Miramichi Advance. CHATHAM, THURSDAY, SEPTEMBER 26, 1878.

"Catching at Straws." It was gratifying to hear Mr. Snowball, on Saturday last, at the meeting of the Miramichi Advance, to the questionings of Mr. Mitchell's friends.

They wanted to know a great deal and they found out just what they did not want to hear—viz., that Mr. Snowball sticks to the one great principle on which he conducted his canvass, and as determined to serve the County and attend to its interests.

THE INVIGORATING, FATTENING, AND NUTRITIVE properties of Boscawen's Compound Emulsion of Cod Liver Oil with Lacto-phosphate of Lime are such as would indicate its sufficiency to "sustain the body in the performance of its various functions," with the aid of little solid food. Hence its superior remedial worth in the "Wasting Diseases of Childhood"—the "Wasting Aged," in those of Consumption tendency in Consumption itself, as well as in General Debility and all cases of Prostration and Emaciation. Prepared by J. H. Boscawen, Chemist, St. John's, N.B. and for sale by Druggists and General Dealers. Price \$1.00 per bottle, or Six Bottles for \$5.00.

Miramichi and the North Shore.

UPPER NELSON Methodist Church is to be dedicated on Sunday next.

A BAZAAR in aid of the Yellow Fever sufferers is to be held at Douglastown on 3rd October.

A SOCIAL PARTY was given at Derby on Thursday evening last and was a very successful and creditable affair.

AN EXCELLENT CHANCE for the purchase of an established and paying business is offered by the proprietor of the Miramichi Bookstore.

HELD OVER.—We regret that want of space obliges us to hold over an account of the Masonic dedication at Newcastle, on Friday last. It will appear next week.

TELEPHONE.—Messrs. Call and Miller's Telephone between Derby and Newcastle has been completed and reflects credit on the enterprise of those gentlemen.

DEADLY.—The Advocate says that by rejecting Mr. Mitchell Northumberland "stands disgraced in the eyes of the world." Theirs genuine "Tobacco street" for you.

SIGN THEM IN.—We have seen some singular printed efforts lately in the interests of Mr. Mitchell. We wish to make a collection of these and our friends will oblige by sending any specimens they have.

THOU PICKARD, Esq., of Sackville, is in town. He is agent for the sale of a Patent Emery Saw Grinding Machine which ought to be bought by those owning mill grinding establishments as it is both cheap and effective. He is at the Canada House.

THE OLD TURK.—The itinerant who works the borrowed organ and turns his crank about as deftly as he did the mill wheel before he secured his discharge, is now "testifying" to "pecuniary loss." The sacrifices some men make for party are terrible to contemplate.

POLICE NEWS.—On Thursday last two men, named James Rainsbottom and Michael Mahon were brought before Police Magistrate Blair for preliminary examination, on a charge of having the day previous, assaulted Policeman Wilcox. They were held to bail for trial at the next sitting of the County Court.

GREAT FOX.—Mr. Mitchell, having nothing to do in Miramichi imagines it excellent sport to keep Northumberland in political turmoil, so he threatens an election petition as a petty revenge for his rejection. He will find however, that the fun will not be all on one side.

IT WILL WORK FINELY, Mr. Mitchell thinks to keep prominent electors away from the lumber woods during the coming winter, so he threatens to have an election protest entered as a means of rendering others idle as himself. There will, however, be idle men on both sides if the game is tried.

LOOK OUT!—As Mr. Mitchell has said Mr. Snowball's friends voted for bribes given to them, he may make great efforts to prove his words. He has friends who get people into private conversations and then take down their words and twist them into evidence against them. Look out for men who do this kind of work for Mr. Mitchell!

LABORERS.—Mr. Alex. McNaughton of Black River brought to town, on Tuesday, two boats, one of which was 18 inches high and 27 inches length, the other measured 27 inches in length. We would advise Mr. Donville, M. P., to consult Mr. McNaughton on the feasibility of establishing Beet Root Sugar factory at Black River.

STILL PROMISING.—Mr. Mitchell is still endeavoring to keep his beaten and shattered party together by telling them that the patronage of the County is in his hands. He will be exposed in his little deceptions in a few weeks more and we will have nothing from him save any little trouble he may be able to give the County before he is refused to elect him.

IN A HURRY.—One of the leading Chatham Protestants had Mr. Burpee of St. John unseated for bribery and corruption as early as Friday last, and two thirds of the members of that party to whom he eagerly told the story believed it. They must have imagined that election petitions are tried under the Summary Convictions Act.

BIBLE SOCIETY.—The Ladies of the "Miramichi Ladies' Auxiliary Bible Society" request the attention of the public to the fact that Bibles and Testaments (with or without Psalms) and Palm Books are sold at cost in their depositories in the stores of John Brown, Chatham, and J. Davidson, Newcastle. Also, persons who are unable to purchase will be supplied gratuitously on their application.

THE WRONG END.—A Newcastle correspondent informs us that the Protectionist who was converted on Nomination day and proposed three cheers for MacKenzie, but, subsequently, returned to the "Tobacco Street" party was reconverted and visited the Liberal Committee Room on Monday night. He was seen by the reporter, being told that he had "ruler on the wrong end," when he used it for backing out of the room.

AN INTERESTING EVENT attracted quite a large number of friends and spectators to the Methodist Church, Chatham, yesterday. The names of the principles appearing in the proper place. We throw the old slipper after them.

AND AS WE GO TO PRESS the guns are firing in celebration of a similar performance, which took place yesterday. We congratulate friend Tom.

OUTRAGED.—As a party of Chatham people were returning from Newcastle on Saturday last, one of them, a rabid supporter of Mr. Mitchell, struck Mr. Isaac Harris, one of our most influential citizens a severe blow, giving him a black eye. The episode was viewed by some of the prominent Mitchell men on board as a very good bit of fun. There were only one or two Snowball men present, hence the "plucky" act.

CROSS.—Our charming contemporary the Sun might afford to look pleasant; its party has sustained a great victory; and we can scarcely see what two thirds is now in seedling, or calling names on our contemporary cross because his own labors were so ineffective. *Obispo*.

THE SUN only illustrates the humor of many of its party all over the Province. The Advocate, too, appears to be in bad temper and condition because his candidate was beaten. Had he possessed more intelligent and disinterested friends, however, his fate might have been a different one.

DESTROYED.—Dr. M. C. Clark, of Chatham, N. B., has made arrangements to visit Kingston and Richibucto, and can be found at the residence of James Porteous, Esq., Kingston, from the 1st of October until the 1st of November, and at Whetson's Hotel, Richibucto, from the 1st of November until November 20th, where he will be prepared to perform all operations per-

forming to his profession in a neat and satisfactory manner, at moderate charges.

MASONIC.—At the annual communication of Mount Lebanon Royal Arch Chapter, No. 101 R. S., held in the Masonic Hall, on the 23rd inst., the following officers were elected for the ensuing year:—

John Northumberland, Principal Z. Geo. Lee Brittain, " J. H. Geo. H. McAndrews, " J. H. Thos. F. Gillispie, Scribe E. Alex. Templeton, " N. James Gray, Treasurer. James Neilson, 1st Soj. H. A. McMichael, 2nd. Isaac Harris, " Ed. Wm. C. Smythe, Janitor.

FATALITY BURIED.—On Saturday last about noon, Henry, a child of seven months, son of Henry Miller one of the band of Gypsies recently arrived from Ontario and at present encamped at the west end of the town, met with a fatal accident. It appears that a girl of 10 years with whom the child had been left, was lighting a fire when a blazing match fell upon the straw upon which the child was lying, setting it on fire. Notwithstanding the efforts at once made to put out the fire, the child was severely burnt about the face and arms, and though medical assistance was summoned, it died about 12.20 on Sunday morning, and during the day was buried in St. Paul's church-yard.

CURT OF HIS RECKONING.—An enthusiastic canvasser, whose zeal in Mr. Mitchell's behalf is said to have rendered more fervent by thoughts of what he was to do "that new ship," went out to the Richibucto canal conveying during the campaign. He struck a district where he was not permitted to appear, and Mitchell. He told him, also, that they had not seen any canvasser but himself, and as he was so kind they assisted him in discussing the "arguments" he put forward in bottles, bargained with him for four timbers, two keel pieces, a lot of deck beams, two breast hooks, dozens of hamatic stanchions and to "vote for Mitchell." He's very "mad" now, for some polling day it has transpired that most of that day's work was done several miles to the other side of the County line and the fellows upon whom he "laid himself" were electors of Kent. Next time they intend to put a man in that district who has a better idea of how far to go, both for votes and ship timber.

A Mitchellism. "We understand that the friends of Mr. Snowball, now that the Government is defeated, are about circulating petitions requesting Mr. S. to support the Macdonald-Forbes Government. The Manager of the Advance is at the bottom of it all."

We presume "the Manager" is fair game, but we humbly suggest that the success of such an above would do very little credit to his judgment or common sense, for the spirit that would suggest it would be as mean as that of the inventor of the Advance's paragraph, or the idea of getting up "that petition," which Mr. Mitchell threatens. The Advocate has been very much imposed upon lately and its "friends," taking advantage of its well-established ability, are using it for giving publicity to all kinds of absurdities. Its mischievous daily diatribe recrimination, for it is to be more pitied than blamed.

Peace, Peace! We are glad, for the sake of all interests, that the Trustees have amicably settled the matter at issue between our correspondent and the person referred to by him as having "absorbed church funds." It appears that the "junior foreman" of the Advocate ought not to have taken the reference as an allusion to him, as it was his partner and brother who had the money and he was merely surety in the matter.

It is not clear to us yet who is responsible for the Advocate's statement that a certain letter bearing Rev. Mr. McKewen's name was sent to this office, when no such letter was sent or even signed by that gentleman. Two lessons are developed out of this affair, one of which ought to be impressed upon our correspondent and the other upon our friends of the Advocate. Our correspondent should learn the importance of distinguishing between a firm and its members as individuals, remembering the old fable in reference to the joint of meat, which one of the culprits were he had not taken, while the other swore he had not, and yet both enjoyed it afterwards. Our friends of the Advocate should learn that, as a rule, people know just exactly how much difference there is between "Tweedledum" and "Tweedledum."

Trustees' Resolution. We gladly publish the following, by request. At a meeting of the Trustees held in the Methodist Church, Newcastle, September 20th, the following preamble and resolutions were unanimously adopted:—

Whereas A letter in the ADVANCE of the 21st inst., charges the "junior foreman" of the Advocate office with absorbing money belonging to the Methodist Church and that the inference drawn from such letter is that Mr. J. Anslow is the person referred to, therefore

Resolved That the Trustees of the said Church do cheerfully exonerate him from such charge, his only connection with the funds of the Church being that he is in security for another party; and also that the charge of signing the Rev. Mr. McKewen's name, to a letter which appears in the Advocate was discussed, and it was shown that in this Mr. Anslow was free from blame, as it was sent to the office bearing his (Mr. McKewen's) signature.

The signing of Mr. McKewen's name was caused by a misunderstanding. The authority supposed to have been received from him, and not with any intention to do wrong on the part of those concerned. His refusal to sign the letter subsequently arose from the fact that he did not wish his name to appear at that particular time, other than as "Chairman of the Trustees."

H. C. McKewen, M. D. H. T. DAWSON, Sec. Trust. Mr. Mitchell's friends—that is, those of them who worked so hard to obtain votes for him by payments, bribes, threats and rewards are imploring him not to put up his name to protest against Mr. Snowball's return, as they are in abject fear of the operation of the 117th section of the Election Act upon themselves.

That section provides:— "Whenever it shall appear to the Court or Judge trying an Election Petition that any officer, elector or other person has contravened the provisions of this Act—for which contravention such officer, elector or other person might be liable to fine or penalty, the Court, Judge, elector or judge may order that such officer, elector or other person be summoned to appear before such Court or Judge, at a certain place, day and hour fixed in such order, for hearing the charge."

If on the day fixed by the summons the party summoned do not appear, he shall be condemned on the evidence already adduced on the trial of the election petition to pay such fine or penalty as the Court or Judge may think fit to impose in default of paying such fine, to the imprisonment imposed in such order, in pursuance of the provisions of this Act.

And if on the day so fixed the party summoned do appear, the Court or Judge, after hearing such party and such evidence as may be adduced, shall give such judgment as to law and justice may appear.

Voters in different Parishes whose integrity has been assailed by Mr. Mitchell because they voted for Mr. Snowball will oblige us by sending in memoranda of any cases of bribery, promises made in consideration of votes, threats etc., so that our party may be the better prepared to make the prosecuting party smart for their pains in bringing in a petition, should they not abandon their boasted intention. Mr. Snowball's friends have already a dozen or more of witnesses by whom there is every prospect of making out clear cases of corruption on the part of Mr. Mitchell's agents, and it is desirable that when their petition is tried, they should be taught that it is better to beat defeat in a many way than to endeavor to be gloriously as possible.

An Unfounded Charge. The Advance Extra which we learn was issued the Sunday before the election, contained the following:— "One of the meanest tricks that has come under our notice for some time was perpetrated by Councillor Fotheringham who came piping into this office Friday night to see what information he could gather to impinge on the Rev. Mr. McKewen, who was waiting for him outside."

On Friday afternoon, quite late, Mr. Fotheringham, in his capacity as Reviser of Votes, went with Mr. Smith to the County Clerk's office in Newcastle to enquire in reference to charges reported to have been made in the Chatham list of Electors. They intended to return by return by Mr. Russell's ferry boat and passed the Advocate office in the way thereto. Just before reaching it Mr. Fotheringham said he would see if the Advocate Extra was out. He then got out of the wagon and went into the office of Mr. Smith driving on to get Mr. Russell to leave in the event of his being about to do so. Mr. Fotheringham says that on reaching the Advocate office he asked Mr. Wm. Anslow, the senior foreman, the Extra was out. The reply was "not yet," it takes some time to do such work." Mr. Anslow also remarked that the "Chatham Committee" had not sent their order in time and would take it half sheet. Mr. Fotheringham then left and was followed to the stairs by Mr. Anslow, who asked him if the Advocate Extra was out. He replied "it will be out to-morrow." He then left and joined Mr. Smith near the Ferry and the boat being on the Chatham side they did not wait, but proceeded home via Haviland's ferry.

It is a little singular that even the Advocate would take the liberty of making up such a gross attack upon Councillor Fotheringham in connection with an Extra was issued people came into the office indiscriminately and asked if it was out. Many of them were friends of Mr. Mitchell, but it never occurred to us to charge them with any meanness in the matter or with "imping." Indeed, we were only too glad to supply our Extra to all who applied for it and that as soon as it was ready, and felt that it must be doing good work when we were obliged to put out a thousand more than we at first contemplated. We presume that if we could fall so low as to prostitute our type in the printing of such a gross attack as was issued in reference to the Advocate office we would be as ready to do so again as we are now.

Hardwicke Dutcher. HARDWICKE, Sept. 20th, 1878. To the Editor of the Miramichi Advance. Sir,—The Hardwicke D. R. Society held their quarterly meeting on the 12th inst., Mr. James Grogan, the President, in the chair. The meeting was opened by

the choir singing "Work, for the night is coming," when financial affairs were gone into, and everything found to be paid up to date, leaving the society clear of debt.

The following officers were then elected for the ensuing quarter:— President.—Charles Anthony. Vice-Presidents.—Thos. H. Williston, John Walls, John Gilliland. Marshals.—Robert Noble, jun., James G. AWFUL DEATH.—Mr. Samuel A. Payne, foreman of the L. C. R. Boiler Works, Moncton, was out in a train which was leaving St. John on Tuesday evening. He was a passenger on it and fell between the cars in passing from one to another just as the train was starting.

REASONABLE.—The defeated party in Newcastle are having all kinds of celebrations over the opposition victory in the Upper Provinces. Veasvius is in a state of ecstacy. Dr. Tupper, Hon. Jas. McDonald, Hon. Peter Mitchell, Hon. Senator Muirhead and others addressed some Halifax people the other night and the Sun says the oratory was splendid.

There was a fearful nitro-glycerine explosion a few days ago in Illinois.

Shocking Murder. Intelligence of a shocking murder committed from a place called New River in Charlotte County. The murdered man's name was Thos. Ward. His body was found partially eaten by insects which had been perfectly buried in moss, etc., in bushes some 200 yards from his house. The crime was, doubtless, committed on the 9th Sept. that being the day on which deceased was last seen alive. A man named McCarty, who, for being too intimate with Ward's daughter, was turned out of the house by Ward on Saturday, 7th Sept., is also suspected of having had a hand in the crime. Death was caused by some blunt instrument by which the skull was broken in. It is supposed that Ward was maddened not far from his home. The inquest was in progress at last accounts.

The "Roadjustment." A New York Herald Ottawa telegram of 19th inst., says:— "The protection policy of the incoming Government was the subject of general discussion on Change and at the street corners to-day. The proposal to put on a duty of fifty per cent on silks, satins and other articles of luxury, and also to increase the duties on brandy and tobacco, meets with the warmest approbation of the ten per cent tax on tea and coffee. The sugar reform is already attracting in anticipation of the expected tariff changes, and it is said that the largest refinery, the largest in the Dominion, which, along with the others, has been closed for years, is being put in order and will resume work immediately. Mr. G. B. Brown, partner in the concern, is now on his way from England. The other refineries in Halifax, will, it is announced, also resume operations, and it is added that a new refinery will be started in Toronto.

Regarding the proposed retaliatory tariff against the United States, about which so much has been said, the protectionists are already making their own case, and the Washington Treaty is in the way of the realization of that project, as it was unfavourable to the protectionists, and the latter, and do not doubt the new administration would look upon the negotiation of a reciprocity treaty with the United States as an honorable way of getting out of the embarrassing position into which they have been driven by the tariff.

The above indicates that Sir John's tariff policy is to be considerably modified, in fact that it means only about an increase of the tariff as Mr. Tilley indicated in his Budget Speech in 1873. We presume we can stand a little increase in the price of refined sugar if the tea and coffee duties are removed, and if our revenue requires it we do not know of any articles which an increase of duties can be placed upon better than silks, satins, brandy and tobacco. We, however, don't

see much "Protection" in any of the proposed changes save those relating to sugar and tobacco.
