The Frock May be
Straight or Flared!

The long unbroken line is always smart, but there is also great charm in the skirt that is gracefully flared by pleats or godets. Many silken frocks are enhanced by lace trimming, and the jabot front is also good. The values and qualities are so exceptional that we're certain that every woman who reads this announcement will respond.

ANNUAL MEETING BOARD OF TRADE

The annual meeting of the Board of Trade was held in the Town Hall on Tuesday evening and the following officers elected:
President—R. Corry Clark.
Vice-Pres.—D. S. Creaghan.
Sec.—Wm. Ferguson.
Treas.—G. G. Stohart.

Executive—Consisting of the four officers and Messrs. J. D. Creaghan, Walter Sutherland, David Ritchie, C. E. Fish, W. F. Smallwood, D. P. Doyle, Waldo Crocker, John Russell, A. H. Mackay, H. H. Ritchie and G. F. McWilliam.

The Board delegates to Ottawa on the Maritime Rights spoke of their trip and the reception they received from the Premier and our member, Mr. W. B. Snowball.

The matter of the Tracadie Railway was brought up and a letter read from Mr. W. B. Snowball stating that he had the assurance from the Minister of Railways that the line would be surveyed this year. A petition signed by over 1000 people advancing the cause of this Railroad, was presented by C. E. Fish and the secretary was instructed to send same to Mr. W. B. Snowball to be forwarded to the proper authorities.

A letter from Mr. Snowball also assured the Board that the contemplated improvements in our post office were provided for.

The Board again registered their protests against the train services on the Canada Eastern.

TO TOUR PROVINCE ON HEALTH MISSION

Miss H. Dykeman, director of public health nursing services in New Brunswick, has returned from St. Andrews' where she was in conference with the district nurse, Miss Hooper.

On Tuesday Miss Dykeman commences a provincial tour in the interests of public health work and will accompany Dr. Pequegnat to Toronto, who represents the National Social Hygiene Council of Canada. Dr. Pequegnat is assisting the New Brunswick Department of Health in forming the local health councils of laymen throughout the province.

It is hoped to establish in each community a local health council with three sub-committees to deal specially with tuberculosis work, child welfare and social hygiene.

Miss Dykeman will go to Chatham on Tuesday and will remain there for a day or two. The next centres at which the two public health workers will stop in their tour will be Bathurst, Campbellton and Fredericton.

EVENTFUL DAY IN CHURCH HISTORY

June tenth will be an eventful day in church history in Canada. On that day the first general assembly of congregations forming the continuing Presbyterian church will meet and on that day the general council of the New United Church in Canada will assemble in Toronto. The first meeting of the council of the United Church is composed of 150 delegates from the Methodist church and 49 delegates from Congregational Church.

There is no indication that either side of the church question will take any objection to the bill passed in the legislature, although both profess to be disappointed with some of the clauses in the bill. Rather than object both sides are keen to get ahead with the organization of their respective churches.

Canadian National Railways Earnings

The gross earnings of the Canadian National Railways for week ending April 7, 1925 have been \$4,069,497.00 being a decrease of \$274,283.00 over the corresponding week of 1924.

The gross earnings of the Canadian National Railways from Jan. 1st, to April 7, 1925 have been 55,595,951.00 being a decrease of 5,620,457.00 over the corresponding period of 1924.

LOCALS

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Montgomery McLeod of Nelson announce the engagement of their daughter Theresa May to Mr. L. Medley Flet. of Kenora, Ont. The marriage to take place early in May.

WILL MEET IN N. B.

The annual meeting of the Maritime Hardware Association will be held at St. Andrew's-by-the-Sea, N. B., next July, according to a decision of the executive held last week.

CURLER'S MEETING

A meeting of the Newcastle Curling Club was held last Wednesday evening in Town Hall, to consider the sending of a representative to a bonspiel to be held in Scotland next season. Further information is to be obtained and laid before a meeting of the curlers in the near future.

MINISTER OF AGRICULTURE HURT

Hon. D. W. Mersereau, Minister of Agriculture, met with an accident at his home in Fredericton Junction Easter Sunday which will incapacitate him for some time, probably the rest of the Legislative session. While walking from the house to the barn at his home he slipped and fell breaking a small bone in one leg.

All Presbyterian Ministers To Be Taken To Toronto

Arrangements Being Made
for First Congress on
June 10

According to present plans every minister of the continuing Presbyterian church will be brought to Toronto for the first general congress of that body which will be held June 10 next.

A committee of five will be appointed shortly by the Men's Association of the Presbyterian church to arrange transportation for the commissioners and other details in connection with the assembly.

WILLIAMS SAYS HE WILL GLADLY HANG

The Salvation Army held its second last Sunday service in the cell of Harry D. Williams at the York county jail Sunday. Williams informed Adjutant Wells who was in charge of the service; that he would be glad when April 23 came and he paid the penalty as a convicted double murderer. He was found guilty of killing his two nieces.

Two services are to be held by the Salvation Army before the sentence of death goes into effect, on Saturday and on Sunday, next.

WILL BECOME LAW ON FRIDAY NEXT

Approximately forty of the eighty-three bills, introduced at the present session of the provincial Legislature, will become law when they are assented to on Friday by Lieutenant Governor Todd.

Already thirty bills have received the customary "three separate readings" in the House and have been passed. It is understood that during the present week ten bills will be passed by the House and will be presented on Friday when His Honor visits the House for the first time since he officially opened the session on March 12th.

The Lieutenant-Governor's visit will be timed to follow the conclusion of Friday's routine, immediately prior to the week end adjournment.

IMMIGRANTS FOR NEW BRUNSWICK

On Sunday, F. E. Sharp, of Saint John, superintendent of immigration for New Brunswick, returned on the steamer Montrose, after completing a tour of the British Isles, Netherlands and Scandinavian countries in the interests of his department. He was working through the co-operation of the Dominion Immigration Department. The families which he had interviewed on the other side would be coming out soon he said; some of them next week and the rest in May. Several had considerable capital to invest in farming lands; and these would look around carefully before making their choice of new homes.

Mr. Sharp brought with him three boys for the Cosar Farm, near Gagetown, and one who was going to Montreal. There was also a woman who would go to the Cahadiah Women's Hostel while awaiting employment.

Mr. Sharp interviewed prospective settlers for New Brunswick and told the farming people there of the good opportunities awaiting them in New Brunswick. The work resulted in declared intentions on the part of many of coming here this spring. He was chairman of a meeting of the third class passengers; during the trip over and told them of the beauties; advantages and opportunities of New Brunswick.

E. S. Carter Quits The Telegraph-Journal

E. S. Carter, editor of the Telegraph-Journal since the amalgamation of the two papers, and previously editor of the Journal, has resigned, having decided to give up newspaper work.

Tid-bits on the Tip of Everybody's Tongue

Vol. 2 No 15 NEWCASTLE, N. B. APR. 14 1925 FREE

Revolving Ovens

The ovens in which Moira Cream Soda Biscuits are baked are of the revolving type. They are huge enough to hold 1102 biscuits at a time which are held at a temperature of 500 degrees until they reach the right taste and enticing appearance that makes them so attractive.

It takes nine men to knead the biscuit dough, cut and feed it into each oven and it keeps six girls busy packing them in to the containers. Others are employed in further operations.

Thus the popularity of these biscuits means employment for part-time people.

"BUY AT HOME"

Canadian Trade Has Benefited

By Increased Demand for Spring Specialties.

New York, April 6.—Retail trade in many points has benefited by the increased demand for Spring specialties incident to the approach of Easter, but in wholesale departments, although an improving tendency is reported by some important centers Canadian business, as a whole, is still featured by considerable conservatism on the part of buyers, according to dispatches to Dun's Review from branch offices of G. R. Dun & Co. in the principal cities. Prospects, generally, however, are considered encouraging, and a well-defined feeling of confidence in the future widely prevails.

Montreal reports that the approach of Easter has stimulated retail demand for clothing, millinery, footwear and other seasonal specialties, and in wholesale lines while orders are unusually moderate in size, perceptible signs of improvement in many directions are appearing. Collections are somewhat better.

Easter buying has helped retail trade at Quebec, and in some wholesale departments orders have displayed an improving tendency. These orders, however, are confined mainly to dry goods, millinery, wearing apparel, footwear etc., and a full measure of activity is not looked for until after navigation is fully resumed. Collections show a little improvement.

Belief in an early opening of Spring and the approach of Easter have stimulated business in many lines at Toronto. Wholesalers report a steady run of orders for seasonal specialties, including dry goods, clothing, millinery, footwear furniture, hardware, paints, stationery and farm supplies, and indications are thought to be favorable for an active movement of all kinds of merchandise during the next few months. Collections show improvement.

No essential change in business conditions in the Far West and Northwest is yet apparent, for, while a moderate improvement in orders is reported by some centers, buyers, as a rule, still confine their purchases to current requirements, and do not extend their operations very far into the future. Collections remain rather slow.

Blemishes Of The Skin

Are Proof The Blood is in a weak and Watery Condition.

One of the surest signs that the blood is out of order are the pimples and unsightly eruptions that break out on the face or body. The same condition is indicated by an attack of eczema or scurf. You cannot get rid of these troubles by the use of purgative medicines, as so many people try to do. Purgatives merely gallop through the system and leave it still weaker. What is needed when the blood is shown to be out of order is a tonic which will restore its missing elements and leave the blood rich and red. For this purpose there is no other tonic can equal Dr. Williams' Pink Pills, every dose of which helps enrich the blood, drives out impurities, and brings a new feeling of health and energy. Mrs. R. E. Bishop, Hawthorne Ave., Hamilton, Ont., tells for the benefit of others what these pills did for her. She says:—"I was suffering terribly from scrofula—doctored with several doctors, but with out success. My complexion was shallow, I had no strength, feeling very weak and languid. My neck was full of lumps called scrofula, and at times they were very painful. After trying several so-called blood medicines, Dr. Williams' Pink Pills were recommended to me and I got half a dozen boxes. After taking them I found a decided improvement in my appearance, and to my joy the lumps were disappearing from my neck. I persevered in the treatment, and finally the only sign left of the trouble was a scar on my neck where one of the swellings broke. Since that time I have been in robust health and heartily recommend Dr. Williams' Pink Pills to any suffering from impure blood."

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

AMENDMENT OF CHURCH UNION ACT

Mystery About Bill Before Legislative Committee.

FREDERICTON, April 8.—There is an air of mystery about the legislature regarding the anti-Unionists bill to amend the Church Union Act, which was before the corporations committee yesterday morning and referred for private consideration.

The corporations committee held a private session after hearing both sides, and it was afterwards given out that the Church Union Amending Bill "stood for further consideration"—that was all. Some reports were even given out that the committee had been busy with other bills.

As a matter of fact, however, the committee spent some time considering the Church Union Bill, and it is correct that it will be further considered. Meanwhile, however, all members of the committee, of both sides of politics, are extremely reticent to discuss the matter. The impression prevails that they are all looking for an easy way out.

It is admitted that there has been a secrecy pledge; and it is a fact that there are fewer "leaks" than usually exist following so-called private sessions on contentious matters.

Reports that the Corporations Committee had decided to refer the bill to the law committee were denied today; but that was all the information that could be obtained. Nobody would vouchsafe what action the committee will finally take. It was said that the Corporations committee would decide the question whether the bill was ultra vires; as claimed by counsel for the advocates of Church Union.

Presbyterians Held Conference At Truro

Decide to Continue Church Relations With Pictou Academy.

TRURO, N. S., April 8.—Over 200 lay and clerical delegates, representatives of the various congregations of continuing Presbyterian churches in the Maritime Provinces met in conference here yesterday in St. John's Anglican church as the Provincial Maritime Synod of the Presbyterian church Association.

Rev. Robert Johnson, of New Glasgow, presided and Rev. F. G. McIntosh of Island, Pictou County, and Rev. P. M. McGregor, of New Glasgow, were appointed secretary and treasurer respectively. The association decided to continue church relations with Pictou Academy and to send delegates to the Pan Presbyterian conference to be held at Cardiff, Wales, in June; 1926.

Rev. D. McOrdrum, of Halifax, speaking on behalf of the home Mission board stated that in Nova Scotia twenty-five ministers and twenty-four students would be required and that the board had 107 students available.

The conference concluded last night with a public meeting addressed by representative clergymen from the three Maritime Provinces.

MADE IN CANADA

Object To Dam On Tobique River

At the monthly meeting of the Saint John branch of the N. B. Fish and Game Protective Association, held Monday night, the president, D. King Hazen was in the chair. The proposal to place a dam on the Tobique River was discussed and it was decided to communicate with the Provincial Government and register opposition on the grounds that it would prevent salmon from reaching the spawning grounds and cause a great injury to the Bay of Fundy fisheries.

It was reported that 50,000 trout fry would be allotted to the Musquash River in June. The annual meeting of the association will be held at Fredericton April 16.

Do Long Legs And Red Hair Mean Brains

Dr. W. H. Sheldon, University of Chicago psychologist, will undertake to answer the question whether a man with long legs and red hair has more brains than a short-legged blonde man. Prof. Naccarati of Columbia, University advanced the theory that, as a rule, long legged men have the greatest brain capacity. Scientific trends tend to support the theory, Dr. Sheldon said. He will measure 400 men at the University of Chicago as "anthropological indices," who also will be graded for mental capacity, and the physical and mental indices compared.

Department Change Hits 1200 Civil Servants

Some 1,200 civil servants are the process of being eliminated from the Federal Government payrolls, as a result of the absorption of the income tax branch of the Department of Finance by the customs department.

The transfer of the income tax branch from the jurisdiction of the minister of finance, which was authorized more than one year ago by an order in council has been proceeding quietly but officially dates from the first of the month.

The annual salaries involved and which may be entirely paid from the federal wage bill aggregate some \$1,500,000 it is estimated.

TO SLASH PAYMENT

Canada Will Reduce Subsidy to South African Ship Lines to \$100,000

OTTAWA, April 8 The government's subsidy to the Canada-South Africa Steamship Line will be cut this year from \$125,000 to \$100,000 it was stated in the House of Commons today in answer to a question.

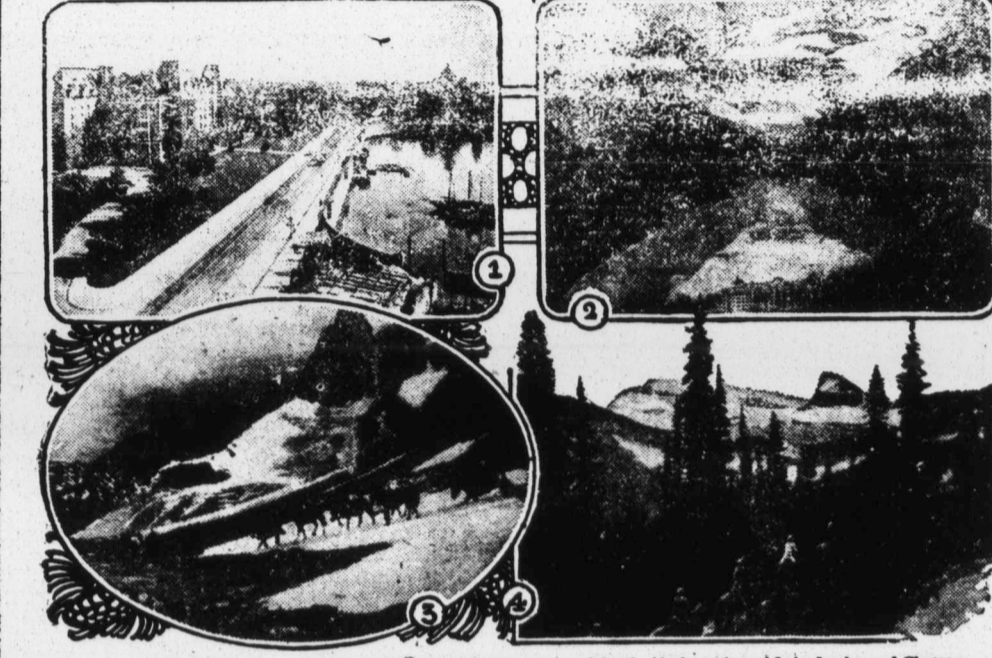

Traffic carried by this line to South Africa during the last four calendar years amounted to \$20,007, 483 from Canadian ports and \$3,795, 398 from United States ports.

"Worth \$100 to Me Relieved Eczema and Piles"

Mrs. Peter A. Palmer, Saltburn, Sask., writes: "Dr. Chase's Ointment has completely relieved me of eczema and piles. I also used this Ointment for my baby, who broke out in eczema. A few applications were all that was necessary in her case. Dr. Chase's Ointment has been worth a hundred dollars to me,—before using it I had spent a great deal more than that in unsuccessful treatment from doctors. We have also used Dr. Chase's other medicines, the Nerve Food having restored my health after suffering from severe nerve trouble when a girl."

Dr. Chase's Ointment
60 cts. a box, all dealers or Edmondson, Bates & Co., Ltd., Toronto

Bringing the West to the East

1—Empress Hotel, Victoria, with dome of House of Parliament on right; 2—Airplane view of Lake Louise and Chateau; 3—Crossing the Wolverine Pass in the Rockies; 4—Trail Riders in the Yoho Valley.

Not the smallest part of the education of a Canadian Teacher should be a knowledge of the Dominion, derived from personal contact with its vast areas. When in addition the West is brought home to the East by a tour covering most of the former's points of interest, commercial, agricultural and scenic, then a very valuable addition to one's knowledge of one's own country has been consummated.

This is the object of the 21-day tour of Canada which is now being arranged by the Canadian Teacher's Federation in repetition of their very successful similar trip last summer. The party will leave Toronto west-bound July 10 and will be back in that city August 10. It will be under the personal direction of Professor Sinclair Laird, Dean of the School for Teachers, MacDonald College, Quebec. The journey out and return will be over Canadian Pacific Railway lines, motors and boats and stop-overs will be arranged at points of interest.

Starting from Toronto in the afternoon, the train passes through a land of beautiful lakes, the Muskoka region, reaching Sudbury and continuing through the big game district of Northern Ontario and skirting the shores of Lake Superior for many miles before arriving at Port Arthur and Fort William, the twin cities where most of the western grain is stored. A day is spent in Winnipeg, the centre of the greatest grain marketing and inspection point in the Empire. Half a day is spent in Regina and Moose Jaw is reached the same day.

Then on to Calgary where the last of the prairie country is covered and the foot hills of the Rockies commence. Passing next day through the Gap, the gateway of the Rockies, where the roadway is hewn through the solid rock, Banff is reached on the first Saturday of the trip.

At this point the traveller enters fairyland. Banff is the headquarters of the Rocky Mountains Park, a region of 2,751 square miles, covering rivers, lakes and mountain scenery of unsurpassed grandeur. The weekend is spent in this district. Drives and automobile trips here make a pleasant contrast with the train journey and the wonderful sights will live long in memory. There is Lake Louise, an exquisitely colored limpid mirror of glaciers and snow-crowned peaks and the brilliant blue of the sky with its argosies of fleecy clouds. Mounts Stephen, Chancellor and Sir Donald rise into view as the Great Divide is crossed and the marvelous Yoho Park is traversed. Canyons, caves, valleys, deep gorges, passes twinkle past the train in its journey which is sometimes slowed up to admit of a more lasting impression. The scenery is so perfect that to avoid missing any the train does not travel at night and continues its journey at dawn. For 250 miles it passes through the Great Canyons of the Thompson and Fraser Rivers and the long day of fifteen hours is one unbroken pasture of delight. Vancouver is at last reached and a short but interesting boat trip is made across the straits of Georgia to Victoria with a panoramic

view of beautiful islands, bays and rocky headlands and the snow-capped mountains of the Coast ranges and the Olympics as a background.

The return journey takes us through the Cascade Mountains and the Kelowna Valley to Nelson, commercial centre of the Kootenay district. An overnight journey ends at Lake Windermere where after a trip to the Camp there is a motor run of 104 miles over the newly completed Banff-Windermere Highway through awe-inspiring scenery. Saturday, Sunday, Monday and Tuesday—four full days—are taken up with the above. Then commences the trip across the prairies to the head of the lakes which is reached via Edmonton and Saskatoon to Lake of the Woods district. A full 24 hours is spent among the sights of this wonderful Lake district and then the trip goes on to Fort William. From this point the journey is continued by boat through Lakes Superior and Huron to Port McNicoll whence Toronto is reached four hours later, and the trip completed.

It is difficult to conceive of a more healthy or a more diversified holiday than the one outlined above. In addition it brings home to the participant the glory of Canada in a way that is unequalled in so short a time. No one can take such a trip and not return from it bigger, wiser, more conscious of Canadian nationhood. And such an experience must of necessity be invaluable for those whose profession it is to teach the next generation of Canadians.

Robin Hood Flour to the Front

Purchase Your Flour NOW

In a recent baking Contest held in St. John by the Telegraph-Journal, 756 loaves of bread were submitted to the judges. After more than three hours concentrated attention the number of loaves to be judged was reduced to 30, and of these 30, a loaf baked by Mrs. Joseph Harrington 41 Cranston Avenue, St. John and made from ROBIN HOOD FLOUR was awarded first prize.

This is a great compliment to ROBIN HOOD FLOUR and there is no reason for any householder to be without the very best bread obtainable, if ROBIN HOOD FLOUR is used.

The Maritime Produce Co. of Newcastle are agents for ROBIN HOOD FLOUR and special inducements will be given purchasers.

FIRST VENTURE WAS VERY SUCCESSFUL

Concert Programme Broadcast by C. N. R. A., of Moncton.

On Tuesday evening the excellent concert programme broadcasted by C. N. R. A., Moncton, from the Pythian Castle, Saint John, was sent by telephone to Moncton, where it was given out over the air at the sending station and was heard to perfection in Nova Scotia and New Brunswick centres.

The venture was so successful that it is likely that St. John will figure frequently as a broadcasting centre in the future.

George A. Wright, broadcasting manager for CNRA, conducted the concert and Gordon Olive, of the radio department of the C. N. R., was the operator. Dr. P. L. Bonnell, baritone, was directing the programme and was one of the performers. Others taking part were Josephine and Nellie Lynch, Misses C. Lewis, Blenda Thompson, Mrs. M. A. Quinlan, Mrs. L. M. Curren, Mrs. F. G. Spencer, J. M. Barnes, and William MacGowan. In the early part of the evening local radio fans were unable to get the concert.

The Doctor Knows

Doctors who know Minard's by the work it does are unhesitating in their praise of its healing and soothing qualities.

Dr. J. M. King, M.D., of St. John, N.B., writes: "I have frequently used Minard's Liniment and also prescribe it for my patients always with the most gratifying results, and I consider it the best all-round Liniment." C. A. King, M.D., also recommends Minard's in the following words: "I have used Minard's Liniment myself as well as prescribed it in my practice when a liniment was required, and have never failed to get the desired effect."

MINARD'S "KING OF PAIN" LINIMENT

Here and There

"Canada has a fine record of musical and artistic students who work under the auspices of the Royal College of Music," says Sir Hugh Allen, director of the London institution, who is making a tour of Canada in the interests of the College.

Canada exported 143,592,500 pounds of woodpulp during February, of which 133,891,000 went to the United States and to Great Britain, none. Our newsprint exports had a monetary value, in the same month of about seven and a half million dollars.

Two hundred and sixty thousand acres of land in central and northern Alberta will be settled by the British Land Settlement Corporation, it is announced. They are located north of Edmonton and from north of Vermilion to Wabunan, west of Edmonton.

Approximately 750,000 tourists, apart from delegates to conventions, visited Montreal last year by railway, steamer and automobile, according to an estimate compiled by the Montreal Tourist and Convention Bureau. It is anticipated that the influx for the current year will be even greater.

Geraldine Farrar, famous prima donna, who gave a recital of Carmen in Ottawa and Montreal recently, had a run in with the U.S. Customs at the border on her return to the United States. It was claimed that champagne and fine wines were found stored in the piano of her sumptuous private car, but the great singer says it was only near-beer.

England's great military spectacle, the Aldershot Military Searchlight and Torchlight Tattoo, which is held annually in aid of the Aldershot Command Charities, is being presented this year from the 16th to the 20th of June and will, as usual, be contemporaneous with Ascot Week. The special feature is to be a Pageant of Battle which will recall some of the famous engagements of the British Army. Nearly 100,000 patrons attended last year.

To enable French-Canadian students to become acquainted with Western Canada, the Universite de Montreal has organized a 28-day trip to the coast from Montreal next July. They will pass through Winnipeg, Regina, Moose Jaw, Calgary, Edmonton, Banff, Vancouver and Victoria, with stop-overs at Lake Louise, Field, Glacier, the Fraser Canyon and other beauty spots of the Canadian Rockies.

Student tours, operated by the Canadian Pacific in conjunction with McGill University, are to be extended this summer to include students from the British Isles. Heretofore, these tours have been restricted to scholars in other parts of Canada and in the United States. As Montreal is regarded as an ideal centre for the study of the French language, it is anticipated that the new project will attract many visitors to the Canadian metropolis.

The body of Dr. Sun Yat Sen, President of Southern China lay in state in a wonderful blue-tiled old Temple near the "Altar of Heaven," during the long drawn out ceremonies at Peking attendant upon his interment. Through the courtesy of the government the bier was viewed by a large party of Canadians and Americans touring the world on the Canadian Pacific S.S. "Empress of France." They were also invited to attend the final burial rites which, with a wealth of colorful Chinese ceremony took place later in the Western hills.

Good Roads Mean Cash Dividends

It has been stated that American motorists cash in a yearly dividend of ten per cent on the capital invested in the improved highways of the country.

This dividend actually goes into the pockets of the motorists and represents the difference between the cost of motor vehicle operation over unimproved and improved highways.

A recent survey made in Kentucky shows that there is on the average a saving of two and a half cents a mile in the cost of operation over improved roads and highways. It has been estimated many times that the average car runs approximately 6,000 miles a year. A saving of two and a half cents a mile for 6,000 miles amounts to 150 a year. For seventeen million automobiles, this means a saving of \$2,500,000,000 a year on gasoline, tires, parts, upkeep, renewals and all phases of operation.

Improved roads in New Brunswick also mean much to local motorists and in addition to the saving resulting are of a direct benefit to the province on account of the increased tourist traffic.

The study made by the Iowa States Colleg, the Iowa Highways Commission and the Bureau of Public Roads showed that the gasoline consumed on a paved road was only approximately one-half the gasoline consumed on a dirty road per unit of traffic.

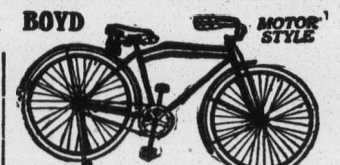

While there are very few sections of paved roads in the province, nearly all roads have been greatly improved in the past few years and undoubtedly the saving to motorists has already amounted to a considerable sum.

C. P. STORY DENIED

No Changes Pending Among Leading Officials Wire Beatty to B. C.

VANCOUVER, April 9—In view of persistent reports circulated through out Canada that important changes were pending in the personnel of leading officials of the Canadian Pacific Railway, the Province today wired Mr. E. W. Beatty, president, asking for confirmation or denial. His reply was as follows:

"The rumors of changes among the company's high-officials as reported are entirely without foundation. None are in contemplation. You are at liberty to publish an emphatic denial."

Session May Last Until May 1st.

Members of the legislature may have a May-pole this session before the House is finally prorogued. Not since 1915 has the legislature been in session on May 1st, but it will be a close race this year and Premier Veniot admitted it would be "about the first of May" before the House can be expected to be finished.
In 1915 the session opened on March 11th and continued until May 5th, but the latest session ever held was that in 1917, preceding the general elections when the House sat

House At Chatham Mill Plant Burned

The fire house at the J. B. Snowball Company's planing mill was completely destroyed by a fire which broke out about 1 o'clock Sunday morning. At one time it seemed as if the fire would spread as there were several lumber piles in the immediate vicinity as well as a number of boats lying in the company's shipyard nearby. The valiant efforts of firemen confined the fire to its original location so that the adjoining building containing the machinery was practically unscathed. The boiler in the firehouse was not greatly damaged. The loss is covered by insurance.

Prescribed By Board Of Education

The History of Madawaska, by Rev. Thomas Albert, of Shippegan, has been prescribed by the Board of Education as supplementary texts. These booklets deal with outstanding events and personages in Cahadiac history. The history of Madawaska is the first county history which has been completed for New Brunswick.

Want U. S. A. TO Redeem Civil War Pledges

Those British whose fathers and grandfathers lost their pounds in the wreck of the Southern Confederacy and who want the British Government to do something in the way of salvage operations had their innings in the House of Commons last week.

The usual question was asked: "What is the British Cabinet going to do about it?" Foreign Secretary Austen Chamberlain made the usual answer, that "nothing could be done."

The proceedings were somewhat chilled over the usual routine suggestions as to how investments in pre-civil war and "carpet bag" State governments of the South are to be realized upon. Lady Astor expressed the opinion that, now that the Southern States have prohibition they may have more money for the redemption of pledges.

NUMBER 99 DIVISION S. O. T.

On Monday evening the members of Nelson No. 99 Division of the S. O. T. met in their hall at Millerston after the usual opening service the report for the quarter ending March was read, which revealed an increase of 27 members. Mr. Thomas A. Clark P. G. W. P. then took charge and installed the officers for the next quarter as follows.

- W. P. Rev. Robert M. Brodie
- W. A. Miss K. McCullam
- R. S. Miss D. Parker
- A. R. S. Miss R. Carter
- F. S. Miss A. Miller
- A. C. Miss A. Manderville
- I. S. Mr. R. Manderville
- O. S. Mr. H. Manderville

The elected chaplin and the conductor could not be present, they will be installed at the next meeting namely: Mr. L. Manderville and Mr. W. McKeil. Mr. John Betts, D. G. W. acted as Grand Conductor. After the installation short addresses were given by W. P. the Rev. Robert M. Brodie, Thomas Clark, Rev. W. A. Brown, John Betts, and the P. W. P. Alward Crocker. At the conclusion of the session the members practised for a concert and play they are giving on Easter Monday in the Millerston Hall.

Ask Canada's Aid In Battling Move Against Industry

Potato shippers and dealers in New Brunswick and Prince Edward Island are making a concerted effort through all possible channels to have the Dominion Government act to prevent a move in Havana, Cuba, that would affect bar Canadian potatoes from Cuban ports. The shippers have received word from an authoritative source that an agitation is on foot to have the President of Cuba pass a decree giving the sanitary authorities full power to refuse entry to any Canadian potatoes which are supposedly of bad quality.

They take this to mean that the sanitary inspectors there would have the right to turn down cargoes that are not necessarily of poor quality but which they might "suppose" to be poor.

This decree, if made, would bring disaster on the potato buyers, shippers and growers of the province, they declare; it would mean that no shipper could possibly consider sending Canadian tubers to the Cuban market as he would be entirely in the hands of the inspectors there and would be forced, if the cargo were refused to return the shipment to Canada or to dump them into the sea. He would not be allowed even to give away this product.

With a large portion of New Brunswick, record crop of potatoes still in the province, the closing of the last big market open to local shippers would mean that the New Brunswick growers would be forced to throw away what they have on hand and the buyers would have to follow a like course or depend on western shipments to take care of the large stocks already on hand.

Higher Slack Coal Duties Are Wanted

OTTAWA, April 8.—A delegation headed by D. MacKay, of Montreal; and claiming to represent "the masses" of that city appeared before Hon. James A. Robb, acting minister of agriculture and Hon. James Murdock minister of Labor, this afternoon and protested that the increase in the tariff on slack coal was not enough.

Sunny Corner Notes

Friends of Mrs. Belle Matchett who is seriously ill at the home of her son, Mr. Hiram Matchett, will learn that her condition shows little improvement.

Miss Edna Nolan has returned to her home after a pleasant visit with relatives in Trout Brook.

Mrs. B. Dunnett and Mrs. H. Whitney called on friends here recently. Miss Mable Bell of Nelson is visiting Miss Mary B. Nolan.

Miss Audrey Mutch spent last week with Miss Jean Tozer.

Mr. Minto Harris of Seville spent Sunday evening with friends here.

A number of friends of Mr. and Mrs. William McAllister gathered at their home on Monday evening and tendered them a surprise party in honor of their thirtieth Anniversary; a very enjoyable evening was spent dancing being the chief amusement; a sumptuous supper was served to some sixty guests. During the evening they were presented with a very dainty crystal set. The presentation was made by Misses J. McAllister and A. Mullin and the address was made by Miss A. Mutch.
Though taken by surprise they

J.D. Broadcloth Co. LIMITED

thanked their friends in a few well chosen words and the following address was presented.
Dear Mr. and Mrs. McAllister:—
We your friends and relations have gathered here this evening; to extend to you our heartfelt good wishes; the occasion being your thirtieth anniversary; and as the year past has dealt to you its joys and pleasures; may it continue to do so in the future; and as God has blessed you in the past; may he shower more blessings in the days to come to you both.
Perhaps the time seems short, but we hope we shall all be able to come here again to spend another happy evening; we feel we cannot let this opportunity pass, without expressing in some way the high esteem in which you are held.
Kindly accept this crystal set which, we trust, through its use will refresh your minds the memories of happy days gone by; and your many friends; we all join in wishing you many many more years of happy wedded bliss; and we sincerely pray that our heavenly Father may abundantly bless you and your family and good health; happiness, success and prosperity may be your portion and that God may be with you, till we meet again.
Signed on behalf of the Group;
PERLEY E. TOZER.

WITH THE BOY SCOUTS

SCOUT NOTES

Boy Scout Troop 119 met as usual last Friday evening. The greater part of the evening was taken up with the receiving of reports, concerning the entertainment of the previous evening. The entertainment was a pronounced success, the net receipts amounting to about \$55.00. After all reports had been received the rest of the evening was spent in games, etc.

OBITUARY

MRS. JOHN NEWMAN

The death of Mrs. John Newman, wife of the late John Newman, occurred last Monday at the home of her nephew, Wilfrid Gorman, South Nelson, with whom she resided. She had been ill about two months and leaves to mourn one sister, Mrs. Catherine Gorman the last surviving member of a highly respected and well known family on the Miramichi. The funeral was largely attended and was held Wednesday morning from her late residence. Requiem Mass was celebrated by Rev. E. P. Wallace and interment was in St. Patrick's cemetery.

MRS. Wm. OGILVIE

An old and respected resident of Doaktown, Mrs. William Ogilvie, sr., passed peacefully away at her home on April 2nd. Mrs. Ogilvie, who was formerly Miss Mary Baskin of Donegal, Kings county, moved here with her husband 40 years ago and since then made many friends as her kind disposition endeared her to all who knew her. She was 75 years of age and is survived by her husband and four children, two sons, Bradford and William, and two daughters, Mrs. Robert Nelson and Miss Bertha, at home. One son, Frederick, died 11 years ago. He was a railroad man and was accidentally killed in the west. The funeral was on Saturday and was largely attended, interment being made in the family plot of Doaktown rural cemetery. The service was conducted by Rev. A. Firth, assisted by Rev. A. A. Rutledge. The pallbearers were George Wathen, Frank Russell, Vernon Weaver, Lawrence Underhill, Frank Ray and Cleveland Price. The floral tributes were beautiful.

MISS MARY SAUNTRY

Many friends will be deeply grieved to learn of the death of Miss Mary C. Sauntry at the Saint John County Hospital Friday at the age of 17 years. She was the eldest daughter of Daniel and the late Bridget Sauntry of Nelson, N. B., and had been a hospital patient for only a short while. She leaves her father, one brother, Frank at home, and two sisters, Alice, at home and Catherine, at Attleboro, Mass. The body was taken to Chatham for burial. Miss Sauntry was a talented pupil at the convent and very popular with her young friends.

MRS. ALVIN JOHNSTON

The death of Mrs. Alvin Johnston of Nordin occurred Sunday April 12th at her home after a lengthy illness, aged 31 years. She is survived by her husband and four small children; also her father, Duncan Stewart and one brother, William Stewart of Nordin. The funeral will be held Tuesday afternoon at 2.30 o'clock. Service at the house at 2. Interment at St. Marks cemetery, Douglstown.

FACTS ABOUT TEA SERIES—No. 3

Mountain-Grown Teas Best

The tea plant grows best in the pure cool atmosphere of a mountain tea garden. The higher the garden, the finer, and more delicious the flavour of the tea. This is partly due to the clear sunshine on a high mountain side, partly to the more invigorating air, partly to the more frequent rainfall and perfect drainage. The largest and roughest leaf grown at an elevation of 7000 feet is much superior in flavour to the tiniest tip grown only 2000 feet above sea-level. All teas used in the "SALADA" blends are grown from 4000 feet to 7,500 feet elevation. The trademark "SALADA" is a guarantee of quality.

"SALADA"

FOR
Rheumatism

ASPIRIN

Proved safe by millions and prescribed by physicians for

- Rheumatism
- Colds
- Headache
- Pain
- Neuralgia
- Toothache
- Lumbago
- Neuritis

Safe → Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Monocyclic acetylsalicylic acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Assuring Your Business

A policy of advertising is a policy of life assurance, and the protection thus secured is well worth its annual cost.

Old customers die or move away—they must be replaced.

Old customers are subject to the influence of temptation—they may be induced to divide their custom—to do some of their shopping at a competitor's.

New comers to this community will shop with you—become regular customers—if they are invited to do so.

Your competitor's advertising is an influence which must be offset if you are to maintain your trade.

Not to advertise regularly to the readers of the UNION ADVOCATE is to leave your business unprotected.

A WORD TO THE PUBLIC

It is no sign of weakness to follow the lead of advertising. You owe it to yourself to get the most for your money, the best goods and the best service. And if you find that your inclination is to shop where you are invited to shop rather than to continue to be a customer of the shop which never solicits your good-will you need have no compunctions of conscience.

Shop Where You are Invited to Shop

Saint John's Position

In the course of his speech in the Legislature on Tuesday J. D. McKeppna, M. P. P., said:

"It is suggested that it would be in the interests of the people of this province to have railway connection between the C. N. R. system and United States roads by constructing a branch line from Kingsclear. Some opposition to this has been manifested in the city of Saint John. I am here to say on my own behalf, that I think the time has come in this province, when the city of St. John, in its own interest, must recognize that it cannot hope to derive all the advantages, all the time, from projects which may be suggested for the upholding of this province. And that it must take into consideration the fact that other communities are just as jealous of and zealous for their advancement as the people of Saint John may be of and for theirs."

Predicts Big Rise in Rubber Prices

Washington, Apr. 4—Harvey S. Firestone asserted here today that the British rubber restriction is again threatening progress and development of highway transportation and may increase the price of rubber tires to American motor owners from \$100,000,000 to \$300,000,000 this year.

In 1922 the British Colonial Office was instrumental in the enactment of legislation limiting production and exportation of rubber from British possessions, allowing only 60 per cent of normal production to be exported. The price of rubber, which was then 15 cents a pound, advanced to 37 cents within a short time.

Restriction was very rigidly applied, Mr. Firestone said after Winston Churchill became Chancellor of the Exchequer in England last year.

"It was only natural to expect Lord Churchill to use his power looking to the rigid enforcement of the Restriction Act," said Mr. Firestone, "as he was Colonial Secretary at the time the legislation was enacted."

New Comet Has Been Discovered

Lucien Orkish, assistant astronomer at Cracow University, has discovered a new comet. His find has been confirmed by Copenhagen Observatory.

The comet is visible through small telescopes. This is the first time such a discovery has been made by a Polish astronomer.

A CHILD'S RIGHT

Just as a child's heritage ought to be robustness, so has a child the right to sound bones and teeth. Everything depends upon the quality of a child's diet.

Scott's Emulsion

is vitamin-nourishment, that should in most cases be a part of the regular food allowance.

Scott's Emulsion abounds in those elements that have a favorable influence on the bone-structure and builds strength.

Scott & Bowne, Toronto, Ont.

BETTER IN EVERY WAY

After Taking Lydia E. Pinkham's Vegetable Compound

Ingomar, N. S.—"I took your medicine for a run-down condition and inward troubles. I had pains in my right side so bad at times that I could not walk any distance. I saw about Lydia E. Pinkham's Vegetable Compound in the newspapers and have taken five bottles of it. I am better in every way and you can use my letter to help other women." —Mrs. ALVITA M. PESKY, Ingomar, N. S.

Nervous Breakdown Relieved

Toronto, Ontario.—"It is pretty hard to explain your feelings in nervous troubles. I felt low spirited, had pains in my head and eyes, always crying, and did not want to go anywhere. I got knitting and fancy work, and I would get irritable after a few minutes of work. I have been in Canada five years and have been this way ever since I came. I am taking Lydia E. Pinkham's vegetable Compound and I sleep better and it seems to make me eat, and I must say I am feeling more jolly. I have great faith in your medicine because of what it has done for my husband's sister and she recommended it to me." —Mrs. A. SMITH, 10 Burleigh Avenue, Todmorden, Toronto, Ontario.

All druggists sell this dependable medicine, and women suffering from these troubles so common to their sex should give it a trial now.

A Music Festival

Seventy-five thousand spectators are expected to attend the Philadelphia Music Festival, June 3. There will be a massed chorus of 2,200 voices solo singers from the Philadelphia Civic Opera Company; eighty players from the Philadelphia orchestra and 1,000 amateur bandmen. Forty choral and other musical organizations will take part. The programme as at present outlined will include the second act of Aida, using the chorus of 2,200 singers and a ballet of 500, under the direction of Alexander Smallens. The massed choruses will sing: The Heavens Declare, by Beethoven; Land of Hope and Glory, Elgar. America and a Bach chorale. The 1,000 amateur bandmen will be directed by John Philip Sousa.

MAY SHIELD BEARS TO SAVE FORESTS

FREDERICTON, April 9 A closed season on hunting bears from May until November each year is proposed under the provisions of a bill introduced in the Provincial Legislature to-day by Hon. Dr. Hetherington. The object of the bill, it was stated, is not to protect the bears, but to help lessen the forest fire menace, not that the bears are suspected of causing fires but many people have been using bear hunting as an excuse for being in the woods at a time when the forest fire hazard is at its worst and it has been found that the fewer hunters, campers and others in the woods, the fewer the chances of fires originating and causing tremendous damage to the Crown lands as well as privately owned land.

**8 Hour Day Asked
For Nova Scotians**

HALIFAX, April 9— An
eight-hour-day bill was intro-
duced in the legislative assem-
bly this afternoon by Joseph
Steele, Lator, Cape Breton,
applicable to the building
trades and steel plants.

FIRST FOREST FIRE

The first forest fire occurring this
season in New Brunswick, has been
reported to the Forest Service of
the Crown Land Department at
Gilman's Siding, 10 miles from St.
Stephen. It covered about an acre
before being placed under control
and finally extinguished.

Here and There

Glass tubes filled with water are
used as incubators for trout eggs
at the Ontario Government Hatch-
eries.

Designed to prevent mildew, a
Californian has invented a device
which sprays wet or dry sulphur
over grape vines.

More than 36 tons of food are re-
quired daily to feed hogs on a
California ranch and it is distrib-
uted by means of an electric rail-
way using side dump cars.

The light producing apparatus of
the glow worm and firefly is said
to be the most efficient in the world.
The glow worm light is eighty times
more efficient than a tungsten
lamp.

Construction of a million and a
half dollar factory building has
commenced in Cornwall, Ont.,
which, when completed, will give
employment to 500 hands. Arti-
ficial silk will be manufactured
from pulpwood.

Crossing from Chertbourg to Que-
bec in 5 days, 19 hours, the Cana-
dian Pacific S.S. Empress of France
created a new record for the trans-
Atlantic voyage. Her average speed
on the record run was 20.155 knots.

Montreal officers of the Dominion
Express Company state that the
strawberry shipments this year have
been much heavier than heretofore.
The Ontario crop ripened quickly,
but was easily disposed of.

Albert Government wolf-hunters
will this season again penetrate the
barren land and wage war on the
timber-wolves which prey on the
caribou herds. Last season the
hunters killed of several hundred
of the predatory beasts in the coun-
try north-east of Great Slave Lake.

Beginning in the Autumn, Ger-
man express trains will be equipped
with combination radio and wire-
less telephones, enabling the send-
ing of wireless messages, telephon-
ing and the giving of radio concerts
while the train is travelling at a
high rate of speed.

A world's record for his senior
two-year old Holstein, Flesian
Heifer, Williamsburg Pontiac, is
claimed by Dr. M. W. Locke, Wil-
liamsburg, Ont., as a result of a 30
day test sawing production of
2,738.5 pounds of milk and 113.82
lbs. butter fat, equivalent to 148.5
lbs. of butter.

The official Railway Guide, in
commenting on the Air service
which connects with the Canadian
Pacific Railway at Angliers says:
"As far as we are aware this is
the first instance on this continent
where interchange of passenger
traffic between railways and air-
planes has been established.

In his address to the Associated
Advertising Clubs of the World, at
Wembley, July 17th, E. W. Featty,
president of the Canadian Pacific
Railway stated that the amounts
spent on colonization by the Cana-
dian Pacific Railway and the Cana-
dian Government from the year
1881 totalled respectively \$67,000,
000 and \$35,000,000.

During the last four years the
Canadian Pacific Railway has
handled some \$5,000 west-bound
barrelers. Last year this company
inaugurated the lunch-counter car,
which afforded facilities hitherto
unknown, and, although perhaps
not as a direct result of this in-
novation, over 26,000 men travelled in
special trains over Canadian Pacific
lines.

The unveiling of a monument to
Tom Wilson, earliest guide in the
Canadian Rockies featured the first
day's meeting of the two hundred
and six members of the Trail Riders
of the Canadian Rockies at Yoho
Camp. Mr. Wilson, who was pres-
ent at the ceremony and, now sixty-
five years of age, resides at Ender-
by, B.C., discovered Lake Louise
and the Yoho in 1882.

A. D. MacTier, vice-president of
the Canadian Pacific eastern lines,
who awarded to the McAdam team
the First Aid Challenge Cup, which
they won in competition with teams
from North Bay, Toronto, Windsor
Station and Angus, stated that
since the Canadian Pacific Council
of the St. John Ambulance Asso-
ciation was inaugurated in 1909,
over twenty thousand employees of
the Company have received instruc-
tion in First Aid. The last annual
report of the St. John Ambulance
Association referred to the Cana-
dian Pacific as the "premier rail-
way center."

When laden tables challenge

Wherever the neighbourhood gathers to eat—
church socials, anniversary suppers, picnics—is
yours the baking people ask for? Are you proud of it?
Bake with Quaker Flour—and your bread, cakes
and pastry will always bring you fame among the
cooks of your community.

**Rand Introduces Bill
To Implement New
Govt. Policy**

**Purchase and Selling Price
to Be Fixed By Gov-
ernor-in Council**

FREDERICTON, April 8—Free
distribution of school text-books,
prescribed by the Board of Education
will be under the direction of an
official to be known as the super-
intendent of school books.

This is one of the provisions con-
tained in an act introduced this after-
noon in the House by Hon. I. C.
Rand, Attorney-General. The bill
provides for the purchase, sale and free
distribution of school books in New
Brunswick, announcement of this
policy having been made by the Gov-
ernment in the Speech from the
Throne at the opening of the session.

DISTRIBUTED FREE
The purchase and selling price of
the text books shall be fixed by the
Lieutenant-Governor in Council, and
all sales shall be on a cash basis. It
is also stated in the act that pupils
up to and including Grade V, and
ungraded standard 11, shall be given
these text books free of cost. The
expenditure necessary to carry on
the act shall be voted from the con-
solidated revenue of the province.

SUBSIDY FOR FERRY

Hon. Mr. Rand also introduced a
bill today authorizing the Town of
Charlemont to issue bonds to the extent
of \$25,000 for a new ferry. The bill
further provides for a government
subsidy of \$5,000 per year for a pe-
riod of twenty years.

**Made Her Baby
Plump And Well**

Nothing makes a mother more grateful
than a benefit conferred upon her child.
Mothers everywhere who have used
Baby's Own Tablets for their children
speak in enthusiastic terms of them. For
instance, Mrs. Zepherin Lavioie, Three
Rivers, Que., writes: "Baby's Own Tab-
lets are a wonderful medicine for little
ones. They never fail to regulate the
baby's stomach and bowels, and make
him plump and well. I always keep a box
of the Tablets in the house and would ad-
vise all mothers to do likewise." Most of
the ordinary ailments of childhood arise
in the stomach and bowels, and can be
quickly banished by Baby's Own Tablets.
These Tablets relieve constipation and in-
digestion, break up colds and simple fe-
vers, expel worms, allay teething pains and
promote healthful sleep. They are guaran-
teed to be free from injurious drugs and
are safe even for the youngest and most
delicate child.

The Tablets are sold by medicine
dealers or by mail at 25 cents a
box from the Dr. Williams' Medi-
cine Co., Brockville, Ont.

SCHWAB SEES BOOM

NEW YORK, April 8—"I believe
the next twenty years will see the
greatest expansion and the greatest
accomplishment of American industry
has ever known," said Charles M.
Schwab, chairman of the board of
the Bethlehem Steel Corporation, in
a speech before the annual meeting
of the New York Building Congress
today.

**RULES OF THE ROAD ADOPTED BY THE
FARMERS' ANTI AUTOMOBILE SOCIETY**

1. UPON DISCOVERING AN AP-
PROACHING TEAM, the automobil-
ist must stop at once and cover his
machine with a blanket painted to
correspond to the scenery.
2. THE SPEED LIMIT ON COUN-
TRY ROADS THIS YEAR WILL BE
A SECRET, and the penalty for vio-
lation will be \$10 for every mile ex-
cess of the limit.
3. IN CASE AN AUTOMOBILE
MAKES A TEAM RUN AWAY, the
penalty will be \$50 for the first mile
\$100 for the second mile, and \$200
for the third etc., that the team runs
in addition to the usual damages.
4. ON APPROACHING A CORNER
where he cannot command a view of
the road ahead, the automobilist
must stop not less than 100 yards
from the turn, toot his horn, ring a
bell, fire a revolver, halo, and send
up three bombs at intervals of five
minutes.
5. AUTOMOBILIST MUST AGAIN
BE SEASONABLY PAINTED, that
is so that they will merge with the
natural ensemble and not be start-
ling; they must be green in spring,
golden in summer, red in autumn,
and white in winter.
6. AUTOMOBILES RUNNING ON
COUNTRY ROADS AT NIGHT, must
send up a red rocket every mile, and
WAIT TEN MINUTES for the road
to clear. They may then proceed care-
fully, blowing their horns and shoot-
ing Roman Candles.
7. ALL MEMBERS OF THE SOC-
IETY, will give up Sunday to chasing
autos, shooting and shouting at them
making arrests and otherwise discov-
ering country touring on that day.
8. IN CASE A HORSE WILL NOT
PASS AN AUTOMOBILE, the auto-
mobilist will take the machine apart
as rapidly as possible and conceal
the parts in the grass.
9. IN CASE OF AN AUTOMOBILE
APPROACHING A FARMERS'
HOUSE WHEN THE ROADS ARE
DUSTY, it will slow down to one mile
an hour and the chauffeur will lay
the dust in front of the house with
a hand sprinker worked over the
dashboard.

People who use "Red Rose" are usually
those who like tea of extra good quality

**RED ROSE
TEA "is good tea"**
The ORANGE PEKOE is extra good. Try it!

**10 HONOR MEMORY
OF GREAT CANADIAN**

OTTAWA, April 8—The memory of
Thomas D'Arcy McGee, the great
Canadian statesman and one of the
"Fathers of the Confederation," who
was assassinated on April 7, 1868, is
to be signally honored throughout
the Dominion next Monday; which
will be the one hundredth annivers-
ary of his birth. The principal fea-
ture of the observance will be a great
banquet at the Chateau Laurier in
this city to be attended by the Prem-
ier and other high officials of the
Dominion Government; together with
representative leaders of all part-
ies. Similar observances are to be
held in Montreal and in other cities
throughout Canada.

Thomas D'Arcy McGee was a nat-
ive of Ireland born in Carlingford;
April 13, 1825. Early in life he enter-
ed the profession of journalism and
for several years was the editor of a
Catholic paper in Boston. In 1845 he
returned to Ireland and for several
years engaged in journalism and polit-
ics in Dublin. As a result of the re-
bellion in Ireland in 1848 he was for-
ced to flee the country and during
the next ten years he resided in New
York; being employed as editor of

WRIGLEY'S

"after every meal"
Parents—encourage the
children to care for their teeth!
Give them Wrigley's.
It removes food particles
from the teeth. Strengthens
the gums. Combats acid
mouth.
Refreshing and beneficial!

various Irish-American papers. In
1857 he removed to Montreal; where
he became a journalist and member
of parliament; filling several posi-
tions in the Colonial ministry. Through-
out his career in Canada he was a
most ardent advocate of Confedera-
tion and it was due to his efforts in
no small measure that the Dominion
of Canada finally became an accom-
plished fact. It was in Ottawa that
Mr. McGee met his death at the
hands of a Fenian assassin in 1868.

Local and General News.

THE MOST IMPORTANT
The most important thing going on now are spring hats.

DISPOSING OF THE BRICKS
Our own candid opinion is that we ought to have more persons laying bricks and fewer throwing them.

RIVER OPEN
The ice in the Miramichi River opposite Newcastle broke up on Wednesday of last week and on Thursday began to run out.

DRAGGING ROADS
The Public Works Department has been doing some good work on the roads recently with its split-log drag.

FOR MAYOR
It is rumored in Chatham that Mr. J. K. Loggie will be a candidate for Mayor of that town in the coming civic election, to be held next Tuesday.

GOOD FRIDAY
Good Friday was a beautiful spring day and was generally observed as a holiday. Many residents took advantage of the day to do some cleaning up around their premises, while others enjoyed motoring and driving.

BENEFIT NIGHT
A Benefit night for the Miramichi Hospital Aid will be held in the Opera House on Monday and Tuesday nights April 20th and 21st. "Loves Wilderness", starring Corrine Griffith will be shown and a delightful evening's entertainment is assured all who attend.

FIRE ALARM
The Fire Department were called out last Thursday night at 11:30 o'clock, for a fire in the residence of Mr. Samuel Mullin. The blaze originated from an oil-stove, which ignited some clothing hanging in one of the rooms and spread through the floor and partitions. The fire was quickly extinguished on the arrival of the department and very little damage was sustained from either fire or water, although several holes had to be cut in the walls and floor.

CLEAN UP YOUR PROPERTY
The time for a general cleaning up of property after the winter months has arrived. A "Clean-Up Day" will probably be announced by the Public Works Committee of the Town Council in the near future. But why wait—if the snow is off and the ground fit for raking, do it now and you will be through before "Clean up Day" comes. Then during summer months keep your property tidy and our town will present a much better appearance. Nothing looks so bad as to see one property clean and tidy, while the adjoining property is the reverse. Let up all take pride in our town and keep our property in a clean condition.

Local Druggists Have Modern Remedy for Colds
A Vaporizing Salve which is Rubbed Over Throat and Chest for Colds.

When Vicks VapoRub, the "external" method of treating sore throat, bronchitis, deep chest colds, or croup, is applied over throat or chest, the ingredients are released as vapors by the body heat. These vapors, inhaled with each breath carry the medication directly to the affected air passages, loosening the phlegm and relieving the congestion. At the same time Vicks acts as a counter-irritant, stimulating the skin, and thus helps the vapors inhaled to break up the inflammation.

Colds are usually relieved over night.

VICKS VAPORUB

THE PUBLIC FOUNTAIN
Now that spring has arrived, the covering on the fountain may be taken off and the work of cleaning up the square commenced.

PREPARING FOR DRIVING
Preparations for spring driving are advancing. Already a number of men and supplies have been sent in and it is expected a start will soon be made on some of the brooks.

CLEANING UP PROPERTY
The Trustee Board of St. James Church have some men busily engaged cleaning up the property in connection with the Sunday School building. It is intended to level up the property and put the grounds in shape.

PULP MILL CLOSED
The Fraser Pulp Mill closed down last week for want of wood. The company has a large quantity of logs boomed and as soon as the shore ice permits of their removal, the mill will resume full operation.

KEEP A LIGHT ON
We would suggest to the merchants to leave their window blinds up and a small light burning during the summer months. Our town has been very fortunate during the summer months from traps and burglars, but we never can tell what will happen. A little prevention is worth a whole lot of cure especially these hard times.

CARD OF THANKS
Boy Scout Troup 119 wish to take this opportunity of thanking the general public for their patronage at their entertainment on April 9th. The Scouts wish to thank particularly the Board of Trustees of St. James' Church, and those who assisted in entertaining and in decorating the hall.

MIRAMICHI FIRE CENTENNIAL
The date of the Miramichi Fire Centennial is October 7th, 1925. We have had many enquiries in reply as to what is going to be done in its connection. Some time ago, we drew the public's attention to the matter, but nothing to our knowledge has ever been decided upon. Would it not be well to have a decision arrived at and get the necessary arrangements attended to?

MET WITH ACCIDENT
Reggie Sutherland met with a painful accident Thursday night. He lost his balance and fell out of a delivery wagon, near Mr. John Ashford's residence, and had the wheels run over him. He was taken into Mr. Ashford's home and Dr. Bell summoned, who administered first aid and afterwards had the patient removed to the Miramichi Hospital.

SPECIAL EASTER MUSIC
Special Easter music was heard in the various churches on Easter Sunday. The choir-masters and leaders had prepared extensive programs and the music was much appreciated by the large congregations. The different churches were beautifully decorated with flowers and appropriate sermons delivered by the clergy.

TRACADIE RAILWAY PETITION
A very numerous signed Petition addressed to the Hon. George P. Graham, Minister of Railways and Canals, Ottawa, praying for the completion of the Gulf Shore Railway, between Tracadie and C.N.R. near Newcastle, has been forwarded to our representative Mr. W. B. Snowball, M.P., at Ottawa for presentation. Mr. Snowball has expressed himself as being highly in favor of this connection, and there is also a very strong public feeling ready to give the project its hearty approval.

PUTTING UP CABLE
The N. B. Telephone Co. has a crew of men at work putting in a new cable between Newcastle and Nelson.

SCOUT ENTERTAINMENT
The entertainment given last Thursday evening in St. James' Hall, by the Boy Scouts was well patronized and much enjoyed by all present.

THE "BONFIRE"
The practise of using the handy "bonfire" for clearing up premises is strictly forbidden. Such rubbish should be hauled away, as bonfires are dangerous and often lead to large conflagrations.

AN EXPERIMENT
Some 25,000 tons of Alberta coal will be shipped and distributed at various Ontario points about May 1st; purely as an experiment to determine transportation costs and other factors entering the price of coal to the people of Ontario, along the C.N.R. lines.

FIREMEN'S DANCE
The Firemen's Dance held in the Town Hall last evening was largely attended and much enjoyed by all present. The evening was a decided success from a pleasant social viewpoint, as well as a financial one.

A WHITE EASTER
New Brunswick was treated to a White Easter and Newcastle did not miss it. About three inches of snow fell Saturday night and Sunday, the storm continuing all day. Easter finery could not be displayed and the walking was bad all day.

STREAM DRIVING
Stream driving conditions have been poor in this part of the province for some time but Sunday's snow is expected to improve things. The poor conditions have been caused by lack of rain and by cold weather the water going away from the drives rapidly.

THE DUST NUISANCE
We have been informed by Ald. John Russell of the Public Works committee that it is the intention of the Town Council to grapple with the dust nuisance this summer. This will be good news for the merchants and house-holders. A new treatment for the maintenance of improved highways was experimented with last year in certain sections and found to give excellent results. It consists of an application of calcium chloride in flake form, which is applied by an ordinary fertilizer spreader attached to a motor truck and the cost is comparatively small.

CARD

To The Ratepayers of the Town of Newcastle:
At the request of many of the Citizens of the town I have decided to become a candidate for

ALDERMAN
in the coming civic election.

If elected, I am confident that I can serve the Town in a beneficial and economical manner.

Trusting you will give me your support.

I remain,
Yours respectfully
W. F. SMALLWOOD

THE RESULT OF STRIKES
German shipyards are today building 120,000 tons more shipping than a year ago; while British and Irish shipping in the same period has declined 310,000 tons. Forty-two

per cent of this new tonnage is motor driven. A considerable portion of the work in German shipbuilding yards would have gone to British and Irish shipbuilders, but for coal and other strikes.
