankles shake and everything seems rinky dinky, when all along upon the going the knockers play an anvil chorus, let us despair and tear our hair—for other men pulled thru before us. They may trip and slide and slip, with every bone and sinew shivering, the overcoat, the raising Ned, and the o'er shoes are old and leaking, 'tis wise to strive to look alive, his wisest far to keep agoing; where marbled shafts are thickly growing, the man who humps the grades and lumps when strength is low and hope's at zero may find his name unknown to fame, yet such a chap's an all-wool hero.

FIVE WITNESSES ARE SUBPOENAED

To Give Evidence in Proudfoot Charge Investigation Starting Today.

THE CASE IS PREPARED

Cross-Examination Will Commence as Soon as Case is Opened.

Before the special committee on privileges and elections in the parliament buildings today the charges of Wm. Proudfoot against the integrity of Hon. W. J. Hanna and Sir James Whitney will be given the first airing. For the occasion five witnesses have been called and work will begin at once. The intention of the committee is to give the matter all the consideration necessary and to provide all the papers and information desired, but an effort will be made to have the whole matter cleared up by the time the high reassembly convenes. Mr. Wallace Nesbitt and W. N. Ferguson will conduct the case for the committee and Messrs. Hartley Dewar and M. K. Cowan for the Proudfoot. The names of those called for the first sitting are as follows: Deputy Attorney General Cartwright; L. E. C. C. of the provincial secretary's department, and Assistant Provincial Secretary S. A. Armstrong. Mr. Proudfoot the buildings late yesterday afternoon stated that the case was practically prepared and that with the exception of a few papers which would be found cross-examination would begin at once. The committee sits at ten o'clock in the private bills room, and it is thought may hold three sessions per day.

ANOTHER CANADIAN AS UNIONIST CANDIDATE

LONDON, April 28.—(C. A. P.)—Charles Newhouse Armstrong, Canadian railway promoter, has accepted the invitation to become Unionist candidate in Colne Valley division at the next election. The constituency is now represented by Charles Leach, Liberal, and a Congregational minister, whose last majority was 300. Colne Valley mainly consists of Yorkshire mill operatives, is politically notable thru a remarkable single-handed Socialist victory achieved there a few years ago by Victor Grayson, who, however, suffered an equally remarkable defeat at the next election.

PATENT YOUR IDEA. In these days of invention and progress it is well that men of experience give their time and attention in assisting and developing new ideas. In another column we draw the attention of our readers to the card of J. Arthur Macmurray, patent attorney.

At Osgoode Hall

ANNOUNCEMENTS.

April 28, 1913. Judge's chambers will be held on Tuesday, 29th inst. from 10 to 1 o'clock, and only urgent matters will be taken. Peremptory list for appellate division for Tuesday, 29th inst. 1. Walberg v. Jencks Machine Co. (to be continued). 2. Scully v. Ryckman. 3. Kates v. Lyne. 4. Maple Leaf v. Owen Sound Iron Works. 5. Patterson v. Aldborough. 6. Sphinx v. Campbell. 7. Re Royston Park Subdivision.

Master's Chambers. Before Middleton, J. Master. White v. Hobbs—T. N. Phelan for defendant; E. C. Cattanaeh for plaintiff. Motion by defendant for order changing place of trial from London to Toronto. Judgment: I assume that the jury notice was given by defendant. If he is really anxious to have a speedy trial, he can do so by withdrawing the jury notice, and then the case can be transferred here and tried at the non-jury sittings. This will accomplish what will be advantageous to both parties and will obviate the objection of the plaintiff company to a trial before a jury of this county as against one of the farmers. Costs in the cause.

Michener v. Sinclair—J. King, K.C., for defendant, moved for order setting aside service of writ; G. R. Bosch for plaintiff. At plaintiff's request stands until 29th inst.

Gascoyne v. Ward—B. U. Davis, for plaintiff, moved for order adding two witnesses at Philadelphia, for use of industrial. T. P. Galt, K.C., for plaintiff. Order made.

Jackman v. Worth—F. Aylesworth, for defendants, moved for order for commission to take evidence of two witnesses at Philadelphia, for use of industrial. T. P. Galt, K.C., for plaintiff. Order made.

Sparks v. Turff—McLean (Mulock & Co.), for defendant, obtained, on consent, order dismissing action without costs and vacating lien and its pendency.

Burard v. Ryckman—Fraser (Ryckman & Co.), for defendant, obtained, on consent, order dismissing action without costs and vacating its pendency.

Gundy-Oxford v. Turff—McLean (Mulock & Co.), for defendants, obtained, on consent, order dismissing action without costs and vacating lien and its pendency.

Jackman v. Worth—T. P. Galt, K.C., for plaintiff, moved for order for inspection of mine of defendant company. F. Aylesworth for defendant. Reserved.

Judges' Chambers. Before Middleton, J. Re Palmateer—E. C. Cattanaeh, for mother, the committee, obtained order confirming report of local master and for distribution thereunder.

Calwell v. Hughes—D. I. Grant, for defendant, H. E. Rose, K.C., for plaintiffs. Appeal by defendant from the taxation of local master at Belleville. Reserved.

Brooks v. Interlake Navigation Co.—R. B. Henderson, for defendants, moved for order postponing trial. H. S. White for plaintiff. Interim ruling made that defendants be at liberty to take evidence of witnesses, navigators, de bene esse. Costs in cause.

Single Court. Before Middleton, J. Wood v. Brodie—C. A. Moss, for plaintiff, moved for interim ruling by local master at Perth. H. M. Mowat, K.C., for original defendant and for added adult parties. E. C. Cattanaeh, for infants. Interim ruling made that defendants be at liberty to take evidence of witnesses, navigators, de bene esse. Costs in cause.

Flacher v. Anderson—J. F. Edgar, for plaintiffs, moved on consent for judgment. No one contra. Judgment for plaintiffs for \$495.50 and for \$495.50 against H. R. Reynolds, with costs of action against both defendants, and judgment for defendants on counter claim for \$50. Argument of appeal resumed from 15th inst and concluded. Appeal dismissed with costs.

Ward v. Dickenson—No one for defendant. T. J. W. O'Connor for plaintiff. Appeal by defendant from judgment of Latchford, J., of 19th April, 1912. Action for \$2500 damages or damages pro tanto for alleged wrongful conversion of plaintiff's goods and chattels except stock certificates, or a delivery up to her as far as possible of said goods and chattels. At trial judgment was awarded plaintiff for \$600, and costs, with reference to either party objects, in which case F. D. and costs of reference reserved. Appeal dismissed with costs. Order not to issue until 29th inst.

Walberg v. Jencks Machine Co.—G. H. Kilmer, K.C., and J. A. Rowland, for plaintiff. J. Eicknell, K.C., and M. L. Gowen, for defendant. Appeal by plaintiff from judgment of Middleton, J., of 27th December, 1912. Action to recover \$3896, interest and costs, being amount claimed by defendant as due in question. Judgment (V.V.). In this case we are of opinion that unless some work of the matter is found, it will be necessary for the court to make an order giving effect to the order of Mr. Justice Teetzel, which would involve the pulling down and removal of any work in contravention of the restrictions in the deed. But before issuing that order we propose to give the defendant this opportunity if she choose to take advantage of it. Before disposing of the motion the defendant is allowed the privilege of paying into court within one week \$500, to be applied as far as necessary in obtaining the opinion of an architect to be appointed by the court as to what changes, if any, can be made in the building, so that same shall not be in contravention of the restrictions and the judgment of Teetzel, J., in question, and this motion stands meantime, to be brought on by either party at any time.

Appellate Division. Before Mulock, C.J.; Clute, J.; Riddell, J.; Sutherland, J.; Leith, J. Holden v. Ryan—A. C. McMaster, for plaintiff by order of defendant. Appeal by plaintiff from order of Brydon, J., of 23rd January, 1913, dismissing motion of plaintiff for an order to compel defendant to pull down building or in alternative to pay to plaintiff in question. Judgment (V.V.). In this case we are of opinion that unless some work of the matter is found, it will be necessary for the court to make an order giving effect to the order of Mr. Justice Teetzel, which would involve the pulling down and removal of any work in contravention of the restrictions in the deed. But before issuing that order we propose to give the defendant this opportunity if she choose to take advantage of it. Before disposing of the motion the defendant is allowed the privilege of paying into court within one week \$500, to be applied as far as necessary in obtaining the opinion of an architect to be appointed by the court as to what changes, if any, can be made in the building, so that same shall not be in contravention of the restrictions and the judgment of Teetzel, J., in question, and this motion stands meantime, to be brought on by either party at any time.

BEACH CANOE CLUB HONOR HOCKEYISTS

The Paddlers' Senior Team Were Tendered a Banquet Last Night.

The Beach Canoe Club held a complimentary dinner last evening at the Woodbine Hotel in honor of their champion hockey team, winners of the senior division of the Beaches League. Manager Jimmy Dolan was in his glory and "General" James was handed several baskets full of bouquets for his untiring services in the season just finished. A menu was provided that included everything from soup to bread, that's where the nuts come from, and the hundred or more members and their friends who sat down made merry until the wee, small hours. Impromptu speeches and rollicking songs kept the merry making at fever pitch. The following toasts were tendered and ably led by E. Jules Brazil who also entertained with some excellent solos.

DONIHUE OF TORONTO GOES TO WESTMINSTER

The West Gets One of East's Strongest Players—Lacrosse News and Gossip.

After considerable correspondence over the wire, says a Cornwall despatch, with the lacrosse mogul of New Westminster, Henry Donihue of last year's champion team, he has decided to go to the coast. He has accepted his transportation to the coast and expects to leave for some time in the next week for the Cornwall within the next week for the west. Donihue was generally regarded as one of the strong ones on the team last year. And in his departure for new fields the blue shirts will be weaker in the particular position in which Donihue figured. He will prove a decided acquisition to the Westminister team, and while not possessing the same averdups as some of the other members of that team, he will illustrate the truth of the saying that "Good goods are done up in small parcels."

Winnipeg Has Scottish Curling Association

WINNIPEG, April 28.—The Scotch Curling Association of Winnipeg has been organized by representatives of the various Scottish associations in the city. The objects of the organization are to promote the game of curling particularly among the Scotchmen of Winnipeg, and the new-comers from the motherland and to carry out the annual Scottish bonspiel, which is now a great event.

3. G. Black (scratch)	8:42
4. G. Tielston (30 secs.)	8:43

WOODBINE TRAINING AND TRACK GOSSIP

William Walker's King's Plate Entry Dead—Melville Allen Returns.

The incessant rain all day Sunday left the track in a very sloppy condition yesterday morning, but a number of the trainers had their horses out on the same.

Johnny Flynn breezed his King's Plate filly, Auster, a half mile, although not nearly at top speed. However, the filly, which was trained by Harry Giddings, showed no dislike for the mud. In 2:05, and the big colt was full of run.

It was the first time this colt has been asked to go that far, and the easy manner in which he performed, greatly pleased his owner, Harry Giddings, who was present to see him work.

The Davies horses were cantered only. William Walker breezed a couple at a two-minute rate.

Mr. Walker reports the death of his King's Plate entry, the three-year-old filly, Herth, which was by Hldrim—Golden Glitter II. The filly reared up and fell backward, and striking her head with such force that she died from the results.

However, the east end horseman had a little joyful news in reporting a beautiful filly from his mare, Kylie, which came on April 1. The youngster is by the well-known performer, Stanley Fay.

HUGH S. RED QUITS CRICKET

Well Known Player Clears Out His Locker at Rosedale—The Australians' Visit.

Hugh Reid, former captain of the Rosedale Cricket Club, cleared out his locker last night and announced that he is thru with the game for this season at least. Mr. Reid is one of the best exponents of the game in the city and has been a member of the international team several times. His absence from the Rosedale club will be a severe loss.

The Edmonton "Cricketer" League has asked their city council for a grant of \$1500 towards defraying the expense of bringing the famous Australian cricket team, which will visit Edmonton June 3 and 4. It is likely that the city council will see their way clear to make the grant asked, as it is recognized that the visit of the Cornstalks to Edmonton will be a valuable one to the city in many ways. The dates proposed for the match are June 3 and 4.

Norman H. Plummer, secretary of the Calgary Cricket League, announces that the Australian cricket team will appear in Calgary in a two-day match the latter part of August. Manager Benjamin will be in Calgary during May.

MONTREAL CURLING CLUB'S 106TH ANNUAL

H. E. Suckling, Old Toronto Lacrosse Player, is Elected President.

H. E. Suckling, the old Toronto lacrosse player, was elected president of the Montreal Curling Club at its 106th annual meeting. The list of officers: President, H. E. Suckling; Vice-president, J. Baillie; Hon. secretary, W. M. Taylor; Hon. treasurer, Arthur Ross; Directors, J. W. Pyke, J. J. McGill, G. Darling, J. F. Munde, Rev. J. Williamson; representatives, members, T. Williamson, W. M. Taylor.

The Montreal Star says: H. E. Suckling has been a member of the Montreal Curling Club for about twenty years; during which period he has occupied the positions of hon. treasurer, hon. director, vice-president. He has also always taken an active interest in the game itself. Mr. Suckling has been closely identified with other branches of sport, having been for several years one of the "first twelve" of the Toronto Lacrosse Club, when that game was purely amateur; having played on the team with the Hon. Sam Hughes, Arthur Ross, MacKenzie and others whose names are well known in the city. He has also been a member of that association. He has always taken a keen interest in lawn tennis, and was one of the original members and players of the Cote St. Antoine Lawn Tennis Club, and is at present the honorary president of the Lawn Tennis Association of the Province of Quebec.

When Con Jones Reached Home

Vancouver World: Con Jones returned to Vancouver from the east last night after a visit of almost a month's duration. Jones has been in the east engaged in a diplomatic task with the mogul of the Big Four, and fixing things up for some time. He is at present the honorary president of the Lawn Tennis Association of the Province of Quebec.

Con went back as the emissary of the B. C. L. A. to arrange a commission, but during the signing of the peace terms, the club with a proxy when the east and west met. The Salmonbush failed to get a more equal playing basis with any expense or effort on his own part.

Lionel York signed up a team, but whether or not it is of sufficient strength to win a place in the B.C.L.A. will not be determined until Saturday, when the association meets to hear an account of the Vancouver magnate's doings back east.

Con Jones, who has been in the east for some time, and is now in Vancouver, is expected to return to the east in a few days. He has owned him ever since. By Miss Wilks Baron Howes has been shown in the ring through Canada and the United States, and was always a first prize winner. At Toronto he won the Canadian championship, and was a winner at New York and Chicago.

MISS WILKS SELLS CHAMPION CLYDE.

GALT, April 28.—Owing to inadequate accommodation since the fire destroyed the Crickerton Park stables, Miss Wilks has been obliged to dispose of Baron Howes, Clydesdale stallion, registered 13349, 13309, 774, to Everett, Simcoe, Price \$1800. The horse was shipped last night. Baron Howes is one of the finest Clydesdales that ever crossed the ocean, and was considered an unequalled specimen in Waterloo County. He was bred by John Brown of Howes, Hanan, Scotland, and as a colt won a championship in the old land. In 1907 he was imported to this country by Graham and Renfrew, Bedford Park, Toronto. In 1908 he was bought by Miss Wilks, who has owned him ever since. By Miss Wilks Baron Howes has been shown in the ring through Canada and the United States, and was always a first prize winner. At Toronto he won the Canadian championship, and was a winner at New York and Chicago.

HEAVY TRACK AT
HAVRE DE GRACE

Enver Bey Wins the Aber-
deen Stakes in the Heavy
Going—Entries and
Selections.

HAVRE DE GRACE, April 28.—Scratches
due to the heavy track caused a revision
in the prospects of many of today's events
and led to the upset of some of the bet-
ters. Enver Bey carried off the feature,
the Aberdeen Stakes, the other Trumpe
by Punch Bowl would have been a hot
favorite had the conditions been differ-
ent. Galaxy, in the second race, also
was successful to the heavy going as Vega
has shown superiority over today's winner
and Volchen was another good runner
and Volchen was another good runner
deprived of a chance to win by weather
and track conditions. Blue Thistle's win
in the first was also due to the absence
of Gowl and Garry. Sherwood and Dis-
covery were the only overnight favorites
to score, and they were so much better
than the rest of their field that they
could not be headed.

FIRST RACE—Mares and geldings, 3-
year-olds and up, 8 furlongs: 9 to 5,
1 to 2 and 1 to 5.
1. Chilton Queen, 115 (Montour), 7 to 5,
9 to 20 and 1 to 5.
2. Cherry Seed, 111 (Halsey), 15 to 1,

Time, 1:15 3/4. Horace E. Little, Pal,
Rog and Gun and Garry also ran.

SECOND RACE—Two-year-olds, 4 1/2
furlongs: 10 to 1, 10 to 1, 2 to 1 and 1
and 1 to 10.
1. Galaxy, 105 (Wolfe), 6 to 1, 2 to 1
and 1 to 10.
2. Mater, 107 (Butwell), 6 to 1, 2 to 1
and 1 to 10.
3. Vega, 112 (Trozier), 7 to 5, 1 to 2
and 1 to 5.
Time, 55 4/5. Velchen, Stake and Cap,
Moins, Sanctuary and Folly H. also ran.

THIRD RACE—Three-year-olds and
up, handicap, selling, 6 furlongs: 10 to 1,
1 to 2 and out.
1. Shagwood, 114 (J. Wilson), 7 to 10,
1 to 2 and out.
2. Montessor, 105 (Wolfe), 100 to 1, 20
to 1 and 3 to 1.
3. Prince Ahmed, 115 (Butwell), 10 to 1,
2 to 1 and 2 to 5.
Time, 1:14 2/5. Vol Thorpe, Judge
Mosk also ran.

FOURTH RACE—The Aberdeen Stakes,
3-year-olds, 4 1/2 furlongs: 10 to 1,
1 to 2 and out.
1. Enver Bey, 109 (Trozier), 3 to 5, 1 to 2
and out.
2. Gainer, 111 (J. Wilson), 3 to 2, 2 to 2
and out.
3. Executor, 107 (Butwell), 25 to 1, 4
to 1 and 5 to 1.
Time, 55. Preston Lynn, Filttergold,
Capto and Fatton also ran.

FIFTH RACE—Three-year-olds and up,

TORONTO GOLF CLUB
COURSE IN GOOD SHAPE
A good number of the members of the
Toronto Golf Club were out at the new
grounds at Etobicoke last Saturday and
enjoyed a round over the course, which
has come thru the winter without any
damage. In a short time the work on
the club house will be sufficiently ad-
vanced to enable the steward to serve
meals at any time, but for present and
until further notice only lunches and
teas can be obtained. The first round
for the Odey trophy will be played on
Saturday, May 10, entries for which close
and must be sent in to the secretary,
Toronto Golf Club, Long Branch, before
May 5.

NICE PROGRAM
BOOK BY O. J. C.

Eleven Stake Entries Close
Next Monday—Dates
for the Two
Meetings.

Of special interest is the main en-
graving in the Ontario Jockey Club's
program book, just issued. The cut
is a splendid reproduction of the Duke
and Duchess of Connaught in their car-
riage as they are entering in state last
autumn, the historic Woodbine course.
The book contains the usual information
indispensable to owners, trainers and jock-
eys, and those generally interested in the
O.J.C.'s spring races. The dates are
Saturday, May 24 to Saturday, May 31.
The King's Plate is the fifth race on
opening day. The Toronto Cup is the
fourth race on closing day.
Over \$2,000 will be given away in
prizes. Entries to the following stakes
will close next Monday:
For 3-Year-Olds and Upward,
May 21—Toronto Cup (handicap), \$5000.
May 28—King Edward Hotel Gold Cup
(a cup, value \$1500), handicap, \$1000.
May 30—Minto Stakes (selling), \$1500.
May 30—Prince of Wales Handicap,
\$1000.
For 3-Year-Olds,
May 24—Woodstock Plate, \$2000.
For 2-Year-Olds,
May 30—Victoria Stakes, \$2000.
Steeplechases,
May 27—Woodbine Steeplechase, \$1500.
May 31—Street Railway Steeplechase,
\$1500.
The following are for Canadian owners
only:
May 28—Coronation Stakes (3-year-
olds), \$2000.
May 29—The Connaught Cup, handicap,
\$2000.
May 31—William Hendrie Memorial
Handicap, \$1500.
There will be a steeplechase every day
of the meeting, and some days there will
be more than one. There will be seven
races each day. The fall races are Sept.
20 to 27.

HAWTHORN LOOKS GOOD
FOR KENTUCKY DERBY
Wins Impressively in Feature Race
at Lexington—Long Shot
Lands First Race.
LEXINGTON, April 28.—Hawthorn, by
winning the fourth race, the feature to-
day, proved himself a worthy contender
for the Kentucky Derby. The Hastings
gelding triumphed easily over Weyanoke
and Strenuous, both of which had a con-
siderable number of friends among the
players. Whitte made the record of the
day in the mutuels, paying \$48.58 for
\$100. The winner of the fifth race,
the Buckner gelding's first appearance on
the track since his campaign at Juarez in
the winter, the best of friends among the
students of form liked the chestnut.
Brave Cunsarder, winner of the fifth
race, was not seriously considered in the
early predictions, and returned good
dividends to his friends, while Barbara
Lane, who followed him home, was an-
other who counted only a limited num-
ber of admirers.
FIRST RACE—Three-year-olds and up,
5 1/2 furlongs:
1. Whitte, 112 (Bore), \$91.80, \$8.60 and
\$5.60.
2. Rose of Jeddah, 107 (Loftus), \$3.90
and \$3.90.
3. All Red, 109 (Kirschbaum), \$3.78.
Time 1:17. Rash, Ime, John G. Wea-
ver, Senator James, Hermida, Lauretta,
Belworthy, Lady Mute, Cedarbrook and
Aloha also ran.
SECOND RACE—Purse \$400, two-year-
olds, one mile:
1. Korbage, 109 (Bore), \$27.50, \$5.80
and \$6.40.
2. Weyanoke's Choice, 112 (Gans), \$4, \$8,
\$3.80 and \$3.80.
3. Manners, 112 (Buxton), \$2.90.
Time 50 4/5. Walters, Barilo Jim,
Father Riley, John Nolan, Art Rick, Des-
tiner, Meshach and Durin also ran.
THIRD RACE—Purse \$400, three-year-
olds and up, 5 furlongs:
1. Merrick, 111 (Grant), \$13.50, \$5.20 and
\$2.80.

Judging Horses
VERSUS
TAILORING
Horses in the show ring are no longer judged by "snap" judgment, but by a "scale of points" which is based upon a definite standard that is recognized to be a correct measure for determining the points of an ideal horse. Deciding the merits of the horse, and making just awards under accepted standards is therefore a comparatively easy matter.

You Are Cordially Invited
to visit our big tailoring organization and inspect the lines of fabrics for Spring wear. We ask no "snap" judgment, but will be satisfied to be judged by a "scale of points" covering the highest ideals and standards of tailormaking. We want you to see the Suitings at \$20, at \$25, at \$30, and \$35. Nearly 1,500 new weaves and patterns to select from. It isn't a question of price, either. You could pay twice as much as we charge, and yet not secure garments which would give the same good tailoring—the splendid-fitting garments—the wide variety of selection, and all-round satisfaction.

HORSES SELLING WELL AT MAHER'S EXCHANGE.
Despite the fact that the farmers are busy seeding their shippers secured large consignments of good horses for this week's sale. The sale was conducted by Auctioneer George Jackson and bidding at times was very lively. Eighty per cent of the stock changed hands and a number of shipments were made to points in Ontario. The sale commenced with a consignment of horses from an eastern point, which were all sold at the high dollar. These were followed by the regular shipments of fresh country broods and the usual city horses, which sold rapidly.
A carload of bush horses from Graves, Bigwood & Co. of Nain Centre, Ont., were to have been sold at yesterday's sale, but owing to a delay in shipment the horses did not arrive in time for the sale and will be offered at Thursday's auction. Some of the buyers were:
J. A. Jenkins shipped a car load to Kingston; W. Murray shipped a car load to Pembroke; T. H. M. Hulse, Aurora; F. Topper, Kleinburg; George M. Holby, Stanley Mills; C. Whitney, Scarborough; F. Awty, Newmarket; Toronto Electric

RAIN STOPS THREE INTERNATIONAL LEAGUE GAMES FOUR NATIONAL AND EIGHT AMERICAN CLUBS IDLE

LEAFS MOVE ON TO BALTIMORE DONOVAN REDUCES HIS SQUAD

Jordan's Hand Still Sore—Goulait Due to Pitch First Game Against the Birds—Grays Turn Players Back.

PROVIDENCE, R.I., May 28.—(Special.)—Manager Kelley and his Toronto champions left here tonight for Baltimore, where they will finish the eastern trip. The champions were greatly disappointed at the postponement of today's game, as they fully expected to win it. Things broke badly for the Leafs every game, the locals having the advantage of all the breaks in the game in all three contests. Kelley intended trying out Goulait, the new pitcher obtained from the New York Nationals to take Rudolph's place, and was anxious to see him work. Kel believes he has a first-class man in Goulait. All the players are in good condition with the possible exception of Jordan, who is nursing a badly bruised finger. He expects to get back into the game in a few days, however. A heavy shower this forenoon made things look bad for a game this afternoon, but shortly after lunch the clouds broke and the sun appeared, only to be followed by another shower at 2 o'clock heavier than the first one that made a game out of the question.

Doubleheader Next Trip.
The game will be played as a doubleheader on the next trip here of the champions. Manager Donovan made a big cut in his squad by sending outfielder Duggan to the Hartford Club of the Eastern Association, a class B organization. Outfielder Scott, who is a Youngstown, Ohio, and Pitcher Jensen to New Haven, where he played last year. Outfielder Powell, for whom Detroit paid \$500 last fall, reported to Manager Donovan today and will be given a regular berth in the outfield. Two or three other players are due to go before the Grays leave for the first western trip next week.

THE OPENING GAME.
One week today Joe Kelley and his champion Leafs will open the local International League season. Newark Indians, the league leaders, will be Toronto's opponents. Reserved seats and combination tickets are now on sale at Mooney's cigar store, 33 West King street, for the opening game.

Cockneys Capture First of Season

LONDON, April 28.—(Special.)—The local baseball season was opened here today, when Manager Deneau's Canadian League team were given an exhibition game by the Hyman team, City League champions. The game resulted in a win for the pros. By the 8th, the youngsters never seemed to have a chance, although only for the opening inning, which gave the runs to the Hyman men, the game would have been closer and more interesting. Gilles, the local pitcher, who was given a try by Deneau's Berlin team, held the big team to three hits during the last four innings. The score: R. H. E.
Hyman 0 0 0 2 3 0 0
London 8 1 0 7 10 2
Batteries—Wilson, Gillies and Russell; Higgins, Fitzpatrick and Foye, Nichols and Lorn.

HORSE SHOW OPENS AT EIGHT TONIGHT

Entries in All Classes Are Ahead of Those of Other Years.

Perhaps the feature event in the opening card of the horse show this evening at the arenas is the four-hander, at the last event of the evening will furnish both excitement and amusement, when the thirty individual N.C.O.'s and men perform over the jumps. The judging will begin promptly at 7.30. The rosette contest is on sale at Tyrrell's, 35 East King street, and will remain on sale until 5 o'clock each day of the show.

AMATEUR BASEBALL

The postoffice ball team practice this evening at Ketchum Park. They play at St. Michaels Wednesday at 7.30.

A fast team is desirous of joining a first league, 16 years and under. Write R. Vane, 65 Somerset avenue.

The St. Albans Baseball Club would like to arrange on out of town game for the 24th of May in Hamilton if possible. Average age 18. For particulars apply James Ryan, manager, 74 Duchess street.

All members of West End Y.M.C.A. who are interested in baseball are requested to turn out for practice at Durbin Grove this evening at 8 o'clock on diamond No. 1.

The I.C.B.U. have organized a ball team as usual this year and have entered the Don Valley League, with T. Jordan as manager. They will have their first practice on Thursday, May 1, at the Don Flat. Any one wishing to play for a fast senior team at last year's players are requested to be on hand.

FAIR FOR A YOUNGSTER.
GREENSBORO, N.C., April 28.—Ray, an 18-year-old boy, signed by Winston-Salem in the Carolina League, today pitched a no-run, no-hit game against Durham. The youngster also exhibited perfect control.

ST. LOUIS BUNCHED HITS ON THE REDS

Cincinnati Started Well, But Cardinals Soon Forged to Front and Won.

ST. LOUIS, April 28.—St. Louis won today 7 to 5, taking three out of four games from Cincinnati. Cincinnati started off well, scoring three runs in the first. In St. Louis' half of the first, St. Louis bunched his hits with bases on balls, off Powell and Worka, scoring four runs. Huggins walked, took second on Smith's balk and scored on Konetchy's single in the second. In the eighth Sallee's third single, a sacrifice, wild pitch and two singles scored two for St. Louis. Sallee scored on Becher's single, a steal of second and Becher's third single. Score: Cincinnati..... A. B. R. H. O. A. E. SPORTING NOTES.

Friends of Frank Chance are not feeling especially discouraged over the showing the Highlanders have made so far this season. A tall order against the three strongest teams in the league for the first three weeks of the season is hardly a fair deal on the part of the schedule makers.

Joe McClintock, former champion amateur heavyweight of the Pacific Coast, won his second professional bout, getting a decision over Faddio in Buffalo in their four-round bout. McClintock's cleverness gave him a big lead over the eastern man from the start. 4 in his blows lacked the steam to put Lavin out. He was particularly effective in clinches, keeping Lavin, a ring veteran, in distress most of the time.

Joe McClintock is off to a poor start at Tacoma. Catcher Foley, outfielder Fischer and infielder Clark were released by Manager McClintock of the Tacoma Northwestern League club. Still further reductions in the staff of players are planned. Pitcher Kaufman, who was formerly with Victoria, has been signed, and will be used against the Seattle club this afternoon. Tacoma is like Toronto, at the bottom of the heap, with only two games won.

BUTLER OFF TO HENLEY.
E. B. Butler, ex-champion sculler, leaves today for Montreal, thence he sails Thursday for England to undergo a seven weeks' preparation at Henley for the Diamond Sculls. He will work and race in a new scull.

GUELPH FANS DISAPPOINTED.
GUELPH, April 28.—It was a disappointed crowd of fans that made their way home from the baseball grounds this afternoon. They expected to see the Maple Leafs in action against Abby Johnston's St. Catharines Niagara League team, but the latter failed to put in an appearance. They are scheduled to play here on Tuesday and Wednesday also.

Claims Runner Should Have Scored on Passed Ball—Weird Twirling.

BALTIMORE, April 28.—The Birds and Bisons played a ten-inning tie today. The game was marked by the weird exhibition of all the pitchers. Eleven bases on balls were given and three batters were hit. The Bisons' game well in hand, with a lead of seven runs, but the Orioles came up from behind and tied the score. Manager Clymer may protest the game, claiming that Frill should have been allowed to score in the tenth on a passed ball, which, he claims, hit the grand stand. Score: Baltimore..... A. B. R. H. O. Phillies Protest Two New York Games

BOSTON, April 28.—A formal protest of the games played on the Polo grounds, New York, April 22 and 24, between the New York and Philadelphia teams of the National League was filed by telegraph with President Lynch of the league by President Locke of the Philadelphia Club today.

The protest is based on the claim of the Philadelphia players that there was a hole in the ground back of the pitcher's box at the Polo grounds for two or three days. "This," President Locke says, "is a violation of the playing rules, section 1.1 of the National League constitution, which must slope gradually from the pitcher's box to the bases on either side. The hole was filled in for the game of April 25."

TO TRY A COME-BACK.
CHARLESTON, Pa., April 28.—There is a big possibility of "Bill" Phillips, the veteran pitcher and club manager, getting into the Philadelphia pitcher and taking his turn with Indianapolis in the Federal League this year. Yesterday afternoon he set them a fast pace and was troubled with a sore knee at that.

BERT KING LOSES CASE.
CINCINNATI, April 28.—The National Baseball Commission today upheld a decision by the National Board in disallowing the appeal of player Bert King. The player originally asked that he be allowed a claim for a bonus of \$100 from the Topick Club of the Western League. The National Board refused to allow the claim and in this they were sustained by the National Commission today.

MANAGER JOE TINKER IS A STEADY PLAYER.
A strange thing is the record of Manager Joe Tinker of Cincinnati. He gets into almost exactly the same number of games year after year, and is disabled for about the same number of days each season. Back in 1904 Joe played 141 games. In 1911 he was in 143 battles, and in 1912 he took part in 142. One season Joe was out for 30 games or so with appendicitis, but in ten campaigns he never has been in less than 140 or more than 144 contests—a curious and unique individual record.

CHICAGO, April 28.—Chicago moved into first place in the National League today by defeating Pittsburgh 8 to 5 in the final game of the series, while New York fared badly in playing by wet farcical exhibition, with each team contributing. Pitcher Hendrix could not find the plate in the locals' half of the eighth. Pitcher Toney in three times at bat made two singles and a triple. Texas Leaguers

Among those that are hitting the ball heavily and off this season, one Ira Thomas deserves a prominent place in boldface caps. Far from being done, Ira has been frolicking around like a two-year-old these spring days afternoons.

Seidman has a catcher been missed the way Chance misses the popular Ed Sweeney. Williams has a great arm, but he doesn't seem to be able to get his throws started, while Sterrett gets them started, but they don't arrive consistently on schedule time. Manager Jennings is guessing just what he will do with his players to make room for T. Cobb. The latest guess is that Crawford will be moved to first base and Cobb sent to right, while Hughie High is allowed to remain in centre. Sainer worries too much and is not doing the kind of work on first that will win. He started out this spring at a fast clip, but has fallen down in his hitting and fielding, and Jennings is afraid his worrying will keep him from recovering his stride very soon. A single with a man on third is worth half a dozen clouts with the sacks de-populated. Walter Johnson has started out to make a record. If he pitches all summer as he has started, the Senators should win the pennant this year. Bodie, the fence buster, has been benched by Manager Callahan of the Sox. Ping likes the large nickle variety too much to keep them. The Parkdale Baseball Club of the West Toronto Senior League will practice Tuesday and Thursday of this week at 6.15 p.m. at Perth avenue grounds. All members are asked to be present, as Parkdale play their first league game Saturday, May 3, with the Beavers at 2 p.m.

The tribe of Kelley took an enforced rest yesterday owing to rain. The juveness was general thruout the east. Only one game was played in the International, two in the National, and every one game in the American League had to be postponed. The St. Catharines baseball team is stranded in Bramford. They played there on Friday and Saturday with the Red Sox and were to have opened their season in Guelph yesterday. Abby Johnson promised to be at the station Monday morning to take the players to the Royal City, but failed to put in an appearance, and the players being without funds, could not make the journey on their own hook. In the meantime, an effort is being made to arrange for a series of games between Hamilton and St. Catharines to help the Garden City players out. The Toronto Railway team would like to arrange a game with some fast team for Saturday afternoon. Address R. Hickey, 231 Major street. The team will practice Wednesdays and Friday nights of this week at Bayside Park at 6.30.

LAND MARKET IS IN HEALTHY SHAPE

Building Property Sales Made April a Very Busy Month.

"The money situation has had little effect on business in building land, April has been one of our best months," said W. S. Dinick, president of the Dominion Land Company, yesterday.

DEFUNCT BRICK CO.'S PROPERTIES SOLD

E. R. C. Clarkson, acting for the Defunct Brick Co., a company that became involved three years ago, has transferred to Mrs. Helen S. Harris property north of Weston, held by the defunct concern.

THISTLETOWN FARM CHANGE OWNERS

A \$45,000 farm deal two miles north of Thistletown has been recorded. It includes 100 acres, the east half of lot 1 in the 10th concession of Vaughan Township and 85 acres in lot 25 in the 7th concession west of Yonge, York Township.

HUMBER LAND SOLD TO MARKET GARDENER

Twelve acres on the east side of the Humber river at the southwest corner of Weston and Albion roads have been sold by Thos. Griffith to Samuel McCutcheon, gardener, at \$14,352. The land is a mile above Weston.

C. N. R. BUYS A STRIP.

The C. N. R. has purchased for its right of way 3.44 acres adjoining the T. & N. P. transmission line, a strip 60 feet by 2503 feet, extending west from 10th Avenue.

NO JEWISH CEMETERY

With the covenant that the property is not to be used for a Jewish cemetery within 20 years, Helen Elliott has transferred to Walter J. Snell lots 3 and 4 in Scarborough on the Danforth road at \$9,000.

GOOD ROADS MOVEMENT MOVES RATHER SLOWLY

Counties Waiting to See if Government Intends to Increase Grant.

One of the reasons becoming apparent why the province as a whole is not taking up the good roads plan of the government with marked alacrity is that following the announcement in the house that good things were planned for Old Ontario, the counties are waiting to see if more than the customary one-third will be allowed them in their work.

TENANTS VACATING UNION BANK SITE

Must Get Out in Three Weeks—Plans for Big Addition Are Not Ready.

The Union Bank are going to go ahead almost at once on the erection of the new building next to their present head office, at the corner of King and Bay streets.

Fine Cut Stone From King and Yonge Will Be Utilized.

SCARBORO FARM TO BE SUBDIVIDED

A report that he had secured an option, expiring next Saturday, at \$12,000 a foot for the 50 feet of the Mail Building's King street frontage was denied yesterday by W. Wilcocks.

FOUR ACRES, SCARBORO

A purchase for subdivision of 33 acres on the Danforth road, a mile above the Half Way House, has been made. A month ago George Taylor, farmer, sold the property, which is the north part of lot 26, concession C, Scarborough, to the Crown Realty, Limited.

ANNETTE STREET SALE.

Jacob Casselman has transferred, at \$7,000, 40 feet on the north side of Annette street, lot No. 3, to William J. McCullough.

KEELE STREET TRANSFER.

John M. Warren has sold to John G. Brown, builder, five acres at the north-east corner of Keele street and Eglinton avenue, with 811 feet frontage on the latter street.

HARD TO SECURE MONEY FOR ROADS

Four Counties in Ontario Tied Up Thru Lack of Cash.

GENERAL WORK IS GOOD

Several Thousand Men Already at Work in Northern Ontario.

That there is to some extent an appreciable stringency in the financial affairs of the province is evidenced in the difficulty which several counties are experiencing in forwarding their good road schemes.

This is partly due to the methods employed in the issue of debentures towards that end. Some localities prepare them on an agreement by which they are recognized from time to time, and it is these which have trouble when the money market is not loose.

The general work, however, is proceeding well throughout Ontario and large gangs of men are now out upon the roads engaged in both provincial work and that organized under the bylaw and colonization arrangements.

Mr. Bennett has just returned from an inspection visit in the Timiskaming district, and leaves again tonight to study the progress of the work on the south-Sudbury trunk line.

"THINGS ARE GETTING HELLSH IN TORONTO"

Says Alderman Wanless, Who Wants a Police Station at Hanlan's Point.

Department heads recommended to the property committee that the Yonge street firehall be leased for police purposes, and a site for a new firehall on a side street nearby be set forth.

Ald. Risk contended that the island is being given a costly police station that it does not need, and should be given instead a firehall in the island.

Chief Thompson is to report at next meeting what betterment of fire protection at the island is necessary. He is to confer with Controller O'Neill, and Ald. Risk, McGibbon and Ald. O'Neill.

When the baseball season is on there are sometimes several of the police officers to the city with prisoners, and the number of police left cannot always cope with the crowd. said the chairman, Ald. Weston.

"The rowdy element in Toronto is growing so fast that it is now a serious menace," said Ald. Wanless, who is getting hells in this city, with the thrush of immigrants, special workers know this. "There most certainly should be a police station at Hanlan's Point."

"Nothing is too good for the island," said Ald. Burgess. Ald. Weston urged that a combination firehall and police station be erected at Hanlan's Point. This plan is generally favored, and was adopted.

THE HORSE SHOW OPENS TODAY

Without any unnecessary pomp or show, the nineteenth Canadian National Horse Show will open tonight at the Armouries, at 7.30, with the judging of six clydesdales in harness, the first event on the program.

The directors are very enthusiastic over the prospect, and well they might be, as the entries, especially in the saddle classes, exceed all other years. The advance sale of reserve seats has been greater than any other show, which is good indication that the show will be patronized more freely than over this year.

The program for the opening this evening is as follows: Class No. 74, at 7.30, judging six clydesdales in harness; Class No. 26, at 8.00, judging seventeen qualified middleweight hunters; Class No. one, at 8.45, judging seven novice harness horses; Class No. 15, at 9.00, judging nineteen saddle horses, over 15.2, up to 16.0, judging six clydesdales in harness; Class No. 26, at 9.00, judging seven novice harness horses; Class No. 15, at 9.00, judging nineteen saddle horses, over 15.2, up to 16.0, judging six clydesdales in harness; Class No. 26, at 9.00, judging seven novice harness horses; Class No. 15, at 9.00, judging nineteen saddle horses, over 15.2, up to 16.0, judging six clydesdales in harness.

WANTS A SHARE TO SAVE HOUSE

Island Resident Won't Pay Ground Rent for a Water Lot.

"I want to hire a dock to moor my house to," said S. T. Sutton, who was with a deputation from Centre Island that waited upon the parks and exhibitions committee to request that the sand pump be sent to raise the land at a portion of the water front.

Others on the deputation complained of flooded property and insisted upon the sand pump being sent to their relief. The deputation was informed that action would be taken at once.

Ald. Risk and Wickett made an effort to prevent Playground Supervisor McGillicuddy from being sent to Chicago to study playground supervision there, because of objection by two members of the advisory committee on standardization of playground supervision in the city.

Chairman Anderson suggested that there be a compromise between the raising of the level of the ground of the islands, the high level of the water this year, and the danger of serious damage to property there. All the members favored asking Commissioner Chambers to bring in a report.

DELAYED BY FLOOD PAY WAS DEDUCTED

Toronto Teacher Was Not Allowed for Time Lost at Dayton. Two hours was devoted yesterday afternoon by the school finance committee to approving of the recommendation of the various standing committees. The zeal for economy in relation to individual teachers was evidenced, when an application from Miss Edith Hendry was refused. Miss Hendry was delayed five days during the Easter holidays by the Dayton flood, and in view of the circumstances, asked that she be allowed leave of absence for the unavoidable delay. The committee decided against the application.

CANADA AND THE U.S. REQUIRE FREE TRADE

So Opines London News in Exploring "Artificial Cheques." LONDON, April 28.—(C. A. P.)—The London Daily News, editorially discussing the celebration of the England-U. S. A. peace centenary, says: "Next year's commemoration will bring this country into complete sympathy, not only with the United States, but with Canada. It is important to remember, as has profound interest in Anglo-American peace relations, that we have her borders march for thousands of miles side by side with those of the United States and not a part of a gun or a sentry serves to testify of the triumph of civilized relationship than this."

"These in this country are the great enemies of peace only but of the interests of Canada and of the empire, who seek to promote artificial checks to the free commercial intercourse of these neighboring peoples. We have nothing to lose and everything to gain by the continuance of the development of the friendliest relations between the United States and Canada."

When the late Robert Simpson opened a store on the west side of Yonge street, north of Queen, about 40 years ago, Peter Ewing, a native of Edinburgh, Scotland, Toronto, who has been in the business since 1870, the firm of the Robert Simpson Co. When, as a result of a fire 30 years ago, the firm built on the southwest corner of Queen and Yonge, Ewing was still with the company. Yesterday his fellow-employees in the ladies' dress goods section of the big store presented him with a Morris chair, the token of esteem and regard which they felt for the veteran salesman. Mr. Ewing received the presentation in the General Hospital, where he has been for some few weeks past, suffering with a sharp corner of a counter, otherwise he is in splendid health and looks forward to the day when he will once more be back among those who visited him yesterday.

To the Heart of New York via Grand Trunk and Lehigh Valley Railroads. Amazing is the growth of America's proudest city, and while Canadians are going there in increasing numbers every year, the number who would find recreation, ideas, inspiration and enjoyment in an occasional week's trip, and come back better able to transact business. Passengers via the scenic Lehigh Valley route are thus afforded convenient and prompt means of reaching New York City by the Hudson River tube trains, leaving Jersey City, terminal (directly underneath train floor) every three minutes. Fast express leaving Toronto via Grand Trunk Railway at 6.05 p.m. daily carries electric-lighted Pullman sleeping cars Toronto to New York and Buffalo to Philadelphia. Lehigh Valley Railroad has a double track line to New York and Philadelphia. Bath reservations and full particulars at city ticket office, northwest corner King and Yonge streets. Phone Main 4208.

Stock Markets on Downgrade Again---European Skies Clouded

BRAZILIAN LEADS DOWNWARD MOVE

Adverse Factors More Pronounced and Toronto Market Turns Heavy Again.

BANK STOCKS LOWER

Two New Low Records for Year--Small Declines General Rule.

Influenced by such adverse factors as the gathering clouds on the European horizon and the continued pessimism existing in Wall street, the Toronto Stock Market developed further weakness yesterday. There was no general downward movement in evidence, but scattered liquidation was in effect throughout a dozen of the prominent leaders were carried to lower levels, and a slight firming-up occurred toward the close, but the losses were only partly made up, and final quotations were below those of Saturday.

London was perturbed over developments in the Balkans, and the continuing outpouring of new issues. The 15,000,000 pound loan was only taken up to the extent of 20 per cent, and a failure of the offering acted as a depression on the Canadian section. C.P.R. broke below 240 in New York, and Brazilian was off a full point in London. This naturally affected sentiment here, as the comparative firmness of the old country exchange had been the standby of the market.

Ups and Downs in Brazilian. Brazilian broke thru to 95% here, making a new low record price in exactly three weeks. The shares rose to 95% later on, but even at that the net loss for the day was a shade over half a point. The stock opened the month at 98%, and the range in the interval has been 92% to 98%.

The weakness of Brazilian induced selling of other issues, and declining prices were general. General Electric made a new low for the month at 111 1/2, and the lowest figure since the proposed deal for the sale of the property was announced. Steel met with a narrow market, retreating 2 points to 24. It was above 28 a little over a week ago. Losses were also taken by half a dozen other issues. Winding Rife was at a new low for the month at 207 1/2. R. & St. Lawrence Nav. was quiet and comparatively steady.

Investment Issues Depressed. Investment stocks fell the influence of the depression, and small declines were general. In the banks both Standard and Imperial made new low records over a point at 130, the lowest figure since March.

Bongard, Ryerson & Co. received cables from London quoting Brazilian Traction as follows: Canadian equivalent about three points below Saturday.

FAILURE RECORD IS MORE UNFAVORABLE

Those who regard the failure record as the best evidence of the state of the trade will find ground for reflection in the fact that the insolvencies in Canada are running considerably over those of a year ago.

NEW YORK STOCKS

NEW YORK, April 28.--The market opened with a general firming, but was soon overcome by the weakness of the European exchange.

TRADE REACTION IS QUITE EVIDENT

Bank Clearings Both Here and Across Border Are Below Last Year.

DRIFTED INTO DULNESS

Upturn Was Largely Attributable to Short Covering--Some London Buying.

As spring advances, the indications of a reaction in trade activity throughout the Dominion are becoming more apparent. It is not that any real depression is in evidence, but rather that there is a marked falling off from the almost unexampled prosperity of a year ago. The continued tightness of money, rapidly dwindling real estate speculation, quiet times in the stock markets, lower railroad earnings and diminished bank clearings, all these are eloquent witnesses of the fact that we must now freshly acknowledge, namely, that Canada is not maintaining the record of remarkable progression of the last few years, and that it is high time for economy in high finance if difficulties are to be avoided.

Those who look to the bank clearings as the best evidence of the status of the trade will find ground for thought in the record. Last week the clearings totaled \$169,850,621, which compared with \$172,465,465 in the previous week, and \$163,857,350 last year. Reduced to a percentage basis, a decrease from 1912 of 1 per cent, was shown. The previous week there was a decrease of 1.5 per cent, week before that a gain of 28 per cent, (owing to the larger business week), in the week April 2 a decrease of 1.5 per cent, and for the whole month of March an increase of 2.5 per cent. April will show a decrease of 1.5 per cent.

MONTREAL STOCKS DULL AND LOWER

C. P. R. Showed Some Rallying Power After Early Display of Weakness.

MONTREAL, April 28.--The combination of nervous feeling over the Montenegro situation on European markets and a declining tendency in New York, and a restricted buying power, owing to continued stringency in money here, was too much for the local stock market. A heavy tone prevailed throughout the day, but the weaker feeling again called for bringing some volume of liquidation on the market, and this tendency was toward characteristic dullness.

C.P.R. opened two points below Saturday's level, and after going 1/4 lower, turned duty with a slightly better market. Later it rallied about one point above the low for the morning, but the close was slightly weaker, at 240 1/2, 240 1/2 asked, a range of about 1 1/2 lower than at the end of last week.

Drop in Laurentide. More active stocks of the day, apart from C.P.R., closed with losses ranging up from fractions to about 1/2 point. A few of the less active ones showed sharper declines. Laurentide fell back two, to 215, and was offered at 217 1/2 at the close. Packers broke two, to 114, and closed surprisingly firm in view of its close association with the market leaders. At the low of the day--224--it showed a loss of only a half-point, and this was reduced to one-quarter before the close. Textile weakened one, to 19 1/2, and 19 1/2, showed a loss of about 1/2 point. The highest closed at 113 1/2, Toronto Rails at 142, a decline of one point.

GOVERNMENT REPORT ON RAILWAY PROFITS

WASHINGTON, April 28.--Railroads in the United States earned \$225,376,829 and expended \$167,759,590 during the first quarter of 1913. The net operating revenues totaled \$57,617,239, an increase over the same month of the preceding year of approximately \$2,000,000. Expenses for February were \$1,700,000 more than for the same month of 1912.

TWIN CITY EARNINGS

For the third week of April the earnings of the Twin City Railway and Transportation Company were \$160,670, an increase over the corresponding period last year of \$19,457, or 12.54 per cent.

CANADIAN VISIBLE SHOWS A DECREASE

RALLY FOLLOWS HEAVY SELLING

In Early Trading Standard Stocks Sustained Noticeably Severe Losses.

DRIFTED INTO DULNESS

Upturn Was Largely Attributable to Short Covering--Some London Buying.

NEW YORK, April 28.--An outburst of selling in the early trading today once more depressed the stock market sharply. More than a score of new low records were established and the substantial advantage gained on the recent upward swing was lost, the level of prices falling under the low average reached the middle of March.

The market opened with a general firming, but was soon overcome by the weakness of the European exchange. The continued tightness of money, rapidly dwindling real estate speculation, quiet times in the stock markets, lower railroad earnings and diminished bank clearings, all these are eloquent witnesses of the fact that we must now freshly acknowledge, namely, that Canada is not maintaining the record of remarkable progression of the last few years, and that it is high time for economy in high finance if difficulties are to be avoided.

BIG DIVIDENDS DUE NEXT MONTH

Many Prominent Canadian Companies Will Make Payments During May.

While May dividends in the Dominion this year will be considerably under those of last year, they will represent a very material total, running up into the many millions. If this money is turned back again into the stock markets, it should inculcate a more cheerful feeling, tho, if the present depression goes further, it will be paid out next month as follows:

Transportation--Brilliant, 1/4 per cent; Mexico Traction, 1 per cent; Rio de Janeiro, 1/4 per cent; Sao Paulo Tram, 2 1/2 per cent; Montreal Tram, 5 per cent; and Quebec Railway, preferred, 3 1/2 per cent.

Miscellaneous--Buffalo Mines, 5 per cent; Canadian Coal, 1 per cent; Cobalt Lake Mining, 3 per cent; Canada Cement, preferred, 1 1/2 per cent; Kaminatic, 1 per cent; Pommery, Limited, 1 per cent; Knitting, 1 1/2 per cent, and preferred 1 1/2 per cent; Montreal L. & R., 2 1/4 per cent; Pommery, Limited, 1 per cent; preferred 1 1/2 per cent; Russell Simpson Co., preferred, 3 per cent; Russell Motor Co., preferred, 3 per cent; Nationale, 2 per cent.

ANOTHER DECREASE IN U. S. VISIBLE

Visible grain supply in the United States now, a week ago and a year ago, compares as follows:

April 28. April 21. April 28. Wheat 43,842,000 52,995,000 50,223,000. Corn 8,012,000 12,352,000 8,717,000. Oats 11,921,000 10,435,000 9,483,000. Compared with a week ago the visible wheat shows a decrease of 2,172,000 bushels; a decrease of 824,000 bushels; and a decrease of 2,317,000 bushels.

LIVERPOOL GRAIN AND PRODUCE.

MONTREAL, April 28.--There was a fair demand from foreign buyers for Manitoba wheat in nearby positions and as the prices bid were much higher than for future shipment sales of a few loads were made. Cables on wheat were stronger at an advance of 1/2 and sales of 100,000 bushels were made for June-July shipment, but the prices bid for barley were out of line. The local trade in coarse grain was quiet. Foreign bids for spring wheat flour were 12 to 18 1/2 per sack below millers' asking prices. The local and country demand was fair at firm prices. Millfeed continues quiet and easy. The tone of the market for butter is weak and prices are 10 per cent lower with only a limited demand. Cheese is quiet. Demand for eggs is good, and provisions are firm with a good trade passing.

MINNEAPOLIS GRAIN MARKET.

MINNEAPOLIS, April 28.--Close. Wheat--May, 89 1/4 to 89 3/4; July, 91 1/4 to 91 3/4; No. 1 northern, 90 1/4 to 90 3/4; No. 2 do., 88 1/4 to 88 3/4. Corn--No. 2 yellow, 55c to 55 1/2c; No. 2 white, 52 1/2c to 52 3/4c. Bye--No. 2, 55c to 55 1/2c. Bran--\$16 to \$17. Flour--Unchanged.

Important Features of the Issue

- (1) A conservative valuation of the Company's mortgaged assets is \$20,000,000. (2) This issue of Debenture Stock ranks equally with \$1,000,000 now outstanding, and is secured by a Mortgage to the Eastern Trust Company on the Company's assets, subject only to an issue of 5% Bonds, limited to \$6,000,000. (3) After making provision for the Bonds issued, there remain assets to the value of \$14,000,000, equal to nearly five times the Debenture Stock issued. (4) The Debenture Stock is a senior security to \$1,030,000 Preferred Stock (which receives 5% dividends) and \$5,000,000 common stock (which receives 6% dividends). (5) In addition to a large and modern manufacturing industry, including blast furnaces, open hearth and steel plant, steel rolling mills, coke ovens, etc., the Company owns 8 1/2 square miles of iron ore areas at Conception Bay, Newfoundland (containing, according to reports of eminent engineers, 200,000,000 tons of proven ore, and over 1,200,000,000 tons of ore reasonably supposed to exist), and coal areas at Cape Breton estimated to contain over 2,500,000,000 tons of coal. (6) The average earnings of the Company for the last three years (after providing interest and sinking fund on the Bonds) amounted to \$723,500 per annum, equal to over four times interest on Debenture Stock, including this issue.

MINING MARKET IS STILL SULKING

But Shows Better Tone When Liquidation Dries Up Late in Day.

FORCUPINES ARE LOWER

And Some Cobalts Are Also in the Dumps—Short Interest Grows.

Mining stocks took another dip toward lower levels yesterday, but then liquidation dried up during the afternoon, prices firmed up again, and the close left little change from the final figures of last week. Early in the day it was quite apparent that securities were being fed up again, and the readiness with which quotations sagged was plain evidence that the buying power was limited. There was a sustained demand during the last half hour, however, which looked very much as if the public were picking up stock in the idea that values had gone low enough and the market was in a solid condition.

The Porcupine issues bore the brunt of the selling, with Pearl Lake, Porcupine Gold and Jupiter the centres of interest. Pearl Lake broke thru to 46, a three-point loss, but the close at 45 was most of the depreciation made up. Porcupine Gold was off to 20, a new low since January and Jupiter broke below 50 for no other reason than that prospective sellers found an unwilling market. Hollinger at \$18.25 was a full 40 points below the previous sale. The shares sold at \$19 special terms on the Toronto Exchange, presumably for immediate delivery. Dome at \$16 was a new low for the year.

ORE AT DEPTH IN DELORO TOWNSHIP

Porcupine, April 28.—The diamond drill at work on the Maiden-McDonald claims in Deloro Township has cut a vein at a depth of 650 feet, and it is understood that the ore is extremely favorable. The diamond drilling now being conducted on the claims is the first work of any importance that has been attempted in the immediate section of the township, while the favorable showings at 100 feet will be incentive for other properties to immediately resume work.

BIG DEAL PENDING IN MINING CLAIMS

COBALT, April 28.—It is reported here that a deal in the sale of the Foster-Tough-Oakes and North-Kilbuck lands to a party of capitalists who have been in the north inspecting claims, has been consummated. The interests owning the claims are asking a price up to the millions. Jack Hamilton of Toronto was head of the party which looked over the property.

WILL NOT REMOVE "SILVER SIDEWALK"

COBALT, April 28.—Mr. D. Lorne McCreigh, president of the Silver Sidewalk Mining Association, has written to the Mining and North-Western Ontario Associated Boards of Trade stating that it is not their intention to remove the silver sidewalk on the 12th Street. The letter was in answer to a protest against any such disposition of the sidewalk.

THE SIMPSON MEN'S STORE

Nowhere is closer attention paid to the small variations of style and quality, form and color than in our big men's sections. Because we handle large quantities, we are not therefore careless concerning the individual article of clothing; for each one is an advertisement, good or bad. Our great business results from our having given the better grades the preference.

OUR PRICES ARE BETTER, BECAUSE WE BUY LARGELY, however, and you can have the benefit of our purchases while getting absolutely the most approved styles and guaranteed qualities.

Men's New Spring Suits

We have just placed in stock a popular-priced Men's Suit for Spring wear, in new desirable colors; a blue gray, gray and brown mixture and light gray; they are English tweeds, cut in one of the most popular single-breasted three-button styles; linings and workmanship are good. Price 13.50
