Strong Strategic Points Captured by British Infantry Behind Original German Line East and South of Quinque Road - French Take All Ridges of Notre Dame de Lorette.

Special Cable to The Toronto World. LONDON, May 21.-Encouraging news continues to come from the Britich front, the latest report of Sir John French received tonight announcing the capture of several strong strategic noints behind the original German line by the British infantry east and south of the Quinque road, which runs north thru Neuve Chapelle. Appreciable progress has been made in this area, and the operations have assumed the character of many local fights for strategical positions. Great callantry was shown by the British infantry in carying out these engagements to a successful issue.

Minor artillery engagements have been the feature of operations on the rest of the British front. A German aeroplane was brought down last night in the vicinity of

Infantry Displays Great Gallantry in Series of Local Fights for Strong Points Behind the Original German Line.

LONDON, May 21.-(8.55 p.m.)-"Since my last communication of the 17th," says Sir John French, the British commander-in-chief, in an official communication made public tonight, "the operations have been hampered by the weather.

"But in pite of this our troops have made appreciable progress east and south of La Quinque road, near Neuve Chapelle. The main characteristics of these operations have been numerous local fights for strong points behind the enemy's original line. In capturing several of these points, our infantry has again displayed great gallantry.

From France a letter has arrived the engineers. This was an awful siving a short but vivid description of how the Canadian Scottish (16th Battalion) performed one of the most remarkable feats of the battle of Langemarck and probably the war. It tells of the recovery of the four big British guns from the Germans by the fiercest kind of bayonet work ever done by any body of soldiers. These Highlanders, who come from Hamilton, Winnipeg, Vancouver and Victoria, with a small sprinkling of Toronto then among them, charged the German liorde five times before the guns thorde five times before the guns finally passed back into British hands. carried him to a dressing station about half a mile away. ance, and there watched the progress of the battle. The artillery duel was something terrific, and I witnessed close escapes from bursting shells. Early in the evening a staff officer came along and told me he thought my battalion—what was left of it—was entrenched by a farm on my right, and I found them there all right. The boys all thought I had been killed, and the colonel shook hands with me.

"The fighting was awful, but, thank "He told me that he and his com-rades were falling back when they got the order to advance again. There was a moon and they could see a wood in front of them. They formed four lines. The first line charged the Germans with the bayonet under a heavy fire; then the second line charged, passing thru the first line and carrying beyond it. This was repeated till all four lines had charged, and then the bugle sounded and they made a rush together. The Germans fought doggedly, but in the end they 'seemed to dwindle away.' Excitement, admittedly, blots out cfear recollection of these moments. Men do not know what they felt. They remember as in a dream. The bayonet charges were George A. Opposition Leader Refutes Charge That Party Balked Government War Policy.

As the guest of the Ontario Liberal

Club Federation last night, Hon. Sir Wilfrid Laurier made an eloquent ad-Wilfrid Laurier made an eloquent address, in which he dealt with the possibilities of an election from the Liberal viewpoint. Enthusiasm ran high in an audience of more than two hundred, especially at the climax of the leader's speech, in which he said: "Whilst I believe in the interests of the country there ought to be a change of government and a different policy, I shall agree for my part that so long as the war lasts I do not care to open the portals of office with that bloody key."

The opposition leader spoke for three-

of life, and he proceeded to consider what should be the duty of Liberals under war conditions. The evidences going to show that the government had determined to dissolve parliament were neither few nor light. It was well-known that printers had been at work preparing literature for distribution, that ballots had been shipped to the front and that a gentleman from Winnipeg had been sent with them to do the preliminary work but the voice of public opinion was thunder-strong in protesting that such a thing under existing circumstances would be a national crime.

INJURED MURDERED

Ammunition Supply and Medical Attendance Continued Unbroken Thru Fight.

By Sir Max Altken, Canadian Official Eye-witness,)
LONDON, May 21.—In his official narative of some incidents that occurred n the battle of Langemarck, Sir Max Aitken Canadian official eye-witness,

ecounts the following:

until the end of the week, when incendiary shells set the place alight, and they were forced to move. The road being impassable on account of the shrapnel, they swam the moat, but one of them was badly wounded, for whom swimming was out of the question. Captain Scrimger, medical officer attached to the Royal Montreal Regiment, protected the wounded man with his own body against the shrapnel that was coming thru the naked rafters, and carried him out of the blazing house into the open. Two of the staff, Lieut. Col. Hughes (brigade major of the Third Infantry Brigade) and Lieut. pany officer) (nen re-swem the moat, and, waiting for a lull in the shell fire got the wounded man across the road onto a stretcher and into a dressing station, after which they went on with their own dwitter.

In one of the many isolated bits of night work, it happened that a German detachment was cut off by one of ours, and its situation was hopeless. There was something like a gasp as the enemy realized this, and then a silence, broken by a voice crying in unmistakable German-American accents. man-American accents:

Wilfrid Laurier Gave Patriotic Address to Ontario Women Liberals.

NOT POLITICAL SPEECH

Attention Centres on the War and Dominion Must Be United

Members of the Ontario Women's Liberal Association and others anxious to hear Sir Wilfrid Laurier, packed the hall of the Y.W.C.A. on McGill street yesterday, afternoon, undeterred by the forbidding aspect of the weather, and were rewarded by hearing one of the most patriotic addresses that have been delivered in Toronto since the outbreak of the war. "We are not Liberals nor Conservatives, but loyal Canadians." said the leader of the opposition in the course of his address, and this was the key

The hall had quite a festive appearance in its adornment of draped flags, and the platform handsomely cutlined in great potted plants of ferns, palms and hydrangeas. Mrs. W. Rowell presided, and Sir Wilgrid on his entrance was accompanied by N. W. Rowell, K.C., George Graham and Geo. Gibson, president of the Young Men's Liberal Club. Preceding the address of the afternoon business left over from the morning of the patriotic work of their various branches were read by Mrs. Edgar, Hamilton; Mrs. Power, Stratford; Mrs. Preston, Brantford; and Mrs.

Ontario, he said, had always been a box of surprises. and he was receiving one in the gathering of Liberal women before him. He was proud to see that Liberal ideas were receiving such a welcome in Toronto. He had been told quite recently by a man whom he met of the good work being done by the Liberal told the good work being done by the Liberal told the good work being done by the Liberal told the good work being done by the Liberal told the good work be good work be good work be good to good to good the good told the good the good told the good told the good told the good the good the good told the good the eral women of Hamilton, and now he did not know which had done most. they or the women of Toronto.

"I should probably speak of the Liberal party, but these are not ordinary times, and it is not politics, nor economic conditions about which we are thinking—our attention is on this war. Unless I mistake the feel-ings of Toronto, that which is engros-sing its attention is the war and its horrible problems. But the war has had one good result, it has made us realize that British institutions are the best produced by men of the pre ment day

British Ideals Always. The brought up in Quebec, Sir Wilfrid said he had always inclined brought to British ideals. France hanges about by means of revolution England by reform, and this would be the means adopted if changes were inaugurated at the close of the war. Speaking of Germany, Sir Wilfrid stated his belief that its government must now see that an empire cannot rest on force, but on freedom in every part of its territory. At the outse hostilities Germany had imagined at the British Empire would be dishtegrated. She imagined that Ireand would be in the throes of a civi war, and that Canada, Australia and even India would break loose. What must have been its disillusionment!
John Redmond declared that the Catholics of the south and the Pro testants of the north would take care of Ireland; from Canada we had expected much, but the boys had done even greater than had been anticipated, and in South Africa it is the Boer led by General Botha, who is defend-

ing the British flag." The one Saxon word "freedom" had brought this about. Allegiance, depending on force alone, would never bring about such a spectacle. We must give of our treasure and our blood to maintain the British flag. The blessing and lesson of the war would be that not German force, but British freedom must triumph in the victory of the allies and the crushing

Housewives especially, as well as other members of the Dominion, should be glad to read further proof of the power of Dr. Cassell's Tablets to cure nerve weakness, and the ills that come of nerve weakness. This is well shown in the case of Mrs. Spencer, who lives at Wood Lawn, 124, Coldharbor-lane, Camberwell, London, England. She says: "I'm delighted to tell you that Dr. Cassell's Tablets have done me a wonderful amount of good; in fact, they have set me up so thoroly that I'm sure I never felt better in my life.

"I was dreadfully run down when I commenced taking the Tablets. My nerves were all on edge as it were, and I was so weak that it was an effort to do anything, or even to get about. Any sudden noise would make me jump, and at all times I was extremely nervous. When going upstairs I used to feel that I should fall, and I had a queer idea that somebody or something was coming behind me. My geheral health, too, was seriously affected. I suffered much with dyspepsia and flatulence. The wind seemed to get all about my body; I could feel it even in my arms. Dr. Cassell's Tablets cured me of all that. They did me more good than anything else I ever tried, and altogether have made me feel and the seemed to get all about my body; I could feel it even in my arms. NERVOUS DYSPEPSIA cured after years of suffering

"Dr. Cassell's Tablets have done me a world of good, and I only wish I could tell every poor sufferer the world over

how splendid they are for the nerves and dyspepsia."
So says Mrs. Hubbard, of 6 Havelock So says Mrs. Hubbard, of 6 Havelock Place, St. Anne's road, Harrow-on-the-Hill, England. It is a most praiseworthy desire to help others that prompts Mrs. Hubbard to speak in this strain. She has found how truly reliable are Dr. Cassell's Tablets, and sympathy with suffering urges her to testify. That is the spirit that actuates all who have ever recorded their experiences of this great medicine.

Mrs. Hubbard continues: Mrs. Hubbard continues: "I had suffered for years more or less, but about a year ago the trouble became very acute. I had the most violent pains in my stomach, like colic or cramp, and my nerves, were in a dreadful state. A knock at the door would make me jump. Appetite I had none, and food caused me such suffering that I was afraid to eat at all. Naturally I became so weak and run down that I could hardly do anything. Besides the pain at my stomach, which was simply awful, I had severe pain in my back, and headaches that at times were agonizing. Of course, I had advice, spent quite a lot of money on medicine, but no benefit at all followed.

"I was in a frightfully weak and nervous condition when I chanced to read about Dr. Cassell's Tablets. I got some at once, and from the first dose I felt they were going to cure me. They did. I improved rapidly, gained strength and fitness, and now I feel ever so well, with no nervousness and no dyspepsia."

G. D. Connell of Oshawa led a discussion on "The Federation in Relation to the War." He said that it would be a sacrilege to think of politics at a time when the empire was engaged in a life and death struggle, but he predicted that Ontario would be more Liberal than Conservative as a result of the war. He moved a resolution that Liberal clubs should become active patriotically and organize with that end, in view.

Mrs. Grant Needham and Mrs. J. H. McFadden of the Women's Liberal Club spoke, conveying a message of co-operation from their members.

SATURDAY MORNING, MAY 22.

A Suitable Congregation Needed There is a distinct advantage in pessimism-for the optimists. Optimism may itself become a danger if it falls into apathy, or any negative condition which prevents action. Pessimism has a healthy effect, therefore, upon the optimists who might become too satisfied with their prospects, and neglect to secure the potentialities of the situation. We need not, therefore, deplore altogether the Jeremiads that are uttered from time to time, nor imagine that it is lack of patriotism which leads some of the London critics to expect a German invasion of Great Britain and serious reverses in the continental campaign. These things should stimulate us to the limit of effort, for anything is possible if we de not take care to prevent it.

It may be quite necessary still to cry and the determination of the German forces, for there are many people who have been so steeped in the faith that British defeat is impossible, they do tories have been the result of the most intense devotion, sustained effort, and inexhaustible sacrifice. To Change German Intention.

Whatever Germany's intention may have been the position taken by Italy, it is asserted here, will have a soothing effect so far as the United States is concerned. No indication was re-ceived here today as to the possible tenor of Germany's answer. Until it became apparent that Italy's entrance into the conflict was a question of only a few hours there was a feeling here that Germany would politely de-cline to acquiesce in the suggestion of President Wilson, but would do so in a way that would lead to a further exchange of diplomatic communica-

By a Staff Reporter. OTTAWA, May 21.—Sir Robert Bor-len is expected back in Ottawa early next week, and all the cabinet will be here, except Mr. Hazen, who has gone to the Adirondacks for rest and quiet, after his operation in Montreal. It is believed that one of the first things to dealt with by the prime minister will be the resignation of the secre-

tary of state and popular member for Hochelaga. It is understood that Hon. Louis oderre is likely to succeed Justice Tellier on the hench in Montreal. The latter has served for many years, and is qualified to retire on full salary.

The question of the new French-Canadian member of the cabinet is uncertain. The French - Canadian members of the house of commons will doubtless be allowed to offer sugges-tions on the matter after discussion among themselves.

SUSPENSION RACE

Chances Are No Interference Will Come From the Gov-

ernment. By a Staff Reporter.

OTTAWA, May 21.—There is no disposition in official circles to think that the Canadian Government will follow the example of the British authorities, who have suspended all race meetings except that at Newmarket. In the British Isles racing dates are canceled because railways are needed at all times for speedy movements of soldiers, both going to and coming from the front. In no such situation exists, the railways being able to deal with the military ways being able to deal with the military necessities as they arise without undue congestion. Racing meets in Canada are not likely, therefore, to be interfered with, unless for some other reason.

MERCILESS TORTURE

A choice between starvation or merciless torture is the dismal prospect before all victims of indigestion, for although they are in need of food to nourish the body, they are afraid to eat because of the long periods of pain and discomfort that follow even the lightest of meals.

The urgent need of all who suffer from indigestion is to gain strength so that the stomach can extract nourshment from the food taken. Pain after eating is the way the stomach signifies its protest that it is too weak to do nature's work. To take purgatives is only to aggravate the trouble. Dr. Williams' Pink Pills give new strength to weak stomachs because they enrich and purify the blood supfirst the appetite revives; then food can be taken without pain and the when I read of a case similar to my own cured through the use of Dr. Wil-

opening of the Canadian racing season, which opens at Woodbine Park this afon. In all probabilities the twelve tarter in what promises to be the keenest run and most open looking King's Plate during the fifty-five years of the existence of this classic event. Jos. E. drie, in Splutter and Last Spark respectively.

The rain of yesterday made the track at the Woodbine very muddy. Should it not rain again and Old Sol shine his rays, by the time the horses parade for the King's Plate the track would likely be in good shape. Hampton Dame, who will run under the colors of her new owner, E. G. Davies, looks to have a shade the better of at least ten of her opponents. In all her works this filly has made fast time under slight urging and will run well on any kind of a track. Lady Curzon, from the Dymeht stable, looks like the winner. She went into winter quarters last fall favorite for the big race, and her work this spring has satisfied her trainers. Lady Curzon was troubled with a cough along with the rest of the Brookdale horses prior to the shipment of the stable to Woodbine. They all seem now to have got over it, even Moss Fox; who has been stepping right lang in his works.

Lady Curzon worked the full plate distance in 2.12 last Wednesday morning. Trainer George Walker has not been hustling the daughter of Plaudit. The Bell of Mayflower, in any of her work, and yesterday morning was the first time she was asked to do any work since Wednesday. Accompanied by Beau Chewal she galloped ¼ in 1.17 1-5. Lady Curzon will run to her best form on any kind of a track.

The Millar candidate, Fair Montague, should run third.

The Millar candidate, Fair Montague, should run third.

Charles Crew's Pepper Sauce has trained very well, can go on any kind of a track, and if he runs his race up to his works the son of Inferno—New Dance will finish in front of both the Hendrie and Seagram candidates.

Splutter has gone over the distance the best of the Hendrie candidates, but unless he steps a lot faster than he did in his works he will have to be regarded as having a mighty slim chance for any portion of the purse.

The Millar candidate, Fair Montague, Splutter has gone over the distance the best of the Hendrie candidates, but unless he steps a lot faster than he did in his works he will have to be regarded as having a mighty slim chance for any portion of the purse.

The Millar candidate, Fair Montague is loaded with weight, and with the other Seagram pair, Smithfield and Charon, has been working in 2.13 in most of their trials. They can hardly be considered as having better than an outside chance for third. Tartarean, Fair Montague's stable mate, has worked well, and has acted as pacemaker for Fair Montague's stable mate, has worked well, and has acted as pacemaker for Fair Montague's stable that works, and ought to run well.

Harry Bassett II., from the Giddings stable, has been a regular lemon in all his works, and will likely be a keen contender for last place.

J. F. Dolan's Okemus has demonstrated that he does not want to go over a distance in all of his works. He, like other gets of Rotterdam, has the early speed, but oen't stay.

distance in all of his works. He, like other gets of Rotterdam, has the early speed, but cen't stay.

The O.J.C. has seven races on the cardeach day. For the opening program, besides the King's Plate, there are the Athol Steeplechase, Minto Stakes and Mulock Cup handicaps. The flag will fall for the trial plate at 2.30, and with half an hour intervening between each, the field for the King's Plate, fifth on the card, should enter the chute at the head of the stretch for the start of the 134 mile journey at 4.30.

The following were among the best workouts. Hampton Dame, mile in 1.50 galloping; Horron, % in .36½; Lady Curzon and Beau Cheval, 34 in 1.17 1-5; Fountain Fay, Recoil and Liberty Hall, in .53; Hearts of Oak was schooled.

and friends is expected.

The St. Simon's Lawn Bowling Club will officially open its green today at 2.30 p.m. The prospects for the season are particularly bright, and a number of new members have already been enrolled. The green, which the members consider one of the best in the city, is in excellent condition, and a splendid list of friendly games has been arranged. The annual President v. Vice-President game will be played on Monday, May 24, at 3 a.m.

The Lakeview Lawn Bowling Club will The first inter-rink matches of the Victoria Club take place today at 2.30. Group A plays Group B. Group A: E. D. McCormack, F. O. Cayley, J. D. Chipman, F. G. Oscar Eby of Hespeler, presiding. The meeting was most enthusiastic, nearly forty members of the various clubs being present. It was the opin-

ion of all present that the first season of the league had been most successful in bringing the clubs of the county closer together, and that the games had been enjoyed by every one. The following officers were elected for the ensuing season: President, Oscar S. Eby, Hespeler; vice-president, A. E. Reiner, Wellesley; secretary-treasurer, John Ferguson, Waterloo. The usual schedule will be drawn up and a start made with the game in up and a start made with the game in the first week in June.

A special meeting of the Caer Howell L.B.C. was held last evening at the Victoria Exchange Hall, at which arrangements were completed for a new green on the Anthes Foundry Co.'s property. The meeting was most enthusiastic, and prospects for the coming season are excellent, the following members being present: Dr. R. B. Orr, president, in chair: E. C. Davies, Cane, W. will be played on Monday, May 24, at 3 a.m.

The West Toronto Bowling Club will open the season on the new civic lawn, Keele street, on Monday, the 24th, at 2 o'clock, with the President v. Vice-President match. Everything points to a record season, they having over fifty hew members.

The Question as to where the fast home fielder of last year's Torontos would play has been settled, and Long-fellow will go to Rosedale, the management being very much elated in getting this brilliant player, which rounds out a fast field. Should Billy Fitzgerald decide to come over from St. Catharines he will play with Rosedales. He may possibly be here to play against Tecumseh on the holiday. The teams will likely line-up in this order:

The Lakeview Lawn Bowling Club will open their green today. There also will be some interesting games on Monday.

Models That Set The Fashion

Exclusive, Youthful, Correct

Every Fashion-Craft model, no matter what its individual features, is the style. Models for young men that are trim, snappy, lively. Styles for older men-correct, individual.

The wide collar—the soft front—the high waist—the natural shoulders—not these features alone, but the clever way in which they are combined makes the true style of Fashion-Craft.

Pacific Ave. Deputation Be- Plea Made That Public is Not fore Works Committees to Make Request.

The electric sign advertising the beer of Huether Bros. of Berlin, which Toronto are feeling the pinch of the is located at the northeast corner of provincial fee more this year than Queen and Yonge streets, and better ever in the past; and because of it are seeking redress from the government. They claim that their earnings have known as the "German" sign, was the subject of a more than ordinarily so decreased that the regular fee is heated debate in the works committee beginning to assume the nature of a yesterday afternoon, the result being that the city solicitor will be asked A large deputation of the owners and managers of many of the smaller places in the city under the guidance of Louis Heyd waited upon the proto report as to whether the permit under which the sign was erected was legal or not, and, pending such report, all work is to be suspended. At the last council meeting it was

decided that the permit for the sign should be revoked, subject to the conmation of the works committee.

Ald. McBride condemned the sign on all scores on account of the wording, because it is an "eye-sore," and be-cause it is a menace to the public safety. He also condemned Commis-sioner Harris for issuing the permit without the consent of council. City Architect Pearse contradicted the adadvancing any suggestions they might an when he stated that as far as remark that they should not forget is department was concerned the that the large number of these places

was perfectly safe.
Wanted Matter Dropped. Ald. Wickett characterized whole objection to the sign as absolutely unworthy of any self-respecting body. "It was started because the goods had a German name, and if you start that sort of thing you can bring in a hundred articles that have German names. I was heartily asham ed of the mayor when he brought in up. It is unworthy of any public offi cial," said the alderman, and moved that the whole matter be dropped. Ald. Wickett's attitude roused Ald. McBride. The latter made a fierce at-

tack on all alien enemies and every thing that they have to do with, when Ald. Walton suggested that Berlin, Ont., had a German name, he re-plied by saying: "I don't care about Berlin, but wherever I find a German am going to try and dislodge him." He complimented the mayor on his knights of Columbus was held in action, and went into a vivid description of the fighting as it is going on yesterday. The meeting was preceded

"A man has a right to advertise his business whether it is booze or anything else," said the alderman, if the sign is there legally we should Berlin, Ont. Alternates to the above, W. Burke, North Bay; Duncan J. Mc-Dougald, M. F. Farristal, London, Ont.; L. J. Hickey, London, Ont.; Wm.

stand behind our officials."

The committee finally decided that it would be just as well to get legal advice on the matter, but as the erection of 600 square feet more sign space is being gone on with the contractors will be notified to discontinue the work until a decision is made.

Paving Pacific Avenue.

The paving of Pacific avenue was again before the works committee yesterday when a deputation asked that steps be taken to have the pavement put down. As has already been pointed out the paving of this street has been delayed because the Toronto Suburban Railway, has a franchise for a car line on it, and because the stress has been included in the general transportation scheme of the

The committee decided, however, to ask Commissioner Harris to bring in a laid, and as a 42-foot roadway would be required should railway tracks be put down he will be osked to state wherether it should be that width or 28 feet, which is the regular width on residential streets.

A deputation waited on the works committee yesterday asking that the death of the Rev. H. J. SILVER COMPANIES **REACT WITH MARKET**

Basic Conditions Have Not Warranted Any Reaction in Shares of Metal Producing Companies

In his weekly circular Robert E. Kemerer, in refering to shares of metal producing companies, states that these have suffered during the past week, from war conditions in sympathy with other markets, but points out that basic conditions have not warranted any reaction. The silver market had a very slight reaction, the the copper market was uniformly strong. In Porcupine and Cobalt mine conditions remain entirely satisfactory.

In connection with the metal markets

Ore Hoisted from This Property
Over \$12 to the Ton.

In connection with the metal markets it is interesting to note that war loans already aggregate \$9,613,400,000. Tho it is impossible to secure authoritative figures, it is fair to assume that a very H. B. Wills in his weekly letter says:

On Wednesday morning last the whistle at Imperial blew, which announced that underground development work had been resumed under the guidance of Managing Director Taylor, and although it is a bit early the properties of the sum of the doubt, have to make still further additions to their debts. Obviously the demand for both gold and silver must for wire and various other purposes, will be incalculable. Silver and copper must advance and gold will be in

greater demand than ever before. MARKET WILL LIQUIDATE.

DECOMPOSED BODY OF

Thought W. Williams, Pickering Township, Dropped Dead While Plowing.

The death of William Williams, 80 years of age, occurred under peculiar circumstances a few days ago in Pickering Township. While searching for some sheep which had gone astray, was evidence that the body had lain in the field for at least four or five days. The horses had in some unaccountable way freed themselves from the harness and were found wander-ing around the farm. The old man had lived the life of a recluse for years and to this is due the fact that his absence had not been noticed by his neighbors.

Coroner Darling of Goodwood, after reviewing all the facts, decided that an So far as is known the late Mr. Williams had no relatives.

WOMEN'S INSTITUTE HAS MADE PROGRESS

Reports Presented to Richmond Hill Branch Were Satisfactory.

Gave Instructive Address at Community Conference at Port Credit.

Absorbing interest was manifested in the opening meeting last night of the "Community Conference" at Port Credit, an audience of 300 gathering in Oddfellows' Hall to hear addresses on the improvement of the living con-

ditions of the people.

Reeve Charles Elliott, in a short address, opened the conference and introduced the several speakers.

J. C. Woolner Protests Against Statement of Ratepayers? President.

I. C. Woolner, Runnymede, who takes up the cudgels in favor of the insurance of the township soldiers in about 20 members, while today the debate with Deputy Reeve Miller at membership stands at about 45, all Silverthorn on the 28th inst., raises a strong protest against a statement of W. H. Cross, the president of the Runnymede Ratepayers' Association, published in yesterday morning's World. The statement of Mr. Cross included the phrase "That by the appearance of the men training at the Peacock Hotel they did not seem capable of licking a postage stamp."
Mr. Woolner insists that he has been misconstrued in his statement referring to the small number of men he saw in the detachment rather than to their quality, this small number being due in part, he says, to the lack of inducement to enlist in the want of provision for dependents. Mr. Woolner favors insurance as doing away with this bar to enlistment.

Was Supported. He states that at the meeting of the Runnymede Ratepayers' Associaing Wm. Campbell, driver for a local tion, at which the question was discartage company, met with an unforwas being unloaded from the dray, the Association. It was then opposed by Mr. Cross, and the question, Mr. Woolner states, has not yet been voted

Mr. Woolner, according to his statement, did not again bring up the matter until asked to speak in reference to it recently on the occasion of the formation of a Conservative associa-tion in one of the northern sections bordering the city, when he expressed views favoring insurance. It was Depty Reeve Miller's suggestion, states Mr. Woolner, that a debate should be held, and on the request of Mr. Parfrey, he consented to take part in the forthcoming debate.

Roses for the Garden

Three-year-old plants; ever-blooming arieties—Red, Light Pink, Dark Pink, thite and Yellow.

W. J. Lawrence, Rose Grower,

The jacket of one stunning little mcdel is successfully carried out on the charming and simple Norfolk lines, straps are an effective trimming, and the simple little belt of white kid. with black patent tabs is applied at the normal waistline. A generous supply of pockets—patch pockets of serviceable dimensions—are noticed on all exclusive outing models, and in this particular costume have pointed flaps fastened down with white torpedo buttons, which are again used to fasten the straight hanging jacket, and to hold the side pleats of the smart skirt in place.

Use of Two Belts.

The new craze for two belts, one at the normal waist line and one at the hip line to help adjust the pleats, is exploited on this model with excellent effect. With pleats drawn out the skirt measures three yards around the hem.

One of the many styles of white silk "middy" blouse exploiting colored tabs, is worn, and the popularity of the panama outing hat is explained

My clumps are already showing from 15 to 20 stems that will presently be crowned with dozens of the most beautiful and fragrant lemon-hued lilies.

The most beautiful and fragrant lemon-hued lilies.

The proper place for these clumps of old-fashioned perennials is of course the herbaceous border, or some spot tario will be held in the clinic room where their roots may reach a gener-ous development and so promise a afternoon at, 2 o'clock.

Lemon lily plant itself, both root and stalk, does not look unlike its huger sister, the well-known orange lily, hemorcallis flava. Indeed, to an amateur it is hard to tell the difference between these two roots. Lemon lity is a smaller root and that its protein.

The true lemon lily is in hue a clear pale, almost luminous lemon color. No other word describes that peculiar hue. It is lemon, not yellow. And the lily seems truly luminous, especially towards the later part of the afternoons as the dusk draws nigh. This old perennial is much like the Irises in that it can be handled and transplanted by the veriest amateur with impunity. Lemon lify is one of those plants that will blossom, given the tiniest bit of earth, sun, water and classification. Announcement of Temper Board's Action Now Officially Issued.

Prevented Drunkenness in Others and Was Called King of Town.

Special Cable to The Toronto World. LONDON, May 22.-From the British headquarters in France comes a tale which is well vouched for. When Ypres was first bombarded early in November, we withdrew our troops from the town, but did not remove the civil population. There was one British private who did not leave with the rest, for he was asleep in a cellar. Next morning he awoke to find Ypres without any authority, and, misliking that, he set about governing it him-self. He kept its eleven remaining citizens under iron discipline, had ooters shot at sight, and, tho himself inclined to the bottle, prevented drunkenness in others. They called him Le Roi d'Ypres. His kingship lasted only a week. A callous court-martial tried him, found that his efforts in the cause of order had been good ,and forgave him his other delin-

But he had only returned to inveigle some officer with a gift for accounts into the paymastership. This arranged, he sped back to his Tenth Battalion. He was not the only one of his department who served as a combatant on that day. Hon. Capt. McGregor of British Columbia, for example, had been paymaster of the Canadian Scottish, 16th Battalion. Adventure of Barre. The grim practical joking of fate is illustrated by the adventures of Capt. Hercule Barre, a hard-bitten French-Canadian, who fought well and spoke English imperfectly. He had been ordered to get to his command in haste, and on the way (it was dark) met some British officers, who promptly declared him a spy. The more he protested the more certain they were that his speech betrayed him. They had him taken back to the nearest headquarters, where he was identified by a brother officer and started off afresh, only to be held up a second time by some cyclists, who

Someone came at last, and he said: "Who is it?" "I, Barre," he cried. "What, you Barre? What do you want this time?" It was the officer who had twice identified him within the last hour. "Stretcher bearers," said Barre. He summoned stretcher bearers and Barre was borne off to tell the tale against himself afterwards.
