Disorderly Crowds Erect Barricades in Warsaw.

Red Flag is Everywhere—Affrays Between Police and Cossacks and the Crowds and Many Are Killed and Wounded—Strikers Stab Five Non-Strikers to Death—State of Siege at Lodz—Bombs Thrown.

Warsaw, June 27.—Disorderly crowds thronged the streets since early yesterday morning. They erected barricades at Ordowska, Krolewska and Wronia streets, on top of which they placed red flags. The police and soldiers stormed these barricades, and ten persons were wounded by bullets or bayonets. Another affray occurred at Zelazna street, where Cossacks charged the crowd and wounded three persons. In the central portion of the town a crowd attacked a patrol with revolvers, to which the patrol replied with volleys, wounding three persons and killing a boy.

Five workmen, who refused to strike, were stabbed to death by their comrades. Revolutionary proclamations have been posted on the walls, and two hundred persons have been arrested. A heavy rain fell all day, and this is believed to have prevented worse collisions. The Social Democratic party and the Jewish Bund announced that the fight against the Government must continue, but it is believed that, with the present show of military force, the situation will be controlled. Business is at a complete deadlock.

A bomb was thrown Sunday night at a carriage occupied by the chief of police, M. Pawlowski, of the Town of Cieszkow, Government of Piotrkow. The chief and several other persons were seriously wounded.

1,200 Victims at Lodz. Lodz, June 27.—The victims of last week's outbreak total over 1,200. Thus far the bodies of 141 Jews and 218 Christians have been buried. The wounded number over 700. Some semblance of order has been restored, and the workmen are gradually returning to the factories, but the Governor-General has proclaimed a state of siege, and Lieut.-Gen. Suttelworth, commander of the First Cavalry Corps, has assumed command.

Starists, Russia, June 27.—Revolutionists from Tver (Central Russia) are scattering proclamations broadcast among the peasantry, calling on them to rise. The proclamations are apparently signed by Father Gapon, but his name is believed to have been forged.

Rostov-on-Don, Russia, June 27.—The police have discovered that large quantities of arms and ammunition have been purchased here and shipped to the Caucasus.

Bomb Thrown at Police. June 27.—A bomb was thrown into the police station here yesterday. It wounded several policemen and broke all the windows for blocks around the station.

Saratoff, Russia, June 27.—Troops have hurriedly been dispatched to three districts in this Province to suppress agrarian disturbances.

Minsk, Russia, June 27.—The peasant disturbances in this vicinity are spreading.

Mob Attack Police Station. Kovno, Russia, June 27.—A mob of 1,000 persons surrounded and attacked the police station and the Governor's palace yesterday. All the windows were broken before the rioters were dispersed. Five policemen were wounded.

Extermination of Peasants. June 27.—A semi-panic has been created here by the distribution of proclamations by thugs and rowdies, calling on the people to fight against treason, and fears are expressed that the lowest classes of the people are being incited by the police against the educated classes.

Refuse to Fire on Rioters. Lodz, June 27.—A case of disaffection among the troops was reported yesterday, when officers of one regiment informed their commander that they would refuse to fire on defenceless people. The regiment was at once transferred to another place.

USE FORMALDEHYDE.

Brantford Milk Dealers to Come Before the Health Board.

Brantford, June 27.—An investigation into the milk supply of this city has revealed the presence of formaldehyde in that supplied by some of the dealers. Formaldehyde is used principally by undertakers in embalming.

The milkmen, three of whom have confessed, have stated they used the drug to keep the milk from souring. Much indignation has been aroused in the city as a result of the investigation, which will be continued.

Some startling results are expected, when all the milkmen will be summoned before the Health Board to-morrow.

CURZON AND KITCHENER.

Former Said to Have Resigned Vice-Royalty of India.

Simla, India, June 27.—It is freely rumored that Viceroy Lord Curzon has already tendered his resignation, or shortly will do so, in consequence of the decision of the home Government, whereby Lord Kitchener, commander-in-chief of the forces in India, has been given complete control of the army in India.

The Times of India declares that India cannot afford to lose "either of the great men, Lord Curzon or Lord Kitchener, who dominate her affairs."

Manager of the Bell Company Completes Arrangements for New Lines

Says H. S. Clements Deserves Credit for Securing the Service for the Township.

General Manager Hayes, of the Western District of the Bell Telephone Co., is in the city with Local Manager F. D. Lauria to-day arranging for the extension of the telephone lines in Dover township from their Court to Mitchell's Bay, taking in Big Point.

This extension will be of great value to the people of that district and has been badly needed for some years. Manager Hayes went over the route yesterday with Herbert S. Clements, M. P., who has been interested in the project, and arranged for the map of the line.

"The building of this new line is entirely due to the efforts of Mr. Clements," said Manager Hayes this morning. "For some time he has been pressing the claims of the locality upon the company, but we were loath to take up the matter owing to the heavy expense incurred in building the line. Mr. Clements persisted, however, and finally prevailed upon the head office to take up the matter. Together we secured the necessary number of subscribers and the work will be proceeded with immediately."

The new line will be of great value and convenience to the people of Dover, and Mr. Clements is to be congratulated on the successful outcome of his efforts.

FOUL PLAY?

Inquest into the Cause of Death of Peter Clapperton to be Held by Coroner Bray Friday Evening.

It has been decided by Coroner Dr. J. L. Bray to hold an inquest into the cause of the death of the late Peter Clapperton, whose body was found in the river yesterday morning. A jury was empanelled this morning and after viewing the body at Danke's morgue adjourned to meet again next Friday evening.

There are some extraordinary circumstances surrounding the death of the unfortunate man. On Friday afternoon about three o'clock Clapperton walked into Ald. John Edmondson's butcher shop and bought 25 cents worth of meat. He drew out a purse with some bills in it to pay for the meat and Ald. Edmondson saw that he had \$11.25 at least in the purse. At five o'clock Clapperton came back and wanted to buy more meat and Ald. Edmondson saw that he had been drinking so he took him over to the Aberdeen House and ordered a bed for him. Soon afterwards Ald. Edmondson saw him leaving the hotel and that was the last he saw of him. It seems to be a queer circumstance that at three o'clock Clapperton had \$11.25 in a purse in his pocket and when he was found there was no money and no purse on his person. The suspicion is aroused that he may have been robbed, as he did not spend money very fast, and when he got drunk he generally purchased a bottle and went off by himself to drink alone. It is not known whether or not he met with foul play, but the circumstances are such as warrant an inquest.

Jack Brady, engineer at the Kent Mills, who was on his way home from work at twelve o'clock Friday night, saw the deceased on Thames street talking to a lamp post, and asking the way to the Aberdeen Hotel. Mr. Harcourt, another employee of the Kent Mills, found the deceased's hat in the river Saturday morning.

The jury is composed of Walter Richards, foreman, Jas. C. Northwood, Robert Potter, Robert Coyle, Alex. Findlay, John A. Sissons, James L. Weir, Stephen Backus, Geo. Jamieson, Thos. Hough, F. Tschirhart, Henry Dugan and John Carpenter. Mr. Clapperton's funeral took place this morning from the residence of Mrs. Tom Clapperton, to McVicar's burying ground. Rev. Mr. Neill conducted the obsequies.

LEAVING

In view of the departure of Miss Jessie Bilton for the West, where she will in future reside, her conferees in Austin's store gathered last night at the home of Miss Lizzie Riley, Colborne St., to bid her farewell.

During the evening the company were amused by games, and a dainty supper was served. The main item of interest, however, was the presentation to Miss Bilton, by Mr. Kitchener, on behalf of the staff of the store, of a travelling bag. The gift was a very pretty one and in a night measure, attracted Miss Bilton's popularity.

DANISH CADETS DROWN

British Steamer Ancona Rammed Training Schooner.

Death List Numbers Twenty-Two—Only One Body Found by Divers—Fifty-Seven Cadets Were Rescued, But Georg-Stage Sank in One and a Half Minutes—Ancona, Considerably Damaged and Held.

Copenhagen, June 27.—A serious disaster occurred Sunday night here, when the Danish cadet training schooner, Georg-Stage, was rammed and sunk by the British steamer Ancona. The Georg-Stage sank in one and one-half minutes. Twenty-two cadets were drowned and fifty-seven rescued. The boys were all in their bunks at the time of the disaster. The night was overcast, but it was not so dark that objects could not be seen at some distance.

The Ancona was considerably damaged along her water line. The port authorities have placed an embargo on the Ancona, which will remain here until the inquiry into the collision is completed.

The Georg-Stage was a schooner of 308 tons register and was 104 feet long. Apparently she was a training vessel for the mercantile marine, and was owned by a private firm of Copenhagen.

Found After a Week. Chatham, June 27.—The body of Peter Clapperton was found floating in the river here yesterday morning at a spot just across the river from where Earl Mitchell lost his life a week ago. Clapperton was a farm laborer and inclined to liquor. He had been missing for about a week.

Fall in Well. Innisfil, N. W. T., June 27.—On Sunday evening W. J. Cochrane, a few months over three years old, was drowned in an old unused well. It is supposed that the boy was walking on the edge of the well balance and fell in the old well, which was barely three feet deep.

Two Farmers Drown. Lanark, June 27.—John White of Lanark and Isaac Monar of Darling Township, while bathing two miles from Lanark Village Sunday morning, were drowned in about ten feet of water, above Drummond's Rapids, on the River Clyde. It is thought that neither could swim and got into deep water. The bodies when found were only two feet apart.

BUFFETED ON STORMY BILLOWS.

Kingston's City Treasurer and Brother Scare Their Friends.

Kingston, June 27.—There was great anxiety felt for several hours in the city yesterday over the absence of Frank Ireland, the city treasurer, and his brother, Kenneth, traveler for Dalton & Sons. They had been camping near the head of Wolfe Island and left in a skiff at 8 o'clock yesterday morning. The boys were never seen on, and after a time the boat disappeared. In the afternoon the ferry boat and a tug were sent to search for them, and they were found near Snake Island, four miles away. Their boat had become unmanageable, and they had been driven out into the lake, but were able to reach this island.

Excitement in Church. Shelburne, June 27.—Rev. C. W. Watch preached his farewell sermon in the Methodist Church Sunday night. The church was crowded to the doors. Shortly after the service commenced the transformer in front of the church was struck by lightning, which produced a terrible crash and immediate darkness. For a short time a panic was feared, but it was soon learned the church was not struck. A few ladies were assisted from the church in a fainting condition. The pastor proceeded with his address without the use of the electric light.

Causes a Fire. Brampton, June 27.—At midnight Sunday night during a heavy thunderstorm lightning struck the drygoods store of T. H. Shields & Co. It is thought, by the electric light wire. In an instant the contents of the window were in a blaze. The loss will not exceed \$2,000.

Lightning Strikes. Belleville, June 27.—A severe electric storm passed over this section Sunday night. Thomas Callaghan's house was struck by lightning. A new barn belonging to Wm. Robertson in the 7th concession of Sidney was set on fire.

GALT'S MADE-IN-CANADA FAIR.

Gets Off to a Good Start—Business and Pleasure Combined.

Galt, June 27.—There was opened brilliantly last night the Galt "Made-in-Canada" Fair, an exhibition which is to last for the week, and which embraces features testifying to its strictly appropriate designation. There are two large buildings, a skating and a curling rink, each filled with exhibits of all kinds of Canadian manufactures, from the loom products and the rude handwork of the aborigine to the finished articles of the modern workshop, employing the best of skilled labor. From the standpoint of Canadian industrial progress, the fair is a revelation from that of the lover of art and admirer of the ornate and beautiful in decorative display. It is also a wonderful, while from the strictly financial standpoint, the fair is bound to be a splendid success.

The opening last night was marked by a gorgeous triumphal march, representing characters belonging to the history of the country, which 3,000 persons viewed. President David Spiers welcomed the audience. Mayor Mundy gave a short address on behalf of the town. Mr. Patterson, M. P. P., said that the only way to make Canada grow was to encourage her industrial development.

HOME TRAINING BEST.

Even the very best of human institutions are indirect causes of some degree of evil. There are few more beneficent institutions than the Sunday school, few which have in the aggregate caused such an enormous amount of good. And yet even the Sunday school is indirectly a source of some evil. It has done some harm by weakening the sense of parental responsibility and slackening the efforts of parents to keep home influence pure and wholesome for the sake of the children. Too often parents trust so much to the training received at the Sunday school that they are in danger of assuming that home training may safely be dispensed with, or at least relaxed.

One of the speakers at the international Sunday school convention in Toronto referred impressively to this danger. The good influence of the Sunday school, he said, must not be regarded as a substitute for the good influence of the home, but only supplementary to the latter, and he sounded a note of earnest warning against the decline of home influence.

A still more impressive warning came from the judicial bench at Kingston, Ont. A man was sentenced to a long term of imprisonment for attacking a young man with a knife and wounding him, the young man having induced the prisoner's daughter to go with him for a long drive, and kept her out all night. Addressing the man in the dock, the judge told him that his parental carelessness and neglect were the original cause of the trouble. If he had not permitted his daughter to roam the streets at night she would not have got into trouble, and he would not have been tempted to make a murderous assault upon his daughter's companion.

This poor man pays dearly for his lapse from duty. His realization of the truth of the judge's remarks will give additional bitterness to the punishment which he must suffer. But how many hundreds of parents there are right here in Hamilton whose neglect and indifference are no less worthy of condemnation than the neglect and indifference of the Kingston man which the judge so severely condemned!

Neither the Sunday School nor the church, neither young people's religious associations nor social clubs organized for works of benevolence, can take the place of home influence and kindly discipline. This is a truth which cannot be too strongly emphasized in this age of organized social activity.—Hamilton Herald.

FIRST COMMUNION

At 8:30 Sunday morning high mass was celebrated in St. Joseph's church, the occasion being the first communion of about forty young boys and girls. First Mass was sung, the celebration being by Rev. Fr. James, assisted by Rev. Frs. Herman and Hubert. During the service Miss McQueen sang "Ave Verum" in splendid style.

At the afternoon service Harold McDonald sang "Salutaris."

A SUCCESSFUL HORSEMAN

Never allows his horse to suffer pain. He always uses Nerviline, which is noted for curing stiffness, rheumatism, swellings and strains. Nerviline is just as good inside as outside. For cramps, colic, and internal pain it's a perfect marvel. In the good racing stables Nerviline is always used, because it makes better horses and smaller veterinary bills. Twenty-five cents buys a large bottle of Nerviline. Try it.

THE ORONOOCO

A. Behr and Ed. McCoy, two Cleveland young men, arrived in the city Sunday evening in Mr. Behr's houseboat, "The Oronoco." They left Cleveland on a sailing tour last Thursday morning and sailed to Put-in-Bay and Pelee Island, thence to Detroit and Kingsville, and then into Chatham. They will remain in the city for a couple of days and then sail for Munroe Pass, where they will spend the summer. They sailed from Pelee Island to the light house in two hours and forty-five minutes, which is considered excellent time. The Oronoco is a pretty boat and the boys have chosen an ideal way of spending the hot summer months.

WELLINGTON ST. PAVEMENT

Deputations Wait on the City Council and Put Forth Arguments Both Ways

Elder Richards Says Council is Elected to Stand Between People and Promoters—A Busy Meeting.

As Mayor Cowan remarked at the Council meeting last evening, the last year's Council had no exclusive franchise on natural gas. Last night's meeting was a long one and the Council did not adjourn until ten minutes to twelve. When the midnight hour arrived the aldermen were still making speeches and not through the order of business, so they adjourned until to-night to finish up.

Much excitement was caused over the Wellington street pavement question. Deputations were present and the discussion on this matter lasted some time. The Council this year took the initiative on an asphalt block pavement on Wellington street from William to Duke streets. A petition against the pavement was received from 40 out of 60 of the ratepayers on the street, but this petition was declared insufficiently signed after the withdrawals were received, as the necessary valuation was not represented on the petition.

Warren Lambert and Elder Richards addressed the Council in favor of the petition against the pavement, while Dr. J. P. Rutherford spoke in favor of the pavement. Mr. Lambert claimed that the promoters of the pavement used questionable means in order to secure withdrawals from his petition. One man, Chas. Murray, who lives in Michigan, is said to have signed a slip in favor of the pavement on the 10th of June and the slip was filed with the Clerk on the 12th. Mr. Lambert claimed that this signature along with the signatures of Wm. Powell, Detroit, and Matilda Gaskell, of Michigan, had evidently been forged. He also said the people were promised almost anything by the promoters if they would sign withdrawals from his petition against the pavement. They could have any kind of pavement they wanted. Mr. Lambert made certain insinuations against City Clerk W. G. Merritt in connection with the withdrawals but the matter was cleared up later. The actions of the Clerk were proven to be strict and honest. If the Wellington street residents had to have a pavement Mr. Lambert wanted it to extend the whole length of the street.

Elder Richards made a good clear address. He claimed the people were too poor to pay for a pavement and blamed the promoters for taking advantage of the ignorance of some of the people on the street. In order to get their signatures they told them anything and promised everything. He thought the Council was elected to stand between the people and promoters.

Dr. Rutherford was a progressionist. He wanted a pavement and would readily accept any kind of a pavement. He was surprised to hear Warren Lambert make insinuations against the City Clerk for, in his opinion, if there is a straight man in Chatham Mr. Merritt is one.

—Applause.

Here the matter ended and no action has yet been taken by the Council, who are still in a position to go ahead with the asphalt block pavement on that street.

Ald. Bell brought up an important matter. Several tenders had been received by Treasurer Fleming for the sale of the local improvement debentures. The Treasurer opened them and the one from the Ontario Securities Company was chosen and made lower after it had been opened by the Treasurer, which Ald. Bell thought an irregular procedure and was due to a false system.

The Finance committee was empowered to either accept the tender of the Ontario Securities Company, which, as amended, is still the highest tender, or advertise for new tenders.

Ald. Bell moved that in future all tenders on any work be received by the Clerk, who shall not open them unless in the presence of the Council or a committee from the Council. This was carried.

Further developments later showed that the matter arose from a misunderstanding on the part of Ald. Bell and will be cleared up to-night.

There was a full meeting, every member of the Council being present.

Wm. Progg appealed against an assessment for a dog. It was struck off.

The Collegiate Institute Board was granted \$1,000.

A number of Board of Health accounts were passed.

A number of accounts from the City Solicitor were referred to the Finance committee.

Mr. Coyte asked relief from dog tax. Granted.

Several accounts for work done at the cemetery were ordered paid.

Mrs. Deloche asked permission to cut down a tree. Referred to Chief of Police.

Alex. Leitch and J. Colby asked relief from dog tax. Granted.

The latter day saints asked permission to cut and trim trees. Referred to Chief of Police.

A petition was received from M. Bechard and Edw. Payers asking the alleyway back of the Aberdeen Hotel is not blocked. A letter was received at the last meeting of the Council complaining that the alleyway was blocked.

A refund on a sewer permit was made to Watt & Sons.

The committee for the first of August celebration and old boys' reunion (colored) asked permission to

use Tecumseh Park on that day. Granted subject to the approval of Col. Rankin.

Ex-Mayor Rutherford, who was in the audience, was invited to take a seat on the platform.

The Board of Health recommended sewers on certain streets as a sanitary measure. It was decided to go ahead with these works.

The managers of a hospital for consumptives at Gravenhurst again solicited a grant of \$300. Received.

G. W. Grant and L. J. Lunn also asked relief from dog tax. Referred to Finance committee.

Messrs. Houston & Stone wrote the Council complaining of their action in reference to the Murray street bituminous pavement and threatened to issue an injunction if the pavement was not removed.

The Mayor and Clerk have not signed the contract.

Mr. Darr asked permission to sell a lot in the Maple Leaf cemetery. Referred to Parks and Cemetery committee.

Henr. Weaver asked the Council to try to get the electric road past his property on Wellington street.

R. A. Murphy wrote the Council in favor of a pavement on Wellington street. A petition in favor of the pavement was thrown out at the last meeting of the Council.

The Council went into committee to hear the deputation from Wellington street.

Upon resuming John Piggott, Sr., addressed the Council. He was against the construction of a pavement on Raleigh street this year as the railroad is going down the street. He wanted the Council to wait until next year.

Ald. O'Keefe, chairman of the Board of Works, read a report from the City Engineer to improve the street by lowering twelve inches and the Pere Marquette track twelve inches, and several other improvements. Referred to Finance committee to confer with the Pere Marquette people.

Richard Lowe was granted \$12.50 as a refund on a plank walk he erected himself.

Ald. Potter for the Parks and Cemetery committee reported in favor of granting Samuel Vanstone, assistant caretaker of the park, an increase of \$5.00 a month for the months of June, July, August, September and October. Carried.

Ald. Bell brought up the matter from the Board of Health re the Medical Health Officer, Dr. Hall, now getting for this work \$300 a year. This is not sufficient compensation for the work he is doing and he will have to get an increase of \$500. The Board of Health, however, recommended that several duties be added to the department, and Dr. Hall be given a sufficient salary to induce him to relinquish family practice and devote his time fully to the city. The new duties would be personally examining every patient reported as having a contagious disease, inspecting plumbing, inspecting milk, meats, ice and fish, and school inspection, etc.

Dr. Hall and Dr. Charteris addressed the Council.

Moved by Ald. Bell and Austin, that the matter be referred to the Finance committee to prepare a by-law to engage Dr. Hall and define his duties as Medical Health Officer. The salary asked for was \$1,200 per year.

Ald. Westman thought the Council was going too far and he moved

nothing less than 40 years will be entertained by the company.

Ald. Westman—I would be sorry to see the city lose this chance to get a steam heating plant. It would reduce insurance on buildings, as it would lessen the danger of fire caused from defective furnaces. It would also be beneficial in the event of spring floods. I would give a 40-year franchise rather than lose the heating system.

Moved by Ald. Marshall, seconded by Ald. Ainsworth, that the Chatham Steam Heating Company be granted a 40-year franchise for steam heating, providing they enter into a proper agreement with the city.

After a lengthy discussion the motion carried.

Ald. Austin called for the yeas and nays.

Yeas—Ald. Bell, Marshall, Ainsworth, Potter, Westman, Edmondson—6.

Nays—Ald. Austin and King, and Mayor Cowan.

Ald. O'Keefe did not vote.

The Finance committee were authorized to see that proper securities were provided by pavement contractors.

It was decided to draw and sign an agreement between the Chatham Paving Company and the city for a pavement on Raleigh street.

The Council then adjourned until Tuesday night at 8 o'clock.

The following accounts were passed—

IT MUST BE WELL FOUNDED

addStey Growth in Popularity of Dodd's Kidney Pills.

Made by Cures Like That of Simon V. Landry—He Tells About it Himself.

River Bourgeois, Richmond Co., C. B., June 26.—(Special).—Among the many men in this part of Canada whom Dodd's Kidney Pills have relieved of aches and pains and weakness and made strong and able to do a good day's work is Mr. Simon V. Landry. Mr. Landry has numerous friends here who can vouch for the story he tells of his cure.

"I was bothered for over a year," he says, "with lame back, weak legs, palpitation of the heart, general weakness and shortness of breath; in fact I could not work and was a total wreck."

"I could not get anything to help me. I tried Dodd's Kidney Pills. But they did me good and no mistake. I used three boxes and I'm back at work again."

It is the cures they make that make Dodd's Kidney Pills so popular. Their popularity has grown steadily for thirteen years. It must be well founded.

A courtship sometimes reverts to the court.

For Dominion Day excursions Mr. W. E. Rapp will sell return tickets to all points in Canada, also to Detroit and Buffalo, good going June 30th, July 1st, 2nd and 3rd, returning July 4th, at single fare for round trip.

A GOOD TOWN

Herb McPherson, an old Chatham boy, now travelling representative for the Watertown Thermometer Company, has been spending a couple of days with his many Chatham friends.

"Chatham has improved wonderfully since I was here last," remarked Herb, to The Plant. "I have travelled from Chicago east to the Coast, and all over Canada, and I have never visited a town of the same size anywhere that I go to as well as Chatham. Every place I go to is the prettiest place they ever visited to go to Chatham, Canada. The general appearance of the stores is better than anything I have ever seen. The people here do not know what a pretty place they live in."

"I am glad to see an Elks club here. It will fill a long felt want. The electric railway will also help to boom the good old town. I am always glad to come back to Chatham and I always enjoy my visits here."

There's generally a lot of brass in the composition of a "knocker."

The foundation of true joy is in the conscience.

DEATH'S CALL

Mrs. Mary Luton, relict of the late Thos. Luton, passed peacefully away at the residence of her daughter, Mrs. A. M. McIntyre, Dutton, on Saturday, the 24th inst., aged 86 years. The deceased had been ill for some months and a few days ago pneumonia set in. The funeral will take place to-day to Fairview cemetery, Dutton.

Mrs. Luton was an aunt of Dr. Luton, of this city.—St. Thomas Journal.

The deceased lady was the grandmother of Mrs. A. C. Woodward, of this city.

NEEDED A MARKET

It would be advisable, before another market day rolls around, that some protection from the rain and heat should be provided for those selling their wares on the market. At the present time these people have to stand for hours in the heat with their brain-gears sizzling, if the weather happens to be fine. If the day is a rainy one they are unable to attend at all.

Chatham is, essentially, a market town, and those attending its market must have some accommodation given them. Otherwise Chatham and Chathamites must suffer.

The bustling rink is always available. Strips of canvas supported at intervals would afford sufficient protection from the sun if erected along the edge of the present walks on the market—for some little distance at any rate so that the women could take refuge under them. Something is due these people.

PRESENTATION

The departure of J. S. Black from lonely bachelorhood into the rarified atmosphere of married life was fittingly commemorated yesterday afternoon in the offices of the Manson Campbell Co. For the past few years Mr. Black has had charge of the offices of this concern, and during that time it was unavoidably that his genial and engaging personality should earn for him the respect and good will of those with whom his duties associated him. That this good feeling was present was demonstrated yesterday afternoon, when Mr. Black was made the recipient of a tangible manifestation of it in the shape of two beautiful chairs.

Miss Ripley made the presentation and read the address accompanying the gift.

Mr. Black, in his own happy way, spoke his gratitude for the gift, but, more especially, for the good will and appreciation which the gift voiced.

ATTEND CHURCH

Parthenon Lodge, No. 261, A. F. & A. M., accompanied by many members of Wellington Lodge and Wellington Chapter, R. A. M., celebrated the feast of St. John the Baptist by attending divine services at St. Andrew's Church last Sunday evening. There was a large turnout of the members of the royal craft.

Rev. Dr. Battisby preached a most excellent sermon, touching the principles of Masonry, from the text—"The stone which the builders rejected became the head-stone of the corner." The choir also, under the leadership of Miss Ada Ross, rendered splendid music.

Upon returning to the lodge room, hearty votes of thanks were passed to Dr. Battisby and the choir for the excellent service.

THE FAMOUS HUDSON RIVER ROUTE

Passengers on the West Shore and New York Central have the privilege of a trip on the Hudson River steamers between Albany and New York without extra charge. Excursions on August 14th and 24th via West Shore and New York respectively should bear this in mind. "Tis a grand trip. Louis Drago, Canadian Passenger Agent, 69 1-2 Yonge St., Toronto, will tell you all about it.

JOHN LEE WRITES HOME

He is Having an Excellent Time on his Trip Through Scotland

The Letter is a Short One as John is Busy Taking in the Sights and Visiting Historic Points.

The numerous friends of John Lee, Esq., ex-M. P. P. for East Kent, will be pleased to hear that he is receiving his merited pleasures in a vacation from duty, in the Eastern hemisphere among the British Isles. Henry Watson, of Highgate, has received a welcome letter written on the old popular Granston's Waverley Temperance Hotel letter head. The letter, as published in the Highgate Monitor, is full of interesting sketches, such as John can give it. The following is the letter:—

Dear Watson,—According to promise, I write you. I came away to this country to get rid of writing, but I will drop a few lines to you which you can put in the paper if you like.

I may say we had a good trip over, although most of them on the boat were sick, some of them very sick. My friend Thomas Lee and myself never missed a meal, so that Allan Limer got no start of us.

We arrived in Liverpool on Saturday, June 3rd. We drove around a couple of days and saw a great deal of the city, and also Birkenhead.

We then went to London and spent three days, leaving there yesterday. It is a wonderful city; no use trying to describe it. Suffice it to say, I placed myself in the hands of Cook's Agency, so saw more of the city in that time than I possibly could if I undertook it myself.

I saw Westminster Abbey, the Parliament Buildings, old Westminster Hall, the place where Charles I. was sentenced to be executed; I stood on the brass plate where he stood when he got his sentence. There have been very few changes to do with the old tower and went through it. I was in the room where Queen Mary was confined at the time of the reign of Elizabeth; I saw St. Paul's Cathedral, Dome of St. Paul. This is a wonderful place, will not attempt to describe it, also saw and was inside of Old Curiosity Shop, which Charles Dickens wrote about. In short, London is a corker. It is too large for comfort.

We then started north to Nottingham, the home of our own Jack Hardy. This is a nice place of 250,000. I met of there and went to Lincoln and saw some of the great preachers of sheep in that country, a pretty place.

Then we started off for Scotland, and Edinburgh was the first place to stop, and I may say it is as pretty as any place I have been. I'm stopping at the Waverley House, but no liquor is sold. We intended going to Aberdeen on Monday, then coming back and go to Glasgow, and down to London, where I may say it is as pretty as any place I have been. I'm stopping at the Waverley House, but no liquor is sold. We intended going to Aberdeen on Monday, then coming back and go to Glasgow, and down to London, where I may say it is as pretty as any place I have been.

Henry Smith to feel proud of England. I think he should, and every Englishman as well, as I will explain myself when I get home. I have written too much and will close, hoping all in Highgate and surrounding are well.

I remain, yours as ever, JOHN LEE.

Edinburgh, June 11, 1905.

THE ARNOLD PLEDGE

A meeting of the Frederick Arnold Memorial Society was held at Kent Bridge on the evening of the 26th inst.

Although a fair number of the members were present, the meeting would undoubtedly have been more fully represented had it not accidentally been called on the same evening of the very enjoyable social which was held on the lawn of Mr. Hyman Merritt, of Louisville.

Arrangements were made for holding the fifth annual picnic of the Arnold Family in F. Arnold's Grove, at Kent Bridge, on Wednesday, Aug. 16th.

The committees are sparing no pains or expense in their efforts to make this the most enjoyable picnic ever held in this section. They are arranging to secure the best music available.

The ladies of the Methodist Church at Northwood will again have tables on the ground, and be prepared to serve a sumptuous dinner and tea to all who do not desire to bring their baskets.

The F. A. M. S. trophy for football teams and players in the county of Kent will be again competed for this year. Conditions and rules may be had in detail by applying to the secretary.

As the Arnold Family is one of the oldest and largest of the U. E. Loyalist families, having landed in Canada on the 17th day of November, 1787, and as a great many of the members of the younger generations have drifted away from the parental roots into all parts of the continent, a pleasant and enjoyable meeting of relatives and friends is looked forward to on the occasion of the annual picnic.

A cordial invitation is extended to every person.

F. L. ARNOLD, Secretary.

A horse as a potato bug exter-
minator is something novel, yet such a
thing occurred on Pine street last
evening when a runaway started
from G. O. Scott's store, Queen

distance, turned down Pine street
and, breaking through the fence,
trampled down a potato patch. The
only difficulty with this method is
that the plants are destroyed as well
as the bugs.

WHY DOCTORS FAIL

AND MRS. PINKHAM SUCCEEDS

Plain Reasons Are Here Given to Explain
Why Lydia E. Pinkham's Vegetable Com-
pound Cures When Doctors Are Powerless

A woman is sick; some disease peculiar
to her sex is fast developing in her sys-
tem. She goes to her family physician
and tells him a story, but not the whole
story.

She holds something back, loses her
head, becomes agitated, forgets what
she wants to say, and finally conceals
what she ought to have told, and thus
completely mystifies the doctor.

Is it any wonder, therefore, that the
doctors fail to cure the disease? Still
we cannot blame the woman, for it is a
very embarrassing to detail some of the
symptoms of her suffering, even to her
family physician.

It was for this reason that years ago
Mrs. Pinkham, at Lynn, Mass., de-
termined to step in and help her sex.
Having had considerable experience in
treating female ills with her Vegetable
Compound, she encouraged the women
regard to their complaints, and being a
woman, it was easy for her to explain
to her sisters every detail of their
suffering.

In this way she was able to do for
them what the physicians were unable
to do, simply because she had the
proper information to work upon, and
from the little group of women, who
sought her advice years ago a great
army of her fellow-beings are to-day
constantly applying for advice and re-
lief, and the fact that many thou-
sands of them have been cured by
following the advice of Mrs. Pinkham
during the last year is indicative of the
grand results which are produced by
her unequalled experience and training.

No physician in the world has had
such a training, or has such an amount
of information at hand to assist in the
treatment of all kinds of female ills
from the simplest local irritation to
the most complicated womb diseases.

Therefore, is the reason why
Mrs. Pinkham's laboratory at
Lynn, Mass., is able to do more for the
suffering women of Canada than the
family physician. Any woman, there-
fore, is responsible for her own suffer-
ing who will not take the trouble to
write to Mrs. Pinkham for advice.

The testimonials which we are con-
stantly publishing from grateful wom-
en establish beyond a doubt the
power of Lydia E. Pinkham's Vegetable
Compound to conquer female diseases.

Shee Shops In Japan.

Like all other shops in Japan, a shoe
shop opens a broad side to the street.
It seems a misnomer to call it a shoe
shop, and the address accompanying
the gift.

Mr. Black, in his own happy way,
spoke his gratitude for the gift, but
more especially you can only buy
sandals or clogs, things we are not ac-
customed to call shoes. They are foot-
gear anyway.

There is a low platform in front, upon
which the customer sits and drinks tea
while making his or her purchases, the
shopkeeper meanwhile squatting on
his heels and discussing the news of
the day.

The sandals worn by the rickshaw
coolies are called warai. They are
woven of rice straw and are sold for
half a cent a pair. They are made in
the country villages, and the foreigner
watches the weaving with amused in-
terest.

The prehensile big toe of a Japanese
is of great assistance, as it is used for
catching and holding the straw, leav-
ing the hands free to weave.

Many a pretty speech and hand-
some gift are used to hide a wrong-
ful purpose.

Heart and
Sleeplessness.

How many women are troubled with a
weak heart? How many lie, night after
night, trying to sleep, and can't? Per-
haps you are one of them? If so, read
what Mrs. Herkimer says. It may save
you years of suffering if you take her
advice.

"I am now enjoying the best of health,
after having used Milburn's Heart and
Nerve Pills. I was troubled with a weak
heart, and was afraid to draw a long
breath, for the path it would cause me,
I could not sleep at night, and it was im-
possible for me to walk ten yards without
resting myself. I cannot speak too highly
of your Heart and Nerve Pills; they are
the greatest pill I have ever used, and
can recommend them to all sufferers."

The price of Milburn's Heart and Nerve

"Throw up your hands, quick!"

Brad obeyed the command promptly
without looking to see whence it came.
That much he had learned from his life
in the west. But as his eyes found the
beautiful face beyond the firmly held
rifle barrel his hand dropped involun-
tarily to his hat to remove it. As it did
so there came a sharp report and a
stinging sensation in his arm.

"That will convince you I mean what
I say," came sternly from the girl.

"Now up with your hands again, quick!"

The next time I shall not aim to fire
between your arm and head, but to hit

Brad smiled grimly. Evidently the
sudden motion of his arm had caught
the bullet which was merely intended
to graze it, and from the execrating
pain and his inability to raise the arm
from its limp position at his side he
realized that the bone was shattered.

"Throw them up," repeated the girl
impatiently, "or I shall shoot."

"No need for that," drawled Brad,
"for I could have drawn and used my
revolver before this. Just you tell me
what to do, and I'll do it. No use mon-
keying with the 'hands up' business
any more."

He waited stolidly, half expecting
another shot, but it did not come. The
girl was looking at him undecidedly.

"Well," she concluded at length, "I
don't know as it is really necessary for
your hands to remain up. I am not
afraid. In spite of what you say I
could kill you half a dozen times be-
fore you could draw and level a weap-
on. In all fairness, I advise you not to
make the attempt. Now remove your
revolvers carefully, with the muzzles
toward the ground, and drop them be-
side your rifle. There, that is right," as

she saw him do so.

I will not attempt to do so. I
also saw and was inside of the foot-
loose shop, which Charles Dickens
described in short London is a
shame.

Two weeks later he was lounging in
an easy chair on the piazza of a house
half hidden among the trees, his arm in
a sling. The girl was standing near
him. Evidently the two had been talk-
ing.

"It is fortunate for us that you
came," the girl observed. "We never
once thought of the half breed being
the thief. He might have carried off all
our cattle if you had not come and dis-
covered him."

"It is a thousand times more fortu-
nate for me, Leslie, that I came and—
and shall never have to go away
again," Brad returned gravely. "You
can hardly realize what a home will
mean to me." He turned his face
away, conscious that a soft flush was
coming to her. But she did not appear
angry. Presently he felt her hand slip-
ping into his.

A Charm That Failed.

Major P. H. G. Powell-Cotton had
some unique experiences during his
twenty months of travel in little known
districts in Africa. In telling of the
superstition of the natives he says:
"Among the week's washing I had
given my boy a vest, which when the
other things came back was missing.
He made some excuse about mending
it, and I thought no more of the matter
till in the early morning I happened to
catch sight of two of my men bringing
it back from the direction of a wallah
trader's camp. Some time after I had
learned that the trader was regarded
as a great worker of charms. The vest
had been taken to him, and he had
been asked to cast such a spell over it
that when it next touched my skin my
desire I might harbor of going far
afield would melt away. When the
charm was of no effect the explanation
given by my men was that before leav-
ing England I had acquired witchcraft
power enough to render their magic
powerless."

Took It For Granted.

When Lady Davy was advanced in
years there came to Rome a very fool-
ish Russian on whose credulity his
friends used to practice. Among other
things they informed him that there
had till shortly before been in the city
an English lady at whose house her
friends used to assemble. After her
death they found it so inconvenient to
lose their point of meeting that they
had her embalmed and placed every-
evening on her accustomed ottoman.
As he became very anxious to assist at
one of these strange reunions, some one
agreed to take him there. When he ar-
rived, there, sure enough, sat the shriv-
eled old lady. He circumnavigated the
ottoman several times, finding all that
he had been told was too true, then
threw up his arms and with the cry,
"It is too horrible!" rushed from the
room.—Sir Grant Duff's "Notes From a
Diary."

hands that the right one has been in its
pocket most of the time?"

"What do you mean?" sharply. "That
you have a revolver there?"

"Sometimes I meet up with cases like
this when I do not have time to draw
in the regular way," said Brad reflect-
ively. "Then it is convenient to have a
weapon lying loose in the pocket. I
have ruined a lot of clothes practicing
that way."

"Have you a revolver lying there
now?"

"Yes, and had you been a desperado
I might have used it. Here it is." And
he half turned, tossing the revolver at
her feet. Involuntarily the muzzle of
her rifle lowered.

"Why did you not shoot me if you
could?" she demanded.

"Shoot a girl like you? Oh, Lord!"

They walked on for several rods
then he called again over his shoulder
"Would you mind repeating that re-
mark about previous successes?"

"Why, you have been coming to the
mouth of the valley and removing
skins from the bears we caught in our
traps. This would have made six, and
as soon as I found the grizzly we
caught I went up there to watch." The
girl tried to speak sternly, but Brad
fancied he could detect doubt in her
voice.

"The grizzlies caught our cattle," the
girl added after a few moments, "and
they all seemed to enter the valley
through the gully. That's why we set
traps there."

"And are there no men here for such
work?"

She hesitated, but only for a moment.
Apparently the voluntary surrender of
the third revolver had disturbed her
self confidence.

"My father was thrown from his
horse last week and had his leg broken,"
she answered, "and the only man
besides him is a half breed we hire. He
is just elsewhere today."

"You are taking me to your father?"

"Yes, that was my intention, but I
don't feel quite as sure now. If you
will tell me you had nothing whatever
to do with the bears I-I suppose you
could go back. I would not like to
make a mistake."

"It is impossible for me to go back
now," said Brad decidedly. "You see, I
am under suspicion and could not
think of going until thoroughly cleared.
It would leave a taint upon my charac-
ter."

But she had been watching
him for some minutes intently, an odd
look of consternation coming to her
face. That arm, with its hand resting
loosely in the pocket, hung strangely
limp and lifeless. Suddenly she whirled
to him.

"Did I—did I?" she began. Then:
"Yes, I know I did. You need not say.
You would turn it off with some foot-
loose arm, is shattered."

Forks Are of Recent Date.

Knives and forks are a luxury of
comparatively recent date. Some 300
years ago each man had his own knife
and at dinner seized the joint and cut
from it such portion as he wished and
passed it on to his neighbor, who did
the same. The knife then cut the meat
into smaller bits, which were put into
the mouth with the unoccupied hand.

None of the Sovereigns of England
had forks till the reign of Henry VII.
All high and low, used their fingers.
Hence in the Royal households there
was a dignitary called the ewer, who
with a set of subordinates, attended
at the meals with basins, water and
towels. The survival of every was evi-
dent after forks had come into fashion.
When James I. entertained the Span-
ish Ambassador at a dinner "their
Majesties washed their hands with wa-
ter from the same ewer, the towels be-
ing presented to the King by the Lord
Treasurer and to the Queen by the Lord
High Admiral." The Prince of Wales
had a ewer to himself, which was af-
terwards used by the Ambassador.

The first Royal personage in England
who was known to have a fork was
Queen Elizabeth, but it is doubtful
whether she ever used it. Forks came
so slowly into use that they were em-
ployed only by the higher classes at
the middle of the seventeenth century.
About the period of the Revolution,
a few English noblemen had more
than a dozen forks of silver, along with
a few of iron and steel. At length the
steel fork came in for general use and
was manufactured in Sheffield. At
first they had two prongs, but after-
ward another prong was added.

Too Much Meat.

Physicians insist that after reaching
the age of forty the majority of men
and women eat much more meat than
is good for them. This is hard upon
those who are accustomed to eating
too much of that staple article of diet
and are fond of it, but it is said that
a little self denial will prove that the
effort is worth a trial. Do not stop it
all at once—that would be bad for the
general health—but gradually reduce
the amount, taking care to substitute
in its place a good menu, which will
produce the necessary amount of sus-
tenance.

When Tea Was Medicine.

Before tea became cheap enough to
be considered a drink it was largely
used as a medicine. A familiar adver-
tisement in the London Tatler used to
proclaim a "famous chymical quintes-
sence of Bohea tea and cocoanuts to-
gether, wherein the volatile salt, oil
and spirit of both" formed "the high-
est restorative that either food or phy-
sics affords."

Wouldn't Hurt His Clothes.

An artist gave his latest painting to
a porter to carry to an exhibition.
"Be careful, be careful," said he;
"the picture is scarcely dry."
"Oh, never mind," exclaimed the por-
ter; "it's of no consequence—my clothes
are old!"

FRUIT THIEVES

Thomas M. French, one of Chatham's most enthusiastic and successful fruit growers, has been having considerable annoyance to contend with lately through a number of boys—some of them big enough to be called young men—stealing his fruit. Mr. French has come to the conclusion that he has been troubled long enough, so he laid information against four of them with the police this morning, and the boys will have to answer for their conduct before Judge Houston.

Mr. French reports that he was annoyed all last year by boys stealing his fruit and they have started it again this year. The boys not only steal fruit but they destroy more by tramping shrubbery, etc., under their feet, so that Mr. French's loss is quite large.

Summer Suits

A Serge or Worsted Suit

It's always a favorite—wear it any time or any where it's always right.

Look out for poor serge suits. There's lots of them. A poor serge or worsted suit is an abomination. The serge or worsted must be right and the tailoring must be right.

Take no risk. Come here for your Summer Suit and you will be in safe hands.

WORLD OF SPORT

LAUROUSSE

On Saturday the all-star Toronto LaRousse Club beat the Brantford team in a senior C. L. A. game at Rosedale by the close score of 6-5. The game was very rough and badly and the score might have been different had not Taylor, of Brantford, been ruled out early in the play for the rest of the game. Francis, of last year's Chatham team, plays on the Toronto defence.

On the same day St. Catharines home-brewed team gave the Tecumseh, of Toronto, a terrible wallop, the score being 11-2.

C. L. A. RECORD.

	Won.	Lost.	P. C.
St. Catharines	4	1	.800
Tecumseh	3	1	.750
Toronto	3	1	.750
Chippewas	0	3	.000
Brantford	0	4	.000

Games this week:—Wednesday, Chippewas at Toronto; Saturday, Toronto at Tecumseh.

The Shamrocks and Chippewas play on the Park to-night. As both of these teams are unbeaten a good game may be expected.

The Tecumseh held a splendid workout on the Park last evening. The men all realize that to beat the Saints on July 3rd they will have to be in first class shape. Profiting by their experience gained from the Brantford game the boys are practicing thoroughly, especially passing.

Canadians At Biele.

London, June 27.—(C.A.P.)—The Canadian Biele team had its first practice yesterday.

EXPLANATION

I want it thoroughly understood that Peter Clapperton, who was found drowned in the river Monday morning, received no liquor of any kind at the Courtney House. Mr. Clapperton came into the hotel at about 10:30 Friday night, quite full, and was refused liquor, as several responsible persons were in whom he was refused, and saw him leave, and the last seen of him he was going towards Fifth St. bridge, Friday night. I was in when he came and saw him leave.

NOT A CHINAMAN

Mr. McKerracher, a local egg buyer, had rather an unpleasant experience in Detroit the other day. According to the American law a tax of \$2 has to be paid by all foreigners going into America and when Mr. McKerracher went down on the City of Chatham and tried to land for a few hours in Detroit he was somewhat surprised to find a uniformed officer approaching him demanding the \$2 tax and refusing to allow him to land until he had paid it.

It was only a few minutes before Mr. McKerracher was identified as a Kent citizen by one of the officers of the boat and the American, having become satisfied that he was not a foreigner, allowed him to land. Mr. McKerracher says it is not the most complimentary thing that could happen to be taken for a Chinaman or a Dago.

The same thing happened to a man who works on the tug "Vic." He was also put to some inconvenience to establish his identity as a Canadian before the American officials would allow him to land.
