A. C. Galt reported that the matter (From Friday's Daily.)

of convening a meeting of the executive of the Provincial Mining association here The communication forwarded by the during the celebration had been broachboard of trade to the Canadian Pacific ed, and that John Keen, president of is not calculated to accomplish the dethe association, would be here this week, sired end, according to J. S. Carter, to take the matter up in person. Under the head of decorations a brand district passenger agent, who is now new committee was formed as follows Lorne A. Campbell, Thomas Long, Robin the city. Mr. Carter is disposed to

characterize the wording of the letter characterize the wording of the letter in terms that are not precisely com-ert S. McKibbin, W. Harry Goodeve, Charles A. Barrett, Martin Salmon, Elplimentary and to attack the veracity of the statements contained therein.

No official reply has been made, but Mr. Carter has discussed the matter with several board members.

As a starter, Mr. Carter objects to the statement that it is dangerous to operate mixed trains on the run from

Rossland to Smelter Junction. He **GO OVER THE JUMBO** points out that the question of safety is one that the practical railroad man is best fitted to determine, and that the Canadian Pacific is not taking chance accidents that would wipe JOHN A. FINCH HERE TO EXout a year's revenue of branch in damages. Then he reents the statement that the train from Robson to Rossland is a "cattle train." In refutation he asserts that a scrutiny of the company's books shows only 11 cattle cars hauled over the branch since EQUIPMENT FOR MINE IF OUT-January 1.

Mr. Carter admits that the delays at Robson are trying, but he says the conditions have to be met, and he cannot figure out any scheme for overcoming the trouble. It is the company's intention, however, to handle passenger business next winter via Arrowhead, Nakusp, Roseberry, Slocan Lake, the Slocan branch and then to Rossland. This

would avoid the Arrow Lake section, city for the purpose of examining the which has caused the delays in past which has caused the delays in past Jumbo mine. Mr. Finch came in last to control the Conservative party in Carter agrees, that the heavy grade on night, and will be here until Sunday, this district. A glance around the Conthe Rossland hill precludes the hauling which is a somewhat longer stay than servative headquarters last night provof the heavy palace cars into the city. He has made in Rossland for a consideron the run, but argues that the matter able period. WOODMEN OF THE WORLD. -

SAMARITAN ENCAMPMENT-The regular semi-monthly meeting of Sa-maritan Encampment No 3 will be held this coming Wednesday at Odd Fel-lows' hall. The patriarchs have been very energetic during the past two weeks and have secured at least ten new members, all of whom will be ini-tiated into the Encampment at the next Business men who have just returne. from a visit to Crofton report much ac-tivity at the little smelter town. The big refining plant is being operated con-tinuously day and night. There are some 30,000 tons of ore at the smelter and a steady supply is going in from various points. The ore now being taken from the newly reopened Lenora mine is said to be very fine, running high in values. The Great Northern railway has es-

tablished a construction camp in the eastern extremity of False creek, thus

Mr. Sherwood says his purpose in coming to Vancouver is to organize, if possible, a company who will erect a local refining plant for the purpose of supplying the means of putting the British Columbia lead industry on a firm foundation. British Columbia is short not only of the total and the spin of the short not only of the short not short not only of the short not not s

LACROSSE COMMITTEE.

The sub-committee on lacrosse is convened for this evening at 8 o'clock Bros. to the summer carnival fund was in the central committee rooms. The

Nelson lacrosse club has placed the yesterday. value of \$300 on their services for the

day, which has occasioned surprise among the general committee, in view of the fact that the Nelson aggregation has been regarded as a purely amateur team animated by a desire to bring la crosse to the front in the Kootenavs

The stiff price they ask to come here smacks of professionalism and puts the Nelson club in the position of taking advantage of what they probably re gard as a local necessity. As a result, however, the committee is likely to leave Nelson out of the reckoning and from time to time. arrange for the Revelstoke men come. Revelstoke merely asks for
