Ladies' and Children's Cloaks

THE best showing of Ladies' and Children's Jackets and Cloaks ever made in Chatham is now here in this store. We can say that without exception we have never shown such a variety of excellent styles and such unequalled values. We invite your inspection of our new cloak department at rear end of store on ground floor.

Girls' Long Coats, made of good heavy Tweeds in green and brown effects, velvet collar, trimmed with velvet, trimmed with buttons, sizes for girls from 7 to 14 years, special at. \$8.00

Ladies' Jackets, 45 in. long, body lined, made of excellent quality Tweed, in shades of grey, green and brown, black velvet collar, strapping trimmed with black velvet buttons, very extra value at. \$10.00

Ladies' Tweed Jackets, 45 in. long, body lined, velvet collar, cloth cuffs, made of good heavy Tweeds in the swell new checks and plaids, very special at. \$15.00

Ladies' Black Jackets, made of special quality all wool black Kersey cloth, new bias seam rifle back, with self strapping, lined throughout with fine twill satana, 45 in. long, very special value at. \$15.00

Ladies' Black Jacket, 45 in. long, made of very best quality black Kersey, elegantly lined with twill satin, trimmed with fancy self strappings and stitching, fancy black applique collar, extra value at. \$25.00

Ladies' Tweed Coats, body lined, made of good heavy Tweed, 45 in. long, fancy pockets and self strapping, good medium shades, very special value at. \$35.00

Thos. Stone & Son,

Carpets and Wall Papers.

WESTMAN BROS.

Have Ranges to Burn Coal or Wood from \$15.00 to \$60.00....

See our Coal Heaters from \$4.00 to \$50. The very best value in Canada.

WESTMAN BROS.

BIG HARDWARE

OUR TAILORING!

WILL MAKE A CUSTOMER OF YOU FOR US

By ordering your FALL SUIT or OVERCOAT of The T. H. TAYLOR CO., LIMITED.

We are satisfied by giving you a perfect fit and at a reasonable price we will make a steady customer of you.

LET US MAKE YOUR FALL SUIT OR OVERCOAT.....

We will convince you we have the most Up-to-Date Tailoring Business in the West.

OUR FALL PATTERNS are the best that could be procured in the markets.

The T. H. Taylor Co., Limited

GAS FRANCHISE IS GRANTED

Symms And Company Receive Contract For Supplying The City

THE VARIOUS TENDERS

The City Council held a special meeting to consider the natural gas franchises last night, and after a short discussion accepted the tender of Messrs. Symms & Co. The question of granting this company a five years exclusive franchise also came up, but it was decided to leave this matter in abeyance till the next regular meeting of the Council.

The City Engineer's report on the various wells visited by the Council on Tuesday was read by Ald. Scullard, a synopsis of which is as follows:

The gas well situated on the Burgess farm, on lot 14, south side of the Middle Road, Tilbury, was visited, and a reading of the gauge was taken, which showed 2 1/2 inches of water as the static head. Two and one-half inches of water is equivalent to one-eleventh of a pound to the square inch.

The report on the Halliday gas well in the Township of Raleigh on the east side of the townline showed that a pressure of 640 pounds to the square inch was here observed. After it had been flowing for some time, the pressure fell to a point where it remained stationary, and a test was again made at the orifice of the pipe, showing a pressure of 15 pounds to the square inch. The highest observed was 17 pounds to the square inch. It was found to be very difficult to hold the gauge steady enough to get exact results, owing to the great velocity with which the gas flowed through. Several separate readings were taken at this well under the above conditions, and the average pressure was as above stated. After this test two pipes connected with the well were opened simultaneously. The valves controlling these pipes were opened and left so for fifteen minutes till the pressure had dropped to 100 pounds, and remained at this as long as the valves were left open. The valves were then closed, and the pressure rose to 600 pounds in about 70 seconds. The test was then concluded.

The following is Mr. Jones' comparison of the amounts of gas discharged from the Halliday and Burgess wells. One pound pressure per square inch equals 26.67 cubic inches of water.

The pressure of the Burgess well equalled 2.5 inches, or one-eleventh of a pound per square inch. The pressure in the Halliday well was 15 pounds to the square inch. The pressure in the Halliday well was 165 times greater than the pressure in the Burgess well. The Halliday well flows a little over eight times the quantity of gas delivered by the Burgess well.

The Burgess well discharged 757, 440 cubic feet of gas in 24 hours. The Halliday well discharged 1,226, 175 cubic feet of gas in the same number of hours.

The above quantities are only approximate, but were considered sufficiently correct for practical purposes.

It was estimated that there are about 2,000 families living in the city, and if 2,000 feet of gas were allowed to each family per month, this would equal about 65 cubic feet per day for each family. The 2,000 families would use about 730,000 cubic feet daily. For heating, about ten times the above amount would be used, equaling 7,300,000 cubic feet, and this added to the amount used for cooking purposes would amount to 1,350,000 cubic feet. Suppose we double the above amounts it will give 2,860,000 cubic feet of gas used daily for house purposes.

Engineer Jones concluded his report by stating that it would be seen from the above that the supplies from the wells will be ample for all private use.

The following is a table of the prices asked in the tenders by the various companies applying for a franchise, the first figures setting forth the price of gas for house use and the second the price to manufacturers:

Maple City Oil and Gas Co. 25c less 20 per cent. and 15c.
Roth Barnard Co. 28c less 3c and 12c.

Parker 25c less 10 per cent.
Scott & Smith 25c and 28c if not paid, and 20c.

Jefferson Gas Co. 27c and 15c.
Symms & Co. for house purposes: 20c first five years, 25c second five years, and 30c the third five years.

For manufacturers: 10c the first five years, 12 1/2c the second five years, and 15c for the third five years. This company offered gas for corporation purposes at 5c per cubic foot, and for waterworks and electric light works at 10c, while they made the offer that if the Council gave them an exclusive franchise for a term of five years, they will agree to supply 10,000,000 feet of gas to the first five factories located in the city, and employing 40 men.

After the opening of the tenders, and the reading of Engineer Jones' report, Ald. Austin, Stone and Scullard made a few remarks on the question before them, and it was moved by Ald. Austin, seconded by Scullard, that having given the var-

MR. CLEMENTS INTERESTED IN THE SAN JOSE SCALE

He and Mr. Bowyer of East Kent Take the Matter up Personally With the Minister of Agriculture and Relief Is Promised for the Farmers of Kent County

The question of how to exterminate the San Jose Scale is becoming one of the most serious problems which the farmers of this county have to face. An inspection of the orchards in Kent show that the scale is fast spreading, and there are very few trees in any orchard that are not effected by the ravages of this dangerous pest.

A few years ago a great amount of damage was done to some of the orchards in South Warwick, by the Government, by cutting down a number of the trees, the Minister of Agriculture at that time thinking that this was the only way to deal with the scale. They were stopped, however, by the farmers themselves, who banded together and forbade the Government officials entering their lands. Most of the farmers then commenced to look after their orchards, and did considerable spraying, and the result is that there are many fine orchards in that section of the country, bearing good fruit, whereas if the farmers had allowed the Government to have its way, there would be no orchards at all. It is found, however, that there are some farmers who do not take care of their orchards, through various reasons, some of them not having the time to do it properly. As a result, while the scale has been exterminated in some sections, it is still spreading, and becoming a serious menace to the many fine orchards of Kent.

It is not only the case of the scale on fruit trees, but it is also found on forest trees, such as walnut, hickory, maple, etc.

Realizing the importance of this matter to the farmers, Mr. Bowyer, M. P. F., and H. S. Clements, M. P., took advantage of the recent visit of the Minister of Agriculture to this district, to bring the question before him, and the result was that the Minister was interested in the subject, and promised to act immediately in any way deemed advisable, to assist the farmers in the fight with this pest. Mr. Monteith was in Ridgetown a couple of days ago, opening the Ridgetown Fair. He returned to Toronto via Chatham, and while he was in this city he was met by Mr. Clements, who assisted him in opening the Fair. Mr. Clements and Mr. Bowyer took every opportunity to place this matter before the Minister as forcibly as he could, and it is thought that their efforts were not in vain.

Mr. Monteith explains that the Government is ready and willing to co-operate with the farmers, and the Fruit Growers' Association, wherever they are organized, and to assist them in every possible way to get rid of this nuisance. The Government is interested in the matter and it is the opinion of the Minister that the disease can be wiped out, and the orchards can be saved, wherever the individual farmers will take the trouble to look after their orchards, the same as they would to anything else. The Government has a number of steam sprayers, and he informed Messrs. Clements and Bowyer that he would be pleased to send one of them to this district, with an expert in charge, if the farmers wish it. This expert will have all the necessary formulas for spraying, and the drugs can be purchased at wholesale prices, and given to the farmers at cost price. The cost to the farmers of the Niagara districts for spraying the whole section was about five cents a tree. Mr. Monteith was of the opinion that the sulphur mixture was the most effective.

A meeting of the Fruit Growers' Association will be called, and any farmer who is interested is invited to this meeting.

The following despatch from Toronto refers to the San Jose Scale, which is so prevalent in this country.

Toronto, Oct. 11.—Mr. J. Fred. Smith, of Glanville, Westworch County, inspector of the San Jose scale for Ontario, was at the Parliament Buildings yesterday, talking over the season's work with the officials of the department. He says that the scale is worse this year than ever before, particularly in the districts of the Niagara peninsula and Essex and Kent Counties, where it has always prevailed since its arrival in Ontario. A short time ago an entirely new section was found to be infected in Middleton Township, Norfolk County. Last winter having been comparatively mild and the summer long helped the scale to spread. There is great apathy in some districts in regard to fighting the scale, and the farmers do not seem to take any interest in the work. In other places the farmers are fighting it vigorously all the time. Mr. Smith noticed yesterday at a Toronto wharf and in the market fruit arrived for sale, which had the scales thick on them.

to this meeting. The opinions of the people at this meeting will be forwarded to the Government, who will then be prepared to go ahead and act, in assisting to wipe out this disease.

Mr. Clements, in speaking on this matter to a Planet representative, said that it was his opinion that it was absolutely folly to destroy the trees affected by the scale. A wholesale slaughter of trees would be none about the the wholesale slaughter of hogs made some time ago by the Dominion officials. Any person who expresses the opinion that the trees should be destroyed certainly has not given the subject much thoughtful consideration.

"It is my opinion," said he, "as well as that of many farmers and fruit growers, who are in a position to know, that this would mean the cutting down of nearly every tree in this western district, and this would be a disastrous thing. It seems to me that all the farmers will have to combine themselves together, and fight the disease through spraying. There may be some cases where the trees are so badly affected that they will have to be cut down. These will be very few, and under no consideration should a tree be cut down except where it is absolutely necessary, and in the interests of the farming community. It seems to me that any farmer who neglects to give the necessary attention to his orchard, and does not take advantage of the assistance offered by the Government, must lose the use of his orchard, and he cannot expect compensation from the Government for the cutting down of such a tree."

"It is proven that many trees were unnecessarily cut down in South Warwick by the past Government, and it is a surprise to find men coming out at this enlightened day and saying that the only way to exterminate the scale is to cut down all the trees. Such a course would be disastrous."

The President of the Fruit Growers' Association was called upon while Mr. Monteith was here, and a meeting was arranged for the near future, when Mr. Bowyer, of East Kent, will be asked to be present, and the suggestions received at this meeting will be forwarded to the Government, who are alive to the question in the interests of the province and the farmers.

There is great apathy in some districts in regard to fighting the scale, and the farmers do not seem to take any interest in the work. In other places the farmers are fighting it vigorously all the time. Mr. Smith noticed yesterday at a Toronto wharf and in the market fruit arrived for sale, which had the scales thick on them.

The following despatch from Toronto refers to the San Jose Scale, which is so prevalent in this country.

Toronto, Oct. 11.—Mr. J. Fred. Smith, of Glanville, Westworch County, inspector of the San Jose scale for Ontario, was at the Parliament Buildings yesterday, talking over the season's work with the officials of the department. He says that the scale is worse this year than ever before, particularly in the districts of the Niagara peninsula and Essex and Kent Counties, where it has always prevailed since its arrival in Ontario. A short time ago an entirely new section was found to be infected in Middleton Township, Norfolk County. Last winter having been comparatively mild and the summer long helped the scale to spread. There is great apathy in some districts in regard to fighting the scale, and the farmers do not seem to take any interest in the work. In other places the farmers are fighting it vigorously all the time. Mr. Smith noticed yesterday at a Toronto wharf and in the market fruit arrived for sale, which had the scales thick on them.

MUCH SYMPATHY FOR RELATIVES

Geo. Williamson Of This City Meets With A Sudden Death

WORN OUT BY ILLNESS

Many will be grieved to hear of the death of George Williamson, which took place yesterday afternoon at the residence of his brother, Victoria avenue. The deceased has long been a resident of Chatham and the immediate neighborhood, and was a member of one of our most respected families. About a year ago he suffered a severe paralytic stroke, and has had a couple of others of lesser severity at different times since, the last one coming about two weeks ago.

His mind has appeared to be effected at times by his severe affliction, but he was generally cheerful and tried to bear it patiently. His sudden taking off was a great shock to his many friends, who have the deep sympathy of the entire community.

The funeral, which was private, took place from his late residence today, and was conducted by the Rev. J. W. Hodgins, rector of Holy Trinity church, of which deceased was an esteemed member. Deceased leaves behind, besides a brother, Charles, two sisters, who live with their brother. The unfortunate man was 67 years of age, and his good habits were remarked upon. He was found in his brother's barn, suspended from a beam, a strap halter being used in committing the deed. The coroner deemed an inquest unnecessary, as no man who was not temporarily insane would have made the preparations which were everywhere in evidence. He left the house yesterday morning at nine o'clock, and went to the barn. He was found yesterday afternoon at two o'clock. The saddest part of the circumstances was that the deceased man was to have been married to-day at noon. The day before his death, he spoke of his wedding, and seemed to be in the best of spirits, and looking forward to the event.

The following despatch from Toronto refers to the San Jose Scale, which is so prevalent in this country.

THURSDAY, OCTOBER 11, 1906.

A FEW STRAIGHT FACTS.

R. L. Borden, leader of the Opposition, speaking at Pembroke on Friday evening, gave the following summary of the record of the Laurier Administration:

"In Opposition the present Liberal leaders declared that Canada's taxation and expenditure were excessive, but since attaining power they have practically doubled both. They railed against the iniquities of the customs tariff, proclaiming emphatically that the protective principle was absolutely un sound and harmful. In power they have maintained that principle, although, when expedient, they still pose as free traders. They inveighed against corruption and extravagance in the expenditure of public money, but in power they have openly and defiantly encouraged the system of illegitimate profit, commonly called 'kick-off,' which prevails in many public departments. They inveighed against any increase of the public debt, and now with abounding revenues they have largely added to it, spending huge sums without regard to public interest, for the benefit of favored partisans. They pledged themselves to maintain the independence of Parliament, yet whenever necessary they retain the votes of wavering followers by direct and even written promises of office. They declared that all public lands should be for the actual settler and then enrich their grasping partisans by transferring to them huge blocks of the public domain. They pledged themselves to secure uniform and non-partisan voting lists and then disfranchised nine thousand Conservative voters in Manitoba by the thin red line outrage. They pledged themselves to prohibition upon a Dominion plebiscite and when confronted with a larger majority in its favor than any Government ever received, they found evasion in a condition until then unheard of. They pledged themselves to abolish or amend the Senate and now that a Liberal majority in that chamber has been secured they regard it as sufficiently amended. They proclaimed high standards for appointments to public office and they have violated all decency when it was necessary to reward unscrupulous party servants. They promised purity in elections and they have organized, maintained and protected the machine which has continued to perpetrate the grossest and most outrageous election frauds ever known in any country."

The question with the majority of the people in London who voted for Hyman in the last election, is not "Where did the money come from?" but "When will it come again?"

There are no doubt many people in London who are hoping that Hon. Charles Hyman will resign, providing that he runs again, and the election is held before the winter sets in. Another ten-spot would come in handy just now, to lay in a supply of coal.

Hon. Mr. Aylesworth took part in the North Renfrew by-election, and it is reported that he urged the people not to vote for Gerald White, because he (White) "would not be able to get anything." The returns show that Mr. White did get something, which Mr. Aylesworth will have to struggle hard for—the approval of the electors.

Another Conservative victory is recorded in North Renfrew. Mr. Gerald White, the winning candidate, seems to be a worthy son of his worthy father, Hon. Peter White, who so ably represented that constituency for so many years. Each of the defeated Liberal candidates has taken affidavit that the other man is a rascal. It is a surprise that both of them did not come to this conclusion long ago, for, otherwise, how in the world could they have received Liberal nominations for the Dominion House?

No one can fail to understand the victories in East Elgin and North Renfrew. They mean that the Laurier Government has reached the point at which the Ross Government stood when Mr. Dunlop scored his notable triumph in Renfrew, and Donald Sutherland carried South Oxford. They are the handwriting on the wall. Usually a Government in Canada carries all before it. It has the prestige and the influence which make for victory. When a Ministry is not only unable to win a by-election, but is in such a helpless plight that a majority of a thousand is rolled up against its nominee in a constituency it once held, it is time for everybody to prepare for a new set of rulers.—Mail and Empire.

The Most Important Household Item

Armour's Solid Extract of Beef

(POTTED IN CANADA)
not only supplies color and flavor to soups, sauces and gravies—but a quarter teaspoonful in a cup of hot water makes a bracing cup to the invalid or convalescent.

Armour's Extract of Beef is more economical than others because it goes four times as far. Write for free Booklet "Culinary Winkles" which tells how to use Armour's Solid Beef Extract.

A. F. GARDINER—Branch Manager.

The result in East Elgin is not cause for surprise. Before the Government can hope to capture many seats in Ontario now held by Conservatives three things are necessary: (1) A return to the tariff policy of '96; (2) A sweeping reduction in the national expenditure; and (3) The taking of such measures as will put an end to scandals similar to those which were ventilated during the past session.—Toronto Sun.

It is said in London that Liberals can see no reason why Mr. Hyman should resign. They say he was not connected with the bribery, and was in no sense responsible for it. But he holds his seat as a result of the bribery. In other words, a seat in the Commons was stolen for him, and he received it. Even granting that he was not aware of the thievery at the time, it must be admitted that he knows of it now. He and his friends said once that Sir John Carling was the member for Judge Elliot because a remarkable decision by that Judge gave to the Conservative Minister of Agriculture a seat to which he was not in fact entitled. It would be extraordinary if Mr. Hyman, in view of the circumstances, should insist on holding his place in the Commons, and thus sit as the member for Tom Lewis and Jerry Collins.—Toronto News.

JUST A LITTLE BIT OFF THE TOP

Dr. Forbes Winslow, of London, Eng., says that there will soon be more lunatics in the world than sane people. When the doctor has a minute to spare he ought to make use of the opportunity and clean out his pipe.

Chatham has now got a steam heating plant and will soon have natural gas. Now if someone would step forward and tell us how to grow oranges and bananas in our back yards, we'd turn this place into a second Garden of Eden.

A man who was caught spanking another man's wife the other night, jumped in the creek and thus escaped the angry husband. Moral: husbands who want to be sure of catching the other fellow should learn to swim.

Andrew Carnegie is asking for suggestions as to how to spend the balance of his wealth. If Andrew is really in earnest, we would be willing to suggest Off The Top for a few days, and give him a few practical demonstrations.

USEFUL IN HIS WAY.

The Teacher—Somehow or other I cannot succeed in teaching your son any grammar at all.
The Parent—That's all right. I guess he will write popular songs when he grows up.

Humor and Philosophy

By DUNCAN M. SMITH

PERT PARAGRAPHS.

There are people who are very smart, but don't know how to prove it.

The wild waves are saying that they hear a lot of fool things about this time of the year.

Some people see only beauty in a nice green lawn, and others see only grass to be cut.

Any pretty girl is guaranteed to be able to supply help to a bashful young man.

Although riches have wings they don't seem to be very good on the perch.

Teaching a woman to be quiet is a lifelong task for a man.

Only lawyers for the defense hate to see people get their just deserts.

Dentists do not consider toothache painful—to the dentist.

When trouble is headed in your direction diplomacy is the better part of courage.

It is easy to deceive lots of people, but it takes a genius to keep them deceived.

In vacation the small boys constitute a local disturbance committee that it is hard to do business with.

A Protest.

Don't come to me with social fads And manners light and breezy. I do not care for lure or snare, And I'm not very easy. But to my favor there's a way, And this is how you find it— Give me a hand with firm clasp, and I'll like the man behind it.

Some people like the queer salute And seem impelled to share it; A freaky shake gives me a quake; I simply cannot bear it. From recognition I cut out That thing where'er I find it. Give me a hand with firm clasp, and I'll like the man behind it.

Four fingers limp and slightly crooked And thrust into your digits Are quite enough to call your bluff And start a fit of fidgets. And if your heel were on his neck Most gladly would you grind it. Give me a hand with firm clasp, and I'll like the man behind it.

A wiggy waggy hand outstretched In so called friendly greeting Is cordial and in fact fits. For two dog catchers' meeting. So I repeat with emphasis, And with my fist I bind it. Give me a hand with firm clasp, and I'll like the man behind it.

Good Idea.

"What you going to do with that muck rake?"
"Looking for filthy lucre."

Artful Dodger.

Insanity experts have no occasion to point the finger of scorn at the lawyers who take one side of a case or the other for pay and make no pretensions of believing any other way than the way they are being paid all the money a man has to believe.

The experts, on the other hand, are supposed to be impartial scientists who are ready to go on the witness stand and tell the truth regardless of whom it hits. It is needless to say that they don't do anything of the sort, and the way in which they make science the handmaiden of the almighty dollar is really something of a public scandal. It makes no difference on which side he is hired, he makes the same line of big words prove either that the man is sane or insane, according to the way it shall swell his bank account, to say nothing of dimming his reputation.

The Season For It.

There's a song that I detest, One that never gives me rest; Night and morning through my head the cadence rings, And my sleep it murders there With its humming in the air— It's the gory song the blamed mosquito sings.

Excuse For Ignorance.

"What is the difference between how and gee?"
"Guess you never drove oxen."
"No, and I never held a job as a mule."

Opposite.

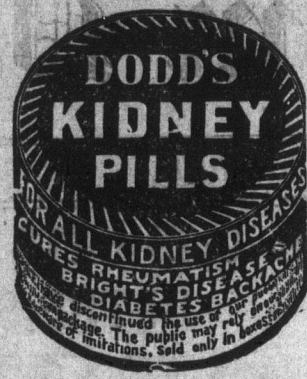

He—Some women are awfully hard to please.
She—And some men are too awfully soft to please me.

Not a Fly Cop.

"Well, I declare! Brown is pinched by poverty at last."
"Poverty! What beast does he travel?"

Bright Thing to Do.

"Would Columbus know what to do with a modern boat?"
"Sure. Sell it to the trust."

Asking For an Invitation.

If you have been asked to a wedding and an unexpected guest arrives a day or two before it is perfectly good taste to call on the family of the bride and ask for permission to bring her along. But it would be the worst taste in the world to allow your friend to send a gift. The sending of a gift is the token of friendship and should be confined to friends.

Tincture of Benzoin.

You can make your own tincture of benzoin if you wish, but it is much easier to purchase it of your druggist. Take one part of pulverized benzoin and cover it with five parts of 88 degrees alcohol. Allow the mixture to stand for eight days, stirring occasionally, then filtering carefully.

The Skirt Band.

When a skirt band keeps wearing out and much strain is put on the band a piece of leather cut from an old glove should be stitched down the back of the placket and to the inside of the waistband. This will keep it firm and make a good foundation for sewing on hooks and eyes.

TO CURE A COLD IN ONE DAY, Take LAXATIVE BROMO-QUININE TABLETS. All druggists refund the money if it fails to cure. E. W. Grove's signature on each box. 25c.

THE PEOPLE OF PARIS.

Their First Movements in Revolutions Are Usually Generous.

I know the men of the people in Paris too well not to know that their first movements in times of revolution are usually generous and that they are best pleased to spend the days immediately following their triumph in boasting of their victory, laying down the law and playing at being great men. During that time it generally happens that some government or other is set up, the police return to their posts and the judge to his bench, and when at last our great men consent to step down to the better known and more vulgar ground of petty and malicious human passions they are no longer able to do so and are reduced to live simply like honest men. Besides, we have spent so many years in insurrections that there has arisen among us a kind of morality peculiar to times of disorder and a special code for days of rebellion. According to these exceptional laws, murder is tolerated and havoc permitted, but theft is strenuously forbidden, although this, whatever one may say, does not prevent a good deal of robbery from occurring upon those days for the simple reason that society in a state of rebellion cannot be different from that at any other time, and it will always contain a number of rascals who as far as they are concerned scorn the morality of the main body and despise its point of honor when they are unobserved.—Recollections of De Trocnevill.

The simple heart that freely asks in love attains.

Rather than say nothing men are content to speak ill of themselves.

NO "HAND-ME-DOWNS" AFTER THE FIRST WASHING

"The dealer said it wouldn't shrink and just look at it now. Well, I guess Johnny can wear it."

That is what happens with common underwear.

Ceetee UNSHRINKABLE UNDERWEAR

is absolutely guaranteed not to shrink, get out of shape or become hard in washing. Perspiration will not shrink it. It will retain all its good qualities until worn out.

White Wool Flannels—Fine imported grades, fine pure finish, matchless values at a yard, 25c., 30c., 3½c., 40c. and 50c.

The Northway Co., L'td.

An Invalid's Alphabet.

We all know the misery of being kept in bed for a long or short period and how heavily time hangs. We exhaust books, papers—in fact, everything—and become a burden to ourselves.

A girl with original ideas is responsible for the invalid's alphabet. This consists of a series of letters, one of which only is to be opened each day. The "alphabet" is started by cutting all kinds of interesting pictures and matter from various magazines. Let us suppose the invalid is fond of art. If so, let A stand for art. Get some nice smooth paper and fold a sheet over as if to fit an envelope. Write on the outside, "A for Art" and gum inside some artistic reproduction (if by a well known artist, write a few items in the "Who's Who?" style).

The envelope is made of bright hued crepe paper, cut and folded to shape, but tied with baby ribbon and not sealed, and on the address side is posted a large cut out capital letter. There are lots of interesting subjects for the remaining letters of the alphabet—B, for "babies" or "birds," F for "fun"—any amount of jokes and pictures—M for "music" or even "motors," and the helpful R, for "religion."

Such is the main idea of the "Invalid's alphabet," and the weary sufferer will look forward to each day that witnesses the opening of a fresh envelope.

To Thoroughly Cleanse the Face.

Every night before going to bed apply a good cold cream. Leave it on for a few minutes, then remove with a soft linen rag. You will be surprised and horrified to find how dirty the rag has become. Next wash the face thoroughly in warm water, using a good soap; rinse in warm water and end by dashing cold water well over it. Then rub in a very little cold cream, wiping off any that the skin will not absorb.

When you are wearied from overwork, feel listless or languid, or when you cannot sleep or eat, take Hollister's Rocky Mountain Tea. One of the greatest tonics known. 35 cents, Tea or Tablets.

A. I. McCall & Co.

Destiny is but the future tense of duty.

HUNTERS EXCURSIONS VIA CANADIAN PACIFIC RAILWAY.

The fact that the C. P. R. has rubs for so many miles through idyllic hunting lands, where moose and deer and smaller game galore wax fat, and await the advent of fall, and the accompanying guns and dogs, is, of course, the principal reason why about this time of year the enthusiastic sportsman turns to the well known yellow covered folder, and studies time tables and maps so industriously. Hunters excursions are round again, and single fare will soon be the order of the day. The C. P. R. announces that from Oct. 9th to Nov. 6th return tickets to all stations on their main line, Mattawa to Port Arthur, and Mattawa to Temiskaming and Kipawa, will be on sale at single fare, and from Oct. 25th to Nov. 6th tickets at the same low rate to stations on the Lindsay Branch, stations between Sudbury and the Soo and Hawlock and Sherbrook Lake. All tickets will be good to return until Dec. 8th with stop-overs allowed anywhere. Special steamships will also be in effect. Intending hunters should make a point of calling at the nearest C. P. R. ticket office for further information and for copies of "Fishing and Shooting," "Sportsmen's May," and "Open Seasons and Game Laws," all of which are of particular interest and use to sportsmen, and are free for the asking. See E. Fremlin, C. P. R. Agent, House Block, Chatham, or C. B. Foster, District Passenger Agent, C. P. R. Toronto, who will gladly mail them to any address, if difficulty is experienced getting copies.

Baltimore, Md., Nov. 11, 1903, Minard's Liniment Co., Limited.

Sirs,—I came across a bottle of your MINARD'S LINIMENT in the hands of one of the students at the University of Maryland, and he being so kind as to let me use it for a very bad sprain, which I obtained in training for foot races, and to say that it helped me would be putting it very mildly, and I therefore ask if you would let me know of one of your agents that is closest to Baltimore so that I may obtain some of it. Thanking you in advance I remain, Yours truly, C. McCURRY.

14 St. Paul street, P. S.—Kindly answer at once.

LEHIGH VALLEY REDUCES PASSENGER FARES.

To take effect November 1st, or as soon thereafter as possible, the maximum rate per mile on the Lehigh Valley Railroad will be on the basis of 2 1-2c. This will not change passenger rates now based on charge of less than 2 1-2c per mile. Interchangeable mileage books, which are now sold at \$30.00, will be sold at \$25.00 with a rebate of \$5.00 on each 1,000 mile book instead of \$10.00, as at present.

Household Hints For Women

A Column Specially Prepared By The Planet For
The Busy Housewives of Chatham and Vicinity.

ABOUT POLISHING SILVER.

It would be well if the housewife of to-day would follow the old-time way of polishing her silver with her own hands. By this habit she would always know its condition and whether any is lost or abused. Once when a friend was ill I went into her kitchen to prepare something for her and saw the maid rubbing precious heirloom silver with a powerful liquid polish made made for using on brass and nickel. Occasionally she rubbed the cloth on a cake of fine sand soap and applied it with vigor. Under the circumstances it was best to say nothing to ruffle the temper of the domestic, who evidently intended no harm, and it would have thrown my friend into a serious condition had she known of the incident.

It is never well to experiment with the silver polishes that you know nothing about; in fact, whitening of the finest quality sifted through a double cheese cloth is as good as anything made for purpose. Quick polishes are to be mistrusted, for when acids are made to take the place of elbow grease the silver is sure to suffer. A piece of soft chamois is needed for polishing and for beaded edges, while for chasing, a very soft brush must be used. But be sure that no old tooth brush or cheap stiff brush is substituted. In most households silver cleaning is put off until it is dreaded and made a bugbear. It is trite but good advice to do the cleaning weekly, and although tea and coffee pots, trays, candlesticks, etc., may not all need polishing so often, yet two or

three large pieces should be done with the smaller articles each week. Keep in a covered box the chamois, the brush, sifted whitening and an ounce bottle each of aqua ammonia and alcohol, either of which is good for moistening the whitening for deep discolored spots. Store silver not in use in cotton flannel bags or cases. Illuminating and cool gas make the silver a greater care in the winter, but no labor really makes greater show in housekeeping than that expended in keeping the silver perfectly bright.—Gene Weid.

PESTS.

Recipe for exterminating cockroaches and water bugs.—Four and one-half ounces of best borax, 11.2 ounces powdered starch, 1.2 ounce cocoa. Mix, put in all crevices, and strew about wherever they may be found. This is a true and tried recipe.

For laundry purposes pure glycerine is simply invaluable, especially in the washing of blankets, flannels and all materials for which softened water is necessary.

It is not extravagant, for a tablespoonful of the pure article in a large bucket, in which the blankets are to be washed, will prove exceedingly useful. Applied to boots, when they have had hard usage by damp, it prevents cracks and untimely wear. It should be put on with a rag over night and wiped off in the morning.

Common ranges make the coal man smile.

The Pandora Range makes the thrifty housewife smile.

Pandora Range

It is comparatively easy to build a range that will make a lot of heat, but it requires the exact science of Pandora Range building to produce a range that will use all the heat in the coal without waste.

A common range may burn twice the coal that a Pandora will, and yet do only half the work.

If you use a Pandora Range you can be certain that your coal money is not wasted, but used.

THE PROVINCES
AFTER RELIEF

Sir Wilfrid is Notified That
They Will Stand Together
For Increased Subsidies

PREMIERS' CONFERENCE

Ottawa, Oct. 10.—The provincial representatives reached a unanimous agreement yesterday afternoon. They have been in conference for two days endeavoring to reconcile the differences which existed between the various provinces in their claims for an increased allowance from the Dominion treasury.

Two resolutions were adopted: They will be presented to Sir Wilfrid Laurier and the other Federal Ministers this morning.

The first of these resolutions declares the need for increased allowances, as outlined in the Quebec resolutions in 1902, viz.:

Eighty cents a head of the population of the provinces, as shown by the last census figures.

An increase in the allowance for legislation, as outlined in the Quebec resolutions in 1902, viz.:

An allowance of 20 cents a head for the administration of criminal justice.

This was unanimously agreed to without prejudice to the claim of any province to special consideration owing to the peculiar claims for better treatment.

The second resolution declares that pending the amendment to the British North America Act, necessary to give effect to the first resolution, the Canadian Parliament should, at the next session, enact a measure for the temporary relief of the provinces.

Sir Wilfrid Notified.
The chairman of the provincial conference, Premier Gouin, has informed Sir Wilfrid that a unanimous agreement has been reached, and that the conference would like to lay its resolutions before the Federal Government this morning. This will be done at 11 o'clock behind closed doors, as all of the proceedings have been conducted in secret.

At 1 o'clock yesterday Mr. R. L. Borden entertained the members of the conference at luncheon in the Senate Restaurant. Among those invited were Sir Wilfrid Laurier, Hon. Sydney Fisher, Hon. Wm. Patterson, Hon. A. B. Aylesworth, Hon. R. Lemieux, Hon. Speaker Sutherland, Hon. J. P. Whitney, Hon. J. J. Foy, Hon. A. J. Matheson, Hon. Lomer Gouin, Hon. A. Turgeon, Hon. A. Tessier, Hon. W. A. Weir, Hon. G. H. Murray, Hon. Arthur Drysdale, Hon. L. J. Tweedie, Hon. W. Pugsley, Hon. Arthur Peters, Hon. G. E. Hughes, Hon. R. P. Roblin, Hon. H. Campbell, Hon. Walter Scott, Hon. J. H. Calder, Hon. H. C. Rutherford, Hon. C. S. Cross, Hon. J. McBratney, Hon. Joseph Pope, Mr. Chas. Macell, Mr. R. H. Pope.

Guests of Canadian Club.
Last night the visiting Premiers were the guests of the Canadian Club at a banquet in the Russell Hotel. There were some 150 guests. Sir Wilfrid Laurier spoke in his usual felicitous way and all the visiting Premiers spoke.

SUBPOENAS FOR BIG FOUR.

Oliver, Scott, Lamotte and J. B. Hunter Wanted as Witnesses.
Toronto, Oct. 10.—Hon. Frank Oliver, Minister of the Interior; Hon. Walter Scott, Premier of Saskatchewan; H. G. Lamotte, Clerk of the Crown in Court, at Ottawa; and J. B. Hunter, Hon. Mr. Hyman's private secretary, have been served with subpoenas at Ottawa requiring them to appear and testify on behalf of the crown on Thursday next in the London bye-election bribery case.

University Issues Writ.

Toronto, Oct. 10.—The board of Governors of the University of Toronto, through Kerr, Davidson, Patterson and McFarland, yesterday issued a writ against Thomas W. Holloway and Leonard Foulds to compel an accounting with regard to the transactions in connection with the sale of the old U.C.G. site as building lots. The land in question was sold to Foulds through Holloway, acting for the university in two blocks for \$23,000, and \$16,500 respectively. It is stated that part of the lands have already been sold for \$34,000, and that the balance held is worth \$36,000.

Buffalo Flyer Derailed.

Toronto, Oct. 10.—Running at between 50 and 60 miles an hour, the G. T. R. express for Buffalo (No. 21) left the rails at Burlington Junction and the engine just missed crashing into the train for Allandale (No. 56), which was on an adjoining siding. Every coach of the Buffalo train was derailed, as well as the rear coach of the other train, but no one was seriously hurt. Miss Kelly of Toronto was the only person reported injured, and she only slightly.

Alleged Embezzler Arrested.

Halifax, N. S., Oct. 10.—Charles Darlington, managing director of the Maritime Gasoline Engine and Supplies Co., a Toronto concern, was arrested here early yesterday morning on board a launch by the deputy sheriff after putting up a stiff fight, in which the sheriff's officer was out somewhat. The prisoner is charged with embezzlement of about \$2,100. Darlington was arraigned in the police court yesterday and remanded.

Two Men Drowned.

Sydney, N. S., Oct. 10.—At Point Tupper yesterday W. A. Anderson, 22 years old, I. C. R. night operator at Point Tupper, and Fred Porter, a friend, 30 years old, a son of Car. Porter, started to sail across the strait in a boat. A squall struck the boat and it upset. Both were drowned.

All Disarmed. But One Band.
Havana, Oct. 10.—The disarmament commissioners in Santiago report that all the insurgents in that province have been disbanded with the exception of one band, which is in an inaccessible region near Bayamo.

Placing Boundary Buoys.

Erie, Pa., Oct. 10.—The United States cruiser Morrill and the Canadian cruiser Vigilant have begun the work of setting buoys to mark the boundary between the American and Canadian waters in Lake Erie. The placing of the buoys at intervals of five miles will, it is hoped, eliminate all further cause of annoyance between the fishermen of the two countries.

Girl's Bad Trolley Fall.

Toronto, Oct. 10.—Rosie Rether, a 15-year-old girl, got off a car the wrong way last night and landed upon her head. At an early hour this morning she was still unconscious in Grace Hospital.

DOUBLED UP WITH CRAMPS.

Stomach feels like an infernal machine and you want relief mighty quick. Nothing does the work half so soon as Polson's Nervine. Why, it kills the pain instantly. If your bottle is empty get another to-day. Nervine keeps the doctor bill small because it cures little ills before they grow big. Nothing for indigestion, heartburn and cramps like Polson's Nervine. Large bottles for 25c.

Lost Child In Wolf's Den.

St. Joseph's, Minn., Oct. 10.—After being lost for two days, during which the entire countryside joined in a hunt for her, 4-year-old Margaret Schmitzer, daughter of a well-to-do farmer, was found unharmed in a wolf's den in the forest near here yesterday morning. The child was well and apparently contented, but scolding her rescuers for having driven away the "nice little doggies" with which she had been playing.

Of course your grocer has WINDSOR TABLE SALT.

He will send it to you always, if you specify WINDSOR.

Boy Shot In the Head.

Kempville, Oct. 10.—The 14-year-old son of Moses Beckett of Beckett's Landing, was accidentally shot by a boy named Taylor, and may not recover. The boys had a gun loaded with buckshot and the weapon discharged, young Beckett receiving the charge in the head.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in drawing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people regarding food and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact, some time ago Dr. Pierce of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because he has set them out in plain English.

Instead of alcohol, which even in small portions long continued, as in estimate cases of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable food in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherry bark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections, with severe coughs. As will be seen from the writings of the eminent Drs. Grover, Coe, of New York; Bartholow, of Jefferson Medical College, P. A.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his infallible "Discovery" for the cure of not only bronchitis, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

Keep Minard's Liniment in the house.

TRAGEDY AT
BUCKINGHAM

Arrests Of Strikers' And
Opponents' Are Made For
Murder Etc.—A Long List
SITUATION IS CHANGED

Buckingham, Que., Oct. 10.—The strike situation here has vastly changed. Towards three strikers were arrested, viz. Hilaire Charrette, who was examined before Magistrate Pearson in the afternoon, and Ladore Renaud and Adelaide Hamlin, two wounded men who are still in the hospital.

But no sooner was this sensation over than on the other side several of the prosecutors and police were arrested for murder and attempted murder and taken to Hull by Sheriff Wright and Chief Provincial Detective McCaskill.

They were Albert and Alexander MacLaren, two of the partners of the lumber company; James Kiernan, brother of the chief of police; J. E. Valli, mayor of Buckingham; Bert Cameron, a special constable; and J. C. Cummings, the bailiff of Buckingham.

The day was wet and miserable and quiet was the order throughout. In the afternoon the ratepayers of the town held a public meeting, at which it was decided to ask the Minister of Militia, who was responsible for the bringing of the military to Buckingham, and who was to foot the bill.

Says Strikers Shot First.
Shortly after this, in the presence of the militia, the arrests began, and in the court house the evidence of Chief of Police Frank Kiernan, who was wounded, was heard. He swore that the strikers had fired first and declared that if they had not returned the fire they would all have been killed. The examination was postponed.

Afterwards the prisoner, Charrette, was allowed his liberty on his own recognizances, and the same procedure was adopted in the case of all the other prisoners.

Despite the fact that order is thoroughly restored, 60 Royal Canadian Dragoons from St. Johns, Que., arrived here last evening. This, it is believed, is to prevent further rioting when the company begins to move the logs down the river, which, it is said, will be done some time to-day.

Twenty special constables came up from Montreal during the day in case of necessity. Talking with the men yesterday, they said they were as determined as ever, though they will endeavor to maintain order, and are averse to violence.

Some of the younger ones declare they are willing to die in defence of their rights.

Strong Case For Men.
In independent circles it is believed that the union men have a strong case against the MacLaren company, the mayor, and the police, who are stated generally to have fired the first shots. In any case, big developments are anticipated.

A NOTED PRELATE

Archbishop Bond of Montreal, Primate of the Anglican Church For All Canada, Passes Away.
Montreal, Que., Oct. 10.—Archbishop Bond, the Primate of all Canada, died at 5.30 a.m. yesterday after a number of weeks of gradual sinking following a stroke of paralysis.

The late Archbishop was born in Truro, England, Sept. 10, 1815, consequently was in his 91st year at the time of his decease. He was educated in England, and about 1840 commenced to study for holy orders, and was ordained deacon in Quebec in 1841. He was at first engaged in diocesan mission work, but in 1842 was appointed incumbent of Lachine, P. Q., where he worked for six years. In 1848 he left there to assume the position of assistant minister at St. George's Church at Montreal, where he remained as rector and assistant for more than thirty years.

Dr. Bond was appointed Archdeacon of Hochelaga in 1870. Dean of Montreal in 1873, and Bishop on the resignation of Dr. Ogdouin in 1878. He succeeded the late Archbishop Machray.

His Grace was stricken with paralysis in December last while preaching in St. James the Apostle Church. As a result of Archbishop Bond's death, Bishop Westman, Lord Bishop of Toronto, will become Lord Archbishop of Toronto, and Metropolitan of Canada, being the senior bishop in point of consecration in the ecclesiastical province of Canada.

The choice for the primate of all Canada will lie between Lord Archbishop of Toronto, and Metropolitan of Canada, being the senior bishop in point of consecration in the ecclesiastical province of Canada.

New York, Oct. 9.—Butter—Firm; receipts, 10,190; sweet price extra creamery, 22 1/2; official price unchanged, 22 1/2; Cheese—Firm, unchanged; receipts, 14,225; Eggs—Easy, unchanged; receipts, 19,353.

CATTLE MARKETS.

British Markets Steady—Hogs 10c to 15c Lower at Buffalo.

London, Oct. 9.—Canadian cattle in the British markets are quoted at 10c to 11 1/2c per lb.; refrigerator beef, 8 1/2c to 9 1/4c per pound.

TORONTO LIVE STOCK.

Toronto, Oct. 9.—Receipts of live stock at the city yards since last Friday as reported by the railways were 74 car loads, consisting of 900 cattle, 550 hogs, 2,000 sheep and lambs, 85 calves and 7 horses.

The only exports mentioned on the market were two loads, bought by Jess Dunn, weighing 1400 lbs. each and costing \$4.75 per cwt. Export bulls, \$3.65 to \$4.25 per cwt.

Butchers.

The best butchers sold readily at \$4.25 to \$4.50, for hogs, brought the latter price. Loads of steers and mixed cattle, \$3.75 to \$4.10; cows, \$2.25 to \$3.60; canners, \$1.50 to \$2.25 per cwt.

Milkers and Springers.

The market for milkers and springers of good quality was strong, several cows having been bought at high prices. Prices ranged all the way from \$30 to \$70 each.

Veal Calves.

The market was strong, all calves of choice quality being eagerly sought after at \$6 to \$7 per cwt., while common to medium sold at \$2.50 to \$5.50 per cwt.

Feeders and Stockers.

H. Murty reports a small trade in this line to-day, there being few fresh ones marked. Anything with quality sold readily, other kinds slow at following quotations: Best feeders, 1000 to 1100 lbs., \$3.70 to \$4; best feeders, 900 to 1000 lbs., \$3.50 to \$3.75; best feeders, 750 to 900 lbs., \$3 to \$3.50; best stockers, 500 to 700 lbs., \$3 to \$3.50; common stockers, \$2 to \$2.50.

There was a brisk as well as a strong market for sheep and lambs. Export sheep sold all the way from \$4.25 to \$4.65 for ewes and \$5 to \$5.50 for rams. Lamb sold from \$5.50 to \$6.25 per cwt. Breeding ewes sold from \$3.50 to \$4.50 per cwt.

Receipts light. Mr. Harris reports prices unchanged at \$4.65 for select and \$4.40 for lights and fat. Export hogs, \$4.25 to \$4.50; Yorkers, \$6.70 to \$6.90; pigs, \$6.55 to \$6.60; roughs, \$5.30 to \$5.50; dairies, \$4.50 to \$5.75.

SHEEP AND LAMBS—Receipts, 2400 head:

active; sheep and yearlings a shade higher; others steady; lambs, \$5.25 to \$5; yearlings, \$6 to \$6.50; Canada lambs, \$7.50 to \$8.

NEW YORK LIVE STOCK.

New York, Oct. 9.—Beef—Receipts, 652; no trading; feeling steady; Texas beef sold at 6c to 7c; exports to-day, 800 cattle and 3500 quarters of beef; to-morrow, about 4100 quarters of beef.

Calves—Receipts, 215; veals quiet and steady; grassers and westerns in poor demand and weak; veals sold at \$5 to \$7.75 per 100 lbs.; no choice veals offered; fed calves at \$3.50 to \$4; westerns at \$1.12 1/2.

Sheep and Lambs—Receipts, 1900; sheep steady; lambs active and prime grades firm. Sheep sold at \$5.50 to \$5.25 per 100 lbs.; ewes at \$2 to \$3; lambs at \$7 to \$8.20.

Hogs—Receipts, 4212; market steady; prices quiet and firm. Pennsylvania hogs are quoted at \$7 to \$7.10 per 100 lbs.

CHICAGO LIVE STOCK.

Chicago, Oct. 9.—Cattle—Receipts, about 7500. The demand was strong for good steers, but poor for the common to medium grades. Fat steers, \$7.25; common to good steers, \$4.75 to \$6; cows, \$2.70 to \$4.75; heifers,

FUTERAL GOES FREE TOO

Local Legal Lights Are
Greatly Surprised At
Jury's Finding

PERJURY IS HINTED AT

A profound sensation was sprung at the Fall Assizes last evening when the jury on the Futeral case came in with a verdict of "not guilty." Futeral is the last man to be tried in connection with the famous fur stealing case. He was charged with receiving stolen goods, and the evidence was very strong against him. There was more than one surprised man in the court room when the jury came in after considering the case for two hours, with a verdict as intimated above. Five witnesses were examined, Frederick Seifler, Simon Gibriski, H. Bird, P. Dezella and Philip Smith, a bartender at the Tecumseh House, where Futeral put up while in Chatham.

Simon Gibriski, who is now serving a term in Kingston for stealing these goods told what he said was the true story of the robbery. He connected himself, his father, Futeral and Kovinski with the affair, and the story created a favorable impression on the judge who was inclined to believe it. T. C. Robnett, who acted as counsel for Mr. Stanworth, who was defending the accused man, made an eloquent address to the jury, and it evidently had its effect. Mr. Elliot, for the Crown, also made an address to the jury, after which the Judge charged strongly in favor of a conviction.

When the verdict was made known everyone seemed to be surprised at the finding. The Judge told the jury that they had taken a remarkably merciful view of the case in discharging the prisoner, and he said that had he been trying the case, the verdict would have been different, as he would have given the accused man as long a term in prison as he could, as he considered the offense of receiving stolen goods worse than that of stealing them. In discharging him, he advised him, in view of the uncomfortable time he had had in the jail, and the narrow escape from punishment, to conduct himself in the future in such a manner that he would be above suspicion.

During the judge's charge, Mrs. Futeral collapsed in the court room and the prisoner's children commenced to cry. It created quite a sensation, and gave some idea of the severity of the judge's charge.

The verdict was not only a surprise to the people in the court, but it seemed to be a surprise to the prisoner himself.

In connection with the Kovinski case, other developments are said to be forthcoming in the near future. It is hinted that perjury cases will be the outcome of some of the evidence. The Crown is now investigating some of this evidence given, and the public may yet hear more about the celebrated fur stealing case.

THE PRESENTMENT.
The Grand Jurors' presentment was as follows:

To His Lordship Mr. Justice McMahon:

May it please your Lordship, we, the Grand Jurors at the Fall session of the Assize Court for the County of Kent, beg leave to present:

1. That there were but two criminal cases on the docket. These two indictments we have considered and disposed of.

We appreciated your Lordship's comments on the failure to supply your Lordship with the necessary copy of the deposition in the criminal cases prior to the sitting of the Court, which failure caused a loss of time to all concerned.

2. We have examined the County

STRICTLY PRIVATE MARRIAGE LICENSE AND WEDDING RING VONGUNTEN'S

PHONE: Office 317. Residence 442

Gael and found everything clean and sanitary. We noted that the arrangements of the cells and the appliances are thoroughly up-to-date, convenient and tending to security. There are but five prisoners, all adult males.

3. We visited the House of Refuge and found everything clean and comfortable except in the matter of ventilation, the men's division in particular being very foul. There is no way of changing the air except by opening doors and windows, which is not a practicable method in the winter, especially in an old people's home. This matter of ventilation we consider requires early attention. There are 44 inmates—32 males and 12 females.

4. We also visited the Home of the Friendless, the Public General Hospital and St. Joseph's Hospital, and found all of these institutions clean and comfortable and well adapted to their respective purposes.

All of which is respectfully submitted.

RICHARD YOUNG,
Foreman.

HERO OF THE LAKES

Ed Jacobson Swam Through Boiling Surf and Rescued Six.

Detroit, Mich., Oct. 11.—A Detroit News special from Houghton, Mich., says:

The 14 people comprising the crews of the barges Wayne and Foster, which were reported missing in Monday night's storm, were found alive and safe Tuesday, all having survived the stranding of the two vessels on the shores of Mystery Bay.

Both vessels struck on a rocky shore. While the crew of the Wayne easily reached dry land, the Foster's crew found themselves imprisoned on a stranded ship, with a stretch of boiling surf intervening between them and the shore. Ed Jacobson, one of the Foster's crew, took the free end of a line in his teeth, plunged into the surf, and, after a terrific battle for life, made his way to the land. Establishing communication with his shipmates by means of the line he had carried ashore, Jacobson then brought the six remaining members of the crew to land on a breeches buoy.

BOOKBINDING

Orders for Bookbinding should be left at this office. It is surprising how nice a volume can be made of those magazines, even though they are somewhat soiled from much handling. Books, Magazines or Periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books, with any kind of ruling, made to order. **FLANKE OFFICE, CHATHAM.**

NO ONE REALIZES IMMENSITY OF THE TILBURY OIL FIELD

Natural Gas In Large Quantities Is Being Struck.—Wells
Good for 300 Barrels.—One Shoots Forth 8,000,000
Cubic Feet per Day at Enormous Pressure.

During the past few months several paragraphs have appeared in the newspapers recording the fact that oil and gas were being found in large quantities in the Townships of Tilbury East and Raleigh, in the County of Kent, but what little has leaked out as to what is going on in what is now the biggest oil and gas field in Canada has been but a small portion of the truth. Some eighty or ninety wells have been drilled during the last four or five months, some of them flowing at the rate of over 300 barrels a day, two or three of them having started off at as good as 500 barrels a day. Large quantities of natural gas are also being found, one well alone on the Hilday farm—having a capacity of eight million cubic feet a day of dry gas at a pressure of 600 pounds, or what is equal to about 500 tons of coal.

At number of companies from Michigan, Ohio, Pennsylvania, Indiana, West Virginia and other states, including two or three Canadian companies, are in the field, and new wells are being drilled in every day and extensions to the territory are being made. The principal operators, controlling under lease what appears to be the cream of the oil and gas belt, are: The Acme Oil Co., The Central Oil and Gas Co., The Roth and Barnard Co., The Church, Norton Syndicate, The Volcanic Oil and Gas Co., The Signaw Oil Co., The Sugar Grove Oil Co., The Maple City Oil Co., and a number of other smaller oil companies, who are all drilling away for the precious fluid which underlays the region from 10 to 15 miles southwest of Chatham, apparently in quantities which bid fair to place this new field on a par with the best ever struck in the United States.

The importance of this new find to Chatham cannot be overestimated. We are in the very near future going to have natural gas in our residences and factories, at a price which will be nominal. The price of coal and manufactured gas, and a boom is sure to be the result.

REAL SNOWSTORM HIS HEAD ON TRACK

First Blizzard of the Season Brings Sleighing to Goderich—General in the North and West.

Goderich, Oct. 11.—Goderich and vicinity was yesterday in the throes of a blizzard.

Since midnight over eight inches of snow has fallen and sleighing is general. Following a heavy fall of rain the snow has caused irreparable destruction to fruit and shade trees, besides destruction to telegraph and telephone wires.

Part of the trestle work of the Guelph and Goderich Railway, recently undermined by the Grand Trunk shovels, has fallen and a large portion is overhanging the Grand Trunk tracks.

Even Toronto Gets Winter.

Toronto, Oct. 11.—The first snow of the season fell in Toronto last night, and reports indicate that a snowfall was fairly general, Goderich being treated to no less than eight inches, and other northern towns along the Georgian Bay and Lake Huron, all the way from one to three inches. At Brampton there was a miniature blizzard, and at midnight snow was falling in the city.

Snow In Cleveland.

Cleveland, Oct. 11.—Heavy wet snow, driven by a high wind, fell here yesterday. It is the most severe October storm since that of Oct. 5, 1892, and is general along Ohio lake front.

Fierce Battle With Storm.

Fort William, Oct. 11.—The Canadian Pacific liner Athabasca arrived Tuesday night, completely covered with ice, her signal lights gone and rigging damaged, after a furious battle with the storm on Lake Superior.

The Neepawaw, which also came Tuesday night, had a hard sleigh. Its cargo of machinery was damaged to the extent of \$4,000. The vessel was undamaged.

FLANKE OFFICE, CHATHAM.

ECHOES FROM THE HOLD-UP

Circumstances In Connection With The Affair Are Rather Peculiar

GORE BADLY WOUNDED

The daring hold-up which occurred on the Baldoon Road, Dover, Tuesday night, and which was reported exclusively in this G. H. J., remains as much a mystery as ever, as far as the names of the assailants are concerned.

The circumstances in connection with the affair are rather peculiar. Joe Gore, the man who was badly wounded in the melee, had just returned from Detroit, where he had been working with a dredge company, and he had considerable money in his possession. His companion, Jos. Lagus, comes from Mitchell's Bay. Both men, it seems, had been visiting some of the city hotels during the evening, but neither became intoxicated to any great extent. It is said that Lagus did not drink anything, but one of them got out of the rig on the way out of town and purchased a bottle of whiskey.

Gore was in the city yesterday afternoon and had his wounds dressed by a physician. The gashes in his side and in one of his legs are the worst. The thrust in the leg severed a muscle. He refused to be taken to an hospital, though the surgeon advised him to go there for treatment.

The most plausible theory so far advanced, is that the two men were waylaid by Chatham men, who must have become aware during their stay in the city, that they had money on them. These men probably drove out ahead of Gore and Lagus and waited for them at the Baldoon bridge.

Nothing further of a definite nature has so far developed.

FOR SALE OR TO RENT

FOR RENT—A very desirable new 8 room house, oak finish, and all modern improvements. Isaac Smith, corner Stanley avenue and Prince street.

HOUSES TO RENT—Two houses to rent on Grant St. Houses have just been rebuilt and are being papered throughout. Apply to Thos. Scullard, Victoria Block.

TO RENT—Furnished rooms for light housekeeping, centrally located; conveniences. Apply Box 6, Planet.

FOR SALE—Moderate sized house with modern improvements, for sale, on Victoria Ave., at a bargain. Apply to Thos. Scullard or The Planet Office.

FOR SALE—A nice brick house and drive barn and two acres of land for just what the buildings cost. A beautiful residence adjoining the city limits and one acre of land. Apply to M. H. McGarrin, in Neil Rathven's office, or at residence, Baldoon street.

FARMS FOR SALE—I have for sale 50 acres of land, part of lot 17, concession 5, Dover Township, owned by Albert Leprieux; 40 acres, River Road, Dover, owned by John David; 50 acres, concession 5, Dover, owned by Julius Bechard. I have money to loan at very lowest rate of interest on land mortgages. Henry Dagneau.

St. John, N. B., Oct. 11.—At a dangerous crossing on the C. P. R. at Westfield, near this city, Theodore Purdy was instantly killed by the Atlantic express yesterday morning. He was driving across the track. Purdy was frightfully mangled and his horse seriously injured.

Killed at Level Crossing.

St. John, N. B., Oct. 11.—At a dangerous crossing on the C. P. R. at Westfield, near this city, Theodore Purdy was instantly killed by the Atlantic express yesterday morning. He was driving across the track. Purdy was frightfully mangled and his horse seriously injured.

Furnace Explosion Kills.

Chicago, Oct. 11.—Two men are dead and five others injured, as the result of an explosion of a blast furnace in the plant of the Illinois Steel Co. in South Chicago Tuesday night. The injured will recover.

The more a man rests the more he trusts.

OVERCOATS!

The Overcoat is the distinguishing feature of a Man's attire.

It proclaims him careful or careless of his dress and it is always the thermometer of his wardrobe.

If there is one thing in which we excel, it is Overcoats.

Nothing but the Best Makers' best productions are good enough for us and, even then, the coats must be made to conform to our ideas.

It seems almost useless to quote a price on an Overcoat without showing the Coat at the price.

The price means nothing, while the Coat means everything.

We've good Overcoats for as moderate a price as \$5.00 or \$7.50. Fabric and tailoring, of course, improve at \$10.00 or \$12.00, and after leaving these prices we come to Overcoat elegance and luxury at \$15.00 or \$20.00.

There's nothing wanting here to fill any man's fondest expectations in an Overcoat.

GEO. MEYNELL,

THE CLOTHIER,

3 Doors West From Market.

REGULAR BLANKET WEATHER

An extra pair won't come amiss if this weather continues. Step down and see the display in our Market Square Window, or better still—step inside—and see the stock itself.

Blankets from \$2.75 to \$6.50 per pair.

Every price represents the best value possible to procure at the money. Better to buy early, as present values cannot be repeated.

COMFORTERS THAT ARE DOWN

The best of sateens in handsome patterns and filled with pure Down, at prices that pay you to buy and save the amount out of your coal bill. See our range at \$5.00, \$5.50 and \$6.50.

Tie Downs for \$1.25

A special offering of Fancy Art Muslins, made of pure white Batting, the best we have ever secured for the price—\$1.25.

Sale of Ladies' Wool Underwear

79c. and \$1.00 Value for 59c. Each

This lot consists of Ladies' All Wool Jersey Ribb Vests, in odd lines, natural shade, in sizes 34 and 36, nicely trimmed with lace and ribbon, 75c and \$1 value, Sale Price 59c each.

....Austin's Hose Are Good Hose....

All our Winter Hose in stock now. We have the best 25c Hose that it is possible to procure for women and children. "The Hummer" it is called—and it is a hummer, made of pure wool 1/2 rib cashmere, four ply-knee and double sole, in all sizes 5 to 10. Prices, 15c to 25c.

Women's plain all wool seamless Cashmere Hose, sizes 8 1/2 to 10, 25c pair.

THANKSGIVING LINENS

A well cooked Turkey will taste all the better if you have your table supplied with choice linen cover, and the small pieces that enhance the general setting.

SEE KING STREET WINDOW FOR A FEW SAMPLES

Special showing of Fancy Linens for the balance of this week. Every piece at close cut prices.

Men's Underwear.

The eager air of autumn brings us to the subject of underwear—the kind that keeps you warm without impressing you with the fact that you are bundled up. Underwear that drags, binds, pulls and bunches up is the cheap kind that's sold in most stores.

We Don't Handle It.

Every suit of underwear we sell is from the best and most reliable makers. No matter what you want you will find it here. Elastic ribbed, natural wools, merinos, fine fleece lined etc. etc.

Underwear from 50c or 75c up to \$1, \$1.50 and \$2.50 a garment.

Medium Weights

If You Prefer it.

The variety of our stock is as great as the variety in the tastes and figures of mankind. Every good "patent" Hygienic kind is here; also the good old popular kinds that we all wear.

Very Special Note.

Our fine natural in all sizes 34 to 44 at \$1.00.

Carpet News!

The new Fall Rugs are here and should you require anything for a Parlor, Dining Room or Bedroom, in fact for anywhere in the house, we have them—all colors, all sizes—all weaves and prices. Never in our history have we been so thoroughly complete in Floor Rugs.

Nothing else is so direct and certain as Catarrhose. Results guaranteed. Two sizes, 25c. and \$1. at all druggists.

THE STAGE

ANNOUNCEMENTS

(Supplied to The Planet by Press Agents.)

At the Brisco Opera House—
John Griffith—Oct. 11.
On the Bridge at Midnight—Oct. 13.

"KING RICHARD THE THIRD."

There are three very eminent actors on tour this season in Shakespeare's great tragedy, "Richard the Third." They are John Griffith, Richard Mansfield, and Robert Mantell. They vary some in their individual interpretations, but the version that Mr. Griffith uses is that of Colley Cibber, which is by all odds the most satisfying for modern representation. It added greatly to the glory of the greatest tragedians of the past, and serves Mr. Griffith's purposes most admirably. He fairly revels in this character, playing it with the greatest animation and effect, fairly compelling his audience to bursts of enthusiasm. Mr. Griffith's support this season is unusually good, and his equipment covers all the requirements that are needed for a thoroughly first-class attraction. His engagement in this city has been arranged for to-night.

The great scenic production, "On the Bridge at Midnight," which is coming to the Brisco Theatre Saturday night, has other remarkable scenes besides the celebrated reproduction of the jack-knife bridge over the Chicago River. Every act has a most interesting setting and is a fitting complement for a most interesting story in which the love and devotion of a blind mother and a stolen child play important parts. For years the mother searches and is about to yield to adversity when she is unexpectedly successful. An exceptionally strong company have been provided, and the management's well known reputation as a producer has made "On the Bridge at Midnight" one of the best attractions out this season.

TENDERS WANTED

Tenders will be received by the undersigned up to four o'clock p. m. on Friday, the 12th day of October, 1906, for the construction of seven steel bridges with concrete abutments, on the Boyle drain, in the Township of Dover. Specifications for the work can be seen at my residence on lot 14 in the 7th concession, Township of Dover, or at John Welsh's office, city of Chatham. The lowest or any tender not necessarily accepted.

NOTICE

Notice is hereby given that a Court will be held, pursuant to The Ontario Voters' Lists Act, by His Honor the Judge of the County Court of the County of Kent, at the Judges' Chambers in Harrison Hall, in said City of Chatham, on the 23rd day of October, 1906, at eleven o'clock in the forenoon, to hear and determine the several complaints of errors and omissions in the Voters' List of the Municipality of the City of Chatham for 1906.

All persons having business at the Court are required to attend at the said time and place.

W. G. MERRITT,
Clerk of Chatham.

Dated Oct. 11, 1906.

MORTGAGE SALE!

Under and by virtue of the powers contained in a certain registered mortgage, made by Charles B. Moore to the vendor, which will be produced at the time and place of sale, there will be offered for sale by public auction, by C. J. Moore, Esq., auctioneer, at the Rankin House, in the city of Chatham, on

SATURDAY, OCT. 20th, 1906

at the hour of 12 o'clock noon, the following property:

All and singular those certain parcels or tracts of land and premises situate in the city of Chatham, in the County of Kent, and Province of Ontario, and being composed of parts of Lots numbers One and Two on the northerly side of Harvey street in the said city of Chatham, and is limited and bounded as follows, that is to say: Commencing at a point on the easterly boundary of John street (now known as Lacombe street) distant eighty-nine feet and two inches, more or less, from the intersection of the northerly boundary of Harvey street with Lacombe street, which distance is measured in a northward direction along Lacombe street, thence north easterly parallel to Harvey street a distance of one hundred feet, more or less, thence north west parallel to Lacombe street thirty-five feet, more or less, thence south west parallel to Harvey street one hundred feet, more or less, to Lacombe street, thence south east along said Lacombe street thirty-five feet, more or less, to the place of beginning. And also all and singular that certain parcel or tract of land and premises situate lying and being in the Township of Harwich in the said County of Kent and being composed of lots number Seventy-two and Eighty-five in Crawford Survey of part of lot "D" in the Third concession of the said Township of Harwich, plan 314.

On the property in the city of Chatham is a frame house and store combined.

On the Harwich property, which is situate at Round Bay, there is a frame house and store combined.

The land will be sold subject to a certain prior registered mortgage thereon for \$855.00 and interest and subject to taxes for the year 1906.

Terms of sale—Ten per cent. of the purchase price shall be paid at the time and place of sale and the balance in ten days from the date thereof.

For further particulars and conditions of sale, apply to

W. F. SMITH,
Vendor's Solicitor,
Chatham, Ont.

Or to

C. J. MOORE, ESQ.,
Auctioneer.

THE METHODS PURSUED UNDER THE LAW OF ONTARIO.

Many Classes of Citizens Are Exempt From Service—List of the Exempt and the Reasons for the Exemptions—Selecting Jurors—Machinery Is Elaborate—The Local Selectors—Selected Names Are Distributed Into Four Divisions.

Though the right to trial by jury is one of the oldest and most cherished of Anglo-Saxon institutions, it is not generally known that the machinery in the administration of justice employed in the selection of a jury is probably the most complicated mechanism of Government. It is a mixture of statutory qualifications, selection by lot, alphabetical order, and exercise of discretion which, in its venture to say, unparalleled in any other branch of executive Government.

Those who have had occasion to look into a voters' list of any municipality in Ontario, Toronto, for instance, will have noticed that the letter "J" is placed opposite a large proportion of the names appearing therein. Section 23 of "The Jurors' Act," being chapter 61 of the last Revised Statutes of Ontario, requires that the clerk of every municipality in preparing the list of voters for publication each year, shall designate every voter qualified to act as a juror and not otherwise, except from this service to his country.

Those Qualified or Exempt. Every person over the age of twenty-one years and in the possession of his natural faculties, and not infirm or decrepit, and who is assessed as owner or tenant of property, real or personal, of the value of six hundred dollars in cities and four hundred dollars elsewhere, is qualified to serve as a juror both on grand or petit juries in the High Court of Justice for Ontario, including all courts of both civil and criminal jurisdiction.

These are long lists of classes of persons exempt from jury service, which may be summarized as follows: All persons over sixty years of age. Civil servants.

Court officers. Municipal officers. Lawyers. Doctors. Clergymen. Militiamen. Seamen. Teachers. Newspaper men. Railroad men. Millers, and Firemen.

Reasons For Exemptions.

The reasons for some of these exemptions do not at first glance strike the ordinary student of affairs, but there are reasons for all. The age exemption, for instance, is based on the fact that a man between sixty and seventy has an amount of accumulated wisdom which should in many respects make him peculiarly eligible as a juror. The reason, however, is that with age and wisdom also come infirmities, such, for instance, as deafness and shortness of sight, to say nothing of rheumatism, gout, and other causes of irritability.

It is a moot question as to whether civil servants are barred out on account of the importance of their positions or on account of the effect of dry rot on their intellectual powers. Lawyers are barred out because they are supposed to know too much, and being trained to argument, might exercise their powers too much in the jury room.

As a life or death might depend upon a doctor's instant attendance at a sick bed he is allowed exemption. Militiamen are liable at any moment to their country's call, and seamen are too uncertain in their movements. Teachers and newspaper men are too important from an educational standpoint to be interfered with. The calling of railroad men to serve might cripple public transportation, and firemen cannot be called upon for obvious reasons. In the early days the absence of a miller from his post might necessitate the hauling of grain for 30 or 40 miles, and although this excuse would hardly be tenable now, no change has ever been made. In fact, many of the reasons for exemption are out of date, and it is quite possible that before many years many of the exemptions will be done away with.

Why Butchers Are Off. It is interesting to note that by an old but unwritten law, the practice has very generally prevailed of leaving butchers as a class off the lists and panels of jurors.

English judges of past generations have expressed the opinion that the nature of this occupation was such as to unfit its followers for the discharge of the sometimes delicate duty of the juror. This is a discrimination which is interesting rather as recalling the conditions of earlier days than as of practical importance to-day. In fact, the majority of our citizens classed at the present day as butchers do not see a beast killed from one year's end to the other.

Selecting Jurors. In the month of December every year, the rolls and lists of jurors for the county for the ensuing year are made up, and engaged in this work are two bodies, known as selectors, namely, county selectors and local or municipal selectors.

The county selectors are the judges of the county court, the warden, the treasurer, the sheriff, and the mayor of any city situated in the county. The local or municipal selectors are the mayor or reeve, the clerk, the assessors of the local municipality.

On the 15th day of September in each year the county selectors meet and determine the number of jurors grand and petit, which the administration of justice for the county is likely to require during the ensuing year. The county selectors for the County of York at their meeting on the 15th instant decided that the number of jurors which should be entered on the list as liable for service in the year 1907 should be as follows: Grand jury for the High Court, 88.

Petit jury for the High Court, 500.
Grand jury for the inferior Courts, 36.
Petit jury for the inferior Courts, 280.

The county selectors at the same meeting also determine the number of each class of jurors to be drawn from each municipality in the county.

The Local Selectors. The Clerk of the Peace, within five days after the meeting of county selectors, is required to notify the clerks of the local municipalities requiring the return of three times the number of names of jurors to be drawn from the respective municipalities. The local selectors are required to meet on the 10th day of October in each year for the purpose of selecting the names of jurors in response to the demand of county selectors. In the discharge of this duty they are enjoined to select "such persons as in the opinion of the selectors are, from the integrity of their characters, the soundness of their judgments, and the extent of their information, the most discreet and competent for the purpose of the duties of jurors."

In making their selections the local selectors proceed as follows: Beginning in the voters' list where the selection of the previous year ended and exercising their discretion as required by statute, they shall write down the names of the qualified and, in their opinion, competent voters until they have a list containing twice as many names as have been required by county selectors from their municipality. They shall then go over this list and pick out the names of those whom they consider the most fit, setting a number opposite each name so selected, until two-thirds of the names have been numbered.

The selectors shall then procure ballots, each one having upon it a number corresponding with one of the numbers on the list of names. These ballots are placed promiscuously in a box and "shaken so as sufficiently to mix the ballots." The ballots are then drawn indiscriminately one by one, the number read, and the name of the opposite it is thus finally selected. The selector's list having such number drawing of the ballots is continued until the number of names required to be sent to the county selectors is completed.

Into Four Divisions.

Having thus procured the number of names required, the local selectors next distribute them in the four divisions, namely:

Jury in the High Court.
Grand jury in the inferior Courts.
Petit jury in the High Court.
Petit jury in the inferior Courts.
The names so selected by the local selectors are by the clerk of the municipality transmitted to the clerk of the peace and must be in his hands on or before the 25th day of October.

All the names sent in from the local municipalities are entered by the clerk of the peace in a roll known as Roll of Grand Jurors for the High Court, Roll of Grand Jurors for the inferior Courts, and so forth.

On the first day of the sittings of the Court of General Sessions of the Peace, the County Selectors meet and proceed to make up from these rolls the Jury Lists, selecting from the rolls the names of the best qualified, until they have in this way secured the number of jurors determined by them at their meeting on the 15th of October, to be necessary. That is, one out of every three on the roll. These names are thereupon entered by the clerk of the peace in the Jurors' Book for the year, having first been arranged in strict alphabetical order. In this way four lists are secured, known as list of grand jurors for the High Court, etc.

It is from these lists that the panels of jurors are drawn for the time from time to time required, according as the sittings of the various courts may be fixed or arranged throughout the year.

In the selection of jury panels, the element of lot again predominates. After he has completed and entered the names of the best qualified, the clerk of the peace numbers the names on each list consecutively. The sheriff of the county, having received a writ commanding him to summon a jury, fixes a date for striking the panel and publishes notice thereof in the newspapers of the county. Upon the day and hour fixed, he appears at the office of the clerk of the peace with two justices of the peace for the county, and a box containing ballots, numbered to correspond with the names on the list, is placed in the hands of the clerk of the peace. The ballots are drawn one by one, and the number read. The sheriff sets down the name appearing in the jury list opposite the number, and so on until the panel is completed.

These jurors are thereupon summoned to appear at court. At the opening of which the sheriff hands to the clerk of the court a package of cards, upon which are written the names, occupation, and address of each juror. These are kept by the clerk of the court, and a case having been called twelve jurors are selected in the manner which is familiar to all who have had occasion to visit any of our courts of justice.

Babies Thrive on Nestle's Food, because it contains all the food properties of rich, creamy cow's milk—in a form that tiny babies can assimilate.

BLOWN DOWN BY GALE.

Ottawa's Hodoko Hotel Gilmour Craves More Victims—Street Car Buried—Five Injured.

Ottawa, Oct. 10.—The city received a shock yesterday morning shortly after seven o'clock when the front walls of the ruins of the Gilmour Hotel, destroyed last month by fire, were blown down by a gale, burying a Gladstone avenue street car in the ruins.

Five persons were seriously injured, but they were all reported by the hospital authorities last night to be out of danger. The injured: Alexander Potvin, of the city fire brigade, badly injured about the body. William Campbell, contractor, of Hintonburg, badly cut about the body. Mrs. Thompson, 57 Munroe street, arms broken and body injured. Harry Lynch, motorman, Kneecap fractured and cut about the head. Thomas McCabe, conductor, badly cut about the head and hands.

Will Investigate. At a special meeting of the City Council last night the question of who was responsible for the collapse of the wall was discussed at length. A sub-committee to deal with the matter was appointed and this committee will make a thorough investigation. The committee got right down to work and decided to recommend that Building Inspector Pratt, who is also assessment commissioner, be asked to hand in his resignation at once.

STORM DAMAGES ELSEWHERE.

At Toronto the gale reached 50 miles an hour, and blew down an uncompleted three-story brick store at Grace and College streets. Damage \$3,000.

At Kingston a 60-mile-an-hour gale sunk and battered many pleasure yachts, and the steamer Caspian received damages by pounding on the schooner Metzner.

Sault Ste. Marie reports say Lake Superior is being swept by northwest gale and snow storm and that navigation is difficult and dangerous.

On Lake Erie the storm was very severe.

At 12:30 Tuesday morning a tornado swept Ayr and swept trees, chimneys and roofs off, while the mills at Nithvale, a little west of the town, were unroofed, the roofs being carried 100 feet away.

At St. Johns, Que., the wind was the worst in years. Fences, trees and lampposts in the river suffered severely, and an apple boat was sunk. Many barns were also injured.

The houses Wayne and Foster were cut off during Tuesday night's gale by the steamer Bart, and are on the shore of Lake Superior, 14 miles above the Portage Lake ship canal. Nothing is known yet of the fate of the four men who were on the two boats. The life-saving crew has gone to the wrecks. The Bart made the ship canal in safety after cutting loose the barges.

ADDS TO THE REVENUE.

Improved Bookkeeping in Provincial Secretary's Department Responsible For Increased Receipts of \$250,000.

Toronto, Oct. 10.—A quarter of a million increase in the annual revenue of the Provincial Secretary's Department alone is the cheerful report of the Whitney Government in anticipation of Thanksgiving.

This is a conservative estimate from the figures already available for the nine months ending Sept. 31. The receipts in the main office to Oct. 1 were \$133,042, as compared with a total for the twelve months of 1905 of \$131,909. The estimated increase for the year is \$25,000.

About \$125,000 will be derived from licenses, and the extra sums from paying patients in the asylums, the central prison industries, public institutions and miscellaneous items compose the balance.

Much of the increase is found to come from the improved collections possible under the systematic method of bookkeeping adopted last session.

The increase has been a steady one, the total revenue in the main office of 1904 having been \$104,433. The total in 1905 was \$131,909, and as estimated this year will be \$250,000. From all the branches under the Provincial Secretary the revenue last year was \$670,000. This year it will not fall far short of \$1,000,000.

ONTARIO'S TIMBER.

\$230,000 Is Estimated Gain Under New System of Sale.

Toronto, Oct. 10.—An estimated gain of \$230,000 is the result of the first provincial timber sale on the principle of tendering for a bonus over and above the regular day.

Sixteen berths have been sold to the highest bidders on the tenders called for last July. The prices are bonuses paid in addition to the regular crown dues of \$2 a thousand feet board measure on pine, and five cents a thousand on the railway sleepers. The berths are in the Rainy River districts.

BURIED UNDER LUMBER.

Wagon Leaves Road and Upset, Carries Driver to Death.

Goderich, Oct. 10.—On Monday evening, during the storm, William Ivers of West Wawanosh was driving along the dangerous back road to the Nile, from Goderich. It is supposed his wagon wheels ran off the road on to the slope, and the tilt carried his load of lumber from the wagon, carrying him with it and burying him. The accident was not known till early yesterday morning, when the team, attached to the wagon, was found miles away, and the body under the lumber.

Officers Was to Blame.

St. Petersburg, Oct. 10.—The commissions, appointed by Emperor Nicholas to investigate the causes of the Sveaborg and Cronstadt mutinies, have found that the blame was largely attributable to the negligence and inefficiency of the officers.

Trial For Manslaughter.

Carleton Place, Oct. 10.—George Bradley was committed for trial yesterday for manslaughter, the charge arising out of the death of his brother from a blow.

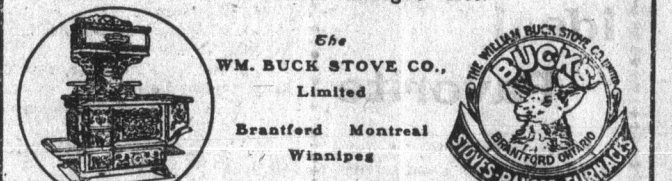

Some stoves need as much poking and urging as an "old-skate" horse. Such stoves waste fuel, waste time, spoil the cooking, exasperate the spirit and make the whole household go wrong. All that kind of bother and delay and disappointment are unknown where they use a

HAPPY THOUGHT RANGE

So simple a child can operate it. One damper heats the oven; another increases the fire; other dampers so check down the fuel consumption that a fire-box of coal will last from twelve to sixteen hours. When you want a hot fire in a hurry, this stove will give you one in five minutes. A little girl or a little boy can be taught to operate a Happy Thought Range without any trouble.

Every Happy Thought burns coal or wood.

Confined to His Home for Weeks.

"Heavy work, severe straining and evil habits in youth brought on a double varicocele. When I worked hard the aching would become severe and I was often laid up for a week at a time. My family physician told me an operation was my only hope—but I dread it. I tried several specialists, but soon found out all they wanted was my money. I commenced to look upon all doctors as little better than rogues. One day my boss asked me why I was off work so much and I told him my condition. He advised me to consult Drs. Kennedy and Kergan, as he had taken treatment from them himself and knew they were square and skillful. He wrote them and got the New Method Treatment for me. My progress was somewhat slow and during the first month's treatment I was somewhat discouraged. However, I continued treatment for three months longer and was rewarded with a complete cure. I could only earn \$12 a week in a machine shop before treatment, now I am earning \$21 and never lose a day. I wish all sufferers knew of your valuable treatment."

GOLDEN WEDDING

Mr. and Mrs. Samuel Kelly of Wabash Have Been Married For 50 Years — Grand Celebration

From Our Own Correspondent.

Dresden, Oct. 9.—Mr. and Mrs. Sam. Kelly, of Wabash, celebrated their golden wedding on Tuesday, Oct. 9. About 150 invitations were issued and a most enjoyable time was spent by all. The Wabash band was in attendance. A large number from Dresden were present and the many costly and beautiful gifts testified to the popularity of this old couple and the esteem in which they are held in the community.

Mrs. J. McE. Murray has issued invitations for an At Home on Thursday from four to six.

On Friday evening Mrs. Murray will entertain a number at euchre.

Mrs. Lynch, of Chatham, has been the guest of Mrs. J. Wright for the past few days.

Mr. McLeod, of the Canadian Bank of Commerce, spent Sunday at his home in Woodstock.

A special meeting of the School Board was held on Monday evening, at which plans for the new school were discussed. Inspector Coles was present.

H. Guest, of Dawn, was kicked in the stomach by a horse on Saturday. He was taken to Chatham hospital but died from the injuries received. The remains were brought to Dresden and interred in the Dresden Cemetery on Tuesday.

MARRIED 50 YEARS

Mr. and Mrs. Samuel Kelly, Morpeth Celebrate Golden Wedding - A Big Event

Mr. and Mrs. Samuel Kelly celebrated the golden anniversary of their wedding at their home in Camden, Tuesday, Oct. 9. Many handsome presents were received by the couple, among which was a purse containing \$60 in gold. The house was decorated in gold effect, and music was furnished by the Wabash Brass Band.

As the 200 guests laughed and enjoyed themselves, the house took on the appearance of a recent wedding rather than the golden anniversary of one. A pleasant feature of the event was that though there are but five persons living who attended the wedding fifty years ago, three were present at the anniversary on Tuesday. These three were, Mrs. Wm. Williams, Chatham; Mr. J. Tiffin, Croton; and Mrs. K. Bolton, of Thamesville.

Among the guests from a distance were, Mr. John Kelly and daughter, of Denver, Col.; Mr. George Kelly, Omaha, Neb.; Mr. Wm. Hopper, of Omaha, Neb.; Mr. and Mrs. Peter Kelly, of Walkerville; Mr. and Mrs. Langley, of Windsor, Ont.; Mr. and Mrs. David Kelly, of St. Clair, Mich.; Mr. and Mrs. Faxon, Kimberly and daughter, of Morpeth; and Miss Lillian Kelly, of Cleveland, Ohio.

Mr. and Mrs. Samuel Kelly were born in Bedford, Ont., May 11th, 1836, and Bellville, Oct. 3, 1839, respectively. They were married at Camden in 1856, by Rev. Mr. Yoken, of Camden, and have lived there since.

Both enjoy the best of good health, and declare that celebration of their diamond wedding anniversary is not only possible, but probable. The Planet joins with their many friends in wishing them years of continued prosperity and health.

O'BRIEN — QUARRY

An event of more than usual interest was celebrated at the church of the Sacred Heart on Wednesday morning, when Mary Gertrude, daughter of Mrs. Henry Brown Quarry, was united in marriage to Mr. D. L. O'Brien, of Centuria. The pretty church was further enhanced by the addition of beautiful ferns and flowers, and numerous spectators filled the pews not reserved for the guests, all on the qui vive to catch a glimpse of the beautiful bride. Miss Madeline Quarry, sister of the bride, acted as maid of honor, and Miss Julia Quarry, of Sandwich, cousin of the bride, was bridesmaid. The groom was supported by his cousin, Mr. T. Coughlin, of London. The ceremony was performed by Rev. Fr. Dunn, after which solemn high mass was celebrated by Rev. Fr. Forster, of Mt. Carmel, with Rev. Fr. Egan, of London, and Rev. Fr. Fr. Dunn as sub-deacon. Miss Angela Quarry, of Mt. Carmel, presided at the organ and a beautiful solo was rendered by Miss Maud Robinson. Mr. and Mrs. O'Brien left on the afternoon train for Toronto, Montreal and Quebec, whence they will sail by the Empress of Ireland for a tour through Europe. Mr. and Mrs. O'Brien will make their home at Centuria.—Parkhill Post.

Both Mr. and Mrs. O'Brien are well known in this city. The bride has visited here several times and has many friends in Chatham. The groom was until recently a clerk in one of the Maple City banks, but resigned his position just before his wedding. Their many friends here will join in extending congratulations and best wishes.

Better Than Spanking

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 4 Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if you children trouble you in this way. Don't blame the child; the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

OCTOBER WEDDING HAPPILY UNITED

Happy Event Celebrated At Tilbury — The Visitors Come And Go

From Our Own Correspondent.

Tilbury, Oct. 11.—On Wednesday, 17th inst., Miss Phoebe Taylor and Mr. John Holland, both of Tilbury North, were united in marriage at the manse, by Rev. P. Nichol.

Mrs. Sloan, of Windsor, is visiting her daughter, Mrs. John Richardson. W. A. Hutton returned yesterday from a three weeks' trip to Nova Scotia and New Brunswick.

Mrs. Wm. Myers, of the Highhouse, is the guest of Miss Gertrude Sager. Mrs. S. Mather left yesterday to spend a few days with friends in Detroit.

Mrs. Forbes, of Chatham, will give an address on Missionary Work in the Presbyterian church, under the auspices of the W. F. M. S. of the church.

Mrs. Gardiner, of Windsor, is visiting relatives here this week.

James Foster is away on a business trip to Remy and London. Mrs. McColl, Sr., is visiting relatives in the east.

Miss Etie Nicol, of Leamington, is the guest of Mrs. J. S. Stewart.

DIED IN TILBURY

Mrs. John Foreman passes peacefully Away—Funeral On Friday

From Our Own Correspondent.

Tilbury, Oct. 10.—Mrs. John Foreman died yesterday afternoon after a lingering illness. The funeral services will be conducted on Friday afternoon by Rev. Mr. Dobson, after which the remains will be interred in St. George's Cemetery.

Wm. Cassidy, of Detroit, spent Sunday and Monday with his parents here.

Miss LeDuc and Miss Lorranger, who have been the guests of their cousin, Miss Louise Peltier, have returned to their home in Detroit.

Mrs. Jessie Lowe, of Toronto, was the guest of her nephew, J. H. Dennis yesterday.

Mrs. McColl returned yesterday from a visit with her parents at St. Thomas.

W. C. Crawford returned on Monday from a trip to Toronto. He was in town on Monday.

Wm. Clark, of the Sovereign Bank, Essex, spent Sunday with friends here.

IS MOVED AGAIN

Will Sutherland of Merchants' Bank Will Now Go To Thamesville

From Our Own Correspondent.

Thamesville, Oct. 10.—Fennel Sutherland, Merchants' Bank, Bothwell, has been removed to Galt. Mr. Sutherland, of Chatham, takes his place.

Miss McDonald, Ridgeway, spent yesterday in town.

Mrs. Geo. Watts is confined to the house through illness. J. Bowers, London, is in town today.

Mr. Hammond conducted Bible study in St. James Church Wednesday night.

A number from Thamesville are attending Ridgeway Fair to-day.

Charles Butler is ill with rheumatism. Joseph Pocock, London, was in town yesterday.

Christian Elm on returned to Hamilton yesterday. The Public Library is open every night from now on.

Rev. and Mrs. McInnis are spending some time at Turin this week. Father Brennan has returned to Bothwell and Father Foster to Mt. Carmel.

YOUR PAINFUL CORN.

What it wants is the soothing attention of Putnam's Corn Extractor, which lifts out the very root and branch in short order. No pain and no after effect, just clean, wholesome cure—that's "Putnam's."

MORAVIAN INDIAN FAIR

The greatest of all Indian fairs will be held at Moraviantown on Oct. 16, 17, 18 and 19. The first two days are for the making of entries, placing exhibits in position, etc., while the last two days are open to the general public from 9 a. m. till 5 p. m. Thanksgiving Day falling on Oct. 18th will give many an opportunity to attend this great fair. During the year additional land has been secured and a new half-mile race track built which will insure good races. Four speed events will take place each day for which good purses are offered. A large exhibit of various ash bark corn bread, ingenious splint and sweet grass fancy baskets, fancy needle and bead work will be found in the main building, while in the buildings and on the grounds will be found the live stock and agricultural exhibits, which will show the constant advance the red man is making from year to year. A good brass band will be in attendance and every accommodation will be at hand for your enjoyment. The directors extend an invitation to all and promise to courteously entertain you. For programs and full information apply to Reuben E. Tobias, secretary, Moraviantown, Ont.

FINALLY WILTED

The idea of his trying to kiss you. Why didn't you slap him! I did—the first time.

A Harwich Young Man Takes A Ridgeway Bride—Blenheim Items

From Our Own Correspondent.

Blenheim, Oct. 10.—The marriage took place at Chatham yesterday of Alex. Tait, eldest son of Mr. Jas. Tait, Communication Road, to Miss Sarah Tucker, eldest daughter of the late Mr. Henry Tucker, of Ridgeway. They left for Detroit on their honeymoon. On their return they will reside in the rooms over the Farmers' Produce Co.'s store. The young couple are well known and highly respected, and a host of friends wish them every happiness.

Frank Hunter, of the Standard Bank, has been promoted to the position lately vacated by Frank Dennis. Mr. R. R. Martin, of Parkdale, is now the fourth member of the staff.

Mrs. Geo. Irwin leaves to-morrow for her future home at Stratford.

Mr. Miles, of the Vester House, is making extensive alterations to his hotel.

The death occurred on Oct. 8th, of Alfred Garrod, of the 3rd concession, at the age of 59 years. The deceased has been in poor health for many months. The funeral was conducted at 12 p. m. to-day at Evergreen Cemetery, by Rev. H. F. Kennedy.

About 10.30 p. m. yesterday the fire bell rang. Many of the townspeople turned out to assist, but it proved to be a false alarm.

The many friends of T. B. Shilling-ton will be pleased to hear that both he and his niece are progressing favorably.

BIG CELEBRATION

The Oddfellows Will Hold One In Thamesville On Thanksgiving Day

From Our Own Correspondent.

Thamesville, Oct. 9.—The Oddfellows are making special preparations for a gathering Thanksgiving Day. Tom Daley spent yesterday in Ridgeway.

Wm. Hambridge is exhibiting his driving horse at Ridgeway Fair to-day.

Born on Monday, Oct. 8, 1906, to Mr. and Mrs. W. R. Hickey, Bothwell, a son.

Miss Florence McDonald spent yesterday at her home in Kent Bridge. Mrs. Margaret Regan and Miss Brennan, Bothwell, spent yesterday in town.

Christian Hansen, who has spent the past week in town, returns to Hamilton to-day.

Father Foster, Mount Carmel, is assisting Father Brennan during the forty hours devotion services.

What Do You

It not so much what you get, as what you save on pay day that determines your future success. Therefore get the habit of saving as much as possible every pay day. In

Save The

Sovereign Bank of Canada \$1.00 opens an account, and interest is paid 4 times a year.

On Pay Day?

FALL UNDERWEAR

We go direct to the mills for every dollar's worth of underwear we buy—this saves the wearer at least 25 per cent.

We carry immense stocks, and the name of Thornton & Douglas is fast becoming famous in Western Ontario for its underwear stocks and prices. Every good maker is represented, and our stocks are now at their best in both Fall and Winter Weights. The price range runs from

50c. to \$4.00 Per Garment.

We have Combination Suits in all sizes from \$2.50 up.

ious tenders before our serious consideration, and having also visited the field and received the report of the City Engineer, which is favorable to Messrs. Symms & Co., we would recommend to the Council that the tender of Messrs. Symms & Co. be accepted, and that the committee be empowered to have an agreement drawn up by the City Solicitor, and incorporated in a by-law and presented to this Council

at its next regular meeting, the Council with the City Solicitor to see that a bond for the sum of \$10,000 shall be duly secured from Messrs. Symms & Co., as a guarantee for their carrying out the terms of the franchise.

Only one other matter was considered at the meeting last night. A request was received from the International Harvester Co., asking for space in the new Market Hall. This will be considered at a later meeting of the Council.

It is the mind that makes the man.
