### LARGE CONCOURSE OF PEOPLE TURN OUT AT CHARLO TO PAY LAST RESPECT TO MEMBER

### SPECIAL TRAIN FOR MOURNERS

By the death of James Reid of Charlott, N. B., M. P. for Restigouche County, the province has lost one of her most prominent citizens and Canada one of her most public-spirited men.

The large number of friends who attended his funeral last Saturday was a tribute to the respect and good will Mr. Reid had won in his long, busy and useful life of seventy six years. A special train brought between fifty and sixty of his Campbellton friends while his colleagues in the House of Commons, Mr. O. Turgeon of Gloucester and Mr. P. Michaud of Madawaska, the latter of whom was for many years Mr. Reid's seat mate in the House of Commons, paid their respects to his memory.

For fifteen years Mr. Reid had worthily represented Restigouche County in the House of Commons and faithfully cared for the interests of his constituents. His sound common sense, and good business ability gave him an influential place in the councils of his party and he was of particularly intimate terms with his great leader Sir Wilfrid Laurier.

In his business as a lumberman and merchant was very successful and will be much missed by the various enterprises he directed. The honesty and simplicity of his character together with his straightforward business dealings won him the esteem and confidence of his fellowmen.

Mr. Reid was a member of the Presbyterian church, a most attentive attendant upon her services and sacraments. He was a liberal supporter of the work of his church both at home and foreign, and it is understood that generous provision for her needs has been made by his will.

Two months ago Mr. Reid lost his beloved wife, the cherished companion for forty two years, and his last days were clouded by his loss. "They were lovely and pleasant in their lives, and in their death were not divided."

He is survived by two sons, John of Vancouver, B. C., and James A. of Charlott, N. B., also a sister, Mrs. James McMillan of New Mills, N. B.

The funeral services were conducted at his late residence by his pastor, Rev. F. L. Jobb, and in accordance with Mr. Reid's expressed desire, were of a simple nature. The cortege was followed to the cemetery at New Mills by a large procession, where Mr. Reid was laid to rest by the side of his beloved wife in the sure and certain hope of a glorious resurrection from the dead through the Lord Jesus Christ.

A wealth of beautiful floral tributes surrounded the casket, showing the desire of so many friends to pay tribute to one who was so greatly beloved.

The pall-bearers were Messrs. David Henderson, Wm. Currie, James R. McPherson, Peter W. Hamilton, John McLean and Wm. Jamieson.

The Hon. Wm. Pugsley pays the late Mr. Reid the following tribute:—"Mr. Reid was an excellent representative, always looking faithfully after the interests of his constituency. He was a gentleman of fine type and one of the kindest men I have ever met. He was popular on both sides of the house and the news of his death will be received by all members with the deepest regret."

Owing to the party truce a liberal should be elected for this County, by acclamation. A proposal which would meet with the support of all the people of the county irrespective of party would be to offer the position to the Hon. C. H. LaBelle, who spent many years in the service of the county, and who would make a splendid successor to the late James Reid. Nothing has yet been done in the matter, but we understand this proposition is looked on with much favour.

### SPECIAL MEETING OF TOWN COUNCIL

Held on Tuesday Evening to Consider Requisitions of the Militia Authorities

### FREE LIGHT AND WATER

A special meeting of the town council was held on Tuesday evening, His Worship Mayor Andrew presiding. Councillors present were Messrs. Alexander, Miller, McLean, Goss and Quinn. The minutes of the previous meeting were read and confirmed.

Communication read from the Town Clerk of Bathurst enclosing copy of resolution of thanks to the firemen for their assistance at the recent Bathurst fire. Letter ordered filed.

The following reports of committees recommending payment of accounts were received and adopted.

Fire Protection	\$49.79
Finance	300.80
Public Property and Streets	193.69
Water and Sewerage	119.84
Electric Light	97.60

The Police and License Committee presented a report recommending that license be granted to Emile Allain for jewelry store and watch repairing business on payment of \$25.00, and that license be granted G. E. Charron and Pierre Joseph for photo business on payment of \$15.00.

Report was received and adopted.

His Worship stated that the main object of the meeting was to discuss the proposition regarding light and water to the Militia Authorities. He recited the facts that a deputation consisting of Mr. D. A. Stewart, M. P., P. A. McG. McDonald, Recruiting Officer and himself had waited on Sir Sam Hughes recently and got his promise to send officers to look over the old I. N. R. property which the deputation thought would make suitable billeting quarters for troops during the winter. Lieut. Col. Dean and Captain Jago were here and they reported favorably on the proposed buildings. The engine house would be used as sleeping quarters for the men, the freight shed as dining and recreation room, the store for the Quarter master and the office buildings would be used by the officers. The council were now asked to support the delegation and grant free light and water to the Authorities.

The Militia department would fit up the buildings and there was water connections in some of the buildings now. The buildings were all wired for electric lighting. After discussion on the matter it was moved by Councillor McLean, seconded by Councillor Goss, that free light and water be given to the Militia Authorities for the I. N. R. buildings as billeting quarters. It was pointed out by Councillor Miller, that under the act we could not give the privilege of free water, and a nominal sum per annum was added to the motion if in the opinion of the Town Solicitor it was necessary to do so. The motion was carried.

Councillor McLean brought the matter of license before the Council. He said that as it was very probable Campbellton would always remain a recruiting centre while there was a call for volunteers, he thought it a good time to make representations to the provincial authorities to cancel the liquor licenses in this town, and so remove the temptation. Other provinces were dealing with this liquor business without gloves, and were making stringent regulations regarding the saloons. Councillor McLean thought this matter should either be handled by our numbers of through the citizens, but thought it was incumbent on the council to show their colours as well as the temperance Societies. The Militia department would certainly look with favour on any project of this kind, and he thought an appeal of some kind should be made. There was some desultory discussion on this question, the matter was dropped.

The outfit belonging to Ex-Police Officer Savoy was purchased for the Police department at a cost of \$15.00. This consists of truncheon, 2 pairs of handcuffs, 2 twisters, and one sent leg-irons.

On motion the bill of Mr. W. A. Trueman of \$4.00 for coroner's fees was ordered paid.

The matter of receptions to returned soldiers was discussed and in the end, a motion was passed that the mayor and council would officially receive all returned soldiers. Council then adjourned.

### MYSTERIOUS DISAPPEARANCE OF FISHERY GUARDIAN

William Wilkins is Supposed to be Drowned on Restigouche River Near Dawsonville—Body Not Yet Found.

Word was received here yesterday of the disappearance of William Wilkins, a fishery guardian aged 65, he being supposed to be drowned in the Restigouche river a few miles up river from here.

From information received it appears that Wilkins left his home about nine o'clock on Monday evening, and not returning by ten o'clock some of the men about the place went out to look for him. A light snow had fallen and his footsteps were traced to the river, a footprint where the snow had come off his boot being quite distinguishable on a rock underneath the surface of the water.

### TOOK THE ADVICE OF HIS FRIEND

Stomach Trouble and Rheumatism Relieved By "Fruit-a-tives"

MR. L. LABRIE

594 Champlain St., Montreal.  
"I have been restored to health by taking 'Fruit-a-tives'. For two years, I was a miserable sufferer from Rheumatism and Stomach Trouble. I became very weak, had frequent dizzy spells and when I took food, felt wretched and sleepy. I suffered from Rheumatism dreadfully, with pains in my back and joints and my hands swollen. A friend advised me to try 'Fruit-a-tives' and from the outset, they did me good. After I had started the second box, I felt I was getting well and I persevered in the treatment. I can truthfully say that 'Fruit-a-tives' is the only medicine that helped me."

### SGT. MAJ. DUNCAN TO BE QUARTERMASTER

Well-Known Chatham Officer is Appointed to the 132nd Battalion

The news that Sergt. Major William J. Duncan of Chatham, had been offered the appointment of quartermaster in the North Shore battalion to be raised for overseas service was very pleasing to his numerous friends in this city. Sergt. Major Duncan is a native of Ireland and served for some years in the Royal Irish Rifles before coming to Canada. He joined "A" Company of the infantry school corps soon after its foundation and was a member of it for twenty years. This corps afterwards became the B.C.R. and Sergt. Major Duncan served with it at Fredericton, Halifax and St. John's, Quebec. He retired a few years ago on a pension and has since been located at Chatham, where he acted as caretaker at the Armory. Since the outbreak of the war he has been on duty at the Newcastle wireless station. He is considered one of the best informed military men in the dominion.—Fredericton Mail.

The following extract is from the will, recently probated, of a keen, successful, and, as the will proves, thoughtful business man.  
Among the insurance policies on my life which are now payable to my children in equal shares, I am understandingly arranging that these policies shall be made payable to my estate so that my executors may have in hand ready money for immediate requirements. If I should not have been accomplished at my death I desire my children to release their interest in the policies and to pay I direct  
The \$27,047 life insurance prevented the sale of property which would otherwise have had to be disposed of at a great sacrifice.  
The moral is plain: There is no estate, be it large or small, but should be covered by life insurance. A policy would prevent losses to your widow or your children that could not otherwise be avoided, because it pays "ready money," especially if shared with

# LACK OF SENSE

The following clipping is taken from the Philadelphia Grit, and we leave our readers to judge whether it should receive the privilege of the Canadian mails or not.

## Good Horse Sense

King George of England was riding a horse the other day at a military parade and the animal bucked him off. It was probably, however, and it was only following the example set by our ancestors when they bucked George's great-grandfather, George III, off their backs in the days of '76. Looks like the horses in Europe have more sense than the people. If the people had good horse sense they'd buck all the kings and lords, kaisers and czars off their backs in a jiffy. But the incident helped George to get his name in the papers. The only thing he has done since the war began was to fall off his horse. In the old days this would be taken as a prophesy of the future. Some of these days some of the rest of their royal ribs will be thrown or kicked off their high horses, and in the words of the old song, we can all say, "Oh, let it be soon!" J. F. LEWIS.

This is a paper which enjoys a large circulation in Canada and has been quoted largely throughout the dominion. Canadians should see that such silly utterances of a reptile gutter press are relegated to their proper places. Such utterances may be hailed with joy in the homes of "hyphens" who have no country, but are not acceptable to Canadians who have the pride of a country and an Empire at heart.

## MR. JAS. REID

Prior to the last general election, Mr. James Reid announced a determination to retire from active political life. Advancing years, his own love

of quiet, and the cares of business were reasons which appeared to him good reasons for giving up the representation of the county he had well represented from the time he won it first in 1900. He did not retire, and the reason why was because Sir Wilfrid Laurier asked him to again bear the party standard. Mr. Reid was a true party man, and his simple statement, "when my chief said to me, I knew but to obey," explained his return to Parliament. A good citizen, Mr. Reid made a good parliamentary representative, and enjoyed the goodwill and esteem of political friend and foe. His death will make no change in the party representation, for under the political truce a Liberal will be elected in his stead.—Globe.

## CONGRATULATIONS

The Mail heartily congratulates Lieut. Col. G. W. Mersereau of Oakton on his appointment as commanding officer of a battalion to be recruited in the North Shore counties for overseas service. Col. Mersereau has been connected with the active militia for many years and is an enthusiastic and efficient officer. His son, Major C. J. Mersereau, is now at home recovering from serious wounds received while fighting in Flanders and another son, Major H. C. Mersereau, has gone to the front with a Canadian medical corps. The colonel himself has been working hard for over a year to get a chance to cross the Atlantic and take a fall out of the murderous Hun. He is known in every household on the North Shore and if any man can rally to the colors the sturdy manhood of that region he is the one for the job. The proposed North Shore battalion should be known at the New Brunswick Invincibles. May the white plume of Col. Mersereau, like that of Henry of Navarre, ever be found in the forefront of victory and honor.—Fredericton Mail.

## CHURCH UNION

The Toronto Globe finds that the question of Union with the Methodist and Congregational churches as submitted to the Presbyterians of the Dominion a few weeks ago, is being marked by want of enthusiasm and general lack of interest from the Atlantic to the Pacific.

The time limit granted by the Assembly expired last Sunday, with the result that only 1-4 of the congregations declared themselves and in consequence the time limit has been extended for another Sunday. The want of interest taken in the question is being accounted for by the fact that the leaders of the Anti-Unionists assure the continuance of the Presbyterian church by the result of the voting what it may. On the North Shore only two congregations voted, St. John's 2 to 1 in favor, and St. Stephen's, Redbank 43 to 1 against. In city of St. John only two out of ten churches sallied out while these two strongly supported union four years ago, this time they went strongly against it.—Gazette.

# GinPills

FOR THE KIDNEYS

## Why Demanded

"Gin Pills did for my husband and me what no other remedy could. I have advised two other parties to use them, one of them being my mother who has been a great sufferer for upwards of 20 years, and one box cured her, so as to enable her to sleep on her left side, something she could not do for many a year. The doctors told her they could not cure her, but could relieve her by an operation for a floating kidney, but on account of her age they did not think it advisable for her to go. Upon my advice she tried Gin Pills which cured her and for which she is ever ready to speak in terms of praise."

indictment of the republic—

"National conscience is on the decline. No longer can an American hold up his head abroad. Our place in the world is that of a non-jugg. In Germany we are laughed at as spineless weaklings; our money alone is feared. England thinks we are cowards and American life is a commodity which can be paid for in cash. The French shrug their shoulders."

## LETTERS FROM THE FRONT

Mr. John A. LeBlanc has received a letter from his son Pete in which he says:—

Things are not so interesting here now as when we first came, as everything is now getting stale to us and we don't mind those shells which the Germans send us over every once in a while, and more so at meal hours so as to try I guess, and make us heart sick, so we may starve, but never the less they are not succeeding with it very well as we are always ready to eat a good meal a dozen times a day if we could get it. Instead it is a struggle to make three meals from what we are allowed to each one of us. We very often hear tell of the Germans coming over to the British trenches. That claims they are starved out of their own, well this has not occurred with us yet, only hope that enough of

These boys knew they were going to almost certain death, but they went like heroes."

# TO RAISE FRENCH-

ACADIAN BATTALION

Meeting of Representatives Held

at Moncton to Make Arrangements

While in the city last evening, Captain L. B. Tilley, of St. John held a consultation with French speaking representatives from various parts of the province concerning the changes for the formation of a distinct regiment from among the French-speaking people of the Province of New Brunswick. The meeting was a quite representative one.

For various reasons, the promoters of the movement are not publishing many details, but it is understood that the idea of such a regiment is being received with favor throughout the province, and that it only remains to secure the necessary officers of French speaking origin. A well-known military officer from the North Shore, is slated for the position of commanding officer (Major, or Lieut-Colonel), providing he can make the business arrangements necessary to taking the appointment.

The committee which met here in L'Assomption, N.B. last night, is sending out a call for more delegates from parts of the province not previously represented, and it is expected that a meeting of a provincial committee will be held here within a few days.—Friday's Times.

Moncton lovers of music were given a rare treat Tuesday evening at the organ recital given by Mr. W. Lynwood Farnam, A.R.C.M., A.R.C.O., in St. John's Presbyterian Church. The recital was one of the finest of its kind ever heard in Moncton. The church was crowded and over one thousand people, including parties from Sackville and Shediac were in attendance and Mr. Farnam was given a very hearty reception. Clearly, precision and accuracy were undoubtedly marked characteristics of his playing, and his quiet and easy manipulation of the magnificent organ, stamped him a master par excellence. A glance at the programme is sufficient to show the diversity of style, and the marked characteristics of his playing, and his quiet and easy manipulation of the magnificent organ, stamped him a master par excellence. A glance at the programme is sufficient to show the diversity of style, and the marked characteristics of his playing, and his quiet and easy manipulation of the magnificent organ, stamped him a master par excellence.

The programme as carried out follows: Scherzo Symphonique Concertante (A. Major) Lemmens Allegretto Grazioso (E. Major) Robt. Fuchs (From Serenade for Stringed Instruments) Marche Pittoresque Kroeger Solo, "I Will Extol Thee, My God, O King" Molique (Mrs. Fred Crandall) Sonata No. 1 in F Mendelssohn I. Allegro Moderato e Serioso. II. Andante. III. Andante Recitation—Allegro Assai Vivace. Cornet Solo—"The Lost Chord" Sullivan (Mr. Fred Crandall) Variations De Concert (E. Minor) Joseph Bonnet "Vielles Chansons" (D. Major) E. d'Evry Scherzo (from 4th Symphony) Widor Duet—"Autumn Song" Mendelssohn (Mrs. Crandall and Mrs. Norton) Ave Maria (E. Major) Henselt Caprice (B. Flat) Gullman "For Unto Us a Child is Born" Handel

After the recital, Mr. Farnam was asked to give his views of St. John's new organ. "I could not give you a proper appreciation of such an organ in a few words," was Mr. Farnam's reply. "It is a very nice organ and very well placed. The base is particularly effective and the solo stops are splendid. The actions are remarkably good."

This organ was installed by the Canadian Pipe Organ Company and pastor and congregation are greatly indebted to Mr. Ludger Madore, a director of the company, who has given his personal attention to the installing of the instrument.

This same firm installed the new organ in St. Andrew's Church here and Mr. Farnam also opened this instrument with a recital which delighted a very large audience. The present organ in St. Andrew's served under Mr. Farnam when the latter was in charge of Christ Church Cathedral, Montreal.

## NEW INDUSTRY NOW ESTABLISHED HERE

Mr. Robt. St. Onge Has New Flour Mill Running. A Splendid Up-to-date Plant

For the past three months carpenters, millwrights and machinists have been busily engaged erecting a modern milling plant in this town for Mr. Robert St. Onge, and the present mill is now in successful operation. The very latest type of milling machines were installed and consist of a 25 barrel flour and buckwheat mill with all necessary cleaning machinery, the whole driven by a 7½ H. P. electric motor.

The new mill is manufactured by the newest process, known as the Tattersoll Midget Marvel System and does away with the endless spouts and elevators that formed a large part of the old type of mills. In the old systems of making flour the material when it is carried through these chutes and spouts before it finally reached the flour bin, thereby robbing the flour of much of its natural flavor. In the Midget Marvel System the flour is made instantly and is at once packed, retaining all of that sweet flavor that used to characterize the bread made from flour ground in olden days.

The leading brand of flour that Mr. St. Onge will manufacture will be known as "Sugar Loaf" and nothing but the finest wheat will be used in its manufacture.

The building is 30x40, 2½ stories high and is of modern construction, no expense having been spared to produce flour under the most sanitary conditions. Mr. St. Onge deserves the highest recommendation for his effort to supply this county with a much needed industry and should have the support of the entire community.

## DEFENDS PART OF FRENCH-CANADIANS

Hon. Chas. Marcell Replies to Toronto Critics Concerning Number Enlisted

The Hon. Charles Marcell, speaking at the Reform Club on Saturday, made a spirited reply to Toronto critics of the French-Canadian race. "Why," asked Mr. Marcell, "should these small people in Toronto have done its duty nobly. May be it has not sent as many men as it might have done, but the war is not over yet. There is not a hamlet in the province which has not done something in the war."

"I sincerely hope that Canada will never lower herself to that degrading position when conscription will be necessary. I do not think that there will be conscription as many seem to think. Canada has given liberally. Her blood flowed generously at St. Julien and Festubert. There will never be the necessity for conscription in Canada."

Mr. Marcell said there was no crime of which Germany had not been guilty. Canada was at war to prevent against that policy. It was Canada's protest, as well as England's and it was the Canadians' duty to see that the success of the Germans in the early part of the struggle had not continued. Mr. Marcell also paid a warm tribute to the work accomplished in the war by the French soldiers.

# FEELS LIKE A NEW WOMAN

As Lydia E. Pinkham's Vegetable Compound Dispelled Backache, Headaches and Dizziness.

Phys. Ohio.—"I would be very ungrateful if I failed to praise Lydia E. Pinkham's Vegetable Compound. I have taken it at different times and it always relieved me when other medicines failed, and when I hear a woman complain I always recommend it. Last winter I was attacked with a severe case of organic weakness. I had backache, pain in my hips and over my kidneys, headache, dizziness, faintness, had no energy, limbs ached and I was always tired. I was hardly able to do my housework. I had taken Lydia E. Pinkham's Vegetable Compound on one other occasion, and it had helped me so I took it again and it had helped me up, until now I feel like a new woman. You have my hearty consent to use my name and testimonial in any way and I hope it will benefit suffering women."—Mrs. CORNELIA TURNER, 421 S. Wayne St., Lima, Ohio.

Women who are suffering from these distressing ailments peculiar to their sex should not doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## ALL PARCELS SENT TO SOLDIERS SHOULD CONTAIN ZAM-BUK

A man from the front made this remark the other day, and extracts from many letters we have received from the firing line and from Canadian camps bear this out.

Sapper G. T. Webster, 2nd Field Co., Canadian Engineers, writes: "We find Zam-Buk of great benefit here in camp for sores, cuts, bruises, sprains, etc. I would not be without it."

Corp. J. C. Fremis, 10th Field Ambulance, writes: "I have found Zam-Buk a great remedy for foot-soreness and also for rheumatism. A box I received the other day was shared amongst us and used up in a few minutes."

Lance-Corp. Delaney, 2nd Royal Irish Regt., who has been awarded the Distinguished Conduct Medal, writes: "Zam-Buk out here is like a loaf of bread to a starving man. We had a forced march of 87 miles, and not a man was without Zam-Buk on his feet."

Sgt. F. Bremer, 8th Canadian Mounted Rifles, writes from Barrieffield: "Zam-Buk has proved most valuable for cuts, sores, blisters, etc. It has been a true friend, and we never fail to include it in our kit."

Private Johnson writes: "Mrs. offered to send me a rug. I have written to tell her to send out Zam-Buk instead. It will be of far more use."

For sore feet, chafed places, scabs, sores, barbed wire scratches, cuts, abrasions, cold sores, chapped hands, etc., Zam-Buk is a veritable marvel. It stops the pain and heals so rapidly. Here is costs but 50c per box. Out at the front, to your friends in the trenches and engaged on communications, it is priceless. Remember also that for similar injuries sustained at home it is just as good.

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need clearing at once. ## FRENCH REPORTEE ON THE FIRING LINE

Exchange of Oral Shots Between British Soldiers and the German Lightens War Burdens

An account of the repartee that passes between the British soldiers and the enemy in the nearest trenches is given in an article in a late issue of Cornhill. The writer, Mr. Boyd Cable, first tells the story of "The Tower Bridge Rifles" exchanging oral shots with the enemy.

A voice from the German parapet:—"Hullo, Tower Bridge Rifles! Pleased to meet you again."

"Hullo, Boshy," retorted one of the Towers. "You're makin' a mistake this time. We ain't the Tower Bridge Rifles. We're the Kanchatka 'Tland-ers."

"An' you're a liar if you says you're pleased to meet us agin," put in another. "If you've met us afore I lay you was too dash sorry for it to want to meet us agin."

"You can't take any more trenches," said a voice. "You haven't shells enough."

"Anyhow," replied the English corporal, "we ain't short of bombs. 'Ave a few to be goin' on with,' and he and his party let fly.

Then, a bit later:—"Hi, there! Where's that Soho barber's assistant that thinks he can talk 'English'?" demanded the Towers' spokesman cheerfully.

That annoyed the English speaking German, as, of course, it was meant to do.

"I'm here, Private Petticoat Lane," retorted the voice, "and if I couldn't speak better English than you I'd be shaming Soho."

"You're doing that, anyway, you bloomin' renegade dog stealer!" called back the private. "W'y didn't you pay your landlady in Lunnon for the lodgin's you owed when you run away?"

"Schweinhund!" said the voice, angrily, and a bullet slapped into the parapet in front of the taunting private.

After a while, in good English:—"We'll make you learn German when we've taken England."

"Oh, it's English you're takin' now!" said Private Robinson. "But all you'll ever take of England will be same as you took before—a tuppenny tip if you serves the soup up nice."

"I got 'im," said the Corporal three minutes later. "One bloke was looking with a periscope, and I saw a little cap an' one eye come over the parapet. 'E copped it right enough."

After a while:—"Now, then, where's the orchestra?" demanded some one, and the orchestra, on a month organ, strong, promptly struck up a lilting music hall ditty, followed by "My Little Grey Home." Then the Germans sang "Deutschland über Alles" in full strength and harmony, and then "The Watch on the Rhine," a parody which does not go out of its way to spare German feelings.

"An' 'ow d'you like that, ol' sossidge scuffers?" demanded Private Robinson, loudly.

"You wait," bellowed a guttural voice. "Us vind you ou quick!"

"Ark!" said Private Robinson, in eager anticipation. "I do believe it's s-sh! There," triumphantly, as again the word rang out—the one word at the end of the verse—"England!"

"It's it. It's the ymn of 'ate'."

Every man sat drinking the air in eagerly. Hadn't every regiment heard about the famous hymn and longed to hear the tune? And here it was being sung to them in full chorus by the Germans themselves.

The mouth organist was listening as if afraid to miss a single note.

"Ave you got it, Snapper?" whispered Private Robinson. Snapper, with his eyes fixed on vacancy, began to play the air over softly and doubtfully.

"It's a kid 'em to sing it again," said Robinson. A loud "Encore" rang from the trench.

"Was you know vat we haf sing?" asked a German voice.

"It's great, Dutchie. Sing it again."

"You haf not understand," said the German angrily. Then a clear tenor in the German trench gave it in English.

Before the last sound of it has passed the singer had plunged into the next stanza, his voice soaring and sinking with an intensity of feeling.

The whole effect was inspiring, wonderful, dramatic. One felt that it was emblematic, the heart and soul of the German people poured out in music and words. His Majesty's regiment of Tower Bridge Rifles was most obviously not impressed with fear and trembling. Private 'Enery Irving, clapping his hands and stamping his feet in the trench bottom, voiced the impression exactly. "It beats Saturday night in the gallery of the old Brit," he said, enthusiastically. "That bloke—blimy—'e ought to be doin' the star part at Drury Lane."

Each evening after that and later on when marching to the reserve billets the Towers made a particular point of singing the "Hymn of Hate."

"It's of the 'eat, an' 'ite of the 'and, 'ite by water, an' 'ite by land, 'Oo do we 'ite to bear the hand?"

The answering roar of "England!" struck the Germans, and a band leader, "What on earth are those fellows singing?" he asked one of his officers, was told and rocked with laughter.

### BIG CROWD AT OPERA HOUSE ON SATURDAY EVENING

#### CELEBRATION OF ST. ANDREW'S NIGHT

Caledonian Society of Restigouche Observe the Evening on Tuesday.

The Caledonian Society of Restigouche fittingly observed the feast of their patron saint, St. Andrew on Tuesday, when about forty members and friends sat down around the festive board at the new Opera House tea rooms. In the absence of the president, Mr. T. R. Busted, Mr. H. R. Smith presided and the members did full justice to the light refreshments provided.

The secretary read the congratulatory messages from kindred societies, the reading of a cable from Major MacKenzie, Lieut. Ferguson and Lieut. Lockhart, bringing the members to their feet with three cheers to their absent members. A kindly message was also read from the president, who is at present in the hospital at Montreal.

A splendid program of songs, speeches and recitations was gone through with, taken part in by Mr. D. Allen of Charlott, Mr. T. J. McDevitt, Mr. Guy Mesereau, Mr. M. A. Kelly and Mr. H. R. Smith.

Pipe and violin music was provided by Piper McLennan, R. B. Gerrard and A. F. Chamberlain.

The flow of oratory was sustained by Judge MacLachy, Mayors Andrew and Montgomery, Mr. Wm. Currie, Dr. Murray and others, not the smallest part of the evening's entertainment being the step-dancing of two of the oldest members.

The gathering was a distinct success due in no small measure to the arrangements made by Mr. S. W. Dimock, who did everything for the comfort of the members. A few new members joined this society, which now numbers about one hundred, and those who have not yet received their membership cards for this year, can have same by applying to the secretary.

#### Splendid Reception Given to Capt. Tilley and Sergeant Knight Who Stir Up Unbounded Enthusiasm

#### YOUNG MEN RUSH TO ENLIST

A magnificent audience gathered in the Opera House on Saturday evening to take part in the great recruiting rally till up the ranks of the 132nd Battalion. Not a vacant seat could be had and many of the citizens were standing round the walls and down the aisles when Mayor Andrew called the meeting to order. On the platform supporting the Mayor were His Honor Judge MacLachy, Col. Mesereau, Captain L. P. D. Tilley, Sergeant Knight, Capt. McKay, Lieuts. Archer and DelaPerelle and Recruiting Officer MacDonald. Seated on the platform behind the officers were the first batch of recruits to sign on for the 132nd, and they got a good cheer when they marched on to the stage and took their seats.

Pte. Donald Blue, the first Campbellton boy to return from the front was also on the stage.

His Worship briefly spoke of the objects of the meeting and then called on Judge MacLachy, who was the first speaker of the evening. In the course of his remarks the learned gentleman said that he was proud of the opportunity to speak before such a large audience and proud of the cause they were there to advocate. We must do everything in our power to stimulate recruiting for the 132nd battalion, which we might say was our own battalion. It was the unanimous opinion that this would be the best regiment of all. Col. Mesereau was well known to all in this district and he had the confidence of every citizen. There was no necessity to speak on or to advocate the just cause we were fighting. We were waging a war against military oppression and Canada's existence was at stake. We would be victorious in this great conflict if every one would do his or her duty and use all their influence on the side of righteousness. None should be afraid, said the Judge, "Cowards die many deaths, but a brave man but once." We have certainly done well in Campbellton, having given over 625 or 4 per cent of the total population of the town, but still can not be compared in the least to Australia. There is scarcely a family in Campbellton but who has some relatives at the front, but there is still room for many more. One family alone has given six sons. The shadow of conscription is over us and compulsory service can only be avoided by the young men coming forward of their own free will. He appealed to the young men to stand by the flag which has so long waved over a free and contented people. Duty calls with a loud voice. Don't put off till to-morrow. Do it now.

Capt. Tilley was the next speaker and he said that he hadn't addressed a better audience in New Brunswick and never certainly a better recruiting meeting. He saw before him a good hundred and fifty likely looking recruits. He understood from what Campbellton had already done that there were no more young men left, but there were still a few. He said the situation before us is serious. It was no time to discuss the past wars, no time to go back to the reasons for this one, we must bring it right home to our own doors. The life and the destiny of the British Empire was at stake. We must stop this "business as usual." The only business we should be engaged in is the war. He spoke of the mothers and sisters of those who had gone to the front. These were the true heroines of the war, they who wait quietly at home. He asked for a steady stream of recruits to fill up the three New Brunswick battalions and especially for the North Shore battalion. He asked them not to knock, but to shove and push and don't criticise. Capt. Tilley appealed to the young ladies to help in this by asking the young men who sees them home "When are you going to join?"

Col. Mesereau on rising to speak, received an ovation and in a short speech thanked the people for all they had already done and promised to look after the boys as if they were his own. The parents could with safety entrust their lads to him and he would look after their welfare.

Sergeant Knight was then called on and on rising was greeted with three ringing cheers. It is impossible in the space we have at our disposal to give even a slight resume of his address. He spoke for well over an hour and carried his audience with him all the time. The sergeant favoured conscription, as we did not have the war brought close enough to us. He instanced

the case of the Belgian army of only 230,000 mobilised in seven days, yet they saved the British army. As the first native born Canadian to be in the fight on Aug. 10th, 1914, he knew of what he spoke. Sergeant Knight made his audience feel all the shame and the degradation placed on Belgium, and his remarks on the position taken up by the United States brought forth great cheers, the demonstration being again renewed when he roundly scored Lavergne and the other ungrateful sons who refused the help which Britain so sorely needed. He was very strong in his comparisons, putting the money given to the Patriotic Fund as against the life laid down. The closing words of his address were most striking. "Will you be as men who have seen another vision and live as God intended we should live, loving your neighbor as yourself, to leave the earth better than you found it. Have you done anything for your country? It has a claim on you. Now who will go? Will you come with me?"

On the sergeant's appeal for recruits, thirty one stepped up to the platform, while many others signified their intention of joining and got their enlistment papers.

On Sunday evening a meeting was held at Flatlands, taken part in by the same speakers and seven enlisted there. But the enthusiasm kindled did not stop for since the meetings the officers have been busy signing on recruits, the full total passed by the medical officers up to this morning being 67 and their names follows:

#### RECRUITING TO GO ON A FIRM BASIS

Strong Committee Formed at Meeting Held Here on Saturday Afternoon.

A meeting of citizens was held last Saturday afternoon in the council chamber to meet the recruiting officers and make arrangements for the big meeting in the Opera House in the evening. Mr. D. A. Stewart presided, and the minutes of the meeting held on Nov. 24th were read and on motion approved.

After a few remarks by the chairman, Capt. Tilley discussed recruiting matters and said he was anxious to put recruiting on a permanent basis by organizing committees in counties and the main towns in the province. Recruiting all along had been too spasmodic and 3000 was wanted in New Brunswick. He was anxious that we make a record in the raising of the 132nd Battalion, to have it all ready and equipped by the first of January, 1916. This was not impossible as they had got 170 recruits in five days. Regarding the raising of funds for carrying on the work, he was of the opinion that town and county councils should make grants to this so that the committee would not be hampered in their work.

Col. Mesereau then spoke a few words of thanks to the citizens of Campbellton whose strong resolution had done so much to make this battalion a possibility. He said that he would take quite a number of officers from the county and complimented Mr. A. McG. McDonald on his recruiting work.

A nominating committee was then formed by the chairman who retired, and on their return recommended the following names as the official recruiting committee, viz: Judge MacLachy, chairman; M. A. Kelly, secy.; A. G. Adams, A. T. LeBlanc, M. M. Mowat, D. A. Stewart, Jos. Pichette.

The committee, accompanied by the officers then arranged to visit the I. N. R. buildings, after which the meeting adjourned.

#### WELCOME TO A RETURNED WOUNDED HERO

Pte. Ned Sargeant Arrives on the Express This Morning and is Warmly Welcomed

Although arriving at an early hour this morning an enthusiastic reception was tendered to one of our returned heroes, Ned Sargeant, who enlisted from here in the first contingent. He arrived per S. S. Corsican, but instead of coming right through, he remained in St. John for a few days with his sister, Mrs. Alchorn. Accompanied by his mother, the hero arrived this morning on the Express and was met at the station by a good crowd of citizens, and an address of welcome was extended to him by his Warship Mayor Andrew. Led by the Campbellton Brass Band and the Campbellton Fire Department, who turned out in a body, the crowd marched in procession with torches up to his home where a happy reunion took place on the verandah.

Pte. Sargeant replied to the Mayor's address and thanked the people for their generous reception. His father also essayed to reply on behalf of the family, but his feelings overcame him. Mr. and Mrs. Sargeant have now four sons serving their King.

Pte. Sargeant enlisted in the first contingent and was drafted to the 43rd Highlanders. He was wounded in the back and left leg at Festubert, and has been in the hospital in England for some time. He looks very well, although he has to use a cane when moving around and walks with a slight limp.

The best cooks of Campbellton will provide cake and candy for the Tipperary Fair.

commence at the beginning of the week.

There is some talk regarding the machine gun contributed by the I. C. R. employees being given to the 132nd Batt. This we understand will be very agreeable to the commanding officer and would be quite in keeping with the idea when the fund started that of giving it to one of our own regiments.

THE CAMPBELLTON GRAPHIC, CAMPBELLTON, NEW BRUNSWICK, THURSDAY, DECEMBER 2, 1915.

## NEW BRUNSWICK'S PART IN GREAT WAR

Hon. L. J. Tweedie Tells of the  
Large Share This Province  
Has Borne

(Montreal Evening News.)  
"New Brunswick is enjoying an unprecedented prosperity, and is more than doing its share in sending men to fight for the Empire and in other patriotic works," said Hon. L. J. Tweedie, former Lieutenant-Governor of New Brunswick, last night. Mr. Tweedie was in town for the day on his way to Toronto, on private business.

"The province is prosperous," he said. "The depression that was felt in other parts of Canada after the declaration of war did not affect New Brunswick. We never have any startling booms, but when financial crises come we are not affected. The lumber cut last winter was not up to the average, and I don't suppose it will be this winter, but we are having a general prosperity that was never before equalled."

"I think the province has done remarkably well in recruiting," Mr. Geo. Fowler, M.P., for Kings county, raised two regiments in his county. In the County of Restigouche and in the town of Campbellton there is scarcely a family that has not at least one representative in the fighting line today. In my own town, Chatham, they have already raised one regiment and are about to raise another, and they will have no difficulty in doing so. What is more, they have started a movement to raise sufficient funds to be independent of the government separation allowance, and of the patriotic fund, as they wish to provide for the dependents of their soldiers themselves. The same spirit animates the whole province, and when you remember that the province is prosperous and all the young men can get remunerative employment if they wish, it is indeed remarkable that so many have enlisted."

Of Canada's part in the war, Mr. Tweedie said, "I consider the work done by Major-General Sir Sam Hughes simply marvellous. While I differ with him in politics, I must say in justice that he has accomplished wonders. He had no experience and he made a few mistakes, but he aroused Canada to its responsibilities and deserves every credit for the work he has done."

## THE GERMANS KNEW OF WAR VERY EARLY

German Soldier Claims That  
Supplies Were Issued Early  
in July

Carl Schurz, the German soldier, reached New York a few days ago as a stowaway on a Hamburg-American liner from Rotterdam. Although Schurz is only a private, grown sick of fighting, some things he has said since reaching America are exciting interest because they prove the German preparation for war weeks before war was declared. He told a New York reporter:

"About July 7, 1914, all the soldiers quartered at Leipzig knew that something of a serious nature was going to happen because the guards were doubled at the barracks' gates every night to see that none of the soldiers escaped. New uniforms were issued and also new, strong boots, and the soldiers were ordered to wear them a little every day so that they would not be so hard when they had to march in them."

## MORE TALK HEARD OF GENERAL ELECTION

Opposition Said to be Against  
No-Contest Plan in Four  
Constituencies

Ottawa, Nov. 27.—A general election is being talked of again. The government is understood to have asked the opposition to agree that the term of Parliament shall be extended for a year and a half after the signature of peace. They also want all vacant constituencies to be filled without contest. It is understood that the opposition leader has agreed to the extension of the term of parliament for a year and that there shall be no contest in three of the constituencies now vacant. The term of parliament would end a year from next month—a year's extension would give parliament two years of life from the present time. The government thinks this is not enough. The opposition thinks it is sufficient and that if prolongation of the war requires that time there can easily be another extension arranged if the people desire it.

The difference over by-elections seems even more serious. There are seven ridings vacant, one Liberal and six Conservative. It is understood the government want no contest in any of them, and that the opposition is willing to have no contest in Prince, J. A. Richards, the Liberal, in Hamilton, formerly represented by Samuel Barker, Conservative, and in Restigouche, formerly represented by James Reid, Liberal. These seats were vacant by death.

In the other four vacant ridings the opposition is unwilling to agree to a no-contest proposal. Sir James Aikens resigned from Brandon and Mr. Wm. Sharp from Lisgar, to save the Conservative party after the corruption disclosures had driven Robin and his associates out of office. The opposition say that the decision as to a contest in those ridings should be left to the people and not settled arbitrarily by political leaders.

So with Kings, N.S., and Carleton, Ont., where Mr. A. D. W. Foster and Mr. W. F. Garland, resigned after the war purchase exposures. It is alleged that if there is an agreement for no voting in Kings and Carleton that Foster and Garland are practically sure of getting the nominations from their county conventions and to reserve the places in parliament from which they were forced.

PTE. VICTOR CORMIER

## ARRIVES HOME

(From the Gloucester Northern Light)  
Bathurst's first wounded soldier from the front, Pte. Victor Cormier, arrived on Saturday. A crushed step, caused by a piece of shrapnel, is the wound from which Pte. Cormier is suffering, and he expects to be fit for service again in about three months, when he expects to return to the fighting line. He was only four days in the reserve trenches when he was hurt, but he has already seen enough of the war to make his conversation very interesting.

## FAT PROFITS AT THE EXPENSE OF ENGLAND

United States Papers Utter  
Trenchant Criticisms on the  
War Orders

Ottawa, Nov. 22.—Revelations published in The Wall Street Journal in connection with enormous war profits made by Canadian firms have added to the already numerous charges to which the Canadian Shell Committee has not yet replied. "Big profits," says The Wall Street Journal, "are indicated by many of the Canadian war stocks." The New York publication then proceeds to comment upon the profits made by the Canadian Car and Foundry Co. of Amherst and Montreal, whose head is Hon. Nathaniel Curry, Conservative Senator from Nova Scotia.

"The Canadian Car & Foundry's total business," says the paper, "consists of a number of orders. The first was for 2,500,000 shrapnel and a similar number of high explosive shells, and aggregated about \$85,000,000. Most of the order was sublet among various manufacturers in Canada and the United States. Another order was for three million shells, amounting to approximately \$53,000,000. Nearly all of this order was also sublet. Other orders for shell parts brought the total to about \$146,000,000. On the shells sub-let the Canadian Car and Foundry's commission is about \$2.40 per shell. On this basis profits from orders on hand should have run over twenty million dollars."

"Profits of this size if realized in the fiscal year just begun would pay interest on the \$5,817,416 bonds, and leave a balance equal to more than 150 per cent. on the combined issue of \$7,250,000 preferred and \$4,225,000 common stock."

Commenting upon the above extraordinary profits, The Ottawa Citizen says to-night: "Hard, cold business? The Canadian Car and Foundry Company has a big factory at Fort William. During the days of frenzied finance the Fort William people paid a bonus of \$250,000 to the Canadian Car & Foundry Company for the privilege of having car shops in Fort William. At the present time little or no work is being done at Fort William, while the company is sub-letting contracts in the United States. As a matter of hard, cold business, of course, all orders sub-let by Canadian interests in the United States will escape any suggested Dominion war taxation."

Of the Dominion Iron and Steel Co. of Sydney, The Wall Street Journal states that it has been running night and day at capacity in turning out shells and parts of shells, also toluol, benzol and other by-products. The Dominion Coal Co., it says, finds it difficult to secure bottoms for its enormous orders.

"Steel Company of Canada (Hamilton)," continues The Wall Street Journal, "is another concern that benefited very materially from war orders. The company is said to have a contract for all the shells it can make for two years, and is now showing earnings at the rate of \$500,000 monthly. Profits are running at the rate of over 26 per cent. on the company's entire capitalization; the \$6,466,000 preferred stock is sharing equally with the \$11,500,000 common stock in all profits, over 7 per cent. on both."

"National Steel Car has large orders for cars and shells. The company is machining 2,000 shells a day, confining itself entirely to machining and steel forgings supplied by the Steel Company of Canada. It is understood that earnings are running at the rate of over 40 per cent. on the common stock."

Of the Nova Scotia Steel Company, of which Hon. Col. Cantley, who was a member of the Canadian Shell Committee, is head, The Wall Street Journal says that it has just increased its capital by the sale of \$2,500,000 of stock, "for the purpose of extending its scope of taking further war orders."

"Where did the new stock come from?" asks The Citizen to-night. "To whom did it belong? And what will it bring under such glowing promise of fat-profitting at the motherland's expense?"

Other United States papers are taking up this question of the huge profits made on war orders by Canadian firms. The Boston Transcript in a recent edition said:  
"Shrapnel and high explosives manufacturers in Canada are making 50 per cent profit on their business, it is stated. The estimate is based on a report sent out by Sir Henry M. Pellatt, on the reserve of officers of the Canadian militia, President of the Steel & Regeneration Co., Ltd. On 100,000 18-pounder shrapnel shells at \$3.50 each a total of \$350,000, the profit is \$200,000 Sir Henry states. A similar profit, he says, was made on the renewal of the contract."  
The above revelations, based on company prospectuses, give point to the demands being made on the Government for some measure of taxation whereby those who are making such fabulous profits out of the war should be compelled to contribute handsomely toward the expenditure of the war.

A FINE EXAMPLE  
Mrs. McIntosh of Rose Hill, aged 92, has shown a fine example of energy and devotion by knitting so far four pairs of socks for the soldiers at the front.

OUR BATTALION  
Campbellton has once more placed herself on the map of New Brunswick. The result of the great recruiting rally held here last Saturday night has shown the province that we take second place to no town in the Maritime provinces. A glance at the number of recruits who have signed on as a direct result of this campaign, should make every citizen proud that they are "citizens of no mean city." It is the bound duty of every one in the town to keep recruiting standing by giving every assistance in their power to the officers, so that the object we have in view may be brought to a successful issue. We want to raise the battalion in thirty days and present it all ready and at full strength to Col. Mosher as a New Year present. Let us keep this matter before us and let the slogan be "A battalion in thirty days."

LOTTERIES  
In view of the fact that there are some who do not favor lotteries as a means of raising money for patriotic purposes, we reproduce the following timely article from the St. John Globe. Laws against gambling are designed to protect the public against get-rich-quick schemes of fakers. A lottery for patriotic purposes is no more an evil thing than a Sunday evening concert for patriotic purposes, a Sunday evening recruiting sermon or a Sunday evening treat to soldiers in khaki. Parliament at its first opportunity should remove any legal ban now imposed on any such entertainment. The only harm in them, or that can be attributed to them, is that they transgress more manmade law. The absolute absence of evil in their intent and purpose and the opportunity they afford to help in doing good, justify their removal from any crime calendar.

STOP IT!  
It surely must be admitted by every one who has the interests of his country at heart that soldiers who enlist in Canada, enlist for the purpose of going overseas to fight the enemies of the Empire. We have frequently taken occasion to point out that the training and equipping of soldiers is a matter which should be left to the proper military authorities. Rational opinion everywhere commends the soundness of this position.

Yet under the heading, "Unfairness to Amherst," the Amherst Daily News prints the following:  
"Canada possesses many towns that could have quartered troops last winter. Amherst through the influence of Mr. Rhodes, was one of the few towns that enjoyed the privilege. Five weeks ago Mr. Rhodes informed us that he was making efforts to secure the location of a regiment here this winter. We have not seen him since. We do not know what success has crowned his work."

In another article in the same issue of the News the following paragraph is found:  
"The point is whether the British representative and his Liberal supporters were right, or whether Mr. Rhodes, in particular, should be berated because he refused orders did not come to Amherst."

One would think, when the Empire is engaged in a life and death struggle, that nasty, political squabbling over "the spoils" should cease. If Amherst is a fit and proper place for training troops, then no particular credit is due to Mr. Rhodes for procuring from the Ottawa authorities the stationing of a regiment in that ambitious town. If it is not, then instead of being praised, Mr. Rhodes should be condemned for exercising political "pull" to have soldiers quartered in a place that was not a fit and proper place for the training of troops. We do not propose to express an opinion as to whether or not Amherst is a proper place to train soldiers. That is a matter for the technical advisers of the Militia Department to decide. We do, however, desire to protest once more against the efforts of politicians, be they Liberal or Conservative, who desire to make party capital out of the quartering of the troops. It is of no interest to a single individual in the British Empire, outside of the town of Amherst, whether troops are quartered there or not. It does not add to the efficiency of a battalion that it is supplied with food and equipment by the partisans of one political party or not supplied by the partisans of another. It does not help the Empire to win this war, if regiments are pulled and hauled from and to various sections of the Dominion, in order that any partisans may be enabled to make a profit out of the furnishing of the supplies.  
Mr. Rhodes is not entitled to any

votes, nor should he lose any votes to which he is entitled, on his merits, as a representative of Cumberland County, because he had sufficient "pull" to get a regiment quartered at Amherst, or because his "pull" was not sufficient to accomplish that purpose. It is time for even partisan politicians to be decent. It is not the time for squabbling, at the expense of the efficiency and proper training of our soldiers.  
What we have said with respect to the quartering of troops applies with equal force to the provision of munitions of war. It is distinctly indecent for the Amherst News—Mr. Rhodes' personal and political organ—to be clamoring for public confidence in its proprietor because he succeeded in getting something for Amherst to which it may, or may not, be entitled, at the expense of the country. It is not only indecent, but it is revolting, at this crisis in the Empire's history, that political controversy of this sort should be carried on.  
Our advice to Mr. Rhodes and the Amherst News is to stop it, and stop it once.—Halifax Chronicle.

HOW TO DO IT.  
THE MONTREAL STAR OFFICE, 17 Cocksfoot street, London, Nov. 30.—A group belonging to the Canadian Brigade returned from London to the front today, after a leave obtained under peculiar circumstances. Their commanding officer declared that the men who entered the German trench in front of the Canadian position and captured twelve Germans should have nine days' leave. The trench was entered that night sure enough, and the Germans in it threw up their hands, calling for mercy as comrades.  
They were triumphantly taken prisoners, but in the excitement of the moment the victorious Canadians did not count the prisoners until they returned to the Canadian quarters, when, to their dismay, they found eleven only—just one short of the number necessary to secure the coveted leave. There was nothing for it but to return to the trench which the Germans had re-occupied.  
"How many of you are there here?" said a Canadian officer, suddenly coming to the trench, revolver in hand. The Germans answered, "Nine."  
"Oh, well," said the Canadian, "we only want one; throw him out."  
He was thrown out, and he and his comrades returned to the Canadian lines with their extra man, so earning the nine days' leave, which ended today.

LETTERS FROM THE FRONT  
Extracts from a letter from Signal-ler R. C. Deane, who enlisted in Campbellton just a year ago.  
Dear Mother:  
I received your two letters tonight, one dated Nov. 15th and the other 17th, so that is the way my mail comes, sort of in bunches. Mr. Bell brought them up from rest billet for me, as our Batt. have come back into the trenches this evening and it would be impossible for me to describe the terrible condition the trenches are in. This of course, is due to you who would have guessed to the unceasing rain of the past week or ten days. They have caved in in places and in other parts are filled with water waist deep, and I am not speaking from guess work, as I have just returned about two hours ago from one of the stations in the front trench, where I took a phone. Some of these letters we see in the front page of the papers about the hardships of the trenches and the dangerous work of the writers are very amusing to us here, as the greater part of them are written either by some one in the artillery or else on ammunition supply company man, or an army servant corp enthusiast, who never gets near the trenches closer than two miles off, and only sees them occasionally through powerful field glasses. The men who are suffering the greatest hardships and who are doing the hardest work are the infantry men in the trenches, and as far as I can see the men who have the greatest nerve and who seem to have no fear whatever, are the aviators or airmen, and if you have noticed it, you will remember that you have not seen any hot air or imaginary letters in the papers from these fearless men.  
For example, every fine day we see them flying over here, thousands of feet in the air, on their way to the German front, right over the noses of the enemy's guns, where they fly around by the hour observing, with the shells bursting all around them and if they are hit it means almost certain death. That's what I call nerve and these are the men who are not writing to the papers, trying to sing their own praises. I do not think I will ever tire of singing their praises, although I will say that they are not the only heroes and they do not have the hard-

WOUNDED SOLDIERS PASS THROUGH HERE

On Monday Evening Arrive Girls Tipperary Club to Hold Entertainment on Friday Evening for Patriotic Funds

Make Gifts  
Wounded soldiers  
Two hundred and thirteen wounded soldiers, who arrived at St. John on Sunday evening, passed through here on Monday evening special train. These men represented all parts of Canada, from the Atlantic to the Pacific, chiefly infantry. Many belonged to the Highland regiments from Winnipeg, Victoria and Toronto. All are proceeding now to Quebec, to report to the military authorities there, after which they go to their respective homes on a three-months' leave, at the end of which period they again report, and undergo an examination. If found fit for further military service, they again cross the Atlantic to join their respective regiments. It is understood that over half will be able to return to the fighting line.  
This lot of men nearly all received their wounds at Ypres, Festubert, and vicinity, in the very severe fighting, which occurred at these places in the latter part of April, and first part of May. They were crippled in various respects, some of them in addition to wounds had been "gassed." It was stated that there were ten men on the train without legs, while several others were minus one leg or arm.  
One of the wounded soldiers in conversation remarked that during the fighting at Ypres, a body of Canadians was surrounded and one small detachment consisting of 300 men have not been heard of since the battle. As far as the Allies are concerned, they have disappeared without leaving a clue. Probably they have been taken prisoners and sent to Germany, but this explanation of their fate is merely supposition.  
Dr. Enright of Port Daniel, who was wounded some time ago was on board, and was greeted by many friends in this town. One of our own town boys, Ned Sargeant, was expected on the train, but he stayed over in St. John for a few days, the guest of his sister, Mrs. Alcorn.  
A large throng of citizens were on hand at the station to give a welcome to the men who had been fighting their battles for them in the trenches in Northern France. The band also turned out and delighted the soldiers with their selections. The Women's Institute and the Soldiers Comfort Association presented gifts of fruit, candy, etc., to the men, a kindness which was much appreciated. The ladies of the Institute distributed one barrel of apples and thirty pounds of candy, corns, sort of in bunches. Mr. Bell while other members gave boxes of cake and other dainties. In conversation with some of the soldiers they stated that they had been well treated in Campbellton and expressed their best thanks.

FAIR AND AUCTION ON FRIDAY EVENING

Girls Tipperary Club to Hold Entertainment on Friday Evening for Patriotic Funds

The Girls' Tipperary Club will hold a grand fair and auction on Friday evening, in the new Opera House tea rooms, which promises to be both a novelty and a decided success. Of the funds so raised at this entertainment, half will be given to the Patriotic Fund, the remainder being used by the girls for the purchase of comforts for the soldiers in the trenches. Admission will be 10 cents and many useful and fancy articles will be sold.  
The club is greatly indebted to the merchants for handsome and in many cases unsolicited donations, and the club aims to raise the sum of \$500 for patriotic purposes. Many large donations have been given and these will be sold at auction or by ticket. One merchant in town promised the girls that if they received \$50 worth of goods from the other merchants, he would give them a large library table. This amount has been easily over raised and this handsome article will be sold by tickets.  
The club desires to express its appreciation of the kindness of the merchants of the town for their donations and to all who gave articles for the sale.  
All that remains now is for the towns-people to patronize this fair in large numbers and help out in the good work so ably carried on by the Tipperary Club.  
Don't forget Friday night. The admission is only 10 cents.

Famous Greek Statues—"THE DYING GAUL"

## WEAKNESS

How many people do you know who have not some physical "weakness." This one has a weak stomach—this one has weak legs—that one has weak nerves and the next has something else. You yourself probably own to some such tendency.

As a result, folks are forever dragging themselves—hoping to "poison" the weakness out of their system. Such folly!

Our advice to you is to live as nature intended you to do—eating plain food, taking enough exercise in the open air—drinking lots of pure water and rebuilding your drug-lowered vitality with the best of all good tonics.

### ZOE-TIC

The Greek Tonic and Reconstructor.

It is a new and improved combination of glycerophosphates, fine odorless-colored Cod Liver Oil containing no greases and the best procurable tonic wine. Your own physician will tell you that glycerophosphates contain the actual elements of the human body in the most assimilative form, and the value of Cod Liver Oil in rebuilding tissue, and tonic wine in rebuilding nerve force are too well known to need discussion. Zoe-tic has a delightful taste.

Over-worked office men, college and other athletes, who have had to give up training, and fast growing boys from 12 to 16 years of age should take Zoe-tic regularly.

Mothers and housekeepers whose nerve force is under such steady drain will find Zoe-tic invaluable in rebuilding and maintaining a thorough state of health. Start taking Zoe-tic to-day—follow faithfully the directions and if in 2 weeks' time you can't report real progress toward natural health, return the unused portion of your first bottle of Zoe-tic and we will refund your money without question.

Everywhere in Canada at the same price. One Dollar for a Generous Bottle. (There is no substitute for Zoe-tic.) Compounded from food and tonic essences, by THE ZOE-TIC COMPANY, Montreal.

### MAJOR ANDERSON'S NARROW ESCAPE

Shell Dropped Only Ten Feet From Him and Others

Major S. B. Anderson, O. C., of the 8th Battalion, of which there are many Campbellton boys, had a narrow escape from death on the 10th inst., as it was only through a shell not exploding through some defect that he and Bombardier Henry Steves, also of Moncton, were not killed. An extract from a letter from the major telling of the thrilling incident in his own words follows:

"I had been down to the front trenches on duty and had Bombardier Henry Steves with me. The Germans had been shelling while we were down there, but they were going high over us, and we could hear them explode away back. We came out and soon found that they were shelling an old mine where engineers used to keep their stores, and we had to pass there or go out of our way a long distance, so we went along the bank of a small stream. A shell went over our heads and burst on percussion about 100 yards ahead of us. We got into the communication trench. Just as we were at the turn we heard over country and got down low in the trenches. The shell struck just ten feet on our right and did not explode. Perhaps the time has been made (there was about 7 inches of soft mud in the bottom of the trench), but all records were broken that next ten seconds, and when the next one came we were 100 yards away, and it went into the very spot where we dodged the other one. Had the first one exploded, we would have been buried in mud."

### MAN HELD FOR RIMOUSKI POLICE

Wanted on Technical Charge of Vagrancy—Is Suspect From Montreal

On Friday evening Chief Detective Gauvreau of Rimouski was in town tracing a man who was wanted in Rimouski on a charge of vagrancy. The police there had been informed that the wanted man had been located making tracks for the eastern cities. As he was also being sought for by the Montreal police, the authorities here were advised to keep a look out and that evening about 11.30, Officer Mann arrested a man on suspicion. The accused was identified by the Rimouski officer and returned in his charge to that place, where he will face a technical charge of vagrancy. In the meantime an officer from Montreal will endeavor to identify the accused as the man wanted in Montreal in connection it is said, with the murder of Jeff McCarthy.

### GAME HUNTING SEASON OVER

Falling Off of Hunters and Receipts

Fredericton, Nov. 30.—The big game hunting season in New Brunswick, which closes today, has been marked by a falling off in the number of non-resident hunters coming to the province as well as in the number of residents who have taken out licenses to hunt.

This was the information given out to-day by officials of the Department of Lands and Mines, although no definite statistics were available for public this morning. War and conditions which it has created in both Canada and the United States are blamed for the falling off in the number of both resident and non-resident hunters.

The receipts from the sale of game licenses last year amounted to about \$38,000, but this year the returns when completed will show a falling off, it is expected, but how much the total will be reduced cannot yet be learned. Local guides report a mixture of favorable and unfavorable hunting weather during the season, October having furnished ideal conditions.

### AMERICAN PRAISE OF THE BRITISH NAVY

Frederick Palmer's Explanation of Some War Talk

Frederick Palmer, American correspondent, just back from the war, who is sure of an Entente victory some time next year, says:

"The British are a stubborn people, and they do things in their own way. In order to encourage recruiting they talked pessimism. Now they are advertising that the financial situation is serious in order to make the people economize. If I know anything about war, and if my experience at the British front counts for anything, then the talk that the British have fallen down in this war is nonsense. Their own new army had to wait on rifles and even uniforms in order to supply their allies—but that is one of the things the censors object to, lest it offend the ally."

"I think that the organization and equipment of the new army formed entirely of volunteers is a military marvel. There have been costly mistakes, but the rank and file of the army in France have put up one of the most splendid fights in all history. I have watched the British army grow and improve."

"I don't know what the relations of the British and French cabinets are, but I know that the relations of the French and British soldiers were never so good. Different as the races are, they have fought their way into each other's respect."

# RELIGIOUS TRAINING FOR SCHOOLS

Views of Manitoba's Presbyterian Synod.

(Winnipeg Free Press.)

Two important motions were carried at the recent session of the Presbyterian Synod of Manitoba at Westminster Church, when the overture of Lake Lake Presbyterian upon religious instruction in schools was carried, and also the overture concerning the appointment of Presbyterian chaplains to accompany the troops.

The former took up the greater part of the afternoon session and went through after a spirited and thorough discussion. Rev. J. C. Stewart, La Riviere, believes that this question has been a sort of political football. He believes also that Scriptural history, (not doctrine), should be part of every child's public school examination.

Dr. Bryce took a different stand on this question. He told of earlier experiences and attempts of Presbyterian Church to co-operate, and their failure, that he had been through various schools of Europe where religious instruction had definite place on the curriculum, and the people were not on any higher religious or moral plane than we take the Germans for example.

Dr. Bryce said the schools had half an hour each day for religious instruction if they wished to use it, but it was a failure except with the Catholics, and that the Protestants simply weren't on the job. Dr. Bryce moved an amendment to put the motion on the shelf, but it was finally carried.

**RECRUITING IN PASPEBIAC**  
Recruiting in Paspebiac last week was carried on with great success, quite a number of men enlisting. Among the number were two of our most popular young men, viz. Mr. Leonard St. John LeSelleur and Mr. George M. Alexander, formerly in the employ of Robin, Jones & Whitman, Ltd., of this place. We are very sorry to lose them and they will be greatly missed by their many friends, still we are proud to think that they have nobly responded to the call of duty to God, King and country, and hope to welcome them back at some future date. Before leaving, the office staff presented them both with a wristlet watch. We note that the firm of Robin, Jones & Whitman, Ltd., has given quite a few of their staff along the coast, many of the places having to be filled by lady clerks as no more Jersey men are available. The Jersey men are certainly showing the true patriotic spirit and with our loyal Canadian boys, will uphold Britain's honour on the fields of France.

**VEGETABLE SEED SITUATION**  
The following extract of an article from a newspaper of Gethenburg, Sweden, will be of interest to growers of vegetable seeds. The article refers to the Board of Directors of the Agricultural College of Alnarp, Sweden, asking for a Government grant for the encouragement of vegetable seed growing.  
"The Board points out that the war has most clearly emphasized the importance, for the country, of home production of vegetable seed. Owing to the most important vegetable seed producing countries having prohibited the export of such seed, the prices of a great number of important vegetable seeds have risen enormously. And, still worse, some seeds can hardly be obtained at any price. It is reported, from a well informed source, that vegetable seed growing in the countries engaged in the war has been largely neglected during the past summer and that for this reason further advances in prices can be expected. Reports from Germany state that the supply of seed of spinach, carrots, most kinds of cabbage, onions, cucumbers and peas is utterly small. Furthermore, Germany has prohibited the export of vegetable seeds to the end of the war. There is therefore every reason to fear that we have to face the possibility of a very serious shortage of certain vegetable seeds."

## A BATHURST BOY'S DIARY

Pte. Felix Doucet Writes to His Parents, Mr. and Mrs. Simon Doucet, of Trip of 55th Battalion to England

In a letter to Mr. and Mrs. Simon Doucet, Pte. Felix Doucet tells of the trip of the 55th from Valcartier to England in an interesting way. He says that they left Valcartier on the 30th October, not knowing whether they were bound, until at Quebec they were marched right aboard the steamer. They were a very jolly crowd as they realized that they were at last on their way to the front, and it was a matter of regret that nothing was known of their movements sooner, or he would have sent word to have his parents see him off. At the dock at Quebec he saw Mrs. Peter J. Leger and Mrs. Douglas Williamson, and he did so wish that some of his own people were there to see him off too. The ship left Quebec about eight o'clock in the evening, and with the exception of a few rough days, had a fine trip across. Each day the men were put through a boat drill to see how fast they could lower the boats if a German submarine should happen to hit the ship, and they had to put their life belts on and be ready for emergencies. As they neared the English shore and approached the war zone, the life belts were kept on day and night, and every day the physical drill and other exercises, and the occasional sight of a whale varied the monotony of the voyage. The sight of passing ships, and the occasional firing of the six-inch gun on the ship are mentioned by Pte. Doucet, and the fine time they all had at a concert one night, when all kinds of fun were indulged in. He also speaks of the presence of a chaplain who says Mass and hears confessions and gives Communion, and refers to the large number of the men who take advantage of these opportunities each day. At last the 13 days voyage is over, and the men land in England on Nov. 8th. One of the things the Canadian boys miss most on the other side is mentioned, their Canadian tobacco, and the first request Pte. Doucet makes is for some of this, as he says the English tobacco is no good for them.

## Oatmeal Drops.

1 cupful butter, 2 cupfuls rolled oats, 1 cupful flour, 1 cupful corn sirup, 1 cupful chopped raisins, 1 teaspoonful soda dissolved in 1/2 cupful boiling water, a pinch of salt.

Mix all together and drop on hot buttered tins.

## Apple-Sauce Cake

1 cupful brown sugar or 1 cupful corn sirup, 1/2 cupful butter and lard, 1 cupful unsweetened apple sauce made from sour cooking apples, 1 cupful chopped raisins, 2 teaspoonfuls cocoa, 1 teaspoonful cinnamon, 1/2 teaspoonful cloves, 1/2 teaspoonful nutmeg, 2 cupfuls flour, with one teaspoonful baking powder sifted through it.

The overseer passed through the casting shops, until he came to the men who manage the moulds. These men stiffened as the overseer came along. They looked towards him hopefully. He shook his head.

"Tom's on the drunk again," he said. "Nothin' doing for you to-day, my men. If I were you I'd duck Tom pretty thoroughly in the river. He and his drink are simply clogging the whole department."

The men reached for their coats. They wondered how their wives would relish the small pay envelope at the end of an idle week.

The overseer passed through the machinery shops, leaving a trail of empty places where he had found idle men. The great ammunition-making firm was not a charitable institution. It could not afford to pay men who had nothing to do. These expensive hands had to be sent away until work began to come in for them again.

Many days later, in a muddy ditch of Flanders, a group of men also fell idle unto death.

Swarming over the muddy fields a pack of grey men came out of their slime warrens against a trench. The trench was exceedingly well held by British Tommies.

The trench was a strong one. It was important enough for the Germans to think of attacking it with power. If the Germans got into it they would have nullified the tedious work of months that had advanced the British to this point.

Through rain and slush and snow, through death and wounds and hunger and misery, the British had worked up to this point. It was a thrust into the enemy's front. From this point a grave attack that would help the final victory would be delivered if the British could only hold on.

The British knew very well that by all the laws of war they could hold on. Cheerfully they met the lunging advance of the grey men with their bitter outpouring of rifles. The grey men died in swarms, but over the bodies of their brothers they came rushing. That did not matter. Presently the vicious fire of the rifles would pull up that rush by its sheer consistency of fire. It was because the Germans would lose over every inch of ground that they would be driven off. It was a matter of bullets.

The Germans came on and died. The British Tommies fired at them steadily. They were gaining the upper hand. Then they began to call for cartridges. Their stocks had become exhausted. "Cartridges!" they yelled. "Cartridges! for the love of heaven!"

There were no cartridges. Somewhere behind the line the ammunition had come to a blank space in its output. The idle rifles ceased to speak. The Germans ceased to die. They came on swiftly, pouring into the trench. The British had to fall back. As they retired the Germans slew them with savage volleys that they could not answer. Fifty more men joined the heroes on the roll of honor in that affair.

"You've 'ad enough, Tom," said the apportioned expert. "You go 'ome."

Tom went 'ome. As he staggered across the streets of the world he asked why he shouldn't have his little pleasures? Why?—In "The Echo."

**ETERNAL VIGILANCE NEEDED.**

The defeats of sin and iniquity are never final. The unclean spirit may be exercised from the body politic, as from the human body, and the temple he polluted may be emptied of its defilements, and swept and garnished; but the dislodged demon will return with seven other spirits more malignant than himself, and strive again to enter.

The heralds of righteousness may never repeat on their laurels. There is no discharge in this war. "Eternal vigilance is the price of liberty."

Let us never dream that because, in our personal history, or in any public movement against error and wrong, we have fought a battle and won it, complete as the victory may seem to be—the war is over.

Often the greatest danger is the self-security that victory occasions. You may fight and win, fight and win one hundred times, and be conquered at last, through the over-confidence that victory inspires and the cessation of vigilance against a sleepless foe.—Isaac Everett.

Life is made up, not of great sacrifices or duties but of little things in which smiles and kindnesses and small obligations, given habitually, are what win and preserve the heart and secure comfort.—Sir Humphrey Davy.

## ENTHUSIASTIC MEETING MON-

## DAY NIGHT AT OPERA HOUSE

Audience of Nearly a Thousand Listens to Speeches From Capt. Tilley, Col. Mersereau, Sgt. Knight and Others

(From the Gloucester Northern Light)

The Opera House was filled to its capacity on Monday night when the first recruiting meeting in the interests of the 132nd Battalion was held, and the many splendid speeches of the evening resulted in the adding of 26 names to the roll of the battalion.

Mayor Michaud acted as chairman in his accustomed efficient manner, and the first speaker, Rev. F. A. Wightman, spoke enthusiastically of his interest in the war, and the great issues that were at stake. "Every man who is fit and able," he said, "is called upon to take up arms."

Rev. Father Albert of Shippegan, addressed the large gathering in French, and frequent bursts of applause showed that Father Albert was carrying his audience with him, as he appealed to the Acadians to rally to the call of God, King and Country.

Cap. A. T. LeBlanc of Campbellton followed in a short French speech, that contained many passages that arrested the attention of his hearers.

Chief Recruiting Officer Tilley made an exceptionally strong appeal to all the eligible young men of Gloucester County telling them first that he was going to speak straight from the shoulder. He did that all right, for he immediately asked the young men of the audience where they would be now if conscription had been in force in this country when the war broke out.

They knew well where they would be, so he asked again, why not go there without conscription? 40%, he said of the men who had already gone to the front from Canada were married or had families dependent on them. Is it fair that these men should fight for you? he asked, and then he proceeded to talk about the knockers who, although oftentimes unwittingly, were hindering the work of recruiting throughout the country, and having the same effect as though they were in the pay of the Germans. So far, about 175 men had been raised for the North Shore Battalion, and he was now going to give the North Shore Counties a slogan—"A Complete, entire regiment of 1050 men before January 1st". This would be a fine New Year's present to give Col. Mersereau, and he believed it could be done. Capt. Tilley then sang the praises of Col. Mersereau, just the man to command a battalion, experienced, well known and popular, and best of all, a man who would look well after the men under his charge.

As Lt-Col. Mersereau was called on, the audience rose and gave him three ringing cheers. His remarks were expected to have the finest regiment that ever went out of Canada, and he was making efficiency the watchword.

A bad boy could not make a good soldier, so he wanted good boys, and he would assure the mothers that he would watch carefully over their boys so that they should have all the comfort possible, and keep clear of bad habits.

The main speaker of the evening was Sgt. Knight, and from the beginning of his remarks he had the audience in the hollow of his hand. Point after point he piled up, and when he referred to what he had seen in Belgium and France, the treatment he had seen meted out to the old men and women, the audience almost cried.

Then he swung to his appeal. "What is holding you young men back? The man that says it is cowardice does not know what he is talking about. He does not know the Canadians. I can tell you what is holding you back. It is your selfishness. You are counting the cost." The returned hero's speech was a triumph, and its results will probably be felt for weeks as long as the recruiting campaign continues, and will be remembered for all their lives by many who heard it.

At the close he appealed to the men to come forward, and in answer 26 moved to the platform and signed their names.

These are the men who are ready to make the supreme sacrifice, read and honor them well.

## PACKING OF PARCELS FOR SOLDIERS AT THE FRONT.

The public is urged to exercise every care in packing parcels for the troops, as careful packing is absolutely essential to ensure delivery of the parcels in good order.

Parcels sent abroad require a higher standard of packing than is necessary in the Canadian Parcel Post, and this applies with even greater force to parcels for the troops. Those which are inadequately packed run great risk of damage or loss of contents.

Thin cardboard boxes, such as shoe boxes, and thin wooden boxes, should not be used; nor does a single sheet of ordinary brown paper afford sufficient protection. The following forms of packing are recommended.

(I.) Strong double cardboard boxes, preferably those made of corrugated cardboard, and having lids which completely enclose the sides of the boxes.

(II.) Strong wooden boxes.

(III.) Several folds of stout packing paper.

(IV.) Additional security is afforded by an outer covering of linen, calico or canvas, which should be securely sewn up.

The address of the sender of the parcel should also be stated in order that it may be returned if undeliverable. The contents of the parcel should be stated in writing on the covering.

In the case of parcels sent to the Mediterranean Force, they should be very strongly packed. They should be as nearly round as possible, and well padded with shavings, crumpled paper, or similar protective material. The outer covering should consist of strong

## WOUNDED OFFICER HERE

Capt. W. J. Enright of the 22nd battalion is in town to-day enroute to his home in Port Daniel. He is the guest of Dr. and Mrs. Pinault, and will leave to-morrow morning on the express. Capt. Enright was wounded on the 20th September at a place called Kemmel Hill near Ypres, by a rifle bullet from a sniper, the missile entering the fleshy part of the right leg in front and coming out at the back, passing right through the bone. Strange to say he was talking with Major MacKenzie of this town not ten minutes before he was wounded. To a Graphic representative, Capt. Enright told the story of his wounding. He said:—"Close to my dressing station there was an old house which was a favourite spot for snipers and on the evening in question a company of the 22nd who had been relieved by the 26th, were standing at ease at this spot not knowing their danger." Capt. Enright with another officer went out to warn the men not to light up their pipes, etc., until they were out of the danger zone. The officers had completed the round of the company and were turning to separate when a flare was sent up and before the captain had taken two steps he got the bullet through the leg. Capt. Enright expects to go back to the front early in the new year and hopes to report for duty on or about the 26th of December. Regarding comforts for the soldiers he said the best things that society could send would be cigarettes and hacco. Capt. Enright looks well though he walks with a slight limp and is looking forward to the time when he will be back into service.

## CHRISTMAS NUMBER

The Christmas Number of "The War Cry," an advance copy of which has reached this office, is a gem, both artistically and literarily. The cover "Bringing Home the Christmas Tree" is not merely beautiful but appeals to a Canadian constituency. Among the other colored engravings are "General Bramwell Booth," "The Last Day for Xmas Cheer," "Christ on the Battlefield," "He is somewhere in France," "Young Recruit," besides engravings innumerable in black and white. It is well worth buying. Send a copy to the boys at "the front." Ten cents.
