SOME CHANGES MADE IN ORGANIZATION OF A CALGARY PAPER
F. W. Crandell Becomes President of the Calgary News-Telegram

There has been a reorganization of the Calgary News-Telegram Publishing Company of this city, which involves change of control if not of ownership. To what extent the change will be made has not yet been determined.

The new president of the company is Mr. F. W. Crandell, president of the Dominion Farming Company, a gentleman who has been resident in this city for four or five years. He has been better known as interested in the High River and Hudson Bay railway. Mr. E. A. Daeg is treasurer, but acts in the capacity of trustee, and it is understood is not investing in the company. George Thompson, president of the company and editor, remains with the company, but C. E. Tryon, secretary-treasurer and manager, retires from the company and the paper.

The change involves a change in the financial administration. An application has been filed at the Public Utilities Commission, asking for the increase in the capitalization of the company to \$250,000. When this permission is granted by the commission, it is the intention of the company of placing a certain amount of stock on the market.

The policy of the paper will not be altered. It will continue to oppose the Union government but whether or not it will continue to endorse the Stewart administration is not known. Messrs. Oliver and Cross, so far as known, have no financial interest in the paper but have given it their editorial blessing.

The application has not yet been passed upon by the Utilities Commission.

MAGPIES WIN FROM HILLHURST
George Barnes, of "Mags," Is Star Feature of the Game

The Magpies won another basketball game when they defeated the Hillhurst team by a 44 to 35 score. In the first half the play was very even, but the "birds" came back strong and scored baskets with ease before the close of the game.

George Barnes of the Magpies was the star of the evening, being responsible for 25 points on the Magpies' score.

The Magpies are out for basketball honors this year—they have the star players.

Last night's lineup:
Magpies—Barnes, rf; Elliot, lf; Howell, c; Moyes, pf; Cope, lg.
Hillhurst—Elliott, rf; Mitchell, lf; Morris, c; Patterson, rg; Scott, lg.
Referee Jimmy Spence.

3,000,000 Davis Cigars are made each month
WHY?
Because we have made good cigars for over 70 years, and thousands of smokers will smoke no other.
So sure are we of the quality of DAVIS Cigars that we guarantee our merchandise to the dealers, on the money-back principle.
The word "DAVIS" on a band or box of cigars is a guarantee of the finest quality at the price paid.

UNION CANDIDATES IN CALGARY LIKELY TO BE CONSERVATIVE
R. B. Bennett to Be One, and T. M. Tweedie Probably Will Be Second Candidate in City

SEVEN GRITS IN ALTA.
Red Deer, Lethbridge, Macleod, Bow Valley, Medicine Hat, Strathcona, and Probably Battle River to Be Liberal

Both union candidates in Calgary may be Conservatives. Of course that has not been definitely decided, and will not be decided until the local organizations make the decision, but it is generally understood now that such an outcome would not be unexpected.

Mr. James Loughheed and Mr. Sifton were in conference yesterday, when the question of the apportioning of seats to the party was under consideration. They gave out no statement at the end of the day.

It is understood, however, that the Unionists have decided upon a 50-50 division in candidates of the Great Lakes. That would mean, when figured out, seven Liberals for Alberta and five Conservatives.

In all conferences throughout the Dominion, the rule has prevailed that Unionist members in the last parliament will see the preference in the selections.

Applying such principle to Alberta, Messrs. Clark of Red Deer, Buchanan of Lethbridge, Douglas of Strathcona and Warkock of Macleod would make up four of the seven Liberal-Unionist candidates in Alberta and Mr. Bennett would be one of the five Conservative-Unionist candidates.

It is understood that Conservative-Unionists will contest both seats in Edmonton and Calgary. The Liberals, in addition to the four mentioned, will also be selected in Bow Valley and Macleod. Whether a Liberal-Unionist will be chosen for Battle River or Victoria is not yet decided, but it is believed that the Liberals will contest the former and the Conservatives the latter.

The second Conservative in Calgary will probably be T. M. Tweedie.

NIGHT CLASSES OF SCHOOL BOARD ARE VERY SUCCESSFUL

Matriculation Classes Have Been Started; Commercial Classes Are Still Open

A special meeting of the Calgary school board, called yesterday afternoon to decide upon the future of the night schools, decided to proceed with the night high school classes. Already there are ten pupils taking the high school work and others will likely follow later on. Mr. Richardson was appointed teacher in this class.

The report on the night commercial classes was very encouraging. The attendance now reaches to 50, with additional pupils every night.

Mr. Park, head of the commercial department, called attention to the fact that pupils were accepted at any time and would be accepted whenever they presented themselves during the term. Miss Bell was added to the night staff.

An application from the Jews for the use of the Central school, after school hours for the purpose of instructing the Jewish children in the Hebrew language, was granted.

Miss Poole, Trustees Spinks, Nemes, Kerby and Davidson were present.

VETERANS BAND TO HOLD CONCERT AND DANCE TONIGHT

Band Will Parade From the Veterans' Club to Al Azhar Temple at 7.30

An unusually attractive program is promised by the veterans' band tonight at the Al Azhar temple when the full band of 25 pieces have arranged a special musical program, in addition to which some of Calgary's star entertainers will be heard. In the intervals between this musical treat, slides of the western front will be shown.

At the conclusion of the performance the floor will be cleared and dancing will be engaged in to the music of E. K. Nielsens orchestra. The dance will last until midnight and is worth the price of admission, which is 50 cents, payable at the door or by ticket.

The proceeds are to provide uniforms for the band. Through the summer months this band continually gave its services free for patriotic affairs as well as providing honors for departed comrades, and apart from the big value that are giving for the money, they should receive the support of all those who have the interests of the Great War Veterans at heart. The place is the Al Azhar temple. The time is 7.30, to commence at 8 p.m. The fee for admission, including dance, is 50 cents.

At 7.30 p.m. the band will march down from the club to the temple, and a full band will be on parade.

CONSUMPTION OF BEEF PROHIBITED BY NEXT SPRING

Less Waste in Turning Barley into Beer Than Feeding It to Animals to Produce Milk, Pork and Beef

ABOLISH ICE CREAM
Dr. Robertson, Chief Advisor to the Food Controller, Gives Interesting Address and Will Try to Prohibit Ice Cream

Dr. J. W. Robertson, chief advisor of the food controller, started his audience in the Central Methodist church last night by predicting that before next spring the consumption of beef would be prohibited. He also promised to see his influence to secure the prohibition of the manufacture of ice cream, although he predicted that to abolish ice cream would increase the price of milk. He gave as a reason why the killing of young animals was not forbidden, that it takes two years for them to grow and will not affect the quantity of meat now and added that if dairymen were forbidden to sell dairy cows and would kill them on the spot and bury them.

Dr. Robertson also reiterated his declaration that the food controller had seen less waste in turning barley into beer than in feeding it to animals to produce milk, pork and beef. The meeting was held in the Central Methodist church and was not largely attended, about two-thirds of the auditorium being filled and a few in the gallery. Mrs. W. D. Spence presided.

Dr. Robertson among other reasons why the consumption of food should be restricted gave the following: There are 50,000,000 less men producing because they have been removed from the land by enlistment in the army and to work on munitions. There will be 20,000,000 less bushels of grain this year than in previous years. The agriculture department has lost 1,000 ships most of which carried food products.

Production Necessary
As early as last February a member of the British government said that it is more necessary to produce than to join the army. He added: "The situation is worse now."

There are three ways to help conservation. First prevent all waste. There has been a great waste by over-feeding. In England since the adoption of the food pledges the population eats 45 per cent less than before and are enjoying better health.

Second we should shift the consumption from the food we can ship, such as beef, bacon, wheat and cheese to those foods that cannot be shipped.

The third thing to do was to increase production. The man who produced garden truck did as much as the man who produced wheat or dairy products.

There is no way of stopping the consumption of meat at home, or even in the hotels for that matter, but we expect every person in Canada to help. There should be 5,000,000 food controllers.

When the question of having a meatless day per week was being discussed, he was asked if they could not have less meatless days or dinners without beef and bacon, and was told that it could be done, but it would be very inconvenient. Then he replied, although he is a Presbyterian elder, "When the inconvenience."

Mrs. Spence announced that the food pledge cards would be distributed in November and that arrangements are being made to have demonstrations by the domestic science teachers from the schools strictly to show how to cook the unexportable foods.

V.L.G.C. APPLY FOR TAX DISCOUNT ON CULTIVATED LOTS
Out of 12,000 Vacant Acres in the City There Were 6,000 Cultivated, the Revenue to Cultivators Would Be \$600,000

The executive of the Vacant Lots Garden club at its meeting on Tuesday night decided to secure four lots centrally located, on two of which potatoes would be raised, and the other two used for a model garden. It is also operating considerable acreage. A committee, consisting of Messrs. Burrows, Underwood, Reader, Ticehurst and Williams, was appointed for the purpose of arranging the prize list for next year.

The president reported that there were 100 tons of vegetables in storage, but there would be no profit from the storage business. A committee was appointed to secure a permanent secretary.

At yesterday's meeting of the legislative committee of the city council, Mr. Fowler appeared to support the application for a discount of taxes on all vacant lots cultivated. He pointed out that there were 12,000 acres in the city that might be cultivated, but if only 6,000 acres were cultivated it would bring in to those who cultivated them \$600,000, which he thought justified the bonusing to the extent of \$36,000, the estimated tax discount for lots under cultivation. The legislative committee discussed the matter for some time, but decided to think over it further before making any recommendations.

FIRST SESSIONS OF TRIBUNALS NOV. 8; NORTHERN HEARINGS

Registrar Carson Completes Arrangements for Hearing Exemption Claims; Northern Boards to Travel

Registrar J. M. Carson announced yesterday that the first sittings of the military tribunals will be held Nov. 8. The tribunals will hold their first sittings at 10 o'clock on the morning of Nov. 8. Thursday, Friday and Saturday will be taken up by hearing claims for exemption that have not been put through the post office.

The following Monday the registrar will assign 35 claims for exemption per day to each tribunal. The decision has been reached by Mr. Carson to have two of the tribunals in the northern part of the province make tours of their districts owing to the large amount of the territory they have to cover. The tribunals will be High Prairie No. 31, and Grand Prairie No. 32. The dates of these tribunals will be announced later on.

INCREASED WAGES
On the recommendation of the city commissioners the council will be asked to advance all city teamsters one step in the city wage schedule. The commissioners reached this decision yesterday morning after hearing a delegation of city teamsters. The proposed increase will give teamsters with single teams from \$76 to \$78 a month and double teams from \$72 to \$75 a month.

SPEED DEMONS ARE STILL ON THE JOB
Truck Driver Fined a Dollar a Mile for Speeding

Speed mania still continues to make the streets of Calgary dangerous to pedestrians. In the police court yesterday morning Magistrate Davidson fined a fruit truck driver \$25 and costs for driving his truck through the city streets at 25 miles an hour. While courts and police do all they can to impress the reckless drivers that they will be given the law's limit if found violating the speed regulations, there are hundreds of drivers who are taking chances daily in the hope they will evade detection.

Y.M.C.A. BANQUET
Last night in the quarters of the Military Y.M.C.A. at Victoria park a banquet was tendered to Lieut. Davis and the members of the Army Service Corps going overseas. Speeches were delivered by Sergt.-Major Barker, Quartermaster-Sergt. White and A. E. Haddock, western national secretary of the Y.M.C.A. The latter spoke on the work of the association. Lieut. Davis responded on behalf of the men in a few well-chosen words. The banquet closed with the singing of the national anthem, after which the men lined up and headed by Lieut. Davis, marched to the Orpheum to spend the evening.

Will some one please speak to the weather man and fix it for Thursday noon—Tom Campbell, chairman minstrel parade committee.

THE LIBERAL PARTY

If Mr. John A. Irvine, candidate for the opposition in West Calgary, is opposed to conscription, he has a right to such an opinion. The Albertan believes that he is wrong, but there is an argument from his side of the case.

If Mr. Irvine is in favor of the repeal of the conscription act, as is the dominating wing of his party, he has a right to maintain such a questionable policy. If he believes that Canada should draw out from the war, as some of his associates in Quebec are insisting, he has a right to join them, if he sees fit.

But the Albertan denies him the right to apply the word "Liberal" to describe the faction to which he belongs.

With MacLean, Murray and Fielding from Nova Scotia supporting union government, and E. M. Macdonald opposing it; with Carvell in New Brunswick supporting union government, and Pugsley wobbling; with Rowell in Ontario supporting union government, and no strong Liberal leader opposing it; with Crerar and the entire Manitoba government supporting union government, and no prominent Manitoba Liberal opposing it; with Calder and every member of the Saskatchewan government supporting union government, and no prominent Liberal opposing it; with Sifton and Clark in Alberta supporting union government, and Cross and Oliver opposing it, there is little doubt about the whereabouts of the Liberal party.

The Liberal party has joined with the better part of the Conservative party in a union government.

Mr. Irvine has declared himself in favor of the Quebec branch, which has remained on the outside.

Now that the biggest drive for taxes is over, our men of money might turn their attention for the time being to the drive for the victory loan.

The one-man car was responsible for the accident last night, and was not responsible for the fact that it was not fatal. The city council should order an investigation at once.

THE MILITARY SERVICE ACT

There is very much surprise and considerable criticism because so many of the men who come under the military service act are asking for exemption. It proves beyond question that the people who declared that the required number of recruits could be raised by voluntary enlistment were quite incorrect in their calculations.

At the same time, a large number of the men claiming exemption do not appear to be making their application with any very serious expectation of receiving the favor. They do not want to go to the front, that is true. Had they wanted to go, they would have made the move before the conscription date. They find that their neighbors are asking for exemption on grounds more or less paltry, and they decide to ask for exemption also.

The Albertan recites these facts, not to excuse the young men whose conduct cannot be regarded as courageous, but to show that the alarm that we shall not get the required number at the first draft is without foundation.

The decision of the government in permitting the importation of oleomargarine is a serious mistake, which the government will find out in time. It will reduce the quality of Canadian food without materially reducing the price of food.

The Calgary night school, started just last week, has already proved to be a big success. The night school before the war was a very important factor in our school organization. It should be now, and would be if the school board had a little more money to spend, and was a little more vigorous in the spending of it.

VICTIM OF ONE-MAN CAR

A woman was injured last night upon a one-man car. Her escape from death was miraculous. The injury was due entirely to the one-man car. The overworked motorman, in a crowded car, at the busiest hour of the day, closed the door upon the dress of a woman, who was carrying a small child. The woman was thrown down, and injured, and narrowly escaped being run over by the car.

This is the first of the accidents that are certain to happen upon the crowded one-man cars. The city was much too hasty in adopting this form of car, and before very long will find to its cost that this system is dearer in the long run. The one-man car may do for small cities, or for stub lines in larger cities, but it is out of place and a serious danger in times or places where traffic is congested. The city is already beginning to find this out.

The decision of the government to have no patronage lists and to buy by tender, is much to be commended. That is one of the early fruits of union government.

The fact that the government is making some delay in the selection of senators for Alberta is also interesting news. It cannot be said that we are really suffering in the province because of the death of senators.

LEADING LIBERALS DECIDE

The announcement of Hon. W. S. Fielding, strongly supporting union government, is one of the most encouraging bits of news since the beginning. He is a true Liberal, in whom the people of Canada, from one end of the country to the other, have entire confidence. He is a man of strong convictions, moderate in his language, and in his methods, fair and courageous. He was responsible for the preferential tariff, and later on of the reciprocity act. But for his age and ill-health, without doubt he would have been a member of the new cabinet.

The strongest men throughout the country are turning to the union government, realizing that the safety of the country lies in the union of the people, and that the people can unite upon the present administration, which combines the best elements of the different parties.

There is no half way things about the declaration of T. M. Tweedie on the question of union government. Mr. Tweedie has a habit of thinking strongly, and saying in decided language just what he does think.

It is to be hoped that the rumors now circulated about the attempted evasions of the military service act, are not true. There should be no hesitation about applying the law to anyone who are trying that sort of a game.

The young men who are subject to conscription are making a protest against it, almost without exception, but that same army of young men will have some weight in the determination of the war when the time comes.

It is said that the two unionist candidates in Calgary will be Conservatives, and that R. B. Bennett will be one, and some other prominent Conservative will be another, all of which is interesting if true, and probably it is true.

When the campaign gets really under way, we shall doubtless have Mr. John A. Irvine bringing one of his Quebec associates, who advocates that Canada should now drop quietly but effectively out of the war, to West Calgary to help along in his campaign there.

It is now reported that Hon. C. W. Cross is leaving the cabinet within a few weeks; in fact, has already been informed that there will be a re-organization, in which he will be left out. He is the only relic of the first Alberta government, and he has had his ups and downs in public life.

POLITICAL AND ECONOMIC DISASTERS THROUGH GERMANY

Great Deal of Discontent and Great Activity of Socialists

Washington, Oct. 24.—What is credited as being an accurate picture of conditions in Germany reaching Washington today is an official telegraphic report, representing the situation as one of political and economic distress that is causing a great deal of discontent. It represents the Socialists as being active and threatening to quit German factories if the war goes into the winter, and asserts that there have been uprisings in different sections of Germany, including disorders in Berlin, in which soldiers participated.

"Germany's population wants peace," says a paraphrase of the report, "and the people declare it will be concluded in November." "German workmen, stirred to a high pitch of discontent by the Socialists, boldly state that they will leave the factories necessary for the conduct of the war, if the war continues during the winter." "In the meantime German workmen are demanding increases of pay and a far more liberal apportionment of food. Uprisings in several parts of the empire are taking place with ever-increasing frequency. In Berlin soldiers participated in the disorders. In one demonstration 25 soldiers being counted. The Franco-English aerial bombardments of German cities and towns are increasing the dissatisfaction of the masses with the war. At Essen bombs dropped from airplanes did enormous damage, some striking a circus during a performance for sol-

At which 800 soldiers were killed. "German civilian life presents a terrible picture. Children are obliged to go to bed at 4 o'clock in the afternoon, and to rise not before 10 o'clock because of the noise of the city being awake, they would feel the need of eating, and there is an insufficient amount of food for them." "Interned enemy aliens in Germany are compelled to work in ammunition factories and they are treated with enormous hardships, especially being denied sufficient nourishment. They obtain food by the use of tickets, which entitle the enemy aliens forced to do German war work to 250 grammes of meat weekly, as much bread of a very bad and very unpalatable quality, and two and one-half kilograms of potatoes, 250 grammes of peas and 50 grammes of some undefinable grease."

LOOK TO THE FIRST CLASS

Ottawa Expects the 100,000 Reinforcements to Be Made Up From Those First Called

Ottawa, Oct. 24.—Preparations have been rushed to take care of the first men called up under the Military Service Act, since all indications point to a heavy response at the very first. It requires a huge organization, throughout the country, to take care of the operation of the Act.

The Governor-General's Proclamation was printed in all the newspapers of the country on October 13, calling up the first class. This includes all male British subjects between the ages of 20 and 34 who were unmarried on July 5, 1917, or are widowers without children. All such men must report for service on or before November 10 next, if application for exemption has not been made in their behalf before that date.

Since, by this time, the country has been fully informed as to each man's duty under the Military Service Act, and knows the severe penalties provided for those who try to evade the law, a speedy formation of the required reinforcements to the number of 100,000 is expected from the first class called.

ENLISTMENT AND WASTAGE

Ottawa, Oct. 24.—Total enlistments in the Canadian expeditionary force from the 1st to the 15th of October, exceeded the total wastage during that period by 571 men, according to a statement issued by the militia department today. The figures are: Total enlistments in infantry, artillery, railway construction, forestry and miscellaneous units, 2,458; total number of casualties and discharges, 1,887.

INCENDIARY ORIGIN

Toronto, Oct. 24.—The first, second and third floors of the Aberdeen chambers were gutted by fire early today. Candles mounted on a wooden base, piled around with shavings, set in different floors, and empty oil cans, indicated incendiary origin. The damage is placed at \$20,000.

Had Piles For Ten Years

And Tried Nearly Everything Except a Surgical Operation Without Obtaining Relief Tells How Complete Cure Was Effected

Brantford, Ont., Oct. 24.—There is reported here three cases of chronic piles. In all three cases many treatments were tried before it was discovered that Dr. Chase's Ointment is about the only real cure for this distressing ailment.

Mrs. A. Oates, 21 Wilkinson street, Brantford, Ont., writes: "I have used Dr. Chase's Ointment as a household remedy for ever so long, and am particularly indebted to it for a cure from Piles. I had suffered from this annoying trouble for ten years and tried nearly everything I heard of. After using Dr. Chase's Ointment a short while I was completely cured."

Mrs. M. Shantz, 185 Albert street, Kitchener, Ont., writes: "For several years I was troubled with bleeding piles. I tried different remedies for long without success. I read in Dr. Chase's Almanac of the benefits other people were receiving from Dr. Chase's Ointment, and I bought a sample box. I found it gave me such relief that I went to a drug store and purchased a full-sized box. I have used several boxes since, and have derived more benefit from its use than any remedy I have ever used."

Mrs. F. Cussons, Victoria street, Ingersoll, Ont., writes: "About two years ago I had tried many different remedies for this distressing trouble, but nothing helped me. Finally I got a box of Dr. Chase's Ointment, and after using it found that I was completely cured, and have not been bothered in this way since. I can cheerfully recommend Dr. Chase's Ointment to anyone suffering as I did."

Dr. Chase's Ointment, 50 cents a box, at all dealers or Edmondson, Bates & Co., Limited, Toronto. There are no rivals to Dr. Chase's Ointment as a treatment for Piles. Be sure to get what you ask for.

WOMAN WITH BABY IN ARMS IS DRAGGED UNDER ONE-MAN CAR

Skirt Catches in Door and She Is Thrown Under a Moving Car; Rescued as Wheels Touch Body

CROWDED CARS

Motorman Unable to Handle Passengers of Packed Car and Attend to His Other Duties

That the operating of a one-man car during the rush hours in the crowded streets of a city the size of Calgary is a criminal offense against the people of Calgary, was the vehement declaration last night of Miss Katherine Sullivan, a pretty young woman, whose home is in New York, and who is visiting Mrs. J. E. Bennett, of the Bruner block.

That Miss Sullivan is qualified to express this opinion is easily understood when the fact is explained that at 6 o'clock last night Miss Sullivan found herself almost under the wheels of a one-man car, and but for the presence of mind of an unknown man, would probably be by this time resting peacefully in the funeral parlors of one of the local undertakers.

Mrs. Bennett, in company with Miss Sullivan and Mrs. Bennett's two-year-old grand-daughter, Regina Bennett Barclay, had been out shopping yesterday afternoon, and when it became stormy, Mrs. Bennett decided to leave the little girl's carriage in the store where they were, and take the car home.

She wrapped the child in her shawl, and the little party headed for a car, which was crowded to its full limit, or as Mrs. Bennett put it, "The people were jammed in like sardines."

After some difficulty they boarded South Calgary car No. 67, succeeding in gaining a footing on the front platform, and would not have had standing room, but for the courtesy of two gentlemen, who gave up their places to them.

Car Over-crowded

Every inch of space was covered by passengers, who had heavy coats and raincoats on, and many women with parcels, so that when Mrs. Bennett, who had boarded the car at Eighth avenue and First street, tried to reach a push button, as the car neared the

corner of Twelfth avenue and First street, she found that she could not get near enough to give the motorman the signal to stop, the passengers being sandwiched so close that there was not room even for a woman's slender arm to squeeze between them. One of the two obliging men who had moved to make room for the two women and the baby, called the attention of the motorman to the fact that two women passengers wanted to get off, and the motorman, occupied with his tickets, door knobs, crowbar and steering gear, snapped: "How do I know when they want to get off?" and opened the "Get in" door instead of the "Get out" door, and more passengers pushed and struggled to get in, pushing the women back further into the car. Finally the conductor-motorman got the "Out" door opened and Mrs. Bennett and Miss Sullivan holding the little girl in her arms got off. Miss Sullivan had barely stepped off the step, when the car started off with a jump and the door snapped close, catching her dress, so that she was thrown violently to the ground still with the child in her arms, and was being dragged beneath the car when some of the horrified passengers in the car who had seen the accident, shouted to the conductor-motorman, who gave his door rod a jerk, freeing the woman's skirt, but without stopping the car. Miss Sullivan rolled clear of the wheels just as a man rushed from the sidewalk and with the aid of Mrs. Bennett carried her to the sidewalk as she had fainted, with the little girl still tightly clutched in her arms. Meantime the car had continued undisturbed on its way, and after some minutes Miss Sullivan recovered and suffering, fortunately, only from a severe shock, and with her clothes badly dragged, was escorted home. Describing her sensations when she had sufficiently recovered, Miss Sullivan said that all she remembered was seeing the whirling car wheels before her eyes and having a dim consciousness of a long line of automobile lights behind the car, when she knew no more. Mrs. Bennett, who had the worst fright in her life, being certain that both Miss Sullivan and her daughter's little girl would be mangled under the car wheels, said that she did not blame the man in charge of the car, as no doubt the poor man, who had so many things, such as screws and bolts and bars and twist 'em things to look after, that he could not possibly see what had happened, but said that if the city of Calgary is so poverty stricken that it cannot afford to pay the salary of a conductor to look after the safety of the unfortunate public, that it should at least limit the number of people on each car during the rush hours. Mrs. Sullivan said that she had never seen such a one horse affair as the Calgary one-man car in New York, and that even the old horse cars that used to run around New York city on the old belt line until a few years ago, and which made New York a joke to the rest of the world, had a man on each end. She attributed her fortunate escape to the possible fact that her lucky star must have been in a lucky conjunction, or she would probably have been the subject of an inquest some time ago.

Directions for Employers

Who Purpose Claiming Exemption for Class One Men in Their Employ

THE following course is recommended for employers who have in their employ any number of men—bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before Jan. 1st, 1917, and who propose claiming exemption for any of these men, to continue in work which is deemed to be in the National interest:

First, it will simplify matters for you and for the exemption tribunals if you instruct Class One men in your employ to go up for medical examination at the nearest Medical Board Centre.

Only Class One men, who upon medical examination are placed in Category A are liable for immediate service under the Act. Class One men placed in Categories B, C or E satisfy immediate requirements if they attach their medical report to their claim for exemption.

Employer's Statement and Schedule

Second, prepare a full statement of the total number of your employees grouping them according to their respective occupations and qualifications and stating the number in each group. Indicate the possibility or otherwise of replacing the labour of Class One men with the labour of those unavailable for military service, or outside the statutory class called up; the extent to which the withdrawal of men in the statutory class would affect the business, the reason for considering that the carrying on of the business is in the National interest, and such other facts and circumstances as may appear to be relevant.

Append to this general statement and classification, a schedule of the names, ages and occupations of all men in Class One, indicating as to those who have been medically examined, the medical Category in which they have been placed, noting against each name whether or not you propose to claim exemption on behalf of the man.

Where exemption is claimed employer should state his opinion whether such exemption should be conditional on the man's continuing to follow his present occupation and whether it would suffice if exemption were granted for one, two or more months, as the case may be. A copy of both statement and schedule should be prepared for each man for whom the employer is applying for exemption.

Forms for Exemption

These forms may be obtained on request from any Post Master, who will transmit the forms when filled in, to the Registrar. Claims for exemption must be made not later than November 10th.

SEVERAL PACKAGE CEREALS COST MUCH MORE THAN BULK

Food Controller Issues a Statement Giving Reasons for Abolishing the Sale of Package Cereals; Cereals in Bulk Much Cheaper

Ottawa, Oct. 24.—"We are trying to reduce the cost of distribution of foods to the lowest possible margin without upsetting the whole economic machinery." Such was the statement made to the Canadian Press today by Hon. W. J. Hanna, food controller, when interviewed with regard to the restrictions on the sale of package foods.

'MICHAEL ANGELO COSTELLO OUTBURSTS THUSLY:

"There was a sink on the Orpheum bill this week that referred to the city hall as a 'horse stable' because the 'municipal' stays there. Now if this fellow had any 'horse-sense' he would have known that the mayor did not 'stay' there, but that he has been spending about six hours a day staying away from the city hall, selling tickets for the Rotary minstrel and helping to raise that \$24,113.19 which we have got to get for those soldiers' kiddies' Christmas tree. I think his joke about the horse stable was only a 'letally' because he was making the public as cheaply as possible in order to increase their use.

CLIFFORD SIFTON DECLARES AGAINST EXPORT OF POWER

As Chairman of Conservation Commission Refuses Application to Dam the St. Lawrence at the Coteau Rapids

Ottawa, Oct. 24.—Sir Clifford Sifton, chairman of the commission of conservation, has addressed a letter to the minister of public works (Hon. J. B. Carleton), outlining the position of the commission in regard to the application of the Power Development Company, Ltd., to dam the St. Lawrence river at the Coteau Rapids.

After reviewing the conditions under which the application has been made and noting that there is nothing in application to indicate that the applicants propose to pay anything for the privilege sought, the letter goes on to say: "We are informed that a situation similar to that now indicated has arisen in connection with the power development of Niagara Falls. The complaint is made there by Canadian interests that power which is properly applicable to Canadian industries is being exported to the United States in pursuance of arrangements made in former years and differing arrangements in securing a cessation of this export of power.

Exportation is Unwise In this connection we submit that it is in the highest degree unwise for the government of Canada and the United States to encourage the exportation of power from one country to another, when circumstances are such that in the near future each country will require all the power which it can legitimately develop or to which it is legitimately entitled. The subjects of the two countries will inevitably call for the intervention of their governments and the result will be that international disputes will arise.

"It is submitted that the power situation in the provinces of Ontario and Quebec should be fully considered before any action is taken looking to the granting of private rights of the character sought by the present application."

The letter goes on to say that the power situation is intimately related to the fuel situation and the time will soon come when electric power will be largely used for operating railways, therefore it would be imprudent to create vested interests such as the one proposed.

GERMAN PRISONERS ESCAPE

Atlanta, Ga., Oct. 24.—Ten German soldiers of the several hundred interned at Fort McPherson escaped last night or early today. They were from the ships Prince Fritz, Friedrich and Appam and included two officers.

ITALIAN SHIPPING LOSSES

Rome, Oct. 24.—Italian shipping losses at the hands of the enemy were announced the week ending Oct. 20, on all seas, were three steamers of more than 1,000 tons, and one steamer, 1,000 tons. One steamer was attacked but escaped.

GERMANS RETREATING

Under Pressure of British in German East Africa

London, Oct. 24 (via Reuter's Ottawa Agency).—Reuter's correspondent with the British forces in West Africa telegraphed today as follows: "The enemy is still retreating in the Wabembe area. Under pressure in the Kilwa area the enemy is pushing south, retreating desperately. He is also being given no peace in the Lindi area. Many desertions have been reported. The spirit of our troops is excellent."

UNIONIST IN STANDEAD

Ayrshire, Que., Oct. 24.—Dr. W. L. Shurtliff, K.C., Ontario, was nominated as a "win-the-war" candidate in Standead county at a joint meeting of the Liberals and Conservatives today. Dr. Shurtliff pledged himself to follow the program as laid down by Sir Robert Borden. Dr. Shurtliff has been identified with the Conservative party since 1891, having acted as organizer for the county. The Liberal candidate is, W. E. Baldwin, of Baldwin's Mills.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sassafras has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it. Get Hood's Sassafras today. Insist on having Hood's.

many wheat products when sold in the smallest packages often cost over 60 per cent more than when sold in bulk. People do not seem to realize when buying the common cereals in small packages that a large percentage of the cost is represented in the package and "the principal reason for the ordinance restricting the sale of certain package goods is that substitutes for wheat should be made available to the public as cheaply as possible in order to increase their use.

DRASTIC MEASURES ON SUGAR SUPPLY NOT NECESSARY

Food Controller Urges Conservation by Consumers Until New Crop

Ottawa, Oct. 24.—Hon. W. J. Hanna, food controller for Canada, issued a statement today bearing upon the temporary shortage of sugar. He pointed out that the new crop would be on the market soon after the end of the year. In the meantime the public are urged to economize in the use of sugar and to avoid hoarding and dealers are warned against advancing prices. Prices of raw sugar have been stabilized, so that higher prices for the refined product are unnecessary.

INCREASE IN SUB LOSSES

London, Oct. 24.—An increase in the loss of British merchantmen through mines or submarines is noted in the admiralty report for the current week. Seventeen vessels over 1,000 tons and eight under 1,000 tons were sunk. The admiralty statement reads as follows: "Arrivals, 2,648; sailings, 2,689. 'British merchantmen' over 1,000 tons sunk by mine or submarine, 17; under 1,000 tons, 8. 'British fisherman' sunk, none. 'British merchantmen' unsuccessfully attacked, 7."

MONTREAL LIE NAILED

Ottawa, Oct. 24.—Ridiculous fabrication made out of old cloth, is the way in which a member of the military service council summoned up the Montreal story that it is intended to abandon compulsory military service. The military service council is continuing its work, in connection with the calling out of the first class of men, as usual.

CANADA TO RECEIVE MUCH COAL FROM THE UNITED STATES

Washington, Oct. 24.—Under a definite allotment of American coal for Canada, announced tonight by the fuel administration, about 2,000,000 tons of bituminous and 700,000 tons of anthracite coal will be permitted to move across the Canadian border during the next two months.

Canadian Casualties

Ottawa, Oct. 24.—There were eight western men and officers in the casualty list issued tonight out of forty-six names. Two were killed in action, two died, and four wounded. UNION GOVERNMENT WILL ABOLISH THE PATRONAGE LIST

All Purchases Will Be Made by a General Purchasing Committee for All Departments

Ottawa, Oct. 24.—The government has decided to abolish the patronage list in every department. The announcement is contained in an official memorandum issued today, reading: "The work of the war purchasing committee has been so satisfactory and effective that the prime minister has undertaken and carried out the purchase of all supplies for every department of the government in connection with the war. These supplies have been purchased chiefly for the department of militia and defense, the department of naval service and the department of justice in connection with the internment operations. In pursuance of the government's intention to abolish patronage both in respect of appointments to the public service and in the purchase of supplies, there will hereafter be no patronage lists in any department of the government. There has been no supply list in the war purchasing commission which has purchased all supplies by tender after public advertisement of circular addressed to all known sources of supply in this country."

SALE OF TAX CERTIFICATES

NOTICE IS HEREBY GIVEN that the Treasurer of the City of Calgary, at his office at the City Hall, Calgary, on and after the 21st day of November, 1917, will sell to the first applicant Certificate of Delinquency for unpaid taxes levied or assessed prior to the 1st day of January, 1916, on the land included in the list—printed copies of which may be had on personal or written application to the Treasurer or City Clerk, City Hall, Calgary—if such taxes with interest and costs are not sooner paid.

Why Tax Certificates Are An Attractive Investment

They take priority as security on real estate over mortgages and other encumbrances. They may bear interest at 10 per centum per annum, preference being given to the tender offering to purchase a certificate at the lowest rate of interest. They cannot be redeemed within one year unless the holder is paid the total amount thereof, plus one-tenth of such amount. If unredeemed within three years, the holder, by simple procedure, can sell the property to recoup himself the amount thereof, with interest borne by the certificate, plus subsequent taxes paid by the purchaser or holder, with interest thereon at 10 per centum per annum, plus all costs, and if no sale, title to the property may be obtained. They bear the guarantee of the City that, if set aside by the Court for any reason, the City will pay the holder the amount thereof, plus 8 per centum per annum.

For fuller particulars, including the method of tendering, prospective purchasers are invited to obtain and read the introduction contained in the printed list. DATED at Calgary, Alberta, the 23rd day of October, 1917.

PURE MILK

Carlyle's Baby Milk is 99.9-10% Pure A perfectly healthy child would get sick if you fed it poor milk. Why jeopardize its health? Why chance any old milk when you can be absolutely sure of the purest milk sold in Canada by using Carlyle's Baby Milk? True it does cost a little more, but wouldn't you rather have a strong, robust baby that you can be sure of when in your mind you think it is because "I have tried to economize?" Any of our delivery men will take your order for some of our specially prepared "Baby Milk." Order some this morning. We will gladly take your order by phone.

CONDITIONS NOT CHANGED IN EAST

An Uneventful Day at Montreal; Pressure Weakens. Montreal, Oct. 24.—General conditions remained unchanged in a short session of the Montreal stock market today.

NERVOUS SHORTS STEADY CHICAGO

Bearish Movement on Gov't Ban on Futures Blocked. Chicago, Oct. 24.—Nervousness on the part of the shorts more than offset, for at least today, the bearish results from a ban which, to co-operate with the Government, the board of trade directors last night placed on all new buying of November and December deliveries of corn.

LONDON EXCHANGE

London, Oct. 24.—Money and discount rates quiet. Revenue returns about \$2,800,000 in treasury notes were sold last week, while \$3,000,000 matured.

WINNIPEG MARKET QUIET

Winnipeg, Oct. 24.—There is little change in the wheat situation. All purchases are quickly absorbed by the Wheat Export Company at the fixed prices.

NEW YORK METALS

New York, Oct. 24.—Metal exchange notes firm. \$1.80 bid; lead weak at 4.50 nominal; spelter dull and easy.

KILLED BY HIS OWN SOLDIERS

British Front in France and Belgium. Oct. 23.—In one of the redoubts captured from the Germans Monday northeast of Ypres, according to reliable information, British troops found a German officer who had been executed by his own soldiers. His hands had been bound behind him and he had been shot. The Garrison of the redoubt surrendered readily to the advancing British.

TWO HOURS TRADE AT N.Y. EXCHANGE

Bears Made Raids on Rails; U.P. Under Pressure. New York, Oct. 24.—Observance of Liberty Day, which reduced the trading session to two hours, and a severe storm, which interrupted communication with this center, combined to limit today's dealings to slight proportions, the turnover barely aggregating 200,000 shares.
