SIR ADOLPHE AND MR. OULMET OUT

Mr. Tallon of Quebec Brought
In by Mr. Angers.

The Portfolio of Public Works Goes to Mr. Desjardins, Who Made Good-Bye to Official Life Only the Day Before— Sir Adolphe Caron Says It is an Ultra- Conservative Cabinet—Col. Tisdale the Only New Man From Ontario—The Re- construction Looked Upon as a Sweep- ing of Sir Mackenzie Bowell's Interest— Mr. Oulmet Will Run in Laval as an Independent Conservative—Latest Gossip From the Capital.

Ottawa, May 1.—(Special)—The
Cabinet is over. Sir Charles Tupper has
completed his Cabinet, and at 1:30 this
afternoon all the Ministers were sworn
before the Governor-General with the
exception of Col. Tisdale, who will
not arrive in the city until to-morrow.
The new Ministry is constituted as follows:

- Sir CHARLES TUPPER, Premier and Secretary of State.
- Mr. POSTER, Minister of Finance.
- Mr. COSTIGAN, Minister of Marine and Fisheries.
- Mr. HAGGART, Minister of Railways and Canals.
- Mr. ANGERS, President of the Council.
- Mr. IVES, Minister of Trade and Commerce.
- Mr. DICKEY, Minister of Justice.
- Dr. MONTAGUE, Minister of Agriculture.
- Mr. WOOD, Controller of Customs.
- Mr. PRIOR, Controller of Inland Revenue.
- Mr. DESJARDINS, Minister of Public Works.
- Mr. TAILLON, Postmaster-General.
- Mr. MACDONALD, Minister of the Interior.
- Mr. TISDALE, Minister of Militia.
- Sir FRANK SMITH, Senator D. FERGUSON and Senator J. H. ROSS, without portfolio.
- Sir C. H. TUPPER, Solicitor-General, without seat in the Cabinet.

The ceremony of swearing in lasted until nearly two o'clock, at which hour the flag was lowered on the viceregal office and His Excellency returned to Rideau Hall.

Three members of the late Administration are not in the new Cabinet. They are Sir Adolphe Caron, Hon. J. A. Oulmet and Hon. T. M. D. D. These places are taken by Hon. L. O. Tupper, ex-Premier of Quebec, and Mr. Hugh John Macdonald.

Although perhaps somewhat prepared by last night's report for the change in the Quebec representation, the announcement that Sir Adolphe Caron and Hon. J. A. Oulmet were not in the new Cabinet was received with surprise. Still the general verdict of the local Conservatives was that the infusion of new blood from that province Sir Charles had done much to strengthen the party prestige in Quebec.

Mr. Desjardins left for Montreal last night, having said good-bye, as he thought, to official life. At St. Martin's Junction, however, he was intercepted by Mr. Angers and induced by him to return to Ottawa. It appears that Mr. Angers was asked by the Premier to take the Quebec leadership, and he declined on the understanding that he would have the choice of his French-Canadian colleagues in the Cabinet. Mr. Angers has secured Premier Tallon and Mr. Desjardins, with three from Quebec, together with Hon. J. H. Ross, who, although wearing a Scotch name, is a French-Canadian, for a seat without portfolio. Sir Charles closed up the Ontario vacancy by signing Col. Tisdale to the Militia portfolio.

The First Meeting.
The new Ministers lunched together at the Rideau club and the swearing-in ceremony and then held a cabinet meeting, which lasted over two hours. The principal business transacted was the naming of the Railway Committee of the Privy Council and the Treasury Board.

The former is composed of Messrs. Haggart, Dickey, Prior, Ives, Tallon and Macdonald. The latter will consist of Messrs. Foster, Costigan, Tallon, Angers and Wood. Mr. Tallon's acceptance of a portfolio in the new Cabinet is the Ministry of which he was Premier, and rumor assigns the provincial premiership to Mr. Nantel, who is a great friend of Lieutenant-Governor Chapeau. Mr. Angers will retain his seat in the Senate and lead the Upper House, that is, provided the Government is sustained. Mr. Desjardins will resign his Senatorship and probably run for Mataneau, while Mr. Tallon will probably contest Terrebonne, although that is problematical, of course.

Mr. Oulmet does not propose to quit politics. He will run in Laval just the same as if he were a Minister. It is noteworthy that La Presse to-day has a strong article protesting against Sir Adolphe Caron and Mr. Oulmet being dropped, but the protest came too late.

Who's the Other Man?
The Premier authorizes the statement that, in addition to the Ministers from Ontario already given, there will be added to the Cabinet without portfolio a leading gentleman in public life whose name is not given.

The Bowell Interest Swept Out.
The Journal says it is a peculiar coincidence that the three former Cabinet Ministers, who, besides Sir Mackenzie Bowell, are left out of the new Cabinet are men who stuck to Sir Mackenzie Bowell during the bolt in January. Sir Mackenzie Bowell, Mr. Oulmet, Sir Richard Caron and Mr. Daly are said to have been in the bowels of the Government, and the latter two not having portfolios are hardly counted as active factors. The reconstruction is an almost clean sweep of the Bowell interest.

Montreal, Vice Judge Baby, who wants to retire.
There is also a rumor that Sir Donald B. Ross will resign the High Commission in favor of Sir Adolphe Caron.

The Premier's Program.
The Premier informed your correspondent to-night that he expected to go to Montreal to-morrow, thence proceeding to Winnipeg probably on Monday. On his return east he will address gatherings at Toronto, Montreal and other places, and then pay a visit to the Maritime Provinces.

The Election Manifesto.
As to the election manifesto, Sir Charles could only say that it would be put out for a couple of days, yet, and of course, he could not indicate in advance what its chief planks would be. As, however, the Premier had taken a strong stand upon several important points of public policy since his re-entry into the Government it is of difficult to forecast the leading features of the platform which Sir Charles will appeal to the electorate.

Without question there will be a significant declaration upon the subject of preferential trade within the Empire, and an opportunity to the protective policy which has done so much to develop the industrial life of Canada.

It is not unlikely also that the people will be asked to sustain the policy of the Government in improving the equipment of the militia, and strengthening the defences of Canada, in regard to which expenditure the Opposition manifested a spirit of niggardliness.

The Premier will doubtless ask the approval of the policy of aid to railways as set forth in British Columbia, then liberal west of which province is now attracting great attention.

On the Manitoba school question the country may be asked to approve of the policy of the Government, which has given a pledge to maintain alleged constitutional guarantees.

In the Hands of His Friends.
After the council, Mr. Tallon was seen by your correspondent and asked as to his intentions. The ex-Premier of Quebec said it had not yet been decided what constituency he would run for. "We have a Central Conservative Committee in Quebec which manages all these things, and I am in its hands," said he. "That is how things are managed in 1892. I did not know where I was to run for until it had been decided by the committee. Just so in this case. I shall run for any constituency that the party may advise."

Mr. Tallon could throw no light upon the question of the Quebec Premiership. "Mr. Chapeau, you know, is in Atlantic City, and I have not yet had an opportunity to advise his honor on the subject."

Mr. Angers seemed to be in the same hazy state as regards his probable future movements. He did not know, he said, where he would remain to lead the Senate or run for the Commons, or, if the latter, what constituency he would contest.

With the exception of Hon. Mr. Oulmet the outgoing Ministers were less popular than the newcomers. The ex-Minister of Public Works, when asked to resign, replied: "I have nothing further to say than that I intend to run as the independent supporter of the Conservative policy as before."

"In your old constituency?"
"Yes, in Laval county."

A number of strong personal friends were already in waiting to see Sir Adolphe Caron when your representative called upon him early in the afternoon. Sir Adolphe, serene and affable as ever, held out a welcoming hand and said: "Well, I'm busy packing up to move, you see, but busy."

"Yes, I have just learned the composition of the new Cabinet," he went on, and being pressed for his opinion of its composition as regards Quebec, he said: "Personally, the new men are most acceptable. They are, of course, mainly to be seen how they will be accepted in the country."

"Until the Government has formulated its policy," Sir Adolphe continued, "it is not for me to say what particular course I shall take, only this, I will say, that in the future as in the past, my sympathies and energies will be inseparably associated with the Conservative party. Several friends have called upon me, and to all of them I have given the one advice, to be patient and await the promulgation of the Government's policy, acting, as I have just said to you, that for myself I shall continue to work as a Conservative as ever for the success of the Conservative party, and do with me to defeat our common opponents at the general election."

MR. DALY INTERVIEWED.
The Late Minister of the Interior Regrets Leaving Active Politics.
Ottawa, May 1.—(Special)—Mr. Daly was busy this afternoon clearing up his private papers in the department over which he has so successfully presided for the past four years. His first reply in response to your correspondent's request for an interview was of his successor.

"I may say that I think it a good thing that my customary warmth in speaking of this subject," said Mr. Daly, "has been somewhat cooled by a desire to draw a herring across the trail of the unwary Northern Pacific Railway connection, we should never have had the introduction of the Manitoba School Act of 1890. The truth may be told some day, and if so it will not doubt be found that Mr. Martin was the bitterest opposed by other members of the Government, and his supporters in the Legislature, on account of the course he was taking, and that even the redoubtable Mr. Desjardins was opposed to this extreme course in regard to separate schools. As indicated by Mr. Martin's speech at Wawanesa, there is no question that the Government had no intention of interfering with the rights of the minority. On the contrary, they were to preserve, and all the Government sought to do was to wipe out the Boards of Education and invest au-

thority for managing the schools in the Department of Education; in other words, to adopt the Ontario system. I think that Sir Charles has formed a very strong Government, and I believe it is beyond doubt, if our Conservative friends throughout Canada will stick to the old party. The old party, to adopt the Ontario system, the old flag and the old policy, that on the 22nd of June victory will once more perch on the banner of the Conservative party. I think the fight will be short, sharp and decisive. I regret of course retiring from active political life. Nothing would please me better than to be in the thick of the fight. No doubt I could have carried my own constituency and assisted materially in helping out some of my friends, but whoever may be the choice of the convention to be held at Souris on the 11th, he will carry my old riding. One thing more, I hope our friends in the east will discount the reports that will appear from time to time. The only thing in regard to the campaign in the west, as an experience shows that they are invariably highly colored. Witness my last election, when I was supposed to be snored under by Mr. Martin, and I have no doubt a fractional vote would give that gentleman as good a drubbing as I gave him in 1891."

Mr. Daly added that he felt very much regret at severing associations with the friends of the different departments over which he had presided during the past three and a half years. "I have no doubt a fractional vote would give that gentleman as good a drubbing as I gave him in 1891."

SHAKE YOUR OLD HAT.

The intention of Dineens to remodel their store is a good thing for the purchasers of spring hats, as the prices are consequently away down. Mr. Dineen said yesterday: "This is a cash alteration sale, and we are going to sell all of the stock we are now carrying and going to sell it at cost price, too." There is a great line of Fedoras in all shades at the store. Those that sell everywhere for \$3 are marked in plain figures \$2. The \$2.50 line is down to \$1.50, while the \$2 hats are going quickly at \$1 apiece. The reduction in price is correspondingly great in all other lines of a large and well-assorted stock. Besides there are still a few furs left, and they are a grand opportunity. They can be purchased now at about half their original price. This is a season for them. For those who have the ready money, it is a great chance to get the best of the stock at a price that is a bargain. The stock is going to be sold in many different styles this year, but no matter what particular shape you prefer you can get it at Dineens' as long as the stock lasts during the coming month you can get it at alteration sale prices. That means at least a third less than it would cost anywhere else, and in addition to that you get the best goods from the makers who are famous. There are cases and cases of these hats right in the store, and they have all got to be sold, as they cannot be left in the store while alterations are in progress. So if you need a hat you know where to go where you can get the best and the cheapest—Dineens' corner of King and Yonge, where is going to be a busy one, and in order to accommodate the rush of business the store will be kept open till 10 p.m.

PRAYERS WON'T DO IT

Little Joy Among the Quebec Conservatives.

'TIS A CLERICAL REPRESENTATION

Belief That Senator Ross Will Make Trouble

For Sir Charles Tupper—This Ex-Premier of Quebec Said to Be an Unworkable Politician—It Is Said Against Him That He Sat Still and Allowed Mercler to Destroy the Conservative Party—How the New Cabinet is Viewed by the Press of the Ancient Capital.

Montreal, May 1.—(Special)—This has been a very anxious day amongst the politicians and one that has given little joy to the Conservative party, although the fighters may get themselves pulled together in a day or two. Nothing, however, can be said against the private and public worth of the men whom Sir Charles Tupper has called to the Cabinet from Quebec. All admit that every effort has been made to secure the support of the clergy in this province, and it would be a little disappointing if the black column fails to deliver the goods.

It is a clerical representation, and if they do not do a great deal better than divide the province, all the rubbish that is written about clerical and undue influence should cease.

The morning opened with a decisive kick from the old Minerve, Sir A. P. Caron's paper, which declares that Caron and Oulmet should not have been excluded from the reconstructed Ministry.

Your correspondent learns that when Sir Charles Tupper asked Hon. A. R. Angers to name his colleagues from this province "the new president of the council made a choice that was quite novel, stating that he had met Messrs. V. J. Bisillon, Q.C., and J. D. Monk, Conservative candidate in Jacques Cartier. This choice, however, was not entertained, and Hon. Messrs. Desjardins and Tallon went up black and blue with their hands cut without a portfolio in this province.

It seems to be taken for granted that Hon. Messrs. Angers and Desjardins will both come down from the Senate and capture seats in the Commons, for, if they should remain in the Upper House, the Conservative goose is cooked sure enough.

One thing is certain, as it now stands a great deal more than prayers will be required to carry the province.

VIEWED IN QUEBEC.
Angers' Presence in the Cabinet Means a Remedial Act

Quebec, May 1.—The news of Hon. L. O. Tallon's resignation of the Premiership of this province and his acceptance of a portfolio in the Tupper Cabinet created a sensation here. L'Espresso (Liberal) says: "It is evident that it has been represented to Sir Charles Tupper that with this combination the assistance of the clergy in the Province of Quebec could be obtained. Whatever may be said as to the wisdom of the Episcopate as a body will not intervene to paralyze the electoral liberty of the Catholics. Their Graces the Bishops will confine themselves to the counselling and advising, as Mgr. Emery has already done, but will decree no ostracism. The choice of Mr. Tallon is a challenge to the people, and the presence of Dr. Ross in the Cabinet is a mockery. His impotency is such that he cannot attend to any serious duties. The appointment of Mr. Tallon—destroying the Quebec Government. Hon. Mr. Nantel will probably be called on to form a Ministry and the Beaulieu-Pelletier faction may expect to disappear."

Hon. L. P. Pelletier did not appear inclined to believe that there was any truth in the report, and said it was only a newspaper's guess.

Means a Remedial Act.
The Quebec Daily Mercury (Conservative), speaking of the Quebec Ministers, says editorially: "This makes a strong team. Mr. Angers' presence in the Ministry is the best guarantee for the passage of the Remedial Act. Nothing less will satisfy him, and he has the people of this province at his back. If the other provinces do as well in the selection of their representatives the business of the Dominion will be in the hands of thoroughly competent men."

WEEK'S MUNICIPAL REVIEW

IT WILL BE MEMORABLE IN TORONTO'S CIVIC HISTORY.

Assessment Department Reorganized Completely—Old System Wiped Out—Tax Department Established—Death of Executive Committee—Dead Heat in Election—Police Commissioners and Licenses—County and the County House.

The past week has been one of the most eventful regarding civic affairs for many years. That department which has for years been the subject of more anathemas by the rate and suffering property owner—which has made fruitless endeavors year after year to convince the despairing citizen that he is rich, far richer than he is willing to believe or ever finds himself to be when he attempts to realize upon those visionary riches which the Assessment Department solemnly and with all the force that officialdom can impart assures him he possesses the satisfaction with which he views the fair prospect. The old system of assessment has been completely wiped out. The staff has been reduced to one-half, and yesterday the newly appointed staff of assessors swept down on No. 1 Ward and assessed upon the actual value of real estate, as determined by its earning power. The effect of the change will be watched with a little anxiety by the citizens, and if the result in any way approaches the anticipations that are formed, the Council of Revision may expect a material decrease in the number of appeals.

Whether the work can be done by the assessors' staff is a matter of doubt. There are about 70,000 assessments to be made, and the work was formerly done by 14 assessors in about three months' outside work, and one month in the office, at an annual cost of about \$50 each. This gave an average of about 60 assessments per day. If the present staff works at the same rate, it will take therefore 100 working days each, or seven months and a half for the outside work. At this rate of progress, the outside work will not be completed until the middle of January next. As one of the chief objects of recent legislation has been to enable the municipal elections to be held on assessment rolls made the previous summer, the new assessors will have to do one-third more work each day than was done last year, or the staff must be increased.

The second great reform which has been instituted this week is in the matter of tax collectors. The Board of Control has decided that the collection of the taxes at the City Hall, and that the tax collector, six in number for the present year, be employed to collect what does not come in voluntarily. A tax department will be established to handle the tax rolls, and it is probable that from motives of economy, the tax receiving department will be amalgamated with the waterworks receiving department, the two being operated by the same staff under one head. There will probably be some opposition to the proposal, but the Board of Control is unanimous on

NEWS FROM HAMILTON.

The Trouble of a Couple of Years Over a Pleasure Boat—Hamilton and Dundas Railway License. Hamilton, May 1.—(Special)—Ernest Thompson and William Tucker were arraigned at the Police Court this morning on a charge of tapping the till of John Thompson, a John-street south butcher, on March 25th, and on a charge of \$15. The youths were arrested some time ago, after having returned from several trips to Toronto and Buffalo, where they had been seen by the police. They were defended by L. H. Fenton, and Thompson was acquitted, and Tucker was allowed to go, to appear on Monday. Young Tucker told the court that he had defrayed all excursion expenses.

The Hamilton and Dundas Railway license to run into Dundas expires to-day, and the Dundas people are seriously contemplating not renewing the license, owing to the unsatisfactory manner in which the C.P.R. Chief Engineer Peterson of the C.P.R., inspected the line of the proposed extension, and suggested no changes, and now it is expected work will be suspended. The Executive of the Dundas Railway Board, which is composed of George Roach, John Billings, Col. Moore and Major McLaren have convened to-day at 10 o'clock in the morning, and although the position was generally regarded as a stepping stone to the Mayor's chair, the Dundas Executive never reached the majority.

The initial steps have been taken by the Dundas Executive in securing the establishment in Toronto of the dead-end industry. This is a matter which has been talked about by private capitalists, but has not up to the present developed into anything practical. A special committee of the Dundas Executive, which has been appointed to prepare a report upon the matter and to confer with the representative of the Dundas Executive, has been organized, and will visit the city shortly to view prospective sites. The Dundas Executive has expressed its willingness to aid the scheme, and requested that the City Council prepare a memorial for the Dundas Executive, and nature of the assistance required. It is understood that if the city will provide a site, the Dundas Executive will provide a public abattoir. The matter should be pushed along with vigor, as the establishment of a dead-end industry would materially increase the importance which Toronto now enjoys as the headquarters of the cattle trade, and will enhance the general prosperity of the city.

The legislation which was adopted at the last session of the Legislature in reference to the issuing of licenses appears to have been hurriedly framed and has resulted in some confusion. By the Act power was given to cities of 100,000 population and upwards to issue licenses for the use of various kinds of the Police Department. Through an oversight apparently, the Act provided that licenses were omitted from the list of licenses to be transferred. These licenses will be continued in force until the City Treasurer's Department through a clerk who is stationed at the Police Court, has received the issue of the licenses and receive the fees therefor, and also the fees for licenses issued by the police.

Now that the city and county buildings are approaching completion, there are many impediments to the work between the councils of the city of Toronto and the county of York. It is well known that the cost of the work when completed will far exceed the amount originally estimated, and there is a strong probability that the county will refuse to pay any more than their share of the original estimate. There is also likely to be considerable friction over the portions of the building set apart for city and county purposes.

Water Front Work. The work of filling the water front between Simcoe and John-street to the line of Lake-street is progressing with amazing rapidity. Where a yard and ten feet and even greater depth of water was to be found is now solid earth. At the present rate of progress the whole of the space mentioned will be filled in by spring. There will then be a dumping place for the earth and street sweepings in the centre of the city at all. It would be advisable for the Board of Control to consider the question of constructing a cribbing around the water lots south of Lake-street, and to the west of the streets, and out to the Windmill line in order to provide a dumping place for the earth of the city.

House Letting is Thriving All Around Now That May Has Arrived. Real estate and house letting are in a thriving condition in the town. Dr. Bailey of Victoria College is looking for property at the corner of Smith and Yonge, Mr. J. Loudon, brother of President Loudon, has bought the late McCabe residence for \$2900, and Mr. Hale a lot at the corner of Eglinton and Yonge. "No Let" signs are coming down in Victoria, Woodward, Shetwood and Glen-avenues.

Our Killed Ladies. The Highlanders paraded last night 400 strong under Lieut.-Col. Davidson and were exercised in battalion and company drill. The regimental tournament will take place at the Armories on Friday next. Major Macdonald will represent the corps on the Blesley team with Sixt-Sept. Eorp.

WORK AT A STANDSTILL.

Builders' Laborers Refuse to Work for Less Than Twenty-One Cents an Hour—Stonecutters and Bricklayers Compelled to Cease Work—Deputation to the Mayor. Mayday in Toronto was marked by the inauguration of a strike which threatens seriously to interfere with building operations. In pursuance of their resolution to strike unless their demand for 21 cents an hour was met by the employers, the 300 members of the Builders' Laborers' Union yesterday deserted jobs and hoed, and very shortly thereafter the stonecutters, bricklayers and a dozen bricklayers. The laborers did not go to work yesterday to exhibit their sympathy with the strikers, as well as for the reason that they could not get along without the labor of the strikers.

How it affects the Court House. Of the works affected the most important is the new City Hall and Court House on Queen-street. Here there are employed 100 masons, 134 stone cutters and a dozen bricklayers. The laborers did not go to work yesterday to exhibit their sympathy with the strikers, as well as for the reason that they could not get along without the labor of the strikers. The Court House is a building of considerable importance, and its completion is a matter of public interest. The strikers' action is a serious blow to the city's progress.

Appeal to the Mayor. The Mayor was interviewed by a deputation, which included President J. H. Williams, and several other prominent citizens. The deputation presented the case to the Mayor, and asked him to use his influence to have the 21-cent rate paid to all laborers employed in the city. The Mayor expressed his sympathy with the laborers, but stated that he could not guarantee the 21-cent rate. He suggested that the laborers should appeal to the Board of Control.

Here's an Important Item. Has it occurred to you how easy, comfortable and convenient it is to travel in Toronto to-day? You can go to any part of the city in a few minutes, and you can do so for a very small sum of money. This is due to the fact that the city has a very efficient public transportation system. The streetcars are fast and reliable, and the fares are low. This makes it very easy for people to get around the city, and it is a great convenience for everyone.

North York Licenses. The annual meeting of the Board of License Commissioners for North York was held yesterday afternoon at 7 o'clock. The meeting was presided over by J. E. Cane (chairman), and was attended by J. H. Williams, J. H. Williams, J. H. Williams, and several other prominent citizens. The meeting was held in the City Hall, and was a very important one. The Board of License Commissioners is responsible for the issuing of licenses in North York, and its decisions are of great importance to the city.

Ontario Society of Artists. The final touches to the pictures upon the walls of the Ontario Society of Artists will be made to-day, and everything will be in good form for the opening reception on Monday afternoon. For 24 years the society has held its receptions in the evening, and they have always been attended by the leading citizens. On the evening of its 25th anniversary, it has been decided to inaugurate a new order of procedure. A private reception will take place at 8 p.m., and the opening of the exhibition at 8 p.m., with a general admission.

Windsor, May 1.—John Smith, conductor of a freight train on the Grand Trunk, is in a serious condition at his home at the corner of Dundas and York-street. He was struck by a car on the Grand Trunk on Friday morning. The car was driven by a man named Stewart, and was carrying a load of lumber. The car struck Smith on the side of his head, and he was badly injured. He is now lying in hospital, and his condition is very serious.

The Wabash Railroad. It is now a well-known fact that the Wabash Railroad is the shortest, best and quickest route from Canada to Chicago, St. Louis, Hot Springs, Memphis, and other Southern points. Its train equipment is superlative, the finest in America. WINDSOR IN A PLIGHT.

The Bank of Commerce Refuses to Pay Corporation Checks—Must Raise the Tax Rate Higher. Windsor, May 1.—In the face of the protests of those who understand the financial situation of the city and the demand of the Bank of Commerce, which holds the city's account, that an adequate rate should be levied, the Windsor Council last night adopted a rate of 20-10 mills, which is far from being sufficient to meet the ordinary expenditure, not to speak of the deficit from last year. The Mayor had been notified that the bank would refuse to advance any more money if a higher rate were not fixed, but his Worship felt sure that another bank would be prepared to accept the account. The Merchants' Bank, which held the account once before and had it taken from them, is the only other bank remaining, and it is not likely to run after the account. Consequently the city finds itself in the embarrassing position of being unable to raise the money necessary to carry on its work. The salaries of the city officials fell due to-day, but when they presented their checks at the Bank of Commerce for payment they were refused on the ground that there were no funds. The School Board and the Library Board are in a similar predicament. It is understood that arrangements have been made whereby the checks of the former Board have been forwarded to the latter Board, but this arrangement is not likely to be permanent.

Further Proceedings in the Charge Against Hawke and Griffin. The complicated Hawke and Griffin case was gone on with in yesterday's Police Court. The first witness examined was H. D. Sinclair, Deputy Master of Titles, who introduced numerous mortgages and discharges of mortgages, all of which are important evidence of the alleged wholesale swindling, as it is claimed they are all forged. Lawyer W. H. Garwood swore affidavits before him from time to time. Hawke and Griffin also took affidavits before Lawyer George Bell and Registrar Peter Ryan produced several affidavits before the Registrar. H. H. Williams also produced some papers to which the Crown attach considerable importance. The case will come up again next Tuesday.

A Big Firm in Trouble. Detroit, Mich., May 1.—All the creditors of the S. K. Hudson Co., the big clothing firm, received notice by mail this morning that the company was being liquidated. The creditors are being notified of the liquidation of the company, and are being asked to present their claims to the liquidator. The liquidation of the company is a serious blow to the city's economy, and it is a matter of public interest.

Kingston, May 1.—The reported meeting in St. Mary's Cathedral on Sunday afternoon, to be addressed by Archbishop Cleary, was postponed to a later date. The Archbishop is expected to visit the city in the near future, and his visit is a matter of public interest. The postponement of the meeting is a disappointment to many of the city's residents.

St. Lawrence, May 1.—The reported meeting in St. Lawrence on Sunday afternoon, to be addressed by Archbishop Cleary, was postponed to a later date. PRINCE OF WALES AWINNER

HIS GOOD FILLY TRIPS CAPTURES THE 1000 GUINEAS STAKES.

Mr. Baird's Santa Maura ran second and Lord Zetland's Jolly Boat third. The Winner Started at 10 to 1 and Won by Only a Head—Other Races on the Famous Newmarket Heath.

London, May 1.—At Newmarket to-day the May Plate of 300 sovs. for 2-year-olds, 5 furlongs, was won by Mr. Leopold de Rothschild's b.f. Goletha, by Galop, out of Biscaya; Mr. Wallace Johnston's c.h. Stewartha, by Ayrshire, out of Exning Lass, second, and Mr. F. Foster's High Chancellor, by Crowberry, out of Lady Cecil, third. Mr. P. Lorrillard's Lame-duck started, but was not placed.

The 1000 Guineas Stakes of 100 sovs. each, half forfeit, for 3-year-old fillies, the owner of the second filly to receive 200 sovs. out of the stake, and the third to save her stake, mile and furlong, was won by the Prince of Wales' b.f. Thais, by St. Serf, out of Postery; Mr. Douglas Baird's b.f. Santa Maura, by St. Simon, out of Palm-Flower, second, and Lord Zetland's b.f. Jolly Boat, by Fauschach, out of Santa Felice, third.

Mr. H. McAlmon's b.f. Omahua, Mr. Homer Bass' b.f. Sister to Ella Tweed, Mr. Leopold de Rothschild's b.f. Fiesole, Sir J. Blundell Maple's b.f. Barn Dance, Mr. H. McAlmon's Snowy Corrie, Lord Crew's Fillet, the Duke of Devonshire's Burgholme, Lord Durham's Drip, Lord E. Lennox's Miss Finesse, Sir J. Blundell Maple's b.f. Vivia, Sir J. Blundell Maple's b.f. St. Ange, Prince-Saint's b.f. La Touche, the Duke of Westminster's Heim, and Lord Londonderry's Serfion also started.

The betting: 6 to 1 against Thais, 10 to 1 against Santa Maura, 5 to 1 against Omahua, 5 to 1 against Sister to Ella Tweed, 10 to 1 against Fiesole, 10 to 1 against Palm-Flower, 17 to 1 against Snowy Corrie, 25 to 1 against Fauschach, 50 to 1 against Burgholme, Drip, Miss Fraser, Vivia, St. Ange, La Touche, Heim, and Serfion.

The horses got a good start, St. Ange leading the running from Fiesole, Amphora and Omahua to the bushes, where Thais came out, followed by Serfion, Santa Maura, Amphora and Omahua. They ran in this order to the Dip, where Thais was joined by Santa Maura. It was a splendid race from this point home, Thais winning by a head and Santa Maura beating Jolly Boat by three-quarters of a length.

The Brinkley Plate of 200 sovs. added to a sweepstake of 5 sovs. each, for 2-year-olds, penalties and allowances, 1 mile, was won by Mr. F. Jennings' b.f. Glow, by Sheen, out of St. Helen; Sir H. Ferguson's b.f. The Queen, by St. George, second, and Mr. H. McAlmon's b.f. Mire, by Merry Hampton, third. Mr. E. Lord's b.f. Dabak also started, but was not placed.

The Brinkley Handicap of 200 sovs. 6 furlongs, was won by Mr. F. Cannon's b.f. Hiram, by Hiram, out of Treasure, out of Itra, by Touchet; Mr. J. Jewett's c.h. Recorder, by Fary, out of Reward, was second, and Mr. F. Cannon's b.f. Sweet Auburn, by Sweetheart, out of Goldsmith's third. Mr. E. W. Swain's b.f. Mire was also started, but was not placed.

ENGLAND'S DEFINITION OF AMATEUR. After many changes and consultations with the governing bodies in Ireland and Scotland, the Amateur Athletic Association of England has adopted the following definition: "An amateur is one who has never competed for a money prize, or monetary consideration, or for any declared wager or stake bet, or who has never engaged in, assisted in, or taught any athletic exercise as a means of pecuniary gain, and who has never taken part in any competition with anyone who is not an amateur." There are, however, several exceptions to the rule, among them being men who play football or cricket, or who take part in military or naval events, or who are paid handicappers. Paid timekeepers or officials of any kind at athletic meetings are professionals, the only exception being the handicappers, though the association was asked to make the exception cover all the officials.

THE HIT-AND-RUN SYSTEM. A lot is talked of these days about the hit-and-run system that good managers know wins games. Baltimore has the credit of following the system, but the Bostonians really are the pioneers who brought it out several years ago. The public marvelled over the fact that the Braves could make more runs with fewer hits than any other team playing, and we heard a great deal about "Boston luck." It was not luck, but this system of "hit and run." The Braves took it up in 1884, and last year, this year Irwin has drilled his giants in the same kind of work, and now everyone will have to adopt it.

The plan is simple. Whenever a runner reaches first base the next batsman must work with him. The runner signals to the batsman on what ball he will start for, second. Until that ball is pitched the batsman will make no attempt to hit, though he is tempted by one exactly where he likes it. On the contrary, when the ball is pitched on which the runner agrees to start, the batsman is bound to hit, no matter how wide, close, low or high it be.

The concerted action between runner and batsman throws the opposing infield out of gear, and no double play is possible unless it be on a short fly ball. Runners are worked around, one at a time, with such regularity that victory comes often this way. To play this game the nine must be fast on their feet.

THE SLATER SHOE. Here's Four Dollars... Will you pick it up? "Slater Shoes" for spring—pay \$7.00 for as good anywhere else—\$3 Per Pair. You can save the four dollars, because "The Slater Shoes" wear better than \$7.00 custom-made shoes. "Slater Shoes" are made by the new Goodyear Welt Process (Slater Method) from honest leather. If you pay \$7.00 for a pair of shoes now, it's \$4.00 wasted. All the dressy styles, all shapes, all shades, all sizes, all widths.

FIVE-AND ALL BOYS! A Kentucky Horse Presents a Quintuple Addition to the Census of Her State. Mayfield, Ky., May 1.—Five children at one birth is the remarkable record of the wife of Omar Lyons, a farmer living one mile west of town. The babies are all alive and show prospects of doing well. They are all boys. Four weigh four and one-quarter pounds each and the fifth five pounds.

The Banquet to Mr. Wallace. Editor World: As secretary of the committee who tendered a banquet to the wife of Mr. Wallace, Friday, April 24, I wish to call the attention of the public to the following facts: A certain clique in the West had used all their influence to throw a damper on the affair, and the fact that it turned out so well, and so successful, is an evidence of the power of the committee.

THE DELHI CORRESPONDENT OF THE SIMCOE BRITISH CANADIAN writes this way: Public here are anxiously awaiting notices of Mr. Charlton's meetings. No doubt he has the old story to tell them of the "rotten" Tories and blue ruin. Mr. Charlton has represented us about 23 years continuously, yet we never saw him show any mark he has made in all this time that has benefited his constituents, either as a member of the House of Commons or as a private man.

ON STAGE AND PLATFORM Current and Coming Attractions at the Local Play Houses and Concert Halls. The presentation of "Carmen" by the Tavery Opera Company at the Grand last night proved that organization to be one of the best, all round, that have appeared this season. Bisset has in this work given opportunity for both individual and concerted display in singing and acting. The attendance was regrettably small. Mme. Thea Dorre, who was already favorably known here, assumed the title role and scored a distinct triumph. While some might have thought the acting a little overdone in one or two instances, there can be no question that the very exacting part, as a whole admirably portrayed. Mme. Dorre has a splendid voice and sang magnificently throughout. Mme. Tavery repeated the success of the previous evening, though in a much lighter role. Her singing and acting were exceptional solo in the third act. Mr. Payne Clarke, as Don Jose, was effective in his part, and shared in the honors. Max Eugene was a capital Torador, and the well-known song had to be repeated several times. The orchestra was excellent. The male voices in the chorus are particularly good. The scenery, "The Bohemian Girl" will be given; and to-night "Cavalleria Rusticana" and "I Pagliacci."

Comedian Gardner's New Play. The plays that Charles A. Gardner produces are generally good. His latest offering, "Fathaland," which comes to the Toronto Opera House next week, is said to be his best. It is a pure and wholesome in tone, has an interesting plot with an unusual succession of stirring episodes, and is very forcibly and gracefully written. The leading part, Karl Leopold, a manly Tyrol guide, portrayed by Mr. Gardner, offers him ample opportunity to display his versatility and to introduce his celebrated songs, "Soap-Bubbles," "The German Swirl," "Lilies," "Spinning Wheel," "Chamolis Hunter," "Gesundheit," and that popular song, "Lilies," entitled "Apple Blossoms." The cast includes a group of Tyrolean singers. The buoyancy and vigor of the whole performance has made the place for it among contemporary productions of the best stamp. There will be matinees on Tuesday, Thursday and Saturday.

Greene-Brema Recital. In speaking of Plunkett Greene's recital at the Boston Advertiser says: "The plain, little, old-fashioned songs of the British Isles stirred that audience into hearty and much heated enthusiasm as was ever aroused by Paderewski. When he sang 'Scots Wha Hae' with Wallace he was surprised that could not have been surpassed by Burns himself, the effect was like an electric shock." The subject of the recital was the same in conjunction with Marie Brema, from the Metropolitan Opera House, is at Nordheimer's.

The "Stabat Mater." The grand festival production of Rossini's "Stabat Mater" on June 2 will be under the patronage of His Excellency the Governor-General and the Comptroller-General, and will be conducted by the Lieutenant-Governor and Mrs. Kirkpatrick. The chorus will be supplied by the Toronto Philharmonic, consisting of 80 voices, and the orchestra for the occasion will be the celebrated Boston Festival Orchestra, under the direction of the well-known musical manager Al. G. Field, is coming to Toronto to give a concert at the next. The organization numbers 20 people, and is the largest all-colored musical company on the road. Sixteen of the Toronto Opera House have been specially engaged for the Canadian tour, which opened at Jacobs & Sparrow's Queen's Theatre, Montreal this week.

NEWS FROM THE ORIENT. Plague in Hong Kong Becoming Serious.—Boats Swept Out to sea. San Francisco, May 1.—The steamship Delta arrived last night, 9 days 22 hours and 18 minutes from Yokohama, two days ahead of time. This is her first trip and the fastest one on record from the Orient. The plague in Hong Kong is becoming more serious. There have been 18 cases in one day and the total up to April 6 was 382.

Another Alleged Blackmailer. Andrew Ward, a young man who lives at 313 Sumach-street, was locked up in No. 4 Police Station last night on a charge of assault and robbery. It is alleged that Ward is one of three men who stopped Edward Crossin and a lady in Riverside Park and charging them with improper conduct, demanded money from Crossin to keep the affair quiet. The other two men, Mills and Rogers, are still in custody.

AYER'S PILLS. I have used Ayer's Pills for fifteen years as a cathartic, and with the most beneficial effect. I have had no other medicine. I also give Ayer's Pills to my children, and they are always most satisfactory.—A. B. LINDSAY, Barre, Centre County, Pa.

NOTES FROM OSGOODE HALL. Church Trustees and Other Appeals.—A Batch of Writs Issued. The Court granted to Wm. Kelly an order entitling him to garnish the salary payable to Inspector Archibald by the city, in satisfaction of the balance due upon the former's judgment against the latter. The radical wing of the United Brethren in Christ have filed an appeal to the Supreme Court against the recent judgment of the Court of Appeal, dispossessing them of the church property at Port Eglon, and practically annulling their claim to the property of that denomination throughout the Dominion. The recent judgment was in favor of the liberal section of that divided sect, who have likewise triumphed in similar law suits over the border.

Unstated damages are being asked by Thomas Horton from George Williams, of Ossington-avenue and College-street for the latter's alleged breach of contract to purchase a house on Henry-street. William Hagebusch is suing George A. Rudd & Co. of this city for damages for an alleged breach of a contract, and for an injunction. The writ was issued by Frank McPhillips. A. C. Murray is suing the Hamilton Iron and Steel Company to compel the company to place him on its books as owner of 79 shares of its capital stock, valued at \$2000.

Divisional Court.—Munro v. Waller, Rooney v. Mallory, Queen v. Gormally, O'Neill v. Clark, Graham v. Simpson, Atkinson v. Simpson. Non-jury Court.—Wurtelle v. Hoggaborn, Harnett v. Ellis, Landed B. & L. Co. v. Clarkson, Queen v. Bonnar.

Knights Templars. The members of the Geoffrey de St. Aldemar Preceptory of Knights Templars intend visiting the Moore Preceptory of Peterboro on the 13th or 14th instant, for the purpose of examining the ruins of the latter. The occasion will be one of great interest to Knights Templars, owing to the presence of Mr. E. H. White, of Montreal, Grand Master; D. F. McWilliam, Barrister, D.G.M.; W. Roof, Provincial Prior for Toronto District, and a number of other distinguished brethren.

Mount Mauna Loa in Eruption. Honolulu, April 23, via Victoria, B. C., May 1.—Mount Mauna Loa was in violent eruption on a local on the morning of April 20. The eruption of lava on the summit of the mountain was estimated by observers at Hilo as four thousand feet high. The light was so brilliant that it was seen from Lahaina, 110 miles away, the next night, and the eruption was still going on at Diamond Head, 180 miles distant. This indicates an eruption of the greatest magnitude.

Alleged Unsanitary Cottage. The Property Committee of the Public Health Board met yesterday and transacted business of minor importance. Several communications were read regarding the unhealthy state of the cottage occupied by the caretaker of Ovens-street School. The matter was laid over till next meeting, when the caretaker will be present.

A Demand for Loss of Life. Constantinople, May 1.—France and Italy, through their representatives here, have demanded of the Porte an indemnity for the loss of life of citizens of those countries and the destruction of property belonging to Catholic missions during the recent massacres in Anatolia.

Good News OF Good Goods. R. SIMPSON. The question of the hour everybody should be asking is, "Am I to share in the bargains now current at Simpson's?" You must answer it—we cannot. We give the chances—you must use them. Freshness marks every line of goods, and almost daily remarkable specials are going into shelves and on counters.

Heavy Purchase of Wash Goods. Our buyers have just returned from the American markets, where fortune favored them. Very large purchases have been made of beautiful new wash goods—just as pretty as a picture. You would hardly believe that such designs could be put on cotton goods, and that pretty cottons could drop so far below the normal level right at the start of the season. Lines we here quote we guarantee to be absolutely fast colors. The goods go on the counters Saturday morning.

A Week of Specials in Spring Cloths. It would hardly be possible to make a more perfect display in new mantle cloths and tweeds. The lines have been selected with the greatest care, and out of wide experience. And we never bought goods more in your favor. There will be special selling in this department throughout the coming week. Every price is a special price.

SEND FOR A COPY—FREE. On receipt of postcard, giving name and address, copy of the spring and summer edition of the Canadian Shopper's Hand-Book will be sent free of charge to any address. Out-of-town shoppers can hardly afford to be without this useful book, cataloguing leading lines in all departments of this great store.

R. SIMPSON. S.-W. Corner Yonge and Queen Streets. 170-172-174-176-178 YONGE STREET. 1 and 3 QUEEN ST. WEST. It's only a question of time about your using Pearline. So it seems to us. It seems as if every bright woman must see, sooner or later, how much easier and quicker and better and more economical is Pearline's way than any other known way of washing.

'Twould be a Nice Looking Dining Room. If you had a respectable Wall Paper. We have some handsome designs in rich colorings at 30c, 30c and 40c roll with blended friezes and ceilings to match. A dado of Lincrest Walton painted to match the woodwork would be serviceable, and adds to the decorative effect.

We Are Always Glad to rent a Karn Piano, because a sale almost surely follows. When once the charming tone-harmony, the beautiful case and the exquisite, pliant touch of a Karn Piano have been possessed the user is loth to have it leave the house. It sings its own praises, and is its own best advertisement. So far as we know there is not a single fault in it, and its price is within the reach of every one.

TORONTO'S NEW STATION.

DETAILED DESCRIPTION OF ITS FINE EQUIPMENTS.

It has cost close on to three-quarters of a million dollars to build and equip this magnificent structure.

The new Union Station, which is to be opened on Monday, 11th May, is rapidly approaching completion.

The formal opening will take place on the above-named date, when the entrance of the building will be used for the first time.

The building is heated by steam from boilers which are situated in the basement. Some of the improvements introduced from the fact that a six-inch water service was laid down.

The cost of the building when completed will be approximately \$750,000, and Messrs. Strickland & Symons, who have charge of the construction, are proud of the fact that every bit of the work has been done in Toronto.

The interior arrangements. On the other side of the hall and opposite the ticket office is the baggage office, where all baggage will be checked.

Continuing southward, a row of stores flanks the hall on either side until the main waiting room, a spacious apartment, 80 feet square and 40 feet in height, is reached.

Opening off the east or left-hand side of the general waiting room is the ladies' waiting room, 40 feet square with a ceiling of marble.

The gentlemen's waiting room is situated off the south-east corner of the general waiting room. Special attention has been paid to the decoration and plumbing of the lavatories, which are of the most approved and modern description.

The buildings formerly occupied by the railway offices and restaurant at the south of the building have been remodelled. On the ground floor will be the dining room and bar, both much increased in size.

TO GET "A CINCH" ON SLANG.

Columbia Preparing to Show How Collegians "Play Horse" With the Language.

New Haven, Conn., May 1.—Yale University is in receipt of a circular from the American Dialect Society of Columbia University that is attracting considerable interest.

The circular contains a list of words about which the members of each college are asked to tell: 1. Whether the word is in use among them; 2. In what sense the word is used; 3. What part of speech it is.

The list contains the following words: Ball-up, bone, cinch, co-ed, cram, crib, flend, funk, frat, freak, frosh, grand, grubs, horse, jolly, lunch, hooks, play horse with, pluck, play pony, prep, prune, quiz, ride, roust, snap, stum, trot.

Yale can add a large number of slang expressions to the list. If all the American universities contribute their stock of slang the list will possess great philological value when compiled.

FIXED UP FOR YANKEE EYES.

Ballard Smith Says Britishers are All Thirsting for Gold.

New York, May 1.—Mr. Ballard Smith, in his special London telegram to The World says: Unjust, ungrateful, and in violation of solemn treaties, as it is, there is a vast wave of public sentiment in England that the Boer must be crushed at any cost.

LAURIER HAS HIS TROUBLES, TOO.

The Liberal Leader's Delay in Getting His Own Legislation Together.

While Sir Charles has been busy with the construction of a Cabinet that will dazzle the world and startle the stars are attracted to the attention of the British people.

A DEARLY WHITE FACE.

Heart Failure was the Trouble and Yearly Hundreds, say thousands, of lives are being sacrificed to heart disease in these closing days of the 19th century.

Death yearly nearly came this way to the fifteen-year-old daughter of Mr. George Witter, of Walkerville, Ont. She had been a great sufferer from heart failure for many years, and her father testifies that she could accomplish nothing, her case grew worse and worse.

OUR GREAT WEST.

The Position of Donald W. Davis, the Man From Alberta.

Manitoba and that whole western country is cutting a large figure in Canadian affairs at the present time. Proponent among the citizens of the west is Donald W. Davis, who has represented Alberta in the House of Commons.

Every one among the thousands who have been delighted by the beautiful scenes Roma, the great prima donna, recognize in her one of the world-famous singers.

Born in California, she graduated with honors at eastern musical colleges, and on her return to the coast became first prima donna in San Francisco.

It was while making the tour with the famous Marine Band of Washington last season that the beautiful Roma felt the strain of travel, hurry, and work, yet in the evenings she greeted great audiences with smiles and electrified them with her voice.
