TWO FLYERS TO COME TOGETHER THURS. AT BATHURST

Match Race Has Been Arranged Between Kentucky Mag & Violet R.

TWO SLIGHT FIRES

BATHURST, Tuesday.—A match race between Kentucky Mac and Violet R. (135) will be held at Bathurst Harbor on Thursday, March 12th at 2 p. m., best three in five heats. Kentucky Mac is the horse that won the three minute class at New-castle in January winning from a good field of horses. W. G. Fenwick has purchased the fast pacing mare, Claudia. Hal by Direct Hal (2:14) failed in 1906. This mare paced last season at Halifax in the 2:15 class. The following was the summary:
Lady Bingen 2:14 1 1 1
Claudia 2:14 2 2 2
Ada Mac 2:17 3 3 3
Will Be Sure 2:16 4 4 4
Two slight chimney fires occurred this afternoon during the heavy wind one at the residence of Mrs. Kate Cinnamon and one at F. O. Landry's building. As there was no immediate danger no alarm was sounded and both burned themselves out.

BEFORE ONE JUDGE.

Liquidators Case Against Ontario Bank Directors Will Not Be Tried By Jury.

TORONTO, Tuesday.—Chief Justice Meredith this morning gave an order that the action taken by the liquidators of the Ontario Bank against the former directors should be tried before a single judge instead of going to a judge and jury. The application for the change was made on behalf of the defendant directors. His Lordship said that an action of this kind would result in a newspaper verdict if allowed to go to a jury.

OTTAWA, Tuesday.—In the Commons today Mr. Graham introduced a bill to amend the Railway Act with respect to telegraphs, telephones, and the jurisdiction of the board of railway commissioners. The new bill provides that telegraph companies with their tolls, connections, etc. be under the control of the railway commissioners the same as the railways. Wireless telegraph companies are also included. The commission shall force railways to provide cars promptly to shippers and move freight quickly. The penalty for not doing so is severe. The powers of the commission are wide. The provisions of the bill have already been published.

Budget Next Week.
Mr. Fielding announced that the budget would be brought down on Tuesday of next week. Replying to Mr. Borden, Mr. Broder said he was in error in stating Sir Charles Hibbert Pupper had been paid his expenses by the British government in addition to the expenses paid by the Dominion government in the Behring Sea arbitration.

Amend Dry Dock Act.
Mr. Fielding moved a resolution to repeal the act to encourage the construction of dry docks and to reenact it with certain amendments, which he explained.

Mr. Fielding said the only representations made for a new dry dock were by the St. John Dry Dock Company.

Mr. Foster said the proposals would open a new field for political influence and thought the time had come when these things should be controlled by special boards.

The dry dock bill was carried and a bill embodying its provisions introduced and read the first time.

Government Annuities.

A resolution moved by Mr. Fielding on government annuities was adopted and a bill introduced.

Complaint was made by Mr. Borden and other members of the opposition to statements in the government press that they had taken returns from the House and neglected to return them. This was false. Some were still out but it was because members were not through with them.

On motion to go into supply, Dr. Reed, of Greenville, moved that ten dollars received by the government should be placed under seal to prevent their being tampered with until opened in the presence of three officials of the department and the tenderers or their representatives. He said the practice now gave the opportunity for unfair collusion between tenderers and the officials of the departments.

Daguer was in sympathy with the resolution but wanted to see the heads of the departments first.

Borden urged the adoption of the resolution.

Fielding and Graham also thought the opening of tenders by one man was bad practice. Bergeron declared there was no open tendering as invitations to tender were sent only by friends of the government. Dr. Fugate denied this.

CONSUERO SEEKING A DIVORCE FROM MARLBOROUGH

Duchess Will Get Advice From Her Mother as to a Separation

MAY START LEGAL ACTION

LONDON, Tuesday.—The Duchess of Marlborough (formerly Miss Consuelo Vanderbilt) left London Saturday for Liverpool, where she took the Cunard liner Lusitania for New York. She is going to New York primarily to visit her mother, Mrs. Belmont (formerly Mrs. William K. Vanderbilt) and is expected back in London early in April. Friends of the Duchess declare that she will discuss with her mother the possibility of obtaining a divorce in the New York courts. The duchess, however, never openly presented any views on this matter. It is said that her mother-in-law Lady Blandford, has recently urged the Duchess, if only in justice to herself, to endeavor to obtain a divorce, to be free to marry again and not to waste the best years of her life in self-imposed grass widow-hood. It is stated the real object of the duchess visit to New York is to seek her mother's advice on this subject.

The duchess has been rather restless lately and not so enthusiastic in the charitable work into which she flung herself after the separation from her husband. She has shown no tendency to appear at charitable meetings and other functions. Recently she took a fancy to rent a country cottage in Staffordshire. She remained there only part of a fortnight, however, and returned to London. The Duke is never seen in Sandringham House, nor is his name ever mentioned by the duchess. When he comes to London he stops at the Ritz Hotel. When in Woodstock he spends his time hunting.

TO INTRODUCE EVENTS.
We are naturally proud of 'Events' it is now one of the best weekly papers in the city. It is a paper of consistent quality and a trial you will agree with us. In order to induce many new subscribers we are offering to send 'Events' to new subscribers from March 1st, 1908 for fifty cents. This offer will be open for a short time only, so remit at once by postal note or registered mail. There are many hundreds of North Shore people in Western Canada or the United States who would appreciate a weekly paper. The rate to the United States for the above period will be \$1.00.

BATHURST, Tuesday.—Mrs. Frank Matheson of Campbellton spent Sunday here the guest of Miss Edna Payne.

The many friends of Mr. and Mrs. W. R. Payne learn with much regret that they are about to remove to Newcastle, where Mr. Payne is to succeed Mr. I. E. Humphrey as station master. Mr. Payne has been station master here ever since the road was opened over thirty years ago.

Mr. A. J. Wittell returned from St. John, New Brunswick, where he went to see Mr. Hazen.

Henry White went to Fredericton this morning.

P. G. Mahoney of Melrose is in town here two weeks ago. She learned, by accident, of an Edward Walpole on the west side of the city and without attempting to see him or verify her suspicions went to the Police court and secured a warrant, charging Walpole with non-support.

He was taken into court, and still without having been seen by the Toronto woman, his trial was set for next Monday. Without waiting the outcome of this warrant Mrs. Walpole tried to secure another warrant charging bigamy. The justice refused it on the slight evidence that she presented until the police had investigated the case. Yesterday officers accompanied by Mrs. Walpole visited the Detroit Walpole's home. Here the evidence was indisputable that the Toronto woman had been following the wrong man. The Detroit Walpole has lived here for twenty-five years and is considerably older than the Toronto Walpole. The Detroit man will be honorably discharged by the court on Monday. The Toronto Mrs. Walpole is still here.

BRANDON, Vt., Tuesday.—Charges have been preferred by Rev. George Cook, pastor of the Methodist Episcopal Church in Brandon, against the Rev. J. R. Day, LL. D., Chancellor of Syracuse University, on the ground that Mr. Day defamed the character of President Roosevelt. The charges have been presented to Rev. P. M. Waters, D. D., presiding elder at the New York Conference of the Methodist Church to which Chancellor Day is ecclesiastically attached.

When interviewed tonight concerning the allegations Rev. Mr. Cook said it was true he had brought the charges against Chancellor Day. He said that in a book entitled 'A Raid on Prosperity' written by Chancellor Day, President Roosevelt was severely criticized, and that in his opinion Dr. Day had violated the rules of the Methodist Church in thus assailing the President.

It is stated that Dr. Day is charged with having spoken evil of Magistrates, in violation of the rules of the Methodist Church, which warn against uncharitable or unprofitable conversations, particularly speaking evil of Magistrates or of ministers.

CAPT. McNICHOIL DEAD.
Was Commander of the Allan Line Victorian.

MONTREAL, Tuesday.—Captain MacNichol of the Allan Line S. S. Victorian, died suddenly at Liverpool yesterday. Captain MacNichol was well known in St. John and Halifax.

QUEBEC, Tuesday.—Hon. Rodolphe Lemieux, Postmaster General and acting Minister of Public Works and Labor, arrived in town on Monday afternoon and is the guest of Hon. Frenglet Gouin. Yesterday he paid a visit to Mr. Marois. This morning he was busily engaged in receiving callers, who interviewed him on matters of various departmental matters. Among those who interviewed the honorable gentleman was a deputation from the Anti-Alcoholic League who drew the attention of the Postmaster-General to the carriage of liquor by mail carriers and requested him to take measures to prevent this.

Hon. Mr. Lemieux listened attentively to the remarks of the delegation, and immediately issued instructions to the effect that anyone found carrying liquor while employed in carrying His Majesty's mails will be summarily dismissed from the department.

Hon. Mr. Lemieux in a few remarks to a reporter, stated that he had no objection to the remarks of the delegation, and immediately issued instructions to the effect that anyone found carrying liquor while employed in carrying His Majesty's mails will be summarily dismissed from the department.

PLAN TO MAKE GASPE WINTER PORT OF CANADA

This is the Object the Atlantic, Quebec and Western Have in View

WILL BUILD HOTELS, TOO

The Bay Chaleur is to have a winter port at Gaspé.

That is the expressed determination of the promoters of the Atlantic, Quebec and Western Railway, and recognizing that it will be very difficult to make people believe the scheme is feasible they are going to prove it with their own steamers as soon as the railway is completed.

The president of the company behind this scheme is Lord Templeton, while Lord Ranfurly and Mr. J. X. Laviole are the English and Canadian vice presidents respectively. Lord Ranfurly has just concluded a brief visit to Canada and when he made an inspection of the work that is being done.

According to the information given out, the company is spending six million dollars in order to secure a first class road from the Intercolonial at Matapédia to Gaspé Basin, 202 miles, and to do this they have purchased the old Bale des Chaleurs line, have already constructed twenty miles to Port Daniel and have the remaining eighty odd miles under construction.

The company gave Messrs. Galaxie Brothers, of London, two million dollars for the old Bale des Chaleurs section and they have spent another million in repaving the roadbed, renewing some seventy-five percent of the ties and reducing the curves generally.

About twenty miles of the line from Matapédia to Port Daniel have been completed by the new company and now all their efforts are concentrated upon the remaining eighty miles or more from Port Daniel to the terminal at Gaspé Basin. Some eight hundred and fifty men have been employed all winter and this number will be increased with the opening of spring. It is expected that the whole line will be completed by the fall of 1909, while by next fall the vice-president states that trains will be running as far as Grand Pabou, twenty-two miles from Port Daniel.

The passenger station at Gaspé Basin will be located at the foot of Port Ramsay, but the freight terminals are to be at Sandy Beach, about four miles from the town, where there are excellent facilities for a first class port.

Wharves can be built that will give forty feet of water, with good shelter at all times. Mr. Laviole, who has been a resident of Gaspé for thirty-four years said that he has always taken a great interest in the movement of the ice, and he is confident that steamers can get out of Gaspé at all seasons of the year.

One of the features of the Gaspé railway project is the building of hotels at different points along the beautiful coast, the statement also being made that there will be summer hotels at Gaspé, Carleton, New Carlisle, Percé and other places. The distance to Gaspé Basin will be 475 miles, viz. 275 miles by the Intercolonial and 202 miles from Matapédia to the terminus of Gaspé, and besides this connection, the railway people have a charter to connect their line at the upper end of the Bale des Chaleurs with the Grand Trunk Pacific at Edmonston, N. B., to the St. John River.

QUEBEC, Tuesday.—Nobody here connected with the Quebec Bridge Co. will talk for publication on the report of the commission in the absence of the president, Mr. Parent, to whom the officials refer newspaper men. The engineers do not believe that entire new plans will be necessary or that the length of the centre span will have to be shortened. All they seem to think essential will be the material strengthening of the chords that gave way and that hold the centre span in position. Hon. Mr. Lemieux yesterday said there would be no unnecessary delay in rebuilding the bridge. The government will assume direct control of the bridge.

DETROIT, Mich., Tuesday.—Eight years ago Thomas Edward Walpole married in Toronto, and three years ago deserted his wife, taking with him their baby boy. Mrs. Walpole traced him over a large part of Ontario, and then suspecting that he was in Detroit, she came here two weeks ago. She learned, by accident, of an Edward Walpole on the west side of the city and without attempting to see him or verify her suspicions went to the Police court and secured a warrant, charging Walpole with non-support.

NEW WAY TO BE WELL

Healthfulness of Oranges.

The one lesson which most people
never seem to learn is, how to guard
their health.
We have been eating oranges since
time immemorial, yet how many of
us know that orange juice contains a
medicinal principle which has a marked
action on the stomach, bowels,
kidneys and skin. Some physicians
go so far as to say that they can cure
the average case of indigestion, con-
stipation, biliousness and dry skin
with orange juice and proper diet.
This can be easily proved to the
satisfaction of any sufferer. Take
the juice of one or two oranges every
morning before breakfast, take one or
two "Fruit-a-tives" every night at
bed-time, exercise a reasonable care
in diet, and the proof will be found in
health.

The cure will be greatly assisted
and hastened by taking "Fruit-a-tives"
in conjunction with the orange
juice. "Fruit-a-tives" are fruit juices
in which the medicinal principle of
oranges, apples, figs and prunes are
many times increased by the special
way in which they are combined.
Then tonics are added and the whole
made into tablets. "Fruit-a-tives"
may be obtained at all dealers, or will
be sent postpaid on receipt of price—
50c a box—\$2.50. "Fruit-a-tives,"

BITTERS.

Mr. P. A. Labelle, Maniwaki, Que., writes us
as follows: "I desire to thank you for your
wonderful cure, Burdock Blood Bitters."
Three years ago I had a very severe attack of
Dyspepsia. I tried five of the best doctors I
could find but they could do me no good.
I was advised by a friend to try Burdock
Blood Bitters and to my great surprise, after
taking two bottles, I was so perfectly cured
that I have not had a sign of Dyspepsia since.
I cannot praise it too highly to all sufferers. In
my experience it is the best I ever used. Not-

MISS HARRIMAN WEDS.

Railroad King's Daughter Bride of R.
L. Gerry.

NEW YORK, Wednesday. — Miss C.
Harriman, daughter of Mr. and
Mrs. E. H. Harriman, and Robert
Livingstone Gerry were married to-
day in Grace Church. In many re-
spects the wedding was the most bril-
liant of the social season just closing.
The guests including scores of men and
women whose names are familiar in
social circles throughout the world. A
reception in the Harriman house, 874
Fifth avenue, followed the church cere-
mony.

Miss Mary Harriman, sister of the
bride, was maid of honor. Another
sister, Miss Carol A. Harriman, cousin,
Miss Ruth Averell, of Rochester; still
another cousin, Miss Marion H. Clarke,
Miss Elsie Howland, Miss Anita Pen-
body, and Miss Margaret Dix, were the
bridesmaids.

The groom had his brother, Peter

man of the Dominion Railway Com-
mission, who died in Ottawa on Sun-
day last, took place from the family
residence this afternoon to All Saints
Church and the church yard of St.
John's cathedral where the body was
laid to rest. Archbishop Matheson of-
ficiated at the ceremony. The pall-
bearers were—Lieut.-Governor Sir
Daniel McMillan, Chief Justice How-
ell and Perdue, Justices Richard and
Cameron, Wm. Whyte, G. F. Galt and
Mr. Aldous, sheriff.

STATEMENT UNTRUE.

CLEVELAND, O., Thursday.—In-
vestigation concerning two dispatches
sent out by the Associated Press from
Trenton, O., and Canal Dover, O.,
on Feb. 18 is the effect that Miss Clara
Stirling, a teacher in the Tuscarawas
county home, had pleaded guilty to the
charge of driving a tack through the
tongue of a 7 years old pupil,
shows that there was no truth in the
statement. Such a charge was made
but on a hearing it was found that the
teacher had done no more than to
threaten such punishment, and upon
this she was fined \$10 and costs, and
her services were dispensed with.

SENT UP FOR TRIAL.

Man Who Got Drunk When His Wife
Was Ill Guilty of Criminal Neglect

TWEED, Ont., Thursday. — The
coroner's jury in the case of Mrs.
Richard Lindsay, who with two new-
born babies, was alleged to have died
at her home near Jackson's Corners,
as the result of neglect on the part of
her husband who got drunk when sent
for a doctor, decided that Lindsay
was guilty of criminal neglect and the
man was accordingly sent up for trial.

VICTORIA, B. C., Thursday.—Details
of the seizure of the Japanese steam-
ship Tatsu, ten miles off Macao, were
brought by the steamship Empress of
Japan, which arrived last night from
Yokohama.

When the Tatsu left Japan telegrams
in cipher were sent to the Chinese
government, in consequence of which
the gunboat Po Bik, carrying a num-
ber of foreign drilled troops, put to
sea under sealed orders, and the Chi-
nese revenue cutter Tung Tsing and
three gunboats joined her. The Tatsu
was found hove to ten miles off Macao,
in Chinese waters, awaiting a pilot
to get to the Portuguese ports.

The steamship was seized and 1,500
rifles and 40,000 rounds of ammunition
which were manifested, and 750 rifles
not manifested, which were secretly
taken. The Chinese commandant
Captain Wu, hauled down the Japanese
flag, and replaced it with the dragon
flag, and placed armed forces on board.
A Portuguese junk with Portuguese
troops on board, went out to assist
the Japanese steamship, but were pre-
vented from communicating with her
by the Chinese. In consequence of
which strong protests were made by
the Portuguese officers. All communi-
cation was prevented.

The war munitions, which the Chi-
nese say were intended for Chinese re-
bels, were consigned by Awaya & Co.,
a Kobe firm interested in the Japanese
mine on Queen Charlotte Island, B.
C., to Kiang Yu & Co., a Chinese
firm of Macao. The shippers' agents
and consignees have engaged a Portu-
guese lawyer, to make representations
against the seizure.

Meanwhile the Tatsu was taken to
Canton under seizure. The ship's
agents contend that she was legally
within her rights in taking arms at
Macao, but her Chinese captors they
found her endeavoring to land the arms
surprisingly.

As a result of the seizure of the
Tatsu, Japan has demanded an apology
and indemnity from China. To back
up this stand Japan has sent a war-
ship to Hong Kong.

**CURES
Inside Ills**

A sneeze—a sniff—a cold in the head—a cough. Serious trouble may result unless you recognize the symptoms and eradicate them at once. There's a sure remedy for inside ills—take it in time and save doctor's bills. A few drops of

**Johnson's
ANDOLINE Liniment**

taken on sugar will work wonders. The first dose makes a big improvement in your condition, whether you are suffering from a sore-throat, a cold, cough, tonsillitis, bronchitis, asthma or other disorders of the respiratory organs. For pains in the stomach, cramp, colic, cholera, morbus and diarrhea, a few half-teaspoonful doses will bring relief and effect a speedy cure.

For outside aches and pains, cuts, bruises and lame-ness Johnson's Andoline Liniment is invaluable.

Always have a bottle within reach. Sold everywhere. Guaranteed under Patent and Drugs Act, June 30, 1906. Serial Number 519, 25 and 50 cents a bottle.

Small Animals

are as effectively imprisoned as the larger
ones, for we make "Maritime" Wire Fence
with spaces too small for the little, wee
piggies to squeeze through.

The absolute regularity of the weaving,
the stiffness and springiness of the English

remarkable gripping-strength of our lock,
make "Maritime" Wire Fence a decidedly
stronger fence—one that you ought to

TOWN TOPICS

(From Thursday's Graphic)

OUR NEW STORY.
Read "The Refugees" which commences in this issue. It will interest you. Don't miss the opening chapter.

DEATH OF PRIEST.

Rev. Father D'Amour of Edmundston died Friday evening. Father D'Amour had been ill for some time but was supposed to be recovering. Rev. Father D'Amour of Colebrook is a nephew of deceased.

GETS THREE YEARS.
Cornelius Conway, charged with burglarizing Clare's jewelry store here was tried under the Speedy Trials Act by Judge McLatchy at Dalhousie on Monday. He pleaded guilty and was sentenced to three years in Dorchester penitentiary.

McMILLAN'S RIN WINS.
D. F. McMillan's rink captured the Adams medals last evening after a most exciting match, the opposing team being that of J. T. Mowat. The score at the finish was 16-6. The winning team was composed of Harry Miller, C. W. Anslow, R. K. Shives and D. F. McMillan. Each will be presented with a medal. The opposing team last evening consisted of Harry Smith, O. C. Ward, Harry Millican and J. T. Mowat. At the conclusion of the game the losing rink were entertained by the victors at Sharpe's.

THE SPORTSMAN'S SHOW.
The sportsman's show now going on at Madison Square Garden, New York, is being liberally patronized, and as usual at New Brunswick exhibit is attracting much attention. Mr. W. H. Allen, of Pennac, who is in charge of the exhibit, was one of the guests at a supper, given by Capt. Dressel on Saturday evening, and on Monday the Telegraph published his portrait. W. F. Cody, better known as Buffalo Bill, was also among the guests at the function. Mr. C. E. Lovo, another New Brunswick guide, was entertained at dinner by Mr. Ralph Pulitzer of the New York World at his residence one day last week.

IT WAS A LEMON.
A young lady employed in the office of a prominent liberal firm here re-

turned yesterday. Fifty seconds after the gong was sounded the building was emptied. No intimation was given that the drill would be held and the speed with which the building was emptied was very gratifying. A successful drill was held on Friday last also.

CELEBRATING THE VICTORY.
The Opposition party leaders and a few of their friends enjoyed a supper at the Waverly last evening. The defeated candidates, Messrs Stewart and Culligan, and others were met at the station on the arrival of the local by the Citizens' band and escorted to the hotel. About fifty guests sat down to a very sumptuous supper. Mayor W. S. Montgomery of Dalhousie presided, with Messrs. Stewart and Culligan in the seats of honor. Mr. Damboise was commissioned to prepare the supper at very short notice and considering this fact, put up a bill of fare which reflected great credit on the house. Among those present were: Max Mowat, S. Laughlin, Fred O'Leary, George St. Onge, Daniel McAllister, Jacques River; Sydney Culligan, J. M. Culligan, ex-Councillor Mawhinney and A. J. Melanson, Jacques River. At 8.30 the party repaired to the St. Onge hall where an informal political discussion took place.

The Graphic will not be delivered here for this amount, but will be sent to any post office address in Canada, United States or Great Britain for \$2.00.

YOUR OWN TOWN.
Never forget that you are a part of the town, and that your own development helps to make up the stranger's estimate of the place. Sell all you can and buy all you can at home. Every dollar that is sent or carried away from home makes the town that much poorer. If you have the means invest in something that will give somebody employment. Do not look at proposed improvements simply because it is not at your door.

RECORD LOAD OF LOGS.
On February 22nd H. P. Doyle while working for the Dalhousie Lumber Company at George McIntyre's camp, hauled a load of 105 logs, viz. eighty-five cedar, eighteen spruce and two pine. The team that hauled this load was Black Boy, the famous Percheron stallion, owned by H. P. Doyle, and Big John, owned by the Dalhousie Lumber Company. The loaders were Joseph Gallant and James Bartlett, top loaders, and James Thompson and Frank Bisteau, ground loaders. The work was superintended by the foreman, Geo. McIntyre, expert builder. The load was hauled about one mile on a snow road. It was scaled by John Delaney of Dalhousie and sealed 7,286sup. feet. As far as we understand this is the largest load of logs ever hauled in the county. The champion load for 1907, hauled in the South East, was hauled by Mike Gaudreau, it being fifty-five cedar logs.

IS CONSUMPTION INHERITED.
Opinion of a Prominent Bacteriologist Given at a Recent Lecture at Harvard College.

Prof. H. C. Ernst in a recent lecture before Harvard Medical school discussed this theory at length. He claims that consumption is not an inherited disease, and that the children of parents who have had tuberculosis are as likely to grow up strong and healthy as children of parents who have not. Dr. Ernst further claims that the cardinal means for curing this dread disease are plenty of fresh air, sufficient nutritious food, rest and exercise.

For centuries physicians everywhere have recognized the value of cod liver oil in the treatment of consumption and all wasting diseases, but unfortunately few

Three Armoured Cruisers of Fleet Now at Bermuda Despatched to the Pacific Coast

LEAVE THIS MONTH

Necessary That the China Squadron be Reinforced by Strong Fleet of Observation

(Special to the Morning Graphic.) VICTORIA, Wednesday. — A despatch from London says that the armoured cruisers Euryalus, Hogue, and Cressy, of the fourth cruiser squadron, now at Bermuda will proceed at the end of the month to the Pacific coast. The despatch states further that the British government although reluctant to further deplete the available cruisers in home waters, feel that the disturbing turn of events in the Pacific make it absolutely necessary that the China squadron be reinforced by a strong fleet of observation on the North American Pacific coast.

BOGUS CLERGYMAN'S AMAZING CAREER IN ENGLAND

Tries to Hoax Archbishop of Canterbury, Bishop of London and Others

BROUGHT TO BOOK

(Special to the Morning Graphic.) LONDON, Wednesday. — An attempt to hoax the Archbishop of Canterbury, the Bishop of London and the Bishop of Southwark, were alleged at the West London Police Court last week to have been made by William Tyler, aged 42, a stationer, of Holland Road, Kensington.

It was also stated that Tyler went to a country church in clerical robes helped to conduct services, and preached a sermon.

Mr. Arthur Gill, who prosecuted, said Tyler had been for some time making the most extraordinary efforts to secure ordination for the purpose of becoming a missionary to the colonies.

In July, 1906, he declared, 'the Rev. A. J. Pitkin, curate-in-charge of the parish of Aldbourne, in Wiltshire, advertised for a locum tenens. A reply was received from a person signing himself as the Rev. E. W. T. Greenshield, and stating that he was on a holiday from Canada, where he was a missionary.

After some correspondence, the applicant arrived, in clerical attire, at Aldbourne on Sunday, August 5, and gave a very full description of himself. He took part in the services, preached a sermon in the evening, and left with a guinea fee and 10s for expenses. In June, 1906, Tyler made an attempt to procure ordination at the hands of the Archbishop of Canterbury.

For the purpose of procuring his ordination he wrote a letter in the name of the Rev. W. G. White, acting commissary to the bishop of Moosonee and Q'Appelle, recommending Mr. Tyler as a suitable person for ordination.

It appears that Tyler wished to be ordained for the colonies generally, and after some demure the Archbishop was willing to comply with that desire. Steps were taken to fulfill the necessary legal formalities, but the ordination was eventually postponed because they could not be complied with in time.

Tyler made similar attempts to deceive the Bishops of Southwark and London by means of forged letters in order to procure ordination, but was detected.

"Brooks," he said, "give me a new name for these chaps that go around the country presaging all sorts of financial disasters."

"The ink says that it does all the writing, while I claim that I do," answered the pen.

CAPITALS DEFEAT AMHERST IN A FAST GAME

Fredericton Team Showed Poor Form at Outset but Recovered in Second Half

SCORE STOOD 6-2

Last Game in Star Trophy Series—Only Four Hundred People Attended

(Special to the Morning Graphic.) FREDERICTON, Wednesday. — The Capitals defeated Amherst tonight 6 to 2 in the final game for the Star trophy. Only in the latter end of the game did the Capitals show true form and for that reason the game in its early stages was interesting, with the score see-sawing and much of the time about even.

The inability of the Capitals to shoot was the cause of this and it was only toward the end of the game that they were able to find the net with any success. At half time the score was 1 to 1, but the second half was hardly started before the Capitals got in four through fast work and accurate shooting. The next goal was scored by Amherst on Stuart's poor judgment in passing out the puck to Murray in front of their own goal. There was nothing to it, but the Capitals, and had it not been that they let up in the last few minutes the Fredericton team might have had a lot more goals than they got.

The game was not rough until Curry retired owing to a pull with his stick and Frank Staples, an old Fredericton boy now living in Amherst, took his place. Then the Capitals laid for him. The referee was Frank Smith.

Oren and Williams did not play in Fredericton owing to the residence rules. The scoring was done as follows:—First half—1, McDonald, Capitals, 4 minutes; 2, Murray, Ramblers, 28:30; second half—3, Stuart, Capitals, 1 minute 15 seconds; 4, Murray, Ramblers, 16 minutes; 5, Stuart, Capitals, 11 minutes; 6, Murphy, Capitals, 20 minutes; 7, Stuart, Capitals, 22 minutes; 8, Murphy, Capitals, 25 minutes.

Four hundred were present, the attendance being small as many were disgusted with the recent exhibition the Capitals made in having Cushing of Moncton arrested.

Tonight many tried to gain admittance to the rink with coupons given out the night of the defaulted game, but the coupons will not be honored until later when an exhibition game will be given and the public admitted without charge.

"The beauty about my surgical practice," hummed the mosquito, "is that I always put in my bill at the time of the operation."

TEMISCOUATA WILL OPEN FEEDER TO PULP WOODS

RESOLUTION TO PLACE A DUTY ON PULPWOOD INTRODUCED IN HOUSE

Lewis Declares This Country is Losing a Million Dollars Annually—United States is at Canada's Mercy in the Matter

ENOUGH HERE TO LAST 4,144 YEARS

(Special to the Morning Graphic.) OTTAWA, Wednesday. — A beginning was today made in the Commons with a debate on a large question. It was precipitated by Mr. Lewis who asked the House to join him in declaring that such an export duty should be placed on pulp wood as would be sufficient to induce its manufacture in Canada into paper. He declared that if this were done the country would be saved at least a million dollars annually.

He was of the opinion that the United States was at the mercy of Canada in the matter of wood supply. Canada with 2,600,000 square miles had the richest areas in the world and of this area half was pulp wood. At the rate of a million cords a year of exportation to the United States it would take 4,144 years to exhaust the supply in Canada.

Dr. Belland of Beauce, opposed the resolution. He declared that the poorest areas of Canada would, if properly treated, last for centuries. The preservation of our forests could only be accomplished by the various provincial governments. They would be the controllers of the forests. It would not be fair to shut off the limit holders of Canada from the great American market to their products. Herit and Tobin, two Quebec members, opposed the resolution.

VANCOUVER WANTS TO ENTERTAIN THE YANKEE FLEET

McPherson, M. P., Will Lay the Matter Before the Government

LAKE'S APPOINTMENT

(Special to the Morning Graphic.) OTTAWA, Wednesday. — Mr. McPherson, M. P., for Vancouver, received a telegram today from Mayor Bethune of Vancouver, asking him to invite the American fleet to visit Vancouver. Mr. Macpherson will lay the order before the government at once.

Militia orders issued today announce the appointment of Major-General Lake to be Inspector-General of the Army from April 1, next in succession to the late Brigadier-General Vidal. On the same date Brigadier-General O'Brien will take General Lake's present position as chief of the general staff.

NEW CARLISLE COUNCIL MEETS

The general monthly meeting of the municipal council of New Carlisle was held on Monday evening, March 2, at the Town hall at 7 p. m.

There were present His Worship the Mayor, James Hall, and Councillors William Caldwell, F. Blois, Jas. Edward Mill and E. J. Briard.

The secretary-treasurer, Mr. G. M. Kemper, having read the minutes of the last meeting, the same were duly approved and adopted by the council on the motion of Councillor Blois and seconded by Councillor Briard.

The applications for the various liquor licenses were then laid before the council by the secretary-treasurer, to wit:

J. E. Roy, Beer Bottler's license. Noe Menard, Hotel license. Albert M. Caldwell, Hotel license.

The same were granted by the council and the usual certificate confirmed on the motion of Councillor Blois, seconded by Councillor Mill.

The following accounts were also adopted and approved of by the council, and ordered to be paid:

Church Line Road—Patrick Donnelly \$2.00.

Ym. Battle, 16 hours work on roads \$2.00.

S. Jacobson, repairs to lock on Bank Road 25c.

Henry Caldwell laid before the council detailed account of the costs of transportation of his child to the asylum, amounting to the sum of \$40.50. The account was passed by the council to the usual amount of \$40.00, allowed by the county in such cases. Dr. A. Laferriere's account of \$5.00 for medical services rendered to the same child was referred back to the parties responsible therefore, and the secretary-treasurer was requested by the council to present the Henry Caldwell account of \$40.00 to the coming council on the 11th inst. for approval and payment.

On motion of Councillor Mill, seconded by Councillor Wm. Caldwell the following municipal officers were appointed by the council for the current municipal year:

Municipal Valuers: Robert Caldwell (Jesse) R. Billingsley G. M. Kemper.

Auditor, W. M. Sheppard.

Pound Keeper, Charles Caldwell.

Rural Inspector, Charles Caldwell.

Divisional Road Inspectors: Billingsley Street West, R. Billingsley.

From Church Line Road to Billingsley Street, Melvin Jacobson.

From Hamilton's corner to Church Line Road, Main Street, Charles Caldwell.

From Hamilton's corner east, Main Street, L. P. LeBel.

CHINA APOLOGIZES TO HER YELLOW NEIGHBOR

Expresses Deep Regret for Hauling Down the Japanese Flag

WILL PUNISH OFFICIALS

(Special to the Morning Graphic.) LONDON, Wednesday. — A special despatch received here says that China has apologized to Japan for hauling down the Japanese flag on the steamship Tatsu Maru was seized. The despatch further states that China later will reply to the Japanese government regarding the seizure of the steamer and its cargo.

The statement was made at the Japanese Embassy here today, that China has expressed deep regret for hauling down the Japanese flag on the Tatsu Maru, and has promised to the late Brigadier-General Vidal. On the same date Brigadier-General O'Brien will take General Lake's present position as chief of the general staff.

CONTRACT GOES TO MACLEAN AND MACPHERSON

Tenders for Substructure of Eel River Bar Bridge Opened by Mr. La-Billois

CHARLO FIRM GETS IT

Total Cost of New Bridge Apart From Inspection Will be About \$18,000

(Special to the Morning Graphic.) FREDERICTON, Wednesday. — The tenders for the substructure of the Eel River bar bridge, parish of Dalhousie, Restigouche County, were opened today by Chief Commissioner Laplante. Four tenders were received and the contract was awarded to Messrs. MacLean and MacPherson, of River Charles. Their tender is in the neighborhood of seven thousand dollars. The substructure will be of concrete. The contract for the steel superstructure which was awarded to Messrs. Duncan & McLennan of Campbellton, some days ago, was signed today by the chief commissioner. Apart from the inspection the cost of the bridge will be about eighteen thousand dollars.

THOUSANDS GOING TO TER-CENTENARY AT QUEBEC

The Ancient Capital Will be Full to Overflowing Next Summer

SEEKING LODGINGS

(Special to the Morning Graphic.) MONTREAL, Wednesday. — Mayor Parette stated this morning that an invitation would be sent, on behalf of the city, to the Prince of Wales to visit Montreal when His Royal Highness comes to Quebec to take part in the tercentenary celebrations in July next. Although the stay of the Prince will be one of only six or eight days, the mayor has confident hopes that Montreal's invitation will be accepted, and he is certain that the citizens will be glad to have an opportunity to again give His Royal Highness and the Princess a loyal welcome.

According to present indications, the most serious difficulty that is going to be experienced in connection with the forthcoming tercentenary celebrations at Quebec is the matter of providing accommodation for the many thousands of people who it is certain will visit the Ancient Capital at this great epoch in its history.

The Prince of Wales, during his visit to the city, will stay at the Chateau Frontenac, and it is announced this morning that cables have been received from England engaging no fewer than 45 rooms in the hotel for him and his suite. It is understood that His Royal Highness intends to entertain at the hotel the receptions, etc., will be on the most lavish scale.

For some time past people have been sending in applications to the manager of the Frontenac for accommodation during the tercentenary proceedings. Now that the definite announcement has been made that the Prince of Wales is coming, these applications have trebled in number, and the indications are that thousands will have to be refused. The names of the applicants are being filed as they are sent in, but an accommodation will be actually booked until after the Royal requirements are fully provided for.

It is a matter of regret that the extensions which are being made to the Chateau Frontenac will not be finished in time to allow of the extra rooms being used for the forthcoming festival. At the present time the hotel provides accommodation for between 400 and 500 people, and the business, even at this time of the year, is so brisk that another 100 rooms could easily be filled. The extensions now under way provide for an additional 150 rooms, giving accommodation for some 200 or 300 extra people, but these extensions will not be completed until a year from now.

Accommodation in other hotels in Quebec is already being snapped up by people who realize what the tercentenary celebration is going to mean, while private householders are already laying their plans for reaping a golden harvest by letting apartments in their homes for the visitors. It is quite certain that every decent room in the city will find a ready occupant, and probably the same thing will happen as has happened in other places—that is, many rooms will be engaged by speculators, and re-let at famine prices.

A prize will be given after the first year to the young man who grows the longest and handsomest whiskers. Great. Look out for the wart sores and the chills in conversation.

Professor Starr, of the University of Chicago, has started for the Far East looking for the Lolos, a little known cannibal tribe. Of course, the professor is taking some chances, but he will escape the campaign, voice of the spellbinder, slaughter of favorite sons, boost in the price of oil, more trades by 'me and my people' and various other horrors.—New York Evening Telegram.

Think of sharpshooters striking silently, surely, without giving the slightest evidence of their hiding places.—New Haven Register. Oh, I'll never do. Fancy going forth on the hunt and killing a bear or a bobcat with no loud shouts, no yelling dogs, no perspiring guides, no popping rifles, no smell of powder, with no more soul-stirring riot than would attend the crushing of a cockroach. What's this use.

PRESIDENTIAL POSSIBILITIES

In the latest budget of 'Presidential Possibilities' the name of Judge Gray, of Delaware, appears to loom large on the Democratic horizon. He has been endorsed by a recommendation that he has reconciled capital and labor in the bitter industrial wars of modern times. Noteworthy among these recommendations is that accomplished by the Anthracite Strike Commission, of which he was chairman. It is further stated that no peace-maker in the whole range of American history ranks with this man in the service which he has rendered to his country, and that to his initiative and force must be attributed the reform of the child-labor laws in the state of Pennsylvania, and, in a large measure, the success of the child-labor movement throughout the country. Judge George Gray has had experience as Attorney-General of his state, as United States senator, as representative of his country on the Peace Commission of 1898, the Joint High Commission and the Hague Court. Against him it is urged that he belonged to the 'Gold Wing' of his party some twelve years ago, and that his state has but three electoral votes. Meantime the figure of one William Jennings Bryan continues to overshadow all others so far as the 'possibilities' from the Democratic side are concerned, and there are many of the best posted politicians on both sides of the fence who admit that he has a first class fighting chance so far as any man as yet has offered on the Republican side shapes in the arena. All over the country conventions are being called by the Democrats, and as far as at present appears the entire Central, Southern and Western States will go solid for Bryan. Taft and Hughes appear to have the running to make for the Republican nomination, and of these two Taft appears to be gaining ground. The Hughes boom has so far been confined to the far east, and gives few signs of getting to serious proportions outside of that section.

LA. GRIPPE COMING AGAIN
Europe is now in its grasp, and in a short time America will be overrun by the epidemic. Get ready, and use preventive measures. Build up a surplus of vigor by Ferrozone, and inhale Catarrhoxone three times each day. Nothing destroys the grippé germs like Catarrhoxone. It cures the cold, breaks up the fever, relieves the headache and destroys every vestige of catarrh and sore throat. For Bronchitis and winter cold, Catarrhoxone is best. Sold by all dealers, 25 c. and \$1.00.

READFIELD, Thursday.—Postmaster George C. Hutton, aged 38, of this town is dead from a wound received by the accidental discharge of a rifle in the hands of his six-year-old son, Master Emory, tonight. The bullet hit Mr. Hutton directly between the eyes and it penetrated the brain. He is not expected to live a few hours.

About to Die Father.
Just Master Emory was about to obey a command from his father to lay the rifle down, the bullet was discharged. The bullet struck Mr. Hutton's forehead, between the eyes. The man staggered and fell almost instantly. Dr. Milliken was at once summoned and after a hasty examination he found that the bullet had penetrated the brain. Word was sent to Augusta, for surgeons who at once started for here with all dispatch.

Postmaster Hutton was in his sitting room reading a paper tonight at 8.30 o'clock when the accident occurred. He was standing beneath the lamp when he noticed that his young son was playing with a 22-calibre rifle, the property of an older brother. At once Mr. Hutton told his small son to lay down the weapon. The boy started to obey and then the tragedy occurred.

Sank to the Floor.

For a moment the boy stood as if stunned when he saw his father fall and the bright red blood begin to flow from his forehead. Then with a shriek he ran to his father, beside him, crying as if his heart would break. The other members of the family, although for the moment paralyzed by the terrible occurrence, lost no time in sending for Dr. Milliken.

George C. Hutton was one of Readfield's most respected citizens. He was serving his second term as postmaster. Besides a wife he has two sons.

Postmaster Lane of Augusta has been notified to send someone to take charge of the office here.

Mr. Hutton died at 12.50 a. m. It is expected that Henry W. Plummer of Augusta, the coroner, will hold an inquest tomorrow.

CLEVELAND, Ohio, Thursday.—One hundred and sixty-five lives, all but two of them children between the ages of six and fifteen, are known to have been lost in the fire which yesterday destroyed the public school in North Collingwood, ten miles east of this city. Several others are still missing and their bodies may possibly be found in a day. It probably will be several days before the exact number of dead is accurately determined.

Majority Identified.
Of the bodies recovered one hundred and eighty have been identified. The remaining bodies are so blackened by fire and smoke, so battered and bruised by trampling feet, that it is only by means of some unburned article of wearing apparel that their names can be ascertained.

Miss Anna Moran, the principal of the school, denies that the doors opened inward and insists that they were never locked during school hours. She said, "With doors open I and I suppose other teachers, thought it was a regular fire drill. Every child in the school has gone over and over again from the second floor in the span of less than one minute and thirty seconds. You can judge from that how quickly we reached the first floor. When we reached the front door we found the doors open and we went in. We started and without knowing it we led the little children into the very face of the fire. Only one of the double doors was open. The other was closed by a spring at the top. Before the janitor got it open the children had wedged themselves into the vestibule and the others in a panic stumbled and climbed over them. It was frightful, so near to safety."

TO STOP A CRYING BABY.

It may be cramps, perhaps colic, pain or gas on the stomach, but in any case a few drops of Nerviline soothes the pain and allows the child to sleep peacefully. Nerviline cures minor ills such as colds, headache, internal and external pains, as well as any doctor, safe to use because a small dose is required. Mothers, you will find Nerviline an invaluable aid in preventing and curing sickness. Keep a little right at hand, some you will need it badly. Sold everywhere at 25c.

AMHERST, Thursday.—A bad rear end collision occurred on the I. C. R. between Louisville freight specials at Salt Springs Station, N. S., about 11 o'clock this morning. It appears that Barker's east-bound special was doing some shunting and was about through and backing in on a siding from the east. The electric semaphores were in danger, when McDonough's east-bound special with driver Hennessy at the throttle came in at a high rate of speed and cut Barker's train about five cars from the rear in three seconds, men very badly who were in Barker's special van.

Five Cars Smashed.
Five cars were badly smashed, loaded with freight. The injured men were taken by special train with all possible speed to the hospital at Springfield. The line is blocked. The local train and the O. P. R. engines are behind the wreck. An auxiliary car has left Truro for the scene of the accident. The line will be cleared in a few hours. Facts as to how the accident occurred cannot be taken up on account of conflicting reports. One of the injured men whose name is not known is not expected to live.

WINNIPEG, Man., Thursday.—Quietly, steadily, and systematically as great bodies move, the Grand Trunk Pacific west of Winnipeg, and the transcontinental line, east, are making elaborate preparations for opening and especially from Fort William to Edmonton are these preparations in evidence. Throughout the extreme extent of thousands of men are working with untiring energy to make possible the movement of grain to the head of the lakes at the earliest possible date. In the vicinity of Winnipeg the activity is most marked and preparations are being made for a summer's work on a scale that is most extensive. In the great yards by St. Boniface, enclosed by a high fence, two miles in length and several hundred yards in width, twenty or thirty miles of track have been laid.

East of St. Boniface, track layers have reached Rennie, where a large force of men is engaged in constructing an overhead bridge across the main line of the C. P. R. Six miles west of Winnipeg where the temporary yards and shops will be situated, several miles of track are laid and work on the shops will be commenced shortly. The line will be completed from Fort Winnipeg by June 1, which will give a clear track through to Saskatchewan.

While the company has not yet brought any passenger equipment from the east already there are some 32 engines and 6000 box and flat cars on the western line. These will be greatly supplemented before September when the harvesting operations begin.

At Rivers, the first divisional point on the line west of Winnipeg there has been a brisk demand for lots and the nucleus of a goodly sized town is now in sight. Some twenty buildings consisting of stores and dwellings are in course of erection. The land commissioner of the company will be west in about a week or ten days, when preparations will be made for placing from sixty to one hundred townships on the market.

WINNIPEG, Thursday.—A great extension of the Government telephone system this year is contemplated, and the department expects that at least a thousand men will be required to complete the work.

SHE IS WHITE AS A GHOST

Is it a matter of pride to be pale as a lily—certainly not. JUNEAU, Alaska, Thursday.—Two Sitka miners, one union and one non-union, died yesterday and the burial of one almost precipitated a riot in which the police were called on to restore order. The union man was buried peacefully, but when the priest in charge of the funeral services attempted to say Mass for the non-union man, he found the church door locked. A mob of 200 union men requested the priest to refuse to bury the non-unionist. The priest declined to heed the demands of the Slavonians who refused to turn to permit the body of the man to be taken into the church. The disturbers attempted to stop the hearse by holding the horse's bridles and succeeded in dragging a number of the men from the procession. The marshal attempted to restore order, but for the time being he was powerless. The crowd followed the body to the cemetery and made another disturbance there. Order was finally restored and no one was injured.

LONDON, Thursday.—Nova Scotia's exhibit of apples at the Royal Horticultural show today was awarded the gold medal for the apples shown. They were in splendid condition though picked six months ago. Sir R. G. Gordon, premier baronet of Nova Scotia is dead.

The Canadian Pacific and Allan Lines are specially arranging to deal with the large numbers of tourists expected to go to the Quebec Tercentenary.

GREAT DANGER IN HEADACHES.
It is often dangerous to ignore head-aches, a trifling ailment. If the head-aches, the stomach is out of order and some serious disease may be impending. To tone up the stomach, to give the healthy action, nothing in modern medicine is so successful as Dr. Hamilton's Pills. The concentrated vegetable extracts in Dr. Hamilton's Pills have a quieting effect on the stomach and remove all disorders. Your headache will be cured and they won't return if you use Dr. Hamilton's Pills. Sold everywhere.

MONTREAL, Thursday.—The only feature of the Dominion Coal Company's annual meeting here today was the election of Mr. Graham Fraser to the directorate, the former board being otherwise re-elected. Mr. James Ross occupied the chair. The business of the meeting was carried out without a word of discussion. Mr. Ross in explaining the position of the Coal Company in its litigation with the Dominion Steel Company, expressed his belief in the victory of the latter company. The Dominion Textile Company's Hoehegna operatives are still on strike and it is announced that they will appear before the Industrial Disputes Act. Efforts which were made last night to bring about an agreement failed. The St. John operatives will meet on Saturday to discuss the question of a sympathetic strike.

TORONTO, Thursday.—Detectives Wallace and Kennedy, with the assistance of the Canadian Detective Bureau, landed an important prisoner on Saturday, in the person of George S. Woods, alias George Barry, alias Woodward, aged 26 years, 46 Seaton street, on a charge of vagrancy.

He was overheard describing to a confederate the plans he had made for a raid on the branch of the Bank of British North America at the corner of Dundas and King streets, and if the suspicion of his identity is verified, he is wanted in many places in the States.

OTTAWA, Thursday.—Mr. Graham made his annual statement on the Intercolonial to the Commons today. After paying a compliment to the staff he pointed out that the canal business on the St. Lawrence was not as large as it might be. The traffic of the Soo had reached twelve million tons, two thirds its capacity. He was partly of the opinion that it might be better to lease the Colborne canal to a private company to see if it could operate it so that the country will get the whole benefit. Mr. Graham admitted that the government administration of these canals had not been highly satisfactory.

G. T. P. Making Progress.
The G. T. Pacific was making progress and was well under way from Winnipeg to Edmonton, while a good route had been found through Yellow Head Pass to Prince Rupert. On the 1806 miles of National Transcontinental from Moncton to Winnipeg there was 550 miles under contract. Practically the whole had been located and much had been graded. Mr. Graham said he hoped to do much more for transportation in Prince Rupert Island.

I. C. R. For Nine Months.
As regards the I. C. R. in nine months of the fiscal period in 1907 train and car miles had been reduced and freight tons had been increased. The road had paid for the period had shown a surplus of \$218,139. The receipts for the period were \$5,486,371 and the operating expenses were \$5,268,232. For twelve months ending with June 30th last, there had been a surplus of \$387,624. To the end of December the surplus had been \$179,624. The falling off had been due he said to bad weather and hard times in December. At the end of the fiscal year the surplus would probably be still less, Mr. Graham admitted.

No Politics in It.
The I. C. R. has 5291 employees. Mr. Graham denied that there was any politics in the management of the I. C. R., declaring that 43 per cent. of the employees were members of unions in whose hands the advancement of the men rested to a large extent. Mr. Graham had been asked why he tolerated unions on the Intercolonial. He thought the men had a right to organize for their own protection and advancement. Mr. Graham stated that a provident fund had improved relations between the management and the men and had enabled retiring of a number of faithful servants who had passed the age of effective service.

On English Basis.
Discussing the capital and revenue question Mr. Graham said that in England there was a rule that all for permanent betterment of roads was charged to capital, and all for maintenance charged to revenue. On this continent there had been no such rule. In good years they spent on improvement and in poor years they spent on dividends. An endeavor was being made to get the Intercolonial accounts on the English basis.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND
to conquer all female diseases.

Mrs. Frank Emsley, Lindsay, Ontario, writes to Mrs. Pinkham: "When I wrote to you some time ago, I was a very sick woman suffering from female troubles. I had inflammation of the female organs and could not stand or walk any distance. At last I was confined to my bed and the doctor said I would have to go through an operation, but this I refused to do. A friend advised Lydia E. Pinkham's Vegetable Compound. After using three bottles of it, I feel like a new woman. I most heartily recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer with female troubles."

FACTS FOR SICK WOMEN.
For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, nervous prostration.

GRAPHIC'S NEW YORK LETTER

NEW YORK, Wednesday.—The greatest man of the continent, by James C. McComas, is the leading article in a magazine of this month. Disappointment awaits the reader, however. It is not an autobiography.

That story from Washington to the effect that Hearst's Independence League is to nominate Theodore Roosevelt for the presidency has in it more elements of humor than has been contained in any despatch from Washington in years. Hearst backing up Roosevelt would be about as appropriate a spectacle as Bill Tweed urging the nomination of Tilden as Governor of New York would have been in the wicked old days of the 70s.

There are those who recall a near-miss between Theodore Roosevelt and Hearst in the Hardware Club, not so very long ago. It illustrates Hearst's utter inability to appreciate the snarles he arranges for his own feet. Mr. Roosevelt had perused the Journal but a short time ago because of its utter unwarranted publication of an alleged interview of him. These half-truths and interviews are a feature of the Hearst papers and ordinarily no attention is paid to them either by the readers or those supposed to have been interviewed. President Roosevelt is a dangerous subject for these telegraphic interviews, however, for he always comes back and makes the interviewer and the newspaper that prints the fake look as cheap as a corn-cob pipe in the Waldorf.

The sting of that late interview was still lingering in President Roosevelt's mind and he was still thinking of the things he had said in denial to that interview. He was still thinking of the things that Hearst had afterwards printed of him in the Journal as he sat at lunch in the Hardware Club that afternoon. With him were several friends and the affair was proceeding affably when Hearst entered and took a seat some distance off.

As soon as Hearst saw President Roosevelt he became nervously busy with his card case and a fountain pen and shortly after dispatched his card and a politely worded note on the back to the President.

What followed was a thing Hearst hates to think of even to this day. The President blew up. What he said was heard by every one in his vicinity and the incident is one over which those who were present still chuckle when they recall it. The President's characterization of Hearst was well within the limits of propriety, but the language as repeated to Hearst afterwards caused him to sting and burn every time the incident occurred to him.

That Hearst nomination of Roosevelt, in consequence, will certainly be one of the most grotesque incidents recorded in the history of American politics, if it should really come off.

No, don't insist. The news from Tehran confirms our report of the which I have reached after the recent despatches from Lisbon—namely, to stick to my own job and let other heads wear the crown.

And both Carlos and Mohammed Ali Murza were (indeed, the latter still is, and no thanks to the Teheran reformers) fat, personable men, too.

We laugh our suffragettes to scorn. The English Commons solves their pet bill, and I see, the prize Cornell covered orator, has been beaten by a Chinaman. These be signs of the times, say you?

Very likely, but, all the same, I am taking a ticket on the women. They will win. Within years they will be voting in New York just as they are already voting in Colorado and Wyoming. You may fill in the blank to suit your own taste.

More power to the Wizard of Menlo—who, of course, never lived in Menlo for many years—and a good recovery from the painfully close call he has had. I doubt if there are half a dozen men in the United States whose death would make so much talk throughout the civilized world. Niagara Falls, Roosevelt, Edison—that's about the order in which a greater part of Asia, Europe and Africa sleep up our institutions.

I find very few thinking men who deny the right of the women to vote as an academic proposition. The time has gone by for that. When we began to let them earn their own living—and our own as well, if they insist on it.

You have heard of biscuits—and read of biscuits—and eaten biscuits—but you don't know biscuits—until you try Mooney's Perfection Cream Soda. They are everything that the ideal biscuits should be. The air-tight, moisture-proof package brings them to you fresh, crisp, inviting. Practically every grocer in Canada has MOONEY'S. Yours will get them if you ask. In 1 & 3 lb. pkgs.

DEFEATED CANDIDATE MAKES THREATS

(From Saturday's Graphic.)
Declaration Day proceedings passed off quietly at Dalhousie yesterday. A goodly number of electors were present and the best of good order prevailed.

Sherrif Robinson opened his court at 11 o'clock and after opening the ballot boxes announced the result of the poll.

The sheriff declared Messrs. LaBillets and Currie duly elected.
Montgomery Chairman.
Mayor Montgomery of Dalhousie was then chosen chairman of the meeting.

Hon. C. H. LaBillets was the first speaker and was greeted with applause. He thanked the electors for the handsome vote polled for both himself and his colleague. It was gratifying to him to learn that almost twenty-five years in public life he still held the confidence of the electors. The campaign just concluded had been the clearest and the fairest so far as this county was concerned that he had ever been through, and it was very gratifying to note that the ticket had been voted so universally.

While in the opposition he would endeavor to do all in his power to advance the interests of the county of Restigouche.

Will Be a Relief.
He looked upon the next five years with pleasure, as he would be relieved of all public worries and would be able to devote his time to his family, his friends and his business. He trusted that Mr. Hazon would not disappoint the people, and he felt that would not, but if he fell short he could count on the fair criticisms of the opposition. He again thanked the electors and trusted that any bitterness created would be speedily forgotten. Applause.

Mr. Wm. Currie was the next speaker. He said that the battle had been fought and the victory won, and had been in the vanguard of the fray. He thanked all who had assisted by their votes and work in electing him. It was a pleasure to look back and see the manner in which friends had stood by the ticket.

Should Work Together.
There had been no cutting, and now that the campaign was over he trusted that all would work together in the best interests of the county. He was not a born politician and was doubtful if he would again be a candidate. During the campaign he had done all in his power to serve his constituents well and faithfully. Applause.

Mr. James E. Stewart was received with applause and thanked him and his friends for so nobly working for the ticket. They had had a hard fight and although defeated the party of good honest government had won, and they were going to start with a new sheet.

Will Turn Them Out.
They would start right here in this county and turn the grafters and bootleggers out. He again thanked the electors for their efforts in his behalf.

Mr. Arthur Culligan followed Mr. Stewart and was loudly applauded. He thanked the electors and was pleased that the ticket had been voted so fairly. This was his first fight, but if at a future date the electors wished, he would be willing to again offer. Applause.

Being called upon Messrs. W. A. Mott and A. E. G. McKenzie delivered brief addresses.

Tickling or Dry Coughs will quickly follow when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other.

Mr. McG. McDonald.
—We let down the last logical barrier to equal suffrage.
But they cannot bear arms, you say? No—not yet. But they bear children, which is something a man cannot do, and is a much more useful service to the state.

The chief obstacle is the apathy or antipathy of the women themselves. If they all wanted to vote, they would vote; in America at least the women get what they want when they want it. But in this very state there is a society of women opposed to equal suffrage organization. I can't explain that and haven't yet found any one who could.

As to whether the quality of the suffrage will be improved by sharing it with the women, that is quite another matter. Personally, I have no doubts. It may be treason to the democracy, and if so you can make the most of it, but there have been days following important elections when I was not impressed by the wisdom of a universal (male) electorate. How is it to be bettered by multiplying the voter by two?

Most men are fools, and I fear that women are but the females of the kind.

If you haven't engaged your passage to Europe for next summer perhaps you will give the subject another thought. In the end conclude to go somewhere else instead. I venture to think that there will be no such mad rush for rooms at the Cecil, Savoy, Ritz and Carlton hotels this season there was last. Already, I hear, the merchants of London and Paris who usually fatten on the American tourist during the summer are preparing for a little extra dose of our hard times. Several diamond houses are hanging on the edge of bankruptcy, if we may believe the cables.

Well, it's a foul wind that blows no good. The season for the New York roof gardens. As a cheap and comfortable substitute for the European trip commend me to the roof garden.

PATRONAGE TO GO TO GLOUCESTER'S DEFEATED TICKET

BATHURST, Friday.—Sheriff Doucet held the Declaration meeting in the Court House today at twelve o'clock. He announced the total votes received by each candidate as follows: J. M. Burns, 1581; J. A. Pointe, 1217; J. E. Young, 1204; Joseph Dumas, 380; A. J. H. Stewart, 976; A. J. Witzel, 962; T. Blanchard, 744; A. Sorhany, 2347; J. P. Byrne, 2191; S. E. Leger, 2150. He then announced Alphons Sormany, James Paul Byrne and Seraphine Leger as duly elected to represent the county in the local house. A. J. H. Stewart made a motion of a vote of thanks to the sheriff.

seconded by J. P. Byrne. N. A. Landry was then appointed chairman during the speeches which followed. A letter of thanks was read from J. A. Pointe who was not present. The candidates then thanked the electors in the following order:—

Dr. Sormany, J. P. Byrne, S. R. Leger, T. W. Burns, J. R. Young, A. J. H. Stewart, A. J. Witzel, Mr. Witzel then thanked them on the part of T. Blanchard who was not present. A. J. H. Stewart returned last night from St. John. He informed your correspondent and also announced that he would receive the patronage of the new government.

Mr. and Mrs. Oscar Fenwick returned last night from St. John. Mrs. C. P. Hickey returned to Chatham this morning after having spent the past few days the guests of Rev. and Mrs. A. D. McCully.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But, strengthen these same nerves inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of the ailment. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. A. McG. McDonald.

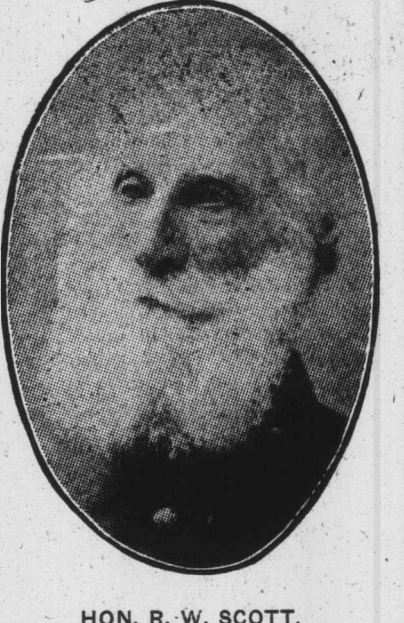

TO INTRODUCE EVENTS.

We are naturally proud of "Events." It is now one of the best weekly papers in the province and we are confident that after a trial you will agree with us. ferred Major-General Lake to the Inspector-Generalship of the Canadian forces passed the cabinet council today.

It is officially stated here that there is no ground for the published report of Hon. R. W. Scott's intention to resign from the Dominion cabinet.

MONTREAL, Friday.—Two brothers, Marcel and Paul, who are in a terrible state of mind, and with a terrible battle with axes this morning and one of them was killed while the other was severely wounded. They began drinking on the feast days preceding Lent and both were under the influence of liquor when the tragedy occurred.

James Watterson of the firm of J. Watterson & Co., commission merchants, was brutally assaulted and rendered unconscious by a blow on the head while on his way to his home on Roslyn Avenue, Westmount. His senseless form was discovered by several young men who were returning to their homes after a hockey match, the assailant having evidently been frightened away by their approach.

Vill. Nicols was yesterday deported from the United States as he admitted killing a man in Montreal. As soon as he was across the border he was arrested and brought back to this city. He claims that he stabbed Delucen in self defence.

\$100.00 paid by Dr. Shoop for any recent case of grippe or acute cold that a 25 cent box of Preventives will not break. How is this for an offer? The Doctor's supreme confidence in these little Candy Cold Tablets—Preventives—is certainly complete. It's a \$100.00 against 25 cents—pretty big odds. And Preventives, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia will never arise if early colds were always broken. Safe and sure for feverish children. 48 Preventives 25c.

BRITISH COLUMBIA LEGISLATURE SITS LATE TO WIND UP

VICTORIA, B. C., Friday.—The legislature sat till 1.30 o'clock yesterday morning trying to finish its business. The chief feature of the session was an address by J. A. Macdonald, leader of the opposition, endorsing the deal of the government with the Grand Trunk Pacific as thoroughly wise. The second reading of the bill giving effect to the deal passed unanimously except for the opposition of three socialists.

The premier read a letter signed by Mr. Wainwright to the effect that in consideration of the exemption from taxation already granted to the company, white labor would be exclusively employed unless otherwise permitted by the government.

Rheumatic Pains Relieved.
B. F. Crocker, Esq., now 84 years of age, and for twenty years Justice of the Peace at Martinsburg, Iowa, says: "I am terribly afflicted with sciatica rheumatism in my left arm and right hip. I have used three bottles of Chamberlain's Pain Balm and it did me lots of good." For sale by all druggists.

Washington, D. C., Friday.—It is feared here that the United States will have to spank President Castro of Venezuela, or at least threaten to. After an interval of seven months, American Minister Russell has presented to President Castro another note insisting on arbitration of claims of American citizens who believe they have suffered injustices. President Castro has twice refused to submit these claims to arbitration.

In addition Venezuela is threatened with trouble by Colombia. A special envoy who has been trying to settle boundary disputes between the two countries to reach an agreement and says a crisis is approaching.

The five American claimants are: A. F. Jaurt, who was expelled from the country; the Orinoco Corporation, which claims exclusive navigation rights on the Orinoco river; the New York and Bermuda Asphalt Co., which claims it has been deprived of the right to mine asphalt and to build a railroad; and the United States and Venezuela or Orinoco concern. All these claims aggregate millions of dollars.

Several English and French concerns and citizens also are demanding arbitration of their claims against Venezuela.

LONDON, Friday.—An outburst of anger against Emperor William by the British public equalling that caused by the German Emperor's message to President Kruger some years ago has followed the announcement made this morning by the Times that Emperor William attempted to influence the British naval policy by a secret correspondence with Lord Tweedmouth, first Lord of the Admiralty.

Cabinet Summoned.
The public has become so excited that the cabinet was hastily summoned and at the close of the afternoon session Mr. Asquith appeared in the House of Commons and amid profound silence elaborated Lord Tweedmouth's explanation that the correspondence was purely personal.

It is a fact, declared the chancellor, that on February 18 Lord Tweedmouth received a letter from the German Emperor. It was purely personal and private communication con-

MONEY QUARREL LED TO MURDER

LOS ANGELES, Friday.—A quarver financial matters is today accepted by the police as the most likely origin of a murder committed early today, when Mrs. Charlotte T. Noyce, a young widow, who came from Boston about five months ago, was shot and instantly killed in her apartments in the fashionable West Lake district, by P. W. McComas, a mining engineer, who has been paying her attention. The slayer declared to the police that Mrs. Noyce had attempted to fling a cupful of sulphuric acid in his face; that he shot at the ceiling to frighten her and that he then fired to protect himself, exhibiting in proof of his statement acid burns on his face, which required treatment at the Receiving Hospital.

The detectives disagree with his statements and express a belief that he deliberately applied the acid to his face.

Mrs. Noyce was apparently quite wealthy. The first known of the tragedy was at the close of a ball at the Hotel Pepper, close to Mrs. Noyce's home. McComas, with his face stained with acid, appeared suddenly among the guests and inquired for Deputy Sheriff V. C. Carey of the hotel. He then told Carey that he had killed Mrs. Noyce. The police were summoned and the corpse of Mrs. Noyce was found on the floor of the dining-room, where she had evidently fallen. Two bullet wounds were in her breast, and one of these, the surgeons found, had pierced her heart.

Could Stand It no Longer.
When asked for a statement McComas said to the police: "I have known the woman for five years and she has been bothering me. I could not stand it longer and put an end to it."

The revolver which McComas used is said by the police to contradict his claim of self-defense. It shows that between the first and second discharges of the weapon the hammer fell upon two other cartridges, which failed to explode. Besides this, although McComas says he fired once at the ceiling, both bullets were found in the body of his victim.

Detectives who searched the elaborately furnished apartments of Mrs. Noyce discovered a sheet of paper, which it is assumed contains an account of the operations of McComas. Mrs. Noyce at the race track. It shows heavy winnings up to two weeks ago, but the total losses, all seemingly during the last few days, amount to between \$3000 and \$5000.

The list was kept in the handwriting of Mrs. Noyce. A bundle of special delivery letters directed to her daily a statement of "tips" on the races.

McComas Widely Known.
A special to the Express says that the murdered woman is Mrs. Charles M. Noyce of Boston and Newburyport Mass., formerly wife of a salesman of a Boston millinery house. It is said the pair were married in Newburyport 12 years ago, and divorced five years ago in California. M. Noyce is said to have possessed considerable property in Massachusetts and California.

The detectives are of the opinion that McComas and Mrs. Noyce quarrelled while computing their losses at the races. Since her arrival Mrs. Noyce has invested liberally in real estate in Southern California towns and several days ago closed a deal for the purchase of a residence in Del Mar, California.

McComas lived in 1919 Fowler street. He is about 40 years old and the son of a former territorial judge in the Southwest, his family having been in the territory since the time of the Mexican war. He was a mining engineer he is known the length and breadth of the Pacific coast. He was married several years ago, but was separated from his wife.

DOES NO HARM. BUT MUCH GOOD.
Mix the following by shaking well in a bottle, and take in teaspoonful doses after meals and at bedtime. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. A local druggist is the authority on these simple, harmless ingredients can be obtained at nominal cost from our home druggists.

The mixture is said to cleanse and strengthen the clogged and inactive kidneys, overcome Backache, Bladder weakness and Urinary trouble of all kinds, if taken before the stage of Bright's disease.

Those who have tried this say it positively overcomes pain in the back, clears a headache of sediment and regulates urination, especially at night, curing even the worst forms of bladder weakness.

Every man or woman here who feels that the kidneys are not strong or acting in a healthy manner should mix this prescription at home and give it a trial, as it is said to do wonders for many persons.

Several English and French concerns and citizens also are demanding arbitration of their claims against Venezuela.

REMARKABLE TIME MADE BY PUPILS

(From Saturday's Graphic.)
On Friday of last week the chairman and secretary of the School Board with the principal of the schools put the pupils of the several class rooms through a thorough course of fire drill, taking the primary rooms first and drilling them separately, and afterwards all the rooms together.

There are eleven rooms occupied in the building with a total average of upwards of 500 children. The first time made during the several drills was fifty seconds in clearing the three flats.

On Thursday again of this week the chairman and secretary subjected the pupils to another test, this time however without warning to either teachers or pupils, with the result that all the children in the three flats marched out in excellent order and without the slightest confusion in just fifty-two seconds, counting from the time the first sound of the fire-gong until the last pupil was out on the play ground.

The fire gong which is to be used only in case of fire or fire drill, is placed on a wall in the hall-way about the centre of the building on the second flat. It can be rung by means of a rope which extends from the basement to the third flat, within easy reach of any person on either flat and can be distinctly heard in any part of the building as well as quite a distance away from the school.

The Water Supply.
The building is supplied with water by means of a two-inch pipe and there are fifty feet of two-inch hose with nozzle attachments permanently connected with a stand pipe on each flat of the building near the centre, and 75 feet in the basement in constant readiness for use, either separately or simultaneously.

During the past summer the school board had all the outside doors of the building arranged to open outwards by means of quick action levers. In every case of fire drill or in case of fire three teachers on the lower flat proceed instantly to the doors, one to each of the three doors and open them, which is quickly done and without any difficulty, the pupils meanwhile proceeding towards the doors. The hallways and corridors are exceptionally wide. The pupils from each room march out in single file, those from the lower flat all going out by the north door, while those in the upper departments proceed by the east and west doors, thus avoiding confusion or crowding.

Not Permitted to Leave.
The janitor is not permitted to leave the building at any time during school hours without providing an approved substitute and during that time he is required to be in the basement, where the furnaces are, except when required occasionally in other parts of the building in connection with his duties.

The furnaces are in the basement and are completely encased in brick, with brick partitions between and concrete floors in front. The furnace pipes are frequently renewed and carefully guarded. They are protected by sheet iron and enter the flues in the basement.

There is probably no school building in the province better constructed and equipped for the prevention of the spread of fire than the Campbellton school building. The chairman and secretary of the Board have for some time past been investigating the matter of exterior fire escapes for our school building and have had considerable correspondence with school boards in Toronto, Detroit, Boston and other places regarding the matter. They have received circulars, plans and testimonials descriptive of upwards of fifty different devices, some of which are good and more of them are no good, but a novel device which has been just placed on the market by an American firm seems to meet the requirements of a safe and efficient system of fire escape apparatus for school buildings and if approved by competent authorities will in all probability be introduced and connected with our school building at as early a date as possible.

If you would like to feel some wise Coffee Crust who 'knows' a thing or two on taste and flavor, quietly make for him a batch of Dr. Shoop's 'Health Coffee,' and serve it piping hot. It deceived Mrs. Shoop, and will, I believe, deceive you. It is a real coffee in a grain of real Coffee in it. Health Coffee is made from pure toasted grains, malt, nuts, etc. Made in a Minute—go 20 or 30 minutes tedious boiling and 10 pounds 25c. A. McG. McDonald.

CHARLOTTETOWN, P. E. I., Friday.—The public accounts of the province were brought down in the legislature yesterday and there is a very favorable showing. The total liabilities of the province are \$891,024.74, an increase of \$78,771.34, at the beginning of the fiscal year, an increase of \$5,251.12. As against this there is to the credit of the province at Ottawa \$89,588.59, an amount considerably lower than the total liabilities. Ordinary receipts for the past year were \$350,479 and ordinary expenditure \$346,680, leaving a surplus of \$4,799. There was an expenditure of \$15,078 on capital account. Against this is to be credited \$5,301.13 added to the sinking fund and the surplus of \$4,348.42 on ordinary account. Deducting these amounts the actual deficit chargeable to capital account is \$5,378. But half of the increased subsidy of \$70,000 was received during the year. For the current year the province will be better off by \$25,000 and should be easily able to make both ends meet.

The report of the public schools was also tabled. The superintendent of education made a report on the increased salaries for teachers.

R. G. Stewart, of Dalhousie, N. B., who has been a medical missionary in British East Africa for nearly three years, is in Toronto for a few days. He is taking a short rest and visiting his relatives for a few days. He expects to return to his field of Japan and India—Toronto Globe.

LEAVES FOR ST. JOHN.
Rev. P. J. Stachhouse leaves on Monday next for St. John where he will conduct revival services for two weeks in the Brussels street Baptist church. During the absence of Mr. Stachhouse his pulpit here will likely be filled by Rev. A. B. Cobos, pastor of the Brussels street church.

ASSAULT CASE.
Manfred Hanninger of Dawsonville is in the hospital here suffering from wounds alleged to have been inflicted at Van Hornes lumber camp by Cyril Hachey of Gloucester county. Hachey is in the toils here. His preliminary examination was begun before Magistrate Matheson on Saturday. Mr. A. T. LeBlanc is representing Hachey and Mr. A. E. G. McKenzie is prosecuting.

ACCEPTANCE RECEIVED.
A Sackville dispatch says:—Although no definite announcement has yet been made regarding the appointments to Mount Allison, it is understood that acceptances of the positions offered have been received from Dr. Howard Sprague, of St. John, and Rev. Mr. Desbarres, now at Harvard. The expectation is that the appointments will become effective on the first of June.

SERVICES APPRECIATED.
The following which we clip from an exchange, will be read with interest by many of the readers in the county. Mr. Leck, referred to, was former pastor of St. John's Presbyterian Church, Dalhousie. He is now stationed at Economy, N. S., where his services are evidently very much appreciated.—A very enjoyable surprise was given to Rev. and Mrs. Geo. A. Leck at their new manse, Economy, Thursday evening, Feb. 27th, when a large number of the congregation together with many from the Congregational and Baptist Churches spent the evening with them. Notwithstanding the heavy fall of rain, at about 7.30 o'clock, the friends began to flock in, some of them all the way from Lower Five Islands, until there was little more than standing room in the house, and the large dining table was loaded down with good things. The first part of the evening was spent in various plays and music. For some time Mr. George Morrison delighted the audience with sweet strains from his violin accompanied by Mrs. Leck on the piano. About 11 o'clock refreshments were served. Then came the opportunity for making known the chief object of the gathering. Mr. Samuel Murray stated that the object of their gathering was to give Mr. Leck, their pastor, and his wife a substantial token of their appreciation of their labors among them. They had passed through a hard year, having had their manse destroyed by fire together with much of their belongings. They had also considerable sickness to endure for the past three months. After the eloquent address by the chairman, Mr. Dexter Hill was called upon, and for a few moments his words were words of wisdom and good cheer, and then followed a real outburst of ironic eloquence in which he presented Mr. Leck with a well filled purse. Mr. Leck answered with a ready and suitable wit and eloquence, followed by speeches by Messrs. Enoch Hunt, Isiah Morrison, George Murray, Scott Hill and others. About midnight, the company departed, all expressing themselves as having spent a very enjoyable evening.

PERSONAL.
Miss Lawlor of Dalhousie is a guest at the Queen Hotel for a few days.

PERSONAL.
Mr. and Mrs. E. J. Allingham are being congratulated on the arrival of a little daughter at their home.

SPECIAL SERVICES.
Special services will be held in the Presbyterian church during this week. Rev. Mr. Dickie of Halifax will address these meetings.

PERSONAL.
J. A. Theberge, secretary of the O. R. T. left Saturday for Ottawa to resume negotiations with the minister of railways in reference to telegraphers' schedule. During his absence he is relieved by Mr. J. A. Morrison.

CONCERNING OFFICES.
Mr. C. J. Milligan, registrar of probates, will leave, it is stated, in a few weeks for Regina, there to take up his residence. The departure from St. John of Mr. and Mrs. Milligan will be regretted by a large number of friends. Already rumor is busy naming his successors as registrar and the man who is said to be the likely choice is Mr. J. P. D. Tilley. Mr. W. H. Harrison is spoken of as likely to be appointed reporter of the supreme court in succession to the late Mr. George W. Allen, if it is not filled by the present government, and Mr. H. O. McInerney is talked of as likely to be named official reporter of the legislature. Dr. James Hannay has been the reporter for several years.—St. John Globe.

ROBBERY AT RIMOUSKI.
Detective Tom Walsh yesterday afternoon placed under arrest a man named Bourget, accused of forging the name of a woman to a post office money order the crime being committed in the month of September last in Rimouski, says the Quebec Telegraph. From the facts of the case, it seems that a post office money order was received at Rimouski from Lawrence, Mass., addressed to a Mr. Francois Levasseur. In some unaccountable manner the accused managed to get hold of a paper and signing Mrs. Levasseur's name to it, collected the amount of \$10, which he appropriated to his own use. The matter was brought to the attention of the postmaster here, Mr. Bolduc, a few days ago, and yesterday he entrusted the case to Mr. Walsh, who, in his usual prompt manner, had him man behind the bars of the Central Station at 4 o'clock in the afternoon, a remarkable piece of detective work for which he is noted. The prisoner was brought before the Police Court Saturday morning and pleaded guilty to the crime, and was remanded for sentence.

JAMES ROBINSON.
The dictionaries say "redem" may mean "repurchase." What has the province redeemed itself from? Would it be from the result of the Northumberland deal, by which John Morrison was forced into opposition with Robinson and others got low stumpage, etc., or would it be from the effect of Montreal funds lavishly spent in Northumberland and other counties in the last federal election? In any case the telegram above hits like a boomerang. Yours, SCOTTY.

DINNER TO CHIEF JUSTICE.
The barristers of the province at a meeting in January decided to tender a complimentary dinner to Hon. P. E. Barker, recently appointed Chief Justice of New Brunswick. A committee was appointed to find out whether the honor would be accepted by the new Chief Justice, and they received an affirmative answer. Later on Mr. Barker, of Moncton; J. B. M. Baxter, M. G. Teed, J. A. Deland, and Doctor A. O. Barle, of St. John; T. C. Allen, A. R. Slipp, M. P., and J. H. Barry of this city, were appointed a committee on arrangements and met at St. John on Friday last. The dinner will be held at St. John on the 19th of March at the Union club. Covers will be laid for upwards of one hundred and the guests will include the Lieutenant Governor and members of the Supreme Court bench.—Fredericton Herald.

DALHOUSIE WHARF.
Thos. P. Charleston informed a Graphic reporter last night that work on the Dalhousie wharf was progressing favorably. A crib of 150x6x6 has already been successfully sunk, and work on the remaining one is going along nicely. This wharf is to be used by the I. C. R. and when completed will be a great improvement.

IN POLITICAL CIRCLES.
It is talked freely on the streets today that the St. John patronage committee, selected by the liberal executive at the instance of Dr. Pugsley, is to be abolished. Hon. W. P. Jones of Charlottetown, it is said, is likely to be Supreme Court reporter. The office of Registrar of Probates will be filled by the new government. Mr. H. O. McInerney is to succeed Mr. C. J. Milligan.—St. John Globe.

(From Wednesday's Graphic.)
At last night's meeting of the Town Council there was considerable discussion on the water question. Coun. Andrew stated the engineer had made an estimate of the cost of the proposed new main, and figuring on a 16-inch pipe the amount would be in the vicinity of \$45,000. He had figures from different firms for pipe and lead and they were considerably lower than those at first received. With the opening up of spring and an increasing demand for pipe, would probably go very much higher. If it was at all possible the pipe should be purchased now.

Coun. McLean admitted figures to bear out what Coun. Andrew had stated, giving the weights of the different sizes for the whole main, which was very nearly three million feet. Coun. Taylor thought that the council should make sure there was sufficient water before going to the expense of putting in a 16-inch pipe. It seemed too large for the water behind it.

Coun. Doherty was of the opinion that before the gate of the Smith Lake reservoir could be opened it would be too late in case of a bad fire to be of service.

Coun. Andrew thought there was enough water in the old reservoir to keep up the supply until some person could get back to the new reservoir and open the valve.

Coun. McLean thought that a 16-inch pipe was none too small, in fact he favored an 18-inch pipe. He thought that tenders for the pipe and other material should be called for at once so that the contract could be awarded in time to begin operations early this spring.

Coun. McLean said that in St. John they have one pipe of sufficient capacity for all domestic purposes, besides four others. He contended that we should have a pipe sufficient for every emergency. In case the present pipe would give out in a short time the larger pipe would then be sufficient for a number of years.

The committee were instructed to look into the matter more fully and report at next meeting.

A meeting of the Town Council was held last evening, all councillors being present, except Coun. Leding.

A letter from William Savignat, asking reduction of assessment was referred to assessment committee.

The report of Police Magistrate Matheson from Sept. 30, 1907 to Mar. 1st, 1908, was read. Fines collected amounted to \$158.50, and the bill of costs \$21.00.

VICTORIA, Tuesday.—An attempted burglary last night resulted in the murder of Charles Freedman, aged 48, of Stanley avenue. His assailant escaped and the police have little clue to his identity. Freedman accompanied by his wife and sister had just returned from the theatre and was going to bed when he discovered a burglar in the pantry. He grappled with the burglar who in the scuffle shot him through the lungs and escaped by the pantry window while the woman was calling the police. The murdered man was an old timer here. He took part in the gold rush to the Klondike where he made a competence.
