**RESULTS OF HIGH SCHOOL
ENTRANCE EXAMINATIONS**

**G. T. P. STILL ANXIOUS
ABOUT BORINGS**

Have Been Pressing Minister
for Information

Work on Courtney, Bay Will be Started
Soon—Local Government Wants De-
partment of Railways to Con-
tribute Towards Abolition

The list of pupils who have successfully completed the High School entrance examination have been made up by the officials of the school board, and is given below. In addition to the names given, about a score of pupils who took the examinations failed to reach the necessary standard. The pass mark was five hundred out of a total of a possible ten hundred and fifty.

In accordance with the custom of his predecessor, the late Hon. A. S. Trueman, the present chairman of the Board of School Trustees this year offered a gold medal for the pupil making the highest marks. The medal will go to Miss Josephina Walsh, of St. Peter's girls' school, north end, who made 882.

The next highest marks were made by Lizzie Cowan, 872, and Fred Manning, 871.

The list is as follows:—

Josephine Walsh	882
Lizzie Cowan	872
Isabella Gormley	869
Fred Manning	871
Frank Donnelly	849
Nellie Brown	848
Mary Connolly	844
Sid. Stanton	839

Leo Fitzgerald	807

Mayor Bullock returned this morning from Fredericton, professed himself well satisfied with the results of the delegation's visit to the capital. The provincial government agreed to bear one-third of the cost of the Courtney Bay borings, provided the total cost is not more than \$10,000, and work on this will be commenced very soon.

The Mayor this morning received a telegram from the Minister of Public Works asking how this matter was progressing, as the Grand Trunk Pacific Railway had been pressing him for information as to what was being done.

The Mayor replied telling of the action of the local government and asking that the Minister make arrangements as soon as possible for the work to be done by the Department of Public Works of Canada under their own engineers.

In requesting the local government to make a contribution towards the cost of rebuilding the aboudeau at the Marsh Bridge, the delegation was able to tell the Premier and his associates that the part of the bridge which needs renewing was originally constructed by a previous provincial government. The portions which have been built by the city to support the water mains are in perfect condition.

The government instructed Engineer Wetmore to examine the matter and report back to them.

It is quite likely that the government will contribute towards the cost provided the Dominion Government through the Department of Railways and Canals should also contribute. The I. C. R. yards are only protected from submersion by the aboudeau. It is not likely that the department will object to contributing to its construction. Before work is started it is probable that there will be a consultation between Engineer Wetmore, representing the province, Engineer Peters for the city of St. John and an I. C. R. engineer. The structure which is to be of concrete, will be built by the city.

A special meeting of the civic Board of Works will be held in the City Hall tomorrow morning to receive the report of the Fredericton delegation.

Members of the delegation feel themselves under a deep obligation to John E. Wilson, M. P. F., who accompanied them to Fredericton, and did everything in his power to assist them.

Ald. McGoldrick, Ald. Elkin and Supr. Murdoch are returning this afternoon by boat; the other members of the delegation came in on the C. P. R. at noon.

**SOUTH SEA ISLANDERS
RELEASED FROM SLAVERY**

British Government Frees the Survivors
of Party Kidnapped and Taken to
Guatemala

SAN FRANCISCO, July 17.—Nineteen survivors of several hundred South Sea Islanders, kidnapped eighteen years ago from their native strand and sold into slavery among the coffee plantations of Guatemala, arrived here yesterday on the steamer City of Paris. They are free and homeward bound, and in addition to this they are traveling as tourists with their government paying expenses. The natives were kidnapped by Captain Blackburn, now dead, who visited the islands in his steamer the Monseratt, and enticing them aboard, sailed away. They were supposed to be contract laborers bound to their Guatemalan employers for three years. Ignorant of the language and in a land where the law is sometimes the dictator's will, it was easy to keep them in the plantation where they slaved until their plight was made known to the British government, which, however, was not until eighteen years had passed.

**TERRIFIC EARTHQUAKE
REPORTED IN CHILE**

TACNA, Chile, July 17.—A terrific earthquake occurred yesterday in the province Tacna and Arica in Chile, the southern part of Peru and Bolivia. Considerable destruction of property but no loss of life is reported. The cable between Arica and Lima has been broken and the telegraph lines damaged.

**GREAT FUTURE FOR
INDUSTRY IN CANADA**

W. F. Jennison Will Prepare
Monograph on Gypsum
Deposits

Those of Nova Scotia and New Brunswick
Said to Exceed Anything Known
to the World

SYDNEY, July 16.—W. F. Jennison, C. E., of this city, who has been in communication with the Federal Government regarding the gypsum deposits of the Maritime Provinces, has been instructed to prepare a monograph on the subject which he will proceed with at once. The gypsum deposits of the province of Nova Scotia and New Brunswick are said to exceed anything known to the world in quantity and variety of quality, but are only developed in their primary stage. They have been operated for nearly a century and in Nova Scotia alone last year 22,945 tons were produced, which only received a value of one dollar per ton, while the manufactured calcined gypsum brings fifteen dollars per ton. Mr. Jennison thinks there is a great future for this industry in Canada.

H. B. Saunders, Lloyds' representative, states that many of the reports concerning the Arcois, stranded at St. Paul's, are incorrect, and calculated to prejudice the coast in the eyes of the underwriters. The most misleading statement, he says, is that which refers to the steamer being submerged. She is almost wholly out of water, as shown by photographs Mr. Saunders produced. There is every expectation of saving her. A satisfactory contract has been made with that end in view.

**TORN TO PIECES IN
SHAFTING IN PAPER MILL**

Spence Bushnell Horribly Mangled—Had
Worked There Since Early
Boyhood

ROCHESTER, N. Y., July 17.—Caught by both arms in the rapidly revolving shafts of a Nova Scotia mill in the Lawless Paper Company's Mill in Penfold, Spence Bushnell, 37 years old, was instantly killed yesterday afternoon. Bushnell had worked in the mill since he was a lad nine years of age. He had a leak in one of his knees near some line shafting and was stuffing a cloth bag into the leak when it was caught in the machinery. Before he could get the bag out, the force of the revolving wheels tore off the right arm at the elbow and mangled the other arm.

**NOVA SCOTIA LOOKS FOR
ACTIVITY IN GOLD MINING**

HALIFAX, N. S., July 17.—A boom in gold mining in Nova Scotia this season seems certain as already there has been a movement in mining matters that marks improvement in the industry with more work and consequently more trade. The indications are that Halifax county is to benefit largely, particularly from the discovery of a gold mining property at Waverly. A short time ago reference was made to the purchase by parties representing Mr. O'Brien, the well known railway man, at present of Ontario, but a native of this province, of large mining property at Waverly. Since then the machinery and equipments have been secured and men are at work on the property now.

**EMPEROR OF CHINA
IS IN POOR HEALTH**

PERIN, July 17.—The Emperor of China T'ai Tien, has been ill for several days past. It is impossible to ascertain what his malady is, because western medical science is barred from the imperial palace, but the reports indicate that he is suffering from dysentery. His majesty is said to be better today, but in spite of this the Dowager Empress has ordered the various viceroys and governors to send physicians from the provinces to Peking.

**NUMBER OF VICTIMS
IS STILL UNCERTAIN**

MANILA, July 17.—The number of lives lost through the foundering of the pleasure launch San Gabriel while on its way from Manila to Corregidor is still uncertain. Sixty-one passengers and members of the crew were rescued and it is generally estimated that the number of passengers and crew numbered ninety. As far as known no Americans were among the victims.

**TELEGRAPH STRIKE BREAKERS
APPEAR IN POLICE COURT**

EARL ROBERTS LANDS
ON CANADIAN SOIL

The Field Marshall's First
Visit to Canada

Received Amid Booming of Cannon by
Brilliant Staff of Officers—Wore
His Full Dress Uniform.

Charges Made by Local Men
Under the Alien Labor Law
—Messrs. Baxter and
Mullin Have Some Words
—Mr. John Russell's
Retirement Announced

QUEBEC, July 17.—To the booming of cannon from the British warships in the harbor and the grand battery of the Citadel, Field Marshal Earl Roberts this morning stepped for the first time on Canadian soil. The gallant soldier wore the full dress uniform of a British field marshal and was accompanied by the Duke of Norfolk who in a blue serge suit and grey slouch hat almost escaped notice. Having spent the night on board the Empress of Britain, Lord Roberts was conveyed from the ship to the King's wharf, where the Prince of Wales will land next week, by the picket boat of the flagship of the fleet.

There were assembled on the special wharf a brilliant staff including the two admirals and their staffs, Generals Lake, Otter, Buchanan and their staffs, Lieut. Col. Sherwood, Col. Hanbury Williams, Aide to the Governor-General, Sir Charles Fitzpatrick, Chief Justice of Canada and other distinguished officers. There was a guard of honor of the Royal Canadian Garrison Artillery which Earl Roberts is honorary Colonel.

At 8.25 the guns of the fleet began to fire and the little picket boat glided up the wharf. Earl Roberts stepped out, and was immediately greeted by Col. Lake, who introduced him to the Admirals and generals and other officers present on the wharf.

He landed and as he walked down the gangway to land cheers were given by those present. There was not 50 people around the landing stage, probably because it had been announced that he would land from the Empress at the C. P. R. wharf, but the terrace was crowded and hearty cheers greeted Lord Roberts as he stepped off the gangway.

The guard of honor immediately presented arms while the regimental bands played the general salute. Lord Roberts himself gave the order to "slope arms."

**HETTY GREEN IS TIRED
OF HIGH SOCIETY**

Has Left Her Swell Hotel and Gone Back
to a Cheap Apartment House—No
Newport for Her

NEW YORK, July 17.—The World says Mrs. Hetty Green was found yesterday in a boarding house at number 67 Madison Avenue, living with her daughter Sylvia, and her pet dog Dewey, in two very ordinary rooms.

Her newly made friends in fashionable circles thought she would go to Newport in the summer, and they are greatly amazed to learn that she has returned to a life almost as simple as that in the red brick Hoboken flat where she lived last spring.

But the woman financier is sorely disgusted with high society as she experienced it at the Hotel Plaza. "It's too expensive," she explained to an acquaintance, "you have to keep dressed up all the time. It's all nonsense, Hoboken should have suited me well enough." At all events, she seems happy in her new home. There she plainer furnished sitting room and a bedroom with simple board for herself, Miss Sylvia and Dewey. Her salary is at least \$300 a month.

PROBATE COURT

Estate of John Edwards, Hatter, Late will proved whereby deceased gives to Fanny Edwards, widow, Manchester, England, \$500; to Frederick Doncaster, photographer of Newell, Wales, G. B., the sum of \$500 for the benefit of his daughter, Kate Doncaster; to Mary Ann Mulholland, widow, of Manchester, the sum of \$2,500 with which to purchase a life annuity for the benefit of his sister, Jane Edwards, of Manchester, England; the rest to his wife, Mary Amelia. Executors named in the will who are the widow and John H. Walker, sworn in. Real estate, \$2,500. Leasehold, \$1,500, other personal property, \$2,000. Total, \$7,000. Amos A. Wilson, K. C., proctor.

GOTCH WILL RETIRE

HOUSTON, Tex., July 17.—Frank Gotch, champion wrestler of the world, announced last night that after the exhibition in Galveston on Friday night with Herman Lerner, he will retire from the mat.

Returning from Baywater at 6.30, 7.30 and 9.30 a. m., 2.45 and 5.15 p. m. Saturday at 6.45, and 9.30 a. m., 2.30 and 7 p. m. Returning at 5.30, 7, and 10.30 a. m., 2.15, 5.45 and 7.45 p. m. Sunday at 9 and 10.30 a. m., 2.30 and 6.15 p. m., 5 and 7 p. m. JOHN MCGOLDRICK, Agent.

The heat of the last week was intense. On Tuesday seventeen men working on the Transcontinental, were prostrated by the heat. On Wednesday afternoon a severe thunderstorm visited the vicinity. At St. Leonard's and several places near buildings were injured and many persons more or less hurt - Victoria Co. News.

While in a boat one evening last week Randall Webber spied a large salmon swimming near the surface of the water in the cove and instantly gave chase. He succeeded twice in grabbing the fish with his hands and landing it in his boat, but each time the spongy fellow "flopped" out again. A third time he caught it, this time by the gills, and retained his hold until he could kill it with a hammer thrown to him from the shore. The fish's gills were found to have been so filled with seaweed that its movements were impeded and it would soon have died. The salmon weighed eleven and a half pounds and netted its captor \$15 - Courier.

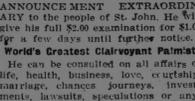

Squire - Haven't had a job since Easter, haven't you? What are you? Tramp - I'm an 'ot cross bun maker!

DOMESTICS WANTED

FLEWELLING'S DEFICIT TOTALLED OVER \$18,000

Late Crown Lands Deputy Took \$7,700 More Than He Said Auditor Scores the Government's Crude Book-keeping System Govt. Will Share Cost of Courtney Bay Borings - New Loan

FREDERICKTON, N. B., July 16 - The local government met in session here this evening, the full executive being present. A delegation consisting of Mayor Bullock, Ald. Feink and McGoldrick and Engineers Murdoch and Peters, of St. John, were heard asking for assistance in regard to the Courtney Bay borings. The government does not exceed ten thousand dollars. The delegation also pressed upon the executive the necessity of the administration taking action and providing means for carrying out what is known as the Marsh Bridge waterway. This was promised consideration. A petition was presented by the St. John Board of School Trustees asking power to issue debentures to the amount of \$40,000 for the erection of a new school building on a lot of land just adjoining the Winter street school. The prayer of the petition was granted. The report of Auditor Miller was presented to the local government this evening. Mr. Miller was the auditor engaged to audit the crown lands deficit. In this report Mr. Miller says that the deficit on May 4th, 1908, the date of Mr. Flewelling's death, amounted to \$18,837.17. When the above figures were given July 1904, the shortage was \$13,447.87. From the above figures it will be seen that the deficit has increased \$5,389.30 between the 1st of July, 1904, and the 4th May, 1908. The auditor says the question will present itself as to how the funds were manipulated. This was done not by the drawing of personal checks, as proposed, but by the retention of territorial revenues, such as stumpage, logging and other duties, which were retained. Mr. Miller condemns the accounting system followed by the government and it is due to this that the deficit was able to be carried over from year to year. Referring to the late Mr. Flewelling's letter where he placed his shortage at \$12,000, Mr. Miller says the late deputy arrived at this conclusion by placing the bank overdraft at \$2,748.78 and balance of territorial revenue due at \$2,137.25, making a total of \$4,886.03, but the auditor says Mr. Flewelling left out of account the unexpected portions of warrants on the 1st of May, 1908, amounting to \$7,767.14, making a total altogether of \$12,653.17. Mr. Miller thinks that the surveyor generals who held office should have accounted themselves more fully with the position of the bank account. Mr. Miller strongly condemned the system of book-keeping which he terms as having been most crude. The surveyor general announced that he would have the audit of the suspense account submitted in a few days. The government has made arrangements with the Bank of Montreal to meet amounts falling due. The amounts total \$2,000,000, of which \$1,000,000 is the London loan and \$1,000,000 bridges and floating debentures. It is decided to make a temporary loan for six months, the rate being a little better than 3% per cent.

MAINE SWEEP ON ALL SIDES BY BIG FIRES Houses and Barns Destroyed FIRES BURN FIERCELY One Descends Upon Village of Wells, Burning Everything in its Route

PORTLAND, Me., July 15 - Temporarily smothered by a shower of two days ago almost all the forest fires, which have been devastating the Maine timber lands for the past two weeks, broke out afresh today, and with devastating effect. The fire started from a corner to corner is literally fire swept. For the first time since the fire started several farm houses have been destroyed, and at least one saw mill burned, while there is a half confirmed report that seven men who went into the woods near North Berwick two days ago have been trapped by the flames and perished. Most Dangerous Fire The most dangerous fire in the state is near Wells village in York county. The flames are now but a mile from the town and gaining every minute despite the efforts of 200 men gathered by special trains from all cities within a radius of 75 miles. Three farm houses on the outskirts are already burned. There are three big fires in the very suburbs of Portland; the plant of the Home Dairy Company in East Deering near here is one with a loss of \$25,000. A lumber mill and 400,000 feet of lumber is burned at Cape Porpoise in York county. In the north central portion of the state a terrible fire is raging at Bigelow and is destroying hundreds of thousands of feet of standing timber on the lands of the Great Northern Paper Company. Hundreds of deer and smaller game have perished in the flame-swept woods. Toward Timber Land WELLS, Me., July 15 - After burning two small dwelling houses, a barn, some other buildings and a large quantity of manufactured lumber, the forest fire which has been burning for two days between the western division of the Boston and Maine railroad and the Maine turnpike in Wells, took a change of direction this evening and swept toward a large area of timber land in the direction of North Berwick. No houses or other buildings are in the path of the flames, as they are now headed, but a strip of woods five miles in length seems likely to be destroyed. The total damage of the fire today is estimated at \$25,000, the larger part of which falls on Chesley and McDaniel of Harrington, N. H., who had 150,000 feet of manufactured lumber destroyed. The two houses burned today were located on a side street close to the second Congregational church and not far from the turnpike.

DOUKS FIERCELY RESIST ARREST YORCKTON, SASK. Six Men and Six Women Arrested - Band Probably Doomed

YORCKTON, Sask., July 16 - Acting under instructions from the provincial government to have the Doukhobor ring-leaders at Aradalia Camp committed to jail, Inspector Junget decided to make the raid last night, when ten constables of R. N. W. M. P. under Sergeant Vickery, armed with warrants to arrest six men and women, proceeded to carry out the orders at midnight. The Doukhobors fiercely resisted arrest and the whole band of sixty in number turned to the assistance of twelve prisoners. These were at once brought before Inspector Junget and each sentenced to six months' imprisonment. Six women immediately after receiving sentence were quietly dispatched in motor cars to the assistance of the Doukhobors, during which the assistance of a lot of sticks of cordwood and whatever weapons were handy. After three hours' force struggling the police effect the arrests and overpowered the balance and leaving a guard at camp, returned to Yorkton at 5 a. m. with twelve prisoners. These were at once brought before Inspector Junget and each sentenced to six months' imprisonment. Six women immediately after receiving sentence were quietly dispatched in motor cars to the assistance of the Doukhobors, during which the assistance of a lot of sticks of cordwood and whatever weapons were handy. WHAT ABOUT THE OTHERS

Elsewhere in this paper appears a striking article from the "Monetary Times" with regard to insurance societies doing business in Canada. This financial journal is usually reliable and is not in the habit of taking back water on any of its statements. The figures given in the extract printed below may be accepted as being a fairly correct as it is possible to obtain them, and the suggestions made by the "Times" should provide food for thought. The history of the Independent Order of Foresters is briefly reviewed and the article points out how the schedule of rates and to change the regulations. According to the Monetary Times it will not be the last and a sensible warning is given to all which do not send themselves in a perfectly satisfactory condition to at once set about correcting the regulations which now exist.

THE LONGBOAT PROTEST.

The United States Olympic team has, it is reported, decided to formally protest the entry of Tom Longboat in the Marathon race. Those who are making the protest have, it will be noted, done very well so far in the games now in progress. This is not to be wondered at. The Olympic meet is supposed to be a gathering of amateur athletes, yet it is doubtful if there is a man in the United States delegation who can truly be described as an amateur. The associations to which these men belong claim to be amateur in the accepted sense, but it is true only in so far as the athletes do not for money prizes or with acknowledged professionals. They receive money without question. In fact the great majority of those who represent the leading associations of the Eastern States are engaged permanently on a steady salary. They may belong to other occupations, but they draw various amounts every Saturday night in which they appear. It has for years been the custom of some of these associations to go about the country picking up the best available men and engaging them to uphold the association's colors. The amateur definition as interpreted by the United States unfortunately does not prevent this, but the men are professionals just as truly as though they competed regularly for money prizes. No objection has been made to any of them by the Canadian team and it is very un-sportsmanlike on the part of these United States athletes to enter a protest against Longboat, who, at the most, has only been technically guilty of an error which his ignorance of sporting principles permitted him to commit.

MAPLE SYRUP.

Bulletin No. 115 from the laboratory of the Inland Revenue Department has just been issued. It deals with maple syrup. Out of eighty-four samples selected in Canada in the month of February, sixty-one were genuine, four were doubtful, thirteen were adulterated and six were mixtures. In the Maritime Provinces all the samples taken were genuine. It can scarcely be believed from this, however, that all the syrup sold here under the name of maple syrup is pure. Only one sample was selected in St. John and there were one each from Sussex, Moncton, Newcastle and two from Fredericton. All these were manufactured by different parties and all were obtained from merchants of high reputation, who would find it very much to their disadvantage to sell inferior goods. The smaller dealers and those not so reliable were not seen. If the inspectors were particularly anxious they could, no doubt, find in St. John numerous samples which might not properly be called genuine.

HIS LIFE TO SCIENCE.

Dr. Hall-Edwards, the radiographer at the Birmingham hospital, underwent a few days ago, a second operation by which all of his right hand with the exception of the thumb, was removed. Dr. Edwards for the past few years has devoted himself to the furtherance of radiography in its application to medical and surgical science. His experiments have been most valuable but unfortunately his left forearm became affected with disease developed in his work. As the pain was becoming intolerable it was found necessary to amputate the left arm. Dr. Edwards still

continued his investigation even at the risk of his life, and now has lost his right hand as well. Some time ago the British government granted Dr. Edwards a pension of \$800 per year, in recognition of the debt which humanity owes him. Until the second operation he was able to attend to his professional duties, but now his labor in the fight against disease is no longer possible.

After holding off for upwards of three weeks a slight shower of rain fell on Wednesday. That happened to be St. Swithin's Day, and according to popular belief there should be rain every year for the next six weeks. The proverb was certainly true as regards yesterday, and although a heavy rain is needed all over the province there is no particular reason why it should continue to drizzle for the next forty days.

HE MET HIS MATCH.

He was engaging a new stenographer, and he hit off his words and hurled them at her in a way to frighten an ordinary girl out of her wits. "Chaw gum?" she asked. "No, sir." "Talk slang?" "No, sir." "Make goo-goo eyes at the fellows when you're not busy?" "No, sir." "Know how to spell 'cat' and 'dog' correctly?" "Yes, sir." "Chin through the telephone half a dozen times a day?" "No, sir." "Usually tell the office force how much the firm owes and all the rest of its private business you learn?" "No, sir." "He was thinking of something to ask her when she took a hair in the matter, and put a few queries. "Smoke cheap cigars when you're dictating?" she asked. "Why—er—no," he gasped, in astonishment. "Take it out the stenographer's hide when you've had a scrap at home and got the worst of it?" "Certainly not!" "Clean things around and swear when business is bad?" "Never!" "Lay for your employees with a club when they get caught in a block some morning?" "No, indeed."

"Think you know enough about grammar and punctuation when you sit at a good stenographer when you get one?" "I—I think so." "Want me to go to work, or is your time worth so little that—?" "You've broken in, enthusiastically. Kindly hang up your things and let's get at these letters."—New York Sun.

The incumbent of an old church in Wales asked a party of Americans to visit his parochial school. After a recitation he invited them to question the scholars, and one of the party accepted the invitation. "Little boy," said he to a rosy-faced lad, "can you tell me who George Washington was?" "Is, surr," was the smiling reply. "Is was a 'Merican gen'ral." "Can you tell me what George Washington was remarkable for?" "Is, surr." "E was remarkable for 'cos he was a 'Merican an' told the 'rest was silence."—Casell's Journal.

"Could you give a starving woman what?" "Yes, but I must tell you that we have five children." "Thanks. I'll keep on starving." "Pa, what is a political leader?" "A man who is able to see which way the crowd is going and follows with loud whoops in that direction." "These papers are afraid to say anything," sneered the first citizen. "Some people don't feel that way about it," replied the other. "Ever run for office?" "No, but I wrote a letter roasting some fellows that needed roasting and the paper didn't print a line." "You sign your name?" "Certainly not. D'ye think I'm a clump?"

A lawyer once asked a man who had at various times sat on several juries, "who influenced you most—the lawyers, the witnesses, or the Judge?" He expected to get some useful and interesting information from so experienced a jurymen. This was the man's reply: "I'll tell you, sir, 'ow I makes up my mind. I'm a plain man, and I ain't influenced by anything the lawyers say, nor by what the judge says. I just looks at the man in the docks and I says, 'If he ain't done nothing, why's he there? And I brings 'em all in guilty.'"

THE AUNT AND THE BURGLAR.

"Miss Rattle—Yes, that's a photo of my maiden aunt. Perhaps you saw her name in the papers last winter. She frightened away a burglar. Mr. Winkler (closely inspecting the portrait)—Did she? Well, I don't wonder at it.—Philadelphia Press.

ONE THING NEEDED.

Towne—Notwithstanding all this talk about the wireless there's room for plenty of improvement in telegraphy yet. Browne—Yes; it won't be perfect until they devise some scheme to make it possible for a woman to receive a message without getting scared to death.—Philadelphia Press.

HE GOT EVEN.

A grocer was guilty of some rather sharp practice on a customer, and the latter stamped out of the store, roaring. "You're a swindler, and I'll never enter your doors again!" Next day, though, he came back and bought five pounds of sugar. "Dear me!" said the grocer, smiling in a forgiving way. "I thought you were never going to enter my doors again!" "Well, I didn't mean to," said the customer, "but yours is the only shop in the place where I can get what I want. I am going to put some bulbs, and I need 'em."—Philadelphia Ledger.

WOOLLEN INDUSTRY WILL BE ANNIHILATED

Is the Claim of the Manufacturers' Association Unless Tariff is Revised—Send Urgent Telegram to Premier.

TORONTO, July 17.—At a meeting of the Manufacturers' Association executive committee yesterday, the following telegram was submitted and ordered to be sent to the Premier at Ottawa: "The executive council of Canadian Manufacturers' Association now in session know that under the existing tariff a number of our largest Canadian woolen industries must suffer annihilation before another year, and we appeal to you for immediate relief. What two hundred woolen manufacturers have asked of you in memorandum submitted in due form will save them from ruin. They together with thousands of working people dependent upon them for their daily bread and farmers who have hitherto found profitable employment in wool growing, join us in the firm stand that this important question must be disposed of before the closing of parliament. The Association awaits your answer."

RACING CROWD EXCITED BY ARREST OF GAMBLERS

NEW YORK, July 16.—There were exciting scenes at the Brighton Beach race track today resulting from the tactics of the police in their determination to run down and round up the track gamblers. Arrests were made right and left by plain clothes detectives detailed to the track in place of the uniformed squad that has been on duty there. The crowd of 5,000 in the grand stands was in a high pitch of excitement when detectives not only took a score or more of suspects into custody, but proceeded to search some of the prisoners in full view of the spectators. There was no demonstration against the officers, however. Some of the men arrested on the track were released after being escorted out of the grounds. Eight men, however, were taken to Brooklyn police headquarters and afterwards released on bail for a hearing tomorrow morning.

WATCH FOR THIS SALE

A great event in the retail dry goods trade of St. John will be announced in tomorrow's papers, to take place in a few days. It will include a five clearance sale of quality dry goods and ready to wear goods, as well as household staples, at very low prices. This sale will cover a large stock, and a great variety of goods and no doubt will prove a fortunate opportunity for every lady shopper in the city and suburbs.

A NOVELTY IN THE WAY OF A PLAY.

When "Miss Petticoat" was first brought out at the great Boston Theatre, it leaped into the popular favor and became an immediate success, and much of it was due to its quaint little story and a happy atmosphere of the story which was taken from the famous book of the same name, in which the scenes were laid on the coast of New England and the most fascinating surroundings imaginable.

Here Agatha Remier, the attractive heroine, lives in the cabin of the old whaler "Harpoon" and comes to the aid of the guidance of her faithful grandfather, Capt. Stewart, who lives a jolly life of the old sea dogs of New Bedford, who are his daily companions until she is introduced into the "smart set," and then her troubles begin, for her beauty and talents attract the "green-eyed" of her set, and her struggles against temptation and seduction are vividly portrayed in some strong dramatic scenes, that bring out the virtue force of the atmosphere of the whole play, which is a very refreshing one. The power of the character in its clean-cut, refreshing strength was never more vividly portrayed than in these wholesome sea-folk, whose pungent satire and delicious humor provide two hours and a half of amusement, enthusiastically received by the houses that crowd to see this clever new play. A picked company managed by Atkinson and his partner, who have been playing "Miss Petticoat" at the Opera House on Aug. 14th and 15th, and those who have not read this popular book should do so before seeing the play. Artistic costumes and beautiful new scenery, with splendid scenic effects illustrative of a quaint whaling town and Parliarian scenes, are carried by this fine company managed by Atkinson and Thatcher, of Boston, who sent out that great New England play "Quincy Adams Sawyer."

Geo. Dionne, whose hotel was so badly scorched by fire last week will likely enlarge the building to double its former capacity and also intends putting a concrete basement under the whole of the charged building.—Victoria Co. News.

POWER LINE WILL BE CHEAPER THAN EXPECTED

Tenders Opened for Government Enterprise—Low Prices Surprise Commissioners.

TORONTO, July 17.—Hon. Beck and Hendrie, the Ontario Power Commissioners, this morning opened 27 tenders submitted for the government's transmission line. These will be gone into by the engineers and secretaries before the contract is finally awarded. The commissioners state that the line will be built ten per cent. cheaper than they estimated in offering power municipalities. They further state that the right of way according to contracts now in hand will be secured fifty per cent. cheaper than they estimated by just getting easements from property holders which would allow of construction and maintenance of the line. Mr. Beck expressed delight with the plain from the tenders, and that the government's course has been justified.

FIGHTING AUTO BILL IN PRINCE EDWARD ISLAND

Appealed From Recent Decision Fining Auto Drivers \$500—Action Against Member of Parliament Postponed.

CHARLOTTETOWN, July 17.—The trial of Bennett McDermott vs. J. J. Hughes, M. P., charged with violation of the independence of Parliament act, was opened yesterday. Argument on demurrer was postponed until the November term, and if that does not settle the case the actual trial will not be brought on until February next. Another step in the legal fight against the automobile bill was taken yesterday when counsel for auto owners moved for the rule nisi for writ certiorari to set aside a conviction recently made by Stipendiary Magistrate MacDonald, whereby the defendants who openly ran automobiles to test the act was fined \$500. The grounds on which certiorari were asked for were that the bills of this kind invade the criminal law which the Dominion parliament alone can enact and is therefore ultra vires provincial legislature. The reduction made in ten per cent. was set down for the November term.

COMMISSION LOOKING INTO TEXTILE STRIKE

MONTREAL, July 17.—Wilfrid Paquette, the man who became the organizer for the Textile Workers after resigning his position in the Montreal police court, was on the stand nearly all day yesterday before the commission. He said that when the reduction took place last spring of ten per cent. it was by no means justified, in the first place, he declared that the company paid fair dividends and the consumer did not pay any less for his goods, hence his contention, Mr. Paquette said that the operators were thoroughly justified in the strike for the reason that living was so high that the reduction made it impossible for them to get a living out of such a diminished wage.

Hats 10 cents tonight at J. McLaughlin's, 107 Charlotte street. 17-2

A number of little girls living for the summer at Riverdale, held a candy and ice cream sale a few days ago, and realized thereby the very creditable sum of \$17.38. This amount they have kindly sent to the Free Kindergarten Association, and the committee desire to express their sincere thanks for the contribution. The girls who promoted the sale were: Elizabeth Morrison, Audrey Ross, Dorothy Evans, Edith Bauer, Gertrude Brunson, Hazel McArthur, Doris and Mary Barnes.

BETTER BREAD WOULD MEAN FEWER DIVORCES

Dr. Wiley Declares Much of the Bakers' Product is Unfit for Food—Canned Eggs

ATLANTIC CITY, N. J., July 16.—"Better breadmaking would lead to fewer divorces," said Dr. H. M. Wiley of the government's "poison squad" in an address before the American Biscuit Bakers' Association. "Good bread, in my opinion," he added, "would help to solve the American divorce problem. If the bakers make good bread and they educate the people to buy it the great destroyer of domestic happiness, dyspepsia, will be removed and we will hear no more of the divorce problem."

DR. OSLER REACHES CHLOROFORM AGE

But Did Not Ask for Sponge, Despite His Theory

Dr. William Osler, who, in an address at Johns Hopkins university in 1906, was widely quoted as saying that man's best usefulness was past at 40 and that most men ought to be chloroformed at 40, has entered upon his 60th year. Did he call for the chloroform bottle to give his instructions as to the kind of epitaph he wanted?

Doctors You could not please us better than to ask your doctor about Ayer's Cherry Pectoral for coughs, colds, croup, bronchitis. Thousands of families always keep it in the house. The approval of their physician and the experience of many years have given them great confidence in this cough medicine.

ONE BODY RECOVERED

HALIFAX, July 16.—After an all day search the body of William Muir, one of the victims of yesterday's yachting accident on Bedford Basin, was recovered this evening. The body was found a short distance from the scene of the accident and was removed to the home of the boy's parents at Bedford.

CEMETERIES LOOK LIKE FORESTS.

The Mohammedan may be uncertain of many things in life, but in death he is sure of one thing, and that is that his grave will never be disturbed on any account. With a view to remove the slightest chance of any grave being disturbed, a cypress tree is planted immediately after the interment, which makes the Moslem cemeteries resemble forests. In the islands of Timor burials are much delayed, owing to the necessity of gathering funds for the burial feasts which, in most cases means ruin to the family. After the feasts the burial. Directly the grave is filled in, a young cypress tree is planted upon it.

THE BED WITH THE CURTAINS.

The Cavendishes have always been noted for their tactfulness, as an old anecdote testifies. The seventh duke was one of the most silent of men, and it is on record that soon after his accession to the dukedom he was posting down to a remote part of Yorkshire, accompanied by his brother, Lord George Cavendish. They were unexpectedly stopped on the way, and obliged to put up for the night at a wayside inn, where they were shown into a three bedded room. The curtains of one of the four posters were closely drawn. Each brother in turn looked within these curtains, and each without remark went to bed and to sleep. Near the close of their next day's journey one brother said to the other, "Did you see what was in that bed?" "Yes, George," came the terse reply. "There was no further remark, although they had seen that the occupant of that third bed was a corpse hid out for interment."

THE RETORT FEMINE.

He—I see where the first man who accepted a leap year proposal of marriage has committed suicide. She—Well, that proves nothing except that we women have such killing ways.—Baltimore American.

Another Day of Notable Clothing and Furnishing Bargains at Oak Hall

Yesterday the opening day of our midsummer sale we did a record-breaking clothing business! Why was it that in spite of the loudly advertised bargains (?) of others, in spite of the fact that elsewhere little or no clothing business was being done, we were crowded with customers all day? The reason is because we have proved beyond the possibility of question that men can get from us the sort of clothing they want at one-quarter to one third less than they can buy it anywhere else.

The men of St. John know that every garment which leaves our store is guaranteed to give satisfactory service. They know, too, that in buying directly from the makers they save the middleman's profit and consequently must buy for less, and when it comes to scope of choice no other store anywhere can show such a variety of styles, fabrics and colors as can be found here. All these advantages are splendidly emphasized in this sale.

You cannot afford to miss this extraordinary event. It is the greatest mid-summer sale of Men's and Boys' Clothing and Furnishings ever conducted by any store in these parts.

Table with 2 columns: MEN'S CLOTHING and BOYS' CLOTHING. Lists various suit types and their reduced prices.

WHAT ABOUT THE OTHERS?

A Striking Article From the Monetary Times on the Need of Readjustment of Rates on the Part of Certain Fraternal Insurance Organizations.

Now that the Independent Order of Foresters has been clearly shown to have been operating upon a dangerous basis, and has openly confessed its error, what is to be done to remedy the shortcomings of all the other societies operating the faulty assessment system in Canada? Because the Foresters had grown to large proportions, spreading its tentacles into other lands, ever all round the earth, the good name and credit of the Government of Canada was at stake, there being \$100,000 of the Foresters' money in the Dominion treasury. Hence it was entirely appropriate that the Royal Commission should have investigated its operations, both as to the manner of investing its funds and as to the adequacy of its rates to provide for its undertakings.

In the course of that investigation there were surprises of several kinds. One of these was that there were four rates of assessment. In addition for persons of precisely similar ages at entry. When the late Dr. Cronhyatt was looking for a basis of rates he found a table—in a book called "Principles and Practice of Life Insurance," lent him by a friendly insurance manager—which showed the actual experience of life insurance companies in the case of selected lives, which he thought would answer as a foundation for a successful assessment society. He desired to be useful to his fellowmen in the establishing of such a society, embracing the principles of broad brotherhood and of life insurance at cost price.

But, well educated gentlemen as he was on other lines, his knowledge of what constituted a safe basis of life insurance was woefully deficient. Notwithstanding several bitter lessons by his insurance friend, as occasion offered, he based his rates upon a table intended to show the cost of life insurance for one year only, and not for a second, third, or tenth or twentieth year of that same individual. The table was a correct one, if used as intended, which was to show the manner in which the net, or altruistic, cost of \$1,000 of life insurance would grow greater with each added year of life of the person insured. The following is the table, as found on page 136 of the life insurance volume referred to, relative to ages between 20 and 67, showing the net cost of \$1,000 of insurance for one year only without anything added for expenses or for contingencies of any sort:

Table with 4 columns: Age, Cost, Age, Cost. Shows insurance costs for various ages.

Up to that time it was the general idea of many business men and especially the founders of fraternal societies, such as the Workmen, Woodmen, Templars, Knights, Foresters, etc., that for people not over forty-five years of age at joining a flat rate of

\$7 a year, divided into monthly calls of about sixty cents each, would defray all death claims as they came along, and leave enough over to take care of those who might live to sixty, seventy, eighty or ninety years of age and die in membership. To Dr. Cronhyatt's mind, therefore, he given credit for having adopted a graded scale, though a very poor one, and of admitting no old people to membership. While he must have known that the cost would, in old age, greatly exceed the scale of rates that he adopted, he left that to be provided from extra assessments. Afterwards he had the rates raised to get rid of extras, and thousands joined under the promise, "No assessments on Death." Finally, the present rates for new entrants were adopted in 1888, but these are now declared to be wholly inadequate to provide for carrying out the agreements undertaken, even if all the old members were assessed upon them at their present attained ages. The regular life insurance companies charge a slightly higher rate upon all entrants between ages twenty and

Table with 3 columns: Society, Assets, Per Short-Age. Lists various societies and their financial data.

It is quite true that some of these societies have not so many elderly members as others, and that, perhaps, none of them have undertaken the folly of the I. O. F. as to giving paid-up insurances at age seventy. That some of them have a very large proportion of aged members may be inferred from the recent death rolls of the A. O. U. W. This society is the same age as the I. O. F. It collects a trifle less monthly rate, and admits none above age forty-four. The following gives the ages at death as published in the death lists of seven recent months:

AGES OF MEMBERS AT DEATH.

Table with 2 columns: Age, Number. Shows the number of members dying at various ages.

With this state of things shown to be prevailing in the above sixteen societies, all doing business in Ontario, as well as in even the remote provinces of Canada, it would seem an opportune time to urge everyone of them to adopt the course voluntarily taken by the Foresters. A committee should first investigate their mortality experience, and then adopt such increased rates as will provide for it beyond all call. If extra assessments are needed, now is the time, not after hundreds of thousands of dollars have been buried under the ground. Dead members, who have paid inadequate rates, cannot be assessed to help make up the deficiencies or shortages so plainly revealed above. No time should be lost, for even now the burden may be so heavy as to drive out the youngest and healthiest lives. As to this, it is easy to see that already disintegration has commenced, and having begun, it is likely to proceed rapidly. The Macabees had 341, 200 members in 1903, and now have only 261. The outgoers far exceed the incomers every year, and the death losses, nevertheless, growing greater. The Royal Arcanum had 306,083 members in

E. O. PARSONS, Telephone 43 West. 258 and 260 King Street, West

1904, and now have only 240,420. In three years 166,292 members dropped out, and only 45,549 came in. The Royal Templars had a membership of 6,837 in 1888 and have now only 6,380. But the A. O. U. W. furnishes the most striking evidence of going to pieces through inadequate rates. In Michigan, where they were very strong a few years ago, there is now not a vestige of the order remaining; and the condition in the great states of New York and Illinois is deplorable. In 1903 the membership of this important

Table with 4 columns: Dec. Stat., Members, Insurance, Deaths, New Insurance. Shows financial data for various years.

A little improvement is shown in the last column in the past two years; but in 1901 the new certificates issued were for \$5,146,000. The six months of this year (1908) show the total membership now down to 35,972—a loss of 10,153 since December, 1902; and the deathroll paid for the past month was \$88,696, or at the rate of \$1,652,992 per annum—fewer members by 10,153, and about \$900,000, or even 60 per cent. greater death losses than in the year 1902. How long can it last, even with the increase in the assets to a moderate extent, which is now occurring. The growth in this item last year was much less

CIRCUS EMPLOYEES APPEAR IN COURT

Preliminary Examination of Men Who Incited Woodstock Riot

WOODSTOCK, July 16.—The preliminary examination of Frank Haugh and Marney Warfield, the circus employees arrested at the time of the recent riot, was begun this morning in the town hall before Magistrate Dibley. J. C. Hartley appeared as prosecutor and Hon. W. P. Jones for the prisoners. H. B. Fetter, legal adjutant for Cole circuit, was present also. After the hearing of the evidence of the town hall before Magistrate Dibley, the outgoers far exceed the incomers every year, and the death losses, nevertheless, growing greater. The Royal Arcanum had 306,083 members in

BOBS IS HERE FOR THE TERCENTENARY

QUEBEC, July 16.—The Empress of Ireland, with Lord Roberts and the Duke of Norfolk on board, did not berth until 11 o'clock tonight, instead of 8, as expected, and in consequence the landing of the distinguished officer was deferred until tomorrow morning. At 9:30 he will be greeted by General Otter and escorted to the Citadel by a detachment of the Royal Canadian Artillery, of which he is a honorary colonel. The Empress had a large number of distinguished passengers on board, among them being the Earl of Ranfurly, the new Governor General of Australia, who will represent that country at the Tercentenary. The British cruiser Venus, which remained behind with the collier Portsmouth, which ran ashore, arrived this evening. In coming to her anchorage she collided with the battleship Russell, both vessels being slightly damaged.

Store Closes Today at 6 P. M.

...AS USUAL...

We have something to offer for Friday and Saturday. This is not a great Clearance Sale—we don't advertise to give away everything in the store. But we do advertise to give you the **Biggest Bargains** in Men's and Boys' Suits you ever had offered you. We want you to compare our prices with the prices of our competitors. You'll find their ads in this paper.

WILL NOT DECIDE THE INTERNATIONAL TROPHY

Olympic Committee Finds Trouble in Fairly Judging the Various Contests Now in Progress

LONDON, July 17.—The British Olympic Association has concluded not to decide the championship of the nations competing in the Olympic games held in London this year, and the same decision applies to the sports now going on at the stadium at Shepherd's Bush. The original idea was to offer a trophy for the country securing the most points in all games, those held in the stadium and those played at various clubs, such as the tennis at Queen's Club and the rifle matches at Hales, but the difficulty of arriving at an equitable method of allotting the points was so great that the idea has been dropped.

GAME FOR BROTHER'S BODY.

This morning early an uncle and three brothers of Ruben W. Greenwood, who dropped dead on Friday night, were seen by the police at the United States Hotel. They left Wilson's Beach, Campbell, last evening on recovering the body of their brother. The body was found in a room at the United States Hotel. The deceased was 21 years of age and had been in Vancouver since last fall where he went with three other young men from Campbell. The deceased, he said, was always looked on as being a healthy young person, having never complained of being ill. He left Vancouver last Saturday, and the news of his death was a great shock to his family.

HAY, THERE! ABERN!

Two drunks were fined this morning amount in the police court this morning.

Abern Secord was before the court on complaint of Chief Kerr for allowing a large quantity of hay to remain on Harold's wharf that was dangerous to the surrounding property. The law states that hay that is considered dangerous must not be allowed to remain within fifty feet of any building.

N. S. FISHERMEN IN THE GOULD DIVORCE SUIT

They Have Been Kept Hidden for a Week Case Will Come to Trial in a Few Weeks.

NEW YORK, July 17.—Contrary to the rumor that Mrs. Frank J. Gould had been reconciled to her husband and that their differences had been amicably settled, Mrs. Gould's suit for divorce is on the motion calendar at the supreme court today, and it is expected that it will be brought to trial within the next few weeks. All of the efforts of friends of the young couple to bring about a settlement of their marital difficulties without resort to the divorce court are said to have failed. For several weeks it is said that both Mr. Gould and Mrs. Gould have had detectives at work getting evidence for the coming trial. It is alleged that Mrs. Gould had brought down from Nova Scotia two defendants who are ready to testify to certain things alleged to have happened on a yachting trip taken by Mr. Gould to Nova Scotia during the summer of 1906. These men, it is said, were at court last week, but Mrs. Gould's attorneys found on that date some defect in the papers and an adjournment was obtained until today. In the meantime it is reported it was deemed advisable to smuggle the Nova Scotians out of the city as quietly as they were brought in. Accordingly the pair were taken to a little out of the way village on the north shore of Long Island. There, with their identity carefully concealed they have been staying for the last week.

BIG INCREASES MADE IN STUMPAGE RATES

FREDERICTON, N. B., July 17.—The local government met this morning. The principal business was an increase in the rate on stumpage. The rate on hemlock is increased from 40 cents to \$1.25 per thousand, on fir from 80 to \$1.25, and on railway ties from 2-1/2 to 5 cents. No white pine is to be used in fuel for railway ties. This was passed by an order-in-council this morning.

MAY ERECT ARMORY ON BARRACK GREEN

It is understood that owing to the site on Prince William street having been acquired by a syndicate as a hotel site, the government is likely to build the new armory on the Barrack Green. It is rumored that the building as already planned will be erected without interfering with the exhibition building. To make room for this it would be necessary to expropriate the southern side of Bedford Street. If this plan is carried out it will prevent the exhibition association from ever arranging a race track anywhere near the exhibition grounds.

ANOTHER BANK FAILURE

CLEVELAND, O., July 17.—The Farmers and Merchants Banking Company at 287 West 26th Street closed its doors today. The liabilities and assets are each estimated to be about \$800. The failure is said to have been due to the inability of the bank to realize upon loans.

DEATHS

MURPHY.—In this city, on the 17th inst., Eliza Jane, widow of George W. Murphy, in the 63rd year of her age, leaving five sons and three daughters to mourn.

Funeral on Monday, at 2:30 p. m., from her late residence, 102 Waterloo Street.

TELEGRAPH STRIKE BREAKERS

APPEAR IN POLICE COURT

(Continued from Page 1)

A. C. L. Tapley called, said he was business manager of the Telegraph and Times and also bookkeeper for those papers. He knew Henry J. Hardy, who came to the office about a week after the strike started. There was no journal or day book kept. Witness only kept the cash book. The names of the employees appeared on nothing but the pay sheet.

Mr. Mullin said he wished the cash book, the pay sheets from March first until last Friday. Also all books showing payments to employees, also correspondence.

Mr. Baxter said he would take the stand that Mr. Mullin would not be allowed to see the books.

Mr. Mullin said it would be a defiance of the court.

Mr. Baxter said that Mr. Tapley would not be allowed to take the books from the office.

The magistrate said that if a person who had the books would not produce them it would be contempt of court.

Continuing Mr. Tapley said that Mr. John Russell, Jr., would handle other money besides what he witness handled. There are separate cash books for the Telegraph and Times, but there were no entries in these books as to payments to Mr. Hardy.

FOOD FOR THE FIRE!

If you want to save money on your fuel supplies, do not neglect to give us your order this month.

We have a large stock coming in, which we can sell at the lowest prices.

Some of the prices are even lower than the opening spring prices. No matter whether you want Scotch Hard Coal, American Hard Coal, any kind of Soft Coal or Wood, we can supply you satisfactorily and save money for you.

Read the prices for this week:

SAWED SOFT WOOD.....\$1.35 per load.

KINDLING.....\$1.40 per load.

SAWED HARD WOOD.....\$2.25 per load.

SAWED AND SPLIT HARD WOOD.....\$2.50 per load.

Delivered in canvas baskets and put in at 25 cents per load extra.

SOFT COAL.

LOCAL NEWS

If you want to buy a good suit of clothes at trifling cost, investigate Edgerton's specials in Men's Fine Spring Suits, \$5.75 and \$5.25, at corner Main and Bridge streets, North End.

A meeting of the Council of the Municipality of the City and County of St. John, will be held at the Court House on Tuesday, the twenty-first day of July, at 2:30 p. m.

Butter is holding its price this summer better than ever before. At no time in the history of the dairy industry in this province have such good prices been realized.—Record.

The Brotherhood of Railway Employees will hold their regular monthly meeting in the Forester's Hall, Charlotte street, this evening at eight o'clock.

George Mattocks, well known steppe-chase rider, was killed at Oakville yesterday. He was exercising a horse when the animal ran against a hurdle and Mattocks was thrown on his head.

Dr. D. S. Cleveland was operated on for appendicitis this week by Dr. Burnett and is doing splendidly. His condition is very gratifying, and he will be able to resume his practice after the usual period of confinement in such cases.—Record.

The picnic at Norton on Wednesday in aid of Rev. Father Byrne's church was largely attended. Everybody had a good time and the receipts amounted to about \$500. The weather was ideal for picnicking.—Record.

The spire of St. John the Baptist church on Broad street, owing to its being in an unsafe condition has been taken down and it is understood will not be fixed. The brick tower will in the future be surmounted by a low roof covered with copper.

Word has been received here that it was the pleasure of Royalty that His Honor Judge Hanington go half an hour before the time appointed by the general invitation to the members of the "Pan-Anglican Congress," when he was honored with a special presentation to the king, queen and princess, by the Archbishop of Canterbury.

The Milford Stars won again last evening when they moved under the Strait Shore team by the score of 25 to 2. Mulvey put them over for the Milford team with Sealey backstopping. Nulton and Sullivan were the battery for the Shore side.

There has been a decided improvement in building in Sussex this year. It has been some time since so many houses have been under construction at the same time, and every one of the new homes will be needed and more. Carpenters have their hands full and good masons are in great demand. In addition to the new houses that are being added, a number are being improved.—Record.

The Church Avenue Baptist church has given an order for a new pipe organ, which will be one of the best in town. It will be built by Breckless and Matthews, Toronto, and will be a manual instrument with all the latest stops. It will be ready for use by the time the church will have been renovated.—Record.

A very enjoyable picnic was given at Seaside Park Wednesday evening in honor of Miss Katie Cameron, who leaves in a few days for New York to study nursing. The pleasure was somewhat dampened by the rain which fell quite heavily during the evening. The party was chaperoned by Mrs. W. A. Black, of the Clifton House.

Of late a number of persons have reported losing money and it is believed by some that pickpockets are the cause of the losses. One gentleman claims to have lost \$50 while being jostled in the crowd at the N. B. Southern depot, Charlottetown. Another loss was that of \$7 by a man who was visiting Seaside Park. A lady's gold watch and chain, a diamond brooch and among other articles recently lost.

L. R. Warwick, general manager of the Chawford House, Boston, arrived at Mount Middleton on Friday last. Mr. Warwick met with a painful accident the previous evening. While driving with a gentleman in St. John, the horse suddenly bolted, throwing him to the ground. Dr. Emery was called and rendered the necessary service. Mr. Warwick's face was badly scraped and a deep cut was found in the ear which required a couple of stitches. His shoulder was also bruised. At the present time he is doing as well as can be expected.

Arthur O'Leary, Richibucto, Chief Game Inspector, was here this week and held a conference with the Kings County Deputies, D. H. McNutt, Sussex, J. D. Sealey, Havelock, L. J. Murray, Penobscot, Obdur, Flewelling, Greenwell, and W. T. Hayes, Millstream. It is understood that instructions were issued for the strict enforcement of the act. The deputies were informed that the rivers must be protected from sawdust and that illegal netting, etc., must cease. The penalties for violation of the regulations are heavy.—Record.

PERSONAL
Mrs. W. F. Baxter (nee Agnes Johnston), will receive on Friday, 17th, afternoon and evening, at her home, 315 Carmarthen street.
Mr. Fred. M. Tweedie, eldest son of Lieutenant Governor and Mrs. Tweedie, is to be married at Chatham next Wednesday, July 22nd, to Mrs. Ilthick, daughter of Mr. George Watt, collector of customs, at Chatham.

A CHALLENGE.
St. John, N. B., July 17th, 1908.
Editor St. John Star:
I hereby challenge Cyril T. Hanson, of Fairville, to a foot race of any distance desirable to him, to take place before Friday night next.
JOSEPH C. READER.

DISPUTE OVER COSTS IN AN EQUITY CASE

Plaintiffs in Glasier vs Glasier Object to the Bill

Claiming That a Large Portion of Charges Amounting to \$669 Should Not be Made as Work Was Never Done.

The Equity Court this morning before Chief Justice Barker the case of *Nickson vs. Curtis et al* was resumed. Mr. Lawson applied to amend the defendant's answer and Mr. Carter for the plaintiff submitted an affidavit in which he stated that such a procedure would prejudice the plaintiff. His honor postponed the case until the September sitting at Fredericton when the matter will be taken up.

In re Arthur Glasier and Blanche Glasier vs. Patrick Glasier, Bustin French and A. A. Wilson, K. C., appeared for the plaintiff and Mr. E. P. Raymond for the referee in the case of *Equity, Mr. J. S. Campbell, of Fredericton*. The case arose out of an appeal from the taxation of the referee's costs. The plaintiffs allege that 1. the referee has not actually done the work and that the referee's bill is contrary to the table of fees in such cases of the Consolidated Statutes of N. B., 1902, 3. In the referee's bill of costs he states "To 2,332 folios at 20 cents per folio \$466.40." The plaintiffs allege that he did not do the work, and as he will not pay the stenographer he is not entitled to be paid for it. Further they claim that on the referee's own admission he neither took down the evidence nor employed any person to do it for him. Clerk Allen taxed the costs but the plaintiffs claim that by Sec. 11 Cyc. P. 162, fees cannot be taxed unless the work is actually done. A. The plaintiffs claim that the referee according to his bill is charging a rate of \$10 per day, and that the work was never taken up more than an hour or two per day.

It is seldom if ever that a case of this kind has come before the court, and Judge Barker's decision will be awaited with interest. The referee's bill is for \$669.60, and Mr. Raymond claims that it should be paid, the clerk having taken the same. He also states that the referee cannot be forced to pay the stenographer as he did not engage him, the plaintiffs having done that. That is, however, disputed by the plaintiffs.

A ST. JOHN MAN'S WORK IN THE WEST

Winnipeg Papers Referenced to H. W. Brodie Now Assistant General Passenger Agent of the C. P. R. in the West

A St. John boy who has made good in the west is H. W. Brodie who is now located in Winnipeg as assistant general passenger agent of the Canadian Pacific Railway.

Mr. Brodie is a son of Mr. and Mrs. William Brodie of Duke street. Recent Winnipeg papers tell something of Mr. Brodie's work on the railway.

A campers' train which has lately been put on between Winnipeg and Lake of the Woods is known among the trainmen as "Brodie's special" as it is owing to his efforts to secure better accommodation for camping parties that the service was started. The innovation has been welcomed and well patronized.

Mr. Brodie recently returned to Winnipeg from Fort William where he aided in perfecting the arrangements for the transfer of passengers from the C. P. R. to the steamers and from the steamers to the trains.

WILL EXAMINE SYSTEMS OF CIVIC GOVERNMENT

Mayor Selects Aldermen Frink, Kelly and McGoldrick for Committee—Will Probably Take a Trip.

Aldermen Frink, Kelly and McGoldrick have been appointed by the Mayor as the committee which is to investigate the various forms of civic government.

At their last meeting the common council approved of the section of the report of the committee on the Mayor's inaugural address which provided for the appointment of a committee to look into the whole matter of civic government by commission or by board of control, the committee to report before November 1st.

This will give the committee three and a half months for their work. It is quite likely that the committee will ask for authority to visit other places and examine the working of such systems where they are in operation.
