

IT MAY MEAN MUCH TO WORLD

Briand and Lloyd George at Cannes.

Hoped to Make it Final Meeting of Supreme Council—Now Talk of Alliance of France and England.

(Canadian Press Cable) Cannes, France, Jan. 4.—Premier Briand and M. Louchet, at the head of the French delegation to the Allied supreme council, arrived here at ten o'clock this morning, and received an enthusiastic welcome.

M. Briand proceeded to the Carlton Hotel, and will probably hold the first of his series of preliminary conversations with Lloyd George, secretary of state for foreign affairs, also arrived this morning.

The British and French premiers today began to lay out the programme of the Allied supreme council which will convene here on Friday.

Mr. Lloyd George intends that this shall be the last meeting of the supreme council if there is any way of bringing pending questions to a point where they can thereafter be dealt with by the ambassadors of the allied powers. Since arrival here the British has been preparing himself for a strenuous week of work during which he is going to try to raise the discussion above all individual differences between the members of the Entente and apply a remedy from which all Europe will derive benefit and profit.

M. Briand is understood also to favor adoption of a broad understanding as to what is needed to save the situation and then to let the work proceed through regular diplomatic channels, details as to the application of the terms being left to the council of ambassadors. The train that brought Mr. Briand also carried copies of the newspapers containing the French premier's declaration regarding an alliance between France and England, quoting him as declaring it the best solution of the European problem.

DIXON—On Dec. 31, 1921, at Hammond River, N. B., Sarah A. Dixon, aged 87 years.

IN MEMORIAM

HARGROVE—In loving memory of Alice Hargrove, who departed this life January 4, 1919. You're not forgotten, Alice, dear, Or never shall you be. At long as life and memory lasts, We will remember thee.

FATHER, MOTHER, SISTERS AND BROTHERS. NODWELL—In loving memory of Mary Nodwell, who departed this life on Jan. 1, 1920. Call not back the dear departed, Anchored safe where storms are o'er, On the border land we left her, Soon to meet and part no more.

MOTHER AND BROTHERS. MARSHALL—In loving memory of Catherine Isabel Marshall, beloved wife of George H. Marshall, who departed this life Jan. 4, 1919. Three years have passed but still we miss her, Friends may think the wound is healed But little do they know the sorrow That lies within the heart concealed.

We loved her, yes we loved her, But Jesus loved her best, And sent a shining angel To take her home to rest. HUSBAND, FAMILY, SISTERS AND BROTHERS.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

HOLD YOUR HORSES TONIGHT

Tom Moore in his latest and best comedy drama, "Hold Your Horses," at the Star Theatre tonight. A Goodwin production, followed comedy and Pathé News also.

THE SHEIK BEING CONTINUED TODAY

The splendid Paramount presentation of Edith M. Hall's novel "The Sheik" will be continued at the Imperial today at the usual hours—2, 8:45, 7 and 8:45. Large business greeted the picture yesterday. It is one of the big films of the year and its popularity here is only indicative of its success elsewhere. A special extra today Buster Keaton will be seen in his latest two-reel feature, "The Haunted House."

HON. MR. KING WILL LIKELY BE AWAY FOR WEEK

Ottawa, Jan. 4.—(Canadian Press)—It is unlikely that Premier King will return to Ottawa for another week. The journey from Ottawa to Denver, where the premier has gone to visit his stock brother, Dr. Macdougall King, takes a couple of days and Mr. King will probably remain in Denver for at least a day or two.

W. S. Fielding is setting premier. Winnipeg, Jan. 4.—Conservative details surrounded the departure of E. J. McMurray, Liberal member-elect for North Winnipeg for Ottawa yesterday. Although members of his legal firm professed ignorance of the purpose of Mr. McMurray's visit to Ottawa, it is believed in political circles here that he has been called to the capital by the premier to receive an offer of the Under-Secretaryship of the Department of the Interior. Other reports have it that he is to be groomed in the Department of Labor, but the argument advanced here that he would be more useful in the Department of the Interior, owing to the immense amount of immigration work involved.

Regina, Sask., Jan. 4.—Every indication points to Hon. W. B. Moherver's new federal minister of agriculture, being returned by acclamation by the Regina constituency on Jan. 19. An informal Conservative convention in Ottawa about one week before parliament opens is forecast by H. H. Stevens, member elect of parliament for Vancouver Centre.

LOCAL NEWS

TO HALIFAX TONIGHT. A. W. Corey, president of the Maritime Branch of the A. L. C. O., will leave tonight for Halifax to arrange for an investigation into charges made against thirteen Nova Scotia athletes.

WINS QUILT. Mrs. C. E. Murray, 211 Watson street, W. E., holder of ticket No. 607, was the winner of a fancy quilt in a drawing held by Roxborough Lodge, O. O. B., on Monday in the Empress Theatre. The proceeds are for the Memorial Home in Wright street.

MORE APPLY. Twenty-two names were added to the list at the St. John Registration and Employment Office this morning bringing the total number registered up to 116. Of this total, twelve are women, two more women applying for work this morning. There were unfortunately no positions filled this morning.

MRS. LYDIA PARKS. The death of Mrs. Lydia Parks, widow of David Parks, formerly of Lower Millstream, occurred at her home, 148 Sydney street, at noon today. She was in her sixty-fourth year and had been ill for only a short time. She is survived by one daughter, Miss Annie, at home. She was a member of St. David's church. The funeral will be held tomorrow morning and the body will be taken to Sussex on the noon train on Friday.

Rev. Alexander White, who died in Renfrew, Ont., yesterday, was formerly pastor of Maltry street Baptist church. He was born in Ireland and after coming to this country was educated at McMaster University, Toronto, where his graduation he had one or two pastorate before being appointed to Main street church in Renfrew, Ont. He was succeeded by Rev. H. H. Rowch, who died one year later, and was succeeded by Rev. David Hutchinson, D. D. Rev. Mr. White is survived by his wife.

SCHOONER RELEASED. The schooner King Daniel, which was seized at Five Fathom Hole, Musquash, some time ago by customs officials for alleged violation of the customs regulations, and which has been under guard at Rodney Slip since that time, was released yesterday as the captain and the owner paid the penalty for the offense. The schooner is now lying in Market Slip. An automobile, owned by Pope D. McKinnon, which was seized with a load of liquor some time ago, and which was held by the customs authorities, is still in their hands.

MISS SARAH DIXON. Many residents of Hammond River and the country surrounding will regret deeply to learn of the death of Miss Sarah A. Dixon, of Hammond River, at the age of eighty-seven years, which occurred on Saturday, December 31, after a short illness. She was a daughter of the late Thomas Dixon and a granddaughter of the late Isaac Ferry of Ferry's Point. The only immediate relatives are nephews and nieces residing in near Philadelphia. Miss Dixon lived all her life in the house in which she died. She was greatly respected and esteemed by all who came in contact with her. The funeral was held on Tuesday and interment was in the family lot in the church burying ground at Kingston after a service conducted by the Church of England clergyman.

DETROIT UNIT TOOK A TRIP POINT DROP. Montreal, Jan. 4.—(12:30)—A three-trip unit of the Detroit and Montreal Railway featured the close of the market here. This issue sold at 73 yesterday and closed at 73 this morning. Stock of Canada did not rally and its last sale was at 37 1/2. Nothing else of much importance occurred, and the banks were quiet.

Ottawa, Jan. 4.—(Canadian Press)—John Rustidge, who was sentenced to death for the murder of his wife and four children by Justice Hyndman at Red Deer, Alberta, will serve a life term of imprisonment instead. Commutation followed examination of his mental condition.

BOIS DEVEBER RETIRES

Bois DeVeber, banker for thirty-one years and resident of New Glasgow and manager of the Bank of Commerce and the Bank of Nova Scotia, has retired from active service on superannuation. Mr. DeVeber has been 68 years of age. He has been in the present employ and seven years in a private banking house in St. John as a young man. He has been a resident of New Glasgow in the highest terms. His popularity has been, and is something that any man might envy, and was won by his genuine kindness and courtesy. Everybody likes DeVeber, and we are glad that in resting from regular daily routine of bank work he will continue to reside here. He will devote himself to his spending a real summer free from his customary cares.

The estate of the Canadian Bank of Commerce here, Mr. DeVeber, was succeeded by Mr. Fred Tanner, formerly of Halifax, and son of Hon. Sir John A. MacNeill, and was won by Mr. DeVeber. The building of the cost \$85,000, and the sale of the schooner Mary A. Hall was said to have netted \$28,000 which with \$47,000 borrowed from the Provincial Bank went towards the building of the new vessel. The examination of Mr. McIntyre was not completed this morning.

Dr. F. R. Taylor, K. C., appeared for the trustee, J. A. Ralston of Halifax, and K. A. Wilson for some of the creditors. The compromise offered, W. M. Ryan for the Provincial Bank, and J. M. Ryan for the Bank of Commerce, and W. H. Harrison for Mr. McIntyre, Allan McIntyre and James Lewis.

The court adjourned until this afternoon.

P. MCINTYRE CASE

The estate was continued this morning in the Bankruptcy Court before the registrar, Francis Kerr. The examination of Mr. McIntyre was continued and his business dealings were enquired into to a considerable extent. Questions on direct examination were submitted to his creditors last year, one in September which represented his assets as follows: \$20,000, and one in November when his assets were shown to be \$88,000. The building of the cost \$85,000, and the sale of the schooner Mary A. Hall was said to have netted \$28,000 which with \$47,000 borrowed from the Provincial Bank went towards the building of the new vessel. The examination of Mr. McIntyre was not completed this morning.

Dr. F. R. Taylor, K. C., appeared for the trustee, J. A. Ralston of Halifax, and K. A. Wilson for some of the creditors. The compromise offered, W. M. Ryan for the Provincial Bank, and J. M. Ryan for the Bank of Commerce, and W. H. Harrison for Mr. McIntyre, Allan McIntyre and James Lewis.

The court adjourned until this afternoon.

DETROIT UNIT TOOK A TRIP POINT DROP

Montreal, Jan. 4.—(12:30)—A three-trip unit of the Detroit and Montreal Railway featured the close of the market here. This issue sold at 73 yesterday and closed at 73 this morning. JOE MOORE TO BE IN CONTESTS HERE

International Champion wires Entry—Boy Champion to Race Tebo and Other Locals.

Over the wires this morning came great news for St. John ice skating enthusiasts in the form of a telegram from Joe Moore, international skating champion, saying that he would compete in the speed skating in the coming Canadian skating championships, which are to be held on Lily Lake of January 18 and 19, under the auspices of the Y. M. C. I.

The wire was received by D. J. Corr, who has been corresponding with all of the leading skaters and associations in America. Although Mr. Corr has been in touch with the great speed skater of New York for some time there was doubt whether or not he would participate in the big Canadian classic and it was not until after his recent competition at Newburg, N. Y. that the champion finally made up his mind to enter.

This entry assures the executive in charge of the meet that it will be one of the biggest skating events ever held in Canada. Now that the international champion has fallen into line entries from other stars, who are anxious to compete against him, are expected daily.

Another entry received this morning was that of Raymond Murray, the ten year old boy champion from New York. This news will also be hailed with delight as it will make possible some competition between young Tebo and other local juvenile skaters, who are showing such remarkable ability on the tubes.

YEAR'S RECORD IN COMBATTING RUM RUNNERS

Rouse's Point Officials Seized
117 Autos, 18 Other Rigs
and Some 2,000 Cases of
Liquor.

Rouse's Point, N. Y., Jan. 4.—Seizure of 117 liquor laden automobiles, eighteen horses and rigs, in which intoxicants had been found, and confiscation of approximately 2,000 cases of liquor, comprising all kinds, marked the efforts of U. S. customs officers working out of this town, in their attempt to break up the illegal liquor traffic from Canada to this state during 1921. The automobiles seized comprised almost every make of car.

Fistful battles between bootleggers and officials occurred frequently during the year. It was said by the customs men. The officers are on duty night and day, and, according to their own stories, have "quite a little trouble," such as having their cars damaged by bootleggers running into them, and being shot at from a distance.

"Fortunately," said one official, "none of us has been seriously injured. Most if not all of the bootleggers carry automatic revolvers."

Another officer said some of the persons discovered with liquor in their possessions are "meek" and "give up when held up, without a struggle." It also was said that all sorts of schemes are employed by rum-runners in an attempt to bring liquor from Canada into this state on trains. Officials said that during the year they found and seized liquor secreted under mattresses, under seats, in linen closets and every conceivable place.

THREE BIG SCREEN STARS TODAY AT THE OPERA HOUSE

The mid-week programme which opens at the Opera House today is by far the best seen thus far at this popular amusement centre. An enthralling picture as has been seen in a long time is "Enchanted Seas," a Metro special, featuring Alice Lake and Rudolph Valentino (star in "The Sheik").

The marvelous combination of a gripping story from the pen of John Fleming Wilson, known the world over as a short story writer, and the supreme acting of the stars, Miss Lake and Rudolph Valentino, is enough to insure an evening of unequalled pleasure and thrills to all that see it.

Another big feature on the programme is Harold Lloyd, the screen's greatest comedian, in one of his best laugh-producers, "All Aboard." The usual small prices will prevail during this extraordinary engagement.

INVENTOR SAYS HE CAN DEVELOP NATURAL COLORS BY PHOTOGRAPHY.

(New York Times.)

The Italian liner Dante Alighieri arrived yesterday with 900 passengers from Naples and Genoa after a stormy passage from Gibraltar to Sandy Hook. It blew so hard and so continuously, the officers said, that the sea gulls could not fly against it, and had frequently to rest on top of the waves.

Alfred Giovanni, one of the first cabin passengers, said that he had perfected a method of taking still photographs to develop their natural colors, and was going to Washington to see the Italian Ambassador in order to commercialize his invention.

Toronto, Jan. 4.—An increase in the prices of Scotch and Irish whiskies at the Ontario Government dispensaries is announced effective on January 9. It is also probable that the prices of Canadian whiskies will be increased, as the distillers have advised that they will charge more to the dispensaries.

POLICE COURT.

Yesterday in the police court Ernest Wilson pleaded not guilty to a charge of illegally having liquor in his possession. Inspector Henderson told of finding a bottle of liquor containing 11.2 per cent. of proof spirit by weight in the office of the accused at 111 Garmarthen street. He said he had warned the defendant that if he didn't open the shop they would get a search warrant and break into it. Inspector Killen corroborated this evidence. A postponement was granted the accused so he could examine carefully several sections of the act. W. M. Ryan appeared for the prosecution. In the afternoon session of the case against Ernest Northrup, charged with the theft of clothes from Murray Jarvis' office at 74 Prince William street, Detective Biddiscombe gave evidence. He told of searching the house of the accused and finding an overcoat and a blue suit, identified by Mr. Jarvis, and of the accused's brother bringing a black suit, also identified, to him at the station. The case was postponed until this morning for further evidence. W. M. Ryan appeared for the defence.

The case against George Banks, charged with assaulting Harry Holt, was allowed to drop when the men shook hands and agreed to be friends. G. H. V. Belyea, K. C., appeared for Holt.

URGES MEMORIAL TO SIR BROOKE WATSON

Dr. Clarence J. Webster, of Shelburne, delighted and interested a large audience in the Natural History rooms last evening, when he gave an illuminating account of the life of Sir Brooke Watson, the penniless one-legged boy who rose to be lord mayor of London, was the first agent of New Brunswick in England, and the best friend the province had in its formative days and in whose honor Brooke's ward, in Carleton, was named. The lecture was the first in a series to be given under the auspices of the Natural History Society and the Art Club and W. F. Hatheway was the chairman for the meeting. In a short preliminary business session Miss Margaret Newcombe and Miss Lambert were elected members of the N. H. S. and William McIntosh, the secretary, exhibited some of the 104 donations received by that society recently.

Dr. Webster told of the honors which were bestowed on Sir Brooke Watson. He said that he thought it would be fitting if the citizens of St. John should place a memorial where Sir Brooke Watson lies buried.

JANUARY SALE

Annual Clearance of WINTER OVERCOATS

All kinds of Overcoats for Men and Young Men are included in this special sale. Some have belts all round; some with just belted backs—Raglans, Ulsters, Slip-ons and conservative styles for older men. Now is the time to select your winter Overcoat—the heat of the winter is to come.

Below is an idea of the price inducements to help us clear these Overcoats, but a glance at them will enable you to realize their real value. The reductions are liberal, 20 to 50 per cent.—and our customers know they are always genuine—off regular marked prices; original tickets are left on. A number of coats, "lonelies"—one of a line—are marked particularly low.

- \$18.50 for coats that were \$25.
- 30.00 for coats that were \$50.
- \$20.00 for your choice of coats that were \$35, \$37, \$40.
- 25.00 for your choice of coats that were \$35 to \$45.

UNITED STATES AND OTHERS

Dr. Henry A. E. Chandler, economist of the National Bank of Commerce, New York, devotes a strong article in Commerce Monthly to the need of foreign trade, as essential to the industrial progress of the United States.

It may appear the easiest way in our present dilemma to let international matters take their natural course and to concentrate upon the home market.

There is a group in the United States which would stangle foreign trade by a high tariff. It is a powerful group.

THE OTHER SIDE

We hear a good deal about "hothead" and the impossibility of enforcing prohibition in Canada or the United States.

A good deal of bitterness has been developed during the debate in the Irish parliament, and it is clear that a considerable number of the members are prepared to plunge the country into war.

LONDON'S UNDERGROUNDS

One Man Controls the Running of the Many Trains.

One of the cleverest people in London is the man who sits in a little cabin at Earlscourt Station and controls every train on the underground railways.

The Canadian people sympathize with Premier King in the sad mission that falls to him, it is feared, fatally.

City's Emergency Work for Unemployed Begun

It was announced at the common council meeting yesterday afternoon that the water and sewerage department would commence its programme of emergency work on Thursday morning. Commissioner Frink said his department began yesterday by taking on ten men, this number to be increased as need arose.

The report of the commissioner of harbours and ferries regarding the sale of harbor fishing privileges was read and adopted.

Overhead Crossing.

Notification was received from the Board of Railway Commissioners of Canada that the board would hear the city's application, in reference to the proposed overhead crossing in Douglas avenue, on Thursday, Jan. 19, at 10 o'clock in the forenoon. Commissioner Bullock advised that this hearing be delayed until the board hear and give decision on an appeal by local shipping interests in regard to the new cantilever bridge. Commissioners Frink and Thornton did not favor this, taking the stand that the city had made application and it was up to the city to present argument. Commissioner Thornton said that, at the present time, the C. P. R. had two crossings over Douglas avenue and they had no authority for two. If they did not intend to operate the old bridge, the C. P. R. should tear up the tracks, said Commissioner Thornton. The mayor said he had seen the city solicitor regarding the hearing of the overhead application and both would be present at the meeting.

A communication was received from the D. F. Brown Paper Box Company, Ltd., contending that they had been over-billed by the harbor master in connection with unloading freight cars in Water street and requesting an opportunity to appear before the council and explain. The clerk was instructed to notify the company that hearing would be given at Thursday's meeting.

Permanent Fire Force.

Commissioner Thornton brought up the matter of a permanent fire department.

He said that the underwriters had been urging adoption of this plan for several years. The force was doing fine work, said Commissioner Thornton. In 1920, he said, the fire loss was \$80,000 and during the year just closed it was \$110,000. These figures showed tremendous improvement over earlier years when the loss amounted to three-quarters of a million dollars. As this was a matter to be argued when estimates were considered, he said he would not go into very much detail. He proposed, however, to create a permanent force in the heart of the city by doing away with about forty call men and appointing sixteen permanent men, at a salary of \$1,200 per annum, at least.

The public safety commissioner outlined several changes he contemplated in regard to the placing of the apparatus. He intended to shift the No. 1 engine from No. 8 station, Union street, to No. 1, book and ladder, King street east, and remove the horse-drawn hose-wagon, now in No. 1 to No. 8. He submitted a motion authorizing him to call for competitive bids to install a heating apparatus in No. 1 book and ladder station, the cost to be met by bond issue. This was carried.

Commissioner Jones read a letter from the Canada Lockjoint Pipe Company, asking for a release of one-half of their contract deposit. This was referred to the mayor and city solicitor for a report.

Mayor Schofield announced that the wood-cutting camp at Musquash had cut 165 1/2 cords since its inception. If more snow would fall, they could have most of it out. Several car loads had been sold, he said. There was room for six or eight men to go to work at the camp.

The meeting concluded, Commissioner Thornton made a happy speech, in which he voiced his appreciation for courtesies extended to him during the last year by other members of the council and said he hoped that the same good feeling would exist throughout the new year. This called forth similar expressions of goodwill from the other commissioners.

URGES NEED FOR MOTHERS' PENSIONS

The W. C. T. U., at its meeting yesterday, observed the dominion day of prayer and the evangelistic superintendent, Mrs. Mary Seymour, led the opening devotional session.

Rev. H. A. Goodwin, secretary for social service and evangelism, was the speaker of the afternoon and he paid high tribute to the work of the W. C. T. U. He said that the greatest work was accomplished by the devotion of a few, and not by the labors of the many. He spoke of the Maritime Home for girls at Truro and of the proposed Maritime Home for women, which is to be situated near Moncton, on a 200 acre farm. Mr. Goodwin laid stress on the need for mothers' pensions in New Brunswick and compared the progress made by other provinces in this advanced legislation. He cited some special cases in which grateful letters had been received from the pensioned mothers. Touching upon conditions in the homes in this province, he said slum dwellings were to be found in the country as well as in the town, and he looked towards the time when all of the homes would be Christian homes.

A hearty vote of thanks was extended to Mr. Goodwin. When he had withdrawn, Mrs. David Hipwell, the president, took the chair and led the devotions. Mrs. Seymour reported on having

needy mother and her five children as guests at her home at Christmas time, and said that Christmas had been made many times more happy for both guests and hosts. Mrs. George Colwell, Mrs. W. H. Humphrey and Mrs. Hennigar reported on dispensing Christmas cheer. Miss Alice Rising was the pianist and Mrs. James I. Davis was welcomed as a guest at the meeting. When resident in St. John she was an active member of the W. C. T. U. Mrs. Clara Fullerton, president of the Carleton Union, and other visitors also were warmly greeted.

The meeting closed with the Misaph Benediction.

\$12 NOT LIVING WAGE.

Boston, Jan. 3.—The Massachusetts Minimum Wage Commission declares that a girl can live on seventy-eight cents a day, can clothe herself, pay rent, board, car-fare, laundry and other bills on a \$12 per week income. Three prominent Boston women, social workers doubted it to the extent of putting it to a personal test. They brewed soups under the strain. The women are Miss Amy Woods, director of surveys for the Minimum Wage Commission; Miss Grace Colwell, director of the New England centre for day nurseries, and Miss Cora Frances Stoddard, of the Scientific Temperance Federation.

These three women are all in responsible positions. Each has wisdom and discretion in planning balanced meals, meals that would combine proper ingredients necessary to maintain health. Each broke down under the strain. Not one was able to carry the experiment to a successful termination.

"You can exist, but you cannot live," they say.

I. O. D. E. CHAPTERS MET LAST NIGHT

The Royal Standard chapter of the Imperial Order of the Daughters of the Empire met last night at the residence of Mrs. C. E. Allan, in Sydney street, with the regent, Mrs. J. Pope Barnes, presiding. The business transacted was mostly of a routine nature. Many letters were received acknowledging the contributions made at Christmas time. An appeal was made for warm underclothing for the relief work at the St. John Red Cross Society and it was said that in some of the cases where the assistance of the society has been asked for the men have been suffering keenly from lack of warm clothing. The appeal was met with sympathy and some supplies were promised.

Brunswick Chapter.

Brunswick chapter of the I. O. D. E. met yesterday afternoon at the residence of Mrs. H. Mont Jones in Lancaster avenue with the regent, Mrs. W. I. Fenton, presiding. Nomination papers for the next year's officers were posted. It was decided that the chapter should join with the other chapters in answering an appeal from a returned soldier. The relief committee reported that from the Last-We-Forget fund assistance in fuel and clothing had been given to three families and six Christmas baskets had been provided for needy families. Mrs. E. Cairns and Mrs. Norman McLeod acted as joint hostesses with Mrs. Mont Jones in serving refreshments.

Loyalist Chapter.

The Loyalist chapter, I. O. D. E., last night heard of much good accomplished and planned for future activities. An additional sum of \$30 was voted to "adopt" a second baby receiving milk from the local council of women's milk fund. The meeting was held at the residence of Mrs. L. M. Caldwell, in Mecklenburg street, with the regent, Mrs. Heber Vroom, presiding.

The educational secretary gave an interesting review of the principal events of the year 1921 and gratification was expressed that Miss Margaret Hamilton, of the St. John High school, as the winner of the Navy League essay prize. Reports of the municipal and provincial chapter meetings were read and magazines were received from the soldiers wives in Carleton and Victoria counties, to whom the chapter sends magazines regularly. Attention was drawn to the fact that in the last number of Echoes, St. John was omitted from a list of the ports of Canada and it was decided to take up the matter with the editors.

The chapter voted to have Miss Lang, the national education secretary, visit St. John. Reports were given of relief provided for a needy case and seven Christmas baskets containing food, clothing and toys and costing \$80, having been sent to the soldiers' families. Money was voted to purchase a gramophone for the nurses' home of the East St. John hospital and the purchase for two soldiers' dependants was also voted.

A Chinese girl wrote to thank the chapter for relief sent her family and her mother and she sent some Chinese hand-work which the chapter sends magazines to the makers. Mrs. Hutton was elected an honorary member of the chapter.

DIOCESAN W. A. OF CHURCH OF ENGLAND

The new scheme for Dorcas sales, which provides for many being sent instead of boots in the outfits for children in Indian schools, was explained at the meeting of the Fredericton diocesan W. A., held yesterday afternoon in the schoolroom of St. John's (Stone) church with the president, Mrs. George F. Smith, in the chair and Mrs. Thomas Walker, honorary president, and Miss Clara Schofield, corresponding secretary, supporting Mrs. Smith on the platform. Rev. A. L. Fleming, rector of Stone church, had the opening devotions.

Miss Clara Schofield reported Mrs. H. H. Seely of Woodstock had been made a life member. In the absence of Mrs. G. C. P. Mylntyre, the treasurer, her report was read by Miss Portia MacIntyre and it told of receipts of \$389.96; expenses, \$321.90, and a balance on hand amounting to \$77.10.

Mrs. John Hey, as Dorcas secretary, reported that nine branches had sent Christmas boxes to the mission parishes in the diocese and that seven branches had contributed to the boxes sent out from the Church of England Institute. Each year more boxes and better gifts were sent. St. Jude's branch had sent a large bale and a complete outfit to Charleaux school and Hampton branch had sent a bale and complete outfit to Union Lake school.

Mrs. Hey read a communication from the dominion Dorcas secretary who told of the receipt of the gift of \$50 for the year from the Fish Lake mission and of Miss Peter's appreciation of the gift of caps and gowns for the nurses and doctors in her mission hospital, which had been sent by Trinity church girls' guild. The M. S. C. C. requested that all outfits should be complete when sent and that no boots be sent but that \$10 should be included in the boxes for each outfit. It had been arranged that boots and rubbers should be purchased from the manufacturers, assuring at once cleanliness and suitability. The sum of \$10

would provide three pairs of boots and rubbers for each child outfitted. The general meeting of Dorcas secretaries had pledged \$5,500 to buy boots as there were at present 517 children in the adopted and individual and branches had endowed days making their gift a perpetual memorial.

Mrs. James F. Robertson read an appreciation of Miss Florence MacNaughton's voluntary work as a nurse in Kangaroo missions which had been declared worth as much as two regiments to the government of India.

The meeting closed with devotions.

RETURNS \$200 TO BOARD OF HEALTH

School Health Inspector For Parish of Simonds Says He Did Not Earn It

The outstanding feature of the routine meeting of the board of health yesterday afternoon was the return of a check for \$200 by Dr. J. R. Nalven...

It was disclosed by the report of Dr. Mabel Hanington, medical inspector of schools for the city, that during a recent few cases of chickenpox the health situation among the eight thousand scholars is quite clear and satisfactory.

Miss S. E. Brophy, nurse for the St. John Society for the Prevention of Tuberculosis, made her usual monthly statement which showed that there are 208 regular patients enrolled...

Dr. H. Fred Johnston, dairy, food and slaughter house inspector, gave figures relative to visits to milk producing farms in the country and of the drastic measures now in process of enforcement...

During the month of December there were sixty deaths in the parish of St. John sixteen of diphtheria, fourteen of scarlet fever, one of typhoid, eight of chickenpox and ten of tuberculosis.

The Royal Sanitary Institute of Great Britain, through the mayor and civic council, sent an invitation for health board officials to attend their great congress next summer.

Two wells in a residential location, West Side, about which there has been some neighborhood contention, were ordered placarded with official notices of a warning character.

Those present were John Kelly, chairman; Mrs. R. J. Hooper, W. H. Golding, Dr. William Warwick and the secretary, T. M. Burns.

**BIG FIELD FOR
CANADIAN TRADE**

**Demand in Japan if Canadian
Lumber Want to Meet It.**

**Japanese very Active—Thous-
ands of Smokestacks Belch-
ing in Cities and People
are Adopting European
Methods.**

Victoria, Jan. 4.—If Canada wishes to supply the great and growing market in the Orient for lumber, wheat and flour from this continent, Canadians will have to go over after it. This is especially true regarding Japan. There is no doubt

about that, says Mr. J. F. Hann, British Columbia lumberman, who has just returned to Canada after four months in Japan, most of the time in Osaka, which with Kobe, is the industrial centre of the Nippon Islands.

"What business has been done so far has been brought about by enterprising Japanese lumbermen who have come over here," declared Mr. Hann. "But thousands and millions of feet of lumber could have been marketed there during the past six months if only someone had been there after the orders. The United States is sending ten thousand feet for every one that goes from Canada. The same thing is true of other lines. There is apparently no one there from Canada looking for trade.

"Business organizations, Chambers of Commerce and the like should take this up and do some advertising. As far as I could learn there was not a sample in Japan of wood from this country. I talked to many Japanese lumbermen about Douglas fir, and they did not know what I was talking about. But they didn't come from Oregon they did not think it the real thing.

"I wish every Canadian could have taken the trip I did. Their eyes would have been opened, as mine were, to how alive the Japanese are to business and how dead we are.

"Why, when I stepped ashore from the Empress of Asia in Victoria, fresh from Osaka with its busy canals, its harbor teeming with shipping, the streets blocked with oxen and water bullocks drawing loads, little boys with small carts, women with loads of bricks, and modern motor lorries threading their way through the traffic as well, I thought there must be a funeral on here. And someone here wishing to start a factory, giving guarantees that it would make very little smoke. I thought of Osaka, and the Englishman with me there who started to count the smoke-stacks about the city. He reached 4,000 and gave up. For days in Osaka I could never see the hills outside my window. But the business was there.

British Columbia lumbermen should go to Japan and ascertain for themselves the needs of that country, says Mr. Hann, according to the Victoria Colonist. At present most of the timber sent to Japan consists of the huge Japanese squares, sawed up after their arrival in Japan, by small mills there. Orders for smaller sizes would be obtained if there were a proper understanding here of the uses to which the lumber is put.

**SPRIT OF ECONOMY
PERVADES LONDON**

Theatres, Cafes and Dances are All Experiencing a Slump.

London, Jan. 4.—These are the days of economy, remarks the Daily News. People are trying to live up to Dickens motto of happiness and balance the books at the end of the year; consequently, there has been a sudden decline in luxury buying, in theatre going in expensive visits to West End restaurants and in long-distance train journeys.

On all sides one hears the cry: "There is no money about."
The income tax collector seems to be securing what little loose cash there is. Charity matinees during the last few weeks have been poorly supported, and it was only when it was announced that Princess Mary and Lord Lascelles would be present at the London Hippodrome on Friday night that the demand for seats began to get brisk.

Tickets for the big dances at Covent Gardens and elsewhere also have been a drug on the market and only almost superhuman efforts on the part of the organizers of several balls prevented them from collapsing altogether.

Only plays that are very big successes are weathering the slump that has set in the West End.

"I suppose there are fewer than a dozen theatres taking over £100 a night, and several have receipts as little as £30," declared a West End manager.

"For some reason, a wave of depression has set in since the Motor Show which sent up the returns at many of these houses for some time to come, or to withdraw their present plays and put

on new shows, which will involve considerable capital expenditure, and may not play to any better business than at present.
"Personally, I think that the fact that the income tax collectors are putting on the screw is largely responsible for the sudden drop of theatre-going."

Japanese requirements are now undergoing a change that is being reflected in the increased demand for timber, wheat and flour from this continent. The people are adopting European methods of living. Most of the houses now being built have one or two rooms in Occidental style. The more prosperous Japanese are constructing bigger and better houses, like those of Europe and America, and are getting away from the cities. This leaves less land for the cultivation of rice, and creates a demand for bread and wheat, which they seek in the United States and Canada. Bakeries are now common in Japanese cities, says Mr. Hann, and there will be a big market in future years for wheat from this continent. It cannot be grown there, but already there is not a foot of land that can be cultivated but what is growing something, and as fast as one tree is cut down, another is planted to replace it.

"The rate of exchange gives Canada an advantage that should be utilized," says Mr. Hann. "There is such an abundance of it that it need not be cut so close. And the grade of our shingles is higher. Much of the United States timber going to Japan comes from British Columbia. If they are unable to get any from us, in fifteen years the timber on the American coast will have been exhausted. These are some of the things I tried to explain to the Japanese lumbermen."

AUTO FIRM HIRING MEN.

One Cleveland Company Doubles Employees in Two Weeks.
Cleveland, Ohio, Jan. 4.—Unemployment in the automobile industry in Cleveland is being materially relieved, according to local manufacturers.

Officials of the Chandler Motor Car Company, one of the larger manufacturers, says its factory enrollment has been increased over 100 per cent. in the last two weeks and that by February 1 the figures will be doubled. Orders now booked, company officials say, assure production for the first quarter of 1922 in excess of the similar period this year.

ROD AND GUN IN CANADA.

Lovers of the out-of-door life will welcome the January edition of Rod and Gun in Canada, which contains many interesting and instructive articles and stories dealing with Nature and her children, in the winter. "Teens Less Twenty," is the title of a romantic story by Charles Dorian, the well known short story writer, which appears in this issue along with several other stories by such well known writers as F. V. Williams, Harry M. Moore, E. T. Martin and others equally famous. For the firearms crank there is the usual valuable Guns and Ammunition department and special articles on rifle and revolver shooting. The fisherman takes a trip along a Nova Scotian trout stream, by Bonnycastle Dale, while Robert Page Lincoln's article, open the road to the thrills of ice fishing. The trapper is taken care of by M. U. Bates and Archie Jocelyn, in the Trap Line department. The January issue of the national sportsman's magazine of Canada is published monthly by W. J. Taylor, Limited, Woodstock.

COAL PRICE WILL NOT BE REDUCED

Statement by British Empire Steel Corporation. Blame on Court Order—Inability to Lower Wages Prevented Cost Cut and May Lead to General Idleness.

An intended reduction in the selling price of coal mined in eastern Canada cannot now take place, and, it is predicted, that general idleness at the Nova Scotia collieries will follow.

The management of the corporation states that during 1921 reductions of \$1.50 per ton has been made in the selling price of coal to meet the competition of outside coal, notwithstanding that during the whole of 1921 the rate of wages paid to the mine workers and the earnings of the miners were greater than during any similar period in the history of the province.

BETTER OUTLOOK

There exists in stock market circles here a very definite feeling of optimism. The months of this year will see a tangible betterment in the position of the industrial companies, the decreased prices of which have been reflected in lower prices for their stocks.

SEE 1922 GREAT YEAR IN SPORT

Popularity Never Before Enjoyed is Predicted.

Prominent Men in Various Branches of Athletic Endeavor Speak of Last Year and the Outlook for the New.

(By The Associated Press)

New York, Jan. 3.—Sport, both amateur and professional, will reach a plane of popularity during 1922 never touched in the past, according to the expressed opinions of athletic leaders on the eve of the new year...

From all sections of the U. S. comes the report that interest in sport is steadily growing, the formation of new intercollegiate and intercollegiate associations, the rapidly increasing list of important contests, both international, national and inter-national, which are being added to the 1922 sport schedules...

Speaking for the motorboat enthusiast, President A. L. Judson, of the American Power Boat Association, said: "It is likely that the impetus given to sporting events in 1921 will continue and increase during 1922..."

Motor Boating. Speaking for the motorboat enthusiast, President A. L. Judson, of the American Power Boat Association, said: "It is likely that the impetus given to sporting events in 1921 will continue and increase during 1922..."

Baseball. "While the old axiom, 'take nothing for granted in baseball,' still holds good, I think that I can safely predict another banner year for the national game..."

Football. "The unprecedented popularity of football in 1921 and the overwhelming evidence that the coming season will see records being set in every department of the sport is a splendid tribute to the game and those who play it..."

Trap Shooting. A fifty per cent increase in the popularity of trap shooting and a record number of more than 1,200 contestants in the Grand American Handicap at Atlantic City next September, is the prediction of Secretary-Manager McLinn, of the American Trapshooting Association for the 1922 season...

Boxing. "The American people like excitement," said Tex Rickard in discussing the remarkable growth of sport in the last two years and the outlook for the coming season...

NEW RED CROSS BRANCH. A new Red Cross branch has been formed at Grand Manan, and this latest recruit to the cause of public health, evidence does not mean to be a slacker...

KAVACHOFF SLAIN BY BRUTAL BLOWS

Roommate Gone Before the Other Roomers in Toronto Discovered Crime—Weapon a Hatchet.

(Toronto Mail and Empire) The details of a brutal deed of violence given last evening at the city morgue in connection with the inquest upon John Kavachoff, murdered in a rooming house at 18 Eastern avenue, in anticipation, however, of the securing of testimony which will conclusively indicate the responsibility for the crime, or of the arrest of George Tascoff, who is being sought by the police...

According to the evidence given, Kavachoff went to bed in company with Tascoff at about 12:30 on the night of the murder. Towards three o'clock in the morning the sounds of a struggle were heard in the building, and Kavachoff was found in his room, terribly wounded in the head. The window, which gave access to a fire-escape, was open, and Tascoff was seen to enter the room by means of a hatchet, together with a piece of human skin...

The doctor accused that the hatchet found by the fire-escape might have been the weapon used.

Sergeant Detectives Bert Cronyn said that concealed in the underclothing of the murdered man was \$600, while in his pocket was \$16.

Lasar Bosheff, one of the evening's guests, was seen to be awakened at three o'clock by the sound of a struggle. He heard a regular groaning. He then aroused three of the house's occupants, who were in his room, and they proceeded to his knocking, and immediately collapsed upon his bed.

MAY FIND TREASURE KING JOHN BURIED

Talk of Draining the Wash Gives Rise to Speculation.

London, Jan. 4.—There is talk of draining the Wash and turning it into fertile lands. If this were done, there is just a chance that the treasure of King John might be recovered, for we know that somewhere in that great sandy estuary lie his golden crown, his jewels, and his treasure chests.

Why do we spend thousands in fitting out expeditions to pirate islands in tropical seas when the soil of our own country is full of buried gold?

For the safety of his guinea, and his treasure chests.

Why do we spend thousands in fitting out expeditions to pirate islands in tropical seas when the soil of our own country is full of buried gold?

UNEMPLOYED IN GREAT BRITAIN

The Number was Decreased by 350,000 from June to December.

A reduction of approximately 350,000 in the number of unemployed persons in Great Britain during the period from the end of June to the end of December, 1921, is indicated by official returns of the British ministry of labor received by the Bankers Trust Company of New York from its English information service. The reports show that there were 1,810,000 unemployed on the "live" registers of the employment exchanges in the United Kingdom on November 25, compared with 2,170,000 unemployed on June 24. The details are as follows:

June 24. Nov. 25. Boys 1,540,087 1,410,860. Girls 629,913 612,000. Total 2,170,000 1,810,000.

The numbers on short time and claiming insurance benefits have also greatly decreased. On July 1 the figures were 995,000, and on November 1, 249,978, showing a reduction of 745,022.

The ministry of labor states that the number of men reported as employed on schemes of work specially put in hand for the relief of unemployment, including all manner of work from large gas, water, electricity, water and sewerage works, work in public parks and the relaying of tramway tracks, is over 104,000.

The total number of schemes sanctioned by the unemployment grants committee to December 1st is 381, as against 143 one week earlier; 24,800,000 worth of work is involved in these schemes, 21,000,000 being in the Greater London area.

The ministry of agriculture has approved thirty-five schemes of drainage work, and the ministry of transport has mapped out schemes of road work which will help to relieve unemployment in the London area.

These all hold promise.

Such funds are made more frequently than most people imagine, for a sale under their hands, such as the sale of the Bannockburn a clay pit, which held 2,000 silver pennies.

FAMOUS PAINTER SKETCHES SHEIKS

Religion Opposed to the Reproduction of Features on Canvas.

Edrick Kennington, famous for his war paintings, is back to London after four months of picturesque experiences in the wilds of trans-Jordan, making portraits of Arab chieftains, who, apart from their up-to-date firearms, are, in their mode of life, virtually contemporaries of Abraham and Isaac.

Mr. Kennington undertook the trip in order to collaborate in a book with Colonel F. E. Lawrence. This young painter made a great name first with two pictures. "The Kensingtons at Laventie, now in the Tate Gallery, and "Canadian-Scottish in the possession of the Canadian government at Ottawa. His portrait of Lord Penland was an outstanding exhibit in this year's Royal Academy.

"Colonel Lawrence, at the last minute could not come with me, so I went alone," said Mr. Kennington. "Alone, however, is not quite the word. The introductions I had from Lawrence's side were not only an infringement of his religious laws, but also with many individuals a genuine sacrifice. The less Europeanized sheiks and the Arabs, who have little enough for the rest of us British—while their sentiments for some other European nations are best not mentioned.

"But for Lawrence they would do even this much, they actually would and did have their portrait drawn! You need not think that this means not only an infringement of his religious laws, but also with many individuals a genuine sacrifice. The less Europeanized sheiks and the Arabs, who have little enough for the rest of us British—while their sentiments for some other European nations are best not mentioned.

Willington League.
 In the Wellington League last evening the C. N. R. quietists took all four points from the Trocadero Club. The winners totaled 1820 and the losers 1204.

HOCKEY.
Maritime Trophy.
 W. Morton, of the firm of Morton & Thomson of Halifax, has issued a set of rules to govern a trophy donated by them and originally intended to be competed for by Halifax teams in the city hockey league. They later altered their intention and are now offering it as a trophy to be emblematic of the championship of the Maritime provinces. Last year the Wanderers of Halifax won the championship of the city league and were to have played with Antigonish for the Maritime trophy. But weather conditions were unfavorable and the match will be played next Monday in the Halifax arena. It is expected that the winners will then play off with Sussex, who claim the championship of New Brunswick.

Assign Player to Marysville.
 A. W. Covey, president of the Maritime Branch of the A. A. U. of C., with the status of Edgar Wade, who desired to join the Fredericton hockey team. The player is assigned to Marysville as it is nearest his place of residence.

Bouchard Refused Card.
 The registration committee of the Province of Quebec Amateur Hockey Association has refused to issue a card to Edmond Bouchard of Quebec. They contended that they had sufficient proof that he received money for his services.

Did Not Play.
 New Glasgow, N. S., Jan. 4. — The hockey game between Dalhousie and Antigonish scheduled for last night was called off, owing to the storm.

Moncton Triumphant.
 Moncton, Jan. 3.—In the opening game of the Independent Hockey League, composed of Moncton, New Glasgow and Amherst, played here tonight, Moncton defeated Amherst by the score of 5 to 4. About nine hundred people witnessed the game, which was very good for the first of the season. Moncton scored four goals in the first period and one in the second, while Amherst scored one in the second and two in the third. Frank Brown referred.

Stellarton Bests Crescents.
 Halifax, Jan. 3.—In a brilliantly played hockey game here tonight Stellarton defeated the Halifax Crescents 2 to 1.

Toronto Downs Harvard.
 Boston, Jan. 3.—The University of Toronto hockey team swamped the Harvard sextette tonight by scoring six goals to one. Ramsey and Carson ran wild through the Crimson defense. The lone tally for the Crimson sextette was scored by Captain George Owen after a spectacular individual dash through the whole Canadian team.

Falcons Defeated Again.
 Winnipeg, Jan. 3.—The Falcons suffered their fourth straight defeat of the season when they went under to the Winnipeg, 11 to 7, here tonight in a Manitoba Senior Hockey League fixture.

BASKETBALL.
High School Wins From Mt. Allison.
 The basketball team of St. John High trimmed the Wallastoke team from Mt. Allison by a score of 22 to 21 on the Y. M. C. A. floor yesterday afternoon before a large crowd of interested spectators. The result from the start was never in doubt. The line-up was as follows:

- High School. Forwards. Mount A. Lee..... Maden
- Fraser..... Fear
- Potter..... Tennant
- Welsford..... Curran
- Wilson..... Kelly
- Frost and Williams..... Spares.

BASEBALL.
Danforth May Be Holdout.
 Baltimore, Jan. 4.—Pitcher Dave Danforth, recently traded by the Columbus Club of the St. Louis Browns, has announced that he will not report unless given part of the money he says figured in the deal. He declared that he has notified the Columbus Club of his intentions. Danforth lives here during the winter.

ATHLETIC.
Stadium For Detroit.
 Detroit, Jan. 4.—An athletic stadium with 70,000 seating capacity will be built by the University of Detroit, an official

of the institution announced. Work is to start immediately, and one section of 30,000 seats will be ready for use next October, according to present plans. The stadium will be located at the north-western terminus of the city, where the university is to erect new buildings to care for its various branches. The cost was not announced.

WRESTLING.
Zbyszko Wins Bout.
 Kansas City, Mo., Jan. 3.—Wladislaw Zbyszko defeated Cliff Hincley, of Columbus, Ohio, in a wrestling match here tonight, winning two straight falls. The first came in eighteen minutes and twenty seconds, with an arm and head lock. The second fall was the result of a double arm hold and came in ten minutes and sixteen seconds.

ARRANGING FOR CURLING MATCHES

The regular weekly meeting of the Thistle Curling Club was held last evening in the club rooms in Golding street, with R. S. Ritchie, the president, in the chair. The meeting was well attended and one new member was elected to the club. A challenge from the St. Andrew's Curling Club, for a series of three games with sixteen rinks to the side, was read and a notice of acceptance was ordered forwarded to the St. Andrew's Club. It was announced that the first match of this series would be curried on Saturday, Jan. 21, in both rinks and during the afternoon and evening. It was also decided at the meeting last night to send a challenge to the Carleton Curling Club to meet them in a series of three matches, the first of which is to be held during the week commencing January 9.

The skips were chosen last night to play for the president's trophy and a committee was appointed to select the rinks for the various skips. It is expected that play for this trophy will begin within a few days. The skips selected last night were as follows—R. E. Crawford, J. S. Malcolm, A. D. Malcolm, Frank Watson, W. J. Shaw, W. A. Shaw, J. K. Sinclair, H. G. Barnes, James Mitchell, D. R. Willet, W. J. Currie, Dr. D. C. Malcolm, F. A. McAndrews, R. E. Orchard, S. W. Palmer, A. J. Mechin, J. C. Chesley, W. J. S. Myers, George S. Bishop and Dr. L. A. Langstroth.

DEFEATED BOWLERS HOSTS AT BANQUET

In consequence of their having lost a bowling match to the C. P. R. team by the close score of 1291 to 1280, the C. P. S. team and their supporters were hosts to the C. P. R. team and their rosters at a banquet in Bond's last evening after the game. About twenty participated in the banquet, over which Herbert Fleet, of the C. P. S. presided. Last evening's game was played on the Victoria alley and it is planned to hold similar matches through the season.

The victorious team last evening was made up of Jack Keleher, Thompson, Luneragan and McNeill and the personnel of the losing aggregation included Morrisey, Bailey, Brown, Dalton and Parker.

AFGHAN PRINCE LOVES TO PLAY

Heir to Throne Getting Westernized at Paris School.

Perturbed at first because they were expected occasionally to hurry, whereas in their own country the sign and rank of nobility is a grave and stately solemnity, thirty-seven young Afghans, all sons of dignitaries, are gradually settling down to European habits at a well known Paris school, the Lycée Michelet.

The youngest of the party, whose age range from ten years to twenty, is Hidarullah Khan, son of the Emir of Afghanistan, and who will mount the throne himself one day "if he prove worthy" for in Afghanistan qualifications additional to those of birth are demanded of a ruler.

The principles of Afghan upbringing are illustrated in the attitude of the future Emir's comrades. They do not pay him the least deference. He is a pensive child, who listens with a quaint gravity to French phrases he does not understand, but his dominating wish is to be out in the playgrounds with the other pupils.

The boys have already shown a fondness for European games, especially football, cricket and hockey.

One of the school authorities' troubles has been the need of a place for these boys to pray. When the moment for prayer comes they kneel or prostrate themselves at any spot where they happen to be, whether on the terrace, in the corridors or in the garden. Soon a prayer room will be ready for them, and also a special chamber for their ablutions.

A separate dormitory has been reserved for them, and a separate study, where two former students at the school of oriental languages come to give them lessons and watch over their diet.

The LITTLE CLOWN

ADAPTED FROM THE PLAY BY AVERY HODWOOD
 DIRECTED BY THOMAS HEFFRON
 SCENARIO BY EUGENE BLEWIS

That Girl With the Monkey

She was a new type to this young aristocrat. He had known girls with wealth, and beauty, and social position, but here he was head-over-heels in love with a penniless orphan, a mere circus performer, who was good at summer-saults, but didn't know whether etiquette was something to eat or to wear.

Dick loved her just as she was, but aristocratic Southern families are not so easily satisfied as ardent young lovers are. The bewildered little clown found that life in a big house was quite different from life under the big top—in fact, that it was anything but a circus.

LOCAL NEWS

LIFE MEMBERSHIP.
The Ladies' Aid of Zion Methodist church, at a meeting in the schoolroom of the church on Tuesday evening, presented a certificate of life membership to Mrs. Charles T. Jones, as a token of good will and appreciation of the services rendered by her.

ENGAGEMENT.
Mr. and Mrs. L. H. Roberts, of this city, announce the engagement of their youngest daughter, Marian Eugenia, to Arthur George Wainwright Young, only son of Mr. and Mrs. A. G. Young, of Chatham, Eng., wedding to take place in England in the near future.

W. LUDLOW BELVEA
The death of W. Ludlow Belvea, a well-known resident of the Flats, occurred at his home this morning, of heart failure. He leaves to mourn his wife, one daughter, three sons and seven grandchildren. The daughter is Mrs. John Locke, of Montreal. The sons are Mark, of Gagetown; Walter, of Edmondston, and Thane, at home. Many friends will be sorry to learn of his death.

WAS BORN HERE.
Word has been received in Fredericton of the death in Brooklyn of Mrs. Matilda Munro, widow of John Munro, of that city. She was a daughter of the late George and Catherine Walker, of the old Westmorland road, and was born in St. John. She is survived by two sons, Mrs. Elizabeth Mitchell, of Dalhousie, and Mrs. Marie Kelly, of Seattle, Wash., and one brother, Joshua Walker, of Grand Falls.

TO BE NURSE.
Members of Mrs. MacLean's Sunday school class met at the depot on Monday evening to bid farewell to one of their number, Miss Margaret Gledhill, who left for New York where she will enter a hospital for a three year training course. Before her departure she presented to her class a parting gift which she appreciated very much. Although her friends regret having her leave the city, all join in wishing her success in her new undertaking.

FINE PIECE OF WORK.
An excellent piece of cabinet work turned out of the men in the Memorial Shop is now in the mayor's office. It is a large case of oak and glass, built to cover the big Ross memorial trophy, which was won last year by Harry Gigg. The cabinet opens from the back and has an extension on which the trophy, mounted on an oak base with rollers attached, can be pulled out when removal is necessary, obviating the danger of damaging the case when the heavy cap is lifted from it. The mayor is justifiably proud of the workmanship exhibited in the building of the cabinet.

WORK FOR MORE.
The public works department this afternoon added a few more men to the crew engaged in filling the gully under the Newman brook bridge. About fifteen men are now on the job, spreading the sand and gravel, and preparing to lay the concrete culvert, preparatory to the dumping of rock from the Shamrock grounds quarry. A few men are also engaged setting up drills in the rock cut on Lancaster street extension. Application was made in the morning for six men to go into the woods to cut lumber. The mayor said the road room for five or six at the Musquash wood cutting camp.

MENTORS' ASSOCIATION.
A fresh impetus was given to the work of the Mentors' Association last evening, when under the auspices of Mr. Gregg, boys' work secretary, a course of instruction in Trail Ranger and Scout work was commenced. The good-sized audience of men deeply interested in boys and the boy problem was present, and, after enjoying an appetizing supper served by members of the Young Ladies' League, listened with keen interest to Mr. Gregg. The chair was occupied by A. H. Davies. It was with regret that the association heard a letter read from Mr. Davies tendering his resignation. As he will leave for Toronto today to take a course of missionary training at Wycliffe College, there was no alternative but to accept the resignation. While sorry to lose their able chairman, the Mentors' Association feel a thrill of pride at the decision taken by this young man.

LAST CAR CLUB.
The weekly meeting of the Last Car Club was held last evening at the home of Mrs. and Mrs. Nickson, 318 St. Peter's street. In spite of the fact that the thermometer hovered around the zero mark, every member of the club was present, and all spent a most enjoyable evening. A whisky drive was held and the play at times was most exciting. The fortunate winners of the handsome prizes offered were: Ladies' first, Mrs. Caddell; gentlemen's first, A. A. McGill; consolation prizes were won by Mrs. Peatmann and Mr. Sibley. Dainty refreshments were served by the hosts after the games had been won and lost, after which an old-fashioned English sing song was participated in and enjoyed by all. A hearty vote of thanks was tendered to Mr. and Mrs. Nickson for their hospitality. Auld Lang Syne was sung, and with many heartfelt wishes all round for a bright and prosperous new year the members departed to catch the last car.

COZZOLINO-ALLINGHAM.
A pretty wedding was solemnized in St. Peter's church at six o'clock this morning when Rev. Denis Coll, C.S.S.R., united in marriage Miss Mary Regina, youngest daughter of Mrs. Mary Allingham of this city, and James Thomas Cozzolino of Sydney, N. S. The bride, who was given away by her cousin, Louis A. Phillips, was becomingly gowned in oriental blue chiffon veiled and trimmed with silver lace, and a sea of white beaver trimmings, and carrying a bridal bouquet of Ophelia roses. She was attended by her sister, Miss Alice Allingham, who wore a pretty dress of navy blue satin, embroidered and hat to match trimmed with ostrich, and carried a bouquet of carnations. Arthur H. Phillips was groomsmen. Immediately after the ceremony Mr. and Mrs. Cozzolino left for Sydney to be present at the marriage of Miss Regina Cozzolino. They were the recipients of many beautiful gifts including a handsome silver service from the manager and staff of the Bank of Nova Scotia where the bride was formerly employed.

LOCATING BIG TRACK ON LAKE

Engineers on Job for Skating Championships.

Eight Lap Track 45 Feet Wide, Then a Ten Foot Space, All Encircled by a Good Stout Fence—Keen Interest in the Meet.

Today the great oval upon which the Canadian outdoor skating championships will be contested on Lily Lake on January 18 and 19 is being definitely located and measured off by engineers. To meet the requirements of the championships, it will be an eight-lap track, once around for the 220-yard dash, twice for the 440, four times for the half mile, and so on. The skating track itself will be forty-five feet wide, which will give ample opportunity for the men to speed as they swing at their will. Ten feet from the outer rim of the track will be erected a strong fence, inside of which spectators will be allowed. This will ensure absolute freedom of the contestants from possible interference by excited spectators in the event of close finishes. To make assurance doubly sure the ten-foot space will be constantly patrolled by police and officials. It will also be earned with interest that the Y. M. C. I. physical committee, in the general interest of skaters and spectators alike, have determined that at this meet none other than officials shall have place inside the enclosure.

The Officials.
The physical committee has made up its list of officials, and they will be ready for announcement in a few days, being withheld only until replies of acceptance have been received from those invited to act. They will be found a highly competent body of men, who ought to handle the sports in a masterly manner. Many other matters of detail which are disposed of from night to night as the committee meets will also soon be given out. The outstanding idea in the mind of the committee is to conduct this meet in a manner as will add to St. John's reputation as a great sporting centre, and all things are being made to measure up to that ambition.

The meet will be on two weeks from today, and the entries will be closed as soon as the expected size of the Y. M. C. I., on Wednesday of next week. Already, as known, some of the big ones from outside have entered, and other names are coming from day to day. Elimination races are to be held in Chicago within a few days, and they will determine the best men to send to St. John to contest here. The committee are anxious to have the local entries in as soon as possible, and are daily on the lookout for contestants from maritime province points. Local men are entering in mind Hilton Belyea's sporting offer of free use of his ice on the Carleton open-air rink for practice work.

All those connected with the handling of these big sports, are keen in their minds as to the expected size of the meet, and are leaving nothing undone to have everything well prepared for the coming of the skaters and for the accommodation of the spectators. When it is announced that Mr. Tebo is himself attending the skating of the ice on the great oval upon which the championships will be won and lost it will be no surprise to those who know that Mr. Doig has a great favourite with Margaret Ogilvy, whom her son has immortalized in one of his books and who appears in some sense in all of them. Mr. Doig has a portrait of her, and pictures of the Barrie home, the Auld Licht Kirk and "a window in Thrums."

He revisited his native place in 1899 and was asked to call upon his cousin, the author, who pined him with questions during a short interview. Mr. Doig describes Sir James as a most reserved man, immersed in his work, never caring to speak in public, and refusing resolutely to visit a photographer. A request once from Mr. Doig for a photograph brought only a letter, which was not at all easy to decipher.

Sir James is now about sixty-four years of age. He has a brother, Alexander, who is an inspector of schools in Scotland. One reads with rare delight Sir James' story of Margaret Ogilvy and their life in the little town, his own literary ambitions, his break into newspaper work, and his discovery that the material for stories of universal interest were found in the quaint Scottish town of his birth. He tells us that his mother used to hide the first newspapers containing his "Thrums" delineations, lest the neighbors read them and be horrified thereat. Mr. Doig was well acquainted with some of the local characters described, and can tell rare anecdotes regarding them.

HYDRO MEETING.
Arrangements have been made for a further conference on hydro matters to be held in the mayor's office on Friday morning. Besides the mayor and commissioners, the meeting will be attended by Premier Foster and members of the New Brunswick Electric Power Commission, and R. A. Ross, consulting engineer for the city.
