INTRODUCTION.

WE have great pleasure in placing in the hands of our patrons, the **HALIFAX CITY DIRECTORY FOR 1897-98.** It need hardly be said that the same labor and effort to secure accuracy which the publishers have always put forth have not been withheld in the preparation of the present edition. The wish of the Publishers is to give the latest and most correct information, and with that end in view no expense or labor is spared on the book. Notwithstanding the adverse circumstances of business through the country during the past year, Halifax has maintained a steady growth. Last year there were 103 shops vacant and 197 houses vacant, this year there are 124 shops vacant and 253 houses vacant.

The number of names in the DIRECTORY last year was 15,579, and this year is 16,178, considering the year a gratifying increase. Multiply by three, (the figures generally used by Directory Publishers, some multiply by three and a half,) and it will be seen we have a population of 48,534, an increase over last year of 1,797.

To the patrons of this work the publishers return their sincere thanks.

Eddy's Telegraph Matches

light readily, burn steadily, and are specially made to withstand any variation of the climate of the Maritime Provinces.

The manner of their being packed in small Paper Boxes prevents danger from ignition by accident.

Immediately the flame is extinguished, the match is cold and dead, and as there are no live embers the match will burn to the end without breaking off.

The sulphurous smell usual to common matches is greatly decreased.

Eddy's Matches are scientifically made,—combine usefulness with safety—are in the fullest sense the cheapest match made.

DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him

DIRECTORY BORROWERS.

MANY are the complaints of those who regularly patronize the Directory that they are bored so much by borrowers. Not the stranger or private citizen who steps into the office, looks at the Directory, and goes out, but the business men who continually need it for reference, yet are too close-fisted to buy one for themselves. These are the people who carry off your Directory, just for a few minutes, which generally means a FEW DAYS, unless you send for it before then you have scarcely housed it before some one else comes with the request: "Please lend me your Directory for a few minutes." Perhaps you won't see it again for a WEEK or MORE. Yet this same borrower will tell our solicitor that he has no use for a Directory, he knows everybody and everybody knows him.
