

The Semi-Weekly Telegraph.

VOL XL

ST. JOHN, N. B. SATURDAY, AUGUST 23, 1920.

NO. 98.

HALIFAX AND GALWAY, FAST LINE TERMINI.

This the Suggestion Made by Robert Reford of Montreal.

WRITES LONDON TIMES.

He Objects to Passenger and Freight Service—Discusses the Various Routes Which Have Been Proposed—Doesn't Like Summer and Winter Port Schemes.

Toronto, Aug. 21.—(Special)—The Telegram's special cable from London says: "Robert Reford, of Montreal, has a letter in the Times regarding the fast Atlantic project. Reford objects to a passenger and freight service. It means, he says, sailing Canada with a service no better than before. If Quebec or Montreal is to be the terminal port, subsidies will be dangerous, especially as the railway company might use its power for its own benefit exclusively."

"The St. Lawrence route, Mr. Reford argues, is handicapped by discriminating insurance. If the C. P. R. is subsidized, the present liners must abandon the Canadian route. "A 20-knot service, he says, is impossible between Liverpool and Montreal or Quebec. Owing to the congested nature of the Irish sea, the neighborhood of Liverpool is dangerous, as is also navigation of the Gulf of St. Lawrence. On account of ice and fog and snow the gulf is objectionable in spring and autumn. Intricate waters also menace the route. The port of Montreal, Mr. Reford points out, is open for only seven months of the year. Changing routes would be dangerous. There would be no immunity from New Brunswick owing to officers running contrary to the law. Halifax is a port of refuge, but it is not a port of call. Halifax adds to the dangers and expense. Liners changing routes is regarded as not only detrimental, but disastrous. The best and shortest all year route is between Galway and Halifax."

The Gilman Estate.

New York, Aug. 21.—Justice Stover, in the Supreme court today, overruled the remurrer interposed by the defendants in the suit brought by Mrs. Helen Potts fall against Theophilus Gilman and Edward P. Norton, administrators of the estate of the late George F. Gilman, the millionaire tea merchant, and a number of other defendants, including the relatives and next of kin of Mr. Gilman.

STEEL SHIPBUILDING AND THE FAST LINE PROJECT DISCUSSED AT SYDNEY.

Maritime Board of Trade Pass Resolutions on Important Subject—Will Meet Next Year at Charlottetown—Officers Elected—Wednesday's Unpleasant Incident.

Halifax, N. S., Aug. 21.—(Special)—Several matters were before the Maritime Board of Trade at Sydney today. "Subsidizing Steel Shipbuilding" was discussed at length. It was clearly and ably handled by E. T. McKeen, of Sydney. He impressed upon the board the importance of the question. Mr. Mermin of this country, he spoke for the role of Canada. Shipbuilding is something we must have, and we will have it, he believed. Canadians to get to work in this matter and inaugurate a policy which will eventually place Canada first in a matter. We have the opportunity and we don't take advantage of it. We will very much like to see the resolution, which was seconded by Mr. Campbell, of Halifax: "Whereas, it is most desirable that Canadian ships should, as far as possible be carried in Canadian built ships; and whereas, the establishment and operation of large shipbuilding plants in Canada would be of immense advantage to the country; and whereas, other maritime countries have accorded or indirectly given liberal financial assistance to their marine, and respective Canadian builders are therefore and have been handicapped in competing with the established yards of Europe; herefore resolved, that the federal government of Canada be asked to grant a bounty large enough to enable the industry to compete in this industry with the established yards of Europe; and that the representatives of the maritime boards of trade here assembled urge the government to take immediate and definite action on this question by grant-

BAPTIST GATHERINGS.

A WEEK OF CONVENTIONS IN YAR-MOUTH.

Main Body Will Begin Transaction of Business at 10 O'Clock Saturday Morning—Steamer Mira Floated and Towed to Yarmouth to Temporarily Repair.

Yarmouth, N.S., Aug. 21.—(Special)—The annual convention of the Baptists of the maritime provinces of Canada, and affiliated societies, meets in Yarmouth this week. The first to meet was the Women's Baptist Missionary Union convention, which convened in the Baptist church at Hebron Tuesday and closed today. The Maritime Baptist Young People's Union of the Maritime Provinces meets this evening in Zion church. The Baptist Institute of the Maritime Provinces will hold three sessions tomorrow. Rev. David O'Leary will preach the sermon at 8 o'clock in the evening, and the Baptist convention proper will meet at Zion church at 10 a. m. Saturday. President J. Wallace in the clinic. The morning and afternoon sessions will be largely taken up by reports and routine work. There will be a foreign missionary meeting in the evening addressed by Rev. Prof. Kesteven, D. D., S. C. Freeman, missionary, doct. and others. Steamer Mira, which was stranded at Chebogue Point, last winter, was floated last night and towed to Yarmouth, arriving here at 2 o'clock this morning. The Mira now lies at the Burrell-Johnson wharf where she is kept afloat easily by the aid of two steam pumps driven by steam from the own boiler. She is in good condition and it seems probable that she can be made as serviceable as ever with a moderate outlay. Temporary repairs will be effected here when the Mira will proceed to Halifax under her own steam to be put in thorough sea going order.

RHODES SCHOLARSHIPS FOR CANADA TO BE EIGHT.

Doctor Parkin Will Not Handle Both New Position and Upper Canada College Principalship.

Toronto, Aug. 21.—(Special)—Dr. G. R. Parkin, principal of Upper Canada College, who returned from England today, was asked whether he intended to resign the principalship of the college in view of his acceptance of the position of director of the Rhodes scholarships. The doctor replied that it would not be possible for him to manage two such big concerns as the Upper Canada College and the Rhodes scholarships at the same time. He had no idea as to what arrangement would be made at the college, but added he had secured some excellent teachers in England who would be a credit to the staff. With respect to the organization of the Rhodes scholarships, Doctor Parkin stated he would first travel through Canada and would then make the journey around the world. The whole trip would consume two years at least. Canada would have eight Rhodes scholarships instead of two, he says.

CROWN PROMISES MORE EVIDENCE IN MARSTEN CASE.

Very Material Witnesses to Be Placed on Stand at Meduetic Friday.

MRS. MARSTEN'S TALK.

Annie Porter, Repeats Singular Remarks Made by Wife of Man Whose Death Has Led to Arrest—Thursday's Proceedings—Examination to Continue This Afternoon.

Woodstock, N. B., Aug. 21.—(Special)—The preliminary examination in the Marsten case was continued this morning before Justice S. L. Marsh, parish court commissioner, of Canterbury. Mr. Murphy represented the crown and Mr. Harpley appeared on behalf of the prisoner. Mr. V. Paddock, analyst, and John, gave evidence as to finding 1.24 of a grain of strychnine in the liver and kidney, and so sick as expected if he had one of these pills he would likely go off in it. It was somewhere about 6 o'clock. Annie Porter said that she was in Orl's last December. Mrs. Marsten came in and said that she had a friend who had died. The prisoner broke in and said there were pills of some kind in a better under the bed. She said: "There is an old soul over here who is only living for a torment and bother. He thought he would first travel through Canada and would then make the journey around the world. The whole trip would consume two years at least. Canada would have eight Rhodes scholarships instead of two, he says."

FRANCE AND CANADA.

POSSIBLY CLOSER COMMERCIAL RELATIONS THROUGH LAURIER'S VISIT.

Dominion's Premier and France's Minister of Foreign Affairs Examine Conventions Which Might Be Concluded—Sir Wilfrid's Social Engagements in Paris.

Toronto, Aug. 21.—(Special)—The Telegram's cable from London says: "Le Temps, of Paris, says Sir Wilfrid Laurier and M. Delcasse, minister of foreign affairs, will together examine several commercial conventions which might be concluded between France and Canada. Sir Wilfrid entertains at luncheon today the prominent Canadians in Paris and the staff of the Canadian agency. Tomorrow the Canadian premier will give a luncheon to St. Sulpice Seminary, in honor of the St. Sulpician fathers, the first colonizers of Canada. On Wednesday next, Sir Wilfrid will attend a banquet at Lille, and on Aug. 30 he will be a guest at a banquet to be given at the Palais d'Orsay Hotel, Paris."

ANCIENT ORDER OF UNITED WORKMEN.

Grand Lodge at Charlottetown Meeting Chooses Sorel, Quebec, as Next Place.

Charlottetown, P.E.I., Aug. 21.—(Special)—At this morning's session of the A. O. U. W., reports on the state of the order and appeals were adopted. The committee on laws presented a report and included several proposed amendments to the constitution some of which were approved and others rejected. It was decided to hold the next meeting on the third Wednesday of August in 1921 at Sorel (Que.) It was suggested and favorably considered that a resolution be passed in the order by Rev. A. H. Moore, Hon. W. H. McNeil, Rev. Frank Charters, A. W. Blaywin and Dan MacCormack. This afternoon the delegates went on a drive around the city and suburbs.

CONFERENCE ON THE CATTLE GUARD QUESTION.

Mr. Holt and Mr. Robertson at Ottawa—Grosse Ile Quarantine Station Improvement.

Ottawa, Aug. 21.—(Special)—Mr. Holt arrived this afternoon, and, along with George Robertson, M. P., had a conference with the department of railways in regard to the question of cattle guards for the railways. They will remain here for a couple of days. Senator Ellis left for home this afternoon. Hon. Sidney Fisher visited the quarantine station at Grosse Ile on Tuesday last and as a result of his visit there improvements are now under way. These will be pushed to completion. This is the station of which strong complaints are alleged to have been made some time ago.

RATES LOWER THAN FROM NEW YORK.

Plenty of Freight in Sight for Canada-South Africa Line.

Montreal, Aug. 21.—The managers of the Canadian line to South Africa are experiencing no difficulty in finding freight for their steamers. The first sailing is fixed for Oct. 18, the vessel chosen being the Allan liner Ontario. The agents of the three companies concerned, the Allan, Furness and Elder-Dempster lines held a meeting yesterday and fixed a schedule of rates. This schedule is considerably lower than that charged from New York. Some of the New York shippers grow discontent when they hear of the establishment of the Canadian line, and ventured the prediction that unless the Canadian ships could procure crude oil at the reduction in rates announced by the Canadian line, however, it may work the other way about.

GLoucester STRIKE OFF.

Fish Skinners, Cutters and Handlers Return to Work.

Gloucester, Mass., Aug. 21.—The fish skinners, cutters and handlers' strike was declared off this noon and the greater proportion of the 700 men who have been out for 20 days returned to work at 1 o'clock, while the rest of the men will be taken back just as fast as they can be accommodated.

Cronje GOES BACK TO HIS OLD HOME.

Boer Whom Canadians Helped Capture at Paardeberg, Leaves St. Helena With 1,000 Others.

Jamestown, Island of St. Helena, Aug. 20.—A thousand Boers, including General Cronje, his wife and staff, sailed from here today for South Africa.

NO OFFICIAL OFFER HAS BEEN MADE BY CANADA.

Agent Not Commissioned to Hold Out Inducements to Striking Miners.

THE KNIGHTS TEMPLAR

Sovereign Great Priory Concludes Meeting—Some Election Rumors—Canadian Receives Promotion in the Imperial Service.

Ottawa, Aug. 21.—(Special)—In connection with a Toledo despatch which says that George A. Whitney, home-steading agent for Canada, has been authorized by the dominion government to proceed to the coal regions to offer inducements to the coal miners of the striking miners and their families to form a colony and locate on free homesteads which the government will provide for them in the great west belt of the Northwest, the officials of the department of the interior state that there is nothing on record to show that any such offer had been made. Mr. Whitney is merely a local agent, supposed to induce settlers qualified to become farmers to move to Canada and receives so much per settler. He is not a regularly salaried officer of the department and he has not been given any such commission.

WILL NOT LET BOER GENERALS ENTER BELGIUM.

Troops to Be Called Should They Board Train from Holland.

The Hague, Aug. 21.—General and Mrs. Botha started for Brussels this afternoon. The general expects to return here within a week. London, Aug. 21.—It is announced here in a special despatch from Brussels that the Belgian government has requested the Boer generals, Botha, De Wet and Delarey, not to enter Belgium, and that the station master at the Northern railway station has been instructed to summon troops to keep order in the event of their receiving notification of the presence of the generals on board a train from Holland.

LABOR MEN WILL NOT BOYCOTT MILITIA.

Beidgett, Conn., Aug. 21.—The convention of the metal polishers, buffing, platers, brass moulders and brass workers' union of North America today tabled, after some debate, a resolution boycotting the militia organizations. The resolution called for the enactment of a by-law providing for the expulsion of any member of the union who may join the militia of any state or who may permit his son to do so.

HON. MESSRS. TWEEDIE AND MURRAY TALK OF THEIR TRIP TO ENGLAND.

New Brunswick's Premier Says Any Attempt to Cut Down Provincial Representation Will Be Vigorously Opposed—No Fast Line Contract for C. P. R. Says Hon. Mr. Murray.

Quebec, Aug. 21.—(Special)—Hon. L. J. Tweedie, premier of New Brunswick, and Hon. G. H. Murray, premier of Nova Scotia, who arrived from England on the steamship Lake Simcoe, gave interesting interviews here before they left for their homes. Speaking of the proposed reduction of parliamentary representation in the maritime provinces, Hon. Mr. Tweedie said: "There is no any doubt that when the premiers of the different maritime provinces meet in Quebec during the month of September, private conferences will be held at which it will likely be decided on what action the different provinces will take, should an attempt be made to reduce our representation in parliament, owing to the decrease in population. There will hardly be any attempt made to change the British North America act in order that the provinces of New Brunswick, Nova Scotia and Prince Edward Island may retain the same number of members in the federal house, as they have at present, but we shall certainly maintain that when all the provinces were admitted into a union, it was generally understood that no matter what the population should be the number of our members should not be decreased. "This question," Premier Tweedie went on to say, "as already stated by Premier Peters, of P. E. Island, is a very live one throughout the provinces, and I can assure you that any attempt made to decrease our representation will be vigorously opposed. What will have to be done will be to take the meaning of the clauses of the act, and not the exact wording thereof. If at the time of the union the representatives of the three provinces were given to understand that there would not be any change made, it would certainly be unfair to try to effect any change now. "And what of your trip to England?" "Seeing that it was the first trip I had ever had across the Atlantic, I could tell

SIR WILFRID WAS WORN OUT.

Premier Looks for Improvement by Trip to Switzerland.

Letter to Friend in Montreal Tells of Pleasant Anticipation of Recuperating After the Strain of London Visit—Writes of the Colonial Conference.

Montreal, Aug. 21.—(Special)—A personal friend of Sir Wilfrid Laurier today received a letter from the premier, who at the time of writing was at Knockwarr Castle, now occupied by Lord Strathcona. Sir Wilfrid says that his health has not been very good for some time. He has been very much occupied with the work of the colonial conference, but he adds that the greatest trouble with him has been his dissipation, such as dinners and receptions. These have worn him out, but he hopes that his trip through Switzerland will do him a world of good. The prospect of the trip already caused him to feel much better. Speaking of the coronation ceremonies and the colonial conference Sir Wilfrid said that the subjects discussed had been most interesting and at times the discussion had been quite animated. The suggestions of the colonial premiers were well received by the home government and received every consideration. In fact, he says, the colonial statesmen have no reason to complain of the treatment they have received from the home authorities. The greatest consideration has been displayed towards them on every occasion, and everything has been done to make their stay as pleasant and profitable as possible to themselves and to the countries which they represent. He expects much good will come from this conference.

RUSSELL SAGE'S STRONG ANTI-TRUST STAND.

Combinations a Menace to the Government and Oppressors of the People.

SEES RUIN AHEAD.

New York's Financial Magnate Predicts Unprecedented Financial Conditions Following Revolt of American People—Combines Good Only at Outset of Operations.

New York, Aug. 21.—Russell Sage, in an interview today, referred to a published statement quoting J. Pierpont Morgan as saying that the era of great trusts had just begun and that more gigantic corporations are stored in the near future some of which may overshadow the steel trust. Mr. Sage said: "Whether Mr. Morgan said that or not, combinations of all industries are a menace to true government. Not only so, but they are the oppressors of the people. "What will be the result of such an era?" asked a reporter. "In such an event the American people will revolt against them, and there will be financial ruin, the like of which this country has never seen—or any other." It was suggested to Mr. Sage that there was a general opinion that combinations at certain times were good things for the country. "Yes," Mr. Sage replied, "when several industries starting out in business it is well for individuals to combine for mutual protection until the business is firmly established. When the business is so established, the combination should be disrupted and conducted on individual lines. Then if one individual became embarrassed it would not mean the ruin of the industry. I believe it is best to have such industries divided among several individuals than combined into one great combination, the embroachment of which would mean the ruin of all."

LABOR MEN WILL NOT BOYCOTT MILITIA.

Beidgett, Conn., Aug. 21.—The convention of the metal polishers, buffing, platers, brass moulders and brass workers' union of North America today tabled, after some debate, a resolution boycotting the militia organizations. The resolution called for the enactment of a by-law providing for the expulsion of any member of the union who may join the militia of any state or who may permit his son to do so.

HON. MESSRS. TWEEDIE AND MURRAY TALK OF THEIR TRIP TO ENGLAND.

New Brunswick's Premier Says Any Attempt to Cut Down Provincial Representation Will Be Vigorously Opposed—No Fast Line Contract for C. P. R. Says Hon. Mr. Murray.

Quebec, Aug. 21.—(Special)—Hon. L. J. Tweedie, premier of New Brunswick, and Hon. G. H. Murray, premier of Nova Scotia, who arrived from England on the steamship Lake Simcoe, gave interesting interviews here before they left for their homes. Speaking of the proposed reduction of parliamentary representation in the maritime provinces, Hon. Mr. Tweedie said: "There is no any doubt that when the premiers of the different maritime provinces meet in Quebec during the month of September, private conferences will be held at which it will likely be decided on what action the different provinces will take, should an attempt be made to reduce our representation in parliament, owing to the decrease in population. There will hardly be any attempt made to change the British North America act in order that the provinces of New Brunswick, Nova Scotia and Prince Edward Island may retain the same number of members in the federal house, as they have at present, but we shall certainly maintain that when all the provinces were admitted into a union, it was generally understood that no matter what the population should be the number of our members should not be decreased. Bound 36 6 17 22 81

OUR COUNTRY CORRESPONDENCE.

SUSSEX.
Sussex, Aug. 19.—The Presbyterian, Methodist and Baptist union Sunday school picnic to have been held at Rockwood Park, St. John, Thursday, and was postponed till Friday. If the weather is unfavorable on that date, it will be held next Monday.
Rev. J. R. DeWolf, who came home from North Shore quite sick.
Miss Jessie Hunter, of St. John, is the guest of Mrs. C. W. J. Upham.
Miss Blanch Fairweather has returned from P. E. Island, where she was spending her holidays.
Sussex, N. B., Aug. 21.—N. W. Evesleigh, manager of the Sussex butter and cheese factory, shipped today, through Pickford & Brown, 100 tons of butter and three-quarters of a ton of cheese to Hamilton (Bermuda). This is the first shipment of this class of goods direct from here to Bermuda.
Murray Huestis, accompanied by his wife and family, started yesterday on a two weeks' trip and will visit Quebec, Montreal, Ottawa, Toronto and other points of interest in Western Canada.
Mrs. Soviel Nealis and her daughter returned home from Woodstock where they have been visiting at Mrs. Nealis' old home.
The marketmen are all entraining for home this evening after a meeting that was unusually successful. The citizens are always glad to welcome them.

RIVERSIDE.
Riverside, Aug. 19.—Miss Lucy Hunter has gone to St. John to work in the military department of Brock & Patterson.
Rev. R. H. and Mrs. McPherson have returned from their vacation.
The funeral of John Fullerton took place from his residence, Albert, Sunday afternoon. The services were conducted by Rev. Mr. Davidson, assisted by Mr. McLean, evangelist. A large number were in attendance. Mr. Fullerton was one of three brothers who came from Tyrone county, Ireland, in 181, and was of Scottish descent. He settled at Brookton, Albert county. He was a hard working, industrious farmer, and had amassed considerable property. He has married twice. His last wife outlives him. By his first wife he had 11 children, of whom only one is living. He also leaves a large number of grand-children and great-grand-children. Interment was made at the burial ground, Germantown.
A very pretty wedding took place this week at the home of the bride's mother, Mrs. Appleby, Riverside, Kings county, when her daughter, Miss Josephine, was united in marriage to Alfred Livingston Burnett, of Sussex. The ceremony was performed by Rev. Albin Daniels, rector of St. Paul's church, Roxbury. The bride wore a beautiful gown of white organdy, over white silk, and carried a bouquet of carnations. After the ceremony a party to the number of about 30, partook of a wedding repast. A large number of presents were received, showing the esteem in which the couple were held.
Mr. and Mrs. Burnett left for the Quebec express for a short bridal tour, accompanied by the best wishes of their many friends.

HOPEWELL HILL.
Hopewell Hill, Aug. 18.—Mrs. W. J. McAlmon left today to visit friends at Metopieia.
Miss Bina Carr, of Boston, is visiting at the home of George M. Russell.
Frank Newcomb, son of the late George Newcomb, of Hopewell Cape, and Mabel Ayer, daughter of Charles Ayer, of the same place, were united in marriage on Friday by Rev. Albin Daniels, rector of St. Paul's church, Roxbury.
Mrs. M. M. Tingley returned yesterday from Upper Carleton, where she has been visiting her husband, who is superintending the construction of a bridge across the Miramichi, near the great Medical College, who have been visiting friends in Kent county, where he resided.
Mrs. Elmer Steeves, of Meadow, Egin, is visiting her daughter, Mrs. C. N. O'Brien, at this place.
A successful lunch supper was held at the home of Patrick Sinehar at Albert Mines, Monday evening. There was a sale of ice cream; \$20 was netted for procuring a new Sunday school library.

FREDERICTON.
Fredericton, Aug. 23.—(Special)—The total cost of the renovation of the Sir Wm. C. MacDonald school which is to be held here on August 9th, was \$451.94. The bills were all submitted and passed at a meeting of the citizens' committee this afternoon, and will be paid from the civic treasury.
Rev. J. H. McDonald left for Yarmouth this evening to attend the Baptist convention.
A very successful moonlight excursion was held on the steamer Aberdeen this evening.
Two places in York county have been discussed as likely locations for the Sir Wm. C. MacDonald school which is to be established in this province, they being Stanley and Harvey Station.
Prof. Robertson came to Fredericton last

SALISBURY.
Salisbury, Aug. 21.—Mrs. J. T. Trites and her son, Allison, left yesterday on a two weeks' vacation with relatives in Hillsboro.
Rev. H. V. Davies and J. G. Taylor spent Monday in Moncton.
Mrs. W. McDougall and family, who have been guests of Mrs. B. A. Stammers for a week, have returned to their cottage at the Chale, where they are living for the summer months.
Miss Della Milton is the guest of her aunt, Mrs. Watson Steeves, Hillsboro.
Mr. and Mrs. E. Bleskey, of Moncton, are in the village.
Miss Moffat, of St. John, is visiting her sister, Mrs. Geo. Chapman.
Mrs. W. McDougall and family, of Moncton, who have been visiting Mrs. J. T. Trites for some time, returned home Monday.
Mrs. Mollie Darlings returned Thursday to her home in Fairfield (Me.), after several weeks pleasantly spent with relatives here. Mr. Gillman, of Waterville, met her here and will accompany her home.
Doctor and Mrs. Moore entertained a party of friends Tuesday evening.
Mrs. Rufus Smith is visiting her daughter, Mrs. Thompson Taylor, at Shearwater.
Watson Parkin left Wednesday to visit his brother in Maine.

ST. MARTIN'S.
Miss Lily Edna Routie, only daughter of Wm. H. Routie, J. P. St. Martin's, was united in marriage to Frederick W. McLean, of St. John, at the Baptist church, St. Martin's, at 1 o'clock Wednesday, the 23rd inst. The ceremony was performed by Rev. Mr. Townsend. The young couple were unattended. The bride was given away by her father. The church was very tastefully decorated, and a large number of friends and relatives of the bride and groom were present. Later Mr. and Mrs. McLean drove to the city, from where they left on a tour of the maritime provinces and upper Canada. The bride is one of the most highly esteemed residents of St. Martin's, prominent alike in church and social circles. Her husband is a well known and successful merchant in the city of the dominion.

BLISSVILLE.
Blissville, Sunbury county, Aug. 20.—Rev. T. O. DeWitt is recovering from the effects of a cold and is now considered out of danger.
The first edifice has been turned for the erection of the new church of England. It will be located on the farm formerly owned by Hon. W. E. Perley, now by Doctor Dundas.
AMHERST.
Amherst, N. S., Aug. 19.—(Special)—The residence of John McLaughlin, a farm laborer at the Government Experimental Farm, Nappan, with most of its contents, was destroyed by fire this afternoon, the family escaping with only the clothes on their backs. The loss is a severe one, as they practically lost all their worldly possessions. The building was owned by the Sydney Coal Company, and so far as can be ascertained was not insured.
Amherst, N. S., Aug. 19.—(Special)—Postmaster Amos Purdy, who received notice from the department at Ottawa that his services were no longer required, retired this morning, leaving Inspector C. J. McDonald, of Halifax, officially took over the office. In a letter to a local friend he said he would be reinstated. It is generally known who his successor will be.
Amherst, Aug. 19.—F. C. Hero, of the dominion government poultry department, Ottawa, spent yesterday at Amherst, completing arrangements for establishing a dominion chicken fattening station here. The station will be in charge of Alex. Chee. Three lots of from 500 to 700 each will be fattened by Mr. Chee. The first lot with coops will arrive Sept. 5, the balance in October and November. The

BAYSWATER.
Bayswater, Aug. 20.—The schools have all reopened, after the summer vacation, all with the same teachers in charge with the exception of the Millican school, which is now in charge of Miss Brown.
Mrs. Fred Hawkhurst and family have returned to the city after a stay of six weeks at the Bayswater Hotel.
Miss Annie Stewart, who has been summing at the Bayswater, has returned to the city.
Mrs. Patrick Marry and family have returned home.
Mr. Wilson, of Fairville, spent Sunday here.
Mr. Dowling, of Dowling Bros., spent Sunday here.
Notwithstanding the showery weather the farmers in the vicinity are nearly done haying. The hay crop is exceptionally good, as are also the other crops. The oats are extra; better than have been in these districts for many years.
Owing to the want of room a great many applicants at the Bayswater Hotel this week were refused accommodation. This favorite resort has impressed itself on the public and particularly the summer tourist, as an ideal watering place.
A picnic was held at Waterville Landing Friday, the proceeds of which were do-

MILLIDGEVILLE.
Millidgeville, Aug. 20.—The village was the scene of a very pretty wedding on Monday afternoon at 3 o'clock. Mr. Thurlow and Miss Miller were united in marriage at New St. Clement's church. The ceremony was performed by Rev. R. P. McKim, and witnessed by a large crowd of guests arrayed by the crowd. The happy couple drove to the station and took the train for Cape Breton.
Dr. Lindsay Parker's yacht Armorial is hauled out on the marine railway for repairs.
Mr. Likely's new yacht was here Saturday, and presented a fine appearance. She was covered with bunting.

GAGETOWN.
Gagetown, N. B., Aug. 21.—Mr. J. G. Gagetown, agent of the British and Foreign Bible Society, held a public meeting in the Methodist church, Tuesday evening.
Among the visitors here at present are Mrs. Barbour and Miss McFarlane, of Fredericton; Mrs. Rainie, A. Wishart, Mr. Tibbet, Miss E. Edmonds, Mrs. and Miss Madock, St. John; Mrs. E. Boydell and daughter, Miss Peter, P. E. Island; Dr. George Simpson, Boston, Mrs. G. Swinburne, Miss S. Swinburne, Mrs. Steves, Miss M. Steves, Master J. Swinburne and Miss G. Miller, of Newport (R.I.), leave today for Nova Scotia.

BRINGING STRIKING MINERS TO CANADA.
Five Thousand to Be Brought—Offered Employment and Land Grant.
Toledo, O., Aug. 20.—George A. Whitney, secretary of the Western Oil Men's Association, and local homebased agent for the Canadian government, expects to take 5,000 of the striking miners in Pennsylvania to Canada. "I outlined my plan at a meeting of the miners' union here today. They were almost unanimously in favor of it. I could guarantee the men employment for 90 days, and a month of security time, and a grant from the Canadian government. Whitney will leave here next Friday with 200 men who he will recruit in Winnipeg. Yesterday he received 100 more applications for jobs in Canada and a place with those who will go North. Officials of the United Mine Workers are said to approve the scheme.

STEEL SHIPBUILDING AND THE FAST LINE PROJECT DISCUSSED AT SYDNEY.
(Continued from page 1.)
The necessary sub-committee for the investigation of the service with the least possible delay; further, the route to be followed by the steamers of the line should be as possible at full speed from port to port with the least risk of detention by fog or other cause.
Resolved, that in the opinion of this committee the service should be maintained, and the nearest available port to Europe where the ships could be refueled, and that the route be with safety and dispatch at all seasons of the year.
Charlottetown was chosen as the next place of meeting. The following officers were elected:
President—Horace Hazard, Charlottetown.
Vice-presidents—J. E. DeWolf, for Nova Scotia; D. I. Welch, Moncton.
Permanent Secretary—C. M. Creed, Halifax.
Corresponding Secretary—E. G. Wiggs, Charlottetown.
Auditor—J. O. Allison, St. John.
The thanks of the board were tendered to the Sydney Board of Trade.
It is generally believed that the end of the unpleasant incident of Wednesday when J. DeWolf was arrested is not reached. When Judge Meagher, with the sheriff and a few barbers attempted to pass to the street through the assembly delegates and found it impossible until after the sheriff had forcibly ejected a judge. While descending to the street Judge Meagher remarked about the ill-manners of the delegates in blocking the only access to the Supreme Court chambers. There remarks somewhat riled the delegates and some hissed.
The judge turned and gave the delegates an uncompromising definition of themselves, calling them ill-mannered backslaps. In the afternoon Mr. DeWolf asked for an explanation and the delegates attempted to do so, but he refused to be arrested. At the board of trade meeting the incident caused great indignation and a committee was appointed to investigate.
The assistance of a Halifax lawyer Mr. DeWolf's release was obtained. In the discussion of the action at the meeting some members wanted a committee to be elected to demand an apology, others have the matter made public far and wide, a few favored reporting it to the department of justice at Ottawa, while the remainder advised dropping it.

HALIFAX.
Halifax, N. S., Aug. 20.—(Special)—An accidental discovery of coal was made at South Mainland two days ago and a large number of areas have been taken up as it is believed the coal will prove a valuable one. The changing tide shifted a large bank of earth near the bridge and left open to view a seam of coal, samples of which have been taken and promised to the Geological Survey. It is interesting in the find, and the government drill has been sent to test at distances from the find.
The military staff ride will take place next month and will be something new in this vicinity though not unusual in England. Major-General Sir Charles Parson and members of staff with their horses will go by rail to Sussex (N. B.), and the cavalry there will probably be through operations as military authorities are now in communication in reference to this matter. After these manoeuvres the general and staff will start for Halifax, riding much of the way to observe the country. It is possible the commanding officers and adjutants of the city regiment may accompany the staff party.

THE EXHIBITION.
All Looking Well for an Exceptionally Good Show.
REPORT BY EXECUTIVE.
Statement Laid Before the Directors at Meeting Yesterday—The Urgency of Citizens Helping to Accommodate Visitors—Horse Exhibit Programme.
The executive of the Exhibition Association at a meeting Thursday submitted the following report to the directors:
St. John, N. B., 21st Aug. 1932.
To the Board of Directors:
Gentlemen—Your executive committee beg to report that they have been pressing forward preparations for the coming exhibition which His Hon. Lieutenant Governor Snowball will open at 8 p. m. on Saturday, 30th inst. We hope to have with us on that occasion also the minister of public works, and the president of the Canadian Pacific Railway. We are glad to report that our arrangements are pretty well advanced and that there seems to be general interest in the exhibition throughout the country.
We have spent more time and money on distributing advertising matter and canvassing for the exhibition, than in previous years, and we hear very encouraging reports as to the work done. We are receiving enquiries every day from the State of Maine and elsewhere as to accommodation to be had here; and from the news brought us by gentlemen who have been abroad, we are justified in expecting a large number of people than we have ever had. The railways and steamers have all made us very cheap excursion rates, and are assisting us in advertising the exhibition.

STEEL SHIPBUILDING AND THE FAST LINE PROJECT DISCUSSED AT SYDNEY.
(Continued from page 1.)
The necessary sub-committee for the investigation of the service with the least possible delay; further, the route to be followed by the steamers of the line should be as possible at full speed from port to port with the least risk of detention by fog or other cause.
Resolved, that in the opinion of this committee the service should be maintained, and the nearest available port to Europe where the ships could be refueled, and that the route be with safety and dispatch at all seasons of the year.
Charlottetown was chosen as the next place of meeting. The following officers were elected:
President—Horace Hazard, Charlottetown.
Vice-presidents—J. E. DeWolf, for Nova Scotia; D. I. Welch, Moncton.
Permanent Secretary—C. M. Creed, Halifax.
Corresponding Secretary—E. G. Wiggs, Charlottetown.
Auditor—J. O. Allison, St. John.
The thanks of the board were tendered to the Sydney Board of Trade.
It is generally believed that the end of the unpleasant incident of Wednesday when J. DeWolf was arrested is not reached. When Judge Meagher, with the sheriff and a few barbers attempted to pass to the street through the assembly delegates and found it impossible until after the sheriff had forcibly ejected a judge. While descending to the street Judge Meagher remarked about the ill-manners of the delegates in blocking the only access to the Supreme Court chambers. There remarks somewhat riled the delegates and some hissed.
The judge turned and gave the delegates an uncompromising definition of themselves, calling them ill-mannered backslaps. In the afternoon Mr. DeWolf asked for an explanation and the delegates attempted to do so, but he refused to be arrested. At the board of trade meeting the incident caused great indignation and a committee was appointed to investigate.
The assistance of a Halifax lawyer Mr. DeWolf's release was obtained. In the discussion of the action at the meeting some members wanted a committee to be elected to demand an apology, others have the matter made public far and wide, a few favored reporting it to the department of justice at Ottawa, while the remainder advised dropping it.

A PRETTY POSTMISTRESS NARROWLY ESCAPES DEATH.

Was Given Up to Die—Eight Doctors Failed—Pe-ru-na Saved Her Life.

THOUSANDS of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach.
There begins a series of experiments with medicine. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.
Peruna at once mitigates all the symptoms by removing the cause. Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.
This is exactly what Peruna will do.
Miss Alma Cox, Assistant Postmistress of Orum, S. C., writes:
'I have been a great sufferer from chronic disease and dyspepsia for five years. How I suffered no tongue can tell. I tried eight or ten of the best physicians without receiving much benefit. I also tried lots of patent medicines. But still I suffered with sick headache, cold feet and hands, palpitation of the heart, and such a heavy feeling in my stomach and chest. At times I would be so nervous I could not bear anyone around me. I had been given up to die.
'One day a friend sent me one of Dr. Hartman's pamphlets, and I decided to write to him. He advised Peruna and Manalin, and after taking the medicine two weeks I felt greatly relieved. My head did not pain me any more, and my stomach was relieved of its heavy burden.
'Dr. S. B. Hartman, President of The Hartman Sanitarium, of Columbus, O., gives advice to women free during the summer months.

other stains from white cloth, also from the hands of all persons visiting horses.
There is one matter, however, which must occupy our earnest individual attention, and that is the housing of our visitors. As an association, we are making every effort to have all the spare rooms in the city available during the exhibition week; but in addition to this, the members of our board of directors could do much by inducing their friends to co-operate and open up their homes to the many people who are likely to need accommodation.
Labor day will be celebrated by a grand labor parade, and we have arranged that this shall terminate at the exhibition grounds, and sports will be put on in front of the grand stand. We hope to see this parade carried through in such a manner that there will be ample time for a good afternoon of sports.
R. B. EMBERTSON, Acting President.
At the written request of President MeLaughlin, who has been detained in the west much longer than he expected, his resignation as president was accepted, and Mr. R. B. Embertson, who has so well performed the duties of acting president during the season, was elected to fill the vacancy. R. O'Brien, 2nd vice-president, was elected first vice-president, and E. C. O'Brien, 3rd vice-president, and E. C. O'Brien, 4th vice-president.
The president explained the situation re the housing of visitors. G. B. Lockhart told of his visit to the Winnipeg exhibition, the other day, and how the city of Winnipeg housed the people who flocked there at that time, and he thought the city of St. John could well follow Winnipeg's example.
Mr. Embertson suggested that cards should be furnished all people who would display them in their windows, announcing that exhibition visitors would be accommodated.

It is Said
1. That salt will curdle new milk, hence in preparing porridge, gravies, etc., the salt should not be added until the dish is prepared.
2. That clear boiling water will remove tea stains and many fruit stains. Pour the water through the stain and thus prevent it spreading over the fabric.
3. That ripe tomatoes will remove ink and

Why for ages have people eaten apple peels and seeds as glass? Simply because the acids and pectones in the fruit assist in digesting the fats so abundant in this kind of food. For the same reason at the end of a heavy dinner we eat our cooked fruits, and when we want their digestive action even more decidedly we take them after dinner in their natural uncooked state as dessert. In the past ages instinct has taught men to do this; to-day science tells them why they did it, and this same science tells us that fruit should be eaten as an aid to digestion of other foods much more than it is now.
Cultured fruits, such as apples, peaches, cherries, strawberries, grapes, etc., contain on analysis very similar proportions of the same ingredients, which are about one per cent of flesh-forming albuminoids, and one per cent of flesh-forming albuminoids, and one per cent of flesh-forming albuminoids, and one per cent of flesh-forming albuminoids.

THE COLDEST CORNER
is not too cold to be comfortably heated with a "Sunshine" Furnace.
No other heater will extract so much heat from the same amount of fuel, and few others have dampers to which the fire is so obedient.
The "Sunshine" Furnace
is simple to operate, easy to clean, needs very little attention, has self-acting gas dampers, and in every way a modern heater.
Sold by all enterprising dealers. Write for catalogue.

LOCAL AND PROVINCIAL.

The creditors of J. R. Young, of Tracadie, will meet at Bathurst on the 28th inst.

A quiet wedding took place Wednesday afternoon at the town residence of George McKean, when his daughter, Miss Mary E., was married to L. Irwin Scott, of Esnamallard, County Tyrone, Ireland, by Rev. John de Soyres. Mr. and Mrs. Scott left on the maritime express for Quebec, from which place they intend sailing for Europe.

Daniel Dailey, a painter, whose home is on Main street, sustained painful injuries to his face and head shortly before noon yesterday. He was painting a house on Portland street and was at work on a staging above the second story when the platform broke and he fell, striking on his head. He was taken to Thos. Coggins' delivery wagon to his home and Doctor Roberts attended him.

The Albert county wells of the New Brunswick Petroleum Oil Company are turning out beyond the expectations of those interested. The wells, which have not been torpedoes, are making oil, while those which have been shot are improving every day. The company is pushing operations and new boring machinery is on the way. The outlook of the oil industry in this province is very bright.

Archie Tower, an employee at Peckard's stone quarry, Sackville, was badly injured about the face last Saturday through the accidental explosion of a rifle shell. It seems that two or three acquaintances were shooting at a mark in that part of the town when Mr. Tower joined them with his own rifle. The shells did not fit his own rifle and he did not have much sport. When the others left the field shortly after, young Tower remained behind in the hope of getting his rifle to work better, but the very first shell struck and while endeavoring to dislodge it the thing burst, the powder striking him with terrific force full in the face. He will be laid up for some time, says the Post.

A pretty wedding was solemnized at Wickham, Monday morning at 10 o'clock, when Eva May, eldest daughter of Gilbert Dyleman and granddaughter of William Roper of this city, was united in marriage to Chaloner John Stiles, of Boston. The ceremony was performed by Rev. H. A. Cady, rector of Greenwich, in the presence of their immediate friends and relatives. The bride and groom, who were attended, stood under a beautiful canopy formed of vines and flowers. At the close of the service the hymn, "O Jesus I have promised," was sung. D. D. Richards, of Oak Point, was organist. After luncheon the happy couple left on the May Queen for St. John, thence to Boston, their future home. The many friends of Mr. and Mrs. Stiles wish them every blessing in their journey through life.

RAILWAY ITEMS.

Traffic Boom on I. C. R.—Some C. P. R. Plans—New Brunswick Coal and Railway Company's Road.

Passenger traffic over the Intercolonial continues to boom. On Monday night the Maritime express had four extra sleepers to accommodate the crowd. Yesterday's train was also an extra long one, besides which was also an extra train of sleepers through Moncton with the delegates of the A. O. U. W. convention at Charlottetown.

C. P. R. District Passenger Agent Foster, who was in Boston last Saturday to confer in regard to the trains for the winter schedule, left for Montreal last evening on the same errand at that end of the continent. He is also to arrange for another bar-vesters' excursion to the Northwest. He stated to a Telegraph reporter that the winter arrangements of trains will probably be the same as has been in force with such satisfaction this summer, bringing the American and Montreal mails here an hour earlier than last winter.

E. Harbour, of Boston, who has been making his monthly inspection of the new central road of the New Brunswick Coal & Railway Company, left again for Boston last evening. He says that the section of the road between Chipman and Newcastle is now practically ready for the line, which will be laid as soon as they can be obtained, and that it will be opened for traffic in October or November. The company is concentrating in all required work.

Work was begun yesterday upon the foundation for the new station of the Boston & Maine at Vancouver to replace the station that was burned.

The work of placing salmon in the Carleton pond has ceased for this season. There are now 926 for the fall stripping.

A cow moose died at the park a day or two ago. The animal had its eye poked out with a stick by some one.

The Intercolonial Copper Company at Dorchester is doubling the capacity of its plant. It is expected that the improvements will be completed in about a month.

Arrangements have been made for the lighting of the exhibition building during next week when the exhibits will be placed.

The demand for locomotives in the west is so great that extra ones are being sent from here to the full extent at which the C. P. R. can supply them.

Tourist business in Sussex is reported as having been very good so far this season. Quite a large number of American visitors are sunbathing in the pretty little Kings county place.

The exhibition machinery hall, under the supervision of J. Thompson, is rapidly approaching completion. The Leonard self-rolling engine has arrived and is placed ready for work.

Parents are requested by the school authorities to apply at once if they want permits for their children to attend school. All applications must be accompanied by proof of vaccination of the prospective pupil.

Frank Whippley, of the North End, will in a few weeks be ready to go to business to Manitoba. Mr. Whippley left for Winnipeg a few days ago. His removal is much regretted by the members of the N. Y. C. of which organization he was a prominent member.

The annual picnic of the Greenwich Episcopal church of Oak Point was held at Glenwood Wednesday on the grounds of A. L. Pastman. There was a large number in attendance. The picnicers were conveyed to and from the grounds on the steamer Springfield.

The salmon fishing season closed on the 15th inst. The season has been the best that sportsmen have seen for the past 20 years, all the rivers, with two or three exceptions, teeming with fish. The conditions for the fish getting up the rivers have been exceedingly favorable as the high water permitted the salmon to get past the nets at the estuaries. This has been an off year in trout fishing as there has been so much water in the streams and lakes that the fish could easily graze themselves with food and would not take the fly.

DORCHESTER COPPER.

Tramway from Mines to Mill to Be Operated Shortly—Spur Track to Be Run from I. C. R.

Mr. Phillips, of the Intercolonial Copper Company, who left for Providence last Wednesday evening, after a visit to the mine, states that the work is going along so successfully that the tramway from the mines to the mill, about 2,500 feet, will be in operation next week. It is expected by the equipment, daily expected, arrives. This tram will be operated by gravity, the loaded cars down pulling the empty up, the grade being sufficient for that purpose. Engineers of the Intercolonial Railway have also been secured to survey a route for a spur from the main line of that road at Dorchester to the mine, a distance of nearly 21 miles. Two big leading tanks of 150 tons capacity have just been completed and the 45 hands employed at the works are kept busy.

Mechias Seal Island Light. The dominion government has had a large staff of workmen on Mechias Seal Island lately, improving the light and fog station there. A new reservoir was put in, the machinery placed in thorough repair and the buildings also improved. These changes, as well as the removal of the former lightkeeper, are the result of an inspection of the station made last year by Colonel Anderson, of Ottawa, chief inspector of lights. Mr. Colin Ingersoll, of Grand Manan, is now in charge of this station. Mr. Ingersoll, who received the mechanical instruction from Keeper Richards, of the Partridge Island, St. John, is giving good satisfaction.—St. Andrews Beacon.

KELSON CAPTURED.

Word Received That Youth Wanted Here is Under Arrest at Bangor.

Oscar Kelson, aged 18 years, who is wanted in this city for breaking and entering and stealing, also for breaking jail, and James Briggs, who broke jail the same time as Kelson, are both in the hands of the Bangor police, having been captured there for house breaking.

Shortly after Kelson escaped Chief of Police Clark sent pictures of the fugitive to different police headquarters and he has no doubt that the person wanted in St. John is the prisoner held in Bangor, as the following telegram has been received by Chief Clark:

To Chief of Police Clark, St. John: We have Oscar Kelson all right. He goes before the grand jury for larceny. They failed to indict his brother, Fred, who was with him. (Sigs) CHIEF OF POLICE GILMAN, Bangor (Me.)

Chief Clark was seen Wednesday by a Telegraph reporter and when asked what he intended doing regarding Kelson

OSCAR KELSON. Broke jail here, now under arrest at Bangor.

He would lay the matter before Attorney-General Pugsley and request that Kelson be extradited and brought to St. John on the charge of breaking, entering and stealing and breaking jail and escaping.

Oscar Kelson and James Briggs were caught in the act of stealing goods from the store of J. Waterman, Bangor, on the night of August 8th last, and Fred Kelson, brother of Oscar, was also arrested as being an accomplice. On Tuesday afternoon last the real work of the August criminal term of the supreme court was begun at Bangor when the case of Briggs, indicted for breaking and entering the store of J. Waterman and stealing \$7.50 thereon on the night of August 8, was called. When the men were arrested Briggs had given the name of Geo. Briggs, Bangor, Kelson refused to give any name. The court sat on Tuesday morning and the work of empanelling the jury began. When the court came in after dinner the two men indicted, James Briggs and Oscar Kelson, who was described as belonging to Boston, were brought in and arraigned. Kelson pleaded not guilty, while Briggs pleaded not guilty. Sentence was not passed upon Kelson, his counsel, John F. Robinson and Forest J. Martin, wishing it withheld until later in the term. When the jury had been sworn, County-Attorney Smith began his opening, which occupied about 25 minutes, when the taking of evidence was begun. Deputy Chief of Police Bowen, Police Captain Pahey and others testified.

The difficulty between the hospital commission and some of the nurses, who left, as previously reported, is settled. Three of the nurses—Misses Flagler, Murphy and McLeary—have resumed their duties, their apology having been accepted. It appears that when the training school committee investigated the nurses' complaint they decided that an apology was due Miss Mitchell, the matron, because the complaints were not properly presented. This was made known to the nurses by Doctor Lunney, but they misunderstood the matter and, thinking they were being asked to apologize for having made their complaints, declined to do so. A month was given them in which to consider the matter, but they refused. They explained and they understood the apology was for the seeming but not intended disrespect to the matron. Misses Flagler, Murphy and McLeary, expressed their readiness to apologize, declaring they had never intended any disrespect, and they were asked to apologize in writing. They were granted no apology is necessary, and have severed their connection with the institution.

JAMES B. BRIGGS. Awaiting Sentence at Bangor; recently Acquired by St. John Jury.

For the state, Capt. Pahey and Patrolmen Resgan, O'Lonshe and Finnian told of the capture of the men in the act of robbing Waterman's store. The only witness which the defence put in on Tuesday was Fred Kelson, who was arrested as an accomplice in the crime, but against whom the grand jury failed to find an indictment.

Bangor, Me., Aug. 20.—(Special)—Briggs was found guilty this afternoon. The jury was out 49 minutes. Kelson pleaded not guilty. The sentences of both will come later.

The career of Oscar Kelson and James Briggs, the two young prisoners, is still fresh in the memory of the residents of St. John and it gives evidence that two slicker young fellows have seldom been handled by the St. John police.

It will be remembered that on March 27 last the store of D. J. Purdy, Main street, North End, was broken into and \$80 in cash was stolen. Shortly after this break Oscar Kelson, who has been in this city, and went to the States, but had not been away more than a few weeks when he returned and was accompanied by James Briggs, who gave Boston as his home.

The two youths—Kelson aged 18 years and Briggs 17 years, chummed about the city together. On July 24th the store in A. M. Rowan, Main street, North End, was broken into and among the articles stolen from there were two shot guns, two electric lights, razors and other cutlery. Sgt. Kipparick was notified that Kelson and Briggs were seen using two new guns out in Golden Grove, and on the night of the 25th the police went to the house of Kelson and Briggs, whom they suspected of knowing a lot about the breaks. On the night of May 26th the two were seen by the police in the rear of the store, but were soon lost to view. On the morning of the 30th, Officer James Greer went to Fairville and boarded the train bound for Bangor. The train and Kelson and Briggs were found and immediately placed them under arrest and brought them to St. John.

Briggs at first gave his name as John Smith, of Boston, but afterwards admitted that his real name was James Brantford Briggs.

Shortly after the arrest three other burglaries were discovered. Benjamin Dean's shop on Wall street had been broken into and some changes and cigars stolen. W. J. Maynes' grocery on Marsh Bridge had been entered a couple of days before the arrest. Entrances were made from the rear stairs while the shop was undergoing repairs and some money and other articles stolen. The fifth break was reported in W. E. Thompson's grocery store on Robbsey.

Kelson and Briggs were sent into jail, and on June 6, as they were left alone in the corridor of the jail, after coming in from the court, they made their escape through the new wing of the jail and out to Leinster street.

Staff, Ritchie and Jailer Cunningham went in one direction and Chief Clark and officers another, hunting for the escaped prisoners. All tracks, boats and roads leading from the city were watched closely and that evening the sheriff and jailer sighted the prisoners of the Golden Grove road. Briggs was captured, but Kelson made his escape and was successful in leading his pursuers, although Chief Clark and his men searched the country for miles around, both night and day until, for more than a week.

On June 17, Briggs was taken into court and remanded. He was tried on June 20 and the jury brought in a verdict of not guilty at the prisoner was acquitted on the charge of breaking and entering Rowan's store, as he swore that he was Kelson who made the break and he did not know at the time that he was doing it.

As he was acquitted for stealing, the crown did not press the charge against him and Briggs was allowed to depart on his own recognizance to appear when wanted.

He remained about the city for some few days, took in the base ball game and had a good time; and one day disappeared. The next thing heard of him was on the 11th inst, when he was arrested in Seville (Maine), having quite a number of charges against him, the principal ones being for breaking and entering and for a brutal assault on a Chinese laundry man.

This was the last heard of Kelson and Briggs until their round up in Bangor was reported.

THE NURSES RETURN.

The difficulty between the hospital commission and some of the nurses, who left, as previously reported, is settled. Three of the nurses—Misses Flagler, Murphy and McLeary—have resumed their duties, their apology having been accepted. It appears that when the training school committee investigated the nurses' complaint they decided that an apology was due Miss Mitchell, the matron, because the complaints were not properly presented. This was made known to the nurses by Doctor Lunney, but they misunderstood the matter and, thinking they were being asked to apologize for having made their complaints, declined to do so. A month was given them in which to consider the matter, but they refused. They explained and they understood the apology was for the seeming but not intended disrespect to the matron. Misses Flagler, Murphy and McLeary, expressed their readiness to apologize, declaring they had never intended any disrespect, and they were asked to apologize in writing. They were granted no apology is necessary, and have severed their connection with the institution.

The committee's meeting of the training school committee the young ladies mentioned explained their position; their explanation was accepted.

Great Bargains in Boots and Shoes.

The attention of readers is directed to the special advertisement on another page of a gigantic cheap sale of boots and shoes at the Union street store of Messrs. Waubury & Heston. Some weeks ago this enterprising firm were fortunate in purchasing from one of Canada's leading manufacturers their entire surplus stock of manufactured shoes, consisting of upwards of 11,000 pairs. This immense stock—sufficient to stock a large sized store—was placed on sale at their store on Union street, and marked at prices so low that a few days selling was sufficient to cause the people to throng the store from early morning until closing time. Thousands of pairs were soon transferred to the feet of more than satisfied customers. Some few shoddier pairs yet remain in stock, and are being strongly urged when in St. John to be sure to obtain some of these wonderful bargains.

IT IS SO SUPERIOR.

The absolute purity of Wolfe's aromatic Schiedam Schnapps has given it the uniform excellence which has sustained for three generations, and rendered so efficient in curing Rheumatism, Gout, Dropsy, Neuralgia, Headache, and Suppression of Urine, and all other ailments. It is the excellence which renders it so far above all other liquors, and which so all ailments it would be unwise not to call for this sterling specific. Get the Genuine.

Edward Oulton, a brother of the late Isaac Oulton, was in the city a day or so ago, and in company with W. B. Wallace, went to the late Isaac Oulton's old house on Douglas avenue. Mr. Wallace would not say anything about the matter.

HIS 89TH BIRTHDAY.

PRESENTATION MADE TO DR. WM. BAYARD.

Hospital Commissioners Mark the Occasion by Presenting a Cut Glass Salad Bowl—Called Upon the Doctor at His Home Last Evening.

Dr. Wm. Bayard celebrated his 89th birthday Thursday, and the commissioners of the public hospital (of which Doctor Bayard has been chairman for some years), took advantage of the occasion to call at his residence, Germain street, last evening and tender him their congratulations.

During the evening, Michael W. Maher made a most congratulatory speech, and on behalf of the commission, presented the venerable doctor with a handsome cut glass salad bowl, commemorative of his long and honorable connection with the hospital.

DR. WILLIAM BAYARD. Nestor of His Profession Celebrates 89th Birthday.

Dr. Bayard made a fitting reply. Aid. John McGoldrick proposed the health of Doctor Bayard, which was heartily responded to, and a round of speeches followed, in the course of which members of the medical profession testified to the esteem and high regard in which Doctor Bayard is held by them.

During the day he received many telegrams of congratulation from physicians and friends all through Canada, as well as choice floral gifts from His Worship Mayor White, Mr. and Mrs. H. D. Troop and a number of others.

Friends of Doctor Bayard will rejoice that, on his 89th birthday, he is as hale and hearty as many a man half his age. He has been a practicing physician for 65 years.

OBITUARY.

George J. Cook, Toronto, Toronto, Aug. 19.—(Special)—George J. Cook, president of Cook & Brothers Lumber Company, one of the largest lumber firms in Canada, died here today, aged 78.

Doctor Schenk, Vienna, Aug. 19.—Prof. Leopold Schenk, author of Determination of the Sex, died yesterday at Schwabing (Bavaria).

Miss Mary Johnston, The death occurred Wednesday morning of Miss Mary Johnston, aged 36, eldest daughter of James Johnston. She died in her 33rd year and besides her husband leaves one son and four daughters.

Mrs. Andrew Stephenson, The death occurred Tuesday, after a lingering illness, of Mrs. Andrew Stephenson, of Westmount, Quebec. She died in her 83rd year and besides her husband leaves one son and four daughters.

Mrs. Mary Ann Fraser, The death occurred Tuesday at the home of her son, Alex. Fraser, Covered Bridge, of Mrs. J. H. Fraser, widow of Alex. Fraser, aged 84 years. Two sons, Alexander and John and six daughters survive.

Mrs. Carleton M. Killam, The death occurred Thursday, at her home, 34 Carleton street, of Mrs. Carleton M. Killam. Mrs. Killam was the daughter of William and Letitia Scott, of this city. Besides her husband and two small children, a father, mother and three sisters are left to mourn their sad loss.

Mrs. Abner Mercereau, Blissville, Blissville, Sunday county, Aug. 20.—The death occurred this afternoon, after a lingering illness, of Phebe, wife of Abner Mercereau, postmaster at Hoyt Station, N.S. She was an estimable woman, and a kind mother. She leaves a sorrowing husband, one son, Ellis, of this place, and one daughter, Mrs. Fred Hoyt, of St. John; also two sisters.

C. Fred Scott, Gagetown, Gagetown, Aug. 21.—The death of C. Fred Scott, second son of C. L. Scott, occurred at the latter's residence here yesterday afternoon, about 5 o'clock. Deceased had been in failing health for a few months. He returned a few weeks ago from Boston, where he had been living some five years hoping the change would be beneficial. It was evident to his friends that Fred was fast nearing the end of his earthly journey, though able to keep about the house every day. The summons came unexpectedly as he walked to an adjoining room a few minutes before the fatal stroke took him home. Deceased was 28 years old and was married some eight months ago to Miss Laura Macquarrie, of P. E. Island. Besides his mother, the father and mother, a brother and sister survive. They have the universal sympathy of the community. The funeral will take place this afternoon at 3 o'clock, interment to be made in the Methodist cemetery, Rev. I. N. Parker officiating.

Exhibition Attractions

If you attend the Exhibition do not fail to call at HARVEY'S CLOTHING STORE. You are sure of courteous treatment and can see one of the most attractive stocks of

Strachan's Gilt Edge Soap worth wash away as readily as other soaps, and does the work more thoroughly with less labor. Use Strachan's Gilt Edge soap and you'll have the best Soap. Save the wrappers and you can get the best premiums.

Bradley-Ritchie Nuptials. The church of St. John the Baptist was the scene of a pretty wedding yesterday afternoon when Rev. W. C. Gaynor united in marriage Miss Josephine Ritchie, daughter of Thomas Ritchie, of St. James street, and Thomas Bradley, of Indian town. A large number of friends and relatives witnessed the ceremony and the pretty church made a fitting setting for the brilliant scene presented when the bridal party entered the church. The bride looked very pretty in white mousseline de soie over white silk. She wore a large white picture hat and carried a bouquet of roses and carnations. Miss Annie Ryan, of Fredericton, the bridesmaid, was gowned in pale green voile with cream applique and a black picture hat. Little Miss Bessie Mellday was maid of honor and wore white chiffon and white hat. Charles Owens supported the groom and the ushers were Messrs. E. Corkery, John Kelly and E. Mooney. After the wedding the bridal party returned to Mr. Ritchie's residence, where luncheon was served after which Mr. and Mrs. Bradley left for New York. The bride's traveling dress was of navy blue cloth with applique trimmings and a fawn and blue hat.

Movements of Bank Officials. Hayes Jackson, of the Bank of Montreal staff here, is spending a day or two in the city, the guest at the residence of George C. Peters. Mr. Boyd goes to the Island this week—Moncton Times. H. C. F. Bell, of the Royal Bank, Turro, is spending vacation at his old home, New castle. Mr. Sears, ledger keeper of the Sydney branch of the Bank of Montreal, left for St. John yesterday on relief duty—Sydney Record. S. G. Logan, of the Halifax Banking Company, New Glasgow, has gone to Newfoundland. R. B. Richardson, of the Royal Bank of Canada at Dorchester, has been promoted to a position in the head office at Halifax. He will be succeeded by C. O. McDonald, of Maitland (N. S.).

Tent Meeting at Havelock. A tent meeting for the promotion of Bible holiness is being held at Havelock, Kings county, and continues until the 25th. Rev. J. H. Coy has the meeting in charge. Rev. G. W. Macdonald and others are expected as workers. All are invited to come and bring lunch on Sunday.

NATURES REMEDY FOR ALL SUMMER COMPLAINTS. It only costs Twenty-five cents to have one's self and one's family cured for all Summer Complaints, Diarrhoea, Colic and Pains. Buy a bottle of Nature's Remedy today, there's a remedy "just as good, tried and tested for over twenty-five years, it regulates the bowels and relieves promptly. Useful alike to both Children and Adults, prepared by The Baird Company, Limited.

Baby's Own Tablets  
For Little Babies and Big Children.  
This medicine is good for all children, from the feeblest infant whose life seems to hang by a thread, to the sturdy boy whose digestive apparatus occasionally gets out of order.  
There is no stomach or bowel trouble that Baby's Own Tablets will not speedily relieve and promptly cure, and do it in a natural way, as the medicine is guaranteed to contain no opiate or harmful drug. Experienced mothers everywhere praise Baby's Own Tablets above all medicines.  
Mrs. Jas. A. Wilson, Wyoming, Ont., says: "I have used Baby's Own Tablets for both my children and consider them indispensable in any home where there are young children. One of my children was very fretful and I always found the Tablets comforting and a splendid regulator of the stomach and bowels. I think the Tablets have been the means of promoting many a sound night's rest for both myself and children."  
Children take these Tablets as readily as candy, and crushed to a powder they can be given with absolute safety to the youngest, weakest infant.  
You can get the Tablets from any dealer in medicines, or post paid at 25 cents a box by writing direct to  
The Dr. Williams' Medicine Co.,  
Brockville, Ont., or Schenectady, N. Y.

"PIZEN-CLEAN" WOMEN.  
By Mrs. F. R. Merry.

We all know her; we met her in our first flush of maidenhood, when fancies of the coming reigning prince were sentimentally stealing through our day dreams, and we then and there resolved to be like this wonderful, irreproachable model, and we castled in air and gave to her our heart's allegiance. She is always up with the sun, singing with the lark, her eyes brighter than the morning dew, her cheeks flushed with the tints of the "red, red rose," her hair blown about her brow in sweet disorder by the soft June breeze, her trim figure neatly dressed in cool calico, over which is a spotless white apron, her tiny feet are snugly cast in dainty slippers—and, after making coffee and broiling the steak (which, by the way, never heightens her color unbecomingly), she smiles, over the fragrant coffee urn, at her proud young husband, who relaxes his breakfast with no misgivings about his young wife's cooking, and no savage reflections about his mother's superior methods.  
With a kiss he leaves his dear companion and goes to his office, while she washes the dishes, takes sweeps and dust, and then gets a hearty dinner, which keeps him in good spirits all day long again (he is alone to clear away the dinner dishes and wash the pots and kettles, attend to her flower garden, gather a bouquet, don a pretty pink cambric afternoon gown, entertain Mrs. Gossip and Miss Mily, embroider or sew until it is time to get the supper, entertain her husband with bright chat, then wash and wipes the dishes, starts the bread, and if there are no babies to bathe and put to bed, she takes up her darning, talks to her husband about the latest novel or archaeological discoveries, while he comfortably smokes his cigar.  
That was a charming picture to the uninitiated, and we burned with a laudable desire to show the world how good books influenced us, when we should arrive at wife's estate.  
We confess that we wondered how so busy a woman found time to read the latest novel or magazine, and keep her practice—except by singing to the babies. It never occurred to us that she could be any more tired than represented, such were the systematized methods of her work.  
Ah, but there is the other housekeeper of modern fiction. This one is the lazy, inefficient girl, who, fresh from some fashionable boarding-school, possessing a smattering of accomplishments, marries her father's clerk, who, of course, is not able to support her after the gaud manner of former days, and she is neither capable of directing the servants (nearly provided by her father), nor is she able in any way to be of the slightest practical use. She comes down late to breakfast, pale and listless, her hair in curl-papers, a soiled rucho on her neck, her blue cashmere gown torn and dangling about her frail figure, the rouge streaks upon her cheeks, her temper irritable from having sat up too late the night before to finish some "thrilling" tale; her husband—she is the homely, over-sows at the burnt steak and watery coffee, hastily bolts his breakfast—and thus brings on indigestion and a thorny disposition—rushes down town, glad to be in his office, diverted by business.  
The day goes on, the dinner is no improvement upon the breakfast, and the rolls and cake for tea are heavy. But there is always a moral to this story—the wife is either frightened into better behavior by a stern, disagreeable aunt, or her father fails, and her reformation is absolutely necessary—or she dies, a victim to tight corsets and bonnets.  
The poor husband never becomes a misanthrope nor a heart-broken man, but usually marries the rosy-cheeked country girl who is visiting in town, and makes him happy over afterwards, by contrasting so favorably with his first wife.  
The absurdity of these extremes, these pictures in black and white, was not so patent to our girlish mind. With housekeeping wisdom has come, and discrimination lingers.  
"Housekeeping" means work—and hard work, too, if the wife cannot afford to keep help, and the question most astutely needing consideration is, how can housework be made as easy as possible. We heartily approve of a most attractive appearance, but we are inclined to doubt the bright eyes and rosy cheeks, if, day after day, such rounds of care follow.  
To be sure our grandmothers did a lifetime of hard work, which may be the very reason that we are not able to care so much. Besides, with our civilization has come a thousand and one cares and duties that they knew nothing of—and what slaves to these very unnecessary evils are countless numbers of women, who bravely bear their burden, till, at last, tired out, they lie down to their first rest.  
There are some housekeepers in real life that fiction cannot comprehend. There are many wives who, through the force of circumstances, have to share privation and care with their husbands, and their life must necessarily be one of self denial, trials, and work, work, work. And they spend no time in morbid repinings, but face their burdens, making them light as possible. They are their own cook, chambermaid, kitchen girl, washer-woman, seamstress, nurse and housekeeper, and, if child-bearing plays a prominent part in their life, God help them.  
We are not surprised when we see their tired shoulders stoop, their color fade, their hair turn gray, their very health almost gone, that their work be made easier. They only know. But very likely the carpets were swept oftener than necessary, the kitchen floor washed, the stove blacked, the washing larger, the children's dresses more laborable, the ironing more conscientiously done, a greater variety of cookies, pies and cakes than were altogether necessary.

TONS OF ROCK  
CRUSH OUT LIFE  
AT ST. GEORGE.  
Mathew McKinney Killed; Wm. Stewart Badly Hurt at Pulp Mill Works.  
THE BANK FELL IN.  
Two Men Were Caught in the Avalanche, While a Third Had a Race for Life Down Hill, Chased by Bounding Boulders—Stewart Will Likely Recover.

St. George, N. B., Aug. 20.—(Special)—This community was terribly shocked by an awful fatality today. At the place where preparations are being made for the erection of the pulp mill for the St. George Pulp and Paper Company Mathew McKinney was crushed to death under tons of rock while William Stewart was very badly hurt.  
McKinney, Stewart and a young fellow named Chester Parry were drilling rock on the side of an incline. Above them was a great mass of boulders. They were preparing for a blast and were working steadily as the hour for knocking off had about arrived. The foreman of the work was just about to sound the whistle for the men to suspend operations when the mass of boulders was seen to quiver. Warning shouts went up from workmen who noticed the movement but, if they were heard by McKinney and Stewart, there was not time for the men to escape the avalanche. Young Parry, however, was more fortunate. As he heard the shouts he started to run at top speed down the hill while after him came bounding boulders, every step he took promising to be his last. He staggered to one side, however, and was unhurt, but having had a most remarkable escape.  
Several boulders struck McKinney and Stewart and when the horrified workmen rushed to the spot they found the unfortunate pinned by the rocks. The life was about gone from McKinney and less than a minute after they reached him, he was dead. His body was horribly crushed. The rocks were rolled from off him and his body was tenderly carried to the rooms of Undertaker Galloway.  
Stewart was found to be very badly injured. One hip is dislocated and it is feared he has been hurt internally, but the full extent of the harm he sustained is not yet known. Doctor Alexander is attending him at the home of his brother-in-law, Emerson Grant.  
Mathew McKinney belonged to Rolling Dam, was 35 or 36 years of age, and is survived by his wife and several children. His death is particularly sad in view of the fact that his wife has been ill for a long time. She has until recently been patient in the Chipman Memorial Hospital in St. Stephen, and is now at home in poor health. Mr. McKinney belonged to both the Independent and Canadian Order of Foresters and they are caring for the transmission of his body to his home, which will be done by train tomorrow.  
Mr. Stewart is about 35 years of age, single and belongs to Pleasant Ridge, Charlotte county. There will be no inquest into Mr. McKinney's death.

A perfect Remedy for Constipation, Sour Stomach, Diarrhoea, Worms, Convulsions, Feverishness and Loss of Sleep.  
See Simple Signature of Charles H. Littleton on the Wrapper of Every Bottle of Castoria.  
Castoria is put up in one-ounce bottles only. It is not sold in bulk. Don't allow anyone to sell you anything else on the plea or promise that it is "just as good" and "will answer every purpose." See that you get C-A-S-T-O-R-I-A.

In Some Kitchens.  
In cooking meats, the water is thrown out without removing the grease, or the grease from the dripping pan is thrown away.  
Scraps of meat are thrown away.  
Cold potatoes are left to sour and spoil.  
Dried fruits are not looked after, and become wormy.  
Vinegar and sauce are left standing in tin.  
Apples are left to decay for want of sorting the tea.  
The tea canister and coffee box are left open.  
Sugar, tea, coffee and rice are carelessly spilled in handling.  
Soap is left to dissolve and waste in water.  
Dishcloths are used for dishcloths, napkins for dishcloths, and towels for holders.  
Brooms and mops are not hung up.  
More coal is burned than necessary by not closing dampers when the fire is not used.  
Lights are left burning when not in use.  
Tin dishes are not properly cleaned and dried.  
Good, new brooms are used to scrub kitchen floors.  
Silver spoons are used in scraping kettles.  
Mustard is left to spoil in the cruet.—(Heartstone.)  
Sovereign Pain Expeller is the pure Fruit Juice preserved with granulated sugar. They make delicious drinks.  
For Fainting.  
Alcohol is recommended as an excellent restorative for a fainting person. The alcohol is applied freely on a sponge to the nostrils, or a cloth saturated with alcohol is laid across the upper lip.  
When Baby was sick we gave her Castoria. When she was a Child, she cried for Castoria. When she became a Girl, she clung to Castoria. When she had pain, she gave them Castoria.

THE CRITICAL TIME OF LIFE  
is between the years of fifteen and sixty-two. Nature's power grows slowly, vitality becomes less and the process of decay sets in. A man of advancing age and renewing vigor is to take Ferro-China-China, a powerful tonic that keeps up the appetite, stimulates the formation of the vitalizing blood, imparts clearness to the tired brain, for energy and spirits just when they are needed most.  
It takes Ferro-China-China means adding from ten to twenty years to life. Large boxes, 50c, or 6 boxes for \$2.50. Sold by A. Chipman Smith & Co., Dr. Hamilton's Pills are Certain.  
Of all the follies infidelity is the greatest.  
VALUABLE ADVICE TO MOTHERS.  
If your child coughs or shows evidence of an approaching attack of Whooping Cough, or if you have any child who gets out of breath, or who has a cough, or who has a cold, or who has a fever, or who has a headache, or who has a sore throat, or who has a pain in the chest, or who has a pain in the back, or who has a pain in the stomach, or who has a pain in the head, or who has a pain in the neck, or who has a pain in the arms, or who has a pain in the legs, or who has a pain in the feet, or who has a pain in the hands, or who has a pain in the fingers, or who has a pain in the toes, or who has a pain in the joints, or who has a pain in the muscles, or who has a pain in the bones, or who has a pain in the nerves, or who has a pain in the brain, or who has a pain in the heart, or who has a pain in the lungs, or who has a pain in the stomach, or who has a pain in the intestines, or who has a pain in the bladder, or who has a pain in the rectum, or who has a pain in the anus, or who has a has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain in the uterus, or who has a pain in the ovaries, or who has a pain in the fallopian tubes, or who has a pain in the cervix, or who has a pain in the perineum, or who has a pain in the rectum, or who has a pain in the anus, or who has a pain in the vagina, or who has a pain

THE SEMI-WEEKLY TELEGRAPH, ST. JOHN, N. B., AUGUST 23, 1902.

AT HOME AND PRESENTATION ON THE RIFLE RANGE AT SUSSEX VALE.

Major Parks the Recipient of Silver Plate—Colonel and Mrs. McLean Entertain—Results of the Matches.

Sussex, Aug. 19.—(Special)—Riflemen from every town in the province met at the 30th annual prize meeting of the Provincial Rifle Association...

The Nursery. The first match was the nursery, 600 yards, seven shots. In this Private C. E. Lockhart, of the 8th Hussars, and Sgt. H. A. Chandler, of the 74th, tied for the cup.

Private C. E. Lockhart, 8th Hussars, \$10. D. R. Chandler, 74th, \$10. F. A. Duran, St. Stephen, \$6. Sgt. A. Pringle, 71st, \$5. Sgt. S. B. Smith, 3rd R. C. A., \$4. B. Stewart, Moncton, \$3. Sgt. E. P. Gladwin, 62nd, \$4. W. P. Hannah, Woodstock, \$3. P. A. Good, Woodstock, \$3. N. J. Morrison, St. John, \$3. P. R. P. Stephenson, 73rd, \$3. P. E. J. A. Bateman, 74th, \$3. Frank Harris, Sackville, \$3. Corp. E. H. Clarkson, 71st, \$2. A. R. Jardine, Moncton, \$2. Lieut. R. J. Flewelling, \$2. Sgt. Maj. J. Pringle, 71st, \$2.

The Maiden. In the maiden match, open to teams of three, who have not attended a previous meet of the association, range 600 yards, the first prize of \$12 was won by a team from the Moncton Rifle club with a score of 84 and the second prize of \$8 was won by a team from the 62nd Fusiliers with a score of 75.

All-Comers. All Comers' match was next shot. The range was 600 yards, seven shots and the scores:

Capt. O. W. Wetmore, 74th, \$10. Capt. R. H. Arnold, 8th Hussars, \$9. A. L. Lerby, St. John, \$8. H. H. Bartlett, St. Andrews, \$6. Sgt. W. E. Forbes, 73rd, \$5. B. Stewart, Moncton, \$5. Capt. E. A. Smith, 3rd R. C. A., \$4. Capt. E. H. Haswell, 8th Hussars, \$3. Maj. G. S. Kinners, 8th Hussars, \$4. Sgt. J. T. McGowan, 3rd R. C. A., \$4. Capt. J. Manning, 74th, \$3. H. J. Hunter, St. John, \$3. Corp. E. H. Clarkson, 71st, \$3. Lieut. J. S. Frost, 62nd, \$2. P. E. J. A. Bateman, 74th, \$2. Pte. J. D. Downey, 62nd Fusiliers, \$2. Maj. J. T. Hart, R. O., \$2. Lieut. S. B. Anderson, 74th, \$2. Sgt. H. A. Chandler, 74th, \$2. H. Sullivan, St. John, \$2.

A noticeable feature today was the absence of any representative of the Langstroth family—a family which has sent many good shots to the butts at Sussex, as well as on more pretentious ranges. By reference to the scores it will be seen that there are a large number of young shots attending the meeting this year.

Domville Match. The Domville match was shot off; ranges 600 and 800 yards, seven shots at each. The following is the result:

Ia. E. Masie, Fredericton, cup and \$12.64. Sgt. W. E. Forbes, 73rd, \$10.62. Maj. J. T. Hart, R. O., \$8.60. Maj. J. H. McRobbie, 8th Hussars, \$7.59. Capt. O. W. Wetmore, 74th, \$6.58. Capt. E. A. Smith, 3rd R. C. A., \$5.57. Capt. R. H. Arnold, 8th Hussars, \$5.56. Sgt. L. Campbell, 74th, \$4.55. A. R. Jardine, Moncton, \$4.54. Maj. G. S. Kinners, 8th Hussars, \$3.53. Sgt. J. T. McGowan, 3rd R. C. A., \$3.52. R. T. Mack, Fredericton, \$3.51. Sgt. H. A. Chandler, 74th, \$3.50. Capt. A. Malinosh, 8th Hussars, \$3.49. Maj. F. H. Hart, 62nd Fusiliers, \$3.48. Capt. E. H. Clarkson, 71st, \$3.47. Lt. Col. C. Thompson, 62nd Fusiliers, \$3.46. Pte. E. O. Stevens, 74th, \$3.45. Pte. E. M. Kinners, 74th, \$3.44.

Counted out—Major J. A. McDougall, 8th Hussars; C. H. Kinners, Moncton; J. Hunter, St. John.

A. E. Masie, of Fredericton, who takes first place in this match, made a possible score of 35 points at the 600 yard range.

Sussex, N. B., Aug. 20.—(Special)—This was a day of pleasant events at the range, an At Home by Colonel and Mrs. McLean and a presentation to Major Parks being features additional to the shooting competition. The weather was fair and warm when the shooting was resumed in the morning.

The Prince of Wales match was for the challenge cup presented by the Prince of Wales in 1861, and the Queen's head medal and \$107 was concluded. The ranges were 200 and 500 yards, seven shots at 200, 10 at 500.

A. E. Masie, Fredericton, and Capt. E. A. Smith, R. O., tied for first place with the money prize, with 75; first prize \$12, second \$10.

Capt. R. H. Arnold, 8th Hussars; Capt.

was won by the following team from the 8th Hussars: Major J. N. McDougall, \$44. Major G. S. Kinners, \$43. Sgt. G. L. Murray, \$42. Major J. H. McRobbie, \$41. Capt. R. H. Arnold, \$40. Total, \$190. The Association Match, prizes a challenge cup and \$100; ranges, 200, 500 and 600 yards, seven shots at each distance. The winners were:

Pte. C. E. Lockhart, 8th Hussars, cup and \$12. A. E. Masie, Fredericton, \$10. Sgt. E. A. Smith, 3rd R. C. A., \$8. Major J. T. Hart, R. O., \$8. Capt. E. A. Smith, 3rd R. C. A., \$8. Capt. J. Manning, R. O., \$6. Capt. O. W. Wetmore, 74th, \$6. Sgt. J. T. McGowan, 3rd R. C. A., \$5. Sgt. W. E. Forbes, 73rd, \$5. Sgt. H. A. Chandler, 74th, \$5. Pte. J. H. Stephenson, 73rd, \$4. Pte. J. S. Frost, 62nd, \$4. Sgt. H. R. Chandler, 74th, \$4. Capt. J. M. McIntyre, 74th, \$4. Pte. A. E. Masie, 8th Hussars, \$3. Pte. A. Malinosh, 8th Hussars, \$3. Maj. J. T. Hart, R. O., \$3. A. R. Chandler, Moncton, \$40. Pte. S. B. Smith, 3rd R. C. A., \$40. F. Harris, Sackville, \$40. Total, \$320.

In the afternoon a large number of ladies assembled on the range to attend the as home given by Lieut. Colonel McLean and Mrs. McLean and the presentation of a piece of silver plate to Major John H. Parks, who retires from the presidency of the association.

Lieutenant Colonel McLean spoke briefly in reference to the long and efficient service of Major Parks as president and called on the secretary, Major J. T. Hart, to read an address, signed by the members of the association. It was as follows:

Dear Mr. Parks—We have requested your presence here this afternoon at our annual gathering, so familiar to you in other years in order to express to you somewhat of our regret at your retirement from the presidency of the association. It is a noticeable thing in our history that for 24 years you have been elected continuously as president and much does the association appreciate the constant interest you have manifested in our affairs. The period during which you have been so related to the association has witnessed some changes in the conditions of our shooting. Many changes, too, have occurred in the ranks of the association, but it was, served under you, and in not a few instances two generations have been given support of this many parttime. You have been the president of the association for 24 years, and with the warmest regards of all, but also with the warmest wishes for your future success in the future. We are proud to have you as a member of our association, and we trust that it may be to you a pleasant reminder of your connection with shooting in New Brunswick, and rest assured of this, that you have our best good wishes for the years to come.

Colonel Beer, the Honorable Attorney General Pugsley and Major Arnold made feeling reference to their long acquaintance with Major Parks and their appreciation of his efficient services to the New Brunswick Rifle Association.

Attorney General Pugsley expressed himself as highly in favor of the provincial government aiding in sustaining and encouraging the establishment of efficient rifle associations and would support any reasonable request made to the government at that behalf.

Major Parks was heartily cheered when he rose to respond. He said he appreciated the kindness of the association which was far beyond his deserts. During the time he had been in office he had never experienced any discord. He thought more interest was being taken in the shooting of late years and he saw bright prospects in the future. He was once more cheered as he took his seat after again thanking the donors of the valuable gift.

The plate is a sterling silver salver or tray, furnished in the centre and with a beautifully stamped border in a pattern of roses, daisies and shells. It is about 30 inches long by 18 inches wide and of an oval shape. In the centre of the following inscription is nicely engraved: "Major John H. Parks from the members of the New Brunswick Provincial Rifle Association, in grateful appreciation of his services as president, October, 1878, to April, 1902."

After the presentation Mrs. H. McLean, Mrs. R. O. Skinner, Miss Skinner, Mrs. W. Arnold, Miss Arnold and a number of other ladies served refreshments.

The shooting was then continued, the Elder match being concluded—Prize Challenge Cup competed for by teams of eight members from each county—Range, 200, 500 and 600 yards, seven shots at each distance. The Kings county team took first place with a score of 673, with St. John county team second, score, 672.

Sussex, N. B., Aug. 21.—(Special)—The Provincial Rifle Association's annual meet closed today and this evening many of the members left for home. It has been a successful meeting, attendance large and interest keen. The weather for the closing day was excellent.

The York and Kings challenge pitcher in connection with the principal match

was won by the following team from the 8th Hussars:

Points: Pte. C. E. Lockhart, 8th Hussars, cup and \$12. A. E. Masie, Fredericton, \$10. Sgt. E. A. Smith, 3rd R. C. A., \$8. Major J. T. Hart, R. O., \$8. Capt. E. A. Smith, 3rd R. C. A., \$8. Capt.
