HAIG'S TROOPS AWAY TODAY ON ANOTHER OFFENSIVE

Bore Through Hun Lines, In Some Places To Mile Depth

Start at Six O'Clock in Morning — Germans Soon Surrendering by Hundreds; Crest of Important Ridge Gained by British

London, Oct. 4.—Field Marshal Haig has begun a new offensive east of Ypres. The official statement from British headquarters in France issued today says that the British attacked about six o'clock this morning on a wide front and are making satisfactory progress. Some prisoners already have been taken.

The British already have penetrated well beyond the Hamlet of Broodseinde, in which lie the cross-roads formed by the highways between Zonnebeke and Moorslede and Passchendaele and Beelaere.

Further to the south, Cameron Court, where there has been much hard fighting, was left well in the rear. Today's battle was along the Passchendaele-Cheluvet Ridge.

The northern wing of the onrushing British troops was battling forward this morning within a short distance of Poel Cappelle. It had a footing on the famous Gravenstafdt Ridge, which juts out from the Passchendaele Ridge to the west.

MILE DEEP THROUGH LINES British Front in France and Belgium, Oct. 4.—(By the Associated Press)—Field Marshal Haig's forces in the offensive begun to the east of Ypres this morning in places have penetrated the German lines to a depth of one mile, and have overrun the crest of the Passchendaele-Cheluvet Ridge.

At an early hour the Germans were surrendering by hundreds. The northern wing of the onrushing British troops was battling forward this morning within a short distance of Poel Cappelle. It had a footing on the famous Gravenstafdt Ridge, which juts out from the Passchendaele Ridge to the west.

FRENCH REPORT Paris, Oct. 4.—"The night was calm," says today's official statement, "except on the right bank of the Meuse, where the artillery on both sides was very active."

London, Oct. 4.—A successful raid by British airplanes on hostile positions on the Macedonian front is reported in an official statement from the war office today. Hostile troops were scattered by machine gun fire, and one of several enemy airplanes was brought down. All the British machines returned safely.

Petrograd, Oct. 4.—On the northern end of the Russian front, in the region of Jacobstadt, an artillery duel of great severity is in progress, says today's official statement.

On the Romanian front, in the Poli-an sector, the enemy left his advanced trenches and retired to a more favorable position.

Russian Statement Petrograd, Oct. 4.—(British admiralty, per Wireless Press)—A semi-official statement from Russian headquarters commenting on how, despite the difficulties involved by revolution, the Russian armies are still holding up the enemy, point out that since the beginning of the revolution the enemy's forces on the Russian front, excluding the Caucasus, have been increased by fifteen divisions and 640 guns.

The German Report Berlin, Oct. 4, via London.—The official war announcement, issued last night, is as follows: "Western theatre—There was artillery activity of varying intensity but not important fighting."

"Eastern theatre—There is nothing important to report."

Trade With Neutrals London, Oct. 4.—The Associated Press learns that the proclamation prohibiting exports to Sweden, Norway, Denmark and Holland involves no new policy, but is only an extension of the principle heretofore followed by the allies. Its object is, briefly, to require licenses for the exportation of goods of all kinds, with two exceptions mentioned (printed matter and personal effects).

Captain Redmond Wins D.S.O. London, Oct. 4.—Captain William Archer Redmond, son of John E. Redmond, the Irish leader, has been awarded the Distinguished Service Order for gallantry on the night of Sept. 12-13. Captain Redmond is a member of parliament from the East Tyrone district.

BERNSTORFF CONNECTED WITH THE BOLO CASE

Washington, Oct. 4.—State department officials admitted today that they have evidence that Count Von Bernstorff, former German ambassador here, directed expenditure of the funds paid for Bolo Pass, but declined to reveal their evidence, although they may do so after the French government finished with Bolo's case.

DOCTOR DEAD; MINISTER DYING; BOTH HAD BEEN SHOT

Russellville, Ala., Oct. 4.—Dr. Tom Hughes, a prominent physician and surgeon, and Rev. J. T. Terry, pastor of the Methodist church, both of this city were fatally shot here, the former dead and the latter dying from gunshot wounds.

EIGHTY-SIX PER CENT OF WATER RATES PAID IN

Granting of Discount For Prompt Payment Proves Very Successful

The experiment of offering a discount of ten per cent. for the prompt payment of water rates has proved a great success. When the chamberlain closed his books last night, when the discount period expired, eighty-six per cent. of the total assessment had been paid in, a record far surpassing the collections at this date in any other year.

The total assessment this year was \$183,969.85. Of this amount, \$182,265.15 has now been written off the collection books, the actual amount of cash paid in after deducting the ten per cent. discount being \$119,088.55, leaving a balance of only \$21,403.70 to be collected.

That the larger ratepayers took advantage of the discount to a greater extent than those whose bills are smaller is shown by the fact that the number of payments represents only eighty-three per cent. of the total warrants issued. The total was 7,800, and the number of bills paid was 6,502, leaving 1,248 unpaid.

Commissioner Wigmore said this morning that he was deeply gratified by the success of the experiment. He was also glad that he was able to make this reduction in the water rates at a time when the tendency is towards increases rather than reductions. The reduction already made in the rates represented an amount of \$18,000 out of the tax collections, and this discount, amounting to \$18,000, makes the total saving to the citizens about \$36,000.

This is the third time he was wounded. In February, 1915, was the first, and on March 18, 1915 he sustained gunshot wounds through the knee. This is his fourth time to be in France and he is only 23 years of age. He has been three years in the army. He went overseas with a promotion, N. B. battalion. He lived in the Manawagonish road before enlisting and worked in the Partington pulp mill. Private Truswell has two brothers in khaki, Richard of the 8th Field Ambulance, overseas, and Harry in the 8th Field Ambulance in St. John. He was born in Belfast, Ireland. The day before he was wounded he walked over to see his brother, Dick, in France.

THIRD TIME THAT PTE. N. R. TRUSWELL HAS BEEN WOUNDED

Mrs. W. R. Truswell of 63 Hawthorne avenue was notified from Ottawa yesterday morning that her husband was wounded on Sept. 22. The message did not state where he was wounded. This is the third time he was wounded. In February, 1915, was the first, and on March 18, 1915 he sustained gunshot wounds through the knee. This is his fourth time to be in France and he is only 23 years of age. He has been three years in the army. He went overseas with a promotion, N. B. battalion. He lived in the Manawagonish road before enlisting and worked in the Partington pulp mill. Private Truswell has two brothers in khaki, Richard of the 8th Field Ambulance, overseas, and Harry in the 8th Field Ambulance in St. John. He was born in Belfast, Ireland. The day before he was wounded he walked over to see his brother, Dick, in France.

FAIR AT MOOSEPATH. The St. John County Agricultural Society fair is being held today at Moosepath Park. A large number of people were in attendance this afternoon to view the exhibits, which are said to form one of the largest and best collections in recent years.

U-BOAT DANGER NOT ELIMINATED

Losses Decreased But Submarines Are Not Beaten

VICTORY IS NEARER

Policy of Convoying All Merchant Craft Has Lessened Danger—Italian Shipping Losses Very Small Last Week

Washington, Oct. 4.—Navy officials decried yesterday publication of reports that too far in either direction as to the progress of the campaign against German submarines. There is no reasonable ground, they said, for feeling that the submarines have been defeated, because the announced losses have decreased recently, while on the other hand, there is nothing in the present situation that warrants serious apprehension on the part of the allies.

The drain on allied shipping resources still is heavy, but steadily the increasing numbers of fighting craft going into the conflict against the U-boats and with the accelerated merchant craft building programmes of Great Britain and the United States showing results, American officials have complete confidence in ultimate victory over the undersea craft.

The policy of convoying merchant craft now has been adopted by all the powers. Originally naval opinion was against this practice. Its effect, it was believed, would be merely to increase the size of the targets and, under that theory, merchant craft were sent zig-zagging separately over unusual courses, scattering them as much as possible with the U-boats given the task of finding them. Under the convoy plan the U-boat commander is certain of a fight if he comes to the surface, and so dares not pursue a convoyed flotilla except when submarine speed is too low to allow him to conduct a successful pursuit.

Italian Losses. Rome, Oct. 4.—Italian shipping losses by mines or submarines for the week ending Sept. 30 in all seas were two sailing vessels of more than one hundred tons, and three sailing vessels of less than 100 tons. One small sailing vessel escaped when attacked by a submarine.

U. S. Schooner Attacked. London, Oct. 4.—The American schooner Annie F. Conlon was attacked by a German submarine Wednesday morning off the Scilly Islands. The crew of eight men has been landed safely.

Sweden Indignant. Stockholm, Oct. 4.—The detention of Swedish vessels by the United States, France and Great Britain, and the capture of Spanish coal ships on the Rotterdam-Göteborg route by the British is causing much indignation here, even among Swedes most friendly to the allied cause. The Swedish press units in expressing its displeasure.

CHAMPION COMES BACK AND WINS

Buffalo, Oct. 4.—Frank Taberski of Schenectady, pocket billiard champion, defeated Joseph Conannon of New York, challenger for the title, 450 to 392, in a three block series of games which ended this morning. Taberski overcame last night a big lead which Conannon had built up in the two nights of play. He pocketed 277 balls to Conannon's ninety-two in the play last night.

WEATHER REPORT

Issued by the Authority of Marine and Fisheries, R. F. Stupart, director of meteorological service

Synopsis—Moderate depressions are situated over Lake Superior and in the lower St. Lawrence Valley, while pressure is highest over the northern states. Fairly heavy rain has been almost general from the lake region to New Brunswick and a few light scattered showers have occurred in the western portions.

Forecasts Fair; Showery at Night

Maritime—Fresh south to west winds, showery. Friday, moderate to fresh south winds, fair to fresh during the day, showers at night.

New England—Showers this afternoon or tonight; somewhat cooler. Friday probably showers with rising temperature, moderate northwest winds becoming strong on Friday.

First Class To Be Called on Oct. 13

Ottawa Announcement of Drafting Under The Military Service Act

Ottawa, Oct. 4.—The first class of recruits under the military service act will be called up on Saturday, October 13. A proclamation will be issued on that date notifying men in Class I that, within a specified period, they are either to report for military duty or to file a claim for exemption.

It was at first hoped to have the proclamation issued by the end of September, but unforeseen delays prevented such a course. The board of selection was unable to make its appointments to local tribunals and will not complete them till next week. The enormous mass of printing required has also been somewhat of a difficulty. Fifty classes of forms are required in connection with the administration of the act; and millions of forms and circulars have been printed. When the board of selection finishes its work, however, the board will meet again on Oct. 9—everything is expected to be in readiness for the call.

Says Definitely There'll Be Reprisals

London, Oct. 3.—(Delayed)—According to the Standard, a policy of reprisals for German air raids has been decided upon.

That such a decision had been reached by the British government was indicated by Premier Lloyd George's statement on Tuesday, that Germany would be bombed with compound interest.

FRENCH CONTINUE Paris, Oct. 4.—Another aerial raid over Germany was made last night by French aviators. The cities of Frankfurt and Rastatt were bombed. The following official announcement was given out:—

"In reprisal for the bombardment on Bar Le Duc our aviators bombed Frankfurt and Rastatt."

Rastatt is a town of 14,000, in Baden, fourteen miles southeast of Karlsruhe. This is the second attack on Frankfurt in the last week, since the French inaugurated their policy of reprisal raids.

REPORT ON COST OF PRODUCTION OF BREAD HERE

Interim Statement by W. F. O'Connor to Minister of Labor—Cost in Various Cities

Ottawa, Oct. 4.—W. F. O'Connor, A. C., acting commissioner of cost of living in Canada, has issued an interim report to the minister of labor, giving some figures on the cost of production of bread in various cities. He has been conducting an investigation during the last six months into the milling industry in Canada, on which he will make an exhaustive report to the minister of labor soon.

The table showing the present cost of production of bread in principal cities of Canada reveals that cost of bread per pound is highest in Vancouver and New Westminster, B. C., viz., 7.88 cents; in Montreal the cost is 7.68 cents; in Halifax, 7.53; in Winnipeg, 6.85 cents; in Toronto, 6.60 cents; and in Ottawa 6.44 cents.

Mr. O'Connor notes that an increase in the retail price of bread has occurred during August and September in nearly all the largest cities of Canada. He says:—

"The reason is obvious. Except in the case of St. John and Winnipeg the cost to the bakers of the flour used in August was higher than that used in July, despite the drop in price of flour and the drop in the price of wheat. The reason is that the bakers were using contract flour ordered, in many cases, last fall. The supplies of this contract flour are now practically all exhausted."

"Toronto, Ottawa, London and Vancouver purchased flour for current use at the current price in August. With the fixed price of wheat, will come with it, the drop in price of flour. The reason is that the bakers were using contract flour ordered, in many cases, last fall. The supplies of this contract flour are now practically all exhausted."

"The disproportionate cost of delivery is apparent. This is particularly striking in Montreal and Vancouver, where the delivery charge exceeds by nearly half a cent a pound the average of the ten Canadian cities reported. It is estimated that cost of delivering bakers bread a day is \$8,000 in Montreal, \$3,000 in Toronto, and \$1,000 in Winnipeg, \$1,200 in Vancouver and \$500 in Ottawa."

"Winnipeg and Calgary are fortunate in having had large supplies of flour purchased by their bakers at a low cost. The public have received the benefit of this."

"The investigation into the milling industry of wheat into bread costs a subsidiary effort, and has covered a period of about six months. It has involved an examination into grain production, grain prices and the production and costs of all milling companies. The forthcoming report will show the capitalization and gross profits of such companies as well as their profits per barrel. It will deal with their operations (speculative and otherwise), in grain, showing their profits from these made upon the production of flour. So far as possible it will distinguish between export and home business. All the companies have made full and frank disclosure, the result of which are almost ready to be shown in tabulated form."

MORE LIQUOR SEIZED. Eight more bottles of "hoose" was the total result of seizures by Inspectors Crawford and Barrett yesterday and today at the office of the Dominion Express Company. The parcels had come in wrongly addressed.

PARLIAMENT ENDS COURSE; GUTHRIE SWORN IN AS THE SOLICITOR-GENERAL; JANUARY ELECTION?

(Special to Times)

Ottawa, Oct. 4.—Parliament was dissolved today by order-in-council. The proclamation will be gazetted on Saturday. There has been no date fixed for the election. This will be done at a later date and the election will likely be in January.

Hugh Guthrie was sworn in solicitor-general at noon. He will have to go before his constituents for re-election, but there is no likelihood of a bye-election being brought on. Hon. Mr. Guthrie will go with the rest in the coming general election.

PERLEY'S POST PERMANENT Sir George Perley has become permanent high commissioner for Canada. He has been acting high commissioner since the death of Lord Strathcona in 1914. The acceptance of this post by Sir George vacates the post of Canadian minister of militia overseas which he has held since that office was created a year ago. It is understood that Sir James Loughheed will soon leave Canada for London to succeed to the Canadian overseas militia post.

(Canadian Press) Ottawa, Oct. 4.—Parliament is dissolved as from Saturday. Hugh Guthrie has been sworn in as solicitor-general.

Le Soleil's Statement Quebec, Oct. 4.—"Le Soleil" official Liberal organ, published today an eight column heading that it has official authority to state that rumors saying Sir Wilfrid Laurier will leave the leadership of the Liberal party are absolutely void of foundation.

Invitation to Brewster. Victoria, B. C., Oct. 4.—Premier Brewster has been invited by Sir Robert Borden to join a coalition government. He left here last night for Ottawa where he will confer with the premier. Mr. Brewster will go directly to the federal capital with as little delay as possible, and will discuss the question of his entering a national cabinet with Sir Robert Borden and western Liberal leaders who are already in Ottawa.

NO DATE YET FOR ELECTION, SAYS BORDEN. Ottawa, Oct. 4.—At one o'clock today a proclamation was issued dissolving parliament as from Saturday. Announcement of dissolution was made to a Canadian Press representative by the prime minister. No date, the prime minister said, had been fixed for the election. This will be decided later, although it is unlikely the election date will be before January.

There was a further addition to the cabinet in Hugh Guthrie, Liberal member for South Wellington. Mr. Guthrie takes the portfolio of solicitor-general. Mr. Guthrie was sworn in a little before one o'clock. Sir Robert Borden said that no further changes had so far been made in the cabinet. He indicated that there would be no additional announcements just at present.

A cabinet council has been called for this afternoon. Western Liberals will be in conference here tomorrow when the question of union government will again be under consideration. Whether or not any ministers of the prairie provinces will enter a union government, says Hon. J. A. Calder, still under consideration. From Vancouver comes the story that Hon. Mr. Brewster, prime minister of British Columbia, has been invited to join the Borden administration, but no confirmation of the report is available here.

Opinion still varies as to the retirement of Sir Wilfrid Laurier from the Liberal leadership. Prominent members of the Liberal party still question his retirement, at any rate before the close of the campaign. It is reasonably certain that the opposition leader will take no definite steps until after his consultations in Montreal and Toronto.

MEXICO FEELS EFFECTS OF CEREAL SHORTAGE

Mexico City, Oct. 4.—A delegation from the national chamber of commerce called upon Premier Carranza last night to advise him that the shortage of cereals throughout the republic was growing very grave, and to ask what remedial measures had been taken.

The premier replied that he was aware of the situation, and said he had authorized the treasury department to take steps to obtain supplies of corn and other foodstuffs.

ELECTORAL REFORM IN GERMANY HAS PROVEN BUT MYTH

Copenhagen, Oct. 4.—German newspapers report that the project for granting additional representation to the overgrown Reichstag districts and for introducing the principle of proportional representation in the large cities is on the rocks. The government, while flatly rejecting all other proposals of the Reichstag main committee for the reform of the imperial constitution, had promised to introduce a bill embodying this minor reform, but several federal states now object vigorously to the bill, which should have been introduced at this session of the Reichstag, and its fate is doubtful.

AT 81 HAS KNITTED MORE THAN 300 PAIRS OF SOCKS

An extraordinary record has been made by Mrs. Elizabeth Dickson of Hampton in knitting socks for the Canadian soldiers overseas. Mrs. Dickson will be eighty-one years of age on the 10th of this month, but is still keeping up the good work at the rate of nearly one sock a day. Since the beginning of the war she has completed no fewer than 308 pairs. She is a life member of the Red Cross. Mrs. E. G. Fowell of Hampton is a daughter.

WALL STREET NOON REPORT

New York, Oct. 4.—(Wall street)—Important stocks were subjected to renewed pressure at the outset of today's operations. Equipments, motors, oils, tobaccos and local traction soon recorded losses of one to four points. Bethlehem Steel, yesterday's weakest feature, advanced a point in the early dealing, but soon lost its gain. United States Steel also held steady at the opening, but soon reacted a point. Rails were lower on more moderate offerings. The reversal became more general before the end of the first hour.

MORE GERMAN LIES

Denial of Reports That Mexican Army Being Forced Into American Arms

Mexico City, Oct. 4.—The Mexican foreign office has issued an official statement that citizens of Mexico are not being pressed unlawfully into the American army. The announcement was made in answer to reports to the contrary, believed to have been fostered by German agents.

UNSETTLEMENT IS EARLY FEATURE ON N. Y. S. STOCK EXCHANGE

New York, Oct. 4.—Wall street—Unsettlement attended the dealings of the morning, occasional rallies in one quarter being more than balanced by greater recessions elsewhere, the list losing all semblance of regularity. Additional liquidation was observed among investment shares, but much of the selling was again ascribed to professional interests. Metals, tobacco, motors and other speculative issues were the centre of constant attacks, falling two to five points, and leading steels made extreme declines of 2 to 8.

CONSULAR AFFAIRS OF RUSSIA IN STATES BEING RE-ORGANIZED

Washington, Oct. 4.—Russian consular affairs in this country, under the direction of the United States and in Washington, are being re-organized. The Russian consul in New York is being replaced by a general reorganization of Russia's consular affairs in this country.

Since the revolution there has been no general change in the system and it was explained today that it is now proposed to adopt new methods in dealing with naturalization problems and draft questions, arrangements for the transmission of money for Russian citizens in this country to their own country, and relief for indigent Russians.

SIR LOMER GOUIN WON'T ENTER FEDERAL FIELD

Montreal, Oct. 4.—Sir Wilfrid Laurier arrived in Montreal last evening and met Sir Lomer Gouin, premier of the province of Quebec, at the Windsor Hotel by appointment. Sir Wilfrid, as usual, refused to be interviewed. Sir Lomer Gouin stated that he himself would not enter the federal arena.

BIG WORK AT THE DRY LAKE

The renewal of the water main at Lake Fitzgerald, commonly known as the dry lake, is taking up the attention of Commissioner Wigmore. He expects to get the approval of the council and get the work under way in the near future. The pipe, he says, is in very bad condition, and the sooner the work is undertaken the better. A thirty-six inch pipe is to be installed for a distance of 2,240 feet. This, the commissioner expects, will take about three months to complete.

DOCTOR DEAD; MINISTER DYING; BOTH HAD BEEN SHOT

ACTRESS TELLS SECRET

A Well Known Actress Tells How She Darkened Her Gray Hair With a Simple Home Made Mixture.

Miss Blanche Rose, a well-known actress, who darkened her gray hair with a simple preparation which she mixed at home, in a recent interview at Chicago, Ill., made the following statement: "Any lady or gentleman can darken their gray hair and make it soft and glossy with this simple recipe, which they can mix at home. To a half pint of water add 1 oz. of bay rum, a small box of Orif Compound, and 1/2 oz. of glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until it becomes the required shade. This will make a gray haired person look 20 years younger. It makes the hair soft and glossy, is not sticky or greasy and does not rub off."

REPUBLICANS OF LAFOLLETTE'S STATE ASK EXPULSION

Wausau, Wis., Oct. 4.—Senator LaFollette's expulsion from the senate for treasonable and seditious utterances and disloyalty to our government" was asked in an appeal to the United States senate sent in telegrams last night by the executive committee of the Wisconsin Republican state central committee, to the president of the United States and Senator Pomeroy, chairman of the committee on privileges and elections. Wisconsin is LaFollette's home state.

REV. J. A. MACKENZIE CHOSEN MODERATOR

New Glasgow, Oct. 3.—The Presbyterian synod of the maritime provinces which convened here last night elected Rev. J. A. Mackenzie, of Elmshale, moderator. The first meeting was large, about three hundred members being present.

WILL OPPOSE BORDEN

(Halifax Recorder) C. W. Lunn is the manager and editor of the "Turo Headlight." He has always been a consistent Tory, but he has had his eyes opened. This is what he says in Friday's issue of his paper: "The question is asked, has C. W. Lunn turned grit? He has not. "He is at present neither grit nor Tory, certainly not Tory as it is in this country today."

So far as Toryism in Colechester is concerned it is everybody for themselves and the devil take the hindmost. When the proper time arrives Lunn will explain why he will not support the Tory party in Colechester county next election. Why he cannot support the Borden government, and it will be a story revealing broken promises and ungratefulness on the part of people in high places, from the premier down, and we have the documents to back up what we shall say. "Enough said for the present."

Got It In New York.

What Causes Wrinkles? What's The Remedy?

Stop to consider what produces wrinkles and sagging of skin. Premature aging, malnutrition, etc. cause the skin to shrink, lose its youthful plumpness and turgor. The skin then is too large for the flesh underneath, it shrivels and sags as it is used to it wrinkles or creases.

It must be plain that to tighten the skin, make it firm, and prevent it from every place, will effectively remove the wrinkles, and prevent their return. This is easily and harmlessly accomplished by dissolving an ounce of powdered salicylic acid in a half pint of water, and using the solution as a face wash. The ingredients you can get at any drug store. The results are surprising. The skin immediately tightens up, becomes firm and fresh as in youth. Every wrinkle and sag is affected at once.

Very Effective Method for Banishing Hairs

(Modes of Today) At very little cost any woman can rid her face of hairy growths if she will use the delatone treatment. This is made by mixing some water with a little powdered delatone. This paste is spread upon the hairy surface for 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No harm results from this treatment, but care should be used to buy real delatone.

Interviewed the President

Among a delegation of clergy and prominent Catholics who interviewed President Wilson on Thursday last at the White House was William R. Walsh, son of Mr. and Mrs. Edward Walsh, 182 Rockland road. Mr. Walsh was present in connection with the work of the Knights of Columbus among the American soldiers. This work is carried on in much the same manner as the Y.M.C.A. work is and Mr. Walsh has reached a position of importance in it, being secretary for Maryland.

Cured His RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 443 Marcellus Avenue, Mansquan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

Simple Way to End Dandruff

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arsen from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single speck and trace of it, no matter how much dandruff you may have. You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

YOUR LAST CHANCE

To Secure This Famous "White Beauty" Hoosier Kitchen Cabinet on the Club Plan

This is "White Beauty"

Why Wish and Wait? —It's Yours Now

The Hoosier Kitchen Cabinet is the most complete ever built. You can have a Hoosier delivered to your home for \$1.00. The balance is only \$1.00 weekly. No interest or extra fees.

ISN'T THIS COMMON SENSE? If "White Beauty" will save you miles of steps; if it will save you time and energy; if it will put your whole kitchen at your fingers' ends and enable you to get through more quickly and keep your kitchen always in order, isn't it common sense to come here tomorrow and examine this wonderful cabinet? It won't take you five minutes to decide. You couldn't spend five minutes more profitably.

A FEW OF SEVENTEEN FEATURES exclusive in the Hoosier.—The patented shaker flour sifter shakes flour through instead of grinding it through. It is the most important improvement in the entire Hoosier Cabinet. The simple bookkeeping system puts an end to troubles with the market man. The cook book holder keeps your book open at the level of your eye. The food guide answers the eternal problem: "What Shall I Cook for Dinner?" The pencil holder always handy. The list mixer cover this page and still not complete the reasons why you want a Hoosier Cabinet.

No article ever put into a kitchen has been built better than the Hoosier. More than twelve hundred parts go into every cabinet. Every joint is perfectly finished and braided. The outside finish is especially made to stand kitchen wear. A Hoosier Cabinet will last as long as you live.

YOU WANT IT BECAUSE IT WILL LAST A LIFETIME You can't measure the value of an article that will save you miles of steps every day, and the Hoosier is the greatest furniture bargain ever sold.

THIS IS POSITIVELY YOUR LAST OPPORTUNITY to get this Hoosier on these remarkable terms. Other women who have postponed are making their decision now. Come in tomorrow and secure your cabinet. Remember, \$1.00 puts this Hoosier in your home, and \$1.00 per week quickly pays for it. No interest or extra fees, and no collectors going to your door.

THE WAR NEWS

The new British offensive east of Ypres was begun this morning. It is an evidence of the strength of the British forces that after repulsing fierce German counter-attacks daily for days past Sir Douglas Haig is able to throw fresh troops into the field and force the enemy backward, attaining new objectives and achieving further success in the great task of rolling up the German right flank and creeping nearer to the submarine bases whose loss would be so severe a blow to German hopes.

WAIT AND SEE

Despite what correspondents at Ottawa may suggest, it is quite too soon to assume that the Liberal party of Canada must necessarily swallow the Borden franchise act and all the other inequities of the Borden government, and cry "All's Well" from the political battlements at Ottawa.

The tightening of the embargo on supplies for neutral nations within easy reach of Germany is another move in the right direction. Whenever there is the possibility of doing it, every effort should be made to cut off the source of supplies for the Central Powers.

The Halifax Chronicle says:—"The Ogilvie Flour Company is another concern that is doing pretty well, thank you. It has declared a bonus of 15 per cent. on the common stock along with the regular dividend of 2 1/2 per cent. for the final quarter of the year ending August last."

THE PARCELS FOR THE SOLDIERS OVERSEAS To the Editor of The Times:—Sir,—Surely the few members of the G. W. V. A. who condemned the practice of sending overseas parcels to our soldiers, at the municipal meeting Tuesday, have been in France only a few months and cannot speak for the thousands of our men who have been there enduring the hardships of the battlefields for three years.

REVISION REJECTED BY ANGLICAN SYNOD Montreal, Oct. 4.—Practically the whole of yesterday's session of the Anglican synod of the province of Canada were devoted to a discussion of the memorial from the diocese of Quebec strongly objecting to the revision of the prayer book, as shown in the revised memorial submitted to the synod.

A MOVING APPEAL

The Times has received a communication from New York relative to the question of relief for the starving people of Western Asia. It says:—"A three days' conference was recently held in New York, addressed by Armenian refugees, missionaries, United States ambassadors and consuls from Turkey. After listening to their description of starvation and suffering, we wish to bring to the attention of the press our convictions as to the present situation in Western Asia, and the need of arousing renewed and general interest in the support of the American committee for Armenian and Syrian relief which has already sent \$4,400,000 to those suffering people."

WHAT DYSEPTICS SHOULD EAT

A PHYSICIAN'S ADVICE. "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to restrict from their diet all greasy, sweet or fatty food, and are trying to keep up a miserable existence on starchy products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphated magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly be done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid cause of all the trouble. Get a little bisulphated magnesia from your druggist, eat what you want at your next meal, take some of the bisulphated magnesia as directed above, and see if I'm not right."

Family Row Ends In Son's Death

Port Arthur, Ont., Oct. 4.—Robert McBrady, who was injured by gun shot in his father's home Tuesday night, following which the father, William McBrady, a well known lawyer, was placed under arrest, died last evening. It is said to have happened in the family home at an early hour in the morning. Mr. McBrady, on going home late, is stated to have found his wife's room locked and noisily demanded admission. His son, from another room, interfered, and it is declared the shooting followed.

CATARRAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or head noises go to your druggist and get 1 ounce of Parlatol (double strength), and add to it 1/2 pint of hot water and 4 ounces of granulated sugar. Take 1 tablespoonful four times a day. This will often bring quick relief from the distressing house noises. Chopped nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Any one who has Catarrhal Deafness or head noises should give this prescription a trial.

Canadian Food Controller's Suggestions of War-time Dishes For Friday

Try "Scrapple" instead of beef for dinner tomorrow.

**Scrapple**  
Boil hog-head and other lean pieces of meat such as shanks and liver. Cook very tender. Take out bones, grind whole, and put in water in which it was cooked, and when boiling hot stir in gently 1-2 as much cornmeal as meat. Season to taste; cook 2 hours. Pour into mould and serve fried. Buckwheat may be used many a baking-day with flour-saving purpose.

**Buckwheat Gems**  
Buckwheat-flour, 1 cup, milk 1 cup; sugar, 1/2 cup; white flour, 4-4 cups; eggs, 1; butter, 3 tablespoons; baking powder, 2 teaspoons; salt, 1/2 teaspoon. Beat the sugar into the egg and add the melted butter. Add alternately the milk and buckwheat flour, then the white flour into which the baking powder and salt have been sifted. Bake in greased gem pans. (Recipes by Domestic Science Expert, Food Controller's Office.)

### Ask City To Take All Their Milk

Kings County Producers Make Proposal to Common Council—No Agreement Yet Re Sardine Plant

At the meeting of the common council yesterday afternoon a communication was read from J. Fred Belyea, asking that the city guarantee to give him compensation if it should be decided to take away the lots which he has leased from the city for the purpose of erecting a sardine canning factory. After much discussion the council reached no decision on the matter.

It was decided that the council will pay the funeral expenses of Ronald Totten, who was drowned some time ago.

The members of the Painters' and Decorators' Union have asked the city to have the fair wage clause in all city contracts for painting.

Mrs. Jefferson of Rodney street, West St. John, asked through her solicitor, that the city pay for damage done her property, which were due through the city's blasting near her home. It was referred to the city solicitor.

The council ordered that Thomas McAvity be paid \$100 and interest at six per cent, on a sewerage debenture issued in July, 1917, and falling due in May, 1918. The bond has been lost.

A communication from the Kings County Milk Producers was read, asking the city commissioners to take over the whole milk supply for five years. The matter was set aside for the present.

ASTOUNDING REPORT FOR SAINT JOHN

The wife of a merchant had stomach trouble so bad she could eat nothing but toast, fruit and hot water. Everything else would sour and ferment. ONE SPOONFUL buckthorn bark glycerine, etc., as mixed in Adler-Ika benefited her INSTANTLY. Because Adler-Ika flushes the ENTIRE alimentary tract it relieves ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICK-EST action of anything we ever sold. J. B. Mahoney, druggist. FAR BEYOND \$100,000,000 New York, Oct. 4.—Subscriptions to the second Liberty loan in the New York federal reserve district have gone far beyond the \$100,000,000 mark, the campaign committee announced last night.

\$750,000 Copper Deal in Albert

Henry A. Copp of Hopewell Hill, Albert county, and his two sons, Vaughan and Emmerson Copp of Midway, Albert county, have given an option on the copper mine property owned by them at Midway to J. D. Hubbard of Chicago, a well-known mine owner representing a syndicate of money men. The price mentioned in the option was \$750,000. The option runs nine months and in the meanwhile the firm who holds the option is under bond to prospect the property. Messrs. Copp to receive twenty-five per cent. of the receipts on all ore shipped.

DECISIVE VICTORY OFFERS ONLY ESCAPE

Premier of Australia Talks of War Aims of Democracy to Chicago Audiences—Effect on Union Labor

Chicago, Oct. 4.—Premier Holman of New South Wales yesterday addressed the Chicago Association of Commerce on Australia and the war, declaring that while Australia was the most peace-loving of all nations and had less to gain by the war than any other country, it had entered the struggle solely because of its love for democracy. Mr. Holman previously addressed a meeting of union labor leaders. He said that nothing but a decisive victory over Germany and her allies would help union labor after the struggle ceased. A draw would compel all nations to maintain large armies and navies for fear of a renewal of hostilities. Germany unacquiescent, might attempt to crush Australia or America. He said: "A drawn struggle would mean that all aspirations of union labor, such as government ownership, working conditions, wages and education, keys of the democracy of the future, would have to be put aside while the nations were preparing for the next war. All the allied nations would become military nations, and this would directly affect the United States. "The only escape from these things is a decisive victory now," he added.

Bolo Pasha's Hunger Strike

Paris, Oct. 4.—The authorities have apparently carried out their decision to feed forcibly Bolo Pasha, who, since he was taken to prison recently on the charge of having relations with the enemy, had refused all nourishment. It was believed he was undertaking a hunger strike, but a bulletin issued yesterday respecting his condition says he has improved.

A MARVELOUS EXHIBITION AT GEM

Young Woman Defies Chains and Bars and Padlocks—Good Comedy Act Also and Fine Picture

Gem patrons last night were treated to a wonderful exhibition by Mile. Lasco & Co. and marveled at the nature of the acts performed and the skill manifested in the performance. The young lady and her assistant comprise the company. Several feats are pro-

sented, leading up to a gripping climax. Mile. Lasco permits herself to be bound by heavy chains, the links padlocked, yet she frees herself with a few moments of effort. She gets out of a tightly strapped straight jacket, though it is a difficult task. Bound hand and foot by padlocked chains she is locked into a great bag but soon emerges untrammelled. As a finale she is fastened to a replica of a Russian torture board of olden days. Chains bind her feet, hands, body, throat and forehead, but even from these bonds of steel she frees herself. All the acts are performed in full view of everybody and the act was regarded by all as extraordinarily good.

For a quarter of an hour Herbert Potter held the boards in an entertaining pot-pourri of song, brilliant stories and piano playing. The latter feature was easily his best. He gave a series of imitations that were very good, and he coupled interesting comedy with it all. A very good act.

In the picture feature Carlyle Blackwell is starred in "The Shadow of Doubt." It is an Equitable release, a strongly presented story of circumstances that almost wreck the life of a deserving young man, but out of which finally come reunion with a lost brother, and general happiness. There are some very fine interior scenes of luxury, and some dainty dresses are worn. The picture proved popular. The Gem will continue this programme until and including Friday night, with another entire change on Saturday afternoon.

"How Many of our Men are Liable to be Drafted?"

The Canadian business man is asking this question often, now that the Military Service Act is the law of Canada. A simple means of answering it at once is being provided.

Medical Boards are in process of formation throughout the country for the free physical examination of all men who apply. The first class liable to call includes all single men and widowers without children between the ages of 20 and 34 inclusive, all men married after July 6, 1917, being classed as single for the purposes of the Act. In a very short time, the average employer may learn how many of his staff are liable for selection. Those adjudged physically unfit will be given a certificate which will secure them exemption from any Exemption Tribunal. Those found physically fit may still apply for exemption on any ground. The employer will be given a chance to decide if he should seek exemption for any employee whose physical condition renders him liable for selection.

This early medical examination, which quickly decides if a man is liable for selection or not, is a feature of the operation of the Military Service Act calculated to appeal strongly to the business community. It assists in definite planning for the future, enabling an employer of labor to learn at once what men will be left at their work and those who may be removed for military service. Haphazard withdrawals, the nightmare of business men of method and precision, are insured against by this timely arrangement.

Every employer of labor will find it to his advantage to note carefully the formation of Medical Boards in his locality and to be sure that his employees secure as early as possible this very important information as to their status under the Military Service Act.

HIGH SCORES MARK OPENING OF SEASON

Since the re-opening of the Victoria Alleys, about four weeks ago, some very high scores have been made. These alleys have been scraped and planned during the summer months and are now in better shape than ever before. During the last season many splendid scores were rolled, but the prospects for this season are much better. These alleys are much faster than they were last season and it would not be surprising if new records were made before the season is far advanced. Already the large string of 151 has been put up, three strikes being made in succession. Among other scores made the highest are—Roberts, 119; Mac-auley, 125; Totten, 117; Smith, 120; Appleby, 128; Brown, 121; Harrison, 120; Riley, 124; Orchard, 116; Thurston, 118.

Considering the short time that these alleys have been open, these scores prove that the interest in the game this year has surpassed that of former years. QUEBEC VOTING FOR PROHIBITION

Wild Talk Features Closing of Exciting Two Weeks' Campaign; Armand Lavergne and Other Anti-Conscriptionists Confuse the Issues

Quebec, Oct. 3.—After two weeks of arduous campaigning by the prohibition and anti-prohibition forces in this city, the struggle was brought to a close with two meetings tonight and services in a number of churches for the passing of the measure tomorrow.

The prohibitionists met in the Garde Champlain Hall while the anti-measure was held in St. Peter's Market Hall, the scene of so many political struggles for the past fifty years. The anti-measure was to have been held in the open on the Market square, but owing to rain, was held indoors and as a result only about three thousand people gained admission to the hall, while twice as many more were turned away.

Armand Lavergne was one of the principal speakers. He denounced prohibition as the greatest enemy of temperance and the greatest friend of alcoholism.

London, Oct. 4.—The action brought up by Prince Friedrich Leopold, of Prussia, against Emperor William and Count Von Eulenburg, Prussian minister of the Household as a protest against the restraint placed upon the prince, yesterday, according to an Amsterdam despatch to the Exchange Telegraph Company, all efforts made to force the prince to renounce the action proved abortive.

According to an announcement made in the official Gazette at Berlin on Aug. 10, Prince Friedrich Leopold of Prussia, who is twenty-two years old, was charged by Count Von Eulenburg with extravagance and was placed under the guardianship of Captain Von Heyden, the prince's military escort.

MANY ARE UNFIT

Some figures were handed out at military headquarters yesterday in connection with the number examined on Tuesday and Wednesday. Out of a total of eighty-three who were examined on these two days 44 1/2 per cent were found to be for class "A," that is, fit for general service at the front; six per cent for class "B," seven per cent for class "C," four per cent for class "D" and fully thirty-eight and a half per cent for class "E" or unfit for any service at all under the M. No Advantage to Home Team.  
Are the Giants to suffer a disadvantage in the coming series because they are the first five games are to be played on the home park of their opponents?  
It is generally believed that the home team has the advantage in all games, since it is more familiar with its own field and plays before a crowd always willing to offer encouragement. However, this does not seem entirely astray in the world's series played between the National and American leagues. Nor has the team which won the toss and opened the series on its home grounds been as successful as the team which opened away from home. The history of the world's series since 1913 is a story of success for the "visiting" clubs, likewise a story of success for the club which lost the toss for the opening game. This result of past series guarantees nothing in the series to come, but at least it furnishes proof that the dependence on the "home" team and the club opening at home is based on theory rather than on results.

Al Demaree is Lucky.  
Al Demaree, pitcher for the New York Giants, who will figure in the world series with the Chicago White Sox, is the luckiest in baseball. He slaved in the Giants' end of the world series purse in 1914 while a member of the team. In 1916 he was with the Phillies, and shared in their end of the world series money. Sent to the Cubs he was bought back by McGraw, manager of the Giants, this year in time to share again in the world series money of that club. He has pitched twenty-two games this year, winning nine of them.  
Wins \$120,000 on Giants.  
New York, Oct. 4.—Arnold Rothstein's faith in the New York Giants has been duly rewarded in a shower of greenbacks.  
With the National League pennant clinched on Monday, wagers were paid off yesterday, and Rothstein's confidence in the ability of the Giants to capture the flag—a confidence born last fall—netted him the tidy sum of \$120,000.  
He wagered on the Giants at odds varying from 100 to 1 to even money, but the bulk of it was placed at 5 to 6. Some time ago when the New York team was nine games in front, Rothstein bet \$15,000 against \$600 with Bob Hilliard that it would win the pennant, and later bet \$10,000 to \$100.  
Incidentally, he lost one wager of \$10,000 that the Yankees would beat the White Sox, and again incidentally he remarked yesterday that he had made his last big baseball bet.

Manager Joe Tinker, of the Columbus team, sizes up the matter. Joe says it is in common use among American Association pitchers, and was brought up to the majors by Dave Danaher, now a member of the White Sox. Nowadays, instead of using emery paper to roughen the ball, the pitchers roughen one place with their finger-nails and rub the ball on the opposite side briskly against the uniform. That rubbing makes the spot affected somewhat smoother and more slippery than the part scrubbed by the finger-nails. This combination of slight roughening and much smoothing, on opposite sides, produces a total variation in the surface of the ball that about equals the former trick of roughening one side with emery, without smoothing the other side. The tip is out that "Chief" Bender of the Phillies owes his marvellous "come-back" to the shiner, while it is said that Grmer and Finerman of St. Paul, can doctor a ball so that a manufacturer would not know it.

SCALPERS NOT SO CONFIDENT  
Chicago, Oct. 4.—Most of the 17,000 reserved seats for the world's series game at White Sox Park were distributed today. Those who had been awarded tickets were notified two days ago to apply today and get their admission cards. The white cards bearing the notice were numbered and the number corresponds with the number on each ticket. A record of each ticket sold has been kept and with this the club officials hope to stamp out scalping. Scalpers, who up to today have been advertising that they would have plenty of tickets, appeared to have lost some of their confidence and refused to guarantee the tickets for any of the games here. They still contend, however, that they will have "some tickets," but admit that the supply will not equal the demand.  
The White Sox, after a day of illness yesterday, on account of rain, are booked for two days of stiff practice. Manager Rowland said that he would not send the team to Weyburn Park to see the Chicago and New York Nationals play today, as he considered practice more essential than any lines they might get on their opponents from seeing them play. Eddie Collins, Eddie Cicotte and Kid Gleason, who saw the Giants play Tuesday, in Philadelphia, gave the White Sox the benefit of their observations yesterday in a long talk. Many thousands of applications for reservations have necessarily been refused as the capacity of the park is 32,000, composed of 17,000 reserved and approximately 15,000 non-reserved seats. President Comiskey of the White Sox expressed regret that so many persons would be disappointed.  
New York Nationals are due here early this afternoon from the east, and according to the programme, they are to go direct from the station to Weyburn Park, for a practice game with the Chicago Nationals.

Series Money for Loan  
Cincinnati, Ohio, Oct. 3.—Chairman August Herrmann of the National Baseball Commission has announced that he would recommend to his colleagues at their meeting in Chicago on Friday next that the monies received by the National Commission, the interested clubs, and the players during the world series, excepting such sums as may be necessary for expenses, be invested by the respective parties in the second issue of Liberty bonds.  
Guy Emerson, secretary of the publicity committee of New York City, when notified of this plan, stated that "the plan to invest the world series gate receipts in Liberty bonds is a patriotic plan which will appeal strongly to the millions interested in baseball. If this were done it would be a real service to the Liberty loan."  
When informed of August Herrmann's suggestion, that world series money be invested largely in Liberty bonds, Charles A. Comiskey, owner of the Chicago Americans, said: "I think it is a splendid idea. Herrmann is to be congratulated for thinking of it, and I'm with him."  
Since the opening of the season Mr. Comiskey has given 10 per cent of the earnings of his club to the Red Cross.  
Johnson May Be Sold  
The sale of Walter Johnson, star pitcher on the Washington team, will take place at the close of the season, according to an announcement a few days ago. He was to go to the Cleveland Club for a cash consideration. As soon as this bit of news was given publicly Clark Griffith made haste to deny it. Johnson's sale has been reported often before, but just now there seems to be some foundation for the story.  
Johnson's contract, calling for \$8,000 per season, expires when the present schedule is concluded and it is understood that he is not willing to stand for a cut in salary. The Washington Club has not been a money-maker and is the poorest drawing city in the circuit. There has been much talk of transferring the franchise and if this is done there is no reason why the club would not make all it could by selling the star pitcher before the club was sold.  
Griffith has been working hard in an endeavor to get Johnson to attach his signature to a contract for next year, but has been unsuccessful. Cleveland would afford to pay a big price for the star for with a winner Cleveland is one of the best spots in the American League. The Indians have drawn well this season and the acquisition of Speaker last year proved a master stroke on the part of Owner Dunn. If he could procure Walter Johnson it would give him two stars and assure him of a team able to make a showing in the race. Walter Johnson has been having one of his poorest seasons since entering the big league. He has been worked often but a poor team has kept him in the loser's column. Despite this handicap he has performed in great form during the last six weeks and recently won his twentieth game. He is close to twenty in games lost which shows just how hard he has been worked.

**LOCAL NEWS**  
**ON HUNTING TRIP**  
 Stanley Spears and L. Murray of this city and Frank Young of New York, have left for the Miramichi woods on a hunting trip. They will be accompanied by a guide.  
**HELD BAZAAR**  
 Little Miss Winnifred Livingston held a bazaar on Tuesday afternoon at 74 Wall street, and was successful in raising the sum of \$388 which she passed over to Rev. R. T. McKim to be given to the Soldiers' Comfort Association of St. Mary's church.  
**FOR THE SOLDIERS.**  
 The work of remodeling the agricultural hall in the exhibition grounds into a modern armory was commenced this morning. It is estimated by the contractors that it will take in the vicinity of three or four weeks to complete the work.

**WANTS TO BUY POTATOES**  
 Mayor Hayes has received a communication from P. E. Beaudoin of purchase Mines, asking where he can purchase 4,000 or 5,000 bushels of potatoes. He said he had noticed that people here had shipped some cars to Quebec and Montreal and he was desirous of dealing directly with some of the producers.  
**LEAK IN THE WATER MAIN**  
 A bad leak was discovered last night in the six inch water main on the Westmoreland road, near Egbert street, and Commissioner Wigmore sent a crew of men to the scene to make repairs. It was discovered that there had been a bad blow out and a new joint had to be put in. The work was completed early this morning.  
**BURIED TODAY**  
 The funeral of Mrs. Charles R. Clark took place this afternoon from her late residence, Guilford street. Services were conducted by Rev. W. H. Sampson. Interment was made in Cedar Hill.  
 The funeral of Ernest Reed took place this afternoon from his late residence, 80 St. Andrews street. Services were conducted by Rev. Hammond Johnson. Interment was made in the Methodist burying ground.

**STYMEST-DYKEMAN**  
 In A. Stymest, a popular young man of Fairville, and Miss Alice B. Dykeman of Chipman, N. B., were united in marriage last evening in the Fairville Baptist church parsonage by Rev. E. B. Hayward. The bride looked charming in a tailored suit of navy blue with hat to correspond and carried a bridal bouquet of roses. They will reside in Manswagash road. They were the recipients of a large number of beautiful presents.  
**CHAPMAN-McCONNELL**  
 The marriage of Dorcas Rosina Ann McConnell, youngest daughter of Sophia and the late Charles McConnell of St. John's, Kings county, to Clarence Edgar Chapman of Sackville, took place at the home of the bride's mother, Mrs. Robert B. Fowler, 82 Richmond street, last evening. The ceremony was performed by Rev. F. A. Boothroyd. The house was decorated for the occasion and twenty-five invited guests were present. The bride, who wore cream satin, was given away by William Saunders and Miss Lovetta Doyle acted as flower girl. Mr. and Mrs. Chapman will reside at Sackville.

**TIDY SUM FOR SOLDIERS' COMFORTS**  
 Yesterday afternoon at the residence of J. E. Cowan, Jr., Douglas avenue, some children in that vicinity held a bazaar and sale, the proceeds of which will be given to provide comforts for our soldiers. The sum of \$20.30 was realized from the sale of candies, children's novels, etc., and will be handed over to the Soldiers' Comforts Association. The "star" feature of the bazaar was a grab bag, which was very well patronized and the late Charles McConnell, responsible for swelling the proceeds of the affair. The bazaar, which was gotten up by Marjorie Cowan, Florence Watson, Charles Milliken and Dorothy Cowan, was highly successful in every way and reflects credit on the children.

**LANCASTER BOYS WILL GET CHRISTMAS BOXES**  
 The United Soldiers' Helpers of Fairville, being the committee from all the churches interested in sending Christmas boxes to the soldier boys overseas, met last evening, with Miss Mary O'Brien, president, in the chair.  
 The recent developments in regard to the \$3,000 asked by the municipal council were discussed. The meeting was strongly of the opinion, as expressed before, that this money should provide Christmas boxes for the boys in the trenches. A letter to the press was favored, and is published elsewhere in this issue.  
 It was decided that if the financial obligation of sending the boxes would not be cared for by the \$3,000 referred to, that the ladies would go ahead with their plans and hold a fair to meet expenses. The unanimous opinion was that the Lancaster boys would be remembered as usual.  
**MAGISTRATE WOULD NOT TAKE HIS WORD**  
 There was a short session of the police court this morning prior to city court. One prisoner, charged with being drunk on Clarendon street, pleaded guilty. Officer Hopkins made the arrest. The prisoner said that he had purchased two bottles of beer before the trial and had kept them ever since until he used them last night. Magistrate Ritchie said that he could not believe him and sent him back to jail.  
 The preliminary hearing in the matter of Harry Dolerty, arrested at Vancorbora yesterday on a charge of stealing the sum of \$150 from his employers, the C.P.R., was postponed at the request of Edward J. Henneberry for the defence, until tomorrow morning at 10 o'clock.  
 The magistrate said that this afternoon a most disgraceful matter would be aired. Martha Burrell charged with keeping a disorderly house, her three daughters and Mrs. Estelle Murphy, Edna Mallett and Walter Moulson, charged with being inmates, were arrested last night at 148 Mecklenburg street by Policemen Gibbs and Giles. The case will come up at 2 o'clock.

**TRIBUTE TO THE LOCAL OFFICERS**  
 Salvation Army Commissioner Speaks Words of Praise  
**THIS MORNING AT CONGRESS**  
 Message From General and Mrs. Booth—Former to Visit Canada so Soon as Conditions Permit—Something About the Commissioner  
 At the Salvation Army congress this morning Commissioner W. J. Richards paid a glowing tribute to the officers of the St. John and Halifax divisions. They impressed him, he said, as equal in zeal and devotion to any he had ever met in the various parts of the world in which he has been in charge. He also congratulated the divisional commanders.  
 He also conveyed to the council a message of affection and interest from General and Mrs. Booth and an assurance from the general that he will cross the ocean to see them again so soon as conditions permit.  
 The commander devoted considerable time to urging the great value of a defensive policy in religious work as compared with the merely offensive.  
 Later Major Crichton, commander of the Halifax division, read a paper on "The Salvation Army as an Aggressive Voice." Mrs. Colonel McMillan, wife of the chief secretary, also read an interesting paper on "The Salvation Army Officer as a Teacher of Religion."  
 The Commissioner.  
 Commissioner Richards of the Salvation Army, who is now in St. John, was born in Wales and in 1878 was converted to the army, or what was known at that time as the Christian Mission. In 1880 he became an officer and since that time has taken an active part in the army's workings throughout the world.  
 His first command abroad was in Denmark, where he remained for six and a half years. He said the people there are very democratic and he became very fond of them. He was acquainted with King Christian and had several intimate conversations with him during his stay in Copenhagen.  
 After leaving Denmark he went to South Africa where he remained for a similar period. During that time he traveled more than 150,000 miles in all kinds of conveyances, from a carriage to the back of an humble native, who carried him across rivers, etc.  
 From South Africa he went to New Zealand where he remained for three years. He also toured the world on an inspection trip, during which trip he spent some time among the West Indies, for along the Panama canal, which was at that time in the course of construction, and in New Guinea.  
 After the terrible catastrophe when the ill-fated Empress of Ireland, he was summoned to Canada to fill the vacancy caused by the death of Commissioner Rees. Prior to leaving New Zealand he saw Captain Scott's expedition start from The Bluffs for the South Pole and he was on the ship, Terra Nova, which carried them on that expedition. Commissioner Richards also was at the nearest Icelandic point to the North Pole, Jaford.  
 Just a month ago Commissioner Richards was in Newfoundland, where he was conducting a conference similar to the one now being held here. There are more than 100 corps there, in addition to many day schools and also a large college in St. John's, where the training of teachers is carried on.

**WAR VETERANS AND PROPOSED GRANT**  
 S. C. Tippet, who is a member of the National Executive of the Great War Veterans' Association, informed the Times this morning that the veterans are not opposed to sending parcels to soldiers at the front. The real purpose of the delegation which appeared before the municipal council, he says, was to urge that if a grant of \$3,000 was made that the money be sent by the municipal council itself, or given the veterans' building fund, instead of being handed over to any associations or individuals. Members of the delegation spoke only as individuals and not as expressing the feeling of the veterans as a body when they protested against sending parcels and charged that it was a waste of money. The veterans, Mr. Tippet points out, are and have been most grateful for what the ladies of St. John did for them while they were overseas and since they returned, and they still desire and appreciate that sympathy and aid for the boys now overseas and for themselves in their effort to provide a building for the benefit of those who have returned and those who will later return from the war.  
 Mr. Tippet further pointed out that on the fourth of last August the local veterans declined a civic banquet, feeling that it was not right for them to be feasted here while their comrades at the front were eating bully-beef and hard tack; so they went to the city court and asked that instead of the banquet a grant be made to their building fund. This grant they have not received.

**SHOW DROP FOR FIRST TIME IN LONG WHILE**  
 St. John bank clearings for the week ending today were \$1,759,788; corresponding week last year, \$2,011,653; corresponding week 1915, \$1,597,329.  
**DISORDERLY HOUSE CASE**  
 A session of the police court was held at half past eleven o'clock this morning immediately after the city court and the case of Martha Burrell, charged with keeping a disorderly house at 148 Mecklenburg street was taken up by Magistrate Ritchie behind closed doors. Some evidence was heard and the case adjourned.

 Dear Mary:— You ought to have seen how surprised and happy my husband was when he came home last night. Yesterday was his birthday. At breakfast he forgot all about it.  
 When he came home in the evening I was all toggled out in my loveliest. I met him in the hall, blindfolded him and led him into the living room where I sat him in a big, soft, "cumfy" new easy chair which I'd bought for his birthday present. Try this on your husband.
