## COMPLETED ACTION OF MINISTER OF MILITIA

Sir Ian Hamilton Warmly Praised Method of Training Soldiers.

BELIEVES RED COAT BINDS EAST TO WEST.

Imperial Inspector General of Troops Pleased with Canadian Army—Big Party Visited Western Instruction Camps and Cities.

Special to The Standard. Ottawa, July 4.—General Sir Ian Hamilton, inspector general of the imperial forces, and Col. the Hon. Sam Hughes, Minister of Militia, returned to Ottawa tonight from their trip to the west, inspecting all the camps and regiments they went through to the coast. Sir Ian would not comment upon the military fitness of the militiamen, as that will be the subject of a special report before his return to England on the 24th. He made, however, some interesting remarks on the western country.

"It is essentially a place for old soldiers and young women," he said, "and I am amazed at the growth and progress everywhere."

"I believe that the red coat is binding the east and the west as much as ever. The Canadian Pacific and the Canadian Northern. The common interest between the eastern and western soldiers is due to a common love and respect to the British flag and institutions."

Sir Ian praised highly the spirit of the western soldier and commended the action of the Minister of Militia in acquiring new large areas for training and manoeuvring purposes. Last year such areas were taken a hundred years ago by Great Britain, he said, and would now possess the thousands of acres she so badly needs. He was particularly pleased with his reception at the Sevel camp at Winnipeg where the Highlanders were camped.

The general appreciated the action of the Canadian Pacific in employing so many old soldiers as policemen at their stations in the west. He met many a South African, and stated that in no case did he hear a word of regret about coming to Canada.

Sir Ian goes tonight to St. Bonaparte, the country home of Sir Rodolph Forset, where the 6th regiment is now being entertained. After inspecting the corps he will go with Col. Hughes to the lower provinces.

The Minister of Militia referred to Sir Ian's trip as the accomplishment of a great imperial mission. He referred to the divergent races and creeds whom the general had met in the Canadian militia, including French, Germans, Americans, Galleys, Mormons and half breeds. All, he said, shared in a common loyalty to the British flag. The Minister observed a keen spirit of work among the soldiers and stated that the day was past when the annual training was a period of idleness.

"The small percentage of the bum element has been eliminated or straightened up," said Col. Hughes, "and I did not hear a word of complaint, but everywhere commendation over the absence of liquor. The men in camp do not want it."

"There is no need of compulsory service in Canada as the people have been educated to voluntary military training. There is, however, a need of more and better trained officers and to meet that need in part we are establishing a new scheme of unitary training corps. Another need is more clothing and equipment in case of emergency. The militia is growing in popularity as is evidenced by the fact that 72,500 over the present establishment had applied to be formed into corps. When I was in Victoria we formed a new Highland regiment on the spot. Upwards of 16,000 are being trained this year and the strength of our militia forces is now 78,000, apart from 35,000 cadets. We intend to secure larger training areas for Toronto and Western Ontario."

The Minister of Militia remarked an intensely British spirit in the West where the Americans are becoming the best of British subjects.

"The best defence scheme for Canada on land," he said, "is a million and a half men trained to shoot straight. Then we need have no fear of the invader."

Brigadier General Ellison, Major Madocks, A. D. C., Col. Victor Williams, Adj. General, Lieut. John Bassett, A. D. C., and Lieut. Stithers, the English and Canadian staffs, also returned to the capital tonight.

## GIVES UP STAGE TO WED A PRETTY SCHOOL GIRL

The wedding of Miss Lella Wilson Hodgins, a pretty Central High School girl, of Chevy Chase, D. C., and member of an old Washington family, and Frederick Edwin Hand, which took place secretly some time ago, has become public.

Mr. Hand was leading man for stock companies. Mrs. Hand, who is eighteen years old and pretty, and her husband had been sweethearts since childhood. There was an intermission in their love affair which covered a period of a couple of years, however, while he was on the stage.

As soon as the bridegroom definitely decided to leave the stage the marriage was agreed upon.

## AUTO RACERS MEET DEATH IN BIG RACE

Harry Knight and His Mechanician Killed at Columbus, Ohio.

THOUSANDS SAW FEARFUL CRASH.

Knight Was Driving at 70 Miles an Hour When Tire Blew—World's Record Broken Despite Fatality.

Columbus, Ohio, July 4.—Harry C. Knight, of Indianapolis, known as the "Hero of the Indianapolis Speedway," was almost instantly killed and his mechanician, named McCallister, a native of Houston, Texas, died at the hospital tonight from a fracture of the skull sustained this afternoon when Knight's car, right rear tire and turned turtle on the hundredth lap of the two hundred mile endurance race given under the auspices of the Columbus Automobile Association. Knight had been out of the race for five minutes because of engine trouble and had just re-entered. He was said to have been running at seventy miles an hour when the accident occurred.

Johnny Jenkins, of Springfield, Ohio, was following Knight at a short distance, and according to some of the witnesses, ran over Knight's body, which had fallen to the track. Jenkins declared he ran over something, but does not know whether it was a body or part of a machine.

Knight's head was badly mashed and the top torn off. His legs were driven into his arm pits, and the remainder of the body badly mangled. When the tire blew the car turned over twice and landed in an upright position. McCallister was thrown out at the first turn and suffered a fractured skull. Knight was pinned and mangled under his steering wheel, but fell out just as the car finally righted. He died almost immediately after assistance reached his side.

Ralph De Palma, who was following close on the heels of Knight and Jenkins, was running at a high rate of speed, but managed to shave by the wrecked car without smashing into it.

Thousands Saw Accident. The accident occurred immediately in front of the grandstand and was witnessed by thousands of spectators. Although Knight gave his residence as Indianapolis, his parents live at Jonesboro, Ind., near Marion. He was 23 years old. He gained the title of "Hero of the Indianapolis Speedway" seven years ago, when he ran into a brick wall in preference to running down a driver who had been thrown from his car to the track. Just previous to the time he had started

## MRS. OLIVER GELBERT SEES MAN WITH LIGHT IN MILL; FIRE SPEEDILY FOLLOWS

Old Maynes & Riley Grist Mill Building on City Road Damaged to Extent of \$20,000 or More—Evidence of Work of Daring Firebug—Mrs. Geldert Saw Man With Flashlight at Work in Mill and Sent Neighbors for Police—Fire Broke Out Few Minutes Later.

As a result of what is believed to be the work of a firebug the grist mill on City Road, formerly run by Maynes and Riley and recently purchased by J. Harvey Brown, was gutted by fire last night and the damage to building and machinery will amount to \$20,000 or more.

About eleven o'clock last evening, Mrs. Oliver Geldert, who lives on Johnston street, just across the I. C. R. tracks from the grist mill, heard a sound like the breaking of glass and, looking out of the window of her residence, saw a light moving inside the mill. After a few minutes of observation she came to the conclusion that a man using a flashlight was at work in the mill, and thinking that his presence in the mill at that time of night was suspicious, she called Harry Spang and William Bolton, who live nearby, and asked them to investigate. When she told them what she had seen they said they would go for a policeman, and started out in search of one. Meanwhile Mrs. Geldert watched the mill and in a few minutes it burst into flames.

Fire Spread Rapidly. An alarm was rung in from box 231 and the firemen from No. four station were soon on the scene. When they arrived the engine room, where the fire had evidently started, was in flames, and the blaze was spreading rapidly to the upper stories. A second alarm was turned in and other sections of the brigade lost no time in going to the fire.

Several streams from hydrants on City Road were soon in operation and the fire was kept under control until C. R. tracks and a stream was turned on the rear of the building.

The fire spread through the building as if it was a tinder box, and if there had been a high wind the whole district would have been in flames. The fire was in flames as the mill is surrounded on three sides by wooden structures.

## BULGARS AND SERVIANS HAVE BEEN FIGHTING FOR TWO DAYS

Servian Troops Take Positions Which Bulgarians With 100 Guns Defended—Greeks Win Victory at Kilkish—Conflicting Reports.

Belgrade, Servia, July 4.—The Servians today took from the Bulgarians two strong positions to the north of Kotechana, which the Bulgarians defended with machine guns and field guns. Afterwards the Bulgarians retreated to Kotechana.

Vienna, July 4.—Evidence that serious fighting is occurring in Macedonia is found in the arrival of large numbers of wounded and prisoners at the frontier. The Bulgarians are in progress for two days, according to the Free Press.

LONDON, July 4.—Evidence that serious fighting is occurring in Macedonia is found in the arrival of large numbers of wounded and prisoners at the frontier. The Bulgarians are in progress for two days, according to the Free Press.

There still has been no formal declaration of war, and although it is reported that the Bulgarian minister to Greece has been recalled, he has not yet departed from Athens.

Frontier Venizelos announced in the Greek parliament today that the Greek forces had won a victory at Kilkish and captured sixty guns. This appears to have been secured by the amazing swiftness of the Greek advance from Saloniki, which, according to various correspondents, took the Bulgarians completely by surprise.

The Servians claim a victorious advance to Kotechana, but the Servian invasion of Bulgaria has been repulsed, and Bulgaria, it is reported is executing a turning movement which nullifies the Servian advances.

Suspension of judgment regarding the operations therefore is advisable under present conditions.

The reported change of the minister again Knight had been officially declared out of the race because of a lost engine trouble. Regardless of the officials he re-entered the race. Ralph Mulford won the race, breaking the world's record for 200 miles on a dirt track. He made the distance in three hours, 21 minutes and 18 seconds. The fastest best time was made on the Columbus track last year by Spencer Wishart, in three hours, twenty-eight minutes, four and a half seconds. Harry Endicot was second with the time of three hours, forty-five minutes and thirty-four and fifty-five one-hundredth seconds. Ernest Reeder was third with the time of three hours, forty-five minutes and thirty-three and sixty-five one-hundredth seconds. R. DePalma finished fourth and just within the prize money with the time of four hours, forty-two and sixty one hundredth seconds. Prizes aggregated \$5,000.

## JAMES WHITE APPOINTED TO BIG POSITION

Order in Council Gives Secretary of Conservation Commission Rank and Salary of Deputy Minister.

Special to The Standard. Ottawa, July 4.—An order in council was passed at yesterday's cabinet meeting appointing James White to the position of assistant to the chairman of the Conservation Commission with the rank and salary of a deputy minister. Mr. White will continue as secretary of the commission.

The appointment is made by virtue of a special act passed during the last session.

An order in council has been passed authorizing regulations governing storing of dangerous goods within the limits of any public harbor, when such goods are not intended for shipment on any vessel. No explosive or inflammable or dangerous goods of any kind may be kept on any pier, or in any hull, scow or floating stage in any harbor without written permission of the harbor master, under penalty of \$100 for each offence. The harbor master may decide, subject to appeal to the marine department, what goods are included under these regulations and may order their removal whenever permission has not been granted.

A. H. O'Brien, whose position as law clerk of the House of Commons was recently abolished, was appointed to one of the newly created positions of legal officers of the justice department at a salary of \$5,000 per year.

When asked if they had any information as to the origin of the fire, both Com. McCallister and Chief Blake, who were on duty during the fire, said they had no idea how it started.

The fire in the grist mill last night was the third which has broken out there within a comparatively short time. About four months ago the firemen were called to put out a blaze there, and some time before that there was another fire, though in neither case the damage amount to much.

## HUSBAND TOOK 12,000 DRINKS IN FIVE YEARS

Dastardly Attempt to Wreck Maritime Express Train a Failure.

BIG PILE OF TIES PLACED ON RAILS.

Engine Struck Obstruction but Owing to Quick Action of Engineer Stayed on Embankment—Was Travelling Full Speed.

Moncton, July 4.—While running through Eryplan darkness at a speed of forty miles an hour, the Maritime express which left here at 22 o'clock Thursday evening, came within an ace of piling up in the ditch near Derby Junction at 3:15 Friday morning, when it struck a sleeper which had been placed across the rails on a curve half a mile east of the North-west Miramichi bridge, between Derby Junction and Newcastle.

The locomotive was derailed but through some fortunate fluke, stuck to the road bed instead of taking to the ditch, probably averting what would have undoubtedly been one of the worst disasters in the history of the I. C. R. The placing of the tie on the track was clearly the work of train wreckers.

When he felt the engine strike the tie, the engineer applied the air brakes, and this aided by the slight up grade, assisted in bringing the train to a stop before much damage was done.

It was found that only the front track of the engine was on the track and the engine got her back on the track again without assistance in about thirty-five minutes after which the train proceeded to Newcastle. The Maritime was in charge of Conductor W. M. Thompson and Engineer Norman Sinclair, both of this city.

This is the second case of attempted train wrecking to occur on the I. C. R. within a comparatively short time, the other being the recent case at Amherst, where a switch light was thrown away to allow the Springhill local to run into a switch which had been opened for the purpose of wrecking her. I. C. R. detectives are at Newcastle working on the present case.

## TWO "FLAG INCIDENTS" IN THE WEST

Waving of Stars and Stripes by Americans Inflames Moosejaw Crowds.

WINNIPEG HAS A FREE FIGHT.

Brainless Youth Flaunts Large American Flag in Faces of Canadian Soldiers—Then it Happened.

MOOSEJAW, Sask., July 4.—Waving two American flags on Main street an American was set upon by a score of youths. The Stars and Stripes were soon trampled into dirty rags and then the man was rolled in the mud. The street was in ideal condition for the crowd's purpose. Immediately afterward an American attempted to raise a flag on the top of a lamp post. It was torn down and a free fight ensued.

Earlier in the day fifty Americans, waving flags, attempted to march up Main street. Fearing a riot, the police turned them back to the hotel, where they had been celebrating.

Winnipeg, July 4.—The sight of a young man waving a large American flag in the faces of the returning one hundredth regiment, started a small sized riot here today. The flag was trampled under the feet of the marching soldiers and several of those who took part in the free-for-all fight that followed received black eyes and cut faces. The young man escaped serious injury.

The incident occurred while the regiment was returning from Sewell Camp. Near the Union Bank, a waiter stepped to the curbing and started to wave the flag of his country in the air, at the same time shouting "hurrah for the American Eagle."

Col. J. B. Mitchell, in command of the regiment, ordered one of his men to request the American to put away the flag. Before the soldier could comply several civilians preceded him. One of them grabbed the flag and threw it into the street, where it was torn and trampled under the feet of the soldiers.

Late comers seemed to be at a loss as to the identity of the man who waved the "Stars and Stripes." The result was a free for all fight. Constables quickly quelled the disorder.

BIG BARN BURNED NEAR GAGETOWN. Special to The Standard. Gagetown, July 4.—About eight o'clock Thursday evening a barn owned by W. Corbett and rented by a farmer named Fred Cooper, was burned, resulting in a loss of \$200. The fire was started by children playing in the hay with matches. A collection is being made to meet the farmer's loss and already \$100 has been received.

## ENGINEERS TO HOLD MEETING

New Brunswick Society of Domestic Sanitary and Heating Engineers to Convene in Fredericton.

Special to The Standard. Fredericton, July 4.—The annual convention of the New Brunswick Society of Domestic Sanitary and Heating Engineers will open here on Tuesday next and will be attended by delegates to the number of fifty odd from all parts of the province.

His Worship Mayor Hooper will give an address of welcome at the Church Hall, where the sessions will be held. George Blake, of Saint John, the president of the society, will occupy the chair at the convention, and one of the features of the convention will be an address on Sanitation, by Sanitary Engineer J. A. Slater, Plumbing Inspector of New York city.

On Wednesday evening the members of the local society will entertain the visiting delegates at a dinner to be given at the Queen Hotel. President A. H. Farrell of the local branch of the society will preside at the dinner. The convention will close on Wednesday evening and there will probably be some other forms of amusement provided for the delegates.

## THREE GERMAN YACHTS READY FOR BIG RACES IN AMERICAN WATERS

Kiel, July 4.—The Tilly XVII, owned by Prince Henry of Prussia and C. V. Krogmann, of Hamburg, was not selected as one of the German representatives to participate in the Sonderklasse races of Marblehead, Mass., in September, as at first reported.

The official list of the German competitors to go to America was issued today.

Angela, owner, Herr Weitzmann, of the Imperial Yacht Club, of Berlin.

Serum, owner, Waldemar Tietgens, of Hamburg.

## FRENCHMEN MAY RUN THEIR OWN HOTELS

Paris, July 4.—A new hotel licensing bill, giving French hotel proprietors special long credit borrowing facilities, was adopted by the French Senate today.

Senator General Auguste Mercier said the bill would permit Frenchmen to compete in the hotel industry in France, of which 80 per cent. was now in the hands of foreigners.

Sir Edward Carson, counsel for Lord and Lady Sackville, who are seeking to establish their right to a fortune of \$2,000,000 left to them by Sir John Edward Arthur Murray Scott, made a telling address in opening the case for his clients. Mr. P. B. Smith is the opposing counsel.

# ARE SETTLERS PLEASED WITH FOREST FIRE?

### Chairman Englehart, of Railway Commission Advances Novel View of Big Bush Fires--Are they Set?

Toronto, July 4.—That the settlers in Northern Ontario so long as they and their holdings escape, are decidedly pleased by the advent of a forest fire which clears up their land is the opinion expressed by Chairman Englehart of the T. & N. O. Railway Commission. He, Englehart, does not believe that the bush fires are caused by railways and expressed the novel view that with the whole country like tinder, a discharged cartridge dropped on the bark while still hot would have the effect of igniting the underbrush and scattering to a hundred places with the first breath of wind.

"We are spending unlimited money now to do everything we can to prevent them. The only thing to do is to do away with the large forests and that is what we are aiming to do as quickly as possible. There are hundreds of rivers abounding all over the country to be used to drown the fires, but when a fire becomes so terrific that it jumps across them, what use are they? In time, though, it will be converted into a farming country and there will be more forest fires there and here."

### SCHOOL HOLIDAY OFFER.

Knowing full well that few young persons care to enter a business college during the school holidays, the Currie Commercial Institute, 37 Union street, offers now for a short time their eighty dollar unlimited time shorthand or bookkeeping course, including all books and stationery and a position at \$10 a week, for \$25 cash in advance. Scholarships paid for now would be good for a year later. Those who intend to enter a business college now or later, can save from thirty to fifty dollars by taking advantage of the offer.

### ALBERT NEWS.

Albert, Albert Co., July 3.—Mr. and Mrs. G. D. Prescott and Miss McLean motored to Moncton yesterday. They were accompanied on their return trip by Mrs. Albert Bibber, of Eastport, Me., who will spend several weeks with her sisters here.  
Norman Barkhouse, who returned from Camp Sussex last Saturday on account of ill-health, is under the care of Dr. S. C. Murray.  
Charles L. Peabody, of Hopewell Cape was appointed to the office of County Secretary, made vacant by the resignation of W. O. Wright at a meeting of the County Council held at the shire town yesterday.  
C. Douglas Dickson, late principal of the Hopewell Hill school, left for his home in Hampton on Wednesday. Mr. Dickson made many friends during the year he spent in the county and it is to be regretted he will not return at the reopening of school, as he is a very painstaking and efficient teacher. The primary department will be taught by a daughter of a trustee while the advanced department will be in charge of the daughter of the Secretary of Trustees.

### Italian Cheese.

Stir into a little cold milk one-fourth cup each four and cornstarch which have been well sifted together, half a teaspoon salt and a small pinch of paprika or a smaller pinch of cayenne if used. When of a consistency to pour, put into the rest of one pint milk which has been scalded. Keep stirring the mixture until it thickens. While the mixture cooks 20 minutes, beat the yolks of two eggs into one-half cup creamed butter and add to hot liquor. Still stir until yolks are cooked and add one cup grated cheese. When cheese is melted, pour to depth of about one-half inch in a shallow dish. When cold cut into squares and lay a layer of these in an au gratin dish. Sprinkle with grated cheese, put on another layer of squares, and again sprinkle. When all have been disposed of, put in the oven to get very hot. Serve in the dish with bread and green vegetables or a salad.

### Arrested for Assault.

Robert Morrell was arrested last evening on a warrant charging him with assault.

### Charged With Vagrancy.

Mary Craig, a vagrant, was taken off the Boston boat last evening and locked up in central station.

### Senator Ellis Very Ill.

Senator Ellis has been seriously ill for some weeks and his condition last evening was considered critical.

## JAPANESE NEWSPAPERS REPORT AGUINALDO IS NOW IN TOKIO

DON EMILIO AGUINALDO

Japanese newspapers report the arrival in Tokio of Emilio Aguinaldo, one-time Filipino revolutionary leader, and suggest that the object of his trip is to hold a secret conference with the Japanese government regarding the independence of the Philippine Islands.

## BOSTON FEARS GREAT STRIKE

### Employees of Elevated Railway Company to Number of More Than 6,000 Vote to Quit Work.

Boston, July 4.—At three big meetings of the members of the union of employees of the Boston Elevated Railway Company, held yesterday morning and evening and early this morning, a strike vote was declared for and was taken.

More than 6,000 votes in all were cast, representing nearly five-sixths of the union membership, and union officials said last night that the vote was overwhelmingly in favor of a strike.

Not until after 3 this morning, however, was the last ballot cast, and only then did the counting begin, so that the actual vote is not yet known.

The vote specified that the time and manner of calling the strike should be left to the executive committee of the union, and in any case the strike will not be called until the special committee of the Boston Chamber of Commerce has conferred with representatives of the two parties.

## SUFFRAGETTE THROWS ADDRESS AT THE KING

### An Incident Which Marked Royal Procession to the Agricultural Show at Bristol Yesterday.

Bristol, July 4.—While the royal procession was on its way to the agricultural show at which the King was to officiate today, a suffragette darted from the sidewalk and, getting behind the mounted equestrian, reached the King's carriage and dropped a scroll of paper on His Majesty's knees.

The equestrian, wheeling around, drew his sword and struck the woman a light blow. The police then arrested her.

The crowd made a rush for the suffragette, the women in the crowd showing the greatest eagerness to mail her. One of them struck her with an umbrella, and another seized her by the hair. The police drove her off in an automobile in an effort to escape the mob.

After a short detention the woman was released. She gave the name of Mary Richardson, and her address as the headquarters of the women's social and political union.

## JOY RIDING ON EXPRESS

### Dalhousie Man With Happy Jag Misses Connections and Loses \$50—Took the Wrong Train.

Moncton, July 4.—A man named Roy, belonging to Dalhousie, N. B., arrived here on No. 4 express from St. John today en route for his home in Dalhousie. He was somewhat the worse for liquor and instead of getting into the train he was carried on to Painswick Junction, where he was discovered by the conductor and sent back to Moncton on the limited.

Somewhere on the train between Painswick and this city he lost his coat containing \$50 in cash and other articles. Fortunately his ticket was in his trouser pocket and he was able to continue his journey to Dalhousie this evening. The railway authorities are trying to locate the missing coat.

## COL. LOWTHER TO REJOIN REGIMENT

### Military Secretary to Duke of Connaught Will Be Unable to Remain in Canada for Another Term.

Ottawa, July 4.—Lt. Col. Lowther, C. M. G., D. C., S. O., who came to Canada with the Duke of Connaught as military secretary, will not be able to remain in this country during the continued term of His Royal Highness. He was granted leave of absence to accompany the Duke to Canada. He succeeds to the command of his regiment, the Scots Guards, in April next and has been ordered to rejoin his regiment in October of this year.

### Witness Tells of Large Sums Loaned—Lady Sackville on Verge of Nervous Breakdown.

London, July 4.—The reappearance of Lady Sackville, the witness star in her suit known as the "Flight for the Millions," again attracted a fashionable audience to the court today.

Frederick E. Smith, M. P., counsel for the Scott family, questioned Lady Sackville, who at the outset of her testimony, told the court she had been ill all night, and her doctor did not think she would be able to attend, as he said she was on a verge of a nervous breakdown.

### Johannesburg Miners Burn Buildings and Are Dispersed by Soldiers—Many Dead and Thirty in Hospital.

Johannesburg, South Africa, July 4.—Complete anarchy prevailed here tonight as a result of the strike of the gold miners, which started a few days ago. The authorities were obliged to order the troops to fire on the rioters, who applied the torch to the Star newspaper offices and another large building in the centre of the town, as well as to Braamfontein Station.

## ONTARIO FOREST FIRES CHECKED BY RAINFALL

Toronto, July 4.—Provisional rains have fallen in northern Ontario, A. J. McGee, secretary treasurer of the Temiskaming and Northern Ontario Railway Commission said tonight a telegram had been received from the general agent of the railway at North Bay, advising that rain was general throughout the district. No further reports have been received by the commission that the fires have been gaining headway and it is supposed the situation has improved over Thursday.

## RINGING CIRCUIT WAS OUT OF ORDER

### New Brunswick Telephone Co. Patrons Were Inconvenienced by Strange Accident—First of Kind Says Manager

A breakdown in the coil ringing circuit of the N. B. Telephone Company yesterday afternoon at 5 o'clock caused considerable inconvenience and annoyance. It was about 45 minutes before the difficulty was remedied. Owing to the breakdown, the operators, though they were able to receive calls, were unable to ring up anybody, and were overwhelmed with enquiries as to the cause of the trouble.

## "Poor Little Woman"

### She's been toiling in an overheated kitchen, over a hot coal range, in this summer weather, and she is just worn out!

You hear this remark of many a tired housewife who must needs prepare the three daily meals for herself and her family; and yet, such conditions need not be, in this age of moderate-priced culinary conveniences to lessen labor and expense, to promote economy and comfort; there is an easier and cheaper way to cook the meals, and still be cool and comfortable.

## McClary's "Champion" Interchangeable Steel Range

is the ideal all-the-year-round solution of the culinary problem. In the "Champion" you can burn coal or wood and gas, either together or independently, only thirty seconds being necessary to change from one fuel to the other. The "Champion" is lighter on fuel, and does better work than any similar range made today. Think of it—you can roast or broil meat, poultry or fish—fry onions, if you like,—and leave every door in the house wide open, without a vestige of odor, for the "smunge" goes up the chimney and out of the house. The "Champion," too, is a beautiful baker. Then again, it is the range, above all others, that will give you a cool kitchen in summer, a warm kitchen in winter.

## NEW ORLEANS FIGHT STOPPED BECAUSE IT WAS PALPABLE STALL

New Orleans, La., July 4.—After 18 rounds of unsatisfactory fighting here today, the parish authorities decided the fight between Charlie White and Black Britton, lightweight, of Chicago, had ceased to be a "boxing contest" and ordered the referee to stop it. Britton, who outboxed White in all except two rounds, was awarded the decision.

The battle was to have been a 20-round affair. Except in the fourth and seventh rounds White was on the defensive and Referee Burke cautioned him several times against his continued stalling.

White, however, kept backing away from Britton and in the last few rounds dodged from corner to corner, seemingly trying to avoid his antagonist.

White's statement that he injured his hand in the third round was taken seriously by those who witnessed the fight.

## DIARY OF EVENTS

HISTORICAL DAYS IN CANADA

HALIFAX MAKES MERRY.

As indicating the class of entertainments provided the patrons of British American playhouses a century ago, the programme of the Halifax Theatre Royal for a performance to be given "by permission" of the Lieutenant Governor on Monday evening, July 5th, 1813, is not without interest. The Halifax amusement seekers who doubtless filled the playhouse, which had been "well aired and cleaned," a century ago tonight, were afforded a wide variety of entertainment, beginning with the playing of "The Gaby of Old Gaul" by the band of the 64th Regiment. This was followed by "An Occasional Address" a cantata. Then followed "An overture on the organ, accompanied by two pianofortes, one of which will be performed by a young man of years of age. Then the band played, after which came "A Recitation—Eliza, by a Gentleman." The program is equally indefinite in regard to the identity of all who appeared. A "Comic Song—The Fitch of Bacon, or Matrimonial Strife," as sung by "a gentleman," doubtless convulsed the house, and one may imagine that wild applause greeted "Blue Bells of Scotland," with variations on the piano, by a lady. Other features of the programme were a "Comic Song—A Captain Bold in Halifax," or "Miss Bailey's Ghost," "Clarinet Concerto," "A Hornpipe," and "I'll gage nae mair to your town." The admission was five shillings to boxes and four shillings to upper boxes and pit. "Doors open at quarter past seven, and to begin precisely at eight."

### SIR WILFRID LAURIER'S TOUR.

It was officially announced, not long ago, that Sir Wilfrid Laurier would make a tour of Quebec and Ontario and address meetings in those provinces during July and August. It will naturally be expected that he will devote much of his time to explain his attitude on the naval question. Last year he made a tour of the same provinces and exercised great reserve on this subject. But in a public speech delivered before the naval proposals of the Government were brought down he declared that he would not be guilty of introducing party politics into the question. That was, perhaps, the most memorable of his utterances last year. Naturally the country will require an explanation why this pledge to keep the discussion of naval defence free from the taint of party politics was flagrantly broken as soon as the Naval Aid Bill was introduced. The exhibition Sir Wilfrid Laurier made of himself as the leader of an obstructive opposition in the last session has not been forgotten. Never before in the history of the Dominion did a party chief so grossly abuse the privileges of Parliament for purely party advantages as did Sir Wilfrid Laurier during the whole course of the debate. Having so solemnly promised that he would refrain from party tactics in the matter of naval legislation he went to an extreme of partisanship to prevent the passage of the Naval Aid Bill such as no other political leader in Canada ever approached. It will not do to resort to the familiar false statement that there is no emergency in the naval situation. The action of the British Government in immediately ordering work to begin on three battleships which were not to be built until the next fiscal year was altogether because of the frustration of Mr. Borden's efforts to increase the effective naval force of the Empire. That action followed quickly on the defeat of the bill in the Senate, and as the British Government announced, was in consequence of that defeat.

operating Dominions, would be stored to best advantage, and the markets could be regulated and the goods distributed under ideal conditions. A splendid site of some thirty acres can be secured within six miles of the city of London. It is situated on the banks of the Thames, and is connected with the city by rail. We should concentrate our trade more. England is a great consuming country. It wants the best, and is prepared to pay for the best that we can supply. Another witness, Mr. Harold Beauchamp, acting chairman of the Bank of New Zealand, placed before the Commission a scheme having for its object the encouragement of Empire-development. Mr. Beauchamp suggested the creation of an Imperial board whose place will be to receive and examine into all plans submitted to it as of Imperial utility. If the board approve, a loan would be issued under the guarantee of the United Kingdom and the other self-governing states, the borrowing Dominion remaining primarily responsible for payment of the interest and repayment of the principal. Mr. Beauchamp suggested that the Parliament immediately concerned should authorize the raising of the money required and refer the proposals to the development board. No loss of autonomous power, he argued, could result because if the scheme submitted was not held to be of Imperial utility, the Dominion would go on the market with its issue as usual. On the other hand, an Imperial guarantee would enable the money required for work of Imperial service to be obtained on the most favorable terms. This Commission, which has been holding meetings in the sister Dominions will, at a later date, visit Canada. There can be no question that much valuable information will have been obtained and that many practical suggestions will have been submitted for the further development and use of natural products in all parts of the Empire.

### NOT A "PERSON" YET.

That no women will be allowed to practice law as solicitors in England, at least for the present, is the result of a judgment given by Mr. Justice Joyce in a recent action brought by Miss Gwyneth Marjorie Bebb in London. Her object was to obtain from the Law Society a declaration that she was a "person" within the meaning of the Solicitors' Act, and therefore was entitled to be admitted to act as a solicitor. This judgment was probably not unexpected, but the occasion offered Mr. Stanley O. Buckmaster, K.C., counsel for Miss Bebb, the opportunity in presenting his case to show the wide range of a woman's past activities in the Old Country. He maintained that she could act as queen, marshal, champion of England, sexton, churchwarden, constable, workhouse governor, returning officer or overseer of the poor. He gave instances of women acting as keepers of prisons, and the offices of jailer had, he said, apparently been common among the fair sex. It was recorded in books that Anne, Countess of Pembroke, had had as hereditary sheriffs at the Assizes with the judges on the bench, and although it was not said that she administered justice, he maintained that was obviously meant.

### THE HUMAN PROCESSION

The "purple lotus mother." Mrs. Catherine Tingley, the international leader of the Universal Brotherhood and Theosophical Society, and the "purple lotus mother" of Point Loma, Cal., will celebrate her sixty-first birthday tomorrow. Willing to give up her ties with the world, she has spent most of the last year in Europe, where she arranged for the New and Scandinavian propaganda headquarters. The "purple mother" who claims to be the successor of Helen Petrovna Blavatsky, the Russian woman who founded theosophy, and William Q. Judge, the Irish-American lawyer, who was responsible for the development of the "school of antiquity," and became prominent in theosophical circles in 1896, following the death of Mr. Judge and soon claimed to be the "outer head" of the "inner school" of theosophy, a claim that was denied by Annie Besant. The warfare between the women resulted in a split in the ranks of the disciples of universal brotherhood, and they are now divided into rival camps, one section holding to the teachings of Mrs. Tingley and the other branch to Mrs. Besant.

### CO-OPERATION IN TRADE.

Reports of the evidence given before the Dominion's Trade Commission at the meetings held recently in Australia indicate that several valuable suggestions for the closer trade co-operation of the Dominions were submitted and which the commission will doubtless take into consideration. Sir John Taverner, until recently Agent-General for Victoria in London, was one of the witnesses before the Commission. He expressed the opinion that the Overseas Dominions should co-operate in the establishment of a joint depot for the marketing of their products in Great Britain. He thinks that Canada and Australia might well go into such a scheme for the reason that their producing seasons are at the opposite ends of the year, and they could, therefore, utilize a common reception, classification and distribution agency in the Old Country without conflicting and with advantage to both Dominions. At the present time colonial fruit and dairy products are often subject to unnecessary handlings, exposure and delay in distribution, and such an inter-Dominion depot as is suggested would tend to eliminate middlemen and promote rapid direct delivery to the British consumer. Outlining his proposal before the Commission, Sir John Taverner, in response to questions by Hon. George E. Foster, Canadian Minister of Trade and Commerce, said he would strongly favor the Dominions combining for trade purposes. He was particularly anxious for Canada to go in with Australia because their differing seasons would make it easy to maintain a year-round depot at the heart of the Empire and divide the expense of the enterprise.

### SIR RALPH ANSTRUTHER.

Sir Ralph Anstruther, who recently visited Montreal to look after his Canadian interests, will pass his fifty-fifth birthday today. He is one of the wealthiest of baronets, and the proprietor of large estates, in addition to holding interests in industrial concerns of both sides of the Atlantic. He is the convener of Fleetfoot and the colonel of the Seventh Battalion of the famous Black Watch Highlanders. As a member of the Royal Engineers he served in the Egyptian and Boer wars and in the expedition to the early thirties.

## EX-DOCTOR IS NOW POET

Premier Asquith Post to Dr. Robert Bridges, who Accepts it.

Dr. Robert Bridges, who, I perceive, has been appointed Laureate by Premier Asquith, physician at London hospital many years and since retired the practice of medicine in order to devote himself to poetry and writing.  
Dr. Bridges was born on 23, 1844, in the town of Thetford, Norfolk, in the mouth of the Thames. He was educated at Eton and Oxford, and then at his school in London, and became a clergyman there. Later he was a physician at the Children's Hospital and physician at the Great N. Hospital.  
In commenting on the writ Dr. Bridges, the Encyclopaedia Britannica says:  
"As a poet Robert Bridges rather apart from the current English verse, but his was a great influence in a selection of his restraint, purity, precision, yet strength of expression and it embodied a distinct prosody. His chief critical work, 'Milton's Prosody' (1893), a made up of two earlier essays (1889) and 'John Keats, and al Essay' (1895). His poetry was privately in the first instance and was making its way beyond a small circle of admirers."

## IN THE COURTS

An appeal from Magistrate's decision was heard yesterday in chambers. In the case of Myles Carroll, a vs. John B. Jones, respondent in this case, the magistrate's order for keeping his restaurant open during the hours of the day, and imposing a fine of one month in prison. This was appealed from.  
Dr. W. B. Wallace, K. C., in the appeal, argued that the defendant was entitled to keep open as a restaurant keeper, he was prohibited from either keeping or selling beer during the hours. There was evidence having sold beer during the hours, and the magistrate that, as selling beer was his business, he was obliged to serve the prohibitory hours. One section of the Liquor Act states that nothing shall be done to prevent a restaurant from selling beer during the hours; but another section of the Act states to close during the hours, making the act in contravention of the Liquor Act. The respondent, J. B. Jones, was served.

## King's Bench Division

Fred R. Taylor made application before Judge Jones yesterday, order to examine W. A. Corbett, manager of the Bank of Nova Scotia, in the matter of the Bank of Nova Scotia vs. Dr. St. Mary's. The order was returnable on next Friday.

The Glace Bay Gazette of has the following:  
At 8.15 this morning of Miss Mary C. McDonald, of Mr. and Mrs. Hugh MacGlac Bay, and Samuel H. M. St. John, N. B. took place Anne's church. The ceremony performed by the Rev. J. H. Ald in the presence of a large number of invited guests and friends. The bride was attended by her father, passing under arch, was attended in a beautiful of mesquite salt with blue and diamond trimmings. She wore a bouquet of bridal roses and a simple dress of eyelet embroidery.

EX-DOCTOR IS NOW POET LAUREATE

Premier Asquith Offers Post to Dr. Robert Bridges, who Accepts it.

Dr. Robert Bridges, who, it is reported, has been appointed Poet Laureate by Premier Asquith, was a physician at London hospitals for many years and since retiring from the practice of medicine in 1882 devoted himself to poetry and play-writing.

Dr. Bridges was born on October 25, 1844, in the Isle of Thanet, at the mouth of the Thames. He was educated at Eton and Oxford. He studied medicine at St. Bartholomew's, London, and became a general physician there. Later he was assistant physician at the Children's Hospital and physician at the Great Northern Hospital.

In commenting on the writings of Dr. Bridges, the Encyclopaedia Britannica says:

"As a poet Robert Bridges stands apart from the current of modern English verse, but his work has a great influence in a select circle by its restraint, purity, precision and delicacy, yet strength of expression and it embodies a distinct theory of prosody. His chief critical works are 'Milton's Prosody' (1893), a volume made up of two earlier essays (1887 and 1889), and 'John Keats, a Critical Essay' (1895). He maintained that English prosody depended on the number of 'stresses' in a line, not on the number of syllables, and that poetry should follow the rules of natural speech.

"His poetry was privately printed in the first instance and was slow in making its way beyond a comparatively small circle of admirers."

IN THE COURTS

In Chambers.

An appeal from Magistrate Ritchie's decision was heard yesterday morning in chambers before Judge Jones in the case of Myles Carroll, appellant, vs. John B. Jones, respondent. In this case, the magistrate convicted Carroll for keeping his restaurant in Union street open during prohibited hours, and imposed a fine of \$50 or one month in jail. This judgment was appealed from.

Dr. W. B. Wallace, K. C. in support of the appeal, argued that Carroll was entitled to keep his business open as a restaurant keeper and, being a restaurant keeper, he was not prohibited from selling open or selling beer during prohibited hours. There was evidence of his having sold beer during the prohibited hours and the magistrate had held that, as selling beer was principally his business, he was obliged to observe the prohibitions of the Liquor License Act. It was contended that nothing shall be construed to prevent a restaurant keeper from selling beer during prohibited hours, but another section compels all beer licenses to close during prohibited hours, making the act in sense contradictory. D. P. Lewin appeared for the respondent. Judgment was reserved.

King's Bench Division.

Fred R. Taylor made application before Judge Jones yesterday for an order to examine W. J. Connor, the manager of the United Bank of Canada, in the matter of the suit of the Bank of Nova Scotia vs. Dr. Ross of St. Mary's. The order was granted, returnable on next Friday.

Chancery Division.

In the Chancery Division before Mr. Justice McLeod, the case of the Nipisquit Real Estate and Fishing Co. vs. the Canada Iron Corporation was continued yesterday. At the morning session and a portion of the afternoon session a number of witnesses gave testimony of an expert nature. This concluded the case and argument of counsel followed. The argument will be resumed this morning and it is not unlikely that the court will not sit this afternoon.

The Glace Bay Gazette of Tuesday has the following: At 8.15 this morning the marriage of Miss Mary C. McDonald, daughter of Mr. and Mrs. Hugh McDonald, of Glace Bay, and Samuel H. McCord, of St. John, N. B., took place in St. Anne's church. The ceremony was performed by the Rev. J. H. McDonald in the presence of a large number of invited guests and friends. The bride, who entered on the arm of her father, passing under a floral arch, was attired in a beautiful gown of messaline satin with shadow lace and diamond trimmings. She carried a bouquet of bridal roses and carnations. She was attended by Miss Nellie McCormack, who wore yellow silk voile and picture hat to match. The flower girl, Miss Sara McNeil, wore a simple dress of eyelet embroidery and

IS PRESIDENT HUERTA'S POWER WANING?

GENERAL VICTORIANO HUERTA

Before a storm there is a calm. Those are the conditions in Mexico. Mexico is quiet now, but in the opinion of persons acquainted with her internal affairs trouble is brewing. New men are preparing to rise to power and the power of old men is waning. This is the case of General Victoriano Huerta, who seems to have reached the sunset of his career.

McPartland, and Thomas L. McDermott, son of the late Wm. McDermott, both of St. John. After the Nuptial Mass, which was celebrated at 8 o'clock, a wedding breakfast was served at the home of the bride's sister, Mrs. Wm. Martineau. Miss Emma McPartland, of Manchester, acted as bridesmaid, while Thomas D. McPartland, of Philadelphia, supported the groom. Mr. and Mrs. McDermott left for Atlantic City, New York and Washington and will return in four weeks to spend the summer in Quebec, and will be at home in St. John after October 1.

OBITUARY.

Francis O'Hagan.

Brattleboro, Vt., July 4.—Francis O'Hagan, aged 77 years, died yesterday afternoon at the home of his daughter, Mrs. A. E. Wood, after an illness of several months with Bright's disease. He was born in Callington, County Louth, Ireland, and came to St. John, N. B., while very young with his father, Hugh O'Hagan. He enlisted December 5, 1861, and served until January 28, 1866, in the 8th Vermont Regiment, during his last enlistment. Since the war he had lived the greater part of the time in Brattleboro.

He leaves a widow, Catherine Margaret O'Hagan, three daughters, Mrs. Wood, Mrs. Margaret Marron, of the town, and Mrs. Ellen Leahy, of Keene, N. H.; one son, Daniel O'Hagan, of Barre; a brother, Hugh O'Hagan, of Washington, D. C., and five grandchildren.

JOHNNY DUNDEE SHADES DIXON

Albuquerque, N. M., July 4.—Johnny Dundee, of New York, got the decision over Tommy Dixon of Kansas City, at the end of a ten-round fight here today. Three knockdowns were scored by Dundee.

MORAL HEALTH AND MATRIMONY

(Mail and Empire.)

Moral health has not yet been required by the clergy as a prerequisite to matrimony, but physical health is being demanded as an indication of it. Dean Sumner, of Chicago, who more than a year ago began demanding health certificates in addition to marriage licenses from all couples married in his church, stated in a recent address that over fifty ministerial associations, representing 3,500 clergymen, have adopted the same rule in order to restrict marriage ceremonies performed by them to those who are fit to marry.

Clergymen as Leaders.

A similar plan is under consideration by the Protestant Episcopal clergy of New York State, in fact, as the Times remarks, "hardly a week passes that the news does not include the announcement of some ministerial association that it will solemnize no more marriages of the would-be parties to which do not present assurances from competent authority of their fitness to assume the responsibilities hitherto always, and still usually, undertaken in lightness and ignorance. It is a not a new, but a new, fact, that clergymen are the leaders in proving sincere belief in the principles which have developed from the observance of the duty of the church and the more definite and accurate deductions of the Mendellans." This paper continues: "It is, of course, an obvious tendency, rather than an accomplishing result, that these announcements are important and significant. Whoever will can still get married, anywhere, regardless of the consequences to themselves and others, and the ending of this dangerous facility seems to be the earnest desire of the church and the leaders of it are of a quality to vindicate the innovation from the charges formerly supposed to be a sufficient answer to its advocates."

Difficult to Enforce.

In another issue of the same paper Mr. Edward Marshall reports an interview with the Rev. Charles E. Gilbert, executive secretary of the Social Service Commission of the Diocese of New York, in the course of which this protestant Episcopal clergyman said that Dean Sumner's plan is "an interesting outgrowth of the earnest thought upon this general subject which today is growing everywhere." But: "There are probably almost insurmountable difficulties attending the enforcement of a state law requiring this. These difficulties constitute one of the objections most persistently urged in the several states where legislation of the sort is pending. An other obstacle, in the belief of many, is that extreme care would be essential to its administration without graft."

"Here in New York state a plan designed to accomplish similar results was embodied in the Duhamel bill, which provided that health certificates should be required before the performance of marriage ceremonies. We made a systematized effort to learn the judgment of the clergy of this diocese upon the question. To date 46 replies have been received, representing the views of the rectors of most of the important parishes."

Legislation Favored.

"To the question, 'Do you regard this as a matter for legislative regulation?' 55 answered in the affirmative, four in the negative, and seven were doubtful. To the query, 'Do you object to the provisions of the Duhamel Bill as practical and desirable?' 48 said yes; six thought them desirable, but doubted their practicability; one objected wholly. A request for suggestions for the modification of the measure brought 60 plans, 12 expressing the belief that a broader classification of objectionable ailments should be adopted, eight offering various plans to guard against evasion of the law, and the rest that it should be applicable to men only. To the question, 'Have you any recommendations for dealing with the condition to which the Duhamel Bill bears?' 21 replied by suggesting various provisions for education of the young in matters of sex; 19 suggested the adoption by the church or our own

cathedral of the marriage regulations in force at the Chicago cathedral. "Personally, I feel sure that something should be done. The Dean Sumner plan provides that clergy shall exact health certificates, the Duhamel Bill provides for their requirement by the State. I believe much may be done by urging parents to exercise greater care."

Attacked by a Jesuit.

This eugenic movement in the churches is uncompromisingly condemned, however, in a caustic article from the pen of the Rev. Henry Woods, of the Society of Jesus, Writing in America, a Catholic weekly published in New York, he says: "The exercise by the Catholic church of its rights in putting matrimonial impediments is a favorite theme with Protestant ministers. They are ready to unite in an attack on the Roman tyranny. The 'Ne Temere' to marry, apparently on the wane, showed this. Episcopalian bishops on both sides of the Atlantic, High, Low and Broad church, Methodists, Presbyterians and Baptists, all spoke the same word with equal passion. Did we not know that inconsistency is an essential quality of Protestantism, we should be surprised at seeing it engaged at the present moment in doing what a few months ago it was denouncing so vigorously. The church, the more so, as outcropping Herod, ministers are attempting, on their own responsibility, what in the Catholic church is the exclusive function of its supreme authority."

ADRIFT FOR MANY HOURS

Dr. Alexander Dyer, of Campbellton, and Companion, had Narrow Escape from Drowning.

Special to The Standard. Parrboro, N. S., July 4.—Dr. Alexander Dyer, of Campbellton had an unpleasant experience in the Bay of Fundy this week. He left Dominion Day in his big gasoline launch boat for Parrboro accompanied by a fisherman, who had charge of the boat. After being out some time a dense fog shut in and the launch ran into a submerged log. Dr. Dyer and his companion had barely time to get into the tender towing astern when the launch sank. Two men drifted about in the little boat twelve hours until they were sighted by Captain Desmond, of the schooner Lena, who picked them up and brought them to Parrboro, where they landed this morning.

CAPE BRETON FOX FARM ESTABLISHED

Sydney, July 4.—Three pairs of foxes have arrived and they are comfortably housed in their pens at the fox farm of the Sydney Silver-Black Fox Company at Crawley's Creek. Work there is practically completed. The fences are up, pens are finished and all gotten in shape for the comfort of the new arrivals.

Another pair is expected next week from the Island, while others will follow. The pair of black foxes purchased by the company will arrive next month. These here already are called "patch" foxes, being only partly black, with red tipped ears.

NERVOUS TROUBLES ON THE INCREASE

They are Due to an Impoverished Condition of the Blood

Nervous exhaustion—or neurasthenia, as medical men call it—is one of the greatest evils of the present day, for it is destroying the life and energy of thousands of men and women, or worse, driving them to insanity. The causes of this trouble include overwork, mental strain, worry, indiscretions, and sometimes it follows a gripe. The signs of this trouble are usually great weakness after any exertion, nervous headaches, trembling hands, shakiness in the legs, irritability of temper, weak digestive power, insomnia. The life of the sufferer becomes full of miseries.

The true treatment for this trouble must consist of a building up process, for the above signs mean that the exhausted nerves are calling for more nourishment from the blood supply. Dr. Williams' Pink Pills make new, rich blood that feeds the starved complaining nerves, and in this way they have cured thousands of times over. Mrs. Isaac Wilson, Calabogie, Ont., gives thanks for having been restored to health through the use of this medicine, she says: "When I was a nervous wreck; I couldn't do my work, could not sleep at night, suffered from nervous headaches, and the least noise would completely upset me. Only those who have suffered from nervous trouble can tell what I endured. I doctored for a time, but did not get any benefit. Then I learned of Dr. Williams' Pink Pills and sent for a half dozen boxes. By the time I had used these I was almost well and a couple more boxes completely restored my health, and I have had no return of the trouble. I can cheerfully recommend Dr. Williams' Pink Pills to those who suffered from any form of nervous trouble."

If you are weak, nervous or out of health begin to cure yourself today with Dr. Williams' Pink Pills. You can get them from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

# MARKET QUOTATIONS ON STOCKS AND BONDS

## M'CURDY & CO'S DAY'S SALES ON FINANCIAL LETTER

**(F. B. McCURDY & CO.)**  
 Montreal, July 4.—The past week has brought no relief to the stock markets throughout the world. On the contrary, it is likely that occurrences have placed no doubt more than ever the immediate future. From all that can be gathered the war is on again in the Balkans and this time the old allies are fighting over the spoils, but they have even been obtained. Turkey is an interested observer and doubts would be pleased to see them fight till they were exhausted, then she would please herself as to the terms she might make with them. In fact, it is said that she has already notified the powers that under the circumstances she no longer considered herself bound by the terms of the settlement, that settlement having apparently not been satisfactory to the allies. At the moment no one knows what the result will be. Austria has been considerably agitated, and doubtless Russia is also.

Meantime the effect of the new conditions has been a bearish factor, so far as the stock markets of the world are concerned. C. P. R. has declined several points yet is holding in the vicinity of 214. Everything considered the resistance shown by the stock is an encouraging sign, in fact, the remarks apply also to all stocks declines in face of the most depressing news which the world has been able to furnish have been surprisingly small and would seem to indicate that the market is close to bottom. As an evidence of this might be mentioned the fact that a list of twenty standard United States railway bonds showed an average price of 90, this being the lowest average since away back in the panic year of 1907. One of the most interesting issues in the local market has been Ottawa Power. This is the only stock which has shown a disposition to advance somewhat during the past few days. The rights are now selling at 20, and the stock at 151, both of which prices are slightly higher than previously, though most other issues are utterly lower. Even at these prices it is considered that Ottawa Power is a purchase and several local brokers are recommending it to their clients for investment. The floating supply has never been large and the investment buyers have been making it even smaller, and it is thought that this is in a large part accountable for the tendency to advance.

It was thought that the release of large amount of money this week in the payment of bonds would result in a large increase in the purchasing of stocks for investment. However, this result has to some extent been experienced but buyers are in no hurry and in the meantime, doubtless they consider their money to be as valuable a commodity as any other. The fact is, however, that there are many very cheap issues at the moment and these purchased at recent prices will give a splendid interest or dividend return so that investors are taking a great deal of choice in picking up attractive issues from time to time.

Quebec Railway, Light, Heat and Power bonds seem to be in danger. They have been declining from one level to another during the past few days and now are selling at 39, which is the lowest on record. The interest was due at the first of June and has not been met in all cases, though it is stated that in some cases it has been met. This seems to be rather an unusual method of paying interest. No explanation has been forthcoming for the situation and no one has forgotten very readily by those who were induced to put their money into a public utility security.

The rest of the market remained about steady, the tendency as explained being rather downward.

### HIGH YIELDS

Many investors think first of yield and safety next. This, it is true, is quite contrary to the rules of good investment practice. These investors are willing to buy preferred shares while the issuing companies are in the construction stage, as it were—in other words, they are willing, for the sake of yield, to grow up with the companies whose securities they buy.

If you belong to this class of investors we shall be glad to furnish you with a list of preferred shares which we have for sale at the present time. All of the companies have passed the experimental stage, however.

### THE TIME IS RIPE FOR Real Estate Investment in the City of St. John

WHY? Because Canada has made such strides of late years that she must now have an Atlantic Freight Port of her own.

Why is St. John about half the size of Vancouver? One has every advantage that the other has, yet St. John has been outdistanced.

The day is coming when St. John will take her rightful place amongst the big Cities of this Continent, and that day is not far off, then how many people will be sorry they did not buy good Real Estate when the prices were low.

We want to tell you of our Lancaster property, of our proposed development, and show you why it is to your advantage to secure one of the few remaining lots.

Phone or write us, Mr. Investor. We will get together and talk this over.

### "ALMON FIELD"

Your Only Chance to Buy a Central Lot in Rothesay

Act Quickly—Get First Choice

The "ALMON FIELD" sub-division at Rothesay is attracting unusual attention.

"ALMON FIELD" is surrounded by good neighbors and cozy homes in St. John's most fashionable summer resort—yet, you are as free to rough it there as you would be in the forests of Quebec. It is an erroneous impression that in Rothesay YOU MUST dress up.

If you don't know beautiful Rothesay, take an hour off—go there—look around you—note what nature has done for St. John's best suburb.

You cannot go to Rothesay without seeing the "ALMON FIELD" for this triangular sub-division is right in the very centre of Rothesay. Examine "ALMON FIELD" from every point of view of a prospective buyer—you will certainly be convinced of its ideal situation on which to build a summer home or an all-year-round residence.

Pick out your LOT—make application and secure it at once. Easy terms to suit individual requirements; reasonable restrictions to protect the neighborhood; the lots will be drained and each one will be guaranteed high, dry and level.

**Asphalt Plant in Shape.**  
The asphalt plant of the Street Department, which has been out of order again and after repairing some crossings and patching up a few holes in the street, work will be started on sidewalks. A good deal of repair work is needed on the sidewalks and it is proposed to lay down quite a number of new asphalt sidewalks this summer.

**The Country Market.**  
This week finds lamb more plentiful in the country market. The supply of vegetables is also much better than on the previous week and a good amount of produce has been brought in by the farmers. The retail quotations for today are: Roast beef, 12 to 22c; a lb.; steak, 12 to 22c; a lb.; spring lamb, 18 to 25c; a lb.; veal, 12 to 18c; a lb.; spring chickens, 8 to 12c; pair; fowl, 25c; a lb.; corned beef, 12c; a lb.; pork, 18 to 20c; a lb.; ham and bacon, 24 to 28c; a lb.; cucumbers, 10c; tomatoes, 15 to 20c; each; squash, 6c; a lb.; rhubarb, 5c; a lb.; carrots and beets, 10c; a bunch; radish, 15c; lettuce, 5 to 6c; and cabbage, 10c; a head.

**C. P. R. WILL NOT HELP TO PROVIDE GRAIN CONVEYORS**

City Authorities Receive Word to this Effect—Federal Government will Probably be Asked to do it all.

The city authorities have been notified that the C. P. R. will not do anything towards the construction of grain conveyors to No. 5 and No. 6 berths. When this matter was brought up some time ago, it was proposed by both the city and the Board of Trade that the Federal Government and the C. P. R. should be asked to co-operate in providing for the construction of grain conveyors to No. 5 and No. 6 berths. Although the C. P. R. has definitely refused to do anything in the matter, the city authorities will continue their efforts to have the grain conveyors constructed this summer, and will urge the Federal Government to bear the whole cost of installing the grain conveyors, notwithstanding the city controls both No. 5 and No. 6 berths. The city commissioners anticipate a considerable increase in the shipments of grain from the port next winter, and are desirous that additional facilities for handling the grain traffic should be provided.

**RAGE RIOT FEARED AFTER PRIZE FIGHT**

Albany, N. Y., July 4.—A race riot nearly resulted from a boxing bout at the Gaiety Theatre between Kid Henry, of Troy, and Sam Langford, of Brooklyn, colored pugilist. The exhibition was under the auspices of the American A. C. Henry was receiving a beating when it is alleged, in the eighth round he deliberately fouled Langford by hitting him in the groin. One of Henry's seconds cried "take," and he was struck on the head with a chair, knocking him senseless and opening a deep gash on his head. This was the signal for a free-for-all fight. During the excitement Langford by on the floor disconnected. After the bout the club decided to hold up the fighters money until the state athletic commission acts on the affair.

**CHASED BY HER HUSBAND WITH RAZOR IN HAND**

Mrs. Sherman Johnson in Police Court, Tells of Alleged Cruelty.

**PITIFUL TALE OF UNHAPPY MARRIAGE**

Physicians Corroborate Mrs. Johnson's Story that She was Ill—Claims Husband Pursued Her with Razor.

Before Magistrate Ritchie in the police court yesterday afternoon the case of Sherman Johnson, charged by his wife, Hazel Johnson, with non-support, was continued. The prosecution was conducted by J. King Kelly on behalf of the S. P. C. A. A. Wilson and H. A. Belyes appeared for the defendant. The principal witness of the afternoon was Mrs. Johnson, who testified to the cruel treatment accorded her by her husband and of his neglect. Dr. Allingham, of Fairville, was the first witness. He stated that he was Mrs. Johnson's physician and that she was in poor health. He had advised her to go to the country. This, he understood, Mrs. Johnson had done. Dr. Malcolm was then called and stated that after Mrs. Johnson had returned from the country he had examined her and in his opinion the advice given by Dr. Allingham was proper. Mrs. Johnson was then called by Mr. Kelly. She testified that one evening last fall she had returned to her home at the corner of Summer and Park streets after an evening spent in sewing. She said on this occasion her husband accused her of street walking and afterward kicked her. He had kicked her on another occasion while in her sister's home, the injuries causing intense pain and forcing her to stay in bed for several days. Her husband had afterward apologized for accusing her of street walking.

Continuing, the witness told of her husband's cruelty and stated that he had deserted her on several occasions. She also had left their home several times. Witness could not remember the number. When told by Dr. Allingham that it was necessary for her to go to the country she had done so. Her husband purchased one bottle of medicine and refused to secure further medical attendance, the witness stating Mr. Johnson had said that the doctors were just trying to make money, and that if she had to die she could stay home and die. Mr. Kelly then asked if she would make friends with her husband. To this the witness replied that she could not entertain such a proposal as he had abused her and her son for five years. On being questioned, Mr. Johnson stated that last summer her husband had left her for seven weeks without providing for her support. During this time she earned her living and that of her son by sewing. While living at Clifton the witness stated that on one occasion her husband had chased her around their house with a razor in his hand. Besides this he had complained of her not earning enough money. "When our son, Donald, was sick," said Mrs. Johnson, "and an operation was necessary my people were forced to bear the expense." During a quarrel, witness said, her husband had threatened to strike her dead. Mrs. Johnson was then cross-examined by A. A. Wilson for the defendant. The next witness was Horatio Nelson Raymond, of Belyes's Creek, who testified that his father had adopted Mrs. Johnson from the Protestant orphan home when she was fourteen years of age. He told of Mrs. Johnson visiting him shortly ago when she was so ill that it was necessary for her to go to bed for several days. Mrs. Johnson, he said, was always a bright, faithful woman and was much liked by his family. This concluded the testimony and the case was adjourned until next Tuesday afternoon at two o'clock.

**PLACES WAITING FOR NEW SETTLERS**

Farmers of Province Able to Employ New-comers as Speedily as they Arrive—30 Here Yesterday

Although owing to the lack of a direct steamship passenger service between Great Britain and St. John, the summer months, it is difficult to promote immigration here in the summer, the provincial officials are doing good work. Yesterday a party of 30 new settlers arrived in the city, having come over on the Allan liner Carthaginian and landed at Halifax. That the farmers of the province are busy this summer and ready to employ help is indicated by the fact that the local immigration officials were able to send practically all the members of the party to positions in the rural districts without any delay. The officials expect to find in a day or so positions for three or four men whom they were not able to place yesterday.

**MURDER MURKISS'S GUILTY IN KILLING?**

Mystery Still Surrounds Whereabouts of P.J. Murray—Wife Believes he was Done to Death.

Confident that if her husband were still living she would have received some word from him, Mrs. Peter J. Murray clings to her conviction that the missing man was the victim of foul play, while in vain she tries to unravel the deep mystery surrounding the strange disappearance. Not a single clue is had of the man's whereabouts since at noon on Monday, the ninth day of June when he boarded a car at the corner of Douglas avenue, supposedly to make his way to South Bay, where he was to acquire work. With the hard and trying days telling on her greatly the grieving wife, who suffers with a lingering illness and is subject to fits of hemorrhages, is caring as best she can for her two children, the eldest of which is eight, and at the same time fears being turned out of house and home, and reduced to extreme poverty. Inquiries at the home of the missing man last evening elicited the information that nothing further regarding what had befallen Mr. Murray was learned.

According to the story told by the confused wife, Murray had told her on the Friday preceding the day of his departure, that if he did not procure work by Monday he had made arrangements to work with Thomas McGrath of South Bay. As no work turned up he accordingly left the city on Monday. In conversation with Mr. McGrath last evening, The Standard was informed that no arrangements for work had been made between himself and Peter Murray, and that he had not even spoken of the missing man for fully a year. He said further that nothing was heard about the man being in the vicinity of South Bay, and he felt certain that he had not arrived there. Of late Murray had interested himself keenly in the liquor traffic and gain about the city posing as a detective and liquor license inspector, he was much talked of about the streets in the North End.

The most peculiar circumstance surrounding the man's disappearance is that not a single trace is had of the man since he left the city. It is possible that a bogus letter was sent Mr. Murray, and he met foul play on his way to South Bay? "Visions of being interested in the liquor traffic and threats against the man's life are the steps leading up to Murray's disappearance."

Cannolly and Chandless Report Fair Progress with their Wharf Contract at Sand Point.

Messrs. Connolly and Chandless are making fair progress on the wharf at Sand Point, which was started last year, and hope to complete their contract by December, the time specified in their contract. Work on the crib which has yet to be placed in position is being carried forward as rapidly as possible, and a portion of the concrete superstructure on the crib sunk last year has already been built. The concrete superstructure is being constructed in sections or blocks, so that in event of settling or the operation of frost, a crack in one section would not affect the superstructure as a whole.

**AUSTRALIA LED U. S. AND CANADA IN FIRST DAY'S CRICKET**

Philadelphia, July 4.—The Australian cricketers led the United States and Canadian eleven by 150 runs when play ended for the day in the first day of the test match between the two teams at Germantown Cricket Club. Neither team scored heavily, although the wicket appeared fast and of excellent condition. The Australians went to bat first and secured 223 runs in spite of fast fielding of their opponents. The entire side of the United States and Canada was retired in their first innings for only ninety runs, while the Australians scored seven runs without the loss of a run in the last five minutes of play. The players on the United States-Canadian side were unable to do anything with the bowling of the Australians. F. C. Goodman, the Montreal star, was bowled by Matley before he had scored a run, while H. S. Reid and H. E. Henderson, the Toronto players, were able to score only two runs each. A. Hopkins, the New York representative, played very cautiously and was not out for a total of eight runs.

**MR. DOWDIE WILL RETURN FROM C.P.R.**

Popular Supt. of Atlantic Division will Reside in Vancouver.

**LEAVES SERVICE AFTER HIS TRIP**

Will Spend Some Time in Europe and after Brief Return to St. John, will go West to Enjoy Leisure

Mr. and Mrs. Wm. Dowdie left on Wednesday evening for Montreal, from which port they will sail this week on an extended visit to Europe. It is their intention to be absent at least ten months, and the probability is that Mr. Dowdie's return to St. John next year will be only for the purpose of settling his private affairs preparatory to moving west. On their present trip Mr. and Mrs. Dowdie will first visit the former's old home in Ireland for a couple of weeks. They will then go to Scotland and spend several months there and in England. Later in the autumn they propose going farther south and taking in the Holy Land, portions of Egypt, Italy and the south of France, returning to St. John in May.

It is generally understood in railway circles here that Mr. Dowdie will not again assume his position as General Superintendent of the Atlantic Division. He has been in the service of the C. P. R. practically all his life and some months ago applied for a year's leave of absence and for superannuation, to which latter he will very shortly become entitled. His request for leave was granted and his present enjoyable trip thus made possible. On his return he will have less than a year to serve, previous to completing the period at the expiration of which superannuation cannot be denied, but it is understood that in their contract with the company in view of his many years of capable service and untiring efforts in the interest of the railway, will meet his wishes for immediate superannuation. The Atlantic Division is still being restructured in Mr. Dowdie's name and this will continue for some time, Mr. Groat being in charge during Mr. Dowdie's absence.

Mr. Dowdie has important private interests in Western Canada, to which he desires to give more attention, and as the climate of St. John does not wholly agree with him he has decided to make his future home in Vancouver. Hence his return here will be for only a short time.

Mr. Dowdie retired the ten years he has had sold as high as \$35.00 per dozen. They were wired for him to ship the lot, and they are now here and on sale at three prices, 99 cents which includes waists that are worth up to \$1.75. \$1.19, which price includes waists up to \$2.25, and \$1.75 which price includes waists worth up to \$3.75. These are without doubt the best lot of waists that their store has shown at popular prices for a long time. See their window display, which will give you an idea of the wonderful value. Note the fine embroidery used. Many of the waists are made from yolk beautifully trimmed with pearl buttons and velvet ribbon.

Murray, Laidlaw & Co. are pleased to announce that the Clifton House, corner of Germain and Princess streets, has been leased with them for sale. This is an exceptionally good corner, and an exceptional property, and can be had at an exceptional price.

## BRAVE CANADIAN SOLDIERS HAVE RECAPTURED BELEAGUERED SUSSEX

Citizen Soldiers in Sham Battle Show Valiant Front to Foe.

TACTICAL SCHEME WAS BIG SUCCESS

Peaceful Kings County Hills Scene of Mighty Struggle for Supremacy—Col. Rutherford Highly Pleased with Showing of Militiamen.

Special to The Standard.

Sussex, July 4.—From the moment the advance parties of the Blue Canadian Army marching to the relief of beleaguered Sussex came in contact with the red invading force, two miles outside the town, at an early hour this morning, the peaceful Sussex hills and fields were the scene of a fierce and well fought, though bloodless, battle. The Canadian Army was victorious. For several hours the heavy booming boom of the cannon and the sharp vicious snarls of the Ross rifles sounded their discordant notes, rudely disturbing the usual quietude of the country fields and incidentally giving the farmers a taste of what would happen if bullets and a real enemy took the place of the blank shells and the Red army.

Long before daybreak the Blue force under Colonel MacKenzie, consisting of the 28th Dragoons, 4th Brigade, Canadian Field Artillery, less the ten battery, 1st field company of engineers less one section, detachment of the Corps of Guides, 16th Infantry Brigade, No. 1 Company of the 6th Divisional Train, and a section of the Field Ambulance, moved from No. 2 Clearing Hospital, were called from their blankets by the report of a spy to the effect that the Red army had taken up positions and were preparing to resist the advance. The forward movement was begun and the Blue force advanced in a column consisting of the 28th Dragoons came into contact with a platoon of the enemy composed of a squadron of the 10th Hussars, a heavy cavalry fight issued but on the arrival of reinforcements the Red cavalry was forced to retreat and take up position with the main body. From that time the engagement became general. The rival armies met about two miles below Sussex, after the pickets and outpost parties had been driven in.

The battle was spectacular in the extreme, the mighty thundering guns and the rattle of the rifle fire gradually creeping nearer, the enemy's lines being very realistic.

The Red forces, under Colonel McLean, had been placed with consummate skill and in his intention to hinder the advance of the Blues he was remarkably successful. His force consisting of the 8th Hussars, the 10th Field Battery and one section of the engineers was placed along the roads leading to the captured town while the battery was placed in a good position to sweep the Canadians as they advanced.

As the blue infantry came on backed by their cannon and cavalry and taking advantage of the natural cover offered by the country, they presented an imposing and military appearance, while the roll of the firing and the puff of smoke made it appear that the fighting was in deadly earnest. The spectator, unused to military movements, the sight was one which will linger long in the memory, and be talked of on future occasions.

Blues Advance. After the engagement advanced and the Blue Army gradually gained control, Colonel MacKenzie would issue an order from his headquarters, instantly mounted, orderly would leap to the firing line, and as by magic in answer to the call of a hundred whistles, long lines of cheering khaki clad men would issue from beneath hedges, and behind rocks and charge across a field, climb a fence, drive large body of the enemy before them and again take cover, completing the route with angry yells of musketry.

## CONDITIONS ARE BAD IN THE WEST

Lady who has been in Alberta in Interests of Social Party Says Outlook is not Encouraging.

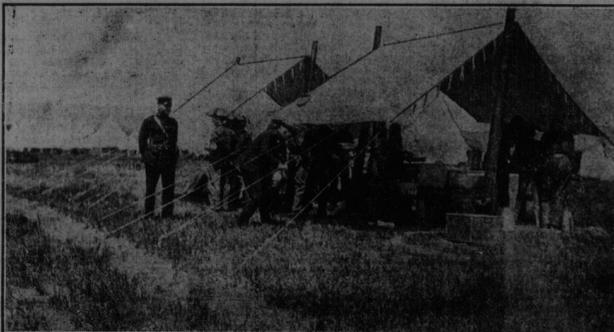

Miss Muschat, formerly of Moncton, who has been for some time employed by the Dominion Executive of the socialist party as an organizer in Western Canada, has arrived in St. John and will address a meeting of the Socialists on Sunday evening. Miss Muschat, who has recently made a tour of Alberta and British Columbia, says conditions in the West from the point of view of the working class are rather deplorable and that the outlook for the future is rather gloomy.

Although the trade unions in the West are still able to maintain a rate of wages that looks high to people in the East, though it is not high when compared with the cost of living

## SCENES AT CAMP SUSSEX

28th DRAGOONS WATERING HORSES—SQUADRON OF CAVALRY AFTER MORNING RIDE AND DRILL.

ARMY COOKS AT WORK—NOON HOUR AT 62nd REGIMENT CAMP KITCHEN.

while from a point of vantage the deeper roaring of the artillery would add a sinister note to the fight.

Gradually the gallant Blue army outflanked the enemy and the 28th Dragoons, by a snappy movement, captured a squadron of the 10th Hussars. The infantry regiments worked their way forward and silenced the 10th battery. Another quick charge split the Red army in pieces and the Canadians were pronounced victorious amid the roasting cheers of the soldiers.

During the battle the excellent work of the signalling corps made the movements of the troops dangerous in the extreme. The moment the different armies moved or counter moved, a signaller perched on some high point would flag the news to his headquarters with the result that the soldiers would be marched to different positions to check possible advances.

The work of the signallers was of such excellence that Colonel Rutherford, commanding the 6th Canadian Military Division, and who was unopposed in chief of the battle, personally complimented the men on their splendid showing. The signallers will rank high with any in the British Empire.

Colonel Rutherford, assisted by Col. Humphrey, camp commandant, and their aides, were busy all morning noting the different movements and their decision in favor of the Blue Army is universally popular.

Complimented Soldiers. After the fight, Colonel Rutherford addressed all the officers in camp complimenting them on the efficiency of their corps and for the expert manner in which the troops were handled during the battle. He said that the infantry especially had shown great improvement and the manner in which they were handled was a credit to the camp commandant.

Many Spectators. The usual throngs of visitors were on hand for the battle, an exceptional large number being present. They were all highly pleased with the showing of the citizen soldiers.

Miss Wetmore's total was 5,653,180 while Audrey Beryl Jones, with 4,285,665 came second.

Following are the others who had a large number of votes: Jean Featherstone, 197 King St. East, 2,160,535; Nan Coleman, 254 Carman, then St., 1,843,878; Roy Merryweather, 207 St. James St. W., 1,766,896; Harold Maxwell, 36 St. James St., 799,300; Geoffrey Bowman, 67 Hazen St., 632,080; Marjorie Wetmore, Summer St., 602,730; Bates Tapley, Fair Vale, N. Three Rivers, July 4.—The court house of this city, which has stood for nearly one hundred years, was badly damaged by fire this afternoon. The damage is roughly estimated at \$30,000.

The cause of the fire has not been definitely ascertained but it is believed to have originated from defective electric wiring.

## BOTH SHORE CAPTAIN HAS DISAPPEARED

Captain Smith of Schooner Greta, has Vanished with \$400—Many Reports of Whereabouts.

Special to The Standard.

Chatham, July 4.—Where is Capt. P. H. Smith of the three masted schooner Greta, at present in port at Fire Island? That is a question that is causing considerable worry to the crew and the owner of the vessel, Captain Howell, of Dalhousie, and Captain Smith arrived here with the schooner last week and on Saturday for the Miramichi Lumber Company at Fire Island. Capt. Smith then received his money for the freight amounting to nearly \$400, and on Monday afternoon disappeared.

The mate of the vessel saw Captain Smith for the last time on Monday morning about nine o'clock, and when on Tuesday he could not locate him anywhere in town he wired the information to the owner, Capt. Howell, who belongs to West Point, P.E.I., and is an elderly man who is well known here, and always bore an excellent reputation, and it is hard to account for the peculiarity of his actions on this occasion.

He is said to be the owner of property on the island, and it is considered that he would make away with a comparatively small sum as that of the freight money. Some expressed the opinion that he had met with an accident and night, possibly have been drowned, but members of the crew, and others who are in touch with shipping matters seem convinced that he has actually left town of his own accord.

Captain Powell, the owner, arrived in town yesterday and stated to this paper that there was no doubt that the schooner had some mishap had occurred. Had he been seen about town Monday afternoon the might have thought that some mishap had occurred, as he was getting on the schooner at night, but his absence during that part of the day and the description of the train men gave of the man who purchased a ticket for Boston, led no doubt in his mind.

Captain Smith had been with him only since May, but he bore a good reputation, and there was no one more surprised than he.

## MARATHONS AND ST. CROIX WON TWO GAMES EACH YES/PER/AY

Heaviest Hitting of Season on Part of St. John Team in Bangor, and Many Batting Averages were Fattened—St. Croix Trounced Fredericton in Two Games—Marathons Lead League.

Special to The Standard.

Bangor, Maine, July 4.—Fireworks were plenty at both the morning and afternoon sessions of a holiday today, St. John applying the match to the powder and trimming Bangor for two games.

The morning game they took into camp by a score of 11 to nothing, and the afternoon game by a score of 17 to 11.

In the morning Charles, a new recruit of Frank Leonard's, held the home team down to four hits, while the visitors touched McPhee up for 11.

There was nothing doing until the fifth, when St. John came across with four runs by timely hitting. Riley tripled and Waterhouse doubled. Charles was an easy out. O'Brien tripled and then Pinkerton and Shanley both singled.

In the seventh they got two more across the pan when Charles got a life on an error by Connaughton. O'Brien singled and Pinkerton beat out a bat. With the bases full McPhee passed Shanley, forcing in a run. O'Brien scored on a hit by Watt.

In the eighth came three more runs. Waterhouse was passed and Charles singled. O'Brien hit for two sacks.

In the ninth the visitors got four more singles by Black and Watt and Brien's triple pushed them over.

A Batting Feast. In the afternoon game it was a batting feast. Bangor came to the first, St. John taking the field. Woodbury got into a bad hole when he passed the first two men, but the side failed to get a run across.

St. John went out in order in their half.

In the second they scored one. Black singled, Watt sent him along with a sacrifice and he scored on a single by Ramsey.

The third inning was horrible to witness. Thirteen St. John men faced both Bangor pitchers. Woodbury singled and went to second on a sacrifice hit to O'Brien. Pinkerton singled, Shanley fanned, Black was hit by pitcher and Watt singled. Heley and Waterhouse got bases on balls. Woodbury came up for the second time and singled again.

O'Brien tripled and Pinkerton singled. Shanley ended the misery by flying out to Conly. When the runs were tallied up they totalled 8.

In the fourth Bangor came across with two runs. Conly got first on an error and Brooks scored him when he hit for four corners. The fifth Dolan tripled and scored on an outfield hit.

St. John went out in order in the fourth and fifth. In the sixth they got two more when Black was passed. Watt doubled and Ramsey singled. Bangor scored five runs in the eighth. Tarbell was sent in to relieve Heley Woodbury in the sixth and they got to his delivery for seven hits. Triples by Dolan, Connaughton and Tehey and singles by Conly, Wildes, Wakefield and Wallace tell the tale.

In the ninth they came in with three more. Reed singled, Conly doubled and Wildes singled. Brooks was hit and Wakefield singled.

It was give and take, for the visitors made five runs in the eighth. Nine men came up to bat. O'Brien singled, Pinkerton tripled, Watt and Ramsey singled.

It was a holiday crowd, about two thousand people attending both games. The day was very hot, with not a bit of a breeze blowing.

St. Croix had a batting bee in their session of the eighth. Kelly tripled, Pease scored, Trelutt tripled to left; Pease scored, Trelutt scored. Vance got a life on Callahan's fumble. Gross hit for a home run, scoring Vance. Spiller got a life on Keaney's fumble. Howard filed out. Parker's long fly was caught by Duggan, who made a pretty running catch ending the inning without further scoring—3 runs.

Fredrickson failed to tally in the session of ninth, Kelly, his pitcher, made a slide into first base and snapped back his listop, putting him out of the game. He thinks he will be all right again after a day's rest. Duggan replaced Kelly in the ninth and Prior went to left field.

St. Croix had a rally in this inning which turned the game their way.

## MARATHONS AND ST. CROIX WON TWO GAMES EACH YES/PER/AY

Heaviest Hitting of Season on Part of St. John Team in Bangor, and Many Batting Averages were Fattened—St. Croix Trounced Fredericton in Two Games—Marathons Lead League.

Special to The Standard.

Bangor, Maine, July 4.—Fireworks were plenty at both the morning and afternoon sessions of a holiday today, St. John applying the match to the powder and trimming Bangor for two games.

The morning game they took into camp by a score of 11 to nothing, and the afternoon game by a score of 17 to 11.

In the morning Charles, a new recruit of Frank Leonard's, held the home team down to four hits, while the visitors touched McPhee up for 11.

There was nothing doing until the fifth, when St. John came across with four runs by timely hitting. Riley tripled and Waterhouse doubled. Charles was an easy out. O'Brien tripled and then Pinkerton and Shanley both singled.

In the seventh they got two more across the pan when Charles got a life on an error by Connaughton. O'Brien singled and Pinkerton beat out a bat. With the bases full McPhee passed Shanley, forcing in a run. O'Brien scored on a hit by Watt.

In the eighth came three more runs. Waterhouse was passed and Charles singled. O'Brien hit for two sacks.

In the ninth the visitors got four more singles by Black and Watt and Brien's triple pushed them over.

A Batting Feast. In the afternoon game it was a batting feast. Bangor came to the first, St. John taking the field. Woodbury got into a bad hole when he passed the first two men, but the side failed to get a run across.

St. John went out in order in their half.

In the second they scored one. Black singled, Watt sent him along with a sacrifice and he scored on a single by Ramsey.

The third inning was horrible to witness. Thirteen St. John men faced both Bangor pitchers. Woodbury singled and went to second on a sacrifice hit to O'Brien. Pinkerton singled, Shanley fanned, Black was hit by pitcher and Watt singled. Heley and Waterhouse got bases on balls. Woodbury came up for the second time and singled again.

O'Brien tripled and Pinkerton singled. Shanley ended the misery by flying out to Conly. When the runs were tallied up they totalled 8.

In the fourth Bangor came across with two runs. Conly got first on an error and Brooks scored him when he hit for four corners. The fifth Dolan tripled and scored on an outfield hit.

St. John went out in order in the fourth and fifth. In the sixth they got two more when Black was passed. Watt doubled and Ramsey singled. Bangor scored five runs in the eighth. Tarbell was sent in to relieve Heley Woodbury in the sixth and they got to his delivery for seven hits. Triples by Dolan, Connaughton and Tehey and singles by Conly, Wildes, Wakefield and Wallace tell the tale.

In the ninth they came in with three more. Reed singled, Conly doubled and Wildes singled. Brooks was hit and Wakefield singled.

It was give and take, for the visitors made five runs in the eighth. Nine men came up to bat. O'Brien singled, Pinkerton tripled, Watt and Ramsey singled.

It was a holiday crowd, about two thousand people attending both games. The day was very hot, with not a bit of a breeze blowing.

Many and varied were the announcements provided for Dominion Day, and many were signs of disappointment when Tuesday dawned with the heaviest rain storms that have visited the city this season. At noon, however, the weather promised sun upon those eager for the day in the country, and several public and private picnics left the city by boat by train. The theatres and nickels were quiet and holiday at Woodman's Point, it being almost impossible to gain an admittance. Society has been unusually quiet this week; entertainments have been of a more private nature than usual, given for the most part for visitors in our midst, who are glad indeed to leave behind the heat of other cities and enjoy with us the beautiful Bay of Fundy breeze.

Mrs. Bethel is the guest of her brother and wife, Mr. and Mrs. Hooper, Queen street.

Mr. and Mrs. William Pugsley, Jr., are guests of Mrs. D. A. Pugsley at Rothesay.

Among the ladies and gentlemen were Miss Frances Hazen, Miss Edith Schofield, Miss Portia MacKenzie, Miss Lillie Raymond, Mr. Malcolm McAvity, Mr. F. C. Inche, Mr. Colin MacKay, Mr. Hugh McLean, Jr. and others.

The many friends of Mr. and Mrs. Harvey P. Hayward and Miss Faith Hayward will regret to hear they leave in August to reside permanently at the home of Mrs. Hayward, in William Hayward will occupy their parents' residence on Queen Square.

The Exhibition Hall of the High School was the scene of a very pretty function on Saturday evening last, when the High School Alumnae gathered in honor of the new graduates. The hall was beautifully decorated for the occasion. Music was rendered by the High School Glee Club. Miss Alice Walker, vice-president, of the Alumnae, delivered an address of welcome. Mrs. Jessie Lawson, the president, spoke of the work of the Alumnae. Miss Valde Fenton and Miss Mabel Williams delighted those present by their vocal solos. Miss Genevieve Baird gave an excellent reading. A quartette by the Misses Blanche, McLean, Brown and Stamer, was much enjoyed. The Alumnae pin was presented to the class leader, Dr. Gordon Willet, by Dr. D. Malcolm. A program of vocal solos, and the summer and the conversation was considered the most successful held for some time.

Mrs. R. L. Smith and her brother, Mr. Riddick, leave tonight on a trip to Quebec, Niagara and other Upper Canadian cities and will return to St. John on Monday. Mr. and Mrs. J. B. Meyer, at Alsea (Ont.), before returning.

Miss Spinner of Boston is the guest of Mrs. John E. Moore, Germain street.

The Tennis Tea on Wednesday afternoon was enjoyed by a large number. The hostesses for the afternoon were Miss Daphne Crosby and Miss Gwen Gandy.

The quarterly meeting of the Women's Council will be held on Wednesday afternoon. Interesting report was read by the president, Mrs. T. H. H. Mitchell, who has recently returned from Europe where she attended sessions of the executive committee of the International Council of Women at The Hague, and the tenth annual Congress of the International Council of Women at Paris, and reported on the meeting of the Council of the National Council in Montreal this spring by Mrs. Warlock and Mrs. D. P. Chisholm, who gave an excellent report on the work of the Council. While in Montreal a large number of members were present. The next meeting will be held some time in September.

The death occurred on Tuesday of Mr. George E. Fairweather, one of St. John's oldest and best known citizens. Mr. Fairweather by his kind and generous nature, and his interest in his city, and deepest sympathy, endeared the bereaved ones. The funeral took place on Thursday from St. Paul's church. A large number of beautiful floral tributes covered the casket and gave testimony to the high esteem in which the deceased was held.

**To Help Nature Shed A Bad Complexion**

(From The Family Physician)

Beauty devotees are enthusiastic over the beautifying qualities of mercerized wax. Perhaps nothing discovered within recent years accomplishes so much, so quickly, without harm, without detaining one indoors, and at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding, or "covering" complexion defects, it removes them. The wax actually takes off the aged, faded, sallow, freckled or blotchy cuticle, gently, gradually, causing no inconvenience. It is Nature's way of renewing complexion. When the natural process is retarded because of deficient circulation, or nerve tone, mercerized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried mercerized wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning. Another natural beautifying treatment—for wrinkled skin—is to bathe the face in a lotion made by dissolving an ounce of exsoltite in half pint witch hazel. This is remarkably and instantaneously effective.

## ROTHESAY

Rothsay, July 2.—The closing exercises of the public school which took place on Friday morning last, were very largely attended not only by the parents of pupils, but many besides, and general expressions of commendation for both teachers and scholars. In each of the rooms classes were examined in various studies and did well. A very greatly enjoyed programme of songs, dialogues, recitations and drills was successfully carried through. There were thirty-one numbers and as all were well prepared it would be unfair to specialise. Rev. A. W. Daniel presided and at the end of the programme presented prizes as follows:

**Books for Highest Average Grading Examinations.**

Grade I, presented by Mrs. Blanchet, won by Inez Breen.

Grade II, given by Mr. Longley, won by Minard Heavener.

Grade III, given by Mr. Taylor, won by Gordon Burnett.

Grade IV, given by Mrs. Daniel, won by Richard Gilbert.

Grade V, given by Mrs. J. F. Robertson, won by Harry Green.

Grade VI, given by Mrs. H. Gilbert, won by Willie Handies.

Grade VII, given by Mrs. D. D. Robertson, won by Harry Green.

Best writing, primary department, given by Mrs. Turnbull, won by Greta Gilbon.

Best attendance, advanced department, given by Richard Gilbert, won by Mona Breen.

Best attendance, primary department, given by Mrs. Brock, won by Alton Flewelling.

Excellent conduct, primary department, given by Mr. Taylor, won by Kathleen Blanchet.

Best general standing, advanced department, given by Mrs. D. D. Robertson, won by Ernest Izzard.

Excellent conduct, given by Mrs. J. F. Robertson, won by Ernest Izzard.

Best writing, grade I, given by Mrs. Brock, won by Sandy Dobbins.

Best physical drill, given by Mrs. Bell, won by Clarence Rathburn.

Best reading, primary department, given by Mrs. Bell, won by Claud West.

To the boy and the girl in the primary department having exerted the most influence toward the school at his year, Mr. Frank West presented a bright new five dollar gold piece. "It had been tried by fire and proved true, was worth the value put upon it, carried the image of our King." Mr. West drew useful lessons from these points, and presented the coins to Albert M. H. Hibbard, head master of Rothesay College, was present and to Mrs. St. John, who was awarded an interesting address. Three cheers were given for the teachers and through the kindness of Master George Thompson, the coins were awarded to the school. The exercises which began with the singing of "O Canada," closed with the National Anthem.

Mr. and Mrs. J. B. Meyer, at Alsea (Ont.), before returning.

Miss Spinner of Boston is the guest of Mrs. John E. Moore, Germain street.

GET-AWAY-QUICK BALLINGAME

"Bet You Two Bits," Said Dudley.

"Tell him," said Ballingame, "gee, how do I know, I just got out of bed."

"Somebody Hid My Lid."

"Well, you see it was this way, Mr. Carr, I got up early as usual and had my breakfast and when I started for the car I couldn't find my hat."

"I'm just slipping out to buy a new hat, Mr. Carr."

The clock proved him a whole hour late when "Get-Away-Quick" Ballingame arrived at Carr, Loda, Loda & Co's office.

When 2 o'clock came and Ballingame had made no move, Dudley smiled one of his vinegar smiles and asked Ballingame if he was ready to bet.

The next morning Ballingame was on the job bright and early. "I certainly had an awful time getting a hat to fit," he said.

RITCHIE WON OVER RIVERS IN ELEVENTH

San Francisco, July 4.—A wicked right cross, the same blow which was so effective against Ad Wolgast, proved too great a stumbling block to Joe Rivers in his attempt to wrest the lightweight title from champion Willie Ritchie at the Eighth Street Open Air Arena here today.

Immediately preceding the knock-out Ritchie toppled his victim over for the count of nine with a right to the jaw, and another right to the chin, preceded by a left to the stomach.

The fight throughout was viciously contested and twice in the earlier rounds it looked as though Rivers might win. Ritchie's wonderful ring championship and ability to hit effectively straight from the shoulder with either hand, however, offset the Mexican's attack and it was not long before Rivers became disheartened and pinned his faith solely on wild swings, some of which he hoped would land for a knockout.

The champion scored twice to the jaw with the right and Rivers took the count of nine. Gasping, he rose to his feet, but almost immediately a left uppercut to the jaw, Ritchie's round.

Rivers, covering up, penetrated his opponent's guard and landed three times with left to the body. A right cross to the jaw almost felled the champion. A closing flurry of rights and lefts by the Southerner gave him the round.

After receiving several straight lefts to the face Rivers landed two left

facers, and a fierce mid-ring rally followed. Ritchie kept up a hot pace till the round ended and took his seat with the crowd cheering. It was Ritchie's round.

Rivers rushed fiercely to close quarters, but Ritchie clearly outboxed him. Time and again Ritchie sent his right and left crashing to the body and face, forcing Rivers to clinch. It was Ritchie's round.

Rivers took the aggressive, but after some sparring the champion sent in a trio of facers, bringing blood from the Mexican's eye. Rivers retreated and they fought to a clinch, Rivers missing several terrific swings. Ritchie's round.

Rivers opened with a clean left hook to the jaw. The champion, however, volleyed fiercely with right and left short arm blows to the jaw. Rivers then worked in two rights to the jaw and evened up the round.

Rivers rushed and only Ritchie's clever defensive work saved him from several hard face jolts. Ritchie then almost lifted the Mexican off his feet with a terrific left uppercut to the jaw. Ritchie's round.

### He Listened to Voice of Confidence Man Who Promised Easy Money

### WARNINGS SHOULD NOT BE IGNORED

### "Yield Not to Temptation" a Particularly Good Rule to Follow—Practical Sermon by Rev. Dr. Wallace, of Brooklyn.

Brooklyn, June 30.—Yesterday morning the Rev. Dr. William B. Wallace, pastor of the Baptist Temple, preached the seventh sermon in the series on "The Lord's Prayer." The sermon was on the words, "Bring us not into temptation, but deliver us from the evil." Dr. Wallace said:

This is the last of the six petitions contained in the prayer which our Lord has taught us. In an endeavor to understand it, let us consider, first, the meaning of this petition; second, the motive for offering it; third, the meaning of this petition, "Bring us not into temptation." What does this mean? It certainly does not mean that there is a God who seeks to lead us into temptation.

Last Monday morning, in the Criminal Court, I heard the judge deliver a lecture to one of the men upon whom he was pronouncing sentence. The ground that he had not simply done wrong himself, but that he had used his influence to lead his companion into crime. Surely, we cannot think that young man's conduct a figure of the way God acts. Here, in the scriptures, phoel, suggesting evil to the mind of the innocent and trying to lead the soul into paths of sin.

Do you ask me why a man ought to pray to be delivered from the evil? Because evil endures the soul, just like that confidence man swindled by the Westerner. If you read the great writers, you will find the same thing again and again. Shakespeare's tragedies, the great poems of Tennyson and Browning, the big novels of Victor Hugo, Nathaniel Hawthorne, Balzac, Thackeray, Dickens, are full of the teaching that evil is a swindler and that the man who gets in the grip of evil is bound to lose. The Bible thunders its warning against sin.

Our Lord who spoke the parable of the prodigal son, not only taught the love of God, but he also taught the hatred of sin. That parable is not only full of what God will do for a man, but it is full of what evil will do with a man. Look at the prodigal feeding on husks that the swine did eat, and behold the prey of the confidence man.

Every-day life backs up the teaching of literature and Scripture. In my visit last Monday morning to the Criminal Court to which I have already made reference, I saw man after man stand up before the judge to receive sentence. In many of the faces that I saw, standing there at the bar of judgment, I read the signs of evil. I could plainly tell that the confidence man had been on their track, robbing them of precious treasure. Oh, pray "Deliver us from the evil," for if evil have its way it will rob us of our characters, of our usefulness, of our joy, of our life here, in any real sense, and life hereafter.

"Bring us not into temptation, but deliver us from the evil." This is a prayer for others besides ourselves. It is not, "Bring me not into temptation, deliver me only," but, "Bring us not into temptation, deliver us from evil."

we certainly ought to seek and pray for deliverance.

Second—The Motive for Offering This Petition—Bring us not into temptation, but deliver us from the evil. What motive may we have for offering it? If the testing of our lives, as James says, has a tendency to develop us, why should we pray to be delivered from the testing? If, as Paul says, in First Corinthians 13:12, "There hath no temptation taken you, but such as man can bear; but God is faithful, who will not suffer you to be tempted above that ye are able; but will with the temptation also make a way of escape, that ye may be able to endure it," why should we pray not to be brought into temptation? Some of the testings of our lives are extremely difficult, and it is natural for body and soul alike to seek to escape them. By this prayer Jesus teaches us that he has the right to pray that if it be God's will, we may escape these severe trials that may come to us.

Our Lord knew that man is as prone to wander as the sparks are to fly upward, he knew that man is as prone to do good, evil was present with him. He knew how, when the testing time came, they might not trust the grace that would be sufficient for them. He knew how, when the testing time came, they might not trust the grace that would be sufficient for them. He knew that they might not submit calmly to the potter's wheel, and that they were turned forth unprofitably impressed, and so he said, "When ye pray, say, Our Father bring us not into temptation." What is the motive for offering this petition? I would say, first, a natural desire to escape from some great pain or trial, and on the other hand, a desire not to have our weakness tested lest we fall.

Bring us not into temptation, but deliver us from the evil. Why should we pray, deliver us from the evil? I read the other day in one of our papers a very interesting account of how a man from the West was swindled out of \$2,000. Shortly after his loss he landed here in New York he went into a saloon to quench his thirst. Here he met a very fine looking man, who engaged in conversation with him, and offered to show him the town. The Westerner was agreeable, and was being shown the public library, the great stores, the homes of the wealthy, and the great, and at last the Central Park. As they wandered through one of the shady lanes in Central Park they came across a man sitting on one of the benches and counting over a big roll of bills. The man who was acting as guide to the Westerner knew this man with the pile of money and said to him, "What did you do, make another clean-up?"

He replied the other, "didn't you hear? I cleaned him up for another \$2,000 in Salt Lake." The Westerner was listening to a tale of a wire-tapper hidden away among the trees in Central Park, by means of which news on racing matters was received, so that a man could tell exactly on which horse to bet with safety. The Westerner swallowed the bait, put up his \$2,000 check and is now on his way home a sadder and a wiser man.

Do you ask me why a man ought to pray to be delivered from the evil? Because evil endures the soul, just like that confidence man swindled by the Westerner. If you read the great writers, you will find the same thing again and again. Shakespeare's tragedies, the great poems of Tennyson and Browning, the big novels of Victor Hugo, Nathaniel Hawthorne, Balzac, Thackeray, Dickens, are full of the teaching that evil is a swindler and that the man who gets in the grip of evil is bound to lose. The Bible thunders its warning against sin.

The Bible is a mighty kitescope in which you look at a series of moving pictures, setting forth the banefulness of doing wrong. Now you will see Esau, Samson, Abah, Judas, and are taught in a graphic fashion how to avoid a confidence man that knows how to steal away from man that which is worth infinitely more than money.

Our Lord who spoke the parable of the prodigal son, not only taught the love of God, but he also taught the hatred of sin. That parable is not only full of what God will do for a man, but it is full of what evil will do with a man. Look at the prodigal feeding on husks that the swine did eat, and behold the prey of the confidence man.

Every-day life backs up the teaching of literature and Scripture. In my visit last Monday morning to the Criminal Court to which I have already made reference, I saw man after man stand up before the judge to receive sentence. In many of the faces that I saw, standing there at the bar of judgment, I read the signs of evil. I could plainly tell that the confidence man had been on their track, robbing them of precious treasure. Oh, pray "Deliver us from the evil," for if evil have its way it will rob us of our characters, of our usefulness, of our joy, of our life here, in any real sense, and life hereafter.

## Baptist Notes

Rev. W. T. Stackhouse, D. D., probably the greatest of the religious financial campaigners, has been ordered by his physicians to give up active service.

Rev. E. J. Brooks, of Palmouth, accompanied by Mrs. Brooks, has gone to England for a visit. His church at Palmouth, N. S., generously assisted in the expense.

Miss Flora Clark writing from Vishanagram, India, tells of the establishment of a leper mission. Up to this time the lepers have gone at large begging, so spreading the plague. But under the leadership of Dr. Sanford, the Rajah of the district, has given one hundred acres for a mission, and the municipality has made a grant. The London mission for lepers will bear the rest of the expenditure.

Miss Martha Clark and Dr. Zella Clark of Sompet, India, are at present in Vancouver, at the home of their brother, Dr. Clark. They are here on furlough for a year and a half, and will soon come to the Island, their native province.

Rev. G. C. F. Kelstead will spend part of his vacation in St. John. He is enjoying a most successful pastorate at Windsor, N. S.

Rev. M. L. Gregg, of Halifax, and Rev. W. H. W. Wolfe, of Wolfville, accompanied by their wives, have gone to the World's Sunday School Convention in Sweden.

Rev. Russell H. Colwell, of Philadelphia, the most widely known Baptist pastor in Nova Scotia, and Rev. S. H. Spurgeon, has recently attended the Toronto association and given three lectures on the Canadian Baptist in speaking of his days.

In 1879 he was ordained to the ministry, and has since that time been in the Baptist church in Philadelphia, and removed to that city. The church, of which he is pastor, has at once entered upon a career of extraordinary prosperity, and has become the largest Baptist church in Philadelphia, America. They built a temple in 1891, on Broad street, Philadelphia, which will seat more than 5,000, and has a capacity of 4,200.

The Temple University began in 1884, with two young men, and since its beginning 2,000 students, and now about 4,000 students, and since its beginning 2,000 students, and now about 4,000 students, and since its beginning 2,000 students, and now about 4,000 students.

The Samaritan Hospital, another of Dr. Conwell's philanthropies, has been valued at more than \$300,000, and treats about 27,000 patients every year. Dr. Conwell carries on his Master's programme, and is spending his life, preaching, teaching and healing.

Rev. C. C. McLaurin, general missionary for Alberta, accompanied by his wife, has just returned from a tour of inspection in the West. He denounces the sin of Israel, and has much thought of wealth and luxury and ease and pleasure, and he says, "The prophet, Isaiah, rebuked Israel of her sin, to warn her of her condition, and to urge her to repentance. He said, 'Behold, I have written upon a golden tablet last Sunday, 'Seek good and not evil, that early in the morning you may hear the voice of the Lord your God, and do his voice, and you shall prosper.'"
