City Willing On Promise Of Legislation

Additional Funds For School Board DISCUSSION THIS MORNING

Delegation Heard at City Hall—Means \$65,000 More Than Amount at Disposal of the Board of Trustees Last Year

The premier will agree to the necessary legislation, the city will consent to an increase of \$65,000 in the assessment for school purposes for the current year. Authority was given for an increase of \$25,000, but an additional \$40,000 is required to provide for salary increases and allow something towards the reduction of the overdrift of \$84,000 which the school board owes the banks.

A delegation representing the board of school trustees waited on the common council in committee this morning and laid before them a statement of their financial position, with the result that the council agreed, provisionally, to their proposals.

The delegation consisted of R. B. Emerson, chairman, A. G. Leavitt, secretary, Thomas Nagle, M. Coll, H. C. Smith, members of the board, and Dr. H. S. Bridges, superintendent of education.

Mr. Emerson briefly introduced the subject, referring to the large overdrift of the board and the need for additional funds to provide for increases in salaries.

Mr. Leavitt said that during his nine years experience at the board he has never seen a year when the estimates, on the most economical scale, exceeded the amount for which the board was permitted to assess. The estimates had to be reduced to a point within the law, regardless of the fact that the board knew that the expenditures would be larger.

The mayor remarked that, with the \$25,000 additional authorized last year, this would provide \$65,000 more than the board had last year.

Mr. Emerson said he understood that the council had promised the teachers to provide funds for the desired increase.

The mayor replied that he said they would not oppose any action the board might take.

Mr. Bullock said he strongly believed that the school board, like any other civic department, should assess for the full amount required and then live within its income. He also thought that their fiscal year should be changed to correspond with that of the city.

In reply to a question, Mr. Leavitt said that the proposed increases amount to \$29,200 for the lady teachers and \$3,675 for the male teachers.

The mayor asked, if the council agreed to raise the additional amount by assessment, would the board agree to secure a letter from the premier promising assent to authorize their action. This was agreed to.

Dr. Bridges pointed out that the number of pupils had increased from 6,500 in 1907 to 8,000 this year. This, with higher costs of operation, helped to account for the increased assessment required.

The delegation promised to see the premier before the time for the council meeting on Tuesday afternoon and then withdrew.

MONARCHISTS GAIN IN NORTH

The Revolution in Portugal—Manuel's Chief Representative Reported Killed

Paris, Jan. 27.—Portuguese royalists are completely in control of the provinces of Minho and Tras, Northern Portugal, according to a wireless dispatch from Madrid to the Journal des Debats. Advice to the same newspaper says that it is reported the republican troops, defeated by the monarchists at Coimbra, are about to go over to the cause of the monarchy.

Assembling large bodies of troops to put down the royalist rebellion at Oporto, the Republicans victory over the rebel Lisbon troops at Montanto Hill near the capital, is described. The statement says that Ayres De Ornelas, chief representative of King Manuel, was with the rebel troops. A Lisbon dispatch on Saturday reported that Ornelas had been killed.

SOCIALISTS ARE CHASED BY THE RETURNED MEN

Stirring Times in Winnipeg on Sunday MEETING IS PREVENTED

Planned to Honor Memory of Liebknecht and Protest Against Limitation of Free Speech—Austro-Hungarian Club Week-end

Winnipeg, Jan. 27.—Karl Liebknecht, the red flag, the Bolshevik and the Socialists are not popular among the returned soldiers in Winnipeg. A meeting planned to honor the memory of Karl Liebknecht and to protest against the limitation of free speech was turned into a man chase. When the meeting was held at the Majestic Theatre for their meeting they found that the management had closed the doors against them and they were obliged to resort to the market square. Hundreds of returned soldiers, incensed at the idea of a meeting held in honor of a man of the type they had fought in France, gathered in force and requested that the meeting should never be held. Petitions are all the same to us," they shouted when the Socialists tried to tell them that while the furniture was being taken to the streets they were obliged to take to their heels.

The Austro-Hungarian Club in the north end of the city was wrecked by an angry mob, which seemed determined on destroying everything Austrian and German. Most of the clients and Bolsheviks they could lay hands on. All the windows in the club were smashed. The crowd then went to Elmwood, a suburb, and great excitement was caused in the streets as the Bolshevik hunters, German clubs. They did not locate the place they were after, however, and finally returned to the city.

VANDALISM AT CAMPS

The damage done the Ashburn Lake fishing club-house and the camp property of R. J. Armstrong in the same locality near the Kennebecasis in the Sandy Point road vicinity as reported in Saturday's Times, was done within the same week, according to deductions made by those investigating the case. It appears the marauders approached the Ashburn Lake property from the Marsh road by road, a path which commences near the Thr-Mile House and traverses the marsh past the Island greenhouses.

GETTING BACK TO NORMAL

It was said at the head offices of the N. B. Telephone Co. this morning that steady progress and quick recovery are being made in restoring the lines in York and Carleton counties recently so badly damaged by the snow and sleet storm that St. John and vicinity escaped. Many poles and miles of wires were blown down, and things generally badly upset. Some of the lines have been completely re-erected and the tangle otherwise is fast being cleared up.

At the foreign office the correspondent of the Associated Press was informed that the emperor had been taken to a place from any foreign office quarters for the surrender, the question was not as yet decided.

The government view appears to be that the emperor will be held in Holland, the German government has only limited power in the matter.

The other thirty million were manufactured by the Germans, and loaded them with German powder and bullets taken from the French. Most of these cartridges were boxed and addressed in readiness for shipment to various units in Turkey.

READJUSTMENT.

We may expect more or less unrest and agitation in the larger cities of Canada between now and spring, as a result of the lack of employment for a large number of people. It must be said, however, that Canada is adjusting herself to after-war conditions in a very creditable way.

STREET PAVING.

What policy is St. John to adopt in relation to the system adopted by so many cities under which a portion of the cost of paving most of the streets is paid by the owners of abutting property?

MAKE IT \$25,000.

It will not be a bad advertisement for St. John to have the country as well as the soldiers know that after the war ended the people did not lose interest in the men overseas, and their dependents, but handsomely subscribed the quota of \$25,000 to the Salvation Army soldiers fund.

HOW THIS LITTLE BOY RECOVERED STRENGTH AFTER SICKNESS.

Garrett, Texas—"The measles left my little boy, aged nine years, in a very weak, run down condition—he coughed a good deal, and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well."

"Tuberculosis Sunday."

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

If Cross, Fervish or Bilious Give "California Syrup of Figs"

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. This is a sure sign that its little stomach, liver and bowels are clogged with waste.

Mother, can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste.

The difference between Christian social service, which recreates, builds up and uplifts, and destructive socialism of the Bolshevik system was illustrated by Rev. Canon C. W. Warm Welcome For St. John Men Home From War

Thousands Throng Union Station to Cheer Soldiers Who Came on Aquitania—Some of The Arrivals

One of the greatest and most enthusiastic receptions which the citizens of St. John have ever accorded to returning men who have fought and bled in the defense of the honor of Canada and the empire was given to half a hundred heroes of this city and forty whose homes are in Canada and up-river counties when the Aquitania arrived at 9 o'clock Saturday afternoon. The returned men landed at Halifax from the giant Cunard line steamer, Aquitania at 9 o'clock Saturday morning after a good run, and left that city at 2:10 o'clock yesterday morning.

It is estimated that from 4,000 to 5,000 citizens were at the Union station when the special pulled in. The arrival of the boys was greeted by much cheering from hundreds of young folks present, and by the Depot band which played "O Canada." Mayor Hayes represented the city government and also at the train were members of the soldiers' welcoming committee, Charles Robinson, secretary of the Returned Soldiers' Commission; F. L. Potts, M.L.A., Lieut.-Colonel Fred Markham and numerous other prominent citizens, including a large delegation of ladies.

One of the outstanding soldiers to return home yesterday was Herbert P. Goodspeed, son of Mrs. Nora Goodspeed, 221 Bridge street. This soldier, one of the most massaging of the returning party, wears the Belgium Military Cross and was also recommended for the D. C. M.

Private Harold J. Evans, son of William Evans, Wentworth street, was given a rousing welcome home yesterday afternoon by his many friends. Private Evans enlisted in the 118th Battalion and was sent as a member of a draft to the 24th Battalion. He was soon in action in France and went through all the fighting previous to the famous Canadian "show" of Vimy Ridge. He was wounded quite badly, having been hit in the stomach. After his recovery he was stationed near Aldershot on staff duty but was not allowed to return to the front as his wounds incapacitated him from further active service. Another brother, Robert L. Evans, returned a few days ago after spending upwards of twenty-eight months in hospital. Robert was probably the first member of the 62nd Fusiliers to have offered his services. He left St. John in the early part of the war with the 12th Battalion and was eighteen months in the trenches. He also saw active service with the 48th Highlanders. He was wounded quite badly in the face. Truly the Evans home was a happy one yesterday.

R. F. Potts, of 119 Guilford street West Side, a son of P. L. Potts, M.L.A., is one of those returned yesterday. Mr. Potts enlisted in the engineering corps. He went to England in 1917 and is France last summer. He escaped being wounded, but was ill with fever in England some time.

Cadet C. J. Kerr, who is at the home of Roy Skinner, 248 King street east, enlisted in Victoria (B. C.), with the 88th Battalion in 1916. In England he was transferred to the 88th Battalion and became instructor at a gas school. He took part in heavy fighting around

Cambray, but was not wounded. He was taking an officer's course when the armistice was signed.

Private Harold McCarthy, son of H. McCarthy, Pitt street, arrived home yesterday and with his coming the third and last fighting member of this family has arrived safely back from the front.

All three brothers—Harold, Arthur and Tyler, the latter two returned a few weeks ago—have done their bit well. They all enlisted in the 2nd Canadian Construction Battalion, but later became scattered in various theatres of the war, but yesterday saw all three brothers united.

Private Harold saw service for nineteen months in France and was still "carrying on" when the armistice was signed. With the breaking up of most of the construction and forestry battalions he was given his opportunity to come home.

Private George Burton, son of William Burton, 366 Main street, was among the North End boys who has played the game through to the finish. He arrived home yesterday after being on active service in France for two and a half years. He enlisted first in the 54th Battalion, but went overseas with the 59th and was transferred to the 58th.

WHY WE DO THIS

The scarcity of Piano salesmen and the enormous salaries demanded by those obtainable, have compelled us to find another method of marketing our Pianos, Player Pianos, Talking Machines and Sewing Machines. This is purely and simply an advertising proposition. Our object is to get in touch with families who do not own Pianos, Talking Machines and Sewing Machines. We want the names of every family in the Maritime Provinces who may be in the market now or in the future for Pianos, Player Pianos, Sewing Machines, and Phonographs. We intend to send every person who enters this contest advertising matter and illustrations of the goods offered for sale.

IT PAYS TO PAY CASH FOR PIANOS, TALKING MACHINES, AND SEWING MACHINES. The one surest, safest and most economical way to buy a Piano is to pay the spot cash at the time of the purchase. If you intend to own a Piano at any future time try your luck at this puzzle. Use your head and take your time. It makes no difference to us who wins this Piano. One man's answer is as welcome and as apt to win as the next. But whether you win or not—remember—the best way to buy anything is to lay down the cash. When you buy from us you buy direct from the factories; no middle man, no agents—from the factory to consumer direct—with additional discounts for all cash.

EMPLOYEES OF THIS STORE ARE NOT ALLOWED TO GIVE INFORMATION REGARDING THIS CONTEST. Please do not ask our salespeople for information. Do not call on the phone and inquire about the contest. We have instructed our employees not to answer questions of any character regarding this contest. The directions are plain. Use your own judgment and may the best man win.

Contest Positively Closes Jan. 30th, 1919

LOCAL NEWS

ONE ST. JOHN MAN
Today's soldier list from Ottawa reports J. E. P. Tracey of St. John and Doucet, Petit Roeder, repatriated; H. T. Feris of Young's Cove Road, killed in action, and R. B. Robinson of McAdam, Ill.

QUITE A RUN OF SHELTS
While the haul of hake and cod through the ice on the river is not so plentiful as sportsmen would like, the small run of shelt is large. Some industrious ones are making a business of catching these smaller fish and selling them to city dealers. It is yet about a month too early for gaspereaux.

OF INTEREST TO NATURALISTS.
It is considered remarkable by students of bird life that a pidgeon laying its eggs out of doors about the first of this month should have hatched its young and succeeded in raising them sturdily and well in an exposed location on the building of a down town establishment. It is a striking commentary on the mildness of the season and the provisions of nature.

D. KING HAZEN THERE.
An unusual holiday season souvenir was received by a friend in Fredericton from Captain D. King Hazen, son of Sir Douglas and Lady Hazen, who is with the Canadian expedition to the Murman Coast, in the shape of a newspaper published in Murmansk, in the Arctic Circle. Capt. Hazen is the officer commanding the Kola detachment of the Canadian Syria party and the paper was dated at Kola, December 29, 1914.

THE SAME OLD IDEA.
A lady assisting in the morning work at Sand Point tells another story of the English folk unacquainted with the geography of this Canada of ours. Many such jokes have been told but this one has a new angle and is amusing. While ministering to the needs of English brides of two soldiers, who were attending the Bothies in the morning, the St. John committee worker asked if the strangers were traveling together. "Oh, yes, indeed," said one of the brides, "we're going to be neighbors in Canada; she's going to live in Moncton and I'm going to live in Vancouver. We expect to have a lovely time." The English girls were much crestfallen when the St. John lady explained the nature of their "neighborhood."

THE RIVER OPEN IN SPOTS
The main river is not so solidly frozen as the first cold weather suggested it might be. Grand Bay is open from the mouth of the Narrows away out into the centre of the bay almost the tide is wide open as in summer and for a greater area than ordinary at this time of year. Near Westfield wharf the river is open in large stretches and the surrounding ice quite insecure. There is still ice yet reaching normal winter thickness, due to the lack of steady cold weather. At such tidal sweeps as mouth of the Bothies, Oak Point and farther up farmers are not taking many chances with their teams.

SILVER WEDDING
On last Friday many friends called to congratulate Mr. and Mrs. W. Thorne on the twenty-fifth anniversary of their wedding day. Beautiful gifts in silver and cut glass were received as tokens of love and appreciation from relatives and friends. A silver cased watch and a silver case, together with a kindly worded address, were received from the W. M. S. Main street Baptist church, of which Mrs. Thorne is a valued member. On Friday afternoon Mrs. Schofield and Mrs. A. W. Thorne, ushers, and Mrs. Akley presided at the tea table, assisted by four nieces of the hostess, Miss Mary Thorne, the Misses Math and Jennie Thorne, and Miss Hazel Thorne. On Saturday afternoon, those assisting were: Miss Bobbit, Miss Iva Thorne and Miss Briggs.

FOR JUVENILE COURT
IN ST. JOHN
(Continued from page 1)
Mr. Cruikshank said that this did not take care of the between times of reports and the magistrate had no time for the work which should be done. Officials of a juvenile court would keep in constant touch with those who came before them and would work not only through the courts, but through the homes.

Mr. Belding said that this was not an experiment, it was in force in Halifax and other cities. Neither were they attacking the magistrate; they were asking for a change in the system which would enable the city to deal properly with delinquents. A policeman had informed him that he could fill a whole house with delinquent girls if facilities were afforded. The policemen would not arrest young girls and take them to the police station, nor would they arrest boys because they did not think they received adequate attention when they did take action.

Mr. Bullock urged the need of a woman probation officer.
In reply to a question, Mr. Cruikshank said that it should not cost more than \$3,000 a year, at least for the beginning. A juvenile judge would be required, at about \$1,000 a year. For this office a lawyer was not necessary, but experience in other places indicated that a lawyer or a clergyman had proved most successful. The chief qualifications were common sense, upright character and love for children. A probation officer could be secured for about \$1,000 a year.
Mr. Belding explained that rent would be eliminated by the use of rooms in the children's home for the purpose.

Mr. Gregg told of a boy aged twelve years of age, who is reporting regularly once a week to the magistrate, but who at the same time has been committing a most amazing list of crimes.
The mayor promised consideration and the delegates withdrew.
Dealing with the matter in committee, the mayor remarked that he had understood that the county secretary had maintained that this was a matter for the county. It was suggested that if the city secured authority, it probably would cover the county also.
Mr. Thomson said he would like to have some more information.

Mr. Jones said he thought \$3,000 would be only the entering wedge and they could not tell where it would end. He also felt strongly that the magistrate should be heard, and should have been heard when the charges were made.
The mayor remarked that, if they were going to start an investigation, it would be necessary to hear the police side of the question also.
In reply to Mr. Fisher, the mayor said that current revenue could not provide an additional \$3,000, and it would be necessary to assess for the amount.
The matter was laid on the table until Tuesday morning, with the understanding that the city solicitor and county secretary should be asked to be present.

LARGE NUMBER ON MINNEDOSA

Many Munition Workers Home From England

PASSENGERS FOR ST. JOHN

Mrs. William Vassie Among Them - Several Canadian Officers Arrive - Some Experiences in War

The C. P. O. S. liner Minnedosa arrived here this morning and docked at No. 3 berth, just behind her sister ship the Meilla. She had on board 1,439 passengers, 1,225 adults and 204 children under fourteen years of age. Among the former were about 730 repatriated munition workers returning to their homes in various parts of Canada. The voyage across was a pleasant one and the passengers were all pleased with the accommodations, etc.

The following is a list of the passengers booked for St. John: Findlay Brandon, Eva Bell, Mrs. William Vassie, Beatrice Chesley, Fred Ings, G. Sawari Jones, Frank Lambert, Marion Lambert, Fred Little, George McLeod, Reginald McKay, George Thompson, Thomas Tracey, James Misen and Helen Misen of Fredericton, were also on board. The following is a list of the naval and military part for St. John: R. Carrington, J. Cameron, W. Canlon, W. Case, T. Cook, J. Lee, T. in Encoch, M. E. Mannahan, A. H. Montgomery, J. Olliehan, N. Raseff, N. Rushkis, H. G. Sizer, E. Laper, etc.

Hon. W. E. Foster, premier, met Mrs. Vassie when the steamer docked. He was accompanied by his wife and relatives of Lieut. Commander Charles A. Munn, and Captain Gurnie Munn, who are here in a private car and are going to Washington. The former was a commandant in the United States navy, and the latter was attached to the embassy in France.

Among the Canadian officers on the steamer, who were attached to the Royal Air Force, was Lieut. G. T. Byshe of Ottawa, who was a prisoner of war in Turkey for two years. He trained in Texas and crossed overseas where he served for a time at a Zeppelin staff station. He was then sent east and operated for a time at the Danes Islands. While engaged with enemy planes on February 17, 1917, the gas tank of his plane was punctured by the tail of the enemy plane and he was forced to descend, landing within the Turkish lines. He was taken prisoner and put in a camp in Constantinople where he was kept for three months. He was then sent to a prison camp in Asia, where he remained until repatriated about five weeks ago. While there he was kept in close confinement because he refused to promise not to break his parole. He attempted to escape with three English officers, but was shot and killed. For the first eighteen months he was treated badly, having no furniture in his cell and getting hardly any food. Six months prior to the signing of the armistice with Turkey he was treated better as the result of a visit from a comrade.

Another officer was Lieut. L. W. Sellar of Huntington, Quebec. He was attached to the Royal Flying Corps. He was the best of an Italian military cross and in 1917. He was employed as an instructor of segat machines at the Beauport aerodrome.

Lieut. L. Kerr, of Englehart, Ont., who went overseas with the Canadian Flying Corps in April 1917, is returning home after service in France. In November 1917, while engaged with several German machines he was shot down and fell in the German lines and was taken prisoner. He was sent to Hammeln and later to Karlsruhe. He said the officers were treated badly enough, but nothing to be compared with the unfortunate men, many of whom were bayoneted and in some instances shot by the Germans.

Lieut. J. E. Rogers of Toronto, who was attached to No. 1 Ambulance, a British unit which went to Italy and was with the third army, is also en route home. He is wearing a ribbon designating a silver service medal, which was awarded to him by the Italian government for valuable service rendered.

Lieut. S. N. Connolly of Hamilton, another young Canadian who was a prisoner of war in Germany, was also on the steamer. He crossed overseas in February, 1918, and had been in France only one month when he was shot down in an aerial combat and taken prisoner. He said they would have starved to death if it had not been for the food forwarded to them by the Red Cross.
