IN LATEST BATTLE ALLIED FORCE 140 DIVISIONS; NINE ENEMY ARMIES IN DANGER OF GREAT DISASTER

DISASTER THREATENS FLEEING GERMANS

Allied Armies in Rapid Advance and Enemy May Not be Able to Withdraw His Routed Armies Through the Gap in Belgium—British Less Than Fifty Miles From Namur—Hun Position Desperate

Paris, Nov. 6.—Enemy forces are in full retreat on the front of seventy-five miles, from Valenciennes to the Meuse. They are being pressed hotly by the Allies. British troops have crossed the Belgian frontier east of Valenciennes and have stormed Mormal Forest, which covers Maubeuge. Farther south the French are within eight miles of the central part of the German front in France. They are separated from it only by the Nouvion Forest.

NINE ARMIES IN DESPERATE POSITION

The problem confronting the German general staff may be summed up briefly, as follows: The enemy has nine armies strung out in a semi-circle line from Ghent to Mouson, on the Meuse, a distance of 160 miles. All that immense fighting force must flow back to Germany through Belgium, the gap between Liege and Mouson measuring only seventy miles. The southern half and centre of this gap is the most difficult country. It is wooded, hilly and poorly supplied with roads. If the Namur-Liege region is occupied by the Allies before the Germans south of the Sambre are able to get away and cross the Meuse, they will be practically surrounded and overwhelmed in disaster.

It should be remarked that Ghent and Lequesnoy are nearer Namur and Liege than Marle and Chateau Porcien. The British armies are less than fifty miles from Namur. The Germans on the Serre are seventy, and those on the Aisne are seventy-five. The country north of the Sambre is ideal for manoeuvring.

STILL WANT TO FIGHT. Based, Nov. 5.—(By the Associated Press)—The Berlin government has issued a manifesto signed by Prince Maximilian, the imperial chancellor Friedrich Von Payer, the vice-chancellor, and the secretaries of state appealing to the people to bear their hardships and assuring them that resolute work is being done for the transformation of Germany into a popular state, which will be behind no state in the world in liberty and social progress.

THE IMPERIAL CHANCELLOR and his colleagues require for continuance in office the confidence of the Reichstag and of the nation. The fundamental rights have been transferred from the person of the Kaiser to the representatives of the nation. Declaration of war and conclusion of peace require the sanction of the Reichstag.

Zurich, Nov. 6.—Emperor William's abdication has become imminent, according to information received from Berlin by the Munich Post. The newspaper says that serious differences have arisen between the Munich and Berlin governments, and adds: "The Hohenzollerns and the military party would be making a mistake to play with fire, for the people are by no means inclined to remain passive."

With the American Army in the Meuse Sector, Nov. 5.—(By the Associated Press)—11 p.m.—The American forces have captured Ling-Devant-Dun and Milly-Devant-Dun, east of the Meuse river. They are also occupying the hills on the east bank of the river, despite a stiff machine gun resistance by the Germans.

West of the Meuse the Americans have occupied Letanne, Stone, Labesac and Yonco, and are pushing their line well beyond Raucourt Forest, north of Stone. In Beaumont five hundred French civilians were freed after four years' German occupation of the town. Belgium Set Free. Amsterdam, Nov. 5.—In accordance with its amnesty proclamation, the German government has released all Belgian civilian prisoners held in Germany, according to a telegram received here from Berlin. Special rules under which Belgian prisoners were held are said to have been abolished.

German Delegation Leaves To Discuss Armistice With Foch

Amsterdam, Nov. 6.—A German armistice delegation left Berlin this afternoon for the west front. General E. G. W. Von Gruenell, German military delegate to the Hague peace conference; General Von Winterfeld, Admiral Meures and Admiral Paul Von Hintze, former secretary of foreign affairs, are the members of the commission to deal with the Allied powers on armistice negotiations.

RESULT OF THE U. S. ELECTIONS STILL IN DOUBT

Both Sides Today Claimed Small Majority

RETURNS NOT COMPLETE

Washington, Nov. 6.—The Republican National Committee headquarters early today claimed the senate would be Democratic by at least one, and that final returns would allow a small margin for the Democrats in the house.

WALSH WINS IN MASSACHUSETTS—Some Well Known Figures Will be Missing From the Next Congress—Today's Reports

New York, Nov. 6.—The next house of representatives will be Republican at the face of the latest returns. The political complexion of the senate is still in doubt. To the house 219 Republicans apparently had been elected and 138 Democrats, together with one Socialist and one Independent. Definite returns from thirty-one districts were missing or in doubt.

NEW YORK, NOV. 6.—(Special wire to J. M. Robinson & Sons)—Incomplete returns indicate Republican majority of four in U. S. senate; house Republicans by 50 to 35.

ST. LOUIS, NOV. 6.—With one-third of the district vote tabulated speaker of the house of representatives, Champ Clark, Democrat, is leading R. H. Dyer, by approximately one thousand votes, according to unofficial returns up to 9 o'clock this morning.

NEW YORK, NOV. 6.—Early today more than twenty-four hours after yesterday's balloting began, it was not apparent whether the Democrats or Republicans would control the congress.

PARTY MANAGERS on both sides predicted they would have substantial working majorities, but the returns showed better than expected.

Some well known figures in public life will be retired or at least have close shaves by yesterday's voting. Prominent among them are Speaker Clark of the house of representatives, who last night was reported to be beaten by 400 votes, today was running very close to his opponent; Senator Weeks, the junior Republican senator from Massachusetts, defeated by former Governor Walsh, Democrat; Senator Lewis of Illinois, the Democratic whip, defeated by Representative Medill McCormick of Chicago; Senator Southworth of Delaware, president pro tem of the senate, defeated by former Senator Ball, Republican, and Representative Shirley, Democrat of Kentucky, chairman of the appropriation committee.

With the results incomplete Henry Ford was running behind Truman H. Newberry, former assistant secretary of the navy, his Republican opponent for the senate in Michigan.

Out of forty senators being elected twenty-eight had been counted for early today. They were: Alabama, Bankhead, Democrat; Arkansas, Robinson, Democrat; Delaware, Ball, Republican; Georgia, Harris, Democrat; Idaho, Borah, Republican; Illinois, McCormick, Republican; Iowa, Keown, Republican; (Continued on page 7, fourth column)

THE RECALL. Papers bearing the signature of 292 citizens asking for the recall of Commissioner Edwin J. Hilyard and Commissioner H. R. McLellan were filed with the common clerk at city hall at 2:30 this afternoon. The papers were filed by Fred A. Campbell, vice-president of the Trades and Labor Council of this city and chairman of the recall committee. Mr. Campbell said that as soon as the bills are lifted public meetings will be held and candidates will be nominated. He said they have two prominent citizens offering.

FOUR BREAKS IN WATER MAIN

Three breaks in the water main in Gilbert's Lane and one in St. David Street were reported to Commissioner Hilyard this morning and he immediately sent crews from his department to put a larger crew of men on the work in order to avoid any delay. Tomorrow morning 140 feet of pipe will be laid.

EPIDEMIC SUBSIDING

There have been twenty-four fresh cases of influenza reported at the health offices today, making a total since late in September of 991. Of this grand total the clearances—those who recover after a moment of the Spanish influenza in Winnipeg, for during today's new cases and twenty deaths among civilians were reported to the local health authorities.

HALIFAX LIFTS THE BAN

Halifax, Nov. 6.—The city churches, schools and theatres re-opened today. Nine cases of influenza were reported to the health board this morning. There were two deaths from the disease during the past twenty-four hours. The Dartmouth health board has decided to allow the churches to re-open on Sunday and the schools and theatres later in the week, if there are no new developments in the epidemic.

HARRY SELLEN'S SON

William Sellen, aged twenty-two years, son of the late Sellen of the 16th Field Ambulance Corps and on duty at Whiteley Camp, England, is officially reported missing. There has been no word of the whereabouts of Harry Sellen since he overcame with the 118th Battalion and has been a lot of arduous service. He home, 141 Britain street, where the telegram was sent this forenoon. Harry Sellen, father of the missing soldier, was of the Whiteley Express Company here at one time and later with the D. R. steamship service. He is an ex-head of the "Prentice Boys of British North America."

AN AFFLICTED FAMILY

Mrs. Murphy, of Smythe street, whose daughter Mrs. Nearen died in the emergency hospital a few days ago along with her babe, is a much bereaved old lady these days. Another daughter, Mary Murphy, is very low with the prevalent influenza, which she contracted while another daughter, Mrs. Blizard, with her three children, were smothered with gas in their home in South Framingham, Mass., a few months ago and other members of the family in the States are seriously ill with the influenza. The aged mother is caring for the four-year-old child of her daughter who died recently. A son at the front is still fortunately all right.

BAD HOUSEKEEPING

King square and locality, which has been the scene of so much activity and congregating the past week in connection with the Victory Loan open air meetings, is showing its "keep" in a manner not very creditable to the street cleaning department. The area is strewn with paper and grime with dust and tracked mud. Brightly the cleaners thought that all such work was done for the season as soon as cool weather set in, but a good housewife would not think so. For the sake of the town and also for the dignity of the Victory Loan effort this place should be cleaned up at once.

INSPECTED BUILDINGS

Captain Blanchard of military headquarters staff returned to the city today from Fredericton where he was on a tour of inspection. While absent he inspected some buildings in Fredericton with the object in view of having them remodelled into up-to-date military barracks. While there has been no word of this district getting any more troops for the winter months yet this is quite possible.

Famous Hotel Man Dead

New York, Nov. 5.—Caesar Ritz, who established the Ritz system of hotels in prominent cities in Europe and the United States and Canada, died last Friday at a sanatorium in Lucerne, Switzerland, according to a cablegram received here tonight. Mr. Ritz was born in Switzerland seventy years ago.

REV. MR. DAGGETT FINDS IT NECESSARY TO EXPLAIN

Spends Morning on Stand at Potato Inquiry In Effort to Reconcile His Previous Evidence With That of Other Witnesses; Admits he Signed The Name "Wm. Tompson"

On many occasions, during the course of his evidence regarding the "patristic" potato transactions, Rev. J. B. Daggett, former secretary for agriculture, has sworn that he "had no recollection." It now appears that much of what he did testify was incorrect. When the inquiry resumed this morning in the municipal chamber of the court house, Mr. Daggett was confronted by the evidence of other witnesses and the greater part of his testimony was devoted to correcting, contradicting and explaining his previous testimony. He maintained vehemently that he had been sincere in his previous answers but that his memory had played him false and that he could scarcely believe the evidence of his own eyes when he was shown the documents bearing on his testimony. As one matter after another was brought up, the witness asked permission to withdraw his previous answers, to make a statement in correction, to offer an explanation, or frankly admitted that he had been wrong.

Among many matters of interest which came up during the session, perhaps none was more typical of the trend of his testimony than the explanation given by the witness regarding the settlement with A. C. Smith & Company. Counsel for the government showed that payments made to this company, after Mr. Daggett had arranged a settlement on the basis of \$9,500, totalled \$11,760. Mr. Daggett explained that at least one payment, of \$1,800 had been made not on behalf of the government, but on his own personal account. In further explanation, he said that he had assisted the company in their financing with the aid of accommodation paper. The commissioner remarked that it looked as if it were the witness who had been receiving the accommodation. When the witness grasped this, he said that the accommodation had been mutual and that at that time he had owed Smith & Company \$1,200 and had deposited the amount to their credit. He did not know why Mr. Smith had regarded the repayment of a personal obligation as a payment by the government.

The witness showed some reluctance—and he had the grace to blush—when he was forced to admit that he had made out the deposit slip which accompanied the deposit of funds to be forwarded to Mr. Sumner in Moncton. He admitted also that he had signed the name "Wm. Tompson," which he frankly characterized as fictitious. In answer to the commissioner he said that he did not know why he signed that name, but added airily that "There was nothing criminal about it."

Mr. Daggett's explanation of the Boyce payments was one of the most involved of the lot, and he promised to supplement it later. He continues this forenoon. H. A. Powell, K. C., was present this morning as the legal representative of Hon. J. A. Murray.

When the inquiry was resumed at eleven o'clock, Commissioner McQueen presiding, Mr. Hughes continued his examination of Rev. J. B. Daggett, former secretary for agriculture. Regarding the check for \$9,500 payable to A. C. Smith & Co. or the Bank of Montreal, issued by the province apparently in settlement of account, according to vouchers attached, witness said that he used part of the proceeds to pay his liability of \$3,077.6 to the Bank of Montreal for a note signed by himself in favor of George B. Jones and endorsed by the latter. The note represented money advanced to A. C. Smith & Co. The balance was paid to Smith & Co. by personal check of witness.

In reply to a question as to why he had not told of this transaction in his previous evidence, witness said he had forgotten it entirely. Witness recollected accepting draft of A. C. Smith & Co. for \$9,201.95 on June 23, 1915, but did not remember the particulars. He had assumed that as secretary for agriculture he had authority to accept such a draft. He paid Smith by check for \$4,453.56 and the balance by the note previously referred to. Q.—You and Mr. Jones raised money by a note to pay A. C. Smith & Co. for a government account? A.—I did. The accounts were not ready to go through. Q.—The work had been done long before? A.—Yes, but the accounts were not in shape and I did not want to apply for payment until the final settlement. Q.—How much did you advance? A.—\$5,000. Q.—How did you pay it? A.—I cannot say without reference to records. I talked with Mr. Smith about it this morning, but I would like to refer to my records. Q.—He got the \$5,000, covered by the note, \$4,453.56 by your check, \$806.91 by draft from Cuba and \$1,500. A.—That \$1,500 was not government money. (Continued on page 2, fourth column)

CITY COMMITTEE NAMED

A notification that Commissioners Fisher and Bullock had been appointed a fair price committee by the common council was forwarded to the minister of labor last evening by Herbert E. Wardrop, common clerk at city hall. No action will be taken regarding the milk situation until his authorization has been received.

FIRST NEW LIGHT BILLS

The bill issue now being received from the N. B. Power Co. giving the electric lighting statement for October marks the first of the company's new rates, which average a twenty-five per cent. increase. Many explanations had to be made before customers reconciled themselves to the increase. In the case of some large users the additional money paid ran into substantial sums.

RIOTING AT KIEL

Amsterdam, Nov. 5.—(By the Associated Press)—Severe rioting occurred at Kiel Sunday after a meeting of sailors and laborers, which was addressed by an independent Socialist speaker. Mutinous sailors disarmed a military patrol and made their way to the military prison with the intention of liberating men confined there for insubordination. The military guards, who were pelted with stones, fired upon the mutineers, killing twenty-nine. The military commander was shot dead.

CHILE TAKES POSSESSION OF INTERNED GERMAN SHIPS

Santiago, Chile, Nov. 5.—The government today took possession of eighty-four German ships interned in Chilean ports. His action was taken to prevent the crews from sinking the vessels after having destroyed vital parts of the machinery. The seizure of the vessels is favorably commented upon by the peace generally.

The official casualty list given out in Ottawa this morning contains the name of A. J. Gould, of St. John, who has been killed in action. W. H. McConnell, of Sydney, and R. M. Giffin, of Halifax, have also been killed.

ANNOUNCEMENT ON INFLUENZA BAN TO BE MADE TOMORROW

Hon. W. F. Roberts, minister of health, will attend the local government meeting in Fredericton tonight. It was so possible for him to attend this afternoon's sessions through pressure of duties. Asked if he had any announcements to make concerning existing the ban on public gatherings, the minister said he would make this announcement after tonight's session. It is expected the ban will be removed either this Friday or Sunday. The merchants, amusement people and others are urging re-opening Friday in hopes that the profitable weekend will recoup to some extent the past month's losses. To re-open Monday would lose these benefits, it is asserted. However, the health officials are not likely to be stampeded into hasty action.

COHOLAN-WRIGHT

A very pretty wedding was solemnized this morning in Holy Trinity church when the rector, Rev. J. J. Walsh, V. G., united in marriage Miss Marjorie Wright of Hull, England, and W. J. Coholan of St. John. The bride was dressed in an Alice blue crepe de chene dress with a velvet hat to match and carried a white prayer book. She was attended by Miss Elizabeth Job and the groom was supported by his brother, John Coholan. After the ceremony Mr. and Mrs. Coholan retired to the home of the bride's uncle, Frederick Smith, Winter street, where a dainty wedding breakfast was served. The groom's present to the bride was a set of fox furs. Mr. Coholan is a returned soldier.

Following the ceremony Mr. and Mrs. Driscoll retired to the home of the bride's mother, where a dainty wedding breakfast was served. The popularity of the young couple was shown by the number of handsome wedding presents they received.

BOWS SENT BELOW

There was a further hearing in the police court this morning in the case of two minors, charged with stealing keys from the doors of houses in Waterloo street. Both boys were sent below until some arrangements can be made for their future behavior. One boy was before the court about a week ago on a theft charge.

REV. MR. DAGGETT FINDS IT NECESSARY TO EXPLAIN (Continued from page 1.) Q.—These sums were paid after you agreed on the settlement? A.—Yes. Q.—Then that would be more than the amount agreed on? The total is \$11,700.47. A.—The \$1,500 was not government money. Q.—What was it? A.—A personal private matter. It had nothing to do with the government. The commissioner—Was it not credited on a provincial draft? A.—Yes, he instructed me to credit it on the draft and he retained the balance of the draft. Excuse me, that is wrong. He instructed me to deposit the \$1,500 to his credit. Q.—The evidence is that Smith drew on you as secretary of the department and you paid \$1,500 in Fredericton? A.—I did not pay it. Q.—H. C. Smith swears he drew on you for \$4,000.50 and when it came due \$1,500 was paid in Fredericton, leaving \$2,500.50 still unpaid. You paid that \$1,500? A.—I did not. I deposited the \$1,500 to his credit. A.—You did not care where it went? A.—No. It was deposited according to his instructions. A.—You had a \$4,000 draft coming due and you did not bother about it? A.—The draft was going back. There still was some dispute over the settlement. Q.—The last draft was dated in September. The requisition for \$9,581, which you said you agreed on as the settlement was dated in July. How was it that there still was a dispute? A.—We had not agreed on some matters and he came back at once for further settlement. Q.—About that \$1,500 you paid A. C. Smith & Co. Was it for goods supplied you? A.—I will explain that. They were in financial straits at the time and I was helping him to carry things on by notes and drafts and checks. It was so involved that I could not give the details but it is clear in my mind that at that time there was \$1,000 due them and I paid it from sources entirely outside the government. The commissioner—Who was getting the accommodation, you or Smith? A.—Mr. Smith. Q.—Then how did you owe him money? A.—The accommodation was mutual. Sometimes I was ahead and sometimes he was. Q.—Were you engaged in business at the time? A.—Yes, I was; I always am to some extent. That is all I can tell you, if you chase me to the ends of the earth. Mr. Hughes—But you had settled on the losses of \$9,581? A.—I thought so, but they kept coming back for more money. Commissioner—About this \$1,500, you say it was a personal matter. They say it was a payment from the government. If you are right, the government still owes them that much? A.—I cannot help what they say or what they did. I know it was a personal matter. Q.—Did Hon. Mr. Murray know of your note in favor of Mr. Jones to accommodate Smith & Co.? A.—Yes. And I must as well tell here about that check. It was made payable to A. C. Smith & Co. or the Bank of Montreal. I had believed that Smith & Co. were in financial difficulties and I feared an assistance might be appointed. I had the check made that

way to protect myself as I had advanced them the \$5,000. Q.—When the audit was made up on June 1, 1915, in your presence, the account showed \$12,902 due Smith & Co. Had Mr. Smith agreed to any reduction in his charges, prior to arriving at this total? A.—Not that I recollect. Q.—On June 1 he drew on you for \$9,201 and you accepted. A.—Yes. Q.—Did Mr. Murray know of this draft? A.—I do not know. Q.—You have said you told him from day to day of the details? A.—Yes. Q.—Have you any doubt but that he knew of this draft, of the \$5,000 note and of the use of the government check to retire the note? A.—I suppose he knew. The deposit slip used at the time the \$5,000 note was retired was identified by witness as signed by him. Counsel received the deposit of money in vault in witness' office by G. B. Jones, and forwarded to Mr. Sumner. Witness said he had no reason to change his evidence regarding the money being taken to the bank by Mr. Morton. Q.—Did you write this deposit slip? A.—The body looks like it. I am not sure of the signature. Q.—That is the signature of Wm. Tompson? A.—To be candid with you, I believe it was. Q.—Who is Wm. Tompson? A.—I don't know. It was just a fictitious name. Q.—Why did you sign a fictitious name? A.—I cannot go into that. There was nothing criminal about it. Mr. Hughes—I am not so sure of it. Commissioner—You had sworn that you had nothing to do with it. A.—I want to make a correction. I had forgotten about that. I would not have recalled it if I had not seen the document. Q.—Mr. Morton said it was given to him in a sealed envelope. A.—I think he must have been mistaken. Q.—You must have known what was in it if you wrote those figures. A.—I suppose so. Mr. Hughes read the previous evidence regarding the transaction, in which Mr. Daggitt had said he had not touched the package and had not filled out the deposit slip. A.—I must admit I was mistaken, but could not have sworn differently at that time. I did not remember. Q.—About the note given by A. C. Smith & Co. to settle the account, was Hon. Mr. Murray present when the note was arranged? A.—Yes, I remember. Q.—Mr. Smith says he was. A.—I do not remember much about it. Q.—There was no discussion with Mr. Murray nor Mr. Clarke about where the money was to come from to meet the note. A.—No. I knew nothing about it, except that Mr. Smith would not have to pay it. Mr. Hughes referred to previous evidence by witness in which he said he considered the \$9,531 as the final settlement. Q.—In view of this why did you accept further drafts? A.—I had forgotten about that. I did not know of it until I spoke to Mr. Smith this morning. Q.—Did you not read it in the evidence? A.—No. I have been busy and I must have overlooked it. Questioned with regard to the sale of culls, witness said he had no recollection of getting any money from that source. When informed that Mr. Sloop, the inspector, had a receipt for \$126.51 paid to the department, witness said that he knew nothing of it. It should be traced out; it must have been wrongly credited. With regard to the returns for the shipments to Cuba, witness admitted that the documents showed that one remittance had gone to the department in lieu of to A. C. Smith & Co., but said he had no recollection of this when he gave his previous evidence. Regarding the \$3,000 paid to Mr. Daggitt by Hon. J. B. M. Baxter, witness said that he had spoken to Mr. Baxter about it recently, since giving his evidence, and had told Mr. Baxter that he (Daggitt) still considered himself liable if Mr. Baxter wanted to press the claim. Not Sure. Witness referred to the Boyce payment, witness said he was not sure that his previous evidence was correct. When Mr. Hughes produced check signed by A. C. Smith & Co., payable to Boyce, witness said he was satisfied that this was the way it was settled. He was not sure if Boyce shipped the potatoes on his own responsibility or not, but recollected that they fell responsible to Mr. Boyce. They might have bought the potatoes so as to cut down the freight. It was his impression that the Boyce potatoes turned out in good shape and they settled his claim. Mr. Boyce had not given any instructions about a consignment so the shipment was sent to the government consignment and the letter remitted for them with the others and Boyce received the amount of his claim, \$400 odd, about \$2 a barrel. Witness admitted that potatoes could not have been shipped to Cuba and sold at \$2 a barrel without loss. If a loss was made, he thought Mr. Boyce incurred it. Witness admitted that he had no record that Boyce had paid the freight fifty-five cents or duty, about fifty cents a barrel, on his shipment. He could not recollect that Mr. Boyce had paid these charges. Witness could not recollect the date of the Smith note for \$82,861 as of November 4 and the evidence of Mr. Cruikshank that he had received it on December 22. He did not recollect that he had held it for several weeks. He only knew that he got it and gave it to Mr. Cruikshank. The court took recess at one o'clock to resume at 2.30.

THE VICTORY BONDS.

St. John has still a large amount of the Victory Loan to subscribe. The citizens will feel more like celebrating the victory won by their sons at the front if they have done their own part and fully subscribed the Victory Loan, which is necessary to care for the soldiers until they are again well settled at home, and to keep the country prosperous during the intervening period. The duty is not the duty of a few but of all who can help, even to the extent of purchasing a \$50 bond on the installment plan. The soldiers are still doing their duty. Many of them are even subscribing for Victory bonds. Can these civilians who are able to subscribe do less?

THE WAR SITUATION.

There is a satisfying finality to the armistice terms which rejoices the people on this side of the Atlantic as well as those of England and France. Germany may surrender now, or after her soil has been invaded—but she must surrender. That is the substance of the ultimatum.

Meanwhile the German armies are in rapid retreat on the western front, and some of them in danger of having their retreat cut off. The military situation warrants the Allies in agreeing to nothing short of unconditional surrender of the enemy. One of last night's cables said that the crisis on the battlefield is at hand, which means that we shall soon see whether the Germans can get their cowed armies safely behind their own lines or whether some of them will retreat out of. Meanwhile the number of prisoners grows daily, and many guns and such war material as bridge abandoned to the Allies. Since Monday the British have defeated twenty-five German divisions. The French and Americans are driving northward in the Meuse region with such success as to threaten the enemy's line of withdrawal. From the Scheldt to the Aisne the enemy is in retreat. It is in this situation the Germans have to consider the Allied armistice terms. There was a rumor yesterday that Austria would protest against Allied armies attacking Germany through Austrian territory, but there is not enough pro-German influence left in that country to protest with any tangible effect. The Austrian people want peace, and food, and they are willing to pay the price. Germany stands alone.

THE U. S. ELECTIONS

The American election returns at this writing indicate that the Republicans may control the next Congress. The contest was very keen, and the tide was set to swing strongly toward the Republican party that President Wilson issued a personal appeal to the people to give him a sympathetic Congress. It was urged by the Democrats that a defeat for them would be regarded in Germany as a rebuff to the President for his war policy. The Republicans replied that they were more warlike than the Democrats. But the former had another charge, to the effect that the President was seeking to be a dictator and that real democracy was in danger in the United States even while American soldiers were fighting for it in Europe. There was also sharp criticism of the President for his noteworthy writing of late, and because he did not sponsor counsel entry into the war. The administration had also to suffer for all the blunders made in war preparation, and for the graft exposures and the inefficiency which marked some departments in the earlier stages of mobilization of the country's man-power and resources. It is interesting now to read some of the criticism offered on the eve of the elections. The Boston Transcript on Saturday said:—

"The issue is whether the people wish to give over the governance of these United States for the next two years to the uncontrolled will of one man, even the Man in the White House. Mr. Taft has stated the issue, so has Colonel Roosevelt, so has Mr. Hughes, not as partisans, but as freemen, as Americans unafraid. It is upon that issue, and that issue alone, that the people of Massachusetts will vote next Tuesday for representatives of Congress. In the presence of such an issue, men awake to its seriousness will not allow their better judgment to be swayed by lesser things on Saturday said:—

"The Public Ledger of Philadelphia denigrates with truth and force that the joint rejoinder of ex-President Roosevelt and ex-President Taft to President Wilson's extraordinary action upon the great body of Republicans throughout the land. What has interested the Sun more than this, and what may be regarded as even more important and significant than the effect of the letter upon the great body of Republicans throughout the land, is the effect it has had and is having upon the great body of Democrats throughout the land. We judge this effect not only from the utterances of independent and self-respecting Democratic newspapers like our neighbor The World; not only from the expressions heard on every side, from Democratic lips, on the streets, in the railroad trains, and in other quarters constituting the extensive forum of that which the vivid phrase of Mr. Wilson's describes as 'the opinion of outsiders'; but also from the many hundreds of letters conveying to this journal the outspoken sentiments of members of both parties. With very few exceptions the tone is that of indignation and disgust

at the debasement of the dignity of the most exalted office in the world to the temporary necessities of partisan politics. There are many Democrats whose judgment is much more severe than that which has been expressed by Mr. Taft and Colonel Roosevelt; or, again, by Judge Hughes in his speech at the Union League Club last Tuesday night. Whatever the vote may be day after tomorrow, the issue of one man power, of personal mastery, is permanently established in the consciousness of the American people."

The New York Herald said:—
"What the President has appealed for is a Congress particularly democratic, and upon that appeal The Herald has commented, expressing regret that it was ever made. We believe the President himself now regrets it."

The Portland Oregonian said of the President's appeal:—
"We prefer to think that the plain partisan appeal that is in the despatches from Washington today is not the voice of the President of the United States, but that of a party leader deceived or ill-advised by scheming opportunists. Ever country in the world, and every man with honest heart, knows that it is the United States, not the Democratic party, that is waging America's war against the Central Powers. Every country and every well-informed person knows that both England and France abandoned piggy war administration after bitter cost. The record of the Republican party in support of war measures is as clean and as straight as that of the Democratic party. Throughout the land the question directed at every Congressional candidate today is not 'What is your politics?' but 'What is your pledge on war measures?'"

The following is from the Kansas City Star:—
"For many years, until the Republican split of 1912, the Republican voters of the country outnumbered the Democratic. In 1904 Roosevelt had a plurality of 2,000,000 over Parker; in 1908 Taft had 1,200,000 over Bryan; in 1912 the combined Roosevelt-Taft vote was 1,800,000 above Wilson's. Almost all conditions existed in 1918 on account of the 'let-us-out-of-war' issue, reflected in Kansas, for instance, which gave Cooper a plurality of 120,000 and Wilson a plurality of 97,000. Minnesota, which gave Kellogg, Republican senatorial candidate, 68,000 plurality, and Hughes only 824; and California, which gave Johnson, Republican, 297,000, and Wilson 4,000. Wilson's plurality in the nation was 590,000. It is a fair inference that in recent years under ordinary conditions there have been more Republican voters than Democratic."

"Will not the partisan appeal of the President have the result of solidifying the Republican party and thus of bringing to the polls more Republican voters than Democrats?"

BEFORE the establishment of the Waltham Watch Company in 1854, there was not a single factory in the world where a watch movement was made in its entirety.

The plates were fashioned in one place, the wheels elsewhere, and so forth. All the parts thus made by disconnected and non-standard methods were finally assembled and cased elsewhere.

But with the advent of the Waltham Watch Company a revolution in watch making took place. One of the first results of this Company's establishment was to produce better watches at a lower cost than were ever possible before. Watches ceased to be a luxury of the rich and became a convenience that all might possess.

Throughout the past sixty years, every gold medal awarded for watch merit has been awarded to Waltham.

So that there is a meaning full of significance in the name "Waltham" for any person who desires the most dependable timepiece that money can buy.

Our U. S. L. Battery Service Station is now completely equipped with the necessary apparatus and electrical instruments for the care and repair of storage batteries of all makes, and in charge of expert battery men. We carry a full line of spare parts and make repairs promptly and at reasonable prices.

Winter Storage and Overhaul

Your storage battery, requires special winter care. Batteries stored wet in apparently good condition frequently develop trouble during the winter or soon after being placed in service in the spring. You can't determine the condition of the working parts without disassembling the battery. They deteriorate appreciably in acid, even though standing idle and properly cared for, and usually require overhauling annually.

We therefore store "dry" by a new process all batteries left with us—overhaul, wash, re-insulate, re-assemble, charge completely, then remove acid and seal them. We make only our regular overhauling charge of \$10.00, and store your battery free until next spring.

Food Board Flashes

Now that the fresh summer vegetables are nothing but a pleasant memory the woman in the home is turning her attention to the winter variety now safely stored in the cellar. To make vegetable chowder, take:

4 potatoes	2 tablespoons fat
2 carrots	2 level tablespoons flour substitute
3 onions	1 pint canned tomatoes
1 pint canned tomatoes	2 cups skim milk
	2 teaspoons salt

Cut potatoes and carrots in small pieces. Add enough water to cover and cook for twenty minutes. Do not drain off the water. Brown the chopped onion in the fat for five minutes. Add this and the tomatoes to the vegetables. Heat to boiling point. Add two cups of skim milk and thicken with flour substitute.

POLICE COURT

George Felthem, an employee of the Brandman Henderson Company, was before the magistrate yesterday afternoon on a charge of stealing \$95 from the cash box of the company. Some evidence was taken and Felthem was further remanded.

An employe of Cedar Hill cemetery appeared on a charge of having liquor in his possession on Oct. 28. Inspector McAtch said that he suspected a certain house in Carmarthen street near the corner of Duke. He was watching the house when he saw the defendant go in and when he came out he searched him and found a bottle of liquor. William Speight, charged with having liquor on his premises, Main street, was given a further hearing. Both judgments will be given in a few days.

ABDUCTED HER SON

That his former wife, who had been divorced from him for five years, appeared at the home of his father in Upper Sackville yesterday and at the point of a gun took possession of her eight-year-old son who had been left in his custody, was a story told by Harold Estabrooks to Chief of Police Ridout of Moncton. When the boy's grandmother attempted to prevent the abduction the mother pulled a revolver and held her at bay until they got into an automobile.

Extraordinary Soap

Ivory Soap is extraordinarily good soap. You will find that it lathers better than any soap you have ever used; that it rinses more easily; that it doesn't irritate the skin; that it cleanses beautifully and harmlessly. Ivory is unusually satisfactory because it is the purest, mildest and highest quality soap that can be made.

ALMOST BLIND FROM HEADACHES

It is hard to struggle along with a head that aches and pains all the time. Headache seems familiar to many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels.

The reason Burdock Blood Bitters makes permanent cures of all cases of headache is because it starts the organs of elimination acting freely, and the poisons and impurities are carried off from the system, purified blood circulates in the brain cells, and instead of pains and aches there is revived mentality and bodily vigor.

VICTORY LOAN 1918

It is the duty of every citizen to purchase Victory Bonds, and this Bank is prepared to assist wage earners by making loans for this purpose at 5 1/2%, being the rate the bonds bear. Wherever possible, the bonds will be held for safe-keeping, on behalf of small subscribers, for one year, without charge.

While they march on to Victory. GREAT is the glory Our iron and our steel are important factors in the fight that Canada wages. Let us keep the production going at top speed. Our ships are no less essential to Victory than the men they carry across to France. Let us keep our shipyards busy, turning out the boats that we must have. Our lumber is needed—all we can cut—for the building of those ships and for a hundred other war requirements. Let us work hard to get out the logs. Our fisheries are supplying sustenance to the civilian population so that food may be released for our fighting men. Let us spread the nets for more fish. The money to finance all these industrial activities will be provided by Canada's Victory Loan 1918. Let us, the people of the Maritime Provinces, subscribe to that loan as freely and as generously as our brothers in France are offering up their lives. Let us prove ourselves worthy of those glorious deeds our soldier-kin are performing in France. Let us eagerly welcome the opportunity of supporting that army which has placed Canada's honor so high among the nations of the world, nor consider any sacrifice too great that makes for Victory.

THE EVENING TIMES AND STAR, ST. JOHN, N. B., WEDNESDAY, NOVEMBER 6, 1918

Sergeant Brown Was Hard to Satisfy

Four machine-gun crews to his credit was a pretty fair record for one day's work. But why leave a perfectly good trench half filled with Germans? Brown didn't.

The hail of machine-gun bullets could not stop him. He was not thinking of them. Shrapnel was bursting all around him. He did not heed. His rifle was so

hot he could not touch it, so he laid it in the hollow of his arm and kept on firing; the Huns kept on yelling "Kamerad!" and throwing down their guns. Brown forgot danger and death, he forgot that he was alone against a hundred and fifty Germans. He forgot everything but his job---Victory. And he walked proudly into camp with one hundred and fifty-nine prisoners.

We've got a big job over here, too. We must see that never again will it be possible for such a war to be thrown upon civilization and that the last spark of militarism is completely extinguished. Now, more than ever, is a solid front needed at home and we ensure this by the greatest weapons in all history---VICTORY BONDS. Let's do our job as Brown did his---fearlessly, persistently, joyously.

Let's Lend as He Fought---Let's Buy Victory Bonds to Our Utmost and Clear the World Forever of Militarism

GERMANS MUST APPLY TO FOCH

Washington, Nov. 5.—Marshall Foch has been authorized by the United States and the Allies to receive representatives of the German government and to communicate to them the terms of an armistice. The German government is so informed in a note handed to the Swiss minister here today by Secretary Lansing.

The note announces that the allied governments have declared their willingness to make peace with the German government on the terms laid down in President Wilson's address to congress last January, and on the principles of settlement enunciated in his subsequent addresses.

The Allies reserve to themselves, however, complete freedom of action when they enter the peace conference on the subject of freedom of the seas.

It was further stated, with reference to restoring of invaded territories that the Allies' governments understand that compensation will be made by Germany for all damage to the civilian population of the Allies and their property as the result of the aggression of Germany "by land, by sea and from the air."

SAFETY AND PROFIT BOTH.

There are a whole lot of people who understand very little how to invest their money with both safety and profit. Are you one of them? If so, you will find the appeal of the Victory Loan absolutely irresistible as an investment, aside altogether from its appeal to you on the grounds of patriotism and humanity.

You are not asked to give one cent. You are simply asked to lend your money to your country. It will still be your money. Its return in full will be guaranteed to you by the whole of Canada.

In addition, you will be paid 5% per cent interest. This means \$5.50 clear profit yearly on every \$100 you invest in Victory Bonds. This interest will be paid to you every six months as sure as the sun rises and sets.

You will have no worry or anxiety about it. There will be no doubt about your interest being paid to you on the appointed day every six months. There will be no uncertainty about the return of your principal dollar for dollar.

Of all known investments, none combines safety with profit so pre-eminently as Victory Bonds. Buy them today. Buy all you can.

THE DIVORCE COURT

The New Brunswick divorce court held a session in Fredericton yesterday with Judge Crockett presiding. The case of Louise Theresa Piers vs. George Herbert Piers was allowed to stand for the present. In the case of John Mallory vs. Alberta Mallory, evidence was given in proof of the charges. In the case of Annie Gertrude Burton vs. Jos. Burton his honor said that he desired further corroborative evidence and permitted the case to remain open until such evidence can be obtained. In the suit of Logan vs. Robert A. Logan the case was struck from the docket as no instructions concerning the action had been received. In the suit of Bessie Irene McManiman vs. Stephen Basil McManiman an affidavit presented by counsel was found to be defective and an opportunity was given the counsel to amend the affidavit and to make application at a later date. Joseph Seymour Moore of St. John is seeking divorce from his wife, May Hattie Moore, on statutory grounds.

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."

"106A. Every person who HARBOURS OR CONCEALS OR IN ANY WAY ASSISTS ANY MAN WHO IS A DESERTER OR ABSENT WITHOUT LEAVE FROM THE CANADIAN EXPEDITIONARY FORCE, or who is in default in the performance of any obligation or requirement for reporting or for military service imposed upon him by the Act or Regulations or any proclamation thereunder, shall be guilty of an offence punishable upon summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he was not aware and had no reasonable ground to suspect that the man so harboured, concealed, or assisted was a deserter or absent from the forces without leave or in default in respect of any of the obligations or requirements aforesaid."

MILITARY SERVICE BRANCH.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

DEPARTMENT OF MILITIA AND DEFENCE.

HIT HIM AGAIN

The Bad Man of Europe is groggy. The hell-hounds he loosed in Belgium are backing away, cringing, snarling, scared. We've got him going. But he lives—4,000,000 strong on the Western front alone—and in his perverted brain lives the ambition to destroy and to enslave. Now, while his legions totter; while his only hope is to dodge, to retreat, to evade the knockout blow that he knows must fall, now is the time to strike and to put everything we have behind the blow. If you were planning to buy a \$100 Victory Bond you can surely hit harder. Make it \$200 or \$500.

If you were thinking of a \$500 Bond, can't you strike a \$1,000 blow? The full weight of Canada's fighting strength must go into that crushing stroke—our great resources, our industries, our agriculture, our fisheries, our surplus wealth, every dollar we can spare, every dollar we can rake and scrape. For this is the knockout—the blow that must strike the demon down and send his broken war hordes hurtling back across the Rhine. Hit him again! HIT HIM AGAIN!!

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

OBJECTIVES REACHED

A particularly large subscription of a provincial character yesterday was that of Angus McLean, of the Bathurst Lumber Company, who bought \$100,000 worth of bonds.

Additional honor flags for those sections having reached their objectives include the parishes of Canterbury and Marysville, in York county; the parishes of St. James and St. Stephen, in Charlotte county; Lincoln, in Sunbury. The other places so honored are Rogersville, in Northumberland county, which wins not only a flag but one crown denoting a twenty-five per cent. overplus; Kars,

in Kings county, with flag and four crowns; Loggieville, Northumberland county, a flag and three crowns; Wickham, in Queens county, a flag; also Dufferin, in Charlotte county; St. David's, Charlotte county, a flag, also Edmundston, Madawaska, Grand Falls, in Victoria, a flag; while Westfield, Kings county, wins a crown on its flag.

Northumberland East is the first division—the largest sections under the allotment—to win a large flag.

Sunday School Boys.
The executive of St. Andrew's church Sunday school has responded to the appeal of the forward movement committee of the Presbyterian church by purchasing in the name of St. Andrew's Sunday school and young people, \$1,000 worth of Victory Bonds.

Last Night's Meeting.
About 3,000 people were in attendance at the open air meeting held in front of the Imperial Theatre last evening and heard addresses by F. J. G. Knowlton, Rev. H. E. Boyer and remarks by Steve Matthews. Others taking part in the programme were: Miss Blenda Thompson, Miss Farmer, Miss Cole, Miss Leslie and Mr. Harrington. The Depot Battalion Band also rendered a musical programme.

BUY VICTORY BONDS—MILITARY NOTES.
G. B. Appleby of this city has been appointed a lieutenant in the Depot Battalion. He reported for duty on Saturday and was given several days' leave. He has been to England several times as military attaché, on a troopship. For some time he was identified with the recruiting office of Lieut.-Colonel McAvity when the latter was chief recruiting officer for the province.

Killed in Action.
Word was received in Chatham on Monday that two soldiers from that town, Howard Vanstone, son of Mr. and Mrs. James Vanstone, and Clinton Burke, son of Mr. and Mrs. Edward Burke, had been killed in action.

For a Soldier.
Wilmot and Nelson Dean, with Eugene McDonald, conducted a patriotic sale on Mr. Dean's grounds, Victoria street, last Saturday afternoon. They realized the sum of \$6.75 for the purpose of sending a Christmas box to Geo. H. Noble, a popular North End painter and decorator.

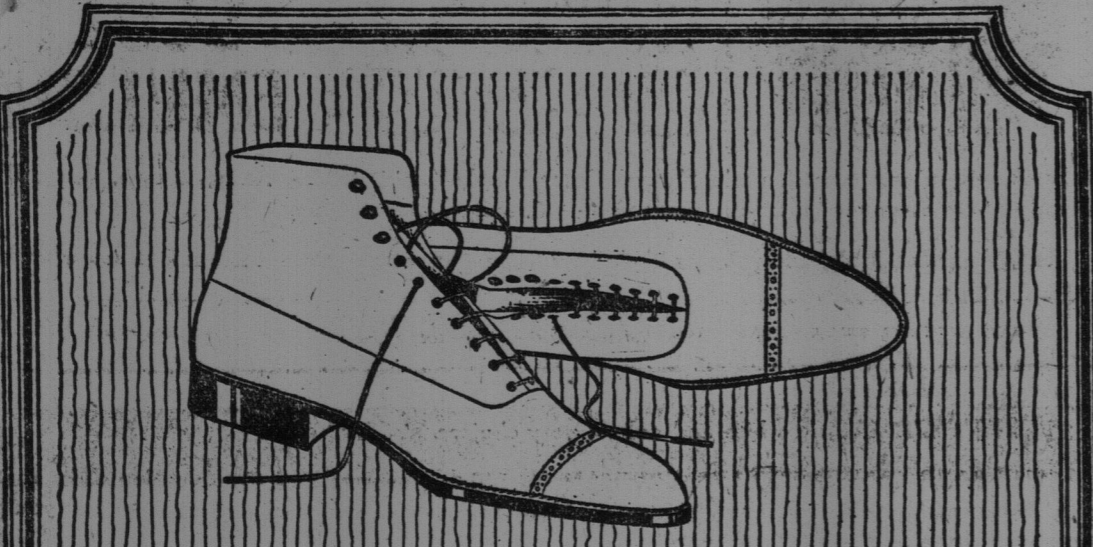

If for the past four years you have enjoyed home comfort while others have been fighting on the battlefield, shew now your keen appreciation by buying

What 7,000,000 Weeks Mean

If you would add only one week to the life of your shoes, and if all Canadians would do the same, think what it would mean! It would mean the saving of enough shoes to last 7,000,000 weeks. It would equip a million soldiers for more than a month. It would help to check rising prices, and to increase the purchasing power of every dollar that is spent for shoes.

Get this added service out of your shoes. It is easy to add much more than a week to their life if you will buy for service rather than merely for appearance. Go to a responsible dealer and profit by his knowledge of values. Look for the manufacturer's trade-mark on the shoes you buy.

If you will do these things you will sacrifice nothing in neatness and attractive appearance, and you will gain immeasurably in satisfaction.

Use the **RADIATOR HUMIDIFYING PAN**

Leading health authorities say that breathing superheated, dried, indoor air produces more Headaches, Colds, La Grippe and Pneumonia than all other causes combined.

Artificial heat, coming from steam and hot water radiators dries out most of the moisture of indoor air, preventing the natural in-flow and outflow of moisture the human body should have.

THE RADIATOR HUMIDIFYING PAN offers a natural relief from the injuries of impure indoor air. When filled with water and placed on the back of any steam or hot water radiator, between the radiator and the wall out of sight, it evaporates the water, rapidly converting the dry, vitiated indoor air into a moist, healthful atmosphere that Nature requires and good health demands. The Radiator Humidifying Pan is made of HEAVY GALVANIZED IRON TO FIT WIDE OR CLOSE PIPED RADIATORS.

ON INSPECTION TRIP
H. C. Groat, general superintendent of the C. P. R. New Brunswick division left last evening on an inspection trip along the main line. While absent he intends making arrangements for necessary preparations to handle the winter port business.

WINTER PORT PASSES
Passes for those who have business in the sheds or along the wharves in West St. John this winter, will be supplied on application to Mr. Brooks in West St. John and the signing of the necessary papers. The work is being conducted under the supervision of the military authorities.

MRS. ALBERT COYLE
Many will learn with regret of the death of Mrs. Albert Coyle which occurred very suddenly this morning at her residence, 248 Brunel street. She was twenty-three years old. Besides her husband and one small child, she leaves her mother, Mrs. J. Devlin, residing at the same address, and a sister, Mrs. J. Devlin, residing at the same address.

JACK HARGRAVES
Jack Hargraves, an employe of the St. John Iron Works, died this morning in the epidemic hospital from Spanish influenza which developed pneumonia. He was thirty-two years old and boarded at the residence of Mrs. Alex. Mason, Britain street. He was a native of England and has no relatives in this country. The funeral took place this morning. Interment was made in Cedar Hill.

GRAND MANAN PEOPLE EXCITED
The death of Harry Bleumorthier, a soldier called to the colors in this city, has created a lot of comment on the island of Grand Manan, from which the boy was hailed a couple of weeks ago, and to which he returned in his coffin within ten days. Young Bleumorthier was a draftsman and upon reaching St. John contracted the Spanish influenza, succumbing to it. His funeral was the first one held on the island for a long time. Spanish influenza is practically unknown down there. While the case was doubtless a singular one and especially sad under the circumstances some hasty-minded people offered criticisms that might well have been left unsaid and which were not complimentary to St. John.

INVITE OUR ALLIES IN.
Here and there throughout the city citizens see Italian flags flying from humble dwellings, shoeshine shops, etc., also an occasional Greek and Belgian emblem, and other Allied bunting. Investigation will doubtless prove that St. John includes in its citizenship numerous natives of the countries allied with Britain in the big new drawing to a close. It was suggested to The Times this morning that these allies be asked to form their own sections in the big victory parade planned for the announcement of peace. There can be Italian, Syrian, French and possibly Oriental groups, all of whom can muster quite a detachment in St. John. Canada, the foreign element always furnish some of the distinctive features of a patriotic or trades parade.

NEARLY \$3,000,000 UP TO LAST NIGHT

Victory Loan Committee Meeting With Good Results - Automobiles Needed - Tonight's Meeting

The central committee of the local Victory Loan campaign had little to report today, with the exception that their canvassers were all out working hard to reach and if possible surpass their allotment. The total subscribed up to last night was \$2,950,000, but the total returns from the province had not been received up to an o'clock this afternoon. No special subscriptions were forthcoming this morning.

The committee desire to call the attention of people signing checks on the Dominion Savings Bank that they should mark plainly the number of their account, otherwise the check will not be accepted.

That automobile owners would render a patriotic service by donating the use of their cars for a day or even a half a day, was a statement of the members of the committee. They contend that they are having a hard time trying to get around in the country districts and would greatly appreciate the loan of some cars.

The fight between Lansdowne and Lorne wards is one of the features of the campaign. Lansdowne ward is still in the lead with a total of \$185,000, while the total subscribed in Lorne ward is \$152,550. J. C. Chesley is chairman in the former ward and is working day and night in an effort to keep ahead of his rivals. One of the subscribers in Lansdowne ward had \$854 in the bank and after being solicited by Mr. Chesley's committee took out a bond for \$850.

Victory Loan Meeting.
The chief speaker at the outdoor meeting on King square tonight will be Stanley E. Eldin, M. P., chairman of the St. John committee, who will outline the work already accomplished and what remains to be done. The Depot Battalion Band will render a vocal solo, and some splendid pictures will be thrown on the screen in front of the Imperial Theatre.

Every opportunity will be given for the purchase of Victory Bonds.

Church Invests Funds.
Another boost has been given to the Victory loan figures for St. John by the decision of the directors of the First Church of Christ, Scientist, to invest their building fund in Victory Bonds. The local church has been accumulating a fund with the intention of erecting a church edifice of their own in due time and the fund has reached substantial proportions. At a meeting of the directors the situation was discussed and it was decided to invest the entire amount in the Victory Loan. This decision was arrived at not only from patriotic reasons but also because of the attractiveness of the investment. Application has been made for the required number of bonds, which will be paid for in cash on delivery.

BUY VICTORY BONDS—ST. JOHN AND THE FILM BUSINESS

How the Removal From the City Would Affect Local Interests

At a recent meeting of the Maritime Managers' Association held in this city communications were read from Truro, Moncton and Sussex in regard to the proposed removal of the film business from this city to some other maritime provincial location. The communications were read and ostentatiously acknowledged. In the case of Sussex it is understood the exchanges were offered exemption from taxation; Moncton and Truro would apply the same facilities, which are satisfactory. It is stated that the film men are considering the offers of the larger places.

Film exchanges now making St. John their maritime provincial headquarters number about fifteen well-equipped offices and employ directly and indirectly over 150 people. Many of the employes are men from outside cities who live in the hotels, boarding houses or have rented apartments for their families. They are nearly all taxpayers. The money is disbursed in all avenues of business, is large.

Film headquarters for New Brunswick, Nova Scotia and Prince Edward Island as well as Newfoundland brings a continuous stream of people to this city for booking purposes, conventions, conferences and such gatherings. It also brings traveling officials, such as general managers, auditors, chief salesmen and others in this direction.

The movement being made to remove from St. John is due to the new system being employed by the city to impose taxation, a percentage on the gross receipts. This plan, it is claimed, will eliminate profits already reduced to a minimum by the drastic effects of war upon raw materials, etc.

Much apprehension is being shown by the theatres in this city over the prospective move of the exchanges, as removal would mean a much greater outlay for them, transportation risks in connection with scheduled programmes and a general upset.

BUY VICTORY BONDS—EXPECTS HEAVY BUSINESS FOR WINTER PORT

Captain Walsh, marine superintendent for the C. P. R., held a conference with Commissioner Bullock this morning regarding the allotment of berths along the harbor front for the winter season. Commissioner Bullock informed Captain Walsh that No. 6 berth in Sand Point would remain open for mail steamers, but as to the other wharves it would be a case of "first come first served." He pointed out that at one time last year nearly every berth in the harbor was occupied by C. P. R. O. S. steamers so that the system seemed to work out well and all steamship agents and owners were perfectly satisfied with this arrangement. Captain Walsh informed the commissioner that he anticipated a large amount of business this winter.

BUY VICTORY BONDS—MOVIE STARS AND THE FLU.
In addition to the death of Harold Lockwood of Metro, and J. Warren Keegan of Paralta pictures, the screen-follower public will be sorry to learn that Viola Dana's husband and director, John J. Collins has died of the influenza. Miss Dana is still critically ill herself and does not yet know of her spouse's demise. Lottie Pickford, Mary's sister, is slowly recovering after a narrow escape from the malady's worst form; Owen Moore, Mary Pickford's husband, is also convalescent. Recent theatrical journals to hand give long lists of ill performers in the dramatic, operatic, vaudeville and picture professions, many of whom are already familiar to St. John audiences. The vaudeville people have been particularly hard hit.
