THE EXHIBITION AT WOODSTOCK  
 The exhibition which opens at Woodstock tomorrow, promises to be a most successful affair. Carleton has long enjoyed the reputation of being an excellent agricultural county, and the yearly products of its fields have fully justified such a claim. Those who have driven, in summer, through some of the beautiful sections of that county, will feel that if they can manage to get to Woodstock during the present week, they will see gathered together, evidences of the richness and fertility of Carleton's soil, and of the industry and thrift of its people. They will see too as fine a lot of live stock as can be seen in any section of the province, while horse-fanciers will conclude, that for well developed horses, Carleton is not surpassed in New Brunswick. The exhibition of Carleton's manufactures and agricultural products is due to the energy and means of its people, while the exhibition of horses has been largely contributed to by the local government whose grant has enabled a splendid exhibition to be made.

THE HERALD AND MR. DAVIES' VISIT.  
 It is announced that Mr. L. H. Davies will make a tour of the province at an early date. The Halifax Herald understands that "the comes for the purpose of proving conclusively to the electors of the province, that on the commercial union question the leader of his party, Mr. Wilfred Laurier, is a most unwise guide for the people." How the tour would look to him, it is not clear, but it is a number of highly respectable old gentlemen. The son is surely reversing the course the father once pursued.

NEWS CONDENSED.  
 The Queen of Sweden is slowly dying. The Spanish government is about to build six cruisers of 4,500 tons each. An attempt was made, Sunday, to murder the Turkish minister at Athens. Mlle. Aimee, the singer, died at Paris yesterday from the effects of a surgical operation. The British steamship Responder, from Carthage, Aug. 30, for Philadelphia, with a crew of 32 men, is supposed to be out. Four Englishmen were recently captured at Smyrna, by legends, who liberated them on payment of a ransom of \$150. An anarchist meeting at Union Hall, Jersey City, N. J., was dispersed, Sunday afternoon, by the police with the injury of several persons. James Gordon Bennett will publish a newspaper in Paris, to be known as the European Herald. It will be modelled after the New York Herald. According to the last news received at Rome from the Upper Congo, Stanley is pushing forward. The only difficulties were the natural obstacles of the country. Mrs. Francis Hawkins, an aged lady of 81, Long Island, was found dead in her room Sunday morning. Suspicion rests upon her son, who has been arrested. Wm. O'Brien, Lord Mayor Sullivan and Prof. Stuart held a large league meeting on Sunday morning. The Premier of the United States, Mr. Taft, is expected to visit the United States in the near future. The partition of Ayoub Khan, the pretender to the throne of Afghanistan, who recently escaped from confinement in Persia, have failed to incite an insurrection against the Ameer in Herat. The offer of the Indian Prince, the Nizam of Hyderabad, to give \$3,000,000 towards the strengthening of the defence of the frontier of northwestern India, is looked upon as a colossal stock jobbing scheme. The ports in its last note to Russia, suggested that Turkey and Russia should each appoint a commissioner of princely rank for the government of Bulgaria, and in three months convene a new Sanjama for the election of a prince. Secretary Bernald stated Sunday that he knew a week ago Germany's intention to seize Samoa. The interests of American residents would not be interfered with and this being the case the American government would not take any action in the premises. A mass meeting of 10,000 persons was held, Sunday, at Tower Hill, London. Speeches were made from six platforms. The government's Irish policy and the conduct of the police at Mitchelstown was condemned. A police force was present but their services were not needed. At midnight Sunday night Rev. Mr. Cooper, curate of Crettingham, Suffolk, murdered Miss Parley. He entered the vicar's bedroom and cut his throat with a razor, then fled, but subsequently returned and was arrested. Cooper's popularity has been unassailable. A petition asking for an election to repeal the Scott Act in Charlottetown, P. E. I., has been filed. The coal dealers of Philadelphia have advanced the price of coal per ton to \$6.25 and \$6.50, the latter being for the very choice article. President and Mrs. Cleveland have left Washington on their tour through the Southern States. The train which bears them is admitted to be the finest ever seen at Washington, and is equipped and furnished throughout in a manner

never given him by dishonest Returning Officer Dunn, with the tenacity of pitch. We have repeatedly asked him to resign, and so have every self-respecting conservative in the dominion. But he sticks. We have not heard of Sir John having asked Mr. Baird to resign. If report be correct the premier's advice has been, "cling to the seat; we will see you through." We do not for a moment propose to place the arch-bishop in the list of self-respecting conservatives, but we just mention his name in this connection, so that he may be awarded a place in the class to which he properly belongs.

COLDWIN SMITH.  
 Professor Goldwin Smith still continues to champion the cause of the Manitoba. In the last number of the Contemporary Review he shows in a clear and convincing light how the question of disallowance should be settled. His article shows too the interest he has taken in the question. However much people may differ from Mr. Smith on the questions on which he from time to time dilates, they cannot but admit that he is indefatigable in his efforts to accomplish whatever he takes in hand, and that he is ever prompted by the best motives. Anything which Mr. Smith has written, whether it be an article in the Hystander, an editorial in the Week, or an article in a Literary Review, will repay a careful perusal, and though we may not be brought to accept the writer's views on the subjects of which he treats, we will be brought to admire his beautiful English and mastery style.

The government of Russia, by a recent edict, has set a poor value on brains. The Bureau of Education at the instance of the government has commanded the principals of high schools not to admit the children of shopkeepers, mechanics, or servants into their institutions. This "advanced" government claims that if the children of the poor become educated there will be no one left to do menial work. Tennyson was evidently not in Russia when he wrote: "Men may rise on stepping stones of their dead selves to higher things."

Speaker Peet of the British house of commons, appears to be drifting to the Tory side. Not long since he threatened to "name" Dr. Tannor for a very trivial offence, while recently he suspended Mr. Graham for alluding to the Lords as "a number of highly respectable old gentlemen." The son is surely reversing the course the father once pursued.

Married.

# FREE BAPTIST CONFERENCE.

The Fifty-fifth Annual Session  
at Kings County.

The Denominational Record  
for the Year.

General Business Transacted  
—Sunday Services—  
Consolidation of the  
Constitution.

The fifty-fifth annual session of the Free Baptist General Conference of New Brunswick opened at Midland, Kings Co., on Saturday, July 10, 1888. There is a large number of the ministers of the denomination and lay delegates in attendance. At the afternoon session the corresponding secretary, Rev. G. W. McDonald, submitted his annual report. There had been no deaths among the ranks of the ministry during the year. The report showed that there had been added during the year by baptism, 280; by letter, 25; total 305. By removals from the province and by a revision of census causes contributed which had resulted in the names of many persons being struck off, the report showed a net decrease of 204 over the reported membership of last year. The total monies raised during the year was \$13,082.50 appropriated as follows:—For the ministry, \$12,084.81; for building and improvement, \$307.69; for current expenses, \$347.25. The secretary, in closing his report, said that the annual census contributed towards the decrease reported: First, the popular agitation during the winter months tended to distract the minds of the people, excluding the religious sentiment and thus uniting the churches for special work. Secondly, many churches have been revising the church books and numbers have been struck off their lists. But these causes do not fully account for the lack of prayer, spiritual labor and civil power clearly brought to us as an example reports of the year's work.

The adoption of the report was moved by Rev. A. O. Thompson, and seconded by Rev. J. R. Bann. They pointed out that the pastoral work done during the year had been greater than ever before. The ministers had labored hard and more churches had been opened for than in any previous year. Rev. Mr. Phillips pointed out the need of more ministers. Young men were much required. Rev. Dr. McLeod said he had visited some twenty-seven churches during the year. He found that it had really been a year of progress. The churches had made advances in permanent christianity. Major Vines said that since the conference with this church before, nineteen years ago, 8,700 persons had been added to the churches, which was an average of 400. The report was adopted.

Rev. Mr. Knoll, delegate from the N. S. conference, reported on the denominational work in that province. Rev. Dr. McLeod reported as the delegate to the Baptist conference at New York. He pointed out the success of that congregation during the year. With reference to the debate on the question of union, Dr. McLeod said the discussion of the basis by the convention was frank and thorough, and the approval of it was hearty. A committee was appointed to convey to this conference the conference's action and give authority to take further steps towards union if the conference should demand it. Examples of the convention in the adoption of the basis.

**MONDAY MORNING.**  
On the opening of conference Rev. Wm. [unclear] of Southampton, was elected moderator, and Rev. G. W. McDonald, assistant moderator.  
Rev. A. B. McDonald, of the Western Baptist Association, was invited to a seat in the conference.  
The recording secretary from the committee on the consolidation of the constitution submitted the following report:  
Four committees, under the direction of resolution 34 (last annual session), had been appointed to report:

1.—[a] That the executive committee for home missions shall engage missionaries and institute such agencies as may be required by carrying on home missions work. [b] It shall have the power to disburse any or all of its monies before the time of engagement shall expire if circumstances demand it. [c] It shall make an annual report of its work to the conference. [d] Four members of the executive shall form a committee for the transaction of business. [e] The treasurer shall have charge of the funds and keep account of the same. [f] The corresponding secretary shall correspond with the foreign mission work and prepare a report of home mission work to the conference annually.

2.—[a] That the executive for foreign missions shall have control of the foreign mission work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the foreign mission work and prepare a report of home mission work to the conference annually.

3.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

4.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

5.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

6.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

7.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

8.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

# FREE BAPTIST CONFERENCE.

The Fifty-fifth Annual Session  
at Kings County.

The Denominational Record  
for the Year.

General Business Transacted  
—Sunday Services—  
Consolidation of the  
Constitution.

The fifty-fifth annual session of the Free Baptist General Conference of New Brunswick opened at Midland, Kings Co., on Saturday, July 10, 1888. There is a large number of the ministers of the denomination and lay delegates in attendance. At the afternoon session the corresponding secretary, Rev. G. W. McDonald, submitted his annual report. There had been no deaths among the ranks of the ministry during the year. The report showed that there had been added during the year by baptism, 280; by letter, 25; total 305. By removals from the province and by a revision of census causes contributed which had resulted in the names of many persons being struck off, the report showed a net decrease of 204 over the reported membership of last year. The total monies raised during the year was \$13,082.50 appropriated as follows:—For the ministry, \$12,084.81; for building and improvement, \$307.69; for current expenses, \$347.25. The secretary, in closing his report, said that the annual census contributed towards the decrease reported: First, the popular agitation during the winter months tended to distract the minds of the people, excluding the religious sentiment and thus uniting the churches for special work. Secondly, many churches have been revising the church books and numbers have been struck off their lists. But these causes do not fully account for the lack of prayer, spiritual labor and civil power clearly brought to us as an example reports of the year's work.

The adoption of the report was moved by Rev. A. O. Thompson, and seconded by Rev. J. R. Bann. They pointed out that the pastoral work done during the year had been greater than ever before. The ministers had labored hard and more churches had been opened for than in any previous year. Rev. Mr. Phillips pointed out the need of more ministers. Young men were much required. Rev. Dr. McLeod said he had visited some twenty-seven churches during the year. He found that it had really been a year of progress. The churches had made advances in permanent christianity. Major Vines said that since the conference with this church before, nineteen years ago, 8,700 persons had been added to the churches, which was an average of 400. The report was adopted.

Rev. Mr. Knoll, delegate from the N. S. conference, reported on the denominational work in that province. Rev. Dr. McLeod reported as the delegate to the Baptist conference at New York. He pointed out the success of that congregation during the year. With reference to the debate on the question of union, Dr. McLeod said the discussion of the basis by the convention was frank and thorough, and the approval of it was hearty. A committee was appointed to convey to this conference the conference's action and give authority to take further steps towards union if the conference should demand it. Examples of the convention in the adoption of the basis.

**MONDAY MORNING.**  
On the opening of conference Rev. Wm. [unclear] of Southampton, was elected moderator, and Rev. G. W. McDonald, assistant moderator.  
Rev. A. B. McDonald, of the Western Baptist Association, was invited to a seat in the conference.  
The recording secretary from the committee on the consolidation of the constitution submitted the following report:  
Four committees, under the direction of resolution 34 (last annual session), had been appointed to report:

1.—[a] That the executive committee for home missions shall engage missionaries and institute such agencies as may be required by carrying on home missions work. [b] It shall have the power to disburse any or all of its monies before the time of engagement shall expire if circumstances demand it. [c] It shall make an annual report of its work to the conference. [d] Four members of the executive shall form a committee for the transaction of business. [e] The treasurer shall have charge of the funds and keep account of the same. [f] The corresponding secretary shall correspond with the foreign mission work and prepare a report of home mission work to the conference annually.

2.—[a] That the executive for foreign missions shall have control of the foreign mission work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the foreign mission work and prepare a report of home mission work to the conference annually.

3.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

4.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

5.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

6.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

7.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

8.—[a] That the executive for the relief of the poor shall have control of the relief work of the denomination. [b] It shall institute such agencies as the interests of the work demand, and submit an annual report to the conference. [c] Five of its members shall form a committee for the transaction of business. [d] The treasurer shall have charge of the funds and keep account of the same. [e] The corresponding secretary shall correspond with the relief work and prepare a report of home mission work to the conference annually.

# COUNTY COURT.

Criminal and Civil Docket—  
Grand Jurors Sworn.

A Case of Larceny and the  
Allendale Wife Beating  
Case.

No Bill Found on an Indictment  
for Murderous Intent.

The County Court opened at eleven o'clock this morning. His Honor Justice Swan presiding. There were good attendances of the court attendants, lawyers and spectators, but a large number of the jurors were conspicuous by their absence. Only fourteen members of the grand jury answered to their names at the opening of court, after some delay, occasioned by the absence of many of the grand jurors at first. The following was finally sworn: Geo. H. Parker, Foreman, Richard Pinder, Frank McDougall, Henry Blair, Alfred G. Edmonds, Wm. McCall, N. A. LaForet, Andrew Lottimer, N. A. LaForet, John G. Edwards, J. S. Blythe, J. A. McPherson, J. A. McPherson.

His honor in addressing the court referred to congratulatory terms to the improved appearance of the court room, and to the additional improvements that had been made this year at the suggestion of the court. He hoped the court would be able to do its duty in all respects, and that it would be a day of all good citizens to give sympathy and aid to the court in its duty.

In a poor Christian who even by effecting neutrality on the question of religious controversy and to the enemy, Rev. Christian Baptists, it is expected will be to the record of the denomination and continue increasing warfare against the monster evil of our day.

This was adopted.  
The Sunday services were very largely attended, notwithstanding the rain. The annual denominational service was preached in the morning by Rev. J. E. Bond. Rev. Mr. Knoll preached in the afternoon and Rev. S. A. Hartley in the evening.

**Sunday School Convention.**  
A large gathering of Sunday school workers is expected at St. Stephen next week at the provincial convention. The executive committee was appointed to convey to this conference the conference's action and give authority to take further steps towards union if the conference should demand it. Examples of the convention in the adoption of the basis.

**THE RIVER BRIDGE.**  
The stone piers of the railway bridge are rising rapidly and there is every likelihood of the work being completed before the river closes. Calender says the work is progressing on all the piers now except two. Outside of the piers, 170 feet of the bridge is in the present position. Beginning with last night, a night force was put on work which will be completed by the river closing. The work will be changed to alternate weeks. Several men who came to see yesterday were informed by Contractor Hogg that the crews were all made up and that they were not wanted.

**THE RIVER BRIDGE.**  
The David Weston left here for Indiana yesterday afternoon at seven o'clock, and returning reached here at midnight last night. She left again at seven this morning loaded with passengers and freight. The local traffic along the river is at this season and the Weston and her crew are kept busy.

**How Work for the Fish Weir.**  
An Ottawa dispatch says a number of orders-in-council for the further protection of fish have recently been passed. Among them is one putting a stop to the practice of fishing through holes in the ice in Nova Scotia and New Brunswick. The order in reference to salmon fishing has been so changed as to absolutely prohibit fishing.

**Woodstock Exhibition.**  
The Woodstock exhibition opens to-morrow afternoon, at 2 o'clock. The show promises to be a big success. The entries in all the departments are unusually large and have far exceeded the expectations of the managers. More than 200 horses are entered from all parts of the province, and also from Nova Scotia and Maine.

**Golden Wedding.**  
We neglected to mention an interesting event which occurred at St. Barthelemy, this city, on the 10th inst.—the golden wedding of Mr. and Mrs. Chas. B. Lincoln, formerly of Fredericton, N. B. The couple were present in a party of gold. A great many Fredericton folks were present—Bishop Provincial.

**Free Baptist Tea Meeting.**  
The ladies connected with the Free Baptist Church are making preparations for a tea meeting, which they propose holding in the vestry of the church on Thursday evening next, Oct. 10th. A number of refreshments of a social nature will also be provided for during the evening.

**The Kingston News.**  
The Kingston Agricultural Society have reconsidered their resolution to hold no fair this year, and have appointed Thursday the 20th inst. fair day. The committee having the matter in hand are determined to make it a success in every sense of the word.

# TEMPERANCE MEETINGS.

Address by Mrs. Mary of Prince  
George—A Visit to Dorchester Penitentiary.

The series of temperance meetings and lectures on Saturday and Sunday conducted by Mrs. J. K. Darney, national superintendent of all and prison work, of the United States, were largely attended by all classes of citizens. Mrs. Darney is a very frank and impressive speaker, and her addresses were listened to with deep interest.

On Sunday afternoon she addressed the Sunday school children in the City Hall, which, despite the rain, was well attended. The mass meeting in the evening was a large one when Mrs. Darney presented her lecture on the subject, "From Jerusalem to Jericho." Mrs. Stedman, president of the W. C. T. U., and a large number of the members of the union and other occupied seats upon the platform. A choir of singers from the Dorchester penitentiary, who were dressed in white, sang a hymn in honor of the occasion. Mrs. Darney's address embraced many points of view of the city of temperance and she handled her subject well.

During the course of her remarks on jail and prison work, in the Temperance Hall on Saturday evening, Mrs. Darney related a recent visit which she made to the Dorchester penitentiary. She was very kindly received by the officials in charge and shown through the different apartments of the prison, where she saw the prisoners in their cells, and the men and women who were kept in the prison for various crimes. She also saw the men and women who were kept in the prison for various crimes.

**In Short Note.**  
Municipal elections to-day.  
N. B. was the report at the police court to-day.  
Regular monthly meeting of the City Council to-night.

The gas light in front of the post office building is out.  
The annual school meeting will be held on Thursday next.  
Excursion rates to Woodstock are now offered on the N. B. Railway.

Crowds of our people, the men and women who were kept in the prison for various crimes. She also saw the men and women who were kept in the prison for various crimes. She also saw the men and women who were kept in the prison for various crimes.

The water in the river is on the rise from the effects of Sunday's heavy rain. St. John's street railway will, it is expected, be put in operation on Thursday next. Dr. McAllister has a new anaesthetic for the extraction of teeth. See advertisement.

The Forest and Stream, in its late issue, published the New Brunswick and Grand Falls. The Lewis establishment at St. Mary's, the old bridge still lies bottom on the river.

About another week's work remains to be done to finish the rafting at the Fredericton bridge.  
The Quinquennial fair will be held on Thursday of this week at Hiram Hall, Upper Quinquennial.

Yesterday's morning train from St. John was put in an hour late owing to some delay at the Junction.

A meeting of the Fredericton Curling Club will be held at night, on Wednesday next, at eight o'clock.  
The applicants for matriculation into the University are awaiting the announcement of the result of the examinations.

A warm rain fell on Sunday. The storm lasted for twenty-four hours, during which time a large quantity of rain fell. One of the servants of the Royal Hotel fell from a ladder employed in the present morning, and injured herself severely. The plank bridge, nearly opposite Fort Bailey's residence on College road, is in a poor condition and needs repairing badly.

# REFORMATION NEEDED.

The Organ of London Aristocracy

Wants a Change in the Constitution of the House of Lords.

New York, Oct. 4.—A special to the World from London, says: The strong feeling among all classes of the population as to the urgent necessity of instituting reforms in the constitution of the House of Lords has been further demonstrated by the Morning Post, the paper of the aristocracy. In an editorial on the subject of the Marquis of Ailesbury's Disgrace—The Post's Comments. The Marquis of Ailesbury, a peer of the realm, was yesterday expelled from the House of Lords for having been guilty of a gross breach of the rules of the House.

In either case it is inevitable. We expect to feel that the necessity for action has to a certain extent been forced on us by the attitude of the House of Lords in past sessions of Parliament. On more than one occasion agreements reached to and carried with the assent of the government in the House of Commons have been rejected by the lords with concurrence of ministers in the upper house. In one instance this step has been taken when assent of ministers in the lower house procured the passing of a measure without a division. Provisions must be taken against such occurrences which will inevitably lead to a grave collision between two branches of the legislature.

**SPORTING NEWS.**  
**Two Races.**  
St. John's race track, Yorktown, was taken to New York yesterday to see the Jerome Park races.  
Five races are anticipated at Woodstock this week. In all the races the horses are large and many of the best horses in the country will compete. Several of the horses are on the published lists for the week, while others have been entered. Mr. C. S. Charles, entered for the three minute class, is likely to be drawn.

Some remarkable records were made by 2 year olds at the New England association's fair at Myrtle park on Friday last. All past records were broken, and badly broken at, by the overwhelming victory of Albatross, a bay filly from Connecticut, the Waterbury, Me. colt, coming being a far second and a whole field of colts dismissed. The race was as follows:  
Quarter Half Mile  
First heat—42 1 1/2 2 25  
Second heat—42 1 1/2 2 25

**Foot Racing.**  
Fred Scott has accepted the challenge of Joseph McNamara, to run a 125 yards foot race for \$200. The race will take place on Mosquitash Park on Oct. 25th.  
**The New Brunswick Athletic.**  
Fred Harmon, the famous New Brunswick athlete, was the winner of the \$500 gold medal at the Athletic sports which took place at Hamilton, Pa., a few days ago. He ran in a handicap contest and allowed Smith, J. H. Watson and Tom Atkins an average start of a yard each. Watson won out of the race at the 90 yard mark. Harmon passed Atkins at the 125 yard mark and defeated Smith by three yards on the half way.

He was stripped to the buff, save a loincloth, and was all the while in force and energy. He stated to a reporter that he will visit Canada in a short time, and that he will sail for England in about 20 days. He is unmarried, he said, and my parents reside in St. Stephen, N. B. I am not an American, as has been stated in the New York Sun. I do not intend to run any longer, I could do so, but it is killing on any man to engage in long races—there are times for that work.—J. H. Springing Journal.

**Two Races and a Visit.**  
The racing season at St. John's, New Brunswick, is over. The last race was held on Friday last, when Fred Scott defeated Joseph McNamara. The racing season at St. John's, New Brunswick, is over. The last race was held on Friday last, when Fred Scott defeated Joseph McNamara.

**Challenge for Next Year.**  
The secretary of the New York Yacht Club has received a challenge for a race for the America's cup next year. It caused no surprise, as it was generally known that the club was to be challenged by the New York Yacht Club. The challenge was accepted by the New York Yacht Club.

**At a recent meeting of the Montreal Amateur Athletic association a committee was tasked to institute a suit for libel against the sporting press for the many statements that the game on Saturday last was sold to the Corvallis by the Montreal club.**

**Base Ball.**  
The Shamrock club has been able to arrange a match with the Woodstock club as expected.  
**Crickets.**  
The Longwoods, of Boston, defeated the St. John club yesterday by a score of 134 to 46.

**Canoeing.**  
The Verre boat the Opress in the third and decisive race for the Lansdowne cup on Lake Ontario, yesterday.  
**New Store at Gibson.**  
As will be seen by the Montreal Advertiser, Mr. J. H. Gibson has opened a new store at Gibson opposite the mouth of the St. Lawrence. He will have on hand at all times all kinds of fresh and salt meats, and his customers will find his store a great convenience.

# A HORSE TRAIN.

For the Provincial Exhibition of  
Horses and Races at Woodstock.

A special train consisting of eleven cars rolled out of St. Mary's station this morning shortly after nine o'clock freighted with horses and exhibit for the Woodstock exhibition. There were eight car loads of horses and three of York county exhibits.

Among the exhibit for the Woodstock exhibition, Mr. John Edwards, of the Queen, sends his match team of bays, Mr. Geo. J. Gault, a matched team of chestnuts; Mr. John McQuay's Duke of Cambridge and Sir Charles; Mr. Burpee, of Haverhill, a handsome two-year-old; Mr. A. L. Slippy's Sir Garnet and Gladstone, Sontag, Kitty and two horses from Chatham which came over on the Northern & Western. One or two horses are expected to be taken on at Kewlin.  
Among the exhibit for the Woodstock exhibition, Mr. John Edwards, of the Queen, sends his match team of bays, Mr. Geo. J. Gault, a matched team of chestnuts; Mr. John McQuay's Duke of Cambridge and Sir Charles; Mr. Burpee, of Haverhill, a handsome two-year-old; Mr. A. L. Slippy's Sir Garnet and Gladstone, Sontag, Kitty and two horses from Chatham which came over on the Northern & Western. One or two horses are expected to be taken on at Kewlin.

Mr. Geo. Gault, dealer in horses, has eight horses consigned to his care and has employed a large number of passengs, caretakers of the horses and expositors, went up on board the train. Mr. Knockford had eight horses consigned to his care and has employed a large number of passengs, caretakers of the horses and expositors, went up on board the train. Mr. Knockford had eight horses consigned to his care and has employed a large number of passengs, caretakers of the horses and expositors, went up on board the train.

**Conspectives.**  
Should try Mr. Long's Balsam; it can be had of any Druggist.  
**EARLY DINNER ON FRIDAY.**  
Rev. W. O. Haynes, in his historical sketches of the province of Carolina County, makes the following reference to the early times and the first river steamer horse Frederick.

The first boats used for bringing supplies from Fredericton were large clumsy affairs, and they were called "flat boats." They were built of plank and were towed by a broad guzawl, upon which the men were pushing with their poles; others at the stern were pulling with the rope. Mr. D. B. Beasley was the first to build a boat resembling the tow boats as extensively used in recent times upon the St. John and the Pictou rivers. The tow boat was simply a large cargo, open on end and which was a large cargo, open on end and which was a large cargo, open on end.

**Don't Practice.**  
Also account by buying common Plastering. Plasterers. Ask for the "Royal," none other can equal them.  
**Electric Light.**  
The electric light poles for the Fredericton One Company are being brought into town from the Gibson railway yards and are being prepared for erection at Whitaker's tannery yard. The poles for the Electric Company are being prepared on the bank of the river in front of the parliament buildings. The brick masonry work on the Carleton street electric railway, it is expected, will be completed to-morrow. The wire agents for both companies are expected in a few days to install the electric light poles. The Bell system are giving good satisfaction.

**The Ladies' Favorite.**  
The newest fashion in ladies' hats will doubtless cause a flutter of pleasure among the ladies of this city. The hats are made of straw and are very susceptible to the changes of a fashion. The hats are made of straw and are very susceptible to the changes of a fashion. The hats are made of straw and are very susceptible to the changes of a fashion.

**In Clover in the West.**  
From the Winnipeg Sun we clip the following notice of the marriage of a former York County boy—Mr. Charles H. Ballist, civil engineer of the C. P. R. telegraph, who was married on the 21st inst. to Miss G. Rose daughter of W. B. Ross, of Donald street. A large number of friends witnessed the ceremony, on the completion of which Mr. Ballist, the bridegroom, played Mendelssohn's wedding march. After luncheon the Rev. O. Fortin, in proposing the health of the happy couple, spoke in a highly complimentary manner of the bride, who had cheerfully given her services in the hospital, and the bride, in the last of the wedding, she was made the recipient of several valuable gifts. Miss M. Anderson acted as bridesmaid. Mr. Chas. Thibault was best man. Mr. and Mrs. Ballist left by the evening train for their home at Port Arthur.

**As Brief, and to the Point.**  
Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in the world. It is a machine that is constantly at work, and it is a machine that is constantly at work. It is a machine that is constantly at work, and it is a machine that is constantly at work.

**Landings.**  
Ex schooner Comrade, 25 children Calcutta. This is a very fine house, cost about equal to one of Sydney. \$5.00 per month from the vessel. E. H. Allen.

**Spectacles and Eye Glasses.**  
Attention is directed to the advertisement of Dr. H. Davis, in another column, from which it will be seen that he is selling Lawrence's spectacles and eye glasses at 20 per cent less than cost. This is a grand chance for those who desire a first class article.

**Nails.**  
JUST RECEIVED 20,000 Steel and Iron Nails, and for sale at market rates. R. CHRISTIE ALBANY.

"It is a scientific fact that the Royal Baking Powder is the purest and most wholesome of all baking powders."

**NEW HARTLAND.**  
How the Potato crop was cut—Gone Lumbering.  
New Hartland, Oct. 4.—The farmers are nearly through with their potato digging. On some farms the early ones are one-quarter rotten. On other places they are sound and large. Mr. D. Wood will have 200 barrels of good sound potatoes of a small field. Mr. Wm. John Noble left today with 12 men and six horses, destined for the Upper St. John, to open for Robert Connors. Rev. Mr. Sam. McKnight will leave the last of this week for the Upper St. John with a crew of men to lumber for Walter Stevens.

**Woman and Her Diseases.**  
It is the title of a large illustrated tract, by Dr. R. V. Pierce, Buffalo, N. Y., sent to you free of charge. It contains 100 pages of text and 100 illustrations. It is a tract that is sent to you free of charge. It is a tract that is sent to you free of charge.

**Church Notes.**  
Rev. Mr. Adams occupied the pulpit of St. Paul's church, on Sunday, in the absence of Dr. Francis, who is in the hospital. Rev. Mr. Adams occupied the pulpit of St. Paul's church, on Sunday, in the absence of Dr. Francis, who is in the hospital.

**FREDERICK JUNCTION.**  
A Crystal Wedding Celebrated.  
FREDERICK JUNCTION, Oct. 4.—On the evening of September 20th a surprise party of the friends and neighbors of Mr. and Mrs. T. H. Mason were to celebrate their crystal wedding. The presents were varied and numerous, some of them being brought from Woodstock, N. B. After having tea they passed the evening very happily and have taken away with them the thoughts that it was blessed to give than to receive.

**LOOK HERE! New Goods.**  
New Meat Store  
GIBSON.  
The subscriber has opened a Meat Store in Gibson opposite the mouth of the St. Lawrence. He will have on hand at all times all kinds of fresh and salt meats, and his customers will find his store a great convenience.
