PRICE TWO CENTS.

MORE RENTAL FROM THE P. M. IF SUNDAY CARS ARE OPERATED

If the Company's Receipts Are To Be Increased the City Should Get Much More Money for the Road-Ald. Ritcher Thinks the Company's Request Will Likely Be Granted-Some of the Features.

At the city hall the impression prevails that the Pere Marquette will obtain the privilege of operating cars on Sunday to Port Stanley.

Mayor Beattie and the members of the finance committee discussed the matter informally last evening, and itwas the consensus of opinion that the

company would succeed. "It looks to me very much as if they will obtain the right to run Suncay cars to Port Stanley, if they go about it in the right way," was Ald.

By this it was meant that the company would have to make an appeal to the Dominion Railway Commission, and perhaps establish a boat line touching Port Stanley. The P. M. says it is now, and has been for years operating boats across the lake.

DOES CLAUSE APPLY?

Some thought that the clause for the general good of Canada would apply in that instance as well as it did with the Southwestern Traction Among railway men, however, it is not thought necessary to establish a

boat line in connection with the road to obtain the privilege. They point to the fact that the line of boats from Cleveland Into Port Stanley is not a part of the London and Lake Erie Company at all, but a separate and distinct company, under a different management. Of course, it is understood that mutual arrangements for the advantage of both will probably be entered into.

THE SAME RIGHTS.

Railway men declare that the same line of boats would give the right to the Pere Marquette Company, as to the Lake Eric Traction Company, as Sam, Hop Hung, Chin Ming, Charlie passengers, freight and merchandise to be transported some distance would have to come over the P. M.

However, the whole question may bring up the matter of the extension of the lease, or at least a tentative arrangement for an increased rental. MAYOR'S OPINION.

Mayor Beattie is of the opinion that it would be unwise to allow the company to have the right to operate on Sunday, unless some benefit accrued to the city. He does not consider that 10 per cent of the earnings over \$80,000, the present arrangement, would be satisfactory.

"I fancy we would have to come to some different arrangement regarding the rental," said his worship. "An extra day's running might make quite a bit of difference to the company in the way of receipts, and although we would profit by any increase in earnings to the extent of 10 per cent above \$80,000, still I hardly think this would be sufficient."

INCREASED RENTAL.

This would probably open up the question of increased rental, and deal for a long term of years. The company were anxious some time ago to extend the lease, but whether or not they would do so now is not clearly

The city's legal status in the matter has not yet been determined. City Solicitor Meredith is now engaged in looking over the legal aspects of the situation, and when his report is received a meeting of the board will

ABOUT THE LEASE.

So far as can be learned, there is nothing in the lease or the agreement prevent the company operating cars on Sunday. There is no doubt, however, that the railway commission would not grant the right to run cars on Sunday, if the city, through the board of directors of the L. and P. S. entered a vigorous objection.

That is the reason the company made the application, it is stated, and if an agreement can be entered into between the company and the city relative to rentals, etc., there would be little difficulty, it is said, when the commission was reached.

It was stated at the city hall that the city h The matter is creating much interest in city hall circles.

Carpenters Are Also Said To Be Considering This Move-The Local Labor Situation.

From present indications there is ikely to be several demands before May 1 for increased wages by members of the various trades umons of

the city. A largely attended meeting of the garmakers of the city was held yes, erday afternoon in the rooms in the Duffield block, and it was decided, it is stated, to ask the manufacturers for what amounts to an increase of about \$2 a thousand on May 1.

Stores Will Close This Year as Usual on Wednesday Afternoons During June, July and August.

At the annual meeting of the London Retail Grocers' Association, held last night, it was decided to hold the annual picnic to Detroit, via the Grand Trunk, on June 15. It was reported that all efforts to have a union picnic Toronto, Hamilton, Brantford and London grocers held here had been unsuccessful, as the cities mentioned apparently wish to follow their usual custom of picnicking at Niagara Falls. The matter was brought up at the annual banquet, but the representatives from Brantford and Hamilton did not favor the idea very strongly.

Wednesday Afternoons. There was considerable discussion regarding the closing on Wednesday fternoons during the summer. Quite a number of the members speke very strongly in favor of closing early during the month of May, but it was finally decided to closing on Wednesday afternoois during the months of June, July and August only,

President E. J. Ryan and Secretary Harry Ranahan were pressed very hard eo continue in office, but both Officers Elected.

At the election which followed, the officers for the year were chosen as follows: President, C. W. Summers, 577 Hamilton road: first vice-president, James Haskett: second vicepresident. T. H. Janes; secretary, Cyril Hayes; treasurer, Thomas Shaw; executive, J. A. McFarlane, F. Travers, R. A. Ross, F. W. Paul, R. J. Donaghy, M. A. Young and Ed Bodkin It was decided to send President Summers as delegate to the annual neeting of the grocers, which will be

held, in an effort to get the trust to reduce their estimates somewhat. Ald. Richter suggested increasing the revenue, but the trustees thought the hospital was bearing all it possibly could. 3 DAYS GREAT COTTON SELLING

Thursday, Friday and Saturday

We have prepared for three days' great cotton selling, and unusual value; should bring about the anticipated results. That our cottons and sheetings have been right this season is evidenced by the exceptional increase in business, and knowing this, we have added several lines (the results of some clearing and special purchases) to our already promment values to encourage an unprecedented sale. See these values and judge for yourself.

White Cotton at $6\frac{1}{2}$ C Yard

1,500 yards of this line. Considering the price, the quantity is small. A lot of this kind is someimes all sold in a day. It's 35 inches wide, soft finish, thoroughly bleached; suitable for ladies' and children's undergarments, quilt coverings, etc. While it lasts at 61/2¢ yard, or 16 yards for\$1.00

White Cotton at 12½c Yard

Not an unusual price this, but certainly unusual values. The first we mention is a fine cambric-finished longcloth, suitable for the daintiest of underwear, 36 inches wide, and good value at 15c at least. Our special price. 121/2¢, or 8 yards for \$1

A HEAVY MAKE White Cotton, suitable for pillow slips or other household purposes, 35 inches wide, heavy, firm linen finish, "Sperc -nake" stamped on selvage of every yard. Likely the last chance to get value like this for 121/2¢ yard, or 8 yards for\$1.00

Out-of-town customers can order by mail or samples will be sent for the asking.

Unbleached and Bleached **Sheeting at 22c Yard**

What a stir these should make! In fact, qualities like these are just scarce enough at 25c yard. They are both two yards wide, plain weave. You will be particularly taken with the clean, even appearance of the unbleached sheeting, while the bleached is an English make, medium weight and improves with washing. These two lines should interest housekeepers and hotelkeepers, who have found good qualities scarce at such a low price. Special, per yard 22¢ (Pieces make about 12 to 18 sheets.)

2 Bales Unbleached Cotton at 10c Yard

We didn't expect to have anything like this quality for the price. It is just the result of one of those fortunate happenings that comes to a house ready for reliable goods underpriced. There are only two bales, and no more can be had from the same source. This is one of the cleanest, most even and satisfactory wearing cottons in the trade, and represents 121/2c value, but to make a clearance almost as quick as we MAIN FLOOR-WEST AISLE.

WEATHER PROBS:

An Early Clearance in Children's Headwear---50c to \$1.25 Fancy Felts 39c

The beautiful spring weather during the past month has played havoc with our children's headwear, and scarcely have we a line unbroken, so we have had a gathering together of all odds and ends, broken lines and odd sizes of our children's fancy felts and find blue, green, brown, red, fawn, white and many other shades, all new styles, but not every size in each, and these must be cleared. The prices run from 50ϕ to \$1.25, and include many at 75¢ and \$1.00, and we have made one price for all. Come tomorrow and

Something Unusual at Glove Counter Tomorrow, Ladies' \$1.50 Kid Gloves 79c

Lucky if your size is here. Just two lines to clear of what sizes we have left—a pearl gray French kid and a white suede. Both are \$1.50 quality, and most sizes too; not a great quantity in some, but early customers will find $5\frac{1}{2}$, $5\frac{3}{4}$, 6, $6\frac{3}{4}$ and 7 in the pearl gray French kid, and 6, 652 and 634 in the white suede, which are pique sewn. While this may seem an unusual reduction (a \$1.50 glove for 79c) it is our way of making a quick clearance of odd lines, and customers who secure a pair or two at this price will find themselves satisfied that they have received just what we bought it we have made it 10¢ yard | advertise, a \$1.50 kid glove for, per pair, 79¢ MAIN FLOOR-SECTION EIGHT.

MAKE YOUR HOME A COOL RESORT

It will astonish you the difference a verandah curtain and a few awnings to protect windows on the sunny side of the house will make, not only to your comfort durin the hot summer months, but to the appearance of your home, as well as protecting your curtains, blinds, carpets, etc., from the heat of the sun, which does more damage than a season's wear. They add to the appearance of your house and enable you to enjoy a cool, refreshing air in rooms which otherwise would be close and stuffy. Prepare now.

AMERICAN AWNING STRIPES 35c

These we consider the best, owing to the fastness of color. They can be relied on to hold their color under conditions that no others will stand. American awning cloths are - also more attractive in color and design and this season's stripes are very pretty, in green and white, red and white, navy and white and light brown and white; 32 inches wide. A BOY'S STRUGGLE FOR LIFE

Mr. S. J. New, of 154 Baldwin St., Toronto, says: I can trace my son Harold's trouble to when he had the measles five years ago, from which he never really recovered. Some of the best physicians attended him, but with months of suffering he in turn contracted whooping cough, bronchitis, and then pneumonfa. Month after month went by that we shall not seen forget; months of sleepless nights, fearful coughs, weakening night sweats, left my boy a mere shadow. He had no appetite, and my heart ached to see how he was wasting away. He spent one whole summer at the Lakeside Home for Sick Children, and came home greatly improved, but the cold winds of October took him off his feet again. The doctor advised me to send him to Muskoka, but heavy doctor's bills had depleted my financial resources, and such a step seemed out of

No words can express the thankfulness of his mether and words can express the thankfulness of his mother and myself when we saw the crisis was over, and realized that our boy was fighting his way back to life and health. PSYCHINE had mastered that which all the doctor's prescriptions had failed to check. Day by day Harold grew stronger, and all through the winter, although continually out of doors, he failed to take cold, and he put on fiesh very quickly. By the spring my son was completely cured, and developed into a strong, sturdy lad."

Does things other Ranges cannot do

The Most Convenient Range in the World

In the Champion Interchangeable you can use coal alone, wood alone, or gas alone. You can use coal or wood and gas at the same time. You cannot do this with any other range. Champion also has a closed top for cooking with natural gas.

There cannot be an explosion in the

Champion. You light the burners direct. The oven burner cannot be lighted until the door is open. No other gas range is so absolutely safe.

Ordinary gas ranges use the oven for keeping the dishes warm. The Champion has a warming closet.

HARIANG ABLE CAS. COAL & CAS.

You can change the Champion from a gas range to a coal or wood range in three seconds. And while building a coal fire you can use gas under two pot holes and the broiler burner.

When the coal fire is burning you can still use gas on two top burners and broiler burner in oven, which is an invention worth while. Truly the Champion Interchangeable Steel Range does things other ranges

cannot do. London, Toronto, Montreal, Winnipeg, Vancouver, Calgary, St. John, N. B. Hamilton.

The Champion will cost you about the same as a high-grade steel range. It can be supplied with two extra burners on right hand end, or an instantaneous water heater, or a reservoir heated by gas. The Champion takes the

place of two ranges, thus saving room in the kitchen. Considering these facts it is the best range investment in the world. The demand for the

The crime was committed early this

year. The Italian foreman, Frank Merono, fell first, fatally injured, and died a few minutes afterwards in his wife's arms. Guiseppa Cranflone Nicola Lombardi were brought to the hospital here. The former was shot in the abdomen, and died the next day. Lombardi had his arm shattered, but has recovered, his arm James McCormack, a citizen of Grafton, was also shot at, but fortunately the rifle did not go off. The prisoner, through his counsel, pleaded not guilty. A number of Italians who were present when the shooting occurred were called as witnesses. Their evidence went to show that the prisoner and the dead fore-Their evidence went to show man, Merino, and Cranflone, were all friends. The first two were drinking together, and both men were under the influence of liquor when the murder took place. The details of the tragedy were again cited. The men had had a saughble and were some had had a squabble, and were separated by the other Italians before the

shots were fired. Then Mancuro rushed for his gun and fired through the door and afterwards shot Merino. Mrs. Merino told of the death her husband and other incidents Dr. Ivey and Dr. Stinson, who attended the wounded men, gave evidence for the defence.

Crown Attorney Kerr is prosecuting, with E. E. T. DuVernet as crown counsel. F. D. Boggs is de-

ending the prisoner. LATE P. E. WIDDICOMBE

Funeral of Well-Known Bank Man Was Held Today.

The funeral of Mr. Peter E. Widdicombe was held this afternoon from the residence of his uncle, William Evans, 295 Simcoe street, to Woodland Cemetery, and was very largely attended. The services were of a most impressive nature, and were conducted by Rev. R. S. W. Howard, of Christ Church. The pallbearers were all members of Beresford Lodge, Sons of England, of which the late Mr. Widdicombe was president. Very beauti-Beresford Lodge, St. George's Society, of the C. P. R. roundhouse here and the Home Bank staff and from friends throughout the city.

The loss is about \$12,000.

After nearly three hours of consultation the official announcement was made at the adjournment that the caucus had decided that the reports which have been appearing for the most part in their own press during the past fortnight as to family squabbles and general disorganization were unfounded in fact, and that a unanimous resolution had been passed declaring unswerving loyalty to Mr. Borden.

The uniting of the party by resolution is, however, not regarded generally as marking by any means the end of the present dissensions within the ranks over the questions of leadership and policy. The question of the future relationship of Messrs. Foster and Monk to the party organization is left in abeyance, but it is understood that Mr. Borden is left with a free hand to carry out any reorganization hde may deem desirable. George Chridakos Got Through.

Ottawa, April 13.—Word has just been received by the provincial authorities of a trip taken from Porcupine to Hailey-bury by George Chridakos, an Indian guide, with a basket of mail, which was a most dangerous and daring one. In order to get the mail out from Porcupine Chridakos bayend dangers which would

Spring freshets made it impossible to follow the roads. The mail carrier had to wade through ice-cold water up to his walst. Across Porcupine Lake he waded through three feet of water. The streams emptying into the lake had broken up, causing the water to run on to the ice of the lake govering it over. The creeks

Destruction by Conflagration. Edinburgh, Pa., April 13.-A fire, which threatened for a time to wipe out this place, was checked today by the hard work of firemen, aided by hundreds of citizens. The loss caused by the fire will reach \$125,000. One man, injured by falling walls, will probably die. Powder, stored in a hardware store, exploded while the fire was fiercest, blowing walls

outward and causing a panic. Seven business buildings and several residences

were destroyed.

Ebinsburgh is high in the mountains, and the light from the fire was discern-
