

CHIGNECTO POST AND BORDERER
SACKVILLE, N. B. JULY 23, 1891.

MR. WOOD'S SPEECH.
Mr. Wood's speech on the budget in the House of Commons, a text of which appears in another column, is one of the most masterly addresses on the subject that have been delivered to the house. It is remarkable for conciseness and simple and effective reasoning. The statements which he uses in reply to the apostrophe of bluntness from Queen's Co are substantiated every one by local facts bearing upon the subject. He points out the fallacy of crying for wider markets when the home demands are supplied by outsiders, which by the way is the condition of affairs in more places than coal. He shows Mr. King that he is in opposition to the government or the policy yet in his place in the House he advocates free trade in national products warmly, the end which the government is desirous of bringing about and for which purpose a delegation has already been sent to Washington. In touching upon the stone business he points out the fact that our stone was closed in 1878, a year before the National Policy came in force, in which year 4,600 tons of American stone were imported into this province instead of thousands of tons being shipped as at present. On the decline of the industry under the present government, the speakers at Rockport last winter sang many a doleful strain, but forgot to tell when and why the quarries closed.

DR. INCH'S SUCCESSOR.

At a meeting of the Board of Regents of the University of Mount Allison College yesterday afternoon, it was unanimously decided to extend an invitation to David Allison, M. A., J. L. D., Chief Superintendent of Education for Nova Scotia, to the presidency of the College. Although he has not as yet given his formal consent it is more than probable he will accept.

ELECTORAL REVISION.

The revision of the voters list for the county of Westmorland will commence shortly. Judge Landry as revising officer, will receive applications for the addition of names to the lists and it is important that all who are eligible for the voting privilege should see that the names are duly and properly entered. It is the duty of every man who is entitled to vote to have his name revised either by himself or by some person who will see that it is done properly. The following are the qualifications necessary for enrollment:

- 1 Owner of real estate in the city is \$300. In the towns, \$200. In villages or country estates, \$100.
- 2 Tenant—The rental must be at least \$2 monthly, \$6 quarterly, or \$20 yearly.
- 3 Occupant—The applicant must have been a bona fide occupant for one year prior to application of real property of the value of \$300 in cities, \$200 in towns or \$150 elsewhere.
- 4 Income—Applicant must be a resident of electoral district and derive an income of at least \$300 a year earnings in money or money's worth, or some profession, calling, trade or investment in Canada, and has so derived such income and been a resident of Canada for one year next before being placed upon the lists.
- 5 Farmer's Son—Applicant must have resided with his father one year before being put on the list, and his name may be put on as the value of the father's property will admit, allowing each the same amount as entitles the father to be put on.
- 6 Owner's Son—Applicant must be the son of an owner of real estate other than a farm, and the father's property must be sufficient to give each an applying a qualification equal to that required of an owner. For example in country districts if the owner of the real estate is placed at \$750 the owner and four sons may be placed on the list, as this would allow \$180 each.
- 7 Tenant's Son—Applicant must be son of tenant of farm of not less than twenty acres and less for not less than five years, and have resided with his father at least one year before going on list.
- 8 Fisherman—Applicant must be a fisherman and the owner of real estate and fishing gear which together are of the value of at least \$150.
- 9 Annuitant—Applicant must have resided within the electoral district one year before being put on the list, and in receipt of a life annuity secured on real estate in Canada of at least \$100.

It is beginning to look as if the new tariff was going to act as a temperance agency as well as a producer of revenue. The liquor dealers in many of the larger cities have raised the price of spirits or increased the quantity of water, and in Toronto a visible decrease in the number of drunks is reported. In Kentucky the liquor men are somewhat alarmed at the rapidly accumulating stock of whiskey on hand for which there is no Canadian demand. The surplus is so great that even the over-thirsty Kentuckians feel that there is more than they can dispose of.

The French Senate has passed a bill to regulate the working of women and children in factories. The bill establishes a 10-hour working day, forbids night duty and prescribes one day of rest in seven.

MR. WOOD ON THE BUDGET.

ONE OF THE BEST SPEECHES OF THE SESSION.

On Tuesday 14th inst. Josiah Wood, M. P. for Westmorland continued the debate on the budget submitted by Hon. Mr. Foster. Mr. Wood rose at 10.15 to resume the budget debate in view of Mr. King's intimation that the party now in power had ceased to discuss the national policy, he took occasion to say that he (Wood) was as strongly as ever of opinion that the national policy was the best for the dominion and the province of New Brunswick. Taking up the argument of Mr. King, Mr. Wood said he would not dispute that a free market in national products was the natural product of the forest and quarry of New Brunswick would be an advantage. The government ought therefore to have cheerfully supported Mr. King's taking up the four industries which Mr. King said had been injured by the national policy. Mr. Wood began with coal, referring to Mr. King's claim that the Grand Lake coal fields were making no progress for want of an American market. Mr. Wood said the facts warmly, the end which the government is desirous of bringing about and for which purpose a delegation has already been sent to Washington. In touching upon the stone business he points out the fact that our stone was closed in 1878, a year before the National Policy came in force, in which year 4,600 tons of American stone were imported into this province instead of thousands of tons being shipped as at present. On the decline of the industry under the present government, the speakers at Rockport last winter sang many a doleful strain, but forgot to tell when and why the quarries closed.

DOMINION PARLIAMENT.

OTTAWA, July 15.—The budget debate was resumed this afternoon by Dr. Borden of Nova Scotia, who spoke for an hour, chiefly in support of unrestricted reciprocity. The doctor does not believe the breakfast table is free. He holds to the opinion that Canadians pay taxes on their coal, their bread and almost all articles of food. He defended the project of parliamentary union with Great Britain, and stated that there was discrimination in the old reciprocity treaty, which last assertion he did not well support. Dr. Borden made a desperate attempt to rescue Sir Richard Cartwright from the position in which his United States allies and his own Boston speech have placed him.

Maritime Matters.

—James Little, aged 65 years, was killed by falling off a Coal Branch on the I. C. R. last Thursday.

Furious Driving.

On Friday eve, during the band concert, we had a return of the plague of furious and dangerous driving, which last summer menaced the lives and carriages of citizens. On this occasion while Grand Corner was almost packed with persons listening to the band, several horses driven by young men of the town dashed into the crowd while racing and in more than one instance their trip came within an ace of being a fatal one. While all were interested in the development of fast horses in Sackville, it should not be forgotten that Sackville can boast of a creditable driving park upon which that speed can be developed to its limit and that the roaders have the law on their side, when protesting against the danger. In view of the growing tendency of this practice several citizens have intimated their intention of making an example of furious drivers. A word to the wise is sufficient.

Package of the Age.

Wonder Working K. D. C. sent to any Address. Sample Package of the Age.

Industrial and Commercial.

Statistics of the sugar industry of Cuba for the last ten years show an average production and export of 650,000 tons.

—There is now in the bonded warehouses in Walkerville nearly 4,200,000 gallons of proof spirits, the duty on which will be upwards of \$6,000,000.

Maritime Matters.

—James Little, aged 65 years, was killed by falling off a Coal Branch on the I. C. R. last Thursday.

Westmorland Point Items.

—The weather has been everything that could be wished for the last few weeks. Occasional showers which were necessary to insure anything of a crop, a barrel and a bushel, have given beauty to the fields, and stamped the meadows with the happy prospect of a bounteous harvest.

Why Cannot Canadians

make as good Machines as the Americans? This is a question often asked. They can if they choose. One Canadian does it. At the Great Fair, Exposition in 1889, the Massey Manufacturing Co's Machines in a field trial defeated all other competitors, including American machines, and won the highest award. They have also beaten the Buckeye on other occasions. The Buckeye Mower made by this Co is equal in neatness and perfection to the much vaunted American Haystack and costs a good deal less money. This Co's goods, including Toronto, Massey and Buckeye Mowers, Haystack and Sharp's Rakes and extras for sale by

Harvest Excursions

TO THE NORTH-WEST. From all stations on the P. E. N. New Brunswick, return rates Colonist Class to the following places: \$33.00, \$35.00, \$40.00.

J. F. ALLISON, Agent

Around Town.

REV. D. C. LAWSON, will preach in the new meeting house Dorchester Cape, next Sunday the 26th at 10.30 a. m., and 3 p. m.

Services will be held at St. Ann's church, Westcott, at 10.30 standard. No services at St. Paul's during the month of August. Rev. Richard Smith will take the services regularly.

BAND CONCERT.—On Friday the band concert at Lower Sackville was listened to by a large number. The band played in fine style and received many favorable comments from visitors now in town. The new uniforms are very high spoken of. The band will play at Middle Sackville on Saturday evening.

Says the New Glasgow N. S. Enterprise 18th: "Hugh Sutherland of Sackville was visiting here this week. Mr. Sutherland is a brother of Mr. Neil and Hector of this town, runs a large industrial harness making establishment in Sackville. Mr. Sutherland says that the end of the country has made great strides in progress."

PERSONAL.—Mr. W. A. Black, of Moncton, was in town on Friday. —Wm. Oxley, M. P. P., Oxford, was in town yesterday.

Hon. Senator Bradford, arrived from Ottawa on Monday night, the Senate having adjourned for a few weeks.

SUNDAY SERVICES.—Baptist, Rev. W. H. Warren, Pastor. At Upper Sackville every Sunday, at 11 a. m.; Prayer meeting at 7 p. m., and on Wednesday evening at 7.30. Lower Sackville, every Sunday at 8 p. m.; on Wednesday evening at 7.30, and on Thursday evening at 8. At Wood Point, the fourth Sunday of each month, at 7 p. m., and on the evening of the third Tuesday of each month, at 7.30. Prayer meeting on every Sunday and Tuesday evenings.

SACKVILLE COURT.—A complaint was laid before Stipendiary Magistrate, last week by Mr. Job P. Dalton, of Upper Sackville, against William Dewire, of the same place, for maliciously shooting and killing a dog belonging to defendant, and kept by him for domestic purposes. The case was brought under chapter 168, Dominion Statutes, but was arranged by defendant paying for the damage done and each party paying one half of the costs incurred.

MILITARY CAMP.—The military camp for district No 8 will be at Sussex this year, and will last from Sept. 22nd to Oct. 1st. This camp will include the 8th Princess Louise New Brunswick Hussars of which the Sackville Cornet Band is the regimental band. The Hussars will be quartered at the Woodstock field battery the 67th and 71st battalions, and D. company Infantry School. The N. S. camp will be held at Aldershot, 6th to the 26th of September.

NEW SIDEWALKS.—New plank sidewalks are being laid on Bridge street in front of the residence of Mr. Edward Cogwell and as far as Canal Street. This was one of the worst spots in town for broken planks. Improvements are also being made on York street near the College where both road and sidewalk have been fixed. In front of the Academy the walk has been raised by a liberal layer of ashes and the sidewalk on the mudflat spot in Sackville, in the spring is now made passable. There are other places equally needy in respects to walks and it is hoped enough will be raised to fix all.

SHIPPING NEWS.—Port of Sackville, cleared 20th schr Parlee, 149, Wood, for New York with sailing shipped by Simon Outhouse. Arrived 22nd, schr Magellan, 225, Irving, from Yarmouth, in ballast, for S. L. Chapman, to load shipping.

McKeen. 20th, bark Alfgentegen, 506, Wazge, for Bristol, 476 m deal shipped by M. Wood & Sons. 21st, bark Gullane, 534, Hansen for Mersey, 498 m deal by J. L. Black.

KILLED BY A BULL. Yesterday afternoon Mr. William Kinross, an aged resident of Coochville, was gored to death by a bull. He left his house yesterday morning, alone, about eight o'clock, with the intention of stumping in a field near by. Not having put in an appearance at noon, a search for him was organized, and about three o'clock Mr. Joseph Hicks found the mangled remains in the pasture, several hundred yards from the house. It is supposed that while the deceased was on his way to dinner, the bull which was loose in the field, overtook and killed him on the spot. The body was frightfully mangled and bruised and the clothing badly torn. The deceased was about 80 years old, and leaves four sons and two daughters to mourn his death. The funeral takes place to day at one o'clock.

The shooting match in Amherst yesterday between F. A. Wilson of Amherst and O. E. Wright of St. John, resulted in a victory for the latter by 2 points. The score was Wilson 31, Wright 32. Doubles: Wilson 21, Wright 28. The match was for \$100, put up by N. B. Steele of Amherst.

Local Matters.

Mr. Fearman Gallant, an old and much respected resident of Cocagne, passed away on the 11th in the 90th year of his age.

Mr. and Mrs. Jotham O'Brien, of Bridgeport, Conn., formerly of Macca, are visiting their daughter, Mrs. J. M. McLeod, Amherst.

The Amherst town councillors voted themselves \$100 apiece additional salary, and the citizens are reported as being very angry thereat, especially as a water supply is wanted.

Mr. N. J. Clapp has built a half mile trotting park at Yishah head. The track is within a short distance of the Bay and will form no doubt an attraction for picnic parties.

Mr. E. M. Estey yesterday shipped 23 cases of his emulsion, iron tonic and phillidene to Newfoundland, to fill a cable order. This Mr. Estey's third shipment to the land of the cod.—Times.

A car repairer named Bourque who had neglected to put out restraining signals while working under a car at Moncton, had his leg struck by the wheel by a shunting train striking his leg.

It is reported that George Pugsley of River Hebert is in trouble for forging a note for \$500 to Charles Baker and also for the same amount promissory note with intent to defraud.

The town council of Springhill, at a meeting the other night, decided to adopt the travelling system of water supply. The engineers will report on the water shortly, when tenders will again be asked for.

Mr. E. A. Boutin, Mr. A. Metzler, C. E. Northrup, P. S. McManus, W. Watson and others of Moncton have received a privilege to prospect for coal on an extensive tract on the Cocagne River.—Telegraph.

Among the curiosities picked up on the shore at Hopewell, Albert County, a few days ago, was a watermelon seed in the shape of an oyster. It was hollow and opened quite easily. The stone is worthy of a place in any museum.

A. Wilson, journeyman tailor, is gathering pearls from clam shells along the river. He has some very handsome ones of various colors and a human foot in miniature, with claws beneath like a bear's paw.—Sentinel.

About two years ago Miss Alice Walton injured her eye by striking it with a hammer as she was engaged in a defective sidewalk. She has commenced an action against the city by which she claims to have lost the use of the eye.

Prof. Clarke, educationist, of whom mention was made in the Western Mail, will give an entertainment on Thursday evening at that place. Prof. Clarke comes well recommended and should be accorded a full and hearty welcome.

Barney Ella Moore, of Parraboo, with a load of millway sleepers, from Bay Chaleur for Portland, went ashore at Le Head, five miles from Parraboo, last week and hit in a dangerous position. She is leaning badly. An attempt has been made to float her but failed.

Says the St. John Gazette: Capt. Read of Rockport, N. B., master of the schooner "The Star," has been successful in his attempt to remove a tumor from his neck. Wednesday, by Drs. P. P. and John Bryman. The operation was successful and the patient is able to eat.

John Wallace Esq. Collector of Customs, Hillsboro, has some fine horse stock. Among them are two yearlings, one by Deacor, three yearlings after Aurora, two after the government Percheron, and some others. All his are well formed, promising animals.

Job Renton an agricultural implement dealer, was charged with forgery by P. S. McNeill of St. John, through his agent, Renton, for having forged the name of his father-in-law to a bond and obtained goods on the strength of it.

At the estate sale of the late Wm. Fullerton, of Sackville, on Tuesday, a large quantity of wood at Lot to Dr. Henson and others for \$2000. A lot of old iron and steel was sold to S. L. Chapman, and was withdrawn at \$500.

The Clara J. Wilbur—a private letter from Captain Haly of the schooner Clara J. Wilbur, dated at St. Nicholas Mole, Hayti, says that she has just returned from a long logging voyage to Boston. She was ashore some time since near St. Nicholas Mole and her rudder and had her keel damaged.

We have received a copy of Notes Monthly Meetings of the Amherst Baptist Church at Shediac and Cape Bald by F. J. Boudo. The Advertiser contains 16 pages of miscellaneous news, and is a very interesting and useful paper. It is published for the proprietor and sent for 30 cents per year. The proprietor deserves credit for his paper.

In 1888 the "Princess Louise" was launched at Macca and on her way to Halifax was wrecked. Of the ten persons on board only two were saved—Mr. R. C. Say of Amherst and Jas. A. Daine of Halifax. They were taken care of by different parties, after which they returned to their homes. Mr. R. C. Say died in Amherst and had a friendly chat over their escape.

Capl. H. A. Turner met with an accident on the 10th inst. while engaged in his marsh when the shafts fell and the horse ran away. The captain was thrown out, the wheel going over him below the shoulder. He was severely injured and is now in a hospital. It is not yet known how serious Mr. Turner's injuries are. He is reported to be suffering considerably.—Macleod Leaf.

A valuable discovery of coal has been made in the area of the Cumberland Railway & Coal Co. about one mile northwest of the slopes now being worked. The seam is nine feet thick and of excellent quality. This is supposed to be a continuation of what is known as the Aberdeen seam. The mineral wealth of Springhill is surely increasing and this is likely to become a great mining centre at no distant day.

The many provincial friends of the Rev. E. J. Macleod were glad to meet him recently, having been called here to the funeral of his nephew, the late Rev. E. J. Macleod, of Kingsport, County. On his return to his present church, St. Dominic, in the diocese of Portland, Maine, he will first make a visit, last service, to the new church in New Ireland, Albert Co., which he built before he left the diocese of St. John, preaching an eloquent sermon to a large congregation, who acknowledged his service by presenting him with a purse well filled.—Times.

ROUND TOWN. METHODIST SERVICES.—26th, 11 a. m. F. W. Harrison, 7 p. m., T. B. Darby. Upper Sackville, 3 p. m., F. W. Harrison. NIGHT before last a red heifer tumbled into the cellar on the property of Mr. H. A. Powell and was unable to get out. She was discovered and yesterday was a good Samaritan with planks and ropes pulled her out.

DR. INCH'S SUCCESSOR.—At a meeting of the Board yesterday, it was unanimously decided to issue an invitation to David Allison, M. A., L. L. D., Chief Supt. of Education for the province of Nova Scotia, to the presidency of Mr. Allison University College. The following members of the Board were in attendance, Drs. Lathern, Stewart, Inch, Foy and Sprague, Revs. Messrs. Bourdon, Jost, Hearty, Evans, Shenton, Johnson and Dawson. Messrs. J. D. Chipman, St. Stephen, Wm. Oxley, M. P. P., Oxford, H. A. Tower, M. P. P., J. Wesley Smith, Halifax, J. L. Black, W. F. George.

RIFLE CLUB.—The July meeting of the Sackville Rifle Club will be held on Saturday, 25th inst., commencing at 9 o'clock sharp. The Club match in the military Rifle League Competition will be shot in the afternoon.

BAPTIST ASSOCIATION.

The annual meeting of the N. B. Eastern Baptist Association commenced its session on Saturday afternoon last in the new Baptist Church, Sackville. Ample accommodations were afforded in the commodious rooms of the fine, new building for the varied gatherings connected with the association. The list of delegates was large, and the general attendance throughout the session was such as to keep the building well filled.

Rev. W. H. Warren, pastor of the church was chosen as moderator; Rev. S. W. Kierstead and Rev. I. B. Colwell as secretaries; and Mr. J. Doyle as treasurer. An excellent digest of the letters from the various churches connected with the Association was read by Rev. L. M. Weeks, of Dorchester. From this summary it was learned that cheering progress had been made during the past year in denominational work.

About four hundred additions to the churches of the Association were noted, and an excellent temperance meeting was held on Sunday evening at which stirring addresses were given by Rev. W. Camp, Rev. S. W. Kierstead, and Rev. W. P. Haines. The speakers strongly urged the Association to urge the members of the Association to this legislation as will forever destroy the rum-traffic in our land.

On Sunday the Baptist pulpits at Lower Sackville were occupied by Rev. I. C. Archibald in the morning, by Rev. W. B. Hinson, preacher of the Association, in the afternoon; and by Rev. D. Morse, missionary-elect in the evening.

The morning session on Monday was devoted to the reception and discussion of reports on Sunday Schools, obituaries, systematic benevolent and denominational literature. An excellent circular letter, prepared by Rev. J. J. Armstrong, was read by the moderator. In the afternoon a large and interesting meeting of the ladies was held in the vestry.

Nothing is being done in the way of turned missionaries and by the missionaries elect.—Rev. L. D. Morse and Miss Fillmore. At the same hour the Association was engaged in a discussion of a report on education. Dr. Sawyer, of Wolfville, gave a brief outline of the plans connected with Acadia College and the allied institutions, showing that the Baptists are enlarging their work and laying foundations for grander efforts.

Dr. Hopper spoke of the outlook at St. Dominic's and asked for assistance in meeting pressing financial obligations. In the evening a crowded audience gathered with marked attention to the reports on home and foreign missions, and to the excellent addresses given by Rev. A. Cohoon, Rev. D. A. Steele, Rev. I. C. Archibald, Mr. E. Archibald, Rev. L. D. Morse, and Miss Fillmore. The progress of missionary enterprise was shown very clearly, and strong appeals were made for enlarged benevolence in furthering the great and important undertaking.

On Tuesday morning the business of the Association was resumed. Matters of routine were disposed of, and the Association passed a resolution expressing the cordial invitation of the Baptist church at Pt. de Bute to hold the next annual gathering there. The business of the Association was conducted in a spirit of kindness and with much promptitude. Nothing is being done in the way of turned missionaries and by the missionaries elect.—Rev. L. D. Morse and Miss Fillmore. At the same hour the Association was engaged in a discussion of a report on education. Dr. Sawyer, of Wolfville, gave a brief outline of the plans connected with Acadia College and the allied institutions, showing that the Baptists are enlarging their work and laying foundations for grander efforts.

FATAL ACCIDENT AT CAPE TORMENTINE.

WM. KEARNS, OF CAPE TORMENTINE, INSTANTLY KILLED.

On Tuesday morning last, Wm. Kearns, a workman on the Breakwater Works, at Cape Tormentine, was instantly killed, while hoisting logs from the water to the top of the pier. A large log had been lifted by the steam derrick from the water to its position, and Kearns, whose duty it was to release the dogs by which the logs were lifted, stepped up the sloping rockwork and knocked them down. The stick was not secure in its position and started down the slope at a terrific rate of speed taking another log with it. Kearns started for the foot of the slope but before he could reach a place of safety, the piece of timber overtook him and buried him beneath three feet of water. As soon as possible the log was lifted but Kearns was taken up dead. It is thought death was the result of the blow from the log, rather than drowning from the water. The body was forwarded to Cape Tormentine yesterday.

Kearns, who is spoken of as an industrious and well liked man, was a section foreman on the P. E. Railway, at Cape Tormentine about a year ago. He was 38 years of age and leaves a wife and five children.

MARRIED.
