SEVERE CHECK FOR BULGARS ALONG MAGEDOWAN FRONT, ESTIMATED LOSSES 15,000

(Canadian Press.)

London, Aug. 31 .- The fighting is very severe all along the Macedonian front, says an Athens dispatch to the Wireless Press, which adds that the Bulgarian regiments suffered a severe check at the hands of the Serbians on the Entente's left flank, and that the Bulgarian losses are estimated at 15,000.

The Bulgarian regiments, says the dispatch, attacked the Serbians in close formation, after the German style, near Lorovitz, and suffered severely. They were compelled to ask for reinforcements from Valbankeni and Kastoria.

The Serbians appear to be masters of the situation at Gomicheve, says the Athens correspondent, and Bulgarian officers of Rumanian origin who deserted, said the Bulgarians called Gomicheve "another

THE BULGAR REPORT. [Canadlan Press.]

Sofia. Aug. 30. - Via London, Aug. 31.-"There has been no essential change on the Macedonian front." says the official statement issued today by the Bulgarian war department. "Our troops who reached and captured the positions indicated to them are now consolidating their captures.

"After the defeat inflicted upon him had broken his offensive the enemy is contenting himself all along the front with maintaining an artillery fire without effect.
"Only to the north of Lake Ostrovo and in the Delmanitsa Valley has the enemy striven by fruitless counter-attacks in the region of his lost positions to modify the situation, which has become precarious for him. All the attacks were repulsed.

"On Lake Ahinos we sank two hostile steam launches by artillery fire.

"The enemy's fleet bombarded without result the mouth of the Mista, and an aerial squadron at-tacked a bridge near the Buk station without doing any damage."
