"Dr. Latham's work is not only an English Dictionary in the strict meaning of the term, but in many important respects a very valuable addition to our national lexicography. It deserves to be studied by every one interested in the language, and as a book of reference is admirably fitted for general usefulness."—*Edinburgh Review*.

"THIS TRULY GREAT PHILOLOGICAL WORK is now brought to a conclusion. To the VOCABULARY of the original work, which has always been considered defective, Dr. Latham has made so many additions that his work may fairly be pronounced the MOST COMPREHENSIVE AND COMPLETE that has hitherto been attempted. He has very properly admitted PROVINCIAL WORDS having an undisputed ancient origin; those WORDS of FOREIGN ORIGIN which have been incorporated bodily into the English language; purely COLLOQUIAL PHRASES and MODERN SCIENTIFIC TERMS, and COMPOUNDS of recent date. Another important improvement upon the original has been made in the ETYMOLOGY, all conjectural derivations having been rejected."

HOLY BIBLE, KING JAMES' VERSION, 1611.

HOLY BIBLE, conteyning the OLD TESTAMENT AND THE NEW, newly translated out of the Original Tongues, and with the former translations diligently compared and revised by His Majesties' Special Commandment, [including the Apocrypha] beautifully printed in large Black Letter Type, in one very thick volume, royal folio, morocco, gilt edges, wanting the title pages, some of the preliminary matter, and ends at Revelation VII.; several intermediate leaves are also missing, VERY RARE, 25.50, London, imprinted by Robert Barker, 1611. 516

THIS BEING A COPY OF THE FIRST ISSUE OF THIS EDITION, and is designated the GREAT "HE BIBLE," from the rendering of the last clause of Ruth iii. 15: "AND HE WENT INTO THE CITY." It has also many errors, corrected in later issues, including the repetition of two lines: "The children of Israel lift up their eyes and behold the Egyptians marched after them," in Exodus xiv. 10.

Collation of preliminary pages. The calendar, January to December, 12 pages, less one leaf, almanack for XXXIX. yeeres, 1603-1641, with other matter on one page, to finde Easter for ever on the reverse. The table and kalendar, expressing the order of Psalms and Lessons, the names and order of all the bookes, royal arms, etc, 3 full leaves, then follows a blank page, which should have contained the Royal Arms. This omission cannot be explained, and must be an occurrence of extraordinary rarity, on the reverse of which, the genealogies, etc, followed by the 34 pages of genealogies, by the well-known JOHN SPEED, whose initials should have been found on the blank leaf.

THE SECOND EDITION OF KING JAMES' VERSION OF

The Holy Bible, conteyning the OLD TESTAMENT and the NEW, has the two fine old title pages, the first being nicely mounted (without being cut down), the Epistle dedicatorie, the translators' address to the reader, the genealogies by J. S. [JOHN SPEED], an Almanacke for XXXIX. yeeres, and many fine and large woodcut initial letters, stout folio, has been substantially rebound in 1847 by Macmillan of Cambridge, in heavy crimson morocco, gilt edges, the ownership MSS. of "HANNAH FINCH'S BOOK, 1760, GIVEN HER BY JOSEPH FINCH," being preserved on the fly leaf, and is in every respect a capital specimen of the EXTREMELY RARE SECOND EDITION, 22.50, imprinted at London by Robert Barker, Anno Dom, 1613. 517

Holy Bible, conteyning the OLD TESTAMENT and THE NEW, imprinted at London by Robert Barker, printer to the King's Most Excellent Maiestie, Anno Dom 1613, **Black Letter**, stout folio, recently bound, half calf, 15.50. 518

This being the FIRST FOLIO of what is known as the ROYAL VERSION, and has the two FINE OLD TITLE PAGES intact, with the exception of a small portion of the tail corner of the first, has the dedication to King James, of the translators to the reader, calendar January to December, 12 pages, less two leaves, an Almanacke for XXXIX. yeeres, table and calendar, etc. Then follows the genealogies by JOHN SPEED, 34 pages, also the title, which, in the FIRST EDITION above, remains blank is in this edition, printed within a two-line border, having the royal arms, the last leaf of the New Testament is wanting.

Holy Bible, with the Preliminary ll, comprising Preface, Calendar, etc, also has the Apocrypha, **Black Letter**, lacks the first title, OTHERWISE PERFECT, and is a VERY FINE OLD STOUT FOLIO VOLUME IN THE ORIGINAL CALF, 15 00, Barker's, Anno Dom, 1617. 519

QUITE PERFECT, says Mr. F FRY, in a MS. note, "only wants the first title, worth with both titles £10, or more." We endorse the statement of THIS WELL-KNOWN AUTHORITY. A single page of letterpress, or a title page from the foregoing rare and valuable editions of the Scriptures, and hundreds of other rare books we have distributed from time to time, oftentimes bring many pounds.
