TRIE AND FAITHFUL COMRADESHIP WRITES WINSTON CHURCHILL TO PEOPLE OF CANADA HIS BRITAIN'S PLEDGE TO COLONES

Hamar Greenwood, M. P. for York, Banqueted, Delivers a Message From the British Ministry — Political Changes Have Not Weakened the Ties That Bind—New Men, New Methods, But the Same Imperial Aspirations.

"From Log Cabin to White House" was an inspiring phrase some years ago across the border. "From Whittby to Westminster" was the popular route last night at the exhibition banquet to the young Canadian, Hamar Greenwood, M.P. for York.

It goes without saying that an audience is impressed with Hamar Greenwood's sincerity. The speaker usually speculates upon the magnitude of their "pull." The power of thoro, downright honesty is not appreciated by the pseudo politician, nor can it be simulated.

He considered Canada to be the most progressive and important country of the empire. The people had a sense of political and religious equality which was still wanting in Britain.

He could look back to his boyhood and he saw Col. Henderson sitting there under 14, but never since—and he assured them that he had never surrendered any of the ideals nor was satisfied with any of the amendments he began with. To the fact that he was born in Canada he attributed his success in England.

He was sure the present English administration, with all of whom he had discussed the development of the colonies of the present, he would not for a moment attempt to interfere in Canadian affairs. He was in the small but commendable minority of those who never gave advice to his native country.

COMRADESHIP IN NEW LIBERAL MINISTRY MR. CHURCHILL TO KINSMEN IN CANADA

Solid Defensive League of Free Democratic Communities Under Leadership of British Crown is Ultimate Aim.

The following letter was read by Hamar Greenwood, M.P. for York, England, at the banquet in his honor given by the exhibition directors last night: Colonial Office, Downing-street, S.W. August 20, 1906.

My Dear Greenwood,—I am very glad indeed that you are going to spend the autumn recess in Canada. In your double position as a Canadian, blood and bone, and as the representative of a famous English city, you may find some opportunities of helping forward the measure, but irresistible, march of imperial consolidation.

At the last general election a great change was wrought in the balance of British political parties, and in the disposition of political power. The consequences of this change are likely to govern our affairs for a long time to come. I do not now examine the advantages of this change, nor do I wish to minimize its importance.

I do not write this to you because I should like to see the self-governing colonies join their faith particularly to the Liberal party any more than to the Conservative party. The British empire must centre upon the British crown. But in so far as you can make your friends in Canada realize that in a Liberal ministry in England they will find true comradeship and faithful, unrelenting service whenever they have need of it, you will be doing good work.

Hamar Greenwood, Esq., M.P.

JAMES BAY RY. OFFICIALS BEGIN AN INSPECTION TOUR

Date of Opening of New Line Will Be Announced Within a Few Days.

For the past few weeks speculation has been decidedly fine touching the time when the Canadian Northern Railway will actually begin traffic operations over the line between Toronto and Parry Sound.

General Manager C. W. Spencer of Montreal will leave this morning on a trial trip over the line. On his return he will make a definite announcement, he will figure on conditions as found to exist over the line. The inspection will be a thoro one, he promised.

"We are going to look over the general condition of the line for the purpose of deciding when it will be ready for opening for public use," was the way he put it, adding: "When we have reached that date we intend to give a first-class service in every particular."

LORD AYMER TO BE RETIRED COL. BUCHAN MAY GO WEST

Rumors of Changes in Headquarters Staff Rife in Ottawa—Sir F. Borden Evasive.

Ottawa, Sept. 6.—(Special.)—Many rumors of impending changes among the officers of the headquarters staff at Ottawa and two in those of some military districts are afoot, while no confirmation of their truth can be obtained either from headquarters or from usually well informed quarters.

It is said that Brigadier-General Lord Aymer and Colonel B. H. Vidal, the latter of whom is now adjutant-general, are to be retired, and that Colonel Buchan is to be removed from Montreal to a western command.

Sir Frederick Borden was recently asked if these rumors were true, or were they merely "baseless, idle rumors." He gave the decidedly evasive reply that such matters were "wholly in the hands of the militia council."

That changes are imminent is pretty generally conceded, but how far they will go is outside the militia council's knowledge.

It is thought by many that the position of general officer commanding will be restored, the all future G.O.C.'s will be of home growth and not imported. Color is lent to this supposition by the fact that the late Lord Aymer, in which he, the occupying a high official position himself, was a G.O.C. to be a mistake, and more than that, that the post should be restored.

POWER FOR MORRISBURG.

New York and Ontario Co. Asks Permission to Begin Operations.

Albany, N.Y., Sept. 6.—The state commission of gas and electricity to-day gave a hearing on the application of the New York & Ontario Power Co. of Waddington, St. Lawrence County, for permission to begin business by issuing \$2,000,000 stock and \$2,000,000 bonds.

If the certificate to begin business is given by the commission, the company announces that it will supply Waddington, Lisbon and Ogdensburg with electric light, heat and power, and will transmit power across the St. Lawrence River to the industrial zone of the Canada Tinsplate & Sheet Steel Co. of Morrisburg, Ont.

Where Money Came From To Merge Two Companies

\$80,000 in Home Life Stock Bought by McCutcheon With Funds Secured by Hon. Mr. Stratton Now Owned by People's Life, But Still in McCutcheon's Name.

The examination of the Monarch Life Insurance Company was concluded yesterday morning, D. A. Gordon, M.P. of Wallaceburg, was the last witness called. David A. McCutcheon, manager of the Home Life, was put in the box to give an account of the merger of the People's Life, with the Home Life one year ago. J. R. Stratton of the Home Life was present, and J. McLaughlin of Lindsay appeared for the company.

President D. A. Gordon of the Monarch was examined briefly by Mr. Tilley. Mr. Gordon succeeded Eon James Cook as head of the Monarch Life. He was acquainted with the transaction prepared by Manager Ostrom in reference to the transfer of 1400 shares, but gave no instructions.

Witness was unaware that the 1400 shares had been issued to Ostrom until the evidence came out. Manager Ostrom was called. "Did you bring the stock certificate?" asked Mr. Tilley. "No, I did not have time to think about them," replied witness. "Is the seal of the company here?" "Yes."

HEAVY GRAIN SHIPMENTS FROM THE WEST—THIS WEEK

Movement Sets in Early—Ontario Oat Crop is Reduced.

Reports received by the secretary of the Dominion Millers' Association, Toronto, indicate that the grain movement from the western provinces has set in very early this season. This week's shipments have been exceptionally heavy for the beginning of September.

The Manitoba and Alberta crops are mostly all in except from the extreme northern districts, and 180 carloads are being sent from the west to Fort William.

In Ontario the movement has been very slack during the past week. Farmers are busy with their plowing and are holding back their shipments in the hope of raising prices.

The estimated crop in the west is \$7,000,000 bushels of wheat, while the estimate for Ontario is 22,000,000, which is an increase of 5,000,000 bushels over last year.

The oat crop in Ontario has been slightly damaged by storms and will turn out 15 to 20 per cent. less than the government estimate. There are about 111,000,000 bushels of oats in the province.

GEN. GUZMAN'S INSURGENTS ROUT GOVERNMENT FORCE Cienfuegos Thrown Into Excitement by Fight in Which Many Are Killed.

Cienfuegos, Sept. 6.—A detachment of 50 government troops from this city to-day encountered a band of Gen. Guzman's insurgents near Camarones. In the fight which ensued the government force was routed, many being killed or wounded.

Another Fight. Havana, Sept. 6.—A body of volunteers and rural guards, numbering 300 men, exchanged fire with Gen. Guzman's insurgents last night near San José de las Lajas, Province of Havana.

One rural guard was killed and three insurgents were wounded. A report that Gen. Menocal, who is using his influence to establish peace between the government and the insurgents, has an eye on the presidency, is vigorously denied by the leader of the Cuban veterans, O'Connell adds that he desires solely to see the republic at peace.

PRETTIEST CITY SHOE STORE FOR MEN, WOMEN, CHILDREN

Slater Agency at 117 Yonge St. Has Been Beautifully Equipped and is a Model for Convenience and Style.

It isn't every shoe store that attract the instant attention of even the hustling man of business on the street, but that is because they are not on the same plan as this one.

Inside it is a fire place which in the cool autumn days will be an added attraction to many. The store fittings are of oak and many mirrors add to the decorative effect.

Of the merits of the Slater Shoe, little really need be said. The shoe has been its own best advertiser for years.

Ladies have not been neglected in this arrangement, and a separate place is reserved where they may have their dainty shoes polished to the Queen's taste.

PRESBYTERIANS IN INDIA.

Foreign Committee on Missions  
Receive Satisfying Reports.

The foreign committee of the Pres-  
byterian Church in Canada met in  
semi-annual convention Wednesday and  
yesterday.

The reports read from the mission-  
ary council and the ladies' council  
showed most gratifying progress in  
India.

Rev. G. McKay is under appoint-  
ment to industrial work in India, his  
support being guaranteed by Mr. and  
Mrs. Hamilton of Taber, Alberta. St.  
Andrews Church, Winnipeg, has un-  
dertaken the support of Rev. D. S.  
Smith of India. There is urgent need  
of six additional lady missionaries.

A deputation from the Women's  
Foreign Mission Board waited upon  
the committee. The reports from  
Honan, China, indicated progress over  
the three districts into which the ter-  
ritory is divided. During the year  
more than 400 catechumens were en-  
rolled.

The estimates for the year 1907 were  
adopted, and show an increase over  
the past year of fully 10 per cent.

The time yesterday was taken up with  
a discussion of the state of the work in  
Formosa and China. Contributions to  
the amount of \$3000 were last year made  
to this fund by the Chinese resident in  
Canada. The appointment of Dr. W. J.  
Scott, son of Rev. Dr. Scott, of Mont-  
real, editor of The Presbyterian Record,  
was confirmed.

A deputation from the W.F.M. So-  
ciety waited upon the committee during  
the meeting on matters respecting the  
Indian work in the Northwest.

R. E. CHURCH GROWING.

Annual Meeting of the Denominational  
Opened Yesterday.

The annual meeting of the Canadian  
Synod of the Reformed Episcopal Church  
opened Wednesday morning in Christ  
Church, College-street. The meeting is un-  
der the chairmanship of Bishop Samuel  
Fallows, D.D., LL.D., of Chicago, with  
Rev. A. B. Hubby of Montreal as secretary.

Among those present are Rev. Arthur  
R. Cousins, Ottawa; Rev. George Orman,  
Rev. William Brewster of Toronto, and Rev.  
M. W. H. Barry of Belleville. Among the lay  
members are: W. Smyth, Montreal; Geo.  
Coles, Barrie, and Alex. Hill, Dr. G. O.  
Hill and Samuel Green, Toronto.

The treasurer's report showed healthy  
finances, and the report of the state of  
the church was encouraging. The Cana-  
dian branch is forging ahead.

The service before the evening was pub-  
lic. Bishop Fallows, Rev. A. R. Cousins of  
Ottawa, Rev. Mr. Hubby of Belleville, Rev.  
Dr. William Barry and Rev. Geo. O.  
Hill of this city spoke. The sentiment went  
to show that church reform is making  
headway, both in the States and Canada.

Yesterday was largely taken up by a  
discussion of several changes and revisions  
in the constitution of canon law. Several  
resolutions were put at the ratification at  
the next synod meeting.

The finances of the synod were also  
dealt with. Contributions from the  
various congregations were considerably  
in advance of last year, giving a high-  
ly pleasing aspect to the pecuniary end  
of the synod.

A grant was given to the new parish  
of the church at Alvinston to aid the  
young congregation in erecting a church  
and in other necessary matters. Greet-  
ings were received and read from  
Bishop Eldridge, the head of the church  
in England. With several customary  
votes of thanks the synod was adjourn-  
ed to meet again next year at the same  
time.

CHATHAM BARBER RAIDED  
GAMBLING CHARGES ARE LAID

Chatham, Sept. 6.—Nine bottles of  
choice liquor, five packs of cards and  
a gaming table were captured in a  
raid made at a room over the King-  
street barber shop of Tom Smith at  
10:30 this morning.

Smith is charged with keeping a  
common gambling house, and probably  
selling liquor without a license, and  
seven well known men of the city are  
being summoned as frequenters of the  
place.

They were seen in the place by  
Officer Groves Sunday night, when he  
got within a few feet of the gamblers.

RAIL FOR TWO PRISONERS  
HELD FOR ATTEMPTED MURDER

Judge Anglin yesterday granted bail  
for Newton and Cora Stonehouse of  
St. Thomas, charged with attempt-  
ed murder of the child of Cora Stone-  
house on Aug. 22. Their own bond of  
\$1000 each, and two sureties of \$250  
for each of the prisoners was accept-  
ed. Acting Deputy Attorney-Gen-  
eral Dymond appeared for the crown,  
and A. M. Grant for the prisoners.

VALUABLE SILVER NUGGET.

The finding of another immense nug-  
get at the Nipissing mines was re-  
ported yesterday. This valuable find  
was taken out of the new vein re-  
cently uncovered by the hydraulic  
operations. The nugget weighed be-  
tween 3000 and 4000 pounds, is al-  
most pure silver, and is valued at over  
\$25,000. The stock of the company  
was active at New York where it  
touched 9-8 and closed 9-1-8 to 9-1-4.

UNITED STATES KNOWS NOW  
THAT CANADA IS SOMEBODY.

No Necessity for Our Young Men  
to Cross the Border to  
Make a Career.

There was nothing, especially start-  
lingly about the directors' luncheon  
yesterday at the exhibition, except the  
letter of regret from the American con-  
sul that he was too busy to leave his  
office for the occasion. Because—in  
honor of the day—a Stars and Stripes  
replaced the Union Jack over the ad-  
ministration building, there was some  
great expressed to Manager Orr, but  
the flag remained. Toasts were drunk  
after the royal health had been hono-  
red, to the president of the United  
States and to W. K. McNaught, M.L.A.,  
"the honorary but active president of  
the association," whose 62nd birthday it  
was.

Chairman W. K. George spoke of the  
good terms existing between the two  
great American nations.

Prof. Carlyle had the peculiar po-  
sition of having one foot in Canada and  
one in the States. He had felt this es-  
pecially when in England recently and  
was recognized as from across the  
ocean. They thought he must be a  
Canadian, as Canada was the only part  
of America that was of any import-  
ance. (Laughter.) Of the many great  
exhibitions he had seen in Europe and  
America there was none which compar-  
ed with the Toronto Fair in its width  
and scope.

Another ex-Canadian, A. R. Minard,  
secretary of the Boston Canadian Club,  
and vice-president of the League of  
Canadian Clubs, said he tried to evade  
the question when asked which nation  
he belonged to. He had found a hos-  
pitable home in the States, as all did  
who sought advancement under the  
Stars and Stripes. When Canadians  
were considering the problems of their  
country they should so try to arrange  
it that every boy and girl could remain  
in his own land. They were just be-  
ginning to realize in the States the pro-  
gress that Canada was making. The  
day was past when Americans expect-  
ed to see their flag waving all over the  
continent.

Hon. A. B. Morine shared the intense-  
ly Canadian feeling which had pervad-  
ed the Dominion for some years, and  
which centred in Toronto. The exhibi-  
tion and those who organized it were  
particularly foremost in fostering that  
spirit. He had lived for twenty-three  
years in a little colony which had re-  
fused to join Canada, but he hoped  
that before long Newfoundland would  
come in and help to swell the Do-  
minion.

G. C. Croelman pointed out that some  
years ago it had been necessary for  
young men to go to the States, and he  
wished to express his gratitude for the  
great kindness with which they had  
been received. Now that Canada had  
forged ahead they were nothing but the  
worse of their few years' experience in  
the States. No part of the population  
was employed in the general prosper-  
ity of the farmers of Ontario, who  
had last year increased their output by  
100 per cent. He recommended the  
fostering of canning and other indus-  
tries in the rural towns, so that the profits  
would be retained in the home dis-  
trict.

Among other guests present were: A.  
B. Clabon, Vancouver; I. Simpson,  
N. Bedford; J. Sanderson, Brantford;  
A. B. Greer, London; R. McLachlan,  
Oshawa; G. H. Chapman, Prof. Curtis,

CITY HAPPENINGS

The daily average of patients at the  
General Hospital last month was 246, 16  
less than August, 1905.

An old man named Bateman of Lorne  
Park is being cared for by the police  
at Preston, where he was found wan-  
dering about.

The service between Toronto and  
Lewiston by the Niagara Navigation  
line will be reduced to four trips a  
day next week.

Giuseppe Ragona is suing the Toronto  
Railway Company for \$2000 damages  
for injuries received by him, due, he  
alleges, to the negligence of the de-  
fendants.

R. Geeziman, who came here from  
Chicago to take charge of the baggage  
department at the Union Station, has  
resigned.

Thomas Gauthier, for assault on Mr.  
and Mrs. Bilanau, was yesterday fined  
\$25 and costs.

George Green of Goderich has enter-  
ed suit against the Canadian Mail  
Order Company and J. T. Benor of To-  
ronto, to recover \$500, which he alleged  
to have been secured from him by  
false representation and fraud in the  
sale of shares.

Modjeska Goes Off Route After Sat-  
urday.

Saturday will be the last of the af-  
ternoon excursions to Hamilton as the  
Modjeska will be taken off the route  
then, a change of time going into  
effect on Monday, the 10th, the Macassa  
making one trip daily thereafter, leav-  
ing Hamilton at 9 a.m., and leaving  
Toronto at 4:30 p.m. The Saturday  
timetable will be the same as at pre-  
sent, leaving Toronto at 11 a.m., 2,  
5:30 and 8:30 p.m.

Kicked by Horse.

Thomas McGillott, 20 Balmuto-  
street, a coachman, was found uncon-  
scious in his stable, having been kick-  
ed by a horse. He was taken to St.  
Michael's Hospital. No bones were  
broken.

Want the Light.

The London & Canadian Loan &  
Agency Co. are asking for an injunc-  
tion to prevent the new National Club-  
house from cutting off the light of two  
windows of the old Emergency Hospi-  
tal, which will be done by the erection  
of a wall.

Work of Incendiarists.

The Stanley Park gang are blamed  
for having set fire to a stable in rear  
of 225 West King-street early yester-  
day. About \$25 damage was done. Three  
horses were in the barn.

Marking a New Era in  
Semi-ready  
Tailoring

1898—1906  
Opening on Saturday

2 "SEMI-READY" 2  
WARDROBES  
IN CITY OF TORONTO.

At 81 Yonge Street  
and 472 Queen Street West

We conceived the "Semi-ready" tailoring idea in  
1896—and it was ready for perfect presentation to the  
public in 1898.

We knew that gentlemen would appreciate buying  
good clothes at the finished-to-order stage.

With the seams left with outlets and sufficient selvage  
for altering each physique type to fit any variation of  
figure we accomplished the finished-to-order garment  
which was promptly christened "Semi-ready."

We presented to a gentleman a suit of good clothes  
which he could try on and forejudge style, color, effect and  
suitability—and we could guarantee the fit and finish the  
suit in two hours after it had been tried on.

Years of experience have perfected our  
original idea. To-day the Semi-ready Wardrobe  
in each city stands as the centre of correct fashion  
and good form in men's dress.

We recognized the prejudice which we would  
have to overcome—for we were custom tailors  
ourselves—and we knew the conservative leanings  
of manhood in matters of dress.

But we tailor suits better than a custom tailor  
can, and we use the finest fabrics from the best  
worsted and tweed mills. Merit will win.

In 1898 we had two selling agencies in Canada.  
To-day we have sixty-five.

And competition is keen to-day. There is hardly a  
ready-made clothing maker who does not see white  
basting stitches all over his suits and make a pretense of  
imitating the initiative.

The goodness of "Semi-ready" is known by the  
pretenders who seek a place beside its throne.

Even the Custom Tailor of to-day emphasizes "Semi-  
ready" when he argues that he can make suits "just as  
good" for the same money. But he can't.

We invite you to see the new store. We want you to  
see the suits in which we take so much pride. Come on  
the Opening Day.

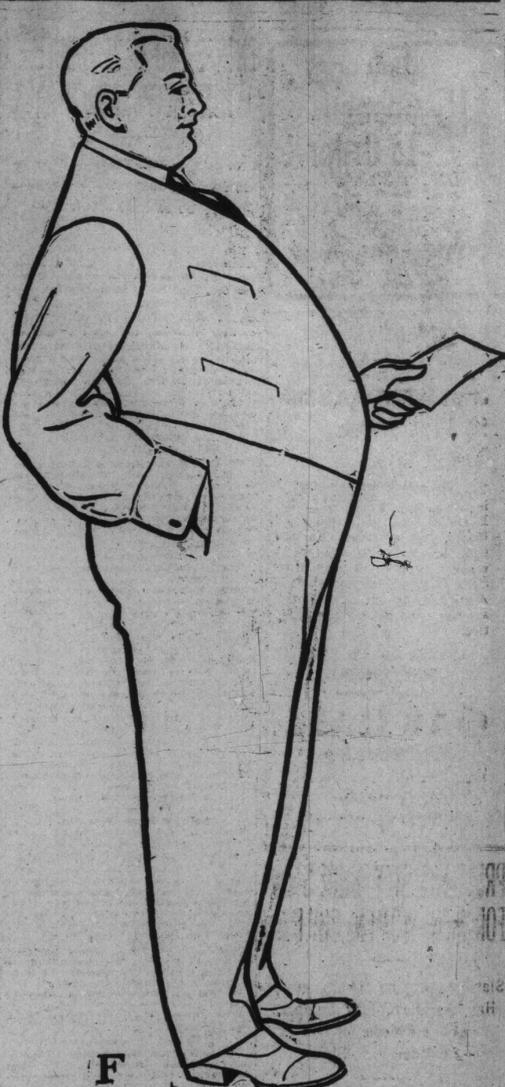

We will consider you our visitor. You will never be importuned to buy or cajoled in a  
Semi-ready Wardrobe—for "Semi-ready" appeals to gentlemen.

Every genuine "Semi-ready" garment has this Trademark  
sewn on the inside of the pocket. None genuine without  
this Government Trademark.

Semi-ready Wardrobes,

81 Yonge Street,  
472 Queen Street West.

Semi-ready Physique Types.

This is Type F, Normal, and is one of the 495  
physique types and sizes represented in a single com-  
plete line of one style of Semi-ready tailored garments.

Dividing the many variations of men's physical  
build into seven distinct types the Semi-ready system of  
tailoring further sub-divides these into five variations  
of each type—and then fifteen different sizes are made  
of each variation of the seven distinct types.

In the book just published entitled "Manners and  
Modes for Men," a more complete exemplification of  
the idea is given.

A copy of this book may be had for the asking at  
either of the Semi-ready Wardrobes.

Mr. Ed. Mack respectfully invites his many friends  
and acquaintances to personally visit the new stores  
and to study for themselves the system which has sup-  
planted the custom-tailoring methods which he has  
discarded for the better Semi-ready tailoring.

People expect more of us than they do of others. They know that we can give more. They know that we have been doing this ever since we commenced business in this city.

They know that our mode of doing business enables us to do a great deal more for the money than others; knowing this they have the right to DEMAND more.

Moreover they will receive more. Our prices are made as public as we know how to make them. In the present instance they mean a saving of from \$6.00 to \$8.00 on every suit purchased.

Come early while there is still a good selection. You will be delighted with the materials, the style and the superior way in which each garment is tailored.

EUROPEAN TRADERS' UNION.

Interesting figures regarding the progress of trade unions in Europe are given in the third abstract of foreign labor statistics issued the other day by the labor department of the British board of trade.

These are some of the resources of the private interests that control public franchises. They have unlimited money at their disposal to obtain their ends, whereas the fight for public ownership must be carried on by individuals at their own cost and without much, if any, hope of any kind of reward.

As illustrative of the growth of socialism in Germany the statistics show that the social democratic parties nearly doubled their membership between 1899 and 1904, and now comprise more than two-thirds of the organized workers of that country.

The Christian societies have made almost the same relative advance, while the Hirsch-Duncker societies, the weaker numerically, continued to hold their own.

Trade unionism has grown steadily in France, both in societies and membership. On the other hand both in the United Kingdom and in the United States there has been a slight reduction.

From the published tables it is apparent that certain trades are more strongly organized than others, the tendency to combine being naturally strongest in the case of skilled laborers.

In Germany the largest trade societies are those connected with the building industries, numbering a quarter of all the members of the social democratic unions, and these trades were the most successful in concluding collective wages agreements during recent years.

The metal trades which come second on the list have a membership little inferior to that of the building unions.

In France the lead is taken by the transport trades, followed by the metal, mining and textile unions, though the building trades have more organizations.

The metal unions are the strongest in Austria, with the building and transport trades next in order.

Differing from these countries Italy has one-half of its organized workers connected with agriculture, the transport trades numbering one-seventh, and the metal workers one-tenth.

As regards finance Norway leads with an income per head of \$6.50; the social democratic unions of Germany fall below \$5; the Hungarian unions have about \$3.25; those of Austria \$3; the German Hirsch-Duncker unions under \$2.50 while the German Christian unions have only \$1.60.

Large invested funds are exceptional, and in only two cases, Austria and Switzerland, does the total balance at credit of the unions reach to a year's income.

A WORTHY EXAMPLE.

On this continent it is not an uncommon experience to find a politician of broken fortunes enter upon office, and before many moons have waxed and waned possess not merely the appearance but the tangible evidence of pecuniary prosperity.

In due time, too, he may pass into the charmed circle of the millionaires, and be rewarded with the homage the money-loving multitude pay to a minister who finds that the welfare of the people is quite compatible, indeed identical, with his own.

This type of politician is common where ministers are found in alliance with influences and agencies that regard public property their happy hunting ground.

Our Friend From Cannington Sees Men Who Make the Man

Frank Broderick of West King-street illustrates an uncommon thing—that of a man keeping his personality from becoming merged with his business.

His custom tailoring trade is possibly the largest in the city—and he has made it so; but there is nothing of the cloth-broderick, and by the way, one of the most handsome men I have met in Toronto. The face is one of contrast; an artist would revel in its portrayal.

It could be made to express anything and expresses a great deal in itself. The eyes are wonderfully dark, wonderfully fine, and beneath brows as black as coal.

But the hair and mustache, with its well waxed ends, are white. The bone structure of the face is quite apparent, perfectly strong in its proportion, and the nose might have been modeled for a Greek god.

Bodily he is a man of perfect grace, making graceful a rather slender form. If I had met Frank Broderick on the street somewhere I would have sworn that he was a horseman, that he loved the races, the bookmaking, the rollicking, gambling devilry of it next to his own business.

I would also have sworn with an almost equal sureness that he was from the south, the southern grace of character. He would pass for an aristocrat anywhere and better most of them, indeed, you think it strange if he has a genealogical tree somewhere capped with blue-blood.

You can easily imagine a partisan ancestor of his smiling courteously at death beneath the pulpit of the French revolution. And Frank Broderick accepts things with the same affable grace the possessors of all the culture of character that an American heiress tries to marry in a European lord—but doesn't.

It would be first nature to a dandy to call him "Sah!" And if Mr. Humphrey Ward were to see him, he would say that he is a Geoffrey Cliff of his sure, and another quarter of a hundred thousand by the way.

It is such a natural thing to consider him a Bohemian of Bohemians, a man to play poker with life—if the expression can be excused—and enjoy the game, that you find it so hard to recognize him as a modern man of business. But there he is, and he knows every in and out of it from A to Z.

His philosophy is his soul. Anybody who like Frank Broderick, and who is not a dandy, but a man of a cigar that you do not smoke.

Across the street a little farther down you find R. Billinger of the Fashion Club, and you will find that he is a man of a different kind.

Frank Broderick of West King-street illustrates an uncommon thing—that of a man keeping his personality from becoming merged with his business.

His custom tailoring trade is possibly the largest in the city—and he has made it so; but there is nothing of the cloth-broderick, and by the way, one of the most handsome men I have met in Toronto. The face is one of contrast; an artist would revel in its portrayal.

It could be made to express anything and expresses a great deal in itself. The eyes are wonderfully dark, wonderfully fine, and beneath brows as black as coal.

But the hair and mustache, with its well waxed ends, are white. The bone structure of the face is quite apparent, perfectly strong in its proportion, and the nose might have been modeled for a Greek god.

Bodily he is a man of perfect grace, making graceful a rather slender form. If I had met Frank Broderick on the street somewhere I would have sworn that he was a horseman, that he loved the races, the bookmaking, the rollicking, gambling devilry of it next to his own business.

I would also have sworn with an almost equal sureness that he was from the south, the southern grace of character. He would pass for an aristocrat anywhere and better most of them, indeed, you think it strange if he has a genealogical tree somewhere capped with blue-blood.

You can easily imagine a partisan ancestor of his smiling courteously at death beneath the pulpit of the French revolution. And Frank Broderick accepts things with the same affable grace the possessors of all the culture of character that an American heiress tries to marry in a European lord—but doesn't.

It would be first nature to a dandy to call him "Sah!" And if Mr. Humphrey Ward were to see him, he would say that he is a Geoffrey Cliff of his sure, and another quarter of a hundred thousand by the way.

It is such a natural thing to consider him a Bohemian of Bohemians, a man to play poker with life—if the expression can be excused—and enjoy the game, that you find it so hard to recognize him as a modern man of business.

But there he is, and he knows every in and out of it from A to Z. His philosophy is his soul. Anybody who like Frank Broderick, and who is not a dandy, but a man of a cigar that you do not smoke.

Across the street a little farther down you find R. Billinger of the Fashion Club, and you will find that he is a man of a different kind.

Distinctive Fall Clothing

HERE is one advantage among others in the Eaton-made garment that will appeal to particular men; and that is—

We've our own designers, and they're constantly originating new, distinctive models.

Doesn't take much thinking either to make plain another point that a tailor who makes clothing that he himself has to sell direct to you is a good deal more particular about how he does it than a big manufacturer who manufactures clothing for any and everybody.

SWEETHEART BIDS HIM DIE TO END LIFE AT HER GRAVE. Italian Leaves Oklahoma Home to Join in Death Girl Who Kept Faith With Him.

New York, Sept. 6.—A dramatic scene occurred on the French Line pier today as the steamer La Provence left for Havre. Among the passengers was Luigi Contarini, 34 years old, who was bound for his old home in Lucca, Province of Lombardy, Italy, to keep a suicide pact to die on his sweetheart's grave.

Antonio Contarini, his brother, created the scene on the pier ang, ordered Luigi to go to his room. He said that Luigi became betrothed to Josephine Ballatini, a girl in his native town, who was a beautiful girl, and Luigi, with his sweetheart's promise to keep faith, came to America to seek his fortune. He established himself at Beaver, Oklahoma, where he secured a farm and till it successfully. Then he wrote for Josephine to come, but she replied sadly that she could not; that her parents forbade; that she intended to commit suicide; and that she expected Luigi to join her in death.

News quickly came that the girl had looked out her purpose and Luigi sold his property and started for Italy to kill himself on the girl's grave. His brother, Antonio, lives in Patterson, N. J., and Luigi went to him, told him the story and bade him farewell. Entreaties failed to avert the man's purpose, and today Antonio made his final appeal. He clung to his brother passionately, kissed him and implored him not to go. Luigi shook his head, Antonio then half dragged his brother to an open space on the pier, fell on his knees, raised a crucifix aloft and, with tears in his eyes, renewed his pleadings. Luigi could not be swayed and finally, turning his back on Antonio, went on board La Provence.

When the ship sailed Luigi stood at the rail and sadly watched Antonio, who had again fallen to his knees, and with outstretched arms was beckoning to his brother.

EARL GREY IN B. C. Nelson, B. C., Sept. 6.—His excellency Lord Grey is suffering from a rather severe cold, and with Lady Grey remained here today, visiting Greenwood tomorrow. Roseland Saturday, and taking a sail up to Kaslo and Laredo on Sunday.

The other members of the party will spend the balance of the week here, fishing and visiting the ranches along the lake.

The whole party will go up the Columbia River en route to the coast on Sunday evening.

10 Men Escape Death. Sandusky, Ohio, Sept. 6.—Nineteen men had a narrow escape from death last night, when the steamer Homer Warren and her tow, the barge William Crosschewalt, collided in Lake Erie, near Kelley's Island.

A big hole was stove in the Warren's bow, but she managed to reach Kelley's Island dock, where temporary repairs were made. The Crosschewalt sank in shallow water in the south channel.

The Yellow Peril. Miss Agnes Penny was yesterday given judgment for \$15 against Hop Sing, laundryman, who in laundering a white dress turned it yellow.

Veterans' Penalties. All veterans that have had per diem pension and are 70 years of age, applying to Chelsea Hospital.

LEATHER PRICES GO UP. Tanners Decide on Advance of Two Cents a Pound. A large and representative meeting of the tanners' section of the board of trade met yesterday and after a general discussion two important resolutions were unanimously adopted:

Resolved that in view of the continued advance on hides and tanning material, harness leather be advanced 2 cents per lb. above August prices, measured leather 1 cent per foot, and that all other leathers be advanced in proportion.

Resolved that the discount on all leather sold to the retail trade be 5 per cent, in accord with the cash discount now given by the jobbing and wholesale trade.

MISTOOK THE COURTROOM. When the tenth division court opened yesterday the new bailiff, Frank Woods, was not present, but he was on deck shortly after with a big bunch of papers to certify to an arrest. He explained, too, that he had been called in the wrong court room for some time.

Half-Sick. When your nerves are weak, when you are easily tired, when you feel all run down, then is the time you need a good strong tonic—Ayer's Sarsaparilla. It purifies the blood rich, and why it gives courage and strength. Ask him if it is not just the medicine you need.

SAYS POLICE ARE TOO ROUGH. Prisoner's Charge of Undue Violence in Cells to Be Enquired Into. When James Fairbanks appeared in court yesterday, charged with drunkenness, he made accusations that the police at No. 1 station ill-treated prisoners in the cells. He himself had a black eye. Said he to the colonel: "Did you notice all those black eyes in the cells yesterday—and those bruised heads? Well, all of those, excepting the man with his head bound up in rags, came from No. 1 station. Some who weren't fit to be seen before you were allowed to go. They told me that if I didn't plead guilty I would get a double dose. Some were dragged down the steps by their heels, others were knocked over the head. They told the men to say that they had been fighting in the cells—that's the way of expelling the blacks."

The magistrate ordered that the station duty man and other constables attend in court today.

WOMAN'S WORLD

WOMAN. We chide her for her foolish ways, We sneer at what she wears; And all her empty airs, And things we still go scoffing at, But she exclaims—Thank God for that!

Her glibness—ah! how many jests Press it to answer for! And still for her we beat our breasts And plan and plot and war. We scorn her, thinking Him above That she is here to tempt—and love. —S. E. Kiser.

Many Silks Will Be Worn. For autumn costumes and dressy day-gowns, and also for wraps, silk will be considered particularly smart in style.

Excelsior printed satin brocades scattered with large flowers, so beautifully printed that they have the effect of hand painting, will be much used.

Another one of the new plaid crepes, which is made without the flowered pattern, imitates in its weaving expensive crepe de chine.

Messaline, satin radiums, and the fine satin-finished taffetas are all to continue in vogue.

All Sorts of Buttons. We are to be as much buttoned as ever, and white buttons are being very much dressed up, for they now have frills about them in many cases.

White Velvet. The finger nails require soap and water and a nail brush at least twice a day.

# Malta-Vita

"The Perfect Food"

This appetizing and delicious food is simply the whole of the best white wheat, thoroughly steamed and cooked, then mixed with pure barley malt extract. The malt extract turns the starch of the wheat into maltose, or malt sugar. Maltose is so highly nutritious and so easily digested that physicians everywhere recommend it. Malta-Vita, rich in maltose, makes rich red blood and charges body and brain with strength and vitality. Made in the cleanest food factory in the world and made just right, there is nothing else quite so good to eat as Malta-Vita. No other food has that delicate, satisfying Malta-Vita taste. Try some today with milk or cream. All grocers sell Malta-Vita. Now 10 cents.

### STILL PROGRESSING.

The I.O.P. Work in 1906—Membership and Funds Rapidly Increasing.

Reference was made in a general way in our exhibition notes in connection with "Society Row" to the progress made by the Independent Order of Foresters. Figures handed out yesterday enable us to give some details respecting the work of the order for the year 1906 up to the 1st of September. The number of applications for membership acted upon by the medical board may always be regarded as indicating the standing of the society in public favor. They are as follows:

	Accepted	Rejected	Total
January	2,827	442	3,269
February	3,591	513	4,104
March	4,442	597	5,039
April	4,128	513	4,641
May	3,885	456	4,341
June	3,229	428	3,657
July	2,613	389	3,002
August	2,383	391	2,774

Grand total: 26,798 Accepted, 3,727 Rejected, 30,525 Total. If the work accomplished thus far during 1906 may be accepted as indicating that for the balance of the year, it will far exceed in results the average for the preceding four years. In net gain of membership, the figures for the first six months of the present year are much in excess of those for the whole of either of the two preceding years. During the eight months of 1906 to the 1st of September the accumulated funds were increased by \$492,535.02, standing on the 1st of September at \$10,392,193.85, after paying all charges for management expenses and the following benefits:

Insurance or death benefits	\$1,299,191.29
Total disability benefits	72,535.88
Old age benefits (including gratification of life)	50,759.84
Sickness benefits	145,733.83
Funeral benefits	10,156.57

Total benefits paid in eight months of 1906: \$1,678,467.36. In view of the disturbed condition of the insurance world during the past year it is but natural to find the public nervousness about taking up life insurance reflected in a reduced volume of business. It does not, however, appear to have extended to the I. O. F., which has kept on the even tenor of its way, still doing an increased and progressive business.

**Two Farmers Are Burned Out.**—Ottawa, Sept. 6.—Near Black Rapids, Nepean Township, yesterday afternoon, a steam thrasher working at the farm of Thomas Boyce, councillor of Nepean, ignited the straw in a mow, and the fire destroyed barns, outbuildings and the season's crops, and a brick house and contents.

The flames leaped to an adjoining farm and did similar destruction on the farm of William Reddy. Both lost all. Mr. Boyce's loss will exceed \$5000, while Mr. Reddy's is over \$4000. The threshing separator was also destroyed, and one of the horses.

**Traffic at the Soo.**—Detroit, Sept. 6.—During the month of August the total tonnage thru the Soo canals was 7,343,727 tons, almost one million tons more than last August.

### EMBALMERS' OFFICERS.

J. J. Marsh of Smith's Falls is Elected President.

The Canadian Embalmers' Association, at yesterday morning's meeting, elected their officers for the coming year as follows: J. J. Marsh, Smith's Falls, president; E. J. Humphrey, Toronto, first vice-president; H. B. Beckett, Goderich, second vice-president; A. R. Coltart, Chatham, treasurer; R. Trees, Montreal, secretary.

For the members of the association who intend trying the examination for the diploma in efficiency at 9 o'clock this morning, a board of examiners was appointed, consisting of C. R. Bolton, Toronto; A. Dodds, Bolton; E. F. Best, Thamesville; J. N. Taylor, Fullertonburg, and G. W. Spenceburg, Melbourne. The board will consist of the same men next year, with the exception of the last named, Mr. Spenceburg, who will be replaced by W. J. Verney, Tottenham. The latter was unable to be present yesterday.

**No Piracy in Canada.**—Detroit, Sept. 6.—During a negro excursion on the Canadian steamer Premier, on July 18 last, while coming down the St. Clair River, a rowing machine was used to attack the boat, which was assaulted and robbed. The same two men, Walter and William Mitchell, of Detroit, who are accused by Smith, also compelled Capt. Stackhouse of the Premier, at the point of a revolver, to make a landing on the United States side of the river.

A preliminary hearing in extradition proceedings in the United States court here was adjourned until next week. If the Mitchell brothers are taken to Canada, they cannot be charged with piracy in Canadian waters, and will face only the minor charge of assault and robbery. The Canadian government never changed its high seas laws so as to include the great lakes, although the United States government was forced to do so many years ago.

**Incendiary Blaze in Saloon.**—Montreal, Sept. 6.—The police found a small hotel at Papineau-avenue, Notre Dame-street on fire last night, and when the place was invaded by firemen all the bottles in the bar were empty and a merry blaze was in progress behind the counter, a lot of debris being saturated with oil and catching fire.

Alphonse Daigneault and Josephine Perrault, who were found on the premises, were placed under arrest and charged with arson.

**Heavy Failure in Cuba.**—Havana, Sept. 6.—The shipping and importing house of Bridal, Montrose & Co., agents of the French Transatlantic Steamship Line failed today, with liabilities of \$600,000. The banks are heavy losers on account of alleged over issues of the firm's commercial paper.

**German Cruiser for Montreal.**—Quebec, Sept. 6.—The German cruiser Panther left port at 5 o'clock this morning for Montreal.

After spending a week at the latter she will return to Quebec, remaining here one day before proceeding to sea.

## PENSIONS FOR EVERYBODY AFTER AGE OF THREE SCORE

Trades Union Congress Adopts Favoring Resolution—Protest Against Conscription.

Liverpool, Sept. 6.—Pensions for everybody at the age of 60 was among the proposals adopted at to-day's session of the trades union congress. The advocates of the resolution contended that the money necessary for the pensions could easily be raised from among the wealthy by taxing land values.

A resolution in favor of treaties of arbitration, coupled with an emphatic protest against the increase of armaments or insidious attempts to introduce conscription in Great Britain was also carried.

The congress also instructed the labor members of parliament to insist on trades union rates of wages being inserted in all government contracts and the establishment of a minimum wage to protect the working people against the evil of "sweating."

### MACHINES OUST MOULDERS.

Invention Which It is Expected Will Successfully Break Strike.

Chicago, Sept. 6.—Secretary Paul Blatchford of the Metal Trades Association predicts a termination of the strike of 500 iron moulders in the foundry shops of Chicago within a month as a result of an important discovery made by local manufacturers.

As an experiment 100 moulding machines recently were installed in the big foundries where it had been found impossible to secure men to replace the foundrymen who struck on May 1, and the machines turned out as much work as three skilled iron moulders. Orders immediately were sent to New York for 500 more.

In Chicago and Milwaukee, where the strike is in progress, it is predicted 1300 machines will be in operation before another month.

It is figured by employers that they will have need for less than half of the former number of employees.

**To London Fair.**—The convenient service is via Grand Trunk. Rate of \$3.40 will be in effect via Grand Trunk Railway, good going Sept. 8 to 14, and low excursion rate of \$2.55 going Sept. 11 and 12. All tickets valid returning until Sept. 17. Secure tickets at city office, northwest corner King and Yonge-streets.

### KNIGHTS OF ST. JOHN.

Buffalo, Sept. 6.—The convention of the Chapter General of America, Knights of St. John and Malta, adjourned to meet next year in Philadelphia.

It was decided to levy a per capita tax of 10 cents to defray organization expenses. The present officers were all unanimously re-elected.

### Saturday to Monday Outings for Visitors.

Delightful for health and pleasure. To St. Catharines, \$2.25; Grimsby Park, \$1.85; Port Dover, \$2.55; Orillia, \$2.70; Cobourg, \$2.45; Fenelon Falls, \$2.55; Bobcaygeon, \$2.45; Brantford, \$2.30; Guelph, \$1.80; Goderich, \$4.15. Proportionate rates to points on Muskoka Lakes, Lake of Bays and Georgian Bay. Good going all trains Saturday and Sunday, returning Monday. Secure tickets at Grand Trunk offices.

### Two Men Fall Five Flats.

New York, Sept. 6.—Paul Pietlan, a machinist, 50 years of age, and Louis Zobel, 26, his brother, fell five stories to the basement thru an elevator shaft in a new building on Broadway to-day and were killed. The men were on the roof of the building Saturday and Sunday, returning Monday. Secure tickets at Grand Trunk offices.

### California Excursions.

Special excursion rates to California, according to the National Baptist Convention, in Los Angeles, are now in effect via Canadian Pacific Railway. Tickets on sale until Sept. 14 only. \$2.70 Toronto to Los Angeles or San Francisco, via Chicago and direct American lines both ways; \$3.95 going Canadian Pacific across the Northwest and Rockies and returning by the States, or vice versa. Wide choice of routes on the latter ticket, and general stop-overs allowed. Final return limit Oct. 31. Full particulars and tickets at all C.P.R. ticket offices, or write C. B. Foster, D.P.A., C.P.R., Toronto.

### Prince Louis Will Entertain.

Gibraltar, Sept. 6.—Rear-Admiral Prince Louis of Battenberg, commander of the British second cruiser squadron, is preparing to entertain on board his flagship, the armored cruiser Drake, Rear-Admiral W. H. Brownson and the officers of the United States Second Cruiser Squadron, which is bound for the far east, and expected here about Sept. 21.

### Fall Hats Appearing.

Certain early fall walking hat models from a famous French milliner are in white felt or white beaver, and are simply but very smartly trimmed in bright tartan plaid silk, swathed around crown and tied in a bow held by a buckle. Other models in white felt are trimmed in brown velvet and wings or in brown and white silk and big smooth buckles of tortoise shell or in one of the modish greens.

There are the usual feather hats for first wear, grey and white or shaded grey—colorings being particularly numerous. These close turbans in grey breast feathers swathed in a grey or tonable veil of the same grey will be popular for autumn motoring and the close feathers and the dust so well that even in the lightest greys the hats do not soil readily.

### C.P.R. Harvester Excursions.

Sept. 11 and 25 are the dates for the Canadian Pacific Railway's harvesters' excursions from Toronto for Winnipeg and the Northwest. These excursions are practically identical with the well-known homeseekers', destination, rates and stop-overs being the same. Tickets are good for two months. There is no working clause.

### New York Excursions.

Tickets only \$10, round trip from Suspension Bridge, on cheap Valley Railroad, Sept. 9 and 10. Call L. V. R. office, 10 King-street east, for particulars.

## "Maker's Valuation"

The Slater Shoe  
Common shoes are priced by the dealer who charges what he thinks he can get. "Slater Shoes" are price branded on the soles by the makers who know the wear value of each pair of the Goodyear Welted

## Slater Shoe

For Men \$4.00 For Women \$3.50  
\$5.00 \$5.00

## "Wearer's Protection"

The Slater Shoe  
Dare the makers of the Slater Shoe imperil the value of a \$250,000 trademark by putting out unworthy shoes bearing their brand? And the value of that brand represents the difference between the protection of the wearer of unknown shoes and the famous Goodyear Welted

## Slater Shoe

For Men \$4.00 For Women \$3.50  
\$5.00 \$5.00

## "Maker's Responsibility"

The Slater Shoe  
You pay for three things in a shoe—material, labor, profit. The Slater is the only shoe whose makers regulate profits by stamping their valuation on the Goodyear Welted shoe sole. Their responsibility to the wearer ceases only when he has had satisfaction.

## Slater Shoe

For Men \$4.00 For Women \$3.50  
\$5.00 \$5.00

## "Shoe Shrink"

The Slater Shoe  
Slater Shoes remain on the lasts long enough to take the shrink and stretch forever out of them. Common shoes, improperly lasted, have the shrink and stretch forever in them. Shrink and stretch proof lasted is the Goodyear Welted

### LOW WATER IN THE OTTAWA DECAPITATES HER CHILDREN

Lumbermen Are Heavy Sufferers—Mills Shut Down.

Ottawa, Sept. 6.—Owing to the very low water in the Ottawa, the lumbering interests are suffering much loss.

The water is unprecedentedly low and at Hawkesbury the mills are completely shut down, 600 men being out of work.

Eddys have had to shut down at night and J. R. Booth has reduced his night shift. The steamers are also finding navigation more difficult.

Where You Are Invited. "The obligations placed upon women—married or single—no have their own savings account are just as vital as in the case of men—perhaps more so."

Women are invited to make use of the Savings Department in connection with the Women's Room—the Crown Bank of Canada—34 King-street west. Visitors to Toronto are invited to come. There are dainty souvenir books for them to carry home.

### To London Fair.

The convenient service is via Grand Trunk. Rate of \$3.40 will be in effect via Grand Trunk Railway, good going Sept. 8 to 14, and low excursion rate of \$2.55 going Sept. 11 and 12. All tickets valid returning until Sept. 17. Secure tickets at city office, northwest corner King and Yonge-streets.

### INLAND REVENUE DOUBLES.

Receipts in Toronto in August Totalled \$137,000.

It has to be. With a rapidly growing country such as ours, small wonder that the Toronto inland revenue returns for the month of August should be almost double those of August of last year.

Below are the figures, which are somewhat interesting:

Inland Revenue Division of Toronto—Receipts for the Month of August, 1906—	
Spirits	\$78,125.00
Malt	22,250.10
Tobacco	13,223.45

### A BIG DEAL.

Philadelphia, Sept. 6.—It is reported in financial circles that the United States Steel Corporation has closed a deal with the Pennsylvania Railroad Company to take over its controlling interest in the Cambria Steel Company, thru the Carnegie Steel Company.

### Western Fair Excursions.

The Canadian Pacific Railway announces special low rates to London for the Western Fair in that city. Return tickets at single fare from Toronto, \$3.40, will be on sale Sept. 8, 9, 10, 12 and 14, and at an even lower rate, \$2.55, on special excursion days, Sept. 11 and 13 only. Tickets at all C. P. R. ticket offices.

### Sham Fight in Ottawa.

Ottawa, Sept. 6.—A big tactical field day for Ottawa garrison is assured for Thanksgiving Day. All the units will turn out in force. The 1st Regiment of Brockville will also take part.

### Change of Time.

Niagara Navigation Company schedule changes next week. On a Saturday, Sept. 10 steamers will leave Toronto 7:30 and 11 a.m., 2 and 5:15 p.m. Steamers will arrive Toronto 10:30 a.m., 1:15, 4:45 and 8:30 p.m.

### PROVINCIAL DAIRYMEN WANT A BIG SHOW HERE

Ask City to Arrange for Accommodation: Board of Control Proceedings.

The mayor was waited upon by a deputation yesterday consisting of J. N. Paget, Canboro, representing the Western Dairymen's Association; H. Glendinning, Manilla, representing the Eastern Dairymen's Association; Wm. Stewart, Menie, and Alex. Hume, Menie, representing the Ayrshire breeders; A. C. Hallman, Breslau, and James Rettle, Norwich, representing the Holstein breeders, and a representative from the Jersey breeders. They desire to have provision for a provincial dairymen's exhibition of a national character yearly, in January or February, in Toronto, the exhibition to be modeled upon those held in Chicago and Guelph. Several buildings adjacent to railways would be required. The deputation said that there was \$100,000,000 annually represented in the business for which they spoke, and that Peterboro and Guelph wanted this exhibition, Guelph already having the buildings, which could be used. The buildings at the exhibition grounds were considered by the deputation as unsuitable, but the board of control, to whom the question was referred, will have the matter consult with the Exhibition Association to see if suitable arrangements can be made.

**Board of Control.**  
The board of control postponed consideration of the mayor's suggestion that the city engage a special engineer to report on water front improvement.

Leave to conduct laundries at the southwest corner of Augusta-avenue and Nassau-street, and 739 Dover-court-road, was refused.

The board passed the following tax sales: Henry Ambrose, 185 Perth-avenue, 25 feet east side Perth-avenue, \$12 per foot, assessed at \$5 per foot; Fred Reid, 50 feet east side Logan-avenue, \$10 per foot, assessed at \$5 per foot.

Controller Shaw had a petition of property owners asking that Wickson-avenue be extended to connect with Oaklands-avenue.

The board recommended contracts for laying and connecting the water mains connected with the auxiliary fire protection to the Toronto Paving & Contracting Company at a saving of \$11,000 to the city.

There were 2285 people went up the city hall tower on Labor Day.

**Fire and Light Committee.**  
The fire and light committee will recommend that a portion of Pears-avenue be taken out of the brick limit if a petition is sufficiently signed.

The fire and light committee will witness a test of the tug "Nellie Bly" which the city can use as a fire boat for \$500 a year.

Chief Thompson presented a list of promotions and transfers of men in the department as already published in The World, except that Wm. Corbett and H. and L. No. 1 is promoted to lieutenant and transferred to Aerial 1.

**Asks for Help.**  
Crown Attorney Corley has written the mayor asking for assistance counsel in the trials arising from the civic enquiry. His police court duties do not allow him sufficient time to properly collect evidence.

Commissioner Thompson has had enquiries from several visiting manufacturers asking information about unoccupied factories. There are none to be had, however. Owners of land are also chary about selling, thinking they may be able to get more for their property by holding it for a while.

### DELAY IN SCHOOL REPAIRS LINKED OVER BY TRUSTEES

Levee Attacks and Simpson Demands Property Committee—Providing Accommodation.

Chairman Shaw presided over last night's meeting of the board of education, the first since the holidays, and the feature of which was Trustee Levee's arraignment of the members of the property committee for alleged negligence and incapacity in the completion of certain school works. It was charged by Mr. Levee that the loss caused by Palmerston-avenue school was wholly uncalled for, while general delay and loss to the pupils would follow. Never in the history of the board of education had such conditions existed.

Chairman H. Simpson of the property committee attributed the trouble to delay in procuring money from the city council and other causes. Rev. W. H. Hincks and Ivor Brook headed a big deputation from Parkdale, asking for the appointment of Mr. McIntosh, late of Louisa-street School, to Lansdowne-avenue, in succession to Principal Henry. At a later stage of the meeting the appointment of Mr. McIntosh to Lansdowne-avenue was confirmed. Principal Henry, formerly of Lansdowne-avenue School, will succeed the late Alex. Muir in Gladstone-avenue School. Principal Ward of Duke-street School will remain there.

In answer to Trustee Davis, Chairman H. Simpson stated that the plans for Riverside High School were ready and tenders would be called for on Monday. Trustee Levee urged the appointment of a consulting architect to prepare plans for the Riverside school and the technical high school, the building of which would remain in charge of the superintendent. The idea was favorably considered, and will appear as a notice of motion at the next meeting.

Objection was taken to the fact that pupils were attending certain schools outside their districts. The chairman stated that the recognized policy of the board was that where a child was located and new districts formed no change would be made.

Trustee Kent gave notice of motion to eliminate typewriting and shorthand from the public schools.

Trustee Levee urged the transfer of a class, taking special work from the technical high school, to the school of science building. The room vacated will be occupied by a class from Harbord-street Collegiate.

A committee composed of the chairman of the several committees and Trustee Kent will arrange for permanent accommodation for the Collegiate Institute pupils.

Miss Martin withdrew her motion for establishment of a school for girls in the northwestern part of the city, and will introduce it at the last meeting in November.

The appointment of David Glassey as specialist in Harbord-street Collegiate was held over for a month. Trustee Davis made a strong effort to have the matter of the purchase of additional land at the rear of Winchester-street school for the sum of \$9000, but was unsuccessful. The senior fourth book class in Morse-street school will be transferred to Queen Alexandra, an additional room will be opened in Perth-avenue, and, if possible, in Withrow-street school and one each in connection with King Edward and Kew Beach.

### DIRECTORS IN CROOKED

Continued From Page 1.

making a loan, using wildcat securities, and thus reduce the amount of the overdrafts. This was carried on for four or five years, until now the amount of money borrowed by Segal amounts to \$5,000,000, for which there is nothing to show but the wildcat securities.

Robert D. Ghiskey, cashier of the trust company, the first witness, told of frequent overdraft cheques to Hipple, who would grow pale, pace the floor and then say, "Well, I guess we will have to pay this."

Ghiskey said that all overdrafts of Hipple and Segal were reported to the state banking commissioner as cash on hand.

**Confession in President.**  
George H. Earle, Jr., receiver for the trust company, testified that he examined all the officers to learn whether they were conversant with the true condition of the company. In interrogating Treasurer North, Mr. Earle said the treasurer told him he knew the company's condition and he made reports to President Hipple, and he supposed the president had informed the directors.

Mr. Earle asked him why he reported to an apparently guilty man instead of to directors, and North replied that he had unlimited confidence in Hipple and thought that everything would be all right.

Paying Teller Edgar Featherston said the day Hipple died there was an overdraft of \$44,300 standing against Hipple's name. Collingwood, as soon as he learned of his death converted the overdraft into a loan, this showing on the books that Hipple had not overdrawn his account.

Joseph Escherick, Jr., collateral loan clerk, said that Hipple very often came to him and handed him securities, mostly on Segal's companies, for loans that Hipple himself had approved. Witness said he made up the reports sent to the state bank commissioner from statements given to him by the heads of the various departments. He was instructed, he said, that certain indicated overdrafts were to be classed as cash on hand.

**Confession.**  
Wharton Hipple, the son of the suicide president of the trust company, identified the handwriting on the papers containing the confession as his father's. The confession is as follows: "To the state trust commissioner: No one is to blame but myself. Segal got all the money. I was fooled in lending it to him, thinking his business good."

Tickets are one-way only. Rates from Toronto: Billings, Mont., \$34.25; Ogden and Salt Lake City, \$39.25; Nelson, Robson, Trail, Rossland, Greenwood, Midway, B.C., \$38.75; Vancouver, Victoria, Westminster, B.C., Seattle and Tacoma, Wash., Portland, Ore., \$42.25, on sale daily until Oct. 31 at all C.P.R. ticket offices.

**Avoid the Knife For Itching Piles.**  
It is customary for physicians to recommend a surgical operation as the only cure for piles, and the strength of such advice many a person has undergone the suffering, the expense, and the enormous risk of such an operation only to be disappointed by a return of the old trouble.

A safer, cheaper, and even a more certain cure is found in Dr. Chase's Ointment, and while this is a strong statement, it is fully corroborated by the positive evidence of well-known people, who have been cured by this treatment, even after surgical operations had failed.

A strong point about Dr. Chase's Ointment is the promptness with which it brings relief from the torturing, itching, stinging sensations which make this disease almost unbearable. Complete cure is often brought about by one or two boxes of this ointment, even in chronic cases of fifteen or twenty years' standing.

Dr. Chase's Ointment is the only positive and guaranteed cure for every form of piles, 60 cents a box, at all dealers, or Edmanon, Bates & Co., Toronto.

learned of his death converted the overdraft into a loan, this showing on the books that Hipple had not overdrawn his account.

Joseph Escherick, Jr., collateral loan clerk, said that Hipple very often came to him and handed him securities, mostly on Segal's companies, for loans that Hipple himself had approved. Witness said he made up the reports sent to the state bank commissioner from statements given to him by the heads of the various departments. He was instructed, he said, that certain indicated overdrafts were to be classed as cash on hand.

**Confession.**  
Wharton Hipple, the son of the suicide president of the trust company, identified the handwriting on the papers containing the confession as his father's. The confession is as follows: "To the state trust commissioner: No one is to blame but myself. Segal got all the money. I was fooled in lending it to him, thinking his business good."

### NO SEAT, NO CASH.

Former Governor Tests Right of Railway to Compel Payment.

New Haven, Conn., Sept. 6.—To start a friendly enquiry into the right of the New York, New Haven and Hartford Railway to collect fares from passengers for whom it does not provide seats, former Gov. Chamberlain refused to pay for being transported from Bridgeport to Meriden and escaped arrest only when a policeman refused to take him into custody at the request of a conductor.

Mr. Chamberlain was on his way home from Oyster Bay, where he had visited President Roosevelt. With him were Edward Atwater, president of the Connecticut Business Men's Association, and William H. Ely, formerly corporation counsel of New Haven. The train was crowded and the men were jostled and crowded up and down the aisles. All refused to pay their fares, and the conductor had no idea, who they were. He threatened arrest and they were. He threatened arrest and they were. He threatened arrest and they were.

"No seat, no cash," said the former governor breezily. Mr. Ely and Mr. Atwater echoed the sentiment and Mr. Ely assured Mr. Chamberlain that he had a legal right to refuse to pay.

Before the train reached this city the controversy became lively, although the passengers did not disclose their identity and the conductor had no idea, who they were. He threatened arrest and they were. He threatened arrest and they were. He threatened arrest and they were.

By invitation the three accompanied the conductor to Policeman Simon Street, at the Union Station. Street gasped when asked to arrest the former governor and bluntly refused to interfere. The conductor had to be content with reporting the case. The initiative of Mr. Chamberlain and his friends is likely to be followed by other passengers on crowded trains to test the rights of the public to obtain seats.

### WHEAT RECEIPTS JUMP.

Big Advance Over Last Year in Amount Marketed.

Winnipeg, Sept. 6.—Wheat receipts at Canadian Pacific points took another big jump upwards yesterday when 311,000 bushels were marketed by Manitoba and Saskatchewan farmers. It is apparent that 1,000,000 or 2,000,000 bushels of wheat will be marketed this year during a period in which practically no wheat was marketed in the corresponding time last season.

Up to to-day there has been marketed at C.P.R. points a total of 889,000 bushels of wheat and 30,000 bushels of other grains. In the corresponding period of last year there was marketed only 13,000.

Most of the grain delivered is No. 1 northern.
