Efforts to Remove Discrimination in Marine Insurance Fail OUTLAWED HOPEFUL LONDON ON TODAY

LOCAL SHIPPING MEN ARE KEENLY DISAPPOINTED

Only Slight Change is Made in Difference Between Season Rates.

NO JUSTIFICATION

Say Hazards at Canadian Ports Not Greater Than at Portland.

Word was received in the city today that the efforts of the local shipping men to have the discrimination in ocean insurance rates removed had come to naught, and been disappointed.

One slight modification has been made in the rates in that the time in which the summer rate of one per cent obtains has been set forward one month, and instead of the winter rate of two and one-quarter per cent coming into effect on October 1, it will not come into operation until November 1.

When Sir Halford MacKinder was here last autumn the local men placed before him records showing that accidents to ships sailing from or entering this port were not any more numerous than from the ports to the south and they strongly pressed for the St. John and Halifax being placed on a parity with Portland, which is their chief competitor.

Local Views

D. W. Ledingham, manager of Purves Withy Co., said this morning that he was very much disappointed with the finding of the Imperial Committee as the shipping men had hoped the rate would be reduced.

R. E. Armstrong, secretary of the Board of Trade, said that he was sure that the proposed change would be, in his opinion, of no benefit to the Port of St. John, the winter port shipments, particularly those of grain, did not commence until after the last of October.

They pointed out that during the winter season there was no ice floating about in the Atlantic, as the southern movement did not begin until after the breaking up of the fogs in the late spring.

Mr. Armstrong, referring to fog, said that recent events along the Maine and New England coast were evidence that the hazards on that part of the coast line were as serious as they were on the Canadian seaboard.

Slight Changes. A special dispatch to the Times-Star from Ottawa says:—

The matter was discussed at the economic conference last week and subsequently the Imperial Shipping Committee, headed by Sir Halford MacKinder, came out and investigated. Billings were held as far west as Winnipeg and complaint was general against the extra insurance premium applied to shipments to and from Canadian Atlantic and St. Lawrence ports as compared with rates to U. S. ports.

The Government is now advised that the Imperial Committee has extended by one month, the month of (Continued on page 12, fourth column)

Soulful Singing By Radio Wins Convict Pardon

Philadelphia, July 25.—Strains from "Oh, How I Miss You, Dear Old Pal of Mine," sung by an Eastern Penitentiary convict and broadcast from Radio Station WIP, have won a pardon for Convict C 1412, who had three years to serve before gaining his freedom on a banish charge.

15 MEN ENTOMBED IN SOFT COAL MINE

Explosion Wrecks Shaft at Gate, Pa.—Rescue Crews at Work.

Gates, Pa., July 25.—Eleven to 15 men are entombed in a soft coal mine of the H. G. Frick Coke Company here as a result of an explosion that occurred about 7.30 o'clock last night.

Rescue workers digging their way step by step through the debris that blocked the entrance to the mine recovered the bodies of six men early this morning. Company officials said four other workmen are still missing.

EVERYONE HIT BUT ROGERS HORNSBY

Cardinals Gave Giants' Pitchers Bad Day—Four Were Tried.

New York, July 26.—During the Cardinals' 13-5 victory over the Giants yesterday everybody wiped his feet on the Giants except Rogers Hornsby, the leading batter in the National League. Hornsby went home without a hit, the only Cardinal to face the quartette of throwers flung at him by McGraw who failed to connect safely in the nine hectic innings staged by the rivals at the Polo Grounds.

Jack Bentley lasted only one inning and a third, and was yanked in favor of Rosey Ryan. Ryan went along for a pair of chukkers and retired in favor of Mastan, who was taken out in the sixth to allow Terry to swing at bat for him.

Bill Killifer's Cubs pulled an All-Philadelphia and allowed the lowly Phillies to sneak under the wire with a lead of six lengths 10 to 4. Jack Pfeffer took his first assignment for the Pirates yesterday and successfully turned back the Braves.

Wire Briefs

Kington, Ja., July 26.—Great preparations have been made for the reception of the British special cruiser squadron which will arrive today. The squadron will remain here four days.

Detroit, July 26.—Three armed bandits held up Jacob Mazer of the Joseph Mazer Jewelry Co. of New York, and escaped with jewelry valued at \$125,000 which he had been displaying to a customer in the Capitol Jewelry Shop.

Havana, Cuba, July 26.—Charges that British West Indies subjects have been mistreated in Cuba have been investigated and found to be matters for action in civil courts and not for diplomatic intervention, says a statement, issued by Secretary of State de Cespedes.

Lebourget, July 26.—(United Press)—Major Petro Zanni, Argentine aviator, who entered the world flight competition today, starting from Amsterdam for Paris and descending at Rotterdam, left Rotterdam again for Paris at 9.45 a.m.

GERMANY WILL UPHOLD TEXT OF DAWES PROJECT

Marx, in Reichstag, Says Government Attitude Has Not Altered.

STICK TO PROMISE

Will Follow Experts' Terms if Evacuation of Ruhr is Arranged.

(By United Press) Berlin, July 26.—Despite the sabotage efforts of the Nationalists the German Government will stand by the Dawes plan and try to fulfill its provisions for a reparations solution, Chancellor Marx revealed this information at an address before the Reichstag Friday.

The Government attitude has not altered since the statement I made upon assuming office," Marx declared.

When he first took office the Chancellor promised that Germany would abide by the terms of the experts' report, provided arrangement was made for the French evacuation of the Ruhr, Promise Confirmed.

In confirming that promise before the Reichstag after recent threats by the Nationalists to wreck application of the Dawes report, Marx cautiously added that he did not consider it advisable to elaborate on his views. The time is not opportune to enter a long discussion of the German position, he pointed out.

CLAIMS GAIN OVER SAO PAULO REBELS

War Office Declares Revolutionists Losing—Bigger Bombardment.

Rio De Janeiro, July 26.—(Canadian Press)—A communication issued by the War Office, follows:—"The federal forces have engaged the rebels in local encounters resulting in a great advance of our front all along the left wing, where we took numerous machine guns and more than a hundred prisoners, the majority of whom are foreigners. The rebels are losing ground."

Washington, July 26.—By radio broadcasting and leaflets dropped from airplanes, the secretary of war of Brazil last night warned the remaining 300 civilians in Sao Paulo to "abandon the city, leaving the rebels to their fate." The state department received this information in a cable from Sheldon L. Crosby, the charge at Rio de Janeiro.

The cable indicated that the government of Brazil had definitely decided to use heavy artillery against the rebels of Sao Paulo to a degree not attempted heretofore.

It is asserted that the insurrectionists can easily be deported when the opportune moment arises.

Varying Reports. Buenos Aires, July 26.—(United Press)—President Benardes of Brazil is keeping a launch ready day and night, prepared to flee should the occasion warrant, according to reports brought by steamers from Rio de Janeiro.

Official Brazilian government reports, however, show nothing to indicate such extreme gravity as this. They declare the fighting around Sao Paulo is continuing virtually without change.

Censorship still prevents accurate information from the battle zone. Border reports from rebel sources, say that disaffection is spreading to Government troops, who are restive and do not desire to be drafted for service in putting down the revolution.

Hides Money From Burglars; Savings Destroyed by Fire

Bayonne, N. J., July 26.—It took Mrs. Mary Lantry of 323 Broadway many years to discover a hiding place for her meagre savings where when she was away she felt confident they were safe. Recently she decided that the casing of the piano in her living room would never be searched by hasty burglars.

GIRL IS DROWNED; SISTER RESCUED

Both Attacked by Cramps and Struggle With Male Campaigner in Water.

Lawrence, July 26.—Miss Margaret Moore, 21 years of age, was drowned in the Merrimac River at a point called "The Pines" just over the Methuen line, because Leonard Lagrosse, swimming abreast with Miss Moore and her sister, Alice, was able to rescue only one of the two when both suddenly caught hold of him.

When, though exhausted, he returned to rescue Margaret, she had gone down.

According to Lagrosse's story to the police, all three had gone during the heat of the afternoon for a swim. They were well away from shore, he says, when both girls seemed to be attacked with cramps and grabbed him. He struggled to release himself. First he hung the victim, who eventually drowned, from him. Then with his strength badly spent he rallied his efforts to get Alice to shore.

MANY ASKING FOR ROUTING THIS WAY

20 Per Cent. Increase in Tourist Travel Expected in Quebec.

Montreal, July 26.—"Already there has been an increase of July 20 per cent in the number of motor tourists recorded as reaching the province, and it is safe to estimate that this growth figures maintain throughout the balance of the season, with the result that while last season 138,000 touring automobiles were registered as crossing the border into Quebec, this year it is expected that the number will reach 175,000 at the end of the current season," said George A. McNamee, secretary of the Royal Automobile Club of Canada, and the Good Roads Association of Canada.

REVEALS CRIME

Baby Peggy Is Ill; Suffers From Fever

"Papa Killed Mother," Child Writes to Grandfather—Arrested.

Danville, Va., July 26.—A murder of fourteen months ago was revealed this week when Alfred Mullins of Bassett was held for the Grand Jury at Martinsville for shooting his wife. The denouncement was made by the five children, alleged witnesses of the act, who say they were threatened by their father with immediate death if they revealed his secret.

Is Fifteen Years Old; Will Marry

Southbridge, Mass., July 26.—A cozy little home at 18 Brick Row, respondent with new furnishings, awaits the arrival of its mistress, Miss Irene Chouinard, the 15-year-old daughter of Mr. and Mrs. George Chouinard of 18 Brick Row. The young woman will be married next Monday morning to Adolph J. Bennette, Mr. Bennette will take his young bride to his old home at Southbridge. Her honeymoon and introduce her to his parents, whom she has never seen.

Miss Chouinard enjoys the distinction of being the youngest girl ever to be married in Southbridge. Her mother, Mrs. Carrie Chouinard, was married at the age of 16 and has a family of 10 children, and her sister was married when she was 17 years old. Mr. Bennette is 21 years old and served in the navy for four years. He is employed as boss farmer of a large stock farm in Charlton.

8 MEN, ONE WOMAN ARRESTED FOR ATTACK ON GIRL

Woman Admits Applying Coat of Tar and Feathers.

GIRL SUFFERING

Mob in Automobiles Held Her and Companion Up on Road.

(By Canadian Press) Fredericton, N. B., July 26.—Eight men and one woman, arrested on warrants charging them with tarring and feathering Miss Dorothy Grandon, 20, of Martinsburg, West Virginia, were arraigned before Magistrate Brust last night and held for the September grand jury under \$2,000 each. Bail was fixed at \$500 for Miss Grandon as a material witness. Among these arrested are Mrs. Mary Shank, whom the girl charges with applying the tar and feathers; her husband, Calvin Shank; and her father-in-law, Roma Shank. Admits Charge.

At the magistrate's hearing Mrs. Shank admitted applying the tar and feathers.

The episode took place about midnight Thursday while Miss Grandon, Miss Mabel Willis, two men companions whose names have not been learned, and Miss Viola Kennedy, were returning from Marysville in the latter was alone when she had been staying. Miss Grandon and Miss Kennedy were walking ahead of the others when the mob approached in automobiles.

Mrs. Shank, the magistrate said, confessed to beating the Grandon girl, stripping her and applying the tar and feathers. She was then abandoned, semi-conscious and was found about half an hour later by James Whip, a farmer, who took her to his home. The girl today was still suffering from burns, bruises and shock.

French Inventor Perfects Camera Which Will Photograph Bullet's Flight

A French inventor has made a moving picture camera capable of taking 25,000 exposures a second, instead of the 300 used in the motion picture studios. For practically all the scenes to be shown upon the screen, the 300-a-second speed is sufficient. But for scientific work it is hopelessly slow. Some of the amazing results obtained are summarized in the Living Age.

"Among the interesting films which have been made at the Institut Marey is one showing the bombardment of a soap bubble with a paper pellet, in which the pellet is seen entering the bubble, which automatically closes the hole behind it, passing through the centre of the bubble and smashing it on emergence."

AGREEMENT OVER GUARANTEES IS EXPECTED SOON

Effort at Compromise on Formula for German Loan Renewed.

ALL OPTIMISTIC

Official Says Delegates are Ready for Plenary Session on Monday.

BY LLOYD ALLEN (United Press Staff Cor.) London, July 26.—The atmosphere of the inter-alled conference was decidedly brighter today. A majority of the delegates left to attend a naval review near Portsmouth, while Secretary of State Hughes and Ambassador Kellogg were weekend guests of Lord and Lady Astor at the latter's country home, Cliveden. They will turn Sunday night.

High hopes were entertained that differences over guarantees and sanctions might be straightened out before a plenary conference of the reparations conference, scheduled for 4 p. m. Monday.

London, July 26.—Renewed efforts were being made today to effect a compromise between the apparently irreconcilable attitude of the French delegates to the inter-alled Conference and the stand of the International financiers on guarantees for the proposed \$400,000,000 loan to Germany which will launch the Dawes plan on reparations.

Notwithstanding the week-end holiday the leading representatives of the allied governments here did not relax their endeavors to break the deadlock. It was hoped that before many hours it could be announced that both the French and the bankers had agreed upon a formula for the German loan.

An acceptable compromise, it is said, would still permit the French to maintain their rights under the Versailles Treaty and at the same time provide such guarantees that the financiers could offer the German bonds to investors with assurances of perfect safety.

Despite the delays which have occurred, the atmosphere of the conference is not altogether of a pessimistic character.

A British official said the technical work of the conference had been completed and that the conference were ready for their next plenary session Monday afternoon at four o'clock. This is taken by many to indicate that an agreement between the delegates from France and the International bankers is impending.

Wife Bails Husband Who Loves Another

Stamford, Conn., July 26.—Displaying a spirit of forgiveness, Mrs. James A. Sexton, South Norwalk, Conn., gave \$1,000 bail to ensure the appearance of her husband in the Darien Town Court, to answer a charge of aggravated assault on Mrs. Robert Ingles, 21-year-old wife of William Ingles, advertising manager of the Thomas Edison Company of South Orange, N. J.

Infatuated with Mrs. Ingles, Sexton is said to have twice sought to attack her with a knife at her home in Darien. A growing coolness for the man, long for whom Mrs. Ingles had publicly avowed, according to Sexton's wife, was the motive of Sexton's attack.

Weather Report

MORNING PAPER REPORT. Fine. Maritime probabilities: Fresh westerly winds; clearing; Sunday, fine and moderately warm.

RAILWAY PAY RATES REFUSED

Toronto Labor Circles Hear Reported C. N. R. and C. P. R. Decisions.

Toronto, July 25.—After negotiations lasting about a year the C. N. R. and the C. P. R. yesterday notified the brotherhood conductors and trainmen that they had decided to refuse the rates of pay which have gone into force on lines of a similar standing in the United States, it is stated in labor circles. The increase given on the United States roads is about 5 per cent.

PERSONALS

Dr. L. S. Foster, of Montreal, and Dr. Alice Foster, of Boston, his sister, arrived here yesterday from Hillsboro, Albert county, where, with their mother, they had been guests of John L. Beck, M. L. A. Dr. L. S. Foster is a specialist in Montreal and Dr. Alice Foster a medical practitioner in Boston.

Mr. and Mrs. A. D. Bailey of Fredericton, and two daughters, Misses Ober and Maxine, are spending two weeks with Mrs. Bailey's parents, Mr. and Mrs. Wm. Campbell, Kennel Cove Road and expect to spend a few days in St. John before returning to Fredericton.

Miss Mary A. Nelson and Mrs. J. C. Rayworth will leave today for Brown's Flat to spend a short vacation.

Mrs. Harry Scott of West End has returned after a vacation in Maine, where she went by auto. Her daughter, Mrs. Richard Caples, and her daughter, Mae, will leave this evening on a trip to New York and Montreal.

Miss Elsie Bell is visiting her grandfather, Mr. R. N. Dean, at Cliffview Cottage, Brookville. She will return to her summer home at Lakewood, Lock Lomond, next week.

Notices of Births, Marriages and Deaths, 50 cents.

BIRTHS

KILOUP—In this city on July 26, 1924, to Mr. and Mrs. Hector P. Kiloup, 44 Adelaide Street, a son.

HARRIS—On July 25, to Mr. and Mrs. F. Ernest Harris, 41 Elliott Row, a son.

MARRIAGES

POSTER-HOLMAN—At Gormain St. Baptist church, on July 26, by the Rev. Dr. S. S. Poole, Donald DeLacy Foster to Gerda Armin Holman.

DEATHS

DUNHAM—In Dorchester, Mass., on July 23, Charles Frederick Dunham, in his 49th year.

HOUGHTON—At New York, July 25, 1924, Edward John Houghton, leaving his wife to mourn.

IN MEMORIAM

LYON—In memory of Matilda M. Lyon, who died July 27, 1923, at Camden, Maine, U. S. A. Just a year ago today since one we loved was called away.

HUEY—In memory of our beloved mother, Eliza Huey, who fell asleep July 27, 1923.

Until the day breaks and the shadows see away.

GETS LICENSE

George Miller of Boston, who was employed about the city repairing awnings, was taken to city hall yesterday by Policeman Young to secure a license. He was then allowed to proceed about his business.

AFTER BUOY

The Braill Rock Buoy broke away from its moorings a few days ago and drifted away. The C. G. S. Dillard is en route to secure it and the buoy will be landed at Sand Point, Shelburne Co., N. S. The C. G. S. Lady Laurier left Halifax yesterday morning with a new buoy to replace the one adrift from Braill Rock.

EXPLANATION ACCEPTED

Alfred J. Boyce, veterinary, was reported for allowing two horses to wander at large in Chesley street. When the matter was taken up in the police court he explained that a man was employed to see that the horses were cared for and did not get out from the pasture. He had no knowledge of the horses running at large, and his explanation was accepted.

DIED IN NEW YORK

A message was received in the city this morning announcing the death of Edward John Doherty, which occurred in Bronxville, N. Y. Mr. Doherty was a former resident of this city and many friends will regret to learn of his death. He is survived by his wife and two sisters, Mrs. Frank Curran of Toronto, and Mrs. Thomas Kylin of Pasadena, Cal. The body will be brought here for interment and the funeral will take place Tuesday morning.

PICNIC TODAY

The annual congregational and Sunday school picnic of St. Columba Presbyterian church in Fallville is being held today at Grand Bay. The general convener is Mrs. William Stinson. Sports are in charge of Master Hendrickson and William Stinson, junior. Those who have had charge of soliciting are Mrs. William Stinson, Mrs. Harry Waters, Mrs. G. Lawrence, Mrs. John Baird, Mrs. Edward Moore, Mrs. Edward Duff, Miss Saide Cougle, Miss Bertha Myles, Miss Margaret Beart, Mrs. G. W. Campbell, Kenneth Campbell, Mrs. C. W. Sweet and Mrs. H. O. Clark, of St. John; Mrs. J. Fraser, of St. John; Mrs. F. E. Williams, W. H. Turner and Miss Eben Williams, of St. John.

BOY IN COURT

A boy 12 years old appeared before Magistrate Henderson in the police court this morning on a charge of stealing a bicycle from a house in Prince Edward street. The owner of the house said that the boy had deliberately torn off the shingles and caused considerable damage. The boy's mother said she had been in Moncton, her son had been at Silver Falls but had refused to stay there. Magistrate Henderson said he would make some enquiry. He said he was acting in what he considered the best interests of the boy.

Caught in Trap Door

Lowell, Mass., July 26.—Held prisoner by a trap-door which accidentally closed while he was climbing through a hatchway to escape the fast-spreading flames of Edward Cunningham, 80, was burned to death when fire that followed a mysterious explosion, caused slight damage to the near-beer saloon, where he was employed as a clerk.

Imperial to Present "Anna Christie" — Singer Held Over—Orange Celebration Movies.

Imperial Theatre will begin a really notable week on Monday with Eugene O'Neill's prize play, "Anna Christie," awarded the famous Pulitzer trophy and money as the best stage writing for 1922. Blanche Stewart returns to the screen in this powerful production, considered to be not only the finest artistic achievement but the most unique female characterization so far committed to film. Moving pictures of the Orange celebration and parade in this city on the twelfth and a continuation of Cameron Geddes in popular ballads, as well as the usual Pathé Weekly and Topics of the Day, will round out a bumper bill.

ASK PROSECUTION IN VOLTAIRE CASE

Washington, July 25.—Prosecution of the British steamship Voltaire for alleged violation of the coastwise laws will soon be asked of Attorney General Stone, it was learned at the Department of Commerce. It is charged that the incident was a deliberate attempt by foreign interests toward the American coast trade.

Famous Russian Jewels

A rumor has reached London from Amsterdam that the Persian Government is about to sell some of the famous crown jewels, upon which no one has yet ventured to put a value. It is faced with the alternative of raising an external loan, which would be difficult without onerous conditions, or selling the jewels, and the latter course is said to have been so far decided on that preliminary negotiations have taken place. If the sale is to proceed, the jewels are valued at \$10,000,000.

Labour and an Election

I learn that the Labor Party has made a most careful study of the survey of the electoral situation, with a view to possibilities which sometimes seem more imminent than to others, and the results do not encourage any desire on the part of Labor leaders for another appeal to the country just yet awhile. They find that since the last election they have added about ten per cent of voters to their potential polling strength in the constituencies, averaging thirty out of every 100.

When the Crisis Will Come

The present position at Westminster is one to which Aesop's fable of the shepherd who shouted "Wolf" applies. The House of Commons is getting so used to Government defeats which mean nothing that presently it will be caught unawares by one such occasion. This is the opinion of some of the wisest and most experienced parliamentary hands.

MARTIAL LAW IN MOST OF ROUMANIA

Believed to Be Enforced to Offset Communist Tendencies. (By United News.) Vienna, July 26.—The greater part of Rumania is reported to be under martial law, according to a communication reaching Vienna. The Government is said to have prohibited all public meetings, called in protest against present state institutions. The only reason for putting labor in a state of emergency is said to be the danger of Communist propaganda which is becoming more intense throughout the Balkans.

Afloat 6 Days In An Open Boat

New York, N. Y., July 26.—When the French liner France arrived yesterday from Havre she had on board two Cape Breton fishermen—Francis Hedges, 86, and Francois Allan, 45—who were picked up at 11 a.m. on Wednesday 100 miles south of Cape Race. They had been adrift in a dory for six days. For 72 hours they had no food or water.

THOUSANDS SPENT NIGHT ON BEACHES

Slept on Coney Sands and Other Outdoor Places to be Cool.

Driven to the beaches by the excessive heat and intense humidity thousands of persons slept on the sands of Coney Island, Brighton and Manhattan Beaches, New York, last Thursday night.

Hundreds of thousands spent the day at the beaches, and Coney Island had the greatest mid-week crowd in its history. Police officials estimated that more than 800,000 persons visited the resort in the course of the day and of that number fully 50,000 stayed to sleep in the open through the night.

Long lines of persons stood in front of the bathing pavilions throughout the day and many of the proprietors took advantage of the crowds by jumping their week day prices to the higher scale charged on Sundays and holidays.

Even at that there were not nearly enough lockers and dressing rooms to accommodate the throng desirous of entering the water.

Special details of police were ordered out from the Coney Island station by Captain James H. Gillen to guard those who spent the night on the beach.

Through the day the police had their hands full restoring 85 lost children to their parents.

Seventy summonses were issued to persons who violated ordinances regarding bathing suits, playing ball on the beaches, etc.

One man died in Harlem from the heat, and two persons were overpowered at Coney Island, when found by a policeman John Mackey of the West 132d street station, was dead. He was about 65 years old.

Ford Makes No Loans, Is Reply

Detroit, July 26.—Evidently Henry Ford has no intention of making a loan to Germany.

When rumors that the motor car manufacturer might finance a loan to Germany reached Detroit, the following terse reply was made from Mr. Ford's office:

"Henry Ford makes no loans."

TRAVELERS FORGETFUL. London, July 26.—Among the articles which forgetful travelers have left behind on trains of the Southern Railway in the last year are 680 odd gloves, 2 bottles of whisky, 2 lifebuoys, 23 saxophones, 60 pairs of false teeth, 3 artificial legs and 6 pairs of crutches.

Tanks were first used in warfare by the British.

Wrinkles Disappear in Fifteen Minutes!

If you want to see wrinkles, age lines and sagging completely disappear from your face in less than 15 minutes, just mix a spoonful of powdered tartrac with a spoonful of lemon juice. Apply this soothing mixture to your face. Before your very eyes, while you watch in the mirror, the ugly marks of age will disappear like magic. It is most startling. Behold, now, what you looked like when young! Watch the "sagging" correct itself! Enjoy the strange, delicious sensation of stimulation, support and plump, smooth firmness! When you wash off the application, your face looks years younger. The effect is far better than that of a face massage. Tartrac is so harmless you could eat it. From your druggist you can obtain a package containing enough to bring the cost of each treatment down below three cents.

DEATH SENTENCE TO 3 DRIVERS OF WRECKED TRAINS

This, July 26—(Associated Press)—Drastic punishment is being meted out by the Soviet authorities to engineers and drivers who are held responsible for train accidents. In the Transcaucasia district an engineer named Gavrilov and two drivers, Vovayodin and Sharyshev, were sentenced to death by a special commission appointed by the Georgian council of commissars to inquire into the numerous railway fatalities which have recently occurred in that district. Assistant Station Master Savitsky, who was held jointly responsible with the engineer and drivers, has been condemned to eight years imprisonment. Vovayodin and Sharyshev were charged with running their trains at a dangerously high speed in spite of their knowledge that the roadbed and rails were in a bad condition. It is alleged that through their negligence six derailments occurred, involving considerable loss of life. For Sore Feet—Minard's Liniment. Oysters cannot live in water containing less than 37 parts of salt to every thousand of water.

Cook's Best Friend - Bovril

TRIBE DYING OUT. Winnipeg, Canada, July 26.—A puzzling disease similar to leprosy is gradually rapidly exterminating the Sican Indians in the Pindlay River district in northwestern Canada. Fewer than 200 natives of the tribe are left out of the 1,000 that lived a few years ago. Medical authorities are unable to find a cure for the disease.

PORT DEVELOPMENT.

Port development is just now receiving a good deal of attention in Quebec. The Telegraph of that city had an interview with Hon. Dr. Beland this week in which he said that lack of funds would not prevent the work which must be executed in Quebec harbor from being carried on.

"Before five years Quebec will be the greatest port of Canada. Large quantities of wheat, asbestos, and products of all varieties will be shipped from this point. As far as the harbor work is concerned there will not be a delay of a single day.

"By cutting the freight rate between Glasgow and Quebec sixty cents per ton, and thus placing Quebec on the same rate basis as Montreal, the Anchor-Donaldson Steamship Line has initiated a movement of considerable importance to this city.

"The Telegraph adds that other steamship lines are discussing the question of giving Quebec the same rate as Montreal, and it expresses the hope that a uniform rate as between Quebec and Montreal will soon be established.

"There has always been a degree of sympathy between St. John and Quebec because in each city the feeling existed that due recognition was not given to its advantages as an ocean port.

"The Provincial Automobile Bureau of Quebec announces that nearly 75,000 cars are now registered, and it also announces that the provincial estimate of receipts from the gasoline tax for the year has already been exceeded.

"Ottawa Journal. How the ardent golfer, viewing the smiling countryside as he travels by tram, train or motor car to his favorite course, must mourn over the spectacle of acres and acres of ground going to waste as farmlands, pasture or woodlots when they are ideally adapted for the laying out of links.

"A Montreal despatch says that the by-election in St. Antoine Division will be fought on the tariff issue. The Government in London is concerned over the present system and the inadequacy of its operation. The main question to be determined is how best—between Imperial Confederation—the Dominions can be consulted on questions of policy without avoiding delays which in matters of great urgency, might be fatal.

Press Comment

THE CHICAGO HORROR.

(Detroit Free Press.) Only an expert psychologist with a first-hand working knowledge of the individuals can be competent to attempt any exact detailed explanation of the mental and moral states of Nathan Leopold, Jr., and Richard Loeb, self-confessed murderers of fourteen-year-old Robert Franks, of Chicago.

The admissions made by the nineteen-year-old criminals, however, indicate in a general way a startling condition of ethical and moral degeneracy and decadence which has transformed two human beings into unrecognizable monsters.

Unquestionably environment, training and natural predisposition have all contributed to the production of the hideous finished product; and the case of these noisome flowers of precocity and research into, and worship of the perverse, demands careful thought and study.

Leopold and Loeb are exaggerated specimens of a class that is becoming more and more common in the United States, particularly among a coterie of persons who consider themselves "advanced intellectuals."

Two horrible motor car tragedies were added to Maine's list on Sunday. Three women were killed at South Portland and three men on the state highway near Calais and in neither case does it appear from the reports that the fatalities were avoidable.

It has been well remarked that while the law courts often make mistakes in criminal matters there are times when they come pretty near to making the punishment fit the crime, as for instance when a fine of \$200 and thirty days in jail was imposed upon a chauffeur, in addition to a six months' suspension of his license to drive a motor car.

When Mr. Ford's dream of millions of airplanes is realized the aerial police force will be a universal necessity.

A despatch from Jonqueres, Quebec, tells of rains which caused such a serious flood that only for the warning given by a dog one family might have perished. The dog awakened the sleeping family, which found the house surrounded by rapidly rising water.

There is much interested speculation regarding the conference to be held in London next fall to clear up matters regarding the relations between the Mother Country and the Dominions, in the matter of international affairs.

The Ottawa Citizen says it is not to be a new Imperial Conference, but a meeting of two representatives from each Dominion with two members of the British Government, and adds that it is possible the Prime Minister will be one of the two from Canada.

"The Government in London is concerned over the present system and the inadequacy of its operation. The main question to be determined is how best—between Imperial Confederation—the Dominions can be consulted on questions of policy without avoiding delays which in matters of great urgency, might be fatal.

No one under the age of 17 can obtain a license to drive an automobile in Great Britain.

COSTING NATION MILLIONS A YEAR

Report on Defective Eyesight in Schools of U. S. is Presented.

New York, July 26.—Defective eyesight in the public schools is costing the taxpayers of the U. S. at least \$100,000,000 annually, it is asserted by the Eye Sight Conservation Council of America, which, in a statement sent to the directors of summer schools throughout the country, urges organized conservation of vision as a social and economic need.

The council points out that poor eyesight is responsible for much of the retardation in schools, and makes public the results of investigations showing that a large proportion of backward children have visual defects.

Accompanying the statement is a report revealing that heavy moral and financial losses arise from this evil. At present, it is estimated that 25 per cent. of all school children in the United States, the council finds, are retarded in their studies and fully one-third of this retardation is conservatively estimated as due to defective vision.

If this is a correct estimate, there are at least 2,000,000 school children in the United States one or more years behind in their studies because of defective vision, says the council's report. Leads to Other Troubles.

John J. Tigert, United States commissioner of education and a member of the Board of Commissioners of the Eye Sight Council, is quoted as asserting, after a careful review of the situation, that "one of the greatest disturbing factors in measuring the effects of defective vision upon retardation is the fact that faulty eyesight invariably leads to other troubles and the effect of these is not attributed to defective vision."

The council's statement to summer school directors, signed by Guy A. Harty, general director, says that "a large percentage of the pupils attending summer schools are obliged to do so merely because they have not kept up with their classes; no doubt a number have been retarded in their studies due to defective vision."

In the report disclosing waste the relation between sound vision and school progress is indicated. "Defective vision is responsible for much of the retardation in school progress which exists in the educational institutions of the country," says the report.

"Investigations of 28,667 public school children with defective vision show that of this group an average of 87 per cent. were retarded in their studies one or more years. This is almost three times as high as the retardation of groups when not classified according to eyesight.

Of 7319 school children found with defective vision in the public school eye clinic of one of our large cities, 72 per cent. were backward in their studies. An examination of 2,183 rural school children in a mid-western state disclosed that of those retarded nearly 60 per cent. had visual defects, according to the council.

Correction Marks Improvement. The correction of visual defects results in a marked improvement in school progress," the report continues. The records of 20,000 cases sent to a public school eye clinic for correction

of refractive errors show that from 60 to 70 per cent. of the children were classified as backward, mentally deficient, stupid or habitually left back. The careful follow-up system proved that after their defective vision had been corrected, 70 to 80 per cent. of these children progressed and took their place in the class with the normal average child. The reason the remaining 20 to 30 per cent. did not progress was because their retardation was due to causes other than defective vision.

"The proportion of retardation in another group, all with visual defects, was found to be 85.4 per cent. One year later, after the defective eyes had been corrected by glasses, only 17 per cent. of those corrected continued to be backward in their studies.

"Furthermore it has been found that the proportion of retardation increases with an increase in the degree of visual defect. Pupils who have less than one-half normal vision are much more retarded than those with lowered vision of a lesser degree."

Canadian Lady Honored. News has reached Toronto of marked honors being conferred upon a Canadian lady by the Emperor and the Government of Japan. These honors were showered upon Miss Caroline Macdonald, now living in Tokyo, whose name has become widely known in Japan because of her remarkable work among prisoners of war of the distinction gained by Miss Macdonald of Toronto in a letter from Mrs. E. H. Fisher, who has been visiting in the Orient. It is announced that Miss Macdonald was decorated by the Emperor of Japan with the "Sixth Order of the Sacred Treasure," and was presented by the Department of Justice with a gold cup in appreciation of her labors.

Accompanying the gold cup was a certificate bearing the Imperial crest, a gold chrysanthemum, at the top, while at the lower left hand corner were the signature and seal of the Minister of Justice. The document pronounced in appreciative terms her work in the prisons, in the juvenile courts, and then stated it was also in recognition of her work in "spreading

WORK OUTLOOK IN U. S. WORSE

Indications That Unemployment Will Become More Pronounced.

The New Freeman today says: "Canadian papers narrate the return to Canada of a great many Canadians who went to the United States in search of employment. Briefly, the reason for this homeward trend is the lack of work across the line. Through our special news service arrangement with the N. C. W. C. News Service we are able to throw a little light on labor conditions in the United States as they are."

DONATE RELICS TO SULGRAVE MANOR

Delegates to Bar Association Convention Present Objects of Interest.

London, July 26—(Associated Press)—When the delegates to the American Bar Association's Convention visited Sulgrave Manor yesterday they presented several valuable relics of George Washington to the Manor House.

Three hundred motor cars were registered in the United States in 1895. In 1925, thirty years after, the number will be in excess of 16,000,000.

It is hardly a prophecy, but a continuation of a table of registrations. In the ten years from 1913 to date, the table of motor car registrations in hundreds of thousands, reads as follows: 12, 17, 24, 35, 51, 61, 74, 91, 104, 123.

It is hardly possible to say that the next two years will show figures of 140 and 160 hundred thousand, or 14,000,000 and 16,000,000 cars registered.

It is inevitable that these cars have more and more good roads to run upon. If this number of wheeled vehicles congest our few hundred thousand miles of good roads, it is obvious that a greater number will compel more and more hard-surface highways.

Opposition to good roads comes from two sources; the ignorance of taxpayers, who think that the bond issue or the road tax represents outgo, instead of the means of increased income, and politicians, who desire "hork barrel" national legislation in order to get votes, rather than money to be spent upon roads.

Both classes of opposition are slowly but surely being steam-rollered out of existence with the automobile in the role of steam roller.

How many cars in 1935?

with a curtain in one hand trying to get it fixed on a curtain pole.

She had to put the curtain down while she answered the door.

It was Mister Stamps, the postman, bringing the mail.

She put the mail on the hall table and went back to her work, grumbling about days she was expecting letters and nothing came and the very day she was so busy 'n all, didn't she have to stop and go to the door.

Then she went back to her curtain hanging.

Where's that brass ring I had in my hand?" she said. "Where is it, I'd like to know. There were seven and now there are only six. Now the curtains won't match! Oh, dear! Did

ever anybody have so much trouble!"

She put up that last curtain as well as she could and then went to get dressed and then she got supper.

Cutie came home hot and tired and happy just in time. And after that he went to bed.

"I'm awful tired, Ma," he said. "Say, I tore my pants today. Will you fix 'em, please. I caught them on a nail."

"Sure I will, Cutie," said Mrs. Cottontail kindly, for after all she wasn't really cross at all, and she loved Cutie like everything.

So Cutie went to bed and Mrs. Cottontail did the dishes and then went down to mend Cutie's trousers.

"Why, I declare, what's this?" she

cried, feeling in one of the pockets and hauling out a brass ring. "Why, I declare, it's that curtain ring I lost today. I wonder where he found it!"

And the good rabbit lady went at once and slipped it on the pole and fixed her curtain right.

Social Notes of Interest

Mrs. Fred Caverhill Jones was a charming hostess at a bridge of three tables yesterday afternoon at her summer home at Rothsay, the guest of honor being Mrs. Bartlett, of Charlottetown, who is visiting at the Kennedy House. Those enjoying the afternoon were Mrs. William Pugsley, Mrs. A. E. Fripp, of Ottawa; Mrs. Frank M. Ross, Mrs. Phin, of Hamilton, Ont.; Mrs. Simon Jones, Mrs. George K. McLeod, Mrs. J. Busby, Mrs. Hazen Hansard, of Montreal; Mrs. Malcolm Mackay, Sr., Mrs. Stewart Skinner, Miss Helen Sidney-Smith, Mrs. Fred Short, Mrs. Arthur W. Adams and Mrs. Charles Beard. Mrs. Beard presided over the tea cups, and tea was served informally.

Mrs. Hazen McCavour and her daughter, Miss Constance, left for Boston last evening on the Prince Arthur en route for their home in Brooklyn, N. Y. They were accompanied by Mrs. Ashley Hunter and her children, Hazen and Thelma.

Professor J. K. Kells, teacher of political economy in Harvard University, Cambridge, Mass.; Mrs. Kells and Miss Agnes Keefe, of Boston, left on the Prince Arthur for Boston last evening after a delightful trip through the Maritime Provinces.

Mrs. Roderick Mackenzie and Miss Portia Mackenzie have left via the C. N. R. for a trip to Kingston, Ont., and will return by boat through the Thousand Islands to Montreal, stopping at Stanley Island for a short time.

Mrs. C. H. Fairweather and Miss Alice Fairweather are spending a few days at the Park, Rothsay.

Mrs. George W. Noble and Miss Sara Hare took all the prizes at Riverside on Thursday at the regular weekly golf contest for lady members of the club. Two competitions were played, the Riley Cup and the sealed hole competition, the prizes

PRELIMINARY ANNOUNCEMENT
of A REAL SALE AT DYKEMAN'S
Four Days And a Half Of Real Bargains.

"Truthful advertising" is our motto, and it must be carried out to the letter. We are not offering something for nothing, neither can anyone else, honestly—but we do offer the most wonderful bargains money can buy. It is the policy of this store to reduce the stocks to the lowest possible level twice a year. Our buying connections enable us to get the choicest offerings in vast quantities—which accounts for the many wonderful BARGAINS this SALE OFFERS.

being donated by Mrs. George Scarborough. Miss Hare, who won the first prize in the Riley contest was second in the sealed hole contest and Mrs. Noble who was first in the second contest, was second in the first.

Mrs. Fred B. Schofield, Coburg street, was hostess two afternoons this week in honor of visitors. Her guests of honor were Mrs. Charles Taylor, of New York, who is visiting at the home of Dr. F. R. Taylor, at Rothsay; Mrs. Charles Manuel, of Montreal, who is visiting Mrs. John Schofield, Rothsay, and Mrs. Horace Enfan, daughter of Mr. and Mrs. E. Allan Schofield, whose guest she is at their summer home at Rothsay.

Miss Lemerz was also the guest of honor at a delightful party given by Miss Gladys Price Thursday evening when dancing was enjoyed. Miss Lemerz assisted Miss Price in receiving and Mrs. H. C. Rogers assisted in the general arrangements. Miss Alexa Rogers, who has recently returned from a trip abroad, was warmly welcomed by the young people, who included the party of Wednesday evening and a few others.

Miss Mary and Miss Marjorie Robertson, of Renforth, were hostesses at a bridge on Wednesday evening at the summer home of their mother, Mrs. I. R. Robertson, five tables being played. The prize winners were Miss Greta Gibson and Mr. Harry Farnsworth. Wild flowers of many varieties were used to make the rooms and verandah attractive. Dainty refreshments were served at

Want to sell a house and lot?
Use an ad—sure—why not?
USE A WANT AD

the close of the very enjoyable evening. Miss Frederica Lemerz, of Montreal, who had been visiting the Misses Robertson, was a special guest of honor. The other guests were Miss Georgie Springer, Mrs. Paul B. Cross, Miss Frances Ewing, Miss Gladys Gibson, Miss Gladys Price, Miss Greta Gibson, Miss Alexa Rogers, Miss Winifred J. Blair, Miss Florence Henry, and the Messrs. L. C. Ryan, Arthur Campbell, Grant McCondie, W. J. Poole, Harry Farnsworth, L. Farnsworth, Stanley Clark and F. E. Kesteven.

Miss Frederica Lemerz, of Montreal, will leave for her home on

SHE BUILDS GARAGES

Mrs. Pearl G. Atkinson of Sacramento, Calif., is a portable garage builder with offices at Sacramento, Oakland, San Francisco and San Jose. It all came about when she was left their houses in payment of a debt. She had trouble renting the houses because there were no garages. She bought lumber, hired two men, who called in and helped them build garages. They were portable affairs and made such a hit that she started garage building as a business. "Was a success from the start."

Sunday after a two weeks' pleasant vacation with the Misses Mary and Marjorie Robertson at the summer home of their mother, Mrs. Ivy R. Robertson, Renforth.

Mr. H. M. Nase, of Ridgefield, Conn., who had been visiting in the city, left for Halifax yesterday, accompanied by his sister, Mrs. R. B. Paterson. Both will visit Mrs. Paterson's daughter, Mrs. George E. Miller, and Mr. Miller, who resided here until last winter. Mr. Nase will return to the city on Monday, to complete his visit with his relatives here. Dr. Otto Nase, and his brother, Dr. Philip Nase, his nephew.

Mr. Thomas P. Chibreson of Ottawa, was in the city yesterday visiting his wife's relatives, Mr. and Mrs. Willard A. Smith, Douglas Avenue, en route to Grand Manan, where he will visit Dr. and Mrs. J. Macaulay, the latter being a sister of Mrs. Chibreson.

Miss Lydia Duncan, of Campbellton, has returned home after enjoying a pleasant visit with Rev. Mr. and Mrs. Hugh Miller.

The Misses Margaryte and Kathleen English, Mr. Frank McCahey and Miss Adelaide McCahey have returned to Montreal, after spending some time with Mr. and Mrs. J. E. McCahey, at their summer cottage "Donnybrook," Grand Bay. Mrs. McCahey is at present entertaining her sister Mrs. Walker, and little son, Master Stewart, of Quebec, also her mother, Mrs. English, of Montreal.

Mrs. Roy Milne and the Misses Lavinia and Lillian McAfee and Mr. Albert McAfee, of Boston, are visiting their parents, Mrs. James McAfee, at Lorneville.

Miss Celia Galbraith, of Providence, R. I., is visiting her father, Mr. J. J. Galbraith, Lorneville.

Miss Beatrice Simson returned to her home in Fairville yesterday after a visit in Fredericton and Devon.

Mrs. George Barrett, of West St. John, left this morning for River John, N. S., where she will spend some time visiting friends. Her daughter, Miss Marguerite, will join her in a week.

TO PUT WREATH ON GRAVE.
The late Stoker Fairweather, who was given a naval funeral in Fernhill cemetery in St. John a few months ago when the St. John Company of the R. C. N. V. R. did honor to a navy man, was a member of the ship's company of H. M. S. Constance and it is the intention of the Constance's men to place a wreath upon his grave before they leave the port of St. John. The naval funeral of Stoker Fairweather was the first to be held in St. John in 15 years.

LETTER OF THE LAW.
"Oh, I say, officer, you ought to censor that girl's bathing suit!"
"Bathing suit? What are you talking about? I don't see no bathing suit!"—Judge.

THEY MAY LOSE COMPENSATION

W. H. Lasley of Omaha, former army lieutenant, was too ill to sign his bonus application just before he died on July 2. His widow and children therefore may lose the compensation to which they are entitled. The Omaha post of the American Legion and prominent physicians have taken the matter up with the U. S. Government. From left to right in this picture are: Ruth, 6; Wanda, 6 months; Mrs. Lasley; Willa, 8 months; Bertha, 7; and Josephine, 3.

SISTER MARY'S KITCHEN
A Daily Menu For The Stout and Thin

EAT AND--
Lose Weight—Gain Weight

Breakfast—One large glass orange juice, ½ cup uncooked cereal, 4 tablespoons whole milk, hot water.
Luncheon—Salad à la Elysium, 1 slice whole wheat bread, 1 cup raspberries, ½ cup whole milk.
Dinner—One cup cream of spinach soup, 2 baked eggs, 10 stalks asparagus, 2 large green olives, 12 slices cucumber, 1 thin piece green bread.
Bedtime—One cup skimmed milk.
Total calories, 1174. Protein, 22.9; fat, 30.2; carbohydrate, 64.2. Iron, 0.177 gram.

Salad à la Elysium
One-half cup cottage cheese, 1 tablespoon currant jam, 1 small head lettuce.
Wash, drain and crisp lettuce. Arrange the leaves loosely in a salad bowl. Sprinkle cottage cheese through leaves. Add jam, a little at a time, scattering it over the cheese.
Total calories, 183. Protein, 4.8; fat, 10; carbohydrate, 12.5. Iron, .0008 gram.

Breakfast—One large glass orange juice, 1 cup uncooked cereal with 1 sliced banana, 1 tablespoon sugar, ½ cup cream, 2 pieces toast, 1 tablespoon marmalade, 1 tablespoon butter, hot water.
Mid-morning lunch—One cup whole milk.
Luncheon—Salad à la Elysium, 2 nut bread and butter sandwiches, 1 cup raspberries, ½ cup cream, 1 tablespoon sugar, 1 large piece sponge cake, 1 cup weak hot tea.
Afternoon tea—Large glass iced tea, 3 tea sandwiches.
Dinner—One cup cream of spinach soup with 2 tablespoons whipped cream, 2 baked eggs, 4 tablespoons potatoes au gratin, 10 stalks asparagus with 1 tablespoon melted butter, 4 radishes, 2 olives, 12 slices cucumber with 1 tablespoon French dressing, 2 slices whole wheat bread, 1 tablespoon butter, 4 tablespoons chocolate soufflé.
Bedtime—One cup whole milk.
Total calories, 3621. Protein, 40.1; fat, 162.9; carbohydrate, 182.2. Iron, .019 gram.

More currant jam should be used with the cheese for this salad. The cheese is made moist with cream and well seasoned with sugar and lemon juice.

The only value in the iced tea lies in the sugar and lemon juice you use in it. The sandwiches of course are real food but a tea sandwich is so small that only 100 calories are calculated as their worth.

Stained Teeth Made Flashing White—Or No Cost!

No matter how dull, dingy, spotted or stained your teeth may be, Bleachodont Combination is guaranteed to remove stains and make teeth flashing white—or it costs you nothing. Consists of mild safe liquid which softens stains—and special paste which gently removes them. Just use liquid once a week—and paste every day to keep teeth clean and white. Lost—A Bass Drum

Sometimes want ads are truly amazing. For example, people lose bass drums, grandfather clocks and other bulky objects which seem much too large ever to be misplaced.

But, no matter whether you have lost a tiny diamond or a bale of hay, a little pearl, or a battleship, you will find the want ad columns of The Times-Star serviceable.

When you lose or find anything of value, insert an advertisement in The Times-Star.

The Times-Star

"The Paper With the Want Ads."

AGENTS WANTED

650 WEEKLY selling Wearproof guaranteed hosiery. We deliver and collect. Pay in advance. Dept. R. Wearproof Mfg. Co., Box 2815, Montreal.

EXCEPTIONAL opportunity to add to your income, selling B. & E. silk hosiery. Your pay daily. No collecting or delivering. Write Dept. 20, B. & E. Manufacturing Co., London, Ont.

COMMENDS CITY FOR HOSPITALITY

Constance Commander Says St. John First City to Pay Official Visit.

The civic luncheon yesterday by the officers of H. M. S. Constance proved a most enjoyable function. His Worship Mayor Potts was in the chair and acted as toastmaster. Two toasts were proposed, "The King" and "The Ship."

In proposing the latter, Mayor Potts paid a graceful tribute to British navy and assured the officers of the Constance that they were welcome to the city.

Capt. J. D. Campbell, O. B. E., M. V. O., R. N., commander of the cruiser, responding, expressed his great appreciation of the welcome extended. At no other port where the Constance had called had Mayor and council as a body visited her on arrival to extend greetings. He could add that nowhere had the Prince of Wales on the occasion of his tour received such a remarkably loyal welcome as at this port.

When he landed yesterday at the Capt. Campbell paid a tribute to the local branch of the Navy League and its share in the welcome, and heartily thanked the citizens at large. He said he had heard of St. John's loyalty to the Empire, and was assured of it by the nature of the greeting given to the Constance.

Commissioner Frink suggested to the Mayor that the guests would like to hear a few words from Chief Justice McKewen, and the latter was thereupon introduced by His Worship.

Mr. Justice McKewen, who unexpectedly called on, delivered a most interesting address, the keynote of which was that in the state of the world today British conceptions of justice must be backed by force. Upon the English-speaking nations rested the burden of keeping the world at peace.

His Honor made an impressive analysis of the present situation of affairs in Europe, and the clouds on its horizon which threaten storm. He pictured the problems arising out of the war, and said no one could fail to be impressed with the seriousness of the situation, or say that the British Empire would not again be faced by conditions such as resulted in the last great war.

He paid a glowing tribute to the work of the British Navy, and expressed confidence that the British race would be equal to its responsibilities in the future as in the past. The Chief Justice joined very heartily in the welcome to the men of the Constance.

The Mayor next called upon Judge J. A. Barry, who spoke briefly, making special reference to the loyalty of our people to the British Empire and to those principles of liberty and civilization which it represents. He said we in Canada enjoy a liberty not equalled anywhere else in the world, and he said this without any desire to detract from the glory of the country to the south. Judge Barry joined very gracefully in the tribute to the Navy and to its representatives who were the guests of the hour.

A naval dance is to be held this evening in the company headquarters of the R. C. N. V. R. in Charlotte street. The local reservists and the men of the H. M. S. Constance have made friends quickly and members of both branches of the naval service are looking forward to the dance which they hope will be a splendid success. The string band of H. M. S. Constance will furnish the music. The dance will be held in event of its kind that has been held in St. John in recent years, where naval men of two branches of the service are the hosts and the ladies of the city the guests.

Athletic Events. The sporting events planned for the men of H. M. S. Constance will include a soccer game on the Barrack Green on Monday night at 7 o'clock, when the naval men will meet the St. Andrew's team, a cricket match on Monday afternoon with the St. John Monday Athletic Club, and a shoot on Monday afternoon with the members of the permanent force. At the shoot there will be eight men on each side and the service conditions will follow in difference to the naval men. The Constance's marksmen have not lost a shot in the 18 months of their cruise, and have always shot under service conditions. The permanent force men will have opponents to fear.

Building Tenders. SEALED TENDERS will be received by the undersigned up to twelve o'clock noon (daylight time) of Thursday, the seventh day of August, 1924, for the COURT HOUSE RE-TOURITION according to plans and specifications prepared by Garnet W. Wilson, Architect, and to be seen at his office, 80 Prince Street. Tenders will be received for the

GREENOCK CHURCH AT ST. ANDREWS HAS CENTENARY

Celebration to be Held in Honor—St. John People Take Part.

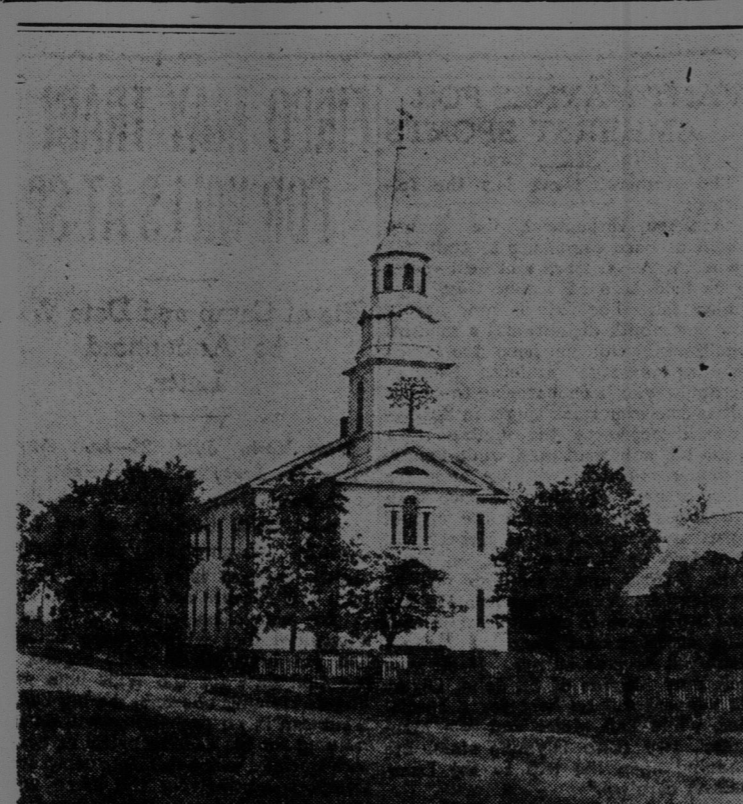

St. Andrews, New Brunswick—Canada's famous summer resort—is not only one of the most attractive beauty spots in the Dominion, but it has a most interesting and inspiring history. Like its sister City of St. John, the foundation of St. Andrews was practically established by Loyalists, in 1783. Its parent citizens were men of a progressive type. As early as 1835 they started out to establish the first line of railway in Canada, their objective being to connect the ports of St. Andrews and Quebec, so that when the St. Lawrence River was closed in the winter season, the traffic of that region might find its way by rail to the open port of St. Andrews.

which so altered the boundary of the province that a large portion of the St. Andrews-Quebec rail route was transferred to the United States. The Imperial Government withdrew its assistance from the proposed rail system as a result of this transfer, consequently the scheme fell through.

Greenock Church. For a number of years after the foundation of St. Andrews, its Protestant citizens united with the Anglican church. Prior to 1824, the Presbyterians decided to establish a church of their own. The leader in this movement was an energetic and determined Scotchman, Captain Scott of Greenock. Chiefly through his efforts, the new Presbyterian church, which was called "Greenock Church," was opened for worship on August 1, 1824, and it has been functioning quite actively ever since.

Centenary Celebration. The present patrons have decided to have a centenary celebration, commencing on Friday, August 1, and continuing until the Sunday following. Rev. W. M. Fraser, the present pastor, has arranged a very attractive programme. The first page of the printed programme contains a most attractive photograph of the tall-spired church with the "Green Oak" picture on the front base of the spire. Friday's part of the programme will begin at 8 p. m. It will include organ selections, hymns of praise, vocal selections, address by Rev. Frank Baird, B. D., on "The Early Religious Life of New Brunswick" an address by Rev.

N. B. Church is Century Old

GREENOCK CHURCH, ST ANDREWS, N. B.

A. W. Mahon, B. D., a former pastor (now of Toronto). On Saturday afternoon, the second feature of the programme will be a Centenary Tea in Memorial Hall, from 4 to 6 o'clock, under the auspices of the Ladies' Guild.

There will be three services on Sunday. At the 11 o'clock service, Rev. A. W. Mahon, B. D., will preach, and at the close of the service there will be the Sacrament of the Lord's Supper. At 3:30 p. m., a community service will be held. It will be participated in by Rev. Canon Hooper, Rev. Richard Ople, Rev. R. W. Ross, D. D., and Rev. E. A. H. H. At this service there will be the unveiling of a tablet in memory of Rev. John Cassilis and Rev. Alexander MacLean, D. D., this tablet having been erected by the grandsons of Rev. John Cassilis, M. N. Cockburn, K. C., a former judge of probate, is one of the grandsons who established the tablet.

At 7:30 there will be another service of worship, which will close the centenary programme. Many former members of Greenock church will participate in these services. E. Atherton Smith, of St. John, and his sister, Miss Otty Smith of California, who were for many years on the teaching staff of Nova Scotia's Normal College, will be among the participants. R. E. Armstrong of St. John, who was a member of Greenock church session for 25 years) and his wife also expect to be present at the centenary ceremony.

W. M. Howie, who was principal of St. Andrews Grammar School for a number of years, may also attend. The history of Greenock Church, published in 1908. "The tall graceful white spire of Greenock Church, like a finger pointing heavenward—rises far above the beautiful old town of St. Andrews-by-the-sea. For a few years after the settlement of this place by United Empire Loyalists, people of all creeds worshipped in the Episcopal Church, the first rector of which was Parson Andrews, a man of broad and liberal spirit, who was greatly beloved by every one, who was altogether devoid of sacerdotal pretensions.

"After the death of Mr. Andrews, in 1817, when a new rector, a man of narrower views and more arbitrary spirit, was placed over the congregation, the Presbyterian portion of the flock grew restless, and said one to another 'Let us rise up and build.' The Rev. John Cassilis, the first minister of the Presbyterian church in Windsor, N. S., and at one time professor in King's College, grandfather of M. N. Cockburn, K. C., Judge of Probate for Charlotte County, came to St. Andrews a year or two before the death of Parson Andrews to take charge of the High School, which had just been established.

"Mr. Cassilis was a man of learning and culture and spiritual power, his sermons, some of which the writer has been privileged to examine, abundantly testify. It is quite evident that the presence of such a man in the place stimulated the Presbyterian population to undertake the work of building a church where they could worship God after the manner of their fathers.

CHRISTIAN SCIENCE SOCIETY Service Sunday, 11 a. m., Subject: TRUTH

Wednesday evening meeting at 8 o'clock, Reading room, Church edifice, corner Carleton and Peel streets. Open week days 8 to 5 p. m., except Saturday and legal holidays.

SEVENTH DAY ADVENTIST PARADISE HALL E. D. LAMONT, Pastor. Sabbath Services (Saturday). Sabbath School—2 p. m. Preaching—8 p. m. Prayer Service Tuesday, 8 p. m. Young People's Society Sunday, 8:15 p. m.

MARCONI TALKS OF WIRELESS "BEAM"

Inventor Describes Before London Scientists His Historic Test.

London, July 26.—The secrets of his mysterious yachting cruises were partially revealed to many famous scientists by Senator Marconi at the Royal Society of Arts when he described the results of his wireless "beam" experiments over long distance. For the first time he gave the full details of the historic telephone test from Poldhu to Sydney, Australia, on May 30, when a message was successfully despatched more than 12,000 miles.

After carrying out preliminary tests in Falmouth harbor, Senator Marconi, in his yacht Elettra, rounded Cape Finisterre, but the land did not affect the signals, which weakened during the day according to the distance and altitude of the sun, but were received at Seville (780 miles from Poldhu), although practically the whole of Spain, consisting of 300 miles of high and mountainous land, intervened between the sending and receiving stations.

Similar excellent results were obtained at Tangiers (840 miles) and at Casablanca (970 miles). The Elettra then went to Madeira, anchoring in an unfavorable position for wireless reception from England, being at the far end of the island and immediately under the mountains, which rise to 6,000 ft.

On May 17 tests were recommenced between Poldhu and the Elettra, but, although night signals were always extremely strong, it was considered desirable to carry out daylight tests in similar conditions.

"Rather to my surprise, I must admit," declared Mr. Marconi, "Ernest T. Fisk, the managing director of the Australian Co., reported to me by cable that he could receive the Poldhu transmission at his house in Sydney every day perfectly well. He also added that he had read every word that had been sent out and that the signals were better than those he had received from the high power station at Casmaron.

"These experiments with Australia were continued during May, consistently good results being obtained at two receiving stations situated near Sydney.

"It seems obvious, if we consider the position and altitude of the sun, that during the morning period the waves traveled from England to Australia, starting in a westerly direction, across the Atlantic and Pacific Oceans, along the longest route, which is approximately 12,210 nautical miles, whilst during the evening period they traveled in an easterly direction over Europe and Asia, along the shortest route, which is about 9,981 nautical miles.

"In Canada, at Montreal, reception was found to be possible for 16 hours out of the 24. These results were so encouraging that I was tempted to try a wireless telephony test to Australia.

"With rather experimental arrangements at Poldhu, intelligible speech was transmitted for the first time in history from England to Sydney on Friday, May 30, of this year.

Canada's Mineral Production, 1923 The Dominion Bureau of Statistics of Canada announces: The production of silver in Canada during 1923 amounted to 13,601,744 fine ounces which at the average New York price of 45.873 cents per fine ounce for the year was valued at \$12,067,509 as against 15,626,489 fine ounces valued at \$12,576,785 in 1922. While there was a decrease of less than one per cent. in quantity and about four per cent. in value, due to the lower price of silver in 1923, the production reported during the year 1922 included an adjustment of 1,222,450 fine ounces which was applied in order to take account of the silver bullion on hand at the end of 1921 that had not previously been included in the reports on the mineral production of Canada. On the basis, therefore, of actual yearly production, the records for the year 1923 showed a creditable increase in silver output.

During the war years chrome and molybdenite were produced in Canada in considerable quantities while manganese and tungsten were produced in less amounts, but since then the output of chrome and manganese has fallen off greatly, and molybdenite and tungsten have not been mined at all. Chrome is mined in the parish of Coleraine, Quebec province. The mill rock after primary dressing and secondary crushing is ground, screened and concentrated, and the resulting material which runs about 46 per cent. Cr2O3 is exported to the United States, where it is consumed in the iron and steel trade. The production during 1923 totalled 3,588 tons valued at \$22,650 as against 1,087 tons valued at \$19,566 in 1922.

The production of manganese reached its maximum during 1888 when 1,800 tons was produced. Of late years the production has never topped the 1,000-ton mark. During 1923, shipments of wad manganese amounting to 200 tons were made from New Brunswick deposits to Quebec province.

Production of molybdenite reached its highest point in 1918 when 34,650 tons of molybdenite concentrates valued at \$38,935 was shipped. There has been no production of this commodity in Canada since 1920, and no production of tungsten during the past six years.

ORDERS HOUSES CLOSED. The St. John Sub-district Board of Health has ordered two houses to be closed. The two are dwellings, one in Prince Edward street, and one in Erin street. The board's agents have been active in surveying the housing conditions in St. John, and during the last few months several buildings have been ordered closed as unfit for habitation. The board has also issued orders for the removal to the St. John County Hospital of two patients suffering from tuberculosis.

HEARING STILL GOES ON. The case of Hill vs. McHenry, an action arising over a cargo of lumber on board the schooner Ida B. Gibson, which sank at her berth at St. Martins more than a year ago, was continued in the Circuit Court before Mr. Justice Barry yesterday. The defendant's case had not been completed when court adjourned until Tuesday morning. C. F. Inches is appearing for the plaintiff and Dr. W. B. Wallace, K. C., for the defendant.

FEAST OF SAINT ANNE. Today, July 26, is the feast of St. Anne, Benediction of the Most Blessed Sacrament will be given in the Cathedral in the evening.

130 SAIL FOR BOSTON. The steamer Prince Arthur sailed last evening at 8 o'clock for Boston and carried about 130 passengers.

RETURNING FROM CAMP. It is expected now that on Tuesday next two boys and two girls will return from the Lady Byng camp and their places will be taken by four other children.

COLEMAN'S TRIAL BEGUN IN HALIFAX

Preliminary Examination of Charge of Murder of Comrade.

Halifax, N.S., July 25.—Gunner Geo. Coleman, of Royal Canadian Artillery, a native of Petersburg, N.B., appeared before Magistrate MacDonald in the County Court House here this afternoon for a preliminary hearing on the charge of having on July 17 murdered his comrade in arms Bombarier W. F. Groves at Connaught Battery, Halifax. Doctor's Evidence. At this afternoon's hearing Dr. Wiswell, of Camp Hill, described Groves' condition upon admission to the hospital as "hopeless." Chief of Police Palmer identified the confession as made by Coleman and said Coleman was under arrest when he made it. The hearing was adjourned until next Wednesday when it will be resumed at Connaught Battery to hear the testimony of Mrs. Groves, widow of Bombarier Groves, who has been very ill since the shooting of her husband.

WANT MAYNES FOR AMHERST SPORTS

The Amherst News has the following: "Athletes throughout the county should at once commence to train for the A. A. A. track and field sports to be held here on Labor Day, September 1st."

FIRPO MAY TRAIN FOR WILLS AT SPA

Site of Camp and Date Will be Announced Later.

New York, July 24—Luis Angel Firpo, the Argentine heavyweight, who is to meet Harry Wills for the right to meet Jack Dempsey in the next world's heavyweight championship match, engaged in a long conference with Tex Rickard after his arrival here.

Rickard also set at rest yesterday reports that Firpo was planning a short barnstorming tour in which he would engage in one or two easy matches. According to Rickard, Firpo has agreed not to engage any opponent until he steps into the ring with Wills, and this was confirmed by Firpo himself.

Tours the City. Aside from his conference with Rickard, which took place in the Garden, Firpo also spent an active day in the city in other quarters.

Fortunately for the Firpo party, the large form of George Godfrey, negro heavyweight, elbowed his way into the lobby at about the same time and diverted the attention of the crowd long enough to enable Firpo to find access to an elevator.

Firpo is still stopping at the home of his attorney, Hyman Bushe, 622 West 13th street, and probably will remain there until his camp site is definitely determined.

Ball Problems By Billy Evans

QUESTIONS. 1. Kindly give your opinion of this play as there is a 16-inning scoreless game depending on it. Left-hander at the bat, runner on second, when batsman hits line drive to the side of the pitcher on which he could make no play.

ANSWERS. 1. The happening is a break for the team at bat, on which the umpire is hit by a ball, on which no play has been made, the ball becomes dead, batsman is entitled to first and no runners can advance unless forced. The runner on second simply remains there and batsman goes to first.

WIN MATCH AND TOURNAMENT

The remaining set and a half of the tennis tournament between Renforth and Drury Cove, commenced two weeks ago today, was completed on the Drury Cove courts last night and was won by Renforth, which will also give Renforth the tournament by a score of 7-5.

RIVERSIDE GOLFERS GOING TO TOURNEY

Four members of the Riverside Golf and Country Club will participate in the Maritime golf championships to be held at Yarmouth next week. W. B. Tennant has already left for Nova Scotia and the others who are leaving today are W. K. Haley, A. Pierce, Paterson and De L. Dev. Chinnam.

C. P. R. BOYS WIN

The C. P. R. messengers defeated the Western Union messengers in a game of ball played on Cunningham's diamond, Mount Pleasant, last evening. The score was 10 to 3. The batteries were: For the winners, Turner, Paisley and Landers.

EARL SHEELY IS A STAR PLAYER

White Sox First Baseman Ranks With Game's Best Performers.

Chicago, July 25.—In Earl Sheely the White Sox boast one of the best first basemen in the American League. While not an all-round player of the Sister type, the big fellow nevertheless can handle his position aided with almost any of them. And that's saying a bit considering that chaps like the Browns' manager, Lu Blue, Joe Judge, Wally Pipp and so on inhabit the same circuit.

This is Sheely's fourth season in the majors. He joined the Sox in 1921 after the Gomiskey outfit had been practically ruined owing to the 1919 world series scandal. Sheely was obtained from the Salt Lake club of the Pacific Coast League, where a batting average of .371 in 1920 had attracted the scouts.

From the start the tall boy made good. And he has been improving ever since. Last season he hit .296 and fielded .992, ranking but a single point behind Joe Judge on the defensive. He was in 113 double plays and had more putouts and more assists than any other infielder in the league. Sheely was in 156 games, more than any other American League player participated in.

SAILORS FILL UP LOCAL SOCCER TEAM

One of the best soccer games of the season was the treat handed out last evening, when a crowd about ten times as great as any that has witnessed the previous games in the Soccer League, saw the St. Andrews and combined R. C. N. V. R. and Constance teams play a snappy and good game on the Barrack Green.

ME. SIKI' LEARNS HUBBY IS MARRIED

Years of Wedding as Landlord Ousts Her and Her Son.

Paris, July 26.—(Associated Press)—Ferdinand Amplier, the Dutch girl who came to Paris from Holland in 1921...

A few chairs in the garden, a pine table and a few blankets were left that remained today of the party...

The young woman has sought refuge in the home of another Senegalese fighter, Paul Hams, a heavyweight and champion of France...

Under French law Siki's marriage to an American woman is not valid. He may return here without being molested...

"This is a thing which I cannot believe about him," said the Dutch girl yesterday when she was told of the girl's marriage in New York...

Battling Siki Jr., her 2-year-old child with a tremendous chest development...

"When my papa, the champion, coming home?" he continued. "You know him. I want some chocolate."

"I have no certificate to show I ever married Louis," said the young woman...

The woman then told a despairing story of love that had failed, of unfulfilled promises, and of the flight from Holland against the advice of her staid uncle...

"I am Fall in those days, said Eddie, who was a 2nd-rate pugilist with the 'Jaws' hovering about the doors of the cheap hotels in which they were forced to put up...

"Battling" Siki and his bride, who as formerly Lillian Werner, attended a Carpenter-Tunney bout. The prizefighter was undisturbed...

At Ellis Island it was learned that Siki first came to this country on Sept. 1923, and was admitted as a visitor...

DEATH KNEEL OF OLYMPICS?

Disagreeable incidents which have marred the Olympic games are being deeply deplored by London newspapers...

"Miscellaneous turbulence, shameful dissensions, storms of abuse, free fights and the drowning of national anthems of friendly nations by shouting and booing," says the London Times...

"The right spirit of such sport was finely shown in the meeting at Stamford Bridge on Saturday between the athletes of the United States and the British Empire...

"As for the British attitude, our Paris correspondent says that no one is to be expected to see the Americans again appealing to the public to support the sending of a full team to another Olympic revival...

"This is a thing which I cannot believe about him," said the Dutch girl yesterday when she was told of the girl's marriage in New York...

"When my papa, the champion, coming home?" he continued. "You know him. I want some chocolate."

"I have no certificate to show I ever married Louis," said the young woman...

The woman then told a despairing story of love that had failed, of unfulfilled promises, and of the flight from Holland against the advice of her staid uncle...

"I am Fall in those days, said Eddie, who was a 2nd-rate pugilist with the 'Jaws' hovering about the doors of the cheap hotels in which they were forced to put up...

HAGEN SEEKS CANADIAN TITLE

Has Won American, British and French Titles—Wants Another.

Walter Hagen is going after the Canadian championship next month at the Mount Bruno Country Club, Montreal. This is the only open championship of consequence the American home bred hasn't won.

The American, the British and the French open titles have fallen to him. Now he plans an onslaught on the Canadian, and if he is anywhere near his usual form, he will be hard to beat.

Incidentally, Hagen will not be the only American star to compete in the Montreal classic. Joe Kirkwood and Leo Diegel have entered and it is expected Cyril Walker, the new champion of the British and American titles after having been tried here in the same form, will more than counterbalance the loss.

"It is, however, not a question of individual nations but more than that of particular incidents. The fact is that it has once more been demonstrated with dreadful clearness that the games aggravate international bitterness instead of soothing them. It is useless to attempt to create a brotherhood of sport which will result in the improvement of political relationships, so long as these political relationships are permitted, from the outset, to embitter and demoralize the sport."

"This is a thing which I cannot believe about him," said the Dutch girl yesterday when she was told of the girl's marriage in New York...

"When my papa, the champion, coming home?" he continued. "You know him. I want some chocolate."

The woman then told a despairing story of love that had failed, of unfulfilled promises, and of the flight from Holland against the advice of her staid uncle...

Olympic Heroes

PAAVO NURMI By FRANK GETTY (United Press Staff Correspondent)

New York, July 26.—Through the welter of dazzling performances, crashing records, intense heat and bitter rivalries that characterized the Olympic Games of 1924, one dominant figure stood out above all the others—cool, unassuming, winner of four first places, a victor in every race in which he started.

The little Finn, diminutive distance runner from the northland, is the greatest record, when endurance, adaptability and overwhelming superiority in his many events are taken into consideration.

Nurmi ran every thing from a mile to six and a half miles, and was never beaten, never seriously threatened. He finished first in the 1,500 metres, the 3,000 metres team race, the 5,000 metres and the 10,000 metres cross-country.

When they went to the mark for the 5,000, Ritola set out to make a race of it with Nurmi. The latter could have loafed along and won the race had it not been for his persistent teammate, who drove him every inch of the way to a close finish in new Olympic record time.

Nurmi's victory in the team race was achieved as he ran for most of the distance looking over his shoulder, coaching two of his team-mates, including Ritola, in to finish second and third behind him.

In the 10,000 metres cross-country run, the wonderful little Finn roared tirelessly over broiling country roads at a pace that brought him in 800 yards ahead of the second man, who again was none other than Willie Ritola.

Nurmi is a running machine—nothing else. He is short of stature, strong, but not particularly robust. He has a shorter stride than most good distance men, but it fairly flies up the ground. He never seems to tire, nor to strain. He quickens his pace like a high-speed automobile moving up as the gears slow smoothly into high.

The Finn is a student of the art of running. He knows his limitations; though no other distance runner of his age has been able to test them. He knows just how far he should be in a race after so many seconds have elapsed; and just when to let out a notch; how fast he should be going at the half-way mark, etc. It is as though he were an automaton, regulated by someone apart from the race.

To accomplish this regulation, Nurmi carries a stop-watch with him in his right hand. He glances at it frequently, making mental notes as to the distance, and deliberately speeds up or slows down accordingly, without so much as a look at his opponents. He feels supremely confident that a certain time will be fast enough to win; he sets out to make that time, without worrying about what the others are doing. There was a something ludicrous in

"This is a thing which I cannot believe about him," said the Dutch girl yesterday when she was told of the girl's marriage in New York...

Blanch Sweet

Ray Watson's gallant attempt to "run the Finn off his legs" and let the other Americans score. Nurmi didn't pay any attention to Watson, but before the race was half over was going so fast anyway that the plucky Illinois A. C. runner was exhausted and had to fall back, while Nurmi went on to win as he pleased.

The woman then told a despairing story of love that had failed, of unfulfilled promises, and of the flight from Holland against the advice of her staid uncle...

GRIMLEY TO TORONTO

(Amherst News.) Hector Grimley, local athlete, left yesterday for Toronto, where he has been offered a lucrative position. Mr. Grimley received a wire from "Het" Stuart, offering him the job and intimating at the same time that there would be a good opportunity for him to have a try-out, as a regular recruit upon one of the Upper Canadian teams. Most of the teams are rounding up material at the present time, and Grimley has been listed as a promising candidate. Working with and against fast opponents, Grimley should develop into a splendid hockey player.

The woman then told a despairing story of love that had failed, of unfulfilled promises, and of the flight from Holland against the advice of her staid uncle...

IS GOOD SEASON ON PLAYGROUNDS

Superintendent Speaks of What is Being Done—Inspection Wednesday.

"A better attendance than ever this year at the majority of the playgrounds" was the announcement of Miss E. L. Heffer, superintendent of the playgrounds, yesterday.

Next Wednesday will be visiting day at all the grounds and members of the Playgrounds Association will assemble at the Imperial Theatre in the afternoon and make a tour of the six grounds in automobiles.

There have been a few more slight accidents this season at the various playgrounds but this increase was accounted for largely, Miss Heffer said, by the upset condition of the wet side grounds.

Miss Heffer visits every playground two or three times a week and keeps closely in touch with the work of her supervisors. Owing to the fact that the grant this year was \$500 less than usual the season would have to be shortened to seven weeks, she said, and there were not so many assistants to look after the work at each ground.

For the boys Edward Dalton has organized a series of baseball games between the various playgrounds and it has been decided to have a play-off at the end of the season between the two teams with the highest average. A prize has been offered for the winning team.

The west side grounds, under the supervision of Miss Matie Hamilton, is the largest one in the city as an average of 200 children attend it daily. The East End grounds, under direction of Miss Beatrice Mooney are probably the next in size. The supervisors at the other grounds are: Aileen, Miss E. Kelly; Centennial, Miss Ethel Hawkins; Alexandra, Miss Katherine O'Neill; and King George, Miss Alice Dever.

On rainy days the girls are taught millinery, crocheting, knitting, embroidery and plain sewing. Unfortunately there is nothing provided to teach the boys when weather conditions prevent use of the various outdoor attractions.

Taking the work as a whole Miss Heffer thought that the record for the season at the various grounds would be close to last year's standard in spite of the handicaps from the smaller grant. She hoped, however, that the next council would see its way to award the year to award the former amount when considering the playgrounds question.

GRAND BAY LEADS IN C.P.R. SECTION

Title in C. N. R. Section at Stake in Tennis at Hampton.

The Suburban Tennis League schedule runs out today with matches at Westfield, Fair Vale and Hampton. The C. P. R. sectional title already has been decided in Grand Bay's favor. Pandemic plays Westfield today, but the result will have bearing only on second place. Grand Bay now is ready to meet the winner in the C. N. R. sectional.

The most important match of the C. N. R. sectional is scheduled at Hampton between Renforth and Hampton. A win for Renforth will clinch the C. N. R. title for them, while a defeat will tie up the league for another week and probably longer. By virtue of winning a postponed match last evening at Drury Cove, Renforth is leading with four wins and one defeat. Hampton stands three and one with one to be re-played with Drury Cove next Saturday. If Hampton wins today, the title cannot be decided until next Saturday's match between Hampton and Drury Cove, and in case Drury Cove won next Saturday, it would involve Renforth, Hampton and Drury Cove in a three-cornered tie. As so much depends on the Hampton-Renforth game today, keen interest has been aroused in the result.

Table with 4 columns: Team, Won, Lost, Points. Includes Renforth, Hampton, Drury Cove, Fair Vale, C. P. Section, Grand Bay, Westfield, Pandemic.

NO DANCE AT MILLIDGEVILLE TONIGHT. In this morning's Telegraph-Journal it was announced that there would be a dance of the Millidgeville Summer Club tonight. However this was an error and should have read Tuesday night.

Here We Are Again; Scarf This Time

In The Times-Star "Lost and Found" advertisements last evening was announced the loss of a large brown wool scarf, between King street east and Brookville. The finder was asked to return the article to 211 King street east, telephone Main 3732-11.

ALMANAC FOR ST. JOHN, JULY 26. High Tide... 7:47 High Tide... 8:14 Low Tide... 1:55 Sun Rises... 5:02 Sun Sets... 7:58

LOCAL NEWS

TO COSSAR FARM. The Cunard Line S. S. Ansonia, due at Quebec Saturday afternoon from Montreal, will have a party of 12 boys, coming to the Cossar Farm, Gagetown.

THREE ARE FINED. Three men who were arrested during the night on charges of drunkenness were fined \$5 or two months in jail by Magistrate Henderson in the police court this morning.

DINGLEY BRINGS 207. The Eastern Express liner Governor Dingley was expected to reach port about noon today from Boston via Eastport and Lubec with 207 passengers and a large general cargo. She will return to the Hub this evening and is expected to take away a fairly large passenger list.

STAFF ON OUTING. The annual outing of the staff of the Imperial Tobacco Company is being held this afternoon at Belyea's Point. The staff and their families will have supper on the beach, returning home this evening. A programme of sports has been arranged.

IN THE MARKET. Vegetables were very plentiful this morning in the local market and meats were also in abundance except lamb. Roast beef sold for 12c to 30c; lamb, 25c to 35c; veal, 10c to 30c; chicken, 45c to 60c; fowl, 35c to 40c; pork, 25c to 30c. In vegetables new peas sold for 75c a peck; beans, 75c a peck; carrots, beets and turnips, 10c; lettuce, 5c; well pleased celery, 10c. Herbs: a bunch; green house tomatoes, 35c per lb.

WILL AID CAMP. It is expected the funds of the Lady Byng camp for undernourished children will be swelled considerably after next week's evening, as a dance will be held on that date by the Fair Vale Outing Club for that purpose. A special programme of music will be arranged and the music will be provided by the "Black Cat" orchestra, who have donated their services.

SISTER LIVES HERE. Mr. and Mrs. G. A. Warman of Moncton, who were called to the serious illness of their daughter, Mrs. Wallace McKay, have returned home. Mrs. McKay, who before her marriage was Miss Grace Warman, passed away on Sunday. Besides her sorrowing husband and parents, she is survived by four sisters, Mrs. A. D. Dowell, Detroit, U. S. A.; Mrs. Helen Truro; Mrs. Carl Fraser, St. John; and Miss Pauline at the home in Moncton.

DEATHS ONLY EIGHT. The deaths this week were again below the normal rate for St. John, numbering only eight and making a total of fifteen for the last two weeks, which is really only about the normal rate for one week. The deaths this week were from the following causes: Senility, broncho-pneumonia, pulmonary tuberculosis, each two; chronic arthritis and carcinoma of the mouth, each one. There were twenty-four births, thirteen boys and eleven girls, and 13 marriages.

LOCAL SHIPPING MEN ARE KEENLY DISAPPOINTED

(Continued from page 1.) October, the period in which the doubled penalty will not be applied. Instead of being increased from 1 to 21-4 per cent at October 1, it will be at the last of the month. This applies to hulls and machinery, but the committee sees no reason why it should not apply as well to cargoes. Lloyd's and the London Institute of Underwriters subscribe to the report. Inquiry is progressing as to the hazards at Cape Race, the Straits of Belle Isle and the Bay of Fundy. The finding is not viewed satisfactorily here. It is considered that the discrimination ought to have been removed entirely and if it had been known that this was not to be done the proposal for state marine insurance would have been proceeded with during the session.

Better Arrangement Hoped. A Canadian Press despatch from Ottawa adds:

The report was agreed to by underwriter representatives on the assumption that all aids to navigation should not be removed on the British North Atlantic before October 31 and they desired the assurance of the Canadian Government on this point. "We have cabled immediately assuring them that all aids to navigation maintained by the Canadian Government on the coasts of Canada and Newfoundland would not be withdrawn before November 20 as has always been the custom," said Alex Johnson, Deputy Minister of Marine and Fisheries.

"We are hopeful that a more advantageous arrangement than this can be reached. While the concession is worth a good deal, in that it gives the entire month of October, which is an important month, without the application of the additional premium, we will not be satisfied with this and will continue to press for the total elimination of the discrimination practised against Canadian ports," said Mr. Johnson.

BUSY LAST HOURS MARK HOTEL DRIVE

Workers Out Again This Morning in Hope to Win.

Spurred on by the announcement yesterday afternoon that \$12,500 was still required to complete the amount necessary for the financing of the Admiral Beatty Hotel, the members of the citizens' committee started out this morning with renewed energy in an effort to clean up the amount needed. The time of going to press no report of the result of their attempts was available.

It was said at headquarters of the campaign this morning that the final, definite announcement would be made on Monday afternoon. At that time, the citizens will be told whether or not the full \$120,000 had been raised. It was felt by the committee that it would be indeed disappointing, having come within striking distance of their goal, to be defeated by a comparatively small figure. They have combed the highways and the ways in a concentrated effort to achieve success and all the anticlimax that will be very disheartening should the announcement on Monday throw all their work into the discard. It is just possible, they say, that there may still be a few who have not been approached, and these, if they would come forward might make up the needed amount. While the distance to go is short, it is the rockiest and roughest part of the journey. The hotel can be saved for St. John; what will the week-end bring?

IS PLEASED WITH GRAND FALLS WORK

Hon. Dr. Smith Reports on Visit to the Survey Parties.

Hon. Dr. E. A. Smith, chairman of the New Brunswick Electric Power Commission, who has just returned after a visit to the survey parties working at Grand Falls and the upper St. John river basin expressed himself well pleased with the progress made with the work and highly gratified with storage possibilities which had been brought to light. The investigation so far had shown that the potential storage was much greater than had been estimated and assured success for the Grand Falls development. Dr. Smith, accompanied by Hon. J. E. Michael and S. R. Weston, chief engineer, visited No. 1 survey party on the main river on Tuesday. This party is investigating a large artificial storage extending from a point about four miles from the mouth of the St. Francis river, about 30 miles up the St. John river, flowing up the Allegash branch and for about 25 miles up the Little Black river. The party made an 18 mile canoe trip on the Little Black river on this trip.

On Wednesday the St. Francis river parties were visited. These are now at work on the Glazier and Bow Lakes. This will be an international storage and the dam, about three miles from the mouth of the St. Francis, will raise the water in Glazier Lake about 50 feet and in the Bow Lake about 40 feet. The total flowage in this storage will be more than 30 miles long. Next week the party now at Grand Falls will move to Lake Temiscouata and investigate the storage possibilities there.

He said it would be two months yet before the survey parties would complete their work and the commission prepared data for or application to the Joint International Waterways Commission. The chairman said that the Jordan Memorial Sanatorium had signed a contract with the commission for current and this opened the way for the quelling of rates to the residents of Petticoat and Salisbury.

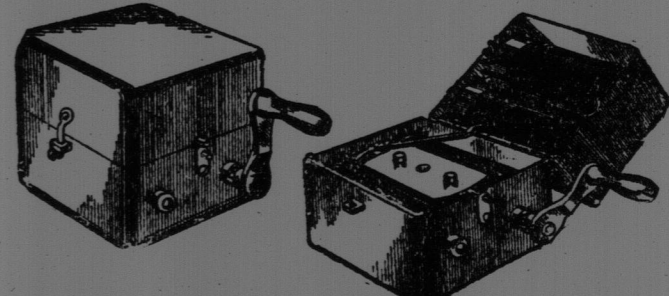

MARRIED TODAY.

This morning at 11:30 o'clock in the German street Baptist church Miss Gerda Arminel, daughter of Mr. and Mrs. F. E. Holman of this city, was united in marriage by Rev. Dr. S. S. Toole to Donald Delaney, son of Mr. and Mrs. Delacy Foster of Middleton, N. S. Both are graduates of Acadia, while the groom is also a graduate of Yale. Mr. Foster is employed in the research department of the Eastman Kodak Co. at Rochester. Following the ceremony Mr. and Mrs. Foster left for Grand Manan to spend two weeks at the summer residence of the bride's father. They will then tour the Annapolis Valley and visit Middleton before proceeding to their future home in Rochester.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "I am groggy this morning." "You haint got in the habit of stayin' out late agin—hev you?" queried Hiram. "On the contrary," said the reporter, "I was in bed as usual. I fell asleep—but was awakened and kept awake far into the night." "Nightmare?" asked Hiram. "No, no," said the reporter. "Conscience?" asked Hiram. "No," said the reporter. "Bugs?" asked Hiram. "Noise," said the reporter—"shouts—arguments—a perfect babel in the street. I thought it would never end. And that is why I am groggy this morning." "The other fellers," said Hiram, "was groggy last night—what?" "Alas! Yes," said the reporter. "Well, well," said Hiram, "Beats all how full some folks kin git on soddy water—don't it?"
