TWO CENTS

HON. W. W. ROWELL WILL RESIGN SEAT

Not Until Geneva Assembly Matters Cleared Up—Still a Liberal-Unionist.

Port Hope, Feb. 10.—(Can. Press)—Hon. W. W. Rowell, K.C., M.P., for the County of Durham, will take his seat in the house of commons during the coming session of the house. Mr. Rowell will be present in the commons when matters affecting Canada's external relations are brought up, particularly when questions arise. When these matters are disposed of by the house the member for Durham will tender his resignation.

Still Under Banner.—A statement of these intentions on the part of Mr. Rowell is given by him in letters received by Arthur Vance of Millbrook, secretary of the Conservative Association of Durham and S. E. Senkler, of Bowmanville, secretary of the Liberal Association of the same county and constituency. The executives of these two associations brought about Mr. Rowell's resignation and elected him supporting the Unionist government of Sir Robert Borden, and his election followed in the general election of 1917. Mr. Rowell in his statement that he will endeavor to keep faith with the men of both parties who nominated and elected him, and will remain a Liberal-Unionist.

MUST FACE TRIAL FOR SHOOTING BOY

Two New York Policemen Indicted After Charge Staved Off Two Years.

New York, Feb. 10.—An indictment charging two members of the police department with murder in the first degree was returned by the grand jury today after a former governor, Whitman, conducting the inquiry into alleged city corruption, turned his attention to putative suppression by the police of evidence in a murder case last year.

The two policemen, who were ordered surrendered by Police Commissioner Enright, were charged with responsibility for the death of a 15-year-old boy shot and killed in 1918, whose case was resubmitted today after it originally had been dismissed without indictments being found.

More sensational than the story of the alleged murder of this boy, members of the prosecutor's staff said, was the fact that for two and a half years, indictments against the two policemen had been staved off, although investigations had been made concerning the death of young Cushing.

James Cushing, with several other boys about his age, was playing on the roof of a 50th street house on Sunday, July 14, 1918, when two policemen wearing plain clothes appeared on the scene, apparently to drive them off. Cushing was shot twice by one of the officers, it is alleged, dying a short while later.

NEW BRUNSWICK NAMES PROHIBITION COMMISSION

Fredericton, N.B., Feb. 10.—The New Brunswick prohibition commission were appointed this morning by the provincial government and will take charge of the importation and wholesale distribution of liquor in the province as soon as they have time to organize. Hon. F. Tweedie, premier minister of agriculture, is the chairman of the commission, and the two other members are Mar- in McGuire, of St. John, and A. B. Bentley, ex-M.L.A. of St. Martin.

TWO PORT ARTHURS WILL GRASP HANDS

Port Arthur, Ont., Feb. 10.—Port Arthur, Canada, will grasp hands with Port Arthur, Texas, thru the mayors of either city, at the formal opening of the Mississippi scenic highway, to take place at St. Louis, Mo., about the middle of March. The two Port Arthur's are terminals of the route. The city council is designating Mayor Matthews to attend

Meets Death in Car Crash On Way to a Hospital

Edmonton, Alta., Feb. 10.—While rushing to the city in an effort to save her life by an operation for hernia, Mrs. Elizabeth L. Dodgson of Busby, met death in an unforeseen manner. After a desperate ride over the country roads thru the early hours of the morning, and within a mile of their destination, the car overturned, and when Mrs. Dodgson was brought to the hospital she was found to be dead.

TYPHUS IN THE STERAGE

New York, Feb. 10.—Twenty cases of typhus were found among steerage passengers arising here today on the steamship San Gusto, from Trieste and Naples. Three passengers died of the disease during the voyage.

The vessel was ordered held up indefinitely at quarantine and the typhus victims removed to Swineburns Island.

Save money on food with OXO CUBES

Have you ever considered what a number of cheap, nourishing dishes can be made with OXO Cubes—how they save time, energy, fuel, labour—and enable you to feed your family cheaper and better? Then order a tin of OXO Cubes to-day and try them.

RIOTING IS STOPPED IN TROY AND ALBANY

Cities, However, Are Under Heavy Guard of Troopers and Police.

Albany, N.Y., Feb. 10.—Both Albany and Troy were quiet tonight under the heaviest guard of state troopers and police assembled since the trouble began to develop from the strike of the United Traction Company's 1200 employees.

Only five cars, each heavily screened and guarded, ventured out of the city tonight to determine the value for a possible summons to duty in both cities, where violence for two days followed attempts of the company to resume trolley service with crews of strike-breakers. There were few disorders today, however, and the traction company announced that it expected to have 125 cars, half its normal number—in operation soon.

Only two witnesses were heard today. H. H. Vaughan concluded his evidence on technical engineering points in the morning and Mr. Berry being heard in the afternoon. In their evidence questions of value or relevance were asked.

BEER AND BUSINESS MINGLE AT HEARING

G. T. R. Arbitration Board Told About Conditions in Milwaukee.

Montreal, Feb. 10.—(By Canadian Press)—Beer and business was a combination introduced today into the anatomical examination of the property of the Grand Trunk Railway now being conducted before the arbitration board to determine the value of the stock for which the government of Canada must eventually pay. The beer end of the discussion came up when Milwaukee was brought in for the examination of J. B. Berry, consulting engineer of the Grand Trunk. Berry said business was still good there.

Only two witnesses were heard today. H. H. Vaughan concluded his evidence on technical engineering points in the morning and Mr. Berry being heard in the afternoon. In their evidence questions of value or relevance were asked.

PASSENGERS FEARED ATLANTIC COMBERS

Offer Up Thanks on Disembarking at Halifax After Rough Ocean Journey.

St. John, N. B., Feb. 10.—"Thank God to be safely in Canada," was the statement of a passenger who disembarked from the C.I.F.O.S. liner Trolorian, which arrived here early today from Glasgow, Scotland. He said there were times when it seemed to him that the ship was going to be wrecked.

MUST PAY ONE-FOURTH WHITE HOUE INCOME

Washington, Feb. 10.—Warren G. Harding, as president of the United States, will receive something like \$13,000 less compensation from the government annually than Woodrow Wilson has received. The treasury will pay Mr. Harding the same amount that it pays Mr. Wilson—\$75,000 annually, but internal revenue bureau officials say that the enactment of this income tax before the president and federal judges.

BATTLE WITH NEGRO BARRICADED IN HOME

Shot and Killed Woman, Wounded Four Policemen and Finally Shot.

Philadelphia, Feb. 10.—A six-hour battle early today between a negro, who had shot and killed a woman in the house where he was living, and nearly a hundred policemen and firemen, resulted in the capture of the man, mortally wounded, and the injuring of four policemen. Pistols, axes, high pressure fire hose, sulphur candles and other chemicals were used against the negro, who had barricaded himself in the house.

MORE EMPLOYMENT IN MASSACHUSETTS

Canvass of Industries Shows One Per Cent. Increase in Two Months.

Boston, Mass., Feb. 10.—Employment in industries in this state increased more than one per cent. from last December 1 to February 1. The Associated Industries of Massachusetts reported today in a canvass of 267 plants employing 300 or more hands. The returns showed that in 115 factories no wage reductions had been made up to February 1. In the others there had been reductions in either wages or bonuses, but in many cases these cuts were modified by other readjustments.

In the plants canvassed, 185,654 persons were employed February 4, against 182,765 last December. Virtually every branch of industry in Massachusetts was covered by the canvass, the organization stated. The largest general reduction was found in the textile industry, 95 per cent. of the plants reporting a wage cut of 2 1/2 per cent.

O.T.A. ENFORCEMENT DISGRACE TO NATION

(Continued From Page 1.) The administration of the O.T.A. returned where it belongs—the department of the province, said Major Tomlin drew attention to the death of a Toronto woman from the hand of a revolver in the hands of one of the men whom the government had used in enforcing the law. "That was the type of man sent into my 'O.T.A. to get evidence," he said. "It was an insult to the community, to the whole country."

REPORT FRAUDULENT VACCINATION PAPERS

Montreal, Feb. 10.—Inspectors enforcing the embargo against unaccredited people traveling on the railroads thru Quebec from the Ottawa and Montreal districts, where there are a number of cases of smallpox, are detecting instances of presentation of false vaccination certificates by passengers.

MOVES FOR U. S. TO PURCHASE GERMAN CABLES AND COLONIES

Washington, Feb. 10.—Purchase by the United States of all German cables and her South African and Pacific colonies was proposed in a resolution introduced by Senator France, Republican, Maryland. It was referred without discussion to the foreign-relations committee.

LOST THRU POWER SHORTAGE

Peterboro, Ont., Feb. 10.—According to the report of H. O. Pliske, manager of the Peterboro Utilities Commission, presented today, the power demand for 1920 has shown a great improvement over 1919. Dealing with the power shortage of last September and early October, Mr. Pliske states that the total loss to Peterboro municipalities and employees amounted to \$75,000.

FOILED EFFORTS OF WORKMEN TO SEIZE PLANTS IN FLANDERS

Brussels, Feb. 10.—Workmen in Wevelghem, West Flanders, today attempted to seize several manufacturing plants, but their efforts were foiled and the attempt was frustrated. Six of the plants have closed down.

REPRISALS IN TRIEST

Triest, Feb. 10.—The plant of the Socialist newspaper, Vorotore, which was seized by local communists last month and has since been occupied by a communist working force, was destroyed by fire last night by a party of fascists, or extreme nationalists, as a sequel to the assassination of a carabinieri by communists earlier in the evening.

GEORGIAN TORNADO KILLS THIRTY-TWO

Not Tree or Building Left in Stretch of Five Miles.

Doonah, Ga., Feb. 10.—A tornado that struck the Doonah section of Georgia here today, after a two-hour journey from here, swept away nearly 300 negroes and about a hundred white persons, and more than a score of negroes were killed. A stretch of land extending almost to Doonah, nearly five miles long, and about a mile wide, is a barren and treeless plain.

DR. HARRIGAN'S ADVICE TO NERVE EXHAUSTED PEOPLE

It's worth your while to read what a New York specialist has to say about the nerve and brain cell builder that G. Hamblyn and Owl Drug Stores sell so much of these days. He writes: "Let those who are weak, thin, nervous, anemic or run-down, take natural urine-sterilized substances such as Nitro-Phosphate and you will soon see some astonishing results in the increase of energy and strength of body and mind."

DR. HARRIGAN'S ADVICE TO NERVE EXHAUSTED PEOPLE

"The cow will last a human being lasts," says Dr. Henry D. Harrigan, M.D., member of the County Medical Society of the Babes' Welfare Hospital, and president of the Hospital Association of New York.

SEIZE TICKETS FOR CANADIAN LOTTERY

Boston Revenue Agents Doubt Whether Such Company Exists.

Boston, Feb. 10.—A block of 9,000 tickets purporting to have been issued by the "Canadian Lottery Company" were seized yesterday by international revenue agents, who yesterday raided a Hanover street printing shop in search of counterfeit revenue stamps. The raid, besides yielding the lottery tickets, was responsible for the seizure of thousands of counterfeit "tax-paid" liquor stamps and liquor labels.

TORONTO MEMBERS SUPPORT VIADUCT

Controllers Insist Upon Carrying Out of Railway Board Order.

MAYOR GIVES HISTORY

Desire That Government Should Take Over G. T. R. Obligations.

A reaffirmation of its resolution of last week that only the carrying out of the order of the railway board, providing for a viaduct on the esplanade, would be satisfactory to the city, was made by the board of control yesterday, and the local members of parliament, after a conference with the board, undertook to support the city in its stand.

In opening, Mayor Church, who presided, reviewed the history of the viaduct order. The city had obtained the order from the railway board in 1913, calling for a six-track viaduct and acting on this order the harbor commission had carried out a large amount of development work and had floated \$15,000,000 worth of bonds.

The mayor reviewed the history of the viaduct order. The city had obtained the order from the railway board in 1913, calling for a six-track viaduct and acting on this order the harbor commission had carried out a large amount of development work and had floated \$15,000,000 worth of bonds.

CHARGE GERMANS WORK IN SHIPYARD

Men on Strike at Dominion Plant See M. P.'s and Controllers.

STEEL PLATES SPOILED

Grievances Will Be Placed Before the Federal Government Next Week.

Charges were made by striking shipbuilders, who appeared before a joint conference of Toronto members of parliament and the board of control at the city hall yesterday afternoon, that the Dominion Shipbuilding Company were not living up to their contract, in that they were bringing men in from outside points, including Germans from Detroit.

It was also charged that tons of steel plates were being spoiled thru the employment of unskilled workers as workmen, and that these plates would have to be sold as junk.

The statement was made that the shipbuilding company should have men employed to complete the ships in schedule time, whereas only some 285 men were now at work, and the company was playing with the contract.

Question of Wages. Referring to the failure of the government to force the prevailing rate of wages, as embodied in one fair wage bill, it was pointed out that in Toronto, they were being asked to accept rates prevailing in Quebec and other cities, which were correspondingly lower than in Toronto, and where the men worked ten and eleven hours per day.

It was also pointed out that the Dominion Shipbuilding Company were being given the contract on a 15 per cent plus cost basis, compared with a 10 per cent plus cost basis on all previous contracts, and at the same time were expecting to work at a reduced wage.

Another charge made was that when returned to the shipyard they were refused to work at the Dominion Shipbuilding yards.

James Simpson, who represented the Trades and Labor Council, said the Dominion Shipbuilding Company had been taken up by that body, but that shipbuilders had been requested to make one more effort to get the contract adjusted before the Trades and Labor Council were forced to take drastic action.

The officials of the union were asked to make a statement regarding the question of wages against the shipbuilding company in writing, and to include in the statement a list of members of parliament who take the matter up with the government at Ottawa next week, when arrangements will be made to have the government hear a deputation from the striking shipbuilders.

The work idlers were represented at the conference by Capt. Tom Wallace, M.P., and Mr. F. Maclean, M.P.

SMALL INCOMES LEAD IN ASSESSMENT LIST

The annual report for 1920 issued by Assessment Commissioner Forman yesterday shows that 25,124 income taxpayers, assessed for less than \$1,000 each, pay on a total assessment of \$8,879,084, an average assessment of \$345, or 17 per cent of the total income assessment.

The average income assessment is \$1,459. Seventy-five of the largest income taxpayers pay on a total assessment of \$8,882,008, or an average assessment for the 75 of \$116,428.

CITY NOT LIABLE IN ACTION OVER RUNAWAY

That the defendant, the city of Toronto, had no control over the driver of one of their ash collecting vehicles, which ran away and collided with a wagon of E. Burns and Co., killing one of the Burns horses, is the finding of Judge Spots yesterday in the suit of P. Burns and Company against the city for \$350,000 damages.

HAMILTON CONVICTION UNDER O.T.A. QUASHED

Justice Rose yesterday quashed the conviction of William Ollman of Hamilton, who was convicted on a charge of keeping for sale under the O.T.A. He was tried with Arthur Sawyer, to whom he had rented the premises on Paradise road, where the beer was found. He himself lived next door, but there was no evidence that he had been in the house for some days previously, or that he had in any way control of the beer.

WANTS CHANGE OF VENUE.

Application was made before the master in chambers at Osprey Hall yesterday to change from Pembroke to Ottawa the venue of the trial of the action which the attorney-general and the Golden Lake Lumber Company are bringing against R. J. Booth of Ottawa. The motion is adjourned for one week.

ANOTHER BUTTERFLY CAUGHT.

A "King Billy" butterfly brought into The World office yesterday, was caught by William Ashby at Millbank on Monday.

THINKS CANADIANS LITTLE SENSITIVE

Americans Bring Friendly Greetings to Gathering of Empire Club.

The very sincere demonstration of the deep feeling of friendship that exists in Canada for the United States was given at the Empire Club yesterday to such distinguished Americans as Arthur Lord, president of the Pilgrims' Society, and late president of the Massachusetts bar, Henry Tat, brother of ex-President Taft, and Wm. B. Killen, all of whom gave short addresses.

The speaker world, said Mr. Lord, was divided into three classes, but one class that represented the spirit both of Canada and the United States consisted of men who recognized with practical common sense what was possible, and helpful, and they united in doing it, in meeting future responsibilities.

"We want the people on both sides of the line to be cordially united without the slightest suspicion of misunderstanding or mistrust," he said.

Regarding the commemoration of the landing of the Pilgrims, Mr. Lord said that almost a million dollars had been contributed by Massachusetts the federal government and other societies. On December 21, 1920, the 300th anniversary had been celebrated by the 102 adventures who had sailed from England, under the British flag, landing on the New England coast.

The speaker said that the people brought with them but civilized down to the present generation; religious toleration, making the home and family a unit of the state, civil liberty, justice and the sanctity of treaties. There was no fear of invasion in the light of the Anglo-Saxon agreements.

As to the allegation that the last five summers on the St. Lawrence knew Canada's national feelings and always considered Canadians his friends, but he thought that Americans were not thinking of the things we thought they were thinking of.

"I wish to convey a warm feeling to Canadians," said he, "on behalf of the people on this other side of the border, and to hope that some day will come a time when we shall consider the erection of forts along the border or the placing of battalions of the coast."

A toast was proposed by W. B. Killen, "Here's to the union of the British Empire and the United States."

Wm. B. Killen, who presided, said that the speaker had recently made a tour across the continent from Vancouver to Halifax and spoke out of the experience of previous years, supported by his recent observations. The lecture was largely illustrated by views showing cases of individuals and families, depicting various stages of mental retardation.

The institutions of Vancouver and the excellent work of that province thru its special schools for defective children received recognition as did also the work of the Sisters of the Good Shepherd at Halifax and the Province of Quebec generally.

A point brought out in the address both by the statement of the lecturer and the illustrations shown is the great dexterity in handwork of which many defectives are capable—shoemaking, basketry and other crafts being readily acquired.

MANY HOUSING PERMITS ISSUED DURING YEAR

In a report dealing with last year's building, City Architect Price says that of the \$26,784,782 of permits issued a total of \$4,409,550, or 16 per cent, was for housing purposes. Among the classifications are: Apartment houses, \$284,500; hotels—alterations and additions, \$2,101,125; schools—alterations and additions, \$1,131,600; stores, \$1,428,040; houses, \$288,000; warehouses, \$885,100; miscellaneous buildings, \$1,548,536.

The revenues from permits last year were \$40,859.70, from elevator license fees, \$4,499.50, from the amount estimated as architect's fees for planning city building, \$96,087.46, a total of \$40,956.66, which was \$29,310.01 more than the total cost of running department for the year.

The drafting branch of the department executed work and drew up plans to the value of \$3,725,763. A summary of the building classified is as follows:

Class Housing granted permits 8,851 \$10,945,227 Industrial 387 6,168,889 Commercial 1,215 5,895,280 Residential 87 2,032,600 Miscellaneous 89 1,545,536

MORIBID NATIONALISM GROWING IN EUROPE

"There is a morbid nationalism growing in all parts of Europe. It was nationalism that had no regard for the rest of the human race that led to the war, and the war has not eliminated it," said Dr. J. H. Riteon, M.A., D.D., London, England, head secretary of the British Foreign Bible Society, in his address at the luncheon in Central Y.M.C.A. yesterday.

Dr. Riteon has only recently returned from a visit to the countries of central Europe. He gave a vivid account of conditions as he saw them with special reference to the deplorable condition of Austria and Hungary.

STOLE POSTOFFICE PARCELS.

James E. Davison found guilty of the theft of four parcels from the postoffice, where he was employed, was yesterday sent to the Ontario reformatory for a term of one year or more than two years less one year, by Judge Denton.

STOVE EXPLODES, WOMAN HURT.

A coal oil stove explosion at No. 1A Givens street early yesterday morning caused burns about the face and hands of Mrs. W. R. Campbell. Portland fire station crew rendered first aid. The damage was only fifteen dollars.

CIVIC CAR MISHAPS.

There were 106 accidents on the Toronto civic car lines during the year 1920. This figure exceeds that for 1919 by 46, and that for 1918 by 70.

BODY NOT IDENTIFIED.

The body which was recently found off the Parkdale Canoe Club has not been identified, and has been handed over to the University Medical College.

ELLIS REPUDIATES ALLEGATIONS MADE

One of the Rewards for Public Service, Park Chairman Declares.

"This is one of the rewards which men receive who devote their time and energies to the public service," said P. W. Ellis, chairman of the Victoria Park Commission, in commenting on the effort to have him ousted from office. Mr. Ellis said he felt that it was hardly necessary to reply to the charges in the petition presented to Premier Drury by the Niagara Falls people. The petition asked for the dismissal of J. H. Jackson, superintendent of Victoria Park, and an investigation of the administration of Mr. Ellis.

"I have associated with me," said Mr. Ellis, "a strong board of representative men who would never tolerate any unfairness on my part. As the suggestion that I have incited to all anti-work men who have been brought up on the farm and who now swell the ranks of Toronto's unemployed."

He stated to The World yesterday that there was only one class of workers for which the demand exceeded the supply, and that was for experienced farm help. He declared that no one who has had experience on a farm need be out of work to-day, and that he could place all such men who applied to him for work.

In Search of Help. A score or more of farmers visit the employment bureau daily in search of help. Superintendent Miller cited the case of one farmer yesterday who was looking for a man. There were just two men available at the time, but they were chums and both wanted to work together.

Rather than lose the chance of getting the man, however, the farmer took both men along, stating that his neighbor would be only too glad to get one of them.

In regard to the unemployment situation of women, it was explained that while there is a good demand for experienced cooks and general domestics, that many married women, who can only work part time, and widows with children were applying for this work.

The demand in such cases, however, was slight, which accounted for the fact that there were many more applicants for work of this kind than were placed.

Eleven Hundred Apply. Over eleven hundred applications for work were made at the government bureau yesterday, including 377 new cases.

A new record was established at the Krausmann Hotel yesterday, when between 2,800 and 2,400 men were given relief, 2,215 of these being single men and the remainder married.

CONDITIONS AMONG MENTAL DEFECTIVES

Dr. C. K. Clarke Tells Catholic Women's League of Results of His Tour.

Conditions as they exist among the mentally defective thruout Canada were described before a large gathering of the Catholic Women's League at St. Michael's parish hall last night by Dr. C. K. Clarke. The speaker had recently made a tour across the continent from Vancouver to Halifax and spoke out of the experience of previous years, supported by his recent observations.

The institutions of Vancouver and the excellent work of that province thru its special schools for defective children received recognition as did also the work of the Sisters of the Good Shepherd at Halifax and the Province of Quebec generally.

A point brought out in the address both by the statement of the lecturer and the illustrations shown is the great dexterity in handwork of which many defectives are capable—shoemaking, basketry and other crafts being readily acquired.

FAMILY SHARE ESTATE OF INSURANCE BROKER

James Hislop, an insurance broker, formerly agent for the London Assurance Corporation, who died Jan. 12, devised \$18,411 under his will made May 14, 1913. An equity in a lot on Pauline avenue is valued at \$400; cash, \$807; six mortgages, \$11,761; and household goods and furniture.

Mary Hislop, the widow, of 21 Pauline avenue, receives a life interest in the estate. Following her death, the estate is to be divided equally between the household goods and furniture, the household goods and furniture, the household goods and furniture, the household goods and furniture.

Christina A. Carter, 613 St. Clarens street, and Wilhelmina M. Cresswell, 61 Armstrong avenue, share the remainder.

RESERVE JUDGMENT IN APPEAL BY BARNES

Judgment was reserved yesterday by the appellate division on the appeal of Henry Barnes of Barnedale, Toronto, from the decision of Justice Orde that he must attend the court of Coroner Young and give evidence touching the death of William Rossiter from injuries received from an automobile on the Hamilton highway last September. Barnes claims exemption because he has been committed for trial on a charge of manslaughter.

MORIBID NATIONALISM GROWING IN EUROPE

"There is a morbid nationalism growing in all parts of Europe. It was nationalism that had no regard for the rest of the human race that led to the war, and the war has not eliminated it," said Dr. J. H. Riteon, M.A., D.D., London, England, head secretary of the British Foreign Bible Society, in his address at the luncheon in Central Y.M.C.A. yesterday.

Dr. Riteon has only recently returned from a visit to the countries of central Europe. He gave a vivid account of conditions as he saw them with special reference to the deplorable condition of Austria and Hungary.

VERDICT FOR T S R

Justice Masten yesterday dismissed the action of Bruce Gibson against the Toronto Railway Company for \$5,000 damages. While a guest of the St. Simon's Athletic Club at Scarborough, Gibson, a young boy, fell and broke his arm. Justice Masten held that as he was a guest he had not paid admission, the Toronto Railway Company were not liable, although he was riding on a broken plank in the sidewalk.

NO DECISION REACHED ON "NO POLITICS" ORDER

D. B. Hanna, president of the Canadian National Railway, stated after yesterday's session of the directors, that the question of accepting or rejecting any of the reports of the board of conciliation which enquired into the "no politics" order of the C.N.R., had not been settled.

Mr. Hanna states that, in any case, the decision arrived at by the directors will naturally be sent first to the department of labor before any announcement can be made by the board of the C.N.R.

BACK TO THE LAND, WORKLESS ADVISED

Demand for Experienced Farm Help Now Exceeds the Supply.

"Go back to the land" is the advice given by Superintendent Miller of the government employment bureau to all anti-work men who have been brought up on the farm and who now swell the ranks of Toronto's unemployed.

He stated to The World yesterday that there was only one class of workers for which the demand exceeded the supply, and that was for experienced farm help. He declared that no one who has had experience on a farm need be out of work to-day, and that he could place all such men who applied to him for work.

In Search of Help. A score or more of farmers visit the employment bureau daily in search of help. Superintendent Miller cited the case of one farmer yesterday who was looking for a man. There were just two men available at the time, but they were chums and both wanted to work together.

Rather than lose the chance of getting the man, however, the farmer took both men along, stating that his neighbor would be only too glad to get one of them.

In regard to the unemployment situation of women, it was explained that while there is a good demand for experienced cooks and general domestics, that many married women, who can only work part time, and widows with children were applying for this work.

The demand in such cases, however, was slight, which accounted for the fact that there were many more applicants for work of this kind than were placed.

JUDGE HAS GATHERING OF LIARS AND PERJURERS

"We have had such a gathering of liars and perjurers today as I never hope to see in court again," declared Judge Denton yesterday afternoon as he acquitted Max Goldman, who was alleged to have stolen a quantity of cloth from David Abramovitz.

The man witness for the crown is an admitted liar and perjurer, and I will not convict on what he has said. You know best yourself, Goldman, said his honor.

CONTAGIOUS CASES SHOW FALLING OFF

Board of Health Will Resume Measures to Aid Mentally Defectives.

The board of health met yesterday and adopted the report of the medical health officer, which urged the resumption of measures in the interest of mental defectives. A recent survey has revealed 133 children mentally subnormal out of 32,447 children in 32 public schools. The average annual sickness was placed at 1.66 per cent. The report continues:

"It was interesting to note that in numerous cases that had been reported as giving evidence of being mentally defective a careful examination revealed the fact that the trouble was not with the child, but with his home conditions. Lack of control, late hours, improper food, too frequent visits to the moving pictures. Sometimes it was the youngest of a large family, practically brought up by older children; another or lack of one or both parents; the working hours of one or both parents, were occasionally noted."

"It is a well recognized fact that the vast majority of cases of the mentally defective eye a history of having inherited weakness."

"It is a well recognized fact that the vast majority of cases of the mentally defective eye a history of having inherited weakness."
