GOVERNMENT IS OVERAWED BY ULSTER VOLUNTEERS, CHARGES REDMOND EUROPEAN POWERS STRIVE FOR PEACE—OUTLOOK BRIGHTER

DUBLIN AFFRAY HAS WIDENED GAP CONCESSIONS TO ULSTER DEFERRED PENDING A FULL OFFICIAL INQUIRY

Premier Asquith Has Laid Amending Bill
Over Indefinitely, Owing to Inflamed Feeling—Redmond Accuses Government of Being Overawed By Ulster Volunteers—Asquith Denies Partiality Shown By Government.

Canadian Press Despatch.

LONDON, July 27.—The first effect of the Dublin tragedy has been to smash Premier Asquith's plans for taking up the amending bill tomorrow. The premier announced today that the matter had been indefinitely postponed. The Irish members are so exasperated over the killing of four persons and the wounding of many others in the clash yesterday between the regular troops and the Nationalist volunteers, that they are in no frame of mind to grant any concessions to Ulster. The Laborites and many Liberals support them.

The government announced in the house of commons today that Deputy Police Commissioner Harrell, who ordered out the troops, had been suspended and that his superior, Commissioner Sir John Ross, who expressed a desire to share the responsibility, had resigned his office.

TO HOLD SPECIAL INQUIRY

A special inquiry will be held, probably by judicial commission. In the meantime, the demand for the removal of the Scottish Borderers from Dublin has not been granted, largely because an attempt to march them out would be the signal for attacks by the mobs. They will remain prisoners in the barracks until the anger of the people has cooled.

The Nationalist members of parliament held a meeting this afternoon and showed more animus against the castle than the government. They consider Viceroy Aberdeen's official family prejudiced against the Nationalists.

REDMOND STARTS DISCUSSION

A heated discussion was started in the house of commons by John Redmond, the Nationalist leader, who demanded an impartial inquiry into the conduct of the troops, and their punishment, if the shooting was not justified. He demanded also that the regiment should be removed from Ireland, that the proclamation against the importation of arms into Ireland should be withdrawn because it constituted a serious danger and that the law be administered impartially.

He called for the suspension of Sir John Ross, the police commissioner of Dublin, and said: "We had an experience of him in the Larkin riots. He is unfit to hold his office. He is a well-known political partisan."

BRITISH GOVERNMENT IMPOTENT

Mr. Redmond compared "this monstrous business" with the parades of armed volunteers in Belfast. "To such a state of impotence has the British Government been reduced in Ireland," he said, "that a subordinate official is able to call in soldiers without consulting the executive of the country."

He expressed the hope that the Irish people would not blame the troops too much, and concluded amid great cheers: "Four-fifths of the Irish people will not submit any longer to be bullied and punished for conduct which is allowed to go scot free in Ulster by another section of their fellow-countrymen."

(Continued on Page 3, Col. 1.)

Assails Dublin Officials

Augustine Birrell, chief secretary for Ireland, who promises searching investigation.

RENEWED RIOTS WITHOUT GRAVE CONSEQUENCE

Whole Nationalist Ireland Excited—Town Councils Pass Resolutions Denouncing the "Massacre"—Soldiers Confined to Barracks—Irish Volunteers Cheered

DUBLIN, July 27.—Rioting broke out again tonight, but subsided without serious results. The rumor went about that the Scottish Borderers would entrain at the Amiens Street Station. A great crowd, for the most part from the slums, surrounded the station and amused themselves by stoning the street cars.

Six hundred volunteers paraded thru the streets, a crowd of 4000 following them, marching in step and singing.

Footing runs high thruout Nationalist Ireland. Town councils are adopting resolutions denouncing "the massacre." The soldiers of the Limerick and Kilkenny garrisons are confined to barracks, and concerts by

(Continued on Page 3, Column 2.)

PEACE DELEGATES WILL SUPPORT GEN. HUERTA

So Declared Elguero, Ex-Member of A. B. C. Conference, While in Toronto Yesterday—Rabasa and Rodriguez Expected Here for Conference.

The Diaz-Huerta counter revolution in Mexico, which may foment in Toronto, is to be supported by the three men who represented the former peace conference, according to Senor Luis Elguero, ex-member of the delegation, who was in the city last night to confer with several prominent Mexicans, said to have arrived in Toronto during the day. Senor Elguero left last night on the late train for Montreal, where he will meet Gen Huerta upon his arrival in Canada.

Senors Emilio Rabasa and Rodriguez, who are at present in New York, are to arrive in Toronto before the end of the week, according to Senor Elguero. They are to remain here several days in conference with Gen. Diaz and other Mexicans. It was said, before they proceed to Montreal to meet the ex-dictator, Senor Rabasa will be accompanied by his four daughters, while Senor Rodriguez will bring his son and daughter, who are with him in New York.

Altho Senor Elguero was silent as to the exact details of his visit here, it was pointed out by a prominent Mexican that the three mediators had remained within calling distance of General Diaz since the close of negotiations in Niagara Falls, and that they probably would constitute General Huerta's most valuable supporters in the new movement.

Neither of the men desire to see further war and rebellion in Mexico, it was said, but they believe the only means of peace is a Cienfuegos government, based upon an election with a strong man at the head.

Senor Elguero heads one of the great railways of the republic, and always has been one of General Huerta's staunchest supporters. Senor Rabasa, an authority on international law, is said to be held in high esteem by his countrymen, while Senor Rodriguez is a capitalist of considerable personal fortune, as well as an ardent patriot, who for years has worked for the cause of internal peace in Mexico.

WEE YORK METHODS.

Jeff: Is that ye, John? Hae ye got Billy yet?
John: Yup, Scotland' Yard's comin' out to get him.
Jeff: Fatna fer?
John: Not taken his name off McEechern's advisory board?
Jeff: Did he pit it on?
John: That's th' hui trubbel! It turns out he didn't put it on jus' when I thot I had 'im. I sprang it oos' I thot I'd caught him fool. But now there goin' to take him to taghin an' 'try him for 'torgat' an' fer not taken his name off when he found it on without a permit.
Jeff: But people are sayin', John, that ye're no huntin' Billy, but that ye've pit it all over th' McEecherns, an' that Norman McEechern is travellin' in motor cars wif yer Johnny in England an' Ireland th' noo John: I read in 'T' T'ly, that Johnny goot to be in their office a lot. They wur great frends. O' course we don't want to hurt any of Johnny's partners; but we want to get Billy on th' stone pile in th' York County Jail yard.
Jeff: I'd sell Johnny's frends th' get homin' before th' hot weather's o'er.
John: That our country should be made a word of scorn to th' British people cos' of Billy's crime makes me weep for joy when I think of a Scotland' Yard man goin' into 'T' World' o'ny an' puttin' th' bracelets on him! He's th' wurst man we ever had in this wurk. An' 'soken an' 'Bismal an' McEechern's th' rest.
Jeff: Fat about Maister Gawnney, John? John: He was only peddlin' minin' stock so th' 'Miker man; he wur'n't sayin' to sell 'lan' I. Besides, he's a fool or cur.

BRITAIN'S PEACE CONFERENCE PLAN SUPPORTED BY FRANCE AND ITALY RUSSIA SEEKS TO SWAY AUSTRIA

In Peacemaker's Role

Sir Edward Grey, British foreign secretary, on success of whose efforts peace of Europe depends.

NO INTERVENTION PRESENT POLICY OF GERMANY

As Ally of Austria, Kaiser Holds Aloof From Conference, But Will Not Hamper Efforts of Others—Mobilization of Russian Army is Denied.

BERLIN, July 27.—Important conferences were held at Potsdam this afternoon between the German Emperor, the imperial chancellor, Dr. Von Bethmann-Hollweg, and the strategic heads of the army and navy, to determine definitely the German policy in the crisis.

The British and French ambassadors, Sir Edward Goschen and Jules Cambon, called on the minister of foreign affairs, Herr Von Jagow, with communications from their governments.

Authentic information has been received in Berlin that Russia, the not mobilizing her army, is taking certain precautionary military measures.

Runs on the savings banks by small depositors occurred in various parts of Germany.

These were the outstanding features of the day, which, despite the first bloodshed in the Austro-Serbian conflict, registered a slight but distinct gain in optimism regarding the situation.

To Localize Conflict.

The British ambassador made no concrete proposals. It is understood he told the German foreign minister that Great Britain's object was not to intervene in the Austro-Serbian controversy, which, he declared, was not England's affair, but to endeavor to find a basis on which Great Britain, France and Germany, by action at Vienna and St. Petersburg, could prevent the spread of the conflict.

The French ambassador proposed that Germany use her influence at Vienna in favor of moderation. He was informed that Germany was perfectly willing to let the other powers try, but as Austria's ally, could not interfere with Austria's freedom of action.

Russians Not Mobilizing.

The official announcement of Russia that no mobilizing of her army had been ordered was supplemented by trustworthy information from Warsaw, that among the precautionary military means taken were the withdrawal of troops in Poland from the immediate frontiers of Germany and Austria for concentration in the interior, the recall of the Russian troops from their summer camps and the canceling of leave of absence of all officers. The border is watched by a semi-military force attached to the treasury department known as "frontier guards."

Under den Linden was jammed tonight with crowds which hoped that the emperor would come to Berlin, but they were disappointed.

Minor Engagement on Danube Between Austrians and Servians Reported—Germany Holds Aloof, But Russian Diplomacy May Prove Effective—Austria Has Apparently Not Yet Undertaken Serious Military Operations.

LONDON, July 27.—An engagement between Austrians and Servians is reported to have occurred on the Danube, but no details are available, and it is not considered to have been of importance. As far as the censorship permits, it is known that Austria has not yet opened her military operations.

Meanwhile, diplomacy is proceeding with energy along two separate lines to avert, if possible, and, if impossible, to localize the war.

First, Sir Edward Grey, the British secretary of state for foreign affairs, has proposed to the powers a scheme for joint mediation, which, it is stated, France and Italy have already accepted. Germany has not yet replied, and her acceptance is regarded as doubtful.

Four Powers as Mediators.

Sir Edward Grey explained in the house of commons his idea, which was that four powers—Great Britain, France, Germany and Italy—should co-operate in an endeavor to arrange the dispute between Austria and Servia on the basis of Servia's reply to the Austrian ultimatum. This reply he regarded as the foundation on which friendly and impartial powers should be able to arrange an acceptable settlement.

Should the British foreign secretary's efforts fail to avert war, it is expected that he will endeavor by some means to prevent complications by confining the hostilities to Austria and Servia.

The second line of diplomatic endeavor, from which even more is hoped tonight, is taking place at St. Petersburg between the Russian minister of foreign affairs, Sergius Sazonoff, and the Austrian ambassador. It is understood that M. Sazonoff is making a strenuous effort to bring about a direct understanding, and that a solution on these lines would be more agreeable to Germany than Great Britain's conference proposal.

Russia Conciliatory.

The Russian Emperor has postponed his intended visit to Finland in order to remain in the capital during the crisis. It is said that Russia is urging Servia to give Austria the fullest possible satisfaction.

An extremely warlike spirit prevails in Vienna, where the evening papers declare that the Servians are only seeking evasions, and that therefore it is impossible for the Austrian Government to retreat. Further, they hint that even should Servia accept the Austrian ultimatum unconditionally and offer to pay the cost of Austria's mobilization, Austria now would be compelled to ask for quite new guarantees.

MANY STEAMERS ARE FOG BOUND

Fifteen Liners Have Sailing Dates Disarranged Owing to Bad Weather in Gulf.

CHATHAM FACES A POWER FIGHT

Negotiations for Purchase of Private System Dropped—Hydro Plant is Suggested.

MONTREAL, July 27.—Foggy weather in the lower gulf has disorganized the sailing dates of 15 passenger liners, a number of which are several days out of their schedule. Capt. Williams of the Gramplan, which ship arrived at this port today about the same time the Megantic got in, said while his vessel was fog-bound 200 miles east of Cape Race for two days, the Calgarian, Alsatian, Royal George, Scotian, Magnatic, Pomeranian, Sicilian, Au Lake, Manitoba and Athenia were also waiting for the fog to lift before proceeding on their way. The following vessels have been held up by the fog, outboard: Corsican, Teutonic, Saturnia, Andania and Sicilian. The Sicilian is being delayed both coming and going.

CHATHAM, July 27.—At a meeting of the city council tonight it was decided to discontinue all negotiations for the purchase of the Chatham gas and electric light plant and to immediately take up with the Hydro-Electric Commission the question of establishing an independent hydro-electric system in Chatham to enter into competition with the Chatham Gas Company. Some time ago the hydro-electric recommended the purchase of the Chatham Gas Company plant for the sum of \$410,000 to act as a distributing agency for Niagara power. The company after much discussion has refused to take this amount and after trying hard to complete the deal the council has now decided to negotiate for the erection of an independent plant.

COLD RECEPTION GIVEN C.N.R. LOAN EUROPEAN WAR SCARE IS CAUSE

LONDON, Tuesday Morning, July 28.—Only twenty-one per cent of the Canadian Northern loan has been taken up by the public. Commenting on its poor reception, The Daily News says such an unsatisfactory result is not to be wondered at. It is quite true that the debentures possess many attractions, their currency being for twenty years, their rate of interest 4 per cent, their price of issue 94, and the unconditional guarantee of the Canadian Government. These would be great attractions in normal times, but the times are not normal. War is in the air and that explains why the reception was not warmer.

HALF MILLION DOLLARS FIRE LOSS IN LUMBER YARDS AT HULL, QUEBEC

Millions of Feet of Lumber Destroyed and Fear Expressed Early This Morning That Whole City Would Be Imperiled—Firemen Called From Ottawa.

OTTAWA, Tuesday, July 28.—A fire broke out in Gilmour and Hughson's lumber yards just east of Brewery Creek, Hull, shortly before ten o'clock last night, and at a late hour this morning was still burning fiercely. Three million feet of valuable lumber have already been destroyed, as well as a quantity of mill wood belonging to Simon Dupuis, and more is certain to go.

Fanned by the wind, the flames spread thru the lumber with great rapidity in the direction of the residential section of the city, and should it increase the whole city would be endangered.

The fire is supposed to have originated in the rear of the Simon Dupuis residence. It had made considerable headway before it was discovered and spread rapidly. The Hull fire brigade were utterly unable to check the advance of the flames and a call for aid was sent to the Ottawa fire department. There were only two houses in the

immediate vicinity of the lumber yards and both were badly scorched. It is impossible at the present time to determine exactly the amount of the loss. In one block of lumber alone, which was completely destroyed, there was nearly three million feet of lumber, which would be worth about \$300,000. The latest estimate of the loss is in the neighborhood of \$500,000, seven million feet of lumber being destroyed.

Dainty Furs.
If you are going on a trip a fur neckpiece is indispensable. The fashionable kinds are fox, sable, mink, Persian lamb, Hudson Bay sable and seal-skin.

Dineen's showrooms are now open for the season. City ladies and outside visitors are invited to look over the new styles. This is also a good time to have furs made over and remodeled into the fall styles. Prices very moderate this season. The W. & D. Dineen Co., Limited, 140 Yonge street.

LINER INJURED IN A COLLISION

Zeeland Arrives at New York With Bows Smashed After Crashing Into Freighter.

NEW YORK, July 27.—With a crack four inches deep extending from rail to water line in her starboard bow, the Red Star liner Zeeland, Captain Moller, arrived here to-night bringing a story of a collision in a dense fog in mid-ocean last Wednesday morning with the British freight steamship Missouri of the Atlantic Transport Line, Baltimore for London. The Zeeland was on her way here from Dover and Antwerp with 28 first-class and 200 second-class passengers.

Captain Moller said that the Zeeland did not leak and that no plates were broken.

AUSTRIA MAY UNLEASH DOGS OF WAR TODAY

PARIS, July 27.—A Vienna despatch says that very important preparations are on the point of completion with a view to military action which will be applied against Servia Tuesday morning.

York County and Suburbs of Toronto

CALEDONIA MEETING RICH IN CHARGES

New Ratepayers' Association Belabors the Township Council.

DISTRICT NOW AWAKE

Lumber Purchase Sensation—Objection to Foreign Labor.

"We have been paying taxes to the York Township Council in this district for the past four years and have received nothing in return. We have been asleep, but are now very much awake," said President Geo. Cunliffe, addressing a crowded meeting of the West Fairbank Ratepayers' Association, in Newton's store, Caledonia avenue, last evening. The committee appointed to obtain signatures to the petition for presentation to the Township Council at their meeting on Thursday in the matter of sidewalks, reported that practically all the residents in the district had signed. This petition will be presented by the president and a deputation, who will state that a concrete sidewalk, and the very best to be had, is required on the road between the junction of Eglington avenue to the city limits on Caledonia avenue.

Others Required. The council also was asked to place sidewalks on Summit, Pife and Banff avenues, and all other streets where it is possible. "Should the council, after being given reasonable time to consider the petition, refuse to consider same," said the chairman, "I will go down with the one hundred members of the association and demand that the matter be attended to at once.

Some members complained that they had not received notification that the petitions were being issued for Hughes School, and even of the enlargement of the school at a later date. Another grievance was that \$250 had been spent on Warren road, and not one cent in the Caledonia district.

Foreign Laborers. It was also claimed that the council employed foreign laborers when native workmen were looking for work. J. Nudd said that the council purchased a quantity of lumber (about 7000 to 8000 feet) at \$15 per thousand feet, for planing Dufferin street, from a resident upon which they had paid a deposit. Shortly after they demanded the deposit back and purchased the lumber from ex-Reeve Watson at \$25 per thousand feet. Mr. Nudd asked the association to make enquiries about this matter. The chairman promised to investigate.

New Hall. A start will be made on the building of the new hall by the members on Saturday next, should the donations promised be paid in.

The executive committee will meet this (Tuesday) evening at 8 o'clock at 285 Caledonia avenue, and the next regular meeting will take place on Tuesday next, Aug. 4.

YORK MILLS

Under the auspices of the Young People's Association of St. John's Church, York Mills, the members of the church will hold a lawn social tomorrow evening from 5 o'clock to 11 on the grounds of the rectory. The grounds will be gaily lighted with Japanese lanterns, and a very fine musical entertainment will be given by members of the church choir and entertainers from the church. A splendid program has been arranged for the afternoon, including spring races and cocoanut bowling. The social promises to be a great success, and the proceeds will be applied to the parish house building fund.

PICKERING

Rev. James McIlroy will be inducted pastor of St. Andrew's Church, Pickering, on Tuesday, at three o'clock. Rev. H. D. Cameron, West Hill, moderator of the presbytery, will preside over the ceremony, and the sermon will be delivered by Rev. Mr. McIllean, Clarendon. Rev. Dr. Abraham, Whitby, will address the new pastor.

A special meeting of the B. I. A. horticultural committee will be held in the Royal George building on Wednesday night at 8 o'clock.

MARINE SUNFISH IS QUEER ANIMAL

The marine sunfish (mola mola) is one of the queerest animals known, having its body lopped off just behind its perpendicular dorsal and anal fins, and being as high as long. With a tiny mouth, an even stranger part of its structure is its diminutive spinal cord, which measures considerably less than an inch in a fish a yard long. A specimen of this species taken three or four years ago off the southern California coast, was 10 ft. 1 inch long, and nearly 11 feet in height, and lately mounted in the American Museum of Natural History in New York, is believed to be the largest fish of any kind ever shown in a museum. The specimen is supposed to have been more than 20 years old when taken—possibly nearly 100.

NEWS OF WARD SEVEN—STUB ON DUNDAS STREET

Car Service Slightly Dislocated Owing to Sewer Being Repaired.

While the break in the Dundas street sewer at Woodville avenue is being repaired the street cars will not pass this street and "T" instead of the corner of Humboldt and Dundas. A three-minute stub line service is run between Woodville avenue and Humboldt. However, travelers have only one extra block to walk.

Started on Sunday. The stub line was instituted late on Sunday, and large crowds gathered at the terminus at Keele street yesterday morning and waited in vain for the cars. Then someone would discover the innovation, and a stampede for the little "stub" car would follow, while another crowd would line up at the terminus. It is expected that the work will be completed in a couple of days, or at least the roadbed will be made secure enough for cars to travel over it.

Band Concert Tonight. The Band of the Royal Grenadiers will give a band concert this evening in the park, at Keele street, from 7 to 9 o'clock. The concert will be given in aid of the fund to erect a monument to the soldiers of the 22nd Regiment who died in the Boer war.

PASSENGERS REQUIRE TEMPORARY PLATFORM

Paving Work at Avenue Road and St. Clair Source of Trouble.

Considerable grumbling has been heard at the junction of Avenue road and St. Clair avenue, for the last four or five days. The road, between the junction of Avenue road and St. Clair avenue, is being repaved, and the work is being done in such a manner as to cause considerable trouble to the passengers. The road is being repaved in sections, and the work is being done in such a manner as to cause considerable trouble to the passengers. The road is being repaved in sections, and the work is being done in such a manner as to cause considerable trouble to the passengers.

BORING IN THE RIDGES ABOVE KING FOR WATER

American Firm That Offered to Find Township Supply, Now Busy.

Regarding a water supply for York Township, School Trustee Charles T. Lacey stated to The World last night that he had an interview with one of the members of the firm of Mowat and Hodgkinson, the American water experts, who informed him that they were boring in four different places in the ridges to the north of King, and that a good flow of water was secured in one boring.

The result of these investigations will be placed before the meeting of the Ratepayers' Central Body next month.

The Fairbank and Mount Dennis Ratepayers' representatives will discuss the water limits of the various districts at this meeting.

CLAREMONT

The Ladies' Aid Society of the Methodist Church, Clarendon, will hold a garden party on the lawn tomorrow evening. A musical program will be given by Miss Inez McCullough, pianist, and Mrs. W. P. Hewitt, soloist, Toronto. Short addresses will also be given by the resident ministers, and the Clarendon Citizens' Band will render a selection of music during the evening.

On the beautiful lawn at Clarendon, on August 4, the Ladies' Aid of the Methodist Church will give a garden party and entertainment in aid of the church. The special attraction will be the Mixed Quartet of Broadview Presbyterian Church, Toronto, and Ellwood Genos, entertainer, Toronto.

WESTON

The funeral of the late William Griffith took place yesterday from his late residence, 209 Christ street, to St. Philip's Church Cemetery, Weston. The funeral service was conducted in St. Philip's Church by Rev. Mr. Hart, Rev. Mr. Morley and Rev. Mr. Searborne. The late Mr. Griffith was 62 years of age, and was one of the oldest residents in Weston, where he resided until four years ago, when he removed to the city.

Chosen Friends Picnic. The Chosen Friends of Weston will hold a picnic in the orchard of David Rountree, sr., on Dufferin street, tomorrow afternoon and evening. A program of sports has been arranged. Refreshments will be served, and from 8 p.m. till 12 p.m. dancing will be enjoyed on a specially arranged platform. An orchestra will provide the music.

THORNHILL

A Toronto syndicate has purchased the farm of David James, Thornhill, for \$50,000 and intend to subdivide it. Originally, the property consisted of 150 acres, but this was reduced to 148 acres thru the Canadian Northern Railway purchasing a right-of-way. It is the second farm south of the jail, and is three-quarters of a mile north of Thornhill. Mr. James is retired and lives in Thornhill.

MELTED WOOD CAN BE USED IN MANY WAYS

"Melted wood," first produced 17 or 18 years ago, was forgotten after having been recorded as a scientific curiosity. M. Francis Marre reports that further experiments have been lately made in France, and that after the volatile substances have been distilled from wood chips, the fibrous skeleton and the mineral salts are heated in a boiler to 1500 degrees F., for two hours, in an atmosphere of somewhat compressed nitrogen. The exclusion of oxygen prevents combustion. The mass thus obtained is hard and compact, but the melting can be performed without drawing off the distillation products, and then the fused wood becomes a hard amorphous solid, with a fine grain and taking a fine polish. The new material, which can be cast and molded and made indestructible by preservatives, seems to be adapted to many uses.

COUNTY VETERANS MARCH IN LUNDY'S LANE PARADE

Toronto District Represented by Four Boys of the Old Brigade.

Among those who marched in the veterans' procession along Lundy's lane to the cemetery in the battle-ground last Saturday, were the following old residents of the home district of Upper Canada, as the united counties of York, Ontario and Peel were known. The York Pioneers and Historical Society was represented by William Milliken, Toronto (late of Milliken's Corners), and Robert Hill, who was one of the troops' volunteer members. The volunteer fire brigade of Toronto, the pioneers of the present city service, and the days of the hand engine and leather bucket brigade, Hazelton, Tomdorn, and also represented the "Northwest Field Company," which was organized in 1862. Troop of York Cavalry was under arms in the front ranks of the parade. It was represented by W. A. Williams, formerly a member of the York Cavalry, and William Gibson, secretary of the Veterans' Association of 1866.

HOODLUMS ANNOY GIRLS IN CEDARVALE RAVINE

District Constable Doing His Best, But District is 100 Extensive.

Cedarvale ravine, between Kennedy street and Bathurst street, north of the Vaughn road, has become a rendezvous for a gang of hoodlums, and the children who go there pick berries complain of being molested. The little daughter of Mr. and Mrs. Sergeantson, 87 Mulberry street, was seized on Friday last and ill-treated by one of the gang. The little girl described her assailant as a young man of medium height with two fingers off one hand and one finger bandaged.

Man Was Chased. A man answering the description was seen in the ravine by three men, who gave chase, but he managed to elude his pursuers.

Constable Busy. The one constable of the district is doing all in his power to arrest these persons, and residents state he is indefatigable in his efforts, but extra police are necessary to deal efficiently with these rousers.

FENIAN RAID VETERAN INTERRED AT NEWMARKET

Late George F. Sheppard Who Distinguished Himself in Active Service.

A large number of Fenian Raid veterans attended the funeral of the late George Frederick Sheppard at his late residence, 50 Sherington road, yesterday afternoon. Mr. Sheppard was a distinguished veteran of the raid and won the "bravery in active service" medal. He is survived by three daughters all of whom reside in Toronto. Interment took place late in the afternoon in his former home town of Newmarket.

SILVERTHORNE

One hundred and fifty dollars will be the amount of the Silverthorne district this year by the York Township Council. This amount will be devoted to making one good road. The township clerk having gone into the details of the amount received from the Silverthorne district during the past year, reports that \$438 was received from the district. This amount is exclusive of school tax, county tax and fair proportion of running expenses.

There were seven or eight hospital cases from the district thru the year and nine families in receipt of relief.

RICHMOND HILL

Numerous prizes have been donated for the first annual show of the Richmond Hill Horticultural Society, to be held in the skating rink on August 6. No professional florist will be allowed to take part in the exhibition from the Ontario Fruit Growers' Association will be present. It is thought that the brick work on the new public school, which was completed this week and the building will be in the hands of the furnishers in a few days' time. When finished the school will be one of the finest in the county.

DIPLODOCUS CARNIGII IS LARGEST ANIMAL

Antarctic Whale Has Been Discovered Measuring Hundred and Three Feet.

The largest known animal forms alive are an object of special attention and of wonder. The famous American Diplodocus carnigii, with a length of 70 feet to 80 feet, stands almost at the limit, its length has been frequently exceeded in Scottish waters by the finner whale, commonly known as the Blue or Sialid's roqual (Balanus sialid), which occasionally reaches a length of over 80 feet. But this record has been altogether outdone by Antarctic examples of the same whale, for the late Major Barrett Hamilton is reported to have examined in South Georgia a specimen which exceeded in length 103 feet. And already this extraordinary creature must fall into second place in the race for size. There has just been discovered in the cretaceous formation of German East Africa a dinosaur of enormous proportions. This reptile, to be known as Tornieria, appears to have been about 150 feet long, almost twice the length of Diplodocus carnigii, and so enormous are its proportions that it is driven to the conclusion that it could have been no smaller on the land—that only the waters of the sea could have supported the monster's "wreathy length."

More than half of the locomotives inspected by the Interstate Commerce Commission last year were found defective in some particular. To keep the eraser perfectly clean, it is now supplied in a small case with a portion of the rubber fed as desired from one end.

FAINTED ON STREET DIED IN HOSPITAL

Sanford Johnson, Retired Traveler, Picked Up Unconscious.

TAKEN TO ST. MICHAEL'S Expired an Hour After—Survived by Family in Cleveland.

Overcome by the heat while walking along Broadway avenue at 2:30 yesterday afternoon, Sanford Johnson, a retired traveler, 330 Bape avenue, went into the grounds of the public school to rest, but lapsed into an unconscious state. Passersby noticed his condition and summoned the ambulance and conveyed him to St. Michael's Hospital, where he died an hour after admission. The cause of death was apoplexy, from which he had been suffering for some time past. He had been in the habit of taking a walk almost every day, thinking it would improve his weak state of health, as he was subject to fainting spells, and had left his home at 11 o'clock in the morning for his usual outing.

Leaves Family. Johnson was born in Prince Edward county 65 years ago, and had resided in the city for over 25 years, where he was employed as a commercial traveler and was a member of the Grand Lodge of the York Masons. He was married and has a widow, three daughters, Mrs. Quelling, Mrs. T. Ball, Miss Inez Wesson, all of Cleveland, and two sons, Frank, Detroit, and James, Kentucky. It was not considered necessary to hold an inquest.

SCARBORO TOWNSHIP

The petition of residents of Blantyre avenue, who are asking for the construction of a road from Queen street to the Kingston road, will come up at the meeting of the Scarborough Township council on August 11. It is likely that the rate for the township will be struck at this meeting. Discussion is likely to be aroused concerning the bylaw to guarantee the bonds for the proposed hydro radial from Toronto to Port Perry.

Nearly Killed.

While delivering a load of lime to the house belonging to Mr. Cummings, near the Scarborough Golf Club, a team failed to reach the top of the hill in front of the golf club and the heavily loaded wagon slid backwards and rolled down the ravine into the creek, taking driver and horses with it. The man was badly bruised and the horses suffered considerably.

RUNNYMEDE

Final arrangements for the great Civic Holiday picnic of the Runnymede Liberal-Conservative Association were made by the executive committee at its meeting last night. The picnic will be held in the grounds at the corner of Jane and Annette streets, and the large sum of \$271, donated by the merchants of the district, will be given in prizes in the various sporting events.

The baby show, which will be the special feature of the day, the three first prizes will be silver cups. Three sets of half-dozen pearl-handled knives and forks, and a silver spoon will be given as third prize.

FORTUNE TELLER'S STORY WAS TRUE

Girl Was Told She Would Have the Greatest Prize in Matrimony.

The Duchess of Portland's engagement was nothing if not a very happy one. She was married to a duke, and she was a very beautiful girl. The story is told that Miss Dallas York some time before a meeting of the duke, was staying with some friends at Brighton, and she was prevailed upon to consult a gypsy fortune teller, who was at that time one of the attractions of the place. "You will carry off the greatest matrimonial prize in all England," the gipsy said. "But shortly after your marriage you will have a terrible illness. Still it will turn out all right in the end." In the autumn she was on a visit to a country house in Scotland, and while waiting with her maid on the platform of Carlisle Station, she stood close to the duke, who also was northward bound for the moors. He was instantly attracted by the beauty of his fellow passenger and when they met, a few weeks after, at the house of a friend, recognition was mutual, and a few months later they were married. So the first part of the gipsy's prophecy came true. The odd thing is that soon after her marriage she had a very severe bout of typhoid fever, and only recovered after her life had literally hung in the balance for several days.

HAMILTON HOTELS

HOTEL ROYAL, Hamilton

HAMILTON HYDRO EMPLOYES ARMED

As an Outcome of Saturday's Fight, the Men Are to Carry Revolvers.

ARREST IS EXPECTED

City is Likely to Retain Large Coke Plant Erected by United Company.

HAMILTON, July 27.—As an outcome of the fight on Saturday night, when one of the workmen employed in the hydro department was alleged to have been assaulted by a striker, Manager Sifton has secured permission for his men to carry revolvers in order to defend themselves if attacked. Police warrants have been issued and an arrest is expected shortly.

The cause of the trouble appears to be that Stock, the man assaulted, who was a union man, had asked to be taken back to work, and it is thought that this enraged his striking companions.

It has fallen to the lot of police magistrates to receive many complaints, but very few have been honored more than was Magistrate Jeffs yesterday when hearing the case of Charles Smith, who was charged with assaulting Minnie Goines. In giving her evidence the prosecutrix said: "He hit me with a frying-pan, your majesty, and I had to go to the hospital for some time." When told that Smith would be committed, Minnie expressed her thanks to "His Highness."

Mayor Allan announced yesterday that he thought the city would retain the \$1,500,000 coke plant, which was to have been shortly purchased by the United Gas and Fuel Company in East Hamilton. Bronie and Oakville are trying hard to get the plant, it being stated that at either of these places it would better serve Hamilton and Toronto.

Owing to the fact that it is now much cheaper to get drunk in Hamilton than it was last year, the police court receipts are considerably lower.

BABY BURNED ALIVE THRU SUPERSTITION

Owing to the Fact It Was Born With Tooth, It Was Thought Unlucky

An instance of superstition in India is reported by the Kanadar. A representative, while investigating a cemetery, heard a faint cry from a newly-dug grave. Digging under his directions, the grave-diggers disclosed the body of a month-old baby girl on the point of death. The following is the explanation of the barbarity. The girl had one tooth when she was born, and this fact, added to the disgust with which Indian parents greet the birth of a daughter, prepared their minds for other events. Three days after her birth some pigs of the village were found dead, and in the village this was attributed to the presence of the baby with the tooth. The next day a calf died. The day after a house in the village was burnt down, and then a Brahmin was called in to exorcise the spirit of bad luck. The soothsayer confirmed the theory that the baby with the tooth was possessed of a rakshasha, but volunteered to exorcise it on the usual terms of liberal hospitality for himself and his party. That night the baby's father fell ill. He jumped to the conclusion that the rakshasha in his daughter was too strong for the Brahmin's mantras, so he determined to get rid of the baby. To kill her would be murder, but it occurred to him that if he had her buried alive he would be guiltless of blood, and so the tragedy was enacted.

RAILROAD REDUCES THE SHEEP RANGE

Australian Publication Warns Readers of Decline in Wool Production.

An Australian publication warns its readers that the production of wool in that commonwealth is likely to decline, because the development of railroads has made more land available for general farming, and thus reduced the sheep range.

Which once more brings up the question whether sheep can be raised with profit as a part of general farming. It is hard to see why this question should not be answered with an emphatic "yes!" Sheep utilize the soil much more thoroughly than do cattle. Sheep graze land evenly and closely, browse coarse fodder that cattle will not touch, waste little and utilize almost everything. Science agrees with common observation in testifying to their economic value.

The agricultural college of a Rocky Mountain state conducted some experiments in the comparative cost of making mutton and beef, and the results were so favorable to the sheep that college-dependent for support on cattlemen—did not dare publish the bulletin it had prepared. Yet everywhere one encounters that fatalistic notion that sheep can be raised with profit only on vast areas of extremely cheap land, and that when careful farming comes in the sheep goes out.

Unless this notion can be disproved and dispelled, woolen clothing will some day be a luxury more expensive than silk.

AEROPLANE WHICH CANNOT FLY QUICKLY

A model of a new flying machine combining the properties of aeroplanes and parachute has been patented. It is a biplane with two almost circular discs, shaped like crescent moons with the points touching in the hollow centre, and built on to the lower plane is a cradle for the motor and passengers. It is said to be impossible for the machine to come down sideways, and should the aviator find that he is descending at too great a speed, he can pull a kind of hood over the open centre of the upper plane, in an instant the rush of air turns the machine into a parachute.

CLIMAX OIL COMPANY LIMITED

Authorized Capital, \$500,000 Shares, \$1.00 Each

MONEY MAKES MONEY

Oil is better than gold to the speculator—the returns are immediate when you strike oil. Gushers will doubtless be struck during the next few weeks, and the man who has invested will see his stock soar. Those who bought Monarch Oil Stock have reaped their harvest. Why not you? Mind you, it is speculative, but mighty good speculation.

CLIMAX OIL COMPANY, LIMITED

holds leases for 1920 acres of valuable oil lands within three miles from the proven Monarch well. This is on the same anticline as the Monarch, and should, according to expert advice of famous geologists, yield the real crude oil.

HOW VALUES INCREASED

The following figures, taken from the Calgary Oil Exchange of June 22nd, show how rapidly dollars increase in number in Oil:

100 Shares in Dingman	Brought \$8,700.00
100 Shares in Monarch	" 4,000.00
100 Shares in United Oils	" 1,750.00
100 Shares in Southern Alberta	" 800.00
100 Shares in Western Canada	" 500.00
100 Shares in Black Diamond No. 1	" 475.00
100 Shares in Western Pacific	" 220.00
100 Shares in Ottawa Petroleum	" 400.00
100 Shares in Prudential	" 160.00

REASONS FOR BUYING CLIMAX SHARES:

1. Because a firm offer of \$150,000 cash was made for the Company's holdings, the night of the "Monarch" strike.
 2. Because if they are worth that much to others, they are worth many times more to our shareholders for development purposes.
 3. Because results prove that the Company's holdings are right on the exact spot in the best proven districts in Alberta—NOT NEAR.
- The Company are employing the highest skill to superintend the development of their properties and drilling will commence immediately. Shares will rise in value before many days. The time to buy is right now. Do not wait. This is your golden opportunity.

NEWS OF SPECIAL INTEREST TO WOMEN

ARCHIBALD BLUE IS CALLED BY DEATH

Chief Officer of Census and Statistics at Ottawa, Dies Suddenly.

HAD A NOTED CAREER

Was Formerly Newspaperman and at One Time Connected With Toronto World.

Canadian Press Despatch. OTTAWA, July 27.—Archibald Blue, 74, chief officer of census and statistics for Canada, died rather suddenly at his residence here this morning.

Originally a school teacher, he entered journalism. He was on the staff of the St. Thomas Journal from 1887 to 1879, when he became an editorial writer on the Toronto Globe, and in 1880 he went over to The Toronto World. In 1889 he organized and became secretary of the Ontario Bureau of Industries, and was appointed provincial deputy minister of agriculture in 1894.

Mr. Blue was Canadian delegate to the international agricultural congress in Rome, 1910, an honorary member of the Canadian Press Association, delegate to the deep waterways convention of 1894, and author of several works on the growth and progress of the country as well as bulletins and reports on the various industries.

SIXTY DAYS' JAIL FOR WORTHLESS CHEQUES

Sixty days in jail was the sentence pronounced on Earl Phillips in the police court yesterday for passing worthless cheques. Phillips bought two automobiles and tendered a paper in payment and tendered a ring and marriage certificate were found in his possession when he was arrested last week.

KINGSTON MAN DROWNED.

KINGSTON, July 27.—Orin Dean, aged 24, of this city, was drowned in the Bay of Quinte, 10 miles from Napoleon while swimming with two companions. He was only a fair swimmer.

CAILLAUX GIVEN TONGUE LASHING

Playwright Bernstein's Bitter Onslaught Caused Cheers and Hooting.

Canadian Press Despatch. PARIS, July 27.—All the testimony in the trial of Mme. Henriette Caillaux, for the wilful murder of Gaston Calmette, editor of The Figaro, has been heard and the speeches of counsel for the prosecution and defence are to be delivered tomorrow.

While Henri Bernstein, the playwright, was giving his deposition to the court, cleared and suspended the sittings. The playwright abandoned all semblance of courtesy in addressing the former premier and husband of the prisoner as "Caillaux" without prefix. He said: "We have just witnessed the French treasury committing a felony by appropriating my will and turning it over to Caillaux. Then we have seen ministers of state come here and declare, in order to cover up their former colleague, with thanks by the president of the republic, are forgeries. Either President Poincare is feeble-minded or his ministers have lied."

BRIDEGROOM BALKS AT ELEVENTH HOUR

Toronto Man Fails to Appear After Guests Have Assembled.

SPECIAL TO THE TORONTO WORLD. BELLEVILLE, July 27.—A Jewish wedding was scheduled to take place in this city last evening, but the groom, Frederick Deemes of Toronto, failed to put in an appearance. Miss Sarah Phillips, a Jewess of this city, was to have been the bride. The guests, who assembled to the number of 200, were royally entertained in a large hall, where the wedding was to have taken place, by Mr. Phillips, the father of the prospective bride.

GLASGOW TEACHERS MADE TOUR OF CITY

Principal Fraser of the teachers' reception committee conducted the 17 Glasgow teachers visiting for a tour of the city yesterday. The party took in the ball game in the afternoon. A party of forty teachers from Edinburgh are to be given a civic banquet tonight.

CALLED TO BROCKVILLE.

BROCKVILLE, July 27.—After being heard in two sermons yesterday Rev. H. Edgar Allen of Hespeler, Ont., was tendered a unanimous call to the pastorate by the congregation of the First Baptist Church. Mr. Allen promptly accepted and expects to begin his new duties here on September 1st. He is a graduate of Hackney College, London, England, and has served as pastor in Toronto, Wingham and Hamilton.

ENDORSES ADVICE IN EMPRESS FINDING

Lindsay Favors Separate Points on St. Lawrence for Landing Pilots.

By a Staff Reporter. OTTAWA, July 27.—Capt. Lindsay, superintendent of pilots, has investigated the matter of having separate points on the lower St. Lawrence for taking on and putting off the pilots for steamers passing up and down the river. He endorses this recommendation of the commission that enquired into the Empress disaster. The object is to avoid the danger of steamers crossing each other's course. The government will wait till it hears from the shipping federation. The latter is getting the opinions of its captains.

Capt. Demers, Dominion wreck commissioner, has been commissioned to inquire into the grounding of the steamer Saskatoon, at Portneuf, and of the Canada lower down the St. Lawrence, and to report on the matter. The case of the steamer H. Lummer was heard by Capt. Lindsay before his recent appointment, but his decision has not been given yet.

YOUNG WOMAN MET DEATH UNDER TRAIN

Miss Crowley Was on Way to Visit Sister in Kingston.

SPECIAL TO THE TORONTO WORLD. KINGSTON, July 27.—After crossing the river within ten miles of Kingston, where she was to pay a visit to her sister, Mrs. Hughes, wife of Sergt-Major Hughes, Miss Catherine Crowley, aged 21, met death by being run over by a train on the Grand Trunk railway, near Ballantyne, east of this city. The young woman's body, badly mangled, was found in a ditch at the side of the track early this morning. She was a passenger on the midnight train from Montreal and got off at Ballantyne in mistake for Kingston. While walking the track she was hit by a fast train going east.

THREE-YEAR-OLD DEAD ATE MORPHINE TABLETS

Was Playing in House of Parents at Burk's Falls and Found Poison.

SPECIAL TO THE TORONTO WORLD. BURK'S FALLS, July 27.—The little three-year-old son of Mr. and Mrs. Harry Snider while playing about the house yesterday ate some morphine tablets this morning and ate them. When it was discovered that the child was ill medical aid was quickly summoned and everything done to try and save his life, but he died in a very short time.

WORE SCANTY ATTIRE.

Charged with appearing at Balm Beach in scanty attire Sunday, Harry K. Mumford was remanded until Wednesday in the police court yesterday, to await the issuing of summonses for about thirty other youths. All are said to have indulged in a "night-shirt" parade, in which several were disorderly.

GOOPS

By GELETT BURGESS

Mary C. Mock

Don't burst into a room before you've knocked politely at the door—I mean a private room, of course—Like Uncle Ned's, or Aunt Lenore's. A Goop like Mary Corey Mock Will go right in, without a knock! Don't Be A Goop!

ARMY WORM PLAGUE PRACTICALLY OVER

Worm Already Entering Pupal State and Activity as Caterpillar Has Nearly Ceased.

Before the first days of next week the army worm plague will have practically ended, according to a statement made yesterday by the deputy minister of agriculture, based on reports from district representatives of the department. These officials state that already the worm is entering the pupal state and that before many days its activity as a caterpillar will have ceased.

ARMY WORM APPEARS IN GARDEN HILL SECTION

Attacks Farm of Alex. Walsh in Durham County—Walks Block Progress.

GARDEN HILL, Ont. July 27.—The army worm has in advance guard operating on the farm of Alex. Walsh, situated about three-quarters of a mile south of this village. This is one of the best farms in the section of Durham, and it is the first time that the army worms have been reported so far north. They are at work in a field of corn and everything being done to prevent their advance, under the management of Mr. Duncan of Port Hope, head of the agricultural department for Durham and Northumberland Counties. It is not probable that the army worm will reach the main part of the village of Garden Hill, as it is surrounded by water on all sides, either by streams running to or from the water powers and fish ponds, for which this coming summer resort is noted, and it is said that the army worm has not yet learned how to cross streams. It is understood that the railway tracks stopped their progress between Port Hope and Cobourg.

EDUCATIONAL EXHIBITS OF PECULIAR INTEREST

School Children and Parents Will Be Attracted to C. N. E. Feature

The educational exhibit at the Canadian National Exhibition this year promises to be of exceptional interest. An entire building is being allotted to it, and the education department of Ontario will fill half of it with exhibits from public schools, technical schools and institutes for the deaf and dumb and blind. The other half will be given over to exhibits from the health department of the City of Toronto, which will demonstrate how milk and other foods are tested, the preparation of food, and the health of the child. Exhibits from the health department of the City of Toronto, which will demonstrate how milk and other foods are tested, the preparation of food, and the health of the child. Exhibits from the health department of the City of Toronto, which will demonstrate how milk and other foods are tested, the preparation of food, and the health of the child.

JUDGMENT RESERVED.

Judgment was reserved in the case of Louis Sheehy, charged with a police court with admitting boys under fifteen years old to his picture show, by Judge Morson yesterday, on recommendation of County Crown Attorney Greer. "This case," said Mr. Greer, "was tried in the police court by a magistrate of the same nationality as the defendant. Sheehy had been fined \$50, which the attorney held to be too high."

THE NEW HOUSEKEEPING

BY MRS. CHRISTINE FREDERICK

SUMMER FOODS FOR THE BUSINESS GIRL

Hot days are not only times to fry women's souls, but their appetites as well. How often is heard the cry: "I don't feel like eating!" or "It's just too hot to touch a single thing today!" These walls are most frequently heard from the business girl and those who are in crowded establishments occupied by confining work to whom the heat has brought headache and perhaps a sense of dizziness with a distaste for all solid food.

Training a Child

I know the questions that most often come into the mind of the reader of these articles: "Can it be that so much physical and mental training is necessary, even desirable, as is advocated in this column? Will it not make prigs or, at any rate, artificial, self-conscious beings? Is not this woman overlooking the charms of unconsciousness, of spontaneity, of a state of nature?" All these thoughts I have had myself many times—always, however, coming out in the same way. It seems to me that the art of life is very much like any other art. Take the art of writing; it is a well-known fact that a simple, easy style does not come by nature. Our style, to begin with, is formal, self-conscious, artificial. It is only through the hardest work that we achieve sufficient discrimination and skill to be able to make our writing seem born, not made. This acquired lack of self-consciousness is not, as some might think, a pretence, or even a superficial envelope. The real, genuine, unself-consciousness, can be attained; and, to my mind, any education that ignores or loses sight of this fact is a failure. "Make yourself so and so, and then forget it!" is the completed precept.

"Much hard work brings great modesty." He is speaking of the writers who toil over their books, but what he says is equally true of people who toil over their characters. As in training children, pervading and enveloping everything should be the thought; complacency and self-consciousness will spoil it all.

The Army Worm

(Continued.) Continuing our talk from the last two papers we notice with growing alarm that the army worm is showing up on both sides of York County. Report is stated at the end of last week the sudden appearance of the swarms to the east of us.

The manner in which the worms suddenly appear in regions seemingly free from the danger is nothing short of miraculous. As a rule the fore-runners of the hordes are not noticed among the fields. In a day or two, having gained considerably in size, and the supply of grain, grasses, and suitable food shows signs of giving out, the worms begin to migrate in vast bodies in search of the food they must have before they pass into the pupal state.

It is stated that the migration of the worms always takes place a short time before the approaching pupal state dawn near. Past records point out that untilled lands, and lands on which the crops are not properly rotated, are prone to infection.

So much for prevention. But when the army is marching immediate and drastic methods must be used. Resort must be had to plowing up the tracks, or to the use of water, or poisoned food, in the hope of thus either killing them or turning them aside. Recourse to fire is left as the last hope, since the danger not only to crops but to bush land and buildings is very, immediate. The period of the invasions of these armies is always in the period of intense heat, when land and forest and everything also beneath the blazing sky is burned to tinder. Thus a chance spark may mean a holocaust of the most appalling character. Taking the plague altogether, the country has a decidedly dangerous proposition to handle.

Now, every worm that is left alive will go into the pupal state ultimately. That does not mean that every worm will emerge at sometime or other from the pupal state, but that the majority of them will. The army of worms, we are told, is not a new pest, and enemies that in ordinary times are sufficient to keep the worm in check.

The tachina fly is the specific parasite that lives upon the larvae of the army worm. One report that I read the other day states that the author, having viewed an advancing army of some millions, examined many of the worms. Upon their backs, in every case, were the eggs laid by these tachina flies. And he further states that the buzzing and humming that came from the myriads of flies swarming above and following the army of worms, was so distinct as to alarm the farmers whose fields were being devastated, were frantic with fear believing that the worms beneath the clouds of flies were the direct offspring of the preying flies.

THE NEW HOUSEKEEPING BY MRS. CHRISTINE FREDERICK

SUMMER FOODS FOR THE BUSINESS GIRL

There is, first, the malted milk group. This may be plain malted milk, which is very nourishing, or malted milk with eggs, still more full of food value. There is the chocolate malted milk or chocolate egg malted milk, which is in itself quite a meal. Taken not too cold and flavored with nutmeg, such a beverage gives in the most attractive form a large quantity of food nutriment.

Then there is the buttermilk group, which includes also the many other sour milk drinks being offered under various trade names. It may be a myth that one can live to be 100 years old on sour milk alone, but it is certainly scientifically proved that sour milk is an excellent stomachic and that in hot weather it is unexcelled for supplying food qualities without bulk and without heat. A glass of buttermilk contains not only the fat of the milk, but the protein or meat substitute, and also lactic acid, which acts as a tonic and refreshment to a stomach which is a little out of the running, so to speak.

The other sour milk drinks have the same qualities and as they are somewhat predigested offer the least possible tax on the digestive system. Last, there is the fruit juice group, in the front rank of which is grape juice; grape juice contains a very large amount of sugar (a complete food in itself) and also a quantity of fruit salts which are very cleansing and cooling. Lemonade alone is not satisfying enough, but lemon milk shake, or lemon flavored egg nog combines the tonic of the lemon with the solidity of the milk. Any other egg and fruit combination is good, provided it is not taken too cold or swallowed too rapidly—cautions which cannot be emphasized too strongly in regard to all summer beverages.

Any of the above drinks taken with a brown bread sandwich or crackers or a cheese snack will be just enough for the hot day's lunch, and will keep the worker refreshed and at the same time nourished, and be better than unsatisfying and even over-heating meals of other kinds. Copyright, 1914, by Mrs. Christine Frederick.

LOCAL HYDRO WANT TO SUE PROVINCIAL

Want to Determine the Power of Commission to Force Cut in Rates.

Claiming that they are responsible for the Toronto enterprise, the local Hydro-Electric Commission has applied to the attorney-general for permission to enter a friendly suit against the Provincial Hydro-Electric Commission to determine the power of the Ontario Commission to compel the Toronto Board to cut the rates. A penalty of \$100 per day was levied against the local board for failing to reduce the rates when ordered on June 1 by the provincial board. The fine now reaches the sum of \$5700. As the attorney-general is still in no decision can be given until he returns.

SIR JAMES AGAIN HONORED.

The secretary of the Canadian Club in London, Eng., announces that the following have been elected members of the committee and vice-presidents of the club: Hon. Sir F. C. S. Langille, lieutenant-governor of Quebec; Hon. Sir James P. Whitney, K.C.M.G., premier of Ontario.

SERBIAN RAN "BLIND PIG."

BELLEVILLE, July 27.—Joseph Minelli, a Serbian residing at Point Ann, was today fined \$100 and costs for having liquor upon his premises in large quantities without a license. License Inspector Stoke of East Hastings, made the seizure on Saturday night. Upwards of 60 gallons of beer, three gallons of whiskey and a gallon of port wine was seized.

Keeping It On Top

The one breakfast cereal that has survived all the moods of public fancy and shows a steady increase in sales from year to year is

SHREDDED WHEAT

It is largely through the loving favor of healthy boys and girls that Shredded Wheat is kept at the top of all breakfast foods. Being ready-cooked and ready-to-serve it is a boon to the busy housewife and mother, enabling her to prepare "in a jiffy" a nourishing, wholesome, appetizing meal without kitchen worry or kitchen drudgery.

Always heat the Blacuit in oven to restore crispness; then pour over it milk or cream, adding salt or sugar to suit the taste. Deliciously nourishing for any meal in combination with berries or other fruits of any kind. Try toasted Triacuit, the Shredded Wheat Wafer, for luncheon with butter, cheese or marmalades.

Made by The Canadian Shredded Wheat Company, Limited Niagara Falls, Ontario Toronto Office: 49 Wellington Street East

DAILY MAGAZINE PAGE FOR EVERYBODY

PARIS' "BLACK AND WHITE" SEASON

These Pictures and Those in the Panel Below, Are from Snapshots Made in Paris, and Show the Great Popularity of Black and White in Feminine Costumes.

Snapshots That Show the Curious Rage for "Non-Colored" Clothes

HERE never was anything like it in Paris—this rage for black and white clothes. Whether Mlle. Forzane started it or not, the fact is undisputed that, with all the shades of the spectrum to pick from, those non-colors, black and white, have been more widely chosen than any others for the clothes that are worn this summer. Designs are various—they never were so various—but whether the goods are satin, chiffon, linen or include the diaphanous veils that add the final touch to so many of the smartest costumes, black and white seem to get first choice among the more artistic exponents of the art of dressing. Stripes and checks naturally have a conspicuous place, but the all-white suit is exceedingly prominent, and many of the soft variations from the all-black designs look (with some delicate splash of flower color) like a half mourning, though vastly more "chic" than is commonly permitted in such effects.

It Is Not "Smart" to Be Delicate Now-a-Days

By WINIFRED BLACK

Copyright, 1914, by Newspaper Feature Service, Inc.

Winifred Black

DR. LOUIS BROCC of Paris, France, says that the new-fashioned woman is a failure. "Women are fast deteriorating physically," says Dr. Brocc, "owing to the exaggerated efforts, principally the intellectual efforts, which they are making toward what they call their emancipation." "Women are stoop-shouldered, hollow-chested, pale-faced and dull-eyed. Where is the beautiful, rosy, healthy girl of 20 years ago? Gone—with the old-fashioned ideas as to modesty and a demure deportment!" Well, well, well—what a world we live in, to be sure.

I supposed the frog in the puddle, there by the roadside, thinks all the world is green—when the scum begins to show on the top of the waters of his existence. It's a small little time since I've been to Paris, so I can't tell about the French women. But there isn't the least trouble in the world to tell about the American women, and I'm going to do it right here and right now. The American woman was never so clever, never so interesting, never so pretty, never so good-humored, never so happy—and never in such rude health as she is in this very year of our Lord nineteen fourteen. She's broader shouldered, deeper chested, bigger boned and taller by an inch and a half than she ever was before. All this by actual measurement. Did you happen to know, Dr. Louis Brocc of Paris, France, that the girl babies born in the public hospitals of America average an inch and a half more in length and a pound and a half more in weight than they did ten years ago?

Women Becoming Taller.

And has it been brought to your attention that the graduates of the girls' high school in any city in America where they keep statistics on such matters is taller by two inches than the average girl of ten years ago? And, let me whisper, have you heard the terrible news from those high schools besides? Sh, I'll tell it to you. The high school boys' average in height and in weight, and in general physical development is going down, and has been going down, slowly but very, very steadily, for the last ten years. What does it mean? I wish I could tell you—I'd love to do it.

WOMAN AND HER JUDGES

For	Against	For	Against
She is the most delightful of God's creatures. Heaven's best gift, man's joy and pride in prosperity, man's support and comfort in affliction.— <i>Shelley</i> .	A coquette, like a recruiting sergeant, is ever on the lookout for fresh victims.— <i>Douglas</i> .	Women teach us repose, civility, dignity.— <i>Voltaire</i> .	If you tell a woman she is beautiful, whisper it softly; for if the devil hears it he will echo it many times.— <i>Durante</i> .
There is nothing by which I have through life more profited than by the just observation, the good opinions and the sincere and gentle encouragement of amiable and sensible women.— <i>Romilly</i> .	Talk not to me of the wisdom of the women—I know my own sex well; the wisest of us all are but little less foolish than the rest.— <i>Mary Queen of Scots</i> .	A brilliant daughter makes a brilliant wife.— <i>Dutch Proverb</i> .	Woman is a most charming creature, who changes her heart as easily as she does her gloves.— <i>Balzac</i> .
Women are charged with a fondness for nonsense and frivolity. Did not Talleyrand say: "I find nonsense singularly refreshing."— <i>Alfred De Musset</i> .	A woman's thoughts run before her actions, not before her words.— <i>Shakespeare</i> .	A little acidity is not objectionable in a woman of spirit; we add lemon to make punch more palatable.— <i>Bayard Taylor</i> .	It is said the friendship between women is only a suspension of hostilities.— <i>Rivcroft</i> .
Women are charged with a fondness for nonsense and frivolity. Did not Talleyrand say: "I find nonsense singularly refreshing."— <i>Alfred De Musset</i> .	There are in women's eyes two sorts of tears: the one of grief, the other of deceit.— <i>Pythagoras</i> .	If the world was lost through women, she alone can save it.— <i>De Beaufort</i> .	There was never yet fair woman but she made mouths in a glass.— <i>Shakespeare</i> .
To feel, to love, to suffer, to devote herself, will always be the text of the life of woman.— <i>Balzac</i> .	Earth has nothing more tender than a woman's heart when it is the abode of piety.— <i>Luther</i> .		A woman's heart is as intricate as a ravelled skein of silk.— <i>Dumas</i> .

Peter's Adventures in Matrimony

By LEONA DALRYMPLE

Author of the new novel, "Diane of the Green," and "The Girl in the Case," distinguished in this series by Miss Dalrymple. Her character studies will not appear unfamiliar to the majority of readers, who will follow the fortunes of "Peter" with interest.

No. 133
Shades and Sympathies.

I MET my mother-in-law on the street next day and she cut me dead. I presently began to realize that I was expected to apologize to her for speaking plain truth and that there would be absolutely no peace in my home until I did. My wife and I then entered upon a period of quietude, under which thunder was constantly rumbling with a menacing suggestion. Whenever Mary spoke of her mother now it was with a lingering gentleness, as if that dear, patient martyr who had heard her had been grossly misunderstood. Whenever I was looking ahead across over to the window, I studied her mother's windows intently and brightened wonderfully if that estimable lady happened to be in sight. Then they'd exchange hand-waves and Mary would sigh. To be honest, that fluttering wave of the hand began to get on my nerves. "It looks so foolish," I insisted. "People will think you're crazy. When you go near the window you begin that sickly little flutter of your hand."

"I was mother to know that I'm thinking of her," said Mary. "I don't see why you should object in the least to that."

As a matter of fact, the motive behind Mary's action was that she wanted her mother to know she was in perfect sympathy with her, and disapproved decidedly of me. Finally we quarrelled about the hand-waving. And then it began surreptitiously. Mary would wander nonchalantly over to the window and seat herself in the window seat. Frequently, in the presence of my gloating mother-in-law, she would flash one of those fool waves. It said as plainly as day: "I'm here, mother, and I'm thinking of you—but not here, and of course I can't go over there, and you can't come over here until he apologizes."

For those were the terms my esteemed mother-in-law had made. Until such time as I should humble my pride and apologize to her for speaking the truth, she would not set foot within my door—"absolutely not," she had said, "certainly one could not expect it," etc. Finally, one night, catching Mary in a surreptitious hand-assurance of sympathy to her mother, who, it seemed to me, was most always hanging about the window of late, I arose and pulled down the shade. "Child! I admit it. I am neither a saint nor a rational being any more. I'm getting nerves and I'm easily irritated. Instantly Mary put the shade up again, with a jerk that sent it flying to the top. It was an act of rebellion incited by the presence of my gloating mother-in-law in the opposite window. I pulled the shade down again and held it.

Advice to Girls

By ANNIE LAURIE

Dear Annie Laurie: I have been going with a young man for a month, and he seems to be very nice. But when I ask him to come up to the house and call for me he always makes some excuse, and asks me to meet him at the corner. Do you think it is right for me to meet him there? LONELY ONE.

DON'T be lonely, Lonely One, the world is full of jolly girls who would like you for a friend, and new fellows who would like you, too, if they knew you. Don't allow this very shrinking young man to take up too much of your time, if he doesn't care enough for you to come to your house after you, you'd better find some one who does. What's the matter with him—is he in disguise and afraid some one will see his face—or what? Either make him come to the house after you or don't go with him at all.

Annie Laurie

Miss Laurie will welcome letters of inquiry on subjects of feminine interest from young women readers of this paper and will reply to them in these columns. They should be addressed to her, care of this office.

Secrets of Health and Happiness

Why Cold Storage Fowls Should Be Bought Undrawn

By Dr. LEONARD KEENE HIRSHBERG

FRANCIS BACON died a victim to the first scientific experiment in cold storage, if Lord Macaulay is to be believed. Nearly 300 years ago, in 1562, at the end of March, he was at Highgate. It was a snowy day. He left his coach to collect snow with which to stuff a fowl in order to observe the effect of cold on the preservation of its flesh.

A chill resulted and he was taken to Lord Arundel's house, where he died of pneumonia. His cold storage experiment was successful, but the patient died.

Some time later, in 1683, Samuel Pepys wrote in his diary that a fowl killed in December by Alderman Barker, and put in a box under his sledge, was forgotten and left until April. When found it was frozen hard, fresh and sweet—and tasted as if it had just been killed.

The unearthing of animals such as dinosaurs, mammoths and other ancient creatures preserved in glaciers, and other externally frozen regions, decomposes more rapidly than fresh foods. This is due to the fact that the "physique" and make-up of the refrigerated ration has been so changed by freezing that it is more accessible to bacterial invasion.

The weekly use of meat as an edible in Greater New York is about 100,000,000 pounds. Yet there are only about 2,000,000 pounds kept in that neighborhood in cold storage.

It is known that in 1864 foodstuffs—a supposedly American, hygienic or anti-hygienic measure—were a common table necessity in France. Yet just two years ago the International Cold Storage Association opened a public subscription for Charles Tuller of Paris, who was then 84 years old, as the discoverer of refrigeration.

At the present time there are more than \$300,000,000 worth of foodstuffs placed each year in cold storage. One-half of this is meat and fowl. Products that were perishable in days ago, which caused Joseph to build granaries in ancient Egypt to avoid lean years, are now guarded by science in appropriate refrigerators.

With the change from the theory of bacteriology to the proved science of bacteriology, it was learned that decay in foods is always due to microbes. These tiny creatures are held in sterile absence by temperatures.

Since preservatives and the destruction of germs of heat often injure the commissariat, as much as they do in decomposition, it is obvious that frigid temperatures are more to be desired than the other methods.

Unluckily, even cold storage, like an iced mint julep, has its felonies and misdemeanors, its dangers and drawbacks, and the material shrivels. The fat under the influence of light, air and oxygen is, after some months, burned into acids. Furthermore, the few non-growing bacteria still present affect a few changes in the frozen foodstuffs.

As vegetables not fresh placed in cold storage will necessarily be bad when removed. No "drawn" poultry should be purchased if previously kept thus. Poultry can only be hygienically stored undrawn.

Useful Hints for the Housewife

By Ann Marie Lloyd

Apple and Tomato Jam. Wipe five pounds of apples with a clean damp cloth, and cut them into quarters. Do not peel them. Put them in a preserving pan, and barely cover with water. Simmer until they are quite soft, and strain through cheese muslin.

Put some tomatoes into boiling water for one minute, and then take them out and skin them. Slice them thinly. Add the sliced tomatoes to the apple liquid, and weigh. To every pound of liquid and tomatoes put a pound of preserving sugar. Then color with a little cochineal. Simmer until a little of the jam can be put on a saucer sets firm. Pot while hot.

Banana Jam. Slice up a dozen large bananas. To every pound of the fruit allow three-quarters of a pound of preserving sugar. Take the juice and pulp of five lemons, and add them to the bananas. Add a little water. Then chop up half an ounce of preserved ginger and add. Simmer very slowly for 90 minutes.

Date Jam. Buy the dates by the pound. Remove the stones from three pounds and put the fruit in your preserving pan. Add about three breakfastspoons of water. Let the fruit just get hot, and then add a pound and a quarter of preserving sugar, a sprinkling of ground cinnamon and a teaspoonful of fresh butter. Stir until the jam begins to thicken, and pot while steaming hot.

Three Minute Journeys
Where the Women Wear Trousers

By TEMPLE MANNING

IN the mountains of Switzerland, near the village of Champéry, some years ago I saw the strange sight of women working in the fields dressed in men's trousers. At a distance I thought that they were men, but when I approached and asked a question I discovered my mistake. And yet, with the exception of their hats, which were a sort of long trousers hanging down their backs, their costumes were identical to those worn by their brothers.

This curious custom interested me so much that I diligently tried to discover the origin of it, but all I could get in answer to my questioning was this reply: "We have always done this, our ancestors always did it. We like the field work, and our men like the house." True enough, when I went down to the village I found the big sturdy men calmly smoking their pipes as they bustled themselves with the babies or cooking dinner.

So many tourists have gone to Champéry in recent years that the village elders have passed a law that no woman shall wear her trousers in the village streets, therefore the women hide their costumes when they go out into the fields, and don them again on their way back. They seem to like the hay or knitting as they tend the sheep and goats. But it is a curious thing that wearing trousers does not cause them to discard any of the notions that are peculiarly feminine when they climb a fence. Instead of vaulting over the fence, or stepping over, they invariably climb to the top rail and slide down woman fashion.

From childhood these women of Champéry are accustomed to the wearing of trousers, and they do not even discard them upon their wedding day, as I was fortunate enough to see. Coming down the road was a bride procession, and I could not at a distance tell which was the bride and which was

A Champéry Shepherdess.

the groom. The bride was dressed white to the eyes, a white bodice, and wore a bunch of white violets in her hair. And she was as shy and blushing as any bride I have ever seen.

The Toronto World

FOUNDED 1853. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited; H. J. Maclean, Managing Director.

Will pay for The Daily World for one year by mail to any address in Canada or Great Britain or the United States.

It will prevent delay if letters containing "subscriptions," "orders for papers," "complaints," etc., are addressed to the Circulation Department.

The World is printed a before 7 o'clock a.m. Delivery in any part of the city or suburbs. World subscribers are invited to advise the circulation department in case of late or irregular delivery.

TUESDAY MORNING, JULY 28.

DANGERS OF PUBLIC PROSECUTIONS.

How dreadful are the imaginary sins of our enemies beside the actual transgressions of our friends! This reflection is forced on one after reading The Telegram last night. The Telegram has a curious substitute for a mind, which distorts everything it has to do with.

To the ordinary mind this would have settled the matter. But not for The Telegram. Our contemporary is more convinced than ever that Mayor Hocken is guilty of something desperate, and that Mr. Maclean is mixed up in it.

It still professes to believe that the names of these gentlemen appeared on the prospectus by collusion, and it insists that such injury to their reputations calls for retaliation.

From the tone of its article we doubt The Telegram does not really wish, either by private proceedings or thru the public prosecutor, to establish anything in the matter but its own guess about Tommorden which went astray.

Take, for example, The Globe charges against Mr. Gurney. Mr. Gurney unquestionably rendered great service to the people of Ontario ten years ago, stimulated thereto by The Telegram, which enticed him from Buffalo with the prospect, excellently realized, of making history.

Gold movements, in these latter days, are becoming more than any other of the older indices the gauge of the international atmosphere.

Maclean, who is not guilty of any offence, while it has nothing at all to say about matters which are clearly not without substantiation.

THE QUESTION OF ANNEXATION.

In considering further annexations to the city two things force themselves to the front: first, an adequate water supply; second, the need for sewers.

The Telegram in its usual illogical way alleges that the city will be injured by further annexation, and in the same breath, that any new territory added to the city will be loaded down with taxation.

These anticipatory adjustments are possible or probable contingencies afforded striking proof of the change that has passed over the face of the civilized world.

ST. JOHN, N.B., REPORTS GOOD BUSINESS. (Special Correspondence.) ST. JOHN, N.B., July 27.—During the month of June the exports from St. John to the United States were valued at \$199,808.14, as against \$128,312.95 in 1913.

RIGHT LAND DEVELOPMENT. In the development of New Ontario on its agricultural side the provincial departments concerned might be well advised to regard what is being done in the Commonwealth of Australia to encourage land settlement.

SIX VACANCIES IN SENATE. OTTAWA, July 27.—The death of Senator McMillan of Glenora makes the sixth vacancy in the senate, five of which are in the British Columbia seat.

SASKATOON IS REFLOATED. MONTREAL, July 27.—The steamer Saskatoon of the Canada Steamship Lines, Limited, which went ashore near Portneuf, on Friday, was floated this morning, after all her cargo of pulpwood had been taken off.

POSITION IS UNCHANGED. MONTREAL, July 27.—Capt. Walsh, marine superintendent of the C. P. R., said today that the report that the position of the sunken Empress of Ireland was changing was unfounded.

THE INTERNATIONAL BAROMETER. Gold movements, in these latter days, are becoming more than any other of the older indices the gauge of the international atmosphere.

Gold movements, in these latter days, are becoming more than any other of the older indices the gauge of the international atmosphere. The first half of the current year was marked by a steady drainage of gold from the United States to Europe, amounting to upwards of \$80,000,000 in currency value.

TWO IMPORTANT GOLF TOURNEYS

Canadian Professional and Open Championships Here Next Month.

Two of the most important golf tournaments of the year are to be staged next month in Toronto, when the best professionals and amateurs that the country can produce will be seen in action. The first one will be the Canadian Professional Golf Association tourney, which will be held at Lakeview on Aug. 14 and 15. This is the first tourney that the ambitious west end club has ever staged, and the members are reaping well to the call for assistance from Alameda, Ottawa, who won the title at Beaufield, Montreal, last year, will be here to defend his title, while all the veterans will again be on hand. Several new members were admitted last year, and the play should be very keen.

Then, on Thursday and Friday, Aug. 13 and 14, the open championship of Canada will be played at the Toronto Golf Club. This match will be 72 holes of medal play, and this year the interest in this fixture is bringing out the very best in every entry. For some time past every professional in the country has been in strict training, and some record golf should be seen. The Toronto course demands real golf to attempt anything in the scoring line, and the erratic man will be heavily punished. Albert Murray of Kanawaka, Montreal, is the present holder of the title, having beaten a large field by three strokes at Royal Montreal last year. He will be on hand to try and hold his title, and his work should keep the best of them traveling all the way.

There is a chance that several American pros. will come over and compete in the open, and if they do the local men will be able to give them a battle royal on their home links. Last year there was a death of amateur entries, but this year, with the increased interest in the game and the good showing of Lyon, Greening and several other good amateurs, it is expected that there will be no shortage of entries. This looks as if the Lakeview Club were coming to the front fast, as Rosedale is always a hard proposition in team play.

Fifteen of the Rochester players journeyed to Lambton on Saturday, but the local players were too strong for them, beating them out 11 points to 6. At Lakeside on Saturday the home team succeeded in trouncing Rosedale by three points, and it is reported that it is not nearly so difficult as the onset Brookline.

All the local professionals will be in the following: George Cumming, Toronto; Percy Barrett, Lambton; Willie Hall, Scarborough; Frank Freeman, Rosedale; Charlie Murray of Royal Montreal; Nicol Thompson of Hamilton and Stevens of Whimn.

BARNEGAT REPEATS IN MONDAY FEATURE

Defeating Tippecanoe in Handicap at Hamilton by a Strong Finish.

HAMILTON, July 27.—Barnegat repeated here today in the feature race, winning the \$1000 Nursery Stakes for two-year-olds. Tippecanoe, from a stout stable, started favorite and was favored throughout, but the distance was too far.

Two other favorites finished second, but could not get up to Polly Flinders, a 5 to 1 shot. Made of Frome stated public choice in the final race on the turf, but the second choice, Ondramida, was best in the race, winning the \$1000 Nursery Stakes for two-year-olds. Barnegat, who was a 5 to 1 favorite, won the feature race, defeating Tippecanoe in a strong finish.

Another good card is on for tomorrow, when the \$1000 Nursery Stakes for two-year-olds as the feature of the seven races.

The World's Selections BY CENTAUR.

Today's Entries

WIN FOR YORKSHIRE C. C.

O. C. C. and Yorkshire met in a C. and M. League contest on Saturday and played probably the most interesting game so far in the western district. Yorkshire opened the innings with Joy and Pugh as partners. Scoring was slow at first until Briggs and Buckinham took the crease. Their scores were a valuable asset to Yorkshire's total, both playing splendid cricket. The bowling of Forrester allowed the Yorkshire batsmen few liberties, Jennings being the only other man with double figures. A peculiar feature of the game was the equality of both team's score at the fall of each wicket, and it was only in the last few minutes of O.C.C.'s innings that victory was assured. Six of their batsmen had double figures, Brown, who was highest with 20 runs, played sound cricket. Dorkin and Murray with 18 and 18 respectively were the big hitters of the day. Score: Yorkshire—

HAMILTON JOCKEY CLUB

RACING TODAY

Special Train Direct to Track leaves Toronto at 10:45 a.m. FARE, \$1.00 Return.

Admission INCLUDING GRAND STAND \$1.50 LADIES \$1.00.

ST. PETERS OF ERINDALE ALL OUT FOR 19 RUNS.

St. Davids journeyed to Erindale on Saturday and played a most enjoyable game with St. Peter's C.C. St. Davids batted first and were disposed of for 19 runs. W. Muckleston, Drury, Corbett and Stanley being top scorers. St. Peter's were unable to do much with the bowling of St. Davids being disposed of for 19 runs. St. Muckleston, 5 for 5. St. Peters scored 24 in their second inning. G. Morley getting 7 wickets for 18 runs. After the game the players enjoyed the fine supper prepared by the St. Peter's Club. All enjoyed the trip and appreciated the splendid way in which St. Peter's Club entertained the Toronto players. The following are the scores:

W. Muckleston, b. Kay	22

TENTH INNINGS' WIN FOR BEAVERS

Isaacs' Timely Single Did the Work - Schaeffer Pitched Steady Ball.

PITTSBURGH, July 27.—The Beavers showed a run across the pan in the tenth inning today and won 3 to 2. The contest was a light hitting one, each club getting seven singles. Schaeffer had the better of the argument with Betting, as he was more steady. The local man was in trouble on numerous occasions. It was one of the best games played here in some time, notwithstanding that a drizzling rain fell on a few occasions and threatened to break up the game. The Beavers scored in the first inning, being hit by one error and Killian's single, while they pushed another across in the fifth on Hunter's error. Killian walked and a double steal by the pair. In the tenth, King pitched Trout's grounder, Killian walked, and Isaac started for one run. Killian was hit by a bunt to steal home. The Pies got two in the sixth on Weidinger's error. Dolan and Rooney's double. The Beavers had three on and none out in the sixth, but they were broken up, and aided by a double play, the lead was retired. Score: Beavers, 3; Pies, 2.

TAILENDERS STOP BRAD'S TIPTOPS

BROOKLYN, July 27.—The St. Louis tailenders prevented the Brooklyns from leading into second place in the Federal League today by winning the opening game of a series here by 5 to 2. Score: Brooklyns, 5; St. Louis, 2.

SITE FOR GOLF LINKS PLEASED CONAN DOYLE

Jasper Park in Alberta Appealed to the Distinguished Novelist.

Golfing enthusiasts will be interested to learn that the distinguished author, Sir Arthur Conan Doyle, during his tour of Canada planned for the Province of Alberta a new golf course. During Sir Arthur's visit to Jasper Park the location of the golf links was under discussion. As a golf enthusiast who has played on the world's most famous links, his advice was sought and he laid out a course that is likely to meet the demands of the most skilled players.

REGINA RAILWAY PAYS

Considerable improvement has been shown in the earnings of the Regina Street Railway. The report prepared by Superintendent Houston shows that operating expenses are only \$8.00 for every dollar of revenue.

RIEL'S LIEUTENANT DEAD

WINNIPEG, July 27.—Mimanie Dumais, 78, a resident of St. Boniface, died of the heat today. Dumais was a first cousin of Louis Riel, and during the uprising of 1870 he served as one of Riel's lieutenants. On the suppression of the rebellion he returned to his home.

TWELVE VICTORIES FOR THE ATHLETICS

Dubuc Was Wild and It Was Easy for the Mack-men.

DETROIT, July 27.—Dubuc's wildness and wretched fielding by his team-mates today enabled Philadelphia to make it three straight from Detroit, 3 to 2. It was Philadelphia's twenty consecutive victory. The batting of J. Franklin Baker for Philadelphia featured. Score: Athletics, 3; Tigers, 2.

LEAVES LOSE REGULARLY

Kelley's Could Not Bunch Their Bingles on Monday Afternoon - Johnson Not Up to His Two-Hit Form.

With Matten, the ex-Contractor, serving them up for the Indians the Leafs were practically helpless at the Island yesterday afternoon and went down to defeat by a score of 4 to 2. Seven hits they collected off the portlander, but only in one inning did two of them come together, and that in the fourth when, after Jordan was passed, and O'Hara and Priests had fallen by the wayside, Kelly doubled to left field, and Wilson brought them both home with a mammoth single to left.

CALDWELL BLANKED CALLAHAN'S SOX

CHICAGO, July 27.—Caldwell allowed five scattered hits today and New York shut out Chicago, 5 to 0. The locals used Russell, Benz and Lathrop, and the visitors scored on each. Score: Yankees, 5; Sox, 0.

BRADLEY KOCHER TOSSED IT AWAY

ROCHESTER, July 27.—Catcher Kocher of Providence gave the team to Rochester today in the ninth, when, with two down and a man on second, he dropped Messenger's third strike and then threw wild, over first, allowing Upton to count from second with the tying run. Then the Hustlers put one across in the tenth, winning 3 to 2. Score: Yankees, 3; Sox, 2.

OVERTIME VICTORY TO THE SENATORS

ST. LOUIS, July 27.—McGraw's three-base hit, followed by Ammitt's single in the thirteenth inning today gave the Washington Senators a 6 to 5 overtime victory over the St. Louis Browns. Score: Senators, 6; Browns, 5.

POOR OLD CLEVELAND DROPS JUST ONE MORE

CLEVELAND, Ohio, July 27.—Boston made it three straight by shutting out Cleveland today 3 to 0. Hoblitzel, at first base, had two put outs, one being in the ninth inning. Speaker in center field had eight put outs and made two singles and a triple in three times at bat. Manager Birmingham sent Lajoie to the bench, Olson going to second and Pezold, formerly with the Irons, Ohio, team, played third. Score: Yankees, 3; Sox, 0.

CONSUL FOR PRINCE RUPERT

The Grand Trunk Pacific Railway authorities in Montreal have received advice that the United States Government, in recognition of the growing importance of Prince Rupert, has appointed an American consul agent there. This is an unusual distinction for a young city. Seven years ago the first white man set foot on the spot where Prince Rupert, with its 600 inhabitants, now stands. Jorgen C. Christensen has been chosen for this new post.

MONDAY P. M.

NEWARK: A. B. R. H. O. A. E. M. W. Z. C. G. D. J. K. L. P. S. T. U. V. W. X. Y. Z.

LEADERS SLIPPING ROYALS WINNERS

MONTREAL, July 27.—Montreal bested Baltimore in a loosely played game today. After scoring three runs in the ninth the Baltimore rally ended when Parent was cut off at third after a long drive to left field. Score: Royals, 3; Orioles, 2.

BISON CAPTURE LISTLESS CONTEST

BUFFALO, July 27.—The Bisons defeated the Jersey City Skeeters in a listless game here today by the score of 6 to 5. Four pitchers were used in the game. Score: Bisons, 6; Skeeters, 5.

CHAMPION HITTER DROVE IN THE RUNS

BALTIMORE, July 27.—Indianaapolis won a thirteen-inning game from Baltimore today 6 to 4. Suggs relieved Quinn in the ninth inning after the visitors had tied the score. Billard, who went into the box for Indianapolis, in the eighth, prevented further scoring by the locals, and allowed but two hits. Kauff's home run in the thirteenth inning scored two runs ahead of him. Score: Indians, 6; Orioles, 4.

PIRATES STOPPED MCGRAW'S GIANTS

PITTSBURGH, July 27.—Cincinnati won a seven-inning game here today by 6 to 3. Ryan came in Brooklyn's half of the eighth, after Reulbach, who had relieved Ragan at the beginning of the inning, had shut out the visitors. One Brooklyn player had fanned. Score: Pirates, 6; Giants, 3.

PHILLIES AND CARDS DIVIDED THE BILL

PHILADELPHIA, July 27.—After pouncing Philadelphia's pitchers hard in the first game today and winning by 3 to 2, St. Louis was baffled by Mayer in the second contest and lost 2 to 0. On one hit, a single by Miller in the second inning, was made off Mayer, and only one of the visitors got to second base, and none further. Score: Phillies, 2; Cards, 0.

FIVE BROOKLYN PITCHERS IN THIS

BROOKLYN, July 27.—Cincinnati won a seven-inning game here today by 6 to 3. Ryan came in Brooklyn's half of the eighth, after Reulbach, who had relieved Ragan at the beginning of the inning, had shut out the visitors. One Brooklyn player had fanned. Score: Pirates, 6; Giants, 3.

Cullop Bested Old Cy Barger

PITTSBURGH, July 27.—Cullop bested Barger today in a pitching duel, and Kansas City took the opening game of the series from Pittsburgh, 2 to 1. Cullop struck out nine locals. Score: Athletics, 2; Pirates, 1.

JOE'S BIRTHDAY WAS NOT LUCKY

BUFFALO, July 27.—The Buffalo Peddler celebrated Joe's birthday by losing Federal Field today by defeating his team 7 to 2. Score: Athletics, 7; Pirates, 2.

CHAMPION HITTER DROVE IN THE RUNS

BALTIMORE, July 27.—Indianaapolis won a thirteen-inning game from Baltimore today 6 to 4. Suggs relieved Quinn in the ninth inning after the visitors had tied the score. Billard, who went into the box for Indianapolis, in the eighth, prevented further scoring by the locals, and allowed but two hits. Kauff's home run in the thirteenth inning scored two runs ahead of him. Score: Indians, 6; Orioles, 4.

VESEL TOW AWAY

CANAL HEAD-GATES

Cement Steamer Blocked Navigation Thru the Welland Canal Yesterday.

Special to The Toronto World.

ST. CATHARINES, July 27.—The steamer Sarnar carried away two head gates of the lock about 10 o'clock this morning. The steamer is owned by the Canadian Cement Company of Montreal. No damage was done to the steamer, and it is expected that locking will be resumed about midnight tonight.

The cause of the accident is said to be that the engine centred when entering the lock, and they were unable to check speed before hitting the upper gates.

.. Late Rally Partly Offsets Early Losses Thru Fear of War ..

HEAVY LOSSES SUSTAINED YESTERDAY'S MARKETS

Opening Prices Came as a Heavy Blow — Considerable Forced Liquidation—C.P.R., Brazilian and Toronto Railway Broke Away — Closed With a Rally.

Heavy losses were sustained by Canadian speculators in yesterday's stock market. Few anticipated that last week's break in C. P. R., Brazilian and Toronto Ralls would be carried further and opening prices yesterday morning came as a heavy blow.

London made prices for the three stocks mentioned and the low prices for the day were made either at, or shortly after the opening of the Toronto market.

C. P. R. sold down to 17 1/2, Toronto Ralls to 111 and Brazilians to 6 3/4 before the stampede was stopped. During the long period of liquidation which has gone on in Canadian stocks many speculative accounts have been badly weakened and yesterday witnessed a deal of forced liquidation.

Bankers Made Calls. Owing to extreme nervousness over European affairs, banks made heavy calls on brokers and these in turn looked to clients to be reimbursed. Rarely had operators either responded or gave selling orders, but numerous out-of-town clients could not be so readily reached and further settlements are awaited in Tuesday's market.

May Need Capital. The break in Toronto Ralls was due to the belief that the company will need new capital to the extent of at least \$2,000,000 to put the road in a condition satisfactory to the railway board and that this will put the present eight per cent dividend in peril.

The fall in C. P. R. and Brazilians is largely owing to apprehension in Europe especially in regard to the future financing of the Brazilian republic. Astute market operators were buyers in yesterday's break, but the purchasers in most cases were merely for turns and these purchases will come on the market again on moderate rallies.

The Toronto market closed with a rally, but uncertain and dependent for the future on the action of the larger exchanges.

SEVERAL POINTS LOST IN NEW YORK

Impending Crisis in Europe is One Subject of Discussion.

GOLD FOR LONDON

Market Worked Towards Recovery in Afternoon—Some Actual Gains.

NEW YORK, July 27.—The one subject of discussion and cause of apprehension in financial circles today was the pending crisis in Europe. This condition was foreshadowed in the demoralized state of the London market, which was also bearing the weight of latest developments in Ireland.

Prices of principal American stocks were off 2 to 4 points in London. Canadian Pacific being weakest. At the opening here declines were less extensive, but further recessions occurred as the morning progressed, Canadian Pacific losing a total of 4 1/2 and other securities of the first-class class falling 2 to 3 per cent.

Activity was greatest while prices were falling. Dealings in the first hour approximated 200,000 shares, and by noon the total had increased to 350,000. Of this amount London and continental Europe were credited with sales of at least 50,000 shares. To add to the general unsettledness of the morning, additional large gold engagements for Europe, including \$5,000,000 to London, were announced. These were regarded as a direct influence of conditions across the water and pointed to the extreme nervousness employed there to increase gold holdings, already swollen to unusual proportions. The business outlook in the west was a sharp advance in sterling exchange to 490, compared with 488.20 last Saturday.

Better in Afternoon. Pronounced betterment was witnessed in the afternoon as the entire market gradually working towards substantial recovery on circumstantial rumors, indicating that Austria and Serbia might agree to submit their grievances to the leading powers. Many of the more general declines of the morning were redressed by half or more, and in a few instances actual gains were made.

Domestic news was almost altogether ignored in the excitement occasioned by the foreign war scare. Nevertheless it was the testimony of eminent authorities that crop conditions were improving and that the business outlook in the west was vastly more encouraging.

TWIN CITY MAKES GAIN. The earnings of the Twin City Rapid Transit Company for the second week of July were \$18,741, a gain over the corresponding period last year of \$14,705, or 1.41 per cent.

BUDAPEST EXCHANGE CLOSED. BUDAPEST, July 27.—It was decided today to suspend the operations of the stock and coin exchanges here until Thursday.

SILVER AND DOLLARS. In London yesterday bar silver closed 1/4 lower, at 24 3/4 per ounce. In New York commercial bar silver was 1/2 cent lower, Mexican dollars, 1c.

ANNUAL MEETING TODAY. The annual meeting of the Canadian Goldfields Syndicate will be held today.

WINNIPEG A LOSER. WINNIPEG, July 27.—The amount of money placed by the City of Winnipeg in the hands of the Chaplin, Mine, Grenfell and other liquidation debenture holders was \$38,000, the city will not lose it all. There will be a deficit of \$29,817, about \$150,000.

CANADIANS IN LONDON. Quotations on Canadian securities in London yesterday were: Dominion of Canada loan, 85-85; Manitoba Sterling bonds, 102-104; Dominion of Canada registered, 86-88; Dominion registered stock, 1840-80, 98-99; Province of Ontario four, 88-95; Victoria Sterling debentures, 1920-80, 87-9.

REGULARITY OF INCOME. It is important to an investor that he should receive his income at regular dates. On moneys invested under our Guaranteed Trust Investment plan the interest is paid promptly on January 2nd and July 2nd. Sums of \$500 and upwards are accepted. Particulars on request.

National Trust Company Limited. 18-22 KING STREET EAST, TORONTO. Montreal Winnipeg Edmonton Saskatoon Regina.

With Last Farm Sold

WINNIPEG, July 27.—When the C.P.R. has sold its last farm or town, it will have realized nearly \$400,000,000. The amount which the company will eventually pocket will be larger than the entire capitalization of the system.

STRENGTH SHOWN IN MINING STOCKS

Outside Influences Have Little Effect — Some Selling From Montreal.

Yesterday's mining market gave a good account of itself notwithstanding the exceptionally weak conditions outside. These had little effect. A good deal of realizing was done for Montreal, which occasioned weakness in Crown Reserve.

Other stocks advanced. Hollinger, Beaver, Flin Flon and McIntyre were higher. The former sold up to 18.00. It closed at 18.15. Big Dome was steady at 8.75 bid. McIntyre was in demand at 33 to 34. It closed at the top price of the day. Rumors were current yesterday in respect to higher prices for this stock. Dome Lake was steady at 28 bid. Truck-Hughes was in demand at 1.11. The close was strong at 1.14.

PRICES SLUMPED IN ALL DIRECTIONS

War Fears Responsible for Lower Figures on London Market.

LONDON, July 27.—The stock market experienced a comparatively sharp morning after a comparatively steady forenoon. Prices slumped in every direction.

While some dealers refused to quote prices in the foreign section, a calmer tone developed on better news from the London market, and the belief that diplomatic relations may yet avert a clash. Consols recovered to 7 1/2 and closed at 7 1/2. The rest of the market followed well above the worst.

The market for American securities was very weak early. Canadian Pacific slumped 5, and other issues 1 to 2 points. Continental and local selling on war fears were the disturbing factors. Later the market improved under the lead of Canadian Pacific. There was a set-back near the finish, which made the final tone uncertain.

The money market tightened up considerably. Bankers charged more for the settlement of bills, and the discount rates fell. The discount market was prominently weak. Pacific droppings 6, Rio Tintos 3 and De Beers 1 1/2.

There was heavy liquidation of all the leading issues. In fact, the total trading yesterday exceeded by nearly three thousand the previous high record for the year. Exclusive of mining shares over 15,000 shares were sold.

C.P.R. opened here with a loss of 3 1/2 points at 17 1/2. The next sale was at 17, but it quickly sagged off to 17 1/2, the low of the day, and a new low mark on the local exchange in some years. The last sale in the morning was 17 1/2, and the first sale during the afternoon at 17 1/2.

All other transactions in the afternoon were at 17 1/2, and it closed there with a net loss of 2 1/2 points on the day. Brazilian acted even worse. It opened with a loss of 5 to 6 points at 62. This proved the low of the day, and it rallied and closed with a loss of 4 1/2 points at 65.

Toronto Railway Features. Power acted comparatively well at the opening and was only 3 points lower at 24. It later turned very weak, however, and touched 22 1/2. It recovered in the late trading to 22, closing there with a net loss of 6 points. Laurentide opened at 6 points at 168. From there it sagged to 167 1/2, and recovered only a point to 168 1/2, where it closed with a net loss of 6 1/2.

Dominion of Canada loan was one of the outstanding features of the day. Its loss at the opening of 117 was 1 1/2. It later turned very weak and sold off sharply to 111 1/2, or a net loss of over 7 points. In the late afternoon it recovered to 115 1/2, and closed with a loss of 3 1/2. All other stocks followed the leaders except those which received good support. Dominion stock was the only one in this respect. The day's transactions totaled 15,236 shares, 11,280 shares and \$10,400,000.

WINNIPEG A LOSER. WINNIPEG, July 27.—The amount of money placed by the City of Winnipeg in the hands of the Chaplin, Mine, Grenfell and other liquidation debenture holders was \$38,000, the city will not lose it all. There will be a deficit of \$29,817, about \$150,000.

CALGARY, July 27.—During the past six weeks more than 100 carloads of drilling equipment has arrived in Calgary and at Okotoks, according to the Calgary Morning Alberta. It further states that probably \$3,000,000 will be expended in developing the Calgary oil fields during the coming year. In spite of all the development that has already taken place, expansion has been made. The first wild three of the boom is over. This is necessarily a slow process. Considerably more than a year's work has been devoted to the drilling of the oil fields, an oil district is not developed in a day or a year. It takes time and long-distance perseverance.

MONEY AND EXCHANGE. Glassbrook & Cronyn, exchange and bond brokers, report exchange rates as follows: Buyers. Sellers. Counter. N.Y. fds., 1-16 dis. 1-32 dis. 1/4 to 1/2. Mont. fds. par. par. 1/4 to 1/2. S.W. fds. 1-16 dis. 1/4 to 1/2. do. dem. 10-18 10 1/2. Cable tr. 10-16 11 1/2 to 11 3/4.

Rates in New York. Actual. Posted. Sterling, 60 days' sight, 485, 488. Sterling, demand, 480, 481 1/2. Call money in Toronto, 6 per cent. Bank of England rate, 3 per cent. Open market discount rate in London for short bills, no market.

CREDITORS MEET TODAY. Creditors of the Canadian Automatic Transportation Company will meet today for the purpose of appointing a liquidator to wind up that company's affairs. The meeting is being assigned to E. B. C. Clarkson and Sons.
